(B) implementing adequate measures to reduce losses from natural disasters; and

(C) ensuring that the critical services and facilities of communities will continue to function after a natural disaster;

(3) expenditures for postdisaster assistance are increasing without commensurate reductions in the likelihood of future losses from natural disasters;

(4) in the expenditure of Federal funds under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.),

high priority should be given to mitigation of hazards at the local level; and

(5) with a unified effort of economic incentives, awareness and education, technical assistance, and demonstrated Federal support, States and local governments (including Indian tribes) will be able to—

(A) form effective community-based partnerships for hazard mitigation purposes;

(B) implement effective hazard mitigation measures that reduce the potential damage from natural disasters;

(C) ensure continued functionality of critical services;

(D) leverage additional non-Federal resources in meeting natural disaster resistance goals; and

(E) make commitments to long-term hazard mitigation efforts to be applied to new and existing structures.

(b) **PURPOSE.**—The purpose of this title is to establish a national disaster hazard mitigation program—

(1) to reduce the loss of life and property, human suffering, economic disruption, and disaster assistance costs resulting from natural disasters; and

(2) to provide a source of predisaster hazard mitigation funding that will assist States and local governments (including Indian tribes) in implementing effective hazard mitigation measures that are designed to ensure the continued functionality of critical services and facilities after a natural disaster.

(4) the Committee on Appropriations of the House of Representatives.

Mr. MACK. Mr. President, I ask unanimous consent that the Senate concur in the amendment of the House with a further amendment which is at the desk.

The PRESIDING OFFICER. Without objection, it is so ordered.

(The amendment (No. 4299) is printed in today’s RECORD under “Amendments Submitted.”)

Mr. SMITH of New Hampshire. Mr. President, I rise in support of H.R. 707, the Disaster Mitigation Act of 2000, and urge its passage by the full Senate. This legislation represents compromise language negotiated with the House of Representatives, but, is, substantively, very similar to the bill passed by the Senate in July of this year. This bill will ensure that FEMA not only remains responsive to local communities after a disaster, but also makes disaster preparedness and mitigation a priority. Further, I am proud that this bill will also result in both short and long term savings to the American taxpayer while, at the same time, providing the states and local communities with added resources for future mitigation efforts. Through added efficiencies this bill saves billions in the long run.

I would like to take this opportunity to thank a number of staff members who have worked so hard on this bill. In particular, I would like to recognize Marty Hall from my committee staff; Jo-Ellen Darcy, committee staff for Senator BAUCUS; Andy Wheeler and Mike Murray from Senator INHOFE’S staff; and Jason McNamara from Senator GRAHAM’S staff.

EMERGENCY HOME REPAIR ASSISTANCE

Mr. GRAHAM. The bill includes a provision that caps emergency home repair assistance for individuals and households at \$5,000. Could the Chairman elaborate on this provision to describe what additional assistance might be available to individuals and households should their emergency home repair costs exceed \$5,000?

Mr. SMITH. I would be happy to elaborate on the provision. The bill caps “non-means-tested” emergency home repair assistance at \$5,000. In other words, as long as insurance proceeds were not available, an individual or household would be eligible for up to \$5,000 of emergency home repair assistance before he/she was required to seek additional assistance from other sources, such as the SBA Disaster Loan Program. If that individual or household was not able to obtain an SBA loan, then he/she could be eligible for additional emergency home repair assistance, as long as the total amount of FEMA assistance to this individual or household does not exceed \$25,000.

Mr. GRAHAM. Is it correct, then, that if an individual or household was unable to obtain a loan from SBA, or assistance from another source, then they could be eligible to receive additional emergency home repair assistance, based upon the regulations that FEMA promulgates for this section, and as long as the total FEMA assistance received by that individual or household does not exceed \$25,000?

Mr. SMITH. The Senator is correct.

Mr. GRAHAM. I thank the Chairman for the clarification.

RESTORATION OF ESTUARY HABITAT

Mr. MACK. Mr. President, I ask that the Chair lay before the Senate a message from the House to accompany S. 835, “An Act to encourage the restoration of estuary habitat through more efficient project financing and enhanced coordination of Federal and non-Federal restoration programs, and for other purposes.”

The PRESIDING OFFICER laid before the Senate the following message from the House of Representatives:

Resolved, That the bill from the Senate (S. 835) entitled “An Act to encourage the restoration of estuary habitat through more efficient project financing and enhanced coordination of Federal and non-Federal restoration programs, and for other purposes”, do pass with the following amendment:
