

One of the newest reserves is located in Kachemak Bay, Alaska, which is contiguous with the southeastern entrance of Cook Inlet. This reserve encompasses nearly 365 thousand acres of aquatic habitat. This reserve is managed in cooperation with the Alaska Department of Fish and Game, and provides an area for researching and monitoring important Pacific salmon habitat. I believe that the Kachemak Bay Reserve serves an important function for monitoring coastal resources and maintaining healthy fish stocks.

I urge the adoption of H.R. 1243.

Mr. SAXTON. Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore (Mr. CALVERT). The question is on the motion offered by the gentleman from New Jersey (Mr. SAXTON) that the House suspend the rules and pass the bill, H.R. 1243, as amended.

The question was taken; and (two-thirds having voted in favor thereof) the rules were suspended and the bill, as amended, was passed.

The title of the bill was amended so as to read:

"A bill to reauthorize and amend the National Marine Sanctuaries Act, and for other purposes."

A motion to reconsider was laid on the table.

GENERAL LEAVE

Mr. SAXTON. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks and to include extraneous material on H.R. 1243, the bill just passed.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from New Jersey?

There was no objection.
