#### STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. KOHL (for himself, Mr. DEWINE, Mr. LEAHY, Mr. THURMOND, Mr. FEINGOLD, Mr. GRASSLEY, Mr. SCHUMER, and Mr. SPECTER):

S. 665. A bill to amend the Sherman Act to make oil-producing and exporting cartels illegal; to the Committee on the Judiciary.

Mr. KOHL. Mr. President, in the last year, consumers all across the nation have watched gas prices rise, seemingly without any end in sight. And, if consumers weren't paying enough already, just a few days ago the OPEC nations agreed to cut production by a million barrels a day, an action sure to drive

up prices even higher. Such blatantly anti-competitive action by the oil cartel violates the most basic principles of fair competition and free markets and should not be tolerated. It is for this reason that I rise today, with my colleagues Senators DEWINE, SPECTER, LEAHY, FEINGOLD, THURMOND, and GRASSLEY, to reintroduce the "No Oil Producing and Exporting Cartels Act", "NOPEC". This legislation is identical to our NOPEC bill introduced last year, which passed the Judiciary Committee unanimously.

Real people suffer real consequences every day in our nation because of OPEC's actions. Rising gas prices—prices that averaged above \$2 per gallon in many places last summer, are a silent tax that takes hard-earned money away from Americans every time they visit the gas pump. Higher oil prices drive up the cost of transportation, harming thousands of companies throughout the economy from trucking to aviation. And those costs are passed on to consumers in the form of higher prices for manufactured goods. Higher oil prices mean higher heating oil and electricity costs. Anyone who has gone through a Midwest winter or a deep South summer can tell you about the tremendous personal costs associated with higher home heating or cooling bills.

We have all heard many explanations offered for rising energy prices. Some say that the oil companies are gouging consumers. Some blame disruptions in supply. Others point to EPA requirement mandating use of a new and more expensive type of "reformulated" gas in the Midwest. After last spring's gas price spike, which dove prices above \$2 per gallon for a time in the Midwest, some even claimed that refiners and distributors were illegally fixing prices. At the request of the Wisconsin delegation and Senator DEWINE, the Federal Trade Commission launched an investigation last year to figure out if those allegations were true. After an exhaustive, nearly year-long investigation, they found no evidence of illegal price fixing as a cause of higher gas prices.

But one cause of these escalating prices is indisputable: the price fixing conspiracy of the OPEC nations. For years, this conspiracy has unfairly driven up the cost of imported crude oil to satisfy the greed of the oil exporters. We have long decried OPEC, but, sadly, until now no one has tried to take any action. NOPEC will, for the first time, establish clearly and plainly that when a group of competing oil producers like the OPEC nations act together to restrict supply or set prices, they are violating U.S. law. It will authorize the Attorney General or FTC to file suit under the antitrust laws for redress. Our bill will also make plain that the nations of OPEC cannot hide behind the doctrines of "Sovereign Immunity" or "Act of State" to escape the reach of American justice.
