Whereas the twenty-one member countries of APEC account for 55 percent of total world income and 46 percent of global trade;

Whereas APEC Leaders are committed to intensifying regional economic interdependence by going forward with measures to expand trade and investment liberalization, pursuing sectoral cooperation and development initiatives, and increasing business facilitation and economic and technical cooperation projects;

Whereas a strong international financial system underpins the economic success of the region;

Whereas given the challenges presented by the financial crisis, APEC Leaders last year pledged to work together in improving and strengthening social safety nets, financial systems and capital markets, trade and investment flows, corporate sector restructuring, the regional scientific and technological base, human resources development, economic infrastructure, and existing business and commercial links for the purpose of supporting sustained growth into the 21st century;

Whereas the outstanding leadership of New Zealand during its year in the APEC Chair has produced a series of important themes for the annual APEC Leaders meeting in Auckland, New Zealand on September 12-14, 1999, including:

(1) expanding opportunities for private sector businesses through the reduction of tariff and non-tariff barriers;

(2) strengthening the functioning of regional markets, with a particular focus on building institutional capacity, making public and corporate economic governance arrangements more transparent, and guiding regulatory reform so that benefits of trade liberalization are maximized; and

(3) broadening support for and understanding of APEC goals to demonstrate the positive benefits of the organization's work for the entire Asia-Pacific community;

Whereas the unique and close partnership between the public and private sectors exhibited through the APEC Forum has contributed to the successful conclusion of the GATT Uruguay Round and agreement over other multilateral trade pacts involving in-

formation technology, telecommunications and financial services;

Whereas APEC member countries have provided helpful momentum, through active consideration of the Early Voluntary Sectoral Liberalization plan, to the next round of multilateral trade negotiations scheduled to begin this year at the Third WTO Ministerial Meeting in Seattle, Washington;

Whereas the APEC Leaders have resolved to achieve the ambitious goal of free and open trade and investment in the region no later than 2010 for the industrialized economies and 2020 for developing economies: Now, therefore, be it
