Today, we begin what will be a long, slow process in turning the tide for these two urban waterways. This bill directs the Secretary of Interior to conduct a study of the suitability and feasibility of protecting and restoring these two rivers by making them a part of our national park system. The long term vision I have is to see these rivers restored to a more natural state so that they can be a home to southern California's unique fish and wildlife.

Just as important to me is that these rivers be restored so they can serve as a source of outdoor recreation for one of our Nation's most congested urban areas. Most communities in Los Angeles are desperate for open space. They seek outdoor areas where children can play, adults can meet, and people of all ages can find respite from the daily hustle and bustle of some of our most economically and socially stressed neighborhoods.

What I am proposing would be an unprecedented urban restoration effort. But that does not mean it is impossible. Far from it. This vision is shared by Congresswoman HILDA SOLIS, who first introduced this bill in the House of Representatives. I look forward to working hand in hand with her to ensure that this dream becomes a reality.

I ask unanimous consent that the text of the bill be printed in the RECORD.

There being no objection, the bill was ordered to be printed in the RECORD, as follows:

S. 1865

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Lower Los Angeles River and San Gabriel River Watersheds Study Act of 2001''.

SEC. 2. DEFINITIONS.

In this Act:

(1) SECRETARY.—The term ''Secretary'' means the Secretary of the Interior.

(2) WATERSHED.—The term ''watershed'' means—

(A) the Lower Los Angeles River and its tributaries below the confluence of the Arroyo Seco;

(B) the San Gabriel River and its tributaries in Los Angeles County and Orange County, California; and

(C) the San Gabriel Mountains located within the territory of the San Gabriel and Lower Los Angeles Rivers and Mountains Conservancy (as defined in section 32603(c)(1)(C) of the State of California Public Resource Code).

SEC. 3. AUTHORIZATION OF STUDY.

(a) IN GENERAL.—The Secretary shall carry out a study on the suitability and feasibility of establishing the watershed as a unit of the National Park System.

(b) APPLICABLE LAW.—Section 8(c) of Public Law 91–383 (16 U.S.C. 1a–5(c)) shall apply to the conduct and completion of the study required by subsection (a).

(c) CONSULTATION WITH STATE AND LOCAL GOVERNMENTS.—In carrying out the study authorized by subsection (a), the Secretary shall consult with—

(1) the San Gabriel and Lower Los Angeles Rivers and Mountains Conservancy; and

(2) any other appropriate State or local governmental entity.

SEC. 4. REPORT.

Not later than 3 years after the date of enactment of this Act, the Secretary shall submit to the Committee on Resources of the House of Representatives and the Committee on Energy and Natural Resources of the Senate a report on the findings, conclusions, and recommendations of the study required by section 3(a).

By Mr. LIEBERMAN (for himself and Mr. MCCAIN):

S. 1867. A bill to establish the National Commission on Terrorist Attacks Upon the United States, and for other purposes; to the Committee on Governmental Affairs.

Mr. LIEBERMAN. Mr. President, I rise to introduce with my colleague Senator MCCAIN legislation to establish the National Commission on Terrorist Attacks Upon the United States. This Commission will have a broad mandate to examine and report upon the facts and causes relating to the September 11, 2001 terrorist attacks occurring at the World Trade Center and at the Pentagon, and it will be charged with making a ''full and complete accounting of the circumstances surrounding the attacks, and the extent of the United States' preparedness for, and response to, the attacks.'' It will ''investigate and report to the President and Congress on its findings, conclusions, and recommendations for corrective measures that can be taken to prevent acts of terrorism.''

Certain events stand out in our history for having left an indelible mark of pain and sorrow on America. The infamous attack on Pearl Harbor not only roused a slumbering giant, but also raised difficult questions about why our great Navy had been caught unawares. The tragic assassination of President John F. Kennedy evoked powerful feelings of sorrow and loss, but also searching questions about the identity and motives of the assassin. And on this past September 11, the United States suffered assaults on its territory unparalleled in their cruelty, destruction and loss of life. Americans were stunned both by the magnitude of the loss and the maliciously simple plan that had caused the carnage. Here too, alongside their grief and rage, the American people have been asking questions: Why was this plan so successful in achieving its evil goals? Were opportunities missed to prevent the destruction? What additional steps should be taken now to prevent any future attacks?

In the immediate aftermath of both Pearl Harbor and the Kennedy assassination, special commissions were formed to conduct investigations and answer similar questions. These precedents provide us with important models as we seek answers to such questions, and then use the findings to move forward with strategies to respond to the scourge of terrorism. Like many of my constituents, I too want to know how September 11 happened, why it happened, and what corrective measures can be taken to prevent it from ever occurring again. The American people deserve answers to these very legitimate questions about how the terrorists succeeded in achieving their brutal objectives, and in so doing, forever changing the way in which we Americans lead our lives.

To be successful, this Commission must have a number of resources, including enough time, a top level staff, ample investigatory powers, and adequate funding, all of which we have provided for in this legislation. But most critically, it must have broad bipartisan support. This Commission must not become a witch-hunt. The events of September 11 were so cataclysmic that there is enough responsibility to be shouldered by multiple parties. The overriding purpose of the inquiry must be a learning exercise, to understand what happened without preconceptions about its ultimate findings.

Just as Presidents Roosevelt and Johnson turned to national leaders of their day, Justice Roberts and Chief Justice Warren, to spearhead the Pearl Harbor and Kennedy assassination inquiries, respectively, this Commission must also draw upon the great reservoir of bipartisan talent that our nation possesses to answer crucial and fundamental questions. We expect that members appointed to this blue-ribbon Commission will be prominent U.S. citizens, though not currently serving in public office, with ''national recognition and significant depth of experience in such professions as governmental service, law enforcement, the armed services, legal practice, public administration, intelligence gathering, commerce, including aviation matters, and foreign affairs.''

To help ensure that members of the Commission will possess some of these substantive areas of expertise, which are so critical to understanding and analyzing the events of September 11, 10 of its 14 members will be appointed by the Senate and House chairmen, in consultation with their ranking minority members, of the Congressional committees that oversee Intelligence, Foreign Affairs, Armed Services, Judiciary, and Commerce. President Bush will appoint the four remaining members of the Commission, including the Chairman, who in turn will appoint the staff. In an effort to mandate bipartisanship, or perhaps more accurately, non-partisanship, no more than 7 of the Commission's 14 members may be from one political party.

Though some of the Commission's recommendations may include ''proposing organization, coordination, planning, management arrangements, procedures, rules, and regulations,'' we cannot wait for the findings of this report to begin the process of strengthening our Nation's homeland defense. That process, of course, is already underway, and must continue to occur at a rapid pace to ensure the continued protection of American lives and property. This Commission will not issue its first report until six months after its first meeting, and its final report will be issued another year after that. Rather than wait for these reports to be researched and submitted, we must continue the process we have already started to pro-actively address vulnerabilities that undermine our daily safety. We have already received the valuable input of numerous other experts and Commissions, some of which even issued their prescient warnings before the events of September, such as the Hart-Rudman Commission. When this proposed Commission completes its investigation and makes its final recommendations, those suggestions and conclusions will augment the record we have already developed on ways we can continue to safeguard our nation.

The Commission is not only the right thing to do, but this is the right time to do it. Understandably, the initial months after September 11 were preoccupied first with mourning, and then with prosecution of the war. There were legitimate concerns that a robust investigation into the causes of September 11 would siphon resources from the ongoing war effort. But with the first stage of the war against terrorism now drawing to a close, and with many perplexing questions still before us, we must now begin in earnest the process of finding answers to how it happened. This Commission should not be at odds with the war effort of any federal agency; rather, its efforts will complement the internal review processes some agencies are undergoing.

Determining the causes and circumstances of the terrorist attacks will ensure that those who lost their lives on this second American ''day of infamy'' did not die in vain. In so doing, this Commission will not only pay tribute to those who perished, but it will ensure that their survivors, and all the citizens of this great nation, continue to live life secure in the knowledge that the U.S. government is doing all within its powers to preserve their lives, liberties, and pursuits of happiness.

I ask unanimous consent that the text of the bill be printed in the RECORD.

There being no objection, the bill was ordered to be printed in the RECORD, as follows:

S. 1867

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. ESTABLISHMENT OF COMMISSION.

There is established the National Commission on Terrorist Attacks Upon the United States (in this Act referred to as the ''Commission'').

SEC. 2. PURPOSES.

The purposes of the Commission are to—

(1) examine and report upon the facts and causes relating to the terrorist attacks of September 11, 2001, occurring at the World Trade Center in New York, New York and at the Pentagon in Virginia;

(2) ascertain, evaluate, and report on the evidence developed by all relevant governmental agencies regarding the facts and circumstances surrounding the attacks;

(3) make a full and complete accounting of the circumstances surrounding the attacks, and the extent of the United States' preparedness for, and response to, the attacks; and

(4) investigate and report to the President and Congress on its findings, conclusions, and recommendations for corrective measures that can be taken to prevent acts of terrorism.

SEC. 3. COMPOSITION OF THE COMMISSION.

(a) MEMBERS.—The Commission shall be composed of 14 members, of whom—

(1) 4 members shall be appointed by the President;

(2) 1 member shall be appointed by the chairperson, in consultation with the ranking member, of the Committee on Armed Services of the Senate ;

(3) 1 member shall be appointed by the chairperson, in consultation with the ranking member, of the Committee on Commerce, Science, and Transportation of the Senate;

(4) 1 member shall be appointed by the chairperson, in consultation with the ranking member, of the Committee on the Judiciary of the Senate;

(5) 1 member shall be appointed by the chairperson, in consultation with the ranking member, of the Select Committee on Intelligence of the Senate;

(6) 1 member shall be appointed by the chairperson, in consultation with the ranking member, of the Committee on Foreign Relations of the Senate;

(7) 1 member shall be appointed by the chairperson, in consultation with the ranking member, of the Committee on Armed Services of the House of Representatives;

(8) 1 member shall be appointed by the chairperson, in consultation with the ranking member, of the Committee on Energy and Commerce of the House of Representatives;

(9) 1 member shall be appointed by the chairperson, in consultation with the ranking member, of the Committee on the Judiciary of the House of Representatives;

(10) 1 member shall be appointed by the chairperson, in consultation with the ranking member, of the Permanent Select Committee on Intelligence of the House of Representatives; and

(11) 1 member shall be appointed by the chairperson, in consultation with the ranking member, of the Committee on International Relations of the House of Representatives.

(b) CHAIRPERSON.—The President shall select the chairperson of the Commission.

(c) QUALIFICATIONS; INITIAL MEETING.—

(1) POLITICAL PARTY AFFILIATION.—Not more than 7 members of the Commission shall be from the same political party.

(2) NONGOVERNMENTAL APPOINTEES.—An individual appointed to the Commission may not be an officer or employee of the Federal Government or any State or local government.

(3) OTHER QUALIFICATIONS.—It is the sense of Congress that individuals appointed to the Commission should be prominent United States citizens, with national recognition and significant depth of experience in such professions as governmental service, law enforcement, the armed services, legal practice, public administration, intelligence gathering, commerce, including aviation matters, and foreign affairs.

(4) INITIAL MEETING.—If 60 days after the date of enactment of this Act, 8 or more members of the Commission have been appointed, those members who have been appointed may meet and, if necessary, select a temporary chairperson, who may begin the operations of the Commission, including the hiring of staff.

(d) QUORUM; VACANCIES.—After its initial meeting, the Commission shall meet upon the call of the chairperson or a majority of its members. Eight members of the Commission shall constitute a quorum. Any vacancy in the Commission shall not affect its powers, but shall be filled in the same manner in which the original appointment was made.

SEC. 4. FUNCTIONS OF THE COMMISSION.

The functions of the Commission are to—

(1) conduct an investigation into relevant facts and circumstances relating to the terrorist attacks of September 11, 2001, including any relevant legislation, Executive order, regulation, plan, practice, or procedure;

(2) review and evaluate the lessons learned from the terrorist attacks of September 11, 2001 regarding the structure, coordination, and management arrangements of the Federal Government relative to detecting, preventing, and responding to such terrorist attacks; and

(3) submit to the President and Congress such reports as are required by this Act containing such findings, conclusions, and recommendations as the Commission shall determine, including proposing organization, coordination, planning, management arrangements, procedures, rules, and regulations.

SEC. 5. POWERS OF THE COMMISSION.

(a) IN GENERAL.—

(1) HEARINGS AND EVIDENCE.—The Commission or, on the authority of the Commission, any subcommittee or member thereof, may, for the purpose of carrying out this Act—

(A) hold such hearings and sit and act at such times and places, take such testimony, receive such evidence, administer such oaths; and

(B) require, by subpoena or otherwise, the attendance and testimony of such witnesses and the production of such books, records, correspondence, memoranda, papers, and documents, as the Commission or such designated subcommittee or designated member may determine advisable.

(2) SUBPOENAS.—Subpoenas issued under paragraph (1)(B) may be issued under the signature of the chairperson of the Commission, the chairperson of any subcommittee created by a majority of the Commission, or any member designated by a majority of the Commission, and may be served by any person designated by the chairperson, subcommittee chairperson, or member. Sections 102 through 104 of the Revised Statutes of the United States (2 U.S.C. 192 through 194) shall apply in the case of any failure of any witness to comply with any subpoena or to testify when summoned under authority of this section.

(b) CONTRACTING.—The Commission may, to such extent and in such amounts as are provided in appropriation Acts, enter into contracts to enable the Commission to discharge its duties under this Act.

(c) INFORMATION FROM FEDERAL AGENCIES.—The Commission is authorized to secure directly from any executive department, bureau, agency, board, commission, office, independent establishment, or instrumentality of the Government information, suggestions, estimates, and statistics for the purposes of this Act. Each department, bureau, agency, board, commission, office, independent establishment, or instrumentality shall, to the extent authorized by law, furnish such information, suggestions, estimates, and statistics directly to the Commission, upon request made by the chairperson, the chairperson of any subcommittee created by a majority of the Commission, or any member designated by a majority of the Commission.

(d) ASSISTANCE FROM FEDERAL AGENCIES.—

(1) GENERAL SERVICES ADMINISTRATION.—The Administrator of General Services shall provide to the Commission on a reimbursable basis administrative support and other services for the performance of the Commission's functions.

(2) OTHER DEPARTMENTS AND AGENCIES.—In addition to the assistance prescribed in paragraph (1), departments and agencies of the United States are authorized to provide to the Commission such services, funds, facilities, staff, and other support services as they may determine advisable and as may be authorized by law.

(e) GIFTS.—The Commission may accept, use, and dispose of gifts or donations of services or property.

(f) POSTAL SERVICES.—The Commission may use the United States mails in the same manner and under the same conditions as departments and agencies of the United States.

SEC. 6. STAFF OF THE COMMISSION.

(a) IN GENERAL.—

(1) APPOINTMENT AND COMPENSATION.—The chairperson, in accordance with rules agreed upon by the Commission, may appoint and fix the compensation of a staff director and such other personnel as may be necessary to enable the Commission to carry out its functions, without regard to the provisions of title 5, United States Code, governing appointments in the competitive service, and without regard to the provisions of chapter 51 and subchapter III of chapter 53 of such title relating to classification and General Schedule pay rates, except that no rate of pay fixed under this subsection may exceed the equivalent of that payable for a position at level V of the Executive Schedule under section 5316 of title 5, United States Code.

(2) PERSONNEL AS FEDERAL EMPLOYEES.—

(A) IN GENERAL.—The executive director and any personnel of the Commission who are employees shall be employees under section 2105 of title 5, United States Code, for purposes of chapters 63, 81, 83, 84, 85, 87, 89, and 90 of that title.

(B) MEMBERS OF COMMISSION.—Subparagraph (A) shall not be construed to apply to members of the Commission.

(b) DETAILEES.—Any Federal Government employee may be detailed to the Commission without reimbursement from the Commission, and such detailee shall retain the rights, status, and privileges of his or her regular employment without interruption.

(c) CONSULTANT SERVICES.—The Commission is authorized to procure the services of experts and consultants in accordance with section 3109 of title 5, United States Code, but at rates not to exceed the daily rate paid a person occupying a position at level IV of the Executive Schedule under section 5315 of title 5, United States Code.

SEC. 7. COMPENSATION AND TRAVEL EXPENSES.

(a) COMPENSATION.—Each member of the Commission may be compensated at not to exceed the daily equivalent of the annual rate of basic pay in effect for a position at level IV of the Executive Schedule under section 5315 of title 5, United States Code, for each day during which that member is engaged in the actual performance of the duties of the Commission.

(b) TRAVEL EXPENSES.—While away from their homes or regular places of business in the performance of services for the Commission, members of the Commission shall be allowed travel expenses, including per diem in lieu of subsistence, in the same manner as persons employed intermittently in the Government service are allowed expenses under section 5703(b) of title 5, United States Code.

SEC. 8. SECURITY CLEARANCES FOR COMMISSION MEMBERS AND STAFF.

The appropriate executive departments and agencies shall cooperate with the Commission in expeditiously providing to the Commission members and staff appropriate security clearances in a manner consistent with existing procedures and requirements, except that no person shall be provided with access to classified information under this section who would not otherwise qualify for such security clearance.

SEC. 9. REPORTS OF THE COMMISSION; TERMINATION.

(a) INITIAL REPORT.—Not later than 6 months after the date of the first meeting of the Commission, the Commission shall submit to the President and Congress an initial report containing such findings, conclusions, and recommendations for corrective measures as have been agreed to by a majority of Commission members.

(b) ADDITIONAL REPORTS.—Not later than 1 year after the submission of the initial report of the Commission, the Commission shall submit to the President and Congress a second report containing such findings, conclusions, and recommendations for corrective measures as have been agreed to by a majority of Commission members.

(c) TERMINATION.—

(1) IN GENERAL.—The Commission, and all the authorities of this Act, shall terminate 60 days after the date on which the second report is submitted under subsection (b).

(2) ADMINISTRATIVE ACTIVITIES BEFORE TERMINATION.—The Commission may use the 60-day period referred to in paragraph (1) for the purpose of concluding its activities, including providing testimony to committees of Congress concerning its reports and disseminating the second report.

SEC. 10. AUTHORIZATION OF APPROPRIATIONS.

There are authorized to be appropriated to the Commission to carry out this Act $3,000,000, to remain available until expended.

Mr. MCCAIN. Mr. President, I am pleased to join my friend JOE LIEBERMAN in introducing legislation calling for a blue-ribbon commission to examine the facts surrounding the September 11th attacks, and to propose reforms to better defend our country in the future.

After Pearl Harbor and President Kennedy's assassination, the President and Congress established boards of inquiry to investigate these tragedies and recommend measures to prevent their recurrence.

The terrorist attacks in New York and Washington represent a watershed in American history—the end of an era of general peace and prosperity, and a terrible awakening to the threats against our people that lurk within, and beyond, our shores.

To prevent future tragedies, we need to know how September 11th could have happened, and explore what we can do to be sure America never again suffers such an attack on her soil.

I believe President Bush and his team have responded forcefully, admirably, and with a sense of purpose in this time of trial. But neither the Administration nor Congress is capable of conducting a thorough, nonpartisan, independent inquiry into what happened on September 11th, or to propose far-reaching reforms needed to protect our people and our institutions against the enemies of freedom.

As we did after Pearl Harbor and the Kennedy assassination, we need a blue-ribbon team of distinguished Americans from all walks of life to thoroughly investigate all evidence surrounding the attacks, including how prepared we were and how well we responded to this unprecedented assault.

It will require digging deep into the resources of the full range of government agencies. It will demand objective judgment into what went wrong, what we did right, and what else we need to do to deter and defeat depraved assaults against innocent lives in the future.

This is no witch hunt. Our enemies would be strengthened if their attacks caused us to turn on ourselves, consumed not with the malevolence of our foes but with our own failings.

We are a proud nation, a strong nation. However horrible, September 11th reminded us of our love of country, our fierce patriotic pride. It highlighted the distinctive accomplishments of our civilization, and the sacrifices we will endure to defend it against evil. It made us stronger.

That said, if there were serious failures on the part of individuals or institutions within the government or the private sector, we have a right to know, indeed a need to know. But to work, this must be a learning exercise, without preconceptions about the inquiry's ultimate findings.

The commission's members should include leading citizens not now holding public office, but with broad experience in national affairs. The commission should have an adequate budget, a top-level staff, and ample investigatory resources—including subpoena power, if it is needed to uncover the truth.

To be effective and legitimate, the commission should be given a broad mandate to discover facts and recommend corrective actions. It should be given time to proceed with care and deliberation. It should have the stature and significance afforded by its grave mission of telling the whole truth about September 11th, and telling us what we need to know to protect against future tragedy.

To be credible, this inquiry must be independent from ongoing government operations, but it must of necessity draw on the resources of government. The commission's conclusions and recommendations will have enduring meaning only if they are valued by those of us who can set them in motion—the President, the Congress, and all concerned Americans.

Our best defense now lies in pursuing our enemy overseas, and working here at home to adapt to the challenges of this new day. We can rid the world of terrorism's scourge. But it will take time, and our campaign will likely inspire further, desperate tests of our resolve.

More Americans may die before we are through. In this moment when we enjoy peace at home, even as brave Americans risk their lives for us overseas, let us marshal our resolve to defend our homeland, not merely through force of arms, but through reasoned introspection into how September 11th happened, what we've learned, and how we can apply those lessons to the defense of the American people.

More than 2 years ago, the bipartisan Hart-Rudman Commission on National Security envisioned a time when terrorists and rogue nations would acquire weapons of mass destruction and ''mass disruption.''

''Americans will likely die on American soil,'' the commission warned, ''possibly in large numbers.''

That time has come. The worst has happened. But it must not happen again. We hope history will judge America well for her response to September 11th—the incredible bravery of so many Americans, and the measures we have already put in place to prevent future acts of catastrophic terrorism.

The commission is an integral part of our response to the attacks of September 11. Its mission is urgent. The American people clearly share our sense of urgency about protecting our country. I hope our proposed commission can channel that sense of urgency into a mandate for reform of the way we defend America.

By Mr. BIDEN:

S. 1868. A bill to establish a national center on volunteer and provider screening to reduce sexual and other abuse of children, the elderly, and individuals with disabilities; to the Committee on the Judiciary.

Mr. BIDEN. Mr. President, I rise today to introduce the National Child Protection Improvement Act of 2001.

Today, 87 million of our children are involved in provided by child and youth organizations which depend heavily on volunteers to deliver their services. Millions more adults are also served by public and private voluntary organizations. Organizations across the country, like the Boys and Girls Clubs, often rely solely on volunteers to make these safe havens for kids a place where they can learn. The Boys and Girls Clubs and others don't just provide services to kids, their work reverberates throughout our communities, as the after-school programs they provide help keep kids out of trouble. This is juvenile crime prevention at its best, and I salute the volunteers who help make these programs work.

Unfortunately, some of these volunteers come to their jobs with less than the best of intentions. According to the National Mentoring Partnership, incidents of child sexual abuse in child care settings, foster homes and schools ranges from 1 to 7 percent. Volunteer organizations have tried to weed out bad apples, and today most conduct background checks on applicants who seek to work with children. Unfortunately, these checks can often take months to complete, can be expensive, and many organizations do not have access to the FBI's national fingerprint

database. These time delays and scope limitations are dangerous: a prospective volunteer could pass a name-based background check in one state, only to have a past felony committed in another jurisdiction go undetected.

Today I am introducing a bill designed to solve some of these problems. The National Child Protection Improvement Act of 2001 creates a new, FBI national center to conduct criminal history fingerprint checks at the request of volunteer organizations. Funds are authorized so that volunteer organizations could have the national checks performed at no cost to them, the Federal government ought to be supporting those groups who seek to safeguard our kids, and this is a modest investment that deserves to be made. Other child-serving organizations who sought the services of the new national center would have checks conducted at a minimal cost. My bill envisions as many as 10 million background checks conducted per year at this center, enough to prevent felons and other dangerous members of society from getting anywhere near our kids. States perform many of these checks today, so to help them do their jobs better my bill authorizes $5 million per year to hire personnel and improve fingerprint technology so that they can update information in national databases.

All of us understand the positive impact that volunteer organizations are making. Now we need to give these groups the tools and resources they need to ensure absolute safety for the children they serve.

I ask unanimous consent that the text of this bill be printed in the RECORD.

There being no objection, the bill was ordered to be printed in the RECORD, as follows:

S. 1868

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''National Child Protection Improvement Act''.

SEC. 2. ESTABLISHMENT OF A NATIONAL CENTER ON VOLUNTEER AND PROVIDER SCREENING.

The Juvenile Justice and Delinquency Prevention Act of 1974 (42 U.S.C. 5601 et seq.) is amended by adding at the end the following:

''TITLE VI—NATIONAL CENTER ON VOLUNTEER AND PROVIDER SCREENING

''SEC. 601. SHORT TITLE.

''This title may be cited as the 'National Child Protection Improvement Act'.

''SEC. 602. FINDINGS.

''Congress finds the following:

''(1) More than 87,000,000 children are involved each year in activities provided by child and youth organizations which depend heavily on volunteers to deliver their services.

''(2) Millions more adults, both the elderly and individuals with disabilities, are served by public and private voluntary organizations.

''(3) The vast majority of activities provided to children, the elderly, and individuals with disabilities by public and private nonprofit agencies and organizations result in the delivery of much needed services in safe environments that could not be provided without the assistance of virtually millions of volunteers, but abuses do occur.

''(4) Estimates of the incidence of child sexual abuse in child care settings, foster care homes, and schools, range from 1 to 7 percent.

''(5) Abuse traumatizes the victims and shakes public trust in care providers and organizations serving vulnerable populations.

''(6) Congress has acted to address concerns about this type of abuse through the National Child Protection Act of 1993 and the Violent Crime Control Act of 1994 to set forth a framework for screening through criminal record checks of care providers, including volunteers who work with children, the elderly, and individuals with disabilities. Unfortunately, problems regarding the safety of these vulnerable groups still remain.

''(7) While State screening is sometimes adequate to conduct volunteer background checks, more extensive national criminal history checks using fingerprints or other means of positive identification are often advisable, as a prospective volunteer or nonvolunteer provider may have lived in more than one State.

''(8) The high cost of fingerprint background checks is unaffordable for organizations that use a large number of volunteers and, if passed on to volunteers, often discourages their participation.

''(9) The current system of retrieving national criminal background information on volunteers through an authorized agency of the State is cumbersome and often requires months before vital results are returned.

''(10) In order to protect children, volunteer agencies must currently depend on a convoluted, disconnected, and sometimes duplicative series of checks that leave children at risk.

''(11) A national volunteer and provider screening center is needed to protect vulnerable groups by providing effective, efficient national criminal history background checks of volunteer providers at no-cost, and at minimal-cost for employed care providers.

''SEC. 603. DEFINITIONS.

''In this Act—

''(1) the term 'qualified entity' means a business or organization, whether public, private, for-profit, not-for-profit, or voluntary, that provides care or care placement services, including a business or organization that licenses or certifies others to provide care or care placement services designated by the National Task Force;

''(2) the term 'volunteer provider' means a person who volunteers or seeks to volunteer with a qualified entity;

''(3) the term 'provider' means a person who is employed by or volunteers or who seeks to be employed by or volunteer with a qualified entity, who owns or operates a qualified entity, or who has or may have unsupervised access to a child to whom the qualified entity provides care;

''(4) the term 'national criminal background check system' means the criminal history record system maintained by the Federal Bureau of Investigation based on fingerprint identification or any other method of positive identification;

''(5) the term 'child' means a person who is under the age of 18;

''(6) the term 'individuals with disabilities' has the same meaning as that provided in section 5(7) of the National Child Protection Act of 1993;

''(7) the term 'State' has the same meaning as that provided in section 5(11) of the National Child Protection Act of 1993; and

''(8) the term 'care' means the provision of care, treatment, education, training, instruction, supervision, or recreation to children, the elderly, or individuals with disabilities.

''SEC. 604. ESTABLISHMENT OF A NATIONAL CENTER FOR VOLUNTEER AND PROVIDER SCREENING.

''(a) IN GENERAL.—The Attorney General, by agreement with a national nonprofit organization or by designating an agency within the Department of Justice, shall—

''(1) establish a national center for volunteer and provider screening designed—

''(A) to serve as a point of contact for qualified entities to request a nationwide background check for the purpose of determining whether a volunteer provider or provider has been arrested for or convicted of a crime that renders the provider unfit to have responsibilities for the safety and well-being of children, the elderly, or individuals with disabilities;

''(B) to promptly access and review Federal and State criminal history records and registries through the national criminal history background check system—

''(i) at no cost to a qualified entity for checks on volunteer providers; and

''(ii) at minimal cost to qualified entities for checks on non-volunteer providers;

with cost for screening non-volunteer providers will be determined by the National Task Force;

''(C) to provide the determination of the criminal background check to the qualified entity requesting a nationwide background check after not more than 15 business days after the request;

''(D) to serve as a national resource center and clearinghouse to provide State and local governments, public and private nonprofit agencies and individuals with information regarding volunteer screening; and

''(2) establish a National Volunteer Screening Task Force (referred to in this title as the 'Task Force') to be chaired by the Attorney General which shall—

''(A) include—

''(i) 2 members each of—

''(I) the Federal Bureau of Investigation;

''(II) the Department of Justice;

''(III) the Department of Health and Human Services;

''(IV) representatives of State Law Enforcement organizations;

''(V) national organizations representing private nonprofit qualified entities using volunteers to serve the elderly; and

''(VI) national organizations representing private nonprofit qualified entities using volunteers to serve individuals with disabilities; and

''(ii) 4 members of national organizations representing private nonprofit qualified entities using volunteers to serve children;

to be appointed by the Attorney General; and

''(B) oversee the work of the Center and report at least annually to the President and Congress with regard to the work of the Center and the progress of the States in complying with the provisions of the National Child Protection Act of 1993.

''SEC. 605. AUTHORIZATION OF APPROPRIATIONS.

''(a) IN GENERAL.—To carry out the provisions of this title, there are authorized to be appropriated $80,000,000 for fiscal year 2003 and $25,000,000 for each of the fiscal years 2004, 2005, 2006, and 2007, sufficient to provide no-cost background checks of volunteers working with children, the elderly, and individuals with disabilities.

''(b) AVAILABILITY.—Sums appropriated under this section shall remain available until expended.''.

SEC. 3. STRENGTHENING AND ENFORCING THE NATIONAL CHILD PROTECTION ACT OF 1993.

Section 3 of the National Child Protection Act of 1993 (42 U.S.C. 5119 et seq.) is amended to read as follows:

"SEC. 3. NATIONAL BACKGROUND CHECKS.

''(a) IN GENERAL.—Requests for national background checks under this section shall be submitted to the National Center for Volunteer Screening which shall conduct a search using the Integrated Automated Fingerprint Identification System, or other criminal record checks using reliable means of positive identification subject to the following conditions:

''(1) A qualified entity requesting a national criminal history background check under this section shall forward to the National Center the provider's fingerprints or other identifying information, and shall obtain a statement completed and signed by the provider that—

''(A) sets out the provider or volunteer's name, address, date of birth appearing on a valid identification document as defined in section 1028 of title 18, United States Code, and a photocopy of the valid identifying document;

''(B) states whether the provider or volunteer has a criminal record, and, if so, sets out the particulars of such record;

''(C) notifies the provider or volunteer that the National Center for Volunteer Screening may perform a criminal history background check and that the provider's signature to the statement constitutes an acknowledgement that such a check may be conducted;

''(D) notifies the provider or volunteer that prior to and after the completion of the background check, the qualified entity may choose to deny the provider access to children or elderly or persons with disabilities; and

''(E) notifies the provider or volunteer of his right to correct an erroneous record held by the FBI or the National Center.

''(2) Statements obtained pursuant to paragraph (1) and forwarded to the National Center shall be retained by the qualified entity or the National Center for at least 2 years.

''(3) Each provider or volunteer who is the subject of a criminal history background check under this section is entitled to contact the National Center to initiate procedures to—

''(A) obtain a copy of their criminal history record report; and

''(B) challenge the accuracy and completeness of the criminal history record information in the report.

''(4) The National Center receiving a criminal history record information that lacks disposition information shall, to the extent possible, contact State and local record-keeping systems to obtain complete information.

''(5) The National Center shall make a determination whether the criminal history record information received in response to the national background check indicates that the provider has a criminal history record that renders the provider unfit to provide care to children, the elderly, or individuals with disabilities based upon criteria established by the National Task Force on Volunteer Screening, and will convey that determination to the qualified entity.

''(b) GUIDANCE BY THE NATIONAL TASK FORCE.—The National Task Force, chaired by the Attorney General shall—

''(1) encourage the use, to the maximum extent possible, of the best technology available in conducting criminal background checks; and

''(2) provide guidelines concerning standards to guide the National Center in making fitness determinations concerning care providers based upon criminal history record information.

''(c) LIMITATIONS OF LIABILITY.—

''(1) IN GENERAL.—A qualified entity shall not be liable in an action for damages solely for failure to request a criminal history background check on a provider, nor shall a State or political subdivision thereof nor any agency, officer or employee thereof, be liable in an action for damages for the failure of a qualified entity (other than itself) to take action adverse to a provider who was the subject of a criminal background check.

''(2) RELIANCE.—The National Center or a qualified entity that reasonably relies on criminal history record information received in response to a background check pursuant to this section shall not be liable in an action for damages based upon the inaccuracy or incompleteness of the information.

''(d) FEES.—In the case of a background check pursuant to a State requirement adopted after December 20, 1993, conducted through the National Center using the fingerprints or other identifying information of a person who volunteers with a qualified entity shall be free of charge. This subsection shall not affect the authority of the FBI, the National Center, or the States to collect reasonable fees for conducting criminal history background checks of providers who are employed as or apply for positions as paid employees.''.

SEC. 4. ESTABLISHMENT OF A MODEL PROGRAM IN EACH STATE TO STRENGTHEN CRIMINAL DATA REPOSITORIES AND FINGERPRINT TECHNOLOGY.

(a) ESTABLISHMENT.—A model program shall be established in each State and the District of Columbia for the purpose of improving fingerprinting technology which shall grant to each State $50,000 to either—

(1) purchase Live-Scan fingerprint technology and a State-vehicle to make such technology mobile and these mobile units shall be used to travel within the State to assist in the processing of fingerprint background checks; or

(2) purchase electric fingerprint imaging machines for use throughout the State to send fingerprint images to the National Center to conduct background checks.

(b) ADDITIONAL FUNDS.—In addition to funds provided in subsection (a), $50,000 shall be provided to each State and the District of Columbia to hire personnel to—

(1) provide information and training to each county law enforcement agency within the State regarding all National Child Protection Act requirements for input of criminal and disposition data into the national criminal history background check system; and

(2) provide an annual summary to the National Task Force of the State's progress in complying with the criminal data entry provisions of the National Child Protection Act of 1993 which shall include information about the input of criminal data, child abuse crime information, domestic violence arrests and stay-away orders of protection.

(c) AUTHORIZATION OF APPROPRIATIONS.—

(1) IN GENERAL.—To carry out the provisions of this section, there are authorized to be appropriated a total of $5,100,000 for fiscal year 2003 and such sums as may be necessary for each of the fiscal years 2004, 2005, 2006, and 2007, sufficient to improve fingerprint technology units and hire data entry improvement personnel in each of the 50 States and the District of Columbia.

(2) AVAILABILITY.—Sums appropriated under this section shall remain available until expended.

By Mr. CORZINE (for himself, Mr. JEFFORDS, and Mr. LIEBERMAN):

S. 1870. A bill to amend the Clean Air Act to establish an inventory, registry, and information system of United States greenhouse gas emissions to inform the public and private sector concerning, and encourage voluntary reductions in, greenhouse emissions; to the Committee on Environment and Public Works.

Mr. CORZINE. Mr. President, I rise today to introduce a bill that represents an important step towards the goal of addressing the threats posed by global climate change. I am pleased to be joined on this bill by Senator JEFFORDS and Senator LIEBERMAN. They are recognized environmental leaders in the Senate, and are long-standing, outspoken advocates for taking action to mitigate climate change. I appreciate their help in introducing this legislation today.

Climate change is an enormously complex issue in every aspect. Scientifically. Economically. Politically. But complexity is no excuse for inattention or inaction. Because the health and viability of the global ecosystems upon which we all depend are at stake. The time to act is now.

Earlier this year, the Intergovernmental Panel on Climate Change recently released its Third Assessment Report, and the science is increasingly clear and alarming. We know that human activities, primarily fossil fuel combustion, have raised the atmospheric concentration of carbon dioxide to the highest levels in the last 420,000 years. We know that the planet is warming, and that the balance of the scientific evidence suggests that most of the recent warming can be attributed to increased atmospheric greenhouse gas levels. We know that without concerted action by the U.S. and other countries, greenhouse gases will continue to increase.

Finally, we know that climate models have improved, and that these models predict warming under all scenarios that have been considered. Even the smallest warming predicted by current models, 2.5 degrees Fahrenheit over the next century, would represent the greatest rate of increase in global mean surface temperature in the last 10,000 years.

If these trends continue, the results may be devastating. People in my home State of New Jersey treasure their Jersey Shore. Like all coastal areas, the Jersey Shore is threatened by projected changes in sea levels due to climate change. I am concerned about this impact. And I am concerned about other climate change impacts across New Jersey, the country and the globe.

I believe we need to take reasonable steps today start dealing with this issue. And I think this bill will make an important incremental step.

The main provisions of the bill establish a system that would require companies to estimate and report their emissions of greenhouse gases, as well

as a place where companies can register greenhouse gas emissions reductions. In addition, the bill would require an annual report on U.S. greenhouse gas emissions. I'd like to go through each of these components in more detail.

First, the bill requires EPA to work with the Secretaries of Energy, Commerce and Agriculture, as well as the private sector and non-governmental organizations to establish a greenhouse gas emission information system. For the purposes of the bill, greenhouse gases are carbon dioxide, methane, nitrous oxide, hydrofluorocarbons, perfluorocarbons, and sulfur hexafluoride. EPA is directed to establish threshold quantities for each of these gases. The threshold quantities will trigger the requirement for a company to report to the system, and are included to enable exclusion of most small businesses from the reporting requirements. Companies that emit more than a threshold quantity of each gas will be required to report their emissions on an annual basis to EPA. The requirements will be phased in, beginning with stationary source emissions in 2003. The following year, in 2004, companies subject to the reporting requirements will need to submit to EPA estimates of other types of greenhouse gas emissions, such as process emissions, fugitive emissions, mobile source emissions, forest product-sector emissions, and indirect emissions from heat and steam.

Just as important as the reporting system is the greenhouse gas registry established by the bill. The bill requires EPA to work with the same set of actors to establish this greenhouse gas registry, which will enable companies to register greenhouse gas reductions. Many companies are voluntarily implementing projects to reduce emissions or sequester carbon. The registry would establish a place for companies to be able to put these projects on public record in a consistent and reliable way.

Taken together, these provisions of the bill will accomplish several important goals. First, they will create a reliable record of the sources of greenhouse gas emissions within our economy. This will provide the public and private sector with important information that, if necessary, can be used to identify the most cost-effective ways to reduce greenhouse gas emissions.

Perhaps more importantly, these provisions will provide a powerful incentive for companies to continue to make voluntary greenhouse gas reductions. By requiring emissions reporting, and making that information available to the public, companies may face increased scrutiny with respect to their greenhouse gas emissions. But they will also have a place where they can register their greenhouse gas reductions project in a consistent and uniform way. This will enable companies to demonstrate the actions that they are taking to reduce their emissions, and will assist them in making the case for credits if a mandatory greenhouse gas emission reduction program is ever enacted.

Finally, the bill requires EPA to annually publish a greenhouse gas emissions inventory. This will be a national account of greenhouse gas emissions for our Nation, and will incorporate the information submitted to the greenhouse gas information system and registry. EPA has issued such a report for several years now, and this provision is intended to explicitly authorize and expand the scope of this report.

I know that there are technical challenges associated with measuring greenhouse gas emissions and reductions. But many advances have been made in recent years, often in a cooperative way, with industry, environmental groups and governments at the table. It's my intent that the systems and protocols developed under this bill conform to the best practices that have been and continue to be developed in this fashion.

I urge my colleagues to join with me in this legislation. Let's start taking reasonable steps to address the threat of climate change. I ask unanimous consent that the text of the bill be printed in the RECORD.

There being no objection, the bill was ordered to be printed in the RECORD, as follows:

S. 1870

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''National Greenhouse Gas Emissions Inventory and Registry Act of 2001''.

SEC. 2. FINDINGS AND PURPOSE.

(a) FINDINGS.—Congress finds that—

(1) human activities have caused rapid increases in atmospheric concentrations of carbon dioxide and other greenhouse gases in the last century;

(2) according to the Intergovernmental Panel on Climate Change and the National Research Council—

(A) the Earth has warmed in the last century; and

(B) the majority of the observed warming is attributable to human activities;

(3) despite the fact that many uncertainties in climate science remain, the potential impacts from human-induced climate change pose a substantial risk that should be managed in a responsible manner; and

(4) to begin to manage climate change risks, public and private entities will need a comprehensive, accurate inventory, registry, and information system of the sources and quantities of United States greenhouse gas emissions.

(b) PURPOSE.—The purpose of this Act is to establish a mandatory greenhouse gas inventory, registry, and information system that—

(1) is complete, consistent, transparent, and accurate;

(2) will create accurate data that can be used by public and private entities to design efficient and effective greenhouse gas emission reduction strategies; and

(3) will encourage greenhouse gas emission reductions.

SEC. 3. GREENHOUSE GAS EMISSIONS.

The Clean Air Act (42 U.S.C. 1701 et seq.) is amended by adding at the end the following:

''TITLE VII—GREENHOUSE GAS EMISSIONS

''SEC. 701. DEFINITIONS.

''In this title:

''(1) COVERED ENTITY.—The term 'covered entity' means an entity that emits more than a threshold quantity of greenhouse gas emissions.

''(2) DIRECT EMISSIONS.—The term 'direct emissions' means greenhouse gas emissions from a source that is owned or controlled by an entity.

''(3) ENTITY.—The term 'entity' includes a firm, a corporation, an association, a partnership, and a Federal agency.

''(4) GREENHOUSE GAS.—The term 'greenhouse gas' means—

''(A) carbon dioxide;

''(B) methane;

''(C) nitrous oxide;

''(D) hydrofluorocarbons;

''(E) perfluorocarbons; and

''(F) sulfur hexafluoride.

''(5) GREENHOUSE GAS EMISSIONS.—The term 'greenhouse gas emissions' means emissions of a greenhouse gas, including—

''(A) stationary combustion source emissions, which are emitted as a result of combustion of fuels in stationary equipment such as boilers, furnaces, burners, turbines, heaters, incinerators, engines, flares, and other similar sources;

''(B) process emissions, which consist of emissions from chemical or physical processes other than combustion;

''(C) fugitive emissions, which consist of intentional and unintentional emissions from—

''(i) equipment leaks such as joints, seals, packing, and gaskets; and

''(ii) piles, pits, cooling towers, and other similar sources; and

''(D) mobile source emissions, which are emitted as a result of combustion of fuels in transportation equipment such as automobiles, trucks, trains, airplanes, and vessels.

''(6) GREENHOUSE GAS EMISSIONS RECORD.—The term 'greenhouse gas emissions record' means all of the historical greenhouse gas emissions and project reduction data submitted by an entity under this title, including any adjustments to such data under section 704(c).

''(7) GREENHOUSE GAS REPORT.—The term 'greenhouse gas report' means an annual list of the greenhouse gas emissions of an entity and the sources of those emissions.

''(8) INDIRECT EMISSIONS.—The term 'indirect emissions' means greenhouse gas emissions that are a consequence of the activities of an entity but that are emitted from sources owned or controlled by another entity.

''(9) NATIONAL GREENHOUSE GAS EMISSIONS INFORMATION SYSTEM.—The term 'national greenhouse gas emissions information system' means the information system established under section 702(a).

''(10) NATIONAL GREENHOUSE GAS EMISSIONS INVENTORY.—The term 'national greenhouse gas emissions inventory' means the national inventory of greenhouse gas emissions established under section 705.

''(11) NATIONAL GREENHOUSE GAS REGISTRY.—The term 'national greenhouse gas registry' means the national greenhouse gas registry established under section 703(a).

''(12) PROJECT REDUCTION.—The term 'project reduction' means—

''(A) a greenhouse gas emission reduction achieved by carrying out a greenhouse gas emission reduction project; and

''(B) sequestration achieved by carrying out a sequestration project.

''(13) REPORTING ENTITY.—The term 'reporting entity' means an entity that reports to the Administrator under subsection (a) or (b) of section 704.

''(14) SEQUESTRATION.—The term 'sequestration' means the long-term separation, isolation, or removal of greenhouse gases from the atmosphere, including through a biological or geologic method such as reforestation or an underground reservoir.

''(15) THRESHOLD QUANTITY.—The term 'threshold quantity' means a threshold quantity for mandatory greenhouse gas reporting established by the Administrator under section 704(a)(3).

''(16) VERIFICATION.—The term 'verification' means the objective and independent assessment of whether a greenhouse gas report submitted by a reporting entity accurately reflects the greenhouse gas impact of the reporting entity.

''SEC. 702. NATIONAL GREENHOUSE GAS EMISSIONS INFORMATION SYSTEM.

''(a) ESTABLISHMENT.—In consultation with the Secretary of Commerce, the Secretary of Agriculture, the Secretary of Energy, States, the private sector, and nongovernmental organizations concerned with establishing standards for reporting of greenhouse gas emissions, the Administrator shall establish and administer a national greenhouse gas emissions information system to collect information reported under section 704(a).

''(b) SUBMISSION TO CONGRESS OF DRAFT DESIGN.—Not later than 180 days after the date of enactment of this title, the Administrator shall submit to Congress a draft design of the national greenhouse gas emissions information system.

''(c) AVAILABILITY OF DATA TO THE PUBLIC.—The Administrator shall publish all information in the national greenhouse gas emissions information system through the website of the Environmental Protection Agency, except in any case in which publishing the information would reveal a trade secret or disclose information vital to national security.

''(d) RELATIONSHIP TO OTHER GREENHOUSE GAS REGISTRIES.—To the extent practicable, the Administrator shall ensure coordination between the national greenhouse gas emissions information system and existing and developing Federal, regional, and State greenhouse gas registries.

''(e) INTEGRATION WITH OTHER ENVIRONMENTAL INFORMATION.—To the extent practicable, the Administrator shall integrate information in the national greenhouse gas emissions information system with other environmental information managed by the Administrator.

''SEC. 703. NATIONAL GREENHOUSE GAS REGISTRY.

''(a) ESTABLISHMENT.—In consultation with the Secretary of Commerce, the Secretary of Agriculture, the Secretary of Energy, States, the private sector, and nongovernmental organizations concerned with establishing standards for reporting of greenhouse gas emissions, the Administrator shall establish and administer a national greenhouse gas registry to collect information reported under section 704(b).

''(b) AVAILABILITY OF DATA TO THE PUBLIC.—The Administrator shall publish all information in the national greenhouse gas registry through the website of the Environmental Protection Agency, except in any case in which publishing the information would reveal a trade secret or disclose information vital to national security.

''(c) RELATIONSHIP TO OTHER GREENHOUSE GAS REGISTRIES.—To the maximum extent feasible and practicable, the Administrator shall ensure coordination between the national greenhouse gas registry and existing and developing Federal, regional, and State greenhouse gas registries.

''(d) INTEGRATION WITH OTHER ENVIRONMENTAL INFORMATION.—To the maximum extent practicable, the Administrator shall integrate all information in the national greenhouse gas registry with other environmental information collected by the Administrator.

''SEC. 704. REPORTING.

''(a) MANDATORY REPORTING TO NATIONAL GREENHOUSE GAS EMISSIONS INFORMATION SYSTEM.—

''(1) INITIAL REPORTING REQUIREMENTS.—

''(A) IN GENERAL.—Not later than April 30, 2003, in accordance with this paragraph and the regulations promulgated under section 706(e)(1), each covered entity shall submit to the Administrator, for inclusion in the national greenhouse gas emissions information system, the greenhouse gas report of the covered entity with respect to—

''(i) calendar year 2002; and

''(ii) each greenhouse gas emitted by the covered entity in an amount that exceeds the applicable threshold quantity.

''(B) REQUIRED ELEMENTS.—Each greenhouse gas report submitted under subparagraph (A)—

''(i) shall include estimates of direct stationary combustion source emissions;

''(ii) shall express greenhouse gas emissions in metric tons of the carbon dioxide equivalent of each greenhouse gas emitted;

''(iii) shall specify the sources of greenhouse gas emissions that are included in the greenhouse gas report;

''(iv) shall be reported on an entity-wide basis and on a facility-wide basis; and

''(v) to the maximum extent practicable, shall be reported electronically to the Administrator in such form as the Administrator may require.

''(C) METHOD OF REPORTING OF ENTITY-WIDE EMISSIONS.—Under subparagraph (B)(iv), entity-wide emissions shall be reported on the bases of financial control and equity share in a manner consistent with the financial reporting practices of the covered entity.

''(2) FINAL REPORTING REQUIREMENTS.—

''(A) IN GENERAL.—Not later than April 30, 2004, and each April 30 thereafter (except as provided in subparagraph (B)(vii)), in accordance with this paragraph and the regulations promulgated under section 706(e)(2), each covered entity shall submit to the Administrator the greenhouse gas report of the covered entity with respect to—

''(i) the preceding calendar year; and

''(ii) each greenhouse gas emitted by the covered entity in an amount that exceeds the applicable threshold quantity.

''(B) REQUIRED ELEMENTS.—Each greenhouse gas report submitted under subparagraph (A) shall include—

''(i) the required elements specified in paragraph (1);

''(ii) estimates of indirect emissions from imported electricity, heat, and steam;

''(iii) estimates of process emissions described in section 701(5)(B);

''(iv) estimates of fugitive emissions described in section 701(5)(C);

''(v) estimates of mobile source emissions described in section 701(5)(D), in such form as the Administrator may require;

''(vi) in the case of a covered entity that is a forest product entity, estimates of direct stationary source emissions, including emissions resulting from combustion of biomass;

''(vii) in the case of a covered entity that owns more than 250,000 acres of timberland, estimates, by State, of the timber and carbon stocks of the covered entity, which estimates shall be updated every 5 years; and

''(viii) a description of any adjustments to the greenhouse gas emissions record of the covered entity under subsection (c).

''(3) ESTABLISHMENT OF THRESHOLD QUANTITIES.—For the purpose of reporting under this subsection, the Administrator shall establish threshold quantities of emissions for each combination of a source and a greenhouse gas that is subject to the mandatory reporting requirements under this subsection.

''(b) VOLUNTARY REPORTING TO NATIONAL GREENHOUSE GAS REGISTRY.—

''(1) IN GENERAL.—Not later than April 30, 2004, and each April 30 thereafter, in accordance with this subsection and the regulations promulgated under section 706(f), an entity may voluntarily report to the Administrator, for inclusion in the national greenhouse gas registry, with respect to the preceding calendar year and any greenhouse gas emitted by the entity—

''(A) project reductions;

''(B) transfers of project reductions to and from any other entity;

''(C) project reductions and transfers of project reductions outside the United States;

''(D) indirect emissions that are not required to be reported under subsection (a)(2)(B)(ii) (such as product transport, waste disposal, product substitution, travel, and employee commuting); and

''(E) product use phase emissions.

''(2) TYPES OF ACTIVITIES.—Under paragraph (1), an entity may report activities that reduce greenhouse gas emissions or sequester a greenhouse gas, including—

''(A) fuel switching;

''(B) energy efficiency improvements;

''(C) use of renewable energy;

''(D) use of combined heat and power systems;

''(E) management of cropland, grassland, and grazing land;

''(F) forestry activities that increase carbon stocks;

''(G) carbon capture and storage;

''(H) methane recovery; and

''(I) carbon offset investments.

''(c) ADJUSTMENT FACTORS.—

''(1) IN GENERAL.—Each reporting entity shall adjust the greenhouse gas emissions record of the reporting entity in accordance with this subsection.

''(2) SIGNIFICANT STRUCTURAL CHANGES.—

''(A) IN GENERAL.—A reporting entity that experiences a significant structural change in the organization of the reporting entity (such as a merger, major acquisition, or divestiture) shall adjust its greenhouse gas emissions record for preceding years so as to maintain year-to-year comparability.

''(B) MID-YEAR CHANGES.—In the case of a reporting entity that experiences a significant structural change described in subparagraph (A) during the middle of a year, the greenhouse gas emissions record of the reporting entity for preceding years shall be adjusted on a pro-rata basis.

''(3) CALCULATION CHANGES AND ERRORS.—The greenhouse gas emissions record of a reporting entity for preceding years shall be adjusted for—

''(A) changes in calculation methodologies; or

''(B) errors that significantly affect the quantity of greenhouse gases in the greenhouse gas emissions record.

''(4) ORGANIZATIONAL GROWTH OR DECLINE.—The greenhouse gas emissions record of a reporting entity for preceding years shall not be adjusted for any organizational growth or decline of the reporting entity such as—

''(A) an increase or decrease in production output;

''(B) a change in product mix;

''(C) a plant closure; and

''(D) the opening of a new plant.

''(5) EXPLANATIONS OF ADJUSTMENTS.—A reporting entity shall explain, in a statement included in the greenhouse gas report of the reporting entity for a year—

''(A) any significant adjustment in the greenhouse gas emissions record of the reporting entity; and

''(B) any significant change between the greenhouse gas emissions record for the preceding year and the greenhouse gas emissions reported for the current year.

''(d) QUANTIFICATION AND VERIFICATION PROTOCOLS AND TOOLS.—

''(1) IN GENERAL.—The Administrator and the Secretary of Commerce, the Secretary of Agriculture, and the Secretary of Energy shall jointly work with the States, the private sector, and nongovernmental organizations to develop—

''(A) protocols for quantification and verification of greenhouse gas emissions;

''(B) electronic methods for quantification and reporting of greenhouse gas emissions; and

''(C) greenhouse gas accounting and reporting standards.

''(2) BEST PRACTICES.—The protocols and methods developed under paragraph (1) shall conform, to the maximum extent practicable, to the best practice protocols that have the greatest support of experts in the field.

''(3) INCORPORATION INTO REGULATIONS.—The Administrator shall incorporate the protocols developed under paragraph (1)(A) into the regulations promulgated under section 706.

''(4) OUTREACH PROGRAM.—The Administrator, the Secretary of Commerce, the Secretary of Agriculture, and the Secretary of Energy shall jointly conduct an outreach program to provide information to all reporting entities and the public on the protocols and methods developed under this subsection.

''(e) VERIFICATION.—

''(1) PROVISION OF INFORMATION BY REPORTING ENTITIES.—Each reporting entity shall provide information sufficient for the Administrator to verify, in accordance with greenhouse gas accounting and reporting standards developed under subsection (d)(1)(C), that the greenhouse gas report of the reporting entity—

''(A) has been accurately reported; and

''(B) in the case of each project reduction, represents actual reductions in greenhouse gas emissions or actual increases in net sequestration, as applicable.

''(2) INDEPENDENT THIRD-PARTY VERIFICATION.—A reporting entity may—

''(A) obtain independent third-party verification; and

''(B) present the results of the third-party verification to the Administrator for consideration by the Administrator in carrying out paragraph (1).

''(f) ENFORCEMENT.—The Administrator may bring a civil action in United States district court against a covered entity that fails to comply with subsection (a), or a regulation promulgated under section 706(e), to impose a civil penalty of not more than $25,000 for each day that the failure to comply continues.

''SEC. 705. NATIONAL GREENHOUSE GAS EMISSIONS INVENTORY.

''Not later than April 30, 2002, and each April 30 thereafter, the Administrator shall publish a national greenhouse gas emissions inventory that includes—

''(1) comprehensive estimates of the quantity of United States greenhouse gas emissions for the second preceding calendar year, including—

''(A) for each greenhouse gas, an estimate of the quantity of emissions contributed by each key source category;

''(B) a detailed analysis of trends in the quantity, composition, and sources of United States greenhouse gas emissions; and

''(C) a detailed explanation of the methodology used in developing the national greenhouse gas emissions inventory; and

''(2) a detailed analysis of the information reported to the national greenhouse gas emissions information system and the national greenhouse gas registry.

''SEC. 706. REGULATIONS.

''(a) IN GENERAL.—The Administrator may promulgate such regulations as are necessary to carry out this title.

''(b) BEST PRACTICES.—In developing regulations under this section, the Administrator shall seek to leverage leading protocols for the measurement, accounting, reporting, and verification of greenhouse gas emissions.

''(c) NATIONAL GREENHOUSE GAS EMISSIONS INFORMATION SYSTEM.—Not later than January 31, 2003, the Administrator shall promulgate such regulations as are necessary to establish the national greenhouse gas emissions information system.

''(d) NATIONAL GREENHOUSE GAS REGISTRY.—Not later than January 31, 2004, the Administrator shall promulgate such regulations as are necessary to establish the national greenhouse gas registry.

''(e) MANDATORY REPORTING REQUIREMENTS.—

''(1) INITIAL REPORTING REQUIREMENTS.—Not later than January 31, 2003, the Administrator shall promulgate such regulations as are necessary to implement the initial mandatory reporting requirements under section 704(a)(1).

''(2) FINAL REPORTING REQUIREMENTS.—Not later than January 31, 2004, the Administrator shall promulgate such regulations as are necessary to implement the final mandatory reporting requirements under section 704(a)(2).

''(f) VOLUNTARY REPORTING PROVISIONS.—Not later than January 31, 2004, the Administrator shall promulgate such regulations and issue such guidance as are necessary to implement the voluntary reporting provisions under section 704(b).

''(g) ADJUSTMENT FACTORS.—Not later than January 31, 2004, the Administrator shall promulgate such regulations as are necessary to implement the adjustment factors under section 704(c).''.

Mr. JEFFORDS. Mr. President, we are now near the end of the first session of the 107th Congress. It has been an exceedingly long and difficult year. There have been many changes, surprises and tragedies.

One politically significant event that particularly dismayed me was the President's modification of his campaign pledge to reduce emissions of four major pollutants, sulfur dioxide, nitrogen oxides, mercury and carbon dioxide, emitted by power plants. In March, he wrote to several Senators telling them he would no longer support mandatory emissions reductions for carbon dioxide, an important greenhouse gas. This struck me as a return to a 1950s-style energy and environmental policy.

On a more optimistic role, however, that reversal and the administration's unilateral withdrawal and disengagement from the international negotiations to implement the United Nations Framework Convention on Climate Change and the Kyoto Protocol has created more interest and activity on this matter than ever on Capitol Hill and in the media.

Now, many Members are asking themselves whether Congress should just proceed without the Administration. In fact, the Daschle-Bingaman energy legislation contains a significant climate change title that does just that. This subject will contain to receive a great deal of attention in the Environment and Public Works Committee and elsewhere as we try to implement through statute our existing national commitment to reduce greenhouse gas emissions to 1990 levels.

Today, I am joining with Senators CORZINE and LIEBERMAN in introducing a bill to amend the Clean Air Act to require reporting of greenhouse gas emissions from major sources and to create a voluntary registry for those sources to document their emissions reduction efforts. This new system will be maintained and operated by the Environmental Protection Agency, which has the greatest Federal agency experience and capability in monitoring enforcing and tracking air emissions. The information generated by this system will be of great assistance in developing a national trading system in carbon emission credits. The U.S. is a global leader in the creation and operation of such systems and must not lag behind doors in the international community.

We have been waiting some time for the Administration to make known the results of its climate change policy review and for a constructive multi-pollutant legislative proposal. There is no question that the terrible events of September 11, have had a devastating effect on our citizenry and the government. But, we are a great nation and the Federal Government must be capable of working on a variety of domestic and international fronts, even in the face of great adversity. There are few, if any, environmental issues more compelling than global warming and its effects.

As many Senators may recall, Congress and the previous Bush Administration worked together and were very productive during the Gulf War on many pieces of environmental legislation, not the least of which was the Clean Air Act Amendments of 1990. That was a different time, but that situation demonstrates that given the right level of attention and resources, we can accomplish a great deal working together even under stressful circumstances.

The Administration's unilateral approach to this important subject is puzzling. The U.S. is responsible for approximately 25 percent of the total carbon loading to the atmosphere. This man-made pollution is leading to a warming of the entire planet through the greenhouse effect, according to the National Academy of Sciences. Surely, we should do our share to reduce these emissions to protect our environmental and economy, and our global neighbors. That is the most certain way to protect our long-term interests and reduce the impacts of proceeding with business as usual.

We have asked a great deal of our friends across the globe as part of our

response to terrorism, particularly of our friends in the European Union. We must not forget that they too have an agenda for the international community and that agenda includes concerted action on climate change. Ignoring that agenda for too long may create unnecessary trade and tariff barrier problems for U.S. goods and services. Already, the pending adoption of the Kyoto Protocol in European Union countries and elsewhere poses, complex accounting and trade issues for U.S. multi-nationals operating in Annex I countries.

The Administration's silence on this clearly growing problem is also puzzling. The National Oceanic and Atmospheric and the World Meteorological Organization say that 2001 will be the second warmest year on record since records have been kept in the mid-1800s. Recently, the Washington Post reported on the New England Regional Assessment of the Potential Consequence of Climate Variability and Change.

The Assessment, which is one of the many regional assessments being conducted pursuant to the Global Change Research Act of 1990, found that the Northeast's climate is likely to become hotter and more flood-prone. The region may see a 6–9 degrees fahrenheit overall temperature increase over the next 100 hundreds due to the global warming caused by greenhouse gas emissions. This would cause sugar maples to disappear from Vermont forests, threaten coastal areas with rising sea levels, exacerbate existing air pollution problems and harm cold-weather-dependent industries like skiing.

There are varying claims about the economic effects related to global warming and climate change. Effects that will occur beyond the normal economic forecasting period are difficult to determine. But, some studies have suggested that when a doubling of atmospheric CO_2 occurs, sometime in the next 50–70 years according to most models, the cost to the U.S. economy could be between 0.3 percent–6 percent of GDP in 2000 dollars. While the nature of the exact impacts of climate change on forestry, construction, hydropower, and agriculture are disputed, most sectors will see losses, according to studies for the U.S. Environmental Protection Agency, Pennsylvania Academy of Science, Oak Ridge National Laboratory, Massachusetts Institute of Technology, Yale University, Pew Center on Global Climate Change, and the Institute for International Economics.

These effects can be lessened by purposeful and strong leadership in the Congress and the White House. We have the technological ability to revolutionize our use of fossil fuels through efficiency and process changes, and to radically increase our production of renewable energy in all forms. These steps can dramatically and cost-effectively reduce carbon emissions in the near term, according to studies done by the Department of Energy and various think-tanks. However, we must do something soon to stimulate that revolution.

Providing information on waste generation and release into the environment has been a great success of the Toxic Release Inventory. Educating the public and the market about wasteful behavior has stimulated major emissions reductions. The bill we are introducing today should be similarly successful in promoting innovation and efficiency in all major carbon emitting sectors, in addition to preparing the appropriate infrastructure for a national carbon credit trading system.

Early in the next session, the Senate Environment and Public Works Committee will mark up S. 556, the Clean Power Act, which requires reductions in greenhouse gas emission from the power generating sector. That sector's emissions have risen approximately 26 percent above 1990 levels and are expected to grow 1.8 percent annually without some Federal action. This is well beyond our international treaty commitments on a sector basis. The majority of those facilities are already required to report their carbon dioxide emissions to EPA.

I am hopeful that we can proceed with a tri-partisan, consensual markup of the Clean Power Act. But, two elements may preclude our ability to achieve some agreement. First, the Administration may go forward with proposals to modify the New Source Review, NSR, program. This possibility gravely concerns me and other Members of the Committee, given the lack of transparency in the Administration's proceedings on the pending NSR enforcement actions and the ''consistency'' review by the Department of Justice. And, second, perhaps more importantly, there is a distinct lack of constructive engagement with the Committee on a multi-pollutant bill or any clear progress on an Administration proposal.

Next year promises to be very busy in the energy and environmental policy arena. We cannot afford to simply recreate the debates that occurred during the Energy Policy Act of 1992. We know the world to be a much different place now and fraught with greater and more complex dangers like global warming. It would be irresponsible in the extreme for Congress or the White House to take actions that increase, rather than decrease, the likelihood of those dangers.

I look forward to working with the Administration and my colleagues on a variety of actions to make progress in adapting to the climate change we have already caused and on reducing greenhouse gas emissions to prevent greater future damage that our great-grandchildren will have to face.

I ask unanimous consent to print the article to which I referred in the RECORD.

There being no objection, the article was ordered to be printed in the RECORD, as follows:

[From the Washington Post, Dec. 17, 2001]

NORTHEAST SEEN GETTING BALMIER

(By Michael Powell)

NEW YORK.—New England's maple trees stop producing sap. The Long Island and Cape Cod beaches shrink and shift, and disappear in places. Cases of heatstroke triple.

And every 10 years or so, a winter storm floods portions of Lower Manhattan, Jersey city and Coney Island with seawater.

The Northeast of recent historical memory could disappear this century, replaced by a hotter and more flood-prone region where New York could have the climate of Miami and Boston could become as sticky as Atlanta, according to the first comprehensive federal studies of the possible effects of global warming on the Northeast.

''In the most optimistic projection, we will end up with a six- to nine-degree increase in temperature,'' said George Hurtt, a University of New Hampshire scientist and co-author of the study on the New England region. ''That's the greatest increase in temperature at any time since the last Ice Age.''

Commissioned by Congress, the separate reports on New England and the New York region explore how global warming could affect the coastline, economy and public health of the Northeast. The language is often technical, the projections reliant on middle-of-the-road and sometimes contradictory predictive models.

But the predications are arresting.

New England, where the regional character was forged by cold and long, dark winters, could face a balmy future that within 30 to 40 years could result in increased crop production but also destroy prominent native tree species.

''The brilliant reds, oranges and yellows of the maples, birches and beeches may be replaced by the browns and dull greens of oaks,'' the New England report concludes. Within 20 years, it says, ''the changes in climate could potentially extirpate the sugar maple industry in New England.''

The reports' origins date to 1990, when Congress passed the Global Change Research Act. Seven years later, the Environmental Protection Agency appointed 16 regional panels to examine global warming, and how the nation might adapt. These Northeast reports, completed about two months ago, are among the last to be released. (The mid-Atlantic report, which includes Washington, was completed a year go.)

The scientists on the panels employed conventional assumptions, such as an annual 1 percent increase in greenhouse gases in the atmosphere. They conclude that global warming is already occurring, noting that, on average, the Northeast became two degrees warmer in the past century. And they say that the temperature rise in the 21st century ''will be significantly larger than in the 20th century.'' One widely used climate model cited in the report predicted a six-degree increase, the other 10 degrees.

The Environmental Protection Agency summarizes the findings on its Web site.

''Changing regional climate could alter forests, crop yields, and water supplies,'' the EPA states. ''It could also threaten human health, and harm birds, fish, and many types of ecosystems.''

Yale economist Robert O. Mendelsohn is more skeptical. He agrees that mild global warming seems likely to continue—but argues that a slightly hotter climate will make the U.S. economy in general, and the Northeast in particular, more rather than less productive. A greater risk comes from spending billions of dollars to slow emissions of greenhouse gases.

''Even in the extreme scenarios, the northern United States benefits from global

warming,'' said Mendelsohn, editor of the forthcoming ''Global Warming and the American Economy.'' ''To have New England lead the battle against global warming would be deeply ironic, because it will be beneficial to our climate and economy.''

The scientists on the Northeastern panels estimated that Americans have a grace period of a decade or two, during which the nation can adapt before global warming accelerates.

''We will face an increasingly hazardous local environment in this century,'' said William Solecki, a professor of geography at Montclair State University in New Jersey and a co-author of the climate change report covering the New York metropolitan region. ''We're in transition right now to something entirely new and uncertain.''

HEAT ISLAND

New York City, the nation's densest urban center, is armored with heat-retaining concrete and stone, and so its median temperature hovers five to six degrees above the regional norm. The city, the New York report predicts, will grow warmer still. Within 70 years, New York will have as many 90-degree days a year as Miami does now.

If temperatures and ozone levels rise, the report says, the poor, the elderly and the young—especially those in crowded, poorly ventilated buildings—could suffer more heatstroke and asthma.

But such problems might have relatively inexpensive solutions, from subsidizing the purchase of air conditioners to planting trees and painting roofs light colors to reflect back heat.

''The experience of southern cities is that you can cut deaths and adapt rather easily,'' said Patrick Kinney of the Mailman School of Public Health at Columbia University, who authored a section of the report.

Rising ocean waters present a more complicated threat. The seas around New York have risen 15 to 18 inches in the past century, and scientists forecast that by 2050, waters could rise an additional 10 to 20 inches.

By 2080, storms with 25-foot surges could hit New York every three or four years, inundating the Hudson River tunnels and flooding the edges of the financial district, causing billions of dollars in damage.

''This clearly is untenable,'' said Klaus Jacob, a senior research scientist with Columbia University's Lamont-Doherty Earth Observatory, who worked on the New York report and is an expert on disaster and urban infrastructure. ''A world-class city cannot afford to be exposed to such a threat so often.''

Jacob recommends constructing dikes and reinforced seawalls in Lower Manhattan, and new construction standards for the lower floors of offices.

Sea-level rise could reshape the entire Northeast coastline, turning the summer retreats of the Hamptons and Cape Cod into landscapes defined by dikes and houses on stilts. Should this come to pass, government would have to decide whether to allow nature to have its way, or to spend vast sums of money to replenish beaches and dunes. Complicating the issue is the fact that some wealthy coastal communities exclude nonresident taxpayers from their beaches.

''Multimillionaires already are armoring their property with sandbags, but they can't do it on their own,'' said Vivian Gornitz of Columbia's Center for Climate Systems Research, author of the report's section on sea rise. ''You would be asking taxpayers to pay for restoring beaches they can never walk on, and they might demand access.''

MILD NEW ENGLAND

Farther north, global warming could change flora and fauna, and perhaps the culture itself.

Compared with a century ago, the report notes, ice melts a week earlier on northern lakes. Ticks carrying Lyme disease range north of what scientists once assumed was their natural habitat. Moist, warm winters have led to large populations of mosquitoes, with an accompanying risk of encephalitis and even malaria.

''The present warming trend has led to another growing health problem,'' the report states, ''in the incidence of red tides, fish kills and bacterial contamination.''

Hot, dry summer months, the report continues, ''are ideal for converting automobile exhaust . . . into ozone.'' Because winds flow west to east, New England already serves as something of a tailpipe for the nation. The report notes that a study of ozone pollution and lung capacity found that hikers on Mount Washington, New Hampshire's highest peak, ended their treks in worse condition than when they started.

These findings are not definitive. Rising temperatures could exacerbate the effects of harmful ozone—but anti-pollution laws are also cutting emissions.

''There is a little tendency to be alarmist in global warming studies,'' Kinney said. ''We could keep ozone in check.''

A warmer New England could help some economic sectors. As oak and hickory replace maples and birch, so commercial forestry might grow. Shorter winters could translate into longer growing seasons, lower fuel bills and less money spent on frost-heaved roads. The foliage and ski industries would suffer, but lingering autumns could bring more tourists and dollars to the coastal towns of Maine and Massachusetts.

''People complain that we'll lose the sugar maple, but 100 years ago, New England was 80 percent farmland,'' said Yale economist Mendelsohn. ''In fact, an entire landscape has shifted in the past 100 years, and most people have no idea it was once so different.''

Perhaps—though cold has defined New England for almost 400 years, and some historians caution that the cultural shift could prove disorienting. The region reflects its climate; the literature is austere, the houses stout. For the 19th century naturalists of the region, a clammy southern heat represented moral slackness.

''Surviving winter has become our self-selecting filter,'' said Vermont archivist Gregory Sanford. ''What will we brag about if we live in a temperate zone and go around in Hawaiian shirts and sandals?''

By Mr. ROCKEFELLER:

S. 1871. A bill to direct the Secretary of Transportation to conduct a rail transportation security risk assessment, and for other purposes; to the Committee on Commerce, Science, and Transportation

Mr. ROCKEFELLER. Mr. President, it is my pleasure today to introduce the Safe Rails Act of 2001. This bill will protect the lives of millions of Americans by providing our Nation's freight railroads and hazardous materials shippers with the ability to enhance the security of hazardous materials shipped on the Nation's freight rail network.

The Safe Rails Act will require the Department of Transportation to focus its attention on the significant potential for harm to human health and public safety posed by terrorist attacks on our Nation's freight rail infrastructure. In performing the risk assessment called for in the bill, the Secretary of Transportation will be able to make use of the expertise of the various companies and industries involved in the transportation of hazardous materials. Upon completion of the assessment, the Secretary will administer a 2-year Rail Security Fund to assist railroads and hazardous materials shippers in paying the extraordinary costs associated with their post-September 11 activities to secure rail infrastructure and rolling stock.

Among the painful lessons we have learned from the sad and alarming events of the past three months, one of the most obvious is that security measures for much of our Nation's transportation infrastructure needs immediate improvement. Americans had, for the most part, taken for granted that life in the United States was safe from the senseless violence that occurs all too often elsewhere on the planet. When terrorists used hijacked airlines as missiles against our people, or transformed the mail into a means of spreading illness and death, we awoke in this country to the potential for harm that exists in the misuse of things we depend upon every day.

We depend on few things like we depend on our transportation system. I hope my colleagues in the Senate will agree with me that to adequately protect our homeland security, it is absolutely necessary that Congress, the administration, and the various transportation industries cooperate on a comprehensive evaluation and enhancement of transportation security. I believe we must act soon, and not wait for our ocean-going vessels, our long-haul trucks, or our passenger rail system to be used as tools of terrorist aggression against our fellow citizens.

I have offered this legislation today because the threat to Americans from a terrorist act against a freight railroad carrying hazardous materials may be greater than the threats against all of those other modes combined. Several analyses undertaken even before September 11 point to the chemical industry and the railroads that carry the bulk of its products as likely targets of terrorism. Our economy, and indeed, our public health, depend on the movement of these chemicals. In the days immediately after September 11, for example, a disruption of rail traffic resulted in some major cities having only a few days' supply of water-purifying chlorine at their disposal. It is quite obvious, I believe, that we must safeguard movement of these life-saving, although potentially dangerous, chemicals.

There is legislation before the Senate that would protect the 21 million passengers Amtrak carries every year. I would encourage all my colleagues to support this common-sense legislation. Before we enact that legislation and think we have completed our job, I would just say to my colleagues that the passenger rail traffic in this Nation covers only about one-sixth of the 140,000 miles in the country's freight rail network.

The freight rail network, which passes through or near virtually every

small town and large city in the country, carries more than 1.7 million carloads, many millions of tons, of chemicals and other hazardous materials each year. More than 50,000 carloads of ''poison by inhalation'' chemicals, including chlorine, are transported within a few miles of a huge percentage of our population. It is not my purpose to alarm my colleagues or the public at large. The simple fact is, however, the Safe Rails Act will protect millions of Americans living or working in proximity to the facilities manufacturing these hazardous materials, or the trains carrying them.

Very briefly, the Safe Rails Act would require the Secretary of Transportation to conduct a comprehensive analysis of the security risks on our entire rail system, with special emphasis given to a security needs assessment for the transportation of hazardous materials.

The bill creates a Rail Security Fund, to be administered by the Secretary, to reimburse or defray the costs of increased or new security measures taken by railroads, hazardous materials shippers, or tank car owners, in the wake of the terrorist attacks on September 11. In conducting the required assessments, the Secretary will consult with and may use materials prepared by the railroad, chemical, and tank car leasing industries, as well as any relevant security analyses or assessments prepared by Federal or State law enforcement, public safety, or regulatory agencies.

The Secretary will develop criteria to determine the appropriateness of full or partial reimbursement for various security-related activities. The Secretary may consider, but will not be limited to, using the Fund to help pay for costs incurred due to the following security-related activities: unanticipated rerouting or switching of trains or cargoes, and the express movement of hazardous materials to address security risks; hiring additional manpower required to increase security of the entire rail network, including rail cars on leased track; the purchase of equipment or improved training to enhance emergency response in hazardous materials transportation incidents; improvements in critical communications essential for rail operations and security, including: Development and deployment of global positioning tracking systems on all tank cars transporting high hazard materials; and development of secure network to provide hazardous materials shippers and tank car owners information regarding credible threats to shipments of their products or rolling stock; investment in the physical hardening of critical railroad infrastructure to enable it to withstand terrorist attacks; tank car modifications, or storage of additional tank cars in excess of the number normally stored on-site at shippers' facilities, as mandated by federal regulators; research and development supporting enhanced safety and security of hazardous materials transportation along the freight rail network, including: technology for sealing rail cars; techniques to transfer hazardous materials from rail cars that are damaged or otherwise represent an unreasonable risk to human life or public safety; systems to enhance rail car security on shipper property.

Mr. President, the Safe Rails Act is crucially important legislation for the safety and security of our country, and for the protection of human health all along our Nation's rail network. I thank the chairman of the Commerce Committee for his commitment to mark this bill up early next year. I strongly urge the leadership of the Senate to schedule consideration of this legislation early in the next session of the 107th Congress, and I encourage my colleagues to support its passage.

By Mr. SESSIONS (for himself and Mr. HATCH):

S. 1874. A bill to reduce the disparity in punishment between crack and powder cocaine offenses, to more broadly focus the punishment for drug offenders on the seriousness of the offense and the culpability of the offender, and for other purposes; to the Committee on the Judiciary.

Mr. SESSIONS. Mr. President, I send to the desk a bill entitled the Drug Sentencing Reform Act of 2001. This bill provides a measured and balanced approach to improving the statutory and guidelines system that governs the sentencing of drug offenders.

This bill makes two important changes to our Federal sentencing system for drug offenders: First, it reduces the disparity in sentences for crack and powder cocaine from a ratio of 100-to-1 to 20-to-1. It does so by reducing the penalty for crack and increasing the penalty for powder cocaine.

Second, the bill shifts some of the sentencing emphasis from drug quantity to the nature of the criminal conduct, the degree of the defendant's criminality. The bill increases penalties for the worst drug offenders that use violence and employ women and children as couriers to traffic drugs. The bill decreases mandatory penalties on those who play only a minimal role in a drug trafficking offense, such as a girlfriend or child of a drug dealer who receives little compensation.

In short, this bill will make measured and balanced improvements in the current sentencing system to ensure a more just outcome, tougher sentences on the worst and most violent drug offenders and lighter sentences on lower-level, nonviolent offenders.

To understand the changes that I propose, it is necessary to review how we got to the present system.

Prior to the promulgation of the Sentencing Guidelines in 1984, judges in the Federal court system had very broad discretion to sentence drug offenders. Because judges had different views on sentencing, one defendant who committed a crime could receive parole while another defendant guilty of the exact same criminal conduct could receive literally 20 years in prison. See, e.g., United States Sentencing Commission, Guidelines Manual 2 (Nov. 2000).

Further, because of the existence of the parole system, convicts generally served only one-third of the sentence announced by the judge. Id. There was no truth in sentencing. Thus, the old sentencing system lacked uniformity, honesty, and certainty.

In 1984, a bipartisan Congress enacted and President Reagan signed the Sentencing Reform Act as part of the Comprehensive Crime Control Act, Pub. L. No. 98–473, Title II, 98 Stat. 2019 (1984). The Sentencing Reform Act created the Sentencing Commission and instructed it to promulgate sentencing guidelines that would provide more effective, more uniform, and more fair sentences. See generally United States Sentencing Commission, Guidelines Manual 2 (Nov. 2000). As part of this reform, Congress abolished the parole system and substantially reduced good behavior adjustments. Id. at 1.

The Sentencing Commission went to work in studying empirical data on average sentences imposed for various crimes prior to the Sentencing Reform Act. See United States Sentencing Commission, Guidelines Manual 9–10 (Nov. 2000). It then made adjustments for acceptance of responsibility and provision of substantial assistance to the government. Id. at 10.

On April 13, 1987, the Sentencing Commission submitted its first set of Sentencing Guidelines to Congress. See United States Sentencing Commission, Guidelines Manual 1 (Nov. 2000). After the prescribed period, the Guidelines took effect on November 1, 1987, and applied to all offenses committed on or after that date. Id. at 1.

In applying the Guidelines to a particular case, a judge must generally:

1. Determine the base offense level for the offense of conviction;
2. Apply applicable adjustments for the type of victim, the defendant's role in the offense, and whether the defendant obstructed justice;
3. Determine the defendant's criminal history category; and
4. Determine the guideline range based on the defendant's offense level and criminal history category. See U.S.S.G. §1B1.1 (2000).

After all the factors are considered, the judge is required to sentence within a narrow range.

Thus, the promulgation of the Sentencing Guidelines and the repeal of the parole system promoted uniformity, honesty, and certainty in sentencing.

In 1989, in *Mistretta* v. *United States*, 488 U.S. 361 (1989), the Supreme Court upheld the constitutionality of the Sentencing Guidelines. Thus, Federal prosecutors, criminal defense attorneys, and Federal judges have been applying the Sentencing Guidelines for over a decade.

In setting the guideline ranges for particular offenses, the Sentencing Commission has to take into account any minimum or maximum sentences established by Congress.

In 1986, Senator Dole introduced on behalf of the Reagan administration the Drug-Free Federal Workplace Act of 1986. S. 2849, 99th Cong. 2d Sess. §502 (1986). See United States Sentencing Commission, Special Report to Congress: Cocaine and Federal Sentencing Policy 117 (1995). That bill proposed several mandatory minimum sentences for drug trafficking offenses based on the quantity of the drug involved in the offense.

Under the bill, 500 grams of powder cocaine would have triggered a 5-year mandatory minimum, while it would have taken 25 grams of crack to trigger the same 5-year mandatory minimum. This was a 20-to-1 ratio of powder to crack.

Ultimately, Congress passed and President Reagan signed the Omnibus Anti-Drug Abuse Act of 1986 that set tough mandatory minimum sentences for various quantities of illegal drugs. Pub. L. No. 99–570, 100 Stat. 3207 (1986). With respect to cocaine, the law was amended to provide that a 5-year mandatory minimum sentence would be triggered by trafficking just 5 grams of crack cocaine or by trafficking 500 grams of powder—a 100-to-1 ratio. 21 U.S.C. §841(b)(1)(B)(ii) & (iii). A 10-year mandatory minimum sentence was imposed for trafficking 50 grams of crack or 5 kilograms of powder cocaine, again a 100-to-1 ratio. 18 U.S.C. §841(b)(a)(A)(ii) & (iii).

Congress, and those of us in the law enforcement field at the time believed that there was substantial justification for a large differential between crack and powder cocaine. Because crack was cheap, addictive, and believed to serve as a catalyst for crime, Congress wanted to keep it off the streets and out of poor neighborhoods, which were largely minority neighborhoods. Congress sought to accomplish this with stiff penalties. See United States Sentencing Commission, Special Report to Congress: Cocaine and Federal Sentencing Policy 115–21 (1995) (discussing legislative reasons for crack and powder cocaine sentences). Congressman CHARLES RANGEL of New York, stated in 1986:

> We all know that crack is the newest and most insidious addition to the drug culture. It is cheaper than cocaine, and more addictive. Young people who experiment with crack often become habitual users because of its highly concentrated narcotic effect. They become addicts before they know what is happening.—132 Cong. Rec. H3515–02 (1986) statement of Rep. RANGEL).

Congressman RANGEL, who chaired the Select Committee on Narcotics Abuse and Control, called drug dealers

> the entrepreneurs of dealing with the sale of death on the installment plan. (They) have now, in a very sophisticated way, packaged crack which allows our younger people for smaller amounts of money to become addicted.—''Crack,'' Cocaine Derivative, Called Serious Health Threat, Houston Chronicle, July 16, 1986.

Senator Lawton Chiles of Florida was one of the leaders in the Senate on the fight against crack. He stated:

> The whole Nation now knows about crack cocaine. They know it can be bought for the price of a cassette tape, and make people into slaves. It can turn promising young people into robbers and thieves, stealing anything they can to get the money to feed their habit.—132 Cong. Rec. S 26446, 26447 (1986) (statement of Sen. Chiles).

Senator Chiles also stated with regard to the bill imposing the heavy penalties on crack,

> The Senate bill contained the Democratic three-tiered penalty system which will impose mandatory sentences and large fines against major drug traffickers and kingpins. . . . I am very pleased that the Senate bill recognizes crack as a distinct and separate drug from [powder] cocaine. . . .—132 Cong. Rec. S14270–01 (1986) (statement of Sen. Chiles).

A principal reason for the 1986 crack law was to keep crack from spreading across America and to keep it out of our neighborhoods, especially minority neighborhoods.

Congress continued to follow this line of reasoning in 1988, when it passed and President Reagan signed into law the Anti-Drug Abuse Act. Pub. L. No. 100–690, 102 Stat. 4181 (1988). In addition to the mandatory minimum penalties enacted in 1986 for the trafficking in crack cocaine and other drugs, this act added a mandatory minimum sentence of 5 years for the simple possession of crack cocaine. 21 U.S.C. §844.

Mandatory minimum sentences at the Federal and State levels for various crimes have generally been successful. They have reflected the seriousness with which we as a society take certain crimes and they have reduced crime by keeping recidivist criminals off the streets for longer periods of time. A 1982 Rand study reported that some repeat offenders committed 232 burglaries per year and some committed 485 thefts per year. See Jan M. Chaiken & Marcia R. Chairken, Varieties of Criminal Behavior 44 (Rand 1982). By locking up these repeat offenders, we could prevent a crime a day in some cases.

This effort to lock up the worst offenders has resulted in a substantial increase in Federal and State prison populations. In fact, since 1990 our State and Federal prison populations have increased by a total of 79 percent. See Bureau of Justice Statistics, Prisoners in 2000 1 (2001).

And mandatory minimums did not operate alone. We also made progress in reducing drug use, a cause of crime, down to very low levels. With solid leadership and antidrug education programs we drove drug use by young people down. The University of Michigan's Monitoring the Future Study showed that drug use among 12th grade school children dropped by 76 percent from 1986 to 1992. Lloyd D. Johnston, et al. Monitoring the Future: National Results on Adolescent Drug Use 14 (Univ. of Mich. 2000).

This dual approach of locking up recidivists and reducing drug use drove crime rates down. From 1990 to 1999, the crime index offenses reported by the FBI, including property crimes and violent crimes, fell to their lowest level since 1973. See Federal Bureau of Investigation, Crime in the United States—1999 6(2000) (stating that crime index offenses for 1999 were the lowest since 1973); Federal Bureau of Investigation, Uniform Crime Reports 2000 1(2001), stating that during 2000, crime index offenses remained stable. Thus, the War on Drugs and the War on Crime that began in the mid and late 1980s bore fruit in the 1990s.

That the system put in place in the 1980s produced good results in general, does not mean that it is perfect. With respect to drug sentencing in particular, the primary focus of the mandatory minimums and the Sentencing Guidelines on quantity has resulted in a blunt instrument that data now shows is in need of refinement.

Since the establishment of mandatory minimums for drug trafficking, the Bureau of Prisons published a study on the recidivism of federal prisoners convicted for various offenses. Federal Bureau of Prisons, Recidivism Among Federal Prison Releases in 1987: A Preliminary Report (1994). For those prisoners convicted of general drug crimes and released after serving their terms, 34.2 percent were rearrested within 3 years. Id. at 12. For those convicted of firearm and explosive crimes, 48.6 percent were rearrested. Id. For those who committed crimes against the person, such as robbery or violent assault, 65 percent were rearrested. Id. Thus, possession of dangerous weapons and violence appear to be better indicators of recidivism than the quantity of drugs possessed or distributed.

The 1986 mandatory minimums based on the quantity of crack cocaine sold or possessed, while appropriately reflecting that drug's more serious effects, failed to keep crack off the streets. The use of crack had grown rapidly in the early and mid-1980s and by 1987 and 1988, crack was available across America, including my home town of Mobile, AL, and small towns all over Alabama. See, e.g., Lloyd D. Johnston, et al. Monitoring the Future: National Results on Adolescent Drug Use 16 (Univ. of Mich. 2000) (noting that crack use grew rapidly from 1983–1986); James Coates & Robert Blau, Big-City Gangs Fuel Growing Crack Crisis, Chicago Tribune, Sept. 13, 1989, at C1, noting that crack use began in Fort Wayne, IN, in 1986 and spread rapidly through that city. Though the tough penalties did not stop the geographical spread of crack, they did, in my opinion, play a role in slowing the rate of increase in use that would have occurred without the tough penalties.

The mandatory minimums for crack were intended to protect minority neighborhoods from the spreading influence of crack. Still, the tough penalties for crack created the appearance

of racial bias because the distributors and users of crack are largely African-American.

Parenthetically, let me note that criminal statutes, as they are written, are not biased, they simply required punishment for those who break them regardless of race, sex, nationality, or religion. Thus, just because more males commit Federal crimes than females, it is not unfair or sexist to punish males with all the severity society concludes is necessary to stop or reduce crimes that both sexes commit. See United States Sentencing Commission, 2000 Sourcebook of Federal Sentencing Statistics 15 (Table 5) (reporting that 85.7 percent of Federal offenders are male and 14.3 percent are female).

Because everyone knows that crack carries heavy penalties, I cannot conclude that it is discriminatory to punish all who possess or distribute it with equal severity. My experience does lead me to conclude, however, that where an overwhelming majority of those convicted of crack offenses are African-American, and the penalties for crack offenses are the most severe, we should listen to fair-minded people who argue that these sentences fall too heavily on African-Americans.

One of the facts used in the argument for changing crack sentences is the percentage of crack defendants that are African-American. In 1995, the Sentencing Commission issued report showing that of the defendants convicted for crack cocaine offenses, 88.2 percent were African-American. United States Sentencing Commission, Cocaine and Federal Sentencing Policy 152 (1995). Of the persons sentenced for powder cocaine offenses, 32 percent where white, 27.4 percent African-American, and 37 percent Hispanic, Id.

This generated stories in newspapers, like one from the Birmingham Post-Herald that reported:

> At first, many of the nation's black leaders supported the hard line against drugs. Inner-city church ministers decried the crack epidemic that seemed to blaze through their neighborhoods. But as the disparities in jail sentences became increasingly obvious, support for the policy dried up among many blacks. . . .''—Thomas Hargrove, *Drug's Form Influences Length of Sentence*, Birmingham Post-Herald, Nov. 17, 1997, at A1, A9 (describing differences in punishments for crack and powder cocaine).

As data from the Sentencing Commission became available during the mid-1990s, many federal and state officials, including myself, began to doubt whether the 100-to-1 ratio between powder and crack cocaine continued to be justifiable.

We in the public service asked ourselves: ''If in light of our experience, we can conclude that crack sentences are disproportionately severe, why should we not act to improve them?''

In 1995 and 1997, the Sentencing Commission unanimously concluded that the crack-powder disparity was no longer justified. See United States Sentencing Commission, Cocaine and Federal Sentencing Policy 198–200 (1995); United States Sentencing Commission, Special Report to the Congress: Cocaine and Federal Sentencing Policy 2 (1997).

Moreover, in 1995, the Sentencing Commission, most of the members of which are federal judges, passed two amendments to the Guidelines to reduce the disparity in sentences between crack and powder cocaine. Specifically, the amendments would have adopted a starting point for the guidelines of equal amounts of crack and powder cocaine—a 1-to-1 ratio at the 500-gram level, and would have provided a sentencing enhancement for violence and other harms associated with crack cocaine. See United States Sentencing Commission, Cocaine and Federal Sentencing Policy 1 (1997). Congress, however, passed and President Clinton signed a law that rejected the amendments and directed the Sentencing Commission to study the issue more thoroughly. Pub. L. No. 104–38, 109 Stat. 334 (1995).

In 1997, the Sentencing Commission responded with a study entitled, ''Cocaine and Federal Sentencing Policy.'' The study recommended a reduction in the crack-powder differential from 100-1 to approximately 5-to-1. United States Sentencing Commission, Cocaine and Federal Sentencing Policy 9 (1997). Specifically, the Commission recommended to Congress that the trigger points for the 5-year mandatory minimum for powder be lowered from 500 grams to a range of 125 to 375 grams and for crack be raised from 5 grams to a range of 25 to 75 grams. Id.

Moreover, some judges who did not sit on the Sentencing Commission began speaking out against the crack-powder differential. See, e.g., Pete Bowles, Judge Known for Unusual Sentences, Newsday, May 22, 1998, at A39 (quoting Judge Jack Weinstein as characterizing the Sentencing Guidelines as ''cruel, excessive and unnecessary,'' and saying, ''I simply cannot sentence another impoverished person whose destruction has no discernible effect on the drug trade''). And some have said that judges may have used downward departures more often than they should have to reduce drug sentences to a level that they view as more just. Indeed, Professors Frank Bowman and Michael Heise, citing a downward trend in drug sentences have stated, ''a pervasive disposition toward discretionary evasion of Guideline and statutory law has important implications for the ongoing struggle among the courts, the Justice Department, the Congress, and the Sentencing Commission for control of sentencing policy.'' See Frank O. Bowman III & Michael Heise, Quiet Rebellion? Explaining Nearly a Decade of Declining Federal Drug Sentences, 86 Iowa L. Rev. 1043, 1049–50 (2001).

To date, however, Congress has declined to address the issue. Many say it is because of a fear of being called ''soft on crime.'' Regardless, we can wait no longer. Based on our experience, the strong position of the Sentencing Commission, which is not a ''soft on crime'' group, and plain fairness, we must act. Congress' refusal to act, in my view, has been unfortunate.

And in light of our experience, we can conclude that crack sentences are disproportionately severe, why should we not act to improve them? To improve these guidelines, to fix them where they are broken, is to strengthen the system, to reduce judicial manipulation, and to restore confidence in the system's fairness.

We must remember, however, that the goals of the drug sentencing are still valid today, to save babies from being addicted to the drugs their mothers take during pregnancy, to save teenagers from wasting their youth on drugs that lead to crime, to save young girls from being forced into prostitution to feed a habit, and to save adults from wasting their lives on nonproductive and damaging drugs.

I challenge any of you to visit a drug court and look at the defendants before and after the drug court program. The transformation from a hopeless criminal on drugs to productive citizen off of drugs will convince anyone of the danger and destructiveness of illegal drugs.

Does an easing of these tough sentences, but not gutting of them, carry risks. Some, but not much:

1. Some will say that it represents proof that the war against drugs is a failure, but as I just explained, the War on Drugs is just as worthy a cause today as it used to be;

2. Some will say that we are less serious, but a balanced reform will treat dangerous crimes more seriously;

3. Some will say that it may ease a bit the pressure a prosecutor can put on a drug dealer to cooperate, but a balanced approach will retain sufficient leverage for a prosecutor to do his job justly;

4. Some will say that heavy sentences have had some ability to reduce distribution, but of course, after a modest decrease the penalties will remain tough.

After thoughtful review, and consideration in light of my own experience in prosecuting drug offense, I have concluded that we must reform the justness of our means to match the legitimacy of our goals. We must restore justness to sentencing for crack trafficking and other drug crimes which will maintain public confidence in the federal government's anti-drug efforts and make those efforts more rational and justifiable.

Today, I propose a bill to make two modest changes to the current sentencing system:

First, the bill will reduce the crack-powder sentencing disparity from the current 100-to-1 ratio to a 20-to-1 ratio—the same ratio proposed by the Reagan Administration in 1986. This bill would trigger the 5-year mandatory minimum sentence for trafficking at 20 grams of crack—not 5 grams—and at 400 grams of powder cocaine—not 500

grams. The 10-year mandatory minimum would be triggered by trafficking 200 grams of crack and by trafficking 4 kilograms of powder.

The reduction in the amount of powder cocaine required to trigger the mandatory minimum from 500 grams to 400 grams reflects that 400 grams is almost a pound of cocaine—a large amount—worth well over $10,000. Also, this increase in the penalty for powder cocaine reflects that powder cocaine is imported and used as the raw material used to make crack. United States Sentencing Commission, Special Report: Cocaine and Federal Sentencing Policy vi (1995). Finally, the increased penalty responds to the powder cocaine use rates among high school students.

According to the University of Michigan Study entitled Monitoring the Future, powder cocaine use among 12th grade students had risen by 61.3 percent from 1992 to 2000, although there was a slight decline from 1999 to 2000. Further, more than twice as many 12th grade students used powder cocaine than crack in 1992 and in 2000.

12TH GRADERS DRUG USE

[In percent]

Drug	1992	2000	Change
Powder	3.1	5.0	61.3
Crack	1.5	2.2	46.7
Percent Greater	106.7		127.2

See Lloyd D. Johnston, Monitoring the Future: National Results on Adolescent Drug Use 14 (Univ. of Mich. 2000) (Table 2).

We need to discourage those who are dealing powder cocaine to our high school students and those who are providing a supply market of powder cocaine that enable the manufacture of crack. This bill does this by providing a small increase in the penalty for powder cocaine.

The bill's decrease in the penalty for crack reflects that a principal reason for creating the much more severe sentence on crack, to prevent the spread of crack use, has failed. Crack is used throughout America.

The bill's approach of narrowing, but not eliminating, the sentencing disparity between crack and powder cocaine by changing the penalties for both drugs parallels the 1997 Sentencing Commission recommendation of increasing penalties and decreasing penalties on crack. United States Sentencing Commission, Special Report to Congress: Federal Sentencing Policy 9 (1997). Further, it is consistent with the bipartisan Act of Congress that President Clinton signed in 1995 rejecting the Sentencing Commission's attempt to equalize the penalties for crack and powder cocaine. That act stated, ''the sentence imposed for trafficking in a quantity of crack cocaine should generally exceed the sentence imposed for trafficking a like quantity of powder cocaine.'' Pub. L. No. 104–38, 104th Cong. 1st Sess. §2(a)(1)(A) (1995). The bill changes the penalties for crack and powder to reduce the 100-to-1 disparity, but retains a reasonable distinction, a 20-to-1 ratio, between crack and powder.

The bill also reduces the 5-year mandatory minimum penalty for the simple possession of 5 grams of crack to just 1 year. This reflects that crack is a more serious drug than most other drugs, but that the sentence need not be unjustifiably harsh.

Second, the bill increases emphasis on defendant's criminality, as opposed to a heavy emphasis on the quantity of drug involved. This bill requires a sentencing enhancement for violence or possession of a firearm, or other dangerous weapon, associated with a drug trafficking offense. This reflects that use of a dangerous weapon or violent action results in higher recidivism rates than drug use along. See Federal Bureau of Prisons, Recidivism Among Federal Prison Releases in 1987: A Preliminary Report 12 (1994).

Further, the bill requires an additional enhancement if the defendant is an organizer, leader, manager, or supervisor in the drug trafficking offense and a ''superaggravating'' factor applies. Superaggravating factors include using a girlfriend or child to distribute drugs, maintaining a crack house, distributing a drugs to minor, an elderly person, or a pregnant woman, bribing a law enforcement official, importing drugs in the United States from a foreign country, or committing the drug offense as a part of a pattern of criminal conduct engaging in as a livelihood. These sentencing enhancements will apply to offenses involving cocaine, methamphetamines, marijuana, and all illegal drugs.

Aside from the girlfriend factor, many of the superaggravating factors are already available in certain cases. The bill would employ these punishments in drug cases as sentencing enhancements, instead of statutory penalties, thus allowing a Federal prosecutor to obtain the tougher penalty by proving the superaggravating criminal conduct by a preponderance of the evidence rather than beyond a reasonable doubt. Further, the bill will make some enhancements easier to establish. For example instead of proving that a victim had a particular vulnerability to a crime, a prosecutor could simply show that the victim was 16 years old.

The offenders to which these sentencing enhancements apply are the most culpable members of the drug trade that prey on young women, school children, and the elderly, and bring violence into our neighborhoods. Their sentences should reflect the criminality of their conduct, not simply the quantity of drugs with which they are caught.

While providing sentencing increases for the worst offenders, the bill limits the impact of mandatory minimums on the least dangerous offenders. The bill caps the drug quantity portion of a sentence for a defendant who plays a minimal role at 10 years, base offense level 32 under the Sentencing Guidelines. This is very significant because couriers, who are often low-level participants in a drug organization, can have disproportionate sentences of 20 or 30 years simply because they are caught with a large amount of drugs in their possession. By capping the impact of drug quantity on the minimal role offenders, the bill allows a greater role for the criminality, or lack of criminality, of their conduct in determining their ultimate sentence.

For example, the bill provides a decrease for the super-mitigating factor of the girlfriend or child who plays a minimal role in the offense. These are often the most abused victims of the drug trade, and we should not punish them as harshly as the drug dealer who used them.

Existing adjustments could then be made for factors such as the role in the offense, acceptance of responsibility, and provision of substantial assistance to the government.

The bill also establishes a 3-year pilot program for placing elderly, nonviolent prisoners in home detention in lieu of prison. It allows the Attorney General to designate 1 or more Federal prisons at which prisoners who meet the following criteria could be placed in home detention.

The prisoner: 1. is at least 65 years old; 2. has served the greater of 10 years or one-half of his sentence; 3. has never committed a Federal or State crime of violence; 4. is not determined by the Bureau of Prisons to have a history of violence or to have committed a violent infraction while in prison; and 5. has not escaped or attempted to escape.

My experience tells me, that elderly prisoners who are nonviolent and who have served a substantial amount of their sentence generally pose no threat to the community. Removing them from prison and placing them in home detention could save the federal government money and free up space to house the most dangerous criminals.

The bill, however, would require an independent study on recidivism and cost savings. At the end of 3 years, Congress could decide whether to continue or expand the pilot program.

There are those on the Left of the political spectrum who want to substantially restrict or even repeal mandatory minimums for some drug offenders and oppose all drug penalty increases. I firmly disagree with such an approach. The Sentencing Guidelines and mandatory minimum statutes have been a critical component of a criminal justice system that treats equal conduct equally. It increases deterrence because criminals know they will not be able to talk themselves out of jail. It is a great system. By following the balanced approach that I have proposed, we improve the guidelines and improve sentencing. My goal is to have our sentencing system consistently impose the right sentence to incapacitate, deter, punish, and rehabilitate the criminal. Because Congress has set the rules, we

must act to improve them. The courts cannot do it for us.

There are those on the Right side of the political spectrum, however, who do not want to decrease any drug penalty whatsoever. While I respect their view, I can not embrace it. The mandatory minimums have been in effect since 1986 and the Sentencing Guidelines have been in effect since 1987. We are not in a position to reflect on what the effects have been.

As we have seen from experience, the 100-to-1 disparity in sentencing between crack cocaine and power cocaine, which falls the hardest on African-Americans, is not justifiable. See, e.g., 145 Cong. Rec. S. 14452–14453 (1999), (statement of Sen. SESSIONS,to-1 ratio is a movement in the right direction,'' but questioning whether solely increasing penalties on crack was justifiable). It is simply unjust.

Further, the focus of the drug sentencing system on quantity of drugs, which has sent the girlfriends of drug dealers, who act as mere couriers, to prison for long terms, should be adjusted to increase the emphasis on the criminality of conduct. This will free up prison space for violent drug offenders.

Trust me on this. The federal drug sentences are tough. In practice—as they play out in actual time served, they are tougher than any State drug sentences that I know of. This legislation will in no way change the seriousness with which drugs are taken. Please know that I will resist with all the force I can muster any attempt to destroy or undermine the integrity or effectiveness of the Sentencing Guidelines. This bill simply targets the toughest sentences to those who deserve it most.

The Drug Sentencing Reform Act of 2001 takes a measured and balanced approach to modifying the sentencing system that we have used for over a decade. By increasing penalties on the worst offenders and decreasing penalties on the least dangerous offenders, we will increase the focus of our law enforcement resources on the drug traffickers that endanger our families and decrease the focus on those defendants who pose less danger.

I commend this bill to my colleagues to study and debate. I challenge them to cast aside the politics of the Left and the Right and to support this bill on the merits as a matter of plain, simple justice.

Mr. HATCH. Mr. President, I rise today to speak briefly on the legislation that my good friend from the State of Alabama, Senator SESSIONS, has introduced today. That legislation, the ''Drug Sentencing Reform Act of 2001,'' addresses the disparity between sentences handed down to those who traffic in power cocaine and those who traffic in crack cocaine. I am proud to cosponsor this bill, and I hope that we can promptly act on it when we return next year.

This legislation provides a balanced and measured solution to the disparity problem without undermining our efforts to pursue relentlessly those who make their living peddling these poisons. At the same time that we reduce the crack-powder sentence ratio from 100 to 1 to 20 to 1 and reduce sentences for girlfriends and children who play truly minimal roles in drug crimes, we increase sentences for those who play leadership roles in trafficking organizations. The bill also increases sentences for those who use firearms or violence in carrying out their drug crimes.

As a former federal prosecutor, United States Attorney, and Attorney General of Alabama, Senator SESSIONS is uniquely qualified to lead the Senate on this issue. Since at least 1998, he has done just that. Both in the Judiciary Committee and on the floor of the Senate, Senator SESSIONS has worked tirelessly to bring about a more just sentencing structure for cocaine offenses. This legislation represents the right approach, and it deserves the support of all of my colleagues.

By Mrs. CLINTON (for herself, Mr. SMITH of Oregon, Mr. STEVENS, Mr. SPECTER, Mrs. BOXER, Mr. FITZGERALD, Mr. SCHUMER, and Mr. DODD):

S. 1876. A bill to establish a National Foundation for the Study of Holocaust Assets; to the Committee on Banking, Housing, and Urban Affairs.

Mr. SMITH of Oregon. Mr. President, I am proud to introduce with Senator CLINTON, the Holocaust Victims' Assets Restitution Policy and Remembrance Act. This legislation will create a public/private Foundation dedicated to educating and to completing the necessary research in the area of Holocaust-era assets and restitution policy and to promote innovative solutions to restitution issues. The Foundation is authorized for ten years at a cost of $100 million, after which it will sunset and ''spin off'' its research results and materials to private entities. It is able to accept private funds as well as public dollars.

The need for the Foundation comes from the work of the Presidential Advisory Commission on Holocaust Assets in the United States. I was proud to have served as a Commissioner along with several of my colleagues in the Senate. The Commission identified a number of policy initiatives that require U.S. leadership, including: further research and review of Holocaust-era assets in the United States and world-wide; providing for the dissemination of information about restitution programs; creating a simple mechanism to assist claimants in obtaining resolution of claims; and, supporting a modern database of Holocaust victims' claims for the restitution of personal property.

The Commission determined that ''our government performed in an unprecedented and exemplary manner in attempting to ensure the restitution of assets to victims of the Holocaust. However, even the best intentioned and most comprehensive policies were unable, given the unique circumstances of the time, to ensure that all victims' assets were restituted.''

I believe this Foundation will provide a focal point for work between Federal and State governments to cross-match property records with lists of Holocaust victims. It will work with the museum community to further stimulate provenance research into European paintings and Judaica. It will promote and monitor the implementation by major banking institutions of the agreement developed in conjunction with the New York Bankers Association. Finally, it will work with the private sector to develop and promote common standards and best practices for research on Holocaust-era assets.

I look forward to working with my colleagues in creating this Foundation to finish the work of the Holocaust Assets Commission. I urge all my colleagues to co-sponsor this important legislation that will solve restitution issues and engender needed research on Holocaust assets in the United States.

By Mr. HARKIN:

S. 1877. A bill to clarify and reaffirm a cause of action and Federal court jurisdiction for certain claims against the Government of Iran; to the Committee on Foreign Relations.

Mr. HARKIN. Mr. President, we all remember the dark days of the Iran hostage crisis between 1979 and 1981. Fifty-two Americans were taken hostage in the U.S. Embassy in Tehran and held in captivity by the Ayatollah Khomeini and his followers for the ensuing 444 days in the newly-established Islamic Republic of Iran. They were brutalized by their captors and the pain and suffering of these brave Americans and their families throughout that ordeal cannot be over-estimated.

A constituent of mine, Ms. Kathryn Koob, from Waverly, IA, is one of two women former hostages who endured this nightmarish experience. Last December, she joined the other 51 American heroes taken hostage and their families in filing a lawsuit in the Federal District Court of the District of Columbia seeking redress of this grievous miscarriage of justice and payment by the Government of Iran for the damages and injuries they incurred. If these plaintiffs are successful, the Federal courts could order payment from Iranian cash and assets still frozen in the United States.

Incredibly, the U.S. Justice and State Departments in mid-October and, at the latest possible hour, intervened in this case, *Roeder v. the Islamic Republic of Iran*, seeking to vacate the Federal judge's default judgment in favor of the former hostages and their families and to have this lawsuit dismissed altogether. De facto the Bush Administration is siding with the Government of Iran and against our own people who were taken hostage and treated so cruelly during the Embassy takeover. How could this be, especially when we are

united as a Nation in a war against terrorism and the U.S. State Department itself continues to document and declare the Government of Iran as the number one state sponsor of terrorism in the world today?

The Government of Iran has never had to pay one cent to any of the Americans taken hostage or their families. If U.S. Justice and State Department attorneys get their way, the Government of Iran will never have to pay anything and the hostages and their families will never be given their day in Federal court to pursue justice and be awarded compensation.

That is why I am today introducing legislation, The Justice for Former U.S. Hostages in Iran Act, to prevent this grave injustice from being compounded. My bill would reaffirm the clear intent of this Congress expressed in four prior enactments and make crystal clear that this group of hostages and their families have the right to pursue their Federal lawsuit to its rightful conclusion and to be eligible to receive compensatory damage awards from the Government of Iran, should the Federal courts so determine on the merits.

The position of the U.S. Justice and State Departments, contrary to the claims and interests of the American hostages and their families, is that the U.S. Government must honor a little-known executive agreement called the Algiers Accords that Presidents Carter and Reagan entered into in January, 1981 in order to get our hostages released from captivity inside Iran. The Algiers Accords, among other provisions, required the U.S. to immediately transfer to Iran through

Algeria $7.9 billion in frozen assets in exchange for the freedom of our people. But also buried in the fine print of the Algiers Accords is one very specific provision which singularly strips the hostages and their families of their rights and flatly prohibits any of them from ever being able to sue the Government of Iran and make that regime pay for their pain and suffering. Ironically, under the terms of the Algiers Accords, U.S. companies can take the Iranians before an international tribunal at The Hague and recover damages for their lost property, but the Americans actually taken hostage and their families alone, are prohibited from doing the same. This is patently unfair to those American heroes and their families who suffered the most from this hellish experience.

The Algiers Accords is not a treaty. It was never submitted to the Senate for ratification for obvious reasons. It is a shabby executive agreement that was negotiated under extreme duress and entered into between the executive branch of our government and the Government of Iran because the Government of Iran, at that time, was daily threatening otherwise to put all of our hostages on trial in Iran as ''spies'' and to execute them. In fact, the Algiers Accords, from their inception, have functioned as little more than a ransom pact with kidnappers acting in the name and under the sponsorship of the Government of Iran.

Last week, the Federal judge hearing this case expressed a reluctance to make a final judgment and to order the Government of Iran to pay damages unless the Congress takes further legislative action to clearly and irrefutably abrogate the Algiers Accords insofar as necessary to allow the Americans held hostage and their families to sue in federal court and recover damages from the Government of Iran. The next court proceeding is this unresolved matter has been scheduled for January 14.

I appeal to my colleagues on both sides of the aisle to co-sponsor this legislation with a sense of urgency and fairness. Unless the Congress acts promptly to reaffirm and clarify our prior enactments, the U.S. Justice and State Departments will block the only path still open to the hostages and their families to pursue justice, to get a federal court judgment against the Government of Iran for its brutal and criminal misconduct, and to require this on-going state sponsor of international terrorism to pay for the pain, suffering and injuries they inflicted on Kathryn Koob and these other courageous Americans.

I ask unanimous consent that the text of the bill be printed in the RECORD.

There being no objection, the bill was ordered to be printed in the RECORD, as follows:

S. 1877

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. FEDERAL COURT JURISDICTION OF CERTAIN CLAIMS AGAINST THE GOVERNMENT OF IRAN.

(a) CAUSE OF ACTION.—Notwithstanding the Algiers Accords, any other international agreement, or any other provision of law, a former Iranian hostage or immediate relative thereof shall have a cause of action for money damages against the Government of Iran for the hostage taking and any death, disability, or other injury (including pain and suffering and financial loss) to the former Iranian hostage resulting from the former Iranian hostage's period of captivity in Iran.

(b) JURISDICTION OF THE FEDERAL COURTS.—Notwithstanding the Algiers Accords, any other international agreement, or any other provision of law, no United States court shall decline to hear or determine on the merits a claim under subsection (a) against the Government of Iran.

(c) DEFINITIONS.—In this section:

(1) ALGIERS ACCORDS.—The term ''Algiers Accords'' means the Declarations of the Government of the Democratic and Popular Republic of Algeria concerning commitments and settlement of claims by the United States and Iran with respect to resolution of the crisis arising out of the detention of 52 United States nationals in Iran, with Undertakings and Escrow Agreement, done at Algiers January 19, 1981.

(2) FORMER IRANIAN HOSTAGE.—The term ''former Iranian hostage'' means any United States personnel held hostage in Iran during the period of captivity in Iran.

(3) IMMEDIATE RELATIVE.—The term ''immediate relative'' means, with respect to a former Iranian hostage, the parent, spouse, son, or daughter of the former Iranian hostage.

(4) PERIOD OF CAPTIVITY IN IRAN.—The term ''period of captivity in Iran'' means the period beginning on November 4, 1979, and ending on January 20, 1981.

(d) EFFECTIVE DATE.—This section shall apply to—

(1) any action brought before the date of enactment of this Act and being maintained on such date; and

(2) any action brought on or after the date of enactment of this Act.

By Mrs. HUTCHISON (for herself and Mr. BINGAMAN):

S. 1878. A bill to establish programs to address the health care needs of residents of the United States-Mexico Border Area, and for other purposes; to the Committee on Health, Education, Labor, and Pensions.

Mrs. HUTCHISON. Mr. President, I rise today to introduce the U.S./Mexico Border Health Improvement Act. The issue of public health along the U.S./Mexico Border is as vast and varied as the 2000-mile Border itself. With the enactment of the NAFTA agreement, and the tremendous growth in population in the region, the Border represents, for both countries, the area of both greatest potential and enormous challenge. From San Yisidro to Brownsville, and from Tijuana to Matamoros, over 10 million people call the Border region home. At the same time, the U.S. Border population is growing three times as fast as the rest of the Nation's, and the population of Mexico's border cities is expected to double over the next decade. For this reason, I am pleased to be joined by Senator BINGAMAN to offer legislation on the critical issue of improving U.S./Mexico Border Health.

The Border region is like a ''top ten'' list of substandard living conditions: the highest poverty rate; the lowest education rate; highest unemployment; worst environmental degradation; and the worst record for all major public health indicators.

The statistics are mind-numbing, but it is the sad reality of the human suffering and of the individuals, families, and communities behind those numbers that is so heart wrenching. Diabetes, HIV, hepatitis, tuberculosis, and birth defects all remain disproportionately and unacceptably high. Meanwhile, childhood immunizations, screenings, health education, and the ratio of health care providers to the general population all remain unacceptably low.

This legislation that I offer today provides for a comprehensive border health program to address this woeful situation that includes the creation of an office of Border Health within Health and Human Services, authorizations for community health centers, and dental outreach programs. This bill also directs the Secretary of Health and Human Services to recruit and retain quality members of the National Health Service Corps for service

in the border region, while requesting authorization for the recruitment, training and retaining of bilingual health professionals, ''promotor(a)s.''

As a member of the United States Senate, I have worked very hard to improve the health of Border residents in the short term, but more important, to putting in place the infrastructure and institutions necessary to ensure a good, healthful life for our Nation's people well into the twenty-first century.

I commend the Senator from New Mexico for his support on this issue, and I urge other Senators to join us in this effort.

I ask unanimous consent the bill be printed in the RECORD.

There being no objection, the bill was ordered to be printed in the RECORD, as follows:

S. 1878

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''United States/Mexico Border Health Improvement Act of 2001''.

SEC. 2. FINDINGS.

Congress makes the following findings:

(1) The United States-Mexico Border Area is the area located in the United States within 100 kilometers of the border between the United States and Mexico.

(2) In the United States, the United States-Mexico Border Area encompasses 46 counties in California, Arizona, New Mexico, and Texas.

(3) Presently, the United States-Mexico Border Area is experiencing explosive population growth. In the United States, this region currently has 11,500,000 residents. However, this number is expected to exceed 22,000,000 by the year 2025. The population of the region in Mexico is growing at an ever faster rate. In total, the population of the communities in both countries is expected to double between the years 2020 and 2025.

(4) With 11,500,000 residents and a 2,000-mile expanse, the United States-Mexico Border Area has the population and size of a State of the United States. If the region was such a State, it would rank—

(A) last in access to health care;

(B) second in death rates (due to hepatitis);

(C) third in deaths related to diabetes;

(D) first in the number of tuberculosis cases;

(E) first in schoolchildren living in poverty; and

(F) last in per capita income.

(5) In addition to the specific health problems listed in paragraph (5), hundreds of thousands of Area residents also each day face increased health risks due to being exposed to the polluted water, soil, and air of the region.

(6) Every county in the United States-Mexico Border Area in the United States has at least a partial health professional shortage area designation. Twenty-five percent of such counties have severe shortages and lack adequate primary care physicians. The shortage of dentists is also severe in many Area localities.

(7) According to GAO, the United States-Mexico Border Area contains hundreds of colonias. Colonias are substandard developments that typically lack running water, sewerage systems, and electricity. Many of the residents of colonias are migrant farmworker families.

(8) Due to the poor living conditions in the colonias, the United States-Mexico Border Area has a much higher rate of waterborne infectious diseases. The occurrence of hepatitis A, for example, is 3 times the national rate, and the occurrence of salmonella and shigella dysentery occur is 2 to 4 times the national rate.

SEC. 3. DEFINITIONS.

In this Act:

(1) UNITED STATES-MEXICO BORDER AREA.—The term ''United States-Mexico Border Area'' means the area located in the United States within 100 kilometers of the border between the United States and Mexico.

(2) SECRETARY.—The term ''Secretary'' means the Secretary of Health and Human Services.

SEC. 4. OFFICE OF BORDER HEALTH.

(a) IN GENERAL.—There is established within the Department of Health and Human Services an Office of Border Health (referred to in this section as the ''Office'').

(b) DIRECTOR.—The Secretary shall appoint a Director of the Office to administer and oversee the functions of such Office.

(c) AUTHORITY.—In overseeing the Office, the Secretary, acting through the Director—

(1) shall be responsible for the overall direction of the Office and for the establishment and implementation of general policies respecting the management and operation of programs and activities of the Office;

(2) shall establish programs and activities to study and monitor border health service delivery in general, the coordination of Federal and State and Federal and local border health activities, the health education available for border residents, existing outreach for residents and the success of such outreach, health service activities, particularly prevention, and early intervention activities, and any other activity that the Secretary determines is appropriate to improve the health of United States-Mexico Border Area residents, including the health of Native American tribes located within the primary Area;

(3) shall review Federal public health programs and identify opportunities for collaboration with other Federal, State, and local efforts to address border health issues;

(4) shall coordinate activities with the United States-Mexico Border Health Commission and State offices;

(5) shall award grants to States, local governments, nonprofit organizations, or other eligible entities as determined by the Secretary, in the United States-Mexico border area to address priorities and recommendations established by—

(A) the United States-Mexico Border Health Commission on a binational basis, including the Healthy Border 2010 Program Objectives; and

(B) the Director, to improve the health of border region residents;

(6) shall award grants to programs that seek to improve the health care of Area residents, with priority given to applicants such as the Health Resources and Services Administration and other applicants that seek to provide telemedicine and telehealth services; and

(7) shall collaborate with appropriate counterparts in Mexico to coordinate actions and programs to improve health for residents of the United States-Mexico border area.

(d) REPORT.—Not later than 1 year after the date of enactment of this section, the Secretary shall prepare and submit to the appropriate committees of Congress a report describing Federal health programs' limitations in addressing United States-Mexico Border Area health concerns and recommending solutions to better address such concerns.

(e) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section, such sums as may be necessary.

SEC. 5. UNITED STATES-MEXICO BORDER AREA ENVIRONMENTAL HEALTH PROGRAM.

(a) IN GENERAL.—The Secretary shall award grants to eligible entities as determined by the Secretary to establish environmental health hazard programs for the United States-Mexico Border Area.

(b) PRIORITY.—In awarding grants under this section, the Secretary shall give priority to eligible entities that propose to establish and carry out programs that address environmental health hazards in the United States-Mexico Border Area for pregnant women and children.

(c) DUTIES.—An eligible entity that receives a grant under this section, shall use funds received through such grant to—

(1) establish an environmental health program that addresses health hazards along the United States-Mexico Border Area;

(2) identify and eliminate environmental health hazards;

(3) coordinate its program with any environmental health programs, if applicable, administered by the Environmental Protection Agency, the National Institute of Environmental Health Sciences, the International Consortium for the Environment (ICE), other relevant Federal, State, and local agencies, and nongovernmental organizations;

(4) recruit and train health professionals and environmental health specialists to identify and address environmental health hazards in the United States-Mexico Border Area; or

(5) support State and local public health, food safety, and building inspection agencies to reduce environmental health hazards, including hazards existing in or around private residences in the United States-Mexico Border Area.

(d) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section, such sums as may be necessary.

SEC. 6. COMMUNITY HEALTH CENTERS.

Part D of the Public Health Service Act (42 U.S.C. 254b et seq.) is amended by adding at the end the following:

''SEC. 330I. UNITED STATES-MEXICO BORDER AREA GRANTS.

''(a) IN GENERAL.—The Secretary shall award grants to eligible entities as determined by the Secretary to establish community health centers in medically underserved areas of the United States-Mexico Border Area.

''(b) DEFINITIONS.—The term ''United States-Mexico Border Area'' means the area located in the United States within 100 kilometers of the border between the United States and Mexico.

''(c) DUTIES.—An eligible entity that receives a grant under this section shall establish and fund community health centers in medically underserved areas of the United States-Mexico Border Area, and as designated by the Secretary.

''(d) APPLICATION.—An eligible entity desiring a grant under this section shall submit an application at such time, in such manner, and containing such information as the Secretary may reasonably require.

''(e) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section, such sums as may be necessary.''.

SEC. 7. NATIONAL HEALTH SERVICE CORPS.

Subpart II of the Public Health Service Act (42 U.S.C. 254d et seq.) is amended by adding at the end the following:

''SEC. 339. UNITED STATES-MEXICO BORDER HEALTH SERVICE CORPS.

''(a) IN GENERAL.—The Secretary shall establish a loan repayment program and recruit National Health Service Corps members to provide health services for United States-Mexico Border Area residents in exchange for participation in such program.

''(b) PREFERENCE.—In selecting Corps members to participate, the Secretary shall give preference to pediatricians and pediatric specialists who are fluent in English and Spanish, and to applicants who agree to serve along the United States-Mexico Border Health Area for at least 2 years.

''(c) PROGRAM.—

''(1) IN GENERAL.—The Secretary shall establish a loan repayment program described in subsection (a).

''(2) CONTRACT.—Under such program, the Secretary shall enter into written agreements with individuals selected by the Secretary to provide the health services described in subsection (a) in exchange for the Secretary providing payment for the individual for the principal, interest, and related expenses on government and commercial loans received by the individual regarding the graduate or undergraduate education of the individual (or both).

''(3) PAYMENT FOR YEARS SERVED.—For every 2 years of service that an individual contracts to serve under this section the Secretary may pay for 1 year of educational expenses, including tuition, living expenses, and any other such reasonable educational expenses.

''(d) UNITED STATES-MEXICO BORDER AREA.—The term ''United States-Mexico Border Area'' means the area located in the United States within 100 kilometers of the border between the United States and Mexico.

''(e) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section, such sums as may be necessary.''.

SEC. 8. PROMOTOR(A) GRANT PROGRAMS.

(a) PROGRAM AUTHORIZED.—The Secretary shall award grants to eligible entities to establish promotor(a) programs to recruit, train, and retain bilingual lay health advisers to provide culturally appropriate health education and other services for medically underserved populations in the United States-Mexico Border Area.

(b) DEFINITION.—The term ''eligible entity'' means a school of public health, an academic health sciences center, a Federally qualified health center, a public health agency, a border health office, or a border health education training center or any other entity determined by the Secretary that is located in or that serves the United States-Mexico Border Area.

(c) DUTIES.—An eligible entity that receives a grant under this section shall, in addition to the duties described in subsection (a), develop bilingual promotor(a) and other border-specific health training programs.

(d) APPLICATION.—An eligible entity desiring a grant under this section, shall submit an application to the Secretary at such time, in such manner, and containing such information as the Secretary may reasonably require.

(e) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section, such sums as may be necessary.

SEC. 9. GRANTS FOR DISTANCE LEARNING.

(a) PROGRAM AUTHORIZED.—The Secretary shall award grants to United States-Mexico Border Area State and local health agencies, community health centers, and other appropriate organizations to fully participate in the provider education distance learning/information dissemination network of the Health Services and Resources Administration.

(b) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section, such sums as may be necessary.

SEC. 10. PREVENTION AND TREATMENT OF HIV/AIDS.

(a) PROGRAM AUTHORIZED.—The Secretary shall carry out a study to review agency activities regarding reducing the spread of HIV/Aids affecting the residents in the United States-Mexico Border Area.

(b) COORDINATIONS.—In carrying out such study, the Secretary shall coordinate activities with the appropriate Federal and State agencies and with appropriate agencies in Mexico to develop early intervention and treatment efforts to curb the spread of HIV/AIDS.

(c) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section, such sums as may be necessary.

SEC. 11. PREVENTION AND TREATMENT OF TUBERCULOSIS.

(a) PROGRAM AUTHORIZED.—The Secretary shall carry out a study to review agency activities regarding reducing the spread of tuberculosis, particularly multi-drug resistant tuberculosis, affecting the residents in the United States-Mexico Border Area.

(b) COORDINATION.—In carrying out such study, the Secretary shall coordinate activities with the Immigration and Naturalization Service and other appropriate Federal and State agencies and with appropriate agencies in Mexico to develop diagnosis, detection, and early intervention and treatment efforts to curb the spread of tuberculosis, particularly multi-drug resistant tuberculosis.

(c) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section, such sums as may be necessary.

SEC. 12. CHILDREN'S HEALTH INSURANCE PROGRAM.

The Secretary shall establish a targeted campaign of public education and awareness in the United States-Mexico Border Area that is culturally relevant to the residents of that Area.

SEC. 13. INTERVENTION AND TREATMENT GRANTS.

(a) PROGRAM AUTHORIZED.—The Secretary shall award grants to eligible entities as determined by the Secretary to carry out intervention and treatment programs for diabetes.

(b) USE OF FUNDS.—An entity that receives a grant under this section shall use funds received through such grant to—

(1) develop intervention programs oriented towards increasing access to diabetes health care;

(2) increase venues and opportunities for physical activity and exercise in the border area;

(3) address obesity as a risk factor for diabetes, especially in juvenile populations;

(4) improve health choices in school nutrition; and

(5) develop diabetes networks and coalitions to encourage communities to address diabetes risk factors.

(c) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section, such sums as may be necessary.

SEC. 14. CENTERS FOR DISEASE CONTROL AND PREVENTION.

(a) PROGRAM AUTHORIZED.—The Centers for Disease Control and Prevention shall establish a National Border Health Databank (referred to in this section as the ''Databank'') to gather and retain data and other information on the health of United States-Mexico Border Area residents and on past, present, and emerging health issues in such Area.

(b) CONTENT.—The Databank shall include an Epidemiological Information System that shall be linked, where feasible, to all relevant State and local health agencies and other relevant national and international health organizations.

(c) AVAILABILITY OF DATA.—All information gathered and retained by the Databank shall, where practicable, be made available for the public via the Internet. The Centers for Disease Control and Prevention shall publish no less than quarterly a publication reporting on activities, studies, and trends regarding United States-Mexico Border Area health issues, including, the resources available from the Databank.

(d) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section, such sums as may be necessary.

SEC. 15. CENTER FOR DISEASE CONTROL PREVENTION.

(a) PROGRAM AUTHORIZED.—There is established within the Centers for Disease Control and Prevention a Border Health Surveillance Network (referred to in this section as the ''Network'').

(b) DUTIES.—The Network shall—

(1) carry out activities to develop and electronically link the health surveillance, assessment, and response capabilities of the Centers for Disease Control and Prevention and all border State and local health agencies; and

(2) award grants to State and local public health agencies, medical schools, schools of public health, Border Health Education Training Centers, or other entities as determined by the Secretary located in or serving the United States-Mexico Border Area for the development of border health epidemiology training programs and to build upon the existing Health Alert Network, the Information Network for Public Health Officials, the Border Infectious Disease Surveillance (''BIDS'') Project, and a Noncommunicable Disease Surveillance System.

(c) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section, such sums as may be necessary.

SEC. 16. BORDER AREA BREAST AND CERVICAL CANCER SCREENING.

Section 1501 of the Public Health Service Act (42 U.S.C. 300k) is amended by adding at the end the following:

''(e) SPECIAL CONSIDERATION FOR BORDER AREA RESIDENTS.—In making grants under subsection (a), the Secretary shall set-aside certain funds described in give special consideration to any State that proposes to increase the number of United States-Mexico Border Area residents who are screened for breast and cervical cancer.''.

SEC. 17. GRANTS FOR BORDER AREA HEALTH TESTING.

(a) IN GENERAL.—The Director of the Centers for Disease Control and Prevention shall award grants to United States-Mexico Border Area State and local health agencies to upgrade public health laboratories and conduct rapid tests for disease organisms and toxic chemicals.

(b) COORDINATION.—A State or local health agency that receives a grant under this section shall, to the extent possible, coordinate its activities carried out with funds received under this section with activities carried out under programs administered by the National Laboratory Training Network.

(c) APPLICATION.—A State or local health agency desiring a grant under this section shall submit an application to the Director

at such time, in such manner, and containing such information as the Director may reasonably require.

(d) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section, such sums as may be necessary.

SEC. 18. HEALTH PROMOTION ACTIVITIES.

(a) IN GENERAL.—The Secretary shall establish new, comprehensive guidelines for community- and family-oriented prevention and health promotion activities focused on Guidelines under The Healthy Border 2010 Guidelines. The Director shall disseminate these guidelines in both English and Spanish to all United States-Mexico Border Area health professionals, utilizing all available tools, including the CDC Prevention Guidelines Database.

(b) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section, such sums as may be necessary.

SEC. 19. GENERAL ACCOUNTING OFFICE.

(a) PROGRAM AUTHORIZED.—The General Accounting Office shall conduct a comprehensive study of Federal and Federal and State border health programs.

(b) CONTENT.—The study described in subsection (a) shall review border health care programs to determine the manner in which such programs may be improved. Such study shall also review any problematic limitations of medicare and medicaid programs in serving United States-Mexico Border Area residents.

(c) REPORT.—Not later than 1 year after the date of enactment of this section, the General Accounting Office shall prepare and submit to Congress a report describing the findings of the study described in subsection (a) and recommending certain courses of action to improve such border health care programs, with particular emphasis on recommendations for improving Federal and State and Federal and local coordinations. Such report shall also make recommendations for changes with regard to medicare and medicaid payment laws and policies for telemedicine and telehealth activities.

(d) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section, such sums as may be necessary.

SEC. 20. AGENCY FOR HEALTH CARE RESEARCH AND QUALITY.

(a) IN GENERAL.—The Agency for Health Care Research and Quality shall conduct a comprehensive study of border health needs, trends, and areas of needed improvement and shall utilize border academic institutes to carry out such study and share the results of such study with such institutes.

(b) CONTENT.—The study described in subsection (a) shall study the health needs of United States-Mexico Border Area residents and—

(1) residents' access to health care services;

(2) communicable disease control in the Area;

(3) environmental problems in the Area that contribute to health care problems;

(4) health research being done on residents' health care needs;

(5) make recommendations regarding environmental improvements that may be made to improve health conditions of Area residents; and

(6) make recommendations regarding long range plans to improve the quality and availability of health care of Area residents.

(c) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section, such sums as may be necessary.

SEC. 21. GRANTS TO INCREASE RESOURCES FOR COMMUNITY WATER FLUORIDATION.

(a) IN GENERAL.—The Secretary, acting through the Director of the Division of Oral Health of the Centers for Disease Control and Prevention, may make grants to Southwestern border States or localities for the purpose of increasing the resources available for community water fluoridation.

(b) USE OF FUNDS.—A State or locality shall use amounts provided under a grant under subsection (a)—

(1) to purchase fluoridation equipment;

(2) to train fluoridation engineers; or

(3) to develop educational materials on the advantages of fluoridation.

(c) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section, such sums as may be necessary.

SEC. 22. COMMUNITY WATER FLUORIDATION.

(a) IN GENERAL.—The Secretary, acting through the Director of the U.S. Mexico Border Health Commission and the Director of the Centers for Disease Control and Prevention, shall establish a demonstration project that is designed to assist rural water systems in Texas, New Mexico, Arizona and California in successfully implementing the Centers for Disease Control and Prevention water fluoridation guidelines entitled ''Engineering and Administrative Recommendations for Water Fluoridation'' (referred to in this section as the ''EARWF'').

(b) REQUIREMENTS.—

(1) COLLABORATION.—The Director of the U.S. Mexico Border Health Commission shall collaborate with the Director of the Centers for Disease Control and Prevention in developing the project under subsection (a). Through such collaboration the Directors shall ensure that technical assistance and training are provided to sites located in each of the 4 States referred to in subsection (a). The Director of the U.S. Mexico Border Health Commission shall provide coordination and administrative support to tribes under this section.

(2) GENERAL USE OF FUNDS.—Amounts made available under this section shall be used to assist small water systems in improving the effectiveness of water fluoridation and to meet the recommendations of the EARWF.

(3) FLUORIDATION SPECIALISTS.—

(A) IN GENERAL.—In carrying out this section, the Secretary shall provide for the establishment of fluoridation specialist engineering positions in each of the Dental Clinical and Preventive Support Centers through which technical assistance and training will be provided to tribal water operators.

(B) CDC.—The Director of the Centers for Disease Control and Prevention shall appoint individuals to serve as the fluoridation specialists.

(4) IMPLEMENTATION.—The project established under this section shall be planned, implemented and evaluated over the 5-year period beginning on the date on which funds are appropriated under this section and shall be designed to serve as a model for improving the effectiveness of water fluoridation systems of small rural communities.

(c) EVALUATION.—In conducting the ongoing evaluation as provided for in subsection (b)(4), the Secretary shall ensure that such evaluation includes—

(1) the measurement of changes in water fluoridation compliance levels resulting from assistance provided under this section;

(2) the identification of the administrative, technical and operational challenges that are unique to the fluoridation of small water systems;

(3) the development of a practical model that may be easily utilized by other tribal, State, county or local governments in improving the quality of water fluoridation with emphasis on small water systems; and

(4) the measurement of any increased percentage of Southwestern border residents who receive the benefits of optimally fluoridated water.

(d) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section, such sums as may be necessary.

SEC. 23. COMMUNITY-BASED DENTAL SEALANT PROGRAM.

(a) IN GENERAL.—The Secretary, acting through the Director of the Maternal and Child Health Bureau of the Health Resources and Services Administration, may award grants to eligible entities determined by the Secretary to provide for the development of innovative programs utilizing mobile van units to carry out dental sealant activities to improve the access of children to sealants as well as for prevention and primary care.

(b) USE OF FUNDS.—An entity shall use amounts received under a grant under subsection (a) to provide funds to eligible community-based entities to make available a mobile van unit to provide children in second or sixth grade with access to dental care and dental sealant services. Such services may be provided by dental hygienists so long as a formalized plan for the referral of a child for treatment of dental problems is established.

(c) ELIGIBILITY.—To be eligible to receive funds under this section an entity shall—

(1) prepare and submit to the Secretary an application at such time, in such manner and containing such information as the Secretary may require; and

(2) be a community-based entity that is determined by the Secretary to provide an appropriate entry point for children into the dental care system and be located within 100 kilometers of the United States Mexico Border.

(d) COORDINATION WITH OTHER PROGRAMS.—An entity that receives funds from a State under this section shall serve as an enrollment site for purposes of enabling individuals to enroll in the State plan under title XIX of the Social Security Act (42 U.S.C. 1396 et seq.) or in the State Children's Health Insurance Program under title XXI of such Act (42 U.S.C. 1397aa et seq.).

(e) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section, such sums as may be necessary.

SEC. 24. UNITED STATES HISPANIC NUTRITION EDUCATION AND RESEARCH CENTER.

(a) ESTABLISHMENT.—The Secretary shall establish a United States Hispanic Nutrition Education and Research Center (referred to in this section as the ''Center'') at a regional academic health center.

(b) PURPOSE.—The general purpose of the Center shall be to undertake nutrition research and nutrition education activities that sustain and promote the health of United States Hispanics, particularly those United States Hispanics in the United States-Mexico Border Area. The Center shall serve as a national clearinghouse for research, and for data collection and information dissemination on nutrition in the United States Hispanic population. In addition, the Center shall serve as an educational resource on United States Hispanic nutrition for students, universities, and academic and research institutions throughout the United States.

By Mr. MURKOWSKI (for himself and Mr. STEVENS):

S. 1879. A bill to resolve the claims of Cook Inlet Region, Inc., to lands adjacent to the Russian River in the State of Alaska; to the Committee on Energy and Natural Resources.

Mr. MURKOWSKI. Mr. President, I am pleased today to introduce the

''Russian River Land Act''. The purpose of this legislation is to ratify an agreement that settles a land ownership issue at the Russian River on the Kenai Peninsula in Alaska between the U.S. Forest Service, the U.S. Fish and Wildlife Service, and Cook Inlet Region, Inc., CIRI, an Alaska Native Corporation.

The legislation ratifies an agreement reached between CIRI and the agencies after three years of negotiations and it covers the lands at the confluence of the Kenai and Russian Rivers in Alaska.

The area surrounding the confluence of the Russian and Kenai Rivers is rich in archaeological cultural features. It is also the site of perhaps the most heavily used public sports fishery in Alaska. Because of the archaeological resources at Russian River, Cook Inlet Region, Inc., made selections at Russian River under the section of the Alaska Native Claims Settlement Act that allowed for selections of historical places and cemetery sites. The lands at the confluence are managed in part by the U.S. Forest Service and in part by the U.S. Fish and Wildlife Service.

Seeking to protect the public's access to the sport fishery at Russian River, the two federal agencies and Cook Inlet Region, Inc., reached an agreement that requires the Federal legislation in order to become effective. Because this agreement provides for continuing ownership and management by the two Federal agencies of the vast majority of lands at Russian River, the public's right to continue fishing remains unchanged from its current status.

I congratulate the U.S. Forest Service, the Fish and Wildlife Service and CIRI for finding a way to fulfill the intent of the Alaska Native Claims Settlement Act in a way that fully protects the interests of the public. I also congratulate all three parties on reaching final accord on the longstanding unresolved issue of land ownership at Russian River.

By Mr. WELLSTONE:

S. 1880. A bill to provide assistance for the relief and reconstruction of Afghanistan, and for other purposes; to the Committee on Foreign Relations.

Mr. WELLSTONE. Mr. President, I am introducing the Afghanistan Freedom and Reconstruction Act of 2001. This legislation is a comprehensive framework for U.S. bilateral and multilateral assistance for the humanitarian relief and long-term reconstruction and rehabilitation of Afghanistan. It is a companion to H.R. 3427, introduced by Representatives LANTOS and ACKERMAN in the House.

The last pockets of Taliban resistance are being routed, and the new interim administration of Afghanistan is set to assume power in Kabul in 2 days. Freedom is returning to Afghanistan. Its men and women are listening to music again and women are leaving their homes unescorted, cautiously optimistic about their future after enduring years of repressive rule.

Now is the time for decisive action by Congress and by the administration to demonstrate to the people of Afghanistan and throughout the Muslim world that the war against the al-Qaida and the Taliban was neither a war against Muslims, nor against ordinary Afghans. The United States has led the effort to eliminate the terrorist network in Afghanistan, and now it must lead the peace effort by helping the Afghan people reclaim their country and rebuild their lives.

The United States did not live up to its commitment to the Afghan people after the Soviets were defeated in the 1980s. I regret to say we walked away. If we break or commitment again, Afghanistan is likely to remain an isolated incubator of terrorist activities, and regional instability will continue. We would not now be focused on Afghanistan had the events of September 11 not occurred. Those horrific events have driven home the truth that the indivisibility of human security is not just an empty slogan, but a fact, which we ignore at our peril.

The causes of the Afghan tragedy include nearly all the horrors that stalk failed states: meddling and invasion by neighboring states, internecine warfare leading to a takeover by brutal fanatics, oppression of a majority of the population, especially women and, finally, the Taliban's fateful decision to host international terrorists.

The cures for Afghanistan's agony are less obvious, but one is clear. The rival political and ethnic groups must take advantage of the historic opportunity that emerged in Bonn and make a genuine commitment to the peaceful sharing of power. They must establish a government broad and effective enough to meet the basic needs of the people. The same narrow-minded factionalism that originally left the country vulnerable to backward mullahs, greedy warlords and predatory neighbors continues to pose a threat to the country now.

One other thing is clear: the United States must lead the international community in moving quickly and decisively in a long-term commitment to the reconstruction of Afghanistan. The people of Afghanistan have endured 23 years of war and misery. The conflict has threatened international stability and placed enormous burdens on the people's limited means. The Bush administration has said that it will not let Afghanistan descend into chaos. But, talk is not enough. We must act by committing significant resources. We must show Afghans that our commitments are not hollow. We must show genuine solidarity and real generosity now.

It is time to reverse more than a decade of neglect. The United States, in partnership with the international community, must be willing to make a multi-year, multinational effort to rebuild Afghanistan. Current estimates of the cost of assisting Afghanistan range from $5 billion over 5 years to $40 billion over a decade. The United States should be the lead financial contributor to the rehabilitation and reconstruction effort in Afghanistan, and we believe should contribute as much as $5 billion to this effort over the next 5 years.

