

this bill. We put aside the stem cell issue which I very much wanted to have resolved. We did so in the interest of concluding this bill. We have already started the conferencing issues with both staffs meeting early tomorrow afternoon and Members meeting a little later tomorrow afternoon.

From our experience in the past, we have seen how difficult it is to conference this bill, so we are moving right ahead, and it would be my hope, with the example we have set with this complicated appropriations bill—on time, with people withdrawing matters to try to expedite the process—that we would move ahead and complete our work by November 16, which is when we should finish, and we can go home and take care of business in our States.

I yield the floor.

The PRESIDING OFFICER. The Senator from Nevada.

Mr. REID. Mr. President, I yield to my friend from Iowa.

The PRESIDING OFFICER. The Senator from Iowa.

Mr. HARKIN. Mr. President, I thank the Senator for yielding. I want to respond in kind to my good friend and ranking member, Senator SPECTER, and thank him and thank all of his staff for a very great working relationship that we have had over many years, especially this year.

We have completed our bill in pretty good time. Now we have to go to conference. I am convinced we can have a decent conference and get this bill back, as Senator SPECTER said, so we will have it done before we go home for Thanksgiving. So I again thank Senator SPECTER and his staff for a great working relationship. I especially thank all of the staff: Bettilou Taylor, Mary Dietrich, Sudip Parick, and Emma Ashburn. I also thank Ellen Murray, Jim Sourwine, Erik Fatemi, Mark Laisch, Adam Gluck, Adrienne Hallett, Lisa Bernhardt, and Carol Geagley. A lot of them put in a lot of hours early this year putting this bill together.

We have a great bill. It meets the needs of Americans and labor, health and human services, education, and biomedical research. We have met our obligations. This is the bill that helps lift up all Americans, helps address the needs of our human infrastructure in this country, and I believe we have met that obligation to the people of this country in this bill.

I thank the Senator for yielding me this time.
