

more livable. Funding these initiatives is necessary to minimize problems in the future, while improving the quality of life for generations to come.

We owe it to our constituents to fund these initiatives, and I encourage the Committee on Appropriations to include them in our budget to help make our families safe, healthy, and economically secure in more livable communities.

#### PRAYER

The Chaplain, the Reverend James David Ford, D.D., offered the following prayer:

We know how simple it is to talk about matters of faith, and how easy it is to speak of the relevance of religion for ourselves and for our Nation. Yet, O God, we know that there is often a chasm between what we say and what we do.

On this day we pray that our good words of faith will find meaning in the good works of justice in our daily lives, and all that we profess with our mouths and all that we believe in our hearts will be translated into deeds of concern and acts of love.

Help us, gracious God, to make our lives vital and with special purpose by making faith active in love. Amen.

#### WHISTLE-BLOWER PROTECTIONS FOR NURSES

(Mrs. CAPPS asked and was given permission to address the House for 1

minute and to revise and extend her remarks.)

Mrs. CAPPS. Mr. Speaker, the House will soon act on managed-care reform. In this debate we must protect the whistle-blowing rights for nurses and health professionals.

Patients depend on nurses to ensure they receive proper care. Nurses who see the health of their patients endangered should feel 100 percent confident that they can voice their concerns without retaliation from their employers.

I have been a registered nurse for over 30 years. I understand firsthand how difficult it is to come forward and report abuses, situations which compromise the quality of care. No one should feel that their job is in jeopardy because they speak on behalf of the safety of their patients.

Let us show our support for nurses and healthcare professionals. Support the whistle-blower language in the bipartisan Norwood-Dingell managed-care bill.

#### PRESIDENT SHOULD VETO NUCLEAR WASTE POLICY AMENDMENTS OF 1999

(Mr. GIBBONS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GIBBONS. Mr. Speaker, Senate bill 1287, the Nuclear Waste Policy Amendments of 1999, has been introduced in the United States Senate. Although this bill would not establish a temporary nuclear storage facility in Nevada, you should be aware of its misguided attempts to deal with the permanent disposal of nuclear waste.

The passage of this legislation would place unneeded and dangerous environmental, safety, and health risks upon millions of Americans. Therefore, I would urge the President to uphold his commitment to Nevada and the American people by reaffirming his veto promise.

Senate bill 187 would accelerate the time line for permanent disposal at Yucca Mountain, ignoring the ongoing scientific studies and our Nation's environmental laws that were designed to protect its citizens. It would also allow the Nuclear Regulatory Commission, not the EPA, to establish dangerous radiation standards. Such a change in law would facilitate contamination of groundwater supplies and endanger all Americans along the transportation routes with higher dosage of deadly radiation, ultimately destroying the lives of American families.

Mr. President, where is your promise? The American people deserve to hear your voice on this critically important issue.

#### JUSTICE DEPARTMENT HELPING CHINESE COMMUNISTS

(Mr. TRAFICANT asked and was given permission to address the House

for 1 minute and to revise and extend his remarks.)

Mr. TRAFICANT. Mr. Speaker, first it was Ruby Ridge and Waco, now it is Chinese money laundering. The Justice Department continues to cover up the truth.

FBI Agent Parker testified that 27 pages of her notebook detailing crimes on Charlie Trie were stolen. Agent Parker also said that the Justice Department blocked a search warrant allowing Charlie Trie to destroy bank records and money transfers from the Bank of China that ended up at the Democrat National Committee.

Think about it. The Justice Department is now covering up the truth, helping Chinese communists.

Beam me up, Mr. Speaker.

It is time for a full independent investigation, not another investigation appointed by Janet Reno.

I yield back the crimes at the Justice Department.

#### ENDING THE 30-YEAR RAID ON THE SOCIAL SECURITY TRUST FUND

(Mr. ARMEY asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. ARMEY. Mr. Speaker, for over 30 years Washington big spenders have been raiding the Social Security trust funds to feed the greed for a bigger, more bloated government.

Mr. Speaker, now is the time to "Stop the Raid." This Republican Congress has committed itself to protecting every dime of Social Security.

Unfortunately, Mr. Speaker, the President wants to spend the Social Security surplus. According to his most recent budget, he wants \$1 trillion in new government spending in the next 10 years. He can only do that, Mr. Speaker, by spending from the Social Security surplus.

In fact, according to the Congressional Budget Office, his budget would spend \$57 billion of the Social Security surplus next year alone.

Mr. Speaker, we will seize this historic opportunity and we will, for the first time in over 30 years, restore the integrity of the Social Security trust fund and honor our children as they pay those taxes for grandma and grandpa's retirement and stop the raid on Social Security.

#### REGARDING EDUCATION AND THE REPUBLICAN CONGRESS

(Ms. VELÁZQUEZ asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. VELÁZQUEZ. Mr. Speaker, we are facing a tragedy in this country's education system. Now, I am not talking about the fact that children are being forced to learn in school buildings that are literally falling apart, in classes whose size are literally bursting