The reconstruction effort must focus on education, particularly for girls, which has proven to give the greatest return for each assistance dollar. Creation of secular schools will help break the stranglehold of extremism and allow both boys and girls to make positive contributions to the development of their society. The effort must also focus on rebuilding basic infrastructure, repairing shattered bridges and roads, removing land mines, reconstructing irrigation systems and drilling wells. We must also rebuild the health infrastructure by establishing basic hospitals and village clinics.

Over the past few months, I have held a series of hearings in the Senate Foreign Relations Committee's Subcommittee on Near Eastern and South Asia Affairs regarding the humanitarian and reconstruction needs of Afghanistan. Based on these hearings, I am convinced we must help the Afghan people live in a society where they can feed their children, live in safety and participate fully in their country's development regardless of gender, religious belief or ethnicity.

The Afghan Freedom and Reconstruction Act of 2001 does just that. That bill:

Expresses a sense of Congress on the U.S. policy towards Afghanistan, including promoting its independence, supporting a broad-based, multi-ethnic, gender-inclusive, fully representative government, and maintaining a significant U.S. commitment to the relief, rehabilitation and reconstruction of Afghanistan.

Authorizes $400 million for humanitarian assistance to Afghanistan in fiscal year 03, including $75m for refugee assistance and $175m for food aid.

Authorizes such sums as may be necessary for a multinational security force in Afghanistan, in fiscal year 02 and fiscal year 03.

Authorizes $1.175 billion for rehabilitation and reconstruction assistance for fiscal years 2002–2006, to be distributed by USAID, with conditions for each year to ensure that benchmarks laid out in the December 5, 2001, Bonn Agreement between the various Afghan factions are being met; assistance for agriculture, health care, education, vocational training, disarmament and demobilization, and anticorruption and good governance programs; a special emphasis on assistance to women and girls; a report on assistance actually provided; and authority to provide some of this assistance through a multilateral fund and/or international foundation.

Authorizes the President to furnish such sums as may be necessary to finance a multilateral fund or international foundation, to assist in security, rehabilitation, and reconstruction

efforts in Afghanistan, as described above.

Authorizes $60 million for Democracy and human rights initiatives for FY02 through FY04.

Authorizes $62.5 for a contribution to the U.N. Drug Control Program for FY02 through FY04 to reduce or eliminate the trafficking of illicit drugs in Afghanistan.

Authorizes $65 million for a new secure diplomatic facility in Afghanistan.

The legislation's message is simple: the United States is not only a great Nation, but a generous Nation. We keep our word, and stand ready to match our words with our actions. We must not turn our backs again on the people of Afghanistan.

By Mr. DODD (for himself and Mr. MILLER):

S. 1881. A bill to require the Federal Trade Commission to establish a list of consumers who request not to receive telephone sales calls; to the Committee on Commerce, Science and Transportation.

Mr. DODD. Mr. President, today I am introducing legislation along with my friend and colleague from Georgia, Senator MILLER, to help individuals whose personal time is interrupted by the constant annoyance of telephone solicitors. Our bill, modeled after a Connecticut statute, would require the Federal Trade Commission to establish a ''no-call'' list of consumers who do not wish to receive unsolicited telemarketing calls.

A Department of Labor survey reports that 84 percent of Americans would trade income for more free time. People want to spend more time in the evening with their families, whether it be sitting down to dinner together, relaxing in front of the television, helping children with homework, or catching up with household chores. I suspect most people do not want to be inconvenienced with intrusive, unsolicited telemarketing calls during the evening or anytime throughout the day.

Telemarketing revenue increased from $492.3 billion in 1998 to $585.9 billion in 2000, which translates into millions of phone calls every year. While many sales pitches are made on behalf of legitimate organizations and businesses, consumers still lose more than $40 billion a year to fraudulent sales of goods and services over the telephone. It is time to empower consumers with the ability to stop most unsolicited calls, legitimate or otherwise, from entering their homes and disturbing their lives.

In Connecticut, people now have the right to place their name on a ''do not call'' list and more than 225,000 households have contacted the Department on Consumer Protection to take advantage of the new law. All telemarketers are required to consult that list and are prohibited from contacting households on the list. Other states, including Alabama, Alaska, Arkansas, Florida, Georgia, Idaho, Kentucky, Missouri, New York, North Carolina, Oregon, and Tennessee, have enacted similar laws.

States are taking this action because a 1994 Federal law to curb unsolicited telemarketing, while a good beginning, has not fully succeeded in protecting families' privacy. In fact, individual consumers must keep track of every telemarketer they have contacted to determine if a solicitation call was made in violation. There are numerous exemptions to the Federal law, as well, as because there are no penalties for calls made in ''error,'' it has proved difficult to enforce.

Direct Marketing Association members do not oppose the Connecticut law. It is their belief that consumers placing their name on a list would never buy a product from a telemarketer anyway, and thus the list saves telemarketers time and resources.

Our legislation would take much of the burden off of consumers. At the same time, a comprehensive and universal law actually could help telemarketers by streamlining the process. The legislation we are introducing today would require the Federal Trade Commission to establish a ''no sales solicitation calls'' listing of consumers who do not wish to receive unsolicited calls. Although certain types of calls would be exempt, including calls from any company with whom a consumer currently does business, non-profits looking for donations, pollsters, and those publishing telephone directories, a violation of the ''no call'' list would be deemed an unfair or deceptive trade practice and the telemarketer could be fined.

I urge my colleagues to cosponsor this important consumer legislation and I ask that the bill be printed in the RECORD.

I think the chair and ask unanimous consent that the text of the bill be printed in the RECORD.

There being no objection, the bill was ordered to be printed in the RECORD, as follows:

S. 1881

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Telemarketing Intrusive Practices Act of 2001''.

SEC. 2. DEFINITIONS.

In this Act:

(1) CALLER IDENTIFICATION SERVICE OR DEVICE.—The term ''caller identification service or device'' means a telephone service or device that permits a consumer to see the telephone number of an incoming call.

(2) CHAIRMAN.—The term ''Chairman'' means the Chairman of the Federal Trade Commission.

(3) COMMISSION.—The term ''Commission'' means the Federal Trade Commission.

(4) CONSUMER.—The term ''consumer'' means an individual who is an actual or prospective purchaser, lessee, or recipient of consumer goods or services.

(5) CONSUMER GOODS OR SERVICES.—The term ''consumer good or service'' means an article or service that is purchased, leased, exchanged, or received primarily for personal, family, or household purposes, including stocks, bonds, mutual funds, annuities, and other financial products.

(6) MARKETING OR SALES SOLICITATION.—

(A) IN GENERAL.—The term ''marketing or sales solicitation'' means the initiation of a telephone call or message to encourage the purchase of, rental of, or investment in, property, goods, or services, that is transmitted to a person.

(B) EXCEPTION.—The term does not include a call or message—

(i) to a person with the prior express invitation or permission of that person;

(ii) by a tax-exempt nonprofit organization;

(iii) on behalf of a political candidate or political party; or

(iv) to promote the success or defeat of a referendum question.

(7) STATE.—The term ''State'' means each of the several States of the United States and the District of Columbia.

(8) TELEPHONE SALES CALL.—

(A) IN GENERAL.—The term ''telephone sales call'' means a call made by a telephone solicitor to a consumer for the purpose of—

(i) engaging in a marketing or sales solicitation;

(ii) soliciting an extension of credit for consumer goods or services; or

(iii) obtaining information that will or may be used for the direct marketing or sales solicitation or exchange of or extension of credit for consumer goods or services.

(B) EXCEPTION.—The term does not include a call made—

(i) in response to an express request of the person called; or

(ii) primarily in connection with an existing debt or contract, payment, or performance that has not been completed at the time of the call.

(9) TELEPHONE SOLICITOR.—The term ''telephone solicitor'' means an individual, association, corporation, partnership, limited partnership, limited liability company or other business entity, or a subsidiary or affiliate thereof, that does business in the United States and makes or causes to be made a telephone sales call.

SEC. 3. FEDERAL TRADE COMMISSION NO CALL LIST.

(a) IN GENERAL.—The Commission shall—

(1) establish and maintain a list for each State, of consumers who request not to receive telephone sales calls; and

(2) provide notice to consumers of the establishment of the lists.

(b) STATE CONTRACT.—The Commission may contract with a State to establish and maintain the lists.

(c) PRIVATE CONTRACT.—The Commission may contract with a private vendor to establish and maintain the lists if the private vendor has maintained a national listing of consumers who request not to receive telephone sales calls, for not less than 2 years, or is otherwise determined by the Commission to be qualified.

(d) CONSUMER RESPONSIBILITY.—

(1) INCLUSION ON LIST.—Except as provided in subsection (d)(2), a consumer who wishes to be included on a list established under subsection (a) shall notify the Commission in such manner as the Chairman may prescribe to maximize the consumer's opportunity to be included on that list.

(2) DELETION FROM LIST.—Information about a consumer shall be deleted from a list upon the written request of the consumer.

(e) UPDATE.—The Commission shall—

(1) update the lists maintained by the Commission not less than quarterly with information the Commission receives from consumers; and

(2) annually request a no call list from each State that maintains a no call list and update the lists maintained by the Commission at that time to ensure that the lists maintained by the Commission contain the same information contained in the no call lists maintained by individual States.

(f) FEES.—The Commission may charge a reasonable fee for providing a list.

(g) AVAILABILITY.—

(1) IN GENERAL.—The Commission shall make a list available only to a telephone solicitor.

(2) FORMAT.—The list shall be made available in printed or electronic format, or both, at the discretion of the Chairman.

SEC. 4. TELEPHONE SOLICITOR NO CALL LIST.

(a) IN GENERAL.—A telephone solicitor shall maintain a list of consumers who request not to receive telephone sales calls from that particular telephone solicitor.

(b) PROCEDURE.—If a consumer receives a telephone sales call and requests to be placed on the do not call list of that telephone solicitor, the solicitor shall—

(1) place the consumer on the no call list of the solicitor; and

(2) provide the consumer with a confirmation number which shall provide confirmation of the request of the consumer to be placed on the no call list of that telephone solicitor.

SEC. 5. TELEPHONE SOLICITATIONS.

(a) TELEPHONE SALES CALL.—A telephone solicitor may not make or cause to be made a telephone sales call to a consumer—

(1) if the name and telephone number of the consumer appear in the then current quarterly lists made available by the Commission under section 3;

(2) if the consumer previously requested to be placed on the do not call list of the telephone solicitor pursuant to section 4;

(3) to be received between the hours of nine o'clock p.m. and nine o'clock a.m. and between five o'clock p.m. and seven o'clock p.m., local time, at the location of the consumer;

(4) in the form of an electronically transmitted facsimile; or

(5) by use of an automated dialing or recorded message device.

(b) CALLER IDENTIFICATION DEVICE.—A telephone solicitor shall not knowingly use any method to block or otherwise circumvent the use of a caller identification service or device by a consumer.

(c) SALE OF CONSUMER INFORMATION TO TELEPHONE SOLICITORS.—

(1) IN GENERAL.—A person who obtains the name, residential address, or telephone number of a consumer from a published telephone directory or from any other source and republishes or compiles that information, electronically or otherwise, and sells or offers to sell that publication or compilation to a telephone solicitor for marketing or sales solicitation purposes, shall exclude from that publication or compilation, and from the database used to prepare that publication or compilation, the name, address, and telephone number of a consumer if the name and telephone number of the consumer appear in the then current quarterly list made available by the Commission under section 3.

(2) EXCEPTION.—This subsection does not apply to a publisher of a telephone directory when a consumer is called for the sole purpose of compiling, publishing, or distributing a telephone directory intended for use by the general public.

SEC. 6. REGULATIONS.

The Chairman may adopt regulations to carry out this Act that shall include—

(1) provisions governing the availability and distribution of the lists established under section 3;

(2) notice requirements for a consumer who requests to be included on the lists established under section 3; and

(3) a schedule for the payment of fees to be paid by a person who requests a list made available under section 3.

SEC. 7. CIVIL CAUSE OF ACTION.

(a) ACTION BY COMMISSION.—

(1) UNFAIR OR DECEPTIVE TRADE PRACTICE.—A violation of section 4 or 5 is an unfair or deceptive trade practice under section 5 of the Federal Trade Commission Act (15 U.S.C. 45).

(2) CUMULATIVE DAMAGES.—In a civil action brought by the Commission under section 5 of the Federal Trade Commission Act (15 U.S.C. 45) to recover damages arising from more than one alleged violation, the damages shall be cumulative.

(b) PRIVATE RIGHT OF ACTION.—

(1) IN GENERAL.—A person or entity may, if otherwise permitted by the laws or the rules of court of a State, bring in an appropriate court of that State—

(A) an action based on a violation of section 4, 5, or 6 to enjoin the violation;

(B) an action to recover for actual monetary loss from a violation of section 4, 5, or 6, or to receive $500 in damages for each violation, whichever is greater; or

(C) an action under paragraphs (1) and (2).

(2) WILLFUL VIOLATION.—If the court finds that the defendant willfully or knowingly violated section 4, 5, or 6, the court may, in the discretion of the court, increase the amount of the award to an amount equal to not more than 3 times the amount available under paragraph (1)(B) of this subsection and to include reasonable attorney's fees.

SEC. 8. EFFECT ON STATE LAW.

Nothing in this Act shall be construed to prohibit a State from enacting or enforcing more stringent legislation in the regulation of telephone solicitors.

SEC. 9. AUTHORIZATION OF APPROPRIATIONS.

There are authorized to be appropriated such sums as necessary to carry out the provisions of this Act.

By Mr. WELLSTONE (for himself, Mr. DEWINE; Mr. DAYTON, Mr. SPECTER, Mr. BAYH, Ms. MIKULSKI, and Mr. VOINOVICH):

S. 1884. A bill to amend the Emergency Steel Loan Guarantee Act of 1999 to revise eligibility and other requirements for loan guarantees under that Act, and for other purposes; to the Committee on Appropriations.

Mr. WELLSTONE. Mr. President, today I introduce, on behalf of myself and Senators DEWINE, DAYTON, SPECTER, MUKULSKI and BAYH the ''Emergency Steel Loan Guarantee Amendments of 2001.'' These amendments to the Steel Loan Guarantee Act of 1999 are designed to make the loan guarantee program more accessible to companies in urgent need of assistance as they attempt to recover from the devastating impacts of enormous, unfair import surges, as well as the effects of the current recession.

A strong domestic steel industry is essential to our national security. To ensure the continuing viability of this critical industry and to deal with the current crisis, we must act quickly, and we must act comprehensively.

First, the Administration must provide immediate and decisive strong relief in the pending Section 201 steel import surge investigation. That relief needs to include substantial tariffs as well as quotas.

Second, we need a formula for industry-wide sharing of the huge retiree health-care cost burdens resulting from the massive layoffs during the 1970's and 1980's. We must protect retirees health care needs without undermining the ability of companies attempting to compete in an increasingly challenging marketplace. Several colleagues and I have previously introduced legislation to accomplish this, and we have urged the Administration to support us in this effort as past of a comprehensive solution to the steel crisis we face today.

Finally, companies urgently need access to capital to sustain their operations. This is precisely what the Emergency Steel Loan Guarantee Act of 1999 was designed to insure. The tireless efforts and foresight of Senator BYRD led to the creation of the Emergency Steel Loan Guarantee Board in 1999, but since then massive import surges, the current economic downturn and apparently overly-restrictive interpretations of the Board's authority have made it all but impossible for struggling steel firms to meet the Board's eligibility criteria.

The bill we introduce today is designed to address these concerns. It provides the Board with the necessary flexibility to provide these essential loan guarantees. In particular, the bill would do the following: 1. Clarify that a company that has placed its facilities on ''hot idle status'' is eligible to receive a loan guarantee. 2. Increase the amount of loans guaranteed with respect to a single qualified steel company to $350,000,000. 3. Permit the Steel Loan Guarantee Board to guarantee a loan where there is a fair likelihood of repayment, assuming vigorous and timely enforcement of our trade laws and general economic prosperity. 4. Provide flexibility to the Board in structuring security arrangements to maximize participation of lenders. 5. Expand the scope of lenders permitted to participate in a loan subject to the guarantee to include public and private institutions, including the company's existing lenders. 6. Require the Board to adopt form of guarantee regulations no less favorable than those used in other government programs, including the Export-Import bank. 7. Include as a requirement for loan guarantees that the company's business plan maximize both retention of jobs and capacity consistent with the long-term economic viability of the company. 8. Increase the loan guarantee level for all loans to 95 percent.

The recent economic conditions facing the U.S. iron ore and steel industry are of particular concern in Minnesota. We are extremely proud of our State's history as the Nation's largest producer of iron ore. The taconite mines on the Iron Range in Minnesota and in our sister State of Michigan have provided key raw materials to the Nation's steel producers for over a century.

You will not find a harder-working, more committed group of workers anywhere in this country than you find in the iron ore and taconite industry. This is a group of people who work under the toughest of conditions, are absolutely committed to their families, and who now face dire circumstances, through no fault of their own. Unfairly traded iron ore, semi-finished steel and finished steel products are taking their jobs.

Earlier this year, LTV Steel Mining Company halted production at its Hoyt Lakes, MN mine, leaving 1,400 workers out of good paying jobs and affecting nearly 5,000 additional workers. We need to act and we need to act now. Workers in the steel, iron ore and taconite industries want nothing more than the chance to do their jobs. The bill we introduce today is one part of the answer. I urge my colleagues to join with me in moving this legislation as quickly as possible.

Mr. DEWINE. Mr. President, I rise today with my colleague and friend from Minnesota, Senator WELLSTONE, to introduce the Emergency Steel Loan Guarantee Amendments Act. This legislation would improve the Emergency Steel Loan Guarantee program.

Our steel industry is on the brink of financial collapse because of unfair and illegal trade practices. To date, some 25 U.S. steel companies, including LTV Steel in Cleveland, Ohio, have filed bankruptcy. These companies employ thousands of workers and are responsible for providing benefits to their retirees. If our steel industry goes under, the consequences to our nation, and particularly Ohio, would be grave. Steel is vitally important to our military and economic security. During times of crisis, the industry has been a source of strength for America. With our economy sputtering and our nation fighting a new war on terrorism, we need a healthy steel industry now more than ever.

In 1998, more than 41 million tons of steel found their way to U.S. markets. This was an 83 percent increase over the 23 million net ton average for the previous eight years. While in 1999 some claimed that the steel import crisis was over, they were soon reminded how volatile the situation really is. In 2000, 37.8 million tons of steel flooded U.S. markets. This was almost as high as the record 1998 import levels.

For almost 50 years, foreign steel producers have received direct and often illegal assistance from their governments in the form of subsidies or market intervention. This has contributed to a worldwide over production of steel. In 1999, the Organization for Economic Cooperation and Development, OECD, found that world steel making capacity remained ''well-above'' production between 1985 and 1999. Much of this excess steel has been shipped to the United States and priced well below U.S. steel. In some cases, these imports were dumped, subsidized, and shipped in such increased quantities as to inflict serious financial harm to U.S. producers.

As a key supporter of the Emergency Steel Loan Guarantee program, I believe that we must modify the program to make it work better. It is true that we have changed it this year; extending its life and increasing the portion of the loan covered by the guarantee from 85 percent to in some cases 95 percent. However, we need to do more. The Wellstone/DeWine legislation would clarify that a company, such as LTV, which has placed its facilities on ''hot idle status'' is eligible to receive a loan guarantee. It would also increase the amount of loans guaranteed with respect to a single qualified steel company to $350,000,000; permit the Steel Loan Guarantee Board to guarantee a loan where there is a fair likelihood of repayment, assuming vigorous and timely enforcement of our trade laws and general economic prosperity; provide flexibility to the Board in structuring security arrangements to maximize participation of lenders; expand the scope of lenders permitted to participate in a loan subject to the guarantee to include public and private institutions, including the company's existing lenders; require the Board to adopt a form of guarantee regulations no less favorable than those used in other government programs, including the Export-Import bank, and; increase the loan guarantee level for all loans to 95 percent.

We in the steel community are grateful for the President's leadership in initiating the Section 201 trade investigation, and we were generally pleased with the International Trade Commission's recommendations. I was pleased to see the Customs Service proceeding in a timely manner with the release of dumping and subsidy offset payments to the victims of illegal trade practices, including LTV, under the Continued Dumping and Subsidy Offset Act. However, without these changes to the Emergency Steel Loan program, many of our steel companies will not survive. We have an opportunity to send a powerful message to the world that America is standing by our steel industry in its time of need just as the industry has stood by America in her time of need.

By Mr. DODD:

S. 1885. A bill to establish the elderly housing plus health support demonstration program to modernize public housing for elderly and disabled persons; to the Committee on Banking, Housing, and Urban Affairs.

By Mr. DODD:

S. 1886. A bill to amend the Internal Revenue Code of 1986 to allow a business credit for supported elderly housing; to the Committee on Finance.

Mr. DODD. Mr. President, I rise today to introduce two bills that will help address a growing problem in America, our ability to provide safe and affordable housing that meets the needs of older Americans. Currently there are 35 million Americans over 65 years old. That number will double within the next thirty years. By 2030, 20 percent of the U.S. population will be over 65 years old.

Both of the bills that I am introducing will promote the development of assisted living programs to provide a wide range of services, including medical assistance, housekeeping services, hygiene and grooming, and meals preparation. Providing these services will in turn give older Americans greater opportunities to decide for themselves where they live and how they exercise their independence.

The first bill I am introducing is the ''Elderly Plus Supportive Health Support Demonstration Act,'' which will provide Federal grants to allow public housing authorities around the country to develop new strategies for providing better housing for senior citizens. Nearly one third of all public housing units are occupied by senior citizens. This figure has been steadily growing in recent years and will undoubtedly continue to grow in the future. It is critically important that we remain committed to providing low-income seniors with safe and affordable housing.

Unfortunately, as we examine the public housing stock across the country, we find a bleak situation. Over 66 percent of existing public housing units are more than 30 years old and most are not designed to meet the needs of older Americans. For example, too few of our housing units are equipped with equipment and features that facilitate mobility for those in wheelchairs. Even such simple things as having a kitchen counter top that can be reached from a wheelchair may make the difference between a senior being able to stay in her home or having to leave, often to be sent to an institution where seniors have less independence and control over their lives. The ''Elder Housing Plus Health Support Demonstration Act'' will give public housing authorities the tools they need to improve our public housing stock so our seniors will not be prematurely forced out of their homes.

The second bill that I am introducing is the ''Assisted Living Tax Credit Act,'' which will provide a tax incentive to help construct assisted living housing for low- and moderate-income Americans. The current stock of assisted living facilities is inadequate to meet demand in certain places around the country and the stock of moderately-priced units is even tighter. The demand for assisted living units will only increase as our population ages and this highly desired housing choice should be available to all Americans. The ''Assisted Living Tax Credit Act'' will help make assisted living arrangements available to those who have previously been priced out of the market.

The scarceness of affordable assisted living units has social costs that we

must consider as we set national housing policies for the future. Often, the cost of taking care of an aging family member can be devastating to American families. Too often, working men and women are torn between the need to maintain their jobs and the desire to provide the best possible care to their aging family members.

Advances in medicine are allowing us to live longer, healthier lives. Longevity is a great blessing, but it also poses significant challenges for individuals, families, and society as whole. One of the largest challenges we will face in the decades ahead is the challenge of defining new kinds of housing that respond to the needs of our growing elderly population.

It is my hope that the bills I am introducing today will generate earnest discussion on these important matters and will ultimately lead to action to ensure that every American senior can live in security and dignity.

I ask unanimous consent that the text of the ''Elderly Housing Plus Health Support Demonstration Act'' be printed in the RECORD. I also ask unanimous consent that the ''Assisted Living Tax Credit Act'' be printed in the RECORD.

S. 1885

There being no objection, the bills were ordered to be printed in the RECORD, as follows:

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Elderly Housing Plus Health Support Demonstration Act''.

SEC. 2. FINDINGS AND PURPOSES.

(a) FINDINGS.—The Congress finds that—

(1) there are not fewer than 34,100,000 Americans who are 65 years of age and older, and persons who are 85 years of age or older comprise almost one-quarter of that population;

(2) the Bureau of the Census of the Department of Commerce estimates that, by 2030, the elderly population will double to 70,000,000 persons;

(3) according to the Department of Housing and Urban Development report ''Housing Our Elders—A Report Card on the Housing Conditions and Needs of Older Americans'', the largest and fastest growing segments of the older population include many people who have historically been vulnerable economically and in the housing market—women, minorities, and people over the age of 85;

(4) many elderly persons are at significant risk with respect to the availability, stability, and accessibility of affordable housing;

(5) one third of public housing residents are approximately 62 years of age or older, making public housing the largest Federal housing program for senior citizens;

(6) the elderly population residing in public housing is older, poorer, frailer, and more racially diverse than the elderly population residing in other assisted housing;

(7) two-thirds of the public housing developments for the elderly, including those that also serve the disabled, were constructed before 1970 and are in dire need of major rehabilitation and reconfiguration, such as rehabilitation to provide new roofs, energy-efficient heating, cooling, utility systems, accessible units, and up-to-date safety features;

(8) many of the dwelling units in public housing developments for elderly and disabled persons are undersized, are inaccessible to residents with physical limitations, do not comply with the requirements under the Americans with Disabilities Act of 1990, or lack railings, grab bars, emergency call buttons, and wheelchair accessible ramps;

(9) a study conducted for the Department of Housing and Urban Development found that the cost of the basic modernization needs for public housing for elderly and disabled persons exceeds $5,700,000,000;

(10) a growing number of elderly and disabled persons face unnecessary institutionalization because of the absence of appropriate supportive services and assisted living facilities in their residences;

(11) for many elderly and disabled persons, independent living in a non-institutionalization setting is a preferable housing alternative to costly institutionalization, and would allow public monies to be more effectively used to provide necessary services for such persons;

(12) congregate housing and supportive services coordinated by service coordinators is a proven and cost-effective means of enabling elderly and disabled persons to remain in place with dignity and independence; and

(13) the effective provision of congregate services and assisted living in public housing developments requires the redesign of units and buildings to accommodate independent living.

(b) PURPOSES.—The purposes of this Act are—

(1) to establish a demonstration program to make competitive grants to provide state-of-the-art health-supportive housing with assisted living opportunities for elderly and disabled persons;

(2) to provide funding to enhance, make safe and accessible, and extend the useful life of public housing developments for the elderly and disabled and to increase their accessibility to supportive services;

(3) to provide elderly and disabled public housing residents a readily available choice in living arrangements by utilizing the services of service coordinators and providing a continuum of care that allows such residents to age in place;

(4) to incorporate congregate housing service programs more fully into public housing operations; and

(5) to accomplish such purposes and provide such funding under existing provisions of law that currently authorize all activities to be conducted under the program.

SEC. 3. DEFINITIONS.

In this Act:

(1) ELDERLY AND DISABLED FAMILIES.—The term ''elderly and disabled families'' means families in which 1 or more persons is an elderly person or a person with disabilities.

(2) ELDERLY PERSON.—The term ''elderly person'' means a person who is 62 years of age or older.

(3) PERSON WITH DISABILITIES.—The term ''person with disabilities'' has the same meaning as in section 3(b)(3)(E) of the United States Housing Act of 1937 (42 U.S.C. 1437a(b)(3)(E)).

(4) PUBLIC HOUSING AGENCY.—The term ''public housing agency'' has the same meaning as in section 3(b)(6)(A) of the United States Housing Act of 1937 (42 U.S.C. 1437a(b)(6)(A)).

(5) SECRETARY.—The term ''Secretary'' means the Secretary of Housing and Urban Development.

SEC. 4. AUTHORITY FOR ELDERLY HOUSING PLUS HEALTH SUPPORT PROGRAM.

The Secretary shall establish an elderly housing plus health support demonstration program (referred to in this Act as the ''demonstration program'') in accordance with this Act to provide coordinated funding to public housing projects for elderly and disabled families selected for participation under section 5, to be used for—

(1) rehabilitation or reconfiguration of such projects;

(2) the provision of space in such projects for supportive services and community and health facilities;

(3) the provision of service coordinators for such projects; and

(4) the provision of congregate services programs in or near such projects.

SEC. 5. PARTICIPATION IN PROGRAM.

(a) APPLICATION AND PLAN.—To be eligible to be selected for participation in the demonstration program, a public housing agency shall submit to the Secretary—

(1) an application, in such form and manner as the Secretary shall require; and

(2) a plan for the agency that—

(A) identifies the public housing projects for which amounts provided under this Act will be used, limited to projects that are designated or otherwise used for occupancy—

(i) only by elderly families; or

(ii) by both elderly families and disabled families; and

(B) provides for local agencies or organizations to establish or expand the provision of health-related services or other services that will enhance living conditions for residents of public housing projects of the agency, primarily in the project or projects to be assisted under the plan.

(b) SELECTION AND CRITERIA.—

(1) SELECTION.—The Secretary shall select public housing agencies for participation in the demonstration program based upon a competition among public housing agencies that submit applications for participation.

(2) CRITERIA.—The competition referred to in paragraph (1) shall be based upon—

(A) the extent of the need for rehabilitation or reconfiguration of the public housing projects of an agency that are identified in the plan of the agency pursuant to subsection (a)(2)(A);

(B) the past performance of an agency in serving the needs of elderly public housing residents or non-elderly, disabled public housing residents given the opportunities in the locality;

(C) the past success of an agency in obtaining non-public housing resources to assist such residents given the opportunities in the locality; and

(D) the effectiveness of the plan of an agency in creating or expanding services described in subsection (a)(2)(B).

SEC. 6. CONFIGURATION AND CAPITAL IMPROVEMENTS.

(a) GRANTS.—

(1) IN GENERAL.—The Secretary shall make grants to public housing agencies selected for participation under section 5, to be used only—

(A) for capital improvements to rehabilitate or reconfigure public housing projects identified in the plan submitted under section 5(a)(2)(A); and

(B) to provide space for supportive services and for community and health-related facilities primarily for the residents of projects identified in the plan submitted under section 5(a)(2)(A).

(2) SOURCE OF FUNDS.—Grants shall be made under this section from funds made available for the demonstration program in accordance with subsection (c).

(3) INAPPLICABILITY OF OTHER PROVISIONS.—Section 9(c)(1) of the United States Housing Act of 1937 (42 U.S.C. 1437g(c)(1)) does not apply to grants made under this section.

(b) ALLOCATION.—Grants funded in accordance with this section shall—

(1) be allocated among public housing agencies selected for participation under section 5 on the basis of the criteria established under section 5(b)(2); and

(2) be made in such amounts and subject to such terms as the Secretary shall determine.

(c) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated for the demonstration program, to make grants in accordance with this section—

(1) $100,000,000 for fiscal year 2002; and

(2) such sums as may be necessary for fiscal year 2003 and each subsequent fiscal year.

SEC. 7. SERVICE COORDINATORS.

(a) GRANTS.—

(1) IN GENERAL.—The Secretary shall make grants to public housing agencies selected for participation under section 5, to be used only—

(A) for public housing projects for elderly and disabled families for whom capital assistance is provided under section 6; and

(B) to provide service coordinators and related activities identified in the plan of the agency pursuant to section 5(a)(2), so that the residents of such public housing projects will have improved and more economical access to services that support the health and well-being of the residents.

(2) SOURCE OF FUNDS.—Grants shall be made under this section from funds made available for the demonstration program in accordance with subsection (c).

(3) INAPPLICABILITY OF OTHER PROVISIONS.—Section 9(c)(1) of the United States Housing Act of 1937 (42 U.S.C. 1437g(c)(1)) does not apply to grants made under this section.

(b) ALLOCATION.—The Secretary shall provide a grant pursuant to this section, in an amount not to exceed $100,000, to each public housing agency that is selected for participation under section 5.

(c) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated for the demonstration program, to make grants in accordance with this section—

(1) $2,000,000 for fiscal year 2002; and

(2) such sums as may be necessary for fiscal year 2003 and each subsequent fiscal year.

SEC. 8. CONGREGATE HOUSING SERVICES PROGRAMS.

(a) GRANTS.—

(1) IN GENERAL.—The Secretary shall make grants to public housing agencies selected for participation under section 5, to be used only—

(A) in connection with public housing projects for elderly and disabled families for which capital assistance is provided under section 6; and

(B) to carry out a congregate housing service program identified in the plan of the agency pursuant to section 5(a)(2) that provides services as described in section 202(g)(1) of the Housing Act of 1959 (12 U.S.C. 1701q(g)(1)).

(2) SOURCE OF FUNDS.—Grants shall be made under this section from funds made available for the demonstration program in accordance with subsection (c).

(3) INAPPLICABILITY OF OTHER PROVISIONS.—Other than as specifically provided in this section—

(A) section 9(c)(1) of the United States Housing Act of 1937 (42 U.S.C. 1437g(c)(1)) does not apply to grants made under this section; and

(B) section 202 of the Housing Act of 1959 (12 U.S.C. 1701q) does not apply to grants made under this section.

(b) ALLOCATION.—The Secretary shall provide a grant pursuant to this section, in an amount not to exceed $150,000, to each public housing agency that is selected for participation under section 5.

(c) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated for the demonstration program, to make grants in accordance with this section—

(1) $3,000,000 for fiscal year 2003; and

(2) such sums as may be necessary for fiscal year 2005 and each subsequent fiscal year.

SEC. 9. SAFEGUARDING OTHER APPROPRIATIONS.

Amounts authorized to be appropriated under this Act to carry out this Act are in addition to any amounts authorized to be appropriated under any other provision of law, or otherwise made available in appropriations Acts, for rehabilitation of public housing projects, for service coordinators for public housing projects, or for congregate housing services programs.

S. 1886

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Assisted Living Tax Credit Act''.

SEC. 2. SUPPORTED ELDERLY HOUSING CREDIT.

(a) IN GENERAL.—Subpart D of part IV of subchapter A of chapter 1 of the Internal Revenue Code of 1986 (relating to business related credits) is amended by adding at the end the following:

SEC. 42A. SUPPORTED ELDERLY HOUSING CREDIT.

''(a) AMOUNT OF CREDIT.—For purposes of section 38, the amount of the supported elderly housing credit determined under this section for any taxable year in the credit period shall be an amount equal to the sum of—

''(A) 9 percent of the qualified basis of each qualified supported elderly building, plus

''(B) 4 percent of such qualified basis with respect to any qualified supported elderly building providing qualified supported elderly services.

''(b) QUALIFIED BASIS; QUALIFIED SUPPORTED ELDERLY BUILDING; CREDIT PERIOD.—For purposes of this section—

''(1) QUALIFIED BASIS.—

''(A) DETERMINATION.—The qualified basis of any qualified supported elderly building for any taxable year is an amount equal to—

''(i) the applicable fraction (determined as of the close of such taxable year) of

''(ii) the eligible basis of such building (determined under rules similar to the rules under section 42(d)).

''(B) APPLICABLE FRACTION.—For purposes of subparagraph (A), the term 'applicable fraction' means the smaller of the unit fraction or the floor space fraction.

''(C) UNIT FRACTION.—For purposes of subparagraph (B), the term 'unit fraction' means the fraction—

''(i) the numerator of which is the number of supported elderly units in the building, and

''(ii) the denominator of which is the number of residential rental units (whether or not occupied) in such building.

''(D) FLOOR SPACE FRACTION.—For purposes of subparagraph (B), the term 'floor space fraction' means the fraction—

''(i) the numerator of which is the total floor space of the supported elderly units in such building, and

''(ii) the denominator of which is the total floor space of the residential rental units (whether or not occupied) in such building.

''(E) QUALIFIED BASIS TO INCLUDE PORTION OF BUILDING USED TO PROVIDE QUALIFIED SUPPORTED ELDERLY SERVICES.—In the case of a qualified supported elderly building described in subsection (a)(2), the qualified basis of such building for any taxable year shall be increased by the less of—

''(i) so much of the eligible basis of such building as is used through the year to provide qualified support elderly services, or

''(ii) 20 percent of the qualified basis of such building (determined without regard to this subparagraph).

''(2) QUALIFIED SUPPORTED ELDERLY BUILDING.—The term 'qualified supported elderly building' means any building which is part of a qualified supported elderly housing project at all times during the period—

''(A) beginning on the 1st day in the compliance period on which such building is part of such a project, and

''(B) ending on the last day of the compliance period with respect to such building.

Such term does not include any building with respect to which moderate rehabilitation assistance is provided, at any time during the compliance period, under section 8(e)(2) of the United States Housing Act of 1937 (other than assistance under the Stewart B. McKinney Homeless Assistance Act (as in effect on the date of the enactment of this sentence)).

''(3) CREDIT PERIOD.—The term 'credit period' means, with respect to any building, the period of 10 taxable years beginning with—

''(A) the taxable year in which the building is placed in service, or

''(B) at the election of the taxpayer, the succeeding taxable year,

but only if the building is a qualified supported elderly building as of the close of the 1st year of such period. The election under subparagraph (B), once made, shall be irrevocable.

''(4) APPLICABLE RULES.—

''(A) For treatment of certain rehabilitation expenditures as separate new buildings, subsection (e) of section 42 shall apply.

''(B) For rules regarding the application of the credit period, paragraph (2) through (5) of section 42(f) shall apply.

''(c) QUALIFIED SUPPORTED ELDERLY HOUSING PROJECT.—For purposes of this section—

''(1) IN GENERAL.—The term 'qualified supported elderly housing project' means any project for residential rental property if the project meets the requirements of subparagraph (A) or (B) whichever is elected by the taxpayer:

''(A) 20–50 TEST.—The project meets the requirements of this subparagraph if 20 percent or more of the residential units in such project are both rent-restricted and occupied by individuals whose income is 50 percent or less of area median gross income.

''(B) 40–90 TEST.—The project meets the requirements of this subparagraph if 40 percent or more of the residential units in such project are both rent-restricted and occupied by individuals whose income is 90 percent or less of area median gross income.

Any election under this paragraph, once made, shall be irrevocable. For purposes of this paragraph, any property shall not be treated as failing to be residential rental property merely because part of the building in which such property is located is used for purposes other than residential rental purposes.

''(2) RENT-RESTRICTED UNITS.—

''(A) IN GENERAL.—For purposes of paragraph (1), a residential unit is rent-restricted if the gross rent with respect to such unit does not exceed 65 percent of the imputed income limitation applicable to such unit. For purposes of the preceding sentence, the amount of the income limitation under paragraph (1) applicable for any period shall not be less than such limitation for the earliest period the building (which contains the unit) was included in the determination of whether the project is a qualified supported elderly housing project.

''(B) GROSS RENT.—For purposes of subparagraph (A), gross rent—

''(i) includes any fee for a qualified supported elderly service which is paid to the

owner of the unit (on the basis of the supported elderly status of the tenant of the unit) by any governmental program of assistance (or by an organization described in section 501(c)(3) and exempt from tax under section 501(a)) if such program (or organization) provides assistance for rent and the amount of assistance provided for rent is not separable from the amount of assistance provided for supportive services.

''(ii) does not include any payment under section 8 of the United States Housing Act of 1937 or any comparable rental assistance program (with respect to such unit or occupants thereof),

''(iii) includes any utility allowance determined by the Secretary after taking into account such determinations under section 8 of the United States Housing Act of 1937, and

''(iv) does not include any rental payment to the owner of the unit to the extent such owner pays an equivalent amount to the Farmers' Home Administration under section 515 of the Housing Act of 1949.

''(C) IMPUTED INCOME LIMITATION APPLICABLE TO UNIT.—For purposes of this paragraph, the imputed income limitation applicable to a unit is the income limitation which would apply under paragraph (1) to individuals occupying the unit if the number of individuals occupying the unit were as follows:

''(i) In the case of a unit which does not have a separate bedroom, 1 individual.

''(ii) In the case of a unit which has 1 or more separate bedrooms, 1.5 individuals for each separate bedroom.

In the case of a project with respect to which a credit is allowable by reason of this section and for which financing is provided by a bond described in section 142(a)(7), the imputed income limitation shall apply in lieu of the otherwise applicable income limitation for purposes of applying section 142(d)(4)(B)(ii).

''(D) TREATMENT OF UNITS OCCUPIED BY INDIVIDUALS WHOSE INCOMES RISE ABOVE LIMIT.—

''(i) IN GENERAL.—Except as provided in clause (ii), notwithstanding an increase in the income of occupants of a supported elderly unit above the income limitation applicable under paragraph (1), such unit shall continue to be treated as a supported elderly unit if the income of such occupants initially met such income limitation and such unit continues to be rent restricted.

''(ii) NEXT AVAILABLE UNIT MUST BE RENTED TO SUPPORTED ELDERLY TENANT IF INCOME RISES ABOVE 140 PERCENT OF INCOME LIMIT.—If the income of the occupants of the unit increases above 140 percent of the income limitation applicable under paragraph (1), clause (i) shall cease to apply to such unit if any residential rental unit in the building (of a size comparable to, or smaller than, such unit) is occupied by a new resident whose income exceeds such income limitation. In the case of a project described in section 142(d)(4)(B), the preceding sentence shall be applied by substituting '170 percent' for '140 percent' and by substituting 'any supported elderly unit in the building is occupied by a new resident whose income exceeds 40 percent of area median gross income' for 'any residential unit in the building (of a size comparable to, or smaller than, such unit) is occupied by a new resident whose income exceeds such income limitation'.

''(E) UNITS WHERE FEDERAL RENTAL ASSISTANCE IS REDUCED AS TENANT'S INCOME INCREASES.—If the gross rent with respect to a residential unit exceeds the limitation under subparagraph (A) by reason of the fact that the income of the occupants thereof exceeds the income limitation applicable under paragraph (1), such unit shall, nevertheless, be treated as a rent-restricted unit for purposes of paragraph (1) if—

''(i) a Federal rental assistance payment described in subparagraph (B)(i) is made with respect to such unit or its occupants, and

''(ii) the sum of such payment and the gross rent with respect to such unit does not exceed the sum of the amount of such payment which would be made and the gross rent which would be payable with respect to such unit if—

''(I) the income of the occupants thereof did not exceed the income limitation applicable under paragraph (1), and

''(II) such units were rent-restricted within the meaning of subparagraph (A).

The preceding sentence shall apply to any unit only if the result described in clause (ii) is required by Federal statute as of the date of the enactment of this subparagraph and as of the date the Federal rental assistance payment is made.

''(3) QUALIFIED SUPPORTED ELDERLY SERVICE.—The term 'qualified supported elderly service' means any service provided under a planned program of services designed to enable residents of a residential rental property to remain independent and avoid placement in a hospital, nursing home, or intermediate care facility for the mentally or physically handicapped. In the case of a single-room occupancy unit or a building described in subsection (h)(2)(B)(iii), such term includes any service provided to assist tenants in locating and retaining permanent housing.

''(4) DATE FOR MEETING REQUIRMENTS.—

''(A) IN GENERAL.—Except as otherwise provided in this paragraph, a building shall be treated as a qualified supported elderly building only if the project (of which such building is a part) meets the requirements of paragraph (1) not later than the close of the 1st year of the credit period for such building.

''(B) BUILDINGS WHICH RELY ON LATER BUILDINGS FOR QUALIFICATION.—

''(i) IN GENERAL.—In determining whether a building (in this subparagraph referred to as the 'prior building') is a qualified supported elderly building, the taxpayer may take into account 1 or more additional buildings placed in service during the 12-month period described in subparagraph (A) with respect to the prior building only if the taxpayer elects to apply clause (ii) with respect to each additional building taken into account.

''(ii) TREATMENT OF ELECTED BUILDINGS.—In the case of a building which the taxpayer elects to take into account under clause (i), the period under subparagraph (A) for such building shall end at the close of the 12-month period applicable to the prior building.

''(iii) DATE PRIOR BUILDING IS TREATED AS PLACED IN SERVICE.—For purposes of determining the credit period and the compliance period for the prior building, the prior building shall be treated for purposes of this section as placed in service on the most recent date any additional building elected by the taxpayer (with respect to such prior building) was placed in service.

''(C) SPECIAL RULE.—A building—

''(i) other than the 1st building placed in service as part of a project, and

(ii) other than a building which is placed in service during the 12-month period described in subparagraph (A) with the respect to a prior building which becomes a qualified supported elderly building,

shall in no event be treated as a qualified supported elderly building unless the project is a qualified supported elderly housing project (without regard to such building) on the date such building is placed in service.

''(D) PROJECTS WITH MORE THAN 1 BUILDING MUST BE IDENTIFIED.—For purposes of this section a project shall be treated as consisting of only 1 building unless, before the close of the 1st calendar year in the project period (as defined in subsection (d)(1)(F)(ii)), each building which is (or will be) part of such project is identified in such form and manner as the Secretary may provide.

''(5) CERTAIN RULES MADE APPLICABLE.—Paragraphs (2) (other than subparagraph (A) thereof), (3), (4), (5), (6), and (7) of section 142(d), and section 6652(j), shall apply for purposes of determining whether any project is a qualified supported elderly housing project and whether any unit is a supported elderly unit; except that, in applying such provisions for such purposes, the term 'gross rent' shall have the meaning given such term by paragraph (2)(B) of this subsection.

''(6) ELECTION TO TREAT BUILDING AFTER COMPLIANCE PERIOD AS NOT PART OF A PROJECT.—For purposes of this section, the taxpayer may elect to treat any building as not part of a qualified supported elderly housing project for any period beginning after the compliance period for such building.

''(7) SPECIAL RULE WHERE DE MINIMIS EQUITY CONTRIBUTION.—Proeprty shall not be treated as failing to be residential rental property for purposes of this section merely because the occupant of a residential unit in the project pays (on a voluntary basis) to the lessor a de minimis amount to be held toward the purchase by such occupant of a residential unit in such project if—

''(A) all amounts so paid are refunded to the occupant on the cessation of his occupancy of a unit in the project, and

''(B) the purchase of the unit is not permitted until after the close of the compliance period with respect to the building in which the unit is located.

Any amount paid to the lessor as described in the preceding sentence shall be included in gross rent under paragraph (2) for purposes of determining whether the unit is rent-restricted.

''(8) SCATTERED SITE PROJECTS.—Buildings which would (but for their lack of proximity) be treated as a project for purposes of this section shall be so treated if all of the dwelling units in each of the buildings are rent-restricted (within the meaning of paragraph (2)) residential rental units.

''(9) WAIVER OF CERTAIN DE MINIMIS ERRORS AND RECERTIFICATIONS.—On application by the taxpayer, the Secretary may waive—

''(A) any recapture under subsection (i) in the case of any de minimis error in complying with paragraph (1), or

''(B) any annual recertification of tenant income for purposes of this subsection, if the entire building is occupied by supported elderly tenants.

''(d) LIMITATION ON AGGREGATE CREDIT ALLOWABLE WITH RESPECT TO PROJECTS LOCATED IN A STATE.—

''(1) CREDIT MAY NOT EXCEED CREDIT AMOUNT ALLOCATED TO BUILDING.—The amount of the credit determined under this section for any taxable year with respect to any building shall not exceed the supported elderly housing credit dollar amount allocated to such building under rules similar to the rules of paragraph (1) of section 42(h).

''(2) ALLOCATED CREDIT AMOUNT TO APPLY TO ALL TAXABLE YEARS ENDING DURING OR AFTER CREDIT ALLOCATION YEAR.—Any supported elderly housing credit dollar amount allocated to any building for any calendar year—

''(A) shall apply to such building for all taxable years in the compliance period ending during or after such calendar year, and

''(B) shall reduce the aggregate supported elderly housing credit dollar amount of the allocating agency only for such calendar year.

''(3) SUPPORTED ELDERLY HOUSING CREDIT DOLLAR AMOUNT FOR AGENCIES.—

''(A) IN GENERAL.—The aggregate supported elderly housing credit dollar amount which a

supported elderly housing credit agency may allocate for any calendar year is the portion of the State supported elderly housing credit ceiling allocated under this paragraph for such calendar year to such agency.

''(B) STATE CEILING INITIALLY ALLOCATED TO STATE SUPPORTED ELDERLY HOUSING CREDIT AGENCIES.—Except as provided in subparagraphs (D) and (E), the State supported elderly housing credit ceiling for each calendar year shall be allocated to the supported elderly housing credit agency of such State. If there is more than 1 supported elderly housing credit agency of a State, all such agencies shall be treated as a single agency.

''(C) STATE SUPPORTED ELDERLY HOUSING CREDIT CEILING.—The State supported elderly housing credit ceiling applicable to any State and any calendar year shall be an amount equal to the sum of—

''(i) the unused State supported elderly housing credit ceiling (if any) of such State for the preceding calendar year,

''(ii) $1.25 multiplied by the State population,

''(iii) the amount of State supported elderly housing credit ceiling returned in the calendar year, plus

''(iv) the amount (if any) allocated under subparagraph (D) to such State by the Secretary.

For purposes of clause (i), the unused State supported elderly housing credit ceiling for any calendar year is the excess (if any) of the sum of the amounts described in clauses (i) through (iv) over the aggregate supported elderly housing credit dollar amount allocated for such year. For purposes of clause (iii), the amount of State supported elderly housing credit ceiling returned in the calendar year equals the supported elderly housing credit dollar amount previously allocated within the State to any project which fails to meet the 10 percent test under section 42(h)(1)(E)(ii) on a date after the close of the calendar year in which the allocation was made or which does not become a qualified supported elderly housing project within the period required by this section or the terms of the allocation or to any project with respect to which an allocation is canceled by mutual consent of the supported elderly housing credit agency and the allocation recipient.

''(D) UNUSED SUPPORTED ELDERLY HOUSING CREDIT CARRYOVERS ALLOCATED AMONG CERTAIN STATES.—

''(i) IN GENERAL.—The unused supported elderly housing credit carryover of a State for any calendar year shall be assigned to the secretary for allocation among qualified states for the succeeding calendar year.

''(ii) UNUSED SUPPORTED ELDERLY HOUSING CREDIT CARRYOVER.—For purposes of this subparagraph, the unused supported elderly housing credit carryover of a State for any calendar year is the excess (if any) of—

''(I) the unused State supported elderly housing credit ceiling for the year preceding such year, over

''(II) the aggregate supported elderly housing credit dollar amount allocated for such year.

''(iii) FORMULA FOR ALLOCATION OF UNUSED SUPPORTED ELDERLY HOUSING CREDIT CARRYOVERS AMONG QUALIFIED STATES.—The amount allocated under this subparagraph to a qualified State for any calendar year shall be the amount determined by the Secretary to bear the same ratio to the aggregate unused supported elderly housing credit carryovers of all States for the preceding calendar year as such State's population for the calendar year bears to the population of all qualified States for the calendar year. For purposes of the preceding sentence, population shall be determined in accordance with section 146(j).

''(iv) QUALIFIED STATE.—For purposes of this subparagraph, the term 'qualified State' means, with respect to a calendar year, any State—

''(I) which allocated its entire State supported elderly housing credit ceiling for the preceding calendar year; and

''(II) for which a request is made (not later than May 1 of the calendar year) to receive an allocation under clause (iii).

''(E) SPECIAL RULE FOR STATES WITH CONSTITUTIONAL HOME RULE CITIES.—For purposes of this subsection—

''(i) IN GENERAL.—The aggregate supported elderly housing credit dollar amount for any constitutional home rule city for any calendar year shall be an amount which bears the same ratio to the State supported elderly housing credit ceiling for such calendar year as—

''(I) the population of such city, bear to

''(II) the population of the entire State.

''(ii) COORDINATION WITH OTHER ALLOCATIONS.—In the case of any State which contains 1 or more constitutional home rule cities, for purposes of applying this paragraph with respect to supported elderly housing credit agencies in such State other than constitutional home rule cities, the State supported elderly housing credit ceiling for any calendar year shall be reduced by the aggregate supported elderly housing credit dollar amounts determined for such year for all constitutional home rule cities in such State.

''(iii) CONSTITUTIONAL HOME RULE CITY.—For purposes of this paragraph, the term 'constitutional home rule city' has the meaning given such term by section 146(d)(3)(C).

''(F) STATE MAY PROVIDE FOR DIFFERENT ALLOCATION.—Rules similar to the rules of section 146(e) (other than paragraph (2)(B) thereof) shall apply for purposes of this paragraph.

''(G) POPULATION.—For purposes of this paragraph, population shall be determined in accordance with section 146(j).

''(4) CREDIT FOR BUILDINGS FINANCED BY TAX-EXEMPT BONDS SUBJECT TO VOLUME CAP NOT TAKEN INTO ACCOUNT.—

''(A) IN GENERAL.—Paragraph (1) shall not apply to the portion of any credit allowable under subsection (a) which is attributable to eligible basis financed by any obligation the interest on which is exempt from tax under section 103 if—

''(i) such obligation is taken into account under section 146, and

''(ii) principal payments on such financing are applied within a reasonable period to redeem obligations the proceeds of which were used to provide such financing.

''(B) SPECIAL RULE WHERE 50 PERCENT OR MORE OF BUILDING IS FINANCED WITH TAX-EXEMPT BONDS SUBJECT TO VOLUME CAP.—For purposes of subparagraph (A), if 50 percent or more of the aggregate basis of any building and the land on which the building is located is financed by any obligation described in subparagraph (A), paragraph (1) shall not apply to any portion of the credit allowable under subsection (a) with respect to such building.

''(5) PORTION OF STATE CEILING SET-ASIDE FOR CERTAIN PROJECTS INVOLVING QUALIFIED NONPROFIT ORGANIZATIONS.—

''(A) IN GENERAL.—Not more than 90 percent of the State supported elderly housing credit ceiling for any State for any calendar year shall be allocated to projects other than qualified supported elderly housing projects described in subparagraph (B).

''(B) PROJECTS INVOLVING QUALIFIED NONPROFIT ORGANIZATIONS.—For purposes of subparagraph (A), a qualified supported elderly housing project is described in this subparagraph if a qualified nonprofit organization is to materially participate (within the meaning of section 469(h)) in the development and operation of the project throughout the compliance period.

''(C) QUALIFIED NONPROFIT ORGANIZATION.—For purposes of this paragraph, the term 'qualified nonprofit organization' means any organization if—

''(i) such organization is described in paragraph (3) or (4) of section 501(c) and is exempt from tax under section 501(a),

''(ii) such organization is determined by the State supported elderly housing credit agency not to be affiliated with or controlled by a for-profit organization; and

''(iii) 1 of the exempt purposes of such organization includes the fostering of supported elderly housing.

''(D) TREATMENT OF CERTAIN SUBSIDIARIES.—

''(i) IN GENERAL.—For purposes of this paragraph, a qualified nonprofit organization shall be treated as satisfying the ownership and material participation test of subparagraph (B) if any qualified corporation in which such organization holds stock satisfies such test.

''(ii) QUALIFIED CORPORATION.—For purposes of clause (i), the term 'qualified corporation' means any corporation if 100 percent of the stock of such corporation is held by 1 or more qualified nonprofit organizations at all times during the period such corporation is in existence.

''(E) STATE MAY NOT OVERRIDE SETASIDE.—Nothing in subparagraph (F) of paragraph (3) shall be construed to permit a State not to comply with subparagraph (A) of this paragraph.

''(6) BUILDINGS ELIGIBLE FOR CREDIT ONLY IF MINIMUM LONG-TERM COMMITMENT TO SUPPORTED ELDERLY HOUSING.—

''(A) IN GENERAL.—Under rules similar to the rules under section 42(h)(6), no credit shall be allowed by reason of this section with respect to any building for the taxable year unless an extended supported elderly housing commitment is in effect as of the end of such taxable year.

''(B) EXTENDED SUPPORTED ELDERLY HOUSING COMMITMENT.—For purposes of this paragraph, the term 'extended supported elderly housing commitment' has the meaning given the term 'extended low-income housing commitment' under section 42(h)(6).

''(7) APPLICATION OF CERTAIN RULES.—For purposes of this section, rules similar to the rules of section 42(h)(7) shall apply.

''(8) OTHER DEFINITIONS.—For purposes of this subsection—

''(A) SUPPORTED ELDERLY HOUSING CREDIT AGENCY.—The term 'supported elderly housing credit agency' means any agency authorized to carry out this subsection.

''(B) POSSESSIONS TREATED AS STATES.—The term 'State' includes a possession of the United States.

''(e) DEFINITIONS AND SPECIAL RULES.—For purposes of this section—

''(1) COMPLIANCE PERIOD.—The term 'compliance period' means, with respect to any building, the period of 15 taxable years beginning with the 1st taxable year of the credit period with respect thereto.

''(2) SUPPORTED ELDERLY UNIT.—

''(A) IN GENERAL.—The term 'supported elderly unit' means any unit in a building if—

''(i) such unit is rent-restricted (as defined in subsection (c)(2)), and

''(ii) the individuals occupying such unit meet the income limitation applicable under subsection (c)(1) to the project of which such building is a part.

''(B) EXCEPTION.—

''(i) IN GENERAL.—A unit shall not be treated as a supported elderly unit unless the unit

is suitable for occupancy and used other than on a transient basis.

''(ii) SUITABILITY FOR OCCUPANCY.—For purposes of clause (i), the suitability of a unit for occupancy shall be determined under regulations prescribed by the Secretary taking into account local health, safety, and building codes.

''(iii) TRANSITIONAL HOUSING FOR HOMELESS.—For purposes of clause (i), a unit shall be considered to be used other than on a transient basis if the unit contains sleeping accommodations and kitchen and bathroom facilities and is located in a building—

''(I) which is used exclusively to facilitate the transition of homeless individuals (within the meaning of section 103 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11302), as in effect on the date of the enactment of this clause) to independent living within 24 months, and

''(II) in which a governmental entity or qualified nonprofit organization (as defined in subsection (d)(5)(C)) provides such individuals with temporary housing and supportive services designed to assist such individuals in locating and retaining permanent housing.

''(iv) SINGLE-ROOM OCCUPANCY UNITS.—For purposes of clause (i), a single-room occupancy unit shall not be treated as used on a transient basis merely because it is rented on a month-by-month basis.

''(C) SPECIAL RULE FOR BUILDINGS HAVING 4 OR FEWER UNITS.—In the case of any building which has 4 or fewer residential rental units, no unit in such building shall be treated as a supported elderly unit if the units in such building are owned by—

''(i) any individual who occupies a residential unit in such building, or

''(ii) any person who is related (within the meaning of section 42(d)(2)(D)(iii)) to such individual.

''(D) OWNER-OCCUPIED BUILDING HAVING 4 OR FEWER UNITS ELIGIBLE FOR CREDIT WHERE DEVELOPMENT PLAN.—

''(i) IN GENERAL.—Subparagraph (C) shall not apply to the acquisition or rehabilitation of a building pursuant to a development plan of action sponsored by a State or local government or a qualified nonprofit organization (as defined in subsection (d)(5)(C)).

''(ii) LIMITATION ON CREDIT.—In the case of a building to which clause (i) applies, the applicable fraction shall not exceed 80 percent of the unit fraction.

''(iii) CERTAIN UNRENTED UNITS TREATED AS OWNER-OCCUPIED.—In the case of a building to which clause (i) applies, any unit which is not rented for 90 days or more shall be treated as occupied by the owner of the building as of the 1st day it is not rented.

''(3) APPLICATION TO ESTATES AND TRUSTS.—In the case of an estate or trust, the amount of the credit determined under subsection (a) and any increase in tax under subsection (i) shall be apportioned between the estate or trust and the beneficiaries on the basis of the income of the estate or trust allocable to each.

''(4) IMPACT OF TENANTS RIGHT OF 1ST REFUSAL TO ACQUIRE PROPERTY.—

''(A) IN GENERAL.—No Federal income tax benefit shall fail to be allowable to the taxpayer with respect to any qualified supported elderly building merely by reason of a right of 1st refusal held by the tenants (in cooperative form or otherwise) or resident management corporation of such building or by a qualified nonprofit organization (as defined in subsection (d)(5)(C)) or government agency to purchase the property after the close of the compliance period for a price which is not less than the minimum purchase price determined under subparagraph (B).

''(B) MINIMUM PURCHASE PRICE.—For purposes of subparagraph (A), the minimum purchase price under this subparagraph is an amount equal to the sum of—

''(i) the principal amount of outstanding indebtedness secured by the building (other than indebtedness incurred within the 5-year period ending on the date of the sale to the tenants), and

''(ii) all Federal, State, and local taxes attributable to such sale.

Except in the case of Federal income taxes, there shall not be taken into account under clause (ii) any additional tax attributable to the application of clause (ii).

''(f) RECAPTURE OF CREDIT.—

''(1) IN GENERAL.—If—

''(A) as of the close of any taxable year in the compliance period, the amount of the qualified basis of any building with respect to the taxpayer is less than.

''(B) the amount of such basis as of the close of the preceding taxable year,

then the taxpayer's tax under this chapter for the taxable year shall be increased by the credit recapture amount determined under rules similar to the rules of section 42(j).

''(g) APPLICATION OF AT-RISK RULES.—For purposes of this section, rules similar to the rules of section 42(k) shall apply.

''(h) RESPONSIBILITIES OF TAXPAYERS AND SUPPORTED ELDERLY HOUSING CREDIT AGENCIES.—For purposes of this section, subsections (l) and (m) of section 42 shall apply.

''(i) REGULATIONS.—The Secretary shall prescribe such regulations as may be necessary or appropriate to carry out the purposes of this section, including regulations—

''(1) dealing with—

''(A) projects which include more than 1 building or only a portion of a building,

''(B) buildings which are placed in service in portions,

''(2) providing for the application of this section to short taxable years,

''(3) preventing the avoidance of the rules of this section, and

''(4) providing the opportunity for supported elderly housing credit agencies to correct administrative errors and omissions with respect to allocations and record keeping within a reasonable period after their discovery, taking into account the availability of regulations and other administrative guidance from the Secretary.''.

(b) CURRENT YEAR BUSINESS CREDIT CALCULATION.—Section 38(b) of the Internal Revenue Code of 1986 (relating to current year business credit) is amended by striking ''plus'' at the end of paragraph (12), by striking the period at the end of paragraph (13) and inserting '', plus'', and by adding at the end the following:

''(14) the supported elderly housing credit determined under section 42A(a).''.

(c) LIMITATION ON CARRYBACK.—Subsection (d) of section 39 of the Internal Revenue Code of 1986 (relating to carryback and carryforward of unused credits) is amended by adding at the end the following:

''(10) NO CARRYBACK OF SUPPORTED ELDERLY HOUSING CREDIT BEFORE EFFECTIVE DATE.—No amount of unused business credit available under section 42A may be carried back to a taxable year beginning on or before the date of the enactment of this paragraph.''.

(d) CONFORMING AMENDMENTS.—

(1) Section 55(c)(1) of the Internal Revenue Code of 1986 is amended by inserting ''or subsection (f) or (g) of section 42A'' after ''section 42''.

(2) Subsections (i)(c)(3), (i)(c)(6)(B)(i), and (k)(1) of section 469 of such Code are each amended by inserting ''or 42A'' after ''section 42''.

(3) Section 772(a) of such Code is amended by striking ''and'' at the end of paragraph (10), by redesignating paragraph (11) as paragraph (12), and by inserting after paragraph (10) the following:

''(11) the supported elderly housing credit determined under section 42A, and''.

(4) Section 774(b)(4) of such Code is amended by inserting '', 42A(f),'' after ''section 42(j)''.

(e) CLERICAL AMENDMENT.—The table of sections for subpart D of part IV of subchapter A of chapter 1 of the Internal Revenue Code of 1986 is amended by inserting after the item relating to section 42 the following:

''Sec. 42A. Supported elderly housing credit.''.

(f) EFFECTIVE DATE.—The amendments made by this section shall apply to expenditures made in taxable years beginning after the date of the enactment of this Act.

By Ms. SNOWE:

S. 1887. A bill to provide for renewal of project-based assisted housing contracts at reimbursement levels that are sufficient to sustain operations, and for other purposes; to the Committee on Banking, Housing, and Urban Affairs.

Ms. SNOWE. Mr. President, I rise today to introduce legislation intended to correct serious inequities created by existing statutes affecting owners, financing agencies, and low-income residents participating in one of HUD's Section 8 multifamily rental subsidy programs.

I have worked closely with the Maine Congressional Delegation on this matter, as well as the Maine State Housing Authority and several housing projects in Maine, and the U.S. Department of Housing and Urban Development—HUD. At issue is HUD's interpretation of Section 524 of the Multifamily Assisted Housing Reform and Affordability Act of 1997 as it relates to the renewal of Section 8 ''moderate rehabilitation'' contracts in Maine and elsewhere.

The effect of HUD's interpretation of current law results in the application of HUD ''published Fair Market Rents.'' Such rents are often well below the actual comparable market rent. If this problem is not addressed, and addressed soon, I am very concerned that we could lose this affordable rental housing stock in Maine, resulting in the displacement of the residents of these properties.

The Maine Delegation worked with HUD over the last year to try to identify an administrative solution to this problem, but have been advised by HUD that we must pursue a change in law to enable the projects to obtain reimbursements at a level sufficient to sustain operations. Accordingly, the legislation I am introducing today will correct the portion of the statute that could result in the loss of this critical housing stock.

The program involved is the Section 8 Moderate Rehabilitation program, which is administered by local and state housing agencies throughout the nation. Existing law, contained in Section 524 of the Multifamily Assisted Housing Reform and Affordability Act of 1997, as amended—MAHRA—regarding renewal of expiring project-based Section 8 contracts, treats contracts under the Moderate Rehabilitation

Program in a fundamentally different way from contracts under the New Construction, Substantial Rehabilitation, and Loan Management Set-Aside programs.

Section 524(b)(3) of MAHRA provides a separate and distinct formula for calculating renewal rents for expiring contracts under the Moderate Rehabilitation program. The formula is more restrictive than the formula applicable to expiring contracts under other Section 8 programs, based on an assumption that the debt service payments on the original moderate rehabilitation financing would not be a continuing obligation of the project owner after expiration of the original subsidy contract.

The assumption was correct as to many projects under the Moderate Rehabilitation program, but it is not true as to some significant projects serving particularly vulnerable populations, including two very important community projects located in Maine, which I will describe later.

Perhaps an even greater concern than the formula itself, however, is a ruling by HUD's Office of General Counsel that Section 524(b)(3) presents the exclusive method for renewal of expiring contracts under the Moderate Rehabilitation program. In order to appreciate the drastic and problematic results of this opinion, it is necessary to understand the relationship between the Section 8 renewal legislation and the Mark-to-Market program, also enacted by MAHRA.

According to HUD, housing subsidy contracts are expiring on thousands of privately owned multifamily properties with federally insured mortgages. Many of these contracts set rents at amounts higher than those of the local market. As these subsidy contracts expire, the Mark-to-Market program will reduce rents to market levels and will restructure existing debt to levels supportable by these rents.

The basic principle of this integrated legislative structure is that for projects financed by FHA-insured mortgages, expiring Section 8 contracts which are subsidizing rents higher than market rents in the area will be renewed at rents reduced to a level not higher than the market rents. Where this reduced rent will not support debt service on the FHA-insured mortgage, the mortgage will be restructured pursuant to Mark-to-Market. The basic tradeoff is that while the Federal Government may bear some cost in the FHA insurance fund, it will be a lesser cost than continuing to subsidize above-market rents.

However, not all Section 8 projects are financed by FHA-insured mortgages. Many, instead, are financed by State housing agency bond-financed mortgages without FHA insurance, and some are even conventionally financed. The legislation provides, therefore, for an important ''exception'' to the requirement that rents be reduced upon renewal to market rents. Under Sections 524(b)(1) and (2), Section 8 contracts for ''exception'' projects—which are principally projects not eligible for Mark-to-Market because their mortgages are not FHA-insured—may be renewed at rents not exceeding the lower of current rents, as adjusted by an operating cost adjustment factor, and a ''budget-based rent'' approved by HUD, notwithstanding that such rents may exceed market rents in the area.

The effect of the HUD ruling that Section 524(b)(3) provides the exclusive authority for renewing expiring contracts in the Moderate Rehabilitation program is that ''exception'' project treatment under Section 524(b)(1) and (2) is made unavailable for Moderate Rehabilitation projects. The irony of this is that while the majority of Section 8 New Construction and Substantial Rehabilitation projects, and of course all Loan Management Set-Aside projects, are financed by FHA-insured mortgages—and therefore non-insured projects are truly the ''exception'' under those programs—the opposite is true in the Moderate Rehabilitation program.

Information provided by HUD indicates that not more than approximately 13 percent of all units ever subsidized under the Moderate Rehabilitation program were in projects financed by FHA-insured mortgages. Non-insured mortgages, therefore, were the rule, not the exception, in the Moderate Rehabilitation program.

The impact of this circumstance is well illustrated by two projects in Maine, both of which represent vital community resources for highly vulnerable low-income populations.

Loring House is a 104-unit development in Portland. The building originally was the Portland City Hospital, which was closed by the City in the early 1980s. It was converted to a residential facility for elderly and handicapped residents with significant public participation and support, including tax-exempt bond first mortgage financing by the Maine State Housing Authority, Moderate Rehabilitation Section 8 rental subsidies from the Portland and Westbrook public housing authorities, and second mortgage operating deficit financing by the Portland Housing Development Corporation.

The Loring House Section 8 contract expired in stages commencing December 31, 2000. The Loring House mortgage financing is not FHA-insured, but based on the HUD opinion I described, ''exception'' project treatment was denied. Under the Section 524(b)(3) formula, the Section 8 contract rents were reduced approximately 14 percent on renewal—this notwithstanding that the project was already incurring substantial operating deficits, supported by public operating deficit financing, even under the previous rents. The ultimate financial risk on this development is borne by the Maine State Housing Authority.

Loring House is an important community resource aside from the substantial public stake in its financing. Since 1985, the resident population has undergone a significant transformation, attributable largely to deinstitutionalization of two state mental institutions and concentration of State-supported comprehensive mental health services in the Portland area.

It is estimated that currently 70 percent of the tenant population are impacted by mental health, mental retardation and/or substance abuse issues. This change in population served has increased the total independence of the project on project-based assistance if it is to continue to serve this population. The only feasible avenue to financial survival of this facility, much less to its continued ability to serve its special population, is availability of ''exception'' project treatment.

Maison Marcotte is a 128-unit congregate care facility located in Lewiston. The building was built originally in the 1920s as a nursing home on a health care campus owned by the Sisters of Charity Health System.

Following construction of a new nursing home on the campus in the early 1980s, the Health System ground leased the former nursing home to a for-profit development group which renovated the facility into several discrete uses, including a kitchen and cafeteria facility for the health care campus, a wing of physician offices, and 128 one-bedroom congregate care units. The renovation was assisted by a 110-unit Moderate Rehabilitation award by the Lewiston Housing Authority; 18 units are private-pay.

A nonprofit subsidiary of Sisters of Charity Health System took over possession and operation of the facility following a Chapter 11 reorganization of the for-profit developer in the late 1980s. The bank debt on the facility was refinanced in 1993 by a tax-exempt bond financed first mortgage loan made by the Maine State Housing Authority which matures in 2023. The mortgage financing is not FHA-insured. The Moderate Rehabilitation HAP Contract expires October 31, 2001.

The current Moderate Rehabilitation contract rents for the one-bedroom units are substantially lower than the private-pay rents for similar units in the facility. Nevertheless, contract renewal pursuant to the existing Section 524(b)(3) formula would result in a 20-percent rent reduction, which clearly would threaten survival of the project. The financial risk, again, is borne solely by the Maine State Housing Authority.

The property might appear to have the option of opting out and converting to all private-pay units at the higher rental, but that is not the desire of the nonprofit operator nor would it be consistent with the low-income use restrictions arising from the tax-exempt bond issue. The only feasible outcome for this facility which would permit continuance of its commitment to very low-income elderly residents is renewal at ''exception rent'' pursuant to Section 524(b)(1).

I find it inconceivable that Congress consciously intended to impose the financial impact of Section 8 rent reductions in cases such as these onto State housing finance agencies. I also have no reason to think that the circumstances of these two projects, in which state housing agencies have undertaken the financing risk of long-term mortgages backed by short-term rental subsidy contracts because of the important public purposes of the projects, are unique to the State of Maine.

The legislation I am introducing today, therefore, would correct this inequity by simply striking subsection (b)(3) of Section 524. Under this legislation, the renewal of expiring contracts in the Moderate Rehabilitation program would be governed by the same renewal rent provisions as are applicable to expiring contracts in the New Construction and Substantial Rehabilitation programs, including the availability of ''exception'' project rents where the project financing is not FHA-insured.

Finally, the legislation would also strike one other current provision of the Section 8 renewal legislation which singles out Moderate Rehabilitation projects for unfavorable treatment and, more importantly, excludes Moderate Rehabilitation projects from the important policy preference for encouraging Section 8 project owners to continue their participation in the program and thereby maintain the availability of the units for low-income occupancy.

An essential tool for the preservation program, as strengthened by amendments to MAHRA enacted in 1999, is the ability to permit Section 8 owners currently receiving below-market rents under expiring contracts to receive rent increases upon renewal up to the level of market rents in the area, in exchange for a commitment to remain in the program for not less than an additional 5 years. Expiring contracts under the Moderate Rehabilitation program were excluded from this authority. However, from the standpoint of lower-income families needing subsidized housing opportunities in their communities, I believe the preservation of units which happen to be subsidized under the Moderate Rehabilitation program is no less vital than preservation of units under other subdivisions of the Section 8 program.

The Section 8 Moderate Rehabilitation program, while relatively small in comparison to the New Construction or Substantial Rehabilitation programs, is nevertheless widespread throughout the nation, in both large and small communities. It also has suffered a marked attrition of units, presumably due in large part to owner opt-outs in recent years. Information provided by HUD indicates that out of the total of approximately 120,000 units that we assisted under the Moderate Rehabilitation program, 52,000 units remained in the program in May 2000.

HUD information also indicated that 113 separate housing agencies in 42 States across the nation plus Puerto Rico, including State as well as local agencies, had 100 or more units under contract in May 2000. Since many if not most Moderate Rehabilitation project owners receive rents under their original contracts that are lower than market rents, it cannot be doubted that the ability to receive market rents could encourage many owners to remain in the program and to continue to provide affordable housing opportunities for their communities.

Accordingly, the legislation I am introducing today would also strike the current exclusion of contracts under the Moderate Rehabilitation program from the ability to receive renewal rents increased to market rent levels.

The overall effect of my legislation is to place expiring contracts under the Moderate Rehabilitation program on an equal footing with other expiring Section 8 contracts having similar characteristics in terms of comparison of contract rents with market rents and in terms of financing source—HUD-insured or non-insured.

I believe that preservation of these critical housing units is an imperative to my constituents and the communities I represent, as well as communities and projects elsewhere. As such, I urge my colleagues to join me in supporting this important legislation.

By Mr. HATCH:

S. 1889. A bill to provide for work authorization for nonimmigrant spouses of intracompany transferees, and to reduce the period of time during which certain intracompany transferees have to be continuously employed before applying for admission to the United States; to the Committee on the Judiciary.

By Mr. HATCH:

S. 1890. A bill to provide for work authorization for nonimmigrant spouses of treaty traders and treaty investors; to the Committee on the Judiciary.

Mr. HATCH. Mr. President, I wish to introduce companion measures to two House bills that would end the barring of the spouses of 'E' and 'L' nonimmigrant visa holders from work authorization while they are in the United States. The House of Representatives passed H.R. 2277 and H.R. 2278 with broad bipartisan support earlier this year and the Senate Judiciary Committee approved the House versions of both bills by unanimous consent earlier today.

The companion to H.R. 2277 amends the Immigration and Nationality Act to authorize the husbands and wives of treaty traders or treaty investors working in the United States, or E visa holders, to work themselves. The companion to H.R. 2278 is very similar, granting employment authorization to the spouses of intracompany transfers, or L visa holders. This measure would also allow individuals to apply for L visas after six months, rather than one year, of employment with the company with which they are working in the United States. I believe that both of these bills are very reasonable and deserve the support of the Senate.

Both pieces of legislation would end practices that deserve change as they currently stand. It is not right to force one spouse in a family to forgo employment simply because the other is working in the United States. Granting employment authorization to the spouses of E and L visa recipients makes it easier for foreign countries and multinational companies to persuade highly qualified employees, who are used to having both spouses actively employed, to relocate to the United States.

The time requirement for L visa applicants also warrants change. Current law requires that an L visa not be granted unless the applicant has been employed for at least 1 year with the employer in question. In many situations, this is too restrictive. This requirement inhibits firms who wish to hire individuals with specialized skills to meet the needs of clients in the United States. A shorter prior employment period would allow companies to meet the needs of their clients in a more timely manner.

I thank the House of Representatives and especially Congressman GEKAS, Chairman of the House Subcommittee on Immigration and Claims, for their hard work on these bills. Given the work between the House and Senate on these bills, I feel comfortable urging my colleagues to give these issues all due attention and support these measures.

By Mr. HATCH:

S. 1891. A bill to extend the basic pilot program for employment eligibility verification, and for other purposes; to the Committee on the Judiciary.

Mr. HATCH. Mr. President, I stand to introduce a companion bill to H.R. 3030, the House bill that would extend a pilot program for employment eligibility verification of non-citizens. This bill would extend the program, set to expire this year, for two more years.

This basic pilot program, available to employers in California, Florida, Illinois, Nebraska, New York, and Texas, was authorized in 1996, and has proved to be an incredibly effective resource since them. The program allows participating employers to electronically access certain government databases in order to verify the employment authorization of non-citizens. Electronic confirmation of this information provides a critical tool for employers to ensure that they are not hiring unauthorized aliens. This program allows employers to protect themselves from the employer sanction provisions of the Immigration and Nationality Act, while providing meaningful deterrence to would-be employers who lack appropriate authorization from the INS.

During this time of increased national security, we can all appreciate any tool that will facilitate enforcement of our immigration laws. After communication between the House and the Senate on this issue, and the favorable report from the Senate Judiciary Committee this morning, I have little doubt that my colleagues in the Senate will recognize the useful nature of the Pilot Program and support its extension.

By Mr. SPECTER:

S.J. Res. 30. A joint resolution proposing an amendment to the Constitution of the United States regarding the appointment of individuals to serve as Members of the House of Representatives in the event a significant number of Members are unable to serve at any time because of death or incapacity; to the Committee on the Judiciary.

Mr. SPECTER. Mr. President, I have sought recognition today to discuss language for a proposed constitutional amendment that would provide for the appointment of temporary Representatives by a Governor if fifty percent or more of the members of the House were killed or incapacitated. I place this

language in the RECORD not with the intention of urging its passage this session, but rather to afford my colleagues an opportunity to offer their comments and suggestions, and to afford them the opportunity to consider co-sponsoring this proposed amendment.

The events of September 11 and the subsequent anthrax attacks directed against members of Congress and other Americans highlight the very real possibility that the Senate and House of Representatives could suffer catastrophic casualties that would prevent either or both bodies from fulfilling their essential roles in the governance of our Nation. Despite the morbidity of such a scenario, it is essential that we put in place a contingency plan for the effective continuance of our democracy. The Seventeenth Amendment to the Constitution allows for the temporary replacement of Senators by appointment by the Governor of their respective States. However, no such provision applies to members of the House. Only a proposed amendment to the United States Constitution would remedy this deficiency.

The only means to replace members of the House is by special election. Article 1, Section 2, clause 14, states that ''[w]hen vacancies happen in the Representation from any State, the Executive Authority thereof shall issue Writs of Election to fill such Vacancies.'' My legislative language proposes that if at any time, fifty percent or more of the Members of the House of Representatives are unable to carry out their duties because of death or incapacity, each Governor of a State represented by such Member would have the power to appoint an otherwise qualified individual to take the place of the Member as soon as practicable after certification of the Member's death or incapacity. Article I, Section 4, clause I states that ''a Majority of each [House] shall constitute a Quroum to do Business.'' Accordingly, this extraordinary measure giving a Governor the power of appointment of a replacement Member would be triggered, when due to death or incapacity, the House would not have a quorum to conduct business.

My proposed amendment requires an individual appointed to take the place of the Member to serve until a Member is elected to fill the vacancy by a special election to be held at any time during the 90-day period which begins on the date of the individual's appointment, except that if a regularly schuled general election for the office was scheduled to be held during such period or 30 days thereafter, no special election would be held, and the Member elected in such regularly scheduled general election would fill the vacancy upon election. Further, my proposed amendment allows for the appointed individual to be a candidate in the special election or regularly scheduled general election.

The Governor would be required to appoint a person of the same party as the ''replaced'' member. This stipulation would ensure that the citizens of a congressional district would continue to be represented by a Congressperson from the same party.

While I understand that this is an issue we would rather not grapple with, it is imperative that we deliberate and ensure that, in case of a catastrophe, our system of governance will continue to remain strong and stable. Similar legislation has been introduced in the House of Representatives. I welcome comments from my colleagues in both the House and Senate and look forward to passing meaningful legislation when Congress returns from its winter recess.

SUBMITTED RESOLUTIONS

SENATE RESOLUTION 194—CONGRATULATING THE PEOPLE AND GOVERNMENT OF KAZAKHSTAN ON THE TENTH ANNIVERSARY OF THE INDEPENDENCE OF THE REPUBLIC OF KAZAKHSTAN

Mr. BROWNBACK submitted the following resolution; which was considered and agreed to:

S. RES. 194

Whereas, on December 16, 2001, Kazakhstan will celebrate 10 years of independence;

Whereas, since gaining its independence, Kazakhstan has made significant strides in becoming a stable and peaceful nation that provides economic opportunity for its people;

Whereas Kazakhstan continues to face political, ethnic, economic, and environmental challenges;

Whereas Kazakhstan plays an important role in Central Asia by virtue of its large territory, ample natural resources, and strategic location;

Whereas the Department of Energy estimates that Kazakhstan has up to 17,600,000,000 barrels of proven petroleum reserves and up to 83,000,000,000,000 cubic feet of proven natural gas reserves;

Whereas Kazakhstan has successfully partnered with United States companies in the development of its petroleum and natural gas resources;

Whereas in November 2001, the Caspian Pipeline Consortium was inaugurated, providing the first major pipeline to bring the Caspian energy resources to the world market;

Whereas the United States private sector contributed nearly 50 percent of the $2,600,000,000 Caspian Pipeline Consortium investment;

Whereas Kazakhstan, under the leadership of President Nursultan Nazarbaev, has fully cooperated with the United States on national security concerns, including combating nuclear proliferation, international crime, and narcotics trafficking;

Whereas, since September 11, 2001, cooperation with Kazakhstan and other Central Asian States, specifically Tajikistan and Uzbekistan, has become even more important to the ability of the United States to protect the United States homeland; and

Whereas Kazakhstan has extended all due cooperation to the United States in fighting a war against international terrorism: Now, therefore, be it

Resolved, That the Senate—

(1) congratulates the people of Kazakhstan and its government, on the tenth anniversary of its independence;

(2) welcomes the partnership between the Government of Kazakhstan and United States companies in developing its natural resources in an environmentally sustainable manner;

(3) applauds the cooperation between the Government of Kazakhstan and the Government of the United States on matters of national security and is grateful for the full cooperation of Kazakhstan in the war against international terrorism;

(4) encourages the Government of Kazakhstan to continue to make progress in the areas of institutionalizing democracy, respecting human rights, reducing corruption, and implementing broad-based market reforms; and

(5) looks forward to further enhancing the economic, political, and national security cooperation between Kazakhstan and the United States.

SENATE RESOLUTION 195—TENDERING THE THANKS OF THE SENATE TO THE VICE PRESIDENT FOR THE COURTEOUS, DIGNIFIED, AND IMPARTIAL MANNER IN WHICH HE HAS PRESIDED OVER THE DELIBERATIONS OF THE SENATE

Mr. DASCHLE (for himself and Mr. LOTT) submitted the following resolution; which was considered and agreed to:

S. RES. 195

Resolved, That the thanks of the Senate are hereby tendered to the Honorable RICHARD B. CHENEY, Vice President of the United States and President of the Senate, for the courteous, dignified, and impartial manner in which he has presided over its deliberations during the first session of the One Hundred Seventh Congress.

SENATE RESOLUTION 196—TENDERING THE THANKS OF THE SENATE TO THE PRESIDENT PRO TEMPORE FOR THE COURTEOUS, DIGNIFIED, AND IMPARTIAL MANNER IN WHICH HE HAS PRESIDED OVER THE DELIBERATIONS OF THE SENATE

Mr. DASCHLE (for himself and Mr. LOTT) submitted the following resolution; which was considered and agreed to:

S. RES. 196

Resolved, That the thanks of the Senate are hereby tendered to the Honorable ROBERT C. BYRD, President pro tempore of the Senate, for the courteous, dignified, and impartial manner in which he has presided over its deliberations during the first session of the One Hundred Seventh Congress.

SENATE RESOLUTION 197—TO COMMEND THE EXEMPLARY LEADERSHIP OF THE MAJORITY LEADER

Mr. LOTT submitted the following resolution; which was considered and agreed to:

S. RES. 197

Resolved, That the thanks of the Senate are hereby tendered to the distinguished Majority Leader, the Senator from South Dakota,

the Honorable THOMAS A. DASCHLE, for his exemplary leadership and the cooperative and dedicated manner in which he has performed his leadership responsibilities in the conduct of Senate business during the first session of the 107th Congress.

SENATE RESOLUTION 198—TO COMMEND THE EXEMPLARY LEADERSHIP OF THE REPUBLICAN LEADER

Mr. DASCHLE submitted the following resolution; which was considered and agreed to:

S. RES. 198

Resolved, That the thanks of the Senate are hereby tendered to the distinguished Republican Leader, the Senator from Mississippi, the Honorable TRENT LOTT, for his exemplary leadership and the cooperative and dedicated manner in which he has performed his leadership responsibilities in the conduct of Senate business during the first session of the 107th Congress.

AMENDMENTS SUBMITTED AND PROPOSED

SA 2689. Mr. DASCHLE proposed an amendment to the bill H.R. 2884, An act to amend the Internal Revenue Code of 1986 to provide tax relief for victims of the terrorist attacks against the United States, and for other purposes.

SA 2690. Mr. HOLLINGS (for himself, Mr. MCCAIN, and Mr. GRAHAM) proposed an amendment to the bill S. 1214, to amend the Merchant Marine Act, 1936, to establish a program to ensure greater security for United States seaports, and for other purposes.

SA 2691. Mr. REID (for Mr. ALLEN) proposed an amendment to the bill S. 1858, to permit the closed circuit televising of the criminal trial of Zacarias Moussaoui for the victims of September 11th.

SA 2692. Mr. REID (for Mr. FRIST (for himself, Mr. KENNEDY, and Mr. GREGG)) proposed an amendment to the bill H.R. 3448, to improve the ability of the United States to prevent, prepare for, and respond to bioterrorism and other public health emergencies.

SA 2693. Mr. REID (for Mr. BROWNBACK) proposed an amendment to the bill S. Res. 194, congratulating the people and government of Kazakhstan on the tenth anniversary of the independence of the Republic of Kazakhstan.

SA 2694. Mr. REID (for Mr. SMITH, of New Hampshire) proposed an amendment to the bill S. 990, to amend the Pittman-Robertson Wildlife Restoration Act to improve the provisions relating to wildlife conservation and restoration programs, and for other purposes.

SA 2695. Mr. REID (for Mr. BIDEN (for himself and Mr. HELMS)) proposed an amendment to the bill S. 1803, to authorize appropriations under the Arms Export Control Act and the Foreign Assistance Act of 1961 for security assistance for fiscal years 2002 and 2003, and for other purposes.

SA 2696. Mr. REID (for Mrs. CLINTON) proposed an amendment to the bill S. 1637, to waive certain limitations in the case of use of the emergency fund authorized by section 125 of title 23, United States Code, to pay the costs of projects in response to the attack on the World Trade Center in New York City that occurred on September 11, 2001.

SA 2697. Mr. REID (for Mr. LEAHY (for himself, Mr. KENNEDY, and Mr. HATCH)) proposed an amendment to the bill H.R. 2215, to authorize appropriations for the Department of Justice for fiscal year 2002, and for other purposes.

TEXT OF AMENDMENTS

SA 2689. Mr. DASCHLE proposed an amendment to the bill H.R. 2884, an act to amend the Internal Revenue Code of 1986 to provide tax relief for victims of the terrorist attacks against the United States, and for other purposes; as follows:

In lieu of the matter proposed to be inserted by the House amendment to the text of the bill, insert the following:

SECTION 1. SHORT TITLE; ETC.

(a) SHORT TITLE.—This Act may be cited as the ''Victims of Terrorism Tax Relief Act of 2001''.

(b) AMENDMENT OF 1986 CODE.—Except as otherwise expressly provided, whenever in this Act an amendment or repeal is expressed in terms of an amendment to, or repeal of, a section or other provision, the reference shall be considered to be made to a section or other provision of the Internal Revenue Code of 1986.

(c) TABLE OF CONTENTS.—The table of contents for this Act is as follows:

TITLE I——VICTIMS OF TERRORISM TAX RELIEF

Subtitle A—Relief Provisions for Victims of Terrorist Attacks

SEC. 101. INCOME TAXES OF VICTIMS OF TERRORIST ATTACKS.

(a) IN GENERAL.—Section 692 (relating to income taxes of members of Armed Forces on death) is amended by adding at the end the following new subsection:

''(d) INDIVIDUALS DYING AS A RESULT OF CERTAIN ATTACKS.—

''(1) IN GENERAL.—In the case of a specified terrorist victim, any tax imposed by this chapter shall not apply—

''(A) with respect to the taxable year in which falls the date of death, and

''(B) with respect to any prior taxable year in the period beginning with the last taxable year ending before the taxable year in which the wounds, injury, or illness referred to in paragraph (3) were incurred.

''(2) $10,000 MINIMUM BENEFIT.—If, but for this paragraph, the amount of tax not imposed by paragraph (1) with respect to a specified terrorist victim is less than $10,000, then such victim shall be treated as having made a payment against the tax imposed by this chapter for such victim's last taxable year in an amount equal to the excess of $10,000 over the amount of tax not so imposed.

''(3) TAXATION OF CERTAIN BENEFITS.—Subject to such rules as the Secretary may prescribe, paragraph (1) shall not apply to the amount of any tax imposed by this chapter which would be computed by only taking into account the items of income, gain, or other amounts attributable to—

''(A) deferred compensation which would have been payable after death if the individual had died other than as a specified terrorist victim, or

''(B) amounts payable in the taxable year which would not have been payable in such taxable year but for an action taken after September 11, 2001.

''(4) SPECIFIED TERRORIST VICTIM.—For purposes of this subsection, the term 'specified terrorist victim' means any decedent—

''(A) who dies as a result of wounds or injury incurred as a result of the terrorist attacks against the United States on April 19, 1995, or September 11, 2001, or

''(B) who dies as a result of illness incurred as a result of an attack involving anthrax occurring on or after September 11, 2001, and before January 1, 2002.

Such term shall not include any individual identified by the Attorney General to have been a participant or conspirator in any such attack or a representative of such an individual.''.

(b) CONFORMING AMENDMENTS.—

(1) Section 5(b)(1) is amended by inserting ''and victims of certain terrorist attacks'' before ''on death''.

(2) Section 6013(f)(2)(B) is amended by inserting ''and victims of certain terrorist attacks'' before ''on death''.

(c) CLERICAL AMENDMENTS.—

(1) The heading of section 692 is amended to read as follows:

''SEC. 692. INCOME TAXES OF MEMBERS OF ARMED FORCES AND VICTIMS OF CERTAIN TERRORIST ATTACKS ON DEATH.''.

(2) The item relating to section 692 in the table of sections for part II of subchapter J of chapter 1 is amended to read as follows:

''Sec. 692. Income taxes of members of Armed Forces and victims of certain terrorist attacks on death.''.

(d) EFFECTIVE DATE; WAIVER OF LIMITATIONS.—

(1) EFFECTIVE DATE.—The amendments made by this section shall apply to taxable years ending before, on, or after September 11, 2001.

(2) WAIVER OF LIMITATIONS.—If refund or credit of any overpayment of tax resulting from the amendments made by this section is prevented at any time before the close of the 1-year period beginning on the date of the enactment of this Act by the operation of any law or rule of law (including res judicata), such refund or credit may nevertheless be made or allowed if claim therefor is filed before the close of such period.

SEC. 102. EXCLUSION OF CERTAIN DEATH BENEFITS.

(a) IN GENERAL.—Section 101 (relating to certain death benefits) is amended by adding at the end the following new subsection:

''(i) CERTAIN EMPLOYEE DEATH BENEFITS PAYABLE BY REASON OF DEATH OF CERTAIN TERRORIST VICTIMS.—

''(1) IN GENERAL.—Gross income does not include amounts (whether in a single sum or otherwise) paid by an employer by reason of the death of an employee who is a specified terrorist victim (as defined in section 692(d)(4)).

''(2) LIMITATION.—

''(A) IN GENERAL.—Subject to such rules as the Secretary may prescribe, paragraph (1) shall not apply to amounts which would have been payable after death if the individual had died other than as a specified terrorist victim (as so defined).

''(B) EXCEPTION.—Subparagraph (A) shall not apply to incidental death benefits paid from a plan described in section 401(a) and exempt from tax under section 501(a).

''(3) TREATMENT OF SELF-EMPLOYED INDIVIDUALS.—For purposes of paragraph (1), the term 'employee' includes a self-employed individual (as defined in section 401(c)(1)).''.

(b) EFFECTIVE DATE; WAIVER OF LIMITATIONS.—

(1) EFFECTIVE DATE.—The amendment made by this section shall apply to taxable years ending before, on, or after September 11, 2001.

(2) WAIVER OF LIMITATIONS.—If refund or credit of any overpayment of tax resulting from the amendments made by this section is prevented at any time before the close of the 1-year period beginning on the date of the enactment of this Act by the operation of any law or rule of law (including res judicata), such refund or credit may nevertheless be made or allowed if claim therefor is filed before the close of such period.

SEC. 103. ESTATE TAX REDUCTION.

(a) IN GENERAL.—Section 2201 is amended to read as follows:

''SEC. 2201. COMBAT ZONE-RELATED DEATHS OF MEMBERS OF THE ARMED FORCES AND DEATHS OF VICTIMS OF CERTAIN TERRORIST ATTACKS.

''(a) IN GENERAL.—Unless the executor elects not to have this section apply, in applying sections 2001 and 2101 to the estate of a qualified decedent, the rate schedule set forth in subsection (c) shall be deemed to be the rate schedule set forth in section 2001(c).

''(b) QUALIFIED DECEDENT.—For purposes of this section, the term 'qualified decedent' means—

''(1) any citizen or resident of the United States dying while in active service of the Armed Forces of the United States, if such decedent—

''(A) was killed in action while serving in a combat zone, as determined under section 112(c), or

''(B) died as a result of wounds, disease, or injury suffered while serving in a combat zone (as determined under section 112(c)), and while in the line of duty, by reason of a hazard to which such decedent was subjected as an incident of such service, and

''(2) any specified terrorist victim (as defined in section 692(d)(4)).

''(c) RATE SCHEDULE.—

''If the amount with respect to which the tentative tax to be computed is:	The tentative tax is:
Not over $150,000	1 percent of the amount by which such amount exceeds $100,000.
Over $150,000 but not over $200,000.	$500 plus 2 percent of the excess over $150,000.
Over $200,000 but not over $300,000.	$1,500 plus 3 percent of the excess over $200,000.
Over $300,000 but not over $500,000.	$4,500 plus 4 percent of the excess over $300,000.
Over $500,000 but not over $700,000.	$12,500 plus 5 percent of the excess over $500,000.
Over $700,000 but not over $900,000.	$22,500 plus 6 percent of the excess over $700,000.
Over $900,000 but not over $1,100,000.	$34,500 plus 7 percent of the excess over $900,000.
Over $1,100,000 but not over $1,600,000.	$48,500 plus 8 percent of the excess over $1,100,000.
Over $1,600,000 but not over $2,100,000.	$88,500 plus 9 percent of the excess over $1,600,000.
Over $2,100,000 but not over $2,600,000.	$133,500 plus 10 percent of the excess over $2,100,000.
Over $2,600,000 but not over $3,100,000.	$183,500 plus 11 percent of the excess over $2,600,000.
Over $3,100,000 but not over $3,600,000.	$238,500 plus 12 percent of the excess over $3,100,000.
Over $3,600,000 but not over $4,100,000.	$298,500 plus 13 percent of the excess over $3,600,000.
Over $4,100,000 but not over $5,100,000.	$363,500 plus 14 percent of the excess over $4,100,000.
Over $5,100,000 but not over $6,100,000.	$503,500 plus 15 percent of the excess over $5,100,000.
Over $6,100,000 but not over $7,100,000.	$653,500 plus 16 percent of the excess over $6,100,000.
Over $7,100,000 but not over $8,100,000.	$813,500 plus 17 percent of the excess over $7,100,000.
Over $8,100,000 but not over $9,100,000.	$983,500 plus 18 percent of the excess over $8,100,000.
Over $9,100,000 but not over $10,100,000.	$1,163,500 plus 19 percent of the excess over $9,100,000.
Over $10,100,000	$1,353,500 plus 20 percent of the excess over $10,100,000.

''(d) DETERMINATION OF UNIFIED CREDIT.—In the case of an estate to which this section applies, subsection (a) shall not apply in determining the credit under section 2010.''.

(b) CONFORMING AMENDMENTS.—

(1) Section 2011 is amended by striking subsection (d) and by redesignating subsections (e), (f), and (g) as subsections (d), (e), and (f), respectively.

(2) Section 2053(d)(3)(B) is amended by striking ''section 2011(e)'' and inserting ''section 2011(d)''.

(3) Paragraph (9) of section 532(c) of the Economic Growth and Tax Relief Reconciliation Act of 2001 is repealed.

(c) CLERICAL AMENDMENT.—The item relating to section 2201 in the table of sections for subchapter C of chapter 11 is amended to read as follows:

''Sec. 2201. Combat zone-related deaths of members of the Armed Forces and deaths of victims of certain terrorist attacks.''.

(d) EFFECTIVE DATE; WAIVER OF LIMITATIONS.—

(1) EFFECTIVE DATE.—The amendments made by this section shall apply to estates of decedents—

(A) dying on or after September 11, 2001, and

(B) in the case of individuals dying as a result of the April 19, 1995, terrorist attack, dying on or after April 19, 1995.

(2) WAIVER OF LIMITATIONS.—If refund or credit of any overpayment of tax resulting from the amendments made by this section is prevented at any time before the close of the 1-year period beginning on the date of the enactment of this Act by the operation of any law or rule of law (including res judicata), such refund or credit may nevertheless be made or allowed if claim therefor is filed before the close of such period.

SEC. 104. PAYMENTS BY CHARITABLE ORGANIZATIONS TREATED AS EXEMPT PAYMENTS.

(a) IN GENERAL.—For purposes of the Internal Revenue Code of 1986—

(1) payments made by an organization described in section 501(c)(3) of such Code by reason of the death, injury, wounding, or illness of an individual incurred as the result of the terrorist attacks against the United States on September 11, 2001, or an attack involving anthrax occurring on or after September 11, 2001, and before January 1, 2002, shall be treated as related to the purpose or function constituting the basis for such organization's exemption under section 501 of such Code if such payments are made in good faith using a reasonable and objective formula which is consistently applied, and

(2) in the case of a private foundation (as defined in section 509 of such Code), any payment described in paragraph (1) shall not be treated as made to a disqualified person for purposes of section 4941 of such Code.

(b) EFFECTIVE DATE.—This section shall apply to payments made on or after September 11, 2001.

SEC. 105. EXCLUSION OF CERTAIN CANCELLATIONS OF INDEBTEDNESS.

(a) IN GENERAL.—For purposes of the Internal Revenue Code of 1986—

(1) gross income shall not include any amount which (but for this section) would be includible in gross income by reason of the discharge (in whole or in part) of indebtedness of any taxpayer if the discharge is by reason of the death of an individual incurred as the result of the terrorist attacks against the United States on September 11, 2001, or as the result of illness incurred as a result of an attack involving anthrax occurring on or after September 11, 2001, and before January 1, 2002, and

(2) return requirements under section 6050P of such Code shall not apply to any discharge described in paragraph (1).

(b) EFFECTIVE DATE.—This section shall apply to discharges made on or after September 11, 2001, and before January 1, 2002.

Subtitle B—Other Relief Provisions

SEC. 111. EXCLUSION FOR DISASTER RELIEF PAYMENTS.

(a) IN GENERAL.—Part III of subchapter B of chapter 1 (relating to items specifically excluded from gross income) is amended by redesignating section 139 as section 140 and inserting after section 138 the following new section:

''SEC. 139. DISASTER RELIEF PAYMENTS.

''(a) GENERAL RULE.—Gross income shall not include any amount received by an individual as a qualified disaster relief payment.

''(b) QUALIFIED DISASTER RELIEF PAYMENT DEFINED.—For purposes of this section, the term 'qualified disaster relief payment' means any amount paid to or for the benefit of an individual—

''(1) to reimburse or pay reasonable and necessary personal, family, living, or funeral expenses incurred as a result of a qualified disaster,

''(2) to reimburse or pay reasonable and necessary expenses incurred for the repair or rehabilitation of a personal residence or repair or replacement of its contents to the extent that the need for such repair, rehabilitation, or replacement is attributable to a qualified disaster,

''(3) by a person engaged in the furnishing or sale of transportation as a common carrier by reason of the death or personal physical injuries incurred as a result of a qualified disaster, or

''(4) if such amount is paid by a Federal, State, or local government, or agency or instrumentality thereof, in connection with a qualified disaster in order to promote the general welfare,

but only to the extent any expense compensated by such payment is not otherwise compensated for by insurance or otherwise.

''(c) QUALIFIED DISASTER DEFINED.—For purposes of this section, the term 'qualified disaster' means—

''(1) a disaster which results from a terroristic or military action (as defined in section 692(c)(2)),

''(2) a Presidentially declared disaster (as defined in section 1033(h)(3)),

''(3) a disaster which results from an accident involving a common carrier, or from any other event, which is determined by the Secretary to be of a catastrophic nature, or

''(4) with respect to amounts described in subsection (b)(4), a disaster which is determined by an applicable Federal, State, or local authority (as determined by the Secretary) to warrant assistance from the Federal, State, or local government or agency or instrumentality thereof.

''(d) COORDINATION WITH EMPLOYMENT TAXES.—For purposes of chapter 2 and subtitle C, a qualified disaster relief payment shall not be treated as net earnings from self-employment, wages, or compensation subject to tax.

''(e) NO RELIEF FOR CERTAIN INDIVIDUALS.—Subsections (a) and (f) shall not apply with respect to any individual identified by the Attorney General to have been a participant or conspirator in a terroristic action (as so defined), or a representative of such individual.

''(f) EXCLUSION OF CERTAIN ADDITIONAL PAYMENTS.—Gross income shall not include any amount received as payment under section 406 of the Air Transportation Safety and System Stabilization Act.''

(b) CONFORMING AMENDMENTS.—The table of sections for part III of subchapter B of chapter 1 is amended by striking the item relating to section 139 and inserting the following new items:

''Sec. 139. Disaster relief payments.

''Sec. 140. Cross references to other Acts.''.

(c) EFFECTIVE DATE.—The amendments made by this section shall apply to taxable years ending on or after September 11, 2001.

SEC. 112. AUTHORITY TO POSTPONE CERTAIN DEADLINES AND REQUIRED ACTIONS.

(a) EXPANSION OF AUTHORITY RELATING TO DISASTERS AND TERRORISTIC OR MILITARY ACTIONS.—Section 7508A is amended to read as follows:

''SEC. 7508A. AUTHORITY TO POSTPONE CERTAIN DEADLINES BY REASON OF PRESIDENTIALLY DECLARED DISASTER OR TERRORISTIC OR MILITARY ACTIONS.

''(a) IN GENERAL.—In the case of a taxpayer determined by the Secretary to be affected by a Presidentially declared disaster (as defined in section 1033(h)(3)) or a terroristic or military action (as defined in section 692(c)(2)), the Secretary may specify a period of up to one year that may be disregarded in determining, under the internal revenue laws, in respect of any tax liability of such taxpayer—

''(1) whether any of the acts described in paragraph (1) of section 7508(a) were performed within the time prescribed therefor (determined without regard to extension under any other provision of this subtitle for periods after the date (determined by the Secretary) of such disaster or action),

''(2) the amount of any interest, penalty, additional amount, or addition to the tax for periods after such date, and

''(3) the amount of any credit or refund.

''(b) SPECIAL RULES REGARDING PENSIONS, ETC.—In the case of a pension or other employee benefit plan, or any sponsor, administrator, participant, beneficiary, or other person with respect to such plan, affected by a disaster or action described in subsection (a), the Secretary may specify a period of up to one year which may be disregarded in determining the date by which any action is required or permitted to be completed under this title. No plan shall be treated as failing to be operated in accordance with the terms of the plan solely as the result of disregarding any period by reason of the preceding sentence.

''(c) SPECIAL RULES FOR OVERPAYMENTS.—The rules of section 7508(b) shall apply for purposes of this section.''.

(b) CLARIFICATION OF SCOPE OF ACTS SECRETARY MAY POSTPONE.—Section 7508(a)(1)(K) (relating to time to be disregarded) is amended by striking ''in regulations prescribed under this section''.

(c) CONFORMING AMENDMENTS TO ERISA.—

(1) Part 5 of subtitle B of title I of the Employee Retirement Income Security Act of 1974 (29 U.S.C. 1131 et seq.) is amended by adding at the end the following new section:

''SEC. 518. AUTHORITY TO POSTPONE CERTAIN DEADLINES BY REASON OF PRESIDENTIALLY DECLARED DISASTER OR TERRORISTIC OR MILITARY ACTIONS.

''In the case of a pension or other employee benefit plan, or any sponsor, administrator, participant, beneficiary, or other person with respect to such plan, affected by a Presidentially declared disaster (as defined in section 1033(h)(3) of the Internal Revenue Code of 1986) or a terroristic or military action (as defined in section 692(c)(2) of such Code), the Secretary may, notwithstanding any other provision of law, prescribe, by notice or otherwise, a period of up to one year which may be disregarded in determining the date by which any action is required or permitted to be completed under this Act. No plan shall be treated as failing to be operated in accordance with the terms of the plan solely as the result of disregarding any period by reason of the preceding sentence.''.

(2) Section 4002 of Employee Retirement Income Security Act of 1974 (29 U.S.C. 1302) is amended by adding at the end the following new subsection:

''(i) SPECIAL RULES REGARDING DISASTERS, ETC.—In the case of a pension or other employee benefit plan, or any sponsor, administrator, participant, beneficiary, or other person with respect to such plan, affected by a Presidentially declared disaster (as defined in section 1033(h)(3) of the Internal Revenue Code of 1986) or a terroristic or military action (as defined in section 692(c)(2) of such Code), the corporation may, notwithstanding any other provision of law, prescribe, by notice or otherwise, a period of up to one year which may be disregarded in determining the date by which any action is required or permitted to be completed under this Act. No plan shall be treated as failing to be operated in accordance with the terms of the plan solely as the result of disregarding any period by reason of the preceding sentence.''.

(d) ADDITIONAL CONFORMING AMENDMENTS.—

(1) Section 6404 is amended—

(A) by striking subsection (h),

(B) by redesignating subsection (i) as subsection (h), and

(C) by adding at the end the following new subsection:

''(i) CROSS REFERENCE.—

''For authority to suspend running of interest, etc. by reason of Presidentially declared disaster or terroristic or military action, see section 7508A.''.

(2) Section 6081(c) is amended to read as follows:

''(c) CROSS REFERENCES.—

''For time for performing certain acts postponed by reason of war, see section 7508, and by reason of Presidentially declared disaster or terroristic or military action, see section 7508A.''.

(3) Section 6161(d) is amended by adding at the end the following new paragraph:

''(3) POSTPONEMENT OF CERTAIN ACTS.—

''For time for performing certain acts postponed by reason of war, see section 7508, and by reason of Presidentially declared disaster or terroristic or military action, see section 7508A.''.

(d) CLERICAL AMENDMENTS.—

(1) The item relating to section 7508A in the table of sections for chapter 77 is amended to read as follows:

''Sec. 7508A. Authority to postpone certain deadlines by reason of Presidentially declared disaster or terroristic or military actions.''.

(2) The table of contents for the Employee Retirement Income Security Act of 1974 is amended by inserting after the item relating to section 517 the following new item:

''Sec. 518. Authority to postpone certain deadlines by reason of Presidentially declared disaster or terroristic or military actions.''.

(e) EFFECTIVE DATE.—The amendments made by this section shall apply to disasters and terroristic or military actions occurring on or after September 11, 2001, with respect to any action of the Secretary of the Treasury, the Secretary of Labor, or the Pension Benefit Guaranty Corporation occurring on or after the date of the enactment of this Act.

SEC. 113. APPLICATION OF CERTAIN PROVISIONS TO TERRORISTIC OR MILITARY ACTIONS.

(a) DISABILITY INCOME.—Section 104(a)(5) (relating to compensation for injuries or sickness) is amended by striking ''a violent attack'' and all that follows through the period and inserting ''a terroristic or military action (as defined in section 692(c)(2)).''.

(b) EXEMPTION FROM INCOME TAX FOR CERTAIN MILITARY OR CIVILIAN EMPLOYEES.—Section 692(c) is amended—

(1) by striking ''outside the United States'' in paragraph (1), and

(2) by striking ''SUSTAINED OVERSEAS'' in the heading.

(c) EFFECTIVE DATE.—The amendments made by this section shall apply to taxable years ending on or after September 11, 2001.

SEC. 114. CLARIFICATION OF DUE DATE FOR AIRLINE EXCISE TAX DEPOSITS.

(a) IN GENERAL.—Paragraph (3) of section 301(a) of the Air Transportation Safety and System Stabilization Act (Public Law 107–42) is amended to read as follows:

''(3) AIRLINE-RELATED DEPOSIT.—For purposes of this subsection, the term 'airline-related deposit' means any deposit of taxes imposed by subchapter C of chapter 33 of such Code (relating to transportation by air).''.

(b) EFFECTIVE DATE.—The amendment made by this section shall take effect as if included in section 301 of the Air Transportation Safety and System Stabilization Act (Public Law 107–42).

SEC. 115. TREATMENT OF CERTAIN STRUCTURED SETTLEMENT PAYMENTS.

(a) IN GENERAL.—Subtitle E is amended by adding at the end the following new chapter:

''CHAPTER 55—STRUCTURED SETTLEMENT FACTORING TRANSACTIONS

''Sec. 5891. Structured settlement factoring transactions.

''SEC. 5891. STRUCTURED SETTLEMENT FACTORING TRANSACTIONS.

''(a) IMPOSITION OF TAX.—There is hereby imposed on any person who acquires directly or indirectly structured settlement payment rights in a structured settlement factoring transaction a tax equal to 40 percent of the

factoring discount as determined under subsection (c)(4) with respect to such factoring transaction.

''(b) EXCEPTION FOR CERTAIN APPROVED TRANSACTIONS.—

''(1) IN GENERAL.—The tax under subsection (a) shall not apply in the case of a structured settlement factoring transaction in which the transfer of structured settlement payment rights is approved in advance in a qualified order.

''(2) QUALIFIED ORDER.—For purposes of this section, the term 'qualified order' means a final order, judgment, or decree which—

''(A) finds that the transfer described in paragraph (1)—

''(i) does not contravene any Federal or State statute or the order of any court or responsible administrative authority, and

''(ii) is in the best interest of the payee, taking into account the welfare and support of the payee's dependents, and

''(B) is issued—

''(i) under the authority of an applicable State statute by an applicable State court, or

''(ii) by the responsible administrative authority (if any) which has exclusive jurisdiction over the underlying action or proceeding which was resolved by means of the structured settlement.

''(3) APPLICABLE STATE STATUTE.—For purposes of this section, the term 'applicable State statute' means a statute providing for the entry of an order, judgment, or decree described in paragraph (2)(A) which is enacted by—

''(A) the State in which the payee of the structured settlement is domiciled, or

''(B) if there is no statute described in subparagraph (A), the State in which either the party to the structured settlement (including an assignee under a qualified assignment under section 130) or the person issuing the funding asset for the structured settlement is domiciled or has its principal place of business.

''(4) APPLICABLE STATE COURT.—For purposes of this section—

''(A) IN GENERAL.—The term 'applicable State court' means, with respect to any applicable State statute, a court of the State which enacted such statute.

''(B) SPECIAL RULE.—In the case of an applicable State statute described in paragraph (3)(B), such term also includes a court of the State in which the payee of the structured settlement is domiciled.

''(5) QUALIFIED ORDER DISPOSITIVE.—A qualified order shall be treated as dispositive for purposes of the exception under this subsection.

''(c) DEFINITIONS.—For purposes of this section—

''(1) STRUCTURED SETTLEMENT.—The term 'structured settlement' means an arrangement—

''(A) which is established by—

''(i) suit or agreement for the periodic payment of damages excludable from the gross income of the recipient under section 104(a)(2), or

''(ii) agreement for the periodic payment of compensation under any workers' compensation law excludable from the gross income of the recipient under section 104(a)(1), and

''(B) under which the periodic payments are—

''(i) of the character described in subparagraphs (A) and (B) of section 130(c)(2), and

''(ii) payable by a person who is a party to the suit or agreement or to the workers' compensation claim or by a person who has assumed the liability for such periodic payments under a qualified assignment in accordance with section 130.

''(2) STRUCTURED SETTLEMENT PAYMENT RIGHTS.—The term 'structured settlement payment rights' means rights to receive payments under a structured settlement.

''(3) STRUCTURED SETTLEMENT FACTORING TRANSACTION.—

''(A) IN GENERAL.—The term 'structured settlement factoring transaction' means a transfer of structured settlement payment rights (including portions of structured settlement payments) made for consideration by means of sale, assignment, pledge, or other form of encumbrance or alienation for consideration.

''(B) EXCEPTION.—Such term shall not include—

''(i) the creation or perfection of a security interest in structured settlement payment rights under a blanket security agreement entered into with an insured depository institution in the absence of any action to redirect the structured settlement payments to such institution (or agent or successor thereof) or otherwise to enforce such blanket security interest as against the structured settlement payment rights, or

''(ii) a subsequent transfer of structured settlement payment rights acquired in a structured settlement factoring transaction.

''(4) FACTORING DISCOUNT.—The term 'factoring discount' means an amount equal to the excess of—

''(A) the aggregate undiscounted amount of structured settlement payments being acquired in the structured settlement factoring transaction, over

''(B) the total amount actually paid by the acquirer to the person from whom such structured settlement payments are acquired.

''(5) RESPONSIBLE ADMINISTRATIVE AUTHORITY.—The term 'responsible administrative authority' means the administrative authority which had jurisdiction over the underlying action or proceeding which was resolved by means of the structured settlement.

''(6) STATE.—The term 'State' includes the Commonwealth of Puerto Rico and any possession of the United States.

''(d) COORDINATION WITH OTHER PROVISIONS.—

''(1) IN GENERAL.—If the applicable requirements of sections 72, 104(a)(1), 104(a)(2), 130, and 461(h) were satisfied at the time the structured settlement involving structured settlement payment rights was entered into, the subsequent occurrence of a structured settlement factoring transaction shall not affect the application of the provisions of such sections to the parties to the structured settlement (including an assignee under a qualified assignment under section 130) in any taxable year.

''(2) NO WITHHOLDING OF TAX.—The provisions of section 3405 regarding withholding of tax shall not apply to the person making the payments in the event of a structured settlement factoring transaction.''.

(b) CLERICAL AMENDMENT.—The table of chapters for subtitle E is amended by adding at the end the following new item:

''Chapter 55. Structured settlement factoring transactions.''.

(c) EFFECTIVE DATES.—

(1) IN GENERAL.—The amendments made by this section (other than the provisions of section 5891(d) of the Internal Revenue Code of 1986, as added by this section) shall apply to structured settlement factoring transactions (as defined in section 5891(c) of such Code (as so added)) entered into on or after the 30th day following the date of the enactment of this Act.

(2) CLARIFICATION OF EXISTING LAW.—Section 5891(d) of such Code (as so added) shall apply to structured settlement factoring transactions (as defined in section 5891(c) of such Code (as so added)) entered into before, on, or after such 30th day.

(3) TRANSITION RULE.—In the case of a structured settlement factoring transaction entered into during the period beginning on the 30th day following the date of the enactment of this Act and ending on July 1, 2002, no tax shall be imposed under section 5891(a) of such Code if—

(A) the structured settlement payee is domiciled in a State (or possession of the United States) which has not enacted a statute providing that the structured settlement factoring transaction is ineffective unless the transaction has been approved by an order, judgment, or decree of a court (or where applicable, a responsible administrative authority) which finds that such transaction—

(i) does not contravene any Federal or State statute or the order of any court (or responsible administrative authority), and

(ii) is in the best interest of the structured settlement payee or is appropriate in light of a hardship faced by the payee, and

(B) the person acquiring the structured settlement payment rights discloses to the structured settlement payee in advance of the structured settlement factoring transaction the amounts and due dates of the payments to be transferred, the aggregate amount to be transferred, the consideration to be received by the structured settlement payee for the transferred payments, the discounted present value of the transferred payments (including the present value as determined in the manner described in section 7520 of such Code), and the expenses required under the terms of the structured settlement factoring transaction to be paid by the structured settlement payee or deducted from the proceeds of such transaction.

SEC. 116. PERSONAL EXEMPTION DEDUCTION FOR CERTAIN DISABILITY TRUSTS.

(a) IN GENERAL.—Subsection (b) of section 642 (relating to deduction for personal exemption) is amended to read as follows:

''(b) DEDUCTION FOR PERSONAL EXEMPTION.—

''(1) ESTATES.—An estate shall be allowed a deduction of $600.

''(2) TRUSTS.—

''(A) IN GENERAL.—Except as otherwise provided in this paragraph, a trust shall be allowed a deduction of $100.

''(B) TRUSTS DISTRIBUTING INCOME CURRENTLY.—A trust which, under its governing instrument, is required to distribute all of its income currently shall be allowed a deduction of $300.

''(C) DISABILITY TRUSTS.—

''(i) IN GENERAL.—A qualified disability trust shall be allowed a deduction equal to the exemption amount under section 151(d), determined—

''(I) by treating such trust as an individual described in section 151(d)(3)(C)(iii), and

''(II) by applying section 67(e) (without the reference to section 642(b)) for purposes of determining the adjusted gross income of the trust.

''(ii) QUALIFIED DISABILITY TRUST.—For purposes of clause (i), the term 'qualified disability trust' means any trust if—

''(I) such trust is a disability trust described in subsection (c)(2)(B)(iv) of section 1917 of the Social Security Act (42 U.S.C. 1396p), and

''(II) all of the beneficiaries of the trust as of the close of the taxable year are determined by the Commissioner of Social Security to have been disabled (within the meaning of section 1614(a)(3) of the Social Security Act, 42 U.S.C. 1382c(a)(3)) for some portion of such year.

A trust shall not fail to meet the requirements of subclause (II) merely because the

corpus of the trust may revert to a person who is not so disabled after the trust ceases to have any beneficiary who is so disabled.''

''(3) DEDUCTIONS IN LIEU OF PERSONAL EXEMPTION.—The deductions allowed by this subsection shall be in lieu of the deductions allowed under section 151 (relating to deduction for personal exemption).''.

(b) EFFECTIVE DATE.—The amendment made by this section shall apply to taxable years ending on or after September 11, 2001.

TITLE II—DISCLOSURE OF TAX INFORMATION IN TERRORISM AND NATIONAL SECURITY INVESTIGATIONS

SEC. 201. DISCLOSURE OF TAX INFORMATION IN TERRORISM AND NATIONAL SECURITY INVESTIGATIONS.

(a) DISCLOSURE WITHOUT A REQUEST OF INFORMATION RELATING TO TERRORIST ACTIVITIES, ETC.—Paragraph (3) of section 6103(i) (relating to disclosure of return information to apprise appropriate officials of criminal activities or emergency circumstances) is amended by adding at the end the following new subparagraph:

''(C) TERRORIST ACTIVITIES, ETC.—

''(i) IN GENERAL.—Except as provided in paragraph (6), the Secretary may disclose in writing return information (other than taxpayer return information) that may be related to a terrorist incident, threat, or activity to the extent necessary to apprise the head of the appropriate Federal law enforcement agency responsible for investigating or responding to such terrorist incident, threat, or activity. The head of the agency may disclose such return information to officers and employees of such agency to the extent necessary to investigate or respond to such terrorist incident, threat, or activity.

''(ii) DISCLOSURE TO THE DEPARTMENT OF JUSTICE.—Returns and taxpayer return information may also be disclosed to the Attorney General under clause (i) to the extent necessary for, and solely for use in preparing, an application under paragraph (7)(D).

''(iii) TAXPAYER IDENTITY.—For purposes of this subparagraph, a taxpayer's identity shall not be treated as taxpayer return information.

''(iv) TERMINATION.—No disclosure may be made under this subparagraph after December 31, 2003.''.

(b) DISCLOSURE UPON REQUEST OF INFORMATION RELATING TO TERRORIST ACTIVITIES, ETC.—Subsection (i) of section 6103 (relating to disclosure to Federal officers or employees for administration of Federal laws not relating to tax administration) is amended by redesignating paragraph (7) as paragraph (8) and by inserting after paragraph (6) the following new paragraph:

''(7) DISCLOSURE UPON REQUEST OF INFORMATION RELATING TO TERRORIST ACTIVITIES, ETC.—

''(A) DISCLOSURE TO LAW ENFORCEMENT AGENCIES.—

''(i) IN GENERAL.—Except as provided in paragraph (6), upon receipt by the Secretary of a written request which meets the requirements of clause (iii), the Secretary may disclose return information (other than taxpayer return information) to officers and employees of any Federal law enforcement agency who are personally and directly engaged in the response to or investigation of any terrorist incident, threat, or activity.

''(ii) DISCLOSURE TO STATE AND LOCAL LAW ENFORCEMENT AGENCIES.—The head of any Federal law enforcement agency may disclose return information obtained under clause (i) to officers and employees of any State or local law enforcement agency but only if such agency is part of a team with the Federal law enforcement agency in such response or investigation and such information is disclosed only to officers and employees who are personally and directly engaged in such response or investigation.

''(iii) REQUIREMENTS.—A request meets the requirements of this clause if—

''(I) the request is made by the head of any Federal law enforcement agency (or his delegate) involved in the response to or investigation of any terrorist incident, threat, or activity, and

''(II) the request sets forth the specific reason or reasons why such disclosure may be relevant to a terrorist incident, threat, or activity.

''(iv) LIMITATION ON USE OF INFORMATION.—Information disclosed under this subparagraph shall be solely for the use of the officers and employees to whom such information is disclosed in such response or investigation.

''(B) DISCLOSURE TO INTELLIGENCE AGENCIES.—

''(i) IN GENERAL.—Except as provided in paragraph (6), upon receipt by the Secretary of a written request which meets the requirements of clause (ii), the Secretary may disclose return information (other than taxpayer return information) to those officers and employees of the Department of Justice, the Department of the Treasury, and other Federal intelligence agencies who are personally and directly engaged in the collection or analysis of intelligence and counterintelligence information or investigation concerning any terrorist incident, threat, or activity. For purposes of the preceding sentence, the information disclosed under the preceding sentence shall be solely for the use of such officers and employees in such investigation, collection, or analysis.

''(ii) REQUIREMENTS.—A request meets the requirements of this subparagraph if the request—

''(I) is made by an individual described in clause (iii), and

''(II) sets forth the specific reason or reasons why such disclosure may be relevant to a terrorist incident, threat, or activity.

''(iii) REQUESTING INDIVIDUALS.—An individual described in this subparagraph is an individual—

''(I) who is an officer or employee of the Department of Justice or the Department of the Treasury who is appointed by the President with the advice and consent of the Senate or who is the Director of the United States Secret Service, and

''(II) who is responsible for the collection and analysis of intelligence and counterintelligence information concerning any terrorist incident, threat, or activity.

''(iv) TAXPAYER IDENTITY.—For purposes of this subparagraph, a taxpayer's identity shall not be treated as taxpayer return information.

''(C) DISCLOSURE UNDER EX PARTE ORDERS.—

''(i) IN GENERAL.—Except as provided in paragraph (6), any return or return information with respect to any specified taxable period or periods shall, pursuant to and upon the grant of an ex parte order by a Federal district court judge or magistrate under clause (ii), be open (but only to the extent necessary as provided in such order) to inspection by, or disclosure to, officers and employees of any Federal law enforcement agency or Federal intelligence agency who are personally and directly engaged in any investigation, response to, or analysis of intelligence and counterintelligence information concerning any terrorist incident, threat, or activity. Return or return information opened to inspection or disclosure pursuant to the preceding sentence shall be solely for the use of such officers and employees in the investigation, response, or analysis, and in any judicial, administrative, or grand jury proceedings, pertaining to such terrorist incident, threat, or activity.

''(ii) APPLICATION FOR ORDER.—The Attorney General, the Deputy Attorney General, the Associate Attorney General, any Assistant Attorney General, or any United States attorney may authorize an application to a Federal district court judge or magistrate for the order referred to in clause (i). Upon such application, such judge or magistrate may grant such order if he determines on the basis of the facts submitted by the applicant that—

''(I) there is reasonable cause to believe, based upon information believed to be reliable, that the return or return information may be relevant to a matter relating to such terrorist incident, threat, or activity, and

''(II) the return or return information is sought exclusively for use in a Federal investigation, analysis, or proceeding concerning any terrorist incident, threat, or activity.

''(D) SPECIAL RULE FOR EX PARTE DISCLOSURE BY THE IRS.—

''(i) IN GENERAL.—Except as provided in paragraph (6), the Secretary may authorize an application to a Federal district court judge or magistrate for the order referred to in subparagraph (C)(i). Upon such application, such judge or magistrate may grant such order if he determines on the basis of the facts submitted by the applicant that the requirements of subparagraph (C)(ii)(I) are met.

''(ii) LIMITATION ON USE OF INFORMATION.—Information disclosed under clause (i)—

''(I) may be disclosed only to the extent necessary to apprise the head of the appropriate Federal law enforcement agency responsible for investigating or responding to a terrorist incident, threat, or activity, and

''(II) shall be solely for use in a Federal investigation, analysis, or proceeding concerning any terrorist incident, threat, or activity.

The head of such Federal agency may disclose such information to officers and employees of such agency to the extent necessary to investigate or respond to such terrorist incident, threat, or activity.

''(E) TERMINATION.—No disclosure may be made under this paragraph after December 31, 2003.''.

(c) CONFORMING AMENDMENTS.—

(1) Section 6103(a)(2) is amended by inserting ''any local law enforcement agency receiving information under subsection (i)(7)(A),'' after ''State,''.

(2) Section 6103(b) is amended by adding at the end the following new paragraph:

''(11) TERRORIST INCIDENT, THREAT, OR ACTIVITY.—The term 'terrorist incident, threat, or activity' means an incident, threat, or activity involving an act of domestic terrorism (as defined in section 2331(5) of title 18, United States Code) or international terrorism (as defined in section 2331(1) of such title).''.

(3) The heading of section 6103(i)(3) is amended by inserting ''OR TERRORIST'' after ''CRIMINAL''.

(4) Paragraph (4) of section 6103(i) is amended—

(A) in subparagraph (A) by inserting ''or (7)(C)'' after ''paragraph (1)'', and

(B) in subparagraph (B) by striking ''or (3)(A)'' and inserting ''(3)(A) or (C), or (7)''.

(5) Paragraph (6) of section 6103(i) is amended—

(A) by striking ''(3)(A)'' and inserting ''(3)(A) or (C)'', and

(B) by striking ''or (7)'' and inserting ''(7), or (8)''.

(6) Section 6103(p)(3) is amended—

(A) in subparagraph (A) by striking ''(7)(A)(ii)'' and inserting ''(8)(A)(ii)'', and

(B) in subparagraph (C) by striking ''(i)(3)(B)(i)'' and inserting ''(i)(3)(B)(i) or (7)(A)(ii)''.

(7) Section 6103(p)(4) is amended—

(A) in the matter preceding subparagraph (A)—

(i) by striking ''or (5),'' the first place it appears and inserting ''(5), or (7),'', and

(ii) by striking ''(i)(3)(B)(i),'' and inserting ''(i)(3)(B)(i) or (7)(A)(ii),'', and

(B) in subparagraph (F)(ii) by striking ''or (5),'' the first place it appears and inserting ''(5) or (7),''.

(8) Section 6103(p)(6)(B)(i) is amended by striking ''(i)(7)(A)(ii)'' and inserting ''(i)(8)(A)(ii)''.

(9) Section 6105(b) is amended—

(A) by striking ''or'' at the end of paragraph (2),

(B) by striking ''paragraphs (1) or (2)'' in paragraph (3) and inserting ''paragraph (1), (2), or (3)'',

(C) by redesignating paragraph (3) as paragraph (4), and

(D) by inserting after paragraph (2) the following new paragraph:

''(3) to the disclosure of tax convention information on the same terms as return information may be disclosed under paragraph (3)(C) or (7) of section 6103(i), except that in the case of tax convention information provided by a foreign government, no disclosure may be made under this paragraph without the written consent of the foreign government, or''.

(10) Section 7213(a)(2) is amended by striking ''(i)(3)(B)(i),'' and inserting ''(i)(3)(B)(i) or (7)(A)(ii),''.

(d) EFFECTIVE DATE.—The amendments made by this section shall apply to disclosures made on or after the date of the enactment of this Act.

TITLE III—NO IMPACT ON SOCIAL SECURITY TRUST FUNDS

SEC. 301. NO IMPACT ON SOCIAL SECURITY TRUST FUNDS.

(a) IN GENERAL.—Nothing in this Act (or an amendment made by this Act) shall be construed to alter or amend title II of the Social Security Act (or any regulation promulgated under that Act).

(b) TRANSFERS.—

(1) ESTIMATE OF SECRETARY.—The Secretary of the Treasury shall annually estimate the impact that the enactment of this Act has on the income and balances of the trust funds established under section 201 of the Social Security Act (42 U.S.C. 401).

(2) TRANSFER OF FUNDS.—If, under paragraph (1), the Secretary of the Treasury estimates that the enactment of this Act has a negative impact on the income and balances of the trust funds established under section 201 of the Social Security Act (42 U.S.C. 401), the Secretary shall transfer, not less frequently than quarterly, from the general revenues of the Federal Government an amount sufficient so as to ensure that the income and balances of such trust funds are not reduced as a result of the enactment of this Act.

SA 2690. Mr. HOLLINGS (for himself, Mr. MCCAIN, and Mr. GRAHAM) proposed an amendment to the bill S. 1214, to amend the Merchant Marine Act, 1936, to establish a program to ensure greater security for United States seaports, and for other purposes; as follows:

Strike out all after the enacting clause and insert the following:

SECTION 1. SHORT TITLE; TABLE OF CONTENTS.

(a) SHORT TITLE.—This Act may be cited as the ''Port and Maritime Security Act of 2001''.

(b) TABLE OF CONTENTS.—The table of contents for this Act is as follows:

TITLE I—PORT AND MARITIME SECURITY

SEC. 101. FINDINGS.

The Congress makes the following findings:

(1) There are 361 public ports in the United States which have a broad range of characteristics, and all of which are an integral part of our Nation's commerce.

(2) United States ports conduct over 95 percent of United States overseas trade. Over the next 20 years, the total volume of imported and exported goods at ports is expected to more than double.

(3) The variety of trade and commerce that are carried out at ports has greatly expanded. Bulk cargo, containerized cargo, passenger transport and tourism, intermodal transportation systems, and complex domestic and international trade relationships have significantly changed the nature, conduct, and complexity of port commerce.

(4) The United States is increasingly dependent on imported energy for a substantial share of supply, and a disruption of supply would seriously harm consumers and our economy.

(5) The top 50 ports in the United States account for about 90 percent of all the cargo tonnage. Twenty-five United States ports account for 98 percent of all container shipments. Cruise ships visiting foreign destinations embark from 16 ports. Ferries in the United States transport 113,000,000 passengers and 32,000,000 vehicles per year.

(6) In the larger ports, the activities can stretch along a coast for many miles, including public roads within their geographic boundaries. The facilities used to support arriving and departing cargo are sometimes miles from the coast.

(7) Ports often are a major locus of Federal crime, including drug trafficking, cargo theft, and smuggling of contraband and aliens. The criminal conspiracies often associated with these crimes can pose threats to the people and critical infrastructures of port cities. Ports that accept international cargo have a higher risk of international crimes like drug and alien smuggling and trade fraud.

(8) Ports are often very open and exposed and, by the very nature of their role in promoting the free flow of commerce, are susceptible to large scale terrorism that could pose a threat to coastal, Great Lake, or riverain populations. Port terrorism could pose a significant threat to the ability of the United States to pursue its national security objectives.

(9) United States ports are international boundaries, however, unlike United States airports and land borders, United States ports receive no Federal funds for security infrastructure.

(10) Current inspection levels of containerized cargo are insufficient to counter potential security risks. Technology is currently not adequately deployed to allow for the non-intrusive inspection of containerized cargo. Additional promising technology is in the process of being developed that could inspect cargo in a non-intrusive and efficient fashion.

(11) The burgeoning cruise ship industry poses a special risk from a security perspective.

(12) Effective physical security and access control in ports is fundamental to deterring and preventing potential threats to port operations, and cargo shipments.

(13) Securing entry points, open storage areas, and warehouses throughout the port, controlling the movements of trucks transporting cargo through the port, and examining or inspecting containers, warehouses, and ships at berth or in the harbor are all important requirements that should be implemented.

(14) Identification procedures for arriving workers are important tools to deter and prevent port cargo crimes, smuggling, and terrorist actions.

(15) On April 27, 1999, the President established the Interagency Commission on Crime and Security in United States Ports to undertake a comprehensive study of the nature and extent of the problem of crime in our ports, as well as the ways in which governments at all levels are responding.

(16) The Commission has issued findings that indicate the following:

(A) Frequent crimes in ports include drug smuggling, illegal car exports, fraud (including Intellectual Property Rights and other trade violations), and cargo theft.

(B) Data about crime in ports has been very difficult to collect.

(C) Internal conspiracies are an issue at many ports, and contribute to Federal crime.

(D) Intelligence and information sharing among law enforcement agencies needs to be improved and coordinated at many ports.

(E) Many ports do not have any idea about the threats they face from crime, terrorism, and other security-related activities because of a lack of credible threat information.

(F) A lack of minimum physical, procedural, and personnel security standards at ports and at terminals, warehouses, trucking firms, and related facilities leaves many ports and port users vulnerable to theft, pilferage, and unauthorized access by criminals.

(G) Access to ports and operations within ports is often uncontrolled.

(H) Coordination and cooperation between law enforcement agencies in the field is often fragmented.

(I) Meetings between law enforcement personnel, carriers, marine terminal operators, and port authorities regarding security are not being held routinely in the ports. These meetings could increase coordination and cooperation at the local level.

(J) Security-related equipment such as small boats, cameras, and vessel tracking devices is lacking at many ports.

(K) Detection equipment such as large-scale x-ray machines is lacking at many high-risk ports.

(L) A lack of timely, accurate, and complete manifest (including in-bond) and trade (entry, importer, etc.) data negatively impacts law enforcement's ability to function effectively.

(M) Criminal organizations are exploiting weak security in ports and related intermodal connections to commit a wide range of cargo crimes. Levels of containerized cargo volumes are forecasted to increase significantly, which will create more opportunities for crime while lowering the statistical risk of detection and interdiction.

(17) United States ports are international boundaries that—

(A) are particularly vulnerable to threats of drug smuggling, illegal alien smuggling, cargo theft, illegal entry of cargo and contraband;

(B) may present weaknesses in the ability of the United States to realize its national security objectives; and

(C) may serve as a vector or target for terrorist attacks aimed at the population of the United States.

(18) It is in the best interests of the United States—

(A) to be mindful that United States ports are international ports of entry and that the primary obligation for the security of international ports of entry lies with the Federal government;

(B) to be mindful of the need for the free flow of interstate and foreign commerce and the need to ensure the efficient movement of cargo in interstate and foreign commerce and the need for increased efficiencies to address trade gains;

(C) to increase United States port security by establishing a better method of communication amongst law enforcement officials responsible for port boundary, security, and trade issues;

(D) to formulate requirements for physical port security, recognizing the different character and nature of United States ports, and to require the establishment of security programs at ports;

(E) to provide financial incentives to help the States and private sector to increase physical security of United States ports;

(F) to invest in long-term technology to facilitate the private sector development of technology that will assist in the non-intrusive timely detection of crime or potential crime;

(G) to harmonize data collection on port-related and other cargo theft, in order to address areas of potential threat to safety and security;

(H) to create shared inspection facilities to help facilitate the timely and efficient inspection of people and cargo in United States ports;

(I) to improve Customs reporting procedures to enhance the potential detection of crime in advance of arrival or departure of cargoes; and

(J) to promote private sector procedures that provide for in-transit visibility and support law enforcement efforts directed at managing the security risks of cargo shipments.

SEC. 102. NATIONAL MARITIME SECURITY ADVISORY COMMITTEE.

(a) IN GENERAL.—Section 7 of the Ports and Waterways Safety Act (33 U.S.C. 1226) is amended by adding at the end the following:

''(d) NATIONAL MARITIME SECURITY ADVISORY COMMITTEE.—

''(1) IN GENERAL.—The Secretary shall establish a National Maritime Security Advisory Committee, comprised of not more than 21 members appointed by the Secretary. The Secretary may require that a prospective member undergo a background check or obtain an appropriate security clearance before appointment.

''(2) ORGANIZATION.—The Secretary—

''(A) shall designate a chairperson of the Advisory Committee;

''(B) shall approve a charter, including such procedures and rules as the Secretary deems necessary for the operation of the Advisory Committee;

''(C) shall establish a law enforcement subcommittee and, with the consent of the Secretary of the Treasury and the Attorney General, respectively, include as members of the subcommittee representatives from the Customs Service and the Immigration and Naturalization Service;

''(D) may establish other subcommittees to facilitate consideration of specific issues, including maritime and port security, border protection, and maritime domain awareness issues, the potential effects on national energy security, the United States economy, and the environment of disruptions of crude oil, refined petroleum products, liquified natural gas, and other energy sources; and

''(E) may invite the participation of other Federal agencies and of State and local government agencies of State, including law enforcement agencies, with an interest or expertise in anti-terrorism or maritime and port security and safety related issues.

''(3) MATERIAL AND MISSION SUPPORT.—In carrying out this subsection, the Secretary may accept contributions of funds, material, services, and the use of personnel and facilities from public or private entities, by contract or other arrangement, if the confidentiality of security-sensitive information is maintained and access to such information is limited appropriately. The Secretary shall deposit any funds accepted under this paragraph as miscellaneous receipts in the general fund of the Treasury.

''(4) FUNCTIONS.—The Advisory Committee shall—

''(A) advise, consult with, report to, and make recommendations to the Secretary on ways to enhance the security and safety of United States ports; and

''(B) provide advice and recommendations to the Secretary on matters related to maritime and port security and safety, including—

''(i) longterm solutions for maritime and port security issues;

''(ii) coordination of security and safety operations and information between and among Federal, State, and local governments and area and local port security committees and harbor safety committees;

''(iii) conditions for maritime security and safety loan guarantees and grants;

''(iv) development of a National Maritime Transportation Security Plan;

''(v) development and implementation of area and local maritime security plans;

''(vi) protection of port energy transportation facilities; and

''(vii) helping to ensure that the public and area and local port security committees are kept informed about maritime security enhancement developments.

''(5) TERMINATION.—The Advisory Committee shall terminate on September 30, 2005.''.

(b) FUNDING FOR FYS 2003-2005.—Of the amounts made available under section 122(b) there may be made available to the Secretary of Transportation for activities of the National Maritime Security Advisory Committee established under section 7(d) of the Ports and Waterways Safety Act (33 U.S.C. 1226(d)) $1,000,000 for each of fiscal years 2003 through 2005, such sums to remain available until expended.

(c) AUTHORIZATION OF APPROPRIATIONS FOR FY 2002.—There are authorized to be appropriated to the Secretary of Transportation $1,000,000 for fiscal year 2002 for activities of the Advisory Committee, such sums to remain available until expended.

SEC. 103. INITIAL SECURITY EVALUATIONS AND PORT VULNERABILITY ASSESSMENTS.

(a) IN GENERAL.—Section 7 of the Ports and Waterways Safety Act (33 U.S.C. 1226), as amended by section 102, is further amended by adding at the end the following:

''(e) INITIAL SECURITY EVALUATIONS AND PORT VULNERABILITY ASSESSMENTS.—

''(1) DEVELOPMENT OF STANDARDS.—The Secretary, in consultation with appropriate public and private sector officials and organizations, shall develop standards and procedures for conducting initial security evaluations and port vulnerability assessments.

''(2) INITIAL SECURITY EVALUATIONS.—The Secretary shall conduct an initial security evaluation of all port authorities, waterfront facilities, and public or commercial structures located within or adjacent to the marine environment. The Secretary shall consult the local port security committee while developing the initial security evaluation, and may require each port authority, waterfront facility operator, or operator of a public or commercial structure located within or adjacent to the marine environment to submit security information for review by the local port security committee.

''(3) PORT VULNERABILITY ASSESSMENTS.—The Secretary shall review initial security evaluations and conduct a port vulnerability assessment for each port for which the Secretary determines such an assessment is appropriate. If a port vulnerability assessment has been conducted within 5 years by or on behalf of a port authority or marine terminal operator, and the Secretary determines that it was conducted in a manner that is generally consistent with the standards and procedures specified under this subsection, the Secretary may accept that assessment rather than conducting another port vulnerability assessment for that port.

''(4) REVIEW AND COMMENT OPPORTUNITY.—The Secretary shall make each initial security evaluation and port vulnerability assessment for a port available for review and comment by the local port security committee, officials of the port authority, marine terminal operator representatives, and representatives of other entities connected to or affiliated with maritime commerce or port security as the Secretary determines to be appropriate, based on the recommendations of the local port security committee.

