

TRIBUTE TO J.W. "BUD"
FORRESTER

● Mr. SMITH of Oregon. Mr. President, "To live fully," said Oliver Wendell Homes, "is to be engaged in the passions of one's time."

Those words came to mind with the recent passing of the remarkable Oregon journalist, J.W. "Bud" Forrester. Mr. Forrester's family and friends can take solace in the fact that here was a man who truly lived a full life, for here was a man who dedicated himself to the passions of our time.

As a journalist, Bud Forrester earned a reputation as one of the best newspaper editors in my state. Whether at the helm of the Daily Astorian, or my home town newspaper, the East Oregonian, Bud Forrester called them like he saw them, and could always be counted on to stand up for what he believed was right for his community and his state.

That same commitment and common sense were also provided to countless boards and commissions, on which Bud Forrester served throughout his life. President of the Columbia River Maritime Museum, member of the State Board of Higher Education, member of the Oregon Land Conservation and Development Commission, unofficial advisor to Senators and Governors, community fund raiser and philanthropist extraordinaire—the list of Bud Forrester's contributions go on and on.

I consider myself very privileged to have known Bud Forrester, and know that his legacy of being engaged on the passions of our time will continue in the hands of his son, Steve, who serves as Editor and Publisher of the Daily Astorian.

The bottom line is that Oregon is a better place because of Bud Forrester. I join with countless others in my state in extending my sympathies to the Forrester family, and in paying tribute to a true original who indeed lived life fully.●

SILEX ASSEMBLY OF GOD CHURCH
DEDICATION

● Mr. ASHCROFT. Mr. President, I rise today to congratulate and honor Silex Assembly of God in Silex, Missouri. On March 26th, they will be dedicating their new church building. This dedication and celebration is a tribute to God's faithfulness to the congregation, which began gathering together in 1942. It is also a tribute to their labor of love and personal generosity, led by Pastor and Mrs. John Pool.

Pastor Pool, who retired in 1985, agreed to step up to the pulpit again when the Silex church called upon him to lead them. Now, at age 81, he and the congregation have built their new church themselves, with volunteer labor and sacrificial contributions of time and money. Mrs. Pool has helped feed the volunteer groups day after day. Their devotion to Christ brings honor to the name of the Lord.

I join those gathered for this wonderful occasion, including the Pool's five

children and most of their grandchildren, in bringing best wishes for a memorable celebration as Silex Assembly of God renews its commitment to the redemptive mission of Christ. May God bless this ministry with many more years of celebration.●

SENATE JOINT MEMORIAL 8019

Whereas, every child is unique and deserves a stimulating and challenging education regardless of ability; and

Whereas, true equity involves providing an appropriate education to every learner; and

Whereas, our nation's diverse student population includes academically gifted boys and girls from every region and from all ethnic, cultural, and socioeconomic backgrounds; and

Whereas, gifted children are unusually swift and efficient learners in their areas of strength and therefore require in those domains a different pace, depth, and level of education than is ordinarily provided at their age; and

Whereas, being gifted doesn't automatically make these children better students, however, gifted students learn faster and in different ways than typical students, causing special educational needs; and

Whereas, only in conjunction with appropriate school challenges can gifted children realize their enormous potential contribution to our society and its citizens; and

Whereas, a nation seeking to provide for world class education cannot afford to exclude its most capable students from appropriate and equitable opportunities for educational growth in the classroom; and

Whereas, Congress has sent a message about the importance of gifted student success by funding the Javits Program of research and demonstration services with an emphasis on underserved groups;

Now, therefore, your Memorialists, the Senate and House of Representatives of the State of Washington, in legislative session assembled, respectfully entreat that Congress continue to help meet the unique special needs of gifted students by including formula grants to states for gifted and talented education programs (HR 637 and S 505) in its consideration of the reauthorization of the Elementary and Secondary Education Act.

Be it Resolved, That copies of this Memorial be immediately transmitted to the Honorable William J. Clinton, President of the United States, the President of the United States Senate, the Speaker of the House of Representatives, and each member of Congress from the State of Washington.
