

Mr. KOLBE. Mr. Speaker, I rise in support of this conference report and would like to congratulate the Chairman on resolving some difficult issues. One issue in particular is extremely important to me and the nation—the matter of allowing Mexican trucks into the United States as required by law.

Again, this year, there was an attempt to prohibit Mexican trucks from operating beyond the border commercial zone. I have said all along that this is really an issue about certain protectionist interests trying to block Mexican trucks from the United States highways under the guise of truck safety.

We all want to ensure that trucks traveling within the United States are safe. I believe, however, the most important aspect of truck safety is the observation of the driver and the inspection of the truck at the border and along the highway. This can be done while ensuring the security of our border and without establishing unattainable requirements with the sole purpose of denying the entry of Mexican trucks.

Mexican trucks that can operate in the United States, in compliance with U.S. laws and safety regulations, should be allowed in—just like Canadian trucks. We must treat our neighbors to the south, Mexico, the same as we treat our neighbors to the north, Canada.

Whether you agree with NAFTA or not, it is the law of the land and it is an international agreement that we must uphold. For too long the protectionist interests have thwarted efforts to implement the law of the land and to comply with our international agreements. How can we be a global leader by renegeing on our agreements? We can't and we won't.

The intent of the opponents of Mexican trucks entering the U.S. has been very clear all along. Let's face it, there are interest groups in the United States that do not want those trucks here. They are joined by interest groups in Mexico.

It is time to build bridges to Mexico—bridges that allow trucks from the U.S. and Mexico to pass each other, not barriers that block the movement of ideas and goods.

Although I do not think that this final compromise is perfect, I am a realist and am pleased that this conference report will allow Mexican trucks to enter all areas in the United States. We have made a step forward today toward treating our Mexican friends with the respect they deserve.

Mr. SABO. Mr. Speaker, I have no further requests for time, and I yield back the balance of my time.

Mr. ROGERS of Kentucky. Mr. Speaker, I have no further requests for time, I yield back the balance of my time, and I move the previous question on the conference report.

The previous question was ordered.

The SPEAKER pro tempore (Mr. THORNBERRY). The question is on the conference report.

Pursuant to clause 10 of rule XX, the yeas and nays are ordered.

The vote was taken by electronic device, and there were—yeas 371, nays 11, not voting 51, as follows:
