

are the only providers—aside from the rare physician making house calls—who sometimes provide post-operative care by actually visiting patients at home following surgery. Thus, not only do CRNFAs have more clinical experience and education than other non-physician providers, but they also provide continuity of care to patients enabling higher quality and better patient outcomes.

CRNFAs also provide the additional benefit of cost efficiency. Health claims data from the Health Care Financing Administration (HCFA) reveal that physicians file more than 90% of the first assistant at surgery claims for Medicare reimbursement. Physicians receive 16 percent of the surgeon's fee for serving as a surgical first assistant. Under this legislation, CRNFAs will receive only 13.6 percent of the surgeon's fee for providing first assistant services. Furthermore, CRNFAs are equally as cost-effective as other non-physician first assisting providers who currently are reimbursed at 13.6 percent of the surgeon's fee for first assisting. Use of CRNFAs would, therefore, be a high quality yet cost-effective alternative for the nation's health care delivery system, affording additional flexibility to surgeons, hospitals and ambulatory surgery centers.

In closing, I would like to express my appreciation for the hard work of the Association of periOperative Registered Nurses (AORN) and its president, Brenda C. Ulmer, RN, MN, CNOR, in bringing this issue forward. I also thank the nurses of AORN for contacting their Representatives regarding this important bill; their help has been indispensable. As a provider of health care, the CRNFA is a viable solution for controlling rising health care costs. Working in collaborative practice with surgeons, CRNFAs are cost-effective to the patient and to the health care delivery system. I urge my colleagues to join me in supporting equity for certified registered nurse first assistants by cosponsoring the Medicare Certified Registered Nurse First Assistant Direct Reimbursement Act of 2001.

TRIBUTE TO RABBI HILLEL COHN,
ON THE EVENT OF HIS RETIREMENT

HON. JOE BACA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 1, 2001

Mr. BACA. Mr. Speaker, this June, Rabbi Hillel Cohn will be retiring from Congregation Emanu El, in San Bernardino, after 38 years of service, having served the Congregation since 1963.

Rabbi Cohn is one of the leading citizens of the San Bernardino area. He is known throughout the nation for his outstanding sermons and his work as a fine educator, counselor and community leader.

He is known for inspiring and creative sermons, including ones that reference Bob Dylan and the Genetic Code.

I have been privileged to know Rabbi Cohn, and have found him to be a mentor, a scholar, and an inspirational man.

I have been pleased to know his family, including his nephew, Mike Steinman, who served the people of the State of California as a Legislative Aide on my staff in Sacramento.

I have had the pleasure of working with Rabbi Cohn on religious issues, and keeping

him advised on the progress of legislation, including the Religious Freedom Protection Act, which I authored in California.

Rabbi Cohn is part of a remarkable history of wise and gifted rabbis who have presided over Congregation Emanu El. The Congregation and the San Bernardino Jewish Community trace their history back to the early 1850's, when the first Jewish Settlers came to Southern California. The first Jewish community established in Southern California was in San Bernardino, and services began to be held in the 1850's, with the congregation formally being chartered in 1891.

Under Rabbi Cohn, the congregation has risen to great levels of prominence, winning national awards for the excellence of its Jewish Education program. The Congregation also operates a nationally-recognized pre-school and elementary school.

I am very pleased to have worked with Rabbi Cohn over the years, and wish him many years of blessed retirement. I am sure he will continue to grace the San Bernardino community with his scholarship and learning for many years to come. I offer my best wishes to him and his family on this occasion.

IN HONOR OF EDWIN J.
KORCZYNSKI

HON. ROD R. BLAGOJEVICH

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 1, 2001

Mr. BLAGOJEVICH. Mr. Speaker, a decade ago, the people of the United States asked the brave men and women of our armed forces to take up an important cause in the Persian Gulf. Today, I rise to salute the achievements of a resident of my congressional district, Mr. Edwin J. "Ski" Korczynski, and to commemorate his important contributions.

Edwin was an America West Airline pilot when he served as a volunteer in Operations Desert Shield and Desert Storm, completing numerous missions in the Civil Reserve Air Fleet and Military Airlift Command operation, where civilian airliners were used for lift capability. As a pilot and flight engineer attached to the Military Airlift Command located at Scott Air Force Base, Korczynski helped transport military personnel and supplies vital to the Kuwaiti liberation effort. For his efforts, Pilot Korczynski was awarded the Civilian Desert Shield and Desert Storm medal for Outstanding Achievement as a Pilot/Flight Engineer flying CRAF/MAC missions. Although he is an honorably discharged United States Marine, Korczynski was not an activated reservist during this conflict, but was instead a volunteer committed to the cause.

The five daughters of what is known as the "Korczynski Krew"; Ediane M. Ayers, Kimberly A. Boersma, Elizabeth A. Haak, Bethany A. Korczynski, and Megan M. Korczynski, are understandably proud of their father, as he is of them. As they go about their daily lives in this great nation, they are thankful for the service of their father and his colleagues and comrades who have served in the uniform of this nation's armed services. It is particularly their father's willingness to volunteer which they know is so important to the fabric of our neighborhoods and is an example which is important whether in military service or community service.

Though it has been a decade since those operations in the Persian Gulf, Edwin Korczynski continues to volunteer his time and energy, first as Squadron Commander, United States Air Force/Civil Air Patrol/Lake in the Hills Composite Squadron/IL #482. He is also attached to the U.S. Naval Sea Cadet Corps/Division 911 as Personnel Officer at Naval Training Command, Great Lakes, Scout Leader with the Berwyn Air Explorer Post #777, an Emergency Service Disaster Agency volunteer and American Red Cross Disaster Assist Team volunteer serving the citizens of the greater Chicago area. His wife, Diane, and his daughters have come to expect and appreciate this kind of commitment. These efforts are important not only in the organizations which benefit directly from his participation but in the example which is set for his friends, family and colleagues.

Mr. Speaker, even though the sands of the Persian Gulf have passed through the hourglass, it is important that we remember that time in our history. I am thankful for Ed Korczynski's participation in that important mission, and I appreciate his continued involvement in the betterment of our lives.

PROVISION TO HELP PRESERVE
VETERANS FAMILY FARMS INCLUDED IN VETERANS' OPPORTUNITIES ACT OF 2001

HON. LANE EVANS

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 1, 2001

Mr. EVANS. Mr. Speaker, in the 106th Congress, I introduced H.R. 5271, the Veterans' Family Farm Preservation Act, to make it possible for more wartime veterans and their survivors to qualify for pension benefits from the Department of Veterans Affairs (VA) without being forced to sell their family farms and ranches. I am pleased that the provisions of this legislation have been included in the Veterans' Opportunities Act of 2001, H.R. 801, a bipartisan bill introduced on February 28, 2001. This legislation will also benefit low-income veterans who seek to obtain health care from VA.

The productivity of America's family farms is undisputed. Family farms and ranches feed our Nation. Family members and unpaid workers account for 70% of farm labor in the United States. While America's family farmers and ranchers are unmatched in their productivity, they have little or no control over many factors which determine the economic results of their labor.

Veterans who have gone in harm's way and placed their lives on the line by serving our nation in the Armed Forces should not be asked to relinquish their family farm in order to qualify for veterans' benefits. Unfortunately, that is what is occurring today. H.R. 801, which House Veterans Affairs Committee Chairman Chris Smith and I introduced together with J.D. Hayworth, Benefits Subcommittee Chairman and Ranking Democratic Subcommittee Member Silvestre Reyes, includes provisions to address this problem. I urge Members to support this bipartisan effort.

Pension benefits administered by the Department of Veterans Affairs (VA) are payable