''(5) UNAUTHORIZED DISCLOSURE.—The Secretary shall ensure that all initial security evaluations, port vulnerability assessments, and any associated materials are properly safeguarded from unauthorized disclosure.

''(6) MATERIAL AND MISSION SUPPORT.—In carrying out responsibilities under this Act, the Secretary may accept contributions of funds, material, services, and the use of personnel and facilities from public and private entities by contract or other arrangement if the confidentiality of security-sensitive information is maintained and access to such information is limited appropriately. The Secretary shall deposit any funds accepted under this section as miscellaneous receipts in the general fund of the Treasury.''.

(b) FUNDING.—Of the amounts made available under section 122(b) there may be made available to the Secretary $10,000,000 for each of fiscal years 2003 through 2006 to carry out section 7(e) of the Ports and Waterways Safety Act (33 U.S.C. 1226(e)), such sums to remain available until expended.

(c) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Secretary $20,000,000 for fiscal year 2002 to carry out section 7(e) of the Ports and Waterways Safety Act (33 U.S.C. 1226(e)), such sums to remain available until expended.

SEC. 104. ESTABLISHMENT OF LOCAL PORT SECURITY COMMITTEES.

(a) IN GENERAL.—Section 7 of the Ports and Waterways Safety Act (33 U.S.C. 1226), as amended by section 103, is further amended by adding at the end the following:

''(f) LOCAL PORT SECURITY COMMITTEES.—

''(1) ESTABLISHMENT.—The Secretary shall establish local port security committees.

''(2) FUNCTIONS.—A local port security committees established under this subsection shall—

''(A) help coordinate planning and other port security activities;

''(B) help make use of, and disseminate the information made available under this section;

''(C) make recommendations concerning initial security evaluations and port vulnerability assessments by identifying the unique characteristics of each port;

''(D) assist in the review of port vulnerability assessments promulgated under this section;

''(E) assist in implementing the guidance promulgated under this section;

''(F) annually review maritime security plans for each local port authority, waterfront facility operator, or operator of a public or commercial structure located within or adjacent to the marine environment; and

''(G) assist the Captain-of-the-Port in conducting a field security exercise at least once every 3 years to verify the effectiveness of one or more maritime security plans for a local port authority, waterfront facility operator, or operator of a public or commercial structure located within or adjacent to the marine environment.

''(3) USE OF EXISTING COMMITTEES.—In establishing these local port security committees, the Secretary may use or augment any existing port or harbor safety committee or port readiness committee, if the membership of the port security committee includes representatives of—

''(A) the port authority or authorities;

''(B) Federal, State and local government;

''(C) Federal, State, and local law enforcement agencies;

''(D) longshore labor organizations or transportation workers;

''(E) local port-related business officials or management organizations;

''(F) shipping companies, vessel owners, terminal owners and operators, truck, rail and pipeline operators, where such are in operation;and

''(G) other persons or organizations whose inclusion is deemed beneficial by the Captain of the Port or the Secretary.

''(4) CHAIR.—Each local port security committee shall be chaired by the Captain-of-the-Port.

''(5) JURISDICTION.—Each port may have a separate port security committee or, at the discretion of the Captain-of-the-Port, a Captain-of-the-Port zone may have a single port security committee covering all ports within that zone.

''(6) QUARTERLY MEETINGS.—The port security committee shall meet at least 4 times each year at the call of the Chairperson.

''(7) FACA NOT APPLICABLE.—The Federal Advisory Committee Act (5 U.S.C. App.) does not apply to a port security committee established under this subsection.

''(8) MATERIAL AND MISSION SUPPORT.—In carrying out responsibilities under this Act, the Secretary may accept contributions of funds, material, services, and the use of personnel and facilities from public and private entities by contract or other arrangement if the confidentiality of security-sensitive information is maintained and access to such information is limited appropriately. The Secretary shall deposit any funds accepted under this section as miscellaneous receipts in the general fund of the United States Treasury.''.

(b) FUNDING.—Of the amounts made available under section 122(b) there may be made available to the Secretary $3,000,000 for each of fiscal years 2003 through 2006 to carry out section 7(f) of the Ports and Waterways Safety Act (33 U.S.C. 1226(f)), such sums to remain available until expended.

(c) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Secretary $5,000,000 for each of fiscal years 2002 and 2003 to carry out section 7(f) of the Ports and Waterways Safety Act (33 U.S.C. 1226(f)), such sums to remain available until expended.

SEC. 105. MARITIME FACILITY SECURITY PLANS.

Section 7 of the Ports and Waterways Safety Act, (33 U.S.C. 1226), as amended by section 104, is further amended by adding at the end the following:

''(g) MARITIME FACILITY SECURITY PLANS.—

''(1) REGULATIONS TO ESTABLISH REQUIREMENT.—The Secretary, after consultation with the Secretary of the Treasury and the Attorney General, shall issue regulations establishing requirements for submission of a maritime facility security plan, as the Secretary determines necessary, by each port authority, waterfront facility operator, or operator of a public or commercial structure located within or adjacent to the marine environment (as defined in section 2101(15) of title 46, United States Code). The Secretary shall ensure that the local port security committee is consulted in the development of a maritime facility security plan under those regulations.

''(2) PURPOSE; SPECIFICITY; CONTENT.—

''(A) PURPOSE.—A maritime facility security plan shall provide a law enforcement program and capability at the port that is adequate to safeguard the public and to improve the response to threats of crime and terrorism.

''(B) SPECIFICITY.—Notwithstanding other provisions of this Act, the Secretary may impose specific, or different requirements on individual ports, port authorities, marine terminal operators or other entities required to submit a maritime facility security plan under regulations promulgated under this subsection.

''(C) CONTENT.—A maritime facility security plan shall include—

''(i) provisions for establishing and maintaining physical security for port areas and approaches, including establishing, as necessary, controlled access areas and secure perimeters within waterfront facilities and other public or commercial structures located within or adjacent to the marine environment;

''(ii) provisions for establishing and maintaining procedural security for processing passengers, cargo, and crewmembers, and security for employees and service providers;

''(iii) a credentialing requirement to limit access to waterfront facilities and other public or commercial structures located within or adjacent to the marine environment, designed to ensure that only authorized individuals and service providers gain admittance;

''(iv) a credentialing requirement to limit access to controlled areas and security-sensitive information;

''(v) provisions for restricting vehicular access, as necessary, to designated port areas or facilities;

''(vi) provisions for restricting the introduction of firearms and other dangerous weapons, as necessary, to designated port areas or facilities;

''(vii) provisions for the use of appropriately qualified private security officers or qualified State, local, or private law enforcement personnel;

''(viii) procedures for evacuation of people from port areas in the event of a terrorist attack or other emergency;

''(ix) a process for assessment and evaluation of the safety and security of port areas before port operations are resumed after a terrorist attack or other emergency; and

''(x) any other information the Secretary requires.

''(3) INCORPORATION OF EXISTING SECURITY PLANS.—The Secretary may approve a maritime facility security plan, or an amendment to an existing program or plan, that incorporates—

''(A) a security program of a marine terminal operator tenant with access to a secured area of the port, under such conditions as the Secretary deems appropriate; or

''(B) a maritime facility security plan of a port authority that incorporates a State or local security program, policy, or law.

''(4) APPROVAL PROCESS.—

''(A) IN GENERAL.—The Secretary shall review and approve or disapprove each maritime facility security plan submitted under regulations promulgated under this subsection.

''(B) RESUBMISSION OF DISAPPROVED PLANS.—If the Secretary disapproves a maritime facility security plan—

''(i) the Secretary shall notify the plan submitter in writing of the reasons for the disapproval; and

''(ii) the submitter shall submit a revised maritime facility security plan within 180 days after receiving the notification of disapproval.

''(5) PERIODIC REVIEW AND RESUBMISSION.—Whenever appropriate, but no less frequently than once every 5 years, each port authority, marine terminal operator or other entity required to submit a maritime facility security plan under regulations promulgated under this subsection shall review its plan, make necessary or appropriate revisions, and submit the results of its review and revised plan to the Secretary.

''(6) INTERIM SECURITY MEASURES.—The Secretary shall require each port authority, waterfront facility operator, or operator of a public or commercial structure located within or adjacent to the marine environment, to implement any necessary security measures, including the establishment of a secure perimeter and positive access controls, until the maritime facility security plan for that port authority, waterfront facility operator,

or operator of a public or commercial structure located within or adjacent to the marine environment is approved.''.

(c) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Secretary $3,500,000 for each of fiscal years 2002 through 2006 to carry out section 7(g) of the Ports and Waterways Safety Act (33 U.S.C. 1226(g)), such sums to remain available until expended.

SEC. 106. EMPLOYMENT INVESTIGATIONS AND RESTRICTIONS FOR SECURITY-SENSITIVE POSITIONS.

Section 7 of the Ports and Waterways Safety Act, (33 U.S.C. 1226), as amended by section 105, is further amended by adding at the end the following:

''(h) DESIGNATION OF CONTROLLED ACCESS AREAS; PROTECTION OF SECURITY-SENSITIVE INFORMATION; EMPLOYMENT INVESTIGATIONS AND CRIMINAL HISTORY RECORD CHECKS.—

''(1) ACCESS AREAS; RESTRICTED INFORMATION REGULATIONS.—The Secretary, after consultation with the Secretary of the Treasury and the Attorney General, shall prescribe regulations to—

''(A) require, as necessary, the designation of controlled access areas in the maritime facility security plan for each waterfront facility and other public or commercial structure located within or adjacent to the marine environment; and

''(B) limit access to security-sensitive information, such as passenger and cargo manifests.

''(2) SCREENING; BACKGROUND CHECKS.—In prescribing access limitations under this section, the Secretary may—

''(A) require that persons entering or exiting secure, restricted, or controlled access areas undergo physical screening;

''(B) require appropriate escorts for persons without proper clearances or credentials; and

''(C) require employment investigations and criminal history record checks to ensure that individuals who have unrestricted access to controlled areas or have access to security-sensitive information do not pose a threat to national security or to the safety and security of maritime commerce.

''(3) DISQUALIFICATION FROM NEW OR CONTINUED EMPLOYMENT.—An individual may not be employed in a security-sensitive position at any waterfront facility or other public or commercial structure located within or adjacent to the marine environment if—

''(A) the individual does not meet other criteria established by the Secretary; or

''(B) a background investigation or criminal records check reveals that—

''(i) within the previous 7 years the individual was convicted, or found not guilty by reason of insanity of an offense described in paragraph (4); or

''(ii) within the previous 5 years was released from incarceration for committing an offense described in paragraph (4).

''(4) DISQUALIFYING OFFENSES.—The offenses referred to in paragraph (3)(B) are the following:

''(A) Murder.

''(B) Assault with intent to murder.

''(C) Espionage.

''(D) Sedition.

''(E) Treason.

''(F) Rape.

''(G) Kidnaping.

''(H) Unlawful possession, sale, distribution, importation, or manufacture of an explosive or weapon.

''(I) Extortion.

''(J) Armed or felony unarmed robbery.

''(K) Importation, manufacture, or distribution of, or intent to distribute, a controlled substance.

''(L) A felony involving a threat.

''(M) A felony involving willful destruction of property.

''(N) Smuggling.

''(O) Theft of property in the custody of the United States Customs Service.

''(P) Attempt to commit, or conspiracy to commit any of the offenses referred to in subparagraphs (A) through (O).

''(5) ALTERNATIVE ARRANGEMENTS.—Notwithstanding paragraph (1), an individual may be employed in a security-sensitive position although that individual would otherwise be disqualified from such employment if the employer establishes alternate security arrangements acceptable to the Secretary.

''(6) APPEALS PROCESS.—The Secretary shall establish an appeals process under this section for individuals found to be ineligible for employment under paragraph (3) that includes notice and an opportunity for a hearing.

''(7) ACCESS TO DATABASES.—Notwithstanding any other provision of law to the contrary, but subject to existing or new procedural safeguards imposed by the Attorney General, the Secretary is authorized to access the Federal Bureau of Investigation's Integrated Automatic Fingerprinting Identification System, the Fingerprint Identification Record System, the Interstate Identification Index, the National Crime Identification System, and the Integrated Entry and Exit Data System for the purpose of conducting or verifying the results of any background investigation or criminal records check required by this subsection.

''(8) RESTRICTIONS ON USE AND MAINTENANCE OF INFORMATION.—

''(A) SECRETARY MAY GIVE RESULTS OF INVESTIGATION TO EMPLOYERS.—The Secretary may transmit the results of a background check or criminal records check to a port authority, marine terminal operator, or other entity the Secretary determines necessary for carrying out the requirements of this subsection.

''(B) FOIA NOT TO APPLY.—Information obtained by the Secretary under this subsection may not be made available to the public under section 552 of title 5, United States Code.

''(C) CONFIDENTIALITY.—Except to the extent necessary to carry out this subsection, any information other than criminal acts or offenses constituting grounds for ineligibility for employment under paragraph (3) shall be maintained confidentially by the Secretary and may be used only for making determinations under this section.

''(9) EFFECTIVENESS AUDITS.—The Secretary shall provide for the periodic audit of the effectiveness of employment investigations and criminal history record checks required by this subsection.

''(10) USER FEES.—

''(A) IN GENERAL.—The Secretary and the Attorney General shall establish and collect reasonable fees to pay expenses incurred by the Federal government in carrying out any investigation, criminal history record check, fingerprinting, or identification verification services provided for under this subsection.

''(B) DEPOSIT OF AMOUNT RECEIVED.—Amounts received by the Attorney General or Secretary under this section shall be credited to the account in the Treasury from which the expenses were incurred as offsetting collections and shall be available to the Attorney General and the Secretary upon the approval of Congress.

''(11) SUBSECTION NOT IN DEROGATION OF OTHER AUTHORITY.—Nothing in this subsection restricts any agency, instrumentality, or department of the United States from exercising, or limits its authority to exercise, any other statutory or regulatory authority to initiate or enforce port security standards.''.

SEC. 107. MARITIME DOMAIN AWARENESS.

(a) IN GENERAL.—The Secretary shall conduct a study on ways to enhance maritime domain awareness through improved collection and coordination of maritime intelligence and submit a report on the findings of that study to the Senate Committee on Commerce, Science, and Transportation and the House of Representatives Committee on Transportation and Infrastructure.

(b) SPECIFIC MATTERS TO BE ADDRESSED.—In the study, the Secretary shall—

(1) identify actions and resources necessary for multi-agency cooperative efforts to improve the maritime security of the United States;

(2) specifically address measures necessary to ensure the effective collection, dissemination, and interpretation of maritime intelligence and data, information resource management and database requirements, architectural measures for cross-agency integration, data sharing, correlation and safeguarding of data, and cooperative analysis to identify and effectively respond to threats to maritime security;

(3) estimate the potential costs of establishing and operating such a new or linked database and provides recommendations on what agencies should contribute to the cost of its operation;

(4) evaluate the feasibility of establishing a joint interagency task force on maritime intelligence;

(5) estimate of potential costs and benefits of utilizing commercial supercomputing platforms and data bases to enhance information collection and analysis capabilities across multiple Federal agencies; and

(6) provide a suggested time frame for the development of such a system or database.

(c) PARTICIPATION OF OTHER AGENCIES.—The Secretary shall consult with the Director of Central Intelligence, the Secretary of State, the Secretary of the Treasury, the Secretary of Defense, the Attorney General, the Secretary of Agriculture, the Secretary of Commerce, the Secretary of Energy, the Director of the Federal Emergency Management Agency, and the heads of other departments and agencies as necessary and invite their participation in the preparation of the study and report required by subsection (a).

(d) DEADLINE.—The Secretary shall submit the report required by subsection (a) within 180 days after the date of enactment of this Act.

(e) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Secretary $500,000 in fiscal year 2002 to carry out this section.

SEC. 108. INTERNATIONAL PORT SECURITY.

(a) IN GENERAL.—Part A of subtitle II of title 46, United States Code, is amended by adding at the end the following:

''CHAPTER 25. INTERNATIONAL PORT SECURITY.

''§ 2501. Assessment

''(a) IN GENERAL.—At intervals the Secretary of Transportation considers necessary, the Secretary shall assess the effectiveness of the security measures maintained at—

''(1) a foreign port—

''(A) served by vessels of the United States;

''(B) from which foreign vessels serve the United States; or

''(C) that poses a high risk of introducing danger to United States ports and waterways, United States citizens, vessels of the United States or any other United States interests; and

''(2) any other foreign port the Secretary considers appropriate.

''(b) PROCEDURES AND STANDARDS.—The Secretary shall conduct an assessment under subsection (a) of this section—

''(1) in consultation with appropriate authorities of the government of the foreign country concerned and operators of vessels of the United States serving the foreign port for which the Secretary is conducting the assessment;

''(2) to establish the extent to which a foreign port effectively maintains and carries out internationally recognized security measures; and

''(3) by using a standard based on the standards for port security and recommended practices of the International Maritime Organization and other appropriate international organizations.

''(c) CONSULTATION.—In carrying out this section, the Secretary shall consult with—

''(1) the Secretary of State—

''(A) on the terrorist or relevant criminal threat that exists in each country involved; and

''(B) identify foreign ports that—

''(i) are not under the de facto control of the government of the foreign country in which they are located; and

''(ii) pose a high risk of introducing danger to international maritime commerce; and

''(2) the Secretary of the Treasury and coordinate any such assessment with the United States Customs Service.

''§ 2502. Notifying foreign authorities

''(a) DISSEMINATION OF INFORMATION ABOUT THE PROGRAM.—The Secretary shall work with the Secretary of State to facilitate the dissemination of port security program information to port authorities and marine terminal operators in other countries.

''(b) SPECIFIC NOTIFICATIONS.—If the Secretary of Transportation, after conducting an assessment under section 2501, finds that a port does not maintain and carry out effective security measures, the Secretary, through the Secretary of State, shall notify the appropriate authorities of the government of the foreign country of the finding and recommend the steps necessary to bring the security measures in use at the port up to the standard used by the Secretary of Transportation in making the assessment.

''§ 2503. Actions when ports not maintaining and carrying out effective security measures

''(a) IN GENERAL.—If the Secretary of Transportation finds that a port does not maintain and carry out effective security measures—

''(1) the Secretary shall—

''(A) in consultation with the Secretaries of State, Treasury, Agriculture, and the Attorney General, develop measures to protect the safety and security of United States ports from risks related to vessels arriving from a foreign port that does not maintain an acceptable level of security;

''(B) publish the identity of the port in the Federal Register;

''(C) have the identity of the port posted and displayed prominently at all United States ports at which scheduled passenger carriage is provided regularly to that port; and

''(D) require each United States and foreign vessel providing transportation between the United States and the port to provide written notice of the decision, on or with the ticket, to each passenger buying a ticket for transportation between the United States and the port;

''(2) the Secretary may, after consultation with the Secretaries of State and of the Treasury, prescribe conditions of port entry into the United States for any vessel arriving from a port determined under this subsection to maintain ineffective security measures, or any vessel carrying cargo originating from or transshipped through such a port, including refusing entry, inspection, or any other condition as the Secretary determines may be necessary to ensure the safety of United States ports and waterways; and

''(3) the Secretary may prohibit a United States or foreign vessel from providing transportation between the United States and any other foreign port that is served by vessels navigating to or from a port found not to maintain and carry out effective security measures.

''(b) EFFECTIVE DATE FOR SANCTIONS.—Any action taken by the Secretary under subsection (a) for a particular port shall take effect—

''(1) 90 days after the government of the foreign country with jurisdiction or control of that port is notified under section 2502 unless the Secretary finds that the government has brought the security measures at the port up to the standard the Secretary used in making an assessment under section 2501 before the end of that 90-day period; or

''(2) immediately upon the determination of the Secretary under subsection (a) if the Secretary finds, after consulting with the Secretary of State, that a condition exists that threatens the safety or security of passengers, vessels, or crew traveling to or from the port.

''(c) STATE DEPARTMENT TO BE NOTIFIED.—The Secretary immediately shall notify the Secretary of State of a finding that a port does not maintain and carry out effective security measures so that the Secretary of State may issue a travel advisory.

''(d) CONGRESSIONAL NOTIFICATION REQUIRED.—The Secretary promptly shall submit to Congress a report (and classified annex if necessary) identifying any port that the Secretary finds does not maintain and carry out effective security measures and describe any action taken under this section with regard to that port.

''(e) ACTION CANCELED.—An action required under this section is no longer required if the Secretary, in consultation with the Secretary of State, decides that effective security measures are maintained and carried out at the port. The Secretary shall notify Congress when the action is no longer required.

''§ 2504. Travel advisories concerning security at foreign ports

''(a) IN GENERAL.—Upon being notified by the Secretary of Transportation that the Secretary has determined that a condition exists that threatens the safety or security of passengers, passenger vessels, or crew traveling to or from a foreign port which the Secretary has determined under this chapter to be a port which does not maintain and administer effective security measures, the Secretary of State shall immediately issue a travel advisory with respect to the port. The Secretary of State shall take the necessary steps to publicize the travel advisory widely.

''(b) WHEN TRAVEL ADVISORY MAY BE CANCELED.—The travel advisory required to be issued under subsection (a) of this section may be lifted only if the Secretary of Transportation, in consultation with the Secretary of State, has determined that effective security measures are maintained and administered at the port with respect to which the Secretary of Transportation had made the determination.

''(c) CONGRESSIONAL NOTIFICATION.—The Secretary of State shall immediately notify Congress of any change in the status of a travel advisory imposed pursuant to this section.

''§ 2505. Suspensions

''(a) IN GENERAL.—The President, without prior notice or a hearing, shall suspend the right of any vessel of the United States, and the right of a person to trade with the United States, to provide foreign sea transportation, and the right of a person to operate vessels in foreign sea commerce, to or from a foreign port, if the President finds that—

''(1) a condition exists that threatens the safety or security of passengers, vessels, or crew traveling to or from that port; and

''(2) the public interest requires an immediate suspension of trade between the United States and that port.

''(b) DENIAL OF ENTRY.—If a person operates a vessel in violation of this section, the President may deny the vessels of that person entry to United States ports.

''(c) PENALTY FOR VIOLATION.—A person violating this section is liable to the United States Government for a civil penalty of not more than $50,000. Each day a vessel utilizes a prohibited port shall be a separate violation of this section.

''§ 2506. Acceptance of contributions; joint venture arrangements

''In carrying out responsibilities under this chapter, the Secretary may accept contributions of funds, material, services, and the use of personnel and facilities from public and private entities by contract or other arrangement if the confidentiality of security-sensitive information is maintained and access to such information is limited appropriately. The Secretary shall deposit any funds accepted under this section as miscellaneous receipts in the general fund of the United States Treasury.''.

(b) CONFORMING AMENDMENT.—The table of chapters at the beginning of subtitle II of title 46, United States Code, is amended by inserting the following new item in part A after the item for chapter 23:

''25. International Port Security .....2501''.

(c) REPEALS.—Sections 902, 905, 907, 908, 909, 910, 911, 912, and 913 of the International Maritime and Port Security Act (46 U.S.C. App. 1801, 1802, 1803, 1804, 1805, 1806, 1807, 1808, and 1809), are repealed.

(d) FOREIGN-FLAG VESSELS.—Within 6 months after the date of enactment of this Act and every year thereafter, the Secretary, in consultation with the Secretary of State, shall provide a report to the Committees on Commerce, Science, and Transportation and Foreign Relations of the Senate, and the Committees on Transportation and Infrastructure and International Relations of the House of Representatives that lists the following information:

(1) A list of all nations whose flag vessels have entered United States ports in the previous year.

(2) Of the nations on that list, a separate list of those nations—

(A) whose registered flag vessels appear as Priority III or higher on the Boarding Priority Matrix maintained by the Coast Guard;

(B) that have presented, or whose flag vessels have presented, false, intentionally incomplete, or fraudulent information to the United States concerning passenger or cargo manifests, crew identity or qualifications, or registration or classification of their flag vessels;

(C) whose vessel registration or classification procedures have been found by the Secretary to be noncompliant with international classifications or do not exercise

adequate control over safety and security concerns; or

(D) whose laws or regulations are not sufficient to allow tracking of ownership and registration histories of registered flag vessels.

(3) Actions taken by the United States, whether through domestic action or international negotiation, including agreements at the International Maritime Organization under section 902 of the International Maritime and Port Security Act (46 U.S.C. App. 1801), to improve transparency and security of vessel registration procedures in nations on the list under paragraph (2).

(4) Recommendations for legislative or other actions needed to improve security of United States ports against potential threats posed by flag vessels of nations named in paragraph (2).

SEC. 109. COUNTER-TERRORISM AND INCIDENT CONTINGENCY PLANS.

(a) IN GENERAL.—The Secretary, in coordination with the Director of the Federal Bureau of Investigation, shall ensure that all area maritime counter-terrorism and incident contingency plans are reviewed, revised, and updated no less frequently than once every 3 years.

(b) LOCAL PORT SECURITY COMMITTEES.—The Secretary shall ensure that port security committees established under section 7(f) of the Ports and Maritime Safety Act (33 U.S.C. 2116(f)) are involved in the review, revision, and updating of the plans.

(c) SIMULATION EXERCISES.—The Secretary shall ensure that—

(1) simulation exercises are conducted annually for all such plans; and

(2) actual practice drills and exercises are conducted at least once every 3 years.

(d) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Secretary $1,000,000 for each of fiscal years 2002 through 2006 to carry out this section, such sums to remain available until expended.

SEC. 110. MARITIME SECURITY PROFESSIONAL TRAINING.

(a) IN GENERAL.—

(1) DEVELOPMENT OF STANDARDS.—Not later than 6 months after the date of enactment of this Act, the Secretary of Transportation shall develop standards and curriculum to allow for the training and certification of maritime security professionals. In developing these standards and curriculum, the Secretary shall consult with the National Maritime Security Advisory Committee established under section 7(d) of the Ports and Maritime Safety Act (33 U.S.C. 2116(d)).

(2) SECRETARY TO CONSULT ON STANDARDS.—In developing standards under this section, the Secretary may, without regard to the Federal Advisory Committee Act (5 U.S.C. App.), consult with the Federal Law Enforcement Training Center, the United States Merchant Marine Academy's Global Maritime and Transportation School, the Maritime Security Council, the International Association of Airport and Port Police, the National Cargo Security Council, and any other Federal, State, or local government or law enforcement agency or private organization or individual determined by the Secretary to have pertinent expertise.

(b) MINIMUM STANDARDS.—The standards established by the Secretary under subsection (a) shall include the following elements:

(1) The training and certification of maritime security professionals in accordance with accepted law enforcement and security guidelines, policies, and procedures, including, as appropriate, recommendations for incorporating a background check process for personnel trained and certified in foreign ports.

(2) The training of students and instructors in all aspects of prevention, detection, investigation, and reporting of criminal activities in the international maritime environment.

(3) The provision of off-site training and certification courses and certified personnel at United States and foreign ports used by United States-flagged vessels, or by foreign-flagged vessels with United States citizens as passengers or crewmembers, to develop and enhance security awareness and practices.

(c) TRAINING PROVIDED TO LAW ENFORCEMENT AND SECURITY PERSONNEL.—The Secretary is authorized to make the training opportunities provided under this section available to any Federal, State, local, and private law enforcement or maritime security personnel in the United States or in foreign ports used by United States-flagged vessels with United States citizens as passengers or crewmembers.

(d) USE OF CONTRACT RESOURCES.—The Secretary shall employ existing Federal and contract resources to train and certify maritime security professionals in accordance with the standards and curriculum developed under this Act.

(e) ANNUAL REPORT.—The Secretary shall transmit an annual report to the Senate Committee on Commerce, Science, and Transportation and the House of Representatives Committee on Transportation and Infrastructure on the expenditure of appropriated funds and the training under this section.

(f) FUNDING.—Of the amounts made available under section 122(b), there may be made available to the Secretary to carry out this section—

(1) $2,500,000 for each of fiscal years 2003 and 2004, and

(2) $3,000,000 for each of fiscal years 2005 and 2006,

such sums to remain available until expended.

(g) AUTHORIZATION OF APPROPRIATIONS—There are authorized to be appropriated to the Secretary to carry out this section—

(1) $5,500,000 for fiscal year 2002;

(2) $3,000,000 for each of fiscal years 2003 and 2004; and

(3) $2,500,000 for each of fiscal years 2005 and 2006.

SEC. 111. PORT SECURITY INFRASTRUCTURE IMPROVEMENT.

(a) IN GENERAL.—The Merchant Marine Act, 1936 (46 U.S.C. App. 1101 et seq.) is amended by adding at the end the following:

"TITLE XIV—PORT SECURITY INFRASTRUCTURE IMPROVEMENT

"SEC. 1401. LOAN GUARANTEES FOR PORT SECURITY INFRASTRUCTURE IMPROVEMENTS.

''(a) IN GENERAL.—The Secretary of Transportation, subject to the terms the Secretary shall prescribe and after consultation with the United States Coast Guard, the United States Customs Service, and the National Maritime Security Advisory Committee established under section 102 of the Port and Maritime Security Act of 2001, may guarantee or make a commitment to guarantee the payment of the principal of, and the interest on, an obligation for port security infrastructure improvements for an eligible project at any United States port.

''(b) LIMITATIONS.—Guarantees or commitments to guarantee under this section are subject to the extent applicable to all the laws, requirements, regulations, and procedures that apply to guarantees or commitments to guarantee made under title XI, except that—

''(1) guarantees or commitments to guarantee made under this section are eligible for not more than 87.5 percent of the actual cost of the security infrastructure improvement;

''(2) notwithstanding section 1104A(d), determination of economic soundness for a security infrastructure project shall be based upon the economic soundness of the applicant and not the project;

''(3) guarantees or commitments to guarantee may be made under this section to persons who are not citizens of the United States as defined in section 2 of the Shipping Act, 1916 (46 U.S.C. App. 802).

''(c) TRANSFER OF FUNDS.—The Secretary may accept the transfer of funds from any other department, agency, or instrumentality of the United States Government and may use those funds to cover the cost (as defined in section 502 of the Federal Credit Reform Act of 1990 (2 U.S.C. 61a)) of making guarantees or commitments to guarantee loans entered into under this section.

''(d) ELIGIBLE PROJECTS.—A project is eligible for a loan guarantee or commitment under subsection (a) if it is for the construction or acquisition of new security infrastructure that is—

''(1) equipment or facilities to be used for port security monitoring and recording;

''(2) security gates and fencing;

''(3) security-related lighting systems;

''(4) remote surveillance systems;

''(5) concealed video systems; or

''(6) other security infrastructure or equipment that contributes to the overall security of passengers, cargo, or crewmembers.

"SEC. 1402. GRANTS.

''(a) FINANCIAL ASSISTANCE.—The Secretary may provide financial assistance for eligible projects (within the meaning of section 1401(d).

''(b) MATCHING REQUIREMENTS.—

''(1) 75-PERCENT FEDERAL FUNDING.—Except as provided in paragraph (2), Federal funds for any eligible project under this section shall not exceed 75 percent of the total cost of such project.

''(2) EXCEPTIONS.—

''(A) SMALL PROJECTS.—There are no matching requirements for grants under subsection (a) for projects costing not more than $25,000.

''(B) HIGHER LEVEL OF SUPPORT REQUIRED.—If the Secretary determines that a proposed project merits support and cannot be undertaken without a higher rate of Federal support, then the Secretary may approve grants under this section with a matching requirement other than that specified in paragraph (1).

''(c) ALLOCATION.—The Secretary shall ensure that financial assistance provided under subsection (a) during a fiscal year is distributed so that funds are awarded for eligible projects that address emerging priorities or threats identified by the National Maritime Security Advisory Committee established under section 7(d) of the Ports and Waterways Safety Act (33 U.S.C. 1226(d)).

''(d) PROJECT PROPOSALS.—Each proposal for a grant under this section shall include the following:

''(1) The name of the individual or entity responsible for conducting the project.

''(2) A comprehensive description of the need for the project, and a statement of the project's relationship to the security plan.

''(3) A description of the qualifications of the individuals who will conduct the project.

''(4) An estimate of the funds and time required to complete the project.

''(5) Evidence of support of the project by appropriate representatives of States or territories of the United States or other government jurisdictions in which the project will be conducted.

''(6) Information regarding the source and amount of matching funding available to the applicant, as appropriate.

''(7) Any other information the Secretary considers to be necessary for evaluating the

eligibility of the project for funding under this title.

"SEC. 1403. ALLOCATION OF RESOURCES.

''In carrying out this title, the Secretary may ensure that not less than $2,000,000 in loans and loan guarantees under section 1401, and not less than $6,000,000 in grants under section 1402, are made available for eligible projects (as defined in section 1401(d)) located in any State to which reference is made by name in section 607 of this Act during each of the fiscal years 2002 through 2006.''.

(b) ANNUAL ACCOUNTING.—The Secretary of Transportation shall submit an annual summary of loan guarantees and commitments to make loan guarantees under section 1401 of the Merchant Marine Act, 1936, and grants made under section 1402 of that Act, to the Committee on Commerce, Science, and Transportation and the House of Representatives Committee on Transportation and Infrastructure and the Advisory Committee through appropriate media of communication, including the Internet.

(c) FUNDING.—Of amounts made available under section 122(b), there may be made available to the Secretary of Transportation—

(1) $9,000,000 for each of the fiscal years 2003, 2004, 2005, and 2006 as guaranteed loan costs (as defined in section 502(5) of the Federal Credit Reform Act of 1990; 2 U.S.C. 661a(5)) under section 1401 of the Merchant Marine Act, 1936,

(2) $10,000,000 for each of such fiscal years for grants under section 1402 of the Merchant Marine Act, 1936, and

(3) $1,000,000 for each such fiscal year to cover administrative expenses related to loan guarantees under section 1401 of the Merchant Marine Act, 1936, and grants under section 1402 of that Act,

such amounts to remain available until expended.

(d) ADDITIONAL APPROPRIATIONS AUTHORIZED.—In addition to the amounts made available under subsection (c)(2), there are authorized to be appropriated to the Secretary of Transportation—

(1) $26,000,000 for each of fiscal years 2002 through 2006 to the Secretary as guaranteed loan costs (as defined in section 502(5) of the Federal Credit Reform Act of 1990; 2 U.S.C. 661a(5)) under section 1401 of the Merchant Marine Act, 1936;

(2) $70,000,000 for each of fiscal years 2002 through 2006 to the Secretary for grants under section 1402 of the Merchant Marine Act, 1936; and

(3) $4,000,000 for each of fiscal years 2002 through 2006 to the Secretary to cover administrative expenses related to loan guarantees and grants under paragraphs (8) and (9),

such sums to remain available until expended.

SEC. 112. SCREENING AND DETECTION EQUIPMENT.

(a) FUNDING.—Of amounts made available under section 122(b), there may be made available to the Commissioner of Customs for the purchase of nonintrusive screening and detection equipment for use at United States ports—

(1) $15,000,000 for fiscal year 2003,

(2) $16,000,000 for fiscal year 2004,

(3) $18,000,000 for fiscal year 2005, and

(4) $19,000,000 for fiscal year 2006,

such sums to remain available until expended.

(b) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Commissioner $20,000,000 for each of fiscal years 2002 through 2006 to the Commissioner of Customs for the purchase of non-intrusive screening and detection equipment for use at United States ports, such sums to remain available until expended.

(c) FUNDING FOR FISCAL YEAR 2002.—There are authorized to be appropriated $145,000,000 for the United States Customs Service for fiscal year 2002 for 1,200 new customs inspector positions, 300 new customs agent positions, and other necessary port security positions, and for purchase and support of equipment (including camera systems for docks and vehicle-mounted computers), canine enforcement for port security, and to update computer systems to help improve customs reporting procedures.

SEC. 113. REVISION OF PORT SECURITY PLANNING GUIDE.

The Secretary of Transportation, acting through the Maritime Administration and after consultation with the Advisory Committee and the United States Coast Guard, shall publish a revised version of the document entitled ''Port Security: A National Planning Guide'', incorporating the requirements promulgated under section 7(g) of the Ports and Waterways Security Act (33 U.S.C. 2116(g)), within 3 years after the date of enactment of this Act, and make that revised document available on the Internet.

SEC. 114. SHARED DOCKSIDE INSPECTION FACILITIES.

(a) IN GENERAL.—The Secretary of the Treasury, the Secretary of Agriculture, the Secretary of Transportation, the Attorney General, and the Administrator of the General Services Administration shall work with each other, the Advisory Committee, and the States to establish shared dockside inspection facilities at United States ports for Federal and State agencies.

(b) FUNDING.—Of the amounts made available under section 122(b), there may be made available to the Secretary of the Transportation, $1,000,000 for each of fiscal years 2003, 2004, 2005, and 2006, such sums to remain available until expended, to establish shared dockside inspection facilities at United States ports in consultation with the Secretary of the Treasury, the Secretary of Agriculture, and the Attorney General.

(c) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Secretary of Transportation $1,000,000 for fiscal year 2002 to establish shared dockside inspection facilities at United States ports in consultation with the Secretary of the Treasury, the Secretary of Agriculture, and the Attorney General.

SEC. 115. MANDATORY ADVANCED ELECTRONIC INFORMATION FOR CARGO AND PASSENGERS AND OTHER IMPROVED CUSTOMS REPORTING PROCEDURES.

(a) CARGO INFORMATION.—

(1) IN GENERAL.—Section 431(b) of the Tariff Act of 1930 (19 U.S.C. 1431(b)) is amended—

(A) by striking ''Any manifest'' and inserting ''(1) Any manifest''; and

(B) by adding at the end the following new paragraph:

''(2)(A) In addition to any other requirement under this section, for every land, air, or vessel carrier required to make entry or obtain clearance under the customs laws of the United States, the pilot, master, operator, or owner of such carrier (or the authorized agent of such owner or operator) shall provide by electronic transmission cargo manifest information described in subparagraph (B) in advance of such entry or clearance in such manner, time, and form as the Secretary shall prescribe. The Secretary may exclude any class of land, aircraft, or vessel for which he concludes the requirements of this subparagraph are not necessary.

''(B) The information described in this subparagraph is as follows:

''(i) The port of arrival or departure, whichever is applicable.

''(ii) The carrier code, prefix code, or both.

''(iii) The flight, voyage, or trip number.

''(iv) The date of scheduled arrival or date of scheduled departure, as the case may be.

''(v) The request for permit to proceed to the destination, if applicable.

''(vi) The numbers and quantities from the carrier's master air waybill, bills of lading, or ocean bills of lading.

''(vii) The first port of lading of the cargo.

''(viii) A description and weight of the cargo or, for a sealed container, the shipper's declared description and weight of the cargo.

''(ix) The shippers name and address from all air waybills and bills of lading.

''(x) The consignee's name and address from all air waybills and bills of lading.

''(xi) Notice that actual boarded quantities are not equal to air waybill or bills of lading quantities, except that a carrier is not required by this clause to verify boarded quantities of cargo in sealed containers.

''(xii) Transfer or transit information for the cargo while it has been under the control of the carrier.

''(xiii) Warehouse or other location of the cargo while it has been under the control of the carrier.

''(xiv) Any additional information that the Secretary by regulation determines is reasonably necessary to ensure aviation, maritime, and surface transportation safety pursuant to those laws enforced and administered by the Customs Service.

''(3) The Secretary by regulation shall require nonvessel operating common carriers to meet the requirements of subparagraphs (A) and (B).''.

(2) CONFORMING AMENDMENTS.—Subparagraphs (A) and (C) of section 431(d)(1) of such Act are each amended by inserting ''or subsection (b)(2)'' before the semicolon.

(b) DOCUMENTATION OF CARGO.—Part II of title IV of the Tariff Act of 1930 is amended by inserting after section 431 the following new section:

"SEC. 431A. DOCUMENTATION OF WATERBORNE CARGO.

''(a) APPLICABILITY.—This section shall apply to all cargo to be exported moving by a vessel common carrier from a port in the United States.

''(b) DOCUMENTATION REQUIRED.—(1) No shipper of cargo subject to this section (including an ocean transportation intermediary that is a nonvessel-operating common carrier (as defined in section 3(17)(B) of the Shipping Act of 1984 (46 U.S.C. App. 1702(17)(B)) may tender or cause to be tendered to a vessel common carrier cargo subject to this section for loading on a vessel in a United States port, unless such cargo is properly documented pursuant to this subsection.

''(2) For the purposes of this subsection, cargo shall be considered properly documented if the shipper submits to the vessel common carrier or its agent a complete set of shipping documents no later than 24 hours after the cargo is delivered to the marine terminal operator.

''(3) A complete set of shipping documents shall include—

''(A) for shipments for which a shipper's export declaration is required a copy of the export declaration or, if the shipper files such declarations electronically in the Automated Export system, the complete bill of lading, and the master or equivalent shipping instructions including the shipper's Automated Export System instructions; or

''(B) for those shipments for which a shipper's export declaration is not required, such other documents or information as the Secretary may by regulation prescribe.

''(4) The Secretary shall by regulation prescribe the time, manner, and form by which

shippers shall transmit documents or information required under this subsection to the Customs Service.

''(c) LOADING UNDOCUMENTED CARGO PROHIBITED.—

''(1) No marine terminal operator (as defined in section 3(14) of the Shipping Act of 1984 (46 U.S.C. App. 1702(14))) may load, or cause to be loaded, any cargo subject to this section on a vessel unless instructed by the vessel common carrier operating the vessel that such cargo has been properly documented in accordance with this section.

''(2) When cargo is booked by one vessel common carrier to be transported on the vessel of another vessel common carrier, the booking carrier shall notify the operator of the vessel that the cargo has been properly documented in accordance with this section. The operator of the vessel may rely on such notification in releasing the cargo for loading aboard the vessel.

''(d) REPORTING OF UNDOCUMENTED CARGO.—A vessel common carrier shall notify the United States Customs Service of any cargo tendered to such carrier that is not properly documented pursuant to this section and that has remained in the marine terminal for more than 48 hours after being delivered to the marine terminal, and the location of the cargo in the marine terminal. For vessel common carriers that are members of vessel sharing agreements (or any other arrangement whereby a carrier moves cargo on another carrier's vessel), the vessel common carrier accepting the booking shall be responsible for reporting undocumented cargo, without regard to whether it operates the vessel on which the transportation is to be made.

''(e) ASSESSMENT OF PENALTIES.—Whoever violates subsection (b) of this section shall be liable to the United States for civil penalties in a monetary amount up to the value of the cargo, or the actual cost of the transportation, whichever is greater.

''(f) SEIZURE OF UNDOCUMENTED CARGO.—

''(1) Any cargo that is not properly documented pursuant to this section and has remained in the marine terminal for more than 48 hours after being delivered to the marine terminal operator shall be subject to search, seizure, and forfeiture.

''(2) The shipper of any such cargo is liable to the marine terminal operator and to the ocean carrier for demurrage and other applicable charges for any undocumented cargo which has been notified to or searched or seized by the Customs Service for the entire period the cargo remains under the order and direction of the Customs Service. The marine terminal operator and the ocean carrier shall have a lien on the cargo for the amount of the demurrage and other charges.

''(g) EFFECT ON OTHER PROVISIONS.—Nothing in this section shall be construed, interpreted, or applied to relieve or excuse any party from compliance with any obligation or requirement arising under any other law, regulation, or order with regard to the documentation or carriage of cargo.''.

(c) PASSENGER INFORMATION.—Part II of title IV of the Tariff Act of 1930, as amended by subsection (b), is further amended by inserting after section 431A the following new section:

''SEC. 431B. PASSENGER AND CREW MANIFEST INFORMATION REQUIRED FOR CARRIERS.

''(a) IN GENERAL.—For each person arriving or departing on an air or land carrier or vessel required to make entry or obtain clearance under the customs laws of the United States, the pilot, master, operator, or owner of such carrier (or the authorized agent of such owner or operator) shall provide by electronic transmission manifest information described in subsection (b) in advance of such entry or clearance in such manner, time, and form as the Secretary shall prescribe.

''(b) INFORMATION DESCRIBED.—The information described in this subsection shall include for each person:

''(1) Full name.

''(2) Date of birth and citizenship.

''(3) Gender.

''(4) Passport number and country of issuance.

''(5) United States visa number or resident alien card number, as applicable.

''(6) Passenger name record.

''(7) Such additional information that the Secretary, by regulation, determines is reasonably necessary to ensure aviation and maritime safety pursuant to the laws enforced or administered by the Customs Service.''.

(d) DEFINITION.—Section 401 of the Tariff Act of 1930 is amended by adding at the end the following new subsections:

''(t) LAND AIR AND VESSEL CARRIER.—The terms 'land carrier', 'air carrier', and 'vessel carrier' mean a carrier that transports by land, air, or water, respectively, goods or passengers for payment or other consideration, including money or services rendered.

''(u) VESSEL COMMON CARRIER.—The term 'vessel common carrier' has the meaning given the term 'ocean common carrier' in section 3(16) of the Shipping Act of 1984 (46 U.S.C. App. 1702(16)) and the term 'common carrier by water in interstate commerce' as defined in section 1 of the Shipping Act, 1916 (46 U.S.C. App. 801).''.

(e) OTHER REQUIREMENTS FOR IMPROVED REPORTING PROCEDURES.—In addition to the promulgation of manifesting information, the United States Customs Service shall improve reporting of goods arriving at United States ports—

(1) by promulgating regulations to require, notwithstanding sections 552 and 553 of the Tariff Act of 1930 (19 U.S.C. 1552 and 1553), at such times as Customs may require prior to the arrival of an in-bond movement of goods at the initial port of unlading, that—

(A) information shall be filed electronically identifying the consignor, consignee, country of origin, and the Harmonized Tariff Schedule of the United States 6-digit classification of the goods; and

(B) such information shall be to the best of the filer's knowledge, and shall not be considered the entry for the goods under section 484 of that Act (19 U.S.C. 1484) or subject to section 592 or 595a of that Act (19 U.S.C. 1592 or 1595a); and

(2) by distributing the information reported under the regulations promulgated under paragraph (1) or section 431(b)(2), 431A, or 431B of the Tariff Act of 1930 on a real-time basis to any Federal, State, or local government agency that has a regulatory or law-enforcement interest in the goods.

(f) EFFECTIVE DATE.—The amendments made by subsections (a) through (d) of this section shall take effect 45 days after the date of enactment of this Act.

(g) PILOT PROGRAM FOR PRE-CLEARING INBOUND SHIPMENTS OF WATERBORNE CARGO.—

(1) IN GENERAL.—If the Commissioner of Customs determines that information from a pilot program for inspecting, monitoring, tracking, and pre-clearing inbound shipments of waterborne cargo would improve the security and safety of ports, the Commissioner may develop and implement such a pilot program.

(2) PROGRAM CHARACTERISTICS.—

(A) IN GENERAL.—Any such pilot program shall—

(i) take into account, and may be organized on the basis of, prearrival information that commercial vessels entering the territorial waters of the United States or destined for United States ports are required to transmit under section 431 of the Tariff Act of 1930 (19 U.S.C. 1431) and the Ports and Waterways Safety Act (33 U.S.C. 1221 et seq.); and

(ii) be designed to meet the requirements of United States customs laws and other laws regulating the importation of goods into the United States and to accommodate mechanisms for the collection of applicable duties upon entry or removal from warehouse of such goods.

(B) CUSTOMS CLEARANCE WAIVER.—The Commissioner may grant a waiver of any United States Customs Service post-arrival clearance requirement for goods inspected, monitored for security and integrity in transit, tracked, and pre-cleared under any such pilot program.

(3) CONSULTATION WITH OTHER INTERESTED AGENCIES.—In developing and implementing a pilot program under paragraph (1) the Commissioner of Customs shall consult with representatives of other Federal agencies with responsibilities related to the entry of commercial goods into the United States to ensure that those agencies' missions are not compromised by the pre-clearance.

(4) PILOT PROGRAM TO BE TESTED AT MULTIPLE PORTS.—Any such pilot program developed and implemented by the Commissioner may be conducted at several different ports in a manner that permits analysis and evaluation of different technologies and takes into account different kinds of goods and ports with different harbor, infrastructure, climatic, geographical, and other characteristics.

(5) REPORT TO THE CONGRESS.—Within a year after a pilot program is implemented under paragraph (1), the Commissioner of Customs shall transmit a report to the Senate Committee on Commerce, Science, and Transportation and the House of Representatives Committee on Transportation and Infrastructure that—

(A) evaluates the pilot program and its components;

(B) states the Commissioner's view as to whether any procedure, system, or technology evaluated as part of the program offers a higher level of security than requiring imported goods to clear customs under existing procedures;

(C) states the Commissioner's view as to the integrity of the procedures, technology, or systems evaluated as part of the pilot program;

(D) makes a recommendation with respect to whether the pilot program, or any procedure, system, or technology should be incorporated in a nationwide system for preclearance of imports of waterborne goods;

(E) describes the impact of the pilot program on staffing levels at the Customs Service and the potential effect full implementation of the program on a nationwide basis would have on Customs Service staffing level; and

(F) states the Commissioner's views as to whether there is a method by which the United States could validate foreign ports so that cargo from those ports is pre-approved for United States Custom Service purposes on arrival at United States ports.

SEC. 116. PRE-ARRIVAL MESSAGES FROM VESSELS DESTINED TO UNITED STATES PORTS.

The Ports and Waterways Safety Act (33 U.S.C. 1221 et seq.) is amended—

(1) by striking ''environment'' in section 2(a) (33 U.S.C. 1221(a)) and inserting ''environment, and the safety and security of United States ports and waterways,'';

(2) by striking paragraph (5) of section 4(a) (33 U.S.C. 1223(a)) and inserting the following:

''(5) require—

''(A) the receipt of pre-arrival messages from any vessel destined for a port or place subject to the jurisdiction of the United States;

''(B) the message to include any information the Secretary determines to be necessary for the control of the vessel and the safety and security of the port, waterways, facilities, vessels, and marine environment; and

''(C) the message to be transmitted in electronic form, or otherwise as determined by the Secretary, in sufficient time to permit review before the vessel's entry into port, and deny port entry to any vessel that fails to comply with the requirements of this paragraph.'';

(3) by striking ''environment'' in section 5(a) (33 U.S.C. 1224(a)) and inserting ''environment, and the safety and security of United States ports and waterways,''; and

(4) by adding at the end of section 5 (33 U.S.C. 1224) the following:

''Nothing in this section interferes with the Secretary's authority to require information under section 4(a)(5) before a vessel's arrival in a port or place subject to the jurisdiction of the United States.''.

SEC. 117. MARITIME SAFETY AND SECURITY TEAMS.

(a) IN GENERAL.—To enhance the domestic maritime security capability of the United States, the Secretary shall establish such maritime safety and security teams as are needed to safeguard the public and protect vessels, harbors, ports, waterfront facilities, and cargo in waters subject to the jurisdiction of the United States from destruction, loss or injury from crime, or sabotage due to terrorist activity, and to respond to such activity in accordance with security plans developed under section 7 of the Ports and Waterways Safety Act (33 U.S.C. 2116).

(b) MISSION.—Each maritime safety and security team shall be trained, equipped and capable of being employed to—

(1) deter, protect against, and rapidly respond to threats of maritime terrorism;

(2) enforce moving or fixed safety or security zones established pursuant to law;

(3) conduct high speed intercepts;

(4) board, search, and seize any article or thing on a vessel or waterfront facility found to present a risk to the vessel, facility or port;

(5) rapidly deploy to supplement United States armed forces domestically or overseas;

(6) respond to criminal or terrorist acts within the port so as to minimize, insofar as possible, the disruption caused by such acts;

(7) assist with port vulnerability assessments required under this Act; and

(8) carry out other such missions as are assigned to it in support of the goals of this Act.

(c) COORDINATION WITH OTHER AGENCIES.—To the maximum extent feasible, each maritime safety and security team shall coordinate its activities with other Federal, State, and local law enforcement and emergency response agencies.

SEC. 118. RESEARCH AND DEVELOPMENT FOR CRIME AND TERRORISM PREVENTION AND DETECTION TECHNOLOGY.

(a) GRANT PROGRAM.—

(1) IN GENERAL.—The Secretary, in consultation with the Advisory Committee, shall establish a grant program to fund eligible projects for the development, testing, and transfer of technology to enhance security at United States ports with respect to security risks, including—

(A) explosives or firearms;

(B) weapons of mass destruction;

(C) chemical and biological weapons;

(D) drug and illegal alien smuggling;

(E) trade fraud; and

(F) other criminal activity.

(2) MATCHING FUNDS REQUIRED.—The maximum amount of any grant of funds made available under the program to a participant other than a department or agency of the United States for a technology development project may not exceed 75 percent of costs of that project.

(b) ELIGIBLE PROJECTS.—A project is eligible for a grant under subsection (a) if it is for the construction, acquisition, testing, or deployment of surveillance equipment and technology capable of preventing or detecting terrorist or other criminal activity as determined by the Secretary.

(c) ANNUAL ACCOUNTING; DISSEMINATION OF INFORMATION.—The Secretary shall submit an annual summary of grants under subsection (a), together with a general description of the tests and any technology transfers under the program, to the Senate Committee on Commerce, Science, and Transportation and the House of Representatives Committee on Transportation and Infrastructure.

(d) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Secretary $15,000,000 for each of fiscal years 2002 through 2006, such sums to remain available until expended.

SEC. 119. EXTENSION OF SEAWARD JURISDICTION.

(a) DEFINITION OF TERRITORIAL WATERS.—Section 1 of title XIII of the Act of June 15, 1917 (50 U.S.C. 195) is amended—

(1) by striking ''The term 'United States' as used in this Act includes'' and inserting the following:

''In this Act:

''(a) UNITED STATES.—The term 'United States' includes'';

(2) by adding at the end the following:

''(b) TERRITORIAL WATERS.—The term ''territorial waters of the United States'' includes all waters of the territorial sea of the United States as described in Presidential Proclamation 5928 of December 27, 1988.''.

(b) CIVIL PENALTY FOR VIOLATION OF ACT OF JUNE 15, 1917.—Section 2 of title II of the Act of June 15, 1917 (50 U.S.C. 192), is amended—

(1) by striking ''IMPRISONMENT'' in the section heading and inserting ''IMPRISONMENT; CIVIL PENALTIES'';

(2) by inserting ''(a) IN GENERAL.—'' before ''If'' in the first undesignated paragraph;

(3) by striking ''(a) If any other'' and inserting ''(b) APPLICATION TO OTHERS.—If any other''; and

(4) by adding at the end the following:

''(c) CIVIL PENALTY.—

''(1) IMPOSITION.—A person who is found, after notice and an opportunity for a hearing, to have violated any rule, regulation or order issued under this Act, or found to have knowingly obstructed or interfered with the exercise of any power conferred by this Act, shall be liable to the United States for a civil penalty, not to exceed $25,000 for each violation. Each day of a continuing violation shall constitute a separate violation. The amount of such civil penalty shall be assessed by the Secretary, or the Secretary's designee, by written notice. In determining the amount of such penalty, the Secretary shall take into account the nature, circumstances, extent and gravity of the prohibited acts committed and, with respect to the violator, the degree of culpability, any history of prior offenses, ability to pay, and such other matters as justice may require.

''(2) COMPROMISE, ETC.—The Secretary may compromise, modify, or remit, with or without conditions, any civil penalty which is subject to imposition or which has been imposed under this subsection.

''(3) COLLECTION.—If a person fails to pay an assessment of a civil penalty after it has become final, the Secretary may refer the matter to the Attorney General of the United States, for collection in any appropriate district court of the United States.''.

SEC. 120. SUSPENSION OF LIMITATION ON STRENGTH OF COAST GUARD.

(a) PERSONNEL END STRENGTHS.—Section 661(a) of title 14, United States Code, is amended by adding at the end the following: ''If at the end of any fiscal year there is in effect a declaration of war or national emergency, the President may defer the effectiveness of any end-strength and grade distribution limitation with respect to that fiscal year prescribed by law for any military or civilian component of the Coast Guard, for a period not to exceed 6 months after the end of the war or termination of the national emergency.''.

(b) OFFICERS IN COAST GUARD RESERVE.—Section 724 of title 14, United States Code, is amended by adding at the end thereof the following:

''(c) DEFERRAL OF LIMITATION.—If at the end of any fiscal year there is in effect a declaration of war or national emergency, the President may defer the effectiveness of any end-strength and grade distribution limitation with respect to that fiscal year prescribed by law for any military or civilian component of the Coast Guard Reserve, for a period not to exceed 6 months after the end of the war or termination of the national emergency.''.

SEC. 121. ADDITIONAL REPORTS.

(a) ADDITIONAL SECURITY NEEDS.—Within 1 year after the date of enactment of this Act, the Secretary shall transmit a report to the Senate Committee on Commerce, Science, and Transportation and the House of Representatives Committee on Transportation and Infrastructure on the need for any additional security requirements or measures under this title in order to provide for national security and protect the flow of commerce.

(b) ANNUAL STATUS REPORT TO CONGRESS.—

(1) IN GENERAL.—Notwithstanding section 7(c) of the Ports and Waterways Safety Act (33 U.S.C. 1226(c)), the Secretary shall report annually to the Senate Committee on Commerce, Science, and Transportation and the House of Representatives Committee on Transportation and Infrastructure on the status of port security in a form that does not compromise, or present a threat to the disclosure of security-sensitive information about, the port security vulnerability assessments conducted under this Act. The report may include recommendations for further improvements in port security measures and for any additional enforcement measures necessary to ensure compliance with the port security plan requirements of this title.

(2) SPECIFIC PORT EVALUATION.—The Secretary shall select a port for the purpose of evaluating security plans and enhancements and, in the first annual report under this subsection, the Secretary shall report on the progress and enhancements of security plans at that port and on how this Act has improved security at that port. The Secretary shall provide annual updates for that port in subsequent annual reports.

(c) ANNUAL REPORT ON MARITIME SECURITY AND TERRORISM.—Section 905 of the International Maritime and Port Security Act (46 U.S.C. App. 1802) is amended by adding at the end thereof the following: ''Beginning with the first report submitted under this section after the date of enactment of the Port and Maritime Security Act of 2001, the Secretary shall include a description of activities undertaken under title I of that Act and an analysis of the effect of those activities on port security against acts of terrorism.''.

(d) ANNUAL REPORT OF EXPENDITURE OF FUNDS FOR TRAINING OF MARITIME SECURITY

PROFESSIONALS.—The Secretary shall transmit an annual report to the Senate Committee on Commerce, Science, and Transportation and the House of Representatives Committee on Transportation and Infrastructure on the expenditure of appropriated funds and the development of training and certification programs under section 111 of this title.

(e) ACCOUNTING.—The Commissioner of Customs shall submit a report for each of fiscal years 2002 through 2006 to the Senate Committee on Commerce, Science, and Transportation and the House of Representatives Committee on Transportation and Infrastructure on the expenditure of funds appropriated pursuant to section 113 of this title.

(f) REPORT ON TRAINING CENTER.—The Commandant of the United States Coast Guard, in conjunction with the Secretary of the Navy, shall submit to Congress a report, at the time they submit their fiscal year 2004 budget, on the life cycle costs and benefits of creating a Center for Coastal and Maritime Security. The purpose of the Center would be to provide an integrated training complex to prevent and mitigate terrorist threats against coastal and maritime assets of the United States, including ports, harbors, ships, dams, reservoirs, and transport nodes.

SEC. 122. 4-YEAR REAUTHORIZATION OF TONNAGE DUTIES.

(a) IN GENERAL.—

(1) EXTENSION OF DUTIES.—Section 36 of the Act of August 5, 1909 (36 Stat. 111; 46 U.S.C. App. 121), is amended by striking ''through 2002,'' each place it appears and inserting ''through 2006,''.

(2) CONFORMING AMENDMENT.—The Act entitled ''An Act concerning tonnage duties on vessels entering otherwise than by sea'', approved March 8, 1910 (36 Stat 234; 46 U.S.C. App. 132), is amended by striking ''through 2002,'' and inserting ''through 2006,''.

(b) AVAILABILITY OF FUNDS.—Amounts deposited in the general fund of the Treasury as receipts of tonnage charges collected as a result of the amendments made by subsection (a) shall be made available, only to the extent provided in advance in appropriations Act, in each of fiscal years 2003 through 2006 to carry out this title, as provided in sections 102(b), 103(b), 104(b), 110(f), 111(c), 112(a) and 114(b) of this title.

(c) RECEIPTS CREDITED AS OFFSETTING COLLECTIONS.—Notwithstanding section 3302 of title 31, United States Code, duties collected under section 36 of the Act of August 5, 1909 (36 Stat. 111; 46 U.S.C. App. 121) as amended by subsection (a)(1) of this section—

(1) shall be credited as offsetting collections to the account that finances the activities and services authorized by sections 110, 112, and 114 of this Act, section 7(d), (e), and (f) of the Ports and Waterways Safety Act (33 U.S.C. 2116(d), (e), and (f)) (as added by sections 102, 103, and 104 of this Act), and sections 1401 and 1402 of the Merchant Marine Act, 1936 (as added by section 111 of this Act);

(2) shall be available for expenditure only to pay the costs of such activities and services; and

(3) shall remain available until expended.

(c) LIMITATION; DEPOSIT OF FEES.—No amounts may be collected under section 36 of the Act of August 5, 1909 (36 Stat. 111; 46 U.S.C. App. 121) as amended by subsection (a)(1) of this section, or credited as provided by subsection (b), except to the extent provided in advance in appropriations Acts. Such amounts shall be used in each of fiscal years 2003 through 2006 as provided in sections 102(b), 103(b), 104(b), 110(f), 111(c), 112(a) and 114(b) of this title.

SEC. 123. DEFINITIONS.

In this title:

(1) CAPTAIN-OF-THE-PORT.—The term ''Captain-of-the-Port'' means the United States Coast Guard's Captain-of-the-Port.

(2) SECRETARY.—Except as otherwise provided, the term ''Secretary'' means the Secretary of Transportation.

(4) ADVISORY COMMITTEE.—The term ''Advisory Committee'' means the National Maritime Security Advisory Committee established under section 7(d) of the Ports and Waterways Safety Act (33 U.S.C. 1226(d)).

(5) MARINE TERMINAL OPERATOR.—The term ''marine terminal operator'' has the meaning given that term in section 1702(14) of title 46, United States Code.

TITLE II—ADDITIONAL MARITIME SAFETY AND SECURITY RELATED MEASURES

SEC. 201. EXTENSION OF DEEPWATER PORT ACT TO NATURAL GAS.

The following provisions of the Deepwater Port Act of 1974 (33 U.S.C. 1501 et seq.) are each amended by inserting ''or natural gas'' after ''oil'' each place it appears:

(1) Section 2(a) (33 U.S.C. 1501(a)).

(2) Section 3(9) (33 U.S.C. 1502(9)).

(3) Section 4(a) (33 U.S.C. 1503(a)).

(4) Section 5(c)(2)(G) and (H) (33 U.S.C. 1504(c)(2)(G) and (H)).

(5) Section 5(i)(2)(B) (33 U.S.C. 1504(i)(2)(B)).

(6) Section 5(i)(3)(C) (33 U.S.C. 1504 (i)(3)(C)).

(7) Section 8 (33 U.S.C. 1507).

(8) Section 21(a) (33 U.S.C. 1520(a)).

SEC. 202. ASSIGNMENT OF COAST GUARD PERSONNEL AS SEA MARSHALS AND ENHANCED USE OF OTHER SECURITY PERSONNEL.

(a) IN GENERAL.—Section 7(b) of the Ports and Waterways Safety Act (33 U.S.C. 1226(b)) is amended—

(1) by striking ''and'' after the semicolon in paragraph (1);

(2) by striking ''terrorism.'' in paragraph (2) and inserting ''terrorism;'' and

(3) by adding at the end the following:

''(3) dispatch properly trained and qualified armed Coast Guard personnel aboard government, private, and commercial structures and vessels to deter, prevent, or respond to acts of terrorism or otherwise provide for the safety and security of the port, waterways, facilities, marine environment, and personnel; and

''(4) require the owner and operator of a commercial structure or the owner, operator, charterer, master, or person in charge of a vessel to provide the appropriate level of security as necessary, including armed security.''.

(b) REPORT ON USE OF NON-COAST GUARD PERSONNEL.—The Secretary of the department in which the Coast Guard is operating shall evaluate and report to the Congress on—

(1) the potential use of Federal, State, or local government personnel, and documented United States Merchant Marine personnel, to supplement Coast Guard personnel under section 7(b)(3) of the Ports and Waterways Safety Act (33 U.S.C. 1226(b)(3));

(2) the possibility of using personnel other than Coast Guard personnel to carry out Coast Guard personnel functions under that section and whether additional legal authority would be necessary to use such personnel for such functions; and

(3) the possibility of utilizing the United States Merchant Marine Academy or State maritime academies to provide training carrying out duties under that section.

(c) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Secretary of the department in which the Coast Guard is operating $13,000,000 in each of the fiscal years 2002-2006 to carry out section 7(b) of the Ports and Waterways Safety Act (33 U.S.C. 1226(b)), all such funds to remain available until expended.

SEC. 203. NATIONAL MARITIME TRANSPORTATION SECURITY PLAN.

Section 7 of the Ports and Waterways Safety Act (33 U.S.C. 1226), as amended by section 106 of this Act, is amended by adding at the end the following:

''(i) NATIONAL MARITIME TRANSPORTATION SECURITY PLAN.—

''(1) IN GENERAL.—The Secretary, in consultation with appropriate Federal agencies, shall prepare and publish a National Maritime Transportation Security Plan for prevention and response to maritime crime and terrorism. The Secretary shall consult with the National Maritime Security Advisory Committee in preparation of the National Maritime Transportation Security Plan.

''(2) CONTENTS OF PLAN.—The Plan shall provide for efficient, coordinated, and effective action to prevent and respond to acts of maritime crime or terrorism, and shall include—

''(A) allocation of duties and responsibilities among Federal departments and agencies in coordination with State and local agencies and port authorities;

''(B) identification, procurement, maintenance, and storage of equipment and supplies;

''(C) procedures and techniques to be employed in preventing and responding to acts of crime or terrorism;

''(D) establishment of procedures for effective liaison with State and local governments and emergency responders including law enforcement and fire response;

''(E) establishment of criteria and procedures to ensure immediate and effective Federal identification of, and response to, acts of maritime crime or terrorism, that result in a substantial threat to the welfare of the United States;

''(F) designation of a Federal official to be the Federal maritime security coordinator for each area for which an area maritime security plan is required to be prepared;

''(G) establishment of procedures for the coordination of activities of—

''(i) Coast Guard maritime safety and security teams established under this section;

''(ii) Federal maritime security coordinators;

''(iii) area maritime security committees;

''(iv) local port security committees; and

''(v) the National Maritime Security Advisory Committee.

''(3) REVISION AUTHORITY.—The Secretary may, from time to time, as the Secretary deems advisable, revise or otherwise amend the National Maritime Transportation Security Plan.

''(4) PLAN TO BE FOLLOWED.—After publication of the Plan, the planning and response to acts of maritime crime and terrorism shall, to the greatest extent possible, be in accordance with the Plan.

''(5) COPY TO THE CONGRESS.—The Secretary shall furnish a copy of the Plan to the Senate Committee on Commerce, Science, and Transportation and the House of Representatives Committee on Transportation and Infrastructure.''.

SEC. 204. AREA MARITIME SECURITY COMMITTEES AND AREA MARITIME SECURITY PLANS.

Section 7 of the Ports and Waterways Safety Act (33 U.S.C. 1226), as amended by section 203, is further amended by adding at the end the following:

''(j) AREA MARITIME SECURITY COMMITTEES AND AREA MARITIME SECURITY PLANS.—

''(1) IN GENERAL.—There is established for each area designated by the Secretary an area maritime security committee comprised of members appointed by the Secretary. The Secretary may designate any existing local port security committee as an area maritime security committee for the

purposes of this subsection. The Federal Advisory Committee Act (5 U.S.C. App.) does not apply to an area maritime security committee.

''(2) FUNCTION.—Each area maritime security committee, under the direction of the Federal maritime security coordinator for its area, shall—

''(A) prepare an area maritime security plan for its area; and

''(B) work with State and local officials to enhance the contingency planning of those officials and to assure pre-planning of joint response efforts, including appropriate procedures for prevention and response to acts of maritime crime or terrorism.

''(3) AREA MARITIME SECURITY PLAN REQUIREMENT.—Each area maritime security committee shall prepare an area maritime security plan for its area and submit it to the Secretary for approval. The area maritime security plan shall—

''(A) when implemented in conjunction with the national maritime transportation security plan, be adequate to prevent or rapidly and effectively respond to an act of maritime crime or terrorism in or near the area;

''(B) describe the area covered by the plan, including the areas of population or special economic, environmental or national security importance that might be damaged by an act of maritime crime or terrorism;

''(C) describe in detail how the plan is integrated with other area maritime security plans, facility security plans, and vessel security plans under this section;

''(D) include any other information the Secretary requires; and

''(E) be updated periodically by the area maritime security committee.

''(4) REVIEW BY SECRETARY.—The Secretary shall—

''(A) review and approve area maritime security plans under this subsection; and

''(B) periodically review previously approved area maritime security plans.''.

SEC. 205. VESSEL SECURITY PLANS.

(a) IN GENERAL.—Section 4(a) of the Ports and Waterways Safety Act (33 U.S.C. 1223(a)) is amended—

(1) by striking ''and'' after the semicolon in paragraph (4);

(2) by striking ''environment.'' in paragraph (5) and inserting ''environment; and''; and

(3) by adding at the end the following:

''(6) may issue regulations establishing requirements for vessel security plans and programs for vessels calling on United States ports.''.

(b) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Secretary of the department in which the Coast Guard is operating $2,000,000 for each of fiscal years 2002 through 2006 to carry out section 4(a)(6) of the Ports and Waterways Safety Act (33 U.S.C. 1223(a)(6)), such sums to remain available until expended.

SEC. 206. PROTECTION OF SECURITY-RELATED INFORMATION.

Section 7(c) of the Ports and Waterways Safety Act (33 U.S.C. 1226(c)) is amended to read as follows:

''(c) NONDISCLOSURE OF INFORMATION.—Notwithstanding any other provision of law, information developed under this section, and vessel security plan information developed under section 4(a)(6) of this Act (33 USC 1223(a)(6)), is not required to be disclosed to the public. This includes information related to security plans, procedures, or programs for passenger vessels or passenger terminals authorized under this Act, and any other information, including maritime facility security plans, vessel security plans and port vulnerability assessments.''.

SEC. 207. ENHANCED CARGO IDENTIFICATION AND TRACKING.

(a) TRACKING PROGRAM.—The Secretaries of the Treasury and Transportation shall establish a joint task force to work with ocean shippers and ocean carriers in the development of performance standards for systems to track data for shipments, containers, and contents—

(1) to improve the capacity of shippers and others to limit cargo theft and tampering; and

(2) to track the movement of cargo, through the Global Positioning System or other systems, within the United States, particularly for in-bond shipments.

(b) PERFORMANCE STANDARDS FOR ANTI-TAMPERING DEVICES.—The Secretaries of the Treasury and Transportation shall work with the National Institutes of Standards and Technology to develop enhanced performance standards for in-bond seals and locks for use on or in containers used for water-borne cargo shipments.

SEC. 208. ENHANCED CREWMEMBER IDENTIFICATION.

The Secretary of Transportation, in consultation with the Attorney General, may require crewmembers aboard vessels calling on United States ports to carry and present upon demand such identification as the Secretary determines.

SA 2691. Mr. REID (for Mr. ALLEN) proposed an amendment to the bill S. 1858, to permit the closed circuit televising of the criminal trial of Zacarias Moussaoui for the victims of September 11th; as follows:

On page 2, line 5, strike ''including'' and insert ''in''.

On page 2, line 6, after ''San Francisco,'' insert ''and such other locations the trial court determines are reasonably necessary,''.

SA 2692. Mr. REID (for MR. FRIST (for himself, Mr. KENNEDY, and Mr. GREGG)) proposed an amendment to the bill H.R. 3448, to improve the ability of the United States to prevent, prepare for, and respond to bioterrorism and other public health emergencies; as follows:

Strike all after the enacting clause and insert the following:

SECTION 1. SHORT TITLE; TABLE OF CONTENTS.

(a) SHORT TITLE.—This Act may be cited as the ''Bioterrorism Preparedness Act of 2001''.

(b) TABLE OF CONTENTS.—The table of contents of the Act is as follows:

TITLE I—NATIONAL GOALS FOR BIOTERRORISM PREPAREDNESS

SEC. 101. AMENDMENT TO THE PUBLIC HEALTH SERVICE ACT.

The Public Health Service Act (42 U.S.C. 201 et seq.) is amended by adding at the end the following:

''TITLE XXVIII—STRENGTHENING THE NATION'S PREPAREDNESS FOR BIOTERRORISM

''SEC. 2801. CONGRESSIONAL FINDINGS ON BIOTERRORISM PREPAREDNESS.

''Congress finds that the United States should further develop and implement a coordinated strategy to prevent, and if necessary, to respond to biological threats or attacks upon the United States. Such strategy should include measures for—

''(1) enabling the Federal Government to provide health care assistance to States and localities in the event of a biological threat or attack;

''(2) improving public health, hospital, laboratory, communications, and emergency response personnel preparedness and responsiveness at the State and local levels;

''(3) rapidly developing and manufacturing needed therapies, vaccines, and medical supplies; and

''(4) enhancing the protection of the nation's food supply and protecting agriculture against biological threats or attacks.''.

TITLE II—IMPROVING THE FEDERAL RESPONSE TO BIOTERRORISM

Subtitle A—Additional Authorities

SEC. 201. ADDITIONAL AUTHORITIES OF THE SECRETARY; STRATEGIC NATIONAL PHARMACEUTICAL STOCKPILE.

Title XXVIII of the Public Health Service Act, as added by section 101, is amended by adding at the end the following:

''Subtitle A—Improving the Federal Response to Bioterrorism

''SEC. 2811. AUTHORITY OF THE SECRETARY RELATED TO BIOTERRORISM PREPAREDNESS.

''(a) PLAN.—To meet the objectives of this title (and the amendments made by the Bioterrorism Preparedness Act of 2001), and to help the United States fully prepare for a biological threat or attack, the Secretary, consistent with the recommendations and activities of the working group established under section 319F(a), shall develop and implement a coordinated plan to meet such objectives that are within the jurisdiction of the Secretary. Such plan shall include the development of specific criteria that will enable measurements to be made of the progress made at the national, State, and local levels toward achieving the national goal of bioterrorism preparedness, including actions to strengthen the preparedness of rural communities for a biological threat or attack.

''(b) BIENNIAL REPORTS.—

''(1) IN GENERAL.—Not later than 1 year after the date of enactment of this title, and biennially thereafter, the Secretary shall prepare and submit to Congress a report concerning the progress made and the steps taken by the Secretary to further the purposes of this title (and the amendments made by the Bioterrorism Preparedness Act of 2001). Such report shall include an assessment of the activities conducted under section 319F(c).

''(2) ADDITIONAL AUTHORITY.—In the biennial report submitted under paragraph (1), the Secretary may make recommendations concerning—

''(A) additional legislative authority that the Secretary determines is necessary to meet the objectives of this title (and the amendments made by the Bioterrorism Preparedness Act of 2001); and

''(B) additional legislative authority that the Secretary determines is necessary under section 319 to protect the public health in the event that a condition described in section 319(a) occurs.

''(c) OTHER REPORTS.—Not later than 1 year after the date of enactment of this title, the Secretary shall prepare and submit to Congress a report concerning—

''(1) activities conducted under section 319F(b);

''(2) the characteristics that may render a rural community uniquely vulnerable to a biological threat or attack, including distance, lack of emergency transport, hospital or laboratory capacity, lack of integration of Federal or State public health networks, workforce deficits, or other relevant conditions;

''(3) in any case in which the Secretary determines that additional legislative authority is necessary to effectively strengthen the preparedness of rural communities for responding to a biological threat or attack, the recommendations of the Secretary with respect to such legislative authority; and

''(4) the need for and benefits of a National Disaster Response Medical Volunteer Service that would be a private-sector, community-based rapid response corps of medical volunteers.

''SEC. 2812. STRATEGIC NATIONAL PHARMACEUTICAL STOCKPILE.

''(a) IN GENERAL.—The Secretary, in coordination with the Secretary of Veterans Affairs, shall maintain a strategic stockpile of vaccines, therapies, and medical supplies that are adequate, as determined by the Secretary, to meet the health needs of the United States population, including children and other vulnerable populations, for use at the direction of the Secretary, in the event of a biological threat or attack or other public health emergency.

''(b) RULE OF CONSTRUCTION.—Nothing in subsection (a) shall be construed to prohibit the Secretary from including in the stockpile described in such subsection such vaccines, therapies, or medical supplies as may be necessary to meet the needs of the United States in the event of a nuclear, radiological, or chemical attack or other public health emergency.

''(c) DEFINITION.—In this section, the term 'stockpile' means—

''(1) a physical accumulation of the material described in subsection (a); or

''(2) a contractual agreement between the Secretary and a vendor or vendors under which such vendor or vendors agree to provide to the Secretary such medical supplies as shall be described in the contract at such time as shall be specified in the contract.

''(d) PROCEDURES.—The Secretary, in managing the stockpile under this section, shall—

''(1) ensure that adequate procedures are followed with respect to the stockpile maintained under subsection (a) for inventory management, accounting, and for the physical security of such stockpile; and

''(2) in consultation with State and local officials, take into consideration the timing and location of special events, including designated national security events.

''(e) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section, $640,000,000 for fiscal year 2002, and such sums as may be necessary for each of fiscal years 2003 through 2006.''.

SEC. 202. IMPROVING THE ABILITY OF THE CENTERS FOR DISEASE CONTROL AND PREVENTION TO RESPOND EFFECTIVELY TO BIOTERRORISM.

(a) REVITALIZING THE CDC.—Section 319D of the Public Health Service Act (42 U.S.C. 247d–4) is amended—

(1) in subsection (a), by inserting '', and expanded, enhanced, and improved capabilities of the Centers related to biological threats or attacks,'' after ''modern facilities'';

(2) in subsection (b)—

(A) by inserting '', including preparing for or responding to biological threats or attacks,'' after ''public health activities''; and

(B) by inserting ''$60,000,000 for fiscal year 2002,''; and

(3) by adding at the end the following:

''(c) IMPROVING PUBLIC HEALTH LABORATORY CAPACITY.—

''(1) IN GENERAL.—The Secretary shall provide for the establishment of a coordinated network of public health laboratories to assist with the detection of and response to a biological threat or attack, that may, at the discretion of the Secretary, include laboratories that serve as regional reference laboratories.

''(2) AUTHORITY.—The Secretary may award grants, contracts, or cooperative agreements to carry out paragraph (1).

''(3) COORDINATION.—To the maximum extent practicable, the Secretary shall ensure that activities conducted under paragraph (1) are coordinated with existing laboratory preparedness activities.

''(4) LOCAL DISCRETION.—Use of regional laboratories, if established under paragraph (1), shall be at the discretion of the public health agencies of the States.

''(5) PROHIBITED USES.—An eligible entity may not use amounts received under this subsection to—

''(A) purchase or improve land or purchase any building or other facility; or

''(B) construct, repair, or alter any building or other facility.

''(6) SUPPLEMENT NOT SUPPLANT.—Funds appropriated under this subsection shall be used to supplement and not supplant other Federal, State, and local public funds provided for activities under this subsection.

''(7) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this subsection, $59,500,000 for fiscal year 2002, and such sums as may be necessary for each of fiscal years 2003 through 2006.''.

(b) EDUCATION AND TRAINING.—Section 319F(e) of the Public Health Service Act (42 U.S.C. 247d6(e)) is amended by adding at the end the following flush sentence:

''The education and training activities described in this subsection may be carried out through Public Health Preparedness Centers, Noble training facilities, the Emerging Infections Program, and the Epidemic Intelligence Service.''.

Subtitle B—Coordination of Efforts and Responses

SEC. 211. ASSISTANT SECRETARY FOR EMERGENCY PREPAREDNESS; NATIONAL DISASTER MEDICAL SYSTEM.

Title XXVIII of the Public Health Service Act, as added by section 101, and amended by section 201, is further amended by adding at the end the following:

''SEC. 2813. ASSISTANT SECRETARY FOR EMERGENCY PREPAREDNESS.

''(a) APPOINTMENT OF ASSISTANT SECRETARY FOR EMERGENCY PREPAREDNESS.—The President, with the advice and consent of the Senate, shall appoint an individual to serve as the Assistant Secretary for Emergency Preparedness who shall head the Office for Emergency Preparedness. Such Assistant Secretary shall report to the Secretary.

''(b) DUTIES.—Subject to the authority of the Secretary, the Assistant Secretary for Emergency Preparedness shall—

''(1) serve as the principal adviser to the Secretary on matters relating to emergency preparedness, including preparing for and responding to biological threats or attacks and for developing policy; and

''(2) coordinate all functions within the Department of Health and Human Services relating to emergency preparedness, including preparing for and responding to biological threats or attacks.

"SEC. 2814. NATIONAL DISASTER MEDICAL SYSTEM.

''(a) NATIONAL DISASTER MEDICAL SYSTEM.—

''(1) IN GENERAL.—There shall be operated a system to be known as the National Disaster Medical System (in this section referred to as the 'National System') which shall be coordinated by the Secretary, in collaboration with the Secretary of Defense, the Secretary of Veterans Affairs, and the Director of the Federal Emergency Management Agency.

''(2) FUNCTIONS.—The National System shall provide appropriate health services, health-related social services and, if necessary, auxiliary services (including mortuary and veterinary services) to respond to the needs of victims of a public health emergency if the Secretary activates the System with respect to the emergency. The National System shall carry out such ongoing activities as may be necessary to prepare for the provision of such services.

''(b) TEMPORARY DISASTER-RESPONSE PERSONNEL.—

''(1) IN GENERAL.—For the purpose of assisting the Office of Emergency Preparedness and the National System in carrying out duties under this section, the Secretary may in accordance with section 316.401 of title 5, Code of Federal Regulations (including revisions to such section), and notwithstanding the eligibility requirements set forth in paragraphs (1) through (8) of section 316.402(b) of such title (including revisions), make temporary appointments of individuals to intermittent positions to serve as personnel of such Office or System.

''(2) TRAVEL AND SUBSISTENCE.—An individual appointed under paragraph (1) shall, in accordance with subchapter I of chapter 57 of title 5, United States Code, be eligible for travel, subsistence, and other necessary expenses incurred in carrying out the duties for which the individual was appointed, including per diem in lieu of subsistence.

''(3) LIABILITY.—For purposes of section 224(a) and the remedies described in such section, an individual appointed under paragraph (1) shall, while acting within the scope of such appointment, be considered to be an employee of the Public Health Service performing medical, surgical, dental, or related functions. Participation in training programs carried out by the Office of Emergency Preparedness or Federal personnel of the National System shall be considered within the scope of such an appointment (regardless of whether the individual receives compensation for such participation).

''(c) TEMPORARY DISASTER-RESPONSE APPOINTEE.—For purposes of this section, the term 'temporary disaster-response appointee' means an individual appointed by the Secretary under subsection (b).

''(d) COMPENSATION FOR WORK INJURIES.—A temporary disaster-response appointee, as designated by the Secretary, shall be deemed an employee, and an injury sustained by such an individual while actually serving or while participating in a uncompensated training exercise related to such service shall be deemed 'in the performance of duty', for purposes of chapter 81 of title 5, United States Code, pertaining to compensation for work injuries. In the event of an injury to such a temporary disaster-response appointee, the Secretary of Labor shall be responsible for making determinations as to whether the claimants are entitled to compensation or other benefits in accordance with chapter 81 of title 5, United States Code.

''(e) EMPLOYMENT AND REEMPLOYMENT RIGHTS.—

''(1) IN GENERAL.—A temporary disaster-response appointee, as designated by the Secretary, shall, when performing service as a temporary disaster-response appointee or participating in an uncompensated training exercise related to such service, be deemed a person performing 'service in the uniformed services' for purposes of chapter 43 of title 38, United States Code, pertaining to employment and reemployment rights of members in the uniformed services. All rights and obligations of such persons and procedures for assistance, enforcement, and investigation shall be as provided for in chapter 43 of title 38, United States Code.

''(2) NOTICE OF ABSENCE FROM POSITION OF EMPLOYMENT.—Preclusion of giving notice of service by disaster response necessity shall be deemed preclusion by 'military necessity' for purposes of section 4312(b) of title 38, United States Code, pertaining to giving notice of absence from a position of employment. A determination of disaster response necessity shall be made pursuant to regulations prescribed by the Secretary, in consultation with the Secretary of Defense, and shall not be subject to judicial review.

''(f) LIMITATION.—A temporary disaster-response appointee shall not be deemed an employee of the Public Health Service or the Office of Emergency Preparedness for purposes other than those specifically set forth in this section.''.

SEC. 212. EXPANDED AUTHORITY OF THE SECRETARY OF HEALTH AND HUMAN SERVICES TO RESPOND TO PUBLIC HEALTH EMERGENCIES.

(a) PROVISION OF DECLARATION TO CONGRESS.—Section 319(a) of the Public Health Service Act (42 U.S.C. 247d(a)) is amended by adding at the end the following: ''Not later than 48 hours after a declaration of a public health emergency under this section, the Secretary shall provide a written declaration to Congress indicating that an emergency under this section has been declared.''.

(b) WAIVER OF REPORTING DEADLINES.—Section 319 of the Public Health Service Act (42 U.S.C. 247d) is amended by adding at the end the following:

''(d) WAIVER OF DATA SUBMITTAL AND REPORTING DEADLINES.—In any case in which the Secretary determines that, wholly or partially as a result of a public health emergency that has been declared pursuant to subsection (a), individuals or public or private entities are unable to comply with deadlines for the submission to the Secretary of data or reports required under any law administered by the Secretary, the Secretary may, notwithstanding any other provision of law, grant such extensions of such deadlines as the circumstances reasonably require, and may waive any sanctions otherwise applicable to such failure to comply.''.

(c) EMERGENCY DECLARATION PERIOD.—Section 319 of the Public Health Service Act (42 U.S.C. 247d), as amended by subsection (b), is further amended by adding at the end the following:

''(e) EMERGENCY DECLARATION PERIOD.—A determination by the Secretary under subsection (a) that a public health emergency exists shall remain in effect for not longer than the 180-day period beginning on the date of the determination. Such period may be extended by the Secretary if—

''(1) the Secretary determines that such an extension is appropriate; and

''(2) the Secretary provides a written notification to Congress within 48 hours of such extension.''.

SEC. 213. PUBLIC HEALTH PREPAREDNESS AND RESPONSE TO A BIOTERRORIST ATTACK.

Section 319F of the Public Health Service Act (42 U.S.C. 247d–6) is amended by striking subsections (a) and (b), and inserting the following:

''(a) WORKING GROUP ON BIOTERRORISM.—The Secretary, in coordination with the Secretary of Defense, the Director of the Federal Emergency Management Agency, the Attorney General, the Secretary of Veterans Affairs, the Secretary of Labor, and the Secretary of Agriculture, and with other similar Federal officials as determined appropriate, shall establish a joint interdepartmental working group on the prevention, preparedness, and response to a biological threat or attack on the civilian population. Such joint working group shall—

''(1) prioritize countermeasures required to treat, prevent, or identify exposure to a biological agent or toxin pursuant to section 351A;

''(2) coordinate and facilitate the awarding of grants, contracts, or cooperative agreements for the development, manufacture, distribution, and purchase of priority countermeasures;

''(3) coordinate research on pathogens likely to be used in a biological threat or attack on the civilian population;

''(4) develop shared standards for equipment to detect and to protect against biological agents and toxins;

''(5) coordinate the development, maintenance, and procedures for the release of materials from the Strategic National Pharmaceutical Stockpile;

''(6) assess the priorities for and enhance the preparedness of public health institutions, providers of medical care, and other emergency service personnel (including firefighters) to detect, diagnose, and respond (including mental health response) to a biological threat or attack;

''(7) in the recognition that medical and public health professionals are likely to provide much of the first response to such an attack, develop, coordinate, enhance, and assure the quality of joint planning and training programs that address the public health and medical consequences of a biological threat or attack on the civilian population between—

''(A) local firefighters, ambulance personnel, police and public security officers, or other emergency response personnel; and

''(B) hospitals, primary care facilities, and public health agencies;

''(8) coordinate the development of strategies for Federal, State, and local agencies to communicate information to the public regarding biological threats or attacks;

''(9) develop methods to decontaminate facilities contaminated as a result of a biological attack, including appropriate protections for the safety of those conducting such activities; and

''(10) ensure that the activities under this subsection address the needs of children and other vulnerable populations.

The working group shall carry out paragraphs (1) and (2) in consultation with the pharmaceutical, biotechnology, and medical device industries, and other appropriate experts.

''(b) ADVICE TO THE SECRETARY.—The Secretary shall establish advisory committees to provide expert recommendations to the Secretary to assist the Secretary, including the following:

''(1) NATIONAL TASK FORCE ON CHILDREN AND TERRORISM.—

''(A) IN GENERAL.—The National Task Force on Children and Terrorism, which shall be composed of such Federal officials as may be appropriate to address the special needs of children, and child health experts on infectious disease, environmental health, toxicology, and other relevant professional disciplines.

''(B) DUTIES.—The task force described in subparagraph (A) shall provide recommendations to the Secretary regarding—

''(i) the preparedness of the health care system to respond to bioterrorism as it relates to children;

''(ii) needed changes to the health care and emergency medical service systems and emergency medical services protocols to meet the special needs of children with respect to a biological threat or attack; and

''(iii) changes, if necessary, to the Strategic National Pharmaceutical Stockpile, to meet the special needs of children.

''(2) EMERGENCY PUBLIC INFORMATION AND COMMUNICATIONS TASK FORCE.—

''(A) IN GENERAL.—The Emergency Public Information and Communications (EPIC) Task Force, which shall be composed of individuals with expertise in public health, communications, behavioral psychology, and other areas determined appropriate by the Secretary.

''(B) DUTIES.—The task force described in subparagraph (A) shall make recommendations and report to the Secretary on appropriate ways to communicate information regarding biological threats or attacks to the public, including public service announcements or other appropriate means to communicate in a manner that maximizes information and minimizes panic, and includes information relevant to children and other vulnerable populations.

''(3) SUNSET.—Each Task Force established under paragraphs (1) and (2) shall terminate on the date that is 1 year after the date of enactment of the Bioterrorism Preparedness Act of 2001.''.

SEC. 214. THE OFFICIAL FEDERAL INTERNET SITE ON BIOTERRORISM.

It is the recommendation of Congress that there should be established an official Federal Internet site on bioterrorism, either directly or through provision of a grant to an entity that has expertise in bioterrorism and the development of websites, that should include information relevant to diverse populations (including messages directed at the general public and such relevant groups as medical personnel, public safety workers, and agricultural workers) and links to appropriate State and local government sites.

SEC. 215. TECHNICAL AMENDMENTS.

Section 319C of the Public Health Service Act (42 U.S.C. 247d–3) is amended—

(1) in subsection (a), by striking ''competitive''; and

(2) in subsection (f), by inserting ''$420,000,000 for fiscal year 2002,'' after ''2001,''.

SEC. 216. REGULATION OF BIOLOGICAL AGENTS AND TOXINS.

(a) BIOLOGICAL AGENTS PROVISIONS OF THE ANTITERRORISM AND EFFECTIVE DEATH PENALTY ACT OF 1996; CODIFICATION IN THE PUBLIC HEALTH SERVICE ACT, WITH AMENDMENTS.—

(1) PUBLIC HEALTH SERVICE ACT.—Subpart 1 of part F of title III of the Public Health Service Act (42 U.S.C. 262 et seq.) is amended by inserting after section 351 the following:

''SEC. 351A. ENHANCED CONTROL OF BIOLOGICAL AGENTS AND TOXINS.

''(a) REGULATORY CONTROL OF BIOLOGICAL AGENTS AND TOXINS.—

''(1) LIST OF BIOLOGICAL AGENTS AND TOXINS.—

''(A) IN GENERAL.—The Secretary shall by regulation establish and maintain a list of each biological agent and each toxin that has the potential to pose a severe threat to public health and safety.

''(B) CRITERIA.—In determining whether to include an agent or toxin on the list under subparagraph (A), the Secretary shall—

''(i) consider—

''(I) the effect on human health of exposure to the agent or toxin;

''(II) the degree of contagiousness of the agent or toxin and the methods by which the agent or toxin is transferred to humans;

''(III) the availability and effectiveness of pharmacotherapies and immunizations to treat and prevent any illness resulting from infection by the agent or toxin; and

''(IV) any other criteria, including the needs of children and other vulnerable populations, that the Secretary considers appropriate; and

''(ii) consult with appropriate Federal departments and agencies, and scientific experts representing appropriate professional groups, including those with pediatric expertise.

''(2) BIENNIAL REVIEW.—The Secretary shall review and republish the list under paragraph (1) biennially, or more often as needed, and shall, through rulemaking, revise the list as necessary to incorporate additions or deletions to ensure public health, safety, and security.

''(3) EXEMPTIONS.—The Secretary may exempt from the list under paragraph (1)—

''(A) attenuated or inactive biological agents or toxins used in biomedical research or for legitimate medical purposes; and

''(B) products that are cleared or approved under the Federal Food, Drug, and Cosmetic Act or under the Virus-Serum-Toxin Act, as amended in 1985 by the Food Safety and Security Act.'';

''(b) REGULATION OF TRANSFERS OF LISTED BIOLOGICAL AGENTS AND TOXINS.—The Secretary shall by regulation provide for—

''(1) the establishment and enforcement of safety procedures for the transfer of biological agents and toxins listed pursuant to subsection (a)(1), including measures to ensure—

''(A) proper training and appropriate skills to handle such agents and toxins; and

''(B) proper laboratory facilities to contain and dispose of such agents and toxins;

''(2) safeguards to prevent access to such agents and toxins for use in domestic or international terrorism or for any other criminal purpose;

''(3) the establishment of procedures to protect the public safety in the event of a transfer or potential transfer of a biological agent or toxin in violation of the safety procedures established under paragraph (1) or the safeguards established under paragraph (2); and

''(4) appropriate availability of biological agents and toxins for research, education, and other legitimate purposes.

''(c) POSSESSION AND USE OF LISTED BIOLOGICAL AGENTS AND TOXINS.—The Secretary shall by regulation provide for the establishment and enforcement of standards and procedures governing the possession and use of biological agents and toxins listed pursuant to subsection (a)(1) in order to protect the public health and safety, including the measures, safeguards, procedures, and availability of such agents and toxins described in paragraphs (1) through (4) of subsection (b), respectively.

''(d) REGISTRATION AND TRACEABILITY MECHANISMS.—Regulations under subsections (b) and (c) shall require registration for the possession, use, and transfer of biological agents and toxins listed pursuant to subsection (a)(1), and such registration shall include (if available to the registered person) information regarding the characterization of such biological agents and toxins to facilitate their identification and traceability. The Secretary shall maintain a national database of the location of such biological agents and toxins with information regarding their characterizations.

''(e) INSPECTIONS.—The Secretary shall have the authority to inspect persons subject to the regulations under subsections (b) and (c) to ensure their compliance with such regulations, including prohibitions on restricted persons under subsection (g).

''(f) EXEMPTIONS.—

''(1) IN GENERAL.—The Secretary shall establish exemptions, including exemptions from the security provisions, from the applicability of provisions of—

''(A) the regulations issued under subsections (b) and (c) when the Secretary determines that the exemptions, including exemptions from the security requirements for the use of attenuated or inactive biological agents or toxins in biomedical research or for legitimate medical purposes, are consistent with protecting public health and safety; and

''(B) the regulations issued under subsection (c).

''(2) CLINICAL LABORATORIES.—The Secretary shall exempt clinical laboratories and other persons that possess, use, or transfer biological agents and toxins listed pursuant to subsection (a)(1) from the applicability of provisions of regulations issued under subsections (b) and (c) only when—

''(A) such agents or toxins are presented for diagnosis, verification, or proficiency testing;

''(B) the identification of such agents and toxins is, when required under Federal or State law, reported to the Secretary or other public health authorities; and

''(C) such agents or toxins are transferred or destroyed in a manner set forth by the Secretary in regulation.

''(g) SECURITY REQUIREMENTS FOR REGISTERED PERSONS.—

''(1) SECURITY.—In carrying out paragraphs (2) and (3) of subsection (b), the Secretary shall establish appropriate security requirements for persons possessing, using, or transferring biological agents and toxins listed pursuant to subsection (a)(1), considering existing standards developed by the Attorney General for the security of government facilities, and shall ensure compliance with such requirements as a condition of registration under regulations issued under subsections (b) and (c).

''(2) LIMITING ACCESS TO LISTED AGENTS AND TOXINS.—Regulations issued under subsections (b) and (c) shall include provisions—

''(A) to restrict access to biological agents and toxins listed pursuant to subsection (a)(1) only to those individuals who need to handle or use such agents or toxins; and

''(B) to provide that registered persons promptly submit the names and other identifying information for such individuals to the Attorney General, with which information the Attorney General shall promptly use criminal, immigration, and national security databases available to the Federal Government to identify whether such individuals—

''(i) are restricted persons, as defined in section 175b of title 18, United States Code; or

''(ii) are named in a warrant issued to a Federal or State law enforcement agency for participation in any domestic or international act of terrorism.

''(3) CONSULTATION AND IMPLEMENTATION.—Regulations under subsections (b) and (c) shall be developed in consultation with research-performing organizations, including universities, and implemented with timeframes that take into account the need to continue research and education using biological agents and toxins listed pursuant to subsection (a)(1).

''(h) DISCLOSURE OF INFORMATION.—

''(1) IN GENERAL.—Any information in the possession of any Federal agency that identifies a person, or the geographic location of a person, who is registered pursuant to regulations under this section (including regulations promulgated before the effective date of this subsection), or any site-specific information relating to the type, quantity, or characterization of a biological agent or toxin listed pursuant to subsection (a)(1) or

the site-specific security mechanisms in place to protect such agents and toxins, including the national database required in subsection (d), shall not be disclosed under section 552(a) of title 5, United States Code.

''(2) DISCLOSURES FOR PUBLIC HEALTH AND SAFETY; CONGRESS.—Nothing in this section may be construed as preventing the head of any Federal agency—

''(A) from making disclosures of information described in paragraph (1) for purposes of protecting the public health and safety; or

''(B) from making disclosures of such information to any committee or subcommittee of the Congress with appropriate jurisdiction, upon request.

''(i) CIVIL MONEY PENALTY.—Any person who violates a regulation under subsection (b) or (c) shall be subject to the United States for a civil money penalty in an amount not exceeding $250,000 in the case of an individual and $500,000 in the case of any other person. The provisions of section 1128A of the Social Security Act (other than subsections (a), (b), (h), and (i), the first sentence of subsection (c), and paragraphs (1) and (2) of subsection (f) of such section) shall apply to civil money penalties under this subsection in the same manner as such provisions apply to a penalty or proceeding under section 1128A(a) of such Act. The Secretary may delegate authority under this section in the same manner as provided in section 1128A(j)(2) of such Act and such authority shall include all powers described in section 6 of the Inspector General Act of 1978 (5 U.S.C. App. 2)

''(j) DEFINITIONS.—For purposes of this section, the terms 'biological agent' and 'toxin' have the same meaning as in section 178 of title 18, United States Code.''.

(2) REGULATIONS.—

(A) DATE CERTAIN FOR PROMULGATION; EFFECTIVE DATE REGARDING CRIMINAL AND CIVIL PENALTIES.—Not later than 180 days after the date of the enactment of this title, the Secretary of Health and Human Services shall promulgate an interim final rule for carrying out section 351A(c) of the Public Health Service Act, which amends the Antiterrorism and Effective Death Penalty Act of 1996. Such interim final rule will take effect 60 days after the date on which such rule is promulgated, including for purposes of—

(i) section 175(b) of title 18, United States Code (relating to criminal penalties), as added by subsection (b)(1)(B) of this section; and

(ii) section 351A(i) of the Public Health Service Act (relating to civil penalties).

(B) SUBMISSION OF REGISTRATION APPLICATIONS.—A person required to register for possession under the interim final rule promulgated under subparagraph (A) shall submit an application for such registration not later than 60 days after the date on which such rule is promulgated.

(3) CONFORMING AMENDMENT.—Subsections (d), (e), (f), and (g) of section 511 of the Antiterrorism and Effective Death Penalty Act of 1996 (42 U.S.C. 262 note) are repealed.

(4) EFFECTIVE DATE.—Paragraph (1) shall take effect as if incorporated in the Antiterrorism and Effective Death Penalty Act of 1996, and any regulations, including the list under subsection (d)(1) of section 511 of that Act, issued under section 511 of that Act shall remain in effect as if issued under section 351A of the Public Health Service Act.

(b) SELECT AGENTS.—

(1) IN GENERAL.—Section 175 of title 18, United States Code, as amended by the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism (USA PATRIOT ACT) Act of 2001 (Public Law 107–56), is amended—

(A) by redesignating subsections (b) and (c) as subsections (c) and (d), respectively; and

(B) by inserting after subsection (a) the following:

''(b) SELECT AGENTS.—

''(1) UNREGISTERED FOR POSSESSION.—Whoever knowingly possesses a biological agent or toxin where such agent or toxin is a select agent for which such person has not obtained a registration required by regulation issued under section 351A(c) of the Public Health Service Act shall be fined under this title, or imprisoned for not more than 5 years, or both.

''(2) TRANSFER TO UNREGISTERED PERSON.—Whoever transfers a select agent to a person who the transferor has reason to believe has not obtained a registration required by regulations issued under section 351A(b) or (c) of the Public Health Service Act shall be fined under this title, or imprisoned for not more than 5 years, or both.''.

(2) DEFINITIONS.—Section 175 of title 18, United States Code, as amended by paragraph (1), is further amended by striking subsection (d) and inserting the following:

''(d) DEFINITIONS.—As used in this section:

''(1) The terms 'biological agent' and 'toxin' have the meanings given such terms in section 178, except that, for purposes of subsections (b) and (c), such terms do not encompass any biological agent or toxin that is in its naturally occurring environment, if the biological agent or toxin has not been cultivated, cultured, collected, or otherwise extracted from its natural source.

''(2) The term 'for use as a weapon' includes the development, production, transfer, acquisition, retention, or possession of any biological agent, toxin, or delivery system, other than for prophylactic, protective, or other peaceful purposes.

''(3) The term 'select agent' means a biological agent or toxin, as defined in paragraph (1), that is on the list that is in effect pursuant to section 511(d)(1) of the Antiterrorism and Effective Death Penalty Act of 1996 (Public Law 104–132), or as subsequently revised under section 351A(a) of the Public Health Service Act.''.

(3) CONFORMING AMENDMENT.—

(A) Section 175(a) of title 18, United States Code, is amended in the second sentence by striking ''under this section'' and inserting ''under this subsection''.

(B) Section 175(c) of title 18, United States Code, (as redesignated by paragraph (1)), is amended by striking the second sentence.

(c) REPORT TO CONGRESS.—Not later than 1 year after the date of the enactment of this Act, the Secretary of Health and Human Services, after consultation with other appropriate Federal agencies, shall submit to the Congress a report that—

(1) describes the extent to which there has been compliance by governmental and private entities with applicable regulations under section 351A of the Public Health Service Act, including the extent of compliance before the date of the enactment of this Act, and including the extent of compliance with regulations promulgated after such date of enactment;

(2) describes the actions to date and future plans of the Secretary for updating the list of biological agents and toxins under section 351A(a)(1) of the Public Health Service Act;

(3) describes the actions to date and future plans of the Secretary for determining compliance with regulations under such section 351A of the Public Health Service Act and for taking appropriate enforcement actions; and

(4) provides any recommendations of the Secretary for administrative or legislative initiatives regarding such section 351A of the Public Health Service Act.

TITLE III—IMPROVING STATE AND LOCAL PREPAREDNESS

Subtitle A—Emergency Measures to Improve State and Local Preparedness

SEC. 301. STATE BIOTERRORISM PREPAREDNESS AND RESPONSE BLOCK GRANT.

(a) IN GENERAL.—Section 319F of the Public Health Service Act (42 U.S.C. 247d–6) is amended by striking subsection (c) and inserting the following:

''(c) STATE BIOTERRORISM PREPAREDNESS AND RESPONSE BLOCK GRANTS.—

''(1) IN GENERAL.—The Secretary shall establish the State Bioterrorism Preparedness and Response Block Grant Program (referred to in this subsection as the 'Program') under which the Secretary shall award grants to or enter into cooperative agreements with States, the District of Columbia, and territories (referred to in this section as 'eligible entities') to enable such entities to prepare for and respond to biological threats or attacks. The Secretary shall ensure that activities conducted under this section are coordinated with the activities conducted under this section and section 319C.

''(2) ELIGIBILITY.—To be eligible to receive amounts under paragraph (1), a State, the District of Columbia, or a territory shall prepare and submit to the Secretary an application at such time, in such manner, and containing such information as the Secretary may require, including an assurance that the entity will—

''(A) not later than 180 days after the date on which a grant or contract is received under this subsection, prepare and submit to the Secretary a Bioterrorism Preparedness and Response Plan in accordance with subsection (c);

''(B) not later than 180 days after the date on which a grant or contract is received under this subsection, complete an assessment under section 319B(a), or an assessment that is substantially equivalent as determined by the Secretary unless such assessment has already been performed; and

''(C) establish a means by which to obtain public comment and input on the plan and plan implementation that shall include an advisory committee or other similar mechanism for obtaining input from the public at large as well as other stakeholders;

''(D) use amounts received under paragraph (1) in accordance with the plan submitted under paragraph (3), including making expenditures to carry out the strategy contained in the plan;

''(E) use amounts received under paragraph (1) to supplement and not supplant funding at levels in existence prior to September 11, 2001 for public health capacities or bioterrorism preparedness; and

''(F) with respect to the plan under paragraph (3), establish reasonable criteria to evaluate the effective performance of entities that receive funds under the grant or agreement and shall include relevant benchmarks in the plan.

''(3) BIOTERRORISM PREPAREDNESS AND RESPONSE PLAN.—Not later than 180 days after receiving amounts under this subsection, and 1 year after such date, a State, the District of Columbia, or a territory shall prepare and submit to the Secretary a Bioterrorism Preparedness and Response Plan for responding to biological threats or attacks. Recognizing the assessment of public health capacity conducted under section 319B, such plan shall include—

''(A) a description of the program that the eligible entity will adopt to achieve the core capacities developed under section 319A, including measures that meet the needs of children and other vulnerable populations;

''(B) a description (including amounts expended by the eligible entity for such purpose) of the programs, projects, and activities that the eligible entity will implement using amounts received in order to detect and respond to biological threats or attacks, including the manner in which the eligible entity will manage State surveillance and response efforts and coordinate such efforts with national efforts;

''(C) a description of the training initiatives that the eligible entity has carried out to improve its ability to detect and respond to a biological threat or attack, including training and planning to protect the health and safety of those conducting such detection and response activities;

''(D) a description of the cleanup and contamination prevention efforts that may be implemented in the event of a biological threat or attack;

''(E) a description of efforts to ensure that hospitals and health care providers have adequate capacity and plans in place to provide health care items and services (including mental health services and services to meet the needs of children and other vulnerable populations that may include the provision of telehealth services) in the event of a biological threat or attack; and

''(F) other information the Secretary may by regulation require.

''Nothing in subparagraph (E) shall be construed to require or recommend that States establish or maintain stockpiles of vaccines, therapies, or other medical supplies.

''(4) USE OF FUNDS.—

''(A) IN GENERAL.—In coordination with the activities conducted under this section, an eligible entity shall use amounts received under this section to—

''(i) conduct the assessment under section 319B to achieve the capacities described in section 319A, if the assessment has not previously been conducted;

''(ii) achieve the public health capacities developed under section 319A; and

''(iii) carry out the plan under paragraph (3).

''(B) ADDITIONAL USES.—In addition to the activities described in subparagraph (A), an eligible entity may use amounts received under this subsection to—

''(i) improve surveillance, detection, and response activities to prepare for emergency response activities including biological threats or attacks, including training personnel in these and other necessary functions;

''(ii) carry out activities to improve communications and coordination efforts within the eligible entity and between the eligible entity and the Federal Government, including activities to improve information technology and communications equipment available to health care and public health officials for use in responding to a biological threat or attack or other public health emergency and including early warning and surveillance networks that use advanced information technology to provide early detection of biological threats or attacks;

''(iii) plan for triage and transport management in the event of a biological threat or attack;

''(iv) meet the special needs of children and other vulnerable populations during and after a biological threat or attack, including the expansion of 2–1–1 call centers or other universal hotlines, or an alternative communication plan to assist victims and their families in receiving timely information;

''(v) improve the ability of hospitals and other health care facilities to provide effective health care (including mental health care) during and after a biological threat or attack, including the development of model hospital preparedness plans by a hospital accreditation organization or similar organizations; and

''(vi) enhance the safety of workplaces in the event of a biological threat or attack, except that nothing in this clause shall be construed to create a new, or deviate from an existing, authority to regulate, modify, or otherwise effect safety and health rules and standards.

''(C) PROHIBITED USES.—An eligible entity may not use amounts received under this subsection to—

''(i) provide inpatient services;

''(ii) make cash payments to intended recipients of health services;

''(iii) purchase or improve land or purchase any building or other facility;

''(iv) construct, repair, or alter any building or other facility; or

''(v) satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds.

''(5) AMOUNT OF GRANT.—

''(A) IN GENERAL.—Except as provided in paragraph (2), the amount awarded to a State, the District of Columbia, or a territory under this subsection for a fiscal year shall be an amount that bears the same ratio to the amount appropriated under paragraph (9) for such fiscal year (and remaining after amounts are made available under subparagraphs (C) and (D)) as the total population of the State, District, or territory bears to the total population of the United States.

''(B) EXCEPTIONS.—

''(i) MINIMUM AMOUNT WITH RESPECT TO STATES.—Notwithstanding subparagraph (A) and subject to the extent of amounts made available under paragraph (9), a State may not receive an award under this subsection for a fiscal year in an amount that is less than—

''(I) $5,000,000 for any fiscal year in which the total amount appropriated under this subsection equals or exceeds $667,000,000; or

''(II) 0.75 percent of the total amount appropriated under this subsection for any fiscal year in which such total amount is less than $667,000,000.

''(ii) EXTRAORDINARY NEEDS.—

''(I) IN GENERAL.—Notwithstanding subparagraph (A) and subject to the extent of amounts made available under paragraph (9), the Secretary may provide additional funds to a State, District, or territory under this subsection if the Secretary determines that such State, District, or territory has extraordinary needs with respect to bioterrorism preparedness.

''(II) FINDING WITH RESPECT TO THE DISTRICT OF COLUMBIA.—As a result of the concentration of entities of national significance located within the District of Columbia, Congress finds that the District of Columbia has extraordinary needs with respect to bioterrorism preparedness, and the Secretary shall recognize such finding for purposes of subclause (I).

''(C) RULE WITH RESPECT TO UNEXPENDED FUNDS.—To the extent that all the funds appropriated under paragraph (9) for a fiscal year and available in such fiscal year are not otherwise paid to eligible entities because—

''(i) one or more eligible entities have not submitted an application or public health disaster plan in accordance with paragraphs (2) and (3) for the fiscal year;

''(ii) one or more eligible entities have notified the Secretary that they do not intend to use the full amount awarded under this subsection; or

''(iii) some eligible entity amounts are offset or repaid;

such excess shall be provided to each of the remaining eligible entities in proportion to the amount otherwise provided to such entities under this paragraph for the fiscal year without regard to this subparagraph.

''(D) AVAILABILITY OF FUNDS.—Any amount paid to an eligible entity for a fiscal year under this subsection and remaining unobligated at the end of such year shall remain available for the next fiscal year to such entity for the purposes for which it was made.

''(6) INDIAN TRIBES.—

''(A) IN GENERAL.—If the Secretary—

''(i) receives a request from the governing body of an Indian tribe or tribal organization within any State that funds under this subsection be provided directly by the Secretary to such tribe or organization; and

''(ii) determines that the members of such tribe or tribal organization would be better served by means of grants or agreements made directly by the Secretary under this subsection;

the Secretary shall reserve from amounts which would otherwise be provided to such State under this subsection for the fiscal year the amount determined under subparagraph (B).

''(B) AMOUNT.—The Secretary shall reserve for the purpose of subparagraph (A) from amounts that would otherwise be paid to such State under paragraph (1) an amount equal to the amount which bears the same ratio to the amount awarded to the State for the fiscal year involved as the population of the Indian tribe or the individuals represented by the tribal organization bears to the total population of the State.

''(C) GRANT.—The amount reserved by the Secretary on the basis of a determination under this paragraph shall be granted to the Indian tribe or tribal organization serving the individuals for whom such a determination has been made.

''(D) PLAN.—In order for an Indian tribe or tribal organization to be eligible for a grant for a fiscal year under this paragraph, it shall submit to the Secretary a plan for such fiscal year which meets such criteria as the Secretary may prescribe.

''(E) DEFINITIONS.—In this paragraph, the terms 'Indian tribe' and 'tribal organization' have the same meaning given such terms in section 4(b) and section 4(c) of the Indian Self-Determination and Education Assistance Act.

''(7) WITHHOLDING.—

''(A) REQUIREMENTS.—

''(i) IN GENERAL.—The Secretary shall, after adequate notice and an opportunity for a hearing conducted within the affected eligible entity, withhold or recoup funds from any such entity that does not use amounts received under this subsection in accordance with the requirements of this subsection. The Secretary shall withhold or recoup such funds until the Secretary finds that the reason for the withholding or recoupment has been removed and there is reasonable assurance that it will not recur.

''(ii) INVESTIGATION.—The Secretary may not institute proceedings to withhold or recoup funds under clause (i) unless the Secretary has conducted an investigation concerning whether the eligible entity has used grant or agreement amounts in accordance with the requirements of this subsection. Investigations required by this clause shall be conducted within the affected entity by qualified investigators.

''(iii) RESPONSE TO COMPLAINTS.—The Secretary shall respond in an expeditious manner to complaints of a substantial or serious nature that an eligible entity has failed to use funds in accordance with the requirements of this subsection.

''(iv) MINOR FAILURES.—The Secretary may not withhold or recoup funds under clause (i) from an eligible entity for a minor failure to comply with the requirements of this subsection.

''(B) AVAILABILITY OF INFORMATION FOR INSPECTION.—Each eligible entity, and other

entity which has received funds under this section, shall make appropriate books, documents, papers, and records available to the Secretary or the Comptroller General of the United States, or any of their duly authorized representatives, for examination, copying, or mechanical reproduction on or off the premises of the appropriate entity upon a reasonable request therefore.

''(C) LIMITATION ON REQUESTS FOR INFORMATION.—

''(i) IN GENERAL.—In conducting any investigation in an eligible entity, the Secretary or the Comptroller General of the United States may not make a request for any information not readily available to such eligible entity, or an entity which has received funds under this subsection, or make an unreasonable request for information to be compiled, collected, or transmitted in any form not readily available.

''(ii) JUDICIAL PROCEEDINGS.—Clause (i) does not apply to the collection, compilation, or transmittal of data in the course of a judicial proceeding.

''(8) DEFINITION.—In this subsection, the term 'State' means any of the several States.

''(9) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this subsection, $667,000,000 for fiscal year 2002, and such sums as may be necessary for fiscal year 2003, and no funds are authorized to be appropriated for subsequent fiscal years.''.

(b) REAUTHORIZATION OF OTHER PROGRAMS.—Section 319F(i) of the Public Health Service Act (42 U.S.C. 247d–6(i)) is amended to read as follows:

''(i) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated—

''(1) to carry out subsection (d), $370,000,000 for fiscal year 2002, and such sums as may be necessary for each subsequent fiscal year through 2006; and

''(2) to carry out subsections (a), (b), and (e) through (i), such sums as may be necessary for each of fiscal years 2002 through 2006.''.

Subtitle B—Improving Local Preparedness and Response Capabilities

SEC. 311. DESIGNATED BIOTERRORISM RESPONSE MEDICAL CENTERS.

Section 319F of the Public Health Service Act (42 U.S.C. 247d–6) is amended—

(1) by redesignating subsections (d) through (h) and (i), as subsections (e) through (i) and (l), respectively; and

(2) by inserting after subsection (c), the following:

''(d) DESIGNATED BIOTERRORISM RESPONSE MEDICAL CENTERS.—

''(1) GRANTS.—The Secretary shall award project grants to eligible entities to enable such entities, in a manner consistent with applicable provisions of the Bioterrorism Preparedness and Response Plan, to improve local and bioterrorism response medical center preparedness.

''(2) ELIGIBILITY.—To be eligible for a grant under paragraph (1), an entity shall—

''(A) be a consortium that consists of at least one entity from each of the following categories—

''(i) a hospital including children's hospitals, clinic, health center, or primary care facility;

''(ii) a political subdivision of a State; and

''(iii) a department of public health;

''(B) prepare, in consultation with the Chief Executive Officer of the State, District, or territory in which the hospital, clinic, health center, or primary care facility is located, and submits to the Secretary, an application at such time, in such manner, and containing such information as the Secretary may require;

''(C) within a reasonable period of time after receiving a grant under paragraph (1), meet such technical guidelines as may be applicable under paragraph (4); and

''(D) provide assurances satisfactory to the Secretary that such entity shall, upon the request of the Secretary or the Chief Executive Officer of the State, District, or territory in which the entity is located, during the emergency period, serve the needs of the emergency area, including providing adequate health care capacity, serving as a regional resource in the diagnosis, treatment, or care for persons, including children and other vulnerable populations, exposed to a biological threat or attack, and accepting the transfer of patients, where appropriate.

''(3) USE OF FUNDS.—An entity that receives a grant under paragraph (1) shall use funds received under the grant for activities that include—

''(A) the training of health care professionals to enhance the ability of such personnel to recognize the symptoms of exposure to a potential biological threat or attack and to provide treatment to those so exposed;

''(B) the training of health care professionals to recognize and treat the mental health consequences of a biological threat or attack;

''(C) increasing the capacity of such entity to provide appropriate health care for large numbers of individuals exposed to a biological threat or attack;

''(D) the purchase of reserves of vaccines, therapies, and other medical supplies to be used until materials from the Strategic National Pharmaceutical Stockpile arrive;

''(E) training and planning to protect the health and safety of personnel involved in responding to a biological threat or attack; or

''(F) other activities determined appropriate by the Secretary.

''(4) PROHIBITED USES.—An eligible entity may not use amounts received under this subsection to—

''(A) purchase or improve land or purchase any building or other facility; or

''(B) construct, repair, or alter any building or facility.

''(6) TECHNICAL ASSISTANCE.—Not later than 180 days after the date of enactment of the Bioterrorism Preparedness Act of 2001, the Secretary shall develop and publish technical guidelines relating to equipment, training, treatment, capacity, and personnel, relevant to the status as a bioterrorism response medical center and the Secretary may provide technical assistance to eligible entities, including assistance to address the needs of children and other vulnerable populations.''.

SEC. 312. DESIGNATED STATE PUBLIC EMERGENCY ANNOUNCEMENT PLAN.

Section 613(b) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5196b(b)) is amended—

(1) in paragraph (5), by striking ''and'' at the end;

(2) in paragraph (6), by striking the period and inserting ''; and''; and

(3) by adding at the end the following:

''(7) include a plan for providing information to the public in a coordinated manner.''.

SEC. 313. TRAINING FOR PEDIATRIC ISSUES SURROUNDING BIOLOGICAL AGENTS USED IN WARFARE AND TERRORISM.

Section 319F(f) of the Public Health Service Act (42 U.S.C. 247d–6(e)), as so redesignated by section 311, is amended—

(1) in paragraph (1)—

(A) by inserting ''(including mental health care)'' after ''and care''; and

(B) by striking ''and'' at the end;

(2) in paragraph (2), by striking the period and inserting ''; and''; and

(3) by adding at the end the following:

''(3) develop educational programs for health care professionals, recognizing the special needs of children and other vulnerable populations.''.

SEC. 314. GENERAL ACCOUNTING OFFICE REPORT.

Section 319F(h) of the Public Health Service Act (42 U.S.C. 247d–6(g)), as so redesignated by section 311, is amended—

(1) by striking ''Not later than 180 days after the date of the enactment of this section, the'' and inserting ''The'';

(2) in paragraph (3), by striking ''and'' at the end;

(3) in paragraph (4), by striking the period and inserting a semicolon; and

(4) by adding at the end the following:

''(5) the activities and cost of the Civil Support Teams of the National Guard in responding to biological threats or attacks against the civilian population;

''(6) the activities of the working group described in subsection (a) and the efforts made by such group to carry out the activities described in such subsection;

''(7) the activities and cost of the 2–1–1 call centers and other universal hotlines; and

''(8) the activities and cost of the development and improvement of public health laboratory capacity.''.

SEC. 315. ADDITIONAL RESEARCH.

Section 22 of the Occupational Safety and Health Act of 1970 (29 U.S.C. 671) is amended by adding at the end the following:

''(h) RESEARCH RELATING TO BIOLOGICAL THREATS OR ATTACKS IN THE WORKPLACE.—The Director shall enhance and expand research as deemed appropriate by the Director on the health and safety of workers who are at risk for biological threats or attacks in the workplace.''.

SEC. 316. SENSE OF THE SENATE.

It is the sense of the Senate that—

(1) many excellent university-based programs are already functioning and developing important biodefense products and solutions throughout the United States;

(2) accelerating the crucial work done at university centers and laboratories will contribute significantly to the United States capacity to defend against any biological threat or attack;

(3) maximizing the effectiveness of, and extending the mission of, established university programs would be one appropriate use of the additional resources provided for in the Bioterrorism Preparedness Act of 2001; and

(4) Congress recognizes the importance of existing public and private university-based research, training, public awareness, and safety related biological defense programs in the awarding of grants and contracts made in accordance with this Act.

TITLE IV—DEVELOPING NEW COUNTERMEASURES AGAINST BIOTERRORISM

SEC. 401. LIMITED ANTITRUST EXEMPTION.

Section 2 of the Clayton Act (15 U.S.C. 13) is amended by adding at the end the following:

''(g) LIMITED ANTITRUST EXEMPTION.—

''(1) COUNTERMEASURES DEVELOPMENT MEETINGS.—

''(A) COUNTERMEASURES DEVELOPMENT MEETINGS AND CONSULTATIONS.—The Secretary may conduct meetings and consultations with parties involved in the development of priority countermeasures for the purpose of the development, manufacture, distribution, purchase, or sale of priority countermeasures consistent with the purposes of this title. The Secretary shall give notice of such meetings and consultations to the Attorney General and the Chairperson of the Federal Trade Commission (referred to in this subsection as the 'Chairperson').

''(B) MEETING AND CONSULTATION CONDITIONS.—A meeting or consultation conducted under subparagraph (A) shall—

''(i) be chaired or, in the case of a consultation, facilitated by the Secretary;

''(ii) be open to parties involved in the development, manufacture, distribution, purchase, or sale of priority countermeasures, as determined by the Secretary;

''(iii) be open to the Attorney General and the Chairperson;

''(iv) be limited to discussions involving the development, manufacture, distribution, or sale of priority countermeasures, consistent with the purposes of this title; and

''(v) be conducted in such manner as to ensure that national security, confidential, and proprietary information is not disclosed outside the meeting or consultation.

''(C) MINUTES.—The Secretary shall maintain minutes of meetings and consultations under this subsection, which shall not be disclosed under section 552 of title 5, United States Code.

''(D) EXEMPTION.—The antitrust laws shall not apply to meetings and consultations under this paragraph, except that any agreement or conduct that results from a meeting or consultation and that does not receive an exemption pursuant to this subsection shall be subject to the antitrust laws.

''(2) WRITTEN AGREEMENTS.—The Secretary shall file a written agreement regarding covered activities, made pursuant to meetings or consultations conducted under paragraph (1) and that is consistent with this paragraph, with the Attorney General and the Chairperson for a determination of the compliance of such agreement with antitrust laws. In addition to the proposed agreement itself, any such filing shall include—

''(A) an explanation of the intended purpose of the agreement;

''(B) a specific statement of the substance of the agreement;

''(C) a description of the methods that will be utilized to achieve the objectives of the agreement;

''(D) an explanation of the necessity of a cooperative effort among the particular participating parties to achieve the objectives of the agreement; and

''(E) any other relevant information determined necessary by the Secretary in consultation with the Attorney General and the Chairperson.

''(3) DETERMINATION.—The Attorney General, in consultation with the Chairperson, shall determine whether an agreement regarding covered activities referred to in paragraph (2) would likely—

''(A) be in compliance with the antitrust laws, and so inform the Secretary and the participating parties; or

''(B) violate the antitrust laws, in which case, the filing shall be deemed to be a request for an exemption from the antitrust laws, limited to the performance of the agreement consistent with the purposes of this title.

''(4) ACTION ON REQUEST FOR EXEMPTION.—

''(A) IN GENERAL.—The Attorney General, in consultation with the Chairperson, shall grant, deny, grant in part and deny in part, or propose modifications to a request for exemption from the antitrust laws under paragraph (3) within 15 days of the receipt of such request.

''(B) EXTENSION.—The Attorney General may extend the 15-day period referred to in subparagraph (A) for an additional period of not to exceed 10 days. Such additional period may be further extended only by the United States district court, upon an application by the Attorney General after notice to the Secretary and the parties involved.

''(C) DETERMINATION.—In granting an exemption under this paragraph, the Attorney General, in consultation with the Chairperson and the Secretary—

(i) must find—

''(I) that the agreement involved is necessary to ensure the availability of priority countermeasures;

''(II) that the exemption from the antitrust laws would promote the public interest; and

''(III) that there is no substantial competitive impact to areas not directly related to the purposes of the agreement; and

''(ii) may consider any other factors determined relevant by the Attorney General and the Chairperson.

''(5) LIMITATION ON AND RENEWAL OF EXEMPTIONS.—An exemption granted under paragraph (4) shall be limited to covered activities, and shall expire on the date that is 3 years after the date on which the exemption becomes effective (and at 3 year intervals thereafter, if renewed) unless the Attorney General in consultation with the Chairperson determines that the exemption should be renewed (with modifications, as appropriate) considering the factors described in paragraph (4).

''(6) LIMITATION ON PARTIES.—The use of any information acquired under an exempted agreement by the parties to such an agreement for any purposes other than those specified in the antitrust exemption granted by the Attorney General shall be subject to the antitrust laws and any other applicable laws.

''(7) GUIDELINES.—The Attorney General and the Chairperson may develop and issue guidelines to implement this subsection.

''(8) REPORT.—Not later than 1 year after the date of enactment of the Bioterrorism Preparedness Act of 2001, and annually thereafter, the Attorney General and the Chairperson shall report to Congress on the use and continuing need for the exemption from the antitrust laws provided by this subsection.

''(9) SUNSET.—The authority of the Attorney General to grant or renew a limited antitrust exemption under this subsection shall expire at the end of the 6-year period that begins on the date of enactment of the Bioterrorism Preparedness Act of 2001.

''(h) DEFINITIONS.—In this section and title XXVIII of the Public Health Service Act:

''(1) ANTITRUST LAWS.—The term 'antitrust laws'—

''(A) has the meaning given such term in subsection (a) of the first section of the Clayton Act (15 U.S.C. 12(a)), except that such term includes the Act of June 19, 1936 (15 U.S.C. 13 et seq.) commonly known as the Robinson-Patman Act), and section 5 of the Federal Trade Commission Act (15 U.S.C. 45) to the extent such section 5 applies to unfair methods of competition; and

''(B) includes any State law similar to the laws referred to in subparagraph (A).

''(2) COVERED ACTIVITIES.—

''(A) IN GENERAL.—Except as provided in subparagraph (B), the term 'covered activities' means any group of activities or conduct, including attempting to make, making, or performing a contract or agreement or engaging in other conduct, for the purpose of—

''(i) theoretical analysis, experimentation, or the systematic study of phenomena or observable facts necessary to the development of priority countermeasures;

''(ii) the development or testing of basic engineering techniques necessary to the development of priority countermeasures;

''(iii) the extension of investigative findings or theory of a scientific or technical nature into practical application for experimental and demonstration purposes, including the experimental production and testing of models, prototypes, equipment, materials, and processes necessary to the development of priority countermeasures;

''(iv) the production, distribution, or marketing of a product, process, or service that is a priority countermeasures;

''(v) the testing in connection with the production of a product, process, or services necessary to the development of priority countermeasures;

''(vi) the collection, exchange, and analysis of research or production information necessary to the development of priority countermeasures; or

''(vii) any combination of the purposes described in clauses (i) through (vi);

and such term may include the establishment and operation of facilities for the conduct of covered activities described in clauses (i) through (vi), the conduct of such covered activities on a protracted and proprietary basis, and the processing of applications for patents and the granting of licenses for the results of such covered activities.

''(B) EXCEPTION.—The term 'covered activities' shall not include the following activities involving 2 or more persons:

''(i) Exchanging information among competitors relating to costs, sales, profitability, prices, marketing, or distribution of any product, process, or service if such information is not reasonably necessary to carry out the purposes of covered activities.

''(ii) Entering into any agreement or engaging in any other conduct—

''(I) to restrict or require the sale, licensing, or sharing of inventions, developments, products, processes, or services not developed through, produced by, or distributed or sold through such covered activities; or

''(II) to restrict or require participation by any person who is a party to such covered activities in other research and development activities, that is not reasonably necessary to prevent the misappropriation of proprietary information contributed by any person who is a party to such covered activities or of the results of such covered activities.

''(iii) Entering into any agreement or engaging in any other conduct allocating a market with a competitor that is not expressly exempted from the antitrust laws by a determination under subsection (i)(4).

''(iv) Exchanging information among competitors relating to production (other than production by such covered activities) of a product, process, or service if such information is not reasonably necessary to carry out the purpose of such covered activities.

''(v) Entering into any agreement or engaging in any other conduct restricting, requiring, or otherwise involving the production of a product, process, or service that is not so expressly exempted from the antitrust laws by a determination under subsection (i)(4).

''(vi) Except as otherwise provided in this subsection, entering into any agreement or engaging in any other conduct to restrict or require participation by any person who is a party to such activities, in any unilateral or joint activity that is not reasonably necessary to carry out the purpose of such covered activities.

''(3) DEVELOPMENT.—The term 'development' includes the identification of suitable compounds or biological materials, the conduct of preclinical and clinical studies, the preparation of an application for marketing approval, and any other actions related to preparation of a countermeasure.

''(4) PERSON.—The term 'person' has the meaning given such term in subsection (a) of the first section of the Clayton Act (15 U.S.C. 12(a)).

''(5) PRIORITY COUNTERMEASURE.—The term 'priority countermeasure' means a countermeasure, including a drug, medical device, biological product, or diagnostic test to treat, identify, or prevent infection by a biological agent or toxin on the list developed under section 351A(a)(1) and prioritized under subsection (a)(1).''.

SEC. 402. DEVELOPING NEW COUNTERMEASURES AGAINST BIOTERRORISM.

Title XXVIII of the Public Health Service Act, as added by section 101 and amended by section 201, is further amended by adding at the end the following:

"Subtitle B—Developing New Countermeasures Against Bioterrorism

"SEC. 2841. SMALLPOX VACCINE AND OTHER VACCINE DEVELOPMENT.

''(a) IN GENERAL.—The Secretary shall award contracts, enter into cooperative agreements, or carry out such other activities as may reasonably be required in order to ensure that the stockpile described in section 2812 shall include the number of doses of vaccine against smallpox and other such vaccines determined by the Secretary to be sufficient to meet the needs of the population of the United States.

''(b) RULE OF CONSTRUCTION.—Nothing in this section shall be construed to limit the private distribution, purchase, or sale of vaccines from sources other than the stockpile described in subsection (a).

''(c) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section, $509,000,000 for fiscal year 2002, and such sums as may be necessary for each of fiscal years 2003 through 2006.

"SEC. 2842. CONTRACT AUTHORITY FOR PRIORITY COUNTERMEASURES.

''(a) IN GENERAL.—The Secretary shall, to the extent the Secretary determines necessary to achieve the purposes of this title, enter into long-term contracts and comparable grants or cooperative agreements, for the purpose of—

''(1) ensuring the development of priority countermeasures that are necessary to prepare for a bioterrorist attack or other significant disease emergency;

''(2) securing the manufacture, distribution, and adequate supply of such countermeasures, including through the development of novel production methods for such countermeasures;

''(3) maintaining the Strategic National Pharmaceutical Stockpile under section 2812; and

''(4) carrying out such other activities determined appropriate by the Secretary to achieve the purposes of this title.

''(b) TERMS OF CONTRACTS.—Notwithstanding any other provision of law, the Secretary may enter into a contract or cooperative agreement under subsection (a) prior to the development, approval, or clearance of the countermeasure that is the subject of the contract. The contract or cooperative agreement may provide for its termination for the convenience of the Federal Government if the contractor does not develop the countermeasure involved. Such a contract or cooperative agreement may—

''(1) involve one or more aspects of the development, manufacture, purchase, or distribution of one or more uses of one or more countermeasures; and

''(2) set forth guaranteed minimum quantities of products and negotiated unit prices.

"SEC. 2843. SECURITY FOR COUNTERMEASURE DEVELOPMENT AND PRODUCTION.

''(a) IN GENERAL.—The Secretary, in consultation with the Attorney General and the Secretary of Defense, may provide technical or other assistance, to provide security to persons or facilities that conduct development, production, distribution, or storage of priority countermeasures.

''(b) BEST PRACTICES.—The Secretary shall develop guidelines and best practices to enable entities eligible to receive assistance under this section to secure their facilities against potential terrorist attack.''.

SEC. 403. SEQUENCING OF PRIORITY PATHOGENS.

Section 319F(g) of the Public Health Service Act (42 U.S.C. 247d–6(f)), as so redesignated by section 311, is amended—

(1) in paragraph (3), by striking ''and'' at the end;

(2) by redesignating paragraph (4) as paragraph (5); and

(3) by inserting after paragraph (3), the following:

''(4) the sequencing of the genomes of priority pathogens as determined appropriate by the Director of the National Institutes of Health, in consultation with the working group established in subsection (a); and''.

SEC. 404. ACCELERATED COUNTERMEASURE RESEARCH AND DEVELOPMENT.

Section 319F(g) of the Public Health Service Act (42 U.S.C. 247d–6(f)), as so redesignated by section 311 and amended by section 403, is further amended—

(1) by redesignating paragraphs (1) through (5), as subparagraphs (A) through (E), respectively and indenting appropriately;

(2) by striking ''The Secretary'' and inserting the following:

''(1) IN GENERAL.—The Secretary''; and

(3) by adding at the end the following:

''(2) ACCELERATED COUNTERMEASURE RESEARCH AND DEVELOPMENT.—

''(A) IN GENERAL.—The Secretary shall conduct, and award grants, contracts, or cooperative agreements for, research, investigations, experiments, demonstrations, and studies in the health sciences relating to—

''(i) the epidemiology and pathogenesis of biological agents or toxins of potential use in a bioterrorist attack;

''(ii) the development of new vaccines and therapeutics for use against biological agents or toxins of potential use in a bioterrorist attack;

''(iii) the development of diagnostic tests to detect biological agents or toxins of potential use in a bioterrorist attack; and

''(iv) other relevant areas of research;

with consideration given to the needs of children and other vulnerable populations.

''(B) PRIORITY.—The Secretary shall give priority under this paragraph to the funding of research and other studies related to priority countermeasures.''.

SEC. 405. ACCELERATED APPROVAL OF PRIORITY COUNTERMEASURES.

(a) IN GENERAL.—The Secretary of Health and Human Services may designate a priority countermeasure as a fast-track product pursuant to section 506 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 356) or as a device granted priority review pursuant to section 515(d)(5) of such Act (21 U.S.C. 366e(d)(5)). Such a designation may be made prior to the submission of—

(1) a request for designation by the sponsor or applicant; or

(2) an application for the investigation of the drug under section 505(i) of such Act or section 351(a)(3) of the Public Health Service Act.

Nothing in this subsection shall be construed to prohibit a sponsor or applicant from declining such a designation.

(b) USE OF ANIMAL TRIALS.—A drug for which approval is sought under section 505(d) of the Federal Food, Drug, and Cosmetic Act or section 351 of the Public Health Service Act on the basis of evidence of effectiveness that is derived from animal studies under section 406 may be designated as a fast track product for purposes of this section.

(c) PRIORITY REVIEW.—

(1) IN GENERAL.—A priority countermeasure that is a drug or biological product shall be subject to the performance goals established by the Commissioner of Food and Drugs for priority drugs or biological products.

(2) DEFINITION.—In this subsection the term ''priority drugs or biological products'' means a drug or biological product that is the subject of a drug application referred to in section 101(4) of the Food and Drug Administration Modernization Act of 1997.

SEC. 406. USE OF ANIMAL TRIALS IN THE APPROVAL OF PRIORITY COUNTERMEASURES.

Not later than 30 days after the date of enactment of this Act, the Secretary of Health and Human Services shall issue a final rule for the proposal entitled ''New Drug and Biological Drug Products; Evidence Needed to Demonstrate Efficacy of New Drugs for Use Against Lethal or Permanently Disabling Toxic Substances When Efficacy Studies in Humans Ethically Cannot be Conducted'' as published in the Federal Register on October 5, 1999 (64 Fed. Reg.).

SEC. 407. MISCELLANEOUS PROVISIONS.

Title XXVIII of the Public Health Service Act, as added by section 101 and amended by section 403, is further amended by adding at the end the following:

"Subtitle C—Miscellaneous Provisions

"SEC. 2851. SUPPLEMENT NOT SUPPLANT.

''A State or local government, or other entity to which a grant, contract, or cooperative agreement is awarded under this title, may not use amounts received under the grant, contract, or cooperative agreement to supplant expenditures by the entity for activities provided for under this title, but shall use such amounts only to supplement such expenditures at a level at least equal to the level of such expenditures for fiscal year 2001 (excluding those additional, extraordinary expenditures that may have been made after September 10, 2001).''.

TITLE V—PROTECTING THE SAFETY AND SECURITY OF THE FOOD SUPPLY

Subtitle A—General Provisions to Expand and Upgrade Security

SEC. 511. FOOD SAFETY AND SECURITY STRATEGY.

(a) IN GENERAL.—The President's Council on Food Safety (as established by Executive Order 13100), the Secretary of Commerce, and the Secretary of Transportation, shall, in consultation with the food industry and consumer and producer groups, and the States, develop a crisis communications and education strategy with respect to bioterrorist threats to the food supply. Such strategy shall address threat assessments, response and notification procedures, and risks communications to the public.

(b) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated, $500,000 for fiscal year 2002, and such sums as may be necessary in each subsequent fiscal year to implement the strategy developed under subsection (a) in cooperation with the Secretary of Agriculture, the Secretary of Health and Human Services, and the Administrator of the Environmental Protection Agency.

SEC. 512. EXPANSION OF ANIMAL AND PLANT HEALTH INSPECTION SERVICE ACTIVITIES.

(a) IN GENERAL.—The Secretary of Agriculture (referred to in this section as the ''Secretary'') shall enhance and expand the capacity of the Animal and Plant Health Inspection Service through the conduct of activities to—

(1) increase the inspection capacity of the Service at international points of origin;

(2) improve surveillance at ports of entry and customs;

(3) enhance methods of protecting against the introduction of plant and animal disease organisms by terrorists;

(4) adopt new strategies and technologies for dealing with intentional outbreaks of

plant and animal disease arising from acts of terrorism or from unintentional introduction, including—

(A) establishing cooperative agreements among Veterinary Services of the Animal and Plant Health Inspection Service, State animal health commissions and regulatory agencies for livestock and poultry health, and private veterinary practitioners to enhance the preparedness and ability of Veterinary Services and the commissions and agencies to respond to outbreaks of such animal diseases; and

(B) strengthening planning and coordination with State and local agencies, including—

(i) State animal health commissions and regulatory agencies for livestock and poultry health; and

(ii) State agriculture departments; and

(5) otherwise expand the capacity of the Service to protect against the threat of bioterrorism.

(b) HIGH-TECH AGRICULTURE EARLY WARNING AND EMERGENCY RESPONSE SYSTEM.—

(1) IN GENERAL.—To provide the agricultural system of the United States with a new, enhanced level of protection and biosecurity that does not exist on the date of enactment of this Act, the Secretary of Agriculture, in coordination with the Secretary of Health and Human Services, shall implement a fully secure surveillance and response system that utilizes, or is capable of utilizing, field test devices capable of detecting biological threats to animals and plants and that electronically integrates the devices and the tests on a real-time basis into a comprehensive surveillance, incident management, and emergency response system.

(2) EXPANSION OF SYSTEM.—The Secretary shall expand the system implemented under paragraph (1) as soon as practicable to include other Federal agencies and the States where appropriate and necessary to enhance the protection of the food and agriculture system of the United States. To facilitate the expansion of the system, the Secretary shall award grants to States.

(c) AUTOMATED RECORDKEEPING SYSTEM.—The Administrator of the Animal and Plant Health Inspection Service shall implement a central automated recordkeeping system to provide for the reliable tracking of the status of animal and plant shipments, including those shipments on hold at ports of entry and customs. The Secretary shall ensure that such a system shall be fully accessible to or fully integrated with the Food Safety Inspection Service.

(d) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section, $30,000,000 for fiscal year 2002, and such sums as may be necessary for each subsequent fiscal year.

SEC. 513. EXPANSION OF FOOD SAFETY INSPECTION SERVICE ACTIVITIES.

(a) IN GENERAL.—The Secretary of Agriculture shall enhance and expand the capacity of the Food Safety Inspection Service through the conduct of activities to—

(1) enhance the ability of the Service to inspect and ensure the safety and wholesomeness of meat and poultry products;

(2) improve the capacity of the Service to inspect international meat and meat products, poultry and poultry products, and egg products at points of origin and at ports of entry;

(3) strengthen the ability of the Service to collaborate with relevant agencies within the Department of Agriculture and with other entities in the Federal Government, the States, and Indian tribes through the sharing of information and technology; and

(4) otherwise expand the capacity of the Service to protect against the threat of bioterrorism.

