

all barriers. It also proves that law never bends before justice on the land of Sri Guru Nanak Dev, Sri Guru Teg Bahadar and Sri Guru Gobind Singh.

Why Sukhbir Singh Osan's result/degree of LL.B. course is being withheld by the Panjab University for the past about seven years is a pathetic story because he in the capacity of a journalist tried to expose corruption, high-handedness and other irregularities at different levels in the University affairs through his dispatches in a leading daily during 1991.

Narrating chronology of his 'ordeal' Sukhbir Singh Osan in a writ petition filed by him "in-person" in the Punjab and Haryana High Court has said that in August, 1990 he was granted admission in LL.B. course under the Riot affected (November, 1984) category in the Department of Laws, Panjab University, Chandigarh. Being a journalist he in good faith published certain news items pertaining to nefarious activities including corruption, high-handedness, moral turpitude and other irregularities at different levels in the university affairs. Smitten by a news-item, Sukhbir Singh was asked by Dr. R.K. Bangia, Prof. & Chairman, Department of Laws in a written communication on May 29, 1991 'to furnish some authentic proof as evidence of the facts as stated by you' in the news-item "Teen Hazaar Mein Uttirne Karva Date Hain Kanon Ki Pariksha" otherwise strict action would be taken against him. On September 30, 1991 in an arbitrary and illegal manner his admission was cancelled when he was studying in the 3rd semester of the LL.B. course, since Dr. J.M. Jairath, Dr. R.K. Bangia and Dr. R.S. Grewal were got annoyed due to news reports filed by S.S. Osan. Sukhbir Singh Osan approached the Punjab & Haryana High Court against the Panjab University, but the High Court relegate him for his remedy to Civil Court. The Civil Court of Chandigarh after four years of hectic activities of examining evidence and witnesses termed the admission of Sukhbir Singh Osan as genuine and according to law. The judge in his 27 page order also declared Sukhbir Singh Osan as 'November 84 riot victim'. It was perhaps the first ever case in the history of India and Indian judiciary, that a riot victim was asked to prove that he is a 'November 1984 Riot affected person' and Sukhbir Singh Osan has proved the same in the civil court. Here it is pertinent to mention that Sukhbir Singh Osan along with his family migrated from Madhya Pradesh to Punjab in the year 1985 after November 1984 anti-Sikh riot which broke through out India after the assassination of the then Indian premier Indira Gandhi. Such was the agony of Sukhbir Singh Osan that he has to recall all those days, which his family has suffered during 1984.

The miserable plight of Sukhbir Singh Osan proves that in India law and judiciary are not meant for those who obey them but are subservient to those who outrage the modesty of the very concept of law & justice and that too, in connivance of those who are considered to be the custodian of law & justice. Will the law of India be able to punish those who have ruined the life of Sukhbir Singh Osan? Whither Indian Judiciary?

TRIBUTE TO THE HONORABLE  
ARTHUR WILKOWSKI

**HON. MARCY KAPTUR**

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, February 16, 2000*

Ms. KAPTUR. Mr. Speaker, I rise today to pay homage to a veteran political leader of our

9th Congressional District. Arthur Wilkowski, former state legislator and judge, passed from this life on November 30, 1999 at the age of 70 years.

After teaching for many years and eventually earning a law degree from the University of Toledo in 1959, Art began his foray into politics the hard way. He ran unsuccessfully for state representative in 1960 and Toledo City Council in 1963. In 1969, after gaining appointment to the Ohio House Representatives he battled his way to re-election, and held the position until his resignation in 1983. Throughout his tenure in the Ohio General Assembly, and later during brief stints as a federal judge and magistrate, Art was widely regarded as among the finest of orators and his speeches were well known. Former colleague Barney Quilter, Speaker Pro Tempore, recalled "When he spoke on the floor of the House, everybody listened. They knew they would know more than when the speech started." Current Ohio House Minority Leader Jack Ford "was in awe of the former legislator's talent" though he did not serve with him. "He would do everything from a little Shakespeare to language from the Founding Fathers," Representative Ford said.

