

A TRIBUTE TO CORPUS CHRISTI
CHURCH**HON. NITA M. LOWEY**

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 1, 2000

Mrs. NITA LOWEY. Mr. Speaker, I rise today to recognize the 75th anniversary of Corpus Christi Parish in Port Chester, NY.

Since its founding, Corpus Christi Church has been a cornerstone of its community, offering spiritual and material support to its parishioners, while reflecting the values and growth of Port Chester itself.

Port Chester's large Italian-American population dates to the late nineteenth century, when immigrants flocked to the New York area in search of a better life for themselves and their families. Many settled in Port Chester's Washington Park area, a welcoming neighborhood, but one which lacked a Catholic Church.

In 1912, a Salesian priest from Holy Rosary Church was appointed to offer Holy Mass on Sundays to the people of Washington Park. Two years later a basement chapel was inaugurated on South Regent Street. But it was not until January 3, 1925, that Corpus Christi was established as a parish in its own right by Patrick Cardinal Hayes.

Nothing better exemplifies the community spirit of Corpus Christi Church than the inspiring fashion in which the new building was constructed. A team effort from start to finish, the project brought together laborers from every trade and families of every kind. Working day and night, contributing portions of their modest income, and volunteering in countless ways, the parishioners of Corpus Christi Church were able to lay the cornerstone of their new building on September 27, 1925, and to welcome Cardinal Hayes to the completed structure in October 1927.

In the time since, Corpus Christi Church has had the good fortune to be guided by a number of exceptionally gifted spiritual leaders. Father Peter Mayerhofer, Father Alfonso Volonte, and Father Peter Rinaldi, among others, contributed mightily to Corpus Christi's growth. That tradition of dedication and vision is well-served by today's Pastor, Father Jim Marra.

Corpus Christi Church is now a center of community life. It boasts a school of 500 youngsters, a youth center, and well-known Holy Shroud Shrine.

As Corpus Christi Church observes its 75th anniversary with the motto "Remembering our past, celebrating our present, believing in our future," I know that I speak for all residents of Port Chester when I express my great pride in and thanks for this remarkable center of spiritual and civic progress.

SUPPORT FOR WASHINGTON
STATE BIOTECH INDUSTRY**HON. ADAM SMITH**

OF WASHINGTON

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 1, 2000

Mr. SMITH. Mr. Speaker, I rise to express my support for the biotechnology industry in Washington State and throughout the country. The Puget Sound region of Washington State,

which I represent, has a vibrant economy and the area leads the United States as a haven for new, innovative, cutting-edge companies. A major contributor to this economy are the many biotechnology companies that have been established in our State. Washington State is currently home to 116 biotechnology companies and the industry employs over 7,000 people in the State. I believe these companies do more than make our State a leader, but also put the United States in a position as a worldwide leader for developing products that improve lives.

The United States leads the world in biotechnology innovations. These products benefit hundreds of millions of people worldwide with life-threatening illnesses, such as heart disease, cancer, neurological diseases, infectious diseases, and obesity. The advances by the biotechnology industry are revolutionizing every face of medicine, from diagnosis to treatment of all diseases, not just bacterial infections. It is detailing life at the molecular level and someday will take much of the guesswork out of disease management and treatment.

I am happy to support the biotechnology industry and commend the important investments the industry makes in research and development. I believe it is the responsibility of Congress to continue to spend money on basic research, which the industry can build on to develop products. I also believe it is important for Congress to assure the policies of our Federal Government to encourage the continued innovation of this ever growing industry.

2000 COLORADO BUSINESS HALL OF
FAME INDUCTEE, HORACE TABOR**HON. SCOTT McINNIS**

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 1, 2000

Mr. McINNIS. Mr. Speaker, I would like to take this opportunity to recognize an inductee for the 2000 Colorado Business Hall of Fame, Mr. Horace Tabor.

Jointly produced by the Denver Metro Chamber of Commerce and Junior Achievement, the Colorado Business Hall of Fame recognizes outstanding Colorado businesses and civic leaders from the past and present, publicizes the contributions of business leaders to our community and promotes the importance and value of the private enterprise system.

Horace was born in Holland, VT in 1830. He grew up on a farm and became a school teacher. He moved to Topeka, KA, where he was appointed to the Topeka legislature. Following rumor of gold being discovered in Colorado, Horace and his family moved again.

In 1878, Horace hired two shoemakers for a prospecting campaign resulting in the discovery of Little Pittsburgh, which turned out to be rich in silver. With his fortune, Horace began to give back to Colorado.

Horace donated to schools and churches, placing special emphasis on Leadville and Denver. He was honored by the state of Colorado in many ways. He served as Leadville's first Mayor, appointed Lieutenant Governor of Colorado and served as a United States Senator. He built the Tabor Opera House in

Leadville, the Tabor Grand Opera House in Denver, the Bank of Leadville and the Tabor Block, now replaced by the Tabor Center in downtown Denver.

Horace Tabor passed away on April 10, 1899, but he is remembered by friends and family as a generous, dedicated man who gave immensely to the state of Colorado.

It is with this, Mr. Speaker, that I would like to honor the 2000 Colorado Business Hall of Fame Inductee, Horace Austin Warner Tabor, a great American and humanitarian.

IN RECOGNITION OF THE MARTIN
LUTHER KING'S DAY PROGRAM
CAMP LEJEUNE, NC**HON. EVA M. CLAYTON**

OF NORTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 1, 2000

Mrs. CLAYTON. Mr. Speaker, on Saturday, January 15, 2000, some 71 years to the date that Dr. Martin Luther King, Jr., was born, a special program was held in his honor. This program deserves to be acknowledged because it reflected the true meaning of what Dr. King stood and fought for throughout his life.

The Program was the 13th Annual Dr. Martin Luther King Black and White Scholarship Ball, held at the Marine Corps Base in Camp LeJeune, NC. The Ball was sponsored by the Ladies Auxiliary of the Montford Point Marine Association, whose President is Mrs. Louise Greggs. More than a thousand persons attended this event, which included an impressive blend of military and civilian citizens. The evening included dinner, speeches, top level entertainment and dancing. It was, by all accounts, a delightful evening.

But, more importantly and of greater relevance, the event raised a significant amount of money to be used for scholarships for young people. To that end, Dr. King's words were given new meaning and new life.

In order to benefit from the guidance of those with wisdom like Dr. King, we must not only hear what they say, we must also do what they mean for us to do.

History is the recording of important events, a pattern of timeless moments. History provides a looking glass to the past through which we can learn and benefit.

The history of Dr. King is perhaps best captured in his own words. If we are to learn from the history of Dr. King's life and untimely death, we must not only consider what he said, we must also do what he meant for us to do.

In accepting the Nobel Peace Prize, on December 11, 1964, he stated, "Man must evolve for all human conflict a method which rejects revenge, aggression and retaliation." And, Dr. King in that same speech concluded, "The foundation of such a method is love." That is what he said.

Dr. King dreamed of an America where all would be judged by the content of their character rather than the color of their skin. That is what we all want.

By holding the Black and White Scholarship Ball, the Montford Point Marine Association Ladies Auxiliary did what Dr. King said to do.

The Members of that Organization listened, heard, and responded accordingly.

While such an event required the tireless efforts of many, there are two who deserve our