(b) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section, $15,000,000 for fiscal year 2002, and such sums as may be necessary for each subsequent fiscal year.

SEC. 514. EXPANSION OF FOOD AND DRUG ADMINISTRATION ACTIVITIES.

(a) IN GENERAL.—The Secretary of Health and Human Services shall expand the capacity of the Food and Drug Administration to—

(1) increase inspections to ensure the safety of the food supply consistent with the amendments made by subtitle B; and

(2) improve linkages between the Agency and other regulatory agencies of the Federal Government, the States, and Indian tribes with shared responsibilities.

(b) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section, $59,000,000 for fiscal year 2002, and such sums as may be necessary for each subsequent fiscal year.

SEC. 515. BIOSECURITY UPGRADES AT THE DEPARTMENT OF AGRICULTURE.

There is authorized to be appropriated for fiscal year 2002, $180,000,000 to enable the Agricultural Research Service to conduct building upgrades to modernize existing facilities, of which (1) $100,000,000 is allocated for renovation, updating, and expansion of the Biosafety Level 3 laboratory and animal research facilities at the Plum Island Animal Disease Center (Greenport, New York), and of which (2) $80,000,000 is allocated for the Agricultural Research Service/Animal and Plant Health Inspection Service facility in Ames, Iowa. There is authorized to be appropriated such sums as may be necessary in fiscal years 2003 through 2006 for (1), (2) and the planning and design of an Agricultural Research Service biocontainment laboratory for poultry research in Athens, Georgia, and the planning, updating, and renovation of the Arthropod-Borne Animal Disease Laboratory in Laramie, Wyoming.

SEC. 516. BIOSECURITY UPGRADES AT THE DEPARTMENT OF HEALTH AND HUMAN SERVICES.

The Secretary of Health and Human Services shall take such actions as may be necessary to secure existing facilities of the Department of Health and Human Services where potential animal and plant pathogens are housed or researched.

SEC. 517. AGRICULTURAL BIOSECURITY.

(a) LAND GRANT ASSESSMENTS.—

(1) IN GENERAL.—The Secretary of Agriculture (referred to in this section as the ''Secretary'') shall establish minimum security standards and award grants to land grant universities to conduct security needs assessments and to plan for improvement of—

(A) the security of all facilities where hazardous biological agents and toxins are stored or used for agricultural research purposes; and

(B) communication networks that transmit information about hazardous biological agents and toxins.

(2) AVAILABILITY OF STANDARDS.—Not later than 45 days after the establishment of security standards under paragraph (1), the Secretary shall make such standards available to land grant universities.

(3) GRANTS.—Not later than 45 days after the date of enactment of this Act, the Secretary shall award grants, not to exceed $50,000 each, to land grant universities to enable such universities to conduct a security needs assessment and plan activities to improve security. Such an assessment shall be completed not later than 45 days after the date on which such grant funds are received.

(b) NATIONAL HAZARDOUS AGENT INVENTORY.—The Secretary shall carry out activities necessary to develop a national inventory of hazardous biological agents and toxins contained in agricultural research facilities. Such activities shall include developing and distributing a model inventory procedure, developing secure means of transmitting inventory information, and conducting annual inventory activities. The inventory shall be developed in coordination with, or as a component of, similar systems in existence on the date of enactment of this Act.

(c) SCREENING PROTOCOL.—The Secretary shall establish a national protocol for the screening of individuals who require access to agricultural research facilities in a manner that provides for the protection of personal privacy.

(d) INDUSTRY-ON-FARM EDUCATION.—

(1) IN GENERAL.—The Secretary shall develop and implement a program to provide education relating to farms, livestock confinement operations, and livestock auction biosecurity to prevent the intentional or accidental introduction of a foreign animal disease and to attempt to discover the introduction of such a disease before it can spread into an outbreak. Biosecurity for livestock includes animal quarantine procedures, blood testing of new arrivals, farm locations, control of human movement onto farms and holding facilities, control of vermin, and movement of vehicles onto farms.

(2) QUARANTINE AND TESTING.—The Secretary shall develop and disseminate through educational programs animal quarantine and testing guidelines to enable farmers and producers to better monitor new arrivals. Any educational seminars and training carried out by the Secretary under this paragraph shall emphasize the economic benefits of biosecurity and the profound negative impact of an outbreak.

(3) CROP GUIDELINES.—The Secretary may develop guidelines and educational materials relating to biosecurity issues to be distributed to local crop producers and facilities that handle, process, or transport crops.

(e) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section, $20,000,000 for fiscal year 2002, and such sums as may be necessary for each subsequent fiscal year, of which not less than $5,000,000 shall be made available in fiscal year 2002 for activities under subsection (a).

SEC. 518. BIOSECURITY OF FOOD MANUFACTURING, PROCESSING, AND DISTRIBUTION.

(a) IN GENERAL.—The Secretary of Health and Human Services (referred to in this section as the ''Secretary''), in consultation with the Attorney General, may award grants, contracts, or cooperative agreements to enable food manufacturers, food processors, food distributors, and other entities regulated by the Secretary to ensure the safety of food through the development and implementation of educational programs to ensure the security of their facilities and modes of transportation against potential bioterrorist attack.

(b) BEST PRACTICES.—The Secretary may develop best practices to enable entities eligible for funding under this section to secure their facilities and modes of transportation against potential bioterrorist attacks.

(c) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section, $500,000 in fiscal year 2002, and such sums as may be necessary for each fiscal year thereafter.

Subtitle B—Protection of the Food Supply

SEC. 531. ADMINISTRATIVE DETENTION.

(a) EXPANDED AUTHORITY.—Section 304 of the Federal Food, Drug and Cosmetic Act (21 U.S.C. 334) is amended by adding at the end the following:

''(h) ADMINISTRATIVE DETENTION OF FOODS.—

''(1) AUTHORITY.—Any officer or qualified employee of the Food and Drug Administration may order the detention, in accordance with this subsection, of any article of food that is found during an inspection, examination, or investigation under this Act conducted by such officer or qualified employee, if the officer or qualified employee has credible evidence or information indicating that the article is in violation of this Act and presents a threat of serious adverse health consequences or death to humans or animals.

''(2) PERIOD OF DETENTION; APPROVAL BY SECRETARY OR SECRETARY'S DESIGNEE.—

''(A) DURATION.—An article of food may be detained under this subsection for a reasonable period, not to exceed 20 days, unless a greater period of time, not to exceed 30 days, is necessary to enable the Secretary to institute an action under subsection (a) or section 302.

''(B) SECRETARY'S APPROVAL.—Before an article of food may be ordered detained under this subsection, the Secretary or an officer or qualified employee designated by the Secretary must approve such order, after determining that the article presents a threat of serious adverse health consequences or death to humans or animals.

''(3) SECURITY OF DETAINED ARTICLE.—A detention order under this subsection with respect to an article of food may require that the article be labeled or marked as detained, and may require that the article be removed to a secure facility. An article subject to a detention order under this subsection shall not be moved by any person from the place at which it is ordered detained until released by the Secretary, or the expiration of the detention period applicable to such order, whichever occurs first.

''(4) APPEAL OF DETENTION ORDER.—Any person who would be entitled to claim a detained article if it were seized under subsection (a) may appeal to the Secretary the detention order under this subsection. Within 15 days after such an appeal is filed, the Secretary, after affording opportunity for an informal hearing, shall by order confirm the detention order or revoke it.

''(5) PERISHABLE FOODS.—The Secretary shall provide in regulation or in guidance for procedures for instituting and appealing on an expedited basis administrative detention of perishable foods.''.

(b) PROHIBITED ACT.—Section 301 of the Federal Food, Drug and Cosmetic Act (21 U.S.C. 331) is amended by adding at the end the following new subsection:

''(bb) The movement of an article of food in violation of an order under section 304(h), or the removal or alteration of any mark or label required by the order in order to identify the article as detained.''.

SEC. 532. DEBARMENT FOR REPEATED OR SERIOUS FOOD IMPORT VIOLATIONS.

(a) DEBARMENT AUTHORITY.—

(1) PERMISSIVE DEBARMENT.—Section 306(b)(1) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 335a(b)(1)) is amended—

(A) by striking the period at the end of subparagraph (B) and inserting ''; or''; and

(B) by adding at the end the following:

''(C) a person from importing a food or offering a food for import into the United States if—

''(i) the person has been convicted of a felony for conduct relating to the importation into the United States of any food; or

''(ii) the person has engaged in a pattern of importing or offering for import adulterated food that presents a threat of serious adverse health consequences or death to humans or animals.''.

(2) CONFORMING AMENDMENT.—Section 306(b)(2) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 335a(b)(2)) is amended—

(A) in the paragraph heading, by inserting ''RELATING TO DRUG APPLICATIONS'' after ''DEBARMENT''; and

(B) in the matter preceding subparagraph (A), by striking ''paragraph (1)'' and inserting ''subparagraphs (A) and (B) of paragraph (1)''.

(3) DEBARMENT PERIOD.—Section 306(c)(2)(A)(iii) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 335a(c)(2)(A)(iii)) is amended by striking ''subsection (b)(2)'' and inserting ''subsection (b)(1)(C) or (b)(2)''.

(4) TERMINATION OF DEBARMENT.—Section 306(d)(3) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 335a(d)(3)) is amended—

(A) in subparagraph (A)(i), by striking ''or (b)(2)(A)'' and inserting '', or (b)(2)(A), or (b)(1)(C)'';

(B) in subparagraph (A)(ii)(II), by inserting ''in applicable cases,'' before ''sufficient audits''; and

(C) in subparagraph (B), in each of clauses (i) and (ii), by inserting ''or (b)(1)(C)'' after ''(b)(2)(B)''.

(5) EFFECTIVE DATES.—Section 306(1)(2) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 335a(1)(2)) is amended—

(A) in the first sentence, by inserting ''and subsection (b)(1)(C)'' after ''subsection (b)(2)(B)''; and

(B) in the second sentence, by striking ''and subsections (f) and (g) of this section'' and inserting ''subsections (f) and (g), and subsection (b)(1)(C)''.

(b) CONFORMING AMENDMENT.—Section 402 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 342) is amended by adding at the end the following:

''(h) If it is an article of food imported or offered for import into the United States by, with the assistance of, or at the direction of, a person debarred under section 306(b)(1)(C).''.

SEC. 533. MAINTENANCE AND INSPECTION OF RECORDS FOR FOODS.

(a) IN GENERAL.—Chapter IV of the Federal Food, Drug and Cosmetic Act (21 U.S.C. 341 et seq.) is amended by adding at the end the following:

''SEC. 414. MAINTENANCE AND INSPECTION OF RECORDS.

''(a) IN GENERAL.—If the Secretary has reason to believe that an article of food is adulterated or misbranded under this Act and presents a threat of serious adverse health consequences or death to humans or animals, each person (excluding restaurants and farms) that manufactures, processes, packs, distributes, receives, holds, or imports such food shall, at the request of an officer or employee duly designated by the Secretary, permit such officer or employee, upon presentation of appropriate credentials and a written notice to such person, at reasonable times and within reasonable limits and in a reasonable manner, to have access to and to copy all records relating to such food that may assist the Secretary to determine the cause and scope of the violation. This requirement applies to all records relating to such manufacture, processing, packing, distribution, receipt, holding, or importation of such food maintained by or on behalf of such person in any format (including paper and electronic formats) and at any location.

''(b) REGULATIONS CONCERNING RECORDKEEPING.—The Secretary shall promulgate regulations regarding the maintenance and retention of records for inspection for not longer than 2 years by persons (excluding restaurants and farms) that manufacture, process, pack, transport, distribute, receive, hold, or import food, as may be needed to allow the Secretary—

''(1) to promptly trace the source and chain of distribution of food and its packaging to address threats of serious adverse health consequences or death to humans or animals; or

''(2) to determine whether food manufactured, processed, packed, or held by the person may be adulterated or misbranded to the extent that it presents a threat of serious adverse health consequences or death to humans or animals under this Act.

The Secretary may impose reduced requirements under such regulations for small businesses with 50 or fewer employees.

''(c) LIMITATIONS.—Nothing in this section shall be construed—

''(1) to limit the authority of the Secretary to inspect records or to require maintenance of records under any other provision of or regulations issued under this Act;

''(2) to authorize the Secretary to impose any requirements with respect to a food to the extent that it is within the exclusive jurisdiction of the Secretary of Agriculture pursuant to the Federal Meat Inspection Act (21 U.S.C. 601 et seq.), the Poultry Products Inspection Act (21 U.S.C. 451 et seq.), or the Egg Products Inspection Act (21 U.S.C. 1031 et seq.);

''(3) to extend to recipes for food, financial data, sales data other than shipment data, pricing data, personnel data, or research data; or

''(4) to alter, amend, or affect in any way the disclosure or nondisclosure under section 552 of title 5, United States Code, of information copied or collected under this section, or its treatment under section 1905 of title 18, United States Code.''.

(b) FACTORY INSPECTION.—Section 704(a) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 374(a)) is amended—

(1) in paragraph (1), by adding after the first sentence the following: ''In the case of any person (excluding restaurants and farms) that manufactures, processes, packs, transports, distributes, receives, holds, or imports foods, the inspection shall extend to all records and other information described in section 414(a), or required to be maintained pursuant to section 414(b).''; and

(2) in paragraph (2), in the matter preceding subparagraph (A), by striking ''second sentence'' and inserting ''third sentence''.

(c) PROHIBITED ACT.—Section 301 of the Federal Food, Drug and Cosmetic Act (21 U.S.C. 331) is amended—

(1) in subsection (e)—

(A) by striking ''by section 412, 504, or 703'' and inserting ''by section 412, 414, 504, 703, or 704(a)''; and

(B) by striking ''under section 412'' and inserting ''under section 412, 414(b)''; and

(2) in section (j), by inserting ''414,'' after ''412,''.

(d) EXPEDITED RULEMAKING.—Not later than 18 months after the date of enactment of this Act, the Secretary shall promulgate proposed and final regulations establishing recordkeeping requirements under subsection 414(b)(1) of the Federal Food, Drug, and Cosmetic Act.

SEC. 534. REGISTRATION OF FOOD MANUFACTURING, PROCESSING, AND HANDLING FACILITIES.

(a) IN GENERAL.—Chapter IV of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 341 et seq.), as amended by section 533, is further amended by adding at the end the following:

''SEC. 415. REGISTRATION OF FOOD MANUFACTURING, PROCESSING, AND HANDLING FACILITIES.

''(a) REGISTRATION.—

''(1) IN GENERAL.—Any facility engaged in manufacturing, processing, or handling food for consumption in the United States shall be registered with the Secretary. To be registered—

''(A) for a domestic facility, the owner, operator, or agent in charge of the facility shall submit a registration to the Secretary; and

''(B) for a foreign facility, the owner, operator, or agent in charge of the facility shall submit a registration to the Secretary and shall include with the registration the name of the United States agent for the facility.

''(2) REGISTRATION.—An entity (referred to in this section as the 'registrant') shall submit a registration under paragraph (1) to the Secretary containing information necessary to notify the Secretary of the name and address of each facility at which, and all trade names under which, the registrant conducts business and, when determined necessary by the Secretary through guidance, the general food category (as identified under section 170.3 of title 21, Code of Federal Regulations) of any food manufactured, processed, or handled at such facility. The registrant shall notify the Secretary in a timely manner of changes to such information.

''(3) PROCEDURE.—Upon receipt of a completed registration described in paragraph (1), the Secretary shall notify the registrant of the receipt of such registration and assign a registration number to each registered facility.

''(4) LIST.—The Secretary shall compile and maintain an up-to-date list of facilities that are registered under this section. Such list and other information required to be submitted under this subsection shall not be subject to the disclosure requirements of section 552 of title 5, United States Code.

''(b) EXEMPTION AUTHORITY.—The Secretary may by regulation exempt types of retail establishments or farms from the requirements of subsection (a) if the Secretary determines that the registration of such facilities is not needed for effective enforcement of chapter IV and any regulations issued under such chapter.

''(c) FACILITY.—In this section, the term 'facility' includes any factory, warehouse, or establishment (including a factory, warehouse, or establishment of an importer), that manufactures, handles, or processes food. Such term does not include restaurants.

''(d) RULE OF CONSTRUCTION.—Nothing in this section shall be construed to authorize the Secretary to require an application, review, or licensing process.''.

(b) MISBRANDED FOODS.—Section 403 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 343) is amended by adding at the end the following:

''(t) If it is a food from a facility for which registration has not been submitted to the Secretary under section 415(a).''.

(c) EFFECTIVE DATE.—The amendment made by subsection (b) shall take effect 180 days after the date of enactment of this Act.

SEC. 535. PRIOR NOTICE OF IMPORTED FOOD SHIPMENTS.

(a) PRIOR NOTICE OF IMPORTED FOOD SHIPMENTS.—Section 801 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 381) is amended by adding at the end the following:

''(j) PRIOR NOTICE OF IMPORTED FOOD SHIPMENTS.—

''(1) IN GENERAL.—At least 4 hours before a food is imported or offered for importation into the United States, the producer, manufacturer, or shipper of the food shall provide documentation to the Secretary of the Treasury and the Secretary of Health and Human Services that—

''(A) identifies—

''(i) the food;

''(ii) the countries of origin of the food; and

''(iii) the quantity to be imported; and

''(B) includes such other information as the Secretary of Health and Human Services may require by regulation.

''(2) REFUSAL OF ADMISSION.—If documentation is not provided as required by paragraph (1) at least 4 hours before the food is imported or offered for importation, the food may be refused admission.

''(3) LIMITATION.—Nothing in this subsection shall be construed to authorize the Secretary to impose any requirements with respect to a food to the extent that it is within the exclusive jurisdiction of the Secretary of Agriculture pursuant to the Federal Meat Inspection Act (21 U.S.C. 601 et seq.), the Poultry Products Inspection Act (21 U.S.C. 451 et seq.), or the Egg Products Inspection Act (21 U.S.C. 1031 et seq.).''.

(b) PROHIBITION OF KNOWINGLY MAKING FALSE STATEMENTS.—Section 301 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 331), as amended by section 531(b), is further amended by inserting after subsection (bb) the following:

''(cc) Knowingly making a false statement in documentation required under section 801(j).''.

SEC. 536. AUTHORITY TO MARK REFUSED ARTICLES.

(a) MISBRANDED FOODS.—Section 403 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 343), as amended by section 534(b), is further amended by adding at the end the following:

''(u) If—

''(1) it has been refused admission under section 801(a);

''(2) it has not been required to be destroyed under section 801(a);

''(3) the packaging of it does not bear a label or labeling described in section 801(a); and

''(4) it presents a threat of serious adverse health consequences or death to humans or animals.''.

(b) REQUIREMENT.—Section 801(a) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 381(a)) is amended by adding at the end the following: ''The Secretary of Health and Human Services may require the owner or consignee of a food that has been refused admission under this section, and has not been required to be destroyed, to affix to the packaging of the food a label or labeling that—

''(1) clearly and conspicuously bears the statement: 'United States: Refused Entry';

''(2) is affixed to the packaging until the food is brought into compliance with this Act; and

''(3) has been provided at the expense of the owner or consignee of the food.''.

(c) RULE OF CONSTRUCTION.—Nothing in this section shall be construed to limit the authority of the Secretary of Health and Human Services or the Secretary of the Treasury to require the marking of refused articles under any other provision of law.

SEC. 537. AUTHORITY TO COMMISSION OTHER FEDERAL OFFICIALS TO CONDUCT INSPECTIONS.

Section 702(a) of the Federal Food, Drug and Cosmetic Act (21 U.S.C. 372(a)) is amended in the first sentence—

(1) by inserting ''qualified'' before ''employees''; and

(2) by inserting ''or of other Federal Departments or agencies, notwithstanding any other provision of law restricting the use of a Department's or agency's officers, employees, or funds,'' after ''officers and qualified employees of the Department''.

SEC. 538. PROHIBITION AGAINST PORT SHOPPING.

Section 402 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 342), as amended by section 532(b), is further amended by adding at the end the following:

''(i) If it is an article of food imported or offered for import into the United States and the article of food has previously been refused admission under section 801(a), unless the person reoffering the article affirmatively establishes, at the expense of the owner or consignee of the article, that the article complies with the applicable requirements of this Act, as determined by the Secretary.''.

SEC. 539. GRANTS TO STATES FOR INSPECTIONS.

Chapter IX of the Federal Food, Drug and Cosmetic Act (21 U.S.C. 391 et seq.) is amended by adding at the end the following:

''SEC. 910. GRANTS TO STATES FOR INSPECTIONS.

''(a) IN GENERAL.—The Secretary is authorized to make grants to States, territories, and Federally recognized Indian tribes that undertake examinations, inspections, and investigations, and related activities under section 702. The funds provided under such grants shall only be available for the costs of conducting such examinations, inspections, investigations, and related activities.

''(b) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated $10,000,000 for fiscal year 2002, and such sums as may be necessary to carry out this section for each subsequent fiscal year.''.

SEC. 540. RULE OF CONSTRUCTION.

Nothing in this title, or an amendment made by this title, shall be construed to—

(1) provide the Food and Drug Administration with additional authority related to the regulation of meat, poultry, and egg products; or

(2) limit the authority of the Secretary of Agriculture with respect to such products.

Subtitle C—Research and Training to Enhance Food Safety and Security

SEC. 541. SURVEILLANCE AND INFORMATION GRANTS AND AUTHORITIES.

Part B of title III of the Public Health Service Act (42 U.S.C. 243 et seq.) is amended by inserting after section 317P the following:

''SEC. 317Q. FOOD SAFETY GRANTS.

''(a) IN GENERAL.—The Secretary may award food safety grants to States to expand the number of States participating in Pulsenet, the Foodborne Diseases Active Surveillance Network, and other networks to enhance Federal, State, and local food safety efforts.

''(b) USE OF FUNDS.—Funds awarded under this section shall be used by States to assist such States in meeting the costs of establishing and maintaining the food safety surveillance, technical and laboratory capacity needed to participate in Pulsenet, Foodborne Diseases Active Surveillance Network, and other networks to enhance Federal, State, and local food safety efforts.

''(c) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section, $19,500,000 for fiscal year 2002, and such sums as may be necessary for each of fiscal years 2003 through 2006.

''SEC. 317R. SURVEILLANCE OF ANIMAL AND HUMAN HEALTH.

''The Secretary, through the Commissioner of the Food and Drug Administration and the Director of the Centers for Disease Control and Prevention, and the Secretary of Agriculture shall develop and implement a plan for coordinating the surveillance for zoonotic disease and human disease.''.

SEC. 542. AGRICULTURAL BIOTERRORISM RESEARCH AND DEVELOPMENT.

(a) IN GENERAL.—The Secretary of Agriculture, to the maximum extent practicable, shall utilize existing authorities to expand Agricultural Research Service, and Cooperative State Research Education and Extension Service, programs to protect the food supply of the United States by conducting activities to—

(1) enhance the capability of the Service to respond immediately to the needs of Federal regulatory agencies involved in protecting the food and agricultural system;

(2) continue existing partnerships with institutions of higher education (including partnerships with 3 institutions of higher education that are national centers for countermeasures against agricultural bioterrorism and 7 additional institutions with existing programs related to bioterrorism) to help form stable, long-term programs of research, development, and evaluation of options to enhance the biosecurity of United States agriculture;

(3) strengthen linkages with the intelligence community to better identify research needs and evaluate acquired materials;

(4) expand Service involvement with international organizations dealing with plant and animal disease control; and

(5) otherwise expand the capacity of the Service to protect against the threat of bioterrorism.

(b) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section, $190,000,000 for fiscal year 2002, and such sums as may be necessary for each subsequent fiscal year.

SA 2693. Mr. REID (for Mr. BROWNBACK) proposed an amendment to the bill S. Res. 194, congratulating the people and government on the tenth anniversary of the independence of the Republic of Kazakhstan; as follows:

On page 2, delete the fifth whereas clause, and insert: ''Whereas Kazakhstan, under the leadership of President Nursultan Nazarbaev, has cooperated with the United States on national security concerns, including combatting international terrorism, nuclear proliferation, international crime, and narcotics trafficking; and'';

Delete the final whereas clause; and

On page 3, delete lines 7–9, and insert the following: ''United States on matters of national security, including the war against terrorism.''

SA 2694. Mr. REID (for Mr. SMITH of New Hampshire) proposed an amendment to the bill S. 990, to amend the Pittman-Robertson Wildlife Restoration Act to improve the provisions relating to wildlife conservation and restoration programs, and for other purposes; as follows:

On page 49, strike lines 7 through 14 and insert the following:

(1) Section 3 of the Pittman-Robertson Wildlife Restoration Act (16 U.S.C. 669b) is amended—

(A) in the first sentence of subsection (a)(1)—

(i) by inserting ''(other than the Account)'' after ''wildlife restoration fund''; and

(ii) by inserting before the period at the end the following: ''(other than sections 4(d) and 12)''; and

(B) in subsection (b), by inserting ''(other than the Account)'' after ''the fund'' each place it appears.

On page 74, line 11, insert ''(other than an incidental taking statement with respect to a species recovery agreement entered into by the Secretary under subsection (c))'' before the semicolon.

SA 2695. Mr. REID (for Mr. BIDEN (for himself and Mr. HELMS)) proposed an amendment to the bill S. 1803, to authorize appropriations under the Arms Export Control Act and the Foreign Assistance Act of 1961 for security assistance for fiscal years 2002 and 2003, and for other purposes; as follows:

On page 10, between lines 11 and 12, insert the following new section:

SEC. 206. CONGRESSIONAL NOTIFICATION OF SMALL ARMS AND LIGHT WEAPONS LICENSE APPROVALS; ANNUAL REPORTS.

(a) CONGRESSIONAL NOTIFICATION OF EXPORT LICENSE APPROVALS.—Section 36(c) of the Arms Export Control Act (22 U.S.C. 2776(c)) is amended by inserting ''(or, in the case of a defense article that is a firearm controlled under category I of the United States Munitions List, $1,000,000 or more)'' after ''$50,000,000 or more''.

(b) REPORT.—Not later than six months after the date of enactment of this Act, and annually thereafter, the Secretary of State shall submit an unclassified report to the appropriate congressional committees on the numbers, range, and findings of end-use monitoring of United States transfers in small arms and light weapons.

(c) ANNUAL MILITARY ASSISTANCE REPORTS.—Section 655(b)(3) of the Foreign Assistance Act of 1961 (22 U.S.C. 2415(b)(3)) is amended by inserting before the period at the end the following: '', including, in the case of defense articles that are firearms controlled under category I of the United States Munitions List, a statement of the aggregate dollar value and quantity of semiautomatic assault weapons, or related equipment, the manufacture, transfer, or possession of which is unlawful under section 922 of title 18, United States Code, that were licensed for export during the period covered by the report''.

(d) ANNUAL REPORT ON ARMS BROKERING.—Not later than six months after the date of enactment of this Act, and annually thereafter, the Secretary of State shall submit a report to the appropriate committees of Congress on activities of registered arms brokers, including violations of the Arms Export Control Act.

(e) ANNUAL REPORT ON INVESTIGATIONS OF THE BUREAU OF ALCOHOL, TOBACCO AND FIREARMS.—Not later than six months after the date of enactment of this Act, and annually thereafter, the Secretary of the Treasury shall submit a report to the appropriate committees of Congress on investigations and other efforts undertaken by the Bureau of Alcohol, Tobacco and Firearms (including cooperation with other agencies) to stop United States-source weapons from being used in terrorist acts and international crime.

On page 66, strike lines 1 through 12, and insert the following:

SEC. 404. IMPROVEMENTS TO THE AUTOMATED EXPORT SYSTEM.

(a) CONTRIBUTION TO THE AUTOMATED EXPORT SYSTEM.—Not less than $250,000 of the amounts provided under section 302 for each fiscal year shall be available for the purpose of—

(1) providing the Department of State with full access to the Automated Export System;

(2) ensuring that the system is modified to meet the needs of the Department of State, if such modifications are consistent with the needs of other United States Government agencies; and

(3) providing operational support.

(b) MANDATORY FILING.—The Secretary of Commerce, with the concurrence of the Secretary of State and the Secretary of Treasury, shall publish regulations in the Federal Register to require, upon the effective date of those regulations, that all persons who are required to file export information under chapter 9 of title 13, United States Code, to file such information through the Automated Export System.

(c) REQUIREMENT FOR INFORMATION SHARING.—The Secretary shall conclude an information-sharing arrangement with the heads of United States Customs Service and the Census Bureau—

(1) to allow the Department of State to access information on controlled exports made through the United States Postal Service; and

(2) to adjust the Automated Export System to parallel information currently collected by the Department of State.

(d) SECRETARY OF TREASURY FUNCTIONS.—Section 303 of title 13, United States Code, is amended by striking '', other than by mail,''.

(e) FILING EXPORT INFORMATION, DELAYED FILINGS, PENALTIES FOR FAILURE TO FILE.—Section 304 of title 13, United States Code, is amended—

(1) in subsection (a)—

(A) in the first sentence, by striking ''the penal sum of $1,000'' and inserting ''a penal sum of $10,000''; and

(B) in the third sentence, by striking ''a penalty not to exceed $100 for each day's delinquency beyond the prescribed period, but not more than $1,000,'' and inserting ''a penalty not to exceed $1,000 for each day's delinquency beyond the prescribed period, but not more than $10,000 per violation'';

(2) by redesignating subsection (b) as subsection (c); and

(3) by inserting after subsection (a) the following:

''(b) Any person, other than a person described in subsection (a), required to submit export information, shall file such information in accordance with any rule, regulation, or order issued pursuant to this chapter. In the event any such information or reports are not filed within such prescribed period, the Secretary of Commerce (and officers of the Department of Commerce designated by the Secretary) may impose a civil penalty not to exceed $1,000 for each day's delinquency beyond the prescribed period, but not more than $10,000 per violation.''.

(f) ADDITIONAL PENALTIES.—

(1) IN GENERAL.—Section 305 of title 13, United States Code, is amended to read as follows:

''SEC. 305. PENALTIES FOR UNLAWFUL EXPORT INFORMATION ACTIVITIES.

''(a) CRIMINAL PENALTIES.—(1) Any person who knowingly fails to file or knowingly submits false or misleading export information through the Shippers Export Declaration (SED) (or any successor document) or the Automated Export System (AES) shall be subject to a fine not to exceed $10,000 per violation or imprisonment for not more than 5 years, or both.

''(2) Any person who knowingly reports any information on or uses the SED or the AES to further any illegal activity shall be subject to a fine not to exceed $10,000 per violation or imprisonment for not more than 5 years, or both.

''(3) Any person who is convicted under this subsection shall, in addition to any other penalty, be subject to forfeiting to the United States—

''(A) any of that person's interest in, security of, claim against, or property or contractual rights of any kind in the goods or tangible items that were the subject of the violation;

''(B) any of that person's interest in, security of, claim against, or property or contractual rights of any kind in tangible property that was used in the export or attempt to export that was the subject of the violation; and

''(C) any of that person's property constituting, or derived from, any proceeds obtained directly or indirectly as a result of the violation.

''(b) CIVIL PENALTIES.—The Secretary (and officers of the Department of Commerce specifically designated by the Secretary) may impose a civil penalty not to exceed $10,000

per violation on any person violating the provisions of this chapter or any rule, regulation, or order issued thereunder, except as provided in section 304. Such penalty may be in addition to any other penalty imposed by law.

''(c) CIVIL PENALTY PROCEDURE.—(1) When a civil penalty is sought for a violation of this section or of section 304, the charged party is entitled to receive a formal complaint specifying the charges and, at his or her request, to contest the charges in a hearing before an administrative law judge. Any such hearing shall be conducted in accordance with sections 556 and 557 of title 5, United States Code.

''(2) If any person fails to pay a civil penalty imposed under this chapter, the Secretary may ask the Attorney General to commence a civil action in an appropriate district court of the United States to recover the amount imposed (plus interest at currently prevailing rates from the date of the final order). No such action may be commenced more than 5 years after the order imposing the civil penalty becomes final. In such action, the validity, amount, and appropriateness of such penalty shall not be subject to review.

''(3) The Secretary may remit or mitigate any penalties imposed under paragraph (1) if, in his or her opinion—

''(A) the penalties were incurred without willful negligence or fraud; or

''(B) other circumstances exist that justify a remission or mitigation.

''(4) If, pursuant to section 306, the Secretary delegates functions under this section to another agency, the provisions of law of that agency relating to penalty assessment, remission or mitigation of such penalties, collection of such penalties, and limitations of actions and compromise of claims, shall apply.

''(5) Any amount paid in satisfaction of a civil penalty imposed under this section or section 304 shall be deposited into the general fund of the Treasury and credited as miscellaneous receipts.

''(d) ENFORCEMENT.—(1) The Secretary of Commerce may designate officers or employees of the Office of Export Enforcement to conduct investigations pursuant to this chapter. In conducting such investigations, those officers or employees may, to the extent necessary or appropriate to the enforcement of this chapter, exercise such authorities as are conferred upon them by other laws of the United States, subject to policies and procedures approved by the Attorney General.

''(2) The Commissioner of Customs may designate officers or employees of the Customs Service to enforce the provisions of this chapter, or to conduct investigations pursuant to this chapter.

''(e) REGULATIONS.—The Secretary of Commerce shall promulgate regulations for the implementation and enforcement of this section.

''(f) EXEMPTION.—The criminal fines provided for in this section are exempt from the provisions of section 3571 of title 18, United States Code.''.

(2) CLERICAL AMENDMENT.—The table of sections at the beginning of chapter 9 of title 13, United States Code, is amended by striking the item relating to section 305 and inserting the following:

''305. Penalties for unlawful export information activities.''.

On page 75, strike lines 1 through 24.

On page 83, between lines 17 and 18, insert the following:

(4) TAIWAN.—The President is authorized to transfer to the Taipei Economic and Cultural Representative Office in the United States (which is the Taiwan instrumentality designated pursuant to section 10(a) of the Taiwan Relations Act) the ''Kidd'' class guided missile destroyers Kidd (DDG 993), Callaghan (DDG 994), Scott (DDG 995), and Chandler (DDG 996). The transfer of these 4 ''Kidd'' class guided missile destroyers shall be on a sale basis under section 21 of the Arms Export Control Act (22 U.S.C. 2761).

Starting on page 24, line 14, strike all that follows through line 23 of page 25.

Strike page 13, lines 5-14.

On line 4, page 78, delete ''not less than'' and on line 5, page 78, delete ''shall'' and insert in lieu thereof ''may''.

On line 7, page 21, delete ''and 2003'' and delete lines 9 through 15 on page 21.

SA 2696. Mr. REID (for Mrs. CLINTON) proposed an amendment to the bill S. 1637, to waive certain limitations in the case of use of the emergency fund authorized by section 125 of title 23, United States Code, to pay the costs of projects in response to the attack on the World Trade Center in New York City that occurred on September 11, 2001; as follows:

On page 2, strike lines 10 through 14 and insert the following:

''shall be 100 percent; and

''(2) notwithstanding section 125(d)(1) of that''.

SA 2697. Mr. REID (for Mr. LEAHY (for himself, Mr. KENNEDY, and Mr. HATCH)) proposed an amendment to the bill H.R. 2215, to authorize appropriations for the Department of Justice for fiscal year 2002, and for other purposes; as follows:

On page 51, after line 4, insert the following:

DIVISION A—21ST CENTURY DEPARTMENT OF JUSTICE APPROPRIATIONS AUTHORIZATION ACT

On page 51, line 6, strike ''This Act'' and insert ''This division''.

On page 52, beginning with line 4, strike all through page 57, line 12.

Redesignate sections 102 and 103 as sections 101 and 102, respectively.

On page 57, line 23, strike ''may'' and insert ''shall''.

On page 80, lines 22, strike all through page 81, line 22.

On page 86, lines 15 and 16, strike ''OF APPROPRIATIONS'' and insert ''WITHIN THE DEPARTMENT OF JUSTICE''.

On page 87, line 24, after ''contract'' insert ''over $5,000,000''.

On page 89, line 24, after ''period'' and insert ''and the paragraph following''.

On page 89, line 25, strike ''after''.

On page 97, beginning with line 1, strike all through line 6.

At the end of the bill add the following:

DIVISION B—MISCELLANEOUS DIVISION

TITLE I—BOYS AND GIRLS CLUBS OF AMERICA

SEC. 1101. BOYS AND GIRLS CLUBS OF AMERICA.

Section 401 of the Economic Espionage Act of 1966 (42 U.S.C. 13751 note) is amended—

(1) in subsection (a)(2)—

(A) by striking ''1,000'' and inserting ''1,200'';

(B) by striking ''2,500'' and inserting ''4,000''; and

(C) by striking ''December 31, 1999'' and inserting ''December 31, 2006, serving not less than 6,000,000 young people'';

(2) in subsection (c)—

(A) in paragraph (1), by striking ''1997, 1998, 1999, 2000, and 2001'' and inserting ''2002, 2003, 2004, 2005, and 2006''; and

(B) in paragraph (2)—

(i) in the matter preceding subparagraph (A), by striking ''90 days'' and inserting ''30 days'';

(ii) in subparagraph (A), by striking ''1,000'' and inserting ''1,200''; and

(iii) in subparagraph (B), by striking ''2,500 Boys and Girls Clubs of America facilities in operation before January 1, 2000'' and inserting ''4,000 Boys and Girls Clubs of America facilities in operation before January 1, 2007''; and

(3) in subsection (e), by striking paragraph (1) and inserting the following:

''(1) IN GENERAL.—There are authorized to be appropriated to carry out this section—

''(A) $70,000,000 for fiscal year 2002;

''(B) $80,000,000 for fiscal year 2003;

''(C) $80,000,000 for fiscal year 2004;

''(D) $80,000,000 for fiscal year 2005; and

''(E) $80,000,000 for fiscal year 2006.''.

TITLE II—DRUG ABUSE EDUCATION, PREVENTION, AND TREATMENT ACT OF 2001

SEC. 2001. SHORT TITLE.

This title may be cited as the ''Drug Abuse Education, Prevention, and Treatment Act of 2001''.

Subtitle A—Drug-Free Prisons and Jails

SEC. 2101. DRUG-FREE PRISONS AND JAILS INCENTIVE GRANTS.

(a) IN GENERAL.—Subtitle A of title II of the Violent Crime Control and Law Enforcement Act of 1994 (42 U.S.C. 13701 et seq.) is amended—

(1) by redesignating section 20110 as section 20111; and

(2) by inserting after section 20109 the following:

''SEC. 20110. DRUG-FREE PRISONS AND JAILS BONUS GRANTS.

''(a) IN GENERAL.—The Attorney General shall make incentive grants in accordance with this section to eligible States, units of local government, and Indian tribes, in order to encourage the establishment and maintenance of drug-free prisons and jails.

''(b) RESERVATION OF FUNDS.—Notwithstanding any other provision of this subtitle, in each fiscal year, before making the allocations under sections 20106 and 20108(a)(2) or the reservation under section 20109, the Attorney General shall reserve 10 percent of the amount made available to carry out this subtitle for grants under this section.

''(c) ELIGIBILITY.—

''(1) IN GENERAL.—To be eligible to receive a grant under this section, a State, unit of local government, or Indian tribe shall demonstrate to the Attorney General that the State, unit of local government, or Indian tribe—

''(A) meets the requirements of section 20103(a); and

''(B) has established, or, within 18 months after the initial submission of an application this section will implement, a program or policy of drug-free prisons and jails for correctional and detention facilities, including juvenile facilities, in its jurisdiction.

''(2) CONTENTS OF PROGRAM OR POLICY.—The drug-free prisons and jails program or policy under paragraph (1)(B)—

''(A) shall include—

''(i) a zero-tolerance policy for drug use or presence in State, unit of local government, or Indian tribe facilities, including random and routine sweeps and inspections for drugs, random and routine drug tests of inmates, and improved screening for drugs and other contraband of prison visitors and prisoner mail;

''(ii) establishment and enforcement of penalties, including prison disciplinary actions and criminal prosecution for the introduction, possession, or use of drugs in any prison or jail;

''(iii) the implementation of residential drug treatment programs that are effective and science-based; and

''(iv) drug testing of inmates upon intake and upon release from incarceration as appropriate; and

''(B) may include a system of incentives for prisoners to participate in counter-drug programs such as drug treatment and drug-free wings with greater privileges, except that incentives under this paragraph may not include the early release of any prisoner convicted of a crime of violence that is not part of a policy of a State concerning good-time credits or criteria for the granting of supervised release.

''(d) APPLICATION.—In order to be eligible to receive a grant under this section, a State, unit of local government, or Indian tribe shall submit to the Attorney General an application, in such form and containing such information, including rates of positive drug tests among inmates upon intake and release from incarceration, as the Attorney General may reasonably require.

''(e) USE OF FUNDS.—Amounts received by a State, unit of local government, or Indian tribe from a grant under this section may be used—

''(1) to implement the program under subsection (c)(2); or

''(2) for any other purpose permitted by this subtitle.

''(f) ALLOCATION OF FUNDS.—Grants awarded under this section shall be in addition to any other grants a State, unit of local government, or Indian tribe may be eligible to receive under this subtitle or under part S of title I of the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. 3796ff et seq.).

''(g) MINIMUM ALLOCATION.—Unless all eligible applications submitted by any State or unit of local government within such State for a grant under this section have been funded, such State, together with grantees within the State (other than Indian tribes), shall be allocated in each fiscal year under this section not less than 0.75 percent of the total amount appropriated in the fiscal year for grants pursuant to this section.

''(h) AUTHORIZATION OF APPROPRIATIONS.—In addition to amounts allocated under this section, there are authorized to be appropriated to carry out this section such sums as are necessary for each of the fiscal years 2002, 2003, and 2004.''.

SEC. 2102. JAIL-BASED SUBSTANCE ABUSE TREATMENT PROGRAMS.

(a) USE OF RESIDENTIAL SUBSTANCE ABUSE TREATMENT GRANTS TO PROVIDE AFTERCARE SERVICES.—Section 1902 of part S of title I of the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. 3796ff–1) is amended by adding at the end the following:

''(f) USE OF GRANT AMOUNTS FOR NONRESIDENTIAL AFTERCARE SERVICES.—A State may use amounts received under this part to provide nonresidential substance abuse treatment aftercare services for inmates or former inmates that meet the requirements of subsection (c), if the chief executive officer of the State certifies to the Attorney General that the State is providing, and will continue to provide, an adequate level of residential treatment services.''.

(b) JAIL-BASED SUBSTANCE ABUSE TREATMENT.—Part S of title I of the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. 3796ff et seq.) is amended by adding at the end the following:

''SEC. 1906. JAIL-BASED SUBSTANCE ABUSE TREATMENT.

''(a) DEFINITIONS.—In this section:

''(1) The term 'jail-based substance abuse treatment program' means a course of individual and group activities, lasting for a period of not less than 3 months, in an area of a correctional facility set apart from the general population of the correctional facility, if those activities are—

''(A) directed at the substance abuse problems of prisoners; and

''(B) intended to develop the cognitive, behavioral, and other skills of prisoners in order to address the substance abuse and related problems of prisoners.

''(2) The term 'local correctional facility' means any correctional facility operated by a State or unit of local government.

''(b) AUTHORIZATION.—

''(1) IN GENERAL.—At least 10 percent of the total amount made available to a State under section 1904(a) for any fiscal year shall be used by the State to make grants to local correctional facilities in the State, provided the State includes local correctional facilities, for the purpose of assisting jail-based substance abuse treatment programs that are effective and science-based established by those local correctional facilities.

''(2) FEDERAL SHARE.—The Federal share of a grant made by a State under this section to a local correctional facility may not exceed 75 percent of the total cost of the jail-based substance abuse treatment program described in the application submitted under subsection (c) for the fiscal year for which the program receives assistance under this section.

''(c) APPLICATIONS.—

''(1) IN GENERAL.—To be eligible to receive a grant from a State under this section for a jail-based substance abuse treatment program, the chief executive of a local correctional facility shall submit to the State, in such form and containing such information as the State may reasonably require, an application that meets the requirements of paragraph (2).

''(2) APPLICATION REQUIREMENTS.—Each application submitted under paragraph (1) shall include—

''(A) with respect to the jail-based substance abuse treatment program for which assistance is sought, a description of the program and a written certification that the local correctional facility will—

''(i) coordinate the design and implementation of the program between local correctional facility representatives and the appropriate State and local alcohol and substance abuse agencies;

''(ii) implement (or continue to require) urinalysis or other proven reliable forms of substance abuse testing of individuals participating in the program, including the testing of individuals released from the jail-based substance abuse treatment program who remain in the custody of the local correctional facility; and

''(iii) carry out the program in accordance with guidelines, which shall be established by the State, in order to guarantee each participant in the program access to consistent, continual care if transferred to a different local correctional facility within the State;

''(B) written assurances that Federal funds received by the local correctional facility from the State under this section will be used to supplement, and not to supplant, non-Federal funds that would otherwise be available for jail-based substance abuse treatment programs assisted with amounts made available to the local correctional facility under this section; and

''(C) a description of the manner in which amounts received by the local correctional facility from the State under this section will be coordinated with Federal assistance for substance abuse treatment and aftercare services provided to the local correctional facility by the Substance Abuse and Mental Health Services Administration of the Department of Health and Human Services.

''(d) REVIEW OF APPLICATIONS.—

''(1) IN GENERAL.—Upon receipt of an application under subsection (c), the State shall—

''(A) review the application to ensure that the application, and the jail-based residential substance abuse treatment program for which a grant under this section is sought, meet the requirements of this section; and

''(B) if so, make an affirmative finding in writing that the jail-based substance abuse treatment program for which assistance is sought meets the requirements of this section.

''(2) APPROVAL.—Based on the review conducted under paragraph (1), not later than 90 days after the date on which an application is submitted under subsection (c), the State shall—

''(A) approve the application, disapprove the application, or request a continued evaluation of the application for an additional period of 90 days; and

''(B) notify the applicant of the action taken under subparagraph (A) and, with respect to any denial of an application under subparagraph (A), afford the applicant an opportunity for reconsideration.

''(3) ELIGIBILITY FOR PREFERENCE WITH AFTERCARE COMPONENT.—

''(A) IN GENERAL.—In making grants under this section, a State shall give preference to applications from local correctional facilities that ensure that each participant in the jail-based substance abuse treatment program for which a grant under this section is sought, is required to participate in an aftercare services program that meets the requirements of subparagraph (B), for a period of not less than 1 year following the earlier of—

''(i) the date on which the participant completes the jail-based substance abuse treatment program; or

''(ii) the date on which the participant is released from the correctional facility at the end of the participant's sentence or is released on parole.

''(B) AFTERCARE SERVICES PROGRAM REQUIREMENTS.—For purposes of subparagraph (A), an aftercare services program meets the requirements of this paragraph if the program—

''(i) in selecting individuals for participation in the program, gives priority to individuals who have completed a jail-based substance abuse treatment program;

''(ii) requires each participant in the program to submit to periodic substance abuse testing; and

''(iii) involves the coordination between the jail-based substance abuse treatment program and other human service and rehabilitation programs that may assist in the rehabilitation of program participants, such as—

''(I) educational and job training programs;

''(II) parole supervision programs;

''(III) half-way house programs; and

''(IV) participation in self-help and peer group programs; and

''(iv) assists in placing jail-based substance abuse treatment program participants with appropriate community substance abuse treatment facilities upon release from the correctional facility at the end of a sentence or on parole.

''(e) COORDINATION AND CONSULTATION.—

''(1) COORDINATION.—Each State that makes 1 or more grants under this section in any fiscal year shall, to the maximum extent practicable, implement a statewide communications network with the capacity to track the participants in jail-based substance abuse treatment programs established by local correctional facilities in the State as those participants move between local correctional facilities within the State.

''(2) CONSULTATION.—Each State described in paragraph (1) shall consult with the Attorney General and the Secretary of Health and Human Services to ensure that each jail-based substance abuse treatment program assisted with a grant made by the State under this section incorporates applicable components of comprehensive approaches, including relapse prevention and aftercare services.

''(f) USE OF GRANT AMOUNTS.—

''(1) IN GENERAL.—Each local correctional facility that receives a grant under this section shall use the grant amount solely for the purpose of carrying out the jail-based substance abuse treatment program described in the application submitted under subsection (c).

''(2) ADMINISTRATION.—Each local correctional facility that receives a grant under this section shall carry out all activities relating to the administration of the grant amount, including reviewing the manner in which the amount is expended, processing, monitoring the progress of the program assisted, financial reporting, technical assistance, grant adjustments, accounting, auditing, and fund disbursement.

''(3) RESTRICTION.—A local correctional facility may not use any amount of a grant under this section for land acquisition, a construction project, or facility renovations.

''(g) REPORTING REQUIREMENT; PERFORMANCE REVIEW.—

''(1) REPORTING REQUIREMENT.—Not later than March 1 each year, each local correctional facility that receives a grant under this section shall submit to the Attorney General, through the State, a description and an evaluation report of the jail-based substance abuse treatment program carried out by the local correctional facility with the grant amount, in such form and containing such information as the Attorney General may reasonably require.

''(2) PERFORMANCE REVIEW.—The Attorney General shall conduct an annual review of each jail-based substance abuse treatment program assisted under this section, in order to verify the compliance of local correctional facilities with the requirements of this section.

''(h) MINIMUM ALLOCATION.—Unless all eligible applications submitted by any State or unit of local government within such State for a grant under this section have been funded, such State, together with grantees within the State (other than Indian tribes), shall be allocated in each fiscal year under this section not less than 0.75 percent of the total amount appropriated in the fiscal year for grants pursuant to this section.''.

(c) ELIGIBILITY FOR SUBSTANCE ABUSE TREATMENT.—Part S of title I of the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. 3796ff et seq.), as amended by subsection (b), is further amended by adding at the end the following:

''SEC. 1907. DEFINITIONS.

''In this part:

''(1) The term 'inmate' means an adult or a juvenile who is incarcerated or detained in any State or local correctional facility.

''(2) The term 'correctional facility' includes a secure detention facility and a secure correctional facility (as those terms are defined in section 103 of the Juvenile Justice and Delinquency Prevention Act of 1974 (42 U.S.C. 5603)).''.

(d) CLERICAL AMENDMENT.—The table of contents for title I of the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. 3711 et seq.) is amended in the matter relating to part S by adding at the end the following:

''1906. Jail-based substance abuse treatment.
''1907. Definitions.''.

(e) USE OF RESIDENTIAL SUBSTANCE ABUSE TREATMENT GRANTS TO PROVIDE FOR SERVICES DURING AND AFTER INCARCERATION.—Section 1901 of title I of the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. 3796ff) is amended by adding at the end the following:

''(c) ADDITIONAL USE OF FUNDS.—States that demonstrate that they have existing in-prison drug treatment programs that are in compliance with Federal requirements may use funds awarded under this part for treatment and sanctions both during incarceration and after release, provided that no more than 25 percent of funds be spent on aftercare services.

''(d) CONSULTATION.—The Attorney General shall consult with the Secretary of Health and Human Services to ensure that programs of substance abuse treatment and related services for State prisoners carried out under this part incorporate applicable components of existing, comprehensive approaches including relapse prevention and aftercare services that have been shown to be efficacious and incorporate evidence-based principles of effective substance abuse treatment as determined by the Secretary of Health and Human Services.''.

(f) REAUTHORIZATION.—Paragraph (17) of section 1001(a) of title I of the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. 3793(a)(17)) is amended to read as follows:

''(17) There are authorized to be appropriated to carry out part S such sums as are necessary for fiscal year 2002 and such sums as may be necessary for fiscal years 2003 and 2004.''.

(g) SUBSTANCE ABUSE TREATMENT IN FEDERAL PRISONS REAUTHORIZATION.—Section 3621(e) of title 18, United States Code, is amended—

(1) in paragraph (4), by striking subparagraph (E) and inserting the following:

''(E) such sums as are necessary for fiscal year 2002; and

''(F) such sums as are necessary for fiscal year 2003.''; and

(2) in paragraph (5)—

(A) in subparagraph (B), by striking ''and'' at the end;

(B) in subparagraph (C), by striking the period and inserting ''; and''; and

(C) by adding at the end the following:

''(D) the term 'appropriate substance abuse treatment' means treatment in a program that has been shown to be efficacious and incorporates evidence-based principles of effective substance abuse treatment as determined by the Secretary of Health and Human Services.''.

SEC. 2103. MANDATORY REVOCATION OF PROBATION AND SUPERVISED RELEASE FOR FAILING A DRUG TEST.

(a) REVOCATION OF PROBATION.—Section 3565(b) of title 18, United States Code, is amended—

(1) in paragraph (2), by striking ''or'' after the semicolon;

(2) in paragraph (3), by striking ''(4),'' and inserting ''(4); or''; and

(3) by adding after paragraph (3) the following:

''(4) as a part of drug testing, tests positive for illegal controlled substances more than 3 times over the course of 1 year;''.

(b) REVOCATION OF SUPERVISED RELEASE.—Section 3583(g) of title 18, United States Code, is amended—

(1) in paragraph (2), by striking ''or'' after the semicolon;

(2) in paragraph (3), by inserting ''or'' after the semicolon; and

(3) by adding after paragraph (3) the following:

''(4) as a part of drug testing, tests positive for illegal controlled substances more than 3 times over the course of 1 year;''.

Subtitle B—Treatment and Prevention

SEC. 2201. DRUG TREATMENT ALTERNATIVE TO PRISON PROGRAMS ADMINISTERED BY STATE OR LOCAL PROSECUTORS.

(a) PROSECUTION DRUG TREATMENT ALTERNATIVE TO PRISON PROGRAMS.—Title I of the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. 3711 et seq.) is amended by adding at the end the following new part:

''PART CC—PROSECUTION DRUG TREATMENT ALTERNATIVE TO PRISON PROGRAMS

''SEC. 2901. PILOT PROGRAM AUTHORIZED.

''(a) IN GENERAL.—The Attorney General may make grants to State or local prosecutors for the purpose of developing, implementing, or expanding drug treatment alternative to prison programs that comply with the requirements of this part.

''(b) USE OF FUNDS.—A State or local prosecutor who receives a grant under this part shall use amounts provided under the grant to develop, implement, or expand the drug treatment alternative to prison program for which the grant was made, which may include payment of the following expenses:

''(1) Salaries, personnel costs, equipment costs, and other costs directly related to the operation of the program, including the enforcement unit.

''(2) Payments to licensed substance abuse treatment providers for providing treatment to offenders participating in the program for which the grant was made, including aftercare supervision, vocational training, education, and job placement.

''(3) Payments to public and nonprofit private entities for providing treatment to offenders participating in the program for which the grant was made.

''(c) FEDERAL SHARE.—The Federal share of a grant under this part shall not exceed 75 percent of the cost of the program.

''(d) SUPPLEMENT AND NOT SUPPLANT.—Grant amounts received under this part shall be used to supplement, and not supplant, non-Federal funds that would otherwise be available for activities funded under this part.

''SEC. 2902. PROGRAM REQUIREMENTS.

''A drug treatment alternative to prison program with respect to which a grant is made under this part shall comply with the following requirements:

''(1) A State or local prosecutor shall administer the program.

''(2) An eligible offender may participate in the program only with the consent of the State or local prosecutor.

''(3) Each eligible offender who participates in the program shall, as an alternative to incarceration, be sentenced to or placed with a long-term substance abuse treatment provider that is licensed or certified under State or local law.

''(4) Each eligible offender who participates in the program shall serve a sentence of imprisonment with respect to the underlying crime if that offender does not successfully complete treatment with the residential substance abuse provider.

''(5) Each substance abuse provider treating an offender under the program shall—

''(A) make periodic reports of the progress of treatment of that offender to the State or local prosecutor carrying out the program and to the appropriate court in which the defendant was convicted; and

''(B) notify that prosecutor and that court if that offender absconds from the facility of the treatment provider or otherwise violates the terms and conditions of the program.

''(6) The program shall have an enforcement unit comprised of law enforcement officers under the supervision of the State or local prosecutor carrying out the program, the duties of which shall include verifying an

offender's addresses and other contacts, and, if necessary, locating, apprehending, and arresting an offender who has absconded from the facility of a substance abuse treatment provider or otherwise violated the terms and conditions of the program, and returning such offender to court for sentence on the underlying crime.

"SEC. 2903. APPLICATIONS.

''(a) IN GENERAL.—To request a grant under this part, a State or local prosecutor shall submit an application to the Attorney General in such form and containing such information as the Attorney General may reasonably require.

''(b) CERTIFICATIONS.—Each such application shall contain the certification of the State or local prosecutor that the program for which the grant is requested shall meet each of the requirements of this part.

"SEC. 2904. GEOGRAPHIC DISTRIBUTION.

''The Attorney General shall ensure that, to the extent practicable, the distribution of grant awards is equitable and includes State or local prosecutors—

''(1) in each State; and

''(2) in rural, suburban, and urban jurisdictions.

"SEC. 2905. REPORTS AND EVALUATIONS.

''For each fiscal year, each recipient of a grant under this part during that fiscal year shall submit to the Attorney General a description and an evaluation report regarding the effectiveness of activities carried out using that grant. Each report shall include an evaluation in such form and containing such information as the Attorney General may reasonably require. The Attorney General shall specify the dates on which such reports shall be submitted.

"SEC. 2906. DEFINITIONS.

''In this part:

''(1) The term 'State or local prosecutor' means any district attorney, State attorney general, county attorney, or corporation counsel who has authority to prosecute criminal offenses under State or local law.

''(2) The term 'eligible offender' means an individual who—

''(A) has been convicted of, or pled guilty to, or admitted guilt with respect to a crime for which a sentence of imprisonment is required and has not completed such sentence;

''(B) has never been convicted of, or pled guilty to, or admitted guilt with respect to, and is not presently charged with, a felony crime of violence, a drug trafficking crime (as defined in section 924(c)(2) of title 18, United States Code), or a crime that is considered a violent felony under State or local law; and

''(C) has been found by a professional substance abuse screener to be in need of substance abuse treatment because that offender has a history of substance abuse that is a significant contributing factor to that offender's criminal conduct.

''(3) The term 'felony crime of violence' has the meaning given such term in section 924(c)(3) of title 18, United States Code.

''(4) The term 'major drug offense' has the meaning given such term in section 36(a) of title 18, United States Code.''.

(b) AUTHORIZATION OF APPROPRIATIONS.—Section 1001(a) of title I of the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. 3793(a)) is amended by adding at the end the following new paragraph:

''(24) There are authorized to be appropriated to carry out part CC such sums as are necessary for each of fiscal years 2002 through 2004.''.

(c) STUDY OF THE EFFECT OF MANDATORY MINIMUM SENTENCES FOR CONTROLLED SUBSTANCE OFFENSES.—Not later than 1 year after the date of enactment of this Act, the United States Sentencing Commission shall submit to the Committees on the Judiciary of the House of Representatives and the Senate a report regarding mandatory minimum sentences for controlled substance offenses, which shall include an analysis of—

(1) whether such sentences may have a disproportionate impact on ethnic or racial groups;

(2) the effectiveness of such sentences in reducing drug-related crime by violent offenders;

(3) the effectiveness of basing sentences on drug quantities and the feasibility of potential alternatives; and

(4) the frequency and appropriateness of the use of such sentences for nonviolent offenders in contrast with other approaches such as drug treatment programs.

SEC. 2202. JUVENILE SUBSTANCE ABUSE COURTS.

(a) GRANT AUTHORITY.—Title I of the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. 3711 et seq.) is amended by adding at the end the following:

"PART DD—JUVENILE SUBSTANCE ABUSE COURTS

"SEC. 2926. DEFINITIONS.

''In this part:

''(1) CRIME OF VIOLENCE.—The term 'crime of violence' means a criminal offense that—

''(A) has as an element, the use, attempted use, or threatened use of physical force against the person or property of another; or

''(B) by its nature, involves a substantial risk that physical force against the person or property of another may be used in the course of committing the offense.

''(2) VIOLENT JUVENILE OFFENDER.—The term 'violent juvenile offender' means a juvenile who has been convicted of a violent offense or adjudicated delinquent for an act that, if committed by an adult, would constitute a crime of violence.

"SEC. 2927. GRANT AUTHORITY.

''(a) APPROPRIATE SUBSTANCE ABUSE COURT PROGRAMS.—The Attorney General may make grants to States, State courts, local courts, units of local government, and Indian tribes in accordance with this part to establish programs that—

''(1) involve continuous judicial supervision over juvenile offenders (other than violent juvenile offenders) with substance abuse problems;

''(2) integrate administration of other sanctions and services, which include—

''(A) mandatory random testing for the use of controlled substances or other addictive substances during any period of supervised release or probation for each participant;

''(B) substance abuse treatment for each participant;

''(C) probation, diversion, or other supervised release involving the possibility of prosecution, confinement, or incarceration based on noncompliance with program requirements or failure to show satisfactory progress; and

''(D) programmatic offender management, and aftercare services such as relapse prevention; and

''(3) may include—

''(A) payment, in whole or in part, by the offender or his or her parent or guardian of treatment costs, to the extent practicable, such as costs for urinalysis or counseling;

''(B) payment, in whole or in part, by the offender or his or her parent or guardian of restitution, to the extent practicable, to either a victim of the offender's offense or to a restitution or similar victim support fund; and

''(C) economic sanctions shall not be at a level that would interfere with the juvenile offender's education or rehabilitation.

''(b) USE OF GRANTS FOR NECESSARY SUPPORT PROGRAMS.—A recipient of a grant under this part may use the grant to pay for treatment, counseling, and other related and necessary expenses not covered by other Federal, State, Indian tribal, and local sources of funding that would otherwise be available.

''(c) CONTINUED AVAILABILITY OF GRANT FUNDS.—Amounts made available under this part shall remain available until expended.

"SEC. 2928. APPLICATIONS.

''(a) IN GENERAL.—In order to receive a grant under this part, the chief executive or the chief justice of a State, or the chief executive or judge of a unit of local government or Indian tribe shall submit an application to the Attorney General in such form and containing such information as the Attorney General may reasonably require.

''(b) CONTENTS.—In addition to any other requirements that may be specified by the Attorney General, each application for a grant under this part shall—

''(1) include a long-term strategy and detailed implementation plan;

''(2) explain the applicant's need for Federal assistance;

''(3) certify that the Federal support provided will be used to supplement, and not supplant, State, Indian tribal, and local sources of funding that would otherwise be available;

''(4) identify related governmental or community initiatives that complement or will be coordinated with the proposal;

''(5) certify that there has been appropriate consultation with all affected agencies and that there will be appropriate coordination with all affected agencies in the implementation of the program;

''(6) certify that participating offenders will be supervised by one or more designated judges with responsibility for the substance abuse court program;

''(7) specify plans for obtaining necessary support and continuing the proposed program following the conclusion of Federal support; and

''(8) describe the methodology that will be used in evaluating the program.

"SEC. 2929. FEDERAL SHARE.

''(a) IN GENERAL.—The Federal share of a grant made under this part may not exceed 75 percent of the total costs of the program described in the application submitted under section 2928 for the fiscal year for which the program receives assistance under this part.

''(b) WAIVER.—The Attorney General may waive, in whole or in part, the requirement of a matching contribution under subsection (a).

''(c) IN-KIND CONTRIBUTIONS.—In-kind contributions may constitute a portion of the non-Federal share of a grant under this part.

"SEC. 2930. DISTRIBUTION OF FUNDS.

''(a) GEOGRAPHICAL DISTRIBUTION.—The Attorney General shall ensure that, to the extent practicable, an equitable geographic distribution of grant awards is made.

''(b) INDIAN TRIBES.—The Attorney General shall allocate 0.75 percent of amounts made available under this part for grants to Indian tribes.

''(c) MINIMUM ALLOCATION.—Unless all eligible applications submitted by any State or unit of local government within such State for a grant under this part have been funded, such State, together with grantees within the State (other than Indian tribes), shall be allocated in each fiscal year under this part not less than 0.75 percent of the total amount appropriated in the fiscal year for grants pursuant to this part.

"SEC. 2931. REPORT.

''Each recipient of a grant under this part during a fiscal year shall submit to the Attorney General a description and an evaluation report regarding the effectiveness of programs established with the grant on the date specified by the Attorney General.

''SEC. 2932. TECHNICAL ASSISTANCE, TRAINING, AND EVALUATION.

''(a) TECHNICAL ASSISTANCE AND TRAINING.—The Attorney General may provide technical assistance and training in furtherance of the purposes of this part.

''(b) EVALUATIONS.—In addition to any evaluation requirement that may be prescribed for recipients of grants under this part, the Attorney General may carry out or make arrangements for evaluations of programs that receive assistance under this part.

''(c) ADMINISTRATION.—The technical assistance, training, and evaluations authorized by this section may be carried out directly by the Attorney General, in collaboration with the Secretary of Health and Human Services, or through grants, contracts, or other cooperative arrangements with other entities.

''SEC. 2933. REGULATIONS.

''The Attorney General shall issue any regulations and guidelines necessary to carry out this part, which shall ensure that the programs funded with grants under this part do not permit participation by violent juvenile offenders.

''SEC. 2934. UNAWARDED FUNDS.

''The Attorney General may reallocate any grant funds that are not awarded for juvenile substance abuse courts under this part for use for other juvenile delinquency and crime prevention initiatives.

''SEC. 2935. AUTHORIZATION OF APPROPRIATIONS.

''There is authorized to be appropriated for each of fiscal years 2002 through 2004, such sums as are necessary to carry out this part.''.

(b) CLERICAL AMENDMENT.—The table of contents for title I of the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. 3711 et seq.) is amended by adding at the end the following:

''PART DD—JUVENILE SUBSTANCE ABUSE COURTS

''Sec. 2926. Definitions.
''Sec. 2927. Grant authority.
''Sec. 2928. Applications.
''Sec. 2929. Federal share.
''Sec. 2930. Distribution of funds.
''Sec. 2931. Report.
''Sec. 2932. Technical assistance, training, and evaluation.
''Sec. 2933. Regulations.
''Sec. 2934. Unawarded funds.
''Sec. 2935. Authorization of appropriations.''.

SEC. 2203. EXPANSION OF SUBSTANCE ABUSE EDUCATION AND PREVENTION EFFORTS.

(a) EXPANSION OF EFFORTS.—Section 515 of the Public Health Service Act (42 U.S.C. 290bb–21) is amended by adding at the end the following:

''(e) GRANTS, CONTRACTS, AND COOPERATIVE AGREEMENTS.—

''(1) IN GENERAL.—The Administrator may make grants to and enter into contracts and cooperative agreements with public and nonprofit private entities to enable such entities—

''(A) to carry out school-based programs concerning the dangers of abuse of and addiction to illicit drugs, using methods that are effective and evidence-based, including initiatives that give students the responsibility to create their own antidrug abuse education programs for their schools; and

''(B) to carry out community-based abuse and addiction education and prevention programs relating to illicit drugs that are effective and evidence-based.

''(2) USE OF GRANT, CONTRACT, OR COOPERATIVE AGREEMENT FUNDS.—Amounts made available under a grant, contract, or cooperative agreement under paragraph (1) shall be used for planning, establishing, or administering education and prevention programs relating to illicit drugs in accordance with paragraph (3).

''(3) USES OF AMOUNTS.—

''(A) IN GENERAL.—Amounts provided under this subsection may be used—

''(i) to carry out school-based programs that are focused on those districts with high or increasing rates of drug abuse and addiction and targeted at populations which are most at-risk to start abuse of illicit drugs;

''(ii) to carry out community-based education and prevention programs and environmental change strategies that are focused on those populations within the community that are most at-risk for abuse of and addiction to illicit drugs;

''(iii) to assist local government entities and community antidrug coalitions to plan, conduct, and evaluate appropriate prevention activities and strategies relating to illegal drugs;

''(iv) to train and educate State and local law enforcement officials, prevention and education officials, members of community antidrug coalitions and parents on the signs of abuse of and addiction to illicit drugs, and the options for treatment and prevention;

''(v) for planning, administration, and educational activities related to the prevention of abuse of and addiction to illicit drugs;

''(vi) for the monitoring and evaluation of prevention activities relating to illicit drugs, and reporting and disseminating resulting information to the public; and

''(vii) for targeted pilot programs with evaluation components to encourage innovation and experimentation with new methodologies.

''(B) PRIORITY IN MAKING GRANTS.—The Administrator shall give priority in making grants under this subsection to rural States, urban areas, and other areas that are experiencing a high rate or rapid increases in drug abuse and addiction.

''(4) ANALYSES, EVALUATIONS, AND REPORTS.—

''(A) ANALYSES AND EVALUATIONS.—Not less than $500,000 of the amount available in each fiscal year to carry out this subsection shall be made available to the Administrator, acting in consultation with other Federal agencies, to support and conduct periodic analyses and evaluations of effective education and prevention programs for abuse of and addiction to illicit drugs and the development of appropriate strategies for disseminating information about and implementing these programs.

''(B) ANNUAL REPORT.—The Administrator shall submit to the committees of Congress referred to in subparagraph (C) an annual report with the results of the analyses and evaluation under subparagraph (A).

''(C) COMMITTEES.—The committees of Congress referred to in this subparagraph are the following:

''(i) SENATE.—The Committees on Health, Education, Labor, and Pensions, the Judiciary, and Appropriations of the Senate.

''(ii) HOUSE OF REPRESENTATIVES.—The Committees on Energy and Commerce, the Judiciary, and Appropriations of the House of Representatives.''.

(b) AUTHORIZATION OF APPROPRIATIONS FOR EXPANSION OF ABUSE PREVENTION EFFORTS AND PRACTITIONER REGISTRATION REQUIREMENTS.—There is authorized to be appropriated to carry out section 515(e) of the Public Health Service Act (as added by subsection (a)) and section 303(g)(2) of the Controlled Substances Act, such sums as are necessary for fiscal year 2002, and such sums as may be necessary for each succeeding fiscal year.

(c) MINIMUM ALLOCATION.—Unless all eligible applications submitted by any State or unit of local government within such State for a grant under this section have been funded, such State, together with grantees within the State (other than Indian tribes), shall be allocated in each fiscal year under this section not less than 0.75 percent of the total amount appropriated in the fiscal year for grants pursuant to this section.

SEC. 2204. FUNDING FOR RURAL STATES AND ECONOMICALLY DEPRESSED COMMUNITIES.

(a) IN GENERAL.—The Director of the Center for Substance Abuse Treatment shall provide awards of grants, cooperative agreement, or contracts to public and nonprofit private entities for the purpose of providing treatment facilities in rural States and economically depressed communities that have high rates of drug addiction but lack the resources to provide adequate treatment.

(b) MINIMUM QUALIFICATIONS FOR RECEIPT OF AWARD.—With respect to the principal agency of the State involved that administers programs relating to substance abuse, the Director may make an award under subsection (a) to an applicant only if the agency has certified to the Director that—

(1) the applicant has the capacity to carry out a program described in subsection (a);

(2) the plans of the applicant for such a program are consistent with the policies of such agency regarding the treatment of substance abuse; and

(3) the applicant, or any entity through which the applicant will provide authorized services, meets all applicable State licensure or certification requirements regarding the provision of the services involved.

(c) REQUIREMENT OF MATCHING FUNDS.—

(1) IN GENERAL.—With respect to the costs of the program to be carried out by an applicant pursuant to subsection (a), a funding agreement for an award under such subsection is that the applicant will make available (directly or through donations from public or private entities) non-Federal contributions toward such costs in an amount that—

(A) for the first fiscal year for which the applicant receives payments under an award under such subsection, is not less than $1 for each $9 of Federal funds provided in the award;

(B) for any second such fiscal year, is not less than $1 for each $9 of Federal funds provided in the award; and

(C) for any subsequent such fiscal year, is not less than $1 for each $3 of Federal funds provided in the award.

(2) DETERMINATION OF AMOUNT CONTRIBUTED.—Non-Federal contributions required in paragraph (1) may be in cash or in kind, fairly evaluated, including plant, equipment, or services. Amounts provided by the Federal Government, or services assisted or subsidized to any significant extent by the Federal Government, may not be included in determining the amount of such non-Federal contributions.

(d) REPORTS TO DIRECTOR.—A funding agreement for an award under subsection (a) is that the applicant involved will submit to the Director a report—

(1) describing the utilization and costs of services provided under the award;

(2) specifying the number of individuals served and the type and costs of services provided; and

(3) providing such other information as the Director determines to be appropriate.

(e) REQUIREMENT OF APPLICATION.—The Director may make an award under subsection (a) only if an application for the award is submitted to the Director containing such agreements, and the application is in such form, is made in such manner, and contains

such other agreements and such assurances and information as the Director determines to be necessary to carry out this section.

(f) EQUITABLE ALLOCATION OF AWARDS.—In making awards under subsection (a), the Director shall ensure that the awards are equitably allocated among the principal geographic regions of the United States, subject to the availability of qualified applicants for the awards.

(g) DURATION OF AWARD.—The period during which payments are made to an entity from an award under subsection (a) may not exceed 5 years. The provision of such payments shall be subject to annual approval by the Director of the payments and subject to the availability of appropriations for the fiscal year involved to make the payments. This subsection may not be construed to establish a limitation on the number of awards under such subsection that may be made to an entity.

(h) EVALUATIONS; DISSEMINATION OF FINDINGS.—The Director shall, directly or through contract, provide for the conduct of evaluations of programs carried out pursuant to subsection (a). The Director shall disseminate to the States the findings made as a result of the evaluations.

(i) MINIMUM ALLOCATION.—Unless all eligible applications submitted by any State or unit of local government within such State for a grant under this section have been funded, such State, together with grantees within the State (other than Indian tribes), shall be allocated in each fiscal year under this section not less than 0.75 percent of the total amount appropriated in the fiscal year for grants pursuant to this section.

(j) DEFINITION OF RURAL STATE.—In this section, the term ''rural State'' has the same meaning as in section 1501(b) of the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. 3796bb(B)).

(k) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to carry out this section such sums as are necessary for each of the fiscal years 2002, 2003, and 2004.

SEC. 2205. FUNDING FOR RESIDENTIAL TREATMENT CENTERS FOR WOMEN AND CHILDREN.

(a) IN GENERAL.—The Director of the Center for Substance Abuse Treatment shall provide awards of grants, cooperative agreement, or contracts to public and nonprofit private entities for the purpose of providing treatment facilities that—

(1) provide residential treatment for methamphetamine, heroin, and other drug addicted women with minor children; and

(2) offer specialized treatment for methamphetamine-, heroin-, and other drug-addicted mothers and allow the minor children of those mothers to reside with them in the facility or nearby while treatment is ongoing.

(b) MINIMUM QUALIFICATIONS FOR RECEIPT OF AWARD.—With respect to the principal agency of the State involved that administers programs relating to substance abuse, the Director may make an award under subsection (a) to an applicant only if the agency has certified to the Director that—

(1) the applicant has the capacity to carry out a program described in subsection (a);

(2) the plans of the applicant for such a program are consistent with the policies of such agency regarding the treatment of substance abuse; and

(3) the applicant, or any entity through which the applicant will provide authorized services, meets all applicable State licensure or certification requirements regarding the provision of the services involved.

(c) REQUIREMENT OF MATCHING FUNDS.—

(1) IN GENERAL.—With respect to the costs of the program to be carried out by an applicant pursuant to subsection (a), a funding agreement for an award under such subsection is that the applicant will make available (directly or through donations from public or private entities) non-Federal contributions toward such costs in an amount that—

(A) for the first fiscal year for which the applicant receives payments under an award under such subsection, is not less than $1 for each $9 of Federal funds provided in the award;

(B) for any second such fiscal year, is not less than $1 for each $9 of Federal funds provided in the award; and

(C) for any subsequent such fiscal year, is not less than $1 for each $3 of Federal funds provided in the award.

(2) DETERMINATION OF AMOUNT CONTRIBUTED.—Non-Federal contributions required in paragraph (1) may be in cash or in kind, fairly evaluated, including plant, equipment, or services. Amounts provided by the Federal Government, or services assisted or subsidized to any significant extent by the Federal Government, may not be included in determining the amount of such non-Federal contributions.

(d) REPORTS TO DIRECTOR.—A funding agreement for an award under subsection (a) is that the applicant involved will submit to the Director a report—

(1) describing the utilization and costs of services provided under the award;

(2) specifying the number of individuals served and the type and costs of services provided; and

(3) providing such other information as the Director determines to be appropriate.

(e) REQUIREMENT OF APPLICATION.—The Director may make an award under subsection (a) only if an application for the award is submitted to the Director containing such agreements, and the application is in such form, is made in such manner, and contains such other agreements and such assurances and information as the Director determines to be necessary to carry out this section.

(f) PRIORITY.—In making grants under this subsection, the Director shall give priority to areas experiencing a high rate or rapid increase in drug abuse and addiction.

(g) EQUITABLE ALLOCATION OF AWARDS.—In making awards under subsection (a), the Director shall ensure that the awards are equitably allocated among the principal geographic regions of the United States, subject to the availability of qualified applicants for the awards.

(h) DURATION OF AWARD.—The period during which payments are made to an entity from an award under subsection (a) may not exceed 5 years. The provision of such payments shall be subject to annual approval by the Director of the payments and subject to the availability of appropriations for the fiscal year involved to make the payments. This subsection may not be construed to establish a limitation on the number of awards under such subsection that may be made to an entity.

(i) EVALUATIONS; DISSEMINATION OF FINDINGS.—The Director shall, directly or through contract, provide for the conduct of evaluations of programs carried out pursuant to subsection (a). The Director shall disseminate to the States the findings made as a result of the evaluations.

(j) MINIMUM ALLOCATION.—Unless all eligible applications submitted by any State or unit of local government within such State for a grant under this section have been funded, such State, together with grantees within the State (other than Indian tribes), shall be allocated in each fiscal year under this section not less than 0.75 percent of the total amount appropriated in the fiscal year for grants pursuant to this section.

(k) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to carry out this section such sums as are necessary for each of the fiscal years 2002, 2003, and 2004.

SEC. 2206. DRUG TREATMENT FOR JUVENILES.

Title V of the Public Health Service Act (42 U.S.C. 290aa et seq.) is amended by adding at the end the following:

''PART G—RESIDENTIAL TREATMENT PROGRAMS FOR JUVENILES

''SEC. 575. RESIDENTIAL TREATMENT PROGRAMS FOR JUVENILES.

''(a) IN GENERAL.—The Director of the Center for Substance Abuse Treatment shall award grants to, or enter into cooperative agreements or contracts, with public and nonprofit private entities for the purpose of providing treatment to juveniles for substance abuse through programs that are effective and science-based in which, during the course of receiving such treatment the juveniles reside in facilities made available by the programs.

''(b) AVAILABILITY OF SERVICES FOR EACH PARTICIPANT.—A funding agreement for an award under subsection (a) for an applicant is that, in the program operated pursuant to such subsection—

''(1) treatment services will be available through the applicant, either directly or through agreements with other public or nonprofit private entities; and

''(2) the services will be made available to each person admitted to the program.

''(c) INDIVIDUALIZED PLAN OF SERVICES.—A funding agreement for an award under subsection (a) for an applicant is that—

''(1) in providing authorized services for an eligible person pursuant to such subsection, the applicant will, in consultation with the juvenile and, if appropriate the parent or guardian of the juvenile, prepare an individualized plan for the provision to the juvenile or young adult of the services; and

''(2) treatment services under the plan will include—

''(A) individual, group, and family counseling, as appropriate, regarding substance abuse; and

''(B) followup services to assist the juvenile or young adult in preventing a relapse into such abuse.

''(d) ELIGIBLE SUPPLEMENTAL SERVICES.—Grants under subsection (a) may be used to provide an eligible juvenile, the following services:

''(1) HOSPITAL REFERRALS.—Referrals for necessary hospital services.

''(2) HIV AND AIDS COUNSELING.—Counseling on the human immunodeficiency virus and on acquired immune deficiency syndrome.

''(3) DOMESTIC VIOLENCE AND SEXUAL ABUSE COUNSELING.—Counseling on domestic violence and sexual abuse.

''(4) PREPARATION FOR REENTRY INTO SOCIETY.—Planning for and counseling to assist reentry into society, both before and after discharge, including referrals to any public or nonprofit private entities in the community involved that provide services appropriate for the juvenile.

''(e) MINIMUM QUALIFICATIONS FOR RECEIPT OF AWARD.—With respect to the principal agency of a State or Indian tribe that administers programs relating to substance abuse, the Director may award a grant to, or enter into a cooperative agreement or contract with, an applicant only if the agency or Indian tribe has certified to the Director that—

''(1) the applicant has the capacity to carry out a program described in subsection (a);

''(2) the plans of the applicant for such a program are consistent with the policies of such agency regarding the treatment of substance abuse; and

''(3) the applicant, or any entity through which the applicant will provide authorized services, meets all applicable State licensure or certification requirements regarding the provision of the services involved.

''(f) REQUIREMENTS FOR MATCHING FUNDS.—

''(1) IN GENERAL.—With respect to the costs of the program to be carried out by an applicant pursuant to subsection (a), a funding agreement for an award under such subsection is that the applicant will make available (directly or through donations from public or private entities) non-Federal contributions toward such costs in an amount that—

''(A) for the first fiscal year for which the applicant receives payments under an award under such subsection, is not less than $1 for each $9 of Federal funds provided in the award;

''(B) for any second such fiscal year, is not less than $1 for each $9 of Federal funds provided in the award; and

''(C) for any subsequent such fiscal year, is not less than $1 for each $3 of Federal funds provided in the award.

''(2) DETERMINATION OF AMOUNT CONTRIBUTED.—Non-Federal contributions required in paragraph (1) may be in cash or in kind, fairly evaluated, including plant, equipment, or services. Amounts provided by the Federal Government, or services assisted or subsidized to any significant extent by the Federal Government, may not be included in determining the amount of such non-Federal contributions.

''(g) OUTREACH.—A funding agreement for an award under subsection (a) for an applicant is that the applicant will provide outreach services in the community involved to identify juveniles who are engaging in substance abuse and to encourage the juveniles to undergo treatment for such abuse.

''(h) ACCESSIBILITY OF PROGRAM.—A funding agreement for an award under subsection (a) for an applicant is that the program operated pursuant to such subsection will be operated at a location that is accessible to low income juveniles.

''(i) CONTINUING EDUCATION.—A funding agreement for an award under subsection (a) is that the applicant involved will provide for continuing education in treatment services for the individuals who will provide treatment in the program to be operated by the applicant pursuant to such subsection.

''(j) IMPOSITION OF CHARGES.—A funding agreement for an award under subsection (a) for an applicant is that, if a charge is imposed for the provision of authorized services to or on behalf of an eligible juvenile, such charge—

''(1) will be made according to a schedule of charges that is made available to the public;

''(2) will be adjusted to reflect the economic condition of the juvenile involved; and

''(3) will not be imposed on any such juvenile whose family has an income of less than 185 percent of the official poverty line, as established by the Director of the Office for Management and Budget and revised by the Secretary in accordance with section 673(2) of the Omnibus Budget Reconciliation Act of 1981 (42 U.S.C. 9902(2)).

''(k) REPORTS TO DIRECTOR.—A funding agreement for an award under subsection (a) is that the applicant involved will submit to the Director a report—

''(1) describing the utilization and costs of services provided under the award;

''(2) specifying the number of juveniles served, and the type and costs of services provided; and

''(3) providing such other information as the Director determines to be appropriate.

''(l) REQUIREMENT OF APPLICATION.—The Director may make an award under subsection (a) only if an application for the award is submitted to the Director containing such agreements, and the application is in such form, is made in such manner, and contains such other agreements and such assurances and information as the Director determines to be necessary to carry out this section.

''(m) PRIORITY.—In making grants under this subsection, the Director shall give priority to areas experiencing a high rate or rapid increase in drug abuse and addiction.

''(n) EQUITABLE ALLOCATION OF AWARDS.—In making awards under subsection (a), the Director shall ensure that the awards are equitably allocated among the principal geographic regions of the United States, as well as among Indian tribes, subject to the availability of qualified applicants for the awards.

''(o) DURATION OF AWARD.—

''(1) IN GENERAL.—The period during which payments are made to an entity from an award under this section may not exceed 5 years.

''(2) APPROVAL OF DIRECTOR.—The provision of payments described in paragraph (1) shall be subject to—

''(A) annual approval by the Director of the payments; and

''(B) the availability of appropriations for the fiscal year at issue to make the payments.

''(3) NO LIMITATION.—This subsection may not be construed to establish a limitation on the number of awards that may be made to an entity under this section.

''(p) EVALUATIONS; DISSEMINATION OF FINDINGS.—The Director shall, directly or through contract, provide for the conduct of evaluations of programs carried out pursuant to subsection (a). The Director shall disseminate to the States the findings made as a result of the evaluations.

''(q) REPORTS TO CONGRESS.—

''(1) INITIAL REPORT.—Not later than October 1, 2001, the Director shall submit to the Committee on the Judiciary of the House of Representatives, and to the Committee on the Judiciary of the Senate, a report describing programs carried out pursuant to this section.

''(2) PERIODIC REPORTS.—

''(A) IN GENERAL.—Not less than biennially after the date described in paragraph (1), the Director shall prepare a report describing programs carried out pursuant to this section during the preceding 2-year period, and shall submit the report to the Administrator for inclusion in the biennial report under section 501(k).

''(B) SUMMARY.—Each report under this subsection shall include a summary of any evaluations conducted under subsection (m) during the period with respect to which the report is prepared.

''(r) DEFINITIONS.—In this section:

''(1) AUTHORIZED SERVICES.—The term 'authorized services' means treatment services and supplemental services.

''(2) JUVENILE.—The term 'juvenile' means anyone 18 years of age or younger at the time that of admission to a program operated pursuant to subsection (a).

''(3) ELIGIBLE JUVENILE.—The term 'eligible juvenile' means a juvenile who has been admitted to a program operated pursuant to subsection (a).

''(4) FUNDING AGREEMENT UNDER SUBSECTION (A).—The term 'funding agreement under subsection (a)', with respect to an award under subsection (a), means that the Director may make the award only if the applicant makes the agreement involved.

''(5) TREATMENT SERVICES.—The term 'treatment services' means treatment for substance abuse, including the counseling and services described in subsection (c)(2).

''(6) SUPPLEMENTAL SERVICES.—The term 'supplemental services' means the services described in subsection (d).

''(s) AUTHORIZATION OF APPROPRIATIONS.—

''(1) IN GENERAL.—For the purpose of carrying out this section and section 576 there is authorized to be appropriated such sums as may be necessary for fiscal years 2002 through 2004. There is authorized to be appropriated from the Violent Crime Reduction Trust Fund such sums as are necessary in each of fiscal years 2002, 2003, and 2004.

''(2) MINIMUM ALLOCATION.—Unless all eligible applications submitted by any State or unit of local government within such State for a grant under this section have been funded, such State,together with grantees within the State (other than Indian tribes), shall be allocated in each fiscal year under this section not less than 0.75 percent of the total amount appropriated in the fiscal year for grants pursuant to this section.

''(3) TRANSFER.—For the purpose described in paragraph (1), in addition to the amounts authorized in such paragraph to be appropriated for a fiscal year, there is authorized to be appropriated for the fiscal year from the special forfeiture fund of the Director of the Office of National Drug Control Policy such sums as may be necessary.

''(4) RULE OF CONSTRUCTION.—The amounts authorized in this subsection to be appropriated are in addition to any other amounts that are authorized to be appropriated and are available for the purpose described in paragraph (1).

''SEC. 576. OUTPATIENT TREATMENT PROGRAMS FOR JUVENILES.

''(a) GRANTS.—The Secretary of Health and Human Services, acting through the Director of the Center for Substance Abuse Treatment, shall make grants to establish projects for the outpatient treatment of substance abuse among juveniles.

''(b) PREVENTION.—Entities receiving grants under this section shall engage in activities to prevent substance abuse among juveniles.

''(c) EVALUATION.—The Secretary of Health and Human Services shall evaluate projects carried out under subsection (a) and shall disseminate to appropriate public and private entities information on effective projects.''.

SEC. 2207. COORDINATED JUVENILE SERVICES GRANTS.

Title II of the Juvenile Justice and Delinquency Prevention Act of 1974 (42 U.S.C. 5611 et seq.) is amended by inserting after section 205 the following:

''SEC. 205A. COORDINATED JUVENILE SERVICES GRANTS.

''(a) IN GENERAL.—The Attorney General and the Secretary of Health and Human Services shall make grants to a consortium within a State consisting of State or local juvenile justice agencies, State or local substance abuse and mental health agencies, and child service agencies to coordinate the delivery of services to children among these agencies.

''(b) USE OF FUNDS.—A consortium described in subsection (a) that receives a grant under this section shall use the grant for the establishment and implementation of programs that address the service needs of juveniles with substance abuse and treatment problems who come into contact with the justice system by requiring the following:

''(1) Collaboration across child serving systems, including juvenile justice agencies, relevant substance abuse and mental health treatment providers, and State or local educational entities and welfare agencies.

''(2) Appropriate screening and assessment of juveniles.

''(3) Individual treatment plans.

''(4) Significant involvement of juvenile judges where possible.

''(c) APPLICATION FOR COORDINATED JUVENILE SERVICES GRANT.—

''(1) IN GENERAL.—A consortium described in subsection (a) desiring to receive a grant under this section shall submit an application containing such information as the Administrator may prescribe.

''(2) CONTENTS.—In addition to guidelines established by the Administrator, each application submitted under paragraph (1) shall provide—

''(A) certification that there has been appropriate consultation with all affected agencies and that there will be appropriate coordination with all affected agencies in the implementation of the program;

''(B) for the regular evaluation of the program funded by the grant and describe the methodology that will be used in evaluating the program;

''(C) assurances that the proposed program or activity will not supplant similar programs and activities currently available in the community; and

''(D) specify plans for obtaining necessary support and continuing the proposed program following the conclusion of Federal support.

''(3) FEDERAL SHARE.—The Federal share of a grant under this section shall not exceed 75 percent of the cost of the program.

''(d) REPORT.—Each recipient of a grant under this section during a fiscal year shall submit to the Attorney General a description and an evaluation report regarding the effectiveness of programs established with the grant on the date specified by the Attorney General.

''(e) AUTHORIZATION OF APPROPRIATIONS.—There shall be made available from the Violent Crime Reduction Trust Fund for each of fiscal years 2002 through 2004, such sums as are necessary to carry out this section.''.

SEC. 2208. EXPANSION OF RESEARCH.

Section 464L of the Public Health Service Act (42 U.S.C. 285o) is amended by adding at the end the following:

''(f) DRUG ABUSE RESEARCH.—

''(1) GRANTS OR COOPERATIVE AGREEMENTS.—The Director of the Institute shall make grants or enter into cooperative agreements to conduct research on drug abuse treatment and prevention, and as is necessary to establish up to 12 new National Drug Abuse Treatment Clinical Trials Network (CTN) Centers to develop and test an array of behavioral and pharmacological treatments and to determine the conditions under which novel treatments are successfully adopted by local treatment clinics.

''(2) USE OF FUNDS.—Amounts made available under a grant or cooperative agreement under paragraph (1) for drug abuse and addiction may be used for research and clinical trials relating to—

''(A) the effects of drug abuse on the human body, including the brain;

''(B) the addictive nature of various drugs and how such effects differ with respect to different individuals;

''(C) the connection between drug abuse, mental health, and teenage suicide;

''(D) the identification and evaluation of the most effective methods of prevention of drug abuse and addiction among juveniles and adults;

''(E) the identification and development of the most effective methods of treatment of drug addiction, including pharmacological treatments;

''(F) risk factors for drug abuse;

''(G) effects of drug abuse and addiction on pregnant women and their fetuses; and

''(H) cultural, social, behavioral, neurological and psychological reasons that individuals, including juveniles, abuse drugs or refrain from abusing drugs.

''(3) RESEARCH RESULTS.—The Director shall promptly disseminate research results under this subsection to Federal, State and local entities involved in combating drug abuse and addiction.

''(4) AUTHORIZATION OF APPROPRIATIONS.—

''(A) AUTHORIZATION OF APPROPRIATIONS.—For the purpose of carrying out paragraphs (1), (2), and (3) there is authorized to be appropriated such sums as are necessary for fiscal year 2002, and such sums as may be necessary for fiscal years 2003 and 2004, for establishment of up to 12 new CTN Centers and for the identification and development of the most effective methods of treatment and prevention of drug addiction, including behavioral, cognitive, and pharmacological treatments among juveniles and adults.

''(B) SUPPLEMENT NOT SUPPLANT.—Amounts appropriated pursuant to the authorization of appropriations in subparagraph (A) for a fiscal year shall supplement and not supplant any other amounts appropriated in such fiscal year for research on drug abuse and addiction.''.

SEC. 2209. REPORT ON DRUG-TESTING TECHNOLOGIES.

(a) REQUIREMENT.—The National Institute on Standards and Technology shall conduct a study of drug-testing technologies in order to identify and assess the efficacy, accuracy, and usefulness for purposes of the National effort to detect the use of illicit drugs of any drug-testing technologies (including the testing of hair) that may be used as alternatives or complements to urinalysis as a means of detecting the use of such drugs.

(b) REPORT.—Not later than 180 days after the date of the enactment of this Act, the Institute shall submit to Congress a report on the results of the study conducted under subsection (a).

SEC. 2210. USE OF NATIONAL INSTITUTES OF HEALTH SUBSTANCE ABUSE RESEARCH.

(a) NATIONAL INSTITUTE ON ALCOHOL ABUSE AND ALCOHOLISM.—Section 464H of the Public Health Service Act (42 U.S.C. 285n) is amended—

(1) by redesignating subsection (d) as subsection (e); and

(2) by inserting after subsection (c) the following:

''(d) REQUIREMENT TO ENSURE THAT RESEARCH AIDS PRACTITIONERS.—The Director, in conjunction with the Director of the National Institute on Drug Abuse and the Administrator of the Substance Abuse and Mental Health Services Administration, shall—

''(1) ensure that the results of all current substance abuse research that is set aside for services (and other appropriate research with practical consequences) is widely disseminated to treatment, prevention, and general practitioners in an easily understandable format;

''(2) ensure that such research results are disseminated in a manner that provides easily understandable steps for the implementation of best practices based on the research; and

''(3) make technical assistance available to the Center for Substance Abuse Treatment and the Center for Substance Abuse Prevention to assist alcohol and drug treatment and prevention practitioners, including general practitioners, to make permanent changes in treatment and prevention activities through the use of successful models.''.

(b) NATIONAL INSTITUTE ON DRUG ABUSE.—Section 464L of the Public Health Service Act (42 U.S.C. 285o) is amended—

(1) by redesignating subsection (d) as subsection (e); and

(2) by inserting after subsection (c) the following:

''(d) REQUIREMENT TO ENSURE THAT RESEARCH AIDS PRACTITIONERS.—The Director, in conjunction with the Director of the National Institute on Alcohol Abuse and Alcoholism and the Administrator of the Substance Abuse and Mental Health Services Administration, shall—

''(1) ensure that the results of all current substance abuse research that is set aside for services (and other appropriate research with practical consequences) is widely disseminated to treatment and prevention practitioners, including general practitioners, in an easily understandable format;

''(2) ensure that such research results are disseminated in a manner that provides easily understandable steps for the implementation of best practices based on the research; and

''(3) make technical assistance available to the Center for Substance Abuse Treatment and the Center for Substance Abuse Prevention to assist alcohol and drug treatment practitioners to make permanent changes in treatment and prevention activities through the use of successful models.''.

SEC. 2211. STUDY ON STRENGTHENING EFFORTS ON SUBSTANCE ABUSE RESEARCH AT THE NATIONAL INSTITUTES OF HEALTH.

(a) STUDY.—The Secretary of Health and Human Services (in this section referred to as the ''Secretary''), shall enter into a contract, under subsection (b), to conduct a study to determine if combining the National Institute on Drug Abuse and the National Institute on Alcohol Abuse and Alcoholism of the National Institutes of Health to form 1 National Institute on Addiction would—

(1) strengthen the scientific research efforts on substance abuse at the National Institutes of Health; and

(2) be more economically efficient.

(b) INSTITUTE OF MEDICINE OF THE NATIONAL ACADEMY OF SCIENCES.—The Secretary shall request the Institute of Medicine of the National Academy of Sciences to enter into a contract under subsection (a) to conduct the study described in subsection (a).

(c) REPORT.—Not later than 9 months after the date of enactment of this Act, the Secretary shall submit to the Committee on the Judiciary of the Senate—

(1) a report detailing the results of the study conducted under subsection (a); and

(2) any recommendations.

Subtitle C—School Safety and Character Education

CHAPTER 1—SCHOOL SAFETY

SEC. 2301. ALTERNATIVE EDUCATION.

Part D of title I of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 6421 et seq.) is amended by adding at the end the following:

''Subpart 4—Alternative Education Demonstration Project Grants

''SEC. 1441. PROGRAM AUTHORITY.

''(a) GRANTS.—

''(1) IN GENERAL.—From amounts appropriated under section 1443, the Secretary, in consultation with the Administrator, shall make grants to State educational agencies or local educational agencies for not less than 10 demonstration projects that enable the agencies to develop models for and carry out alternative education for at-risk youth.

''(2) CONSTRUCTION.—Nothing in this subpart shall be construed to affect the requirements of the Individuals with Disabilities Education Act.

''(b) DEMONSTRATION PROJECTS.—

''(1) PARTNERSHIPS.—Each agency receiving a grant under this subpart may enter into a partnership with a private sector entity to provide alternative educational services to at-risk youth.

''(2) REQUIREMENTS.—Each demonstration project assisted under this subpart shall—

''(A) accept for alternative education at-risk or delinquent youth who are referred by a local school or by a court with a juvenile delinquency docket and who—

''(i) have demonstrated a pattern of serious and persistent behavior problems in regular schools;

''(ii) are at risk of dropping out of school;

''(iii) have been convicted of a criminal offense or adjudicated delinquent for an act of juvenile delinquency, and are under a court's supervision; or

''(iv) have demonstrated that continued enrollment in a regular classroom—

''(I) poses a physical threat to other students; or

''(II) inhibits an atmosphere conducive to learning; and

''(B) provide for accelerated learning, in a safe, secure, and disciplined environment, including—

''(i) basic curriculum focused on mastery of essential skills, including targeted instruction in basic skills required for secondary school graduation and employment; and

''(ii) emphasis on—

''(I) personal, academic, social, and workplace skills; and

''(II) behavior modification.

''(c) APPLICABILITY.—Except as provided in subsections (c) and (e) of section 1442, the provisions of section 1401(c), 1402, and 1431, and subparts 1 and 2, shall not apply to this subpart.

''(d) DEFINITION OF ADMINISTRATOR.—In this subpart, the term 'Administrator' means the Administrator of the Office of Juvenile Crime Control and Prevention of the Department of Justice.

''SEC. 1442. APPLICATIONS; GRANTEE SELECTION.

''(a) APPLICATIONS.—Each State educational agency and local educational agency seeking a grant under this subpart shall submit an application in such form, and containing such information, as the Secretary, in consultation with the Administrator, may reasonably require.

''(b) SELECTION OF GRANTEES.—

''(1) IN GENERAL.—The Secretary shall select State educational agencies and local educational agencies to receive grants under this subpart on an equitable geographic basis, including selecting agencies that serve urban, suburban, and rural populations.

''(2) MINIMUM.—The Secretary shall award a grant under this subpart to not less than 1 agency serving a population with a significant percentage of Native Americans.

''(3) PRIORITY.—In awarding grants under this subpart, the Secretary may give priority to State educational agencies and local educational agencies that demonstrate in the application submitted under subsection (a) that the State has a policy of equitably distributing resources among school districts in the State.

''(c) QUALIFICATIONS.—To qualify for a grant under this subpart, a State educational agency or local educational agency shall—

''(1) in the case of a State educational agency, have submitted a State plan under section 1414(a) that is approved by the Secretary;

''(2) in the case of a local educational agency, have submitted an application under section 1423 that is approved by the State educational agency;

''(3) explain the educational and juvenile justice needs of the community to be addressed by the demonstration project;

''(4) provide a detailed plan to implement the demonstration project; and

''(5) provide assurances and an explanation of the agency's ability to continue the program funded by the demonstration project after the termination of Federal funding under this subpart.

''(d) MATCHING REQUIREMENT.—

''(1) IN GENERAL.—Grant funds provided under this subpart shall not constitute more than 35 percent of the cost of the demonstration project funded.

''(2) SOURCE OF FUNDS.—Matching funds for grants under this subpart may be derived from amounts available under part B of title II, of the Juvenile Justice and Delinquency Prevention Act of 1974 (42 U.S.C. 5611 et seq.) to the State in which the demonstration project will be carried out, except that the total share of funds derived from Federal sources shall not exceed 50 percent of the cost of the demonstration project.

''(e) PROGRAM EVALUATION.—

''(1) IN GENERAL.—Each State educational agency or local educational agency that receives a grant under this subpart shall evaluate the demonstration project assisted under this subpart in the same manner as programs are evaluated under section 1431. In addition, the evaluation shall include—

''(A) an evaluation of the effect of the alternative education project on order, discipline, and an effective learning environment in regular classrooms;

''(B) an evaluation of the project's effectiveness in improving the skills and abilities of at-risk students assigned to alternative education, including an analysis of the academic and social progress of such students; and

''(C) an evaluation of the project's effectiveness in reducing juvenile crime and delinquency, including—

''(i) reductions in incidents of campus crime in relevant school districts, compared with school districts not included in the project; and

''(ii) reductions in recidivism by at-risk students who have juvenile justice system involvement and are assigned to alternative education.

''(2) EVALUATION BY THE SECRETARY.—The Secretary, in cooperation with the Administrator, shall comparatively evaluate each of the demonstration projects funded under this subpart, including an evaluation of the effectiveness of private sector educational services, and shall report the findings of the evaluation to the Committee on Education and the Workforce of the House of Representatives and the Committees on the Judiciary and Health, Education, Labor and Pensions of the Senate not later than June 30, 2007.

''SEC. 1443. AUTHORIZATION OF APPROPRIATIONS.

''There are authorized to be appropriated to carry out this subpart such sums as are necessary for each of fiscal years 2002, 2003, and 2004.''.

SEC. 2302. TRANSFER OF SCHOOL DISCIPLINARY RECORDS.

Part F of title XIV of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 8921 et seq.) is amended by adding at the end the following:

''SEC. 14604. TRANSFER OF SCHOOL DISCIPLINARY RECORDS.

''(a) NONAPPLICATION OF PROVISIONS.—The provisions of this section shall not apply to any disciplinary records transferred from a private, parochial, or other nonpublic school, person, institution, or other entity, that provides education below the college level.

''(b) DISCIPLINARY RECORDS.—Not later than 2 years after the date of enactment of the Drug Abuse Education, Prevention, and Treatment Act of 2001, each State receiving Federal funds under this Act shall provide an assurance to the Secretary that the State has a procedure in place to facilitate the transfer of disciplinary records by local educational agencies to any private or public elementary school or secondary school for any student who is enrolled or seeks, intends, or is instructed to enroll, full-time or part-time, in the school.''.

CHAPTER 2—CHARACTER EDUCATION

Subchapter A—National Character Achievement Award

SEC. 2311. NATIONAL CHARACTER ACHIEVEMENT AWARD.

(a) PRESENTATION AUTHORIZED.—The President is authorized to award to individuals under the age of 18, on behalf of the Congress, a National Character Achievement Award, consisting of a medal of appropriate design, with ribbons and appurtenances, honoring those individuals for distinguishing themselves as a model of good character.

(b) DESIGN AND STRIKING.—For the purposes of the award referred to in subsection (a), the Secretary of the Treasury shall design and strike a medal with suitable emblems, devices, and inscriptions, to be determined by such Secretary.

(c) ELIGIBILITY.—

(1) IN GENERAL.—The President pro tempore of the Senate and the Speaker of the House of Representatives shall establish procedures for the processing of recommendations to be forwarded to the President for awarding National Character Achievement Awards under subsection (a).

(2) RECOMMENDATIONS BY SCHOOL PRINCIPALS.—At a minimum, the recommendations referred to in paragraph (1) shall contain the endorsement of the principal (or equivalent official) of the school in which the individual under the age of 18 is enrolled.

Subchapter B—Preventing Juvenile Delinquency Through Character Education

SEC. 2321. PURPOSE.

The purpose of this subchapter is to support the work of community-based organizations, local educational agencies, and schools in providing children and youth with alternatives to delinquency through strong after school programs that—

(1) are organized around character education;

(2) reduce delinquency, school discipline problems, and truancy; and

(3) improve student achievement, overall school performance, and youths' positive involvement in their community.

SEC. 2322. AUTHORIZATION OF APPROPRIATIONS.

(a) IN GENERAL.—There are authorized to be appropriated to carry out the after school programs under this subchapter, such sums as are necessary for fiscal year 2002, and such sums as may be necessary for each of the 2 succeeding fiscal years.

(b) SOURCE OF FUNDING.—Amounts authorized to be appropriated pursuant to this section may be derived from the Violent Crime Reduction Trust Fund.

SEC. 2323. AFTER SCHOOL PROGRAMS.

(a) IN GENERAL.—The Secretary, in consultation with the Attorney General, is authorized to award grants to community-based organizations to enable the organizations to provide youth with alternative activities, in the after school or out of school hours, that include a strong character education component.

(b) ELIGIBLE COMMUNITY-BASED ORGANIZATIONS.—The Secretary shall only award a grant under this section to a community-based organization that has a demonstrated capacity to provide after school or out of school programs to youth, including youth serving organizations, businesses, and other community groups.

(c) APPLICATIONS.—Each community-based organization desiring a grant under this section shall submit an application to the Secretary at such time and in such manner as

the Secretary may require. Each application shall include—

(1) a description of the community to be served and the needs that will be met through the program in that community;

(2) a description of how the program will identify and recruit at-risk youth for participation in the program, and how the program will provide continuing support for the participation of such youth;

(3) a description of the activities to be assisted under the grant, including—

(A) how parents, students, and other members of the community will be involved in the design and implementation of the program;

(B) how character education will be incorporated into the program; and

(C) how the program will coordinate activities assisted under this section with activities of schools and other community-based organizations;

(4) a description of the goals of the program;

(5) a description of how progress toward achieving such goals, and toward meeting the purposes of this subchapter, will be measured; and

(6) an assurance that the community-based organization will provide the Secretary with information regarding the program and the effectiveness of the program.

SEC. 2324. GENERAL PROVISIONS.

(a) DURATION.—Each grant under this subchapter shall be awarded for a period of not to exceed 5 years.

(b) PLANNING.—A community-based organization may use grant funds provided under this subchapter for not more than 1 year for the planning and design of the program to be assisted.

(c) SELECTION OF GRANTEES.—

(1) CRITERIA.—The Secretary, in consultation with the Attorney General, shall select, through a peer review process, community-based organizations to receive grants under this subchapter on the basis of the quality of the applications submitted and taking into consideration such factors as—

(A) the quality of the activities to be assisted;

(B) the extent to which the program fosters in youth the elements of character and reaches youth at-risk of delinquency;

(C) the quality of the plan for measuring and assessing the success of the program;

(D) the likelihood the goals of the program will be realistically achieved;

(E) the experience of the applicant in providing similar services; and

(F) the coordination of the program with larger community efforts in character education.

(2) DIVERSITY OF PROJECTS.—The Secretary shall approve applications under this subchapter in a manner that ensures, to the extent practicable, that programs assisted under this subchapter serve different areas of the United States, including urban, suburban and rural areas, and serve at-risk populations.

(d) USE OF FUNDS.—Grant funds under this subchapter shall be used to support the work of community-based organizations, schools, or local educational agencies in providing children and youth with alternatives to delinquency through strong after school, or out of school programs that—

(1) are organized around character education;

(2) reduce delinquency, school discipline problems, and truancy; and

(3) improve student achievement, overall school performance, and youths' positive involvement in their community.

(e) DEFINITIONS.—In this subchapter:

(1) IN GENERAL.—The terms used shall have the meanings given such terms in section 14101 of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 8801).

(2) CHARACTER EDUCATION.—The term ''character education'' means an organized educational program that works to reinforce core elements of character, including caring, civic virtue and citizenship, justice and fairness, respect, responsibility, and trustworthiness.

(3) SECRETARY.—The term ''Secretary'' means the Secretary of Health and Human Services.

Subchapter C—Counseling, Training, and Mentoring Children of Prisoners

SEC. 2331. PURPOSE.

The purpose of this subchapter is to support the work of community-based organizations in providing counseling, training, and mentoring services to America's most at-risk children and youth in low-income and high-crime communities who have a parent or legal guardian that is incarcerated in a Federal, State, or local correctional facility.

SEC. 2332. AUTHORIZATION OF APPROPRIATIONS.

(a) IN GENERAL.—There are authorized to be appropriated to carry out programs under this subchapter, such sums as are necessary for fiscal year 2002, and such sums as may be necessary for each of the 2 succeeding fiscal years.

(b) SOURCE OF FUNDING.—Amounts authorized to be appropriated pursuant to this section may be derived from the Violent Crime Reduction Trust Fund.

SEC. 2333. COUNSELING, TRAINING, AND MENTORING PROGRAMS.

(a) IN GENERAL.—The Attorney General shall award grants to community-based organizations to enable the organizations to provide youth who have a parent or legal guardian incarcerated in a Federal, State, or local correctional facility with counseling, training, and mentoring services in low-income and high-crime communities that include—

(1) counseling, including drug prevention counseling;

(2) academic tutoring, including online computer academic programs that focus on the development and reinforcement of basic skills;

(3) technology training, including computer skills;

(4) job skills and vocational training; and

(5) confidence building mentoring services.

(b) ELIGIBLE COMMUNITY-BASED ORGANIZATIONS.—The Attorney General shall only award a grant under this section to a community-based organization that has a demonstrated capacity to provide after school or out of school programs to youth, including youth serving organizations, businesses, and other community groups.

(c) APPLICATIONS.—Each community-based organization desiring a grant under this section shall submit an application to the Attorney General at such time and in such manner as the Attorney General may require. Each application shall include—

(1) a description of the community to be served and the needs that will be met through the program in that community;

(2) a description of how the program will identify and recruit youth who have a parent or legal guardian that is incarcerated in a Federal, State, or local correctional facility for participation in the program, and how the program will provide continuing support for the participation of such youth;

(3) a description of the activities to be assisted under the grant, including—

(A) how parents, residents, and other members of the community will be involved in the design and implementation of the program; and

(B) how counseling, training, and mentoring services will be incorporated into the program;

(4) a description of the goals of the program;

(5) a description of how progress toward achieving such goals, and toward meeting the purposes of this subchapter, will be measured; and

(6) an assurance that the community-based organization will provide the Attorney General with information regarding the program and the effectiveness of the program.

SEC. 2334. GENERAL PROVISIONS.

(a) DURATION.—Each grant under this subchapter shall be awarded for a period of not to exceed 5 years.

(b) PLANNING.—A community-based organization may use grant funds provided under this subchapter for not more than 1 year for the planning and design of the program to be assisted.

(c) SELECTION OF GRANTEES.—

(1) CRITERIA.—The Attorney General shall select, through a peer review process, community-based organizations to receive grants under this subchapter on the basis of the quality of the applications submitted and taking into consideration such factors as—

(A) the quality of the activities to be assisted;

(B) the extent to which the program fosters positive youth development and encourages meaningful and rewarding lifestyles;

(C) the likelihood the goals of the program will be realistically achieved;

(D) the experience of the applicant in providing similar services; and

(E) the coordination of the program with larger community efforts.

(2) DIVERSITY OF PROJECTS.—The Attorney General shall approve applications under this subchapter in a manner that ensures, to the extent practicable, that programs assisted under this subchapter serve different low-income and high-crime communities of the United States.

(d) USE OF FUNDS.—Grant funds under this subchapter shall be used to support the work of community-based organizations in providing children of incarcerated parents or legal guardians with alternatives to delinquency through strong after school, or out of school programs that—

(1) are organized around counseling, training, and mentoring;

(2) reduce delinquency, school discipline problems, and truancy; and

(3) improve student achievement, overall school performance, and youths' positive involvement in their community.

Subtitle D—Reestablishment of Drug Courts

SEC. 2401. REESTABLISHMENT OF DRUG COURTS.

(a) DRUG COURTS.—Title I of the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. 3711 et seq.) is amended by inserting after part DD the following new part:

''PART EE—DRUG COURTS

''SEC. 2951. GRANT AUTHORITY.

''(a) IN GENERAL.—The Attorney General may make grants to States, State courts, local courts, units of local government, and Indian tribal governments, acting directly or through agreements with other public or private entities, for programs that involve—

''(1) continuing judicial supervision over offenders with substance abuse problems who are not violent offenders; and

''(2) the integrated administration of other sanctions and services, which shall include—

''(A) mandatory periodic testing for the use of controlled substances or other addictive substances during any period of supervised release or probation for each participant;

''(B) substance abuse treatment for each participant;

''(C) diversion, probation, or other supervised release involving the possibility of

prosecution, confinement, or incarceration based on noncompliance with program requirements or failure to show satisfactory progress;

''(D) offender management, and aftercare services such as relapse prevention, health care, education, vocational training, job placement, housing placement, and child care or other family support services for each participant who requires such services;

''(E) payment, in whole or part, by the offender of treatment costs, to the extent practicable, such as costs for urinalysis or counseling; and

''(F) payment, in whole or part, by the offender of restitution, to the extent practicable, to either a victim of the offender's offense or to a restitution or similar victim support fund.

''(b) LIMITATION.—Economic sanctions imposed on an offender pursuant to this section shall not be at a level that would interfere with the offender's rehabilitation.

''SEC. 2952. PROHIBITION OF PARTICIPATION BY VIOLENT OFFENDERS.

''The Attorney General shall—

''(1) issue regulations or guidelines to ensure that the programs authorized in this part do not permit participation by violent offenders; and

''(2) immediately suspend funding for any grant under this part, pending compliance, if the Attorney General finds that violent offenders are participating in any program funded under this part.

''SEC. 2953. DEFINITION.

''In this part, the term 'violent offender' means a person who—

''(1) is charged with or convicted of an offense, during the course of which offense or conduct—

''(A) the person carried, possessed, or used a firearm or dangerous weapon;

''(B) there occurred the death of or serious bodily injury to any person; or

''(C) there occurred the use of force against the person of another, without regard to whether any of the circumstances described in subparagraph (A) or (B) is an element of the offense or conduct of which or for which the person is charged or convicted; or

''(2) has 1 or more prior convictions for a felony crime of violence involving the use or attempted use of force against a person with the intent to cause death or serious bodily harm.

''SEC. 2954. ADMINISTRATION.

''(a) CONSULTATION.—The Attorney General shall consult with the Secretary of Health and Human Services and any other appropriate officials in carrying out this part.

''(b) USE OF COMPONENTS.—The Attorney General may utilize any component or components of the Department of Justice in carrying out this part.

''(c) REGULATORY AUTHORITY.—The Attorney General may issue regulations and guidelines necessary to carry out this part.

''(d) APPLICATIONS.—In addition to any other requirements that may be specified by the Attorney General, an application for a grant under this part shall—

''(1) include a long-term strategy and detailed implementation plan;

''(2) explain the applicant's inability to fund the program adequately without Federal assistance;

''(3) certify that the Federal support provided will be used to supplement, and not supplant, State, Indian tribal, and local sources of funding that would otherwise be available;

''(4) identify related governmental or community initiatives which complement or will be coordinated with the proposal;

''(5) certify that there has been appropriate consultation with all affected agencies and that there will be appropriate coordination with all affected agencies in the implementation of the program;

''(6) certify that participating offenders will be supervised by 1 or more designated judges with responsibility for the drug court program;

''(7) specify plans for obtaining necessary support and continuing the proposed program following the conclusion of Federal support; and

''(8) describe the methodology that will be used in evaluating the program.

''SEC. 2955. APPLICATIONS.

''To request funds under this part, the chief executive or the chief justice of a State or the chief executive or judge of a unit of local government or Indian tribal government, or the chief judge of a State court or the judge of a local court or Indian tribal court shall submit an application to the Attorney General in such form and containing such information as the Attorney General may reasonably require.

''SEC. 2956. FEDERAL SHARE.

''(a) IN GENERAL.—The Federal share of a grant made under this part may not exceed 75 percent of the total costs of the program described in the application submitted under section 2955 for the fiscal year for which the program receives assistance under this part, unless the Attorney General waives, wholly or in part, the requirement of a matching contribution under this section.

''(b) IN-KIND CONTRIBUTIONS.—In-kind contributions may constitute a portion of the non-Federal share of a grant.

''SEC. 2957. DISTRIBUTION AND ALLOCATION.

''(a) GEOGRAPHIC DISTRIBUTION.—The Attorney General shall ensure that, to the extent practicable, an equitable geographic distribution of grant awards is made.

''(b) MINIMUM ALLOCATION.—Unless all eligible applications submitted by any State or unit of local government within such State for a grant under this part have been funded, such State, together with grantees within the State (other than Indian tribes), shall be allocated in each fiscal year under this part not less than 0.75 percent of the total amount appropriated in the fiscal year for grants pursuant to this part.

''SEC. 2958. REPORT.

''A State, Indian tribal government, or unit of local government that receives funds under this part during a fiscal year shall submit to the Attorney General a description and an evaluation report on a date specified by the Attorney General regarding the effectiveness of this part.

''SEC. 2959. TECHNICAL ASSISTANCE, TRAINING, AND EVALUATION.

''(a) TECHNICAL ASSISTANCE AND TRAINING.—The Attorney General may provide technical assistance and training in furtherance of the purposes of this part.

''(b) EVALUATIONS.—In addition to any evaluation requirements that may be prescribed for grantees, the Attorney General may carry out or make arrangements for evaluations of programs that receive support under this part.

''(c) ADMINISTRATION.—The technical assistance, training, and evaluations authorized by this section may be carried out directly by the Attorney General, in collaboration with the Secretary of Health and Human Services, or through grants, contracts, or other cooperative arrangements with other entities.''.

(b) TECHNICAL AMENDMENT.—The table of contents of title I of the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. 3711 et seq.) is amended by inserting after the matter relating to part DD the following:

''PART EE—DRUG COURTS

''Sec. 2951. Grant authority.
''Sec. 2952. Prohibition of participation by violent offenders.
''Sec. 2953. Definition.
''Sec. 2954. Administration.
''Sec. 2955. Applications.
''Sec. 2956. Federal share.
''Sec. 2957. Distribution and allocation.
''Sec. 2958. Report.
''Sec. 2959. Technical assistance, training, and evaluation.''.

SEC. 2402. AUTHORIZATION OF APPROPRIATIONS.

Section 1001(a) of title I of the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. 3793) is amended—

(1) in paragraph (3), by inserting before the period at the end the following: ''or EE''; and

(2) by adding at the end the following new paragraph:

''(20)(A) There are authorized to be appropriated for fiscal year 2002 such sums as are necessary and for fiscal years 2003 and 2004 such sums as may be necessary to carry out part EE.

''(B) The Attorney General shall reserve not less than 1 percent and not more than 4.5 percent of the sums appropriated for this program in each fiscal year for research and evaluation of this program.''.

Subtitle E—Program for Successful Reentry of Criminal Offenders Into Local Communities

SEC. 2501. SHORT TITLE.

This subtitle may be cited as the ''Offender Reentry and Community Safety Act of 2001''.

SEC. 2502. PURPOSES.

The purposes of this subtitle are to—

(1) establish demonstration projects in several Federal judicial districts, the District of Columbia, and in the Federal Bureau of Prisons, using new strategies and emerging technologies that alleviate the public safety risk posed by released prisoners by promoting their successful reintegration into the community;

(2) establish court-based programs to monitor the return of offenders into communities, using court sanctions to promote positive behavior;

(3) establish offender reentry demonstration projects in the states using government and community partnerships to coordinate cost efficient strategies that ensure public safety and enhance the successful reentry into communities of offenders who have completed their prison sentences;

(4) establish intensive aftercare demonstration projects that address public safety and ensure the special reentry needs of juvenile offenders by coordinating the resources of juvenile correctional agencies, juvenile courts, juvenile parole agencies, law enforcement agencies, social service providers, and local Workforce Investment Boards; and

(5) rigorously evaluate these reentry programs to determine their effectiveness in reducing recidivism and promoting successful offender reintegration.

CHAPTER 1—FEDERAL REENTRY DEMONSTRATION PROJECTS

SEC. 2511. FEDERAL COMMUNITY CORRECTIONS CENTERS REENTRY PROJECT.

(a) AUTHORITY AND ESTABLISHMENT OF FEDERAL COMMUNITY CORRECTIONS CENTERS REENTRY PROJECT.—Subject to the availability of appropriations to carry out this chapter, the Attorney General and the Director of the Administrative Office of the United States Courts, shall establish the Federal Reentry project. The project shall involve appropriate prisoners released from the Federal prison population to a community corrections center during fiscal years 2003 and 2004, and a coordinated response by Federal agencies to assist participating prisoners, under close monitoring and more seamless supervision, in preparing for and adjusting to reentry into the community.

(b) PROJECT ELEMENTS.—The project authorized by subsection (a) shall include—

(1) a Reentry Review Team for each prisoner, consisting of representatives from the Bureau of Prisons, the United States Probation System, and the relevant community corrections center, who shall initially meet with the prisoner to develop a reentry plan tailored to the needs of the prisoner and taking into account the views of the victim advocate and the family of the prisoner, if it is safe for the victim, and will thereafter meet regularly to monitor the prisoner's progress toward reentry and coordinate access to appropriate reentry measures and resources;

(2) drug testing, as appropriate;

(3) a system of graduated levels of supervision within the community corrections centers to promote community safety, provide incentives for prisoners to complete the reentry plan, including victim restitution, and provide a reasonable method for imposing immediate sanctions for a prisoner's minor or technical violation of the conditions of participation in the project;

(4) substance abuse treatment and aftercare, mental and medical health treatment and aftercare, vocational and basic educational training, and other programming to promote effective reintegration into the community as needed;

(5) to the extent practicable, the recruitment and utilization of local citizen volunteers, including volunteers from the faith-based and business communities, to serve as advisers and mentors to prisoners being released into the community;

(6) a description of the methodology and outcome measures that will be used to evaluate the program; and

(7) notification to victims on the status and nature of offenders' release, as appropriate.

(c) PROBATION OFFICERS.—From funds made available to carry out this Act, the Director of the Administrative Office of the United States Courts shall appoint 1 or more probation officers from each judicial district to the Reentry Demonstration project. Such officers shall serve as reentry officers and shall serve on the Reentry Review Teams.

(d) PROJECT DURATION.—The Community Corrections Center Reentry project shall begin not later than 9 months following the availability of funds to carry out this section, and shall last 5 years. The Attorney General and the Director of the Administrative Office of the United States Courts may extend the project for a period of up to 6 months to enable participant prisoners to complete their involvement in the project.

(e) SELECTION OF PRISONERS.—The Director of the Administrative Office of the United States Courts in consultation with the Attorney General shall select an appropriate pool of prisoners from the Federal prison population scheduled to be released to community correction centers in fiscal years 2003 and 2004 to participate in the Reentry project.

(f) COORDINATION OF PROJECTS.—If appropriate, Community Corrections Center Reentry project offenders who participated in the Enhanced In-Prison Vocational Assessment and Training Demonstration project established by section 615 may be included.

SEC. 2512. FEDERAL HIGH-RISK OFFENDER REENTRY PROJECT.

(a) AUTHORITY AND ESTABLISHMENT OF FEDERAL HIGH-RISK OFFENDER PROJECT.—Subject to the availability of appropriations to carry out this Act, the Director of the Administrative Office of the United States Courts shall establish the Federal High-Risk Offender Reentry project. The project shall involve Federal offenders under supervised release who have violated the terms of their release following a term of imprisonment and shall utilize, as appropriate and indicated, community corrections centers, home confinement, appropriate monitoring technologies, and treatment and programming to promote more effective reentry into the community.

(b) PROJECT ELEMENTS.—The project authorized by subsection (a) shall include—

(1) participation by Federal prisoners who have violated the terms of their release following a term of imprisonment;

(2) use of community corrections centers and home confinement that, together with the technology referenced in paragraph (5), will be part of a system of graduated levels of supervision;

(3) substance abuse treatment and aftercare, mental and medical health treatment and aftercare, vocational and basic educational training, and other programming to promote effective reintegration into the community as needed;

(4) involvement of a victim advocate and the family of the prisoner, if it is safe for the victim(s), especially in domestic violence cases, to be involved;

(5) the use of monitoring technologies, as appropriate and indicated, to monitor and supervise participating offenders in the community;

(6) a description of the methodology and outcome measures that will be used to evaluate the program; and

(7) notification to victims on the status and nature of a prisoner's release, as appropriate.

(c) CONDITION OF SUPERVISED RELEASE.—During the demonstration project, appropriate offenders who are found to have violated a term of supervised release and who will be subject to some additional term of supervised release, may be designated to participate in the demonstration project. With respect to these offenders, the court may impose additional conditions of supervised release that each offender shall, as directed by the probation officer, reside at a community corrections center or participate in a program of home confinement, or both, and submit to appropriate location verification monitoring. The court may also impose additional correctional intervention conditions as appropriate.

(d) PROJECT DURATION.—The Federal High-Risk Offender Reentry Project shall begin not later than 9 months following the availability of funds to carry out this section, and shall last 5 years. The Director of the Administrative Office of the United States Courts may extend the project for a period of up to 6 months to enable participating prisoners to complete their involvement in the project.

(e) SELECTION OF OFFENDERS.—The Director of the Administrative Office of the United States Courts shall select an appropriate pool of offenders who are found by the court to have violated a term of supervised release during fiscal year 2003 and 2004 to participate in the Federal High-Risk Offender Reentry project.

SEC. 2513. DISTRICT OF COLUMBIA INTENSIVE SUPERVISION, TRACKING, AND REENTRY TRAINING (DC iSTART) DEMONSTRATION.

(a) AUTHORITY AND ESTABLISHMENT OF DEMONSTRATION PROJECT.—From funds made available to carry out this Act, the Trustee of the Court Services and Offender Supervision Agency of the District of Columbia, as authorized by the National Capital Revitalization and Self-Government Improvement Act of 1997 (Public Law 105–33; 111 Stat. 712) shall establish the District of Columbia Intensive Supervision, Tracking and Reentry Training Demonstration (DC iSTART) project. The project shall involve high risk District of Columbia parolees who would otherwise be released into the community without a period of confinement in a community corrections facility and shall utilize intensive supervision, monitoring, and programming to promote such parolees' successful reentry into the community.

(b) PROJECT ELEMENTS.—The project authorized by subsection (a) shall include—

(1) participation by appropriate high risk parolees;

(2) use of community corrections facilities and home confinement;

(3) a Reentry Review Team that includes a victim witness professional for each parolee which shall meet with the parolee, by video conference or other means as appropriate, before the release of the parolee from the custody of the Federal Bureau of Prisons to develop a reentry plan that incorporates victim impact information and is tailored to the needs of the parolee and which will thereafter meet regularly to monitor the parolee's progress toward reentry and coordinate access to appropriate reentry measures and resources;

(4) regular drug testing, as appropriate;

(5) a system of graduated levels of supervision within the community corrections facility to promote community safety, victim restitution, to the extent practicable, provide incentives for prisoners to complete the reentry plan, and provide a reasonable method for immediately sanctioning a prisoner's minor or technical violation of the conditions of participation in the project;

(6) substance abuse treatment and aftercare, mental and medical health treatment and aftercare, vocational and basic educational training, and other programming to promote effective reintegration into the community as needed;

(7) the use of monitoring technologies, as appropriate;

(8) to the extent practicable, the recruitment and utilization of local citizen volunteers, including volunteers from the faith-based communities, to serve as advisers and mentors to prisoners being released into the community; and

(9) notification to victims on the status and nature of a prisoner's reentry plan.

(c) MANDATORY CONDITION OF PAROLE.—For those offenders eligible to participate in the demonstration project, the United States Parole Commission shall impose additional mandatory conditions of parole such that the offender when on parole shall, as directed by the community supervision officer, reside at a community corrections facility or participate in a program of home confinement, or both, submit to electronic and other remote monitoring, and otherwise participate in the project.

(d) PROGRAM DURATION.—The District of Columbia Intensive Supervision, Tracking and Reentry Training Demonstration shall begin not later than 6 months following the availability of funds to carry out this section, and shall last 3 years. The Trustee of the Court Services and Offender Supervision Agency of the District of Columbia may extend the project for a period of up to 6 months to enable participating prisoners to complete their involvement in the project.

SEC. 2514. FEDERAL INTENSIVE SUPERVISION, TRACKING, AND REENTRY TRAINING (FED iSTART) PROJECT.

(a) AUTHORITY AND ESTABLISHMENT OF PROJECT.—Subject to the availability of appropriations to carry out this section, the Director of the Administrative Office of the United States Courts, in consultation with the Attorney General, shall establish the Federal Intensive Supervision, Tracking and Reentry Training (FED iSTART) project. The project shall involve appropriate high risk Federal offenders who are being released into the community without a period of confinement in a community corrections center.

(b) PROJECT ELEMENTS.—The project authorized by subsection (a) shall include—

(1) participation by appropriate high risk Federal offenders;

(2) significantly smaller caseloads for probation officers participating in the demonstration project;

(3) substance abuse treatment and aftercare, mental and medical health treatment and aftercare, vocational and basic educational training, and other programming to promote effective reintegration into the community as needed; and

(4) notification to victims on the status and nature of a prisoner's reentry plan.

(c) PROGRAM DURATION.—The Federal Intensive Supervision, Tracking and Reentry Training Project shall begin not later than 9 months following the availability of funds to carry out this section, and shall last 3 years. The Director of the Administrative Office of the United States Courts may extend the project for a period of up to 6 months to enable participating prisoners to complete their involvement in the project.

(d) SELECTION OF PRISONERS.—The Director of the Administrative Office of the United States Courts, in consultation with the Attorney General, shall select an appropriate pool of Federal prisoners who are scheduled to be released into the community without a period of confinement in a community corrections center in fiscal years 2003 and 2004 to participate in the Federal Intensive Supervision, Tracking and Reentry Training project.

SEC. 2515. FEDERAL ENHANCED IN-PRISON VOCATIONAL ASSESSMENT AND TRAINING AND DEMONSTRATION.

(a) AUTHORITY AND ESTABLISHMENT OF DEMONSTRATION PROJECT.—From funds made available to carry out this section, the Attorney General shall establish the Federal Enhanced In-Prison Vocational Assessment and Training Demonstration project in selected institutions. The project shall provide in-prison assessments of prisoners' vocational needs and aptitudes, enhanced work skills development, enhanced release readiness programming, and other components as appropriate to prepare Federal prisoners for release and reentry into the community.

(b) PROGRAM DURATION.—The Enhanced In-Prison Vocational Assessment and Training Demonstration shall begin not later than 6 months following the availability of funds to carry out this section, and shall last 3 years. The Attorney General may extend the project for a period of up to 6 months to enable participating prisoners to complete their involvement in the project.

SEC. 2516. RESEARCH AND REPORTS TO CONGRESS.

(a) DIRECTOR OF THE ADMINISTRATIVE OFFICE OF THE UNITED STATES COURTS.—Not later than 2 years after enactment of this Act, the Director of the Administrative Office of the United States Courts shall report to Congress on the progress of the reentry projects authorized by sections 2511, 2512, and 2514. Not later than 2 years after the end of the reentry projects authorized by sections 2511, 2512, and 2514, the Director of the Administrative Office of the United States Courts shall report to Congress on the effectiveness of the reentry projects authorized by sections 2511, 2512, and 2514 on post-release outcomes and recidivism. The report shall address post-release outcomes and recidivism for a period of 3 years following release from custody. The reports submitted pursuant to this section shall be submitted to the Committees on the Judiciary of the House of Representatives and the Senate.

(b) ATTORNEY GENERAL.—Not later than 2 years after enactment of this Act, the Attorney General shall report to Congress on the progress of the projects authorized by section 2515. Not later than 180 days after the end of the projects authorized by section 2515, the Attorney General shall report to Congress on the effectiveness of the reentry projects authorized by section 2515 on post-release outcomes and recidivism. The report should address post-release outcomes and recidivism for a period of 3 years following release from custody. The reports submitted pursuant to this section shall be submitted to the Committees on the Judiciary of the House of Representatives and the Senate.

(c) DC iSTART.—Not later than 2 years after enactment of this Act, the Executive Director of the corporation or institute authorized by section 11281(2) of the National Capital Revitalization and Self-Government Improvement Act of 1997 (Public Law 105–33; 111 Stat. 712) shall report to Congress on the progress of the demonstration project authorized by section 2515. Not later than 1 year after the end of the demonstration project authorized by section 2513, the Executive Director of the corporation or institute authorized by section 11281(2) of the National Capital Revitalization and Self-Government Improvement Act of 1997 (Public Law 105–33; 111 Stat. 712) shall report to Congress on the effectiveness of the reentry project authorized by section 2513 on post-release outcomes and recidivism. The report shall address post-release outcomes and recidivism for a period of 3 years following release from custody. The reports submitted pursuant to this section shall be submitted to the Committees on the Judiciary of the House of Representatives and the Senate. In the event that the corporation or institute authorized by section 11281(2) of the National Capital Revitalization and Self-Government Improvement Act of 1997 (Public Law 105–33; 111 Stat. 712) is not in operation 1 year after enactment of this Act, the Director of the National Institute of Justice shall prepare and submit the reports required by this section and may do so from funds made available to the Court Services and Offender Supervision Agency of the District of Columbia, as authorized by the National Capital Revitalization and Self-Government Improvement Act of 1997 (Public Law 105–33; 111 Stat. 712) to carry out this chapter.

SEC. 2517. DEFINITIONS.

In this chapter:

(1) APPROPRIATE HIGH RISK PAROLEES.—The term ''appropriate high risk parolees'' means parolees considered by prison authorities—

(A) to pose a medium to high risk of committing a criminal act upon reentering the community; and

(B) to lack the skills and family support network that facilitate successful reintegration into the community.

(2) APPROPRIATE PRISONER.—The term ''appropriate prisoner'' means a person who is considered by prison authorities—

(A) to pose a medium to high risk of committing a criminal act upon reentering the community; and

(B) to lack the skills and family support network that facilitate successful reintegration into the community.

SEC. 2518. AUTHORIZATION OF APPROPRIATIONS.

To carry out this chapter, there are authorized to be appropriated, to remain available until expended, the following amounts:

(1) To the Federal Bureau of Prisons—

(A) such sums as are necessary for fiscal year 2002;

(B) such sums as are necessary for fiscal year 2003; and

(C) such sums as are necessary for fiscal year 2004.

(2) To the Federal Judiciary—

(A) such sums as are necessary for fiscal year 2002;

(B) such sums as are necessary for fiscal year 2003;

(C) such sums as are necessary for fiscal year 2004;

(D) such sums as are necessary for fiscal year 2005; and

(E) such sums as are necessary for fiscal year 2006.

(3) To the Court Services and Offender Supervision Agency of the District of Columbia, as authorized by the National Capital Revitalization and Self-Government Improvement Act of 1997 (Public Law 105–33; 111 Stat. 712)—

(A) such sums as are necessary for fiscal year 2002;

(B) such sums as are necessary for fiscal year 2003; and

(C) such sums as are necessary for fiscal year 2004.

CHAPTER 2—STATE REENTRY GRANT PROGRAMS

SEC. 2521. AMENDMENTS TO THE OMNIBUS CRIME CONTROL AND SAFE STREETS ACT OF 1968.

(a) IN GENERAL.—Title I of the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. 3711 et seq.), as amended, is amended by inserting after part EE the following new part:

''PART FF—OFFENDER REENTRY AND COMMUNITY SAFETY

''SEC. 2976. ADULT OFFENDER STATE AND LOCAL REENTRY PARTNERSHIPS.

''(a) GRANT AUTHORIZATION.—The Attorney General shall make grants of up to $1,000,000 to States, Territories, and Indian tribes, in partnership with units of local government and nonprofit organizations, for the purpose of establishing adult offender reentry demonstration projects. Funds may be expended by the projects for the following purposes:

''(1) oversight/monitoring of released offenders;

''(2) substance abuse treatment and aftercare, mental and medical health treatment and aftercare, vocational and basic educational training, and other programming to promote effective reintegration into the community as needed;

''(3) convening community impact panels, victim impact panels or victim impact educational classes; and

''(4) establishing and implementing graduated sanctions and incentives.

''(b) SUBMISSION OF APPLICATION.—In addition to any other requirements that may be specified by the Attorney General, an application for a grant under this subpart shall—

''(1) describe a long-term strategy and detailed implementation plan, including how the jurisdiction plans to pay for the program after the Federal funding ends;

''(2) identify the governmental and community agencies that will be coordinated by this project;

''(3) certify that there has been appropriate consultation with all affected agencies and there will be appropriate coordination with all affected agencies in the implementation of the program, including existing community corrections and parole; and

''(4) describe the methodology and outcome measures that will be used in evaluating the program.

''(c) APPLICANTS.—The applicants as designated under 2601(a)—

''(1) shall prepare the application as required under subsection 2601(b); and

''(2) shall administer grant funds in accordance with the guidelines, regulations, and procedures promulgated by the Attorney General, as necessary to carry out the purposes of this part.

''(d) MATCHING FUNDS.—The Federal share of a grant received under this title may not exceed 75 percent of the costs of the project funded under this title unless the Attorney General waives, wholly or in part, the requirements of this section.

''(e) REPORTS.—Each entity that receives a grant under this part shall submit to the Attorney General, for each year in which funds from a grant received under this part is expended, a description and an evaluation report at such time and in such manner as the Attorney General may reasonably require that contains—

''(1) a summary of the activities carried out under the grant and an assessment of whether such activities are meeting the needs identified in the application funded under this part; and

''(2) such other information as the Attorney General may require.

''(f) AUTHORIZATION OF APPROPRIATIONS.—

''(1) IN GENERAL.—There are authorized to be appropriated to carry out this section such sums as are necessary in fiscal year 2002; and such sums as may be necessary for each of the fiscal years 2003 and 2004.

''(2) LIMITATIONS.—Of the amount made available to carry out this section in any fiscal year—

''(A) not more than 2 percent or less than 1 percent may be used by the Attorney General for salaries and administrative expenses; and

''(B) not more than 3 percent or less than 2 percent may be used for technical assistance and training.

''SEC. 2977. JUVENILE OFFENDER STATE AND LOCAL REENTRY PROGRAMS.

''(a) GRANT AUTHORIZATION.—The Attorney General shall make grants of up to $250,000 to States, in partnership with local units of governments or nonprofit organizations, for the purpose of establishing juvenile offender reentry programs. Funds may be expended by the projects for the following purposes:

''(1) providing returning juvenile offenders with drug and alcohol testing and treatment and mental and medical health assessment and services;

''(2) convening victim impact panels, restorative justice panels, or victim impact educational classes for juvenile offenders;

''(3) oversight/monitoring of released juvenile offenders; and

''(4) providing for the planning of reentry services when the youth is initially incarcerated and coordinating the delivery of community-based services, such as education, family involvement and support, and other services as needed.

''(b) SUBMISSION OF APPLICATION.—In addition to any other requirements that may be specified by the Attorney General, an application for a grant under this subpart shall—

''(1) describe a long-term strategy and detailed implementation plan, including how the jurisdiction plans to pay for the program after the Federal funding ends;

''(2) identify the governmental and community agencies that will be coordinated by this project;

''(3) certify that there has been appropriate consultation with all affected agencies and there will be appropriate coordination with all affected agencies, including existing community corrections and parole, in the implementation of the program;

''(4) describe the methodology and outcome measures that will be used in evaluating the program.

''(c) APPLICANTS.—The applicants as designated under 2603(a)—

''(1) shall prepare the application as required under subsection 2603(b); and

''(2) shall administer grant funds in accordance with the guidelines, regulations, and procedures promulgated by the Attorney General, as necessary to carry out the purposes of this part.

''(d) MATCHING FUNDS.—The Federal share of a grant received under this title may not exceed 75 percent of the costs of the project funded under this title unless the Attorney General waives, wholly or in part, the requirements of this section.

''(e) REPORTS.—Each entity that receives a grant under this part shall submit to the Attorney General, for each year in which funds from a grant received under this part is expended, a description and an evaluation report at such time and in such manner as the Attorney General may reasonably require that contains:

''(1) a summary of the activities carried out under the grant and an assessment of whether such activities are meeting the needs identified in the application funded under this part; and

''(2) such other information as the Attorney General may require.

''(f) AUTHORIZATION OF APPROPRIATIONS.—

''(1) IN GENERAL.—There are authorized to be appropriated to carry out this section such sums as are necessary in fiscal year 2002, and such sums as are necessary for each of the fiscal years 2003 and 2004.

''(2) LIMITATIONS.—Of the amount made available to carry out this section in any fiscal year—

''(A) not more than 2 percent or less than 1 percent may be used by the Attorney General for salaries and administrative expenses; and

''(B) not more than 3 percent or less than 2 percent may be used for technical assistance and training.

''SEC. 2978. STATE REENTRY PROGRAM RESEARCH, DEVELOPMENT, AND EVALUATION.

''(a) GRANT AUTHORIZATION.—The Attorney General shall make grants to conduct research on a range of issues pertinent to reentry programs, the development and testing of new reentry components and approaches, selected evaluation of projects authorized in the preceding sections, and dissemination of information to the field.

''(b) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to carry out this section such sums as are necessary in fiscal year 2002, and such sums as are necessary to carry out this section in fiscal years 2003 and 2004.''.

(b) TECHNICAL AMENDMENT.—The table of contents of title I of the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. 3711 et seq.), as amended, is amended by inserting at the end the following:

''PART FF—OFFENDER REENTRY AND COMMUNITY SAFETY ACT

''Sec. 2976. Adult Offender State and Local Reentry Partnerships.

''Sec. 2977. Juvenile Offender State and Local Reentry Programs.

''Sec. 2978. State Reentry Program Research, Development, and Evaluation.''.

CHAPTER 3—CONTINUATION OF ASSISTANCE AND BENEFITS

SEC. 2531. AMENDMENTS TO THE PERSONAL RESPONSIBILITY AND WORK OPPORTUNITY RECONCILIATION ACT OF 1996.