Art Wilkowski championed causes near and dear to him, regardless of controversy or popularity. He worked tirelessly on many different issues, but was most devoted to the creation of the Ohio Civilian Conservation Corp and the development of a high-speed passenger rail system. In his tribute to Art, Mr. Quilter noted, "He took his ideas and turned them into law in Columbus. He was probably the brightest person I knew in the legislature." Perhaps the highest praise comes from long-time consumer advocate and community leader Mike Ferner who commented, "He was uncommonly courageous. A lot of people will remark on his oratorical skills, but to me, his courage and integrity were more significant."

Choosing to resign from the Ohio General Assembly in July of 1983, Art wrote that "public service was the fulfillment of all my boyhood dreams and aspirations, as such related to a productive life." Though his presence and skill were sorely missed in the Ohio House of Representatives, he was able to resume his law practice in Toledo's Polish Village taking on more legal work on behalf of clients who could not pay a cent for his brilliant work, serve an appointment to the 6th District Court of Appeals, and write. He was serving on the Lucas County Probate Court as Magistrate at the time of his death.

Art Wilkowski was genuine and generous, and a man committed to his ideals. He will be missed not only by his family, but our community as well. We offer our heartfelt condolences to his children Kathy, Craig, and Keith, grandchildren, and sisters Helen, Wanda, and Olga. May fond memories of the precious gift of Art's life sustain them.

PROVIDING OUR VETERANS DIGNITY IN DEATH: THE VETERANS BURIAL BENEFITS IMPROVEMENT ACT OF 2000

**HON. MAC COLLINS**

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, February 16, 2000*

Mr. COLLINS. Mr. Speaker, since the early days of this century, it has been Federal policy

to insure a proper, dignified burial for veterans who are qualified to receive a VA pension or compensation. Today, I will introduce legislation to insure that after years of inadequate support this policy is actually implemented.

Ever since veterans were first provided with a burial allowance following World War I, the benefit has been slowly eroding. If the original allowance were adjusted for inflation, the \$100 World War I benefit would total over \$1,000 today. The \$150 benefit provided after World War II would total over \$850 today. The \$300 benefit that has been provided since 1978, the last time the benefit was increased, would total over \$700 today if it were adjusted for inflation. Today, however, veterans' families receive exactly what they would have received 22 years ago—\$300—a fraction of the cost of even the most basic memorial. Our veterans deserve better.

The Veterans Burial Benefits Improvement Act enhances the current, insufficient burial allowance, providing \$1,000 to each qualified veteran. This brings the benefit in line with Congress' original intent—allowing veterans' families to provide our soldiers, sailors, airmen, and Marines with dignity in death. I urge my colleagues to join me in this effort by co-sponsoring this important initiative.

INTRODUCTION OF H.R. 3670

**HON. JAMES L. OBERSTAR**

OF MINNESOTA

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, February 16, 2000*

Mr. OBERSTAR. Mr. Speaker, today, I am introducing legislation to enhance the protection of the Great Lakes, and to begin the cleanup of our industrial legacy. My bill will reauthorize the Great Lakes Program of the Environmental Protection Agency, significantly increasing the authorization for this highly successful program, and authorize the funding for cleanup of contaminated Areas of Concern as provided in the President's budget.

The Great Lakes are the Nation's largest fresh water resource and the largest system of fresh water on Earth, containing nearly 20 percent of the world supply. The Great Lakes contain 5,500 cubic miles of water and cover 94,000 square miles. Only the polar ice caps contain more fresh water.

Great Lakes Basin is of critical importance to the economy of two nations. The Basin is home to more than one-tenth of the U.S. population, and one-quarter of the Canadian population. One of the world's largest concentrations of economic capacity is located in the Basin—some one-fifth of U.S. industrial jobs and one-quarter of Canadian agricultural production.

Notwithstanding the immense size of the Lakes, outflows from the Lakes are less than 1 percent per year. When pollutants enter the lakes by pipe, as wet weather runoff, or as air deposition, they are retained in the system and become more concentrated with time. They settle in the sediments, and accumulate in the food chain.

We may have restored certain fisheries, such as walleyes in Lake Erie, but these fish still bear the burden of pollution and contamination sediments. Fish continue to be found with cancers and sores and high levels of PCBs and dioxin. If you eat fish once a week
