Whereas, No outside contributions from taxpayers are needed to implement the changes called for in this legislation; and

Whereas, All changes will be paid for from within the railroad industry, including a full share to be paid by active employees; now, therefore, be it

Resolved by the House of Representatives of the Sixth-third General Assembly of the State of Colorado, the Senate concurring herein:

That the Colorado General Assembly urges the United States Congress to enact the Railroad Retirement and Survivors Improvement Act in the 107th Congress. Be it further

Resolved, That copies of this Joint Resolution be sent to the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, and each member of the Colorado Congressional delegation.

POM-110. A concurrent resolution adopted by the Legislature of the State of Louisiana relative to increasing funding for agricultural conservation programs; to the Committee on Appropriations.

SENATE CONCURRENT RESOLUTION NO. 134

Whereas, since the adoption of the 1985 Farm Bill and subsequent iterations of federal farm legislation in 1990 and 1996, U.S. agriculture policy has included major voluntary conservation incentive programs such as the Conservation Reserve Program (CRP) and Wetlands Reserve Program (WRP); and

Whereas, the most popular of the federal agricultural conservation programs in Louisiana have been the WRP with 368 approved easements on 137,632 acres, the Environmental Quality Incentives Program (EQIP) with 4,803 approved contracts on 494,006 acres, the Wildlife Habitat Incentives Program (WHIP) with 168 contracts on 12,900 acres, and the Forestry Incentives Program (FIP) with all available funds having been allocated; and

Whereas, Louisiana has the most easement acres enrolled in the WRP of all participating states, 407 pending applications on over 102,000 acres, and a potential WRP enrollment demand of up to 474,000 acres; and

Whereas, Louisiana is second only to Texas in the number of EQIP contracts with an estimated potential demand of three to four times the allocation currently available and only one out of every four applications for assistance able to be funded; and

Whereas, the demand for participation in WHIP and FIP also exceeds available funds; and

Whereas, CRP, which benefits Louisiana primarily through improving upstream water quality and providing nesting habitats for waterfowl and other migratory birds, and these other agricultural programs have profound beneficial impacts on wildlife habitat and water quality in our state, including ameliorating the nutrient loading of rivers

and streams that contribute to the annual occurrence of hypoxia in the Gulf of Mexico, while aiding rural communities and benefiting farmers; and

Whereas, agricultural conservation incentive programs are an efficient and effective use of tax dollars to restore habitats and prevent the degradation of soil, water, and habitat over a long term and, with WRP and CRP, overproduction of crops and direct subsidy payments are reduced; and

Whereas, the Lower Mississippi Valley Initiative (LMVI), a multi-state partnership to address agriculturally based environment stewardship consisting of producers, universities, natural resource agencies, and conservation organizations in Louisiana, Arkansas, Mississippi, Missouri, Kentucky, and Tennessee formed to inform the process of developing the conservation provisions of the next farm bill, has recognized the importance to the environment, the farming community, and the future of agriculture of strategically enlarging and enhancing farm bill conservation programs; and

Whereas, although agricultural conservation programs authorized by the 1996 farm bill have reached their acreage and funding caps, additional funding has not been included in the proposed FY 2002 budget; and

Whereas, legislation has been introduced in Congress to expand agricultural conservation programs to meet the needs of farmers and the environment until the next farm bill is enacted. Therefore, be it

Resolved, That the Legislature of Louisiana does hereby urge and request the president of the United States and memorializes the Congress of the United States to expand and fund federal agricultural conservation programs, including the Conservation Reserve, Wetlands Reserve, Environmental Quality Incentives, Wildlife Habitat Improvement, and Forestry Incentives Programs. Be it further

Resolved, That a copy of this Resolution shall be transmitted to the President of the United States, the Secretary of the United States Senate, the clerk of the United States House of Representatives, and to each member of the Louisiana delegation to the Congress of the United States.