Section 115 of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (21 U.S.C. 862a) is amended—

(1) in subsection (d), by adding at the end the following:

''(3) INAPPLICABILITY TO CERTAIN INDIVIDUALS.—Subsection (a) shall not apply to an individual who—

''(A) has successfully completed a substance abuse treatment program and has not committed a subsequent offense described in subsection (a); or

''(B) is enrolled in a substance abuse treatment program and is fully complying with the terms and conditions of the program.''; and

(2) by striking subsection (e) and inserting the following:

''(e) DEFINITIONS.—In this section:

''(1) SUBSTANCE ABUSE TREATMENT PROGRAM.—The term 'substance abuse treatment program' means a course of individual or group activities or both, lasting for a period of not less than 28 days that—

''(A) includes residential or outpatient treatment services for substance abuse and is operated by a public, nonprofit, or private entity that meets all applicable State licensure or certification requirements; and

''(B) is directed at substance abuse problems and intended to develop cognitive, behavioral, and other skills to address substance abuse and related problems and includes drug testing of patients.

''(2) STATE.—The term 'State' has the meaning given it—

''(A) in section 419(5) of the Social Security Act, when referring to assistance provided under a State program funded under part A of title IV of the Social Security Act; and

''(B) in section 3(m) of the Food Stamp Act of 1977, when referring to the food stamp program (as defined in section 3(h) of the Food Stamp Act of 1977) or any State program carried out under the Food Stamp Act of 1977.

''(3) SUCCESSFULLY COMPLETED.—The term 'successfully completed' means has completed the prescribed course of drug treatment.''.

Subtitle F—Amendment to Foreign Narcotics Kingpin Designation Act

SEC. 2701. AMENDMENT TO FOREIGN NARCOTICS KINGPIN DESIGNATION ACT.

Section 805 of the Foreign Narcotics Kingpin Designation Act (21 U.S.C. 1904) is amended by striking subsection (f).

Subtitle G—Core Competencies in Drug Abuse Detection and Treatment

SEC. 2801. AMENDMENT TO THE PUBLIC HEALTH SERVICE ACT.

Subpart 2 of part B of title V of the Public Health Service Act (42 U.S.C. 290bb–21 et seq.), as amended by the Youth Drug and Mental Health Services Act (Public Law 106–310), is further amended by adding at the end the following:

''SEC. 519F. CORE COMPETENCIES.

''(a) PURPOSE.—The purpose of this section is—

''(1) to educate, train, motivate, and engage key professionals to identify and intervene with children in families affected by substance abuse and to refer members of such families to appropriate programs and services in the communities of such families;

''(2) to encourage professionals to collaborate with key professional organizations representing the targeted professional groups, such as groups of educators, social workers, faith community members, and probation officers, for the purposes of developing and implementing relevant core competencies; and

''(3) to encourage professionals to develop networks to coordinate local substance abuse prevention coalitions.

''(b) PROGRAM AUTHORIZED.—The Secretary shall award grants to leading nongovernmental organizations with an expertise in aiding children of substance abusing parents or experience with community antidrug coalitions to help professionals participate in such coalitions and identify and help youth affected by familial substance abuse.

''(c) DURATION OF GRANTS.—No organization shall receive a grant under subsection (c) for more than 5 consecutive years.

''(d) APPLICATION.—Any organization desiring a grant under subsection (c) shall prepare and submit an application to the Secretary at such time, in such manner, and containing such information as the Secretary may require, including a plan for the evaluation of the project involved, including both process and outcome evaluation, and the

submission of the evaluation at the end of the project period.

''(e) USE OF FUNDS.—Grants awarded under subsection (c) shall be used to—

''(1) develop core competencies with various professional groups that the professionals can use in identifying and referring children affected by substance abuse;

''(2) widely disseminate the competencies to professionals and professional organizations through publications and journals that are widely read and respected;

''(3) develop training modules around the competencies; and

''(4) develop training modules for community coalition leaders to enable such leaders to engage professionals from identified groups at the local level in community-wide prevention and intervention efforts.

''(f) DEFINITION.—In this section, the term 'professional' includes a physician, student assistance professional, social worker, youth and family social service agency counselor, Head Start teacher, clergy, elementary and secondary school teacher, school counselor, juvenile justice worker, child care provider, or a member of any other professional group in which the members provide services to or interact with children, youth, or families.

''(g) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to carry out this section, such sums as are necessary for fiscal year 2002, and such sums as may be necessary for each of fiscal years 2003 and 2004.''.

Subtitle H—Adolescent Therapeutic Community Treatment Programs

SEC. 2901. PROGRAM AUTHORIZED.

The Secretary shall award competitive grants to treatment providers who administer treatment programs to enable such providers to establish adolescent residential substance abuse treatment programs that provide services for individuals who are between the ages of 14 and 21.

SEC. 2902. PREFERENCE.

In awarding grants under this subtitle, the Secretary shall consider the geographic location of each treatment provider and give preference to such treatment providers that are geographically located in such a manner as to provide services to addicts from nonmetropolitan areas.

SEC. 2903. DURATION OF GRANTS.

For awards made under this subtitle, the period during which payments are made may not exceed 5 years.

SEC. 2904. RESTRICTIONS.

A treatment provider receiving a grant under this subtitle shall not use any amount of the grant for land acquisition or a construction project.

SEC. 2905. APPLICATION.

A treatment provider that desires a grant under this subtitle shall submit an application to the Secretary at such time, in such manner, and containing such information as the Secretary may require.

SEC. 2906. USE OF FUNDS.

A treatment provider that receives a grant under this subtitle shall use those funds to provide substance abuse services for adolescents, including—

(1) a thorough psychosocial assessment;

(2) individual treatment planning;

(3) a strong education component integral to the treatment regimen;

(4) life skills training;

(5) individual and group counseling;

(6) family services;

(7) daily work responsibilities; and

(8) community-based aftercare, providing 6 months of treatment following discharge from a residential facility.

SEC. 2907. TREATMENT TYPE.

The Therapeutic Community model shall be used as a basis for all adolescent residential substance abuse treatment programs established under this subtitle, which shall be characterized by—

(1) the self-help dynamic, requiring youth to participate actively in their own treatment;

(2) the role of mutual support and the therapeutic importance of the peer therapy group;

(3) a strong focus on family involvement and family strengthening;

(4) a clearly articulated value system emphasizing both individual responsibility and responsibility for the community; and

(5) an emphasis on development of positive social skills.

SEC. 2908. REPORT BY PROVIDER.

Not later than 1 year after receiving a grant under this subtitle, and annually thereafter, a treatment provider shall prepare and submit to the Secretary a report describing the services provided pursuant to this subtitle.

SEC. 2909. REPORT BY SECRETARY.

(a) IN GENERAL.—Not later than 3 months after receiving all reports by providers under section 2908, and annually thereafter, the Secretary shall prepare and submit a report containing information described in subsection (b) to—

(1) the Committee on Health, Education, Labor, and Pensions of the Senate;

(2) the Committee on Appropriations of the Senate;

(3) the United States Senate Caucus on International Narcotics Control;

(4) the Committee on Commerce of the House of Representatives;

(5) the Committee on Appropriations of the House of Representatives; and

(6) the Committee on Government Reform of the House of Representatives.

(b) CONTENT.—The report described in subsection (a) shall—

(1) outline the services provided by providers pursuant to this section;

(2) evaluate the effectiveness of such services;

(3) identify the geographic distribution of all treatment centers provided pursuant to this section, and evaluate the accessibility of such centers for addicts from rural areas and small towns; and

(4) make recommendations to improve the programs carried out pursuant to this section.

SEC. 2910. DEFINITIONS.

In this subtitle:

(1) ADOLESCENT RESIDENTIAL SUBSTANCE ABUSE TREATMENT PROGRAM.—The term ''adolescent residential substance abuse treatment program'' means a program that provides a regimen of individual and group activities, lasting ideally not less than 12 months, in a community-based residential facility that provides comprehensive services tailored to meet the needs of adolescents and designed to return youth to their families in order that such youth may become capable of enjoying and supporting positive, productive, drug-free lives.

(2) SECRETARY.—The term ''Secretary'' means the Secretary of Health and Human Services.

(3) THERAPEUTIC COMMUNITY.—The term ''Therapeutic Community'' means a highly structured residential treatment facility that—

(A) employs a treatment methodology;

(B) relies on self-help methods and group process, a view of drug abuse as a disorder affecting the whole person, and a comprehensive approach to recovery;

(C) maintains a strong educational component; and

(D) carries out activities that are designed to help youths address alcohol or other drug abuse issues and learn to act in their own best interests, as well as in the best interests of their peers and families.

SEC. 2911. AUTHORIZATION OF APPROPRIATIONS.

(a) IN GENERAL.—Subject to appropriations, there are authorized be appropriated to carry out this subtitle—

(1) such sums as are necessary for fiscal year 2002; and

(2) such sums as may be necessary for 2003 and 2004.

(b) SUPPLEMENT AND NOT SUPPLANT.—Grant amounts received under this subtitle shall be used to supplement, and not supplant, non-Federal funds that would otherwise be available for activities funded under this subtitle.

Subtitle I—Other Matters

SEC. 2951. AMENDMENT TO CONTROLLED SUBSTANCES ACT.

Section 303(g)(2)(I) of the Controlled Substances Act is amended by striking ''on the date of enactment'' and all that follows through ''such drugs,'' and inserting ''on the date of approval by the Food and Drug Administration of a drug in schedule III, IV, or V, a State may not preclude a practitioner from dispensing or prescribed such drug, or combination of such drugs''.

SEC. 2952. STUDY OF METHAMPHETAMINE TREATMENT.

Section 3633 of the Methamphetamine Anti-Proliferation Act of 2000 (114 Stat. 1236) is amended by striking ''the Institute of Medicine of the National Academy of Sciences'' and inserting ''the National Institute on Drug Abuse''.

TITLE III—NATIONAL COMPREHENSIVE CRIME-FREE COMMUNITIES ACT

SEC. 3001. SHORT TITLE.

This title may be cited as the ''National Comprehensive Crime-Free Communities Act''.

SEC. 3002. PROGRAM ADMINISTRATION.

(a) ATTORNEY GENERAL RESPONSIBILITIES.—In carrying out this title, the Attorney General shall—

(1) make and monitor grants to grant recipients;

(2) provide, including through organizations such as the National Crime Prevention Council, technical assistance and training, data collection, and dissemination of information on state-of-the-art research-grounded practices that the Attorney General determines to be effective in preventing and reducing crime, violence, and drug abuse;

(3) provide for the evaluation of this title and assess the effectiveness of comprehensive planning in the prevention of crime, violence, and drug abuse;

(4) provide for a comprehensive communications strategy to inform the public and State and local governments of programs authorized by this title and their purpose and intent;

(5) establish a National Crime-Free Communities Commission to advise, consult with, and make recommendations to the Attorney General concerning activities carried out under this Act;

(6) establish the National Center for Justice Planning in a national organization representing State criminal justice executives that will—

(A) provide technical assistance and training to State criminal justice agencies in implementing policies and programs to facilitate community-based strategic planning processes;

(B) establish a collection of best practices for statewide community-based criminal justice planning; and

(C) consult with appropriate organizations, including the National Crime Prevention Council, in providing necessary training to States.

(b) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated $5,000,000 for the fiscal years 2002 through 2006, including $4,500,000 to assist States and communities in providing training, technical assistance, and setting benchmarks, and $500,000 to establish and operate the National Center for Justice Planning.

(c) PROGRAM ADMINISTRATION.—Up to 3 percent of program funds appropriated for Community Grants and State Capacity Building grants may be used by the Attorney General to administer this program.

SEC. 3003. FOCUS.

Programs carried out by States and local communities under this title shall include a specialized focus on neighborhoods and schools disproportionately affected by crime, violence, and drug abuse.

SEC. 3004. DEFINITIONS.

In this title, the term ''crime prevention plan'' means a strategy that has measurable long-term goals and short-term objectives that—

(1) address the problems of crime, including terrorism, violence, and substance abuse for a jurisdiction, developed through an interactive and collaborative process that includes senior representatives of law enforcement and the local chief executive's office as well as representatives of such groups as other agencies of local government (including physical and social service providers), nonprofit organizations, business leaders, religious leaders, and representatives of community and neighborhood groups;

(2) establishes interim and final benchmark measures for each prevention objective and strategy; and

(3) includes a monitoring and assessment mechanism for implementation of the plan.

SEC. 3005. COMMUNITY GRANTS.

(a) GRANTS AUTHORIZED.—

(1) IN GENERAL.—The Attorney General shall award grants to at least 100 communities or an organization organized under section 501(c)(3) of the Internal Revenue Code of 1986 that is the designee of a community, including 1 in each State, in an amount not to exceed $250,000 per year for the planning, evaluation, and implementation of a program designed to prevent and reduce crime, violence, and substance abuse.

(2) LIMITATION.—Of the amount of a grant awarded under this section in any given year, not more than $125,000 may be used for the planning or evaluation component of the program.

(b) PROGRAM IMPLEMENTATION COMPONENT.—

(1) IN GENERAL.—A community grant under this section may be used by a community to support specific programs or projects that are consistent with the local Crime Prevention Plan.

(2) AVAILABILITY.—A grant shall be awarded under this paragraph to a community that has developed a specific Crime Prevention Plan and program outline.

(3) MATCHING REQUIREMENT.—The Federal share of a grant under this paragraph shall not exceed—

(A) 80 percent in the first year;

(B) 60 percent in the second year;

(C) 40 percent in the third year;

(D) 20 percent in the fourth year; and

(E) 20 percent in the fifth year.

(4) DATA SET ASIDE.—A community may use up to 5 percent of the grant to assist it in collecting local data related to the costs of crime, violence, and substance abuse for purposes of supporting its Crime Prevention Plan.

(c) APPLICATION.—

(1) IN GENERAL.—An applicant for a community grant under this section shall—

(A) demonstrate how the proposed program will prevent crime, violence, and substance abuse;

(B) certify that the program is based on nationally recognized research standards that have been tested in local communities;

(C) collaborate and obtain the approval and support of the State agency designated by the Governor of that State in the development of the comprehensive prevention plan of the applicant;

(D) demonstrate the ability to develop a local Crime-Free Communities Commission, including such groups as Federal, State, and local criminal justice personnel, law enforcement, schools, youth organizations, religious and other community organizations, business and health care professionals, parents, State, local, or tribal governmental agencies, and other organizations; and

(E) submit a plan describing how the applicant will maintain the program without Federal funds following the fifth year of the program.

(2) CONSIDERATION.—The Attorney General may give additional consideration in the grant review process to an applicant with an officially designated Weed and Seed site seeking to expand from a neighborhood to community-wide strategy.

(3) RURAL COMMUNITIES.—The Attorney General shall give additional consideration in the grant review process to an applicant from a rural area.

(d) WAIVERS FOR MATCHING REQUIREMENT.—A community with an officially designated Weed and Seed site may be provided a waiver by the Attorney General for all matching requirements under this section based on demonstrated financial hardship.

(e) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated $25,000,000 to carry out this section for the fiscal years 2002 through 2006.

SEC. 3006. STATE CAPACITY BUILDING GRANTS.

(a) GRANTS AUTHORIZED.—The Attorney General shall award grants to each State criminal justice agency, Byrne agency, or other agency as designated by the Governor of that State and approved by the Attorney General, in an amount not to exceed $400,000 per year to develop State capacity to assist local communities in the prevention and reduction of crime, violence, and substance abuse.

(b) USE OF FUNDS.—

(1) IN GENERAL.—A State capacity building grant shall be used to develop a statewide strategic plan as defined in subsection (c) to prevent and reduce crime, violence, and substance abuse.

(2) PERMISSIVE USE.—A State may also use its grant to provide training and technical assistance to communities and promote innovation in the development of policies, technologies, and programs to prevent and reduce crime.

(3) DATA COLLECTION.—A State may use up to 5 percent of the grant to assist grant recipients in collecting statewide data related to the costs of crime, violence, and substance abuse for purposes of supporting the statewide strategic plan.

(c) STATEWIDE STRATEGIC PREVENTION PLAN.—

(1) IN GENERAL.—A statewide strategic prevention plan shall be used by the State to assist local communities, both directly and through existing State programs and services, in building comprehensive, strategic, and innovative approaches to reducing crime, violence, and substance abuse based on local conditions and needs.

(2) GOALS.—The plan must contain statewide long-term goals and measurable annual objectives for reducing crime, violence, and substance abuse.

(3) ACCOUNTABILITY.—The State shall be required to develop and report in its plan relevant performance targets and measures for the goals and objectives to track changes in crime, violence, and substance abuse.

(4) CONSULTATION.—The State shall form a State crime free communities commission that includes representatives of State and local government, and community leaders who will provide advice and recommendations on relevant community goals and objectives, and performance targets and measures.

(d) REQUIREMENTS.—

(1) TRAINING AND TECHNICAL ASSISTANCE.—The State shall provide training and technical assistance, including through such groups as the National Crime Prevention Council, to assist local communities in developing Crime Prevention Plans that reflect statewide strategic goals and objectives, and performance targets and measures.

(2) REPORTS.—The State shall provide a report on its statewide strategic plan to the Attorney General, including information about—

(A) involvement of relevant State-level agencies to assist communities in the development and implementation of their Crime Prevention Plans;

(B) support for local applications for Community Grants; and

(C) community progress toward reducing crime, violence, and substance abuse.

(3) CERTIFICATION.—Beginning in the third year of the program, States must certify that the local grantee's project funded under the community grant is generally consistent with statewide strategic goals and objectives, and performance targets and measures.

(e) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated $20,000,000 to carry out this section for the fiscal years 2002 through 2006.

TITLE IV—SAFEGUARDING THE INTEGRITY OF THE CRIMINAL JUSTICE SYSTEM

SEC. 4001. INCREASING THE PENALTY FOR USING PHYSICAL FORCE TO TAMPER WITH WITNESSES, VICTIMS, OR INFORMANTS.

(a) IN GENERAL.—Section 1512 of title 18, United States Code, is amended—

(1) in subsection (a)—

(A) in paragraph (1), by striking ''as provided in paragraph (2)'' and inserting ''as provided in paragraph (3)'';

(B) by redesignating paragraph (2) as paragraph (3);

(C) by inserting after paragraph (1) the following:

''(2) Whoever uses physical force or the threat of physical force against any person, or attempts to do so, with intent to—

''(A) influence, delay, or prevent the testimony of any person in an official proceeding;

''(B) cause or induce any person to—

''(i) withhold testimony, or withhold a record, document, or other object, from an official proceeding;

''(ii) alter, destroy, mutilate, or conceal an object with intent to impair the integrity or availability of the object for use in an official proceeding;

''(iii) evade legal process summoning that person to appear as a witness, or to produce a record, document, or other object, in an official proceeding; or

''(iv) be absent from an official proceeding to which that person has been summoned by legal process; or

''(C) hinder, delay, or prevent the communication to a law enforcement officer or judge of the United States of information relating to the commission or possible commission of a Federal offense or a violation of conditions of probation, supervised release,

parole, or release pending judicial proceedings;
shall be punished as provided in paragraph (3).''; and

(D) in paragraph (3), as redesignated—

(i) by striking ''and'' at the end of subparagraph (A); and

(ii) by striking subparagraph (B) and inserting the following:

''(B) in the case of—

''(i) an attempt to murder; or

''(ii) the use or attempted use of physical force against any person;
imprisonment for not more than 20 years; and

''(C) in the case of the threat of use of physical force against any person, imprisonment for not more than 10 years.'';

(2) in subsection (b), by striking ''or physical force''; and

(3) by adding at the end the following:

''(j) Whoever conspires to commit any offense under this section shall be subject to the same penalties as those prescribed for the offense the commission of which was the object of the conspiracy.''.

(b) RETALIATING AGAINST A WITNESS.—Section 1513 of title 18, United States Code, is amended by adding at the end the following:

''(e) Whoever conspires to commit any offense under this section shall be subject to the same penalties as those prescribed for the offense the commission of which was the object of the conspiracy.''.

(c) CONFORMING AMENDMENTS.—

(1) WITNESS TAMPERING.—Section 1512 of title 18, United States Code, is amended in subsections (b)(3) and (c)(2) by inserting ''supervised release,'' after ''probation''.

(2) RETALIATION AGAINST A WITNESS.—Section 1513 of title 18, United States Code, is amended in subsections (a)(1)(B) and (b)(2) by inserting ''supervised release,'' after ''probation''.

SEC. 4002. CORRECTION OF ABERRANT STATUTES TO PERMIT IMPOSITION OF BOTH A FINE AND IMPRISONMENT.

(a) IN GENERAL.—Title 18 of the United States Code is amended—

(1) in section 401, by inserting ''or both,'' after ''fine or imprisonment,'';

(2) in section 1705, by inserting '', or both'' after ''years''; and

(3) in sections 1916, 2234, and 2235, by inserting '', or both'' after ''year''.

(b) IMPOSITION BY MAGISTRATE.—Section 636 of title 28, United States Code, is amended—

(1) in subsection (e)(2), by inserting '', or both,'' after ''fine or imprisonment''; and

(2) in subsection (e)(3), by inserting ''or both,'' after ''fine or imprisonment,''.

SEC. 4003. REINSTATEMENT OF COUNTS DISMISSED PURSUANT TO A PLEA AGREEMENT.

(a) IN GENERAL.—Chapter 213 of title 18, United States Code, is amended by adding at the end the following:

''§ 3296. Counts dismissed pursuant to a plea agreement

''(a) IN GENERAL.—Notwithstanding any other provision of this chapter, any counts of an indictment or information that are dismissed pursuant to a plea agreement shall be reinstated by the District Court if—

''(1) the counts sought to be reinstated were originally filed within the applicable limitations period;

''(2) the counts were dismissed pursuant to a plea agreement approved by the District Court under which the defendant pled guilty to other charges;

''(3) the guilty plea was subsequently vacated on the motion of the defendant; and

''(4) the United States moves to reinstate the dismissed counts within 60 days of the date on which the order vacating the plea becomes final.

''(b) DEFENSES; OBJECTIONS.—Nothing in this section shall preclude the District Court from considering any defense or objection, other than statute of limitations, to the prosecution of the counts reinstated under subsection (a).''.

(b) TECHNICAL AND CONFORMING AMENDMENT.—Chapter 213 of title 18, United States Code, is amended in the table of sections by adding at the end the following new item:

''3296. Counts dismissed pursuant to a plea agreement.''.

SEC. 4004. APPEALS FROM CERTAIN DISMISSALS.

Section 3731 of title 18, United States Code, is amended by inserting '', or any part thereof'' after ''as to any one or more counts''.

SEC. 4005. CLARIFICATION OF LENGTH OF SUPERVISED RELEASE TERMS IN CONTROLLED SUBSTANCE CASES.

(a) DRUG ABUSE PENALTIES.—Subparagraphs (A), (B), (C), and (D) of section 401(b)(1) of the Controlled Substances Act (21 U.S.C. 841(b)(1)) are amended by striking ''Any sentence'' and inserting ''Notwithstanding section 3583 of title 18, any sentence''.

(b) PENALTIES FOR DRUG IMPORT AND EXPORT.—Section 1010(b) of the Controlled Substances Import and Export Act (21 U.S.C. 960(b)) is amended—

(1) in paragraphs (1), (2), and (3), by striking ''Any sentence'' and inserting ''Notwithstanding section 3583 of title 18, any sentence''; and

(2) in paragraph (4), by inserting ''notwithstanding section 3583 of title 18,'' before ''in addition to such term of imprisonment''.

SEC. 4006. AUTHORITY OF COURT TO IMPOSE A SENTENCE OF PROBATION OR SUPERVISED RELEASE WHEN REDUCING A SENTENCE OF IMPRISONMENT IN CERTAIN CASES.

Section 3582(c)(1)(A) of title 18, United States Code, is amended by inserting ''(and may impose a term of probation or supervised release with or without conditions that does not exceed the unserved portion of the original term of imprisonment)'' after ''may reduce the term of imprisonment''.

SEC. 4007. CLARIFICATION THAT MAKING RESTITUTION IS A PROPER CONDITION OF SUPERVISED RELEASE.

Subsections (c) and (e) of section 3583 of title 18, United States Code, are amended by striking ''and (a)(6) and inserting ''(a)(6), and (a)(7)''.

TITLE V—CRIMINAL LAW TECHNICAL AMENDMENTS ACT OF 2001

SEC. 5001. SHORT TITLE.

This title may be cited as the ''Criminal Law Technical Amendments Act of 2001''.

SEC. 5002. TECHNICAL AMENDMENTS RELATING TO CRIMINAL LAW AND PROCEDURE.

(a) MISSING AND INCORRECT WORDS.—

(1) CORRECTION OF GARBLED SENTENCE.—Section 510(c) of title 18, United States Code, is amended by striking ''fine of under this title'' and inserting ''fine under this title''.

(2) INSERTION OF MISSING WORDS.—Section 981(d) of title 18, United States Code, is amended by striking ''proceeds from the sale of this section'' and inserting ''proceeds from the sale of such property under this section''.

(3) CORRECTION OF INCORRECT WORD.—Sections 1425 through 1427, 1541 through 1544 and 1546(a) of title 18, United States Code, are each amended by striking ''to facility'' and inserting ''to facilitate''.

(4) CORRECTING ERRONEOUS AMENDATORY LANGUAGE ON EXECUTED AMENDMENT.—Effective on the date of the enactment of Public Law 103–322, section 60003(a)(13) of such public law is amended by striking ''$1,000,000 or imprisonment'' and inserting ''$1,000,000 and imprisonment''.

(5) CORRECTION OF REFERENCE TO SHORT TITLE OF LAW.—That section 2332d(a) of title 18, United States Code, which relates to financial transactions is amended by inserting ''of 1979'' after ''Export Administration Act''.

(6) ELIMINATION OF TYPO.—Section 1992(b) of title 18, United States Code, is amended by striking ''term or years'' and inserting ''term of years''.

(7) SPELLING CORRECTION.—Section 2339A(a) of title 18, United States Code, is amended by striking ''or an escape'' and inserting ''of an escape''.

(8) SECTION 3553.—Section 3553(e) of title 18, United States Code, is amended by inserting ''a'' before ''minimum''.

(9) MISSPELLING IN SECTION 205.—Section 205(d)(1)(B) of title 18, United States Code, is amended by striking ''groups's'' and inserting ''group's''.

(10) CONFORMING CHANGE AND INSERTING MISSING WORD IN SECTION 709.—The paragraph in section 709 of title 18, United States Code, that begins with ''A person who'' is amended—

(A) by striking ''A person who'' and inserting ''Whoever''; and

(B) by inserting ''or'' after the semicolon at the end.

(11) ERROR IN LANGUAGE BEING STRICKEN.—Effective on the date of its enactment, section 726(2) of the Antiterrorism and Effective Death Penalty Act of 1996 (Public Law 104–132) is amended—

(A) in subparagraphs (C) and (E), by striking ''section'' the first place it appears; and

(B) in subparagraph (G), by striking ''relating to'' the first place it appears.

(b) MARGINS, PUNCTUATION, AND SIMILAR ERRORS.—

(1) MARGIN ERROR.—Section 1030(c)(2) of title 18, United States Code, is amended so that the margins of subparagraph (B) and each of its clauses, are moved 2 ems to the left.

(2) CORRECTING CAPITALIZATION IN LANGUAGE TO BE STRICKEN.—Effective on the date of its enactment, section 607(g)(2) of the Economic Espionage Act of 1996 is amended by striking ''territory'' and inserting ''Territory''.

(3) CORRECTING PARAGRAPHING.—The material added to section 521(a) of title 18, United States Code, by section 607(q) of the Economic Espionage Act of 1996 is amended to appear as a paragraph indented 2 ems from the left margin.

(4) SUBSECTION PLACEMENT CORRECTION.—Section 1513 of title 18, United States Code, is amended by transferring subsection (d) so that it appears following subsection (c).

(5) CORRECTION TO ALLOW FOR INSERTION OF NEW SUBPARAGRAPH AND CORRECTION OF ERRONEOUS INDENTATION.—Section 1956(c)(7) of title 18, United States Code, is amended—

(A) in subparagraph (B)(ii), by moving the margin 2 ems to the right;

(B) by striking ''or'' at the end of subparagraph (D);

(C) by striking the period at the end of subparagraph (E) and inserting ''; or''; and

(D) in subparagraph (F)—

(i) by striking ''Any'' and inserting ''any''; and

(ii) by striking the period at the end and inserting a semicolon.

(6) CORRECTION OF CONFUSING SUBDIVISION DESIGNATION.—Section 1716 of title 18, United States Code, is amended—

(A) in the first undesignated paragraph, by inserting ''(j)(1)'' before ''Whoever'';

(B) in the second undesignated paragraph—

(i) by striking ''not more than $10,000'' and inserting ''under this title''; and

(ii) by inserting ''(2)'' at the beginning of that paragraph;

(C) by inserting ''(3)'' at the beginning of the third undesignated paragraph; and

(D) by redesignating subsection (j) as subsection (k).

(7) PUNCTUATION CORRECTION IN SECTION 1091.—Section 1091(b)(1) of title 18, United States Code, is amended by striking ''subsection (a)(1),'' and inserting ''subsection (a)(1)''.

(8) PUNCTUATION CORRECTION IN SECTION 2311.—Section 2311 of title 18, United States Code, is amended by striking the period after ''carcasses thereof'' the second place that term appears and inserting a semicolon.

(9) SYNTAX CORRECTION.—Section 115(b)(2) of title 18, United States Code, is amended by striking '', attempted kidnapping, or conspiracy to kidnap of a person'' and inserting ''or attempted kidnapping of, or a conspiracy to kidnap, a person''.

(10) CORRECTING CAPITALIZATION IN SECTION 982.—Section 982(a)(8) of title 18, United States Code, is amended by striking ''Court'' and inserting ''court''.

(11) PUNCTUATION CORRECTIONS IN SECTION 1029.—Section 1029 of title 18, United States Code, is amended—

(A) in subsection (c)(1)(A)(ii), by striking ''(9),'' and inserting ''(9)''; and

(B) in subsection (e), by adding a semicolon at the end of paragraph (8).

(12) CORRECTIONS OF CONNECTORS AND PUNCTUATION IN SECTION 1030.—Section 1030 of title 18, United States Code, is amended—

(A) by inserting ''and'' at the end of subsection (c)(2)(B)(iii); and

(B) by striking the period at the end of subsection (e)(4)(I) and inserting a semicolon.

(13) CORRECTION OF PUNCTUATION IN SECTION 1032.—Section 1032(1) of title 18, United States Code, is amended by striking ''13,'' and inserting ''13''.

(14) CORRECTION OF PUNCTUATION IN SECTION 1345.—Section 1345(a)(1) of title 18, United States Code, is amended—

(A) in subparagraph (B), by striking '', or'' and inserting ''; or''; and

(B) in subparagraph (C), by striking the period and inserting a semicolon.

(15) CORRECTION OF PUNCTUATION IN SECTION 3612.—Section 3612(f)(2)(B) of title 18, United States Code, is amended by striking ''preceding.'' and inserting ''preceding''.

(16) CORRECTION OF INDENTATION IN CONTROLLED SUBSTANCES ACT.—Section 402(c)(2) of the Controlled Substances Act (21 U.S.C. 842(c)(2)) is amended by moving the margin of subparagraph (C) 2 ems to the left.

(c) ELIMINATION OF REDUNDANCIES.—

(1) ELIMINATION OF DUPLICATE AMENDMENTS.—Effective on the date of its enactment, paragraphs (1), (2), and (4) of section 601(b), paragraph (2) of section 601(d), paragraph (2) of section 601(f), paragraphs (1) and (2)(A) of section 601(j), paragraphs (1) and (2) of section 601(k), subsection (d) of section 602, paragraph (4) of section 604(b), subsection (r) of section 605, and paragraph (2) of section 607(j) of the Economic Espionage Act of 1996 are repealed.

(2) ELIMINATION OF EXTRA COMMA.—Section 1956(c)(7)(D) of title 18, United States Code, is amended—

(A) by striking ''Code,,'' and inserting ''Code,''; and

(B) by striking ''services),,'' and inserting ''services),''.

(3) REPEAL OF SECTION GRANTING DUPLICATIVE AUTHORITY.—

(A) Section 3503 of title 18, United States Code, is repealed.

(B) The table of sections at the beginning of chapter 223 of title 18, United States Code, is amended by striking the item relating to section 3503.

(4) ELIMINATION OF OUTMODED REFERENCE TO PAROLE.—Section 929(b) of title 18, United States Code, is amended by striking the last sentence.

(d) CORRECTION OF OUTMODED FINE AMOUNTS.—

(1) IN TITLE 18, UNITED STATES CODE.—

(A) IN SECTION 492.—Section 492 of title 18, United States Code, is amended by striking ''not more than $100'' and inserting ''under this title''.

(B) IN SECTION 665.—Section 665(c) of title 18, United States Code, is amended by striking ''a fine of not more than $5,000'' and inserting ''a fine under this title''.

(C) IN SECTIONS 1924, 2075, 2113(b), AND 2236.—

(i) Section 1924(a) of title 18, United States Code, is amended by striking ''not more than $1,000,'' and inserting ''under this title''.

(ii) Sections 2075 and 2113(b) of title 18, United States Code, are each amended by striking ''not more than $1,000'' and inserting ''under this title''.

(iii) Section 2236 of title 18, United States Code, is amended by inserting ''under this title'' after ''warrant, shall be fined'', and by striking ''not more than $1,000''.

(D) IN SECTION 372 AND 752.—Sections 372 and 752(a) of title 18, United States Code, are each amended by striking ''not more than $5,000'' and inserting ''under this title''.

(E) IN SECTION 924(e)(1).—Section 924(e)(1) of title 18, United States Code, is amended by striking ''not more than $25,000'' and inserting ''under this title''.

(2) IN THE CONTROLLED SUBSTANCES ACT.—

(A) IN SECTION 401.—Section 401(d) of the Controlled Substances Act (21 U.S.C. 841(d)) is amended—

(i) in paragraph (1), by striking ''and shall be fined not more than $10,000'' and inserting ''or fined under title 18, United States Code, or both''; and

(ii) in paragraph (2), by striking ''and shall be fined not more than $20,000'' and inserting ''or fined under title 18, United States Code, or both''.

(B) IN SECTION 402.—Section 402(c)(2) of the Controlled Substances Act (21 U.S.C. 842(c)) is amended—

(i) in subparagraph (A), by striking ''of not more than $25,000'' and inserting ''under title 18, United States Code''; and

(ii) in subparagraph (B), by striking ''of $50,000'' and inserting ''under title 18, United States Code''.

(C) IN SECTION 403.—Section 403(d) of the Controlled Substances Act (21 U.S.C. 843(d)) is amended—

(i) by striking ''of not more than $30,000'' each place that term appears and inserting ''under title 18, United States Code''; and

(ii) by striking ''of not more than $60,000'' each place it appears and inserting ''under title 18, United States Code''.

(e) CROSS REFERENCE CORRECTIONS.—

(1) SECTION 3664.—Section 3664(o)(1)(C) of title 18, United States Code, is amended by striking ''section 3664(d)(3)'' and inserting ''subsection (d)(5)''.

(2) CHAPTER 228.—Section 3592(c)(1) of title 18, United States Code, is amended by striking ''section 36'' and inserting ''section 37''.

(3) CORRECTING ERRONEOUS CROSS REFERENCE IN CONTROLLED SUBSTANCES ACT.—Section 511(a)(10) of the Controlled Substances Act (21 U.S.C. 881(a)(10)) is amended by striking ''1822 of the Mail Order Drug Paraphernalia Control Act'' and inserting ''422''.

(1) by striking ''after subsection (g)'' and inserting ''after subsection (h)''; and

(2) by redesignating the subsection added to section 105 of section 105 of the he Foreign Intelligence Surveillance Act of 1978 (50 U.S.C. 1805) as subsection (i).

(d) PUNCTUATION CORRECTIONS.—

(1) Section 1956(c)(6)(B) of title 18, United States Code, is amended by striking the period and inserting a semicolon.

(2) Effective on the date of its enactment, section 803(a) of Public Law 107-56 is amended by striking the close quotation mark and period that follows at the end of subsection (a) in the matter proposed to be inserted in title 18, United States Code, as a new section 2339.

(3) Section 1030(c)(3)(B) of title 18, United States Code, is amended by inserting a comma after ''(a)(4)''.

(e) ELIMINATION OF DUPLICATE AMENDMENT.—Effective on the date of its enactment, section 805 of Public Law 107-56 is amended by striking subsection (b).

(f) CORRECTION OF UNEXECUTABLE AMENDMENTS.—

(1) Effective on the date of its enactment, section 813(2) of Public Law 107-56 is amended by striking ''semicolon'' and inserting ''period''.

(2) Effective on the date of its enactment, section 815 of Public Law 107-56 is amended by inserting ''a'' before ''statutory authorization''.

(g) CORRECTION OF HEADING STYLE.—The heading for section 175b of title 18, United States Code, is amended to read as follows:

''§ 175b. Possession by restricted persons''.

TITLE VI—UNDERCOVER INVESTIGATIVE PRACTICES CONDUCTED BY FEDERAL ATTORNEYS

SEC. 6001. UNDERCOVER INVESTIGATIVE PRACTICES CONDUCTED BY FEDERAL ATTORNEYS.

Section 530B(a) of title 28, United States Code, is amended by inserting after the first sentence the following: ''Notwithstanding any provision of State law, including rules of professional conduct for attorneys, an attorney for the Government may, for the purpose of investigating terrorism, provide legal advice and supervision on conducting undercover activities, even though such activities may require the use of deceit or misrepresentation, where such activities are consistent with Federal law.''.

TITLE VII—PAUL COVERDELL FORENSIC SCIENCES IMPROVEMENT GRANTS

SEC. 7001. PAUL COVERDELL FORENSIC SCIENCES IMPROVEMENT GRANTS.

(a) STATE APPLICATIONS.—Section 503(a)(13)(A)(iii) of title I of the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. 3753(a)(13)(A)(iii)) is amended by striking ''or the National Association of Medical Examiners,'' and inserting '', the National Association of Medical Examiners, or any other nonprofit, professional organization that may be recognized within the forensic science community as competent to award such accreditation,''.

(b) FORENSIC SCIENCES IMPROVEMENT GRANTS.—Part BB of title I of the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. 3797j et seq.) is amended—

(1) in section 2801, by inserting after ''States'' the following: '' and units of local government'';

(2) in section 2802—

(A) in the matter before paragraph (1), by inserting ''or unit of local government'' after ''State'';

(B) in paragraph (1), to read as follows:

''(1) a certification that the State or unit of local government has developed a plan for forensic science laboratories under a program described in section 2804(a), and a specific description of the manner in which the grant will be used to carry out that plan;'';

(C) in paragraph (2), by inserting ''or appropriate certifying bodies'' before the semicolon; and

(D) in paragraph (3), by inserting ''for a State or local plan'' after ''program'';

(3) in section 2803(a)(2), by striking ''to States with'' and all that follows through the period and inserting ''for competitive awards to States and units of local government. In making awards under this part, the Attorney General shall consider the average annual number of part 1 violent crimes reported by each State to the Federal Bureau of Investigation for the 3 most recent calendar years for which data is available and consider the existing resources and current needs of the potential grant recipient.'';

(4) in section 2804—

(A) in subsection (a), by inserting ''or unit of local government'' after ''A State''; and

(B) in subsection (c)(1), by inserting ''(including grants received by units of local government within a State)'' after ''under this part''; and

(5) in section 2806(a)—

(A) in the matter before paragraph (1), by inserting ''or unit of local government'' after ''each State''; and

(B) in paragraph (1), by inserting before the semicolon the following: '', which shall include a comparison of pre-grant and post-grant forensic science capabilities''

(C) in paragraph (2), by striking ''and'' at the end;

(D) by redesignating paragraph (3) as paragraph (4); and

(E) by inserting after paragraph (2) the following:

''(3) an identification of the number and type of cases currently accepted by the laboratory; and''.

SEC. 7002. AUTHORIZATION OF APPROPRIATIONS.

There are authorized to be appropriated for each of fiscal years 2002 through 2007—

(1) $30,000,000 for the Center for Domestic Preparedness of the Department of Justice in Anniston, Alabama;

(2) $7,000,000, or such sums as may be necessary, for the Texas Engineering Extension Service of Texas A&M University;

(3) $7,000,000, or such sums as may be necessary, for the Energetic Materials Research and Test Center of the New Mexico Institute of Mining and Technology;

(4) $7,000,000, or such sums as may be necessary, for the Academy of Counterterrorist Education at Louisiana State University; and

(5) $7,000,000, or such sums as may be necessary, for the National Exercise, Test, and Training Center of the Department of Energy, located at the Nevada test site.

TITLE VIII—ECSTASY PREVENTION ACT OF 2001

SEC. 8001. SHORT TITLE.

This title may be cited as the ''Ecstasy Prevention Act of 2001''.

SEC. 8002. GRANTS FOR ECSTASY ABUSE PREVENTION.

Section 506B(c) of title V of the Public Health Service Act is amended by adding at the end the following:

''(3) EFFECTIVE PROGRAMS.—

''(A) IN GENERAL.—In addition to the priority under paragraph (2), the Administrator shall give priority to communities that have taken measures to combat club drug use, including passing ordinances restricting rave clubs, increasing law enforcement on Ecstasy, and seizing lands under nuisance abatement laws to make new restrictions on an establishment's use.

''(B) STATE PRIORITY.—A priority grant may be made to a State under this paragraph on a pass-through basis to an eligible community.''.

SEC. 8003. COMBATING ECSTASY AND OTHER CLUB DRUGS IN HIGH INTENSITY DRUG TRAFFICKING AREAS.

(a) PROGRAM.—

(1) IN GENERAL.—The Director of the Office of National Drug Control Policy shall use amounts available under this section to combat the trafficking of MDMA in areas designated by the Director as high intensity drug trafficking areas.

(2) ACTIVITIES.—In meeting the requirement in paragraph (1), the Director shall transfer funds to assist anti-Ecstasy law enforcement initiatives in high intensity drug trafficking areas, including assistance for investigative costs, intelligence enhancements, technology improvements, and training.

(b) AUTHORIZATION OF APPROPRIATIONS.—

(1) IN GENERAL.—There is authorized to be appropriated to carry out this section such sums as are necessary for fiscal years 2002 through 2005.

(2) NO SUPPLANTING.—Any Federal funds received under this section shall be used to supplement, not supplant, non-Federal funds that would otherwise be used to carry out activities funded under this section.

(c) APPORTIONMENT OF FUNDS.—The Director shall apportion amounts appropriated for a fiscal year pursuant to the authorization of appropriations in subsection (b) for activities under subsection (a) among and within areas designated by the Director and based on the threat assessments submitted by individual high intensity drug trafficking areas.

SEC. 8004. NATIONAL YOUTH ANTIDRUG MEDIA CAMPAIGN.

(a) IN GENERAL.—In conducting the national media campaign under section 102 of the Drug-Free Media Campaign Act of 1998, the Director of the Office of National Drug Control Policy shall ensure that such campaign addresses the reduction and prevention of abuse of MDMA and club and emerging drugs among young people in the United States.

(b) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section such sums as are necessary for fiscal years 2002 through 2005.

SEC. 8005. MDMA DRUG TEST.

There are authorized to be appropriated to the Office of National Drug Control Policy

such sums as are necessary to commission a drug test for MDMA which would meet the standards for the Federal Workplace.

SEC. 8006. NATIONAL INSTITUTE ON DRUG ABUSE REPORT.

(a) RESEARCH.—The Director of the National Institute on Drug Abuse (referred to in this section as the ''Director'') shall conduct research—

(1) that evaluates the effects that MDMA use can have on an individual's health, such as—

(A) physiological effects such as changes in ability to regulate one's body temperature, stimulation of the cardiovascular system, muscle tension, teeth clenching, nausea, blurred vision, rapid eye movement, tremors, and other such conditions, some of which can result in heart failure or heat stroke;

(B) psychological effects such as mood and mind altering and panic attacks which may come from altering various neurotransmitter levels such as serotonin in the brain;

(C) short-term effects like confusion, depression, sleep problems, severe anxiety, paranoia, hallucinations, and amnesia; and

(D) long-term effects on the brain with regard to memory and other cognitive functions, and other medical consequences; and

(2) documenting those research findings and conclusions with respect to MDMA that are scientifically valid and identify the medical consequences on an individual's health.

(b) FINAL REPORT.—Not later than January 1, 2003, the Director shall submit a report to the Congress.

(c) REPORT PUBLIC.—The report required by this section shall be made public.

(d) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated such sums as are necessary to carry out this section.

SEC. 8007. INTERAGENCY ECSTASY/CLUB DRUG TASK FORCE.

(a) ESTABLISHMENT.—

(1) IN GENERAL.—The Director of the Office of National Drug Control Policy shall establish a Task Force on Ecstasy/MDMA and Emerging Club Drugs (referred to in this section as the ''task force'') which shall—

(A) design, implement, and evaluate the education, prevention, and treatment practices and strategies of the Federal Government with respect to Ecstasy, MDMA, and emerging club drugs; and

(B) specifically study the club drug problem and report its findings to Congress.

(2) MEMBERSHIP.—The task force shall—

(A) be under the jurisdiction of the Director of the Office of National Drug Control Policy, who shall designate a chairperson; and

(B) include as members law enforcement, substance abuse prevention, judicial, and public health professionals as well as representatives from Federal, State, and local agencies.

(b) RESPONSIBILITIES.—The responsibilities of the task force shall be—

(1) to evaluate the current practices and strategies of the Federal Government in education, prevention, and treatment for Ecstasy, MDMA, and other emerging club drugs and recommend appropriate and beneficial models for education, prevention, and treatment;

(2) to identify appropriate government components and resources to implement task force recommendations; and

(3) to make recommendations to the President and Congress to implement proposed improvements in accordance with the National Drug Control Strategy and its budget allocations.

(c) MEETINGS.—The task force shall meet at least once every 6 months.

(d) TERMINATION.—The task force shall terminate 3 years after the date of enactment of this Act.

(e) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated such sums as are necessary to carry out this section.

AUTHORITY FOR COMMITTEES TO MEET

COMMITTEE ON ARMED SERVICES

Mr. HARKIN. Mr. President, I ask unanimous consent that the Committee on Armed Services be authorized to meet during the session of the Senate on Thursday, December 20, 2001, at 11:30 a.m., in executive session to consider a civilian nomination and pending military nominations.

The PRESIDING OFFICER. Without objection, it is so ordered.

COMMITTEE ON COMMERCE, SCIENCE, AND TRANSPORTATION

Mr. HARKIN. Mr. President, I ask unanimous consent that the Committee on Commerce, Science, and Transportation be authorized to meet on Thursday, December 20, 2001, at 9:30 a.m., on the nomination of John Magaw to be Undersecretary of Transportation Security, (DOT).

The PRESIDING OFFICER. Without objection it is so ordered.

PRIVILEGE OF THE FLOOR

Mr. WELLSTONE. Madam President, I ask unanimous consent that Ellen Gerrity, of my staff, be allowed floor privileges for the duration of today.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. GRAHAM. I ask unanimous consent Tiffany Smith, a fellow in our office, be permitted the privilege of the floor.

The PRESIDING OFFICER. Without objection, it is so ordered.

MAKING FURTHER CONTINUING APPROPRIATIONS

Mr. REID. Mr. President, I ask unanimous consent that the Senate proceed to H.J. Res. 79, the continuing resolution, which is at the desk.

The PRESIDING OFFICER. The clerk will report the resolution by title.

The legislative clerk read as follows:

A joint resolution (H.J. Res. 79) making further continuing appropriations for the fiscal year 2002, and for other purposes.

There being no objection, the Senate proceeded to consider the joint resolution.

Mr. REID. Mr. President, I ask unanimous consent that the joint resolution be read a third time, passed, and the motion to reconsider be laid upon the table, without intervening action or debate.

The PRESIDING OFFICER. Without objection, it is so ordered.

The joint resolution (H.J. Res. 79) was read the third time and passed.

CONVENING OF THE SECOND SESSION OF THE 107TH CONGRESS

Mr. REID. Mr. President, I ask unanimous consent that the Senate proceed to the consideration of H.J. Res. 80, which we have just received from the House and is now at the desk.

The PRESIDING OFFICER. The clerk will report the joint resolution.

The legislative clerk read as follows:

A joint resolution (H.J. Res. 80) appointing the day for the convening of the second session of the one hundred seventh Congress.

There being no objection, the Senate proceeded to consider the joint resolution.

Mr. REID. Mr. President, I ask unanimous consent that the joint resolution be read a third time, passed, and the motion to reconsider be laid upon the table, without any intervening action or debate.

The PRESIDING OFFICER. Without objection, it is so ordered.

The joint resolution (H.J. Res. 80) was read the third time and passed.

The PRESIDING OFFICER. Under the previous order, the Senator from Montana is recognized.

TAX EXTENDERS

Mr. BAUCUS. Mr. President, in a few moments I am going to ask that the Senate take up and pass the tax extenders legislation. It is unfortunate that the Congress, along with the President, were unable to agree on a stimulus to the American economy that would provide not only a boost to the American economy, but also assistance to those who have lost unemployment compensation benefits as a consequence of the decline in the economy accelerated by the events of September 11, as well as those who have lost health insurance as a consequence of losing their jobs.

It is almost axiomatic that the economy is in tough shape. I do not expect with a high degree of certainty that the Congress is going to come back to where we would like to be very quickly.

There are some small points which I think we should keep in mind. One is that auto sales broke records with zero percent financing, and the auto companies get most of their income from financing. So they were not making any money these past couple of months, which means reports coming out next quarter and even this quarter will not be high.

The same applies to retail sales. It is the Christmas season. We know stores across the country, in order to encourage more sales, are giving tremendous discounts, which clearly discounts that company's income.

We are going to have to face a stimulus package and should this next year. I hope we do it in a much more accommodating manner than we have in the last several weeks.

I am not going to get into the blame game. I am not going to say who

caused this collapse. I have lots of ideas. That is history. What happened happened. It is now time to go forward. I urge my colleagues, after appropriate rest and a break over the holidays, when they are rested up, to come back with renewed vigor and renewed dedication and perseverance to working together and, most important, listening to the other side.

Too often we tend to talk, and we do not listen enough. If we were to listen a little more, even for a nanosecond, I think that would be progress. I urge my colleagues to listen to different points of view next year.

Nevertheless, I think we should salvage whatever we can, and part of that is what is called the tax extenders. These include matters that are very important for the economy and for people who are relying on them. One is the work opportunity tax credit which helps people find jobs.

The Joint Committee on Tax estimates 450,000 to 525,000 will be hired with this credit next year. It expires this year. All provisions I mentioned expire this year, and I think it is important to keep those in existence so next year people can rely upon them.

Another is extending the qualified zone academy bond that authorizes $400 billion in bonds to States in the calendar year 2002. That is to renovate schools and purchase equipment. That expires this year and will terminate unless this legislation I mentioned passes.

A key point, and I urge my colleagues to listen to this, it is a matter of confidence and certainty. These are provisions upon which so many people in our country depend. Over the years, they have been on again, off again. It is like a yo-yo.

It is no way to do business. People need certainty, a little more than they have today in these uncertain times, a little more ability to predict the future. If we could pass this legislation tonight, extending the extenders, that would enable people with more certainty to know they can count on an existing law.

This is not new law. This is an extension of existing law. It is not right for us to be not continuing that legislation because, otherwise, we will wake up next year, January 1 or 2, and these are not in effect. There are many other of them that are very good and, again, it creates that uncertainty.

One, for example, is AMT for individuals. That is the alternative minimum tax credit. That is an extender. According to the Joint Committee on Tax, 900,000 Americans will be subject to the AMT without this relief, as one of the extenders we have.

Four hundred thousand of those will be taxpayers with incomes between $50,000 and $75,000. Those are really middle-income Americans. If we do not extend this extender, then those people will be subject to the AMT tax.

In addition, this package includes an extension of a GSP, that is a generalized preference for trade. That is a trade provision that is in the law today. The Andean Trade Preference Act extends that. It is in the law today, in addition to trade adjustment assistance.

I strongly urge my colleagues to think of Americans and pass this request.

I ask unanimous consent that the Senate proceed to immediate consideration of Calendar No. 33, H.R. 8; that the Baucus substitute amendment at the desk be agreed to; the bill as amended be read a third time and passed, and the motion to reconsider be laid upon the table.

The PRESIDING OFFICER. Is there objection?

Mr. NICKLES. Reserving the right to object, I concur with many of the statements my friend from Montana made; it is very important for us to work together more than we have done in the last few months. The unanimous consent request, if I am reading it correctly, says the Senate wants to substitute the extenders for H.R. 8, which is the revenue package that passed April 6. Is that correct?

Mr. BAUCUS. That is correct.

Mr. NICKLES. That package would be a substitute for it? In other words, this was a bill that would basically, over a 10-year period of time, eliminate the death tax, I believe, and the Senator wants to strike all that language and put in a 2-year extender bill; is that correct?

Mr. BAUCUS. This is 1 year. There is no intention to repeal any of the tax provisions that passed earlier this year.

Mr. NICKLES. I am reading this as a substitute for the House bill. I believe it is a substitute for the House bill. If the Senator modifies this and makes it in addition to the House bill, at least this Senator would not object. But if it is striking the House bill, I feel constrained to object.

If the Senator is willing to move it, in addition to the House bill, I will not object at this time.

Mr. BAUCUS. I will respond to my colleague that my intention is to take up the bill that is already on the calendar.

Mr. NICKLES. I know.

Mr. BAUCUS. And strike out the substance of it; take it up and pass it back with these provisions.

I might answer my friend, this is the procedure we have to follow in order to pass these extenders.

Mr. NICKLES. Further reserving the right to object, again I will object if it is striking the House bill. The House passed a bill with a good vote. I do not remember exactly what it was. If it is in addition to the House bill, I would not object.

I ask my colleague—and I think I hear the Senator saying he is not going to—is it not the intent of the Senator not to pass the House-passed bill? I was hoping we could make a deal.

I might mention we might have to notify a few other Senators before we do this by unanimous consent.

Mr. BAUCUS. I see. It is now more clear to me what is happening.

Mr. NICKLES. My intention was, if we want to repeal the death tax and pass the extenders, this Senator would have no objection. I am sure we could whip it and see if there would be no objection.

Mr. BAUCUS. I understand. I am sure the Senator would love to do that, and I am also sure there would be other Senators who would object.

Mr. NICKLES. The Presiding Officer might like for us to do that.

Mr. BAUCUS. Given all the objections that approach will take, I was asking the Senator to consider the approach I am suggesting.

Mr. NICKLES. Further reserving the right to object, if the Senator is not going to agree to pass the House-passed language that passed in April with the extenders language, then I ask the Senator to modify his request and let us take up the stimulus package that did have the extenders, that did have many other provisions that would have helped the unemployed, that did have some things that would help stimulate the economy, that did some things that would help New York in addition to what we have already done today. So I ask my colleague to modify his request, let us take up the stimulus package, the H.R. 3529, which was received from the House.

I ask unanimous consent that the request be modified so that at first the Senate would proceed to consideration of H.R. 3529, which is the stimulus package received by the House; the bill be read a third time and passed, with no intervening action or debate.

I would add, before the Chair rules, the bill has extender language that my colleague from Montana is requesting and therefore it would accommodate his request.

The PRESIDING OFFICER. Does the Senator so modify his request?

Mr. BAUCUS. Mr. President, I believe the Senator made a unanimous consent request that would change my unanimous consent request, at least as I understand it. I ask the Senator if he will modify his request to substitute the stimulus bill that passed the Senate Finance Committee instead of the bill that passed the House.

Mr. NICKLES. I cannot agree to that. I do not know if we are playing one-upmanship. I would like to pass the bill that passed the House. So I will not agree to that.

Mr. BAUCUS. Mr. President, it is clear what is happening.

The PRESIDING OFFICER. Is there objection to the request of the Senator from Montana?

Mr. NICKLES. I object.

The PRESIDING OFFICER. The objection is heard.

Under the previous order, the Senator from Louisiana is recognized.

BIOTERRORISM

Ms. LANDRIEU. Mr. President, there are many important issues on the

agenda and the one that was being discussed is one of the most important, but not the only. There is other business that needs to get done before we leave, which is an issue that is of great concern and an issue I wanted to bring to the attention of the Senators.

Before I get into that subject area, which relates to families and children and adoption, I want to thank the leadership. I thank Senator KENNEDY and Senator FRIST, the main sponsors of the bioterrorism legislation, for agreeing in a colloquy submitted on behalf of myself and Senator MCCONNELL from Kentucky to add a provision that will help all hospitals to call on FEMA funds that may be available in the event of another terrorist attack when hospital resources are called on to assist victims of those attacks or if the hospitals are harmed themselves. I very much appreciate it because it seemed to be an oversight in the legislation.

As that bill moves to conference, I particularly thank them for their sensitivities to provide funding for all hospitals in the event that that situation were to occur. Of course, we are all hopeful it does not and are working very hard to see it does not, but I thank them for agreeing.

TWELVE FAMILIES NEED CAMBODIAN VISAS TO BRING THEIR CHILDREN HOME

Ms. LANDRIEU. Mr. President, I know the Senator from Ohio and others are waiting to speak on other matters before we leave, but last night there was a troubling exposé done on a very unfortunate circumstance, and that circumstance involves 12 American families who are stuck in Cambodia because they are unable to obtain visas for their newly adopted children. They are unable to get those visas to come back to the United States safely with these children to celebrate what would have been a joyous homecoming on these holidays.

We are all getting ready to join our families and loved ones in our home States for Christmas and for the holidays. It is not just parents being reunited with children and children with parents, but grandchildren, aunts, uncles, and cousins. This holiday season, as we have all said, is going to be even that much more special because of the challenges before our Nation and the events of September 11 and subsequent events that make us realize how important our families are to us and our loved ones.

We are mindful as we leave today, happy with some of the successes we have had, of the pain and suffering that will be felt during this holiday season by 3,000 families and many more who were directly affected, who will not have a loved one present for the holidays.

For the record, there is not anything I can offer at this moment—no piece of legislation, no fix that I can offer at this moment—but it is my intention to work with all the Senators and to work with the INS, to work with the State Department over the course of the next several days and weeks and months, if necessary, to make sure these American families can get the visas, take their children safely and come to the United States.

According to the INS and according to the story and the details I know, there is concern that there is fraud and abuse in Cambodia and therefore that is why the visas were not issued. I acknowledge that, unfortunately, in the whole area of adoption, both domestic and international, there is some fraud and abuse. We need to do everything we can to make sure that fraud and abuse is stamped out. This Senate, this House, and this Congress, with the help of President Clinton as well as President Bush and both State Departments in the last administration and this administration, are working diligently on that.

We have passed a Hague treaty, an international treaty aimed specifically at making the system of adoption more transparent, eliminating the middleman, reducing time, and encouraging people to adopt children from all over the world because there are so many children who need a home and so many families who want to add children to their families, to build and strengthen their families through adoption.

Denying visas to 12 American families who pay their taxes, good community citizens, people who are doing everything they think is right, and then denying the visas is, I suggest, not the right approach. I am hoping our INS, with our new Commissioner, Mr. Ziglar, who we all know very well and who I have spoken to directly about this issue, as well as the State Department and Secretary Powell and others, will look into this matter and come to an understanding and agreement to allow these children to come with their families.

These children are 6 months to 31 months old. I have learned if children are not adopted in Cambodia by the age of 8, under the Cambodian rules and regulations, children are not able to be adopted. So there is an urgency. There are time issues here. It is very important to try to work through this situation to help these families who are from Illinois, Pennsylvania, New York, Maine, Virginia, Oklahoma, Washington, and Arizona; none from Louisiana.

As the chair of the adoption caucus, I bring this to the attention of the Senate. I will be working as much as I can over the next weeks and months to make sure this issue is resolved. There are procedures that can be used to focus on eliminating abuse and corruption but holding up families who have gone through the process, sometimes excruciating detail, without specific allegations of fraud in these individual cases, is beyond where I think we need to go.

In conclusion, we need to promote adoption, helping the system to be transparent and encouraging people by saying, it is not too long, it is not too tough, it is not too difficult, and it is worth it to bring some of these children to our country and to provide permanency and love to so many who have so little to hope for.

Mr. President, I ask unanimous consent to have these details printed in the RECORD.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

WHY THESE 12 NOTICES OF INTENT TO DENY SHOULD BE REVOKED

The Consular Officials in Cambodia reviewed each child's documents PRIOR to the child being legally adopted under Cambodian law. The documents were again reviewed by Consular Officials prior to the parents being notified that all was in order and scheduling of their interviews. So the U.S. State Department had two opportunities to identify problems prior to the parents traveling to Cambodia to bring home their child. These children are now officially adopted by American citizens. To deny these children visas for no specific, concrete reason, is to make orphans out of these children all over again.

INS should revoke the Notice of Intent to Deny Letters it issued in the recent Cambodian cases for the following reasons.

1. INS did not conduct a case-by-case investigation.

INS has a policy to adjudicate cases on a case-by-case basis. This policy is predicated on the premise that each case has unique facts, documents and circumstances. In reviewing the seven (7) Notice of Intent to Deny Letters, the matters addressed are exactly alike. The cases do not even reflect correct information about the children and their respective ages. Specifically, the letters focus on children that are infants. However, in review of the children is issue, a significant number of children are not infants.

One child is 31 months old;
One child is 25 months old;
One child is 23 months old;
One child is 20 months old;
One child is 10 months old;
Seven children are approximately 6 months old; and
DOB May 8th 2001 and abandoned May 14 (Munson).

It is important to note that all of the children have been in the Asian Orphanage Association for at least six (6) months. These children have been processed through the Cambodian judicial system and have been adopted by American families in accordance with the laws of Cambodia.

2. The investigation is flawed: INS only investigated cases that were facilitated by a Cambodian man, Serey Puth—it did not investigate orphans from other orphanages or children who came through other facilitators; INS interviewed secondary sources when persons holding primary roles were available; faulty translations; and erroneous information in the Notice of Intent to Deny.

(a) The only children that were targeted in this investigation were children that has been processed through a Cambodian facilitator, Serey Puth. Children who were placed through other orphanages and other facilitators were not investigated.

(b) Generally, INS protocol is to conduct extensive investigations. Statements are taken under oath by competent investigators and translators. Usually, primary parties are interviewed. This did not occur in these cases.

INS only interviewed three persons. Mrs. Phorn Phon, the wife of a village chief for Chaneng Mang village, Mr. Yo a member of the staff of the Asian Orphanage Association and a villager on motorcycle.

It would have been more appropriate to interview the chief instead of the chief's wife. It is not sound reasoning to expect the wife of the village chief to know everything that the chief knows.

It would have been more direct and informative to interview Serey Puth, the owner and director or the Asian Orphanage Association than Mr. Yo a staff member of AOA. Mr. Yo has the responsibility of listing children in the orphanage's registry, making sure the premises are clean and in good repair. He is not privy as to the circumstances of the particular cases. He would not know when and where children were born.

Additionally, Serey Puth, the director and owner of the AOA orphanage was available and willing to meet with the INS officials. Although he had just moved the location of his office, it would not have been difficult to locate him.

It would have been more credible to interview persons in authority than to interview someone who drove by the chief's dwelling on a motorcycle and claimed he was the deputy chief of a village near by.

(c) There is a serious problem with the comprehension and/or translations. Here are three examples of erroneous interpretations by the translator.

(i) The Notice of Intent to Deny letter contains the following pertinent statement by Mr. Yo. ''Mr. Yo was then asked if he thought that it was reasonable to accept the answers that he had given and he said he did not.''

Please note that this statement is taken directly from the Notice of Intent to Deny. The only explanation for such a dialogue is that Mr. Yo did not understand the investigator's question or Mr. Yo has some serious competency problems.

(ii) When the INS investigator asked Mr. Yo where Serey Puth was, Mr. Yo responded that Serey Puth, the orphanage director and owner, was out in the country as in the countryside. However, the translator interpreted his answer to be that Serey Puth was out of the country. Serey Puth never left the country during the nine day INS investigation.

(iii) The Chief's wife was asked if any children were abandoned in the village and she stated that there were not. That is true, children from her village had not been abandoned. However, children from other whereabouts had been abandoned to the village.

Review of these examples illustrates how words not properly translated can lead to very unfavorable conclusions.

(d) The Intent to Deny states that a raid was conducted of the Asian Orphanage Association premises. This is false. The Cambodian officials conducted a raid of a medical center, not AOA. Some of the children from the orphanage were being treated at the medical center.

Additionally, the Intent to Deny states that ''accusations of baby trafficking have been levied against the director.'' This too is false! Evidence from the Cambodian newspapers confirm the allegations made herein.

3. Cambodian government authorities are satisfied that their law has been fully complied with.

MOSALVY, a Cambodian governmental entity (Ministry of Social Affairs, Labor, Vocational Training and Youth Rehabilitation) informed the American prospective adoptive parents that they had been approved to adopt specific Cambodian children. Additionally, MOSALVY issued a Certificate of Adoption for each of the children in issue. Had there been any irregularities regarding these children, it would seem that the Cambodian government would have been aware of the problems. Furthermore, if the Cambodian government believes that the Asian Orphanage Association did not comply with Cambodian law, then MOSALVY has the ability to revoke the Certificates of Adoption.

In addition, under the old Cambodian Law, if it was not known where a child was born, the place of birth was picked randomly. In the last year, the law has been changed. Currently, when an abandoned child is found, his place of birth is where he was found. However, at the time that the children were born and registered with vital records, the orphanage director complied with the law of that time—he picked a place of birth.

INS sent Jean M. Christiansen from the INS District Office in Bangkok to investigate the cases. While in Cambodia for nine days, her staff conducted an investigation. Under her pen, INS issued Notices of Intent to Deny to the American families. INS should revoke its Notices of Intent to Deny.

Ms. LANDRIEU. I thank the Senator from Oklahoma. One or two or more of these families are from his home State. He has been such an advocate of adoption and such a tremendous leader in this area. I know he would understand. We will keep the Senate posted and work with the officials from the executive department to see if it is resolved.

My wish to the families is that we could give them Christmas in the United States and get it resolved in the next few days. Perhaps that is possible. If not, we will revisit the issue when we come back in January.

The PRESIDING OFFICER (Mr. REED). The Senator from Oklahoma.

Mr. NICKLES. I congratulate and compliment my friend and colleague from Louisiana for her leadership in adoption, for the statement she just made. Adoption is an issue we have worked on in a bipartisan way, and we will continue to work in a bipartisan way. There are lots of families who are impacted both in the United States and worldwide. My colleague from Louisiana has done a very good job, and I am happy to work with her.

The story last night is heartbreaking. Many of our staff members have been working on these issues for a long time. I compliment her for it.

TERRORIST VICTIMS' COURTROOM ACCESS ACT

Mr. NICKLES. I also compliment Senator ALLEN for his leadership and passage of a bill a few moments ago that will allow closed-circuit TV viewing for the trial of the alleged terrorists. I compliment Senator ALLEN because I know he has a lot of constituents in Virginia and there are a lot of constituents in New York, New Jersey, and California who have a real interest in seeing that justice is done. By passing the authorization bill allowing for closed-circuit TV, he will do that. I compliment Senator ALLEN for making that happen.

UNFINISHED SENATE BUSINESS

Mr. NICKLES. Mr. President, we are getting close to wrapping up this session. We did a lot of good things this year and some things we didn't get done. One thing we did not get done was passage of the stimulus package. That is unfortunate. It became way too partisan. It did not need to be. Recessions are not partisan. We have a lot of people out of work who need help. A lot of companies want to grow. We could have done that.

Senator GRASSLEY worked hard with the Bush administration. There was a lot of movement on this side of the aisle to help pass the stimulus package. It didn't happen. I regret that very much. We could have helped the economy, and we could have helped a lot of unemployed people.

Senator BAUCUS mentioned earlier that he hopes when people come back they are less partisan and more intent on getting some positive results for the American people. That needs to happen. I hope we do not hear: Well, we cannot bring something out unless it passes two-thirds on our side. That does not belong in the Senate. The Senate is a deliberative body, and we should have a chance to try to pass things, and pass them by majority vote. Try to get something done, try to make a positive contribution toward helping the economy, not a strictly Democrat or Republican package, but a package that helps the economy.

The House passed good legislation last night. Not perfect. Maybe we can improve upon it and help our economy and help the unemployed.

As we wind down, there are several nominations that are pending that should be confirmed. It is not fair to this administration. It is not fair to some of these individuals who have been languishing, waiting to be confirmed with no action. There are five district court nominees, Federal judges. We have confirmed 27; if we do 5 more, that will be 32. During President Clinton's first year, we confirmed 27 of 47. President Bush nominated 60. We have confirmed 27, not quite half. We confirmed over half for President Clinton, and if you look at what we did for the first President Bush or what we did for Ronald Reagan, we confirmed 91 percent of Ronald Reagan's judges and a much higher percentage for President Bush. We should confirm more than we have today. There are five on the calendar. There is no reason not to confirm these individuals. We all know they will be confirmed. Why not let them go ahead and assume their duties?

We have a judge from Alabama, a judge from Colorado, a judge from Nevada, a judge from Texas, a judge from Georgia. We have judges from Democrat States and Republican States. Let's not hold these five individuals hostage. We can pass them tonight and I urge my colleagues to help do that.

We also have four U.S. attorneys, from Alabama, New York, Arkansas, and one from New Jersey. They need to be confirmed. They should be confirmed.

We have a couple of marshals who are pending. There is no reason why they should not be confirmed—actually just one marshal and one to be Chairman of the Foreign Claims Settlement Commission. Let's confirm these individuals. Let's do it tonight. Somebody says: Why are you doing it tonight? We confirmed more judges, more U.S. attorneys—all those are always done by voice votes.

We have Janet Hale to be Assistant Secretary of Health and Human Services. Secretary Thompson is entitled to have his Assistant Secretary for Health and Human Services be confirmed. So I urge my colleagues to vote on that nomination or to approve that nomination.

We also have a couple of other positions. We have James Lockhart III to be Deputy Commissioner of Social Security. That is an important position.

In the Department of Energy, we have Michael Smith, actually one of my constituents. He happens to be secretary of energy of the State of Oklahoma. He has been nominated to be Assistant Secretary of Energy dealing with fossil fuels. Secretary Abraham is completing his first year and he doesn't have his Assistant Secretary dealing with fossil fuels. We are now importing about 58 percent of our energy needs and he doesn't even have an Assistant Secretary dealing with fossil fuels.

One of the first bills we are going to be wrestling with next year is an energy bill. We have a commitment from the majority leader that we are going to take up energy early next year. That is great. You would think the administration would be entitled to have their Assistant Secretary to help the negotiations, to help prod Congress along. So I urge my colleagues to approve his nomination. He was reported out of the Energy Committee unanimously, as I believe Beverly Cook was, from Idaho, to be Assistant Secretary of Energy dealing with environment, safety, and health.

Also Margaret S.Y. Chu, of New Mexico, to be Director of the Office of Civilian Radioactive Waste Management, Department of Energy.

There is no reason why we cannot do most of these nominees. Most of these nominees passed by unanimous votes in the committees. Why can't we confirm these individuals?

I urge Senator DASCHLE and Senator REID and others to help.

There are a couple of others who are very important. The Department of State, John Hanford. John Hanford is an individual with whom many of us worked in the Senate for years. He worked for Senator LUGAR. He helped myself and others when we ended up passing the International Religious Freedom Act. Senator LIEBERMAN was a principal sponsor of that, and Senator SPECTER. The administration nominated John Hanford III, of Virginia, to be Ambassador at Large for International Religious Freedom. When you think of the battles we have going on all across the world with religious freedom, and some of it is in Afghanistan and some in Pakistan and some in Sudan where you have individuals who are held captive, imprisoned, enslaved because of their religion, wouldn't it make sense for us to get our Ambassador at Large for International Religious Freedom confirmed so he can go to work and help protect and promote religious harmony and freedom throughout the world? Hopefully, his nomination will be confirmed tonight.

We have several other people in the Department of State who were confirmed by the Foreign Relations Committee unanimously who should be confirmed tonight. Many of these were just reported by the committee, by Senator BIDEN. I thank him for doing that. I am looking at John Ong, who is to be Ambassador to Norway and John Price to be Ambassador Extraordinary to the Republic of Mauritius; Arthur Dewey, of Maryland, to be Assistant Secretary of State for Population, Refugees, and Migration.

Some of these, again, were just reported out. I thank my colleagues. We should be able to get those through as well, not to mention Gaddi Vasquez, of California, to be Director of the Peace Corps.

I mention these. These are not all. I did not mention Gene Scalia. I would really urge my colleagues—Gene Scalia has been on the calendar. He was nominated in, I believe, April, one of the earliest nominees of this administration, to be Solicitor of the Department of Labor. Secretary Chao is entitled to have a Solicitor. One of the most important positions in the Department of Labor is Solicitor. He has to make all kinds of rulings. It is very important that she have her Solicitor. I urge my colleagues, let's have a vote. If we cannot have it today, let's have it in January; let's vote up or down.

Somebody said we may have to file cloture. I can think of several people, including the previous Solicitor of Labor, to whom many on this side might have had a philosophical objection, but we did not require cloture. You should not require cloture on most nominees. You should not require cloture hardly ever on nominees unless they are really out of the Main Street. We had a vote on Joycelyn Elders and I opposed that nomination very significantly, but it was an up-or-down vote.

I think people are entitled to have a difference of opinion and have a debate. If we have a difference of opinion, let's discuss it. This is the Senate. But to not allow somebody to have a vote and hold their careers in limbo for an unlimited period of time, it is not fair to them, and I don't think it makes the Senate look very good.

Again, I urge our colleagues to move forward on Gene Scalia, to move forward on some of these other nominees,

many of whom, I hope and expect to be confirmed tonight. I hope they will. I urge the leadership on the Democrat side to work with us and see if we cannot clear up as many nominees as possible, confirm as many nominees as possible on the Executive Calendar.

I yield the floor.

The PRESIDING OFFICER. The Senator from Ohio.

ECONOMIC STIMULUS

Mr. VOINOVICH. Mr. President, I rise to express my disappointment that the Senate did not have an opportunity today to vote on the White House and Senate Centrist Coalition compromise on the economic stimulus package to aid dislocated workers. I think the stimulus package, if passed, would have made a real difference for the American people. It would have helped individuals and families. It would have helped create jobs, or at least maintain jobs. And it would have responded to the needs of laid-off workers and their families.

Early this fall, when it became clear to me that our nation was in recession, I decided to get actively involved in developing and advocating a stimulus package. I recognized the package that was coming out of the House could not get through the Senate because it wasn't balanced. So I gathered together with my other colleagues in the Centrist Coalition. Six of us from the Coalition were the ones who really were the nucleus of it—I was one of them with OLYMPIA SNOWE and SUSAN COLLINS, and on the Democrat side there was JOHN BREAUX and two of my colleagues who were former Governors, ZELL MILLER, who was a former Governor of Georgia, and BEN NELSON, the former Governor of Nebraska.

We decided we would try to put something together that would be fair, and that would respond to the need to stimulate the economy, and at the same time, respond to the human needs that we see throughout this country. We wanted to try to work something out, and see if we could get something through Congress and particularly through the Senate.

We worked very conscientiously on that package. We finally were able to get the ear of the White House and got them to be part of this compromise package. Yesterday we were able to convince the leadership in the House of Representatives that it was a fair package, although a far cry from the package they had adopted. We had hoped that, somehow, miraculously, maybe, we would have had an opportunity to vote on that package in the Senate.

The Republican leader, Senator LOTT, talked about the fact that maybe during the period of time we are in recess, pressure will build up and maybe we will get a bill passed. Or maybe the pressure will not be out there and we will not need to pass a piece of legislation. However, I am here to tell you that this legislation is needed now.

This afternoon I met with about 50 steelworkers from Cleveland, OH, from LTV steel. That company is in bankruptcy. Their jobs are gone and they are displaced. They are petrified because they do not know how they are going to be able to take care of their medical costs. Their company had a health plan, but COBRA is no longer an option because the company is out of business. They are worried about how they are going to provide health care for their families. They will get their unemployment benefits, but they are really concerned about how to pay for their health care coverage.

I pointed out to them that the stimulus package the Centrist Coalition put together would subsidize their health care to the tune of 60 percent. They were pleased to learn that their was hope that someone would help them, that they could get insurance for their families to get them over this very difficult period. I can tell you: they are frightened.

I think so often when we talk about stimulus packages, we get caught up in the dollar amounts and we don't talk about real people. That is what this is about. For example, the rebate program that is in our stimulus package would provide help to some 38 million low-income workers who didn't qualify for rebate checks the last time around. Those rebates would mean $13.5 billion would go into the pockets of those individuals to help them with their problems. And I am sure it would help stimulate the economy because they would likely spend that money.

Some describe the reduction in marginal rates as an awful thing because of the fact that we would reduce the marginal rate from 27½ down to 25 percent. I would like to point out that we are talking about single people who make between $28,000 and $68,000, and married couples who make between $47,000 and $113,000. That is about one-third of the taxpayers in this country, some 36 million people, who would have benefitted if we had gone forward with these rate reductions. Between the 38 million beneficiaries of the rebate checks, and the 36 million who would benefit from the reduction in marginal rates, a total of 74 million Americans would have been able to take advantage of this package.

The thing I would really like to concentrate on is the part of this package that deals with health care. When we got started debating the stimulus package, the House passed a package that had something like $3 billion for health care. Likewise, the President's package had also had $3 billion. Our centrist package had $13.5 billion. The Democratic Finance Committee proposal was $16.7 billion. At the end of the day, the Centrist Coalition and White House compromise package had $21 billion in it for dislocated workers' health care, money for the States for national emergency grants, including $4 billion to the States for Medicaid funding.

Now I would like to talk about what we do for displaced workers.

First of all, we include an extension of 13 weeks of unemployment benefits—benefits that would be available to those who became unemployed between March 15, 2001, and December 31 at the end of next year. An estimated 3 million unemployed workers would qualify for benefits averaging about $230 a week. Those extended benefits would be 100-percent federally funded at a cost of about $10 billion to the Federal Government, so States wouldn't have to pick up the tab.

The bill would allow states to accelerate the transfer of $9 billion from State unemployment trust funds so they could distribute that money earlier than now possible. This transfer of money, which already belongs to the states, would help State treasuries, which are in dire straits today. This proposed advance would provide the States with the flexibility to pay administrative costs, provide additional benefits for part-time workers, adopt alternative base periods, and avoid raising their unemployment taxes during the current recessionary times.

Next, let us look at health care benefits.

The Centrist Coalition and White House compromise proposal includes $19 billion in health care assistance for dislocated workers.

It provides a refundable, advanceable tax credit to all displaced workers, who are eligible for unemployment insurance, for the purchase of health insurance—not just individuals who are eligible for COBRA coverage.

Individuals with access to health insurance through a spouse wouldn't be eligible and couldn't get the credit.

However, the credit is available to unemployed people who do not have access to coverage through COBRA, since their employers did not provide health insurance or their employer went out of business. Under this bill, these individuals would have been able to get a 60-percent subsidy of their health insurance costs without any cap on the dollar amount of subsidy.

The proposal also includes reforms to ensure that people have access to health insurance coverage in the individual market. If a person has 12 months of employer-sponsored coverage, rather than 18 months as under the current law, health insurers are required to issue a policy and not impose any preexisting condition exclusion. In other words, if someone has a preexisting exclusion for which they would ordinarily be disqualified from getting health insurance, this reform requires that they be able to obtain health insurance.

The Centrist and White House proposal also includes $4 billion in enhanced national emergency grants for the States which Governors could use to help all workers—not just those eligible for the tax credit. They could use this to pay for health insurance in both public and private plans. In other

words, we would be paying $4 billion out to the States so they can reach out and help people in their respective States who are not covered by some of the particular provisions in the stimulus package.

Last if not least, the centrist package provides a $4.6 billion, one-time grant to assist states with their Medicaid programs.

I worked with the National Governors Association and the Bush administration to try to get them to understand that the State governments are not like the Federal Government. States are in deep budgetary trouble because they have to balance their budgets every year. The money isn't there for them to take care of the many needs they face. This $4.6 billion grant would have gone out to the States to help them provide Medicaid for the neediest of our brothers and sisters. In many States they are going to have to cut Medicaid payments because they simply don't have the money since their State treasuries are in such deep financial trouble.

I hope my colleagues understand that this is not some kind of a game. We are talking about real human beings.

This morning at a press conference, one of the reporters said to me: I understand the problem with this stimulus bill is that the majority leader has a problem with the philosophy of it.

I said that this bill responds to most of the concerns that have been raised by my colleagues from the other side of the aisle.

Think about it. When was the last time Congress gave serious consideration to providing health care to unemployed workers? I don't ever recall such consideration before. But this time, we have been able to get a Republican administration and a Republican House of Representatives to consider providing health insurance to unemployed workers. That was a breakthrough in terms of dealing with the unemployed and displaced workers in this country.

I happen to believe that if this proposal had come from the other side of the aisle and not from the centrist coalition and the White House, many of my colleagues on the other side of the aisle would have been very much in favor of this proposal.

I am hoping, as we all go home and look into the eyes of the people who will come and see us because they have lost their jobs, and are panicked about health care for themselves and their families, that we start to understand we have an obligation to touch their lives. And to do this, the first thing we need to do when we come back to this chamber is pass a stimulus package that addressed the needs of unemployed men and women. We need to restore people's faith in their economy and restore people's faith that we do care about them.

The thing that really bothers me about our failure to pass a stimulus package, is that so many people anticipated we would do so. They really did. They were counting on us, as did the financial markets. I think from a psychological point of view, we have really done a disservice to the American people, particularly at a time when we are all going home to celebrate Christmas and the holidays.

What a lousy Christmas present we are giving to the people of America. Shame on us. I hope when we come back in January that we will make it up to them. They need our help.

I yield the floor.

I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The assistant legislative clerk proceeded to call the roll.

Mr. DASCHLE. Mr. President, I ask unanimous consent the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

THE HOUSE ECONOMIC STIMULUS PACKAGE

Mr. DASCHLE. Mr. President, when people become doctors they take the Hippocratic oath which, among other things, instructs them to ''First, do no harm.''

Maybe our Nation's leaders in Washington need to take a similar oath if they intend to operate on the economy.

Sadly, our friends in the Republican Party are steadfast in their insistence that we enact legislation that would harm our economy. Their plan takes more than $200 billion out of Social Security and uses it mostly for tax breaks for wealthy individuals and profitable corporations. It will do little to stimulate the economy, and even less for the millions of newly unemployed Americans. Their plan will not make the recession better, but it will make the deficit worse. This impasse is regrettable—and it was completely avoidable.

Immediately after September 11, it became clear that the attacks dealt our economy—which already was slowing—a devastating blow. We all agreed—Democrats and Republicans, House and Senate—that America needed an economic recovery plan. And Congress had a responsibility to pass such a plan.

We asked the best financial thinkers in the country, economic leaders, such as Chairman Greenspan and Secretary Rubin: What should such a package contain?

Their advice led to the development of a set of bipartisan principles for an economic recovery plan. Those principles were endorsed by the chairmen and ranking members of the Budget Committees in both the House and the Senate.

Rather than work together to develop a plan based on those principles, Republicans in the House chose to withdraw from bipartisan negotiations and pass their own highly partisan economic plan.

The experts we consulted told us that the problem with the economy right now is that corporations have too much capacity and that consumers have too little cash. That is it in a nutshell: Corporations have too much capacity; consumers have too little cash. So we developed a plan to address those problems.

The plan we put together included tax cuts for businesses that invest and create jobs in the near future. It had tax rebates for people who were left out of the first round and unemployment and health benefits for workers who have lost their jobs in this recession and as a result of the September 11 attacks.

Our plan did what economists say needs to be done—no more, no less. And it met the bipartisan standards agreed to by the budget leaders in both Houses.

Early this morning the House passed a far different plan. Their plan speeds up the tax cuts Congress passed last summer—months before the terrorist attacks. Their tax cuts give most of the benefits to the wealthiest individuals, and they will get those tax cuts not just next year, but the year after that, and the year after that, and the year after that. That is the first part of their plan.

The second part of the House Republican plan is to take the biggest corporations in America and give them billions of dollars in new tax breaks. Some profitable corporations would get permission not to pay taxes at all.

Under their plan, companies such as Enron would get hundreds of millions of taxpayer's money. Republicans are not proposing to do that for police officers, for firefighters, for postal workers. They are not proposing it for hard-pressed, hard-working families. Maybe it would help if they did, but they are not.

They are proposing it for the biggest corporations in America, with no strings attached. The corporations do not need to create a single job to get this gift. They can lay off workers and still not have to pay a dime in taxes under the Republican plan. That kind of plan does not help the economy, and it does not help workers.

Since September 11, nearly a million American workers have lost their jobs. Eight and a half million Americans are now out of work.

Often, the biggest worry when Americans lose their jobs is how to pay for their health care. The average cost of keeping health care coverage is half of the average monthly unemployment check, half of a family's total monthly income. That is why only 20 percent of workers who are eligible for COBRA coverage purchase it. Most simply cannot afford it.

The plan passed by the House provides an inadequate tax credit for individuals to buy health care, and it leaves many of them at the whim of the private insurance market.

Under their plan, health insurance will remain out of reach for millions of

laid-off workers. The credit would require a parent to spend, on average, a quarter of their unemployment check for COBRA coverage. For most individuals not eligible for COBRA, the price tag would be even higher.

One million displaced workers—part-time workers and recent hires—do not even qualify for assistance under the plan.

Survivors of victims of September 11 do not qualify for assistance under their plan. Employees, whose hours have been reduced and who have lost their health care as a result, do not qualify for their plan.

Their individual tax credit discriminates against older and sicker workers. An insurer can refuse to cover a sick worker, can charge exorbitant prices based on age and health, and can refuse to provide coverage for such basic needs as pregnancy, prescription drugs, or mental health.

All the worst practices of the insurance industry are fair game in their bill. What is worse, it would actually discourage laid-off workers from taking a new job. Under the plan passed by the House, the moment an individual goes back into the workforce, they lose their eligibility for the insurance premium tax credit.

Say a recently laid-off worker has a sick spouse; if he wants to go back to work, he can't because his new job may not offer health insurance for his wife. He would have to choose between freeing himself from unemployment and losing health care his wife needs.

That is their plan for health care. It gives workers insufficient help, and it discourages responsibility in the process.

On jobless benefits, Republicans say their plan extends jobless benefits for all laid-off workers. But it doesn't. More than half of America's laid-off workers held part-time jobs over recent hires. They paid into the unemployment system, but the House plan leaves them out.

A week ago, the whole world paused to remember the victims of September 11, but the House-passed plan forgets the economic victims of those attacks, and that is wrong.

Three days after September 11, we passed a $15 billion airline bailout package. Democrats tried to include help for laid-off workers in that plan. We were told: Now is not the time. There will be another chance soon. We are going to consider airline security. We can help workers then.

Reluctantly, we agreed to wait. We tried to include our package of help for workers on airline security. Again, Republican colleagues filibustered. Again, they said: This is not the time. We still need to pass an economic stimulus package. We will help workers then.

We took them at their word. We included jobless and health benefits for laid-off workers in our economic recovery plan. But instead of joining us, Republicans voted to kill our proposal. They said that helping workers is not an emergency. We have waited. We have compromised.

At Republican insistence, we dropped the measures to strengthen America's homeland security from our plan, even though we believe such measures are essential to restoring confidence in our safety and our economy. We said: We are willing to support larger tax cuts to let businesses write off more of their investment costs.

We also made a significant concession on health care. We believe the best approach is to provide laid-off workers with a direct subsidy to help pay for COBRA premiums. But in the name of compromise, we said we would be willing to move toward the Republican approach again and again. We are willing to adopt an employer tax credit as long as it will work and as long as it will pay 75 percent of health care costs. We even said we will discuss additional tax cuts, such as the Domenici payroll tax holiday, the charitable choice legislation, and others, as long as Republicans agreed to help workers. We made concession after concession after concession to try to get an agreement both sides could support and the President could sign.

We have been willing to compromise on every part of this plan. The only issue we couldn't compromise on was our fundamental principle: We could not support a plan that does not adequately protect workers or help our economy.

By insisting once again on a bloated package of tax cuts that lack real help for workers, the bill that passed in the House indicates that perhaps Republicans were never serious about achieving a negotiated compromise in the first place.

Instead of political theatrics, instead of writing another bill with no chance of passing the Senate, instead of finger pointing and casting blame, we need to come together and pass a real economic recovery plan. We need to pass a bill that helps the economy, helps workers, and meets the standards that we all agreed to at the beginning of this process. At the very least, we need a bill that first does no harm.

We may have missed our opportunity to get it done this year. If that is the case, it is regrettable. But we will again try. We will do all that we can to get it done early next year, as we should.

Mr. KENNEDY. Mr. President, it has been over three months since the terrorist atrocities of September 11. Since that day, the Nation's workers have been among the Nation's most respected heroes. They have come together in the face of new challenges, risking their lives in the rescue and recovery efforts, and in too many cases, losing their lives. Our hearts are heavy with those losses.

Our Nation's workers have come together, and the American people strongly support our efforts to give them the support and assistance they deserve. But our Republican colleagues in Congress have stalled our efforts to help these heroic workers. Senator DASCHLE proposed an effective and balanced plan to stimulate the faltering economy. It had a majority of support in the Senate.

The provisions had the support of the nation's most preeminent economists, including nine Nobel prize laureates. But our Republican colleagues refused to even debate it. They said it wasn't an ''emergency.''

Listen to what the economists say. They say the House Republican proposal ''will do little to assist a near term recovery and is likely to undermine growth in the economy.'' But also listen to what our values say, that we cannot abandon our fellow citizens in their time of need. If there is any lesson from the tragedy of September 11, it is this: that we are one American community, and the backbone of that community comes from average Americans.

Millions of members of that community are hurting today because they lost their jobs. Yet, our Republican friends repeatedly say no to the very actions that would help these families and strengthen our economy at the same time.

Democrats tried to negotiate in good faith, but Republicans have been unwilling to support any recovery package unless it contains tens of billions of dollars for new tax breaks for wealthy individuals and corporations that will jeopardize the nation's long-term fiscal health and threaten Social Security and Medicare. We cannot let Republicans hold laid-off workers hostage to these irresponsible and costly tax breaks.

Republicans have also refused to agree to a proposal to provide real health insurance to the victims of this terrorist attack and the current economic downturn. Instead, they offer only inadequate plans that leave workers with sky-high premiums for meager health benefits, and that leave behind the survivors of September 11 and many other of our most vulnerable workers.

The Democratic economic recovery proposal puts money in the hands of the people who will spend it immediately.

We strengthen unemployment insurance, and guarantee affordable health care to laid-off workers on the front lines of the economic battle. These workers deserve no less.

Every day that we fail to pass a stimulus package, we fail to help more laid-off workers. The unemployment rate is now 5.7 percent, a 33 percent increase since the recession began. Over 8 million Americans will start the year out of work, through no fault of their own. Millions of Americans are left with no paycheck and no golden parachute. We cannot accept a plan that fails these workers.

Health premiums can cost nearly $600 a month for a family—most of an unemployment check. That is why only

about one in five laid-off workers today continue their coverage, even if they are eligible. Our plan covers 75 percent of the health care premium for those who are eligible to continue their coverage, but can't afford the cost.

Some workers are not eligible for any continuing health plan. Our plan also allows states to cover these vulnerable workers. Taken together, our plan ensures that men and women who lose their jobs don't have to worry about losing their health insurance as well.

Our plan also provides fiscal relief to the States, which face serious budget shortfalls, yet must meet yearly balanced budget requirements. We increase Medicaid payments, so that States don't have to cut back on coverage, just as more workers need help. The head of the Republican Governors' Association, Governor John Engler, said without this plan, a stimulus package is ''robbing Peter to pay Paul, because States will have to cut critical services, stifling the positive effect of any stimulus measures enacted at the federal level.''

Our Democratic plan assures 13 weeks of extended unemployment benefits for laid-off workers.

The current recession is already 9 months old, and the two million workers who have run out of unemployment insurance benefits should not have to continue to wait for our help.

Our plan also makes part-time and low-wage workers eligible for unemployment benefits. In 1975, on average, 75 percent of unemployed workers received unemployment benefits. Last year, the figure was only 38 percent. Expanding coverage to include part-time and low-wage workers will benefit more than 600,000 more of those who have been laid-off, and it will also provide additional economic stimulus.

In addition, our plan supplements the current meager level of unemployment benefits, which do not replace enough lost wages to keep workers out of poverty.

In 2000, the national average unemployment benefit only replaced 33 percent of workers' lost income, a steep drop from the 46 percent of workers' wages replaced by jobless benefits during the recessions of the 1970's and 1980's.

During an economic crisis, unemployed workers have few opportunities to rejoin a declining workforce. They depend on unemployment benefits to live. Adding $150 a month to unemployment benefits will stimulate the economy and help these laid-off workers support their families while they look for a new job.

While Democrats have been negotiating an economic recovery package in good faith, the House Republicans pulled the rug out from under those negotiations. They walked away from the negotiating table, made harsh personal attacks against our Democratic leader, and brought a separate Republican bill, largely a repackaging of the previous bill—back to the House floor.

The latest GOP plan is not an effort to stimulate the economy or help workers. It is a Republican game of political hot potato, to avoid blame. They do not deserve credit for a misguided plan that does nothing for the economy and nothing for workers.

The latest House Republican bill fails the economy. It fails the states, which are struggling to balance their budgets. It fails the millions of workers who have been laid off through no fault of their own and are struggling to keep a roof over their families' heads and food on their tables.

What it will do is blow a deep hole in our economy, estimated at $250 billion, adding to deficits already expected next year. All of it will have to come from the Social Security Trust Fund.

Our Republican colleagues are more concerned about helping wealthy corporations and individuals than about stimulating the economy or assisting laid-off workers. The new House Republican bill continues to gut the corporate Alternative Minimum Tax. They refuse to offer any true help for workers, but wealthy corporations will receive a promise that they won't have to pay any income tax in future years.

The Republican bill also provides new tax reductions for wealthy individuals. Only the top quarter of American families will receive any benefit from these rate reductions and only the top 4.4 percent will receive the full benefit.

The House bill also maintains a 30 percent bonus depreciation over the next 3 years, even though nobody believes the recession will last 3 years. With no incentive for immediate action, companies will not invest, now when the economy is weak. Instead, they will get windfalls in later years.

At the same time, states will suffer revenue losses for the full 3 years of this proposal, on top of the $35 to $50 billion budget deficits they are already facing.

The Republican bill drains money from States, but it provides little fiscal relief. Since states must balance their budgets even in recessions, the Republican plans will force still-larger budget cuts. These losses in revenue will almost certainly result in deep cuts for Medicaid, education, and other vital State and local services.

The Republican bill clearly shortchanges workers. It does little to provide unemployment benefits or affordable health care for laid-off workers.

Perhaps the best and purest form of economic stimulus is to increase unemployment benefits for families, because they are sure to spend it quickly.

Yet, the unemployment insurance provisions in the bill passed by the House do not accomplish nearly enough. The bill leaves out hundreds of thousands of low-wage and part-time workers who have paid into the unemployment fund, but are not eligible for benefits under it.

The Republican plan fails to raise the meager level of benefits, which currently replace half or less of an individual's lost wages. A few weeks ago, the chairman of the Ways and Means Committee proposed temporarily suspending income taxes on UI benefits as a way of raising these meager benefits. That step would be slower and less inclusive than a benefit increase, but at least it acknowledged that we need to raise benefit levels. However, even that tax suspension has been dropped from the latest Republican bill. Instead, that bill provides funding for unemployment insurance that will most likely be used for employer tax cuts, and to boost trust fund reserves instead of worker benefits.

The Republican health proposals are also an empty promise to millions of Americans. Their plan leaves out hundreds of thousands of unemployed workers. It excludes the survivors of the September 11 attack. It excludes low-wage and part-time workers. Even for those are eligible, it provides an inadequate subsidy that most workers can't afford to use.

The Republican plan leaves deserving Americans who are not eligible for COBRA to the flawed individual insurance market which charges thousands of dollars for inadequate benefits. Their plan does not prevent HMOs and insurers from discriminating against sick and older workers, or from charging unlimited premiums.

In these difficult economic times, it is wrong to ignore the needs of working families. It is wrong to repeatedly help our Nation's most prosperous firms, while ignoring the needs of millions of workers.

It is wrong to tell workers, who have been laid off that they don't deserve unemployment benefits. It is wrong to tell hard-working men and women that the price they must pay for the terrorist attack is to go without the health care they need and deserve. It is wrong to offer only an empty promise with unlimited premiums. It is wrong to enact a stimulus plan that says yes to the greedy and no to the needy.

It is time to end the suffering of the millions of families who have lost jobs and health insurance in this economic downturn. It is time for Congress and the President to listen to the voices of working families, instead of powerful special interests.

Over the past 3 months, Congress has acted to help affected industries receive the assistance that they need. Businesses have also received stimulus after stimulus from the Federal Reserve which has cut interest rates 11 times. But business clearly has excess capacity today. Providing more benefits to business is not what will help this country recover most effectively.

Economic recovery will come best and quickest helping unemployed workers pay for their groceries, their mortgage and their health costs. We reject the Republican proposals, because we cannot accept a plan that fails so many millions of workers. We owe it to all the Americans who have lost their jobs to provide the support they need and deserve, and to provide it now.

Mr. ALLARD. Mr. President, at the beginning of this year we passed a series of tax cuts. This was a strong action in favor of hardworking Americans. With the recent slowdown in the economy, we must again act, and act quickly, for the American worker. Historically, Congress has failed to act quick enough to provide economic relief when it is needed. Let us not repeat this error. It is imperative that we now take this opportunity to act in unison to provide the American people with the assistance they deserve.

Several economic stimulus packages have been proposed. The House has recently passed a stimulus package that I feel will give the economy a much needed boost and provide dislocated workers with the temporary assistance they require. I, as well as many of my colleagues, have some reservations about certain items contained in this package. But for the sake of the economy and the American worker we must take quick and decisive action now. Overall, this stimulus package is a positive and much-needed step in the right direction.

We must provide aid to dislocated workers. In times of a slow economy, many hardworking Americans are forced from their jobs through no fault of their own. It is of the utmost importance that we provide the support these hardworking Americans deserve. This package provides around 20 billion dollars in aid to these displaced workers, which includes a measure that will provide a 13 week extension to unemployment benefits, supporting American individuals and families in their time of financial hardship. This also provides support to Medicaid. This assistance is a temporary and much needed helping hand to those whose families and way of life are currently threatened by the recent economic downturn.

When we have taken care of these dislocated workers, we must look forward to what lies beyond the realm of short-term relief. History has shown us time and time again that overall economic growth is one of long term planning. Here we have the opportunity to provide the economy with a short and long term boost via a 10 year investment stimulus package. This would provide almost $160 billion worth of support, through the year 2011, to small businesses and taxpayers. This package calls for increased tax cuts for individuals, $60 billion of tax relief in Fiscal Year 2002 and $112 billion over the next 10 years. This package will provide health care tax credits so that displaced workers and their families do not go without medical coverage. Furthermore, this package provides increases in investment opportunities and net operating loss flexibility for small businesses.

This package, aptly named Economic Stimulus and Aid to Dislocated Workers, is a good start. In the future, we will need to return to these issues. We will need to provide more incentives for long term economic growth and development. But our immediate action on this package is crucial. We must act now, we must pass this stimulus bill before Christmas, because this is what the American people need and deserve. I have commended my colleagues on the passage of the education school reform bill; a bill that leaves no child behind. We must now ensure that American families, workers, and the temporarily unemployed are not left behind. The President proposed an economic security package in October. Now I stand before you in December and tell you that the American people can wait no longer. We must support our economy and our unemployed workers now. I humbly ask my fellow Senators: Put aside your differences and vote in unison for the economy, for hardworking displaced Americans, and for the American family.

Mr. KERRY. Mr. President, at a time when so many Americans are out of work, with out Nation at war and with, appropriately, calls for national unity, I regret to say I have to come to the floor to address what I feel is the ultimate breakdown on unity. Rather than delivering a responsible stimulus package that is targeted and temporary, my colleagues on the other side of the aisle have been working overtime to turn a legitimate policy debate into a personal exercise in demonization. They have worked hard to turn a battle of ideas into a battle of name calling. And their focus has been our leader TOM DASCHLE. They have called him obstructionist—partisan—divisive—and worse.

Now let me make clear for the record, I'm not worried about TOM DASCHLE. He's tough and resilient like the South Dakota prairie. He won't buckle, he won't shrink from their charges, and TOM DASCHLE knows that truth wins out in the end. He knows that what a different wartime leader, Abraham Lincoln, said is still true: ''If the end brings me out all right, what is said against me won't amount to anything. If the end brings me out wrong, ten angels swearing I was right would make no difference.'' By that measure, TOM DASCHLE will do just fine. But let's be honest. This really isn't about TOM DASCHLE. It's about a Republican Party that knows their agenda won't stand up to the light of day and so they need to make the debate about something else.

Can't pass drilling in an Arctic Refuge on its merits? Then do it because you're patriotic. Can't do that? Attach it to a ban on human cloning. Have that cynical effort rejected almost unanimously, then just blame the Democratic Leader. Can't ram backloaded, retroactive corporate tax giveaways through Congress while ignoring workers? Well, that must be because TOM DASCHLE is a partisan. Better to demonize the Democratic leader than acknowledge that your stimulus bill is unacceptable because it won't stimulate the economy. Better to attack TOM DASCHLE than admit that your bill is an insult to the working, everyday Americans who've been honored in words countless times since September 11th but insulted by the first so-called stimulus bill that the Republican House passed by one vote. Then, Senate Republicans prevented a vote on a balanced package put together by the Fiance Committee.

Now, the House is set to vote on a supposed ''bipartisan compromise''—''bipartisan'' because it may likely get 51 or 52 votes here in the Senate. But it is not a stimulus bill. It's a tax cut bill that will spend $211 billion over the next five years, with more than half of that cost coming after 2002, when the administration believes that the economy will have already recovered. A ''bipartisan'' bill is not one that barely gets enough votes for passage. A bipartisan bill is one like the education bill we passed yesterday, which received 87 votes. We were statesmen when we passed—almost unanimously—an emergency spending bill, a use-of-force resolution, a counterterrorism bill, an airline industry bailout, and an airport security bill that will make the skies safer for millions of Americans. But in a Senate as closely divided as this one, to call a bill ''bipartisan'' that gets two or three Democrats to vote for it is laughable.

There are still other ways in which statesmanship can be exercised. Statesmanship can be resisting bad ideas that take advantage of national emotion to do unacceptable special interest favors for a favored political constituency. That, regrettably, is what the Republican stimulus bill is all about, although they will tell you it is for workers. But they do nothing to expand unemployment insurance to the many thousands of laid-off workers who are not currently eligible for benefits, and their ideas for health care simply will not work. And so we find ourselves divided—not because TOM DASCHLE is an obstructionist, but because a decades-old partisan agenda which was on its last legs before September 11th has been revived under the guise of economic security. Average Americans are being denied unemployment insurance and health care because Republicans want to hold out for more for those who are doing fine as it is. So we have an impasse—we are fighting for everyone to be treated fairly—they're fighting to reward those already rewarded with no guarantee it will be spent or invested in a way that has any immediate stimulative impact on an economy that needs it. No wonder they'd rather just attack TOM DASCHLE—it is easier than dealing in the truth and moving this economy forward and helping America's workers.

It doesn't need to be this way. In early October, three weeks after the terrorist attacks, Democrats and Republicans in the House and Senate agreed to a list of bipartisan principles for stimulus. These included the belief that the package should be temporary,

help those most vulnerable, impact the economy quickly, be broad-based, and include out-year offsets. The Republican leader of the Ways and Means Committee in the House abandoned those bipartisan negotiations in order to push through his own partisan package by one vote. It is his truculence, and the insistence of the Republicans that we reduce the corporate Alternative Minimum Tax and cut individual tax rates even more than we did in June, that have led directly to the situation we find ourselves in today.

Mr. President, 700,000 Americans lost their jobs in October and November alone. The unemployment rate is not at 5.7 percent. The country is at war, we have an economy in negative growth, and we are on the verge of returning to an era of deficits after finally putting our fiscal house in order. We should not be passing large, permanent tax cuts unless we can be certain that the cuts will have a stimulative impact. The tax cuts proposed by most Republicans would not have that effect, since most of the costs occur after 2002. Again, this is not a stimulus bill—it is a $200 billion tax cut disguised as a stimulus bill. I still hope that the Senate can work to develop a bipartisan agreement, and I commend my leader for his continued efforts. We owe it to working Americans everywhere to pass a responsible bill. We know that a real stimulus bill should contain some tax relief for businesses, provided that it will help spur new investment or address temporary cashflow concerns. We know that we should provide some temporary tax relief to those families who are likely to spend the money, thus helping generate some additional demand. We know that we need to help unemployed workers make ends meet, and make sure that they don't lose their health insurance as a result of the ripple effects from the terrorist attacks of September 11th.

And we know that we need to temporarily offset some of the impact of the current downturn on the states, by increasing the federal Medicaid matching rate, or FMAP. Let's be clear: Laid-off workers cannot contribute to economic recovery. The answer is not to sit back and wait for economic benefits to trickle down to workers already thrown off the job. Instead we must invest in health care, unemployment insurance, and worker retraining to help put money in their pockets and bring dislocated workers back into the economic mainstream of this country. We need to do that even if we can't agree on how to boost the economy through tax cuts. That's why I introduced the Putting Americans First Act, to take these worker protections out of the stimulus debate and provide a guarantee of immediate relief for those who have been hurt by the economic recession. The legislation would empower the states to expand unemployment compensation and health insurance coverage and provide help to states in which welfare caseloads are sharply increasing.

Common sense and common decency tells us now is not the time for a corporate grab-bag of tax cuts, or for revisiting a debate about future marginal tax rates—particularly when these rate cuts would do nothing for more than three-quarters of the population. It is incumbent upon us to act in the best interests of our country as a whole, not in the interests of a select few. All Americans want to see this economy get moving again, and no Americans want to see this country begin a new chapter in our history where we hold back health insurance and unemployment benefits in tough times because Democrats won't agree to further permanent tax cuts.

Let's put things straight and meet the objectives of the American people and not the objectives of an ideological minority, and let's stop demonizing those who disagree with us. We owe the American people better than what they have been given at one of the most important times in our Nation's history, and it's time the Congress delivered.

Mr. HUTCHINSON. Mr. President, there is no question that we are now in the middle of a recession. Even before the terrorist attacks 3 months ago, economic growth had slowed dramatically and unemployment was rising. Since September 11, the number of payroll jobs has declined by an average of 314,000 per month, unemployment has increased by an average of 392,000 per month, and consumer confidence is at its lowest level in 7 years.

In response to their pessimistic mood and uncertainty about the future, consumers stayed away from shopping centers and retail sales fell by 2.4 percent in September, the largest one-month drop since 1987. In Arkansas, more than three-fourths of employers indicate they have no plans to expand in the next 6 months, whether by adding jobs, making capital investments, or seeking new business opportunities. On October 5, the President publicly urged Congress to send him an economic stimulus package that encourages consumer spending, promotes business investment, and helps dislocated workers.

The House of Representatives has now twice passed economic stimulus legislation. I ask you, Mr. President, how many more Americans have to lose their jobs? How many more businesses have to file for bankruptcy? How many more families do we have to see turned away from their own doctor's office because their medical insurance has run out before we put petty politics aside and do something to help those that so badly need our help.

I have received hundreds of letters, e-mails, faxes, and phone calls from people all over my home State of Arkansas, as I'm sure have all of my colleagues, from people who need our help and need it now. Take for example an e-mail I recently received from a constituent in West Memphis who wrote:

I am one of the 450,000 Americans who were laid off before the September 11th attack, and I am going to need extended unemployment benefits.

My plant in Forrest City is in the process of closing. My last day was July 27. Since then, I have spent several hours a day trying to find another job. Things are tough right now. Plus, I have another problem—I am a few years away from retirement. I'm too young to retire but too old to get another job. I know that age discrimination is against the law (wink, wink), but the truth is that not even the government will hire a sixty year old.

In a couple of months, my $300 a week unemployment will run out. When that happens, I will have to dip into my retirement funds—if there's anything left by then—to pay the bills. An extension of benefits will help some, and would be appreciated. What I want more than government help, however, is a job.

If your staff knows of agencies, websites, etc., which specialize in senior jobseekers' need, I would appreciate knowing about them. I have a lifetime of knowledge and experience to offer a company, and I have kept up with the latest philosophies of manufacturing, as well. There are just more people than jobs right now.

This is NOT how and when I expected to retire!

Best Wishes—Mike

Some simply write and say: ''Please, I urge you help get an economic recovery bill passed now.''

While each person has their own individual story to tell about the effects this recession is having on them, they are all saying the same thing: We need help now! We don't have time for you to play politics with this one. People's lives and livelihoods are at stake.

One of, quite possible, the only good things to come out of the horrific terrorist attacks that occurred on September 11th is that we saw, even if for a limited time, real bipartisanship occur here on Capitol Hill. Well guess what . . . the American people saw bipartisanship in action and now expect it, and deserve it, every day. Bipartisanship was once a word that was only spoken by those in political office. It is now being used by nearly every person that contacts me. We need to listen to these people and do what they sent us here to do. We need to work together today, not a month from now, and send to the President an economic stimulus package before we go home for the year.

A constituent of mine recently wrote me and said: ''Please quit bickering and pass an economic stimulus package. Senators, it seems that the 'ball is in your court'. Thank you, and God Bless America.'' I think he summed it up rather nicely.

Mr. President, the ball is in our court, and we need to do something with it. We need to pass an economic stimulus package today.

Mr. ROCKEFELLER. Mr. President, I rise today to express my serious disappointment that we could not reach agreement on a stimulus package that would both help America's workers and encourage immediate business investment to strengthen our economy. I intend to keep fighting for real help for the workers who have lost their jobs

and need health care coverage until they get the assistance they need.

I think an economic recovery package is still important work to do. Had my Republican counterparts been willing to stay at the negotiating table and keep talking, I would not have left my post until we reached agreement. As a conferee on this unique Leadership Conference, I am especially disappointed that our work was abandoned by the Republican Leadership.

Unfortunately, the House Leadership chose to walk out on the tough work of negotiation and move a partisan bill that includes numerous, multiyear tax cuts for corporations and for the wealthiest Americans. The House bill would do little to actually stimulate our economy and would not provide real health care coverage for workers in need of meaningful assistance to retain their health insurance.

Moreover, from what I can learn of the legislation which passed just hours ago, it will have significant costs after 2002, as much as $67 billion. That means substantial deficit spending to finance corporate tax relief and additional tax cuts for the top 25 percent of all taxpayers. Nearly 80 percent of West Virginia taxpayers would not get a dime from the tax rate changes proposed by the House Republicans, and to add insult to injury, their payroll taxes would pay for the corporate tax breaks. I cannot support raiding billions of dollars from the Social Security and Medicare Trust Funds.

Nearly a million people have lost their jobs in recent months as a result of the economic downturn that was exacerbated by the September 11 terrorist attacks on our Nation. Those families deserve the help that the Senate Finance Committee package provided, substantial help to pay for health insurance that they can count on and a temporary extension and improvement of unemployment benefits, which includes improved benefits and makes part-time and low wage workers eligible. Unemployed Americans deserve access to affordable health care and to unemployment benefits as they seek new employment.

I deeply regret that the House Leadership conferees could not, or I should say, would not, accept the Senate's worker package that provides immediate, but temporary health care coverage for displaced workers and extended and improved unemployment insurance. The House approach on health care was inadequate and unworkable. It would not have guaranteed health care coverage to a single solitary worker. It failed to include needed reforms to the insurance market to make insurance affordable, or to ensure that a decent benefit package was available.

I am deeply frustrated that the Republican conferees wanted to leave workers at the mercy of the insurance industry. Under the House bill, workers would have had to, on their own, seek affordable coverage on the current, failed individual market, armed with limited resources and zero leverage. Older and sicker workers would have been left entirely out of luck with that kind of approach. I am frustrated that House Leaders insisted on promoting their ideology over existing programs that could have been used to provide reliable health care coverage to workers who need it.

I believe our economy would benefit from additional stimulus in the form of 1-year business incentives and additional individual tax cuts for those taxpayers who were left out and did not benefit from the rebate checks last summer. I believe we could have come together on a package that would have helped workers even as it provided business tax cuts like bonus depreciation and expensing for small businesses. We could have helped many businesses who are having a hard time in this economy by extending the carryback period for net operating losses, NOLs. I also firmly believe we could have reached accommodation on the issue of AMT relief, if only the House Leadership had been willing to accept real health care and unemployment coverage as part of the package.

But the House chose to move forward with a plan that consists primarily of tax cuts, not help for the workers who have been promised for months, promised by both the President and Congress, that we would attend to their needs after the tragedy of September 11. Instead, the House bill's cost over both 5 and 10 years is over 90 percent tax cuts. Less than half of those tax cuts would come in 2002 because it is a back-loaded plan, not the temporary stimulus measure Congress and the President had mutually agreed was the goal of a stimulus package. Common sense tells us that tax cuts in 2003 don't stimulate the economy during our current downturn. There is strong evidence that the House's proposed tax cuts to higher income individuals would not stimulate the economy in the out years, either, because wealthier individuals tend to save rather than spend.

Finally, the House bill does not sufficiently address the desperate financial conditions of the States, or the fact that some of the business tax provisions in the bill will actually mean the States lose billions in revenue. The House bill, as far as I can estimate, does not even offset those costs. States are facing a collective, roughly $50 billion deficit, and experts believe the House bill will cost States. Estimates are that West Virginia alone could lose $35 million in State revenues because of policies embedded in the House Republican package. That means West Virginia and other States would be more likely to cut health care to the poor and other low income programs just when the economy makes the programs most essential.

In sum, workers did not get the help they need or deserve from the House Republicans' bill. They did not get the consideration they deserve from the House Republican Leadership. And some useful business tax incentives, that combined with additional assistance for the unemployed, could have effectively stimulated our economy, won't pass this year.

I had hoped we could have put our partisan and ideological differences aside to speed relief to workers and our ailing economy. I will not give up until we help the people who are waiting to get their fair share of Federal assistance, just as other sectors of our economy have been provided with Federal aid in this unusual time.

Today, in an effort to at least provide a short-term extension of unemployment benefits to workers on the verge of running out of assistance and facing the holidays, the Senate Majority Leader asked unanimous consent to take up and pass a 13-week extension of existing unemployment benefits. He asked for a one-time, 13-week extension of existing benefits, no benefit improvements, no expanded eligibility, just a straight, short-term extension.

The Senate Republican Leader objected to that request, despite the fact that we have frequently extended these unemployment benefits in the past. That tells you something about why the stimulus conference did not produce legislation. American workers are still waiting for the help they need.

2001 IN REVIEW: A SENATE (MOSTLY) EQUAL TO THESE HISTORIC TIMES

Mr. DASCHLE. Mr. President, we are all tired. This has been a long day in what has been a long week and a long session. But before we go our separate ways for the holidays, I want to thank my colleagues for the support and kindness they have shown me during my short time as majority leader.

I thank our staffs, the many hard-working men and women who enable us to do our jobs—from the Capitol Police to the Official Reporters who transcribe our debates, the people in the cloakroom, the people who serve our meals, the doorkeepers, the pages, and so many others. The public may not know their names, but we know the Senate could not function without them.

On a very personal note, I want to say a special word of thanks to my own staff. In the last 3 months, they have experienced the horrors of September 11 as we all did, but they have undergone an additional challenge few of us ever have, or will, face.

Two months ago my staff, along with members of Senator FEINGOLD's staff, and law enforcement officers, were exposed to lethal levels of anthrax when a letter containing that deadly bacteria was opened in my office. I am pleased to report that they are all healthy today, and I am proud to say that they have continued to work throughout all of this time.

They are victims of terrorism. Yet they have spent the last 2 months dedicated to the effort to protect the rest of America from a truly similar fate. Their courage and their grace is truly heroic and a source of inspiration to me.

They are extraordinary people who have endured extraordinary circumstances. I could not be more proud of them.

We started this year appropriately in unusual circumstances. For 17 days between the day this Congress was sworn in and the day President Bush was sworn in, Democrats held the majority in the Senate. I joked back then that I intended to savor every one of my 17 days as majority leader. As it turns out, those days were just a preamble.

For nearly 6 months now, I have again had the rare privilege of serving as majority leader of this Senate. While I can't say I have enjoyed every day of these last 6 months—our country has experienced too much sadness for that to be true—I am honored to have had the chance to work with all. I am proud of much of what we have been able to achieve together.

We made history this year, not just once, but over and over again. It was a year ago this month that the Supreme Court issued its ruling—the first time in history that the Supreme Court had intervened to settle a Presidential election. We started this Congress last January as the first 50–50 Senate in our Nation's history. Some observers predicted we would never be able to agree on a plan to divide power fairly and efficiently, but we did.

Then in late May, Senator JEFFORDS made his historic and extraordinary decision to leave his party and become the Senate's only officially Independent Member. Never before had majority control of the Senate changed on the basis of one Senator's decision. Again, we made history, and we made it work.

Then came the horrific morning of September 11. Even now, more than 3 months later, it is hard to imagine the magnitude of that loss. If you read one name every minute, it would take more than 3 days to read the list of all those who died on September 11.

A little more than a month later, the anthrax letter was opened in my office. The Hart Building became the site of the largest anthrax spill anywhere, ever, and the largest biological weapons attack in our Nation's history.

More than once during these 6 months I have found myself thinking about the words of America's second President, John Adams.

In 1774, John Adams wrote in his diary of his concerns over the quality of the members of the Continental Congress, ''We have not men for these times,'' he worried. ''We are deficient in genius, in education, in travel, in fortune, in everything.''

That is how our Founders saw themselves: deficient in almost every way. Yet they went on to create the world's greatest experiment, now the world's oldest democracy.

I suspect we have all wondered, at least once or twice since September 11, whether the men and women of this Senate are equal to these times. It would be hubris not to wonder.

As this year ends, we can take some pride knowing that we were largely equal to our times.

In the days following the attacks, we demonstrated greater unity than I have ever experienced in my years in Congress. We worked with each other, and with the President, for the good of the Nation.

We gave the President the authority to use force to defeat terrorism.

We gave law enforcement new tools and authority to pursue terrorists.

We passed billions of dollars in emergency aid to help the communities and families and business devastated by the attacks of September 11th rebuild and recover.

We also passed legislation to keep the airlines flying—and to make airports safer.

Those measures will help our nation recover from the terrorist attacks, and help prevent future attacks.

We also passed other important measures.

Earlier this week, we sent the President a new, bipartisan bill to strengthen America's public schools. The new No Child Left Behind Act marks the first major overhaul of our Nation's education system in more than 35 years.

It is a blueprint for real educational progress that includes good ideas from both parties. More importantly, it reflects the experiences and the needs of America's schoolchildren, parents, teachers, employers and many others who care deeply about America's schools.

We can all take some pride in having been a part of those bipartisan successes.

At the same time, we must acknowledge, there have been occasions on which we were not equal to our times. There have been too many instances when partisanship has prevented us from doing what needs to be done. That is deeply regrettable.

We should have passed a genuine economic recovery plan to lift up America's economy and help laid-off workers. In the first weeks after the terrorist attacks, we worked together to craft such a plan. Even after Republican leaders walked away from that bipartisan effort, we continued to try to reach out to them.

We compromised repeatedly on the details of our proposal—all to no avail. In the end, we could not accept a plan that takes $211 billion out of Social Security and gives most of it, in the form of tax cuts, to the wealthiest individuals and corporations in this country. And our colleagues would accept no less.

We should have passed a farm bill this year.

We talk a lot about families that have fallen on hard times in the last year, especially those who are economic victims of September 11. And we should be concerned about these families.

But what about America's farm and ranch families? The recession didn't start two quarters ago for them. They have been battling near-Depression conditions in the farm economy for years now.

Prices for many commodities are lower today than any time since the Government started keeping records, back in 1910.

If you don't know who these families are, come to South Dakota. You'll see: they are some of the hardest-working people in this country. And they need our help.

We didn't pass a terrorism insurance bill.

We didn't finish work on the Patients' Bill of Rights. It is stuck in a conference committee—along with campaign finance reform.

We didn't increase the minimum wage.

We didn't pass real election reform to protect the right of every American to vote and have that vote counted.

As we leave for the holidays, I want to say to my colleagues, and to the American people: We recognize that these are critically important issues. They will not go away. When this Senate returns next year, these are among the items that will top our agenda.

Senator STABENOW spoke earlier today about an idea some of her constituents proposed to her. They suggested America create ''living memorials'' to the victims of September 11. These ''living memorials'' would take the form of community service projects. Through them, the love and courage of the people who died on September 11 will continue to live on.

It is a beautiful and fitting way to remember the victims. I encourage all of my colleagues to support it.

But there is perhaps an even more fitting way for us to remember the victims of September 11. We must recapture the spirit of bipartisanship that allowed us to accomplish so much together in the first weeks and months after the attacks.

The rescue workers did their job.

The firefighters continue to do their job.

We must put aside the partisanship and do our job.

Again, I thank my colleagues for what we were able to do together this year. And I wish them, and the American people, a peaceful holiday season.

I yield the floor.

The PRESIDING OFFICER. The Senator from Alaska is recognized.

Mr. MURKOWSKI. Mr. President, I ask that I be allowed to speak for about 20 minutes.

The PRESIDING OFFICER (Mr. CORZINE). Without objection, it is so ordered.

ENERGY

Mr. MURKOWSKI. Mr. President, I very much appreciate the remarks of the majority leader. He indicated that we should have passed a farm bill. We should have passed an energy bill as well, Mr. President. Unfortunately, the majority leader did not mention that.

I think it is fitting to once again discuss the priorities that were laid before this body by our President—trade promotion, stimulus, energy legislation.

So as we look at where we are in the Senate today, clearly, we have not been responsive to our very popular President, nor have we been very responsive to the Nation. Indeed, we labored several days on the farm bill. Some have suggested that perhaps it is easier to address the extended benefits associated with that farm bill than the realities associated with our increased dependence on foreign oil.

As I look at the session we have just completed, I think many of my colleagues would agree that as we look at the completion of the year and the realization that we are coming back next year, we should review in some detail just what progress has been made relative to the priorities that were laid by our President before this body.

When this Congress began, I introduced a comprehensive bipartisan energy measure with the senior Senator from Louisiana, Mr. BREAUX. Later, the ranking member of the Energy Committee, Senator BINGAMAN, along with Senator DASCHLE, introduced legislation that touched on many issues that were covered in our bill. That was March.

Shortly thereafter, Senator DASCHLE indicated that those problems, and more, demonstrate the overwhelming need for a new and comprehensive energy policy. America is faced with a grave energy policy that will get worse if we do not act. Prior to the Memorial Day recess, the Committee on Energy and Natural Resources had almost completed its hearing schedule and we were discussing dates to mark up comprehensive energy legislation. Again, the majority leader was supportive. On May 16, he stated:

> The problem needs comprehensive attention and the problem needs bipartisan solutions. We are concerned about the lack of consultation to date. There has been none. There doesn't appear to be any real sense of urgency here.

I find that a rather curious statement since the only bipartisan measure remained one that I had introduced with Senator BREAUX of Louisiana, and I was receiving complaints about how aggressive was the hearing schedule we were holding.

In May, we received the administration's comprehensive national energy policy, and both the Senate and the House began to prepare for debate on comprehensive, bipartisan, national security energy legislation. We were pressured, perhaps, because the House had done its job. It had reported out its bill, H.R. 4, the energy bill. I stated that I was committed to bringing a bipartisan measure out of the Energy Committee in time for the debate prior to the July 4 recess.

Then, of course, we had a little change of control here, and our current majority leader didn't seem quite as anxious or concerned with energy legislation. The Committee on Energy and Natural Resources, rather than proceeding to a markup, either on my bipartisan measure or the new chairman's more limited bill, suddenly began to repeat hearings—in one case, hearings from the same witnesses who had appeared before us only a few weeks previously.

The majority leader still indicated a willingness to proceed even if it did not have the same sense of urgency. So on July 31, the majority leader stated:

> The Democratic caucus is very supportive of finding ways with which to pursue additional energy production. I think production has to be part of any comprehensive energy policy.

This was encouraging since the only bipartisan bill that I had introduced included significant domestic production.

In retrospect, we all should have known that when the majority leader got around to finally introducing energy legislation, as he did several weeks ago, the only production that he would be supporting would be, evidently, foreign production from Iran and elsewhere in the OPEC nations, and the only jobs and economic stimulus created would be in Canada, as he indicated support for a pipeline, not specifying the route and as a consequence, obviously favoring the alternative in Canada, which is very much opposed by my colleagues, Senator STEVENS, Representative YOUNG, and the Governor of the State of Alaska.

My point is, in their legislation they left the route selection neutral, and this is the one favored by the Canadians. On August 1 and 2, the Committee on Energy and Natural Resources finally began consideration of research and development provisions of energy legislation. The majority leader even announced on August 1:

> There is a great deal of interest in our caucus in moving a comprehensive energy bill in the early part of the fall. The Energy Committee is going to be completing its work about mid-September.

He was certainly correct in stating the Energy Committee would be completing its work in mid-September, but little did we know what he meant was that he intended to shut down the committee and prevent us from reporting comprehensive bipartisan energy legislation.

When we returned in September and our schedule then continued to slide, the majority leader once again said on September 6:

> I have indicated all along that it is our hope and expectation to bring up energy before the end of the session, and that is still my intention.

Like Charlie Brown, once again we believed that Lucy would not pull the football away, but that was not the case. But it was fall and it was football season, and the majority leader finally pulled the plug on the pretense of concern.

It has always been clear that a bipartisan majority of the Committee on Energy and Natural Resources has been ready and willing to report comprehensive legislation with a balance of conservation efficiencies, research and development, and domestic production.

When we on both sides of the aisle stated and indicated our intent to press for a firm schedule to report the legislation, then the majority leader, which in my opinion was in defiance of the rules of the Senate and of the Committee on Energy and Natural Resources, simply shut the Energy Committee down.

I have been around here 21 years, Mr. President. I have never heard of that particular initiation by a majority leader of shutting a committee down.

On October 9, without consultation or advance notice, the members of the Committee on Energy and Natural Resources were told they were irrelevant and would not be allowed to consider any legislation for the remainder of the session.

I read from a press release from the chairman of the committee, Senator BINGAMAN:

> At the request of the majority leader, Senator DASCHLE, the Senate Energy and Natural Resources Committee, Chairman JEFF BINGAMAN, today suspended any further markup on energy legislation for this session of Congress.

I remind my colleagues, there is no provision in the Senate rules for the majority leader to abolish the work of a standing committee by edict. That is what happened. The rules of the Senate require each committee to meet at least once a month before the Senate and while the Senate is in session to address the business of the committee.

The Committee on Energy and Natural Resources has not met in business session since August 2. The business of the committee is, among other things, energy. I wonder the reason for the reluctance of the majority leader. Was he fearful the Energy Committee might report bipartisan legislation, for certainly no amendment from this Senator or any other Republican could be reported without some support from the Democratic side. It is clear the Democrats control the committee by a 12-to-11 ratio. I can only guess perhaps the majority leader would have been better off requiring the committee to approve any amendments perhaps by two-thirds of the Democratic members, as he seems to have set on other issues.

It has now been 4½ months since the Committee on Energy and Natural Resources has held a business meeting, and we are no closer to consideration of comprehensive legislation than we were when the majority leader assumed control of the Senate.

The majority leader has indicated and has finally introduced a warmed-

over version of the legislation that he cosponsored almost 9 months ago. The majority leader has again perhaps indicated that he intends to move energy legislation if there is time. Clearly, there is no more time. This is it. We are out.

On the other hand, he has indicated a willingness when we return to take up energy sometime in January or February. Now we hear we are going to go back to an Agriculture bill. We have asked the majority leader to give us an indication of his willingness to take up a bill and give us an up-or-down vote on it, but the indications are we are going to have to have 60 votes.

It is extraordinary that this body in times of national security and the tremendous activity associated with the Mideast, the OPEC nations, Israel, Afghanistan, Iraq, as we look to those areas for our security interests, would have to have a dictate, but 51 votes on the issue will not do it. We are going to need 60 votes.

We are going to get those 60 votes if that is what it takes, but I do not know of another time when the national energy security of the Nation was at risk requiring more than 50 votes. A simple majority evidently will not do.

Let me make it clear to the majority leader—and I have the greatest respect for him—I am prepared to come back and spend day after day, night after night debating an energy policy in this Senate and get the job done. This is a priority of our President, a priority of our Nation, a priority of our veterans, and a priority of our labor groups.

A few weeks ago both the President and Vice President called for the Senate to end this partisan charade and address energy legislation.

The President said in a radio address not so long ago:

> Last spring, I sent to Congress a comprehensive energy plan that encourages conservation and greater energy independence. The House has acted. The Senate has not.

The President of the United States is correct. Rather than a spirited debate on comprehensive energy legislation, reported from the Energy Committee, developed in an open process, the majority leader has savaged the reforms of the 1970s to craft partisan legislation behind closed doors with only selected special interests allowed to participate.

There is a process to get advice from members of the Energy Committee, and that is in a business meeting. When the majority leader says his legislation represents input from the Energy Committee, he is not being accurate. Make no mistake, the Energy Committee has had no input on this legislation that has been introduced by the majority leader. I accept that the bulk of the bill was drafted by our committee, but the chairman is not the committee, and it is clear neither he nor our majority leader evidently trusts the makeup of the committee to address it in a bipartisan manner and vote it out.

The reforms of the 1970s were designed precisely to curb the dictatorial powers of committee chairmen, as our distinguished President pro tempore noted in his history of the Senate.

The Vice President hit the nail on the head a few weeks ago in his discussion with Tim Russert on ''Meet the Press'' when he said:

> But there is a disagreement with respect to Senator DASCHLE on energy. The House of Representatives has moved and passed an energy bill last summer. The Senate has not acted. Tom pulled it out of the Energy Committee so they are not considering in committee an energy bill at this point. The House has passed a stimulus package. The Senate has yet to act. The House just passed trade promotion authority. The Senate has yet to act. In the energy area, it is extraordinarily important that we move for energy security, energy independence. We are never going to get all the way over to energy independence, but given the volatility of the Mideast and our increasing dependence on that part of the world for oil, it is important we go forward, for example, with things like ANWR.

I am embarrassed at the lack of action of this body as we conclude this year in not having taken up an energy bill. I grant the farm bill is important, but the farm bill is not about to expire. We do not have an energy bill in this country. We should have an energy bill.

I assume the majority leader will continue to find items he thinks are more important than our national energy security. We have seen it: Railroad retirement, raising the price of milk to consumers through dairy compacts. As I indicated, next year we are going to address this issue and we will seek votes on the issue. I do not believe, on behalf of our constituents, we should duck these difficult decisions. I know the majority leader shares those views as well.

Some time ago, this body voted to initiate sanctions on Iran and some other nations in the Mideast that produce oil because we were not satisfied with their record of human rights, we were not satisfied with their record of full disclosure relative to the development of weapons of mass destruction. I proposed an amendment to include Iraq. At the time during the debate, the majority leader committed to me he would at some time give me an up-or-down vote.

I have communicated with the majority leader and asked him for the up-or-down vote. I have not received a response. I hope I will receive a response very soon because I think it is important to recognize the situation with regard to Iraq. We know Saddam Hussein is developing weapons of mass destruction. We have evidence of that, even though we have not had a U.N. inspector in that country for some time. We know he smuggled the oil.

Many Americans perhaps do not recognize we are importing nearly a million barrels of oil a day from Saddam Hussein, yet we are enforcing a no-fly zone over that country. We are putting the lives of many of our young men and women at risk.

What is he attempting to do? He is attempting to shoot down our aircraft. He has almost succeeded, but it almost seems as though we take his oil, put it in our aircraft, enforce the no-fly zone, which is like an air wall blockade. What does he do with our money? He pays the Republican Army, develops a weapons capability, a biological capability, and aims it at our ally Israel. It is beyond me why this Nation and our foreign policy should rely on Saddam Hussein and Iraq for our energy needs when we have the capability at home.

Finally, I think it is interesting to reflect on where we are in the economic stimulus. We could not reach a conclusion. Yet our economy is in recession. We need a stimulus. It would help get us back on the right track.

The discussions have focused on this for some time. We have talked about ''immediate.'' We have talked about ''temporary.'' We have talked about the creation of jobs, increasing consumer spending or otherwise increasing domestic product. I think we make a big mistake if we only focus on those stimulus ideas that are of a temporary nature. We should also focus on stimulus elements that will ensure the long-term economic growth of our country. Otherwise, we will have to come to the Senate at the end of each economic cycle and perhaps have this debate over again.

One such permanent stimulus would be the establishment of a national energy strategy that ensures energy prices that remain constant, affordable, reliable sources of energy which play an important role in fostering economic growth and development.

We have seen high prices. We have seen sectors of our economy. We have seen the situation in California. We have seen increasing costs. We have seen the development in the OPEC countries of a cartel where, when they want the price to go up, they decrease the supply.

High energy prices reduce consumer disposable income, reduce spending, and inhibit economic growth. Our friend Martin Feldstein, the former Chairman of the Council on Economic Advisers, noted since the end of World War II economic downturns have coincided with energy price increases. This most recent economic downturn is no exception. We have seen a rapid increase in oil prices occurring the first half of this year, followed by similar increases in natural gas and electricity.

The result of data from the Bureau of Economic Statistics shows that while the GDP grew at 5.7 percent in the second quarter of 2000, the most recent data showed the GDP has declined by 1.1 percent for the third quarter. So I think we acknowledge we are in a recession.

This is consistent with findings of the National Bureau of Economic Research that, on an average, for every 10 percent increase in oil prices, economic output falls by 2.5 percent, real wages

drop by 1 percent, and increases in oil prices reduce the number of hours worked and increase unemployment.

We recall what has happened over a period of time, and as a consequence of that we could generalize that high prices for energy and natural gas cause significant impacts on those sectors of our economy that do not depend on oil.

America and the world move on oil. We have other sources of energy for electricity. We have seen impacts across the board. Energy spending by American families increased by nearly 30 percent in 2000. Heating bills tripled for many Americans, particularly in the Northeast. Small businesses had a great increase in costs associated with energy. We have seen this. Thousands of jobs were lost. These high energy prices were the result of one unavoidable fact: Our energy supplies failed to meet our growing energy demands.

For 10 years following the passage of the Energy Policy Act of 1992, U.S. demand for energy increased over 17 percent, while total energy production increased only 2.3 percent. By the end of last year, we had simply run out of fuel for the sputtering American economy. That has changed as a consequence of the tragedy of September 11, but it will not stay that way. OPEC will initiate the cartel to again decrease supplies.

We have seen what happened to our economy as a consequence of energy price increases. We know a national energy strategy that balances supply and demand could reduce threats and future recessions. Alan Greenspan noted on November 13:

> As economic policymakers understand the focus on the impact of the tragedy of September 11 and the further weakening of the economy that follows these events, it is essential that we do not lose sight of policies needed to ensure long-term economic growth.
>
> One of the most important objectives for those policies should be assured availability of energy.

As a consequence, the U.S. relies on foreign imported oil with more than one-half of its petroleum needs. Much of this comes from the Middle East, Saudi Arabia, Iraq, and Kuwait.

Consider the consequences of the oil embargo in 1973. At the time, tensions ran high in the Middle East. Then we were involved in the war on terrorism.

It makes sense to consider our energy security in the context of an economic stimulus package. We have not done that. It makes sense to ensure our economic security by ensuring the availability of affordable energy supplies.

One aspect we have not considered in this equation is the contribution of ANWR. Talking about stimulus, there is hardly any single item we could have come up with that would have been a more significant and genuine stimulus package than opening ANWR in my State of Alaska.

What would it have done? It would have created $3.3 billion in Federal bonuses, money that would have come in from the Federal Treasury as a consequence of leasing off Federal land. This would have been paid for by competitive bidding by the oil companies. It was a jobs issue. It would have created 250,000 new jobs in this country.

The contribution of the steel industry is extremely significant, as well. We have a stimulus package not even considered in the debate because we could not have a debate. We did not have an energy bill.

It would have created 250,000 new jobs and $3.3 billion in new Federal bid bonuses. And the bottom line is, not a red penny by the taxpayer. That is the kind of stimulus we need in this country.

As we look at the end of the year, we have to recognize the obligation that we have to come back and do a better job. We need an energy bill. We need it quickly. We need a stimulus in this country. We could and should consider a genuine stimulus that results in jobs that do not cost the taxpayer money, and as a consequence spurs the economy.

I hope as we address our New Year's resolutions we can recognize the House has done its job in energy legislation. We did not do our job in the Senate. I am very disappointed. I am sure the President and the American public shares that disappointment.

We have not been honest with the American people because we have a crisis in energy. Our national security is at risk. We are risking the lives of men and women in the Middle East over this energy crisis. We should address it here and relieve that dependence.

I wish all a happy and joyous holiday season, and I yield the floor.

The PRESIDING OFFICER. The Senator from West Virginia.

Mr. BYRD. Mr. President, I wish to ask the distinguished Senator from Alabama, Mr. SESSIONS, how long he will be speaking. The reason I ask, I know the Presiding Officer has an engagement. He has to leave within another 20 minutes, from what I understand.

How much time does the Senator desire?

Mr. SESSIONS. Twelve minutes would be sufficient.

Mr. BYRD. Let me deliver my speech. I ask unanimous consent, am I correct that the Presiding Officer needs to leave the Presiding Chair no later than 7:45, or is it 7:50?

The PRESIDING OFFICER. At 7:50.

Mr. BYRD. I ask unanimous consent the distinguished Senator from Alabama may proceed for not to exceed 12 minutes and I will do something not often done around here; I do it quite often. I wait and wait and wait, realizing I can get recognition almost any time I want, but I am usually willing to accommodate another Senator, even if that Senator is on the Republican side. Not many will accommodate me in that fashion, but I am glad to accommodate them.

I ask consent that the Senator from Alabama have not to exceed, say, 10 minutes, after which I be recognized, and that mine be the last speech of the day. I don't mind relieving the Senator in the Chair, so I will ask that the Senator from Alabama go ahead of me.

Mr. SESSIONS. I am delighted to follow the Senator from West Virginia.

Mr. BYRD. I want to make my speech about Christmas in the main. We refer to this as a holiday. It is not a holiday to me. This is Christmas, which is something different. It marks the greatest event that ever occurred in the history of man. It split the centuries in two. There is B.C. and there is A.D. It was a tremendous event. I believe in Christ. I am a Christian—not a very worthy one, but a Christian. I respect those who are of a different religion. I respect those who believe that Christ was a historic figure but not the Messiah, but a prophet. That is all right. They have a right to believe that.

Both would agree that it was a tremendous event. This is something beyond just being a holiday. When someone wishes me happy holidays, I say: No, Happy Christmas.

I want to make a statement about Christmas, so I ask unanimous consent the Senator from Alabama proceed for 10 minutes and I follow him.

I ask the question of the minority, while I am on the floor, Is there an intention on that side of the aisle to seek unanimous consent by Senator BROWNBACK? If there is still the intention to make that request, I want to be here to object to it; if there is not, I may go on my way happy.

I make that consent and I will see to it that the Chair gets relief.

The PRESIDING OFFICER. Without objection, it is so ordered.

ECONOMIC STIMULUS

Mr. SESSIONS. I thank the distinguished Senator from West Virginia. I thank him for his fidelity to his faith and for his fidelity to this Senate and the courtesies and rules that need to be followed to make sure we live up to the high ideals on which this institution was founded. He, more than anyone I know, has taught us the history, and the importance, of what we are about. His courtesy to me, a first-term Senator, is typical of his many courtesies.

I simply say how deeply disappointed I have been that we will be leaving this body before Christmas without having passed a stimulus package. Experts have said a good stimulus package, $75 to $100 billion, would preserve 300,000 jobs in this country. That is a lot of jobs. Those people, if they are working, will be happier. Those families will be happier. The homes will be happier. They will pay taxes. They will pay State and local sales taxes and other taxes. They will pay Federal taxes. It will help us run our government.

But if they lose their jobs, there will be a sadness and an unease in their homes, a difficulty that otherwise would not take place, and the government itself, State, local and Federal, will lose revenue.

It is a big deal if we can affect the economy. I do not think there is any doubt. I have been convinced for a long time in the projections that we could achieve a 1-percent or a half-percent increase in the gross domestic product by passing the stimulus package. That is important. I believe we should pass a bill.

No less than 2 weeks ago I became deeply concerned that we might actually leave this body without a bill being passed. At first I did not think that was possible. We brought up a bill and disagreed, the House had passed a bill, and some here didn't like it but negotiators were working together. The Finance Committee chairman and ranking member, the majority leader, the Democratic leader and the Republican leader, they were all working and talking and surely a bill would pass, I thought. They would work out their differences.

Frankly, I never believed exactly what was in that bill, if it met a few simple principles, would make a lot of difference. Probably, another $100 billion, another $75 billion into the economy we would have made an impact. There was no doubt in my mind if a middle-income family would have gotten a 2-percent reduction in the amount of money withheld from their taxes they would have more money and they would spend it.

Because of my concern, I offered my own bill. As a matter of fact, we were here one night until midnight. I sat around with some colleagues and refined my ideas and four of us introduced a stimulus package. It was simple. It did not have a lot of complexity to it. Frankly, I did not think anybody could find anything wrong with any of it or would object to a bit of it. I said: We offered this bill; let's just vote on that.

It had a number of provisions in it that I thought were worthwhile. My favorite contribution, what I believe in and would like to see accomplished and really needs to be accomplished as part of this package, or it may be more difficult to pass, is the advanced payment of the earned-income tax credit.

