

single out the Patient Summit that the Medtronic Foundation sponsored in Washington, D.C. last year. I had the honor of speaking at that meeting, whose purpose was to encourage a dialogue between patients, policymakers, and advocacy groups about the role patients can play in directing their own health care.

As a fellow Minnesotan, I've watched Bill's personal efforts in the community with much admiration. His service as chair of the board of the United Way of Minneapolis and vice chair of the board of the Minneapolis Institute of Arts, as well as his work on the boards of the American Red Cross and the Carnegie Endowment for International Peace show Bill's dedication and breadth of interests.

Bill's lifestyle, his mission, and his vision are all reflected in the recognition Medtronic regularly receives. Fortune Magazine designated Medtronic as one of the "Best Companies to Work for in America". Industry Week's ranked it as one of the "Best Managed Companies." Money magazine chose Medtronic as one of the "Best Investments in 2000 and Beyond." Business Ethics recognized the company for its demonstrated leadership in ethics and social responsibility with its "General Excellence in Ethics" award.

In his 10 years as CEO, Bill George has helped to expand Medtronic to an even higher plane as an organization that is dynamic, creative, and passionate about its mission of restoring people to full life and health.

As the Senior Senator from Minnesota, I thank him for his dedication to his work, for his service to his community—and I don't mean just Minneapolis or Minnesota, but the whole international community in which he is engaged, and for his friendship. I wish him well as he continues his active life which not only will include chairing Medtronic's board and involvement in community service, but also writing and teaching.●

TRIBUTE TO THE MILFORD HIGH SCHOOL STUDENTS

● Mr. SMITH of New Hampshire. Mr. President, I rise today to pay tribute to 13 students from Milford High School in Milford, NH, who were recently selected to compete in the national finals of the "We the People . . . the Citizen and the Constitution" program held April 21-23, 2001, in Washington, DC. These high school students competed on the State level for the opportunity to represent New Hampshire at the national competition, and were among more than 1,200 students from 49 States and the District of Columbia to participate.

The distinguished members of the team representing New Hampshire are: Catilin Allen, Jeremy Berger, Aaron Costa-Ganis, Mike Danner, Tiffany Fariole, Chris Lawler, Jason Lewis, Sean Parenti, Keith Parker, Todd Rounsaville, Sarah Rush, Dawn Staiti and Irene Drenko.

All 13 New Hampshire students were tested on the Constitution and Bill of Rights before simulated congressional committees to demonstrate their knowledge of constitutional principles and their relevance to contemporary issues. The competition in Washington consisted of 2 days of hearings; and 10 finalists, with the highest scores, competing for the title of national winner on Capitol Hill in a congressional hearing room.

David Alcox, a teacher at Milford High School and District Coordinator, also deserves special recognition for helping these students prepare for the intense constitutional testing. Kirsten Hale, the State coordinator, also contributed a significant amount of time and effort to help the students reach the national finals. As a former teacher myself, I applaud all of them on their commitment to enriching the lives of these students.

The "We the People . . . The Citizen and the Constitution" program provides an excellent opportunity for students to gain an informed perspective about the history and principles of our Nation's constitutional government. We are proud to have them representing New Hampshire, and wish them luck as they prepare to be America's leader in the 21st Century.●

TRIBUTE TO GENE AND JIM BURDICK

● Mr. JOHNSON. Mr. President, I rise today to recognize the accomplishments of Gene and Jim Burdick of Redfield, SD. The Burdick brothers are being honored this week as the South Dakota Small Business Persons of the Year.

Gene and Jim understand what many business owners have learned. Owning a business requires some talents, some know how, and a lot of hard work and perseverance. Like many small business owners, their enterprise is a family effort for the brothers and their wives, Lucy and Deborah. I congratulate the families and the employees of this company on their years of achievement.

In 1984, the brothers embarked on a business partnership and founded Burdick Brothers, Inc. They built a business constructing trailers and custom equipment for area farmers, businesses, and individuals. Through the years, they cultivated a reputation as a company dedicated to innovation and customer service.

In 1987, the company purchased its first building. Three years later, their successes were adding up and Burdicks were adding to the size of their building. In 1998, they moved into a second building with 12,000 square feet. This new facility allowed for additional equipment and space that the company quickly utilized on a bridge project helping the community of Redfield rebuild a needed facility following disastrous flooding in the region.

Burdick Brothers, Inc. has been a valued member of the Redfield community for over 15 years. It is truly a South Dakota success story. I know that all those who contributed to the company's many achievements take great pride in the personal and collective accomplishments celebrated and recognized through this honor.

It is with great appreciation that I join with the community, the employees, the customers, and the many people who interact with the company, to congratulate Burdick brothers on their years of service and success. I wish Burdick Brothers, Inc. enduring good fortune and prosperity in the continued pursuit of excellence.●
