#### STATEMENTS OF INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. CAMPBELL:

S. 1851. A bill to amend the Elementary and Secondary Education Act of 1965 to ensure that seniors are given an opportunity to serve as mentors, tutors, and volunteers for certain programs; to the Committee on Health, Education, Labor, and Pensions.

#### THE SENIORS AS VOLUNTEERS IN OUR SCHOOLS ACT OF 1999

Mr. CAMPBELL. Mr. President, today I introduce the "Seniors As Volunteers in Our Schools Act of 1999," a bill which will be an important step in ensuring that our schools provide a safe and caring place for our children to learn and grow. This bill will help build lasting partnerships between our local school systems, our children and our country's growing number of senior citizens.

Under the bill, school administrators and teachers are encouraged to use qualified seniors as volunteers in federally funded programs and activities authorized by the Elementary and Secondary Education Act (ESEA.) It specifically encourages the use of seniors as volunteers in the safe and drug free schools programs, Indian education programs, the 21st Century Community before- and after-school programs and gifted and talented programs. I believe the best way to get older Americans to serve as volunteers is to ask them. My bill does just that.

The Seniors as Volunteers in Our Schools Act creates no new programs;

rather it suggests another allowable use of funds already allocated. The discretion whether to take advantage of this new resource continues to remain solely with the school systems.

Studies show that consistent guidance by a mentor or caring adult can help reduce teenage pregnancy, substance abuse and youth violence. Evidence also shows that the presence of adults on playgrounds, and in hallways and study halls, stabilizes the learning environment. And recently, the Colorado School Safety Summit, convened by Governor Bill Owens, recommended connecting each child to a caring adult as a way to reduce youth violence.

Our country is in the midst of an age revolution. There are twice as many older adults today as there were 30 years ago. America now possesses not only the largest, but also the healthiest, best-educated, and most vigorous group of seniors in history.

In the years ahead, an increasing number of us will be living decades longer than our own parents and grandparents. We need to think of those extra years of life as a resource. I believe seniors can be role models and share the wisdom, experience, and skills they have acquired over a lifetime of learning.

I know firsthand of the importance of mentoring based on my own experiences as a teacher. A mentor can have a profound positive impact on a child's life.

What better way to expand the number of mentors than to invite our seniors/elders to volunteer in schools? What better way to make our schools safer for our children than to have more adults visibly involved?

I do not expect this legislation to solve all the problems confronting our schools today. But, I see it as a practical way to help make our schools safer, more caring places for our children. If our institutions create opportunities that allow them to make a genuine contribution, I believe America's growing senior population can play an important role in supporting our nations' schools. And, older adults have what the working-age population lacks: time.

I urge my colleagues to support passage of this legislation.

I ask unanimous consent that the bill be printed in the RECORD.

There being no objection, the bill was ordered to be printed in the RECORD, as follows:

S. 1851

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,*