The Presiding Officer understands these finance issues a lot better than I, but I can understand a little bit about low-income working Americans. They are at a point with the earned-income tax credit where the Federal Government gives them a tax credit. It is $31 billion a year. It amounts to, for an average family with one child, a $2,000-per-year tax credit. They can get it when they work or on their tax refund a year after they work. Since the earned-income tax credit was designed to encourage work, there has been a strong feeling it ought to go on the wage that they earn.

What has happened, however, is that we have never accomplished that. Only 5 percent of the workers take advantage of the opportunity to get their earned-income tax credit on their paycheck. If it were given to them 100 percent, that would be a $1-an-hour pay raise with no deductions from it. But we have never been able to figure out how to do it.

They finally passed, a day or so ago, an amendment that would allow that to happen, but only 5 percent take advantage of it; 95 percent get their credit the next year.

So it is good public policy, in my view, that they get their credit early. I believe in this time of stimulus, if we would make a conversion and pump in $15 billion or $20 billion extra on low-income people's paychecks, many of whom may be out of work for a while, get another job, lose work and find another job, they would have more money to take care of their families with and it would not cost the budget of the country, the Treasury of the country, any money in the long run. It would shift about $15 billion or more into this fiscal year but that money would be from the next fiscal year, and we would have $15 billion left to spend next year. It is good public policy and a superb stimulus that moves money forward and saves money next year.

We would have put in another item. We proposed reducing the median income tax rate from 27 percent to 25 percent. It was planned to be done anyway.

We extended the unemployment benefits, as most of the proposals have, for an additional 13 weeks. We provided insurance and health benefits. We provided a $5 billion fund for national emergency grants for States to help people who have been displaced or lost their job. And we advanced the plans for 1 year for the child tax credit. This child tax credit is a plan that would infuse about $6 billion or $8 billion into the economy for families with children.

Those were some of the provisions we put in that plan. It could have passed. I don't believe anybody would have been upset about it. It had no business provisions in it that would upset anybody. It did have some depreciation advancement.

I say we ought to have done something. That bill, other bills, the bill that almost reached conclusion, the bipartisan approach that passed the House last night, was sent over here, and we did not get a vote. So I am very disappointed.

I believe the leadership of this Senate made a mistake. We were not even allowed to vote on it or debate it. Everybody said we needed a stimulus package, but we never even got to bring the bill up for a vote. We had a number of Democratic Senators and certainly a large number of Democratic House Members who supported this bipartisan bill, and we could have passed it, but we did not and it is a great disappointment to me.

I was pleased the Senator from Alaska discussed the energy bill that did not pass this time, under the very same factors. I was in Mobile Monday of this week. On two different occasions a real estate person and a very fine doctor came to me and said: JEFF, I think you have to do something about the energy situation. We are too dependent on Middle Eastern oil. They have the ability to disrupt our economy and to affect our foreign policy and damage us in ways that we ought to defend against. You need to do something to reduce our dependence on middle eastern oil. That is something I believe in very strongly.

The bill the Senator from Alaska, Mr. MURKOWSKI, has so eloquently argued for has conservation, reduced use of energy, as well as increased production. Both of those steps together will help reduce our dependence on foreign oil. It will help reduce the amount of American wealth that goes out of our country to purchase this substance that it would be better if we could purchase at home and keep that wealth at home.

I believe we have had a number of opportunities to do better. I wanted a farm bill passed desperately. The President has made clear that we do not have a fight over money on the farm bill. We are prepared to honor the $75 billion set-aside in our budget over 10 years for farm programs. But there are some problems and serious disagreements about some of the policy that was in that bill.

We could not get debate on it. Every amendment was rejected virtually on a party line vote, so we ended up not passing an Agriculture bill. We will have to come back and work on that because we need an Agriculture bill. We do not need to go into the summer without an Agriculture bill. So I am sure we will be back on that early next year. But it could have been done this time.

So I will just say there were some great things accomplished this year: the education bill, a bipartisan effort that passed. The tax reduction was a historic empowerment of individual working Americans, a victory for the individual against the State and the power the State has to extract what they earn from them and spend as the State wishes. But it would empower them to utilize the wealth they have earned in the way they choose. If we had not done that, I am confident our economy would be struggling even more today.

I see the distinguished Senator from West Virginia is ready to speak, and I am interested in hearing his remarks. I thank the Chair. I thank the Senator from West Virginia for his time. I wanted to express these remarks before we recessed today.

I yield the floor.

The PRESIDING OFFICER. The Senator from West Virginia.

THE PRESIDING OFFICER OF THE SENATE

Mr. BYRD. Mr. President, first I thank our Presiding Officer, the Senator from New Jersey. He always has a clean desk. What does that mean? That

means he is paying attention to what is going on in the Senate. He is not at the desk reading a magazine or a piece of paper, a newspaper. He is alert. I watched him. This is the way he always presides. That is the way Presiding Officers ought to conduct themselves when gracing that desk in this, the greatest legislative, parliamentary, deliberative body in the world.

He does it with a great dignity and style. I thank him. He sits there many evenings at this hour when most Senators have gone on their separate ways. I thank him.

I thank the other Members of the new class—I say it in that fashion—who have worked at that desk. There are some of them—I will not call their names at the moment—who make me proud of the Senate. The fact is, the way they preside is a model for legislative bodies everywhere to watch. Too often as we sit in that chair, we forget that millions of people are watching the Senate. They are watching the Chair.

I have been a member of the State legislature in West Virginia and the West Virginia House of Delegates. Those people in the State legislatures watch the Presiding Officer of this body.

This is the premier upper house in the world. They should see the premier act of presiding on the part of the Senator who sits at that desk. Teachers, college professors, students, political column writers, and editorialists watch. We ought to remember that when we are sitting in that chair.

I congratulate the Presiding Officer. I congratulate Senator CORZINE. I thank him.

GLORIA GILLESPIE

Mr. BYRD. Mr. President, as we head toward Christmas and the close of this session of Congress and this turbulent and tragic first year of the new millennium, I want to pause to remember a young woman who passed away this summer. Gloria Margaret Gillespie was a friend of mine.

Many Members of the Senate and staff will remember Gloria, for she worked in the Senate hair salon for 29 years. She cut my hair. Probably for the first time that my hair was ever cut at that salon she cut—28 years or 29 years ago. She worked there for 29 years.

She loved her work, and she loved her friends and she loved life. Gloria had a cheerful, loyal, uplifting spirit. And her time on this Earth was far, far too brief. She was only 54 years of age when she passed away in Berea, KY, this past July—54.

Five years ago, Gloria began a battle with cancer. She had smoking-related lung cancer. But instead of withdrawing, she used her illness as a forum to warn others about the dangers of smoking.

Gloria did not win her battle with cancer, but to the end, even in the face of great pain, she remained a fighter and a friend to all—someone who loved the Senate and someone who loved life.

Gloria Gillespie knew that each day is a gift. Each day is a gift. She cherished each waking moment. She found great joy in seeing people alive. From childhood, Gloria possessed a deep and abiding faith in God. That strong faith made her courageous and deeply appreciative of the sheer wonder of the world that God created.

Her unfailing optimism was contagious, as was her impish laughter. She brought a special kind of joy to all of her endeavors. She made the load a little lighter for all who knew her.

Gloria is survived by her parents, C.H. and Mary Frances Gillespie of Berea, KY, one niece, Lisa Gillespie, and one nephew, David Gillespie.

Along with all the members of her family and her legions of friends, I shall miss Gloria. But I shall think of her during this Christmas season, and I shall never, never, never forget her.

MARIAN BERTRAM

Mr. BYRD. Mr. President, I rise to remember a longtime Senate employee who passed away on October 15 of this year. Marian Bertram dedicated 27 years of her life to public service and to the United States Senate. She began her work at the Democratic Policy Committee in 1971, eventually serving as the chief clerk of that committee. She retired from the Senate in October of 1998.

Marian Bertram served four Democratic Leaders, beginning with Mike Mansfield and continuing on through my own tenure as Democratic Leader, George Mitchell's, and Senator DASCHLE's leader terms.

She gained a deep understanding of the Senate's intricacies during those years and researched and wrote the Democratic Policy Committee's Legislative Bulletin. She also shouldered the challenging task of producing voting records and vote analyses for Democratic Members.

Marian was an able and very dedicated Senate employee and through it all she was unfailing good humored and professional.

My sympathy goes out to her many friends in the Washington area who were shocked and saddened by her untimely death this fall. We shall remember her with great affection and with thanks for the many years she gave so unselfishly to this institution.

SENATORS AND SENATE LEADERS

Mr. BYRD. Mr. President, let me say just a word or so before I make my final speech of this year. I thank all Senators on both sides of the aisle for the work they do on behalf of this great Nation. They work here at a sacrifice. We are paid well, but there are many here who could earn much more money in other fields. There are many who come here after earning much more money in other fields but who want to give something to the Nation, who want to serve. Here is the place—in this Chamber—where Senators, since 1859, have served the Nation.

So I salute all Senators. I salute the leaders of the Senate—our Democratic and Republican leaders of the majority and the minority.

I have been a majority leader. I have been a minority leader. I have been a majority whip. I know the kinds of problems with which they are confronted every day. I know the demands that are made upon them by their colleagues. I know of the expectations that surround this Chamber and the expectations of our leaders. They spend a lot of time protecting our interests and working on behalf of our interests. They spend many hours here when the rest of us are probably sleeping. They carry to their beds problems that we don't know about. Many demands are made on these leaders.

I sit here and I hear criticism of our majority leader. He is the majority leader and was chosen by his colleagues for this job. He sets the schedule. He decides the program.

So not only do I salute him for the great work that he does on behalf of the Nation every day, but I also have empathy with him. I know he must go home troubled at night—troubled because he could not fulfill the expectations of this Senator, or that Senator, troubled because he is sometimes unjustly criticized. I had all of these things happen to me.

So I thank TOM DASCHLE. He can't be everything to everybody. He has to do what he has to do. He has to do what he thinks is best. He has to promote the interests of the Senate. He has to promote the interests of getting on with the work.

So does our majority whip. These are two fine Senators. There isn't a Senator here who doesn't think that he could do that job right there better—that majority leader's job. Every Senator thinks he can do it better. Every Senator thinks he can do the whip's job better. But they do the best they can.

I want to pray for them in this season that we are entering. I want them to know that we Senators, upon reflection, cannot help but thank them for the work they do.

Somebody has to do this so we can leave the Senate when our speeches are made and go home. But they have to stay.

Senator REID, the whip, stays around here. He stays around the Chamber. He renders a tremendous service to his country.

I want to take this moment to thank him, to thank TOM DASCHLE, to thank the Republican leader, to thank the Republican whip, to thank the Senators—the ladies and the gentlemen—who preside, all of the members of the staffs in the cloakrooms and in the hallways, in the corridors, and those who provide the security of this Chamber, and the people who work in it. I thank them all.

Somebody appreciates you. You may not realize it, but somebody is watching you. Somebody appreciates what you are doing. The people at the desk up there, somebody appreciates you.

So I just want to express that appreciation.

THE REAL STORY OF CHRISTMAS

Mr. BYRD. Now, Mr. President, we are just a few days from Christmas, a few days from the morning when millions of children tumble out of their warm beds, awaken their parents, rush to the family room, and look, with gleeful delight, at the bows, the boxes, and the bundles under the tree.

This is one of my favorite times of the year—a time of joy, a time of love, a time of family gatherings and warm memories.

I remember the Christmas presents waiting for me when I was a boy back there during the Great Depression in the hard hills of Mercer County in southern West Virginia. There was not an electric light in the house—no electricity, no running water, but there was an orange or a drawing book or a set of pencils or a set of water colors, or a geography book that I had been wanting.

My family did not have great material wealth, but we always had a wealth of love. The two old people who raised me, they are in Heaven tonight. They are in Heaven. We did not have fancy toys in those days. We celebrated the season for its true meaning: the birth of the Christ Child.

Now, I respect every man's or woman's religion. I respect their religion. If it is Moslem, I respect their religion. I can listen to the prayers of any churchman or any layman. I can respect them all because who am I? I am unworthy of God's blessings. I can respect them.

So my wife Erma and I have passed those lessons on to our children, our grandchildren, and our great-grandchildren.

In recent years, however, that meaning has been drowned out by a society that is focused more on the perfect gift or the latest gadget or the hottest-selling toy. Our attention is on store sales and Santa Claus rather than on the true meaning of Christmas.

Now, I am a Christian. I believe in Christ. I am not very worthy, but I believe in Him. I respect anyone who does not. I respect anyone who believes that He was, that He lived, He was a historic figure, He was a prophet. They may not believe He is the Messiah—I do—but it does not lesson my respect for others.

I will listen to them at any time. But I think all of us have to agree that this was a great event that happened that split the centuries in two, and the years that were before Christ are numbered, the years that are after Christ numbered differently. This was some, some happening. No matter what we believe or do not believe, it is still recognized by all that there was a man named Jesus Christ.

And so no matter what our religion, I think we ought to understand this was more than just an ordinary happening, more than just an ordinary man.

At its core, the season has not changed. Christmas will always be, to me, about a family that found no shelter but a manger, and also about a newborn child who would become, in my viewpoint, the Saviour of the world.

As Luke wrote in his Gospel:

> And the angel said unto them, Fear not: for, behold, I bring you good tidings of great joy, which shall be to all people. For unto you is born this day in the city of David a Savior, which is Christ the Lord.

Good tidings. Great joy. How many people think of those words standing in the long lines of their local shopping malls?

I worry that too many of us, in the hectic pace of the modern world, have forgotten the true spirit of Christmas, have forgotten what this is really all about. They have forgotten the true meaning. The story of the birth of Christ has been overshadowed by the pressures and the strains of a commercialized holiday.

Families will spend hours at shopping malls, waiting in long lines, rather than in the company of loved ones or in a church or in a place of worship celebrating in song or prayer. They will become obsessed with purchases and the gifts they may receive. Children will meticulously craft the perfect list of toys and will worry that grandma will again, this Christmas, buy them another sweater that they will never wear. Sadly, the Christmas season has become the shopping season. A time for joy and spiritual reflection has drowned in the shallow waters of greed.

That does not need to be. We can return to the true meaning of Christmas. During this holiday, I urge all Americans to reflect on their families and their faith—whatever their faith—and to read the story of Jesus' birth in the Gospels. Look up into the night sky and pick the Star of Wonder that led the wise men to Bethlehem to offer gifts to the Christ Child. Join with family and friends to sing a Christmas carol, share a meal, and reflect on the blessings we have been given. Visit each other, one another's church or synagogue or whatever. Go join and visit and enjoy this season. Perhaps the materialism that has come to dominate the season will fade and we can begin to truly understand the great and glorious story of Christmas.

And so, Mr. President:

'Twas battered and scarred, and the auctioneer
Thought it scarcely worth his while
To waste much time on the old violin,
But held it up with a smile:
''What am I bidden, good folks,'' he cried,
''Who'll start the bidding for me?''
''A dollar, a dollar''; then, ''Two!'' ''Only two?
Two dollars, and who'll make it three?
Three dollars, once; three dollars, twice;
Going for three—'' But no,
From the room, far back, a gray-haired man
Came forward and picked up the bow;
Then, wiping the dust from the old violin,
And tightening the loose strings,
He played a melody pure and sweet
As a caroling angel sings.
The music ceased, and the auctioneer,
With a voice that was quiet and low,
Said, ''What am I bid for the old violin?''
And he held it up with the bow.
''A thousand dollars, and who'll make it two?
Two thousand! and who'll make it three?
Three thousand, once, three thousand, twice,
And going, and gone,'' said he.
The people cheered, but some of them cried,
''We do not quite understand
What changed its worth.'' Swift came the reply:
''The touch of a master's hand.''
And many a man with life out of tune,
And battered and scarred with sin,
Is auctioned cheap to the thoughtless crowd,
Much like the old violin.
A ''mess of pottage,'' a glass of wine;
A game—and he travels on.
He is ''going'' once, and ''going'' twice,
He's ''going'' and almost ''gone.''
But the Master comes, and the foolish crowd
Never can quite understand
The worth of a soul and the change that's wrought
By the touch of the Master's hand.

Mr. President, I yield the floor.

The PRESIDENT pro tempore. The Senator from New Jersey.

COMMENDING SENATOR BYRD

Mr. CORZINE. Mr. President, it is my honor to address you in the chair. Your remarks with regard to Christmas are ones that stir one's heart and feelings. I am the lucky one to be here this evening to hear you speak. I hope everyone across America has the sense of how you love this body, the great Senate, and the people we serve.

I suggest the absence of a quorum.

The PRESIDENT pro tempore. The clerk will call the roll.

The legislative clerk proceeded to call the roll.

The PRESIDENT pro tempore. In my capacity as a Senator from the State of West Virginia, I ask unanimous consent that the order for the quorum call be rescinded.

There being no objection, the quorum call is waived.

The Senator from Nevada.

RECESS SUBJECT TO THE CALL OF THE CHAIR

Mr. REID. Mr. President, I ask unanimous consent that the Senate stand in recess subject to the call of the Chair.

There being no objection, the Senate, at 8:11 p.m., recessed subject to the call of the Chair and reassembled at 9:37 p.m. when called to order by the President pro tempore.

The PRESIDENT pro tempore. The Senator from Nevada is recognized.

EXECUTIVE SESSION

NOMINATIONS DISCHARGED

Mr. REID. Mr. President, I ask unanimous consent that the Senate proceed

to executive session and that the HELP Committee be discharged from further consideration of the nomination of Michael Hammond to be the chairperson of the National Endowment for the Arts. I ask that the nomination be confirmed, the motion to reconsider be laid upon the table, that any statements thereon be printed in the RECORD, and that the President be immediately notified of the Senate's action.

The PRESIDENT pro tempore. Without objection, it is so ordered.

The nomination was considered and confirmed, as follows:

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Committee on Health, Education, Labor, and Pensions:

Michael Hammond, of Texas, to be Chairperson of the National Endowment for the Arts for a term of four years.

Mr. KENNEDY. Mr. President, I welcome this opportunity to express my strong support for the confirmation of Michael Hammond to be Chairman of the National Endowment for the Arts, and I urge the Senate to confirm him.

Mr. Hammond is a distinguished composer, conductor, arts educator and scientist. His is the Dean of the Shepherd School of Music at Rice University, where he is also a professor of music and a faculty fellow in neuroscience.

Mr. Hammond is an excellent choice to lead the Arts Endowment. He is also one of the nation's leaders in the field of cognitive development and he understands the vast potential of the arts in early childhood education. I welcome his leadership, and I believe that he will be an outstanding chairman for this very important agency.

During the consideration of his nomination by the Committee on Health, Education, Labor and Pensions, I submitted a number of questions to Mr. Hammond. His responses are impressive and I ask unanimous consent that they may be printed in the RECORD.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

QUESTIONS BY SENATOR EDWARD KENNEDY FOR MICHAEL HAMMOND, NOMINEE FOR CHAIRMAN OF THE NATIONAL ENDOWMENT FOR THE ARTS

1. Do you support the mission of the National Endowment for the Arts and believe that there is a federal role in support of the arts?

Yes. The Arts Endowment's mandate is to provide national recognition and support to significant projects of artistic excellence, thus preserving and enhancing our nation's diverse cultural heritage. This is a noble and essential national goal and I embrace it completely. I believe there are important aspects of this task that can best be performed at the federal level. If I have the opportunity to serve as chairman, I will work to advance the Endowment's mandate in every conceivable way.

2. Are there any circumstances under which you would support the elimination of the agency?

No.

3. Due to budget cuts and the impact of inflation, the NEA's spending power has been dramatically reduced. The decline in funding has also reduced the agency's reach and impact. How do you view the current funding? Will you advocate for higher spending levels for the agency?

Although the Endowment's financial resources are limited, it has a national voice that I believe should articulate clearly and strongly the importance of the arts in enriching the lives and shaping the aesthetic taste of all Americans. It is now more important than ever that the Endowment make performances and presentations of the highest artistic quality accessible to our urban, rural and suburban communities.

The Endowment's financial capability is important both for the direct project grants it makes and for the matching money grants generated from other sources. I would advocate for spending levels that are more adequate in fulfilling the full gamut of the Endowment's goals. Should I have the honor to be the chairman, I would look for ways to stimulate more public and private support for the arts and arts education.

4. How do you think the Endowment should best balance its various programs which support the creation and presentation of the arts with providing broad access to the arts?

Each of these tasks is crucial and the balance between them, though difficult, must be reconsidered regularly. A full review of the Endowment's activities in both these areas (creation/presentation and broad access) would be a high priority for me. Further, I would pursue these goals nationwide in rural, urban and suburban communities, in close cooperation with state and local arts groups and educational organizations committed to the arts.

5. What do you think are the highest programming priorities for the agency?

In the days following September 11, in ceremony after ceremony, Americans turned to the arts, especially music and poetry, for expressions of our anguish over our human losses and for confirmation of our common commitments as Americans. It is essential that the Arts Endowment help provide opportunities for our citizens to experience works whose meaning transcends the momentary and speak to us as human beings, sharing one another's mortality and longing for beauty and understanding.

At the same time the Endowment must, I believe, work to create conditions favorable to our professional artists—conditions in which they will be inspired to fulfill their deepest artistic aspirations, encouraging all of us to understand ourselves and one another in continuously new ways. If I am given the opportunity to serve, I will also try to direct the Endowment's efforts toward enlivening the artistic culture of the nation from the ground up by strengthening all forms of educational activity in the arts, especially among the young. If there is to be a further flowering of our artistic culture in the coming years, it must begin by making the best achievements of our rich heritage a reality in the lives of our young people.

6. You have had an extremely accomplished career in music and music education. Do you have any thoughts about ways that the agency can develop or initiate programs for young children and the arts?

To ensure the artistic future of our country, I believe, today's children and those of generations to come must have the opportunity to learn by actual experience, the techniques of music-making, the skills of drawing, painting and sculpting, dance movement, poetry and other forms of writing, and the art of acting and play-making. Such experiences together with regular access to the finest art can stimulate a child's imagination, engage the intellect, create discipline, produce physical skill and enhance curiosity and joy. Few may become professional artists, but many will become grateful audiences for the arts. A richer artistic culture can be brought into being with consistent effort over time in this way.

Should I have the honor of serving as the chairman of the National Endowment for the Arts, I will explore how the agency can provide national leadership in promoting such hands-on educational programs in the arts for children from preschool through high school. The country has vast educational resources both public and private for this undertaking. These need to be surveyed, documented and enhanced.

It is my understanding that grants for arts education are now funded under two new Arts Endowment funding programs—Challenge America and Arts Learning. The state arts agencies also contribute very significantly to educational efforts in the arts, as do a number of private organizations and programs. The Endowment can advocate and promote models for cooperation among these groups and incentives for imaginative action.

From my own studies in neuroscience, I know there is a growing body of information concerning cognitive development among preschoolers showing their ability to discriminate clearly among musical sounds, visual colors, movements and language elements in a way that mandates programs of learning in the arts at very early ages. I would actively pursue this agenda and attempt to work closely with that growing body of scientists and educators throughout the world who are concerned with such early cognitive development.

7. How do you think the agency can best support K–12 education programs?

First, there must be an accurate assessment of the programs and institutions, both public and private, which are addressing the matter of arts education for school-age young people in each region of the country. Working with these groups and with the state and regional arts agencies, the Endowment can help to set goals for instruction and experience at each stage of a student's life, in each of the arts. The Endowment can encourage cooperative efforts among arts groups to get the job done. It is a challenging task that will require all our available institutional resources as well as a new level of aspiration from all quarters, including parents, schools, museums, community centers, performing arts organizations, church groups, Boys and Girls Clubs and many others. Much valuable work is already being done in many parts of the country. These efforts can serve as models for others.

I believe the Endowment can lead in certain aspects by initiating conversations, encouraging fine teaching, generating funding from corporations, foundations, private benefactors and arts support groups. It can assist and strengthen organizations that have valuable ideas but need assistance in initiating them. It can connect outstanding young artists to this effort, both as teachers and practitioners. Finally, through its general grants programs, the Endowment can increase access to outstanding performances and exhibitions so that at every stage of a young person's development, the arts at their best are regularly experienced.

8. How do you feel that the federal role of the Arts Endowment differs from the role of the state entities and local agencies? Do you feel that these roles complement each other well? Are there any changes that you would suggest for either the federal role, or the way the Endowment supports state and local initiatives?

If the opportunity to serve as chairman of the Arts Endowment comes to me, I will make it a high priority to become very familiar with our state and local arts agencies,

their leaders and the important work they do. I will explore with them ways in which their partnership with the Endowment can be strengthened and broadened. They have played a vital role in carrying out Challenge America and other important Endowment programs. Many of them have been extremely successful in promoting the arts in their own locales. I see them as already valuable allies for the Endowment, and I would hope that these alliances can be made even more productive for our citizens everywhere.

9. Do you believe that the Arts Endowment should actively pursue private funds to supplement its federal appropriation?

I understand that legislation gives the Endowment authority to accept private gifts and donations. I also understand that there is concern in the arts community that major fundraising activities by the Arts Endowment could compete with, and therefore, conceivably diminish the ability of arts organizations to raise the funding necessary for their survival. In the current economic climate, and following September 11, the issue of financial support for arts groups everywhere is especially serious. If I am confirmed, I would approach this matter carefully and in a collegial spirit.

10. Will you continue the agency's efforts to build partnerships and funding coalitions with other federal agencies?

I support efforts to form coalitions and partnerships with other federal agencies whenever these can enhance access for Americans nationwide to projects of artistic quality. Accordingly, I would examine the current inter-agency agreements that the Endowment has entered into over the years to see how these and other such cooperative efforts can help to preserve our national artistic heritage and increase the value of that heritage to our citizens, especially those who may be otherwise underserved.

Mr. REID. Mr. President, I ask unanimous consent that the Agriculture Committee be discharged from the consideration of the nomination of James Newsome, to be chairman of the Commodity Futures Trading Commission and his nomination to be a commissioner on the Commission; that the nominations be confirmed, the motion to reconsider be laid on the table, and that any statements thereon be printed at the appropriate place in the RECORD.

The PRESIDENT pro tempore. Without objection, it is so ordered.

The nominations were considered and confirmed, as follows:

DEPARTMENT OF AGRICULTURE

James E. Newsome, of Mississippi, to be Chairman of the Commodity Futures Trading Commission.

James E. Newsome, of Mississippi, to be a Commissioner of the Commodity Futures Trading Commission for the term expiring June 19, 2006. (Reappointment)

EXECUTIVE CALENDAR

Mr. REID. Mr. President, I ask unanimous consent that the Senate proceed to the consideration of Calendar Nos. 607, 624, 647, 650, 651, 667, and 668.

The PRESIDENT pro tempore. Without objection, it is so ordered.

Mr. REID. Mr. President, I ask that those nominations be confirmed, the motions to reconsider be laid upon the table, that any statements be printed in the RECORD, and the President be immediately notified.

The PRESIDENT pro tempore. Without objection, it is so ordered.

The nominations were considered and confirmed, as follows:

DEPARTMENT OF DEFENSE

Claude M. Bolton, Jr., of Florida, to be an Assistant Secretary of the Army.

DEPARTMENT OF THE INTERIOR

Kathleen Burton Clarke, of Utah, to be Director of the Bureau of Land Management.

THE JUDICIARY

C. Ashley Royal, of Georgia, to be United States District Judge for the Middle District of Georgia.

Harry E. Cummins, III, of Arkansas, to be United States Attorney for the Eastern District of Arkansas for the term of four years.

Christopher James Christie, of New Jersey, to be United States Attorney for the District of New Jersey for the term of four years.

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

Sean O'Keefe, of New York, to be Administrator of the National Aeronautics and Space Administration, vice Daniel S. Goldin, resigned.

ARMY

The following named officers for appointment in the Reserve of the Army to the grades indicated under title 10, U.S.C., section 12203:

To be major general

Brigadier General Donna F. Barbisch, 0000
Brigadier General Jamie S. Barkin, 0000
Brigadier General Robert W. Chesnut, 0000
Brigadier General Richard S. Colt, 0000
Brigadier General Lowell C. Detamore, 0000
Brigadier General Douglas O. Dollar, 0000
Brigadier General Kenneth D. Herbst, 0000
Brigadier General Karol A. Kennedy, 0000
Brigadier General Rodney M. Kobayashi, 0000
Brigadier General Robert B. Ostenberg, 0000
Brigadier General Michael W. Symanski, 0000
Brigadier General William B. Watson, Jr., 0000

To be brigadier general

Colonel James E. Archer, 0000
Colonel Thomas M. Bryson, 0000
Colonel Peter S. Cooke, 0000
Colonel Donna L. Dacier, 0000
Colonel Charles H. Davidson, IV, 0000
Colonel Michael R. Eyre, 0000
Colonel Donald L. Jacka, Jr., 0000
Colonel William H. Johnson, 0000
Colonel Robert J. Kasulke, 0000
Colonel Jack L. Killen, Jr., 0000
Colonel John C. Levasseur, 0000
Colonel James A. Mobley, 0000
Colonel Mark A. Montjar, 0000
Colonel Carrie L. Nero, 0000
Colonel Arthur C. Nuttall, 0000
Colonel Paulette M. Risher, 0000
Colonel Kenneth B. Ross, 0000
Colonel William Terpeluk, 0000
Colonel Michael H. Walter, 0000
Colonel Roger L. Ward, 0000
Colonel David Zalis, 0000
Colonel Bruce E. Zukauskas, 0000

REFERRAL OF THE NOMINATION OF JOSEPH SCHMITZ

Mr. REID. Mr. President, I ask unanimous consent that the nomination of Joseph Schmitz to be Inspector General, Department of Defense, which was ordered reported by the Committee on Armed Services earlier today, be referred to the Committee on Governmental Affairs for not to exceed 20 calendar days, beginning January 23, 2002, and that if the nomination is not reported after that 20-day period, the nomination be automatically discharged and placed on the Executive Calendar.

The PRESIDENT pro tempore. Without objection, it is so ordered.

NOMINATIONS TO REMAIN IN STATUS QUO NOTWITHSTANDING THE ADJOURNMENT OF THE SENATE

Mr. REID. Mr. President, I ask unanimous consent that all nominations received by the Senate during the 107th Congress, first session, remain in status quo notwithstanding the adjournment of the Senate and the provisions of rule XXXI, paragraph 6, of the Standing Rules of the Senate, with the following exceptions: PN850, Otto Reich, to be Assistant Secretary of State; PN983–4, Colonel David R. Leffarge, to be Brigadier General.

The PRESIDENT pro tempore. Without objection, it is so ordered.

LEGISLATIVE SESSION

The PRESIDENT pro tempore. The Senate will return to legislative session.

AUTHORIZATION TO MAKE APPOINTMENTS NOTWITHSTANDING THE SINE DIE ADJOURNMENT

Mr. REID. Mr. President, I ask unanimous consent that notwithstanding the sine die adjournment of the Senate, the President of the Senate, the Senate President pro tempore, and the majority and minority leaders be authorized to make appointments to commissions, committees, boards, and conferences, or interparliamentary conferences authorized by law by concurrent action of the two Houses, or by order of the Senate.

The PRESIDENT pro tempore. Without objection, it is so ordered.

SENATE RESOLUTIONS 195, 196, 197, AND 198, EN BLOC

Mr. REID. Mr. President, I ask unanimous consent that it be in order for the Senate to proceed en bloc to the consideration of Senate Resolutions 195, 196, 197, and 198, all submitted earlier today, that the resolutions be agreed to en bloc, and the motions to reconsider be laid upon the table, with no intervening action.

The PRESIDENT pro tempore. Without objection, it is so ordered.

The resolutions (S. Res. 195, S. Res. 196, S. Res. 197, and S. Res. 198) were agreed to en bloc.

(The text of the resolutions are printed in today's RECORD under ''Statements on Submitted Resolutions.'')

MEASURE INDEFINITELY POSTPONED—S. 1178

Mr. REID. Mr. President, I ask unanimous consent that Calendar No. 88, S. 1178, be indefinitely postponed.

The PRESIDENT pro tempore. Without objection, it is so ordered.

Mr. REID. Mr. President, for the information of the Senate, this item is an appropriations bill. The conference report on the House numbered bill is now public law.

BASIC PILOT EXTENSION ACT OF 2001

Mr. REID. Mr. President, I ask unanimous consent that the Senate proceed to H.R. 3030.

The PRESIDENT pro tempore. The clerk will report the title of the bill.

The legislative clerk read as follows:

A bill (H.R. 3030) to extend the basic pilot program for employment eligibility verification, and for other purposes.

There being no objection, the Senate proceeded to consider the bill.

Mr. REID. Mr. President, I ask unanimous consent that the bill be read a third time, passed, the motion to reconsider be laid upon the table, and any statements relating to the bill be printed in the RECORD.

The PRESIDENT pro tempore. Without objection, it is so ordered.

The bill (H.R. 3030) was read the third time and passed.

EXPRESSING THE SENSE OF CONGRESS REGARDING EFFORTS OF THE PEOPLE OF THE UNITED STATES OF KOREAN ANCESTRY TO REUNITE WITH FAMILY MEMBERS IN NORTH KOREA

Mr. REID. Mr. President, I ask unanimous consent that the Senate proceed to the immediate consideration of Calendar No. 280, S. Con. Res. 90.

The PRESIDENT pro tempore. The clerk will state the title of the concurrent resolution.

The legislative clerk read as follows:

A concurrent resolution (S. Con. Res. 90) expressing the sense of Congress regarding the efforts of people of the United States of Korean ancestry to reunite with their family members in North Korea.

There being no objection, the Senate proceeded to consider the concurrent resolution.

Mr. REID. Mr. President, I ask unanimous consent that the concurrent resolution be agreed to, the preamble be agreed to, the motion to reconsider be laid upon the table, and any statements relating to the concurrent resolution be printed in the RECORD.

The PRESIDENT pro tempore. Without objection, it is so ordered.

The concurrent resolution (S. Con. Res. 90) was agreed to.

The preamble was agreed to.

The concurrent resolution, with its preamble, reads as follows:

S. CON. RES. 90

Whereas on June 25, 1950, North Korea invaded South Korea, thereby initiating the Korean War, leading to the loss of countless lives, and further polarizing a world engulfed by the Cold War;

Whereas in the aftermath of the Korean War, the division of the Koreas at the 38th parallel separated millions of Koreans from their families, tearing at the heart of every mother, father, daughter, and son;

Whereas on June 13 and 14, 2000, in the first summit conference ever held between leaders of North and South Korea, South Korean President Kim Dae Jung met with North Korean leader Kim Jong Il in Pyongyang, North Korea's capital;

Whereas in a historic joint declaration, South Korean President Kim Dae Jung and North Korean leader Kim Jong Il made an important promise to promote economic cooperation and hold reunions of South Korean and North Korean citizens;

Whereas such reunions have been held in North and South Korea since the signing of the joint declaration, reuniting family members who had not seen or heard from each other for more than 50 years;

Whereas 500,000 people of the United States of Korean ancestry bear the pain of being separated from their families in North Korea;

Whereas the United States values peace in the global community and has long recognized the significance of uniting families torn apart by the tragedy of war; and

Whereas a petition drive is taking place throughout the United States, urging the United States Government to assist in the reunification efforts: Now, therefore, be it

Resolved by the Senate (the House of Representatives concurring), That it is the sense of Congress that—

(1) Congress and the President should support efforts to reunite people of the United States of Korean ancestry with their families in North Korea; and

(2) such efforts should be made in a timely manner, as 50 years have passed since the separation of these families.

GRANTING CONSENT OF CONGRESS TO THE INTERNATIONAL EMERGENCY MANAGEMENT ASSISTANCE MEMORANDUM OF UNDERSTANDING

Mr. REID. Mr. President, I ask unanimous consent that the Senate proceed to the immediate consideration of Calendar No. 211, S.J. Res. 12.

The PRESIDENT pro tempore. The clerk will state the title of the joint resolution.

The legislative clerk read as follows:

A joint resolution (S.J. Res. 12) granting the consent of Congress to the International Emergency Management Assistance Memorandum of Understanding.

There being no objection, the Senate proceeded to consider the joint resolution.

Mr. REID. Mr. President, I ask unanimous consent that the joint resolution be read a third time, passed, the motion to reconsider be laid upon the table, and any statement relating to the joint resolution be printed in the RECORD.

The PRESIDENT pro tempore. Without objection, it is so ordered.

The joint resolution (S.J. Res. 12) was read the third time and passed, as follows:

S.J. RES. 12

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. CONGRESSIONAL CONSENT.

Congress consents to the International Emergency Management Assistance Memorandum of Understanding entered into between the States of Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, and Connecticut and the Provinces of Quebec, New Brunswick, Prince Edward Island, Nova Scotia and Newfoundland. The compact is substantially as follows:

"Article I—International Emergency Management Assistance Memorandum of Understanding Purpose and Authorities

''The International Emergency Management Assistance Memorandum of Understanding, hereinafter referred to as the 'compact,' is made and entered into by and among such of the jurisdictions as shall enact or adopt this compact, hereinafter referred to as 'party jurisdictions.' For the purposes of this agreement, the term 'jurisdictions' may include any or all of the States of Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, and Connecticut and the Provinces of Quebec, New Brunswick, Prince Edward Island, Nova Scotia and Newfoundland, and such other states and provinces as may hereafter become a party to this compact.

''The purpose of this compact is to provide for the possibility of mutual assistance among the jurisdictions entering into this compact in managing any emergency or disaster when the affected jurisdiction or jurisdictions ask for assistance, whether arising from natural disaster, technological hazard, manmade disaster or civil emergency aspects of resources shortages.

''This compact also provides for the process of planning mechanisms among the agencies responsible and for mutual cooperation, including, if need be, emergency-related exercises, testing, or other training activities using equipment and personnel simulating performance of any aspect of the giving and receiving of aid by party jurisdictions or subdivisions of party jurisdictions during emergencies, with such actions occurring outside actual declared emergency periods. Mutual assistance in this compact may include the use of emergency forces by mutual agreement among party jurisdictions.

"Article II—General Implementation

''Each party jurisdiction entering into this compact recognizes that many emergencies may exceed the capabilities of a party jurisdiction and that intergovernmental cooperation is essential in such circumstances. Each jurisdiction further recognizes that there will be emergencies that may require immediate access and present procedures to apply outside resources to make a prompt and effective response to such an emergency because few, if any, individual jurisdictions have all the resources they need in all types of emergencies or the capability of delivering resources to areas where emergencies exist.

''The prompt, full, and effective utilization of resources of the participating jurisdictions, including any resources on hand or available from any other source that are essential to the safety, care, and welfare of the people in the event of any emergency or disaster, shall be the underlying principle on which all articles of this compact are understood.

''On behalf of the party jurisdictions participating in the compact, the legally designated official who is assigned responsibility for emergency management is responsible for formulation of the appropriate inter-jurisdictional mutual aid plans and procedures necessary to implement this compact, and for recommendations to the jurisdiction concerned with respect to the amendment of any statutes, regulations, or ordinances required for that purpose.

"Article III—Party Jurisdiction Responsibilities

''(a) FORMULATE PLANS AND PROGRAMS.—It is the responsibility of each party jurisdiction to formulate procedural plans and programs for inter-jurisdictional cooperation in the performance of the responsibilities listed in this section. In formulating and implementing such plans and programs the party jurisdictions, to the extent practical, shall—

''(1) review individual jurisdiction hazards analyses that are available and, to the extent reasonably possible, determine all those potential emergencies the party jurisdictions might jointly suffer, whether due to natural disaster, technological hazard, man-made disaster or emergency aspects of resource shortages;

''(2) initiate a process to review party jurisdictions' individual emergency plans and develop a plan that will determine the mechanism for the inter-jurisdictional cooperation;

''(3) develop inter-jurisdictional procedures to fill any identified gaps and to resolve any identified inconsistencies or overlaps in existing or developed plans;

''(4) assist in warning communities adjacent to or crossing jurisdictional boundaries;

''(5) protect and ensure delivery of services, medicines, water, food, energy and fuel, search and rescue, and critical lifeline equipment, services and resources, both human and material to the extent authorized by law;

''(6) inventory and agree upon procedures for the inter-jurisdictional loan and delivery of human and material resources, together with procedures for reimbursement or forgiveness; and

''(7) provide, to the extent authorized by law, for temporary suspension of any statutes or ordinances, over which the province or state has jurisdiction, that impede the implementation of the responsibilities described in this subsection.

''(b) REQUEST ASSISTANCE.—The authorized representative of a party jurisdiction may request assistance of another party jurisdiction by contacting the authorized representative of that jurisdiction. These provisions only apply to requests for assistance made by and to authorized representatives. Requests may be verbal or in writing. If verbal, the request must be confirmed in writing within 15 days of the verbal request. Requests must provide the following information:

''(1) A description of the emergency service function for which assistance is needed and of the mission or missions, including but not limited to fire services, emergency medical, transportation, communications, public works and engineering, building inspection, planning and information assistance, mass care, resource support, health and medical services, and search and rescue.

''(2) The amount and type of personnel, equipment, materials, and supplies needed and a reasonable estimate of the length of time they will be needed.

''(3) The specific place and time for staging of the assisting party's response and a point of contact at the location.

''(c) CONSULTATION AMONG PARTY JURISDICTION OFFICIALS.—There shall be frequent consultation among the party jurisdiction officials who have assigned emergency management responsibilities, such officials collectively known hereinafter as the International Emergency Management Group, and other appropriate representatives of the party jurisdictions with free exchange of information, plans, and resource records relating to emergency capabilities to the extent authorized by law.

"Article IV—Limitation

''Any party jurisdiction requested to render mutual aid or conduct exercises and training for mutual aid shall undertake to respond as soon as possible, except that it is understood that the jurisdiction rendering aid may withhold or recall resources to the extent necessary to provide reasonable protection for that jurisdiction. Each party jurisdiction shall afford to the personnel of the emergency forces of any party jurisdiction, while operating within its jurisdictional limits under the terms and conditions of this compact and under the operational control of an officer of the requesting party, the same powers, duties, rights, privileges, and immunities as are afforded similar or like forces of the jurisdiction in which they are performing emergency services. Emergency forces continue under the command and control of their regular leaders, but the organizational units come under the operational control of the emergency services authorities of the jurisdiction receiving assistance. These conditions may be activated, as needed, by the jurisdiction that is to receive assistance or upon commencement of exercises or training for mutual aid and continue as long as the exercises or training for mutual aid are in progress, the emergency or disaster remains in effect or loaned resources remain in the receiving jurisdiction or jurisdictions, whichever is longer. The receiving jurisdiction is responsible for informing the assisting jurisdictions of the specific moment when services will no longer be required.

"Article V—Licenses and Permits

''Whenever a person holds a license, certificate, or other permit issued by any jurisdiction party to the compact evidencing the meeting of qualifications for professional, mechanical, or other skills, and when such assistance is requested by the receiving party jurisdiction, such person is deemed to be licensed, certified, or permitted by the jurisdiction requesting assistance to render aid involving such skill to meet an emergency or disaster, subject to such limitations and conditions as the requesting jurisdiction prescribes by Executive order or otherwise.

"Article VI—Liability

''Any person or entity of a party jurisdiction rendering aid in another jurisdiction pursuant to this compact are considered agents of the requesting jurisdiction for tort liability and immunity purposes. Any person or entity rendering aid in another jurisdiction pursuant to this compact are not liable on account of any act or omission in good faith on the part of such forces while so engaged or on account of the maintenance or use of any equipment or supplies in connection therewith. Good faith in this article does not include willful misconduct, gross negligence, or recklessness.

"Article VII—Supplementary Agreements

''Because it is probable that the pattern and detail of the machinery for mutual aid among 2 or more jurisdictions may differ from that among the jurisdictions that are party to this compact, this compact contains elements of a broad base common to all jurisdictions, and nothing in this compact precludes any jurisdiction from entering into supplementary agreements with another jurisdiction or affects any other agreements already in force among jurisdictions. Supplementary agreements may include, but are not limited to, provisions for evacuation and reception of injured and other persons and the exchange of medical, fire, public utility, reconnaissance, welfare, transportation and communications personnel, equipment, and supplies.

"Article VIII—Workers' Compensation and Death Benefits

''Each party jurisdiction shall provide, in accordance with its own laws, for the payment of workers' compensation and death benefits to injured members of the emergency forces of that jurisdiction and to representatives of deceased members of those forces if the members sustain injuries or are killed while rendering aid pursuant to this compact, in the same manner and on the same terms as if the injury or death were sustained within their own jurisdiction.

"Article IX—Reimbursement

''Any party jurisdiction rendering aid in another jurisdiction pursuant to this compact shall, if requested, be reimbursed by the party jurisdiction receiving such aid for any loss or damage to, or expense incurred in, the operation of any equipment and the provision of any service in answering a request for aid and for the costs incurred in connection with those requests. An aiding party jurisdiction may assume in whole or in part any such loss, damage, expense, or other cost or may loan such equipment or donate such services to the receiving party jurisdiction without charge or cost. Any 2 or more party jurisdictions may enter into supplementary agreements establishing a different allocation of costs among those jurisdictions. Expenses under article VIII are not reimbursable under this section.

"Article X—Evacuation

''Each party jurisdiction shall initiate a process to prepare and maintain plans to facilitate the movement of and reception of evacuees into its territory or across its territory, according to its capabilities and powers. The party jurisdiction from which the evacuees came shall assume the ultimate responsibility for the support of the evacuees, and after the termination of the emergency or disaster, for the repatriation of such evacuees.

"Article XI—Implementation

''(a) This compact is effective upon its execution or adoption by any 2 jurisdictions, and is effective as to any other jurisdiction upon its execution or adoption thereby: subject to approval or authorization by the United States Congress, if required, and subject to enactment of provincial or State legislation that may be required for the effectiveness of the Memorandum of Understanding.

''(b) Any party jurisdiction may withdraw from this compact, but the withdrawal does not take effect until 30 days after the governor or premier of the withdrawing jurisdiction has given notice in writing of such withdrawal to the governors or premiers of all other party jurisdictions. The action does not relieve the withdrawing jurisdiction from obligations assumed under this compact prior to the effective date of withdrawal.

''(c) Duly authenticated copies of this compact in the French and English languages and of such supplementary agreements as may be entered into shall, at the time of their approval, be deposited with each of the party jurisdictions.

"Article XII—Severability

''This compact is construed to effectuate the purposes stated in Article I. If any provision of this compact is declared unconstitutional or the applicability of the compact to any person or circumstances is held invalid, the validity of the remainder of this compact and the applicability of the compact to other persons and circumstances are not affected.

"Article XIII—Consistency of Language

''The validity of the arrangements and agreements consented to in this compact

shall not be affected by any insubstantial difference in form or language as may be adopted by the various states and provinces.

"Article XIV—Amendment

''This compact may be amended by agreement of the party jurisdictions.''.

SEC. 2. INCONSISTENCY OF LANGUAGE.

The validity of the arrangements consented to by this Act shall not be affected by any insubstantial difference in their form or language as adopted by the States and provinces.

SEC. 3. RIGHT TO ALTER, AMEND, OR REPEAL.

The right to alter, amend, or repeal this Act is hereby expressly reserved.

RECOGNIZING RADIO FREE EUROPE/RADIO LIBERTY'S SUCCESS IN PROMOTING DEMOCRACY AND ITS CONTINUING CONTRIBUTION TO UNITED STATES NATIONAL INTERESTS

Mr. REID. Mr. President, I ask unanimous consent that the Senate proceed to the consideration of Calendar No. 281, S. Con. Res. 92.

The PRESIDENT pro tempore. The clerk will report the title of the concurrent resolution.

The legislative clerk read as follows:

A concurrent resolution (S. Con. Res. 92) recognizing Radio Free Europe/Radio Liberty's success in promoting democracy and its continuing contribution to United States national interests.

There being no objection, the Senate proceeded to consider the concurrent resolution.

Mr. REID. Mr. President, I ask unanimous consent that the concurrent resolution be agreed to, the preamble be agreed to, the motion to reconsider be laid upon the table, and any statements relating to the concurrent resolution be printed in the RECORD.

The PRESIDENT pro tempore. Without objection, it is so ordered.

The concurrent resolution (S. Con. Res. 92) was agreed to.

The preamble was agreed to.

The concurrent resolution, with its preamble, reads as follows:

S. CON. RES. 92

Whereas on May 1, 1951, Radio Free Europe inaugurated its full schedule of broadcast services to the people of Eastern Europe and, subsequently, Radio Liberty initiated its broadcast services to the peoples of the Soviet Union on March 1, 1953, just before the death of Stalin;

Whereas now fifty years later, Radio Free Europe/Radio Liberty (in this concurrent resolution referred to as ''RFE/RL'') continues to promote democracy and human rights and serve United States national interests by fulfilling its mission ''to promote democratic values and institutions by disseminating factual information and ideas'';

Whereas Radio Free Europe and Radio Liberty were established in the darkest days of the cold war as a substitute for the free media which no longer existed in the communist-dominated countries of Central and Eastern Europe and the Soviet Union;

Whereas Radio Free Europe and Radio Liberty developed a unique form of international broadcasting known as surrogate broadcasting by airing local news about the countries to which they broadcast as well as providing regional and international news, thus preventing the communist governments from establishing a monopoly on the dissemination of information and providing an alternative to the state-controlled, party dominated domestic media;

Whereas the broadcast of uncensored news and information by Radio Free Europe and Radio Liberty was a critical element contributing to the collapse of the totalitarian communist governments of Central and Eastern Europe and the Soviet Union;

Whereas since the fall of the Iron Curtain, RFE/RL has continued to inform and therefore strengthen democratic forces in Central Europe and the countries of the former Soviet Union, and has contributed to the development of a new generation of political and economic leaders who have worked to strengthen civil society, free market economies, and democratic government institutions;

Whereas United States Government funding established and continues to support international broadcasting, including RFE/RL, and this funding is among the most useful and effective in promoting and enhancing the Nation's national security over the past half century;

Whereas RFE/RL has successfully downsized in response to legislative mandate and adapted its programming to the changing international broadcast environment in order to serve a broad spectrum of target audiences—people living in fledgling democracies where private media are still weak and do not enjoy full editorial independence, transitional societies where democratic institutions and practices are poorly developed, as well as countries which still have tightly controlled state media;

Whereas RFE/RL continues to provide objective news, analysis, and discussion of domestic and regional issues crucial to democratic and free-market transformations in emerging democracies as well as strengthening civil society in these areas;

Whereas RFE/RL broadcasts seek to combat ethnic, racial, and religious intolerance and promote mutual understanding among peoples;

Whereas RFE/RL provides a model for local media, assists in training to encourage media professionalism and independence, and develops partnerships with local media outlets in emerging democracies;

Whereas RFE/RL is a unique broadcasting institution long regarded by its audience as an alternative national media that provides both credibility and security for local journalists who work as its stringers and editors in the broadcast region; and

Whereas RFE/RL fosters closer relations between the United States and other democratic states, and the states of Central Europe and the former Soviet republics: Now therefore be it

Resolved by the Senate (the House of Representatives concurring), That the Congress—

(1) congratulates the editors, journalists, and managers of Radio Free Europe/Radio Liberty on a half century of effort in promoting democratic values, and particularly their contribution to promoting freedom of the press and freedom of expression in areas of the world where such liberties have been denied or are not yet fully institutionalized; and

(2) recognizes the major contribution of Radio Free Europe/Radio Liberty to the growth of democracy throughout the world and its continuing efforts to advance the vital national interests of the United States in building a world community that is more peaceful, democratic, free, and stable.

REFERRING S. 846 TO CHIEF JUDGE OF U.S. COURT OF FEDERAL CLAIMS

Mr. REID. Mr. President, I ask unanimous consent that the Judiciary Committee be discharged from further consideration of S. Res. 83 and that the Senate proceed to its immediate consideration.

The PRESIDENT pro tempore. Without objection, it is so ordered.

The clerk will report the resolution by title.

The legislative clerk read as follows:

A resolution (S. Res. 83) referring S. 846 entitled ''A bill for the relief of J.L. Simmon Company, Inc., of Champaign, Illinois'' to the chief judge of the Unites States Court of Federal Claims for a report thereon.

There being no objection, the Senate proceeded to consider the resolution.

Mr. REID. I ask unanimous consent that the resolution be agreed to, the motion to reconsider be laid upon the table, and that any statements relating thereto be printed in the RECORD.

The resolution (S. Res. 83) was agreed to, as follows:

S. RES. 83

Resolved,

SECTION 1. REFERRAL.

S. 846 entitled ''A bill for the relief of J.L. Simmons Company, Inc., of Champaign, Illinois'', now pending in the Senate, together with all the accompanying papers, is referred to the chief judge of the United States Court of Federal Claims.

SEC. 2. PROCEEDING AND REPORT.

The chief judge shall—

(1) proceed according to the provisions of sections 1492 and 2509 of title 28, United States Code, notwithstanding the bar of any statute of limitations, laches, or bar of sovereign immunity; and

(2) report back to the Senate, at the earliest practicable date, providing—

(A) such findings of fact and conclusions as are sufficient to inform Congress of the nature, extent, and character of the claim for compensation referred to in such bill as a legal or equitable claim against the United States, or a gratuity; and

(B) the amount, if any, legally or equitably due from the United States to J.L. Simmons Company, Inc., of Champaign, Illinois.

AMENDING THE INTERNAL REVENUE CODE OF 1986

Mr. REID. Mr. President, I ask unanimous consent that the Senate proceed to the consideration of H.R. 3346.

The PRESIDENT pro tempore. The clerk will report the bill by title.

The legislative clerk read as follows:

A bill (H.R. 3346) to amend the Internal Revenue Code of 1986 to simplify the reporting requirements relating to higher education, tuition and related expenses.

There being no objection, the Senate proceeded to consider the bill.

Mr. REID. I ask unanimous consent that the bill be read a third time, passed, the motion to reconsider be laid upon the table, and any statements relating thereto be printed in the RECORD.

The PRESIDENT pro tempore. Without objection, it is so ordered.

The bill (H.R. 3346) was read the third time and passed.

DESIGNATING RICHARD J. GUADAGNO HEADQUARTERS AND VISITORS CENTER

Mr. REID. Mr. President, I ask unanimous consent that the Senate proceed to the consideration of H.R. 3334 just received from the House and which is now at the desk.

The PRESIDENT pro tempore. The clerk will report the bill by title.

The legislative clerk read as follows:

A bill (H.R. 3334) to designate the Richard J. Guadagno Headquarters and Visitors Center at Humboldt Bay National Wildlife Refuge, California.

There being no objection, the Senate proceeded to consider the bill.

Mr. REID. I ask unanimous consent that the bill be read a third time, passed, the motion to reconsider be laid upon the table, and any statements relating thereto be printed in the RECORD.

The PRESIDENT pro tempore. Without objection, it is so ordered.

The bill (H.R. 3334) was read the third time and passed.

DESIGNATING THE TODD BEAMER POST OFFICE BUILDING

Mr. REID. Mr. President, I ask unanimous consent that the Governmental Affairs Committee be discharged from further consideration of H.R. 3248 and that the Senate proceed to its immediate consideration.

The PRESIDENT pro tempore. Without objection, it is so ordered.

The clerk will report the bill by title.

The legislative clerk read as follows:

A bill (H.R. 3248) to designate the facility of the United States Postal Service located at 65 North Main Street in Cranbury, New Jersey, as the Todd Beamer Post Office Building.

There being no objection, the Senate proceeded to consider the bill.

Mr. REID. I ask unanimous consent that the bill be read three times and passed, the motion to reconsider be laid upon the table, and any statements relating to the bill be printed in the RECORD.

The bill (H.R. 3248) was read the third time and passed.

COMMENDING DAW AUNG SAN SUU KYI ON THE TENTH ANNIVERSARY OF HER RECEIVING THE NOBEL PEACE PRIZE

Mr. REID. Mr. President, I ask unanimous consent that the Senate proceed to Calendar No. 294, H. Con. Res. 211.

The PRESIDENT pro tempore. The clerk will report the concurrent resolution by title.

The legislative clerk read as follows:

A concurrent resolution (H. Con. Res. 211) commending Daw Aung San Suu Kyi on the tenth anniversary of her receiving the Nobel Peace Prize and expressing the sense of the Congress with respect to the Government of Burma.

There being no objection, the Senate proceeded to consider the concurrent resolution, which had been reported from the Committee on Foreign Relations, with an amendment and an amendment to the preamble.

(The parts of the concurrent resolution intended to be stricken are shown in boldface brackets and the parts of the concurrent resolution intended to be inserted are shown in italic.)

H. CON. RES. 211

[Whereas since 1962, the people of Burma have lived under a repressive military regime;

[Whereas in 1988, the people of Burma rose up in massive prodemocracy demonstrations;

[Whereas in response to this call for change, the Burmese military brutally suppressed these demonstrations;

[Whereas opposition leader Daw Aung San Suu Kyi was placed under house arrest after these demonstrations;

[Whereas in the 1990 Burmese elections, Daw Aung San Suu Kyi led the National League for Democracy and affiliated parties to a landslide victory, winning 80 percent of the parliamentary seats;

[Whereas the ruling military regime rejected this election and proceeded to arrest hundreds of members of the National League for Democracy;

[Whereas Daw Aung San Suu Kyi's freedom of speech was restricted by the military regime;

[Whereas in recognition of her efforts to bring democracy to Burma, Daw Aung San Suu Kyi was awarded the Nobel Peace Prize on October 14, 1991;

[Whereas Daw Aung San Suu Kyi remained under unlawful house arrest until 1995;

[Whereas even after her release, the Burmese military regime, known as the State Peace and Development Council (SPDC), has continued to ignore the basic human rights of 48,000,000 Burmese citizens and has brutally suppressed any opposition to its authority;

[Whereas according to the State Department, the SPDC has made no significant progress toward stopping the practice of human trafficking, whereby thousands of people have been sent to Thailand for the purpose of factory and household work and for sexual exploitation;

[Whereas the SPDC has forced civilians to work in industrial, military, and infrastructure construction operations throughout Burma, and on a large-scale basis has targeted ethnic and religious minorities for this work;

[Whereas a Department of Labor report in 2000 described the human rights abuses of forced laborers, including beating, torture, starvation, and summary executions;

[Whereas the worldwide scourge of heroin and methamphetamines is significantly aggravated by large-scale cultivation and production of these drugs in Burma;

[Whereas the Drug Enforcement Agency has reported that Burma is the world's second largest producer of opium and opiate-based drugs;

[Whereas officials in Thailand have estimated that as many as 800 million tablets of methamphetamine will be smuggled into their country this year, contributing to the growing methamphetamine problem in Thailand;

[Whereas there are as many as a million internally displaced persons in Burma;

[Whereas the SPDC has severely restricted Daw Aung San Suu Kyi's political activities;

[Whereas in September 2000, Daw Aung San Suu Kyi was placed under house arrest when she attempted to visit a National League for Democracy party office on the outskirts of Rangoon, and again when she attempted to travel by train to Mandalay;

[Whereas Daw Aung San Suu Kyi has recently begun talks with the SPDC which are welcomed by the international community, although the slow pace of the talks reflects on the SPDC's sincerity to move toward national reconciliation;

[Whereas the SPDC has recently allowed the National League for Democracy to open some political offices, and has released some political prisoners, although over 1,800 such prisoners are believed to remain imprisoned;

[Whereas with the exception of these positive developments the SPDC has made little progress in improving human rights conditions and restoring democracy to the country;

[Whereas the SPDC has continued to restrict the political power of Daw Aung San Suu Kyi and the National League for Democracy;

[Whereas Daw Aung San Suu Kyi's struggle to assert the rights of her people has spread beyond politics and into popular culture, as evidenced by others championing her cause, most notably the rock group U2 in their song ''Walk On'', which is banned in Burma; and

[Whereas, in the face of oppression, Daw Aung San Suu Kyi has remained an outspoken champion of democracy and freedom: Now, therefore, be it**]**

Whereas, since 1962, the people of Burma have lived under a repressive military regime;

Whereas, in 1988, the people of Burma rose up in massive prodemocracy demonstrations;

Whereas, in response to this call for change, the Burmese military brutally suppressed these demonstrations;

Whereas Daw Aung San Suu Kyi and the SPDC have recently begun talks under the auspices of the United Nations Special Envoy to Burma, Razali Ismail, which are welcomed by the international community;

Whereas the SPDC has recently allowed the National League for Democracy to open some political offices, and has released some political prisoners, although over 1,800 such prisoners are believed to remain imprisoned;

Whereas, with the exception of these positive developments, the SPDC has made little progress in improving human rights conditions and restoring democracy to Burma;

Whereas the United Nations General Assembly has recently expressed its concern over the slow progress in the talks between Daw Aung San Suu Kyi and the SPDC;

Whereas Daw Aung San Suu Kyi's struggle to assert the rights of her people has spread beyond politics and into popular culture, as evidenced by others championing her cause, most notably the rock group U2 in their song ''Walk On'', which is banned in Burma;

Whereas Daw Aung San Suu Kyi is the recipient of the Presidential Medal of Freedom; and

Whereas, in the face of oppression and at great personal sacrifice, Daw Aung San Suu Kyi has remained an outspoken champion of democracy and freedom: Now, therefore, be it

Resolved by the Senate (the House of Representatives concurring),

⟦That—

⟦(1) the Congress commends and congratulates Daw Aung San Suu Kyi on the 10th anniversary of her receiving the Nobel Peace Prize, and recognizes her remarkable contributions and tireless work toward bringing peace and democracy to Burma;

⟦(2) it is the sense of the Congress that the President and Secretary of State should continue to encourage the Government of Burma to restore basic human rights to the Burmese people, to eliminate the practice of human trafficking, to address the manufacture of heroin and methamphetamines, to continue the process of releasing political prisoners, to recognize the results of the 1990 democratic elections, and to allow Daw Aung San Suu Kyi and the National League for Democracy to enjoy unfettered freedom of speech and freedom of movement; and

⟦(3) it is the sense of the Congress that Daw Aung San Suu Kyi should be invited to address a joint meeting of the Congress at such time and under such circumstances as will, in the judgment of Daw Aung San Suu Kyi, advance rather than endanger her continued ability to work within Burma for the rights of the Burmese people.⟧

SECTION 1. COMMENDATION OF DAW AUNG SAN SUU KYI AND SENSE OF CONGRESS WITH RESPECT TO THE GOVERNMENT OF BURMA.

(a) COMMENDATION OF DAW AUNG SAN SUU KYI.—Congress—

(1) commends and congratulates Daw Aung San Suu Kyi on the 10th anniversary of her receiving the Nobel Peace Prize; and

(2) recognizes her remarkable contributions and tireless work toward bringing national reconciliation and democracy to Burma.

(b) SENSE OF CONGRESS.—It is the sense of Congress that the President and the Secretary of State should continue to encourage the SPDC to—

(1) restore basic human rights to the Burmese people;

(2) eliminate the practice of human trafficking;

(3) address the manufacture of heroin and methamphetamines;

(4) release all political prisoners;

(5) remove all restrictions on the freedom of speech, assembly, association, and movement of Daw Aung San Suu Kyi and members of the National League for Democracy;

(6) recognize the results of the 1990 democratic elections; and

(7) take concrete steps to achieve national reconciliation and the restoration of democracy through genuine and substantive dialogue with Daw Aung San Suu Kyi.

Mr. REID. I ask unanimous consent that the committee amendment be agreed to, the concurrent resolution, as amended, be agreed to, the amendment to the preamble be agreed to, the preamble, as amended, be agreed to, the motion to reconsider be laid upon the table, and any statements relating thereto be printed in the RECORD.

The PRESIDENT pro tempore. Without objection, it is so ordered.

The committee amendment was agreed to.

The concurrent resolution (H. Con. Res. 211), as amended, was agreed to.

The amendment to the preamble was agreed to.

The preamble, as amended, was agreed to.

CONGRATULATING THE PEOPLE AND GOVERNMENT OF KAZAKHSTAN ON THE ANNIVERSARY OF INDEPENDENCE

Mr. REID. I ask unanimous consent that the Foreign Relations Committee be discharged from further consideration of S. Res. 194, and that the Senate now proceed to its immediate consideration.

The PRESIDENT pro tempore. Without objection, it is so ordered. The clerk will report the resolution by title.

The legislative clerk read as follows:

A resolution (S. Res. 194) congratulating the people and government of Kazakhstan on the tenth anniversary of the independence of the Republic of Kazakhstan.

There being no objection, the Senate proceeded to the immediate consideration of the resolution.

Mr. REID. I ask unanimous consent that the amendment to the resolution and the preamble be agreed to, the resolution, as amended, be agreed to, the preamble, as amended, be agreed to, the motion to reconsider be laid upon the table, and any statements be printed in the RECORD.

The PRESIDENT pro tempore. Without objection, it is so ordered.

The amendment (No. 2693) was agreed to, as follows:

On page 3, delete lines 7–9, and insert the following: ''United States on matters of national security, including the war against terrorism.''

The resolution (S. Res. 194), as amended, was agreed to.

The preamble, as amended, was agreed to.

[The resolution will appear in a future edition of the RECORD.]

AMERICAN WILDLIFE ENHANCEMENT ACT OF 2001

Mr. REID. I ask unanimous consent that the Senate proceed to the immediate consideration of Calendar No. 283, S. 990.

The PRESIDENT pro tempore. The clerk will report the bill by title.

The legislative clerk read as follows:

A bill (S. 990) to amend the Pittman-Robertson Wildlife Restoration Act to improve the provisions relating to wildlife conservation and restoration programs, and for other purposes.

There being no objection, the Senate proceeded to consider the bill which had been reported from the Committee on Environment and Public Works, with an amendment to strike all after the enacting clause and insert in lieu thereof the following:

SECTION 1. SHORT TITLE; TABLE OF CONTENTS.

(a) SHORT TITLE.—This Act may be cited as the ''American Wildlife Enhancement Act of 2001''.

(b) TABLE OF CONTENTS.—The table of contents of this Act is as follows:

TITLE I—PITTMAN-ROBERTSON WILDLIFE CONSERVATION AND RESTORATION PROGRAMS IMPROVEMENT

SEC. 101. SHORT TITLE.

This title may be cited as the ''Pittman-Robertson Wildlife Conservation and Restoration Programs Improvement Act''.

SEC. 102. DEFINITIONS.

(a) IN GENERAL.—Section 2 of the Pittman-Robertson Wildlife Restoration Act (16 U.S.C. 669a) is amended to read as follows:

''SEC. 2. DEFINITIONS.

''In this Act:

''(1) ACCOUNT.—The term 'Account' means the Wildlife Conservation and Restoration Account established by section 3(a)(2).

''(2) CONSERVATION.—

''(A) IN GENERAL.—The term 'conservation' means the use of a method or procedure necessary or desirable—

''(i) to sustain healthy populations of wildlife; or

''(ii) to restore declining populations of wildlife.

''(B) INCLUSIONS.—The term 'conservation' includes any activity associated with scientific resources management, such as—

''(i) research;

''(ii) census;

''(iii) monitoring of populations;

''(iv) acquisition, improvement, and management of habitat;

''(v) live trapping and transplantation;

''(vi) wildlife damage management;

''(vii) periodic or total protection of a species or population; and

''(viii) the taking of individuals within a wildlife stock or population if permitted by applicable Federal law, State law, or law of the District of Columbia, a territory, or an Indian tribe for the purpose of protecting wildlife in decline.

''(3) FUND.—The term 'fund' means the Federal aid to wildlife restoration fund established by section 3(a)(1).

''(4) INDIAN TRIBE.—The term 'Indian tribe' has the meaning given the term in section 4 of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450b).

''(5) SECRETARY.—The term 'Secretary' means the Secretary of the Interior.

''(6) STATE FISH AND GAME DEPARTMENT.—The term 'State fish and game department' means any department or division of a department of another name, or commission, or 1 or more officials, of a State, the District of Columbia, a territory, or an Indian tribe empowered under the laws of the State, the District of Columbia, the territory, or the Indian tribe, respectively, to exercise the functions ordinarily exercised by a State fish and game department or a State fish and wildlife department.

''(7) TERRITORY.—The term 'territory' means Puerto Rico, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, and the Virgin Islands.

''(8) WILDLIFE.—

''(A) IN GENERAL.—Except as provided in subparagraph (B), the term 'wildlife' means—

''(i) any species of wild, free-ranging fauna (excluding fish); and

''(ii) any species of fauna (excluding fish) in a captive breeding program the object of which is to reintroduce individuals of a depleted native species into the previously occupied range of the species.

''(B) WILDLIFE CONSERVATION AND RESTORATION PROGRAM.—For the purposes of each wildlife conservation and restoration program, the term 'wildlife' includes fish and native plants.

''(9) WILDLIFE-ASSOCIATED RECREATION PROJECT.—The term 'wildlife-associated recreation project' means—

''(A) a project intended to meet the demand for an outdoor activity associated with wildlife, such as hunting, fishing, and wildlife observation and photography;

''(B) a project such as construction or restoration of a wildlife viewing area, observation tower, blind, platform, land or water trail, water access route, area for field trialing, or trail head; and

''(C) a project to provide access for a project described in subparagraph (A) or (B).

''(10) WILDLIFE CONSERVATION AND RESTORATION PROGRAM.—The term 'wildlife conservation and restoration program' means a program developed by a State fish and game department and approved by the Secretary under section 12.

''(11) WILDLIFE CONSERVATION EDUCATION PROJECT.—The term 'wildlife conservation education project' means a project, including public outreach, that is intended to foster responsible natural resource stewardship.

''(12) WILDLIFE-RESTORATION PROJECT.—

''(A) IN GENERAL.—The term 'wildlife-restoration project' means a project consisting of the selection, restoration, rehabilitation, or improvement of an area of land or water (including a property interest in land or water) that is adaptable as a feeding, resting, or breeding place for wildlife.

''(B) INCLUSIONS.—The term 'wildlife-restoration project' includes—

''(i) acquisition of an area of land or water described in subparagraph (A) that is suitable or capable of being made suitable for feeding, resting, or breeding by wildlife;

''(ii) restoration or rehabilitation of an area of land or water described in subparagraph (A) (such as through management of habitat and invasive species);

''(iii) construction in an area described in subparagraph (A) of such works as are necessary to make the area available for feeding, resting, or breeding by wildlife;

''(iv) such research into any problem of wildlife management as is necessary for efficient administration of wildlife resources; and

''(v) such preliminary or incidental expenses as are incurred with respect to activities described in this paragraph.''.

(b) CONFORMING AMENDMENTS.—

(1) The first section, section 3(a)(1), and section 12 of the Pittman-Robertson Wildlife Restoration Act (16 U.S.C. 669, 669b(a)(1), 669i) are amended by striking ''Secretary of Agriculture'' each place it appears and inserting ''Secretary''.

(2) The Pittman-Robertson Wildlife Restoration Act (16 U.S.C. 669 et seq.) is amended by striking ''Secretary of the Interior'' each place it appears and inserting ''Secretary''.

(3) Section 3(a)(1) of the Pittman-Robertson Wildlife Restoration Act (16 U.S.C. 669b(a)(1)) is amended by striking ''(hereinafter referred to as the 'fund')''.

(4) Section 6(c) of the Pittman-Robertson Wildlife Restoration Act (16 U.S.C. 669e(c)) is amended by striking ''established by section 3 of this Act''.

(5) Section 11(b) of the Pittman-Robertson Wildlife Restoration Act (16 U.S.C. 669h–2(b)) is amended by striking ''wildlife restoration projects'' each place it appears and inserting ''wildlife-restoration projects''.

SEC. 103. WILDLIFE CONSERVATION AND RESTORATION ACCOUNT.

(a) IN GENERAL.—Section 3 of the Pittman-Robertson Wildlife Restoration Act (16 U.S.C. 669b) is amended—

(1) by striking ''SEC. 3. (a)(1) An'' and inserting the following:

''SEC. 3. FEDERAL AID TO WILDLIFE RESTORATION FUND.

''(a) IN GENERAL.—

''(1) FEDERAL AID TO WILDLIFE RESTORATION FUND.—An'';

(2) in subsection (a), by striking paragraph (2) and inserting the following:

''(2) WILDLIFE CONSERVATION AND RESTORATION ACCOUNT.—

''(A) ESTABLISHMENT.—There is established in the fund an account to be known as the 'Wildlife Conservation and Restoration Account'.

''(B) FUNDING.—

''(i) IN GENERAL.—There are authorized to be appropriated to the Account for apportionment to States, the District of Columbia, territories, and Indian tribes in accordance with section 4(d)—

''(I) $50,000,000 for fiscal year 2001; and

''(II) $350,000,000 for each of fiscal years 2002 through 2006.

''(ii) AVAILABILITY.—Notwithstanding the matter under the heading 'FEDERAL AID IN WILDLIFE RESTORATION' under the heading 'FISH AND WILDLIFE SERVICE' in title I of chapter VII of the General Appropriation Act, 1951 (64 Stat. 693), the amount appropriated under clause (i)(II) for each of fiscal years 2002 through 2006 shall be available for obligation in that fiscal year.''; and

(3) by striking subsections (c) and (d).

(b) CONFORMING AMENDMENTS.—

(1) Section 3(a)(1) of the Pittman-Robertson Wildlife Restoration Act (16 U.S.C. 669b(a)(1)) is amended in the first sentence—

(A) by inserting ''(other than the Account)'' after ''wildlife restoration fund''; and

(B) by inserting before the period at the end the following: ''(other than sections 4(d) and 12)''.

(2) Section 4 of the Pittman-Robertson Wildlife Restoration Act (16 U.S.C. 669c) is amended—

(A) in subsection (a)—

(i) in paragraph (1)(A)—

(I) by inserting ''(other than the Account)'' after ''the fund''; and

(II) by inserting ''(other than subsection (d) and sections 3(a)(2) and 12)'' after ''this Act''; and

(ii) in paragraph (2)(B), by inserting ''from the fund (other than the Account)'' before ''under this Act''; and

(B) in the first sentence of subsection (b), by striking ''said fund'' and inserting ''the fund (other than the Account)''.

(3) Section 6 of the Pittman-Robertson Wildlife Restoration Act (16 U.S.C. 669e) is amended—

(A) in subsection (a)—

(i) in the matter preceding paragraph (1), by inserting ''(other than sections 4(d) and 12)'' after ''this Act'';

(ii) in the last sentence of paragraph (1), by striking ''this Act from funds apportioned under this Act'' and inserting ''this Act (other than sections 4(d) and 12) from funds apportioned from the fund (other than the Account) under this Act'';

(iii) in paragraph (2)—

(I) in the first sentence, by inserting ''(other than sections 4(d) and 12)'' after ''this Act''; and

(II) in the last sentence, by striking ''said fund as represents the share of the United States payable under this Act'' and inserting ''the fund (other than the Account) as represents the share of the United States payable from the fund (other than the Account) under this Act''; and

(iv) in the last paragraph, by inserting ''from the fund (other than the Account)'' before ''under this Act'' each place it appears; and

(B) in subsection (b), by inserting ''(other than sections 4(d) and 12)'' after ''this Act'' each place it appears.

(4) Section 8A of the Pittman-Robertson Wildlife Restoration Act (16 U.S.C. 669g–1) is amended in the first sentence by inserting ''from the fund (other than the Account)'' before ''under this Act''.

(5) Section 9 of the Pittman-Robertson Wildlife Restoration Act (16 U.S.C. 669h) is amended in subsections (a) and (b)(1) by striking ''section 4(a)(1)'' each place it appears and inserting ''subsections (a)(1) and (d)(1) of section 4''.

(6) Section 10 of the Pittman-Robertson Wildlife Restoration Act (16 U.S.C. 669h–1) is amended—

(A) in subsection (a)(1)—

(i) by inserting ''(other than the Account)'' after ''the fund''; and

(ii) in subparagraph (B), by inserting ''but excluding any use authorized solely by section 12'' after ''target ranges''; and

(B) in subsection (c)(2), by inserting before the period at the end the following: ''(other than sections 4(d) and 12)''.

(7) Section 11(a)(1) of the Pittman-Robertson Wildlife Restoration Act (16 U.S.C. 669h–2(a)(1)) is amended by inserting ''(other than the Account)'' after ''the fund''.

SEC. 104. APPORTIONMENT OF AMOUNTS IN THE ACCOUNT.

Section 4 of the Pittman-Robertson Wildlife Restoration Act (16 U.S.C. 669c) is amended by striking the second subsection (c) and subsection (d) and inserting the following:

''(d) APPORTIONMENT OF AMOUNTS IN THE ACCOUNT.—

''(1) DEDUCTION FOR ADMINISTRATIVE EXPENSES.—For each fiscal year, the Secretary may deduct, for payment of administrative expenses incurred by the Secretary in carrying out activities funded from the Account, not more than 3 percent of the total amount of the Account available for apportionment for the fiscal year.

''(2) APPORTIONMENT TO DISTRICT OF COLUMBIA, TERRITORIES, AND INDIAN TRIBES.—

''(A) IN GENERAL.—For each fiscal year, after making the deduction under paragraph (1), the Secretary shall apportion from the amount in the Account remaining available for apportionment—

''(i) to each of the District of Columbia and the Commonwealth of Puerto Rico, a sum equal to not more than ½ of 1 percent of that remaining amount;

''(ii) to each of Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, and the Virgin Islands, a sum equal to not more than ¼ of 1 percent of that remaining amount; and

''(iii) to Indian tribes, a sum equal to not more than 2¼ percent of that remaining amount, of which, subject to subparagraph (B)—

''(I) ⅓ shall be apportioned among Indian tribes based on the ratio that the trust land area of each Indian tribe bears to the total trust land area of all Indian tribes; and

''(II) ⅔ shall be apportioned among Indian tribes based on the ratio that the population of each Indian tribe bears to the total population of all Indian tribes.

''(B) MAXIMUM APPORTIONMENT FOR EACH INDIAN TRIBE.—For each fiscal year, the amounts apportioned under subparagraph (A)(iii) shall be adjusted proportionately so that no Indian tribe is apportioned a sum that is more than 5 percent of the amount available for apportionment under subparagraph (A)(iii) for the fiscal year.

''(3) APPORTIONMENT TO STATES.—

''(A) IN GENERAL.—Subject to subparagraph (B), for each fiscal year, after making the deduction under paragraph (1) and the apportionment under paragraph (2), the Secretary shall apportion the amount in the Account remaining available for apportionment among States in the following manner:

''(i) ⅓ based on the ratio that the area of each State bears to the total area of all States.

''(ii) ⅔ based on the ratio that the population of each State bears to the total population of all States.

''(B) MINIMUM AND MAXIMUM APPORTIONMENTS.—For each fiscal year, the amounts apportioned under this paragraph shall be adjusted proportionately so that no State is apportioned a sum that is—

''(i) less than 1 percent of the amount available for apportionment under this paragraph for the fiscal year; or

''(ii) more than 5 percent of that amount.

''(4) USE.—

''(A) IN GENERAL.—Apportionments under paragraphs (2) and (3)—

''(i) shall supplement, but not supplant, funds available to States, the District of Columbia, territories, and Indian tribes—

''(I) from the fund; or

''(II) from the Sport Fish Restoration Account established by section 9504(a) of the Internal Revenue Code of 1986; and

''(ii) shall be used to address the unmet needs for wildlife (including species that are not hunted or fished, and giving priority to species that are in decline), and the habitats on which the wildlife depend, for projects authorized to be carried out as part of wildlife conservation and restoration programs in accordance with section 12.

''(B) PROHIBITION ON DIVERSION.—A State, the District of Columbia, a territory, or an Indian tribe shall not be eligible to receive an apportionment under paragraph (2) or (3) if the Secretary determines that the State, the District of Columbia, the territory, or the Indian tribe respectively, diverts funds from any source of revenue (including interest, dividends, and other income earned on the revenue) available to the State, the District of Columbia, the territory, or the Indian tribe after January 1, 2000, for conservation of wildlife for any purpose other than the administration of the State fish and game department in carrying out wildlife conservation activities.

''(5) PERIOD OF AVAILABILITY OF APPORTIONMENTS.—Notwithstanding section 3(a)(1), for each fiscal year, the apportionment to a State, the District of Columbia, a territory, or an Indian tribe from the Account under this subsection shall remain available for obligation until the end of the second following fiscal year.''.

SEC. 105. WILDLIFE CONSERVATION AND RESTORATION PROGRAMS.

(a) IN GENERAL.—The Pittman-Robertson Wildlife Restoration Act is amended—

(1) by redesignating sections 12 and 13 (16 U.S.C. 669i, 669 note) as sections 13 and 15, respectively; and

(2) by inserting after section 11 (16 U.S.C. 669h–2) the following:

''SEC. 12. WILDLIFE CONSERVATION AND RESTORATION PROGRAMS.

''(a) DEFINITION OF STATE.—In this section, the term 'State' means a State, the District of Columbia, a territory, and an Indian tribe.

''(b) WILDLIFE CONSERVATION AND RESTORATION PROGRAMS.—

''(1) IN GENERAL.—A State, acting through the State fish and game department, may apply to the Secretary—

''(A) for approval of a wildlife conservation and restoration program; and

''(B) to receive funds from the apportionment to the State under section 4(d) to develop and implement the wildlife conservation and restoration program.

''(2) APPLICATION CONTENTS.—As part of an application under paragraph (1), a State shall provide documentation demonstrating that the wildlife conservation and restoration program of the State includes—

''(A) provisions vesting in the State fish and game department overall responsibility and accountability for the wildlife conservation and restoration program of the State;

''(B) provisions to identify which species in the State are in greatest need of conservation; and

''(C) provisions for the development, implementation, and maintenance, under the wildlife conservation and restoration program, of—

''(i) wildlife conservation projects—

''(I) that expand and support other wildlife programs; and

''(II) that are selected giving appropriate consideration to all species of wildlife in accordance with subsection (c);

''(ii) wildlife-associated recreation projects; and

''(iii) wildlife conservation education projects.

''(3) PUBLIC PARTICIPATION.—A State shall provide an opportunity for public participation in the development, implementation, and revision of the wildlife conservation and restoration program of the State and projects carried out under the wildlife conservation and restoration program.

''(4) APPROVAL FOR FUNDING.—If the Secretary finds that the application submitted by a State meets the requirements of paragraph (2), the Secretary shall approve the wildlife conservation and restoration program of the State.

''(5) PAYMENT OF FEDERAL SHARE.—

''(A) IN GENERAL.—Subject to subparagraph (D), after the Secretary approves a wildlife conservation and restoration program of a State, the Secretary may use the apportionment to the State under section 4(d) to pay the Federal share of—

''(i) the cost of implementation of the wildlife conservation and restoration program; and

''(ii) the cost of development, implementation, and maintenance of each project that is part of the wildlife conservation and restoration program.

''(B) FEDERAL SHARE.—The Federal share shall not exceed 75 percent.

''(C) TIMING OF PAYMENTS.—Under such regulations as the Secretary may promulgate, the Secretary—

''(i) shall make payments to a State under subparagraph (A) during the course of a project; and

''(ii) may advance funds to pay the Federal share of the costs described in subparagraph (A).

''(D) MAXIMUM AMOUNT FOR CERTAIN ACTIVITIES.—

''(i) IN GENERAL.—Notwithstanding section 8(a), except as provided in clause (ii), for each fiscal year, not more than 10 percent of the apportionment to a State under section 4(d) for the wildlife conservation and restoration program of the State may be used for each of the following activities:

''(I) Law enforcement activities.

''(II) Wildlife-associated recreation projects.

''(ii) EXCEPTION.—For any fiscal year, the limitation under clause (i) shall not apply to law enforcement activities or wildlife-associated recreation projects in a State if the State demonstrates to the satisfaction of the Secretary that law enforcement activities or wildlife-associated recreation projects, respectively, have a significant impact on high priority conservation activities.

''(6) METHOD OF IMPLEMENTATION OF PROJECTS.—A State may implement a project that is part of the wildlife conservation and restoration program of the State through—

''(A) a grant made by the State to, or a contract entered into by the State with—

''(i) any Federal, State, or local agency (including an agency that gathers, evaluates, and disseminates information on wildlife and wildlife habitats);

''(ii) an Indian tribe;

''(iii) a wildlife conservation organization, sportsmen's organization, land trust, or other nonprofit organization; or

''(iv) an outdoor recreation or conservation education entity; and

''(B) any other method determined appropriate by the State.

''(c) WILDLIFE CONSERVATION STRATEGY.—

''(1) IN GENERAL.—Not later than 5 years after the date of the initial apportionment to a State under section 4(d), to be eligible to continue to receive funds from the apportionment to the State under section 4(d), the State shall, as part of the wildlife conservation and restoration program of the State, develop and implement a wildlife conservation strategy that is based on the best available and appropriate scientific information.

''(2) REQUIRED ELEMENTS.—A wildlife conservation strategy shall—

''(A) use such information on the distribution and abundance of species of wildlife as is indicative of the diversity and health of the wildlife of the State, including such information on species with low populations and declining numbers of individuals as the State fish and game department determines to be appropriate;

''(B) identify the extent and condition of wildlife habitats and community types essential to conservation of the species of wildlife of the State identified using information described in subparagraph (A);

''(C)(i) identify the problems that may adversely affect—

''(I) the species identified using information described in subparagraph (A); and

''(II) the habitats of the species identified under subparagraph (B); and

''(ii) provide for high priority research and surveys to identify factors that may assist in the restoration and more effective conservation of—

''(I) the species identified using information described in subparagraph (A); and

''(II) the habitats of the species identified under subparagraph (B);

''(D)(i) describe which actions should be taken to conserve—

''(I) the species identified using information described in subparagraph (A); and

''(II) the habitats of the species identified under subparagraph (B); and

''(ii) establish priorities for implementing those actions; and

''(E) provide for—

''(i) periodic monitoring of—

''(I) the species identified using information described in subparagraph (A);

''(II) the habitats of the species identified under subparagraph (B); and

''(III) the effectiveness of the conservation actions described under subparagraph (D); and

''(ii) adaptation of conservation actions as appropriate to respond to new information or changing conditions.

''(3) PUBLIC PARTICIPATION IN DEVELOPMENT OF STRATEGY.—A State shall provide an opportunity for public participation in the development and implementation of the wildlife conservation strategy of the State.

''(4) REVIEW AND REVISION.—Not less often than once every 7 years, a State shall review the wildlife conservation strategy of the State and make any appropriate revisions.

''(5) COORDINATION.—During the development, implementation, review, and revision of the wildlife conservation strategy of the State, a State shall provide for coordination between—

''(A) the State fish and game department; and

''(B) Federal, State, and local agencies and Indian tribes that—

''(i) manage significant areas of land or water within the State; or

''(ii) administer programs that significantly affect the conservation of

''(I) the species identified using information described in paragraph (2)(A); or

''(II) the habitats of the species identified under paragraph (2)(B).

''(6) EFFECT OF FAILURE TO DEVELOP OR CARRY OUT WILDLIFE CONSERVATION STRATEGY.—

''(A) IN GENERAL.—If, in any fiscal year, a State fails to develop, implement, obtain the approval of the Secretary for, review, or revise a wildlife conservation strategy as required under this subsection, the apportionment to the State under section 4(d) for the following fiscal year shall be reapportioned in accordance with section 4(d) to States that carry out those activities as required under this subsection.

''(B) CORRECTION OF DEFICIENCIES.—If a State whose apportionment for a fiscal year is reapportioned under subparagraph (A) subsequently carries out the activities described in that subparagraph as required under this subsection, the State shall be eligible to receive an apportionment under section 4(d) for the fiscal year following the fiscal year of the reapportionment.

''(d) USE OF FUNDS FOR NEW AND EXISTING PROGRAMS AND PROJECTS.—Funds made available from the Account to carry out activities under this section may be used—

''(1) to carry out new programs and projects; and

''(2) to enhance existing programs and projects.

''(e) PRIORITY FOR FUNDING.—In using funds made available from the Account to carry out activities under this section, a State shall give priority to species that are in greatest need of conservation—

''(1) as evidenced by—

''(A) a low population and declining numbers of individuals;

''(B) a current threat or reasonably anticipated threat to the habitat of the species; or

''(C) any other similar indicator of need of conservation; or

''(2) as identified in the wildlife conservation strategy of the State under subsection (c).

''(f) LIMITATION ON USE OF FUNDS FOR WILDLIFE CONSERVATION EDUCATION PROJECTS.—Funds made available from the Account to carry out wildlife conservation education projects shall not be used to fund, in whole or in part, any activity that promotes or encourages opposition to the regulated hunting or trapping of wildlife.''.

(b) CONFORMING AMENDMENT.—Section 8(a) of the Pittman-Robertson Wildlife Restoration Act (16 U.S.C. 669g) is amended by striking the last sentence.

SEC. 106. NONAPPLICABILITY OF FEDERAL ADVISORY COMMITTEE ACT.

(a) PITTMAN-ROBERTSON WILDLIFE RESTORATION ACT.—The Pittman-Robertson Wildlife Restoration Act (as amended by section 105(a)(1)) is amended by inserting after section 13 the following:

''SEC. 14. NONAPPLICABILITY OF FEDERAL ADVISORY COMMITTEE ACT.

''Coordination with State fish and game department personnel or with personnel of any other agency of a State, the District of Columbia, a territory, or an Indian tribe under this Act shall not be subject to the Federal Advisory Committee Act (5 U.S.C. App.).''.

(b) DINGELL-JOHNSON SPORT FISH RESTORATION ACT.—The Dingell-Johnson Sport Fish Restoration Act is amended—

(1) by redesignating section 15 (16 U.S.C. 777 note) as section 16; and

(2) by inserting after section 14 (16 U.S.C. 777m) the following:

''SEC. 15. NONAPPLICABILITY OF FEDERAL ADVISORY COMMITTEE ACT.

''Coordination with State fish and game department personnel or with personnel of any other State agency under this Act shall not be subject to the Federal Advisory Committee Act (5 U.S.C. App.).''.

SEC. 107. TECHNICAL AMENDMENTS.

(a) The first section of the Pittman-Robertson Wildlife Restoration Act (16 U.S.C. 669) is amended by striking ''That the'' and inserting the following:

''SECTION 1. COOPERATION OF SECRETARY OF THE INTERIOR WITH STATES.

''The''.

(b) Section 5 of the Pittman-Robertson Wildlife Restoration Act (16 U.S.C. 669d) is amended by striking ''SEC. 5.'' and inserting the following:

''SEC. 5. CERTIFICATION OF AMOUNTS DEDUCTED OR APPORTIONED.''.

(c) Section 6 of the Pittman-Robertson Wildlife Restoration Act (16 U.S.C. 669e) is amended by striking ''SEC. 6.'' and inserting the following:

''SEC. 6. SUBMISSION AND APPROVAL OF PLANS AND PROJECTS.''.

(d) Section 7 of the Pittman-Robertson Wildlife Restoration Act (16 U.S.C. 669f) is amended by striking ''SEC. 7.'' and inserting the following:

''SEC. 7. PAYMENT OF FUNDS TO STATES.''.

(e) Section 8 of the Pittman-Robertson Wildlife Restoration Act (16 U.S.C. 669g) is amended by striking ''SEC. 8.'' and inserting the following:

''SEC. 8. MAINTENANCE OF PROJECTS; FUNDING OF HUNTER SAFETY PROGRAMS AND PUBLIC TARGET RANGES.''.

(f) Section 8A of the Pittman-Robertson Wildlife Restoration Act (16 U.S.C. 669g–1) is amended by striking ''SEC. 8A.'' and inserting the following:

''SEC. 8A. APPORTIONMENTS TO TERRITORIES.''.

(g) Section 13 of the Pittman-Robertson Wildlife Restoration Act (as redesignated by section 105(a)(1)) is amended by striking ''SEC. 13.'' and inserting the following:

''SEC. 13. RULES AND REGULATIONS.''.

SEC. 108. EFFECTIVE DATE.

This title takes effect on October 1, 2001.

TITLE II—ENDANGERED AND THREATENED SPECIES RECOVERY

SEC. 201. PURPOSE.

The purpose of this title is to promote involvement by non-Federal entities in the recovery of—

(1)(A) the endangered species of the United States;

(B) the threatened species of the United States; and

(C) the species of the United States that may become endangered species or threatened species if conservation actions are not taken to conserve and protect the species; and

(2) the habitats on which the species depend.

SEC. 202. ENDANGERED AND THREATENED SPECIES RECOVERY ASSISTANCE.

(a) IN GENERAL.—Section 13 of the Endangered Species Act of 1973 (87 Stat. 902) is amended to read as follows:

''SEC. 13. ENDANGERED AND THREATENED SPECIES RECOVERY ASSISTANCE.

''(a) DEFINITIONS.—In this section:

''(1) CONSERVATION ENTITY.—

''(A) IN GENERAL.—The term 'conservation entity' means a nonprofit entity that engages in activities to conserve or protect fish, wildlife, or plants, or habitats for fish, wildlife, or plants.

''(B) INCLUSIONS.—The term 'conservation entity' includes—

''(i) a sportsmen's organization;

''(ii) an environmental organization; and

''(iii) a land trust.

''(2) FARM OR RANCH.—The term 'farm or ranch' means an activity with respect to which not less than $1,000 in income is derived from agricultural production within a census year.

''(3) PERSON.—The term 'person' includes a conservation entity.

''(4) SMALL LANDOWNER.—The term 'small landowner' means—

''(A) an individual who owns land in a State that—

''(i) is used as a farm or ranch; and

''(ii) has an acreage of not more than the greater of—

''(I) 50 percent of the average acreage of a farm or ranch in the State; or

''(II) 160 acres of land; and

''(B) an individual who owns land that—

''(i) is not used as a farm or ranch; and

''(ii) has an acreage of not more than 160 acres.

''(5) SPECIES AT RISK.—The term 'species at risk' means a species that may become an endangered species or a threatened species if conservation actions are not taken to conserve and protect the species.

''(6) SPECIES RECOVERY AGREEMENT.—The term 'species recovery agreement' means an endangered and threatened species recovery agreement entered into under subsection (c).

''(b) ENDANGERED AND THREATENED SPECIES RECOVERY ASSISTANCE.—

''(1) FINANCIAL ASSISTANCE.—The Secretary may provide financial assistance to any person for development and implementation of an endangered and threatened species recovery agreement entered into by the Secretary and the person under subsection (c).

''(2) PRIORITY.—In providing financial assistance under this subsection, the Secretary shall give priority to the development and implementation of species recovery agreements that—

''(A) implement actions identified under recovery plans approved by the Secretary under section 4(f);

''(B) have the greatest potential for contributing to the recovery of endangered species, threatened species, or species at risk;

''(C) benefit multiple endangered species, threatened species, or species at risk;

''(D) carry out activities specified in State or local conservation plans; or

''(E) are proposed by small landowners.

''(3) PROHIBITION ON ASSISTANCE FOR REQUIRED ACTIVITIES.—The Secretary shall not provide financial assistance under this subsection for any activity that is required—

''(A) by a permit issued under section 10(a)(1)(B);

''(B) by an incidental taking statement provided under section 7(b)(4); or

''(C) under another provision of this Act, any other Federal law, or any State law.

''(4) PAYMENTS UNDER OTHER PROGRAMS.—

''(A) OTHER PAYMENTS NOT AFFECTED.—Financial assistance provided to a person under this subsection shall be in addition to, and shall not affect, the total amount of payments that the person is eligible to receive under—

''(i) the conservation reserve program established under subchapter B of chapter 1 of subtitle D of title XII of the Food Security Act of 1985 (16 U.S.C. 3831 et seq.);

''(ii) the wetlands reserve program established under subchapter C of that chapter (16 U.S.C. 3837 et seq.);

''(iii) the environmental quality incentives program established under chapter 4 of subtitle D of title XII of the Food Security Act of 1985 (16 U.S.C. 3839aa et seq.); or

''(iv) the Wildlife Habitat Incentive Program established under section 387 of the Federal Agriculture Improvement and Reform Act of 1996 (16 U.S.C. 3836a).

''(B) LIMITATION.—A person shall not receive financial assistance under a species recovery agreement for any activity for which the person receives a payment under a program referred to in subparagraph (A) unless the species recovery agreement imposes on the person a financial or management obligation in addition to the obligations of the person under that program.

''(c) ENDANGERED AND THREATENED SPECIES RECOVERY AGREEMENTS.—

''(1) IN GENERAL.—In accordance with this subsection, the Secretary may enter into endangered and threatened species recovery agreements.

''(2) REQUIRED TERMS.—The Secretary shall include in each species recovery agreement with a person provisions that—

''(A) require the person—

''(i) to carry out on real property owned or leased by the person, or on Federal or State land, activities (such as activities that, consistent with applicable State water law (including regulations), make water available for endangered species, threatened species, or species at risk) that—

''(I) are not required by Federal or State law; and

''(II) contribute to the recovery of an endangered species, threatened species, or species at risk; or

''(ii) to refrain from carrying out on real property owned or leased by the person otherwise lawful activities that would inhibit the recovery of an endangered species, threatened species, or species at risk, such as refraining from carrying out activities that, consistent with applicable State water law (including regulations), directly reduce the availability of water for such a species;

''(B) describe the real property referred to in clauses (i) and (ii) of subparagraph (A);

''(C) specify species recovery goals for the species recovery agreement, and activities for attaining the goals;

''(D)(i) require the person to make demonstrable progress in accomplishing the species recovery goals; and

''(ii) specify a schedule for implementation of the species recovery agreement;

''(E) specify actions to be taken by the Secretary or the person to monitor the effectiveness of the species recovery agreement in attaining the species recovery goals;

''(F) require the person to notify the Secretary if any right or obligation of the person under the species recovery agreement is assigned to any other person;

''(G) require the person to notify the Secretary if any term of the species recovery agreement is breached;

''(H) specify the date on which the species recovery agreement takes effect and the period of time during which the species recovery agreement shall remain in effect;

''(I) schedule the disbursement of financial assistance provided under subsection (b) for implementation of the species recovery agreement, on an annual or other basis during the period in which the species recovery agreement is in effect, based on the schedule for implementation required under subparagraph (D)(ii); and

''(J) provide that the Secretary shall, subject to paragraph (4)(C), terminate the species recovery agreement if the person fails to carry out the species recovery agreement.

''(3) REVIEW AND APPROVAL OF PROPOSED SPECIES RECOVERY AGREEMENTS.—On submission by any person of a proposed species recovery agreement under this subsection, the Secretary shall—

''(A) review the proposed species recovery agreement and determine whether the species recovery agreement—

''(i) complies with this subsection; and

''(ii) will contribute to the recovery of each endangered species, threatened species, or species at risk that is the subject of the proposed species recovery agreement;

''(B) propose to the person any additional provisions that are necessary for the species recovery agreement to comply with this subsection; and

''(C) if the Secretary determines that the species recovery agreement complies with this subsection, enter into the species recovery agreement with the person.

''(4) MONITORING OF IMPLEMENTATION OF SPECIES RECOVERY AGREEMENTS.—The Secretary shall—

''(A) periodically monitor the implementation of each species recovery agreement;

''(B) based on the information obtained from the monitoring, annually or otherwise disburse financial assistance under this section to implement the species recovery agreement as the Secretary determines to be appropriate under the species recovery agreement; and

''(C) if the Secretary determines that the person is not making demonstrable progress in accomplishing the species recovery goals specified under paragraph (2)(C)—

''(i) propose 1 or more modifications to the species recovery agreement that are necessary to accomplish the species recovery goals; or

''(ii) terminate the species recovery agreement.

''(5) LIMITATION WITH RESPECT TO FEDERAL OR STATE LAND.—The Secretary may enter into a species recovery agreement with a person with respect to Federal or State land only if the United States or the State, respectively, is a party to the species recovery agreement.

''(d) ALLOCATION OF FUNDS.—Of the amounts made available to carry out this section for a fiscal year—

''(1) ⅓ shall be made available to provide financial assistance for development and implementation of species recovery agreements by small landowners, subject to subparagraphs (A) through (D) of subsection (b)(2);

''(2) ⅓ shall be made available to provide financial assistance for development and implementation of species recovery agreements on public land, subject to subparagraphs (A) through (D) of subsection (b)(2); and

''(3) ⅓ shall be made available to provide financial assistance for development and implementation of species recovery agreements, subject to subsection (b)(2).

''(e) LIMITATION ON ADMINISTRATIVE EXPENSES.—Of the amounts made available to carry out this section for a fiscal year, not more than 3 percent may be used to pay administrative expenses incurred in carrying out this section.''.

(b) AUTHORIZATION OF APPROPRIATIONS.—Section 15 of the Endangered Species Act of 1973 (16 U.S.C. 1542) is amended by adding at the end the following:

''(d) ENDANGERED AND THREATENED SPECIES RECOVERY ASSISTANCE.—There is authorized to be appropriated to carry out section 13 $150,000,000 for each of fiscal years 2002 through 2006.''.

(c) CONFORMING AMENDMENT.—The table of contents in the first section of the Endangered Species Act of 1973 (16 U.S.C. prec. 1531) is amended by striking the item relating to section 13 and inserting the following:

''Sec. 13. Endangered and threatened species recovery assistance.''.

TITLE III—NON-FEDERAL LAND CONSERVATION GRANT PROGRAM

SEC. 301. NON-FEDERAL LAND CONSERVATION GRANT PROGRAM.

(a) IN GENERAL.—The Partnerships for Wildlife Act (16 U.S.C. 3741 et seq.) is amended by adding at the end the following:

''SEC. 7106. NON-FEDERAL LAND CONSERVATION GRANT PROGRAM.

''(a) ESTABLISHMENT.—In consultation with appropriate State, regional, and other units of government, the Secretary shall establish a competitive grant program, to be known as the 'Non-Federal Land Conservation Grant Program' (referred to in this section as the 'program'), to make grants to States or groups of States to pay the Federal share determined under subsection (c)(4) of the costs of conservation of non-Federal land or water of regional or national significance.

''(b) RANKING CRITERIA.—In selecting among applications for grants for projects under the program, the Secretary shall—

''(1) rank projects according the extent to which a proposed project will protect watersheds and important scenic, cultural, recreational, fish, wildlife, and other ecological resources; and

''(2) subject to paragraph (1), give preference to proposed projects—

''(A) that seek to protect ecosystems;

''(B) that are developed in collaboration with other States;

''(C) with respect to which there has been public participation in the development of the project proposal;

''(D) that are supported by communities and individuals that are located in the immediate vicinity of the proposed project or that would be directly affected by the proposed project; or

''(E) that the State considers to be a State priority.

''(c) GRANTS TO STATES.—

''(1) NOTICE OF DEADLINE FOR APPLICATIONS.—The Secretary shall give reasonable advance notice of each deadline for submission of applications for grants under the program by publication of a notice in the Federal Register.

''(2) SUBMISSION OF APPLICATIONS.—

''(A) IN GENERAL.—A State or group of States may submit to the Secretary an application for a grant under the program.

''(B) REQUIRED CONTENTS OF APPLICATIONS.—Each application shall include—

''(i) a detailed description of each proposed project;

''(ii) a detailed analysis of project costs, including costs associated with—

''(I) planning;

''(II) administration;

''(III) property acquisition; and

''(IV) property management;

''(iii) a statement describing how the project is of regional or national significance; and

''(iv) a plan for stewardship of any land or water, or interest in land or water, to be acquired under the project.

''(3) SELECTION OF GRANT RECIPIENTS.—Not later than 90 days after the date of receipt of an application, the Secretary shall—

''(A) review the application; and

''(B)(i) notify the State or group of States of the decision of the Secretary on the application; and

''(ii) if the application is denied, provide an explanation of the reasons for the denial.

''(4) COST SHARING.—The Federal share of the costs of a project under the program shall be—

''(A) in the case of a project to acquire an interest in land or water that is not a permanent conservation easement, not more than 50 percent of the costs of the project;

''(B) in the case of a project to acquire a permanent conservation easement, not more than 70 percent of the costs of the project; and

''(C) in the case of a project involving 2 or more States, not more than 75 percent of the costs of the project.

''(5) EFFECT OF INSUFFICIENCY OF FUNDS.—If the Secretary determines that there are insufficient funds available to make grants with respect to all applications that meet the requirements of this subsection, the Secretary shall give priority to those projects that best meet the ranking criteria established under subsection (b).

''(6) GRANTS TO STATE OF NEW HAMPSHIRE.—Notwithstanding subsection (b) and paragraphs (3) and (5), the Secretary shall make grants under the program to the State of New Hampshire to pay the Federal share determined under paragraph (4) of the costs of acquiring conservation easements with respect to land or water located in northern New Hampshire and sold by International Paper to the Trust for Public Land.

''(d) REPORT.—Not later than 60 days after the end of each fiscal year, the Secretary shall submit to the Committee on Environment and Public Works of the Senate and the Committee on Resources of the House of Representatives a report describing the grants made under this section, including an analysis of how projects were ranked under subsection (b).

''(e) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated—

''(1) to carry out this section (other than subsection (c)(6)) $50,000,000 for each of fiscal years 2002 through 2006; and

''(2) to carry out subsection (c)(6) $9,000,000 for the period of fiscal years 2002 and 2003.''.

(b) CONFORMING AMENDMENT.—Section 7105(g)(2) of the Partnerships for Wildlife Act (16 U.S.C. 3744(g)(2)) is amended by striking ''this chapter'' and inserting ''this section''.

TITLE IV—CONSERVATION AND RESTORATION OF SHRUBLAND AND GRASSLAND

SEC. 401. CONSERVATION AND RESTORATION OF SHRUBLAND AND GRASSLAND.

The Partnerships for Wildlife Act (16 U.S.C. 3741 et seq.) (as amended by section 301(a)) is amended by adding at the end the following:

''SEC. 7107. CONSERVATION AND RESTORATION OF SHRUBLAND AND GRASSLAND.

''(a) DEFINITIONS.—In this section:

''(1) CONSERVATION ACTIVITY.—The term 'conservation activity' means—

''(A) a project or activity to reduce erosion;

''(B) a prescribed burn;

''(C) the restoration of riparian habitat;

''(D) the control or elimination of invasive or exotic species;

''(E) the reestablishment of native grasses; and

''(F) any other project or activity that restores or enhances habitat for endangered species, threatened species, or species at risk.

''(2) CONSERVATION AGREEMENT.—The term 'conservation agreement' means an agreement entered into under subsection (c).

''(3) CONSERVATION ENTITY.—

''(A) IN GENERAL.—The term 'conservation entity' means a nonprofit entity that engages in activities to conserve or protect fish, wildlife, or plants, or habitats for fish, wildlife, or plants.

''(B) INCLUSIONS.—The term 'conservation entity' includes—

''(i) a sportsmen's organization;

''(ii) an environmental organization; and

''(iii) a land trust.

''(4) COVERED LAND.—The term 'covered land' means public or private—

''(A) natural grassland or shrubland that serves as habitat for endangered species, threatened species, or species at risk, as determined by the Secretary; or

''(B) other land that—

''(i) is located in an area that has been historically dominated by natural grassland or shrubland; and

''(ii) if restored to natural grassland or shrubland, would have the potential to serve as habitat for endangered species, threatened species, or species at risk, as determined by the Secretary.

''(5) ENDANGERED SPECIES.—The term 'endangered species' has the meaning given the term in section 3 of the Endangered Species Act of 1973 (16 U.S.C. 1532).

''(6) PERMIT HOLDER.—The term 'permit holder' means an individual who holds a grazing permit for covered land that is the subject of a conservation agreement.

''(7) PROGRAM.—The term 'program' means the conservation assistance program established under subsection (b).

''(8) SPECIES AT RISK.—The term 'species at risk' means a species that may become an endangered species or a threatened species if conservation actions are not taken to conserve and protect the species.

''(9) THREATENED SPECIES.—The term 'threatened species' has the meaning given the term in section 3 of the Endangered Species Act of 1973 (16 U.S.C. 1532).

''(b) ESTABLISHMENT OF PROGRAM.—As soon as practicable after the date of enactment of this section, the Secretary shall establish a conservation assistance program to encourage the conservation and restoration of covered land.

''(c) CONSERVATION AGREEMENTS.—

''(1) IN GENERAL.—In carrying out the program, the Secretary shall enter into a conservation agreement with a landowner, permit holder, or conservation entity with respect to covered land under which—

''(A) the Secretary shall award a grant to the landowner, permit holder, or conservation entity; and

''(B) the landowner, permit holder, or conservation entity shall use the grant to carry out 1 or more conservation activities on the covered land that is the subject of the conservation agreement.

''(2) PERMITTED ACTIVITIES.—

''(A) IN GENERAL.—Subject to subparagraph (B), a conservation agreement may permit on the covered land subject to the conservation agreement—

''(i) operation of a managed grazing system;

''(ii) haying or mowing (except during the nesting season for birds);

''(iii) fire rehabilitation; and

''(iv) the construction of fire breaks and fences.

''(B) LIMITATION.—An activity described in subparagraph (A) may be permitted only if the activity contributes to maintaining the viability of natural grass and shrub plant communities on the covered land subject to the conservation agreement.

''(d) PAYMENTS UNDER OTHER PROGRAMS.—

''(1) OTHER PAYMENTS NOT AFFECTED.—A grant awarded to a landowner, permit holder, or conservation entity under this section shall be in addition to, and shall not affect, the total amount of payments that the landowner, permit holder, or conservation entity is eligible to receive under—

''(A) the conservation reserve program established under subchapter B of chapter 1 of subtitle D of title XII of the Food Security Act of 1985 (16 U.S.C. 3831 et seq.);

''(B) the wetlands reserve program established under subchapter C of that chapter (16 U.S.C. 3837 et seq.);

''(C) the environmental quality incentives program established under chapter 4 of subtitle D of title XII of the Food Security Act of 1985 (16 U.S.C. 3839aa et seq.); or

''(D) the Wildlife Habitat Incentive Program established under section 387 of the Federal Agriculture Improvement and Reform Act of 1996 (16 U.S.C. 3836a).

''(2) LIMITATION.—A landowner, permit holder, or conservation entity shall not receive a grant under a conservation agreement for any activity for which the landowner, permit holder, or conservation entity receives a payment under a program referred to in paragraph (1) unless the conservation agreement imposes on the landowner, permit holder, or conservation entity a financial or management obligation in addition to the obligations of the landowner, permit holder, or conservation entity under that program.

''(e) PROHIBITION ON ASSISTANCE FOR REQUIRED ACTIVITIES.—The Secretary shall not award a grant under this section for any activity that is required under Federal or State law.

''(f) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section $50,000,000 for each of fiscal years 2002 through 2006.''.

Mr. REID. Mr. President, Senator SMITH has an amendment at the desk. I ask for its consideration; that the amendment be agreed to, the motion to reconsider be laid upon the table, the committee substitute amendment be agreed to, the bill, as amended, be read three times and passed, and the motion to reconsider be laid upon the table, with no further intervening action or debate, and any statements be printed in the RECORD.

The PRESIDENT pro tempore. Without objection, it is so ordered.

The amendment (No. 2694) was agreed to, as follows:

On page 49, strike lines 7 through 14 and insert the following:

(1) Section 3 of the Pittman-Robertson Wildlife Restoration Act (16 U.S.C. 669b) is amended—

(A) in the first sentence of subsection (a)(1)—

(i) by inserting ''(other than the Account)'' after ''wildlife restoration fund''; and

(ii) by inserting before the period at the end the following: ''(other than sections 4(d) and 12)''; and

(B) in subsection (b), by inserting ''(other than the Account)'' after ''the fund'' each place it appears.

On page 74, line 11, insert ''(other than an incidental taking statement with respect to a species recovery agreement entered into by the Secretary under subsection (c))'' before the semicolon.

The committee amendment in the nature of a substitute, as amended, was agreed to.

The bill (S. 990), as amended, was read the third time and passed.

DESIGNATION OF GEORGE P. SHULTZ NATIONAL FOREIGN AFFAIRS TRAINING CENTER

Mr. REID. Mr. President, I ask consent that the Foreign Relations Committee be discharged from further consideration of H.R. 3348, and the Senate proceed to its immediate consideration.

The PRESIDENT pro tempore. Without objection, it is so ordered. The clerk will report the title of the bill.

The legislative clerk read as follows:

A bill (H.R. 3348) to designate the National Foreign Affairs Training Center as the George P. Shultz National Foreign Affairs Training Center.

There being no objection, the Senate proceeded to the immediate consideration of the bill.

Mr. REID. I ask consent the bill be read three times, passed, the motion to reconsider be laid upon the table, and

any statements be printed in the RECORD.

The PRESIDENT pro tempore. Without objection, it is so ordered.

The bill (H.R. 3348) was read the third time and passed.

SECURITY ASSISTANCE ACT OF 2001

Mr. REID. I ask unanimous consent that the Senate proceed to the immediate consideration of Calendar No. 276, S. 1803.

The PRESIDENT pro tempore. The clerk will report the bill by title.

The legislative clerk read as follows:

A bill (S. 1803) to authorize appropriations under the Arms Export Control Act and the Foreign Assistance Act of 1961 for security assistance for fiscal years 2002 and 2003, and for other purposes.

There being no objection, the Senate proceeded to the immediate consideration of the bill.

AMENDMENT NO. 2695

(Purpose: To make managers' amendments to the text of the bill)

Mr. REID. I understand Senators BIDEN and HELMS have an amendment at the desk, and I ask unanimous consent it be considered.

The PRESIDENT pro tempore. Without objection, it is so ordered.

Mr. BIDEN. Mr. President, I am very pleased to urge Senate adoption of S. 1803, the Security Assistance Act of 2001. This is legislation that the Foreign Relations Committee reports out each year, either free-standing or as a title in our State Department authorization bill.

But the substance of the Security Assistance Act is anything but routine. It includes: foreign military assistance, including Foreign Military Financing, FMF, and International Military Education and Training, IMET; international arms transfers; and many of our arms control, nonproliferation and anti-terrorism programs.

The Security Assistance Act of 2001 covers those programs and includes not only routine adjustments, but also some significant initiatives. For example, a 5-year National Security Assistance Strategy is mandated, so as to provide country-by-country foreign policy guidance to a function that may tend otherwise to operate on the basis more of military or bureaucratic concerns.

Several provisions are designed to streamline the arms export control system, so as to make it more efficient and responsive to competitive requirements in a global economy, without sacrificing controls that serve foreign policy or nonproliferation purposes. This is a vital enterprise. U.S. industry depends upon the efficient processing of arms export applications, and U.S. firms lose contracts when the U.S. Government cannot make up its mind expeditiously.

At the same time, however, an ill-advised export license could lead to sensitive equipment getting into the hands of enemies or of unstable regimes. So there is a tension between the need for efficiency and the need not to make the mistake that ends up putting U.S. lives at risk. This bill addresses that tension by providing funds for improved staffing levels, information and communications to enable the State Department to make quicker and smarter export licensing decisions.

The Security Assistance Act of 2001 includes several new nonproliferation and antiterrorism measures. For example, the ban on arms sales to state supporters of terrorism, in section 40(d) of the Arms Export Control Act, is broadened to include states engaging in the proliferation of chemical, biological or radiological weapons.

Subtitle III–C of this bill establishes an interagency committee to coordinate nonproliferation programs directed at the independent states of the former Soviet Union. This provision is based on S. 673, a bill introduced by Senator HAGEL and me with the cosponsorship of Senators DOMENICI and LUGAR. It will ensure continuing, high-level coordination of our many nonproliferation programs, so that we can be more confident that they will mesh with each other. The need for better coordination was cited in the report, earlier this year, of the Russia Task Force chaired by former Senator Howard Baker and former White House counsel Lloyd Cutler.

Section 308 of this bill encourages the Secretary of State to seek an increase in the regular budget of the International Atomic Energy Agency, beyond that required to keep pace with inflation, and funds are authorized for the U.S. share of such an enlarged budget. This organization is vital to our nuclear nonproliferation efforts, and its workload is increasing. The lack of a sufficient assessed budget has impaired its ability to hire and retain top-flight scientists, however, so the Committee believes that an increase in that budget is essential.

Subtitle III–B of this bill authorizes the President to offer Soviet-era debt reduction to the Russian Federation in the context of an arrangement whereby a significant proportion of the savings to Russia would be invested in agreed nonproliferation programs or projects. Debt reduction is a potentially important means of funding the costs of securing Russia's stockpiles of sensitive nuclear material, chemical weapons and dangerous pathogens, of destroying its chemical weapons and dismantling strategic weapons, and of helping its former weapons experts to find civilian careers and resist offers from rogue states or terrorists. The Administration is reportedly considering this funding option, and this bill gives the President authority to pursue it.

A few changes were made in a managers' amendment to this bill, which I would like to summarize for the record.

The managers' amendment adds, at the request of Senator FEINSTEIN of California, a new section 206 on congressional notification of small arms and light weapons export license approvals. This section makes license approvals for commercial sales of such weapons, with a value over $1,000,000, subject to the prior notice provisions of section 36(c) of the Arms Export Control Act. It also requires annual reports on end-use monitoring of such arms transfers, the yearly value of such transfers, the activities of registered arms brokers, and efforts of the Bureau of Alcohol, Tobacco and Firearms to stop U.S. weapons from being used in terrorist acts and international crime.

I want to commend Senator FEINSTEIN for raising this issue, which is central to our efforts to stem wars and civil bloodshed in Africa and other regions. The United States leads the way on this issue, but we must do more. Senator FEINSTEIN's proposals for U.S. policy and international negotiations in this field are contained in S. 1555, which has been referred to the Committee on Foreign Relations. I will work with her and with my House and Senate colleagues in the coming weeks and months to see whether we can agree on further steps on small arms and light weapons exports. Personally, I think we can do so.

The managers' amendment deletes subsection 221(c), and I am sorry that we had to do this. This subsection would have returned to Israel certain funds that Israel was forced to give back to the United States due to a general rescission last year. This provision was first proposed by Republican staff to the Foreign Relations Committee, when the Republicans were in the majority, but it was one that I heartily supported. The $4,000,000 at stake may be a small amount of money, but each dollar we provide to Israel is given because it serves our national security interests.

Unfortunately, the chairman of the Appropriations Subcommittee on Foreign Operations and the chairman of the full Appropriations Committee objected strongly to this provision, not the least because it was scored by the Congressional Budget Office as an appropriation. I intend to press this issue in the coming year, and I hope that my good friends from Vermont and West Virginia will work with me to provide these funds. If we are ever to have a lasting peace in the Middle East, we must do all we can to give Israel confidence that the United States will continue to help assure that country's continued sovereignty and well-being.

Section 242, on funds for humanitarian demining programs, is amended in two respects. First, we have deleted any number for the Fiscal Year 2003 authorization for these programs. I welcome this change, because it comes with suggestions that the Foreign Operations Subcommittee may look favorably on an increase in that figure. I will work with that subcommittee on this matter, and I would hope that in

conference we could insert a higher figure for Fiscal Year 2003 than the $40,000,000 that has been spent on humanitarian demining each of the last several years.

The second change is to delete subsection (b) of section 242. The Foreign Relations Committee, in its desire to increase funds for humanitarian demining, had suggested that the Secretary of State be authorized to provide up to $40,000,000 from development assistance funds in addition to the $40,000,000 authorized in the State Department's Nonproliferation, Antiterrorism, Demining and Related Programs account. The Foreign Operations Subcommittee informs us that this is not tenable, and I accept their point that this would have been robbing Peter to pay Paul. I think we have made our point, however, that more funds are needed for this program, which has an important political impact in addition to providing humanitarian benefits.

Another provision that is deleted in the managers' amendment is section 302, (on an interagency program to prevent diversion of sensitive U.S. technology). This was an effort to authorize the Secretary of State to institute new joint programs with the Department of Commerce and the Commissioner of Customs to improve our export control, as well as a program to use retired inspectors and investigators from the U.S. Customs Service and the Bureau of Export Enforcement in our diplomatic missions overseas. Another committee questioned our jurisdiction in this matter, and we did not have time to work out this matter today, so we are dropping the provision. The need remains, however, to make more use of the many talents of current and former Commerce and Customs personnel. Especially in our overseas missions, those people can make contracts with law enforcement and border control officials in foreign countries that traditional diplomats have a hard time achieving. So I hope that we can work something out on this issue in the weeks and months to come.

Another provision in the managers' amendment inserts into section 404, on improvements to the Automated Export System new subsections to extend the range of exporters that must file their Shippers' Export Declarations electronically and to increase the penalties for failure to file and for filing false information. An earlier version of these subsections was deleted by the Committee at the request of Senator ENZI of Wyoming, who spotted some faulty language. The version added to the managers' amendment was worked out with Senator ENZI and with the Department of Commerce, and I am pleased to thank my friend from Wyoming, who is a new member of the Foreign Relations Committee, but an expert in export control, for his sage counsel on this provision.

Section 602 of this bill, on nonproliferation interests and free trade agreements, is deleted by the managers' amendment. There were questions from other committees as to whether this was within our jurisdiction. I hope we can resolve those concerns, because the fact remains that other countries' nonproliferation and export control laws and actions are relevant to the question of whether we should engage in free trade with those countries.

The managers' amendment inserts into section 701 authorizing certain ship transfers, a subsection authorizing the transfer of four KIDD-class guided missible destroyers to Taiwan. This provision was accidentially omitted from the bill at the Committee's business meeting. In fact, these ship transfers, and the others in this bill, have already been enacted in the defense authorization act. The Foreign Relations Committee is the committee of jurisdiction on this matter, so we do that in this bill.

One issue that is not addressed in this bill, but that is of considerable interest to Senator MILKULSKI and others, is the need for a Center for Antiterrorism and Security Training in the Department of State. We tried to get funding for this in Fiscal Year 2001, but the executive branch went to the wrong subcommittee of the Appropriations Committee and this center fell between the cracks. Now, as our Antiterrorism Assistance Program increases its course offerings for security personnel from friendly countries, the need for a training center is greater than ever. The Security Assistance Act may not be the best vehicle in which to address this issue, but I want to assure my good friend from Maryland that we work on this and that we will assure the State Department of our support for a new center.

Even with the managers' amendments this is a good bill that will contribute to our national security. I am happy to urge support of it and I am very pleased that my colleagues appear ready to approve it.

Mr. REID. I ask consent the amendment be agreed to, the bill be read the third time and passed, and the motion to reconsider be laid upon the table, with no intervening action or debate, and any statements be printed in the RECORD.

The PRESIDENT pro tempore. Without objection, it is so ordered.

The amendment (No. 2695) was agreed to.

(The amendment is printed in today's RECORD under ''Amendments Submitted and Proposed.'')

The bill (S. 1803), as amended, was read the third time and passed.

[The bill will appear in a future edition of the RECORD.]

TO PROVIDE GRANTS TO DRINKING WATER AND WASTEWATER FACILITIES

Mr. REID. I ask unanimous consent that the Senate proceed to the consideration of Calendar No. 273, S. 1608.

The PRESIDENT pro tempore. The clerk will report the bill by title.

The legislative clerk read as follows:

A bill (S. 1608) to establish a program to provide grants to drinking water and wastewater facilities to meet immediate security needs.

There being no objection, the Senate proceeded to consider the bill which had been reported from the Committee on Environment and Public Works, with an amendment to strike all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. WATER SECURITY GRANTS.

(a) DEFINITIONS.—In this Act:

(1) ADMINISTRATOR.—The term ''Administrator'' means the Administrator of the Environmental Protection Agency.

(2) ELIGIBLE ENTITY.—The term ''eligible entity'' means a publicly- or privately-owned drinking water or wastewater facility.

(3) ELIGIBLE PROJECT OR ACTIVITY.—

(A) IN GENERAL.—The term ''eligible project or activity'' means a project or activity carried out by an eligible entity to address an immediate physical security need.

(B) INCLUSIONS.—The term ''eligible project or activity'' includes a project or activity relating to—

(i) security staffing;

(ii) detection of intruders;

(iii) installation and maintenance of fencing, gating, or lighting;

(iv) installation of and monitoring on closed-circuit television;

(v) rekeying of doors and locks;

(vi) site maintenance, such as maintenance to increase visibility around facilities, windows, and doorways;

(vii) development, acquisition, or use of guidance manuals, educational videos, or training programs; and

(viii) a program established by a State to provide technical assistance or training to water and wastewater facility managers, especially such a program that emphasizes small or rural eligible entities.

(C) EXCLUSIONS.—The term ''eligible project or activity'' does not include any large-scale or system-wide project that includes a large capital improvement or vulnerability assessment.

(b) ESTABLISHMENT OF PROGRAM.—

(1) IN GENERAL.—The Administrator shall establish a program to allocate to States, in accordance with paragraph (2), funds for use in awarding grants to eligible entities under subsection (c).

(2) ALLOCATION TO STATES.—Not later than 30 days after the date on which funds are made available to carry out this section, the Administrator shall allocate the funds to States in accordance with the formula for the distribution of funds described in section 1452(a)(1)(D) of the Safe Drinking Water Act (42 U.S.C. 300j–12(a)(1)(D)).

(3) NOTICE.—Not later than 30 days after the date described in paragraph (2), each State shall provide to each eligible entity in the State a notice that funds are available to assist the eligible entity in addressing immediate physical security needs.

(c) AWARD OF GRANTS.—

(1) APPLICATION.—An eligible entity that seeks to receive a grant under this section shall submit to the State in which the eligible entity is located an application for the grant in such form and containing such information as the State may prescribe.

(2) CONDITION FOR RECEIPT OF GRANT.—An eligible entity that receives a grant under this section shall agree to expend all funds provided by the grant not later than September 30 of the fiscal year in which this Act is enacted.

(3) DISADVANTAGED, SMALL, AND RURAL ELIGIBLE ENTITIES.—A State that awards a grant

under this section shall ensure, to the maximum extent practicable in accordance with the income and population distribution of the State, that a sufficient percentage of the funds allocated to the State under subsection (b)(2) are available for disadvantaged, small, and rural eligible entities in the State.

(d) ELIGIBLE PROJECTS AND ACTIVITIES.—

(1) IN GENERAL.—A grant awarded by a State under subsection (c) shall be used by an eligible entity to carry out 1 or more eligible projects or activities.

(2) COORDINATION WITH EXISTING TRAINING PROGRAMS.—In awarding a grant for an eligible project or activity described in subsection (a)(3)(B)(vii), a State shall, to the maximum extent practicable, coordinate with training programs of rural water associations of the State that are in effect as of the date on which the grant is awarded.

(e) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section $50,000,000 for the fiscal year in which this Act is enacted.

Mr. REID. I ask unanimous consent the committee amendment in the nature of a substitute be agreed to, the bill, as amended, be read the third time and passed, the motion to reconsider be laid upon the table, and any statements be printed in the RECORD.

The PRESIDENT pro tempore. Without objection, it is so ordered.

The committee amendment in the nature of a substitute was agreed to.

The bill (S. 1608), as amended, was read the third time and passed.

WAIVING CERTAIN LIMITATIONS IN THE USE OF FUNDS TO PAY THE COSTS OF PROJECTS IN RESPONSE TO THE ATTACK ON THE WORLD TRADE CENTER

Mr. REID. Mr. President, I ask unanimous consent the Senate proceed to Calendar No. 275, S. 1637.

The PRESIDENT pro tempore. The clerk will report the bill by title.

The legislative clerk read as follows:

A bill (S. 1637) to waive certain limitations in the case of use of the emergency fund authorized by section 125 of title 23, United States Code, to pay the costs of projects in response to the attack on the World Trade Center in New York City that occurred on September 11, 2001.

There being no objection, the Senate proceeded to consider the bill.

Mr. REID. Senator CLINTON has an amendment at the desk. I ask for its consideration, that the amendment be agreed to, the motion to reconsider be laid upon the table, the bill, as amended, be read three times and passed, and the motion to reconsider be laid on the table, with no intervening action or debate, and any statements pertaining thereto be printed in the RECORD.

The PRESIDENT pro tempore. Without objection, it is so ordered.

The amendment (No. 2696) was agreed to, as follows:

On page 2, strike lines 10 through 14 and insert the following:

''shall be 100 percent; and

''(2) notwithstanding section 125(d)(1) of that''.

The bill (S. 1637), as amended, was read the third time and passed.

[The bill will appear in a future edition of the RECORD.]

FEDERAL JUDICIARY PROTECTION ACT OF 2001

Mr. REID. I ask unanimous consent the Senate proceed to the immediate consideration of Calendar No. 105, S. 1099.

The PRESIDENT pro tempore. The clerk will report the bill by title.

The legislative clerk read as follows:

A bill (S. 1099) to increase the criminal penalty for assaulting or threatening Federal judges or family members and other public servants and for other purposes.

There being no objection, the Senate proceeded to consider the bill.

Mr. LEAHY. Mr. President, I am pleased that the Senate is passing the Smith-Leahy Federal Judiciary Protection Act, S. 1099.

In the last two Congresses, I joined as an original cosponsor of identical legislation introduced by Senator GORDON SMITH, which unanimously passed the Senate Judiciary Committee and the Senate but was not acted upon by the House of Representatives. I commend the Senator from Oregon for his continued leadership in protecting public servants in our Federal government.

Our bipartisan legislation would provide greater protection to Federal judges, law enforcement officers, and United States officials and their families. Federal law enforcement officers, under our bill, include United States Capitol Police Officers. United States officials, under our bill, include the President, Vice President, Cabinet Secretaries and Members of Congress.

Specifically, our legislation would: increase the maximum prison term for forcible assaults, resistance, intimidation or interference with a Federal judge, law enforcement officer or United States official from 3 years imprisonment to 8 years; increase the maximum prison term for use of a deadly weapon or infliction of bodily injury against a Federal judge, law enforcement officer or United States official from 10 years imprisonment to 20 years; and increase the maximum prison term for threatening murder or kidnapping of a member of the immediate family of a Federal judge or law enforcement officer from 5 years imprisonment to 10 years.

Our bipartisan bill has the support of the Department of Justice, the United States Judicial Conference, the United States Sentencing Commission and the United States Marshal Service.

It is most troubling that the greatest democracy in the world needs this legislation to protect the hard working men and women who serve in our Federal government. Just a few months ago, I was saddened to read about death threats against my colleague from Vermont after his act of conscience in declaring himself an Independent.

Senator JEFFORDS received multiple threats against his life, which forced around-the-clock police protection. These unfortunate threats made a difficult time even more difficult for Senator JEFFORDS and his family.

We are seeing more violence and threats of violence against officials of our Federal government. In July, we commemorated the lives of two Capitol Police officers, Officer Jacob Chestnut and Detective John Gibson, who were slain in the line of duty in the Capitol Building in 1998. A courtroom in Urbana, Illinois, was firebombed recently, apparently by a disgruntled litigant. And we also continue to mourn the victims of the horrible tragedy of the bombing of the federal office building in Oklahoma City in 1995.

In my home state during the summer of 1997, a Vermont border patrol officer, John Pfeiffer, was seriously wounded by Carl Drega, during a shootout with Vermont and New Hampshire law enforcement officers in which Drega lost his life. Earlier that day, Drega shot and killed two state troopers and a local judge in New Hampshire. Apparently, Drega was bent on settling a grudge against the judge who had ruled against him in a land dispute. I had a chance to visit John Pfeiffer in the hospital and met his wife and young daughter. As a federal law enforcement officer, Agent Pfeiffer and his family will receive greater protection under our bill.

After the tragic events of September 11, it is even more important that we protect the dedicated women and men throughout the Federal Judiciary and Federal government in this country who do a tremendous job under difficult circumstances. They are examples of the hard-working public servants that make up the federal government, who are too often maligned and unfairly disparaged.

It is unfortunate that it takes acts or threats of violence to put a human face on the Federal Judiciary, law enforcement officers and U.S. officials, to remind everyone in our democracy that these are people with children and parents and friends. They deserve our respect and our protection.

Mr. REID. I ask unanimous consent the bill be read the third time and passed, the motion to reconsider be laid upon the table, and any statements be printed in the RECORD.

The PRESIDENT pro tempore. Without objection, the several requests are granted.

The bill (S. 1099) was read the third time and passed, as follows:

S. 1099

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Federal Judiciary Protection Act of 2001''.

SEC. 2. ASSAULTING, RESISTING, OR IMPEDING CERTAIN OFFICERS OR EMPLOYEES.

Section 111 of title 18, United States Code, is amended—

(1) in subsection (a), by striking ''three'' and inserting ''8''; and

(2) in subsection (b), by striking ''ten'' and inserting ''20''.

SEC. 3. INFLUENCING, IMPEDING, OR RETALIATING AGAINST A FEDERAL OFFICIAL BY THREATENING OR INJURING A FAMILY MEMBER.

Section 115(b)(4) of title 18, United States Code, is amended—

(1) by striking ''five'' and inserting ''10''; and

(2) by striking ''three'' and inserting ''6''.

SEC. 4. MAILING THREATENING COMMUNICATIONS.

Section 876 of title 18, United States Code, is amended—

(1) by designating the first 4 undesignated paragraphs as subsections (a) through (d), respectively;

(2) in subsection (c), as redesignated by paragraph (1), by adding at the end the following: ''If such a communication is addressed to a United States judge, a Federal law enforcement officer, or an official who is covered by section 1114, the individual shall be fined under this title, imprisoned not more than 10 years, or both.''; and

(3) in subsection (d), as redesignated by paragraph (1), by adding at the end the following: ''If such a communication is addressed to a United States judge, a Federal law enforcement officer, or an official who is covered by section 1114, the individual shall be fined under this title, imprisoned not more than 10 years, or both.''.

SEC. 5. AMENDMENT OF THE SENTENCING GUIDELINES FOR ASSAULTS AND THREATS AGAINST FEDERAL JUDGES AND CERTAIN OTHER FEDERAL OFFICIALS AND EMPLOYEES.

(a) IN GENERAL.—Pursuant to its authority under section 994 of title 28, United States Code, the United States Sentencing Commission shall review and amend the Federal sentencing guidelines and the policy statements of the commission, if appropriate, to provide an appropriate sentencing enhancement for offenses involving influencing, assaulting, resisting, impeding, retaliating against, or threatening a Federal judge, magistrate judge, or any other official described in section 111 or 115 of title 18, United States Code.

(b) FACTORS FOR CONSIDERATION.—In carrying out this section, the United States Sentencing Commission shall consider, with respect to each offense described in subsection (a)—

(1) any expression of congressional intent regarding the appropriate penalties for the offense;

(2) the range of conduct covered by the offense;

(3) the existing sentences for the offense;

(4) the extent to which sentencing enhancements within the Federal sentencing guidelines and the authority of the court to impose a sentence in excess of the applicable guideline range are adequate to ensure punishment at or near the maximum penalty for the most egregious conduct covered by the offense;

(5) the extent to which the Federal sentencing guideline sentences for the offense have been constrained by statutory maximum penalties;

(6) the extent to which the Federal sentencing guidelines for the offense adequately achieve the purposes of sentencing as set forth in section 3553(a)(2) of title 18, United States Code;

(7) the relationship of the Federal sentencing guidelines for the offense to the Federal sentencing guidelines for other offenses of comparable seriousness; and

(8) any other factors that the Commission considers to be appropriate.

IMMIGRATION AND NATIONALITY ACT AMENDMENTS

Mr. REID. Mr. President, I ask unanimous consent that we move now to Calendar No. 292, H.R. 2278.

The PRESIDENT pro tempore. The clerk will report the bill by title.

The legislative clerk read as follows:

A bill (H.R. 2278) to provide for work authorization for nonimmigrant spouses of intracompany transferees, and to reduce the period of time during which certain intracompany transferees have to be continuously employed before applying for admission to the United States.

There being no objection, the Senate proceeded to consider the bill.

Mr. REID. I ask unanimous consent the bill be read the third time and passed, the motion to reconsider be laid on the table with no intervening action or debate, and any statements be printed in the RECORD.

The PRESIDENT pro tempore. Without objection, the several requests are granted.

The bill (H.R. 2278) was read the third time and passed.

WORK AUTHORIZATION FOR NONIMMIGRANT SPOUSES OF TREATY TRADERS AND TREATY INVESTORS

Mr. REID. I ask unanimous consent the Senate proceed to the immediate consideration of Calendar No. 291, H.R. 2277.

The PRESIDENT pro tempore. The clerk will report the bill by title.

The legislative clerk read as follows:

A bill (H.R. 2277) to provide for work authorization for nonimmigrant spouses of treaty traders and treaty investors.

There being no objection, the Senate proceeded to consider the bill.

Mr. REID. I ask unanimous consent the bill be read the third time and passed, the motion to reconsider be laid on the table with no intervening action or debate, and any statements be printed in the RECORD.

The PRESIDENT pro tempore. Without objection, the several requests are granted.

The bill (H.R. 2277) was read the third time and passed.

SMALL BUSINESS LIABILITY RELIEF AND BROWNFIELDS REVITALIZATION ACT

Mr. REID. I ask unanimous consent the Senate proceed to H.R. 2869, just received from the House, now at the desk.

The PRESIDENT pro tempore. The clerk will state the title of the House bill.

The legislate clerk read as follows:

A bill (H.R. 2869) to provide certain relief for small business from liability under the Comprehensive Environmental Response, Compensation and Liability Act of 1980, and to amend such Act to promote the cleanup and reuse of brownfields, to provide financial assistance for brownfields revitalization, and to enhance State response programs.

There being no objection, the Senate proceeded to consider the bill.

Mr. NICKLES. Mr. President, for the information of colleagues regarding H.R. 2869, I ask unanimous consent the following letter be printed in the RECORD:

There being no objection, the letter was ordered to be printed in the RECORD, as follows:

ENVIRONMENTAL PROTECTION AGENCY,
Washington, DC, December 20, 2001.

MEMORANDUM

Subject: Davis Bacon Act Applicability Under Brownfields Legislation.

From: Robert E. Fabricant, General Counsel.

To: Marianne Horinko, Assistant Administrator, Office of Solid Waste and Emergency Response.

As you know, the House of Representatives has passed a bill, H.R. 2869, which we are informed would amend CERCLA to add a new section 104(k), ''Brownfields Revitalization Funding.'' We have been asked whether CERCLA, if amended as proposed in H.R. 2869, would require that the Davis-Bacon Act apply to contracts under loans made from a Brownfields Revolving Loan Fund (BRLF) entirely with non-federal funds. We have concluded that H.R. 2869 does not change the legal applicability of the Davis-Bacon Act to the Brownfields program. We have also concluded that this bill neither requires nor prohibits the application of the Davis-Bacon Act to contracts under BRLF loans made entirely with non-grant funds, e.g., principal and interest loan payments. CERCLA would continue to require that the Davis-Bacon Act apply to contracts under BRLF loans made in whole or in part with federal grant funds. Finally, state cleanup programs that operate independently and are not funded under this bill are not affected by the bill, and will operate in accordance with applicable state law.

The proposed legislation would add section 104(k) to CERCLA. New sections 104(k)(3)(A) and (B) authorize the President to make grants ''for capitalization of revolving loan funds'' for ''the remediation of brownfield sites.'' Under section 104(k)(9)(B)(iii), each recipient of a capitalization grant must provide a non-federal matching share of at least 20 percent (unless the Administrator makes a hardship determination). Section 104(k)(12), ''Funding,'' authorizes the appropriation of $200 million for each of fiscal years 2002 through 2006 to carry out section 104(k).

Under the Davis-Bacon Act, 40 U.S.C. 276a *et seq.*, most public building or public works construction contracts entered into by the United States must stipulate that the wages paid to laborers and mechanics will be comparable to the prevailing wages for similar work in the locality where the contract is to be performed. The Davis-Bacon Act does not apply by its own terms to contracts to which the United States is not a party, including contracts awarded by recipients of federal grants in performance of a grant project.

The proposed legislation is silent regarding the applicability of the Davis-Bacon Act to BRLFs. However, an existing provision of CERCLA section 104(g), extends the reach of the Davis-Bacon Act beyond direct federal procurement. That section applies Davis-Bacon Act prevailing wage rate requirements to contracts ''for construction, repair or alteration work funded in whole or in part under this section.'' Since the new BRLF provision would fall within section 104, it would be subject to the Davis-Bacon requirements of section 104(g). However, CERCLA does not define the precise meaning or scope of the quoted from section 104(g).

If a statute does not address the precise question at issue, an agency may adopt an interpretation that is reasonable and consistent with the statute and legislative history. Since CERCLA does not address the precise question at issue here, EPA may adopt a reasonable interpretation, which would be entitled to deference. *Chevron, USA* v. *NRDC*, 467 U.S. 837 (1984). If H.R. 2869 is enacted, one reasonable interpretation of CERCLA, as amended, would be that contracts under every loan made from a BRLF that received a capitalization grant pursuant to section 104(k) would be subject to Davis-Bacon. Under this interpretation, Davis-Bacon would apply to loans made entirely from payments of principal and interest. The phrase in section 104(g), ''funded in whole or in part under this section'' could be construed to encompass every contract indirectly supported by federal grant funds. This arguably would include all contracts awarded by a BRLF, which might not exist but for the EPA capitalization grant(s).

However, it would be at least equally reasonable to interpret CERCLA, as amended by H.R. 2869, to require that only contracts under BRLF loans made with the federal grant funds and the associated 20 percent matching funds are subject to Davis-Bacon. The phrase ''funded in whole or in part under this section'' may reasonably be construed to mean ''receiving funds authorized under this section.'' The funds authorized under section 104 for BRLFs are the $200 million authorized under section 104(k)(12). The phrase would also include the 20 percent matching funds because when a grant statute requires a non-federal match every expenditure of grant funds includes the federal and non-federal share.

Under H.R. 2869, as passed by the House, the Agency would have the discretion to decide whether to apply Davis-Bacon to contracts under BRLF loans that are made solely with funds other than the federal grant and match amount. However, any loan that includes both grant funds and loan payments would be subject to Davis-Bacon, because it would be funded in part with funds authorized under section 104(k). See 40 CFR 31.21(f).

If you have any questions about this matter, please contact me or John Valeri of this office.

Mr. JEFFORDS. Mr. President, today, we take a historic step toward bolstering economic development. The Small Business Liability Relief and Brownfields Revitalization Act, H.R. 2869, will protect our small businesses. This bill will revitalize once abandoned factory sites. This bill will give new life to our aging industrial sites. This bill will provide hope and prosperity to locations long ago forgotten.

