## PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-621. A petition from the Republic of the Marshall Islands relative to nuclear testing; to the Committee on Energy and Natural Resources.

### PETITION

As provided by Congress in Article IX of the nuclear test claims settlement enacted in law under Title II, Section 177(c) of the Compact of Free Association Act of 1985 [P.L. 99-239], the Republic of the Marshall Islands respectfully submits this Changed Circumstances Petition to the Congress of the United States. The Government of the Republic of Marshall Islands hereby notifies the Congress of its determination that the criteria have been satisfied under applicable U.S. federal law for further measures to provide adequately for injuries to persons and property in the Marshall Islands that have arisen, been discovered, or adjudicated since the Compact took effect on October 21, 1986.

Section 177 of the Compact of Free Association provides that "The Government of the United States accepts the responsibility for compensation owing to citizens of the Marshall Islands . . . for loss or damage to property and person . . . resulting from the nuclear testing program which the Government of the United States conducted in the Northern Marshall Islands between June 30, 1946, and August 18, 1958."

As detailed herein, injuries and damages resulting from the United States Nuclear Testing Program have arisen, been discovered, or have been adjudicated in the Marshall Islands since the Compact took effect. These injuries and damages could not reasonably have been discovered, or could not have been determined, prior to the effective date of the Compact. Such injuries, damages and adjudication render the terms of the Section 177 Agreement manifestly inadequate to provide just and adequate compensation for injuries to Marshallese people and for damage to or loss of land resulting from the U.S. Nuclear Testing Program.

The terms of Section 177 represent a politically determined settlement (Attachment I, Hills testimony) rather than either a good faith assessment of personal injury or property claims, a legally adjudicated determination of actual damages, or monetary award for such damages. As a political settlement, Section 177 of the Compact requires that the U.S. provide \$150 million to the RMI to create a Fund that, over a 15-year period of the Compact, was intended to generate \$270 million in proceeds for disbursement "as a means to address past, present and future
