HONORING THE 50TH CHARTER NIGHT ANNIVERSARY OF THE CASEYVILLE, ILLINOIS LION'S CLUB

HON. JERRY F. COSTELLO

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 18, 2001

Mr. COSTELLO. Mr. Speaker, I rise today to ask my colleagues to join me in recognizing the 50th Charter Night anniversary of the Caseyville, Illinois Lions Club.

Lions Club International is the world's largest service club association. The Lions Clubs organization has 1.4 million members in more than 44,500 clubs in 185 countries and geographical areas. The Lions are men and women who volunteer their time to humanitarian causes. The International Association of Lions Clubs began as a dream of Chicago businessman, Melvin Jones. He believed that local business clubs should expand their horizons from purely professional concerns to the betterment of their communities and the world at large. Jones' own group, the Business Circle of Chicago, agreed. After contacting similar groups around the country, an organizational meeting was held on June 7, 1917 at the La-Salle Hotel in Chicago. The new group took the name of one of the groups invited, the "Association of Lions Clubs", and a national convention was held in October of that year in Dallas, Texas. A constitution, bylaws, objects and a code of ethics were approved.

Just three years after its formation, the organization became international, when the first club in Canada was established in 1920. Major international expansion continued as clubs were established, particularly throughout Europe, Asia and Africa during the 50's and 60's. Perhaps the single event having the greatest impact on the Lions Club occurred in 1925 when Helen Keller addressed the Lions at their international convention in Cedar Point, Ohio. It was there that she challenged the Lions Club to become "knights of the blind in the crusade against darkness". They responded, and now the Lions Club organization is best known for their sight-related programs, including SightFirst, the world's largest blindness prevention program.

Second only to the Lion's commitment in aiding the blind and the visually impaired, is a strong dedication to serving young people. The Lions Youth Outreach Program challenges young people to learn, to achieve and to serve. By focusing on volunteerism, young people are steered away from harmful behaviors and become involved in youth activities. The Leo Clubs program, International Youth Exchange, International Youth Camps and the Lions International Peace Poster Contest are all youth activities sponsored by Lions Club International that promote international cooperation, peace and understanding. The Lions Club International conducts its official business in 11 languages, including English, Chinese, French, German, Italian, Japanese, Korean, Portuguese, Spanish and Swedish.

The emblem of the Lions Club consists of a gold letter "L" on a circular purple field. Bor-

dering this is a circular gold area with two Lions profiles facing away from the center. The word "Lion" and "International" appear at the top and bottom. The Lions are meant to face both a proud past and a confident future. This emblem was adopted at the 1919 convention and today Lions throughout the world are recognized by it. The Lions motto, "We Serve" precisely explains their mission and their slogan, "Liberty, Intelligence and Our Nation's Safety" means LIONS.

The Caseyville Lions Club is part of an organization that not only helps those in need, but offers its members opportunities to develop personal friendships and gain valuable leadership skills. They share a common spirit and have been united in a single cause; helping those less fortunate. The Caseyville Lions Club helps tackle tough problems like blindness and combating drug abuse, as well as diabetes awareness programs and finding help and training for the deaf, disabled, underprivileged and the elderly. In fact, wherever the community needs help, the Caseyville Lions Club, like the entire Lions Club organization, is there.

Mr. Speaker, I ask my colleagues to join me in honoring the 50th Charter Anniversary of the Caseyville Lions Club and to honor its members both past, present and future.

Ms. GRANGER. Mr. Speaker, I rise today in honor of Major General Charles C. Cannon, Jr. It has come to my attention that General Cannon is retiring after 34 years of exemplary service in the United States Army. He has served his country with dignity, honor, and integrity.

HONORING DEB DULEY

HON. SCOTT McINNIS

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 18, 2001

Mr. McINNIS. Mr. Speaker, I would like to join the Colorado Coalition Against Sexual Assault in recognizing the dedication Deb Duley has exhibited to helping sexual assault victims in Colorado over the past 6 years. It would not be without her compassionate heart and an open ear that these victims receive the support they most delicately need.

Profiled for her volunteer work since 1995 in the Glenwood Springs Post, Deb has volunteered at least 48 hours per month at the Advocate Safehouse while maintaining a full time job as an engineering technician with Schmueser Gordon Meyers. Only a few years before her volunteering began, one of her friends was involved in a case of domestic violence that sparked the flame that fuels Deb's passion today. As noted by Julie Olson, the Executive Director of Advocate Safehouse, Deb has given up numerous evenings and nights to offer her assistance to victims of domestic violence and sexual assault. "She is truly a special star among the many stars in our advocate group."

Deb has spent many hours holding conversations and listening to victims. Unselfishly contributing her time and enthusiasm has assisted not only the victims themselves, but also the Advocate Safehouse Project that provides these helpful services in times of detriment and despair. Deb was one of the first advocates to complete the specialized training for the Sexual Assault Crisis Intervention Team, which was organized in 1996. In addition, she recently received the Victim Services Award from the Colorado Coalition Against Sexual Assault. Perhaps most notable are the lives she has influenced in the dark moments that overshadow the vitality of life. When people experience domestic violence or sexual assault they turn to people like Deb Duley for guidance, tenderness and compassion.

Mr. Speaker, through her volunteering, Deb has assisted many lives and I commend her on her public involvement. Although she maintains a humble character, it is with great admiration that I thank Deb and offer my congratulations on the Victim Services Award.

UCSC: TOPS IN RESEARCH

HON. SAM FARR

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 18, 2001

Mr. FARR of California. Mr. Speaker, it is with great pleasure and pride that I offer my congratulations to the students, faculty, staff, and administration at the University of California at Santa Cruz. The university has recently been named the second-best research institution in the world for physical sciences, based on the number of times research performed at UCSC has been cited by other scientists in journal articles.

Opened in 1965, UCSC began as the "Great Experiment" of the University of California system. The campus, home to both redwood groves and vast meadows overlooking Monterey Bay and the Pacific Ocean, has experienced a steady increase in enrollment to more than 12,000 students currently. The students, sons and daughters of farmworkers, doctors, teachers, and lawyers, have come with a common goal: to take advantage of the multitude of opportunities made available to them at this public university.

These opportunities continue to expand. A branch of the Institute of Geophysics and Planetary Physics opened on the UCSC campus two years ago. The campus was already home to the Institute of Marine Sciences and the Santa Cruz Institute for Particle Physics. The University of California Lick Observatory, utilized by researchers throughout the University of California system, is also headquartered at UCSC.

The success of the physical science program, and indeed of all the programs, at the University of California at Santa Cruz is due to the vision of the people who first studied, worked, and lived at the university. It is equally shaped by the dedication and hard work of those there now. They share a strong belief in the importance of improving the research facilities and academic opportunities while preserving the natural surroundings. This belief has fostered a unique academic community and I look forward to its continued success. Congratulations.