Earlier this year, the U.S. Senate declared a mandate in the form of a 99–0 vote endorsing the Brownfields Revitalization and Environmental Restoration Act, S. 350. Unanimously, the Senate pledged its commitment to the redevelopment of potentially contaminated industrial sites. As Chairman of the Senate Environment and Public Works Committee, I have taken that mandate seriously. I am pleased that, today, the House followed suit.

The Brownfields Revitalization and Environmental Restoration Act authorizes $250 million a year over the next five years for assessment and cleanup grants, including petroleum sites, and State program enhancement. The bill would provide liability relief for three groups: contiguous property owners, prospective purchasers, and innocent landowners. Lastly, the bill outlines the parameters by which EPA may re-enter a site to protect human health and the environment.

We also have fulfilled another mandate today. Earlier this year, the Small Business Liability Protection Act passed the House of Representatives 419–0; today, the Senate followed suit. This legislation is a victory for small businesses, on which the foundation of our nation's economy stands. The Small Business Liability Protection Act provides Superfund liability relief for small businesses and others who disposed of, or arranged disposal of, small amounts of hazardous waste. The legislation also allows expedited settlements for a lesser amount if a business can show financial hardship.

There are many who share in this victory. It was truly a bipartisan and bicameral effort. In particular, I would like to recognize the efforts of Senators SMITH, CHAFEE, BAUCUS and BOXER. I also thank all the Leadership offices, on both sides and in both Chambers, for their dedication to the passage of H.R. 2869.

I am very proud of this legislation. I am pleased to have played an integral role in these efforts to encourage development of our urban cores, reduce development demands in greenfields, and promote our economic base by supporting our small businesses. This new year's resolution has been many years in the making. I am gratified that our communities will reap the rewards of further tools to redevelop brownfields and sustain small businesses in 2002 and beyond.

Mr. REID. Mr. President, I ask unanimous consent the bill be read the third time and passed, the motion to reconsider be laid upon the table, and any statements relating thereto be printed in the RECORD with no intervening action or debate.

The PRESIDENT pro tempore. Without objection, it is so ordered. The several requests are granted.

The bill (H.R. 2869) was read the third time and passed.

FAMILY SPONSOR IMMIGRATION ACT OF 2001

Mr. REID. Mr. President, I ask unanimous consent the Senate proceed to Calendar No. 289, H.R. 1892.

The PRESIDENT pro tempore. The clerk will report the bill by title.

The legislative clerk read as follows:

A bill (H.R. 1892) to amend the Immigration and Nationality Act to provide for the acceptance of an affidavit of support from another eligible sponsor if the original sponsor has died and the Attorney General has determined for humanitarian reasons that the original sponsor's classification petition should not be revoked.

There being no objection, the Senate proceeded to consider the bill, which had been reported from the Committee on the Judiciary, with an amendment.

[Matter to be added is printed in italic.]

H.R. 1892

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Family Sponsor Immigration Act of 2001''.

SEC. 2. SUBSTITUTION OF ALTERNATIVE SPONSOR IF ORIGINAL SPONSOR HAS DIED.

(a) PERMITTING SUBSTITUTION OF ALTERNATIVE CLOSE FAMILY SPONSOR IN CASE OF DEATH OF PETITIONER.—

(1) RECOGNITION OF ALTERNATIVE SPONSOR.—Section 213A(f)(5) of the Immigration and Nationality Act (8 U.S.C. 1183a(f)(5)) is amended to read as follows:

''(5) NON-PETITIONING CASES.—Such term also includes an individual who does not meet the requirement of paragraph (1)(D) but who—

''(A) accepts joint and several liability with a petitioning sponsor under paragraph (2) or relative of an employment-based immigrant under paragraph (4) and who demonstrates (as provided under paragraph (6)) the means to maintain an annual income equal to at least 125 percent of the Federal poverty line; or

''(B) is a spouse, parent, mother-in-law, father-in-law, sibling, child (if at least 18 years of age), son, daughter, son-in-law, daughter-in-law, *sister-in-law, brother-in-law,* grandparent, or grandchild of a sponsored alien or a legal guardian of a sponsored alien, meets the requirements of paragraph (1) (other than subparagraph (D)), and executes an affidavit of support with respect to such alien in a case in which—

''(i) the individual petitioning under section 204 for the classification of such alien died after the approval of such petition; and

''(ii) the Attorney General has determined for humanitarian reasons that revocation of such petition under section 205 would be inappropriate.''.

(2) CONFORMING AMENDMENT PERMITTING SUBSTITUTION.—Section 212(a)(4)(C)(ii) of such Act (8 U.S.C. 1182(a)(4)(C)(ii)) is amended by striking ''(including any additional sponsor required under section 213A(f))'' and inserting ''(and any additional sponsor required under section 213A(f) or any alternative sponsor permitted under paragraph (5)(B) of such section)''.

(3) ADDITIONAL CONFORMING AMENDMENTS.—Section 213A(f) of such Act (8 U.S.C. 1183a(f)) is amended, in each of paragraphs (2) and (4)(B)(ii), by striking ''(5).'' and inserting ''(5)(A).''.

(b) EFFECTIVE DATE.—The amendments made by subsection (a) shall apply with respect to deaths occurring before, on, or after the date of the enactment of this Act, except that, in the case of a death occurring before such date, such amendments shall apply only if—

(1) the sponsored alien—

(A) requests the Attorney General to reinstate the classification petition that was filed with respect to the alien by the deceased and approved under section 204 of the Immigration and Nationality Act (8 U.S.C. 1154) before such death; and

(B) demonstrates that he or she is able to satisfy the requirement of section 212(a)(4)(C)(ii) of such Act (8 U.S.C. 1182(a)(4)(C)(ii)) by reason of such amendments; and

(2) the Attorney General reinstates such petition after making the determination described in section 213A(f)(5)(B)(ii) of such Act (as amended by subsection (a)(1) of this Act).

Mr. REID. Mr. President, I ask unanimous consent that the committee

amendment be agreed to, the bill be read a third time and passed, the motion to reconsider be laid on the table with no intervening action or debate, and that any statements pertaining to this matter be printed in the RECORD.

The PRESIDENT pro tempore. Without objection, it is so ordered.

The committee amendment was agreed to.

The bill (H.R. 1892), as amended, was passed.

NURSE REINVESTMENT ACT

Mr. REID. Mr. President, I ask unanimous consent that the Senate proceed to the consideration of S. 1864, introduced earlier today by Senators MIKULSKI, HUTCHINSON, KERRY, and others.

The PRESIDENT pro tempore. The clerk will report the bill by title.

The legislative clerk read as follows:

A bill (S. 1864) to amend the Public Health Service Act establishing a nurse corps and recruitment and retention strategy to address the nurse shortage, and for other purposes.

There being no objection, the Senate proceeded to consider the bill.

Mr. REID. Mr. President, I ask unanimous consent that the bill be read a third time and passed, the motion to reconsider be laid on the table, and that any statements on this matter be printed in the RECORD.

The PRESIDENT pro tempore. Without objection, it is so ordered.

The bill (S. 1864) was passed.

(The text of S. 1864 is printed in today's RECORD under ''Statements on Introduced Bills and Joint Resolutions.'')

GENERAL SHELTON CONGRESSIONAL GOLD MEDAL ACT

Mr. REID. Mr. President, I ask unanimous consent that the Senate proceed to the immediate consideration of H.R. 2751.

The PRESIDENT pro tempore. The clerk will report the bill by title.

The legislative clerk read as follows:

A bill (H.R. 2751) to authorize the President to award a Gold Medal on behalf of the Congress to General Henry H. Shelton.

There being no objection, the Senate proceeded to consider the bill.

Mr. REID. Mr. President, I ask unanimous consent that the bill be read three times, passed, and the motion to reconsider be laid on the table with no intervening action or debate, and that any statements relating to the bill be printed in the RECORD.

The PRESIDENT pro tempore. Without objection, it is so ordered.

The bill (H.R. 2751) was passed.

21ST CENTURY DEPARTMENT OF JUSTICE AUTHORIZATION ACT

Mr. REID. Mr. President, I ask unanimous consent the Senate proceed to the immediate consideration of Calendar No. 206, H.R. 2215.

The PRESIDENT pro tempore. The clerk will report the bill by title.

The legislative clerk read as follows:

A bill (H.R. 2215) to authorize the appropriations for the Department of Justice for fiscal year 2002, and for other purposes.

There being no objection, the Senate proceeded to consider the bill Appropriations for the Department of Justice for fiscal year 2002, and for other purposes and which had been reported from the Committee on the Judiciary, with an amendment to strike all after the enacting clause and insert in lieu thereof the following:

SECTION 1. SHORT TITLE; TABLE OF CONTENTS.

(a) SHORT TITLE.—This Act may be cited as the ''21st Century Department of Justice Appropriations Authorization Act''.

(b) TABLE OF CONTENTS.—The table of contents of this Act is as follows:

TITLE I—AUTHORIZATION OF APPROPRIATIONS FOR FISCAL YEAR 2002

SEC. 101. SPECIFIC SUMS AUTHORIZED TO BE APPROPRIATED.

There are authorized to be appropriated for fiscal year 2002, to carry out the activities of the Department of Justice (including any bureau, office, board, division, commission, subdivision, unit, or other component thereof), the following sums:

(1) GENERAL ADMINISTRATION.—For General Administration: $93,433,000.

(2) ADMINISTRATIVE REVIEW AND APPEALS.—For Administrative Review and Appeals: $178,499,000 for administration of pardon and clemency petitions and for immigration-related activities.

(3) OFFICE OF INSPECTOR GENERAL.—For the Office of Inspector General: $55,000,000, which shall include for each such fiscal year, not to exceed $10,000 to meet unforeseen emergencies of a confidential character.

(4) GENERAL LEGAL ACTIVITIES.—For General Legal Activities: $566,822,000, which shall include for each such fiscal year—

(A) not less than $4,000,000 for the investigation and prosecution of denaturalization and deportation cases involving alleged Nazi war criminals; and

(B) not to exceed $20,000 to meet unforeseen emergencies of a confidential character.

(5) ANTITRUST DIVISION.—For the Antitrust Division: $140,973,000.

(6) UNITED STATES ATTORNEYS.—For United States Attorneys: $1,346,289,000, which shall include not less than $10,000,000 for the investigation and prosecution of intellectual property crimes, including software counterfeiting crimes and crimes identified in the No Electronic Theft (NET) Act (Public Law 105–147): provided, that such amounts in the appropriations account ''General Legal Services'' as may be expended for such investigations or prosecutions shall count towards this minimum as though expended from this appropriations account.

(7) FEDERAL BUREAU OF INVESTIGATION.—For the Federal Bureau of Investigation: $3,507,109,000, which shall include for each such fiscal year—

(A) not to exceed $1,250,000 for construction, to remain available until expended; and

(B) not to exceed $70,000 to meet unforeseen emergencies of a confidential character.

(8) UNITED STATES MARSHALS SERVICE.—For the United States Marshals Service: $626,439,000, which shall include for each such fiscal year not to exceed $6,621,000 for construction, to remain available until expended.

(9) FEDERAL PRISON SYSTEM.—For the Federal Prison System, including the National Institute of Corrections: $4,662,710,000.

(10) FEDERAL PRISONER DETENTION.—For the support of United States prisoners in non-Federal institutions, as authorized by section 4013(a) of title 18 of the United States Code: $724,682,000, to remain available until expended.

(11) DRUG ENFORCEMENT ADMINISTRATION.—For the Drug Enforcement Administration: $1,480,929,000, which shall include not to exceed $70,000 to meet unforeseen emergencies of a confidential character.

(12) IMMIGRATION AND NATURALIZATION SERVICE.—For the Immigration and Naturalization Service: $3,516,411,000, which shall include—

(A) not to exceed $2,737,341,000 for salaries and expenses of enforcement and border affairs (i.e., the Border Patrol, deportation, intelligence, investigations, and inspection programs, and the detention program);

(B) not to exceed $650,660,000 for salaries and expenses of citizenship and benefits (i.e., programs not included under subparagraph (A));

(C) for each such fiscal year, not to exceed $128,410,000 for construction, to remain available until expended; and

(D) not to exceed $50,000 to meet unforeseen emergencies of a confidential character.

(13) FEES AND EXPENSES OF WITNESSES.—For Fees and Expenses of Witnesses: $156,145,000 to remain available until expended, which shall include for each such fiscal year not to exceed $6,000,000 for construction of protected witness safesites.

(14) INTERAGENCY CRIME AND DRUG ENFORCEMENT.—For Interagency Crime and Drug Enforcement: $338,106,000, for expenses not otherwise provided for, for the investigation and prosecution of persons involved in organized crime drug trafficking, except that any funds obligated from appropriations authorized by this paragraph may be used under authorities available to the organizations reimbursed from such funds.

(15) FOREIGN CLAIMS SETTLEMENT COMMISSION.—For the Foreign Claims Settlement Commission: $1,130,000.

(16) COMMUNITY RELATIONS SERVICE.—For the Community Relations Service: $9,269,000.

(17) ASSETS FORFEITURE FUND.—For the Assets Forfeiture Fund: $22,949,000 for expenses authorized by section 524 of title 28, United States Code.

(18) UNITED STATES PAROLE COMMISSION.—For the United States Parole Commission: $10,862,000.

(19) FEDERAL DETENTION TRUSTEE.—For the necessary expenses of the Federal Detention Trustee: $1,718,000.

(20) JOINT AUTOMATED BOOKING SYSTEM.—For expenses necessary for the operation of the Joint Automated Booking System: $15,957,000.

(21) NARROWBAND COMMUNICATIONS.—For the costs of conversion to narrowband communications, including the cost for operation and maintenance of Land Mobile Radio legacy systems: $104,606,000.

(22) RADIATION EXPOSURE COMPENSATION.—For administrative expenses in accordance with the Radiation Exposure Compensation Act: such sums as necessary.

(23) COUNTERTERRORISM FUND.—For the Counterterrorism Fund for necessary expenses, as determined by the Attorney General: $4,989,000.

(24) OFFICE OF JUSTICE PROGRAMS.—For administrative expenses not otherwise provided for, of the Office of Justice Programs: $116,369,000.

SEC. 102. APPOINTMENT OF ADDITIONAL ASSISTANT UNITED STATES ATTORNEYS; REDUCTION OF CERTAIN LITIGATION POSITIONS.

(a) APPOINTMENTS.—Not later than September 30, 2003, the Attorney General may exercise authority under section 542 of title 28, United States Code, to appoint 200 assistant United States attorneys in addition to the number of assistant United States attorneys serving on the date of the enactment of this Act.

(b) SELECTION OF APPOINTEES.—Individuals first appointed under subsection (a) may be appointed from among attorneys who are incumbents of 200 full-time litigation positions in divisions of the Department of Justice and whose official duty station is at the seat of Government.

(c) TERMINATION OF POSITIONS.—Each of the 200 litigation positions that become vacant by reason of an appointment made in accordance with subsections (a) and (b) shall be terminated at the time the vacancy arises.

(d) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated such sums as may be necessary to carry out this section.

SEC. 103. AUTHORIZATION FOR ADDITIONAL ASSISTANT UNITED STATES ATTORNEYS FOR PROJECT SAFE NEIGHBORHOODS.

(a) IN GENERAL.—The Attorney General shall establish a program for each United States Attorney to provide for coordination with State and local law enforcement officials in the identification and prosecution of violations of Federal firearms laws including school gun violence and juvenile gun offenses.

(b) AUTHORIZATION FOR HIRING 94 ADDITIONAL ASSISTANT UNITED STATES ATTORNEYS.—There are authorized to be appropriated to carry out this section $9,000,000 for fiscal year 2002 to hire an additional Assistant United States Attorney in each United States Attorney Office.

TITLE II—PERMANENT ENABLING PROVISIONS

SEC. 201. PERMANENT AUTHORITY.

(a) IN GENERAL.—Chapter 31 of title 28, United States Code, is amended by adding at the end the following:

"§ 530C. Authority to use available funds

''(a) IN GENERAL.—Except to the extent provided otherwise by law, the activities of the Department of Justice (including any bureau, office, board, division, commission, subdivision, unit, or other component thereof) may, in the reasonable discretion of the Attorney General, be carried out through any means, including—

''(1) through the Department's own personnel, acting within, from, or through the Department itself;

''(2) by sending or receiving details of personnel to other branches or agencies of the Federal Government, on a reimbursable, partially-reimbursable, or nonreimbursable basis;

''(3) through reimbursable agreements with other Federal agencies for work, materials, or equipment;

''(4) through contracts, grants, or cooperative agreements with non-Federal parties; and

''(5) as provided in subsection (b), in section 524, and in any other provision of law consistent herewith, including, without limitation, section 102(b) of Public Law 102–395 (106 Stat. 1838), as incorporated by section 815(d) of Public Law 104–132 (110 Stat. 1315).

''(b) PERMITTED USES.—

''(1) GENERAL PERMITTED USES.—Funds available to the Attorney General (i.e., all funds available to carry out the activities described in subsection (a)) may be used, without limitation, for the following:

''(A) The purchase, lease, maintenance, and operation of passenger motor vehicles, or police-type motor vehicles for law enforcement purposes, without regard to general purchase price limitation for the then-current fiscal year.

''(B) The purchase of insurance for motor vehicles, boats, and aircraft operated in official Government business in foreign countries.

''(C) Services of experts and consultants, including private counsel, as authorized by section 3109 of title 5, and at rates of pay for individuals not to exceed the maximum daily rate payable from time to time under section 5332 of title 5.

''(D) Official reception and representation expenses (i.e., official expenses of a social nature intended in whole or in predominant part to promote goodwill toward the Department or its missions, but excluding expenses of public tours of facilities of the Department of Justice), in accordance with distributions and procedures established, and rules issued, by the Attorney General, and expenses of public tours of facilities of the Department of Justice.

''(E) Unforeseen emergencies of a confidential character, to be expended under the direction of the Attorney General and accounted for solely on the certificate of the Attorney General.

''(F) Miscellaneous and emergency expenses authorized or approved by the Attorney General, the Deputy Attorney General, the Associate Attorney General, or the Assistant Attorney General for Administration.

''(G) In accordance with procedures established and rules issued by the Attorney General—

''(i) attendance at meetings and seminars;

''(ii) conferences and training; and

''(iii) advances of public moneys under section 3324 of title 31: Provided, That travel advances of such moneys to law enforcement personnel engaged in undercover activity shall be considered to be public money for purposes of section 3527 of title 31.

''(H) Contracting with individuals for personal services abroad, except that such individuals shall not be regarded as employees of the United States for the purpose of any law administered by the Office of Personnel Management.

''(I) Payment of interpreters and translators who are not citizens of the United States, in accordance with procedures established and rules issued by the Attorney General.

''(J) Expenses or allowances for uniforms as authorized by section 5901 of title 5, but without regard to the general purchase price limitation for the then-current fiscal year.

''(K) Expenses of—

''(i) primary and secondary schooling for dependents of personnel stationed outside the continental United States at cost not in excess of those authorized by the Department of Defense for the same area, when it is determined by the Attorney General that schools available in the locality are unable to provide adequately for the education of such dependents; and

''(ii) transportation of those dependents between their place of residence and schools serving the area which those dependents would normally attend when the Attorney General, under such regulations as he may prescribe, determines that such schools are not accessible by public means of transportation.

''(L) Payment of rewards (i.e., payments pursuant to public advertisements for assistance to the Department of Justice), in accordance with procedures and regulations established or issued by the Attorney General: provided that—

''(i) no such reward shall exceed $2,000,000 (unless a statute should authorize a higher amount);

''(ii) no such reward of $250,000 or more may be made or offered without the personal approval of either the Attorney General or the President;

''(iii) the Attorney General shall give written notice to the Chairmen and ranking minority members of the Committees on Appropriations and the Judiciary of the Senate and of the House of Representatives not later than 30 days after the approval of a reward under clause (ii);

''(iv) any executive agency or military department (as defined, respectively, in sections 105 and 102 of title 5) may provide the Attorney General with funds for the payment of rewards; and

''(v) neither the failure of the Attorney General to authorize a payment nor the amount authorized shall be subject to judicial review.

''(2) SPECIFIC PERMITTED USES.—

''(A) AIRCRAFT AND BOATS.—Funds available to the Attorney General for United States Attorneys, for the Federal Bureau of Investigation, for the United States Marshals Service, for the Drug Enforcement Administration, and for the Immigration and Naturalization Service may be used for the purchase, lease, maintenance, and operation of aircraft and boats, for law enforcement purposes.

''(B) PURCHASE OF AMMUNITION AND FIREARMS; FIREARMS COMPETITIONS.—Funds available to the Attorney General for United States Attorneys, for the Federal Bureau of Investigation, for the United States Marshals Service, for the Drug Enforcement Administration, for the Federal Prison System, for the Office of the Inspector General, and for the Immigration and Naturalization Service may be used for—

''(i) the purchase of ammunition and firearms; and

''(ii) participation in firearms competitions.

''(C) CONSTRUCTION.—Funds available to the Attorney General for construction may be used for expenses of planning, designing, acquiring, building, constructing, activating, renovating, converting, expanding, extending, remodeling, equipping, repairing, or maintaining buildings or facilities, including the expenses of acquisition of sites therefor, and all necessary expenses incident or related thereto; but the foregoing shall not be construed to mean that funds generally available for salaries and expenses are not also available for certain incidental or minor construction, activation, remodeling, maintenance, and other related construction costs.

''(3) FEES AND EXPENSES OF WITNESSES.—Funds available to the Attorney General for fees and expenses of witnesses may be used for—

''(A) expenses, mileage, compensation, protection, and per diem in lieu of subsistence, of witnesses (including advances of public money) and as authorized by section 1821 or other law, except that no witness may be paid more than 1 attendance fee for any 1 calendar day;

''(B) fees and expenses of neutrals in alternative dispute resolution proceedings, where the Department of Justice is a party; and

''(C) construction of protected witness safesites.

''(4) FEDERAL BUREAU OF INVESTIGATION.—Funds available to the Attorney General for the Federal Bureau of Investigation for the detection, investigation, and prosecution of crimes against the United States may be used for the conduct of all its authorized activities.

''(5) IMMIGRATION AND NATURALIZATION SERVICE.—Funds available to the Attorney General for the Immigration and Naturalization Service may be used for—

''(A) acquisition of land as sites for enforcement fences, and construction incident to such fences;

''(B) cash advances to aliens for meals and lodging en route;

''(C) refunds of maintenance bills, immigration fines, and other items properly returnable, except deposits of aliens who become public charges and deposits to secure payment of fines and passage money; and

''(D) expenses and allowances incurred in tracking lost persons, as required by public exigencies, in aid of State or local law enforcement agencies.

''(6) FEDERAL PRISON SYSTEM.—Funds available to the Attorney General for the Federal Prison System may be used for—

''(A) inmate medical services and inmate legal services, within the Federal prison system;

''(B) the purchase and exchange of farm products and livestock;

''(C) the acquisition of land as provided in section 4010 of title 18; and

''(D) the construction of buildings and facilities for penal and correctional institutions (including prison camps), by contract or force account, including the payment of United States prisoners for their work performed in any such construction;

except that no funds may be used to distribute or make available to a prisoner any commercially published information or material that is sexually explicit or features nudity.

''(7) DETENTION TRUSTEE.—Funds available to the Attorney General for the Detention Trustee may be used for all the activities of such Trustee in the exercise of all power and functions authorized by law relating to the detention of Federal prisoners in non-Federal institutions or otherwise in the custody of the United States Marshals Service and to the detention of aliens in the custody of the Immigration and Naturalization Service, including the overseeing of construction of detention facilities or for housing related to such detention, the management of funds appropriated to the Department for the exercise of detention functions, and the direction of the United States Marshals Service and Immigration Service with respect to the exercise of detention policy setting and operations for the Department of Justice.

''(c) RELATED PROVISIONS.—

''(1) LIMITATION OF COMPENSATION OF INDIVIDUALS EMPLOYED AS ATTORNEYS.—No funds available to the Attorney General may be used to pay compensation for services provided by an individual employed as an attorney (other than an individual employed to provide services as a foreign attorney in special cases) unless such individual is duly licensed and authorized to practice as an attorney under the law of a State, a territory of the United States, or the District of Columbia.

''(2) REIMBURSEMENTS PAID TO GOVERNMENTAL ENTITIES.—Funds available to the Attorney General that are paid as reimbursement to a governmental unit of the Department of Justice, to another Federal entity, or to a unit of State or local government, may be used under authorities available to the unit or entity receiving such reimbursement.

''(d) FOREIGN REIMBURSEMENTS.—Whenever the Department of Justice or any component participates in a cooperative project to improve law enforcement or national security operations or services with a friendly foreign country on a cost-sharing basis, any reimbursements or contributions received from that foreign country to meet its share of the project may be credited to appropriate current appropriations accounts of the Department of Justice or any component. The amount of a reimbursement or contribution credited shall be available only for payment of the share of the project expenses allocated to the participating foreign country.

''(e) RAILROAD POLICE TRAINING FEES.—The Attorney General is authorized to establish and collect a fee to defray the costs of railroad police officers participating in a Federal Bureau of Investigation law enforcement training program authorized by Public Law 106–110, and to credit such fees to the appropriation account ''Federal Bureau of Investigation, Salaries and Expenses'', to be available until expended for salaries and expenses incurred in providing such services.

''(f) WARRANTY WORK.—In instances where the Attorney General determines that law enforcement-, security-, or mission-related considerations mitigate against obtaining maintenance or repair services from private sector entities for equipment under warranty, the Attorney General is authorized to seek reimbursement from such entities for warranty work performed at Department of Justice facilities, and to credit any payment made for such work to any appropriation charged therefor.''.

(b) CONFORMING AMENDMENT.—The table of sections of chapter 31 of title 28, United States Code, is amended by adding at the end the following:

''530C. Authority to use available funds.''.

SEC. 202. PERMANENT AUTHORITY RELATING TO ENFORCEMENT OF LAWS.

(a) IN GENERAL.—Chapter 31 of title 28, United States Code (as amended by section 201), is amended by adding at the end the following:

''§ 530D. Report on enforcement of laws

''(a) REPORT.—

''(1) IN GENERAL.—The Attorney General shall submit to the Congress a report of any instance in which the Attorney General or any officer of the Department of Justice—

''(A) establishes or implements a formal or informal policy to refrain—

''(i) from enforcing, applying, or administering any provision of any Federal statute, rule, regulation, program, policy, or other law whose enforcement, application, or administration is within the responsibility of the Attorney General or such officer on the grounds that such provision is unconstitutional; or

''(ii) within any judicial jurisdiction of or within the United States, from adhering to, enforcing, applying, or complying with, any standing rule of decision (binding upon courts of, or inferior to those of, that jurisdiction) established by a final decision of any court of, or superior to those of, that jurisdiction, respecting the interpretation, construction, or application of the Constitution, any statute, rule, regulation, program, policy, or other law whose enforcement, application, or administration is within the responsibility of the Attorney General or such officer;

''(B) determines—

''(i) to contest affirmatively, in any judicial, administrative, or other proceeding, the constitutionality of any provision of any Federal statute, rule, regulation, program, policy, or other law; or

''(ii) to refrain (on the grounds that the provision is unconstitutional) from defending or asserting, in any judicial, administrative, or other proceeding, the constitutionality of any provision of any Federal statute, rule, regulation, program, policy, or other law, or not to appeal or request review of any judicial, administrative, or other determination adversely affecting the constitutionality of any such provision; or

''(C) approves (other than in circumstances in which a report is submitted to the Joint Committee on Taxation, pursuant to section 6405 of the Internal Revenue Code of 1986) the settlement or compromise (other than in bankruptcy) of any claim, suit, or other action—

''(i) against the United States (including any agency or instrumentality thereof) for a sum that exceeds, or is likely to exceed, $2,000,000, excluding prejudgment interest; or

''(ii) by the United States (including any agency or instrumentality thereof) pursuant to an agreement, consent decree, or order (or pursuant to any modification of an agreement, consent decree, or order) that provides injunctive or other nonmonetary relief that exceeds, or is likely to exceed, 3 years in duration: Provided, That for purposes of this clause, the term ''injunctive or other nonmonetary relief'' shall not be understood to include the following, where the same are a matter of public record—

''(I) debarments, suspensions, or other exclusions from Government contracts or grants;

''(II) mere reporting requirements or agreements (including sanctions for failure to report);

''(III) requirements or agreements merely to comply with statutes or regulations;

''(IV) requirements or agreements to surrender professional licenses or to cease the practice of professions, occupations, or industries;

''(V) any criminal sentence or any requirements or agreements to perform community service, to serve probation, or to participate in supervised release from detention, confinement, or prison; or

''(VI) agreements to cooperate with the government in investigations or prosecutions (whether or not the agreement is a matter of public record).

''(2) SUBMISSION OF REPORT TO THE CONGRESS.—For the purposes of paragraph (1), a report shall be considered to be submitted to the Congress if the report is submitted to—

''(A) the majority leader and minority leader of the Senate;

''(B) the Speaker, majority leader, and minority leader of the House of Representatives;

''(C) the chairman and ranking minority member of the Committee on the Judiciary of the House of Representatives and the chairman and ranking minority member of the Committee on the Judiciary of the Senate; and

''(D) the Senate Legal Counsel and the General Counsel of the House of Representatives.

''(b) DEADLINE.—A report shall be submitted—

''(1) under subsection (a)(1)(A), not later than 30 days after the establishment or implementation of each policy;

''(2) under subsection (a)(1)(B), within such time as will reasonably enable the House of Representatives and the Senate to take action, separately or jointly, to intervene in timely fashion in the proceeding, but in no event later than 30 days after the making of each determination; and

''(3) under subsection (a)(1)(C), not later than 30 days after the conclusion of each fiscal-year quarter, with respect to all approvals occurring in such quarter.

''(c) CONTENTS.—A report required by subsection (a) shall—

''(1) specify the date of the establishment or implementation of the policy described in subsection (a)(1)(A), of the making of the determination described in subsection (a)(1)(B), or of each approval described in subsection (a)(1)(C);

''(2) include a complete and detailed statement of the relevant issues and background (including a complete and detailed statement of the reasons for the policy or determination, and the identity of the officer responsible for establishing or implementing such policy, making such determination, or approving such settlement or compromise), except that—

''(A) such details may be omitted as may be absolutely necessary to prevent improper disclosure of national-security- or classified information, of any information subject to the deliberative-process-, executive-, attorney-work-product-, or attorney-client privileges, or of any information the disclosure of which is prohibited by section 6103 of the Internal Revenue Code of 1986, if the fact of each such omission (and the precise ground or grounds therefor) is clearly noted in the statement: Provided, That this subparagraph shall not be construed to deny to the Congress (including any House, Committee, or agency thereof) any such omitted details (or related information) that it lawfully may seek, subsequent to the submission of the report; and

''(B) the requirements of this paragraph shall be deemed satisfied—

''(i) in the case of an approval described in subsection (a)(1)(C)(i), if an unredacted copy of the entire settlement agreement and consent decree or order (if any) is provided, along with a statement indicating the legal and factual basis or bases for the settlement or compromise (if not apparent on the face of documents provided); and

''(ii) in the case of an approval described in subsection (a)(1)(C)(ii), if an unredacted copy of the entire settlement agreement and consent decree or order (if any) is provided, along with a statement indicating the injunctive or other nonmonetary relief (if not apparent on the face of documents provided); and

''(3) in the case of a determination described in subsection (a)(1)(B) or an approval described in subsection (a)(1)(C), indicate the nature, tribunal, identifying information, and status of the proceeding, suit, or action.

''(d) DECLARATION.—In the case of a determination described in subsection (a)(1)(B), the representative of the United States participating in the proceeding shall make a clear declaration in the proceeding that any position expressed as to the constitutionality of the provision involved is the position of the executive branch of the Federal Government (or, as applicable, of the President or of any executive agency or military department).

''(e) APPLICABILITY TO THE PRESIDENT AND TO EXECUTIVE AGENCIES AND MILITARY DEPARTMENTS.—The reporting, declaration, and other provisions of this section relating to the Attorney General and other officers of the Department of Justice shall apply to the President, to the head of each executive agency or military department (as defined, respectively, in sections 105 and 102 of title 5, United States Code) that establishes or implements a policy described in subsection (a)(1)(A) or is authorized to conduct litigation, and to the officers of such executive agency.''.

(b) CONFORMING AMENDMENTS.—

(1) The table of sections for chapter 31 of title 28, United States Code (as amended by section 201), is amended by adding at the end the following:

''530D. Report on enforcement of laws.''.

(2) Section 712 of Public Law 95–521 (92 Stat. 1883) is amended by striking subsection (b).

(3) Not later than 30 days after the date of the enactment of this Act, the President shall advise the head of each executive agency or military department (as defined, respectively, in sections 105 and 102 of title 5, United States Code) of the enactment of this section.

(4)(A) Not later than 90 days after the date of the enactment of this Act, the Attorney General (and, as applicable, the President, and the head of any executive agency or military department described in subsection (e) of section 530D of title 28, United States Code, as added by subsection (a)) shall submit to Congress a report (in accordance with subsections (a), (c), and (e) of such section) on—

(i) all policies of which the Attorney General and applicable official are aware described in subsection (a)(1)(A) of such section that were established or implemented before the date of the enactment of this Act and were in effect on such date; and

(ii) all determinations of which the Attorney General and applicable official are aware described in subsection (a)(1)(B) of such section that were made before the date of the enactment of this Act and were in effect on such date.

(B) If a determination described in subparagraph (A)(ii) relates to any judicial, administrative, or other proceeding that is pending in the 90-day period beginning on the date of the enactment of this Act, with respect to any such determination, then the report required by this paragraph shall be submitted within such time as will reasonably enable the House of Representatives and the Senate to take action, separately or jointly, to intervene in timely fashion in the proceeding, but not later than 30 days after the date of the enactment of this Act.

(5) Section 101 of Public Law 106–57 (113 Stat. 414) is amended by striking subsection (b).

SEC. 203. NOTIFICATIONS AND REPORTS TO BE PROVIDED SIMULTANEOUSLY TO COMMITTEES.

If the Attorney General or any officer of the Department of Justice (including any bureau, office, board, division, commission, subdivision, unit, or other component thereof) is required by any Act (which shall be understood to include any request or direction contained in any report of a committee of the Congress relating to an appropriations Act or in any statement of managers accompanying any conference report agreed to by the Congress) to provide a notice or report to any committee or subcommittee of the Congress (other than both the Committee on the Judiciary of the House of Representatives and the Committee on the Judiciary of the Senate), then such Act shall be deemed to require that a copy of such notice or report be provided simultaneously to the Committee on the Judiciary of the House of Representatives and the Committee on the Judiciary of the Senate, except that classified notices and reports submitted to the Select Committee on Intelligence of the Senate and the Permanent Select Committee on Intelligence of the House of Representatives shall be excluded from this section so long as simultaneous notification of the provision of such reports (other than notification required under section 502(1) of the National Security Act of 1947 (50 U.S.C. 413a(1)) is made to the Committees on the Judiciary of the Senate and the House of Representatives.

SEC. 204. MISCELLANEOUS USES OF FUNDS; TECHNICAL AMENDMENTS.

(a) BUREAU OF JUSTICE ASSISTANCE GRANT PROGRAMS.—Title I of the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. 3711 et seq.) is amended—

(1) in section 504(a) by striking ''502'' and inserting ''501(b)'';

(2) in section 506(a)(1) by striking ''participating'';

(3) in section 510(a)(3) by striking ''502'' and inserting ''501(b)'';

(4) in section 510 by adding at the end the following:

''(d) No grants or contracts under subsection (b) may be made, entered into, or used, directly or indirectly, to provide any security enhancements or any equipment to any non-governmental entity that is not engaged in law enforcement or law enforcement support, criminal or juvenile justice, or delinquency prevention.''; and

(5) in section 511 by striking ''503'' and inserting ''501(b)''.

(b) ATTORNEYS SPECIALLY RETAINED BY THE ATTORNEY GENERAL.—The 3d sentence of section 515(b) of title 28, United States Code, is amended by striking ''at not more than $12,000''.

SEC. 205. TECHNICAL AND MISCELLANEOUS AMENDMENTS TO DEPARTMENT OF JUSTICE AUTHORITIES; AUTHORITY TO TRANSFER PROPERTY OF MARGINAL VALUE; RECORDKEEPING; PROTECTION OF THE ATTORNEY GENERAL.

(a) Section 524 of title 28, United States Code, is amended—

(1) in subsection (a) by inserting ''to the Attorney General'' after ''available'';

(2) in subsection (c)(1)—

(A) by striking the semicolon at the end of the 1st subparagraph (I) and inserting a period;

(B) by striking the 2d subparagraph (I);

(C) by striking ''(A)(iv), (B), (F), (G), and (H)'' in the first sentence following the second subparagraph (I) and inserting ''(B), (F), and (G)''; and

(D) by striking ''fund'' in the 3d sentence following the 2d subparagraph (I) and inserting ''Fund'';

(3) in subsection (c)(2)—

(A) by inserting before the period in the last sentence '', without both the personal approval of the Attorney General and written notice within 30 days thereof to the Chairmen and ranking minority members of the Committees on Appropriations and the Judiciary of the Senate and of the House of Representatives'';

(B) by striking ''for information'' each place it appears; and

(C) by striking ''$250,000'' the 2d and 3d places it appears and inserting ''$500,000'';

(4) in subsection (c)(3) by striking ''(F)'' and inserting ''(G)'';

(5) in subsection (c)(5) by striking ''Fund which'' and inserting ''Fund, that'';

(6) in subsection (c)(8)(A), by striking ''(A)(iv), (B), (F), (G), and (H)'' and inserting ''(B), (F), and (G)''; and

(7) in subsection (c)(9)(B)—

(A) by striking ''year 1997'' and inserting ''years 2002 and 2003''; and

(B) by striking ''Such transfer shall not'' and inserting ''Each such transfer shall be subject to satisfaction by the recipient involved of any outstanding lien against the property transferred, but no such transfer shall''.

(b) Section 522 of title 28, United States Code, is amended by inserting ''(a)'' before ''The'', and by inserting at the end the following:

''(b) With respect to any data, records, or other information acquired, collected, classified, preserved, or published by the Attorney General for any statistical, research, or other aggregate reporting purpose beginning not later than 1 year after the date of enactment of 21st Century Department of Justice Appropriations Authorization Act and continuing thereafter, and notwithstanding any other provision of law, the same criteria shall be used (and shall be required to be used, as applicable) to classify or categorize offenders and victims (in the criminal context), and to classify or categorize actors and acted upon (in the noncriminal context).''.

(c) Section 534(a)(3) of title 28, United States Code, is amended by adding ''and'' after the semicolon.

(d) Section 509(3) of title 28, United States Code, is amended by striking the 2d period.

(e) Section 533 of title 28, United States Code, is amended—

(1) by redesignating paragraph (3) as paragraph (4); and

(2) by adding after paragraph (2) a new paragraph as follows:

''(3) to assist in the protection of the person of the Attorney General.''.

(f) Hereafter, no compensation or reimbursement paid pursuant to section 501(a) of Public Law 99–603 (100 Stat. 3443) or section 241(i) of the Act of June 27, 1952 (ch. 477) shall be subject to section 6503(d) of title 31, United States Code, and no funds available to the Attorney General may be used to pay any assessment made pursuant to such section 6503 with respect to any such compensation or reimbursement.

(g) Section 108 of Public Law 103–121 (107 Stat. 1164) is amended by replacing ''three'' with ''six'', by replacing ''only'' with '', first,'', and by replacing ''litigation.'' with ''litigation, and, thereafter, for financial systems, and other personnel, administrative, and litigation expenses of debt collection activities.''.

SEC. 206. OVERSIGHT; WASTE, FRAUD, AND ABUSE OF APPROPRIATIONS.

(a) Section 529 of title 28, United States Code, is amended by inserting ''(a)'' before ''Beginning'', and by adding at the end the following:

''(b) Notwithstanding any provision of law limiting the amount of management or administrative expenses, the Attorney General shall, not later than May 2, 2003, and of every year thereafter, prepare and provide to the Committees on the Judiciary and Appropriations of each House of the Congress using funds available for the underlying programs—

''(1) a report identifying and describing every grant (other than one made to a governmental entity, pursuant to a statutory formula), cooperative agreement, or programmatic services contract that was made, entered into, awarded, or, for which additional or supplemental funds were provided in the immediately preceding fiscal year, by or on behalf of the Office of Justice Programs (including any component or unit thereof, and the Office of Community Oriented Policing Services), and including, without limitation, for each such grant, cooperative agreement, or contract: the term, the dollar amount or value, a description of its specific purpose or purposes, the names of all grantees or parties, the names of each unsuccessful applicant or bidder, and a description of the specific purpose or purposes proposed in each unsuccessful application or bid, and of the reason or reasons for rejection or denial of the same; and

''(2) a report identifying and reviewing every grant (other than one made to a governmental entity, pursuant to a statutory formula), cooperative agreement, or programmatic services contract made, entered into, awarded, or for which additional or supplemental funds were provided, after October 1, 2002, by or on behalf of the Office of Justice Programs (including any component or unit thereof, and the Office of Community Oriented Policing Services) that was programmatically and financially closed out or that otherwise ended in the immediately preceding fiscal year (or even if not yet closed out, was terminated or otherwise ended in the fiscal year that ended 2 years before the end of such immediately preceding fiscal year), and including, without limitation, for each such grant, cooperative agreement, or contract: a description of how the appropriated funds involved actually were spent, statistics relating to its performance, its specific purpose or purposes, and its effectiveness, and a written declaration by each non-Federal grantee and each non-Federal party to such agreement or to such contract, that—

''(A) the appropriated funds were spent for such purpose or purposes, and only such purpose or purposes;

''(B) the terms of the grant, cooperative agreement, or contract were complied with; and

''(C) all documentation necessary for conducting a full and proper audit under generally accepted accounting principles, and any (additional) documentation that may have been required under the grant, cooperative agreement, or contract, have been kept in orderly fashion and will be preserved for not less than 3 years from the date of such close out, termination, or end;

except that the requirement of this paragraph shall be deemed satisfied with respect to any such description, statistics, or declaration if such non-Federal grantee or such non-Federal party shall have failed to provide the same to the Attorney General, and the Attorney General notes the fact of such failure and the name of such grantee or such party in the report.''.

(b) Section 1913 of title 18, United States Code, is amended by striking ''to favor'' and inserting ''a jurisdiction, or an official of any government, to favor, adopt,'', by inserting '', law, ratification, policy,'' after ''legislation'' every place it appears, by striking ''by Congress'' the 2d place it appears, by inserting ''or such official'' before '', through the proper'', by inserting '', measure,'' before ''or resolution'', by striking ''Members of Congress on the request of any Member'' and inserting ''any such Member or official, at his request,'', by striking ''for legislation'' and inserting ''for any legislation'', and by striking the period after ''business'' and inserting '', or from making any communication whose prohibition by this section might, in the opinion of the Attorney General, violate the Constitution or interfere with the conduct of foreign policy, counter-intelligence, intelligence, or national security activities. Violations of this section shall constitute violations of section 1352(a) of title 31.''.

(c) Section 1516(a) of title 18, United States Code, is amended by inserting '', entity, or program'' after ''person'', and by inserting ''grant, or cooperative agreement,'' after ''subcontract,''.

(d) Section 112 of title I of section 101(b) of division A of Public Law 105–277 (112 Stat. 2681–67) is amended by striking ''fiscal year'' and all that follows through ''Justice—'', and inserting ''any fiscal year the Attorney General—''.

(e) Section 2320(f) of title 18, United States Code, is amended—

(1) by striking ''title 18'' each place it appears and inserting ''this title''; and

(2) by redesignating paragraphs (1) through (4) as subparagraphs (A) through (D), respectively;

(3) by inserting ''(1)'' after ''(f)''; and

(4) by adding at the end the following:

''(2) The report under paragraph (1), with respect to criminal infringement of copyright, shall include the following:

''(A) The number of infringement cases involving specific types of works, such as audiovisual works, sound recordings, business software, video games, books, and other types of works.

''(B) The number of infringement cases involving an online element.

''(C) The number and dollar amounts of fines assessed in specific categories of dollar amounts, such as up to $500, from $500 to $1,000, from $1,000 to $5,000, from $5,000 to $10,000, and categories above $10,000.

''(D) The amount of restitution awarded.

''(E) Whether the sentences imposed were served.''.

SEC. 207. ENFORCEMENT OF FEDERAL CRIMINAL LAWS BY ATTORNEY GENERAL.

Section 535 of title 28, United States Code, is amended in subsections (a) and (b), by replacing ''title 18'' with ''Federal criminal law'', and in subsection (b), by replacing ''or complaint'' with ''matter, or complaint witnessed, discovered, or'', and by inserting ''or the witness, discoverer, or recipient, as appropriate,'' after ''agency,''.

SEC. 208. COUNTERTERRORISM FUND.

(a) ESTABLISHMENT; AVAILABILITY.—There is hereby established in the Treasury of the United States a separate fund to be known as the ''Counterterrorism Fund'', amounts in which shall remain available without fiscal year limitation—

(1) to reimburse any Department of Justice component for any costs incurred in connection with—

(A) reestablishing the operational capability of an office or facility that has been damaged or destroyed as the result of any domestic or international terrorism incident;

(B) providing support to counter, investigate, or prosecute domestic or international terrorism, including, without limitation, paying rewards in connection with these activities; and

(C) conducting terrorism threat assessments of Federal agencies and their facilities; and

(2) to reimburse any department or agency of the Federal Government for any costs incurred in connection with detaining in foreign countries individuals accused of acts of terrorism that violate the laws of the United States.

(b) NO EFFECT ON PRIOR APPROPRIATIONS.—The amendment made by subsection (a) shall not affect the amount or availability of any appropriation to the Counterterrorism Fund made before the date of enactment of this Act.

SEC. 209. STRENGTHENING LAW ENFORCEMENT IN UNITED STATES TERRITORIES, COMMONWEALTHS, AND POSSESSIONS.

(a) EXTENDED ASSIGNMENT INCENTIVE.—Chapter 57 of title 5, United States Code, is amended—

(1) in subchapter IV, by inserting at the end the following:

''§ 5757. Extended assignment incentive

''(a) The head of an Executive agency may pay an extended assignment incentive to an employee if—

''(1) the employee has completed at least 2 years of continuous service in 1 or more civil service positions located in a territory or possession of the United States, the Commonwealth of Puerto Rico, or the Commonwealth of the Northern Mariana Islands;

''(2) the agency determines that replacing the employee with another employee possessing the required qualifications and experience would be difficult; and

''(3) the agency determines it is in the best interest of the Government to encourage the employee to complete a specified additional period of employment with the agency in the territory or possession, the Commonwealth of Puerto Rico or Commonwealth of the Northern Mariana Islands, except that the total amount of service performed in a particular territory, commonwealth, or possession under 1 or more agreements established under this section may not exceed 5 years.

''(b) The sum of extended assignment incentive payments for a service period may not exceed the greater of—

''(1) an amount equal to 25 percent of the annual rate of basic pay of the employee at the beginning of the service period, times the number of years in the service period; or

''(2) $15,000 per year in the service period.

''(c)(1) Payment of an extended assignment incentive shall be contingent upon the employee entering into a written agreement with the agency specifying the period of service and other terms and conditions under which the extended assignment incentive is payable.

''(2) The agreement shall set forth the method of payment, including any use of an initial lump-sum payment, installment payments, or a final lump-sum payment upon completion of the entire period of service.

''(3) The agreement shall describe the conditions under which the extended assignment incentive may be canceled prior to the completion of agreed-upon service period and the effect of the cancellation. The agreement shall require that if, at the time of cancellation of the incentive, the employee has received incentive payments which exceed the amount which bears the same relationship to the total amount to be paid under the agreement as the completed service period bears to the agreed-upon service period, the employee shall repay that excess amount, at a minimum, except that an employee who is involuntarily reassigned to a position stationed outside the territory, commonwealth, or possession or involuntarily separated (not for cause on

charges of misconduct, delinquency, or inefficiency) may not be required to repay any excess amounts.

''(d) An agency may not put an extended assignment incentive into effect during a period in which the employee is fulfilling a recruitment or relocation bonus service agreement under section 5753 or for which an employee is receiving a retention allowance under section 5754.

''(e) Extended assignment incentive payments may not be considered part of the basic pay of an employee.

''(f) The Office of Personnel Management may prescribe regulations for the administration of this section, including regulations on an employee's entitlement to retain or receive incentive payments when an agreement is canceled. Neither this section nor implementing regulations may impair any agency's independent authority to administratively determine compensation for a class of its employees.''; and

(2) in the analysis by adding at the end the following:

''5757. Extended assignment incentive.''.

(b) CONFORMING AMENDMENT.—Section 5307(a)(2)(B) of title 5, United States Code, is amended by striking ''or 5755'' and inserting ''5755, or 5757''.

(c) EFFECTIVE DATE.—The amendments made by this section shall take effect on the first day of the first applicable pay period beginning on or after 6 months after the date of enactment of this Act.

(d) REPORT.—No later than 3 years after the effective date of this section, the Office of Personnel Management, after consultation with affected agencies, shall submit a report to Congress assessing the effectiveness of the extended assignment incentive authority as a human resources management tool and making recommendations for any changes necessary to improve the effectiveness of the incentive authority. Each agency shall maintain such records and report such information, including the number and size of incentive offers made and accepted or declined by geographic location and occupation, in such format and at such times as the Office of Personnel Management may prescribe, for use in preparing the report.

SEC. 210. ADDITIONAL AUTHORITIES OF THE ATTORNEY GENERAL.

Section 151 of the Foreign Relations Act, fiscal years 1990 and 1991 (5 U.S.C. 5928 note) is amended by inserting ''or Federal Bureau of Investigation'' after ''Drug Enforcement Administration''.

TITLE III—MISCELLANEOUS

SEC. 301. REPEALERS.

(a) OPEN-ENDED AUTHORIZATION OF APPROPRIATIONS FOR NATIONAL INSTITUTE OF CORRECTIONS.—Chapter 319 of title 18, United States Code, is amended by striking section 4353.

(b) OPEN-ENDED AUTHORIZATION OF APPROPRIATIONS FOR UNITED STATES MARSHALS SERVICE.—Section 561 of title 28, United States Code, is amended by striking subsection (i).

(c) REDUNDANT AUTHORIZATIONS OF PAYMENTS FOR REWARDS.—

(1) Chapter 203 of title 18 of the United States Code is amended by striking sections 3059, 3059A, 3059B, 3075, and all the matter after the first sentence of 3072; and

(2) Public Law 101–647 is amended in section 2565, by replacing all the matter after ''2561'' in subsection (c)(1) with ''the Attorney General may, in his discretion, pay a reward to the declarant'' and by striking subsection (e); and by striking section 2569.

SEC. 302. TECHNICAL AMENDMENTS TO TITLE 18 OF THE UNITED STATES CODE.

Title 18 of the United States Code is amended—

(1) in section 4041 by striking ''at a salary of $10,000 a year'';

(2) in section 4013—

(A) in subsection (a)—

(i) by replacing ''the support of United States prisoners'' with ''Federal prisoner detention'';

(ii) in paragraph (2) by adding ''and'' after ''hire;'';

(iii) in paragraph (3) by replacing ''entities; and'' with ''entities.''; and

(iv) in paragraph (4) by inserting ''The Attorney General, in support of Federal prisoner detainees in non-Federal institutions, is authorized to make payments, from funds appropriated for State and local law enforcement assistance, for'' before ''entering''; and

(B) by redesignating—

(i) subsections (b) and (c) as subsections (c) and (d); and

(ii) paragraph (a)(4) as subsection (b), and subparagraphs (A), (B), and (C), of such paragraph (a)(4) as paragraphs (1), (2), and (3) of such subsection (b); and

(3) in section 209(a)—

(A) by striking ''or makes'' and inserting ''makes''; and

(B) by striking ''supplements the salary of, any'' and inserting ''supplements, the salary of any''.

SEC. 303. REQUIRED SUBMISSION OF PROPOSED AUTHORIZATION OF APPROPRIATIONS FOR THE DEPARTMENT OF JUSTICE FOR FISCAL YEAR 2003.

When the President submits to the Congress the budget of the United States Government for fiscal year 2003, the President shall simultaneously submit to the Committee on the Judiciary of the House of Representatives and the Committee on the Judiciary of the Senate such proposed legislation authorizing appropriations for the Department of Justice for fiscal year 2003 as the President may judge necessary and expedient.

SEC. 304. STUDY OF UNTESTED RAPE EXAMINATION KITS.

The Attorney General shall conduct a study to assess and report to Congress the number of untested rape examination kits that currently exist nationwide and shall submit to the Congress a report containing a summary of the results of such study. For the purpose of carrying out such study, the Attorney General shall attempt to collect information from all law enforcement jurisdictions in the United States.

SEC. 305. REPORTS ON USE OF DCS 1000 (CARNIVORE).

(a) REPORT ON USE OF DCS 1000 (CARNIVORE) TO IMPLEMENT ORDERS UNDER 18 U.S.C. 3123.—At the same time that the Attorney General submits to Congress the annual reports required by section 3126 of title 18, United States Code, that are respectively next due after the end of each of the fiscal years 2001 and 2002, the Attorney General shall also submit to the Chairmen and ranking minority members of the Committees on the Judiciary of the Senate and of the House of Representatives a report, covering the same respective time period, on the number of orders under section 3123 applied for by law enforcement agencies of the Department of Justice whose implementation involved the use of the DCS 1000 program (or any subsequent version of such program), which report shall include information concerning—

(1) the period of interceptions authorized by the order, and the number and duration of any extensions of the order;

(2) the offense specified in the order or application, or extension of an order;

(3) the number of investigations involved;

(4) the number and nature of the facilities affected;

(5) the identity of the applying investigative or law enforcement agency making the application for an order; and

(6) the specific persons authorizing the use of the DCS 1000 program (or any subsequent version of such program) in the implementation of such order.

(b) REPORT ON USE OF DCS 1000 (CARNIVORE) TO IMPLEMENT ORDERS UNDER 18 U.S.C. 2518.—At the same time that the Attorney General, or Assistant Attorney General specially designated by the Attorney General, submits to the Administrative Office of the United States Courts the annual report required by section 2519(2) of title 18, United States Code, that is respectively next due after the end of each of the fiscal years 2001 and 2002, the Attorney General shall also submit to the Chairmen and ranking minority members of the Committees on the Judiciary of the Senate and of the House of Representatives a report, covering the same respective time period, that contains the following information with respect to those orders described in that annual report that were applied for by law enforcement agencies of the Department of Justice and whose implementation involved the use of the DCS 1000 program (or any subsequent version of such program)—

(1) the kind of order or extension applied for (including whether or not the order was an order with respect to which the requirements of sections 2518(1)(b)(ii) and 2518(3)(d) of title 18, United States Code, did not apply by reason of section 2518 (11) of title 18);

(2) the period of interceptions authorized by the order, and the number and duration of any extensions of the order;

(3) the offense specified in the order or application, or extension of an order;

(4) the identity of the applying investigative or law enforcement officer and agency making the application and the person authorizing the application;

(5) the nature of the facilities from which or place where communications were to be intercepted;

(6) a general description of the interceptions made under such order or extension, including—

(A) the approximate nature and frequency of incriminating communications intercepted;

(B) the approximate nature and frequency of other communications intercepted;

(C) the approximate number of persons whose communications were intercepted;

(D) the number of orders in which encryption was encountered and whether such encryption prevented law enforcement from obtaining the plain text of communications intercepted pursuant to such order; and

(E) the approximate nature, amount, and cost of the manpower and other resources used in the interceptions;

(7) the number of arrests resulting from interceptions made under such order or extension, and the offenses for which arrests were made;

(8) the number of trials resulting from such interceptions;

(9) the number of motions to suppress made with respect to such interceptions, and the number granted or denied;

(10) the number of convictions resulting from such interceptions and the offenses for which the convictions were obtained and a general assessment of the importance of the interceptions; and

(11) the specific persons authorizing the use of the DCS 1000 program (or any subsequent version of such program) in the implementation of such order.

SEC. 306. STUDY OF ALLOCATION OF LITIGATING ATTORNEYS.

Not later than 180 days after the date of the enactment of this Act, the Attorney General shall submit a report to the chairman and ranking minority member of the Committees on the Judiciary of the House of Representatives and Committee on the Judiciary of the Senate, detailing the distribution or allocation of appropriated funds, attorneys and other personnel, and per-attorney workloads, for each Office of United States Attorney and each division of the Department of Justice except the Justice Management Division.

SEC. 307. USE OF TRUTH-IN-SENTENCING AND VIOLENT OFFENDER INCARCERATION GRANTS.

Section 20105(b) of the Violent Crime Control and Law Enforcement Act of 1994 (42 U.S.C. 13705(b)) is amended to read as follows:

''(b) USE OF TRUTH-IN-SENTENCING AND VIOLENT OFFENDER INCARCERATION GRANTS.—Funds provided under section 20103 or 20104 may be applied to the cost of—

''(1) altering existing correctional facilities to provide separate facilities for juveniles under the jurisdiction of an adult criminal court who are detained or are serving sentences in adult prisons or jails;

''(2) providing correctional staff who are responsible for supervising juveniles who are detained or serving sentences under the jurisdiction of an adult criminal court with orientation and ongoing training regarding the unique needs of such offenders; and

''(3) providing ombudsmen to monitor the treatment of juveniles who are detained or serving sentences under the jurisdiction of an adult criminal court in adult facilities, consistent with guidelines issued by the Assistant Attorney General.

SEC. 308. AUTHORITY OF THE DEPARTMENT OF JUSTICE INSPECTOR GENERAL.

Section 8E of the Inspector General Act of 1978 (5 U.S.C. App.) is amended—

(1) in subsection (b), by striking paragraphs (2) and (3) and inserting the following:

''(2) except as specified in subsection (a) and paragraph (3), may investigate allegations of criminal wrongdoing or administrative misconduct by an employee of the Department of Justice, or may, in the Inspector General's discretion, refer such allegations to the Office of Professional Responsibility or the internal affairs office of the appropriate component of the Department of Justice; and

''(3) shall refer to the Counsel, Office of Professional Responsibility of the Department of Justice, allegations of misconduct involving Department attorneys, investigators or law enforcement personnel, where the allegations relate to the exercise of an attorney's authority to investigate, litigate, or provide legal advice, except that no such referral shall be made if the attorney is employed in the Office of Professional Responsibility.''; and

(2) by inserting at the end the following:

''(d) The Attorney General shall insure by regulation that any component of the Department of Justice receiving a nonfrivolous allegation of criminal wrongdoing or administrative misconduct by an employee of the Department shall report such information to the Inspector General.''.

SEC. 309. REVIEW OF THE DEPARTMENT OF JUSTICE.

(a) APPOINTMENT OF OVERSIGHT OFFICIAL WITHIN THE OFFICE OF INSPECTOR GENERAL.—The Inspector General of the Department of Justice shall direct that one official from the Inspector General's office shall be responsible for supervising and coordinating independent oversight of programs and operations of the Federal Bureau of Investigation until September 30, 2003. The Inspector General may continue this policy after September 30, 2003, at the Inspector General's discretion.

(b) INSPECTOR GENERAL OVERSIGHT PLAN FOR THE FEDERAL BUREAU OF INVESTIGATION.—Not later than 30 days after the date of the enactment of this Act, the Inspector General of the Department of Justice shall submit to the Chairman and ranking member of the Committees on the Judiciary of the Senate and the House of Representatives a plan for oversight of the Federal Bureau of Investigation. The Inspector General shall consider the following activities for inclusion in such plan:

(1) FINANCIAL SYSTEMS.—Auditing the financial systems, information technology systems, and computer security systems of the Federal Bureau of Investigation.

(2) PROGRAMS AND PROCESSES.—Auditing and evaluating programs and processes of the Federal Bureau of Investigation to identify systemic weaknesses or implementation failures and to recommend corrective action.

(3) INTERNAL AFFAIRS OFFICES.—Reviewing the activities of internal affairs offices of the Federal Bureau of Investigation, including the Inspections Division and the Office of Professional Responsibility.

(4) PERSONNEL.—Investigating allegations of serious misconduct by personnel of the Federal Bureau of Investigation.

(5) OTHER PROGRAMS AND OPERATIONS.—Reviewing matters relating to any other program or and operation of the Federal Bureau of Investigation that the Inspector General determines requires review.

(6) RESOURCES.—Identifying resources needed by the Inspector General to implement such plan.

(c) REPORT ON INSPECTOR GENERAL FOR FEDERAL BUREAU OF INVESTIGATION.—Not later than 90 days after the date of enactment of this Act, the Attorney General shall submit a report and recommendation to the Chairman and ranking member of the Committees on the Judiciary of the Senate and the House of Representatives concerning whether there should be established, within the Department of Justice, a separate office of Inspector General for the Federal Bureau of Investigation that shall be responsible for supervising independent oversight of programs and operations of the Federal Bureau of Investigation.

SEC. 310. USE OF RESIDENTIAL SUBSTANCE ABUSE TREATMENT GRANTS TO PROVIDE FOR SERVICES DURING AND AFTER INCARCERATION.

Section 1901 of title I of the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. 3796ff) is amended by adding at the end the following:

''(c) ADDITIONAL USE OF FUNDS.—States that demonstrate that they have existing in-prison drug treatment programs that are in compliance with Federal requirements may use funds awarded under this part for treatment and sanctions both during incarceration and after release.''.

SEC. 311. REPORT ON THREATS AND ASSAULTS AGAINST FEDERAL LAW ENFORCEMENT OFFICERS, UNITED STATES JUDGES, UNITED STATES OFFICIALS AND THEIR FAMILIES.

(a) REPEAL OF COMPILATION OF STATISTICS RELATING TO INTIMIDATION OF GOVERNMENT EMPLOYEES.—Section 808 of the Antiterrorism and Effective Death Penalty Act of 1996 (Public Law 104–132; 110 Stat.1310) is repealed.

(b) REPORT ON THREATS AND ASSAULTS AGAINST FEDERAL LAW ENFORCEMENT OFFICERS, UNITED STATES JUDGES, UNITED STATES OFFICIALS AND THEIR FAMILIES.—Not later than 90 days after the date of enactment of this Act, the Attorney General shall submit to the Chairmen and ranking minority members of the Committees on the Judiciary of the Senate and of the House of Representatives a report on the number of investigations and prosecutions under section 111 of title 18, United States Code, and section 115 of title 18, United States Code, for the fiscal year 2001.

SEC. 312. ADDITIONAL FEDERAL JUDGESHIPS.

(a) PERMANENT DISTRICT JUDGES FOR THE DISTRICT COURTS.—

(1) IN GENERAL.—The President shall appoint, by and with the advice and consent of the Senate—

(A) 5 additional district judges for the southern district of California;

(B) 1 additional district judge for the western district of North Carolina; and

(C) 2 additional district judges for the western district of Texas.

(2) TABLES.—In order that the table contained in section 133 of title 28, United States Code, will, with respect to each judicial district, reflect the changes in the total number of permanent district judgeships authorized as a result of paragraph (1) of this subsection, such table is amended—

(A) by striking the item relating to California and inserting the following:

''California:

Northern	14
Eastern	6
Central	27
Southern	13.'';

(B) by striking the item relating to North Carolina and inserting the following:

''North Carolina:

Eastern	4
Middle	4
Western	4.'';

and

(C) by striking the item relating to Texas and inserting the following:

''Texas:

Northern	12
Southern	19
Eastern	7
Western	13.''.

(b) DISTRICT JUDGESHIPS FOR THE CENTRAL AND SOUTHERN DISTRICTS OF ILLINOIS.—

(1) CONVERSION OF TEMPORARY JUDGESHIPS TO PERMANENT JUDGESHIPS.—The existing district judgeships for the central district and the southern district of Illinois authorized by section 203(c) (3) and (4) of the Judicial Improvements Act of 1990 (Public Law 101–650, 28 U.S.C. 133 note) shall, as of the date of the enactment of this Act, be authorized under section 133 of title 28, United States Code, and the incumbents in such offices shall hold the offices under section 133 of title 28, United States Code (as amended by this section).

(2) TECHNICAL AND CONFORMING AMENDMENT.—The table contained in section 133(a) of title 28, United States Code, is amended by striking the item relating to Illinois and inserting the following:

''Illinois:

Northern	22
Central	4
Southern	4.''.

(c) TEMPORARY JUDGESHIP.—The President shall appoint, by and with the advice and consent of the Senate, 1 additional district judge for the western district of North Carolina. The first vacancy in the office of district judge in the western district of North Carolina, occurring 7 years or more after the confirmation date of the judge named to fill the temporary district judgeship created in that district by this subsection, shall not be filled.

(d) EXTENSION OF TEMPORARY FEDERAL DISTRICT COURT JUDGESHIP FOR THE NORTHERN DISTRICT OF OHIO.—

(1) IN GENERAL.—Section 203(c) of the Judicial Improvement Act of 1990 (28 U.S.C. 133 note) is amended—

(A) in the first sentence following paragraph (12), by striking ''and the eastern district of Pennsylvania'' and inserting '', the eastern district of Pennsylvania, and the northern district of Ohio''; and

(B) by inserting after the third sentence following paragraph (12) ''The first vacancy in the office of district judge in the northern district of Ohio occurring 15 years or more after the confirmation date of the judge named to fill the temporary judgeship created under this subsection shall not be filled.''.

(2) EFFECTIVE DATE.—The amendments made by this section shall take effect on the earlier of—

(A) the date of enactment of this Act; or

(B) November 15, 2001.

(e) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated such sums as may be necessary to carry out this section, including such sums as may be necessary to provide appropriate space and facilities for the judicial positions created by this section.

TITLE IV—VIOLENCE AGAINST WOMEN

SEC. 401. SHORT TITLE.

This title may be cited as the ''Violence Against Women Office Act''.

SEC. 402. ESTABLISHMENT OF VIOLENCE AGAINST WOMEN OFFICE.

(a) IN GENERAL.—There is established in the Department of Justice a Violence Against Women Office (in this title referred to as the ''Office'') under the general authority of the Attorney General.

(b) SEPARATE OFFICE.—The Office—

(1) shall not be part of any division or component of the Department of Justice; and

(2) shall be a separate office headed by a Director who shall report to the Attorney General through the Associate Attorney General of the United States, and who shall also serve as Counsel to the Attorney General.

SEC. 403. JURISDICTION.

The Office—

(1) shall have jurisdiction over all matters related to administration, enforcement, coordination, and implementation of all responsibilities of the Attorney General or the Department of Justice related to violence against women, including formula and discretionary grant programs authorized under the Violence Against Women Act of 1994 (title IV of Public Law 103–322) and the Violence Against Women Act of 2000 (Division B of Public Law 106–386); and

(2) shall be solely responsible for coordination with other offices or agencies of administration, enforcement, and implementation of the programs, grants, and activities authorized or undertaken under the Violence Against Women Act of 1994 (title IV of Public Law 103–322) and the Violence Against Women Act of 2000 (Division B of Public Law 106–386).

SEC. 404. DIRECTOR OF VIOLENCE AGAINST WOMEN OFFICE.

(a) APPOINTMENT.—The President, by and with the advice and consent of the Senate, shall appoint a Director for the Violence Against Women Office (in this title referred to as the ''Director'') to be responsible for the administration, coordination, and implementation of the programs and activities of the office.

(b) OTHER EMPLOYMENT.—The Director shall not—

(1) engage in any employment other than that of serving as Director; or

(2) hold any office in, or act in any capacity for, any organization, agency, or institution with which the Office makes any contract or other agreement under the Violence Against Women Act of 1994 (title IV of Public Law 103–322) or the Violence Against Women Act of 2000 (Division B of Public Law 106–386).

(c) VACANCY.—In the case of a vacancy, the President may designate an officer or employee who shall act as Director during the vacancy.

(d) COMPENSATION.—The Director shall be compensated at a rate of pay not to exceed the rate payable for level V of the Executive Schedule under section 5316 of title 5, United States Code.

SEC. 405. REGULATORY AUTHORIZATION.

The Director may, after appropriate consultation with representatives of States and units of local government, establish such rules, regulations, and procedures as are necessary to the exercise of the functions of the Office, and are consistent with the stated purposes of this Act and those of the Violence Against Women Act of 1994 (title IV of Public Law 103–322) and the Violence Against Women Act of 2000 (Division B of Public Law 106–386).

SEC. 406. OFFICE STAFF.

The Attorney General shall ensure that there is adequate staff to support the Director in carrying out the responsibilities of the Director under this title.

SEC. 407. AUTHORIZATION OF APPROPRIATIONS.

There are authorized to be appropriated such sums as are necessary to carry out this title.

Mr. LEAHY. Mr. President, I am pleased to the Senate is finally passing the 21st Century Department of Justice Appropriations Authorization Act. I thank Senator HATCH, the ranking Republican member of the Judiciary Committee, for his hard work and support of this legislation.

The last time Congress properly authorized spending for the entire Department of Justice (''DOJ'' or the ''Department'') was in 1979. Congress extended that authorization in 1980 and 1981. Since then, Congress has not passed nor has the President signed an authorization bill for the Department. In fact, there are a number of years where Congress failed to consider any Department authorization bill. This 21-year failure to properly reauthorize the Department has forced the appropriations committees in both houses to reauthorize and appropriate money.

We have ceded the authorization power to the appropriators for too long. Our bipartisan legislation is an attempt to reaffirm the authorizing authority and responsibility of the House and Senate Judiciary Committees. I commend Chairman SENSENBRENNER and Ranking Member CONYERS of the House Judiciary Committee for working in a bipartisan manner to pass similar legislation in the House of Representatives.

The 21st Century Department of Justice Appropriations Authorization Act, is divided into two divisions: the first division is a comprehensive authorization of the Department; and the second division is a comprehensive authorization of expired and new Department grants programs and improvements to criminal law and procedures.

Division A of our bipartisan legislation contains four titles which authorize appropriations for the Department for fiscal year 2002, provide permanent enabling authorities which will allow the Department to efficiently carry out its mission, clarify and harmonize existing statutory authority, and repeal obsolete statutory authorities. The bill establishes certain reporting requirements and other mechanisms, such as DOJ Inspector General authority to investigate allegations of misconduct by employees of the Federal Bureau of Investigation (FBI), intended to better enable the Congress and the Department to oversee the operations of the Department. Finally, the bill creates a separate Violence Against Women Office to combat domestic violence.

Title I authorizes appropriations for the major components of the Department for fiscal year 2002. The authorization mirrors the President's request regarding the Department except in two areas. First, the bill increased the President's request for the DOJ Inspector General by $10 million. This is necessary because the Committee is concerned about the severe downsizing of that office and the need for oversight, particularly of the FBI, at the Department. Second, the bill authorizes at least $10 million for the investigation and prosecution of intellectual property crimes, including software counterfeiting crimes and crimes identified in the No Electronic Theft (NET) Act (Public Law 105–147). The American copyright industry is the largest exporter of goods from the United States, employing more than 7 million Americans, and these additional funds are needed to strengthen the resources available to DOJ and the FBI to investigate and prosecute cyberpiracy.

Title II permanently establishes a clear set of authorities that the Department may rely on to use appropriated funds, including establishing permitted uses of appropriated funds by the Attorney General, the FBI, the Immigration and Naturalization Service, the Federal Prison System, and the Detention Trustee. Title II also establishes new reporting requirements which are intended to enhance Congressional oversight of the Department, including new reporting requirements for information about the enforcement of existing laws, for information regarding the Office of Justice Programs (OJP), and the submission of other reports, required by existing law, to the House and Senate Judiciary Committees. Section 206(e) expands an existing reporting requirement regarding copyright infringement cases.

Title II also provides the Department with additional law enforcement tools in the war against terrorism. For instance, section 201 permits the FBI to enter into cooperative projects with foreign countries to improve law enforcement or intelligence operations. Section 210 of the committee approved bill also provided for special ''danger pay'' allowances for FBI agents in hazardous duty locations outside the United States, as is provided for agents of the Drug Enforcement Administration. At the insistence of a Republican Senator, section 210 have regrettably been removed from the bill to ensure final passage.

Title III repeals outdated and open-ended statutes, requires the submission of an annual authorization bill to the House and Senate Judiciary Committees, and provides states with flexibility to use existing Truth-In-Sentencing and Violent Offender Incarceration Grants to account for juveniles being housed in adult prison facilities. Title III requires the Department to submit to Congress studies on untested rape examination kits, and the allocation of funds, personnel, and workloads for each office of U.S. Attorney and each division of the Department.

In addition, Title III provides new oversight and reporting requirements for the FBI and other activities conducted by the Justice Department. Specifically, section 308 codifies the Attorney General's order of July 11, 2001, which revised Department of Justice's regulations concerning the Inspector General. The section insures that the Inspector General for the Department of Justice has the authority to decide whether a particular allegation of misconduct by Department of Justice personnel, including employees of the Federal Bureau of Investigation

and the Drug Enforcement Administration, should be investigated by the Inspector General or by the internal affairs unit of the appropriate component of the Department of Justice.

Section 309 directs the Inspector General of the Department to appoint an official from the Inspector General's office to be responsible for supervising and coordinating independent oversight of programs and operations of the FBI until the end of the 2003 fiscal year. This section also requires the Inspector General of the Department to submit to Congress not later than 30 days after enactment of this Act an oversight plan for the FBI. This section further requires the Attorney General to submit a report and recommendation to the House and Senate Committees on the Judiciary not later than 90 days after enactment of this Act on whether there should be established a separate office of Inspector General for the FBI that shall be responsible for supervising independent oversight of programs and operations of the FBI.

In addition, the bill as passed by the committee, contains language offered as an amendment by Senator FEINSTEIN to authorize a number of new judgeships. I strongly support Senator FEINSTEIN's amendment, and believe that the need for these new judgeships is acute.

Title IV establishes a separate Violence Against Women Office (VAWO) within the Department. The VAWO is headed by a Director, who is appointed by the President and confirmed by the Senate. In addition, Title IV enumerates duties and responsibilities of the Director, and authorizes appropriations to ensure the VAWO is adequately staffed. I strongly support a separate VAWO office within the Department of Justice.

The 21st Century Department of Justice Appropriations Authorization Act should result in a more effective, as well as efficient, Department of Justice for the American people.

Division B of our bipartisan legislation includes eight titles which compile a comprehensive authorization of expired and new Department of Justice grants programs and improvements to criminal law and procedures.

Title I authorizes Department of Justice grants to establish 4,000 Boys and Girls Clubs across the country before January 1, 2007. This bipartisan amendment authorizes Department of Justice grants for each of the next 5 years to establish 1,200 additional Boys and Girls Clubs across the Nation. In fact, this will bring the number of Boys and Girls clubs to 4,000. That means they will serve approximately 6 million young people by January 1, 2007.

I am very impressed with what I see about the Boys and Girls Clubs as I travel around the country. In 1997, I was very proud to join with Senator HATCH and others to pass bipartisan legislation to authorize grants by the Department of Justice to fund 2,500 Boys and Girls Clubs across the Nation. We increased the Department of Justice grant funding for the Boys and Girls Clubs from $20 million in fiscal year 1998 to $60 million in fiscal year 2001. That is why we have now 2,591 Boys and Girls Clubs in all 50 States and 3.3 million children are served. It is a success story.

I hear from parents certainly across my State how valuable it is to have the Boys and Girls Clubs. I hear it also from police chiefs. In fact, one police chief told me, rather than giving him a couple more police officers, fund a Boys and Girls Club in his district; it would be more beneficial. This long-term Federal commitment has enabled Vermonters to establish six Boys and Girls Clubs—in Brattleboro, Burlington, Montpelier, Randolph, Rutland, and Vergennes. In fact, I believe the Vermont Boys and Girls Clubs have received more than a million dollars from the Department of Justice grants since 1998.

In May of this year at a Vermont town meeting on heroin prevention and treatment, I was honored to present a check for more than $150,000 in Department of Justice funds to the members of the Burlington club to continue helping young Vermonters find some constructive alternatives for both their talents and energies, because we know that in Vermont and across the Nation Boys and Girls Clubs are proving they are a growing success at preventing crime and supporting young children.

Parents, educators, law enforcement officers, and others know we need safe havens where young people can learn and grow up free from the influence of the drugs and gangs and crime. That is why the Boys and Girls Clubs are so important to our Nation's children. Indeed, the success already in Vermont has led to efforts to create nine more clubs throughout my home State. Continued Federal support would be critical to these expansion efforts in Vermont and in the other 49 States as well.

Title II and III is the Drug Abuse Education, Prevention, and Treatment Act of 2001. I am pleased that we have included in this package the version of S. 304 that the Judiciary Committee passed unanimously on November 29. This legislation ushers in a new, bipartisan approach to our efforts to reduce drug abuse in the United States. It was introduced by Senator HATCH and I in February. Senator HATCH held an excellent hearing on the bill in March, the Judiciary Committee has approved it, and the full Senate should follow the Committee's lead. This is a bill that is embraced by Democrats and Republicans alike, as well as law enforcement officers and drug treatment providers.

I have wanted to pass legislation like this for years. This legislation provides a comprehensive approach to reducing drug abuse in America. I hope that the innovative programs established by this legislation will assist all of our States in their efforts to address the drug problems that most affect our communities.

No community or State is immune from the ravages of drug abuse. Earlier this year, I held two town meetings up in Vermont to talk about the most pressing drug problem in my State: heroin. Vermont has historically had one of the lowest crime rates in the nation, but we are experiencing serious troubles because of drug abuse. I was pleased that so many Vermonters—parents, students, teachers, and concerned community members, as well as professionals from our State's prevention, treatment, and enforcement communities—took time out of their busy schedules to discuss the way Vermont's heroin problem affects their lives. They have informed my thinking on these issues and rededicated me to reducing the scourge of drug abuse throughout our nation.

This bill will provide necessary assistance to Vermont and every other State. It contains numerous grant programs to aid States and local communities in their efforts to prevent and treat drug abuse. Of particular interest to Vermonters, S. 304 establishes drug treatment grants for rural States and authorizes money for residential treatment centers for mothers addicted to heroin, methamphetamines, or other drugs.

This legislation also will help States and communities reduce drug use in prisons through testing and treatment. This is an effort I proposed in the Drug Free Prisons Act, which I introduced in the last Congress. It will fund programs designed to reduce recidivism through drug treatment and other services for former prisoners after release. As Joseph Califano, Jr., the president of the Center on Addiction and Substance Abuse and former secretary of the Department of Health, Education, and Welfare, told the National Press Club in January. ''The next great opportunity to reduce crime is to provide treatment and training to drug and alcohol abusing prisoners who will return to a life of criminal activity unless they leave prison substance free and, upon release, enter treatment and continuing aftercare.'' This legislation will accomplish both of those goals. In addition, this bill will authorize drug courts—another step I proposed in the Drug Free Prisons Act—and juvenile drug courts.

Through this legislation, we extend food stamps to people who are ineligible under current law due to a past drug offense, but have completed or are enrolled in drug treatment. Senator HATCH and I wanted to go further, and the Judiciary Committee approved language that would have also extended food stamps to those who were pregnant, seriously ill, or had dependent children. At Senator KYLE's insistence, those provisions have regrettably been removed from this amendment.

This legislation also includes a grant program to assist State and local law enforcement in developing new ways to

fight crime. This National Comprehensive Crime-Free Communities Act will provide funding for 250 communities, including at least one from every State, to support crime prevention efforts. It also provides funding for each State to assist local communities by, among other things, providing training and technical assistance in preventing crime.

Our bipartisan bill, S. 304, represents a major step forward for our drug policy. It is a bill that has been very important to Senator HATCH, and it has been very important to me. I think it will greatly benefit Vermonters, and citizens of every State, and I urge the Senate to give this bill its full support.

Title IV is similar to S. 1315, the Judicial Improvement and Integrity Act of 2001, introduced by myself and Senator HATCH, to protect witnesses who provide information on criminal activity to law enforcement officials by increasing maximum sentences and other improvements to the criminal code.

This title would do a number of things, such as:

No. 1. Protect witnesses who come forward to provide information on criminal activity to law enforcement officials by increasing maximum sentences where physical force is actually used or attempted on the witness;

No. 2. Eliminate a loophole in the criminal contempt statute that allows some defendants to avoid serving prison sentences imposed by the Court;

No. 3. Eliminate a loophole in the statute of limitations that makes some defendants immune from further prosecution if they plead guilty then later get their plea agreements vacated;

No. 4. Grant the government the clear right to appeal the dismissal of a part of a count of an indictment, such as a predicate act in a RICO count;

No. 5. Insure that courts may impose appropriate terms of supervised release in drug cases;

No. 6. Give the District Courts greater flexibility in fashioning appropriate conditions of release for certain elderly prisoners; and

No. 7. Clarify the District Court's authority to revoke or modify a term of supervised release when the defendant willfully violates the obligation to pay restitution to the victims of the defendant's crime.

The only difference between this amendment and the earlier bill which was cosponsored by Senator HATCH is additional language in the provision dealing with newly imposed terms of supervised release for certain elderly prisoners. The new language would limit such new terms to the unserved portion of the prison term which the judge is considering amending. I thank Senator HATCH for his assistance on this legislation.

Title V is the Criminal Law Technical Amendments Act, which makes clerical and other technical amendments to title 18, United States Code, and other laws relating to crime and criminal procedure and is similar to H.R. 2137 as passed by the House of Representatives by 374–0 vote. I commend Chairman SENSENBRENNER and Senator HATCH for their leadership on this technical corrections legislation.

Title VI clarifies that an attorney for the Federal Government may provide legal advice and supervision on certain undercover activities for the purpose of investigating terrorism. Title VI of the bill modifies the McDade law, 28 U.S.C. 530B, which was included in the omnibus appropriations bill at the end of the 105th Congress. The McDade law was intended to codify the principle—with which I strongly agree—that the Justice Department may not unilaterally exempt its lawyers from State ethics rules that apply to all members of the bar.

Unfortunately, the McDade law has had serious unintended consequences for Federal law enforcement, delaying important criminal investigations, preventing the use of effective and traditionally accepted investigative techniques, and serving as the basis of litigation to interfere with legitimate federal prosecutions.

Of particular concern, the McDade law is wreaking havoc on law enforcement efforts in Oregon, where an attorney ethics decision by the State Supreme Court—In re Gatti, 330 Or. 517 (2000)—has resulted in a complete shutdown of all undercover activity. The loss of this essential crime-fighting tool poses a serious and continuing problem for law enforcement in that State, and threatens to hamstring investigations into all manner of criminal activity, including terrorism.

I have introduced a bill, together with Senators HATCH and WYDEN, that would remedy the problems caused by the McDade law while adhering to its basic premise: The Department of Justice does not have the authority it long claimed to write its own ethics rules. The proposed legislation, S. 1437, would clarify the ethical standards governing the conduct of government attorneys and address the most pressing contemporary question of government attorney ethics—namely, the question of which rule should govern government attorneys' communications with represented persons. The Senate approved S. 1437 on October 11, 2001, as part of a broader antiterrorism bill (S. 1510), but the House dropped this reasonable corrective legislation from the final antiterrorism package (H.R. 3162).

Title VI of Division B of the bill that the Senate passes today is a subset of S. 1437, which will restore to Federal law enforcement in Oregon the ability to use undercover techniques to investigate terrorist activities. This legislation is a much-needed step in the right direction; however, it is hardly a complete solution for the many serious problems caused by the McDade law. At a time when we need our Federal agents and prosecutors to move quickly to catch those responsible for the recent terrorist attacks, and to prevent further attacks, we need to address these problems in a thorough and comprehensive manner. I therefore urge my colleagues in the House both to approve title VI of this bill, and to consider the other provisions of S. 1437. We cannot afford to wait until more investigations are compromised.

Title VII contains amendments, authored by Senator SESSIONS, that modify the Paul Coverdell National Forensic Science Improvement Act of 2000 (P.L. 106–561) to enhance participation by local crime labs and to allow for DNA backlog elimination. Dr. Eric Buel, the Director of the Vermont Forensic Laboratory, has written to me to endorse these changes to the Coverdell Act, which I was proud to cosponsor last year. I support this title to help bring the necessary forensic technology to all states to improve their criminal justice systems.

Title VIII contains the Ecstasy Prevention Act, authored by Senator GRAHAM, which authorizes several Department of Justice grant programs to combat Ecstasy drug abuse. I commend Senator GRAHAM for his leadership in fighting Ecstasy use.

I look forward to working with Senator HATCH, Congressman SENSENBRENNER and Congressman CONYERS and other members of the upcoming conference to bring the important business of re-authorizing the Department back before the Senate and House Judiciary Committees. Clearly, regular reauthorization of the Department should be part and parcel of the Committees' traditional role in overseeing the Department's activities. Swift passage into law of the 21st Century Department of Justice Appropriations Authorization Act will be a significant step toward restoring our oversight role.

Mr. HATCH. Mr. President, I rise to commend my colleagues today for the passage of the 21st Century Department of Justice Appropriations Authorization Act. This legislation contains a host of provisions that are critical to law enforcement and to our efforts to combat illegal drug use. Let me take a moment to discuss some of them in more detail.

This provision establishes operating authority for the Department of Justice and expressly authorizes some practices that have developed at the Department of Justice on an ad hoc basis. Pursuant to the legislation, DOJ activities may be carried out through any means in the reasonable discretion of the Attorney General, including by sending or receiving details of personnel to or from other branches of the Government and through contracts, grants, or cooperative agreements with non-Federal parties.

The legislation ensures accountability by directing the Attorney General to provide annually to the House and Senate Judiciary and Appropriations Committees: (1) a report detailing every grant, cooperative agreement, or programmatic services contract that was made, entered into,

awarded, or extended in the immediately preceding fiscal year by or on behalf of the Office of Justice Programs; and (2) a report identifying and reviewing every grant, agreement, or contract that was closed out or otherwise ended in the immediately preceding fiscal year. The bill also enhances oversight over the FBI by requiring the Inspector General of DOJ to appoint a Deputy Inspector General for the FBI who shall be responsible for supervising independent oversight of FBI programs and operations until September 30, 2004, and submitting to Congress a plan for FBI oversight.

The legislation also assists our ongoing war against terrorism. It establishes in the U.S. Treasury a Counterterrorism Fund to reimburse DOJ for certain counter-terrorism activities and Federal departments or agencies for the cost of detaining accused terrorists in foreign countries.

The bill enhances the privacy rights of law-abiding Americans by directing the Attorney General and the FBI Director to report on their use the DCS 1000, or ''Carnivore'' surveillance system. The report will include the number of times the system was used for surveillance during the preceding year, the persons who approved its use, the criteria applied to requests for its use, and any information gathered or accessed that was not authorized by the court to be gathered or accessed. Many concerns have been raised about the use of this system, and it is my hope that the reporting requirement will provide policymakers with valuable information and encourage Department to use the system responsibly.

The bill amends the Omnibus Crime Control and Safe Streets Act of 1968 to establish within the Department of Justice a Violence Against Women Office. With this amendment, the Director of the Office currently—Diane Stuart—will: (1) serve as special counsel to the Attorney General on the subject of violence against women; (2) maintain a liaison with the judicial branches of the Federal and State governments on related matters; (3) provide information to the Federal, State and local governments and the general public on related matters; (4) upon request, serve as the DOJ representative on domestic task forces, committees, or commissions addressing related policies or issues and as the U.S. Government representative on human rights and economic justice matters related to violence against women in international forums; (5) carry out DOJ functions under the Violence Against Women Act of 1994 and other DOJ functions on related matters; and (6) provide technical assistance, coordination, and support to other elements of DOJ and to other Federal, State, and tribal agencies in efforts to develop policy and to enforce Federal laws relating to violence against women.

The legislation authorizes Department of Justice grants to establish 4,000 Boys and Girls Clubs across the country before January 1, 2007. As my colleagues know, for years these clubs have steered thousands of our young people away from lives of drugs and crime. I am pleased that we are able to expand this excellent program to serve other needy young people.

The legislation also contains S. 304, the ''Drug Abuse Education, Prevention, and Treatment Act of 2001,'' which I authored with Chairman LEAHY and a bipartisan group of Senators in an effort to shore up our national commitment to the demand reduction component of our national drug control strategy.

Each year, drug abuse exacts an enormous toll on our nation. I am increasingly alarmed that the drug epidemic in America continues to worsen, with more of our youth experimenting with and becoming addicted to illegal drugs. According to recent national surveys, youth drug use, particularly use of so-called ''club drugs,'' such as Ecstasy and GHB, tragically is again on the rise. Over the past two years, use of ecstasy among 12th graders increased dramatically. Hearings I held last year in Utah highlighted the extent the drug problem pervades not just our major cities, but our entire country.

This dangerous trend is not going to reverse course unless we attack the drug abuse problem from all angles. I agree fully with President Bush that while we must remain steadfast in our commitment to enforcing our criminal laws against drug trafficking and use, the time has come to invest in demand reduction programs that have been proven effective. Only through such a balanced approach can we fully remove the scourge of drugs from our society.

The provisions of this bill provide tools that will make a difference in the fight against drug abuse. It has broad, bipartisan support on Capitol Hill, as well as the support of numerous distinguished law enforcement groups, including the Fraternal Order of Police and the National Sheriff's Association. Several mainstream prevention and treatment organizations have also voiced their support for the bill, including the Phoenix House, the National Crime Prevention Council, and the Community Anti-Drug Coalitions of America.

This title is similar to S. 1315, the Judicial Improvement and Integrity Act of 2001, which I introduced with Senator LEAHY to protect witnesses who provide information on criminal activity to law enforcement officials by increasing maximum sentences and other improvements to the criminal code.

The legislation contains provisions from the Professional Standards for Government Attorneys Act of 2001 that will allow Government attorneys, for the purpose of conducting terrorism investigations, to provide legal advice, authorization, concurrence, direction, or supervision on conducting covert activities and to participate in such activities, even though such activities may require the use of deceit or misrepresentation. The Senators from the State of Oregon, GORDON SMITH and RON WYDEN, deserve the appreciation of the federal prosecutors in their state for insisting that this provision be included in this legislation.

Finally, the bill includes Senator GRAHAM's Ecstasy Prevention Act of 2001. The Ecstasy Prevention Act requires the Substance Abuse and Mental Health Services Administration to give priority in the award of grants to communities that have taken measures to combat club drug use, including passing ordinances restricting ''rave clubs,'' increasing law enforcement on ecstasy, and seizing lands under nuisance abatement laws to prevent the abuse of ecstasy. It requires the Office of National Drug Control Policy to use High Intensity Drug Trafficking Area funds to combat trafficking in ecstasy, and ensures that drug prevention media campaigns include efforts at preventing ecstasy abuse. These provisions are extremely important to address the rising threat of ecstasy use among the young people in our society.

Mr. President, not surprisingly, this comprehensive legislation has broad support not only from my colleagues, but also from law enforcement, community groups, and treatment organizations. This is truly bipartisan legislation that we all agree will do a great deal of good. I again want to thank my colleagues for passing this legislation today. I yield the floor.

Mr. REID. Mr. President, I ask unanimous consent that the Leahy-Hatch amendment, which is at the desk, be agreed to, the committee substitute amendment, as amended, be agreed to, the act, as amended, be read a third time and passed, and the motion to reconsider be laid on the table, and that any statements relating thereto be printed in the RECORD; further, that the Senate insist on its amendment and request a conference with the House on the disagreeing votes of the two Houses, and the Chair be authorized to appoint conferees on the part of the Senate.

The PRESIDENT pro tempore. Without objection, it is so ordered.

The amendment (No. 2697) was agreed to.

(The text of the amendment is printed in today's RECORD under ''Amendments Submitted and Proposed.'')

The committee amendment in the nature of a substitute, as amended, was agreed to.

The bill (H.R. 2215), as amended, was passed.

The PRESIDENT pro tempore appointed Mr. LEAHY, Mr. KENNEDY, and Mr. HATCH conferees on the part of the Senate.

Mr. REID. Mr. President, I ask unanimous consent the Senate proceed to the immediate consideration of H.R. 3447.

The PRESIDENT pro tempore. The clerk will report the bill by title.

The legislative clerk read as follows:

A bill (H.R. 3447) to amend title 38, United States Code, to enhance the authority of the Secretary of Veterans Affairs to recruit and retain qualified nurses for the Veterans Health Administration, to provide an additional basis for establishing the inability of veterans to defray expenses of necessary medical care, to enhance certain health care programs of the Department of Veterans Affairs, and for other purposes.

There being no objection, the Senate proceeded to consider the bill.

Mr. ROCKEFELLER. Mr. President, as Chairman of the Committee on Veterans' Affairs, I urge prompt Senate passage of H.R. 3447, the Department of Veterans Affairs Health Care Programs Enhancement Act of 2001. This bill passed the House on December 11, 2001, and our action will clear the measure for the President's signature. This bill reflects a compromise agreement that the Senate and House Committees on Veterans' Affairs have reached on a number of health-related bills considered in the Senate and House during the 107th Congress, including: a bill to help VA respond to the looming nurse crisis; a bill to extend health care for Persian Gulf War veterans; and a bill to improve specialized treatment and rehabilitation for disabled veterans.

The centerpiece of this bill are provisions to improve recruitment and retention of VA nurses. On June 14, 2001, the Committee on Veterans' Affairs held a hearing to explore reasons for the imminent shortage of professional nurses in the United States and how this shortage will affect health care for veterans served by Department of Veterans Affairs' health care facilities.

Several registered nurses, including Sandra McMeans from my state of West Virginia, testified before the Committee that unpredictable and dangerously long working hours lead to nurses' fatigue and frustration—and patient care suffers.

Following this hearing, I joined with Senators SPECTER and CLELAND to introduce the Department of Veterans Affairs Nurse Recruitment and Retention Enhancement Act of 2001, S. 1188. This bill was included in full in S. 1188 as reported on October 10, 2001, the Department of Veterans Affairs Medical Programs Enhancement Act of 2001, and all of the provisions are now included in H.R. 3447.

I will highlight a number of the provisions included in the pending measure and refer my colleagues to the joint explanatory statement on the legislation which I will insert at the end of my remarks, for more detail.

The legislation before us includes a requirement that VA produce a policy on staffing standards in VA health care facilities. Such a policy shall be developed in consultation with the VA Under Secretary for Health, the Director of VA's National Center for Patient Safety, and VA's Chief Nurse. While it is up to VA to develop the standards, the policy must consider the numbers and skill mix required of staff in specific medical settings, such as critical care and long-term care. I thank J. David Cox, R.N. from the American Federation of Government Employees for eloquently demonstrating the need for this critical provision at our June hearing.

Because mandatory overtime was frequently cited at the Committee's June hearing as being of serious concern, the legislation also includes a requirement that the Secretary report to the House and Senate Committees on Veterans' Affairs on the use of overtime by licensed nursing staff and nursing assistants in each facility. This is a critical first step in determining what can be done to reduce the amount of mandatory overtime.

In terms of providing sufficient pay, the pending legislation mandates that VA provide Saturday premium pay to certain health professionals. This group of professionals includes licensed practical nurses (LPN's), certified or registered respiratory therapists, licensed physical therapists, licensed vocational nurses, pharmacists, and occupational therapists. These workers are known as ''hybrids'' as they straddle two different personnel authorities—titles 38 and 5 of the United States Code. Hybrid status allows for direct hiring and a more flexible compensation system.

This is an issue of equity, especially for LPN's who work alongside other nurses on Saturdays. When LPN's who do not receive Saturday premium pay must work together with registered nurses (RN's) who do, poor morale inevitably results. Being aware of the looming nurse shortage, we should be doing all we can to improve VA's ability to recruit and retain these caregivers.

Currently, hospital directors have the discretion to provide Saturday premium pay. But of the 17,000 hybrid employees, 8,000 are not receiving the pay premium.

I believe this change in law will make pay more consistent and fair for our health care workers. There are other VA health care employees who are employed under the title 5 personnel system who are not affected by this change. But since the title 5 system is not under the Veterans' Affairs Committee jurisdiction, we were not able to address Saturday pay for these workers. However, because of concerns about those workers, I pledge to work with my colleagues on other committees to provide other title 5 workers with Saturday premium pay.

Programs initiated within VA to improve conditions for nurses and patients have focused on issues other than staffing ratios, pay, and hours. A highly praised scholarship program that I spearheaded in 1998 allows VA nurses to pursue degrees and training in return for their service, thus encouraging professional development and improving the quality of health care. Included within the legislation before us are modifications to the existing scholarship and debt reduction programs. These changes are intended to improve the programs by providing additional flexibility to recipients.

In the Upper Midwest, the special skills of nurses and nurse practitioners are being recognized in clinics that provide supportive care close to the veterans who need it. The legislation before us seeks to encourage more nurse-managed clinics and also includes a requirement that VA evaluate these clinics.

The legislation before us would amend the treatment of part-time service performed by certain title 38 employees prior to April 7, 1986, for purposes of retirement credit. Currently, part-time service performed by title 5 employees prior to April 7, 1986, is treated as full-time service; however, title 38 employees' part-time services prior to April 7, 1986, is counted as part-time service and therefore results in lower annuities for these employees. In order to rectify this, the pending measure exempts registered nurses, physician assistants, and expanded-function dental auxiliaries from the requirement that part-time service performed prior to April 7, 1986, be prorated when calculating retirement annuities.

Although the nursing crisis has not yet reached its projected peak, the shortage is already endangering patient safety in the areas of critical and long-term care, where demands on nurses are greatest. We must encourage higher enrollment in nursing schools, improve the work environment, and offer nurses opportunities to develop as respected professionals, while taking steps to ensure safe staffing levels in the short-term.

In addition to the many important changes for nurses, this bill also contains other significant health care provisions. For example, the legislation would enable the Department of Veterans Affairs to allow hearing-impaired veterans and veterans with spinal cord injury or dysfunction, in addition to blind veterans, to obtain service dogs to assist them with everyday activities.

This bill would also establish a VA chiropractic program in each of the VA's health care networks. A chiropractic advisory committee will be established for the purpose of advising the Secretary in the development and implementation of the chiropractic program. The Secretary will provide protocols governing referrals, direct access, chiropractic scope of practice, and definition of chiropractic services, which will be available to all veterans enrolled in the VA health care system. I thank our Majority Leader, Senator DASCHLE, for his leadership in shaping this new landmark chiropractic program within the Department of Veterans Affairs.

Another important provision of this bill would help ''near poor'' veterans living in high cost-of-living areas, by significantly reducing VA copayments for hospital inpatient care. For those

veterans whose family incomes fall between the VA's current means test level and the Department of Housing and Urban Development low income index for the area of their primary residence, the current inpatient copayments would be reduced by 80 percent. This is a significant step in reducing the inequities imposed on those veterans in high cost-of-living areas.

Another very important provision of this bill authorizes $28.3 million for a much needed repair project at the Miami VA medical center. Three years ago there was a devastating fire that destroyed the electrical plant at the medical center, and this project is desperately needed.

As has been the case in previous years and is particularly important in light of our country's current military actions, this legislation truly represents a bipartisan commitment to our Nation's veterans. I particularly recognize the hard work of Kim Lipsky and Mickey Thursam of the Democratic staff of the Committee on Veterans' Affairs; Bill Cahill of the Republican staff of the Committee; Tamera Jones of Senator CLELAND's staff, and John Bradley, Kimberly Cowins, and Susan Edgerton of the House Veterans' Affairs Committee in seeing this bill through the legislative process.

In conclusion, I believe that this bill represents a real step forward for veterans and for the health care system which veterans turn to for care. I urge my colleagues to support this important piece of health care legislation for our veterans.

I ask unanimous consent that the text of the compromise agreement and a joint explanatory statement on the bill be printed in the RECORD.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

SUMMARY—DEPARTMENT OF VETERANS AFFAIRS HEALTH CARE PROGRAMS ENHANCEMENT ACT OF 2001

The bill, H.R. 3447, passed the House on December 11, 2001, and reflects a compromise agreement stemming from S. 1188, the ''Department of Veterans Affairs Nurse Recruitment and Retention Act of 2001'', as originally introduced; S. 1160; S. 1221; and H.R. 2792.

SUMMARY OF PROVISIONS

The following is a summary of the provisions in the Proposed ''Department of Veterans Affairs Health Care Programs Enhancement Act of 2001'':

TITLE I— ENHANCEMENT OF NURSE RECRUITMENT AND RETENTION AUTHORITIES

Subtitle A—Recruitment Authorities

Employee Incentive Scholarship and Education Debt Reduction Programs: Enhances eligibility and benefits for the programs by enabling nurses to pursue advanced degrees while continuing to care for patients, in order to improve recruitment and retention of nurses within the VA health care system.

Subtitle B—Retention Authorities

Saturday Premium Pay: Mandates that VA provide Saturday premium pay to title 5/title 38 hybrids. Such hybrids include licensed practical nurses, pharmacists, certified or registered respiratory therapists, physical therapists, and occupational therapists.

Staffing Standards and Mandatory Overtime: Requires VA to develop a nationwide policy on staffing standards to ensure that veterans are provided with safe and high quality care, taking into consideration the numbers and skill mix required of staff in specific medical settings. Requires a report on the use of mandatory overtime by licensed nursing staff and nursing assistants in each facility. The report would include a description of the amount of mandatory overtime used by facilities.

Subtitle C—Other Nursing Authorities

Retirement Annuities for RNs, PAs, and Others: Exempts registered nurses, physician assistants, and expanded-function dental auxiliaries from the requirement that part-time service performed prior to April 7, 1986, be prorated when calculating retirement annuities.

Subtitle D—National Commission on VA Nursing

Establishes a 12-member Commission on VA Nursing that would assess legislative and organizational policy changes to enhance the recruitment and retention of nurses by the Department, and the future of the nursing profession within the Department, and recommend legislative and organization policy changes to enhance the recruitment and retention of nurses in the Department.

TITLE II—OTHER MATTERS

Service Dogs: Authorizes VA to provide certain disabled veterans with service dogs to assist them with everyday activities.

Means Test: Retains the current-law means test national income threshold and maintains current allocation methodology (known as VERA), but will reduce copayments by 80% for near-poor veterans who require acute VA hospital inpatient care.

Chiropractic Care: Establishes a program of chiropractic services in VA healthcare facilities in each of the Veterans Integrated Service Networks and requires VA to provide training and educational materials on chiropractic services to VA health care providers. Also creates an advisory committee to oversee the implementation of this provision.

Clinical Research Oversight Funding: Authorizes VA to fund its field Offices of Research Compliance and Assurance from the Medical Care appropriation, rather than from the research budget.

Emergency Construction Project for the Miami VA Hospital: Authorizes a $28,300,000 emergency electrical project.

Health Care for Persian Gulf War Veterans: Extends VA's authority to provide health care for those who served in the Persian Gulf until December 31, 2002.

JOINT EXPLANATORY STATEMENT

The ''Department of Veterans Affairs Health Care Programs Enhancement Act of 2001'' reflects a compromise agreement that the Senate and House of Representatives Committees on Veterans' Affairs reached on certain provisions of a number of bills considered by the House and Senate during the 107th Congress, including: H.R. 2792, a bill to make service dogs available to disabled veterans and to make various other improvements in health care benefits provided by the Department of Veterans Affairs, and for other purposes, by the House Committee on Veterans' Affairs on October 16, 2001, and passed by the House on October 23, 2001 [hereinafter, ''House Bill'']; S. 1188, a bill to enhance the authority of the Secretary of Veterans' Affairs to recruit and retain qualified nurses for the Veterans Health Administration, and for other purposes, reported by the Senate Committee on Veterans' Affairs on October 10, 2001, as proposed to be amended by a manager's amendment [hereinafter, ''Senate Bill'']; S. 1576, a bill to amend section 1710 of title 38, United States Code, to extend the eligibility for health care of veterans who served in Southwest Asia during the Persian Gulf War; and, S. 1598, a bill to amend section 1706 of title 38, United States Code, to enhance the management of the provision by the Department of Veterans Affairs of specialized treatment and rehabilitation for disabled veterans, and for other purposes, introduced on October 21, 2001.

The House and Senate Committees on Veterans' Affairs have prepared the following explanation of the compromise bill, H.R. 3447 (hereinafter referred to as the ''Compromise Agreement''). Differences between the provisions contained in the Compromise Agreement and the related provisions in the bills listed above are noted in this document, except for clerical corrections and conforming changes made necessary by the Compromise Agreement, and minor drafting, technical, and clarifying changes.

TITLE I—ENHANCEMENT OF NURSE RECRUITMENT AND RETENTION AUTHORITIES

Subtitle A—Nurse Recruitment Authorities

Current Law

Several VA programs under existing law are designed to aid the Department in recruiting qualified health care professionals in fields where scarcity and high demand produce competition with the private sector. The Department is authorized to operate the Employee Incentive Scholarship Program (hereafter EISP) under section 7671 of title 38, United States Code. Under the EISP, VA may award scholarship funds, up to $10,000 per year per participant in full-time study, for up to 3 years. These scholarships require eligible participants to reciprocate with periods of obligated service to the Department. Currently, enrollment in the scholarship program is limited to employees with 2 or more antecedent years of VA employment. Statutory authority for this program terminates December 31, 2001.

The Department is authorized to operate the Education Debt Reduction Program (hereafter EDRP) under section 7681 of title 38, United States Code. Under the EDRP, the Department may repay education-related loans incurred by recently hired VA clinical professionals in high demand positions. Statutory authority for this program, a program not yet implemented by the Department, terminates on December 31, 2001. If implemented, the program would authorize VA to repay $6,000, $8,000, and $10,000 per year, respectively, over a 3-year period, in combined principal and interest on educational loans obtained by scarce VA professionals.

Under sections 8344 and 8468 of title 5, United States Code, the Department is authorized to request waivers of the pay reduction otherwise required by law for re-employed Federal annuitants who are recruited to the Department in order to meet staffing needs in scarce health care specialties.

Senate Bill

Section 111 would permanently authorize the EISP; reduce the minimum period of employment for eligibility in the program from 2 years to 1 year; remove the award limit for education pursued during a particular school year by a participant, as long as the participant had not exceeded the overall limitation of the equivalent of 3 years of full-time education; and, extend authority to increase the award amounts based on Federal national comparability increases in pay.

Section 112 would permanently authorize the EDRP; expand the list of eligible occupations furnishing direct patient care services

and services incident to such care to veterans; extend the number of years to 5 that a Departmental employee may participate in the EDRP, and increase the gross award limit to any participant to $44,000, with the award payments for the fourth and fifth years to a participant limited to $10,000 in each; and provide limited authority (until June 30, 2002) for the Secretary to waive the eligibility requirement limiting EDRP participation to recently appointed employees on a case-by-case basis for individuals appointed on or after January 1, 1999, through December 30, 2001.

Section 113 would require the Department to report to Congress its use of the authority in title 5, United States Code, to request waivers of pay reduction normally required from re-employed Federal annuitants, when such requests are used to meet its nurse staffing requirements.

House Bill

The House bill has no comparable provisions.

Compromise Agreement

Section 101, 102, and 103 follow the Senate language.

Subtitle B—Nurse Retention Authorities

Current Law

Section 7453(c) of title 38, United States Code, guarantees premium pay (at 25 percent over the basic pay rate) to VA registered nurses who work regularly scheduled tours of duty during Saturdays and Sundays. However, licensed vocational nurses and certain health care support personnel, whose employment status is grounded in employment authorities in title 5 and title 38, United States Code, are eligible for premium pay on regularly scheduled tours of duty that include Sundays. Saturday premium pay for these employees is a discretionary decision at individual medical facilities.

At retirement, VA registered nurses enrolled in the Civil Service Retirement System receive annuity credit for unused sick leave. This credit is unavailable, however, for registered nurses who retire under the Federal Employee Retirement System.

Senate Bill

Section 121 would mandate that VA provide Saturday premium pay to employees specified in Section 7454(b).

Section 122 would extend authority for the Department to provide VA nurses enrolled in the Federal Employee Retirement System the equivalent sick-leave credit in their retirement annuity calculations that is provided to other VA nurses who are enrolled in the Civil Service Retirement System.

Section 123 would require the Department to evaluate nurse-managed clinics, including those providing primary and geriatric care to veterans. Several nurse-managed clinics are in operation throughout the VA health care system, with a preponderance of clinics operating in the Upper Midwest Health Care Network. The evaluation would include information on patient satisfaction, provider experiences, cost, access and other matters. The Secretary would be required to report results from this evaluation to the Committees on Veterans' Affairs 18 months after enactment.

Section 124 would require the Department to develop a nationwide clinical staffing standards policy to ensure that veterans are provided with safe and high quality care. Section 8110 of title 38, United States Code, sets forth the manner in which medical facilities shall be operated, but does not include reference to staffing levels for such operation.

Section 125 would require the Secretary to submit annual reports on exceptions approved by the Secretary to VA's nurse qualification standards. Such reports would include the number of waivers requested and granted to permit promotion of nurses who do not have baccalaureate degrees in nursing, and other pertinent information.

Section 126 would require the Department to report facility-specific use of mandatory overtime for professional nursing staff and nursing assistants during 2001. The Department has no nationwide policy on the use of mandatory overtime. This report would be required within 180 days of enactment. The report would include information on the amount of mandatory overtime paid by VA health care facilities, mechanisms employed to monitor overtime use, assessment of any ill effects on patient care, and recommendations on preventing or minimizing its use.

House Bill

The House bill has no comparable provisions.

Compromise Agreement

Sections 121, 122, 123, 124, 125, and 126 are identical to the provisions in the Senate bill.

The Committees are concerned about VA's current national policy requiring VA nurses to achieve baccalaureate degrees as one means of quality assurance. VA has issued directive 5012.1, a directive that requires VA's registered nurses to obtain baccalaureate degrees in nursing as a precondition to advancement beyond entry level, and to do so by 2005. This policy is effective immediately for newly employed nurses.

At a time of looming crisis in achieving adequacy of basic clinical staffing of VA facilities, the Committees express concern over whether such a policy guiding nurse qualifications may work against VA's interests and responsibilities to protect the safety of its patients by creating unintended shortages of scarce health personnel. The Committees urge the Secretary to consider the implications of continuing such a policy in the face of future shortages of nursing personnel. The American Association of Community Colleges has reported that, each year, more than 60 percent of new US registered nurses are produced in two-year associate degree programs. The Department's current qualification standard for registered nurses may dissuade these fully licensed health care professionals from considering VA employment.

Subtitle C—Other Authorities

Current Law

Section 7306(a)(5) of title 38, United States Code, requires that the Office of the Under Secretary for Health include a Director of Nursing Service, responsible to the Under Secretary for Health.

Section 7426 of title 38, United States Code, provides retirement rights for, among others, nurses, physician assistants and expanded-function dental auxiliaries with part-time appointments. These employees' retirement annuities are calculated in a way that produces an unfair loss of annuity for them compared to other Federal employees. Congress has made a number of efforts since 1980 to provide equity for this group, many members of whom are now retired. These individuals, appointed to their part-time VA positions prior to April 6, 1986, under the employment authority of title 38, United States Code, have been penalized with lower annuities by subsequent Acts of Congress that addressed retirement annuity calculation rules for other part-time Federal employees appointed under the authority of title 5, United States Code.

Section 7251 of title 38, United States Code, authorizes the directors of VA health care facilities to request adjustments to the minimum rates of basic pay for nurses based on local variations in the labor market.

Senate Bill

Section 131 would amend section 7306(a)(5) of title 38, United States Code, to elevate the office of the VA Nurse Executive by requiring that official to report directly to the VA Under Secretary for Health.

Section 132 would amend section 7426 of title 38, United States Code, to exempt registered nurses, physician assistants, and expanded-function auxiliaries from the requirement that part-time service performed prior to April 7, 1986, be prorated when calculating retirement annuities.

Section 133 would modify the nurse locality-pay authorities and reporting requirements. The section would clarify and simplify a VA medical center's use of Bureau of Labor Statistics (BLS) information to facilitate locality-pay decisions for VA nurses. Additionally, section 133 would clarify the Committees' intent on steps VA facilities would take when certain BLS date were unavailable, thus serving as a trigger for the use of third-party survey information, and thereby reducing current restrictions on the use of such surveys.

House Bill

The House bill contains no comparable provisions.

Compromise Agreement

Section 131, 132, and 133 follow the Senate bill.

Subtitle D—National Commission on VA Nursing

Current Law

None.

House Bill

Section 301 would establish a 12-member National Commission on VA Nursing. The Secretary would appoint eleven members, and the Nurse Executive of the Department would serve as the twelfth, ex officio, member. Members would include three recognized representatives of employees of the Department; three representatives of professional associations of nurses or similar organizations affiliated with the Department's health care practitioners; two representatives of trade associations representing the nursing profession; two would be nurses from nursing schools affiliated with the Department; and one member would represent veterans. The Secretary would designate one member to serve as Chair of the Commission.

Section 302 would authorize the Commission to assess legislative and organization policy changes to enhance the recruitment and retention of nurses by the Department and the future of the nursing profession within the Department. This section would also provide for Commission recommendations on legislation and policy changes to enhance recruitment and retention of nurses by the Department.

Section 303 would require the Commission to submit to Congress and the Secretary a report on its findings and conclusions. The report would be due not later than 2 years after the date of the first meeting of the Commission. The Secretary would be required to promptly consider the Commission's report and submit to Congress the Department's views on the Commission's findings and conclusions, including actions, if any, that the Department would take to implement the recommendations.

Sections 304 and 305 would delineate the powers afforded to the Commission, including powers to conduct hearings and meetings, take testimony and obtain information from external sources, employ staff, authorize rates of pay, detail other Federal employees to the Commission staff, and address other administrative matters.

Section 306 would terminate the Commission 90 days after the date of the submission of its report to Congress.

Senate Bill

The Senate bill has no comparable provisions.

Compromise Agreement

Sections 141, 142, 143, 144, 145 and 146 follow the House bill, with certain modifications to the membership of the Commission.

The Committees expect the National Commission on VA Nursing to concern itself with the full spectrum of occupations involved in nursing care of veterans in the Veterans Health Administration, with specific reference to registered professional and licensed vocational nurses, clinical nurse specialists, nurse practitioners, nurse managers and executives, nursing assistants, and other technical and ancillary personnel of the Department involved in direct health care delivery to the nation's veterans. In addition to statutory requirements, the Committees expect the Secretary to appoint members to the Commission to reflect the wide variety of occupations and disciplines that constitute the nursing profession within the Department.

TITLE II—OTHER MATTERS

PROVISION OF SERVICE DOGS

Current Law

None.

House Bill

Section 101 would amend section 1714 of title 38, United States Code, to authorize the Department to provide service dogs to veterans suffering from spinal cord injury or dysfunction, other diseases causing physical immobility, or hearing loss (or other types of disabilities susceptible to improvement or enhanced functioning) for which use of service dogs is likely to improve or enhance their ability to perform activities of daily living or other skills of independent living. Under the provision, a veteran would be required to be enrolled in VA care under section 1705 of title 38, United States Code, as a prerequisite to eligibility. Service dogs would be provided in accordance with existing priorities for VA health care enrollment.

Senate Bill

Section 201 would authorize the Secretary to provide service dogs to service-connected veterans with hearing impairments and with spinal cord injuries.

Compromise Agreement

Section 201 follows the House provision.

Any travel expenses of the veteran in adjusting to the service dog would be reimbursable on the same basis as such expenses are reimbursed under Section 111, title 38, United States Code, for blind veterans adjusting to a guide dog.

MANAGEMENT OF HEALTH CARE FOR CERTAIN LOW-INCOME VETERANS

Current Law

Section 1722(a) of title 38, United States Code, places veterans whose incomes are below a specified level—in calendar year 2001, $23,688 for an individual without dependents—within the definition of a person who is ''unable to defray'' the cost of health care. The section includes two other such indicators of inability to defray: evidence of eligibility for Medicaid, and receipt of VA nonservice-connected pension. Veterans in these circumstances are adjudged equally unable to defray the costs of health care; as such, they are eligible to receive comprehensive VA health care without agreeing to make co-payments required from veterans whose incomes are higher. Under current law, a single-income threshold (with adjustments only for dependents) is the standard used.

House Bill

Section 103 would amend section 1722(a) of title 38, United States Code, to establish geographically adjusted income thresholds for determining a non-service-connected veteran's priority for VA care, and therefore, whether the veteran must agree to make copayments in order to receive VA care. The section's purpose would be to address local variations in cost of care, cost-of-living or other variables that, beyond gross income, impinge on a veteran's relative economic status and ability to defray the cost of care.

In section 103, low-income limits administered by the Department of Housing and Urban Development (HUD) for its subsidized housing programs would establish an adjusted poverty-income threshold to be used in the ability-to-defray determination. The actual threshold for determining an individual veteran's ability to pay would be the greater of the current-law income threshold in section 1722 of title 38, United States Code, or the local low-income limits set by HUD.

Section 103 also would include a 5-year limitation on the effects of adoption of the HUD low-income limits policy on system resource allocation within the Veterans Health Administration. Such allocations would not be increased or decreased during the period by more than 5 percent due to this provision. The provision would take effect on October 1, 2002.

Senate Bill

Section 202 would amend section 1722 of title 38, United States Code, to include the HUD income index in determining eligibility for treatment as a low-income family based upon the veteran's permanent residence. The current national threshold would remain in place as the base figure if the HUD formula determines the low-income rate for a particular area is actually less than that amount. The effective date of this change would be January 1, 2002, and would apply to all means tests after December 31, 2001, using data from the HUD index at the time the means test is given.

Compromise Agreement

Section 202 retains the current-law income threshold, but would significantly reduce copayments from veterans near the threshold of poverty for acute VA hospital inpatient care. The HUD low-income limits would be used to establish a family income determination within the priority 7 group. Those veterans with family incomes above the HUD income limits for their primary residences would pay the co-payments as otherwise required by law. Veterans whose family incomes fall between the current income threshold level under section 1722, title 38, United States Code, and the HUD income limits level for the standard metropolitan statistical area of their primary residences, would be required to pay co-payments for inpatient care that are reduced by 80 percent from co-payments required of veterans with higher incomes. The effective date for this change would be October 1, 2002.

MAINTENANCE OF CAPACITY FOR SPECIALIZED TREATMENT AND REHABILITATIVE NEEDS OF DISABLED VETERANS

Current Law

Section 1706 of title 38, United States Code, requires VA to maintain nationwide capacity to provide for specialized treatment and rehabilitative needs of disabled veterans, including those with amputations, spinal cord injury or dysfunction, traumatic brain injury, and severe, chronic, disabling mental illnesses. To validate VA's compliance with capacity maintenance, section 1706 includes a requirement for an annual report to Congress. The reporting requirement expired on April 1, 2001.

House Bill

Section 102 would modify the mandate for VA to maintain capacity in specialized medical programs for veterans by requiring the Department of each of its Veterans Integrated Service Networks to maintain capacity in certain specialized health care programs for veterans (those with serious mental illness, substance-use disorders, spinal cord injuries and dysfunction, the brain injured and blinded, and those who need prosthetics and sensory aides); and, would extent the capacity reporting requirement for 3 years.

Senate Bill

S. 1598 similarly would modify current law with regard to VA's capacity for specialized services, but would require that medical centers maintain capacity, in addition to geographic service areas; require that VA utilize uniform standards in the documentation of patient care workload used to construct reports under the authority; require the Inspector General on an annual basis to audit each geographic service area and each medical center in the Veterans Health Administration to ensure compliance with capacity limitations; and, prohibit VA from substituting health care outcome data to satisfy the requirement for maintenance of capacity.

Compromise Agreement

Section 203 is derived substantially from the House bill, with addition of provisions from the Senate bill, including a requirement that VA utilize uniform standards in the documentation of workload; a clarification that ''mental illness'' be defined to include post-traumatic stress disorder (PTSD), substance-use disorder, and seriously and chronically mentally ill services; a prohibition from substituting outcome data to satisfy the requirement to maintain capacity; and, a requirement that the IG audit and certify to Congress as to the accuracy of VA's required reports.

PROGRAM FOR THE PROVISION OF CHIROPRACTIC CARE AND SERVICES TO VETERANS

Current Law

Public Law 106–117 requires the VA to establish a Veterans Health Administration-wide policy regarding chiropractic care. Veterans Health Administration Directive 2000–014, dated May 5, 2000, established such a policy.

House Bill

Title II would establish a national VA chiropractic services program, implemented over a 5-year period; authorize VA to employ chiropractors as federal employees and obtain chiropractic services through contracts; establish an advisory committee on chiropractic care; authorize chiropractors to function as VA primary care providers; authorize the appointment of a director of chiropractic service reporting to the Secretary with the same authority as other service directors in the VA health care system; and provide for training and materials relating to chiropractic services to Department health care providers.

Senate Bill

Section 204 of the Senate Bill would establish a VA chiropractic services program in VA health care facilities and clinics in not less than 25 states. The chiropractic care and services would be for neuro-musculoskeletal conditions, including subluxation complex. The VA would carry out the program through personal service contracts and appointments of licensed chiropractors. Training and materials would be provided to VA health care providers for the purpose of familiarizing them with the benefits of chiropractic care and services.

Compromise Agreement

Section 204 would follow the Senate bill but would replace its reference to 25 states

with a reference to VA's 22 Veterans Integrated Service Networks (referred to as ''geographic service areas'' in the section). Also, the agreement would include an advisory committee to assist the Secretary of Veterans Affairs in implementation of the chiropractic program. Under the agreement, the advisory committee would expire 3 years from enactment.

FUNDS FOR FIELD OFFICES OF THE OFFICE OF RESEARCH COMPLIANCE AND ASSURANCE (ORCA)

Current Law

The Under Secretary of Health has provided funding for ORCA field offices from funds appropriated for Medical and Prosthetic Research.

Senate Bill

Since field offices of ORCA directly protect patient safety, section 205 would authorize VA to fund them from the Medical Care appropriation.

House Bill

The House bill has no comparable provision.

Compromise Agreement

Section 205 follows the Senate bill.

The Committees are concerned about the need for ORCA to maintain independence from the Office of Research and Development. The Committees have concluded, on the strength of hearings and reports on potential conflicts of interest, that funding for ORCA field offices should be statutorily separated from the Medical and Prosthetic Research Appropriation and associated with the Medical Care Appropriation. ORCA advises the Under Secretary for Health on matters affecting the integrity of research, the safety of human-subjects research and research personnel, and the welfare of laboratory animals used in VA biomedical research and development. ORCA field offices investigate allegations of research impropriety, lack of compliance with rules for protection of research participants and scientific misconduct. The ORCA chief officer reports to the Under Secretary for Health.

MAJOR MEDICAL FACILITY CONSTRUCTION

Current Law

None.

Senate Bill

Fiscal Year 2002 appropriations are available for an emergency repair project at the VA Medical Center, Miami, Florida. Section 205 of the Senate Bill authorizes $28.3 million for this project, in accordance with section 8104 of title 38, United States Code.

House Bill

The House bill has no comparable provision.

Compromise Agreement

Section 206 follows the Senate Bill.

SENSE OF CONGRESS ON SPECIAL TELEPHONE SERVICES FOR VETERANS

Current Law

None.

House Bill

Section 104 would require the Secretary to assess special telephone services for veterans (such as help lines and ''hotlines'') provided by the Department. The assessment would include the geographic coverage, availability, utilization, effectiveness, management, coordination, staffing, and cost of those services. It would require the assessment to include a survey of veterans to measure satisfaction with current special telephone services, as well as the demand for additional services. The Secretary would be required to submit a report to Congress on the assessment within 1 year of enactment.

Senate Bill

The Senate bill contains no comparable provision.

Compromise Agreement

Section 207 contains a Sense of the Congress Resolution on the Department's need to assess and report on special telephone services for veterans.

RECODIFICATION OF BEREAVEMENT COUNSELING AUTHORITY AND CERTAIN OTHER HEALTH-RELATED AUTHORITIES

Current Law

Chapter 17 of title 38, United States Code, contains various legal authorities under which VA provides services to non-veterans. These provisions, that authorize bereavement and mental health counseling, care for research subjects, care for dependents and survivors of permanently the totally disabled veterans, and emergency humanitarian care, are intermingled with authorities for the care of veterans in various sections of chapter 17.

House Bill

Section 105 of the House bill would in a new subchapter consolidate and reorganize without substantive change all of the legal authorities under which VA provides services to non-veterans. It would reorganize section 1701 of title 38, United States Code, by transferring one provision (pertaining to sensorineural aids) to section 1707.

Section 105 would create a new Subchapter VIII in Chapter 17 of title 38, United States Code, to incorporate provisions concerning bereavement-counseling services for family members of certain veterans and active duty personnel. A new section 1782 would provide counseling, training, and mental health services for immediate family members.

Section 105 would place in the new subchapter the current dependent health care authorities known as ''Civilian Health and Medical Programs—Veterans Affairs'' (CHAMPVA), transferred from current section 1713 to the new section 1781. A new provision would specify that a dependent or survivor receiving such VA-sponsored care would be eligible for bereavement and other counseling and training and mental health services otherwise available to family members under the subchapter.

The existing authority to provide hospital care or medical services as a humanitarian service in emergency cases would be moved to this new subchapter from its current location in section 1711(b).

Section 105 would also make various technical changes to accommodate the subchapter reorganization. These changes would recodify the existing provisions, and consolidate and clarify the existing statutory authority to provide care to non-veterans.

Senate Bill

The Senate bill has no comparable provisions.

Compromise Agreement

Section 208 follows the House bill.

EXTENSION OF EXPIRING COLLECTIONS AUTHORITIES

Current Law

Sectiion 1710(f)(2)(B) of title 38, United States Code, authorizes VA until September 30, 2002, to collect nursing home, hospital, and outpatient co-payments from certain veterans. Section 1729(a)(2)(E) of title 38, United States Code, authorizes VA until October 1, 2002, to collect third-party payments for the treatment of the nonservice-connected disabilities of veterans with service-connected disabilities.

House Bill

Section 106 would extend until 2007 VA's authority to collect means test co-payments and to collect third-party payments.

Senate Bill

The Senate bill contains no comparable provision.

Compromise Agreement

Section 209 follows the House bill.

PERSONAL EMERGENCY RESPONSE SYSTEM FOR VETERANS WITH SERVICE-CONNECTED DISABILITIES

Current Law

None.

House Bill

Section 107 of the House bill would require the Secretary to carry out an evaluation and study of the feasibility and desirability of providing a specialized personal emergency response system for veterans with service-connected disabilities. It would require a report to Congress on the results of this evaluation.

Senate Bill

The Senate bill contains no comparable provision.

Compromise Agreement

Section 210 follows the House bill.

HEALTH CARE FOR PERSIAN GULF WAR VETERANS

Current Law

Section 1710 of title 38, United States Code, defines eligible veterans for whom the Secretary is required to furnish hospital, nursing home, and domiciliary care. Section 1710(e)(1)(C) of title 38 authorizes the Secretary to provide health care services on a priority basis to veterans who served in the Southwest Asia Theater of operations during the Persian Gulf War. Section 1710(e)(3)(B) of title 38 specifies that this eligibility expires on December 31, 2001.

Senate Bill

The Senate Bill would amend section 1710 of title 38, United States Code, to extend health care eligibility for veterans who served in Southwest Asia during the Gulf War, to December 31, 2011.

House Bill

The House Bill contains no comparable provision.

Compromise Agreement

Section 211 follows the Senate bill but extends the health care eligibility to December 31, 2002.

Mr. REID. Mr. President, I ask unanimous consent that the bill be read a third time and passed, the motion to reconsider be laid on the table with no intervening action or debate, and that any statements relating thereto be printed in the RECORD.

The PRESIDENT pro tempore. Without objection, it is so ordered.

The bill (H.R. 3447) was read the third time and passed.

RELIEF FOR RETIRED SERGEANT FIRST CLASS JAMES D. BENOIT AND WAN SOOK BENOIT

Mr. REID. Mr. President, I ask unanimous consent that the Judiciary Committee be discharged from further consideration of S. 1834, and that the Senate proceed to its immediate consideration.

The PRESIDENT pro tempore. Without objection, it is so ordered. The clerk will state the bill by title.

The legislative clerk read as follows:

A bill (S. 1834) for the relief of retired Sergeant First Class James D. Benoit and Wan Sook Benoit.

There being no objection, the Senate proceeded to consider the bill.

Mr. REID. Mr. President, I ask unanimous consent that the bill be read a third time, passed, and the motion to reconsider be laid upon the table, with no intervening action or debate, and that any statements related to the bill be printed in the RECORD.

The PRESIDENT pro tempore. Without objection, it is so ordered.

The bill (S. 1834) was read the third time and passed, as follows:

S. 1834

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. REQUIREMENT TO PAY CLAIMS.

(a) PAYMENT REQUIRED.—The Secretary of the Treasury is authorized and directed to pay, out of any money in the Treasury not otherwise appropriated, to James D. Benoit and Wan Sook Benoit, jointly, the sum of $415,000, in full satisfaction of all claims described in subsection (b), such amount having been determined by the United States Court of Federal Claims as being equitably due the said James D. Benoit and Wan Sook Benoit pursuant to a referral of the matter to that court by Senate Resolution 129, 105th Congress, 1st session, for action in accordance with sections 1492 and 2509 of title 28, United States Code.

(b) COVERED CLAIMS.—Subsection (a) applies with respect to all claims of the said James D. Benoit, Wan Sook Benoit, and the estate of David Benoit against the United States for compensation and damages for the wrongful death of David Benoit, the minor child of the said James D. Benoit and Wan Sook Benoit, pain and suffering of the said David Benoit, loss of the love and companionship of the said David Benoit by the said James D. Benoit and Wan Sook Benoit, and the wrongful retention of remains of the said David Benoit, all resulting from a fall sustained by the said David Benoit, on June 28, 1983, from an upper level window while occupying military family housing supplied by the Army in Seoul, Korea.

SEC. 2. LIMITATION ON USE OF FUNDS FOR ATTORNEYS' FEES.

No part of the amount appropriated by section 1 in excess of 10 percent thereof shall be paid or delivered to or received by any agent or attorney on account of services rendered in connection with this claim, any contract to the contrary notwithstanding. Violation of the provisions of this section is a misdemeanor punishable by a fine not to exceed $1,000.

AMENDING TITLE 18 OF THE UNITED STATES CODE

Mr. REID. Mr. President, I ask unanimous consent that the Senate proceed to S. 1888, which was introduced earlier today by Senator STEVENS.

The PRESIDENT pro tempore. The clerk will state the bill by title.

The legislative clerk read as follows:

A bill (S. 1888) to amend title 18 of the United States Code to correct a technical error in the codification of title 36 of the United States Code.

There being no objection, the Senate proceeded to consider the bill.

Mr. STEVENS. Mr. President, on August 12th, 1998, the President signed into law H.R. 1085, legislation ''to revise, codify, and enact without substantive change certain general and permanent laws, related to patriotic and national observances, ceremonies, and organizations, as title 36, United States Code, 'Patriotic and National Observances, Ceremonies, and Organizations.''' This was legislation prepared by the Office of Law Revision Counsel in the House of Representatives.

One of the organizations affected was the United States Olympic Committee, whose numerical codification citation was changed in that re-codification legislation. The re-codification process also necessitated certain conforming changes to other parts of the U.S. Code to modify cross-reference citations. One of these, occurring at 18 USCS §2320 (e)(1)(B), was intended to cite a portion of the Ted Stevens Olympic and Amateur Sports Act dealing with protection of its trademarks.

The proper citation should have been ''220506.'' However, because of a typographical error that section of 18 USCS reads ''220706,'' citing law that has to do with Submarine Veterans of World War II rather than Olympic symbols and terminology.

This error went unnoticed until recently when U.S. Customs officials brought it to the attention of Salt Lake Olympic Committee and USOC attorneys in a discussion of enforcing trademark protections associated with the upcoming Olympic Winter Games. In this meeting the Customs officials expressed concern that this error could prevent them from enforcing the law.

The Olympic Rings and other symbols were giving exclusively to the USOC under the Ted Stevens Olympic and Amateur Sports Act. They are the prime fund raising source for the USOC.

This would be a simple correction that would merely change ''220706'' to ''220506'' at 18 USCS §2320 (e)(1)(B).

Mr. REID. Mr. President, I ask unanimous consent that the bill be read three times, passed, the motion to reconsider be laid upon the table, and that any statements relating to the bill be printed in the RECORD.

The PRESIDENT pro tempore. Without objection, it is so ordered.

The bill (S. 1888) was read the third time and passed.

(The bill is printed in today's RECORD under ''Statements on Introduced Bills and Joint Resolutions.'')

THE GERALD B.H. SOLOMON SARATOGA NATIONAL CEMETERY

Mr. REID. Mr. President, I ask unanimous consent that the Veterans' Affairs Committee be discharged from further consideration and the Senate proceed to the immediate consideration of H.R. 3392.

The PRESIDENT pro tempore. Without objection, it is so ordered. The clerk will state the bill by title.

The legislative clerk read as follows:

A bill (H.R. 3392) to name the national cemetery in Saratoga, New York, as the Gerald B.H. Solomon Saratoga National Cemetery, and for other purposes.

There being no objection, the Senate proceeded to consider the bill.

Mr. REID. Mr. President, I ask unanimous consent that the bill be read a third time, passed, and the motion to reconsider be laid upon the table, with no intervening action or debate, and that any statements related thereto be printed in the RECORD.

The PRESIDENT pro tempore. Without objection, it is so ordered.

The bill (H.R. 3392) was read the third time and passed.

GRANTING A FEDERAL CHARTER TO KOREAN WAR VETERANS ASSOCIATION, INCORPORATED

Mr. REID. Mr. President, I ask unanimous consent that the Judiciary Committee be discharged from further consideration of S. 392 and the Senate proceed to its immediate consideration.

The PRESIDENT pro tempore. Without objection, it is so ordered.

The clerk will state the bill by title.

A bill (S. 392) to grant a Federal charter to Korean War Veterans Association, Incorporated, and for other purposes.

There being no objection, the Senate proceeded to consider the bill.

Mr. REID. Mr. President, I ask unanimous consent that the bill be read a third time, passed, and the motion to reconsider be laid upon the table, with no intervening action or debate, and that any statements related thereto be printed in the RECORD.

The PRESIDENT pro tempore. Without objection, it is so ordered.

The bill (S. 392) was read the third time and passed, as follows:

S. 392

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. GRANT OF FEDERAL CHARTER TO KOREAN WAR VETERANS ASSOCIATION, INCORPORATED.

(a) GRANT OF CHARTER.—Part B of subtitle II of title 36, United States Code, is amended—

(1) by striking the following:

''CHAPTER 1201—[RESERVED]''; and

(2) by inserting the following:

''CHAPTER 1201—KOREAN WAR VETERANS ASSOCIATION, INCORPORATED

''Sec.

''§ 120101. Organization

''(a) FEDERAL CHARTER.—Korean War Veterans Association, Incorporated (in this chapter, the 'corporation'), incorporated in the State of New York, is a federally chartered corporation.

''(b) EXPIRATION OF CHARTER.—If the corporation does not comply with the provisions of this chapter, the charter granted by subsection (a) expires.

''§ 120102. Purposes

''The purposes of the corporation are as provided in its articles of incorporation and include—

''(1) organizing, promoting, and maintaining for benevolent and charitable purposes an association of persons who have seen honorable service in the Armed Forces during the Korean War, and of certain other persons;

''(2) providing a means of contact and communication among members of the corporation;

''(3) promoting the establishment of, and establishing, war and other memorials commemorative of persons who served in the Armed Forces during the Korean War; and

''(4) aiding needy members of the corporation, their wives and children, and the widows and children of persons who were members of the corporation at the time of their death.

''§ 120103. Membership

''Eligibility for membership in the corporation, and the rights and privileges of members of the corporation, are as provided in the bylaws of the corporation.

''§ 120104. Governing body

''(a) BOARD OF DIRECTORS.—The board of directors of the corporation, and the responsibilities of the board of directors, are as provided in the articles of incorporation of the corporation.

''(b) OFFICERS.—The officers of the corporation, and the election of the officers of the corporation, are as provided in the articles of incorporation.

''§ 120105. Powers

''The corporation has only the powers provided in its bylaws and articles of incorporation filed in each State in which it is incorporated.

''§ 120106. Restrictions

''(a) STOCK AND DIVIDENDS.—The corporation may not issue stock or declare or pay a dividend.

''(b) POLITICAL ACTIVITIES.—The corporation, or a director or officer of the corporation as such, may not contribute to, support, or participate in any political activity or in any manner attempt to influence legislation.

''(c) LOAN.—The corporation may not make a loan to a director, officer, or employee of the corporation.

''(d) CLAIM OF GOVERNMENTAL APPROVAL OR AUTHORITY.—The corporation may not claim congressional approval, or the authority of the United States, for any of its activities.

''§ 120107. Duty to maintain corporate and tax-exempt status

''(a) CORPORATE STATUS.—The corporation shall maintain its status as a corporation incorporated under the laws of the State of New York.

''(b) TAX-EXEMPT STATUS.—The corporation shall maintain its status as an organization exempt from taxation under the Internal Revenue Code of 1986 (26 U.S.C. 1 et seq.).

''§ 120108. Records and inspection

''(a) RECORDS.—The corporation shall keep—

''(1) correct and complete records of account;

''(2) minutes of the proceedings of its members, board of directors, and committees having any of the authority of its board of directors; and

''(3) at its principal office, a record of the names and addresses of its members entitled to vote on matters relating to the corporation.

''(b) INSPECTION.—A member entitled to vote on matters relating to the corporation, or an agent or attorney of the member, may inspect the records of the corporation for any proper purpose, at any reasonable time.

''§ 120109. Service of process

''The corporation shall have a designated agent in the District of Columbia to receive service of process for the corporation. Notice to or service on the agent is notice to or service on the Corporation.

''§ 120110. Liability for acts of officers and agents

''The corporation is liable for the acts of its officers and agents acting within the scope of their authority.

''§ 120111. Annual report

''The corporation shall submit an annual report to Congress on the activities of the corporation during the preceding fiscal year. The report shall be submitted at the same time as the report of the audit required by section 10101 of this title. The report may not be printed as a public document.''.

(b) CLERICAL AMENDMENT.—The table of chapters at the beginning of subtitle II of title 36, United States Code, is amended by striking the item relating to chapter 1201 and inserting the following new item:

''1201. Korean War Veterans Association, Incorporated .....120101''.

AMENDING THE ILLEGAL IMMIGRATION REFORM AND IMMIGRANT RESPONSIBILITY ACT OF 1996

Mr. REID. Mr. President, I ask unanimous consent that the Judiciary Committee be discharged from further consideration of S. 1400, and the Senate proceed to its immediate consideration.

The PRESIDENT pro tempore. Without objection, it is so ordered. The clerk will state the bill by title.

The legislative clerk read as follows:

A bill (S. 1400) to amend the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 to extend the deadline for aliens to present a border crossing card that contains a biometric identifier matching the appropriate biometric characteristic of the alien.

There being no objection, the Senate proceeded to consider the bill.

Mr. LEAHY. Mr. President, today we will pass an important piece of legislation dealing with America's borders. This bill, S. 1400, has bipartisan support for extending the deadline requiring aliens to present a border passing card with a biometric identifier to enter the United States from Mexico. This deadline expired earlier this year. The bill would extend the requirement by one year to allow the State Department to finish the difficult job of converting the old border crossing cards used by Mexicans entering the United States.

This is a major task, and the State Department has already accomplished a great deal, issuing millions of new biometric border crossing cards. As our State Department continues to work to finish this task, however, we should not punish lawful Mexican workers who are still waiting for new cards, or the American businesses that depend upon them as customers and employees.

This bill is one piece of major border security introduced by Senators KENNEDY and BROWNBACK. I am a proud cosponsor of their bill, S. 1749, the Enhanced Border Security and Visa Entry Reform Act. We should pass that bill in its entirety, and I hope that we do so before the end of this session. In the meantime, we should pass S. 1400 without delay. This measure's original sponsors were Senator KYL of Arizona and Senator BROWNBACK, the Ranking Republican on the Immigration Subcommittee of the Judiciary Committee. It is cosponsored by Senator GRAMM, Senator KENNEDY, Senator BINGAMAN, and Senator DOMENICI. I am glad to be able to accommodate them and urge prompt action by the Senate on this measure.

Mr. REID. Mr. President, I ask unanimous consent that the bill be read a third time, passed, and the motion to reconsider be laid upon the table, with no intervening action or debate, and that any statements related to the bill be printed in the RECORD.

The PRESIDENT pro tempore. Without objection, it is so ordered.

The bill (S. 1400) was read the third time and passed, as follows:

S. 1400

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. EXTENSION OF DEADLINE FOR PRESENTATION OF CERTAIN BORDER CROSSING IDENTIFICATION CARDS.

Section 104(b)(2) of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (8 U.S.C. 1101 note) is amended by striking ''5 years'' and inserting ''6 years''.

YEAR OF THE ROSE

Mr. REID. Mr. President, I ask unanimous consent that the Senate proceed to the immediate consideration of H. Con. Res. 292 which is at the desk.

The PRESIDENT pro tempore. The clerk will report the concurrent resolution by title.

The legislative clerk read as follows:

A concurrent resolution (H. Con. Res. 292) supporting the goals of the Year of the Rose.

There being no objection, the Senate proceeded to consider the concurrent resolution.

Mr. REID. Mr. President, I ask unanimous consent that the concurrent resolution be agreed to, the preamble be agreed to, the motion to reconsider be laid on the table, and any statements related thereto be printed in the RECORD.

The PRESIDENT pro tempore. Without objection, it is so ordered.

The concurrent resolution (H. Con. Res. 292) was agreed to.

The preamble was agreed to.

RECOGNITION OF THE SENATE STAFF

Mr. REID. Mr. President, the staff is working on a couple more items. While they are doing that, I would like to express to the Presiding Officer my best wishes for a happy holiday.

I would also like to, at this late hour, acknowledge the work done by the

staff of the Senate. I spend days with these people. The work of the Senate is done by the people who get no recognition but do so much of the work. Each of them are experts at what they do. People around here will be working until the wee hours of the morning. You and I may be here late—the last two to leave the Senate—but they will arrive at their homes sometime tomorrow morning. The last time we did the Defense bill, I talked to one member of the staff who went home at 5 a.m. that morning.

I want each of them to know that even though they do not get the recognition that we get, their jobs are just as important as ours. We in effect couldn't do without them. Every day they do things that help make us look as if we know what we are doing. Hopefully, we do most of the time, but if we don't, they take care of things, point us in the right direction.

I am personally indebted to the help that each of these fine public servants give to the people of the State of Nevada, the people of West Virginia, and this country.

I want the record spread with my good wishes for a happy holiday. In saying this, I speak for every Senator, Democrats and Republicans, we probably, as busy as we are, don't recognize how busy they are and in the process don't express our appreciation nearly as much as we should.

MEASURES READ THE FIRST TIME—H.R. 1432, H.R. 3487, H.R. 400, H.R. 3529, H.R. 2362, H.R. 3504, H.R. 2742, AND H.R. 3441

Mr. REID. Mr. President, I ask unanimous consent that it be in order for the following bills to receive their first reading and objection having been placed for further proceedings: H.R. 1432, H.R. 3487, H.R. 400, H.R. 3529, H.R. 2362, H.R. 3504, H.R. 2742, and H.R. 3441.

The PRESIDENT pro tempore. Without objection, the several requests are ordered.

ORDERS FOR WEDNESDAY, JANUARY 23, 2002

Mr. REID. Mr. President, I ask unanimous consent that when the Senate completes its business today, it adjourn until the hour of 12 noon, Wednesday, January 23, 2002; that following the prayer and the pledge, the Journal of proceedings be approved to date, the morning hour be deemed expired, the time for the two leaders be reserved for their use later in the day, and the Senate be in a period of morning business until 12:30 p.m. with Senators permitted to speak for up to 10 minutes each, with time equally divided between Senators DASCHLE and LOTT or their designees; further that the Senate recess from 12:30 to 2:15 for the weekly party conferences.

The PRESIDENT pro tempore. Without objection, it is so ordered.

PROGRAM

Mr. REID. Mr. President, the Senate will conduct a live quorum when the Senate convenes. Therefore, the next rollcall vote will occur on Wednesday, January 23, at approximately 12 noon. As a reminder, the Senate photograph will be taken at 2:30 p.m. on Wednesday.

ADJOURNMENT SINE DIE

Mr. REID. Mr. President, if there is no further business to come before the Senate, I ask unanimous consent that the Senate stand in adjournment under the provisions of H. Con. Res. 295.

There being no objection, at 10:06 p.m., the Senate adjourned sine die.

NOMINATIONS

Executive nominations received by the Senate December 20, 2001:

DEPARTMENT OF AGRICULTURE

NANCY SOUTHARD BRYSON, OF THE DISTRICT OF COLUMBIA, TO BE GENERAL COUNSEL OF THE DEPARTMENT OF AGRICULTURE, VICE CHARLES R. RAWLS, RESIGNED.

EXTENSIONS OF REMARKS

HONORING PEPPERELL MIDDLE SCHOOL, ROME, GA, ''34,288 CANS OF FOOD IN THE HALL''

HON. BOB BARR

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. BARR of Georgia. Mr. Speaker, the main hall of Pepperell Middle School, located in the small community of Lindale, just outside the city of Rome, GA, has been lined with 12×25 inch cardboard boxes stacked halfway to the ceiling for several weeks. The boxes were crammed with more than 34,000 cans of food; all donated by students for this year's local Salvation Army Can-a-Thon.

Sponsored by Atlanta NBC affiliate WXIA 11-Alive; Rome radio stations WRGA, Q–102, South 107; and the Forum, the Salvation Army Can-a-Thon accepts donations of canned, non-perishable food items in the Forum's main parking lot on a designated day in December.

On November 1st each year, students begin to solicit canned goods from family, friends, neighbors, and others. Last year, over 24,000 cans were collected by students at Pepperell Middle School. The goal for 2001 was set at 26,000 cans. Once they exceeded that total, a new goal was set at 30,000 cans. On the morning of Friday, December 7, a large Marine Corps truck made its way to Pepperell Middle School. Upon arrival, students loaded 34,288 cans of food onto the truck which was escorted by the local police, and two bus loads of students from the school, making its way to the Forum.

The annual holiday Can-a-Thon collected more than 70,000 cans from throughout the city and county. Approximately 700 baskets will be filled with canned goods and will be given to families in need. The food will also go toward providing daily meals for men, women, and children who seek shelter at the Salvation Army.

Pepperell Middle School principal Frank Pinson is justifiably and extremely proud of his students, saying, ''this is a big deal thing to them, and it teaches them one of the greatest lessons they learn.'' The students work extremely hard, soliciting in many ways other than just going house to house. Some students donated their ice cream money; they held a dance and a talent show to raise money. The school has led the entire state in Can-a-Thon donations for 8 straight years.

Eight years ago, a tornado hit the Lindale community, destroying or damaging many homes, and leaving many families homeless. The Salvation Army was immediately there to assist those families. The students of Pepperell Middle School decided at that time to secure canned goods for those who experienced losses due to the storm. They found great satisfaction in helping those in need; and the tradition continues each year with the Can-a-Thon.

The principal, staff, faculty, students, their families, and, indeed, the entire community, are to be commended for their outstanding participation in this event. It is with great pride I recognize them today as true community leaders. I am honored to serve as their Representative in the U.S. Congress.

TRIBUTE TO MR. PETE AND LENA NEIN

HON. BOB SCHAFFER

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. SCHAFFER. Mr. Speaker, I rise today to express gratitude to Mr. and Mrs. Pete and Lena Nein of Crook, Colorado, on their 70th Wedding Anniversary. In honor of this extraordinary occasion, I would like to convey to them my genuine congratulations.

Pete and Lena were married on January 3, 1932 in Sedgwick, Colorado, where they began their lives together. Mr. and Mrs. Nein moved to Crook, in 1934 where they rented 160 acres of land and began farming with horse-drawn equipment. Their first house, in which they lived for 42 years, had electricity installed in 1936. Indoor plumbing was not installed until 1940. Pete and Lena have witnessed and experienced extraordinary events including the Dust Bowl, Great Depression, World War II, Korean War, Vietnam War, fall of the Soviet Union and now, the war against terrorism. Throughout this time period they have devoted their lives to agricultural production and determined community service. Pete was the president of the Crook Volunteer Fire Department for 27 years and Lena was the organist and pianist in a Crook church for over 45 years. The Neins serve as a shining example, not only for their community, but for all Americans.

As a husband and father of five, I have come to adore the example of a strong marriage and loving children. Pete and Lena started their lives together humbly, working hard to build a happy and successful life together. My admiration for them, and the fortitude and commitment they have demonstrated is deep. Through the good times and the bad, Pete and Lena's love has forged a seemingly unbreakable bond.

Pete and Lena Nein are amazing role models. As a Member of Congress, it is my honor to congratulate both Pete and Lena on their anniversary. Pete and Lena let nothing stand between their unceasing love for one another on their glorious day. I ask the House to join me in extending wholehearted congratulations to Mr. and Mrs. Pete Nein.

IN RECOGNITION OF THE CITY OF GAINESVILLE

HON. RALPH M. HALL

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. HALL of Texas. Mr. Speaker, I rise today to speak in recognition of the City of Gainesville, Texas, which has recently instituted the Medal of Honor Host City Program. This program, unique in the nation, will provide a stipend to cover lodging, food and some travel expenses to Medal of Honor recipients visiting the City of Gainesville.

The Medal of Honor Host City Program seeks both to honor the 149 living Medal of Honor recipients and to expose the citizens of Gainesville—especially its youth—to true

American heroes. The local Veterans of Foreign Wars Post No. 1922, and community leaders, initiated the project to help recognize these men of valor and to give the citizens of Gainesville the chance to hear, first-hand, their amazing stories.

The Congressional Medal of Honor Society announced the project to its members at its October annual reunion. Two Medal of Honor recipients visited Gainesville on Veterans Day.

This program was organized before the tragedies of September 11, but in light of recent events, projects like the Gainesville Medal of Honor Host City Program highlight the sacrifice, patriotism and sense of duty that have been a foundation of our great nation. Our Medal of Honor recipients are living examples of those values and are the best messengers to tell the price of freedom. While in Gainesville, these extraordinary individuals will meet with school classes, speak to civic groups and others who would like to hear about their experiences. It gives the honorees a forum for their thoughts and gives Gainesville the chance to thank them for all that they have done for their country.

Mr. Speaker, I want to commend Mayor Kenneth Kaden for his leadership in promoting this project. It is an honor to recognize such a unique and special program—The Medal of Honor Host City Program—and I look forward to seeing it succeed in Gainesville.

PERSONAL EXPLANATION

HON. SOLOMON P. ORTIZ

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. ORTIZ. Mr. Speaker, I was unavoidably detained in my district during the following rollcall votes. Had I been present, I would have voted as indicated below. Rollcall No. 499: Yes; 500: Yes.

IN MEMORY OF HONORABLE R. LAWRENCE COUGHLIN

HON. CHARLES B. RANGEL

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. RANGEL. Mr. Speaker, today is a bittersweet day. It is with both great sadness and immense pride that I rise today in honor and celebration of the life of my friend, the Honorable R. Lawrence Coughlin.

Robert Lawrence Coughlin was born on April 11, 1929 in Wilkes-Barre, PA, and grew up on his father's farm near Scranton, PA. He served distinguishably as a Republican Member of the United States Congress for 24 years, from January 1969–January 1993 representing a portion of Philadelphia, PA and its surrounding suburban Main Line area.

Lawrence's accomplishments were great during his tenure in Congress. He was a man of great honor and truly a gentleman. I had the pleasure of serving with him while I was Chairman of the Select Committee on Narcotics Abuse and Control and he served as the Ranking Republican Member.

At first glance, one would perceive our relationship as that of the ''Odd Couple'' as Lawrence and I strolled side by side through the Capitol as he donned his signature bow tie and me wearing a more conventional necktie. He represented the wealthy suburban Main Line area of Philadelphia and I represent the vibrant Harlem area of New York City. However, we had many shared interests and experiences.

Lawrence Coughlin served in the Marine Corps during the Korean War. His military training was evident in the way he conducted himself in the Congress. He was a very disciplined man who took a dogged approach to tackling the difficult problems that face the nation and the Congress. I remember his passion for the youth of our great nation. This passion was the source of his drive to do whatever was necessary during his tenure on the Select Committee on Narcotics Abuse and Control to rid our communities of the scourge of drugs. Although some would say, Lawrence had a Patrician air about him I would say he had the air of a proud ex-marine who viewed the war on drugs as a series of unending battles to be confronted head on until the war was won and victory proclaimed. As a man of great consciousness, I will forever remember his stamina and commitment in his efforts to eliminate drugs from our communities, making the world a better place for our youth.

Mr. Speaker, I ask that all my colleagues join me in celebrating the life and the political accomplishments of my great friend, the Honorable R. Lawrence Coughlin.

INTRODUCTION OF FEDERAL INDIAN RECOGNITION REFORM LEGISLATION

HON. ROB SIMMONS

OF CONNECTICUT

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. SIMMONS. Mr. Speaker, our Federal Indian recognition process is broken. Recognition decisions don't take months to decide, they take years—and sometimes decades. Towns and other interested parties—sometimes forced to spend millions because of federal recognition policies—rightfully believe their concerns and comments are often ignored. Criteria for recognition has been overlooked rather than upheld under previous BIA administrators. In short, the public and Indian tribes have lost faith in the current recognition process.

A new administration has brought some hope in fixing this important process. To this end, I am rising today to introduce legislation that lays out a seven-point plan for reforming the federal Indian recognition process.

Specifically, my bill would first require the BIA to notify states whenever a tribe within them files for federal recognition. The state must in turn ensure that notice is given to towns adjacent to that tribe.

Second, the legislation would require the BIA to accept and consider any testimony—including from surrounding towns and others—that bears on whether or not BIA recognizes a tribe.

Third, under my measure, the BIA would be required to find affirmatively that all recognition criteria are met in order to confer federal recognition and any decision conferring recognition must be accompanied by a written set of findings as to how all criteria have been satisfied.

Fourth, I put forth language that would double—from $900,000 to $1.8 million—the resources for the BIA's Branch of Acknowledgment and Research Division to upgrade its recognition process.

To help localities adversely affected by federally recognized tribes, my bill provides $8 million in grants to local governments to assist such governments in participating in certain decisions related to certain Indian groups and Indian tribes. These grants could be applied retroactively to any local government that has spent money on decisions related to certain Indian groups and/or tribes.

In addition, my legislation also creates a grant program of $10 million to be made available to federally impacted towns for relevant infrastructure, public safety and social service needs directly related to tribal activities.

And lastly, the measure would institute a ''cooling off period'' of one year, in which any high-level BIA official could not appear before their former agency.

Mr. Speaker, I am proud to introduce this bill with three of my colleagues from Connecticut—Mrs. JOHNSON and Messrs. SHAYS and MALONEY—and the gentleman from Wisconsin, Mr. GREEN. I urge others who care about federal Indian recognition issues to join us in working toward a recognition process that is fair, open and respectful to all parties involved.

STUDIES ENDORSE PROJECT LABOR AGREEMENTS

HON. GEORGE MILLER

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. GEORGE MILLER of California. Mr. Speaker, I wish to bring the results of two recent studies on the value of project labor agreements (PLAS) to the attention of my colleagues.

The California Research Bureau, a nonpartisan confidential research arm of the Governor's office and the state legislature concluded that project labor agreements are ''valued by owners and construction firms alike [because of] the role PLAs play in resolving disputes over roles contractors and subcontractors play in large and complex projects.'' The CRB report also credited PLAs for promoting local economic development, workforce training, and employment goals for women and minorities.

The UCLA Institute for Labor and Employment has also recently released a study that found that PLAs do not increase labor costs, do not exclude non-union workers, encourage competition, promote stability, cooperation and productivity, and reduce the likelihood of work stoppages or delays.

Mr. Speaker, these studies merely confirm what has long been understood by those involved in private and public sector construction who are not otherwise driven by ideology: Project labor agreements promote the timely completion of construction projects and increase productivity. They are good for business. They also promote apprenticeship training and help secure better working conditions. They are good for workers.

Unfortunately, among those who are most driven by ideology is the Bush Administration.

According to the December 13, 2001 issue of The Washington Post, Maryland has been forced by the Bush Administration to proceed with the enormous Wilson Bridge construction project without the ability to use a project labor agreement. I am sure that my colleagues recall that last February, shortly after taking office, President Bush tried to ban project labor agreements for *any* construction project receiving federal money. In a decision that specifically involved the Wilson Bridge project, a federal judge ruled in November that the ban issued by President Bush violated federal law and the Constitution. Following the decision, the Maryland State Highway Administration again sought permission from the Federal Highway Administration to implement a project labor agreement. But according to the Post, the Federal Highway Administration rejected Maryland's request saying the state had not proved the need for a PLA.

By effectively prohibiting the use of a project labor agreement on the Wilson Bridge project, the Bush Administration continues to thwart good business practice and good labor policy to the detriment of taxpayers and continues to deny working Americans the protections they are entitled to under law. I commend to my colleagues' and the administration's attention the reports concerning project labor agreements by the California Research Bureau and the UCLA Institute for Labor and Employment, and I sincerely hope that the Administration reconsiders its unwise hostility for these proven agreements that benefit business, taxpayers, workers and the public in general.

HONORING THE 150TH ANNIVERSARY OF POLK COUNTY, GA

HON. BOB BARR

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. BARR of Georgia. Mr. Speaker, formed in 1851 by an act of the Georgia Legislature, Polk County, Georgia, was named for James Knox Polk, a former governor of Tennessee and the 11th President of the United States. With a population of 38,127 people and a land area of 311 square miles, Polk County is located in northwest Georgia.

For more than a hundred years the Cherokee and Creek Indians reigned supreme in north Georgia. The southernmost village in the Cherokee Nation was on Cedar Creek, which is located just off Main Street in present-day Cedartown, the county seat of Polk County. In 1826, two white men, Linton Walthall and Hampton Whatley, visited the area. They returned in 1832 to establish stores, and the community began to develop. In 1838, the Cherokee were moved into small forts, and then forced west on The Trail of Tears. In 1852, the first courthouse was built on a 20-acre site which had been donated to the town of Cedartown (then called ''Cedar Town'') by Asa Prior. Two years later the town was incorporated.

The War Between the States was not kind to Cedar Town. However, after the war, in 1867 the area began to grow and the town of Cedartown prospered, as did much of the surrounding area, including the towns of Rockmart and Aragon.

The residents of Polk County are preparing for Polk County's 150th birthday celebration. Tentative plans include special music, recognition of the oldest living person in the County, the oldest married couple, the longest married couple, the youngest citizen, and the oldest church in the County. Commemorative coins and Christmas ornaments have been designed, cedar trees have been requisitioned to be presented to schools, and a game of Polk historical trivia is being compiled and will be distributed to schools. Students in Polk County schools are being asked to follow specific guidelines to design a flag which would best represent the County. Some items which could be represented on the flag are the City of Aragon as a manufacturing utopia; the City of Cedartown for its cedar trees and for its original inhabitants; the Cherokees; and the slate quarries in Rockmart.

Polk County's sesquicentennial Birthday Celebration will be held on the evening of December 20th, 2001, on the steps of the Courthouse in Cedartown, Georgia. It would behoove us all to take the time to celebrate our heritage and stop to share the stories of our past with our children and grandchildren. The term ''home town USA'' truly describes the people of Polk County. They are kind, generous, caring folks and I am pleased to call many of them my friends. Happy Birthday Polk County!!

JUDGE GERARD DEVLIN

HON. STENY H. HOYER

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. HOYER. Mr. Speaker, I rise today to pay tribute to a great Irish-American success story, Judge Gerard Devlin of Prince George's County, Maryland. Judge Devlin is called Jerry by his friends of which I am fortunate to be one. I have known Jerry for over thirty years, since I was an intern in Senator Brewster's office and Jerry was an elevator operator in the Capitol.

I have valued Jerry's friendship over those three decades and have always enjoyed his boisterous and comic Irish sensibility. We have also shared a close professional relationship and Jerry was always a faithful ally through our days in the Young Democrats, the Maryland General Assembly and beyond.

I pay tribute to Jerry today not simply because he is a good and old friend but to thank him upon the occasion of his retirement. His distinguished career in public service is not matched by many and his affable and courteous manner is appreciated by all.

Jerry was born in Dorchester, Massachusetts on May 29, 1933. He attended public schools in Dorchester and Boston, and served in U.S. Marine Corps from 1955 to 1957. He went on to Boston College and Suffolk University, and graduated from the University of Baltimore School of Law in 1969. He also earned his masters from the University of Maryland in 1970.

Jerry began his career in public service as a staff member in the United States House of Representatives in 1959 and later worked in the United States Senate. His service was not limited to the national level however. He served his local community for five years as a member of the Prince George's County Board of Election Supervisors from 1964 to 1969, and as a member of the Charter Review Commission of the city of Bowie.

Jerry also served his community as a teacher to Prince George's County's youth at Gonzaga High School, Bowie State University, and Prince George's Community College.

In 1975, Jerry took his talent to the Maryland General Assembly where I had the pleasure of serving with him for six years. He was a member of the House of Delegates for eleven years and was named Freshman Legislator of the Year by the Maryland Young Democrats in 1975. He was also named Legislator of the Year by the Prince George's Municipal Association in 1983, 1985, and 1986.

Jerry stepped down from his position as Associate Judge in the 5th District Court of Maryland this past September and retired from a long and praiseworthy career in civic affairs. During his tenure as a judge, Jerry was well-liked and respected by both bench and bar for his even-handedness and wisdom. He had a good feel for fundamental fairness and through it all his Irish wit and humor shone through.

Judge Bob Sweeney, the former Chief Judge of the Maryland District Court, said this of Jerry, ''One of the ten things that a good judge needs is courage. For a judge that means doing the right thing even if it is not the popular thing. Jerry Devlin personifies that type of courage.''

Mr. Speaker, I would like to repeat today an Irish Blessing for my dear friend Jerry Devlin to thank him for his years of service and to wish him well in retirement: May your blessings outnumber the shamrocks that grow,/And may trouble avoid you wherever you go./May the road rise up to meet you,/May the wind be always at your back,/May the sun shine down upon your face,/And the rain fall soft upon your fields,/Until we meet again,/May God hold you in the hollow of his hand.

I ask my colleagues to join me in honoring this great Irish American who gave forty years of public service to Prince George's County and the state of Maryland.

TRIBUTE TO AMBASSADOR ULRIK FEDERSPIEL

HON. TOM LANTOS

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. LANTOS. Mr. Speaker, I invite my colleagues to join me in commending Ambassador Ulrik Federspiel, who was sworn-in as Denmark's Ambassador to the United States in May of 2000, for his record of achievement in fostering transatlantic ties. Throughout his remarkable career, Ambassador Federspiel has worked tirelessly to strengthen the already close relationship between the United States and Denmark. Indeed, the Danes are fortunate to have such an illustrious representative in Washington, and the United States has no better friend and ally in the Diplomatic Corps here in Washington than Ambassador Federspiel.

Mr. Federspiel began his career in the Danish Foreign Service in 1971, and was immediately assigned to the prestigious European Community office within the Foreign Ministry.

His outstanding contributions on E.C. matters earned him a tenure in London as First Secretary of Political Affairs from 1973 to 1977. During this time he worked in cooperation with several African states in the process of democratizing countries including Zimbabwe, Angola and Namibia. Mr. Federspiel was especially active in supporting the anti-apartheid movement in South Africa. As a result, he was personally invited to the inauguration of President Nelson Mandela in 1993 and became a consultant to the modern integrated South African administration.

In 1981, Ambassador Federspiel returned to Copenhagen to become Special Assistant to the Permanent Secretary of State for Foreign Affairs. A post he held until he arrived in Washington to serve as Deputy Chief of Mission at the Danish Embassy in 1984. He quickly developed a reputation in Washington as a quick study with an imposing intellect combined with a personable, friendly demeanor. Ambassador Federspiel came to understand that not only does Denmark have a critical role to play in European matters, but, for a small country, Denmark could ''punch above its weight'' on transatlantic economic and political issues.

As State Secretary for Foreign Affairs from 1991–93, Ulrik Federspiel worked to support independence for the Baltic states, who were emerging from the dark years of Soviet occupation. Denmark was the first country in the world to recognize the three former Soviet countries of Estonia, Latvia and Lithuania.

From 1993 to 1997 Ambassador Federspiel's outstanding record brought the notice of the most senior members of the Danish government and was asked to serve as Chief of Staff to the Prime Minister. At the EU summit in June 1993 under the Danish presidency, Mr. Federspiel drafted the portion of the Copenhagen Criteria that set standards for EU membership. Ambassador Federspiel became a staunch proponent of NATO expansion and has since taken a leading role in the process. Among his other accomplishments while in the Prime Minister's Office, he played an important role in the Danish decision to play an active part in Bosnia, having the largest contingency of ground troops there per capita, and the only country to have heavy armor, namely ten tanks.

Mr. Speaker, since Ambassador Federspiel arrived in the United States last May, he has been actively engaged in solving trade disputes between the EU, Denmark and the United States. His diplomatic skills were evident while working with both the Congressional leadership and the Administration in resolving several high-profile trade disputes, including the carousel sanctions and the import ban on pork. Mutually beneficial trade has been expanded between the U.S. and Denmark through close cooperation between the former U.S. Ambassador in Copenhagen Richard N. Swett and Ulrik Federspiel.

Mr. Speaker, Ambassador Federspiel has brought his dynamism and passion to so many political and humanitarian issues. Since completing his military service in the Royal Danish Navy in Greenland in 1970–71, Ulrik Federspiel has taken a keen interest in Greenland and its population. In 1984, when he became Deputy Chief of Mission to the Danish Embassy in Washington, D.C., the relationship between Greenland, the United States and Denmark became one of his priorities. The Ambassador has played an instrumental role in furthering the interests of the Home Rule Government and that of the Danish realm and has worked in close cooperation with the U.S. government, especially Thule Air Base. The island and the base are strategic elements of defense and security preparedness of both the United States and Europe.

Ambassador Federspiel is also an accomplished academic. He graduated from the University of Aarhus in political science in 1970, and completed a year of post-graduate studies at the University of Pennsylvania, earning an MA in 1985–86. He has been a visiting lecturer at George Washington University and frequently lectured on international relations at the University of Copenhagen as well as served as a governing board of the university.

His interest in supporting academic excellence continues today. He is an Honorary Trustee of the Crown Prince Frederick Fund for Harvard University that supports two scholarships annually for exemplary Danish university students. Ambassador Federspiel currently sits on the advisory board member of Humanity in Action (HIA), a unique educational program between Denmark, the United States, the Netherlands and Germany. HIA offers a number of competent university students an intensive study of human rights and democratic values each year. This summer the program was expanded to include internships on Capitol Hill.

Ambassador Federspiel's commitment to working for others is undoubtedly a result of his and his family's experiences growing up in war torn Europe. During the Nazi occupation of Denmark, Ambassador Federspiel's father, Per Federspiel, was imprisoned for a year due to his involvement in the rescue of the jews in October 1943. Needless to say, Ambassador Federspiel has proven himself to be a strong and consistent supporter of the State of Israel.

After the horrible events of September 11th, Ambassador Federspiel and the Danish people were among the first to support the American people and the cause of freedom. As a NATO member, Denmark is one of the strongest supporters of the United States in its campaign against terrorism. And a recent poll of the Danish population showed the Danish people as the America's strongest supporters in Europe in our war on terrorism.

Mr. Speaker, it is a great honor and privilege for me to have the opportunity to thank Ambassador Federspiel for his uncompromising dedication to furthering the friendship between our two great countries.

AMENDING TITLE XVIII OF THE SOCIAL SECURITY ACT

HON. GEORGE W. GEKAS

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. GEKAS. Mr. Speaker, until the early 1980s, Medicare was always the primary payor in all situations to employer health plans for both disabled and retired employees. However, effective with the Omnibus Budget Reconciliation Act of 1981 (''OBRA''), for the first time Medicare became the secondary payor for one group of American employees who were specifically singled out—the ''working aged''. The ''working aged'' were defined as American employees over the age of 65 who were provided both Medicare and employer health plan coverage and continued to actively work. As a result of this legislative change, Medicare would now only provide secondary coverage to the ''working aged'' after their employer health plan. But once the ''working aged'' stopped working and contributing to our society, Medicare would again become the primary insurance and payor of claims for these good people.

Then in 1986 the Congress again acted by passing the Omnibus Budget and Reconciliation Act of 1986 which singled out yet another group of American workers—this group of individuals was identified as ''disabled active individuals''. A ''disabled active individual'' was defined in the statute as an ''employee (as may be defined in regulations)''. The OBRA Amendments of 1986 also mandated that Medicare become secondary insurance coverage to the employer health plans for the ''disabled active individual''. The Health Care Financing Administration (HCFA), the responsible federal government agency charged with implementing the 1986 OBRA Amendments, crafted a definition of employee by Agency directive—a policy which was never subjected to the rigors of the Administrative Procedure Act and which was never promulgated into a regulation published in the Federal Register.

This ad hoc policy judgment made by the Administrator of HCFA contradicted the very definition of employee already existing within the body of the Social Security Act and the Internal Revenue Code. HCFA's definition effectively said that if an employer continued to carry a disabled employee on their books in ''employee status'' after a disability began (which all employers did for employee benefit purposes), the employer health plan, not Medicare, would become the primary payor for that employee if he or she was unfortunate enough to be classified as ''the disabled active individual.'' According to the new HCFA policy, which remains the policy of the Agency, the fact that the disabled employee was not actually working was irrelevant. However, the common law definition of employee used by Social Security and the IRS states that an individual has to be actively working and performing services for remuneration in order to be considered an employee. This ad hoc action by HCFA has already directly and negatively affected numerous companies throughout Pennsylvania, Illinois and other states involving employees that work for these companies.

Due to HCFA's departure from the commonly accepted definition of employee, and existing definitions within federal law, many employer health plans reacted to this unjustified policy making of HCFA by simply taking the easiest course of action—terminating health coverage for their disabled employees. In effect, HCFA's policy forced employers to begin discriminating against their disabled employees.

While HCFA stated that an employer would be primary payor to Medicare for their ''working aged'', as soon as these individuals quit working, Medicare would become primary payor. However, to these same employers, HCFA said that for your disabled employees you will be the primary payor to Medicare regardless of whether these individuals are working or not.

Due to this contradicting treatment between retirees and disabled employees, clarifying

language was finally introduced and passed by the Congress with passage of the Omnibus Budget and Reconciliation Act of 1993 to treat both of these groups in the same and equal manner. As a result, Medicare today now pays primary to employer health plans for disabled employees that are not actually actively working. However, even though HCFA agrees prospectively to be the primary payor once Medicare's ''payment status'' has been changed to primary, most retroactive Medicare claims submitted for treatment received since August 10, 1993 (effective date of statutory change) are denied. The reason for this from HCFA is that because these claims when submitted were considered to have not been ''timely filed'' in conjunction with Medicare regulations. These claims could not have been timely filed previously because they were for disabled employees whose former employers continued to pay as primary.

These employers acted honorably by continuing to pay claims from these employees as the primary payor because they were not made aware of clarifying language enacted by the Congress by OBRA in 1993, a change that HCFA did not care to publicize. Even though the Congress in 1993 directed HCFA by clarifying the statute that Medicare is to act as the primary payor for insurance claims for ''disabled active individuals,'' many American employers still have not been able to be fully and lawfully reimbursed and fully benefit from the legislative change intended by the Congress by passage of OBRA in 1993.

As a result, the Congress should once again act to direct the Administrator of HCFA to fully rectify what was originally intended by the Congress in 1993, namely to direct HCFA not to subject this unique and special class of American employees and their respective Medicare claims to the standard Medicare timely filing regulations. These claims are not in any way similar to normal Medicare claims because they could never have been submitted previously or in a timely fashion due to the problems I have illuminated in these remarks. Medicare claims are normally submitted immediately upon or shortly after medical treatment. Though Medicare regulations allow for an exception to their timely filing guidelines if there is an error on the party of the Secretary, HCFA has refused to apply this exception to the special situation we have before us. Even more startling to this Chamber should be the fact that this very HCFA policy was determined to be illegal, unlawful and invalid as a matter of federal administrative law by a U.S. District Court in the District of Columbia in 1999 because of HCFA's failure to promulgate a valid federal regulation to support the Agency's policy determination, in the case SUNTRUST BANKS. INC. v. Donna Shalala, Secretary of Health and Human Services, CA. No. 96

TRIBUTE TO GERALD MAYO

HON. BOB SCHAFFER

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. SCHAFFER. Mr. Speaker, it is an honor to rise today to congratulate to Mr. Gerald Mayo of Estes Park, Colorado, who was recently named honorary-chairman of the National Small Business Advisory Council. For this, Mr. Speaker, the United States Congress should commend him.

The National Small Business-Advisory Council provides a link between small business owners and Members of Congress, The purpose of the council is to give input on economic and tax issues while also participating in private surveys and policy briefings. The council achieves this through participation in strategy sessions and national meetings with local, state and national leaders. I applaud the National Small Business Advisory Council and its new chairman Gerald Mayo, for creating an alliance between the nation's leadership and the small business community.

A broker for Prudential Team Realty, Gerald Mayo has first-hand experience with small businesses. His leadership and dedication to small businesses across the nation is commendable and greatly appreciated. Gerald is truly a shining example for all Americans.

A constituent of Colorado's Forth Congressional District, Gerald not only makes his community proud, but also his state and country. It is a true honor to have such an extraordinary citizen in Colorado. I ask the House to join me in extending wholehearted congratulations to Mr. Gerald Mayo.

IN RECOGNITION OF MARGARET PARX HAYS

HON. RALPH M. HALL

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. HALL of Texas. Mr. Speaker, I rise today to speak in recognition of Margaret Parx Hays, a devoted community servant and former Mayor who initiated a drive to restore The Santa Fe Depot in the city of Gainesville, Texas. Margaret is a distinguished native of Gainesville and has devoted considerable energy, drive, and creativity to bringing this project to fruition. Her efforts not only saved an historically significant building but helped make the community aware of an important part of their history.

This particular station, constructed in 1902, was Gainesville's second depot. The city, itself, received its first passenger train on January 2, 1887. The depot is an elegant redbrick building that served the Santa Fe line when it was originally constructed. Without Margaret's devotion to her community, though, the station would have remained an abandoned relic. Now it plays host to many community gatherings.

Mr. Speaker, it is with great thanks and appreciation that I recognize the energy and efforts of Margaret Parx Hayes, who organized the effort to return the Santa Fe Depot in Gainesville, Texas to its original beauty. I have had the pleasure of knowing—and working with Margaret—for many years. This would be a better world, with more kindness and caring, and more success in the healthy growth of a city or area, if we had Margaret Parx Hays in each of our cities. She is, other than being a wonderful person, a great asset to the city of Gainesville—and all who live there who want and expect to have gracious living. Margaret brings this to the table of public service because she cares.

Let us close this House of Representatives on this day, December 18, 2001, in loving respect and eternal gratitude, to this kind, loving and generous woman.

TRIBUTE TO THE HONORABLE MARY ALICE SALIZAR

HON. SOLOMON P. ORTIZ

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. ORTIZ. Mr. Speaker, I rise today to pay tribute to an American patriot, Mary Alice Salizar, who is retiring the end of this turbulent year.

A native of Corpus Christi, Texas, Ms. Salizar has served in the judicial branch of our government since the early 1970s. She spent the early part of her career working for local attorneys and as a court reporter.

She wanted to be part of the federal court system, and in 1973, she became part of the U.S. District Clerk's office. She has been an integral part of the office since then.

Likewise, she has been an integral part of our community, working with children and young people from low-income families and communities through her church. In doing so, she is part of a tradition of doing the most fundamental work Jesus instructed Christians to do: help the poor.

While she intends on spending a great deal of time on her crafts, quilting and others pastimes, she nevertheless intends to continue her tradition of service to community through volunteering at a public school or as a senior Candy Striper at a local hospital.

Mary Alice Salizar is the example for others to follow, both in the course of her life's work and her desire to continue that service by volunteering in the fields of health and education.

She will now also be spending more time with her family, the people who supported her during her service to the community including: her husband Pedro Salizar; their children Mark, Rick and David; and their grandchildren Annaliza and Estevan Marcos.

I ask my colleagues to join me in commending the life's work of Mary Alice Salizar, who has spent the better part of her professional life as part of the federal judicial system.

HONORING THE ENLISTED MEN AND WOMEN OF THE UNITED STATES NAVY

HON. ROB SIMMONS

OF CONNECTICUT

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. SIMMONS. Mr. Speaker, I rise today to announce legislation that I have introduced to request that the Secretary of the Navy name a U.S. Navy warship the ''U.S.S. Bluejacket'' in honor of the courageous Americans who have served as enlisted members in the United States Navy.

My resolution also requests that this vessel bear the hull designation number ''1776'' to reflect the freedom and independence protected and preserved by the millions of enlisted men and women who have proudly served in the United States Navy. Our Navy, as well as for the nation, would be well served to have a ship bearing the hull number 1776.

Mr. Speaker, the Second District of Connecticut, which I have the privilege of representing, has a long and proud Naval and seafaring history, We are home to the ''The First and Finest,'' the Naval Submarine Base New London, homeport to Submarine Squadron Two, Four, and Development Squadron Twelve, the Naval Submarine School, and Naval Submarine Support Facility. Thousands of men and women in my district are part of the ''silent service'' and its support and training structure. They are dedicating their lives, risking their lives everyday in our great Navy. I believe that we should honor their service and sacrifice by naming a ship the ''U.S.S Bluejacket.''

I urge all of my colleagues to join me in this effort to forever honor the bravery, dedication and service of the millions of men and women who have fought to defend this country in our Navy.

Finally, I would like to thank the efforts of Mr. John Thor Newlander of Gales Ferry, Connecticut. Mr. Newlander has served this country in several of our military services, both active and reserve duty, and has worked tirelessly on behalf of our enlisted military personnel and on this resolution. I thank him for his service and his commitment to this worthy endeavor.

INTRODUCTION OF CHILD DEVELOPMENT AND FAMILY EMPLOYMENT ACT OF 2002

HON. GEORGE MILLER

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. GEORGE MILLER of California. Mr. Speaker, I am pleased to join my colleagues Mr. ANDREWS, Mr. OWENS, Mr. MORAN, Mr. HINOJOSA, Ms. LEE, Mr. FRANK, Ms. WOOLSEY, Mr. GREEN, Mr. KILDEE, Ms. MCCOLLUM, Mr. ABERCROMBIE, Mr. MCGOVERN, Ms. DELAURO, and Mr. NADLER in introducing the Child Development and Family Employment Act. This legislation reauthorizes the Child Care and Development Block Grant to better meet the child care and after-school care needs of low-income children and families.

Science conclusively demonstrates that children's experiences in their first 5 years of life have major and lasting effects on learning and academic success. Parents undoubtedly are the most significant and important influence on a child's growth. But with 65% of mothers in the labor force raising children under age 6, child care often provides important secondary influences that also greatly affect a child's development. Child care simply is not just babysitting. Early care is an important early learning period and if parents cannot afford to provide their children with high quality care, it is a missed opportunity to help develop a child's school-readiness. Kindergarten teachers report many of their students begin kindergarten cognitively and behaviorally unprepared to learn. For all our youth to achieve in school, we must ensure that they arrive at kindergarten with the skills needed to succeed in school. To do that, parents need to be able to choose quality child care that meets the needs of their children.

Child care assistance must allow eligible families to meet those needs. Since welfare reform passed in 1996, CCDBG has been a critical work support for many low-income families moving off welfare and many other working poor struggling to remain self-sufficient. Reliable, accessible, and affordable child care is important for families to continue their employment and remain off welfare and for sustaining the economic strength of this country. Poor families who are unable to secure child care assistance pay up to one-third of their income for child care, creating an incredible burden for families struggling to make ends meet and marginalizing the value of going to work or remaining employed. Indeed, families often cite problems with child care as a major reason for leaving employment.

Yet today, CCDBG does not do enough to meet children's developmental needs or parents' employment-related needs. CCDBG only requires states use 4% of its dollars to promote improved quality in child care, an insufficient amount since evaluations indicate that the quality of most care ranges from mediocre to poor. CCDBG also leads to subsidy rates that frequently prohibit parents from choosing or affording child care that meets their children's needs and their own employment needs. Care for infants and toddlers, care for children with special needs, accredited care, non-standard hour care, and quality care in low-income and rural communities can be particularly difficult for parents to choose and afford.

Moreover, CCDBG funding only served 12% of eligible children in 1999. Many states have waiting lists of thousands of families. And though States have use some TANF block grants on child care, budgetary shortfalls and rising welfare caseloads are leading many states to cut their child care and early education budgets at the very time that many parents—who are leaving welfare or struggling to hold Jobs in the recession—desperately need child care services.

My bill will improve CCDBG by strengthening child care quality and resources and providing parents greater freedom to choose the type of care they want and need for their child and their family. This bill increases the quality set-aside from 4% to 16%, creates a competitive grant program for States to improve payment rates to providers, and requires child care providers to have pre-service training in child development. This bill also provides money for states to provide stipends to qualified child care providers to boost training, reduce staff turnover, and attract and retain staff—all key goals in improving child care quality. And this bill allocates additional resources so that CCDBG can be expanded to reach one-third of the families for which it was intended.

In conclusion, Mr. Speaker, until we have a quality and affordable child care program, we will continue to miss the opportunity to maximize the early development of young children and get them ready for learning in school. Child care assistance can make the difference in a child's reaching school age ready to learn, and it can make the difference in a family remaining employed and off welfare. The reauthorization of CCDBG provides Congress with a timely opportunity to achieve this urgent goal and meet our commitment to help meet the needs of low-income children and families. Mr. Speaker, I urge Members of the House to join me and co-sponsor the Child Development and Family Employment Act.

TRIBUTE TO CAROL ELISE BENNETT

HON. TERRY EVERETT

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. EVERETT. Mr. Speaker, with the U.S. House of Representatives set to conclude its work for the First Session of the 107th Congress, I would like to add a final contribution to the RECORD as we close the Congressional history book on 2001.

The last twelve months have been so dramatic in their significance upon this body and the nation that it is easy to overlook the many vital human elements of this institution. I choose to honor one here today.

I rise to pay tribute to a player on the Congressional stage who said farewell to this House of Democracy earlier this year; Carol Elise Bennett. For two decades, Carol has been a part of the lives of those who served our nation in the House and Senate.

In 1981, she began covering the Congress for the Washington-Alabama News Report, dutifully informing her statewide radio audience of the efforts of the Alabama Congressional Delegation. She was the longest-serving of all the press assigned to cover Alabama's congressmen and she always performed her work with professionalism and a particularly keen attention to accuracy.

Carol had good reason to be at home around the spotlight, having received formal training in the theatre at the University of British Columbia followed by acting roles on the stage and in film. However, Carol's work and many interests never kept her from helping others. She served as a volunteer reader for recordings for the blind here in Washington for more than a decade.

Since I came to Congress in 1993, 1 have personally valued my friendship with Carol, and I wish to thank her for her fairness and dedication to pursuing the truth. This institution is a better place because of the hard work of reporters like Carol. I think I can speak for all the Alabama Delegation, both past and present, in wishing Carol Bennett a happy and equally rewarding retirement.

MEDICAL RURAL AMBULANCE SERVICE IMPROVEMENT ACT OF 2001

HON. JOHN P. MURTHA

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. MURTHA. Mr. Speaker, across America, Americans have come to expect and rely on our health care system, especially, emergency ambulance service. All to often, for many of us, our first exposure to health care is the local EMS unit that responds to a call for help. Unfortunately, for millions of Americans living in a rural setting, this cornerstone of medical care is on the verge of collapse.

I, for one, am a strong believer in the importance and the necessity of maintaining a strong effective EMS component within our health care system. The question that we must answer, as we debate health care, is, how prepared do we want and expect our

health care system to be. In an emergency, at that critical moment, the EMS unit is that critical link to our health care system that makes the difference between life and death.

Unfortunately, be it ground or air, EMS for communities throughout America is under enormous financial pressure. For many rural communities, EMS is in jeopardy of collapse. Typically, rural EMS is a small one or two unit service, staffed by volunteers, not affiliated with a hospital or medical facility, that responds to 300 to 500 calls per year within a large radius (37 miles average) who's greatest danger to its existence comes from Medicare. In a growing number of instances, unrealistic and unresponsive Medicare reimbursement fee schedules have done more to erode EMS in America than any other threat to medical care in this country. Because Medicare fees fail to accurately define or reflect the rural medical environment, EMS is facing grave danger of being put out of business by fee schedules that fall to recognize and reflect the actual costs confronting rural ambulance/EMS service.

Therefore, I am introducing the ''Medical Rural Ambulance Service Improvement Act of 2001''. This legislation will increase by 20 percent the payment under the Medicare program for ambulance services furnished to Medicare beneficiaries in rural areas, require CMS to define rural areas on population density by postal zip codes, increase mileage rates for the first 50 miles and require the use of most recent data by CMS in determining payment adjustments.

For rural ambulance and EMS, the majority of their revenue comes from Medicare reimbursements. Yet existing Medicare fee schedules are not accurate, nor do they reflect real-world costs confronting rural services. Due to their low-volume of calls and transfers, rural EMS providers will remain the hardest hit under CMS' fee schedules unless decisive and corrective action takes place now.

Timely and accurate reimbursement and fee schedules for ambulance/EMS services will be critical to seeing that rural America continues to receive emergency medical services. Citing financial loss as the number one contributing factor for services closing down, the ''Medical Rural Ambulance Service Improvement Act of 2001'' will level the playing field for rural EMS.

Good health requires an effective and thorough health care system. We all have something to lose by not putting a halt to the erosion of EMS care in rural America. Therefore I am calling on all Members to join with me and sponsor passage of this important and critical piece of health legislation.

HONORING WILLIAMSON BROTHERS BAR–B–Q, MARIETTA AND CANTON, GEORGIA

HON. BOB BARR

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. BARR of Georgia. Mr. Speaker, the tragic events of the past few months have brought out the best in the hearts of Americans across the nation. Our citizens have reached out their hands, opened their wallets, and given of their time, energy, and compassion in unprecedented ways. Some have traveled thousands of miles and, sacrificed time they could be spending with their own families, in order to take care of another's.

At the same time, corporate and small town businesses alike have also searched for ways to help the victims of the September 11th attacks; to speed along the search and recovery missions, and to lift the spirits of dedicated workers still at the sites today. At this time I would like to highlight one such business from Marietta and Canton, Georgia.

Williamson Brothers Bar-B-Q is a beloved local landmark that came to Georgia from Talladega, Alabama in 1989. Upon watching and learning of the events of September 11th, the restaurant's owners, Larry and Danny Williamson, asked themselves what they could personally do to help. The answer was to load up two U-Haul trucks and drive up enough food to serve 2,000 Pentagon employees and relief workers for a traditional southern feast—the Williamson Brothers Southern Salute. The trucks carried 300 chickens, 300 pounds of barbecued pork, 2,000 hamburgers and hotdogs, 50 gallons each of Brunswick stew, baked beans, and potato salad, and 500 chocolate chip cookies; enough to truly feed a small army.

The feast was a huge success and a tribute to the majesty of the Pentagon and the men and women who serve there. The Williamson brothers are now considering making the Southern Salute an annual event. I would like to acknowledge Williamson Brothers Bar-B-Q, and its employees, for their unparalleled spirit of community and patriotism, and thank them for a job well done.

HONORING HUNTER HALL

HON. BOB SCHAFFER

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. SCHAFFER. Mr. Speaker, it is an honor to rise today to express gratitude and congratulations to one of Colorado's outstanding young citizens, Mr. Hunter Hall, of Greeley, Colorado, who recently traveled to Washington D.C. to sing at the White House.

This is certainly a high honor for him and for Colorado. Hunter, an eighth grader at Brentwood Middle School, performs about 50 times a year with Colorado's Children's Chorale. Hunter Hall is a hard worker and has performed with the highest degree of excellence. Everyone who has been fortunate enough to know Hunter speaks of his deep commitment to performing and the arts. I am glad to say Hunter Hall has been an inspiration not only to other members of the chorale but also to his family and friends.

Hunter and his parents make great sacrifices for him to perform, and his commitment never falters. This is an experience he will look upon with pride. I stand today to honor his persistence and dedication to the performing arts. Hunter Hall has dedicated much of his time to the arts and I hope he will continue to do so in the future. He is truly a fine example for all Americans.

A constituent of Colorado's Fourth Congressional District, Hunter not only makes his community proud, but also of his state and his country. It is a true honor to know such an extraordinary citizen and we owe him a debt of gratitude for his dedication. I ask the House to join me in extending hearty congratulations to Mr. Hunter Hall.

CONFERENCE REPORT ON H.R. 1, NO CHILD LEFT BEHIND ACT OF 2001

SPEECH OF

HON. JAMES R. LANGEVIN

OF RHODE ISLAND

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 13, 2001

Mr. LANGEVIN. Mr. Speaker, I rise today to commend my colleagues Mr. MILLER and Mr. BOEHNER for their hard work in crafting a bipartisan education bill that provides real reform and real investments to make that reform a reality. I am pleased that in the midst of fighting the war of terrorism, we were able to remain focused on our most pressing domestic priority—the education of our children.

This bill tackles the persistent achievement gap between poor and more affluent school districts. Now more than ever education funding will be targeted at the students who need it most. For students in Providence and Cranston, Rhode Island, the revised Title I funding formula will translate into desperately needed books and supplies, bilingual education, more high-quality afterschool programs, and expanded access to technology. In addition, H.R. 1 authorizes critical funding for school construction and modernization. With three-quarters of our schools in disrepair, this need is overwhelming and cannot wait.

H.R. 1 also expands access to teacher quality programs to give teachers better support, mentoring, and salary incentives. The more support we provide to our teachers the more effective they will be in the classroom and—most importantly—the more students will learn.

While I was disappointed that the conferees were not able to work out a compromise on funding for students with disabilities, I am looking forward to working with my colleagues next year to ensure that IDEA receives the investment it deserves. Schools across the country are bleeding from the cost of educating students with special needs. The federal government made a promise to help ease the financial burden of educating these students, and we owe it to our schools and our children to honor that promise. But despite its lack of full funding for IDEA, H.R. 1 is a strong bill, and I am proud to support it.

DAVID GRAUE, ''ALLEY OOP'' CARTOONIST

HON. CHARLES H. TAYLOR

OF NORTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. TAYLOR of North Carolina. Mr. Speaker, America lost a beloved citizen, World War II veteran, artist, and creative talent when David Graue, 75, of Flat Rock, North Carolina, was tragically killed in an early morning traffic accident on December 10th. Dave was a native of Oak Park, Ill., and was a prior resident of Sarasota, Fla., and Brevard before moving to Henderson County in 1987. He was a 1944

graduate of Sarasota High School and trained at the Art Institute of Pittsburgh. He was a U.S. Army Air Corps veteran of World War II.

In 1950, he rejoined V.T. Hamlin, the creator of the comic strip ''Alley Oop,'' whom he had briefly worked with prior to the war. He took over sole production of the cartoon in 1970 and created both the art and continuity for the strip until entering semi-retirement in 1991. Upon retirement he turned his attention to the fine arts and painting, working mostly with oils, and won several awards for his work.

Dave Graue will be dearly missed by his family, friends, members of the community, and countless ''Alley Oop'' fans around the country. Dave will be remembered for the special Christmas cards he sent to all his friends, cards that showcased his artistic talents. His last one commemorated the September 11th terrorist attacks on America.

I know my colleagues join me in expressing sympathy to Dave's family: his loving wife, Eliza B. Graue, sons Jeff and Dan, daughter Karin Dowdy, seven grandchildren: Jordan Dowdy, Griffin Dowdy, Kelen Dowdy, Kristin Graue, Lauren Graue, Shannon Graue and Cian Graue.

HONORING THE LIFE OF MASTER SERGEANT JEFFERSON DONALD DAVIS

HON. WILLIAM L. JENKINS

OF TENNESSEE

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. JENKINS. Mr. Speaker, I rise today to ask the Congress to honor the memory of Master Sgt. Jefferson Donald ''Donnie'' Davis, an American hero.

Master Sgt. Davis was killed in action in Afghanistan on December 5th while participating in Operation Enduring Freedom. He was a member of the Army's 5th Special Forces Group stationed at Fort Campbell, Kentucky.

Yesterday, Master Sgt. Davis was buried with full military honors near his birthplace in Watauga, Tennessee. He had made a career out of the military, serving in Korea, the Middle East during Operation Desert Storm, Somalia, and Afghanistan.

It is the ultimate sacrifice when a soldier dies for his country. We are able to enjoy the freedoms we have today because of men like Master Sgt. Davis and the hundreds of thousands of Americans who have given their lives in the fight for American principles over the past 225 years. Master Sgt. Davis knew the particular risks of being a Green Beret and gladly accepted them. He was aware of the immediate dangers faced by those men, the elite fighting soldiers that this country depends upon in times of crisis. Time and time again, Master Sgt. Davis answered the call of his country, left his family and home, and served with distinction wherever he was sent.

Master Sgt. Davis was a professional soldier, a man who had earned the respect of his fellow soldiers, and he was remembered fondly by all whom had come to know him over the 39 years of his life. He was also remembered locally as the kind of young man that every parent wants his or her son to be like.

I know I speak for the entire Congress when I extend sympathies to Master Sgt. Davis' wife Mi Kyong, his children Cristina and Jesse, his parents Lon and Linda, and the rest of his family and friends who are grieving during this difficult time.

When the terrorists struck our country, our President made the difficult but appropriate decision to respond with our military. Throughout history, in any conflict involving American troops, Tennesseans have volunteered to serve. They have fought and died in every corner of the world to protect freedom. Master Sgt. Davis answered the call of his country, and his death will forever inscribe his name on the roll of heroes who have made the ultimate sacrifice, giving their life in order to protect the lives of others. His efforts should remind us all that the liberties we enjoy do not come without a price. Let us always remember these costs, and always remember Master Sgt. Jefferson Donald Davis.

COMMENDING ST. CHARLES SCHOOL IN LIMA

HON. MICHAEL G. OXLEY

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. OXLEY. Mr. Speaker, I would like to bring to your attention the care and concern that students at St. Charles School in Lima, Ohio are showing for children in Afghanistan.

The students in Lima learned about the desperate condition of Afghanistan's children. Through no fault of their own, the children of this war-ravaged nation are facing a hard winter without many of the basic necessities of life. Their families often must struggle just to find their daily food.

St. Charles School students took the initiative and collected $1000 to donate to the Afghan Children's Fund at the White House. They presented the check to my office during a school assembly. I, in turn, will make sure that the donation is delivered to President George W. Bush.

Since the events of September 11th, the President has said many times that the United States is at war with terrorists—not with the country of Afghanistan, and certainly not with its innocent children. It is my hope that Afghanistan's new government will devote itself to building a peaceful society where children are able to lead normal lives free of war and hunger.

The donation by the students at St. Charles School will bring comfort to needy children a half-world away. I commend them for the generous spirit that they have shown during this season of peace and goodwill.

HONORING THE BARBARA MASHBURN SCHOLARSHIP FUND AND THE BARBARA MASHBURN SCHOLARSHIP SINGERS

HON. JOHN BOOZMAN

OF ARKANSAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. BOOZMAN. Mr. Speaker, I rise today to honor the Barbara Mashburn Scholarship Fund and the Barbara Mashburn Scholarship Singers.

Recently, the Barbara Mashburn Singers gave three very patriotic and festive holiday performances in the Third District of Arkansas. These singers and their foundation have traditionally been special invited guests of the White House in several previous Christmas seasons. However, the events of September 11th and the recent Executive Order closing the White House to public events this Christmas has led the foundation to use their vocal talents back home in Arkansas instead by performing at three different Northwest Arkansas locations to honor the victims of September 11th and our nation.

The Barbara Mashburn Foundation, as the only vocal music scholarship program of its kind in the nation, was formed in 1993 by Dr. James and Barbara Mashburn of Fayetteville. The Foundation, funded entirely through donations, fundraising events, grants and an annual gift by the founders, the Mashburns themselves. Patrons of these events have told me of the excellent job these young people have done in promoting patriotism during this holiday season.

On this day, when we remember the importance of the holidays before us and the resurgence of patriotism in this country, I would like to salute the Barbara Mashburn Singers for their efforts to promote the well-being of our nation. We don't often see individuals with foresight and personal sacrifices as the Mashburns have displayed. They continue to invest their personal time and finances to mentor a new generation of contemporary musicians, vocalists and performers. Each of the Barbara Mashburn Foundation Scholarship students gains much more than a musical scholarship, these students take part in leadership conferences; attend financial seminars and luncheons on manners; prepare and meet budgets and they become goodwill ambassadors through the promotion of their positive lifestyles and the role music can play in everyday life.

Mr. Speaker, I ask my colleagues to join with me today in honoring the great tradition of the Barbara Mashburn Scholarship Foundation and its talented singers. Their usual performance at the White House this Christmas season will certainly be missed. May they soon return to Washington, DC and the White House Christmas celebrations of future years, and may they continue to serve as role models for the young people of America.

INTRODUCTION OF BILL TO CLARIFY TAX TREATMENT OF CERTAIN ENVIRONMENTAL ESCROW ACCOUNTS

HON. AMO HOUGHTON

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. HOUGHTON. Mr. Speaker, I am pleased to join my colleague from California, Mr. BECERRA, together with my colleagues, Mr. BOEHLERT from New York and Mr. COYNE from Pennsylvania, in introducing a bill intended to clarify the tax treatment of certain environmental escrow accounts. The provisions in the bill would encourage prompt and efficient settlements with the Environmental Protection Agency (''EPA'') for the clean-up of hazardous waste sites.

Currently, there is some uncertainty in the tax treatment of certain ''settlement funds''

which are, in effect, controlled by the EPA, in their role of resolving claims under the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (''CERCLA''). This uncertainty may prevent taxpayers from entering into prompt settlements with the EPA for the cleanup of Superfund hazardous waste sites and reduce the ultimate amount of funds available for cleanup of such sites.

Under our bill, if certain conditions are met, the EPA (U.S. government) will be considered the beneficial owner of funds set aside in an environmental settlement fund account. These conditions include the fund being: (1) established pursuant to a consent decree; (2) created for the receipt of settlement payments for the sole purpose of resolving claims under CERCLA; (3) controlled (in terms of expenditures of contributions and earnings thereon) by the government or an agency or instrumentality thereof; and (4) upon termination, disbursed to the government or an agency or instrumentality thereof (e.g., the EPA). If such conditions are met, the EPA will be considered the beneficial owner of the escrow account for tax purposes and the account will not be considered a grantor trust for purposes of Sections 468B, and 671–677 of the Internal Revenue Code.

These escrow accounts, which are established under court consent decrees, are a necessary tool to enable the EPA to carry out its responsibilities and resolve or satisfy claims under CERCLA. Under these types of consent decrees, the EPA should be considered the owner of such funds for Federal tax purposes.

Due to the uncertainty as to the proper Federal income tax treatment of such government-controlled funds, taxpayers may be hesitant to promptly resolve their claims under CERCLA by contributing to the settlement funds. One of the underlying purposes of CERCLA is to ensure prompt and efficient cleanup of Superfund hazardous waste sites. This goal is being frustrated by the existing uncertainty in the tax laws.

The bill resolves these uncertainties and expedites the cleanup of Superfund hazardous waste sites by treating these escrow accounts as being beneficially owned by the U.S. government and not subject to tax. We urge our colleagues to join us in cosponsoring this legislation.

AMONG MY SOUVENIRS

HON. SAM JOHNSON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. SAM JOHNSON of Texas. Mr. Speaker, I submit the following article by Kay Blythe Tracy, Ph.D.:

Americans now are inspired and united by every musical note of ''God Bless America.'' But back in the sixties, we were a nation in discord, singing many different tunes. Rodgers and Hammerstein wrote songs of Camelot, while Pete Seeger asked, ''Where have all the young men gone?''

The story I'm going to tell you today is about what happened to one of those young men. This story began in the sixties, when POW/MIA bracelets were conceived as a way to remember missing or captive American prisoners of war in Southeast Asia. Traditionally, a POW/MIA bracelet is worn until the man named on the bracelet is accounted for, whether it be 30 days or 35 years.

I bought my bracelet in 1970 for $2.50. It has, ''Lt. Col. Samuel Johnson, April 16, 1966'' engraved on it. I wore the bracelet faithfully for many years, but eventually took it off and put it away. But every time I opened my jewelry box, I saw it. And every time I saw it, I was saddened, and I thought of Lt. Col. Johnson, and I said a little prayer.

The bracelet led to my first foray into the wonderful world of e-Bay, the on-line auction service, where I listed it for sale. I thought that anyone who would buy it would treasure it and it would be out of my sight, out of my mind. To my surprise, bidding on the bracelet was brisk.

On the seventh, and final, day of the auction, my husband George asked me if I knew what had happened to Col. Johnson. ''No,'' I replied. ''I never wanted to know.'' But George went to the Internet, and returned with information. Of the more than twenty-five hundred POWs, and the three to six thousand MIAs, only 591 men returned. My brother did not. After spending seven years as a prisoner of war, Sam Johnson did.

I was so happy I cried.

When I contacted Congressman Johnson's office, his aide, McCall Cameron, told me that he and Mrs. Johnson were on vacation with their grandchildren.

Grandchildren! More tears.

Congressman Johnson said he would very much like to have his bracelet. So, I cancelled the e-Bay auction, and today I am returning this souvenir. In the words of Randy Sparks, ''A million tomorrows will all pass away, ere I forget all the joy that is mine today.''

And in my own words, I say to Sam, finally, ''Welcome home.''

To Dr. Tracy, I say, ''Thank you. We will never forget. God bless you.''

COMMEMORATING THE RETIREMENT OF SUE GALBREATH-SLY

HON. MICHAEL M. HONDA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. HONDA. Mr. Speaker, I rise today to recognize the outstanding career of Principal Sue Galbreath-Sly. She is set to retire at the end of this academic year from a long and distinguished life in the field of education. Currently serving in her eighth year as principal of the Julia Baldwin Elementary School, Mrs. Sly, as the students call her, started teaching in 1960. Nearly forty-two years later, Mrs. Sly has served as an educator in three states—Kentucky, Ohio, and California—at both the elementary and secondary levels, in the classroom and as an administrator.

Sue Galbreath-Sly began her career as a teacher in Kentucky in 1960, and the spirit of teaching has remained strong in her to this day. Visiting the principal's office at Baldwin Elementary today, one might wonder if it is a classroom because it is always filled with students seeking Mrs. Sly's guidance and friendship. She successfully presents herself to her students as just another teacher; however, she is anything but ''just another teacher.'' Rather, she is the best kind of teacher, seeing her educational mission as a year-round job—spending weekends chaperoning students to various competitions, fairs, and conferences and recruiting students for summer enrichment programs.

Throughout her long career as an educator, Mrs. Sly has been recognized for her excellence not only by her students, but also by her fellow professionals. She has received numerous awards, both as a teacher and a principal. In fact, just last year, her school won the 2000 California Distinguished School Award, a true testament to her exceptional stewardship.

Not only does Mrs. Sly help develop and educate our youth, but she also works to develop her fellow educators. For example, she currently serves as a mentor for new principals and an advisor to the teacher credentialing program. She is also active in community outreach, expressing her philosophy eloquently: ''We must expand the four walls of our school site and guide children to take advantage of every learning opportunity.'' As a teacher at Baldwin Elementary, my wife, Jeanne, has benefited from Mrs. Sly's holistic approach to education. As a fellow long-time educator myself, I express my deep respect and sincere admiration for Sue Galbreath-Sly and her life's work.

LT. GEN. JOHN M. PICKLER, U.S. ARMY

HON. JOEL HEFLEY

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. HEFLEY. Mr. Speaker, I attended the retirement parade for Lieutenant General John Pickler. It was a sad day for the Army as they were losing one of their best to the retired roles. It was also a sad day for me personally as over the years John and his wife Karen have become close friends. I rise today not; however, to remark on the retirement of a great soldier but to thank him for a lifetime of service to our country.

General Pickler leaves the Army after over 36 years of dedicated service to our Nation and the soldiers that he loves. His biography is distinguished.

Lieutenant General John M. Pickler assumed the duties of the Director of the Army Staff on 17 August 1999.

A native of Chattanooga, Tennessee, General Pickler was graduated from the United States Military Academy, West Point, and commissioned in the Field Artillery on 9 June 1965. He was awarded a Master of Science in Physics from the University of Virginia in 1971.

Prior to assuming duties as the Director of the Army Staff, he served as Chief of Staff, United States Army Forces Command, Fort McPherson, Georgia; Commander, Fort Carson, Colorado and Deputy Commanding General, III Corps; Deputy Commanding General, XVIII Airborne Corps and Fort Bragg, North Carolina; Commanding General of Joint Task Force Six, Fort Bliss, Texas; and Assistant Division Commander (Support), 4th Infantry Division (Mechanized), Fort Carson, Colorado.

General Pickler has held a wide variety of Field Artillery positions from battery through corps, culminating as the Chief of Staff, III Corps Artillery and the Director of Plans, Training and Mobilization, Fort Sill, Oklahoma.

Other key assignments include Instructor and Assistant Professor in the Department of Physics at West Point; Executive Officer to the Director, Defense Nuclear Agency; Commander of 2d Battalion, 81st Field Artillery, 8th Infantry Division (Mechanized) with concurrent duty as Commander of the Idar-Oberstein (Germany) Military Sub-community. Following command, he was assigned as the 8th Infantry Division Inspector General. In 1987, he returned to Germany as Commander, 8th Infantry Division Artillery in Baumholder, and then became the Executive Officer to the Chief of Staff of the Army, Washington, DC, in 1989. In addition to Germany, his overseas assignments include Vietnam and Turkey.

General Pickler is a graduate of both the Command and General Staff College, Fort Leavenworth, Kansas, and also the Army War College with duty as an Advanced Operational Studies Fellow at the Combined Arms Center, Fort Leavenworth. His awards and decorations include the Distinguished Service Medal; the Defense Superior Service Medal with Oak Leaf Clusters; the Legion of Merit with Three Oak Leaf Clusters; the Distinguished Flying Cross; the Bronze Star with ''V'' Device; and the Meritorious Service Medal with Three Oak Leaf Clusters.

General Pickler and his wife, Karen, have one daughter, Nevelyn, and two sons, Andy and Jeff.

General Pickler attended his last parade as a soldier on Monday, 29 October 2001. I am proud to have had the opportunity to attend it and witness the retirement of a friend.

PERSONAL EXPLANATION

HON. BOB RILEY

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. RILEY. Mr. Speaker, I was unavoidably detained for rollcall No. 499, H.R. 3379, to designate the facility of the United States Postal Service located at 375 Carlls Path in Deer Park, New York, as the ''Raymond M. Downey Post Office Building.'' Had I been present I would have voted ''yea.''

I was also unavoidably detained for rollcall No. 500, H.R. 3054, to award congressional gold medals on behalf of the officers, emergency workers, and other employees of the Federal Government and any State or local government, including any interstate governmental entity, who responded to the attacks on the World Trade Center in New York City and perished in the tragic events of September 11, 2001. Had I been present I would have voted ''yea.''

TRIBUTE TO CLIFTON E. ARMSTEAD, OUTGOING CHIEF OF THE WILMINGTON FIRE DEPARTMENT

HON. MICHAEL N. CASTLE

OF DELAWARE

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. CASTLE. Mr. Speaker, it is with great pleasure that I rise today as a member of the Congressional Fire Service Caucus to honor and pay tribute to a leader in the firefighting community—Clifton Armstead outgoing Chief of the Wilmington Fire Department. Clifton Armstead is an outstanding, dedicated and caring Delawarean with an abundance of accomplishments in this field. On behalf of myself and the citizens of the First State, I would like to honor this outstanding individual and extend to him our congratulations on his 36 years in the fire department.

Today, I recognize Clifton Armstead for his long and distinguished career in the Wilmington Fire Department. On January 4th 2002 Mr. Armstead will officially retire from a post that he has held since 2000, but from a fire department that he has been part of for over three decades. He has provided service in a manner that has brought distinction not only to himself but to the entire Wilmington Fire Department.

Family, friends and fellow firefighters can now take a moment to truly appreciate the world of difference Clifton Armstead has brought to the firefighting community. He has served for many years as a member of Engine, Ladder and Rescue Companies as well as the Training Unit. Mr. Armstead was promoted to Lieutenant in 1983 and appointed Deputy Chief of Operations in 1993 where he served for seven years before being appointed Chief of Fire in January of 2000.

Clifton E. Armstead has spent all of his life helping the community of Wilmington and all of Delaware. Mr. Armstead graduated with the Class of 1962 from Wilmington High School. He also attended Delaware Technical and Community College, the National Fire Academy and the Delaware State Fire School. Of particular interest are the many supervisory and management classes that have helped him to become such a successful and important leader to the City of Wilmington.

Mr. Speaker, with his wife Dawn at his side, and his daughter Jaye, the Armstead family proudly and unselfishly contributes every day to the quality of life at home in their community and our entire state.

Mr. Clifton E. Armestead's contributions cannot be commended enough. As he retires from the Wilmington Fire Department we can be sure that his contributions will not end. His commitment to fighting fires and saving lives has earned him a permanent place in Delaware's fire service history.

TRIBUTE TO JAMES K. REES

HON. KEN CALVERT

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. CALVERT. Mr. Speaker, I rise today to pay tribute to a most exceptional California Inland Empire community leader, friend and great American—Mr. James Rees.

Calvin Coolidge, America's 13th President, once said, ''No person was ever honored for what he received; honor has been the reward for what he gave.'' And Jim Rees gave much during his years of military service and banking career.

With true valor and love of country, Mr. Rees voluntarily enlisted in the United States Army in 1942 and became an Officer in 1944. Like many other members of the Greatest Generation he served in World War II in both the European and North African/Middle East theaters. After the war, Jim returned to the United States and in 1948 enlisted in the Air Force. He quickly rose among the ranks and in 1957 achieved the rank of Major. Jim served in both the Korean and Vietnam wars, and in 1968 voluntarily retired as a Lieutenant Colonel. He has been honored with numerous medals ranging from the WWII victory medal to the National Defense Service Medal as well as the Air Force Longevity Service Award with four Oak Leaf Clusters.

After a distinguished career in the Air Force, Mr. Rees established himself in Riverside and went into the banking business. He served the community with the same care and dedication he had served our country. An avid golfer, Jim was instrumental in the revitalization of the March Air Force Base golf course. Jim has also been active in the Strategic Air Command Group of Veterans and has always been proud to call himself a team player.

A love of country can only be matched by a love of family. Mr. Rees has four children, Christine, Susan, Laura, and David, five grandchildren, Amy, Jennifer, Jim, Ian, and Susan and great-grandchild, Samuel who all refer to him as their hero. No greater honor can be bestowed on a man who has selflessly and wholeheartedly served our great nation.

Mr. Speaker, looking back at Jim's life, we see a man dedicated to military service and community—an American whose gifts to the Inland Empire and California led to the betterment of those who have the privilege to come in contact or work with Jim. Honoring him today is the least that we can do for all that he has given over the past 80 years of his life.

RAYMOND M. DOWNEY POST OFFICE BUILDING

SPEECH OF

HON. JAMES T. WALSH

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 18, 2001

Mr. WALSH. Mr. Speaker, as an original cosponsor of H.R. 3379 introduced by Congressman ISRAEL, I also rise in strong support of the Raymond M. Downey Post Office Building Designation Act. This legislation is a small, but fitting, tribute to one of New York City's bravest fire chiefs.

Chief Downey was the most decorated member of the New York City Fire Department and leader of the department's special operations unit. At age 63 with 39 years on the job, Chief Downey was a ''firemen's fireman'' as they say in the fire service. He was a national expert on urban search and rescue and led a team of New York City firefighters who responded to the 1995 Oklahoma City bombing. Chief Downey even testified before a House committee in 1998 on the topic of weapons of mass destruction, sharing his valuable knowledge with our colleagues. He truly defined what is meant by calling New York City firefighters the ''world's bravest.''

As I watched the events of September 11th unfold in my Washington office with my staff, I remember thinking, God be with the firefighters who are going in there to save lives. As a true leader Chief Downey was on the front lines with his personnel directing the rescue efforts. As he had done in the first World

Trade Center bombing in 1993, Chief Downey's efforts saved thousands of lives. Sadly, with 343 of his men, Chief Downey made the ultimate sacrifice on that tragic day.

It is said that a firefighter's first act of heroism is taking the oath to become a firefighter. From there on, the rest is just part of the job. As we recognize Chief Downey today, it is important to remember not only his heroic deeds of September 11th, but his extraordinary firefighting career as well. His wife Rosalie commented, ''He never complimented himself. He always did what he had to do.'' We as a nation are forever grateful for what Chief Downey and his fellow firefighters did on September 11th. We are also grateful for what our nation's firefighters continue to do everyday in this country, saving lives and property. The spirit of Chief Downey will continue to live on through this post office in Deer Park and in the fire service forever.

JESSICA CAROLINE AITON (1983–2001), 2000–01 YOUTH LEADERSHIP COUNCIL REPRESENTATIVE (LOUISIANA NATIONAL RURAL ELECTRIC COOPERATIVE ASSOCIATION)

HON. RICHARD H. BAKER

OF LOUISIANA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. BAKER. Mr. Speaker, Jessica Caroline Aiton of Greenwell Springs, LA died on Monday, December 17, 2001, at the age of 18, following a tragic car accident. Jessica served as the 2000–2001 Youth Leadership Council Representative from her state for the National Rural Electric Cooperative Association. This means that she was one of the best and brightest students from rural America and from Louisiana.

Every year, the National Rural Electric Cooperative Association (NRECA), through its nearly one thousand member cooperatives, hosts the Washington, DC Youth Tour. This program brings 1,300 high school students from across rural America to visit their Nation's Capital to learn about their heritage, and about their electric cooperatives. On average, Louisiana brings 25 students each year. From this group, the state association selects one outstanding individual to be its youth spokesperson for the year and to serve on the NRECA national Youth Leadership Council. Jessica was selected as the representative for the 2000–2001 school year. She was one of just 41 nationally appointed to this honor.

Jessica had been an honor student at Central High School where she graduated third in her class. This past fall, she started her freshman year at LSU. She began as an Accounting major and then changed to Chemical Engineering. Next spring, she had planned to take some political science classes, with an eye toward law school and politics. As she once said of her future in an email to one of her former YLC counselors, ''All I know is that I want to go to law school and eventually become a Senator. That much is clear.'' Jessica was also an active member of the Denham Springs Church of Jesus Christ of Latter-day Saints, loved to run and ride horses, and had just recently joined the College Republicans. With a heart for God, an incredible desire to serve, and the poise, charisma, and dedication rarely seen in a young woman of her age, Jessica was well on her way to being a great Senator. The State of Louisiana, her electric cooperative family, and America will miss her.

As her high school graduating class motto said:

The past is but the beginning of a beginning, and all that is
and has been is but the twilight of the dawn. (H.G. Wells)

May the light of that dawn shine upon Jessica Caroline Aiton forever more.

IN TRIBUTE TO MARILYN HUGHES GASTON, MD

HON. DONNA M. CHRISTENSEN

OF THE VIRGIN ISLANDS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mrs. CHRISTENSEN. Mr. Speaker, after a twenty-five year career in the U.S. Public Health Service, Marilyn Hughes Gaston, MD, Director of the Bureau of Primary Health Care, within the Health Resources and Services Administration, is resigning and making her transition into the private sector.

Dr. Gaston began her career as a physician. She received her medical degree from the University of Cincinnati College of Medicine and completed a residency training in pediatrics. Her work over the years has been marked by staunch advocacy for the betterment of the health status of minorities, women and children. Dr. Gaston is an internationally recognized leader in sickle cell research and her contributions to the field have resulted in significant changes in the way the disease is treated and managed in children.

She is the first African American woman to direct a U.S. Public Health Service Bureau and she commands a primary health care budget that reaches $5 billion. Under her leadership millions of vulnerable and disadvantaged populations nationwide are assured access to quality, culturally and linguistically competent, primary and preventive health care. Along with her numerous other accolades, she is a former Assistant Surgeon General and the second African American woman to reach Rear Admiral, the highest rank in the U.S. Public Health Service.

Recently, Dr. Gaston co-authored ''Prime Time,'' a health and wellness book for African American women in the midyears. She is a phenomenal leader and mentor. Her work has touched the lives of many and her presence in the Public Health Service will be genuinely missed!

NEED FOR ECONOMIC STIMULUS

HON. HILDA L. SOLIS

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Ms. SOLIS. Mr. Speaker, there's been a lot of talk here about the need to get our economy jump-started and about the best way to get that done.

We've heard talk of tax cuts for big business that will eventually trickle down to the rest of America.

We've heard talk of tax breaks for wealthy individuals.

Well, I'm here to tell you that won't work for the community I represent!

Some of the cities in my congressional district are facing unemployment levels as high as nine percent. Nine percent!

People who are being laid off need help now—not in the future.

They need to make sure their unemployment benefits last long enough to help their family make it through the new year.

They need to make sure their health care doesn't disappear, leaving their families in the lurch.

I urge the leadership of this House to do the right thing for American families and pass a real economic stimulus plan which gives hard-working families a real boost!

HONORING EMERGENCY SERVICE WORKERS DURING LOCAL HEROES WEEK

HON. CHET EDWARDS

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. EDWARDS. Mr. Speaker, it is particularly fitting, in the wake of the tragic events of September 11th, 2001 and the courageous and selfless acts of heroism by New York's police, firefighters and rescue workers which were witnessed and acclaimed by the world, that we extend our gratitude to police, fire and emergency service workers in all of America's communities. The citizens of Bell County and Copperas Cove, Texas in my congressional district are honoring these public servants, from November 18–24, during the 10th observance of Local Heroes Week.

This expression of appreciation to our local public safety workers for their service to Central Texas, which has grown every year since its inception in 1992, raises funds from area businesses and organizations to endow scholarships at Central Texas College for their immediate families.

As a community, we owe a special thanks to the police officers, fire fighters and emergency workers we honor and our sincere appreciation to those who organize Local Heroes Week. The recent tragedies at the World Trade Center in New York and at the Pentagon in Arlington, Virginia remind us that every day, in every city and county in the country, these men and women put their lives on the line to protect us from harm.

Mr. Speaker, I ask the Members of the House of Representatives to join me in honoring these local heroes, in Copperas Cove and Bell County, and across the nation. They define the spirit of public service and we are grateful.

TRIBUTE TO ARMY SPECIALIST JONN JOSEPH EDMUNDS

HON. BARBARA CUBIN

OF WYOMING

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mrs. CUBIN. Mr. Speaker, I am honored to represent the great state of Wyoming in this House of Representatives.

Nothing reminds me more clearly of the true nature of that honor than each time I look upon the brave men and women who wear the uniforms of America's armed forces.

I have had the pleasure of meeting many of these young patriots. Other times I see their dedicated faces in newspaper photos back home to announce their achievements.

One such photo that I've viewed for the most tragic of reasons pictures Army Specialist Jonn Joseph Edmunds of Cheyenne, Wyoming.

Jonn Edmunds was one of two Army Rangers killed on Friday, October 19, 2001, in the crash of a helicopter in Pakistan. Jonn and his fellow Ranger were the first American combat-related deaths of our necessary new war.

Look at this young mans portrait and you'll instantly recognize a fierce determination to be a good warrior, a good American, and a good citizen.

The military men and women defending this nation and its magnificent principles in and around Afghanistan have left their homes in little towns and big cities all across our country to serve us all.

Jonn's treasured home was Cheyenne, Wyoming. He belonged to the Future Business Leaders of America, was a Wyoming Boys State delegate, lettered in academics, and played soccer.

He graduated from East High School in 1999 and quickly joined the Army.

He became a Ranger five months later and was based in Fort Benning, Georgia as a member of the 75th Ranger regiment.

Jonn's promising future was accompanied by a sworn, sincere promise to serve . . . a promise this young man would never dream of breaking . . . a promise that led to this tragic loss.

In a paper written for a high school class a few short years ago, Jonn discussed his plans for a long-term Army career. He said, ''I will be contributing to myself as well as for the defense of this country and for the betterment of the world.''

No one should doubt that Jonn Edmunds was ready and willing to join the fight against terrorism and to help seek justice for the evils our nation has endured since the September 11 attacks.

His father Donn told reporters, ''I'm extremely proud of my son. He was doing what he wanted to do.''

I've called Jonn's family to express my grief at their loss. My prayers are with his father Donn and mother Mary, his brother Seth and sister Alyssa, Anne, his wife of less than a year, and his other family members and friends. I pray that the pain of their sorrows will be softened over time by sweet and loving memories.

Despite their terrible loss, Jonn's family has told us all that their support for President Bush and Operation Enduring Freedom remains strong. When I think of Jonn and his family, I am humbled. Every American should be.

And we all should be thankful for this gift of honor and dedication in the name of justice and freedom.

God bless Jonn, his family and friends, and his comrades in arms. And God bless America.

HONORING MARINE CPL. CHRISTOPHER T. CHANDLER

HON. THOMAS G. TANCREDO

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. TANCREDO. Mr. Speaker, I rise today to pay tribute to Marine Cpl. Christopher Chandler—who is without a doubt one of America's finest soldiers who fought in Operation Enduring Freedom.

On Sunday, December 16th, our nation learned that Marine Cpl. Christopher Chandler—of the 1st Light Armored Reconnaissance Battalion, 1st Marine Division—lost his leg in a land mine explosion while guarding explosive-clearing teams at the Kandahar International airport in Afghanistan—his mission—to clear unexploded munitions and mines to help launch international humanitarian efforts and other military operations in the area. Injured with Cpl. Chandler were Sgt. Adrian Aranda and Lance Cpl. Nicholas Sovereign, who suffered serious shrapnel wounds in the explosion.

Chandler, a 21-year-old soldier from Aurora, Colorado, entered the Marine Corp. in June 1998, immediately after graduating from Gateway High School.

Mr. Speaker, I am honored to represent Cpl. Chandler, his parents Kenneth and Rumi, and sister Stephanie in the U.S. House of Representatives. Our nation is forever indebted to Cpl. Chandler for his self-sacrifice and admirable actions taken on Sunday, December 16, 2001—for they will be etched in the memory of America's new war against terrorism and never forgotten.

WARREN HIGH SCHOOL'S TRIUMPHANT SEASON

HON. MIKE ROSS

OF ARKANSAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. ROSS. Mr. Speaker, educating our young people is arguably as important as any issue we deal with not only in the halls of Congress, but also in our everyday lives as parents and as members of our respective communities. Each day, our children learn important lessons in the classroom that will prepare them for the days and years ahead, and we must make sure that they are given the tools they need to compete in the 21st Century.

In addition to work in the classroom, another important aspect of the school experience that can play a valuable role in the academic as well as social development of a young person is athletics, teaching the values of teamwork, leadership, dedication and perseverance. In that spirit, I would like to recognize and congratulate a high school football team in my congressional district that exemplified those qualities, the Warren High School Lumberjacks in Warren, Arkansas, who recently won their school's first AAA Boys High School State Football Championship.

The Lumberjacks captured the championship in a thrilling 45-39 victory over the defending state champion, punctuating a perfect 15 and 0 season. The game was highlighted by a gifted performance by a young man named Reid McKinney, who earned honors as the game's most valuable player. McKinney displayed great talent and leadership exemplary of all his teammates on both sides of the ball, throwing three touchdowns and running for three more, including a fumble recovery for a touchdown that sealed the game.

Their impressive 26-year-old head coach, Bo Hembree, led and inspired his team to perform at a championship level throughout the season. With each game, these young men demonstrated amazing hard work, dedication, and character. I commend the entire team and the coaching staff both collectively and as individuals for a remarkable season, and I applaud Coach Hembree for instilling in his players the characteristics of leaders and champions that they will be able to draw from for the rest of their lives.

These students and their success are a tribute to their parents, their school, and the entire Warren community. Not only the coaches and players, but also the band, cheerleaders, students, teachers, and all those who supported this team can take pride in their role in bringing about this accomplishment. I congratulate Warren High School and the city of Warren as they celebrate this momentous achievement.

A TRIBUTE TO COMMANDER WILLIAM EBBS

HON. JERRY LEWIS

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. LEWIS of California. Mr. Speaker, I rise today to pay tribute to Commander William Ebbs, who provided invaluable service to Congress on national security issues for two years as a congressional liaison in the Office of the Navy's Director of Budget, and who will soon be on the front lines of our nation's defense as commander of a submarine.

Originally from Atlanta, Georgia, CDR Ebbs enlisted in the Navy in May 1976. He completed boot camp at the Naval Training Center, San Diego and attended Nuclear Power Training at the Naval Training Center, Orlando, Florida. At the completion of his qualification as a nuclear propulsion plant operator, he was assigned to USS *Von Steuben* SSBN 632, a Lafayette class fleet ballistic missile submarine. After four strategic patrols on *Von Steuben,* he was detailed in 1979 as a member of the ship's refueling/overhaul crew. It was during this time that CDR Ebbs applied for and was accepted to participate in the Navy Enlisted Commissioning Program. Under this program, CDR Ebbs attended Auburn University and graduated with honors with a bachelor's degree in Electrical Engineering.

Commissioned an Ensign after attending Officer Candidate School in Newport, Rhode Island, CDR Ebbs was designated a submarine officer and assigned to the USS *Key West* SSN 722, then the Navy's newest Los Angeles Class Fast Attack submarine. During this time, the Commander, Submarine Squadron Eight, recognized him as the ''1989 Junior Officer of the Year.''

After a tour in the Manpower division on the Staff of the Commander, Submarine Force, US Atlantic Fleet, he attended the Submarine

Office Advanced Course and was assigned as the Chief Engineer on USS *Atlanta* SSN 712, a Los Angeles class submarine stationed in Norfolk, Virginia.

Following a tour as the submarine special operations officer at the United States Atlantic Command, CDR Ebbs was assigned as Executive Officer of USS *West Virginia* SSGN 736, a Trident class Fleet Ballistic Missile submarine stationed in Kings Bay, Georgia.

In the spring of 1999, CDR Ebbs was assigned to the Office of the Navy's Director of Budget as a Congressional Liaison. During his time as a Congressional Liaison, CDR Ebbs provided invaluable support to me, the Appropriations Committee, and the various Members and personal staff of the Subcommittee on Defense. He displayed a unique ability to explain complex military requirements in the context of an appropriations framework, serving this Committee well and reflecting great credit on the Department of the Navy. CDR Ebbs left the Office of the Navy's Director of Budget earlier this year for a new assignment.

Mr. Speaker, I have the great honor to inform the Members of the Committee and the Congress that on January 11, 2002, CDR William Ebbs will take Command of the Fleet Ballistic Missile Submarine USS *Louisiana* stationed in Kings Bay, Georgia. We thank him, his wife Patricia, and their boys Arthur and Parker, for their years of service and sacrifice. We wish William God's speed and protection.

HONORING DR. THEODORE LORING, M.D., OF HUMBOLDT COUNTY, CALIFORNIA

HON. MIKE THOMPSON

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. THOMPSON of California. Mr. Speaker, I rise today to recognize Dr. Theodore W. Loring of Humboldt County, California, who is being honored with the Distinguished Citizen Award by the Redwood Empire Council of the Boy Scouts of America.

Dr. Loring served his country in the U.S. Army from 1943 to 1948, attaining the rank of Captain. In 1951, he began his obstetrics practice in Eureka, California, and since that time he has delivered over 5,000 babies in the community. He and his wife Ruth have raised four fine sons of their own and enjoy five grandchildren and three great-grandchildren.

Dr. Loring has consistently gone beyond the call of duty to serve his profession. He is the founder and past President of the Humboldt Del Norte Foundation for Medical Care. He has held a variety of offices with the California Medical Society, including Secretary, Councilor, Member of the House of Delegates, Program Planner and Moderator and Chairman of the OB–GYN section. He has served with distinction on the American Medical Association and the Pacific Coast OB–GYN Society. Additionally, Dr. Loring is Chairman and Director Emeritus of the Union Labor Hospital Association Board, and he has served on the Board of Directors of Blue Shield of California and as a Director and Secretary of the Norcal Mutual Insurance Company.

The unparalleled work Dr. Loring accomplished in his professional career is matched by his dedication to service within the community. He has been an active member of numerous organizations including the Rotary Club of Eureka, the Boy Scouts of America, Christ Episcopal Church, KEET Public Television and the Salvation Army. His vision, enthusiasm, and commitment are admired throughout Humboldt County.

Mr. Speaker, it is appropriate at this time that we recognize Theodore W. Loring, M.D. for his leadership and commitment to the well being of the citizens and community of Humboldt County, California.

PERSONAL EXPLANATION

HON. XAVIER BECERRA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. BECERRA. Mr. Speaker, on Tuesday, December 18, 2001, due to business in my District, I was unable to cast my floor vote on rollcall No. 499, on Motion to Suspend the Rules and Pass H.R. 3379, the Raymond M. Downey Post Office Building; and rollcall No. 500 on Motion to Suspend the Rules and Pass H.R. 3054, the True American Heroes Act.

Had I been present, I would have voted ''aye'' on rollcall votes 499 and 500.

JUNIOR SERVICE LEAGUE OF PANAMA CITY, FLORIDA

HON. ALLEN BOYD

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. BOYD. Mr. Speaker, today I rise to recognize and commend the Junior Service League of Panama City, Florida as that group celebrates its 50th anniversary of service to our community. The Junior Service League is a remarkable organization, dedicated to training women for leadership in serving their communities. It is committed to promoting volunteerism, developing the potential of women, and improving the community through the effective action and leadership of trained volunteers. The women of Panama City have certainly demonstrated during the past half century that hard work and good spirits can make a powerful difference in the community that we live in.

The Junior Service League of Panama City was founded on October 12, 1951 and had twenty charter members. The founding members' goals were to foster interest in the social, economic, educational, cultural, and civic conditions of the community; to promote the interest of its members in volunteer service to the community; and to work in harmony with the policies of the Association of Junior Leagues. The group began making a strong impact then, and I am proud to report that their work has not only continued but has intensified since that time. The 2000–2001 League year marks the 50th anniversary of this outstanding organization with over 80 active members and over 200 sustainer members still dedicated to the goals established by its charter members.

The largest yearly project for the League is called Child Service Center through which students that are recognized as needing financial assistance are given new clothing, which is paid for by the League and Target. It is a day of shopping and fun for the children. They are allowed to choose the clothing so that when they put on these new clothes they feel they were a part of the selection and really own the clothes. This obviously helps to foster self-esteem, which is needed with some of these children. With a Fall and Spring Child Service Center, the League was able to clothe 915 students last year. For those not able to attend, the League offered clothing to an additional 199 students.

Volunteer opportunities within the League include: After School Assistance Program (ASAP), Domestic Violence, Kids on the Block (a puppet show used to teach children about domestic violence, handicapped people, or divorce), Teen Court, and Mentorship Program (where a mentor is paired with a student that is not doing well in school). These different volunteer placements change as the needs of the community change.

Mr. Speaker, League members have a strong history as State and community leaders, and I commend the Junior Service League of Panama City for their continuing legacy of service and achievement. I am delighted to congratulate them on its 50th Anniversary and I wish them many more years of successful service to their community.

SUPPORT FOR H.R. 3423

HON. RONNIE SHOWS

OF MISSISSIPPI

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. SHOWS. Mr. Speaker, I am proud to be here, as a member of the House Veterans Affairs Committee to share my strong support for H.R. 3423.

In the days that followed September 11th, the depth of our lost was expressed in the thousands of testimonies of families and friends who lost loved ones in the World Trade Center, Pentagon and plane crash in Pennsylvania. We struggled as a nation to comprehend what had happened and collectively rose to pay tribute to the lives that were ended.

And as stories of these people's lives turned to stories of these people's funerals, we learned of an injustice that had been occurring for years. We learned of Captain Charles Burlingame, the pilot of Flight 77, who served a full reserve career in the Navy. We learned that if he had lived his full God Given life, one not destroyed by terrorist action, he would have been eligible for burial at Arlington National Cemetery—with all the rights and respect from the U.S. Government he had served so proudly. And yet, because his life ended, before he turned 60, he was denied this honor; an honor for which he surely earned up till the last moment of his life. Today we change this.

We respect the sanctity of Arlington Cemetery's grounds and the special honor it offers those who served our nation with distinction. We recognize the limited burial grounds of the cemetery and so deliberated change to their rules with care. Having done this, we determined that service to one's nation, not age of one's life, should be the ultimate criterion for

interment at Arlington. And so, in this bill we move forward in expanding our ability to provide appropriate tribute and reverence to more servicemen who have passed. We eliminate today the age requirement for retired reservists who would otherwise be eligible for in ground burial, and we grant families of reservists who died performing training duty the right to have their loved ones buried at Arlington.

This Holiday season, as we give thanks for our families and the strength of our nation, we recognize more than ever that our veterans are our heroes. They have shaped and sustained our nation with courage, sacrifice and faith. They have earned our respect and deserve our gratitude. Let us join together and do something meaningful by passing this legislation. It is the right thing to do.

PERSONAL EXPLANATION

HON. LORETTA SANCHEZ

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Ms. SANCHEZ. Mr. Speaker, on December 13, 1 was in Washington D.C. conducting official government business. It was my intention to vote on Rollcall No. 498, H. Res. 314, which would have suspended the rules and allowed suspension bills on Wednesday December 19. However, the electronic voting machine did not properly record my vote. I request that the CONGRESSIONAL RECORD reflect that had my vote been properly recorded I would have voted ''nay'' on Rollcall No. 498.

CONFERENCE REPORT ON H.R. 1, NO CHILD LEFT BEHIND ACT OF 2001

SPEECH OF

HON. SILVESTRE REYES

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 13, 2001

Mr. REYES. Mr. Speaker, as Chair of the Congressional Hispanic Caucus (CHC), I am proud to support the Conference Report on H.R. 1, which reauthorizes the Elementary and Secondary Education Act (ESEA). I am pleased that the conferees included most of the CHC's priorities in the final bill, which will now go a long way to reduce the disparities in educational achievement between Hispanic and non-Hispanic children.

The Census Bureau projects that by the year 2030, Hispanic children will represent 25 percent of the total student population, and even the most recent Census figures show that Hispanics are now on pace to become the nation's largest minority sooner than expected. Given these statistics, and the likelihood that many of these students will come from low-income households, the reauthorization of ESEA has been a significant priority for the Hispanic Community. With appropriate funding, many of the programs in H.R. 1 that we helped shape will improve the educational achievement of low-income and limited English proficient children.

I would like to share with my colleagues some of the important provisions affecting Hispanic students in H.R. 1 that the Hispanic Caucus helped develop. And in particular, I would like to thank my colleague, Congressman RUBÉN HINOJOSA, who has worked tirelessly on education issues in his capacity as Chair of the CHC Education Task Force. I do not believe we would be where we are today if it were not for his dedication to expanding academic opportunities.

First of all, bilingual education programs are important to limited English proficiency (LEP) children because they build on native language proficiency to make the transition to all-English academic instruction. Without this foundation, many children will not be prepared to perform to high academic standards.

H.R. 1 sets a ''trigger'' of $650 million at which bilingual education would convert from its current competitive grant structure to a new formula grant, consolidated along with immigrant education. This new formula, accompanied by a significant increase in appropriations, will extend bilingual education to millions of eligible students who currently do not receive bilingual education services.

The Conference Report does not require parental consent before students are placed in bilingual education, even though opponents of bilingual education fought hard for this and included it in the original House version of this bill. Instead, the conference compromise continues to maintain the current ''opt-out'' system, favored by the Hispanic Caucus. Schools will be required to notify parents if their children are placed in bilingual education and parents will be given the information they need to immediately transfer their children to English-only classes, if they want. This system will ensure that LEP students are not deprived of services that will help them succeed academically, while giving parents flexibility and choice.

It is estimated that 50,000 new bilingual education teachers are needed to meet the demands of a growing limited English proficient student population. At our insistence, H.R. 1 now includes a set-aside program for professional development to improve the qualifications of existing teachers and to recruit and train new teachers. The program will authorize two funding sources: one through the federal government and the other through the states.

In an additional boost to improving teacher quality, the Conference Report retains a national clearinghouse for information and data on bilingual education. The compilation and distribution of this data provides important information to educators on how to improve the quality of bilingual education.

Opponents of bilingual education favored placing a three year limit on how long students can be enrolled in bilingual education regardless of what level of English proficiency they reach. The CHC opposed this, recognizing that students entering the educational system at different stages acquire language proficiency at different speeds. The compromise bill gives students the flexibility to remain enrolled in bilingual education as long as is appropriate.

As part of the compromise, the bill requires students to be tested for English reading proficiency after their third year in bilingual education. However, school districts can obtain a waiver on a case-by-case basis to delay the test for two years. The results of the test will have no direct highstakes effects on individual students, but instead will be used to measure a school's progress and hold it accountable. If the school fails to meet performance objectives, it will be required to implement improvements including professional development and curriculum changes. These accountability measures promise to ensure that schools maintain effective bilingual programs.

The second issue area in H.R. 1 that the Hispanic Caucus worked very hard to achieve results in was migrant education. Migrant students have unique educational needs because of their families' need to periodically relocate in order to maintain employment.

The Conference Report expands education services for migrant students by increasing the authorized funding level of migrant education by $30 million, from $380 million to $410 million for fiscal year 2002. While this funding level would fall short of meeting all existing needs, it is a significant step toward reversing the 11 percent decline in dollars spent per migrant pupil over the past two years.

This bill also helps migrant students by improving the way their academic and health records are transferred from one school to another. Although some States have developed and implemented their own student records systems, current failures and interruptions in records transfer result in delays in school enrollment and academic services for migrant students, discrepancies in student placement, and repeat immunizations of migrant children. Under the Conference Committee agreement, the Secretary of Education is directed to assist states in linking existing systems of interstate migrant student records transfer. This will help eliminate two serious problems faced by migrant students: (1) multiple unnecessary vaccinations, which create a serious health hazard, and (2) denial of high school graduation because high school credit records are missing.

Finally, the third issue area addressed by the Conference Report is high school dropout prevention. Addressing the dropout problem during this ESEA reauthorization has been of paramount importance to the CHC. Statistics show the dropout rate for Hispanic students is approximately 30 percent compared to only 10 percent for non-Hispanic white students. For LEP students, the dropout rate is approximately 50 percent. At this rate, the economic and social potential of an entire generation of Americans is at risk.

Students cite a variety of reasons for dropping out, such as the lack of qualified teachers, lowered expectations of minority students' academic potential, classes that fail to challenge them intellectually and the threat of ''tracking.'' Currently, there are a variety of programs which offer only piecemeal and inadequate solutions to the problem. The Conference Report takes a major step towards addressing the Hispanic dropout crisis by launching an innovative dropout prevention program that will comprehensively support proven measures to reduce high school dropout rates in schools predominantly serving low-income students. I would like to express my thanks Senator JEFF BINGAMAN, who introduced the program in the Senate, and all the conferees, for including this dropout prevention program in the final conference report.

In conclusion Mr. Speaker, I believe we are taking a great step for our children and our nation's future by passing this education reform bill. As President John F. Kennedy said, ''Our progress as a nation can be no swifter than our progress in education.'' While we

have more work to do to improve education, let us now appropriate sufficient funds to make the promise of H.R. 1 a reality, and be proud of what we have accomplished for our children's education in this session of Congress.

IN HONOR OF THE STUDENTS OF CANYON CREST ELEMENTARY SCHOOL

HON. CHRIS CANNON

OF UTAH

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. CANNON. Mr. Speaker, many of us have been dramatically affected by the tragic events of September 11th. As we have all learned to cope and express our feelings regarding this tragedy, there have been some shining stars that have risen beyond themselves in an effort to help others. One such group of people is the fifth and sixth grade students of Canyon Crest Elementary School in Provo, Utah.

These wonderful students felt overcome by the events witnessed that day. As the heroes of New York's police and fire departments bravely sacrificed many of their own to save the lives of those trapped in the towers and while many others worked at the Pentagon, these children all wished they could help but felt only helplessness as they watched over 3,100 miles away. As their determination grew to assist in the recovery effort, these children felt that the best way for them to assist was to express their appreciation for the sacrifices of the heroes and their desire to comfort the many who lost loved ones through writing.

Their writings have been compiled in a book titled From the Mountains . . . These touching and heartfelt accounts relate many of the feelings that all of us experienced during the attacks as well as during the weeks following.

Mr. Speaker, today I ask that you and our colleagues join me in honoring the students of Canyon Crest Elementary for their own heroic efforts to help us all to recover and rebuild in this great nation by showing us true patriotism and the meaning of freedom.

FAIR DEBT COLLECTION PRACTICES TECHNICAL AMENDMENT ACT OF 2001

HON. JUDY BIGGERT

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mrs. BIGGERT. Mr. Speaker, I rise to introduce a common-sense technical amendment to the Fair Debt Collection Practices Act. I am pleased that this bipartisan legislation is being cosponsored by my colleagues, Mr. SANDLIN of Texas, Mr. MOORE of Kansas, and CANTOR of Virginia.

For more than two decades, The Fair Debt Collection Practices Act of 1978 has successfully regulated and promoted ethical practices on the part of debt collectors throughout the United States. The Act prohibits abusive or harassing methods of debt collection, and it requires that debt collectors treat consumers fairly.

In 1986, the law was amended to include standards for attorneys who engage in debt collection, and in general, these new rules have worked well to protect consumers. But there is one small provision in the Fair Debt Collection Practices Act that inadvertently has made it more difficult—if not impossible—for an attorney to act as a debt collector and file documents with a court of law.

Under current law, attorneys face a ''Catch-22'' when they file a lawsuit against a debtor, and here's why.

The Fair Debt Collection Practices Act requires the inclusion of a specific warning notice in every document related to the debtor, including those filed with a court. This warning notice makes good sense; it provides the debtor with information about his or her rights and responsibilities.

But the inclusion of the information required by the Act often renders the document noncompliant with the rules of the court. As a result, attorneys are caught between a rock and hard place. They can include the warning on court documents and risk being in violation of the rules of the court, or they can exclude the warning and be in violation of the Fair Debt Collection Practices Act.

Even the agency responsible for enforcement of the Fair Debt Collection Practices Act, the Federal Trade Commission, has repeatedly acknowledged this dilemma. But the FTC cannot fix the problem administratively. The agency has recommended a narrowly tailored technical amendment to remedy the conflict between Federal law and the rules of the court. It is this technical amendment that I offer the House today.

Under my bill, attorneys no longer will be forced to choose between violating the rules of the court or violating the Fair Debt Collection Practices Act. They still will be required to include warning notices on all correspondence with debtors, but they will be allowed to omit the warning notices only on documents presented to the court. This simple and straightforward solution maintains the spirit and the intent of the Fair Debt Collection Practices Act while allowing attorneys to remain in compliance with the law and their professional standards.

I urge my colleagues to support this legislation.

FINAL DECLARATION OF THE CONFERENCE ON FACILITATING THE ENTRY INTO FORCE OF THE COMPREHENSIVE NUCLEAR-TEST-BAN TREATY

HON. EDWARD J. MARKEY

OF MASSACHUSETTS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. MARKEY. Mr. Speaker, I would like to call to my colleagues' attention the Final Declaration of the Conference on Facilitating the Entry into Force of the Comprehensive Nuclear-Test-Ban Treaty (CTBT). The document follows.

ANNEX—CONFERENCE ON FACILITATING THE ENTRY INTO FORCE OF THE COMPREHENSIVE NUCLEAR-TEST-BAN TREATY (NEW YORK, 2001)

FINAL DECLARATION

1. Fully conscious of the responsibilities which we assumed by signing the comprehensive Nuclear-Test-Ban-Treaty, pursuant to article XIV of that Treaty, and recalling the Final Declaration adopted by the Conference, held in Vienna, from 6 to 8 October 1999, we the ratifiers, together with the States Signatories, met in New York from 11 to 13 November 2001 to promote the entry into force of the Treaty at the earliest possible date. We welcomed the presence of representatives of non-signatory States, international organizations and non-governmental organizations.

2. We reaffirmed our strong determination to enhance international peace and security throughout the world and stressed the importance of a universal and internationally and effectively verifiable comprehensive nuclear-test-ban treaty as a major instrument in the field of nuclear disarmament and non-proliferation in all its aspects. We reiterated that the cessation of all nuclear-weapon test explosions and all other nuclear explosions, by constraining the development and qualitative improvement of nuclear weapons and ending the development of advanced new types of nuclear weapons, constitutes an effective measure of nuclear disarmament and non-proliferation in all its aspects and thus a meaningful step in the realization of a systematic process to achieve nuclear disarmament. We therefore renewed our commitment to work for universal ratificaiotn of the Treaty, and its early entry into force as provided for in article XIV.

3. We reviewed the overall progress made since the opening for signature of the Treaty and, in particular, the progress made after the Conference held in Vienna from 6 to 8 October 1999. We noted with appreciation the overwhelming support for the Treaty that has been expressed: the United Nations General Assembly and other multilateral organs have called for signatures and ratifications of the Treaty as soon as possible and have urged all States to remain seized of the issue at the highest political level. We highlighted the importance of the Treaty and its entry into force for the practical steps for systematic and progressive efforts towards nuclear disarmament and non-proliferation, which were identified in 2000 at international forums dealing with nuclear disarmament and non-proliferation. We believe that the cessation of all nuclear-weapon test explosions or any other nuclear explosions will contribute to the accomplishment of those efforts.

4. In accordance with the provisions of article XIV of the Treaty, we examined the extent to which the requirement set out in paragraph 1 had been met and decided by consensus what measures consistent with international law may be undertaken to accelerate the ratification process in order to facilitate the early entry into force of the Treaty.

5. Since the Treaty was adopted by the United Nations General Assembly and opened for signature five years ago, progress has been made in the ratification process. As of today, 162 States have signed and 87 States have deposited their instruments of ratification, an increase of over 70 per cent compared with the number of ratifications at the time of the Conference held in 1999. Of the 44 States listed in Annex 2 to the Treaty whose ratification is required for the entry into force of the Treaty, 41 have signed, and of these, 31 have also ratified the Treaty. A list of those States is provided in the appendix. Progress in ratification has been sustained. We welcomed this as evidence of the strong determination of States not to carry out any nuclear-weapon test explosion or any other nuclear explosion, and to prohibit and prevent any such nuclear explosion at any place under their jurisdiction or control.

6. Despite the progress made and our strong support for the Treaty, we noted with

concern that it has not entered into force five years after its opening for signature. We therefore stressed our determination to strengthen efforts aimed at promoting its entry into force at the earliest possible date in accordance with the provisions of the Treaty.

7. After the opening for signature of the CTBT, nuclear explosions were carried out. The countries concerned subsequently declared that they would not conduct further nuclear explosions and indicated their willingness not to delay the entry into force of the Treaty.

8. In the light of the CTBT and bearing in mind its purpose and objectives, we affirm that the conduct of nuclear-weapon test explosions or any other nuclear explosion constitutes a serious threat to global efforts towards nuclear disarmament and non-proliferation.

9. We call upon all States to maintain a moratorium on nuclear-weapon test explosions or any other nuclear explosions and underline the importance of signature and ratification of the Treaty.

10. We noted with satisfaction the report of the Executive Secretary of the Preparatory Commission for the Comprehensive Nuclear-Test-Ban Treaty Organization (CTBTO) to the Conference on progress made by the Preparatory Commission and its Provisional Technical Secretariat since November 1996 in fulfillment of the requirement to take all necessary measures to ensure the effective establishment of the future CTBTO.

11. In this connection, we welcomed the momentum which has been developed by the Preparatory Commission and its Provisional Technical Secretariat across the Major Programmes of the Commission, as identified by the Executive Secretary in his report. We also welcomed the progress in building the global infrastructure for Treaty verification, including the International Monitoring System, with a view to ensuring that the verification regime shall be capable of meeting the verification requirements of the Treaty at entry into force. We further welcomed the conclusion of a significant number of related agreements and arrangements with States and with international organizations.

12. Convinced of the importance of achieving universal adherence to the Treaty, welcoming the ratifications of all the States that have done so since the 1999 Conference, and stressing in particular the steps required to achieve its early entry into force, as provided for in article XIV of the Treaty, we:

(a) Call upon all States that have not yet signed the Treaty to sign and ratify it as soon as possible and to refrain from acts which would defeat its object and purpose in the meanwhile;

(b) Call upon all States that have signed but not yet ratified the Treaty, in particular those whose ratification is needed for its entry into force, to accelerate their ratification processes with a view to early successful conclusion;

(c) Recall the fact that two States out of three whose ratifications are needed for the Treaty's entry into force but which have not yet signed it have expressed their willingness not to delay the entry into force of the Treaty, and call upon them to sign and ratify it as soon as possible;

(d) Note the fact that one State out of three whose ratifications are needed for the Treaty's entry into force but which have not yet signed it has not expressed its intention towards the Treaty, and call upon this State to sign and ratify it as soon as possible so as to facilitate the entry into force of the Treaty;

(e) Note the ratification by three nuclear-weapon States and call upon the remaining two to accelerate their ratification processes with a view to early successful conclusion;

(f) In pursuit of the early entry into force of the Treaty, undertake ourselves to use all avenues open to us in conformity with international law, to encourage further signature and ratification of the Treaty; and urge all States to sustain the momentum generated by this Conference by continuing to remain seized of the issue at the highest political level;

(g) Agree that ratifying States will select one of their number to promote cooperation to facilitate the early entry into force of the Treaty, through informal consultations with all interested countries; and encourage bilateral, regional and multilateral initiatives aimed at promoting further signatures and ratification;

(h) Urge all States to share legal and technical information and advice in order to facilitate the processes of signature, ratification and implementation by the State concerned, and upon their request. We encourage the Preparatory Commission for the Comprehensive Nuclear-Test-Ban Treaty Organization and the Secretary-General of the United Nations to continue supporting actively these efforts consistent with their respective mandates;

(i) Call upon the Preparatory Commission for the Comprehensive Nuclear-Test-Ban Treaty Organization to continue its international cooperation activities to promote understanding of the Treaty, including by demonstrating the benefits of the application of verification technologies for peaceful purposes in accordance with the provisions of the Treaty, in order to further encourage signature and ratification of the Treaty;

(j) Reiterate the appeal to all relevant sectors of civil society to raise awareness of and support for the objectives of the Treaty, as well as its early entry into force as provided for in article XIV of the Treaty.

13. We reaffirm our commitment to the Treaty's basic obligations and our undertaking to refrain from acts which would defeat the object and purpose of the Treaty pending its entry into force.

14. We remain steadfast in our commitment to pursue the efforts to ensure that the Treaty's verification regime shall be capable of meeting the verification requirements of the Treaty at entry into force, in accordance with the provisions of article IV of the Treaty. In this context, we will continue to provide the support required to enable the Preparatory Commission for the Comprehensive Nuclear-Test-Ban Treaty Organization to complete its tasks in the most efficient and cost-effective way.

15. The Conference addressed the issue of possible future conferences, expressed the determination of its participants to continue working towards entry into force of the Treaty and took note of the provisions contained in paragraph 3 of article XIV of the Treaty.

PERSONAL EXPLANATION

HON. CHARLES A. GONZALEZ

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. GONZALEZ. Mr. Speaker, on rollcall No. 483, 484, 486, 487, 488, 489, 490, 491, 492, 493, 494, 495, 496, 497, 498.

Had I been present, I would have voted 483—yes, 484—yes, 485—yes, 486—yes, 487—no, 488—yes, 489—no, 490—yes, 491—yes, 492—yes, 493—yes, 494—yes, 495—yes, 496—yes, 497—yes, 498—yes.

CASPIAN PIPELINE OPENS

HON. JOE BARTON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. BARTON. Mr. Speaker, I commend to my colleagues the following article:

[From the Washington Times, Dec. 3, 2001]

CASPIAN PIPELINE OPENS

(By Christopher Pala)

ALMATY, KAZAKHSTAN.—The first pipeline built to bring Kazakhstan's oil to world markets was dedicated in Russia last week, four months late and minus the presidents of the two countries through which it passed.

Speeches delivered near the Russian port of Novorossiisk called the 940-mile steel tube a symbol of international cooperation, and that it is indeed: The Russian Federation and American and Russian oil companies have provided most of the $2.6 billion cost, and Russia stands to earn $20 billion over the 40-year life of the pipeline.

But the pipeline is also:

The first step to Kazakhstan's ambitious plan to deliver 3 million barrels a day in 15 years to world markets and become one of the top three oil exporters in the world.

A mutibillion-dollar bet by Chevron Corp. in 1993 that is now set to pay off handsomely.

An example of the difficulty of doing business in Russia.

Proof that with perseverance, it can be done.

The pipeline, built by the 11-member Caspian Pipeline Consortium, known as CPC, starts on the desert shores of the northeast Caspian Sea at Tengiz, Kazakhstan, the world's sixth-largest oil field.

The longest 40-inch pipe in the world then curls around the Caspian before striking west across the broad plains north of the Caucasus range and ends at a tanker terminal 10 miles west of Novorossiisk.

When completed, at a final cost of $4 billion, it will be able to carry up to 1.3 million barrels per day (bpd), more then double its initial capacity.

PEAK A DECADE OFF

Output at the Tengiz field, now 270,000 bpd, is not expected to rise to a peak of 700,000 bpd until the end of the decade, said Tom Winterton, head of the Tengizchevroil consortium exploiting the field.

Thus, the pipe has plenty of room for oil from other fields—and there lies one of the major disputes that have delayed the opening.

When Chevron took over Tengiz from its post-Soviet managers, it created one consortium for the oil field and a second one to build a pipeline to the Black Sea.

For the first few years, Tengizchevroil, in which Chevron owns 50 percent, diligently overcame such obstacles as the extreme depth of the reservoir (2½ miles below the surface), its high content of poisonous sulfur dioxide and the high pressure at which the oil was flowing. Production steadily climbed from 25,000 bpd and the jinx that gave Tengiz the longest uncontrolled blowout in soviet history was overcome.

But in those years, the pipeline consortium got strictly nowhere in its efforts to persuade Russia and its pipeline monopoly Transneft to allow an outlet through Russia to the Black Sea.

It was not until 1996 that two newly created Russian oil giants, Lukoil and Rosneft, bought into the consortium while the Russian government took a 24 percent share. Then things started moving.

Construction took less than three years.

Transneft Director Semyon Vainshtock tried to fight a rear-guard battle, insisting that what was bad for Transneft was bad for Russia, but the pipeline consortium, headed by Russian Sergei Gnatchenko and assisted by Chevron's Fred Nelson, the consortium's deputy general director for projects, argued that Russia stood to gain from the added production in a non-zero-sum game.

That was just the beginning.

ROCKY ROAD SO FAR

''We had to go through five Russian local governments,'' Mr. Nelson said recently. ''It wasn't always easy.''

Twice, customs disputes halted the flow of the oil at the Russia-Kazakhstan border.

This year, the biggest dispute among CPC members turned ugly and public when it derailed the opening ceremony that had been scheduled for Aug. 6 with the Russian and Kazakh presidents in attendance.

Tengiz oil, until the pipeline was built, was exported entirely through Russia and mostly by rail.

Part of its highly prized light ''sweet'' crude (which sells for up to a dollar a barrel more than Brent, the benchmark crude oil) was mixed along the way with less desirable Russian crudes to make ''Urals Blend,'' which trades at nearly a dollar below Brent.

''The Russians got a free ride for years,'' said a diplomat familiar with the situation.

But for the pipeline, Chevron insisted on instituting what is called a quality bank—a system penalizing those who would add low-quality crude to the mostly Tengiz CPC Blend.

Quality banks are used in most places in the world where low- and high-quality crude oils are blended in pipelines, but the Russian partners relented only three days before the planned inauguration date, which was to coincide with the loading of the first tanker. The ceremony already had been canceled.

Then, the port authority of Novorossiisk extended its jurisdiction to the deserted piece of coast where holding tanks are buried near the end of the pipeline. There is no port: floating hoses are used to fill tankers moored offshore.

The move allowed the port authorities to demand a hefty port tax. Negotiations caused further delays. Eventually, said oil analyst Ivan Mazalov at Troika Dialog in Moscow, ''They were bargained down quite a bit.''

Other delays pushed back the date of the loading of the first tanker to Oct 13.

By the time all the difficulties were ironed out, five fully loaded tankers had weighed anchor and sailed over the Black Sea to the Bosphorus Strait, across the Sea of Marmara, through the Dardanelles to the Mediterranean Sea, and on to refineries in Europe.

A sixth one was loading when the ceremony took place.

CHEVRON GAMBLED, WON

While Russia and the United States ended up represented by deputy ministers, Chevron-Texaco sent Chairman David O'Reilly and the incoming and outgoing vice chairmen of the world's fourth-largest oil company.

That was not surprising: Both the pipeline and the giant oil field it serves are Chevron's babies, multibillion-dollar gambles that finally are paying off. As the foreign biggest investment in the former Soviet Union, oil field and pipeline are testimony that with perseverance, Westerners and Russians can work together.

''CPC is a bellwether project for successful international cooperation,'' Mr. O'Reilly reportedly said at the ceremony. ''It demonstrates the confidence the international business community has to invest in Russia and Kazakhstan.''

But if Russia, Kazakhstan and world consumers can join Chevron in rejoicing at the pipeline's completion, Turkey has exhibited mostly concern.

The extra tankers carrying Tengiz oil, which eventually will number three a week, will further clog the Bosphorus Strait that bisects Istanbul and increase the chances that the city of 12 million people some day will have to cope with a major oil spill or even a fire.

But turkey is committed to upholding the 1936 Montreux Agreement and, barring a catastrophe, Caspian oil will be able to navigate the strait to reach European markets for the foreseeable future, analysts say.

UNDERPINNINGS OF ADMINISTRATIONS' BUDGET NO LONGER HOLD

HON. JOHN M. SPRATT, JR.

OF SOUTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. SPRATT. Mr. Speaker, President Bush claims that his administration has ''brought sorely needed fiscal discipline to Washington.'' The same day, his budget director warns us not to expect another surplus until 2005, after the president's first term is over. If this is fiscal discipline, it has an odd bottom line.

President Bush took office with an advantage no president in recent times has enjoyed: a budget in surplus. Ten days after his inaugural, the Congressional Budget Office projected a surplus of $313 billion in fiscal 2002, and over ten years, a cumulative surplus of $5.6 trillion. More than half of that has vanished. The Director of the Office of Management and Budget, Mitchell Daniels, blames the economy, extra spending, the fight against terrorism—everything but tax cuts.

Last month, economists on the House and Senate Budget Committees updated their estimates of the economy and budget. Their analysis is as close as you can get to a consensus on where we stand now. They show that over ten years the tax cut takes a toll of $1.7 trillion on the budget and accounts for 55 percent of the depletion in the surplus. Spending related to the war on terrorism, initiated after September 11, takes another 11 percent. Other spending increases take 11 percent, and of that, the President's request for defense constitutes two-thirds. The remaining 23 percent is due to the economy.

The economy is a major factor over the next two years. But as the economy recover, its drain on the budget tapers off. The President's tax cuts get bigger.

Budget Committee estimates show a remaining surplus over ten years of $2.6 trillion, but virtually all comes from the Social Security Trust Fund, which everyone has sworn not to touch; and most of that is concentrated in future years where the outlook is very uncertain. When the President submits next year's budget in February, an updated forecast of the economy will come with it, and the $2.6 trillion surplus will surely shrink again. Mr. Daniels no doubt had that forecast in hand when he warned of the vanishing surplus.

The Budget Committee estimates were put together as part of a bipartisan search for common ground. Leaders on Budget, Finance, and Ways and Means met to settle on policies to stimulate the economy. We settled instead for a statement of principles. We agreed that stimulus was needed but that it should be short-lived, to avoid converting a cyclical downswing into a structural deficit. We wanted the budget to recover as the economy recovers. The stimulus bill reported by Ways and Means forsook these principles and proposed more permanent tax cuts, with revenue losses continuing long after the recession ends.

More than half of the surplus is gone, and the plan to save the Social Security surpluses and buy back government bonds is in grave doubt. But the administration seems to find no lesson in these results. On the same day Mr. Daniels made his gloomy prediction, the White House renewed discussions on a stimulus plan, and afterwards told the media that repeal of the corporate alternative minimum tax had to be part of any stimulus plan the President signed. In the short run, this will not help the economy; in the long run, it will not help the budget. In all events, it begs the question: How will we pay for the war on terrorism, for homeland defense, for reinsurance of terrorist damages, for victims' compensation, and for that matter, for the baby boomers' retirement?

No one is blaming the administration for the recession, but it can be faulted for ignoring the clouds and betting the budget on a blue-sky forecast. We warned that its budget had no margin for error if the projections it was based upon failed to pan out. We warned that the tax cuts left little room for other priorities, like Medicare drug coverage or the solvency of Social Security. The administration acted as if we could have it all. Now that it's clear we can't, it seems as unwilling as ever to recast its budget. This is not fiscal discipline; this fiscal denial.

If the administration wants to put the economy and the budget back on path, it has to heed the lessons of the last ten months and acknowledge that the underpinnings of its budget no longer hold.

MARSHALL UNIVERSITY MARTIN LUTHER KING DAY OF SERVICE GRANT

HON. NICK J. RAHALL II

OF WEST VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. RAHALL. Mr. Speaker, the Rev. Martin Luther King Jr., once declared. ''A nation or civilization that continues to produce soft-minded men purchases its own spiritual death on the installment plan.'' Dr. King devoted his life to improving the minds—and the hearts and souls—of all Americans. That work continues today at Marshall University.

For the fourth time in five years, the Corporation of National Service has awarded Marshall the Martin Luther King Day of Service Grant. It testifies to the energy and efficacy of their efforts. Their work endows children and adults of all creeds and races with a sense of social justice and a commitment of civil rights.

Their January celebration of Dr. King's life and legacy epitomizes the purpose of this national holiday embodies his belief in public service. But just as Dr. King's teaching was not bounded by the walls of his church, Marshall's work in his spirit is not restricted to only

one special day. In the upcoming year, for example, Marshall will sponsor a Youth Leadership and Development Program, an Investment in Youth Leadership Forum, and a Mentor Literacy Program, all supported by the CNS grant.

Marshall's is a program that should be honored by all who value Dr. King's message and by any who strive to transmit it to future generations.

SALUTE TO MARTIN HARDY OF GLENDALE, ARIZONA

HON. BARBARA LEE

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Ms. LEE. Mr. Speaker, I rise today to salute Martin Hardy of Glendale, Arizona, who began his career with the FAA in 1971, as an Air Traffic Controller at Sky Harbor Airport in Phoenix, Arizona.

With over 30 years of air traffic experience in the Phoenix and Los Angeles areas, Martin has served in a variety of capacities, including Air Traffic Controller (Sky Harbor & Burbank Airports); Operational Supervisor (Burbank TRACON/ Tower & Phoenix Approach Control Facility); Assistant Training Manager (Phoenix Approach Control Facility); Assistant Air Traffic Manager (Phoenix TRACON, Phoenix Tower, Phoenix TRACON and Tower); Air Traffic Manager (Tucson TRACON & Phoenix Tower); and Staff Specialist (National Headquarters—Washington, DC, and Regional Headquarters—Los Angeles, CA). He has remained in a supervisory or management role since 1984 and has been committed to providing safe air traffic service to the nation.

Throughout the past 10 years, Martin has been involved in all stages of change and progress during the tremendous growth period in the Phoenix region. He established exceptional working relationships with many airline representatives in the industry and has remained involved in the coordination of air traffic control procedures for the third runway and north runway construction projects at Sky Harbor Airport.

Martin's extensive knowledge of the Intergovernmental Agreement between the cities of Phoenix and Tempe has allowed him to work closely with the City of Phoenix and with the community in mitigating the noise concerns around Sky Harbor Airport. He has represented the FAA on the following state and local committees: City of Phoenix Sky Harbor Part 150 Study; City of Peoria Airport Master Plan Advisory Committee; State of Arizona Committee for the Preservation of Military Airports; Maricopa Association of Governments; Williams Gateway Airport Part 150 Study; and Phoenix Airspace user Workgroup (PAUWG). He has also served as a member of NBCFAE (National Black Coalition of Federal Aviation Employees).

Martin attended San Fernando Valley State College in San Fernando, CA. Throughout his career he has completed a multitude of courses at the FAA Center for Management Development, Palm Coast, Florida. He is a native of Eunice, Louisiana, he and his wife, Beverly, of 31 years, reside in Glendale, AZ. They are the proud parents of 3 children—Nicole, Nichelle and Martin II.

Martin is retiring from his current position of Assistant Air Traffic Manager at the FAA Terminal Radar Approach Control (TRACON) facility located at Sky Harbor Airport, where he has directed a staff of approximately 80 personnel, and maintained responsibility for the radar operations, procedures, automation, and administrative functions of the facility for the past 3 years.

I applaud his great achievements and hard work during his noteworthy career. FAA employees have long guarded the safety and security of our airways, and Martin Hardy has had an exemplary career in serving his country in this way. Congratulations on your retirement and best wishes as you enter a new chapter in your life.

IN RECOGNITION OF ''CAMP UNITY'' DISTRICT OF COLUMBIA VOLUNTEERS AT PENTAGON CRASH SITE

HON. ELEANOR HOLMES NORTON

OF THE DISTRICT OF COLUMBIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Ms. NORTON. Mr. Speaker, I would like to call attention to the efforts of ''Camp Unity,'' the group of business people and other residents from the District of Columbia, who provided on-site support for relief and rescue workers at the Pentagon crash site following the terrorist attacks on September 11, 2001. Led by Advisory Board Commission 8D Chair, Robin Denise Ijames, the volunteers of Camp Unity offered a variety of services, including meals, chiropractic therapy, and haircuts to hundreds of workers who came from all over the country to assist in rescue and recovery efforts at the Pentagon.

Through September 28th, Camp Unity maintained a tent at what came to be known as ''Comfort City,'' a collection of tents organized to aid emergency medical staff, federal law enforcement officials, police and fire officials, Red Cross volunteers, and countless others assigned to the crash site. Indeed, the District residents at Camp Unity extended great comfort to these workers, many of whom were separated from their families for many days. The services of Camp Unity volunteers proved so essential that they were officially deemed part of the D.C. Fire and Rescue team for the two weeks they spent at the Pentagon.

Mr. Speaker, the District of Columbia takes particular pride in the work of the volunteers of Camp Unity. I ask the House also to join me in recognizing the charitable and patriotic response of these District residents to the tragedy of September 11th.

IN HONOR OF THE LATE BISHOP WILLIE B. McNEIL

HON. EDOLPHUS TOWNS

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. TOWNS. Mr. Speaker, I rise in honor of a very special man of God who has recently left us, Bishop Willie B. McNeil.

After a rich and full life serving his community, his church, and his God, Bishop Willie B. McNeil passed away on December 11, 2001. He was born September 10, 1919, the second of nine children to the late John and Mary McNeil in Pritchard, Alabama. He completed his early education at the St. James Catholic School. His formal education came from the ''Knee College'', where he graduated from ''the old man to the new man''. In 1944, he met and began a courtship with Dora James. On February 18, 1945 they were married and had seven children.

Bishop McNeil was saved and received the gift of the Holy Ghost at the Old Holiness Church in Pritchard, Alabama. He later moved to New york and God found favor with him and called him to the ministry of the Apostolic Faith. He became Assistant Pastor of the Old Truth Church of the Lord Jesus Christ, in Brooklyn, NY, where the late Elder D. Freeman was Pastor.

In 1963, Bishop McNeil established his own church, The House of the Lord and Savior Jesus Christ of the Apostolic Faith. He later changed the name of that church to Holy Cross Remnant Church of Jesus of the Apostolic Faith.

For 54 years, Bishop W.B. McNeil has been and continues to be a source of wisdom and inspiration. Through his teaching and preaching about God, Bishop McNeil inspired Pastor Clarence Keaton, who loved him like a father; the Bishop became the grandfather of the True Worship Church Worldwide Ministries.

Left to cherish his memory are his loving wife, Mother Dora McNeil, and his seven children, Catherine McNeil, Frances McNeil, Willie McNeil, Jr., Anthony McNeil, Michael McNeil, Crystal McNeil, Stephen McNeil and his spiritual son, Rev. Dr. Clarence Keaton. Preceding him in death were two brothers, the late Rufus McNeil, the late Melvin McNeil, and two sisters, the late Mable Peterson and the late Catherine Richardson. He is also mourned by one of his brothers, John McNeil, and two sisters, Dorothy Pease and Mattie Reed as well as a host of grandchildren, nieces, nephews and his church family, and all the members of the Holy Cross Remnant Church of Jesus of the Apostolic Faith.

The late Bishop McNeil is one of the greatest servants that God has placed on this earth and will truly be missed. As such his family is more than worthy of receiving this recognition today and I urge my colleagues to join me in honoring the life of this truly remarkable man of God.

KAZAKHSTAN'S DICTATOR UNDERMINES U.S. INTERESTS

HON. DANA ROHRABACHER

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. ROHRABACHER Mr. Speaker, I understand that the corrupt and repressive dictator of oil-rich Kazakhstan, Nursultan Nazarbayev, plans to visit Washington soon. He is looking for a White House Good Housekeeping Seal of Approval and a consequent dampening of the Administration's criticism of the Nazarbayev regime's deplorable human rights record. He thinks that his vague offers of assistance in the war against terrorism will tilt U.S. policy concerning such repression and corruption as is found in Kazakhstan. That

would be a tragic mistake. We cannot permit the war against terrorism to be manipulated into an affirmation of the status quo in countries that are ruled by tyrants. In the long run, that would pit the United States against those struggling for honest and democratic government, which would lose whatever goodwill our country has in this world.

Nazarbayev, as with his fellow dictators in other former Soviet republics of Central Asia, assumed the title of president through sham elections. He is so repressive and corrupt that his regime will eventually collapse of its own weight. Islamic extremists—already active in the area—as well as China, will be scrambling to pick up the pieces when these gangster regimes fall apart. But we need not let that dismal scenario come to be. Now is the time to press Nazarbayev, as well as other Central Asian strongmen, to hold early free and fair elections monitored by international observers. If he needs to save face, Nazarbayev could simply confirm the many rumors that he plans to step down and retire to one of the countries where he stashed his ill-gotten financial gains.

Of course the Nazarbayev regime, like other human rights abusers, threaten more than their own people. Moscow's Centre TV on February 17, 2001, accused the Nazarbayev regime of illegally selling weapons, like advanced Russian-made S–300 air defense system and heavy tanks, to rogue regions. The United States has had many run-ins with the Nazarbayev regime over arms sales. Early last year, for example, Kazakhstan sold forty MIG fighters to North Korea. And on June 4, 1997, the Washington Times reported that the U.S. had protested plans by Kazakhstan to sell advanced air defense missiles to Iran. This pattern of weapons trafficking must stop. Clearly, this is a policy endorsed by Nazarbayev himself.

Finally, on September 14, 2001, the Swiss Federal Department of Justice made available to the U.S. Department of Justice the findings of a lengthy investigation of corruption involving President Nursultan Nazarbayev of Kazakhstan. These issues raised by this report needs to be addressed. What we have here is a regime condemned by leading human rights organizations, that has trafficked in arms with the dregs of the world, that has been ambiguous in its support of the war on terrorism, and is under investigation for corruption by both Swiss and U.S law enforcement agencies.

Maybe our message to Mr. Nazarbayev is that it is time for him to go. At the very least, he should not be allowed to leave Washington thinking that the U.S. will acquiesce to the status quo in exchange for platitudes about joining us in the war against terrorism. Kazakhstan is a country rich in natural resources. Its people should be enjoying prosperity, peace and yes, freedom. Instead, the iron grip of despotism is strangling the democratic alternative, and with it the hopes of economic progress for the country as a whole.

Let us be on the side of the people of countries like Kazakhstan. Let us use our influence with those in power in such repressed socieities to show them a graceful way of exiting power, rather than giving them, and their repressed populations, the mistaken notion that we are the friends of such corrupt and tyrannical regimes.

TRAGEDY THAT HIT AMERICA

HON. JAMES A. TRAFICANT, JR.

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. TRAFICANT. Mr. Speaker, the events of September 11, 2001 in New York, Washington, and Pennsylvania have struck the hearts and minds of Americans everywhere. I am especially touched by the thoughts of the young people who are the future of this great nation. Shanleigh Hart is a 6th grade student in Miss Shiver's class at Southeast School in Salem, Ohio, and she has written a poem remembering ''The Tragedy That Hit America''. Shanleigh's words are inspiring and should all make us proud to be Americans.

TRAGEDY THAT HIT AMERICA

A threat to America
Brave Country
Count on us
Depend on our army
Extreme explosions
Foreign countries deny
Greatly upset
Hope shines through
Interviewing all over
Just not fair
Killing
Learning to work together
Maybe there will be a war
Never will be forgotten
Obviously not expected
Prepare for war
Quietly they did it
Respectfully we work
Sad as can be
Terrifying
Unfair to us
Very disrespectful
World War three
Extremely unbelievable
Young and old
Zealous people

In memory of all the victims and their families, we are not letting this one go! We are America.

CHAMORRO FIREFIGHTER ASSISTS IN PENTAGON RESCUE OPERATIONS

HON. ROBERT A. UNDERWOOD

OF GUAM

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. UNDERWOOD. Mr. Speaker, as the Nation is undergoing the recovery process from the terror and destruction brought about by the September 11 attack on America, I would like to take this opportunity to share the experiences of a former resident of Guam who was called upon to assist in the rescue efforts at the Pentagon.

Born and raised on the island of Guam, Mark Anderson moved to the state of Virginia in 1999 to pursue his dream to become a firefighter. Having been employed by the Fairfax County Fire and Rescue Department for the past couple of years, Mark and his colleagues were called to respond to the Pentagon attack that fateful day. Mark assisted in fighting fires, locating survivors and recovering bodies—working 10 grueling hours without any breaks.

The image of charred rubble and scorched equipment all over the site of the crash will remain with Mark for years to come. To describe the magnitude of the destruction, he conveyed a scene of embers, ashes and heaps of office equipment strewn all over the place. While performing his duties that day, Mark confessed to having been concerned for his own and his colleagues' safety particularly since they were informed that another hijacked plane may be heading for Washington, DC. His duty, however, dictated that he push and attend to the task at hand. This, he did without any hesitation.

Although Mark's fire company was on the site for only 1 day, they were placed on a ''call back'' status for several days afterward. If given the chance to do it over again, Mark says that he would have no hesitation in doing his part once more. Attention and honors have been heaped upon him and his colleagues for their performance but Mark feels that he only did what was expected and required of him. He is grateful for having been given the chance to actively take part of an effort that will forever be remembered in history.

The tragedy of September 11 has touched every aspect of American society. Although located half a world away, the people of Guam have felt the effects and have made contributions towards our Nation's efforts to recover from the effects of these attacks. Individuals such as Mark Anderson exemplify the best of our island and I am proud of his patriotism and call to duty exhibited on September 11.

Mr. Speaker, I commend Mark Anderson and his colleagues for their contributions. We realize the value of their service and commitments. By working together as these people have, we will be able to overcome any adversity that comes our way.

A SPECIAL TRIBUTE TO MR. MICHAEL ANTHONY GRANDILLO ON HIS RETIREMENT AS PRESIDENT OF THE TIFFIN CITY COUNCIL

HON. PAUL E. GILLMOR

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. GILLMOR. Mr. Speaker, it is with great pride that I rise today to recognize a great man who has dedicated much of his life to his community. At the end of the year, Mr. Michael Anthony Grandillo will retire as President of the Tiffin City Council. For the past 14 years, he has served as Councilman of the 4th Ward of the City of Tiffin in the Fifth Congressional District of Ohio.

Mike has had a long and distinguished career on the Tiffin City Council. He was appointed to the seat in 1985 and was re-elected to every four-year term since then. He served as Chairman of the Parks and Recreation Committee when the city of Tiffin experienced tremendous growth. He was also Chairman of the Law and Community Planning Committee who has oversight responsibility for economic development in Tiffin. Under his leadership, Tiffin recognized as having one of the top three municipal economic development programs in the State of Ohio.

His dedicated service to this community does not stop with the Tiffin City Council. He is currently Secretary and Director of the Friedman Village, a non-profit corporation which developed and manages an 18 acre assisted and independent living facility. He is an

Executive Committee Member of the Independent College Advancement Associates of Ohio and Director of the Ohio Northern University Alumni Board. In addition to his education affiliations, he is a member of Elks International, the Knights of Columbus, Kiwanis Club of Tiffin, Ducks Unlimited of Seneca County, and the Media Institute, a National Italian-American Foundation.

Mike continues today to serve his community. In addition to his post as Vice President of Development of Tiffin University, he serves as Director of the Tiffin Area Chamber of Commerce, Director of the Seneca County Industrial Economic Development Corporation, and Chairman of the Revolving Loan Committee for Tiffin that develops the City's infrastructure to encourage business growth.

Mr. Speaker, I ask my colleagues of the 107th Congress to join me in saluting Mike for his years of service to the Tiffin community. I want to wish my friend, his wife Nancy, and their two children, Vincent and Gina, all the best in their future endeavors.

HOMESTAKE MINE CONVEYANCE ACT OF 2001

SPEECH OF

HON. JAMES V. HANSEN

OF UTAH

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 18, 2001

Mr. HANSON. Mr. Speaker, the Committees on Transportation and Infrastructure and Energy and Commerce also have a jurisdictional interest in S. 1389, and it is with the cooperation of Chairman Don Young and Chairman Bill Tauzin that the bill was considered in such an expeditiously fashion by the House of Representatives. I have letters reflecting this jurisdictional understanding between our three Committees regarding H.R. 3299, a nearly identical bill, and I ask that they be placed in the RECORD at the appropriate place during debate on S. 1389.

HOUSE OF REPRESENTATIVES,
COMMITTEE ON RESOURCES,
Washington, DC, December 18, 2001.

The Hon. DON YOUNG,
Chairman, Committee on Transportation and Infrastructure, Rayburn House Office Building, Washington, DC.

DEAR CHAIRMAN YOUNG: I am writing to request that the Committee on Transportation and Infrastructure waive its right to seek a sequential referral of H.R. 3299, a bill introduced by Mr. Thune regarding the disposition of the Homestake Gold Mine in South Dakota.

While the Committee on Resources received sole jurisdiction of this bill upon its introduction, the Committee on Transportation and Infrastructure would receive a sequential referral upon passage because of certain provisions in the text.

I acknowledge that your waiver of this right to a sequential referral does not waive the rights of the Committee on Transportation and Infrastructure in the future on similar legislation. Further, I would recognize the right of the Committee on Transportation and Infrastructure to seek conferees on any provisions of H.R. 3299, or similar legislation, that are within its jurisdiction during any House-Senate conference that may be convened. Accordingly, I would support your request for the appointment of conferees should such a conference be convened.

Thank you for your attention to this important matter.

Sincerely,

JAMES V. HANSEN,
Chairman—Committee on Resources.

HOUSE OF REPRESENTATIVES, COMMITTEE ON TRANSPORTATION AND INFRASTRUCTURE,
Washington, DC, December 18, 2001.

Hon. JAMES V. HANSEN,
Chairman, Committee on Resources, Longworth House Office Building, Washington, DC.

DEAR MR. CHAIRMAN: Thank you for the opportunity to review, on behalf of the Committee on Transportation and Infrastructure, the amendment to H.R. 3299, the ''Homestake Mine Conveyance Act of 2001,'' that the Committee on Resources plans to bring to the floor under suspension of the rules.

The Committee on Transportation and Infrastructure has a valid claim to jurisdiction over section 104 of the amendment, as it relates to environmental reviews by the Administrator of the U.S. Environmental Protection Agency and response actions to correct conditions that may present an imminent and substantial endangerment to the public health or environment, and section 106 of the amendment, as it relates to liability under the Comprehensive Environmental Response, Compensation, and Liability Act and the Federal Water Pollution Control Act.

The Committee on Transportation and Infrastructure recognizes the importance of this legislation. In view of your desire to move H.R. 3299 to the floor in an expeditious fashion, I do not intend to seek a sequential referral of H.R. 3299. However, this should in no way be viewed as a waiver of jurisdiction. I would appreciate your acknowledgement of the jurisdiction of the Committee on Transportation and Infrastructure over sections 104 and 106 of the amendment and an acknowledgement of the Transportation and Infrastructure Committee's right to seek conferees in the event that this legislation is considered in a House-Senate conference.

I look forward to working with you on this bill.

Sincerely,

DON YOUNG,
Chairman.

HOUSE OF REPRESENTATIVES,
COMMITTEE ON ENERGY AND COMMERCE,
Washington, DC, December 18, 2001.

The Hon. JAMES V. HANSEN,
Chairman, Committee on Resources, Longworth House Office Building, Washington, DC.

DEAR CHAIRMAN HANSEN: I am writing with regard to H.R. 3299, the Homestake Mine Conveyance Act of 2001.

I recognize your desire to bring this bill before the House in an expeditious manner. Accordingly, I will not exercise the Committee's right to a referral. By agreeing to waive its consideration of the bill, however, the Energy and Commerce Committee does not waive its jurisdiction over H.R. 3299. In addition, the Energy and commerce Committee reserves its authority to seek conferees on the provisions of the bill that are within its jurisdiction during any House-Senate conference that may be convened on this or similar legislation. I ask for your commitment to support any request by the Energy and Commerce Committee for conferees on H.R. 3299 or similar legislation.

I request that you include this letter and your response in the CONGRESSIONAL RECORD during debate on the bill. Thank you for your attention to these matters.

Sincerely,

W.J. ''BILLY'' TAUZIN,
Chairman.

HOUSE OF REPRESENTATIVES,
COMMITTEE ON RESOURCES,
Washington, DC, December 19, 2001.

The Hon. W.J. ''BILLY'' TAUZIN,
Chairman, Committee on Energy and Commerce, Rayburn House Office Building, Washington, DC.

DEAR MR. CHAIRMAN: Thank you for your letter regarding H.R. 3299, the Homestake Mine Conveyance Act of 2001. I agree that the Committee on Energy and Commerce and the Committee has a jurisdictional interest in H.R. 3299, and that by not seeking a sequential referral of the bill, you do not compromise your jurisdictional claim. I will also support your request to be named as a conferee on this bill or the similar Senate bill should one become necessary.

As you know, yesterday the House of Representatives passed S. 1389, the Senate companion measure to H.R. 3299, with an amendment under suspension of the rules. S. 1389 had been held at the desk and thus was not referred to any House committee. However, the two bills are very similar. To clarify the committee jurisdiction over this matter, I will place your letter and my response in the CONGRESSIONAL RECORD under the extension of remark authority granted during consideration of S. 1389.

Thank you again for your cooperation on this issue. I am sure that Congressman John Thune, the author of H.R. 3299, is also very grateful.

Sincerely,

JAMES V. HANSEN,
Chairman.

HONORING COACH JOHN THOMPSON AND THE JOHN THOMPSON FOUNDATION CLASSIC

HON. ELEANOR HOLMES NORTON

OF THE DISTRICT OF COLUMBIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Ms. NORTON. Mr. Speaker, I rise today to acknowledge the John Thompson Foundation Challenge Basketball Classic on Thursday, December 20, 2001, at the MCI Center in Washington, DC In noting this significant occasion, I am particularly pleased to honor the outstanding contributions of Coach John Thompson, my colleague at Georgetown University, where I continue as a tenured professor of law, and I ask this House to honor Mr. Thompson as well today. John Thompson is a lifelong resident of Washington, DC, a nationally recognized and much honored coach and teacher, and the founder of the John Thompson Foundation. I would especially like to express my deepest appreciation for his leadership in providing scholarships to African American youth living in the District of Columbia to pursue higher education.

Mr. Thompson has made many important contributions to lives of inner city youth residing in the nation's capital. Since the beginning of his career, John Thompson has used athletics to teach and promote the importance of discipline and education to young people who underachieve. This country needs many more sports heroes and teachers to follow John Thompson's extraordinary example.

If our youth are to survive in this globally and technologically advanced society, it will require organizations and individuals to provide an array of educational opportunities that prepare them for success. Coach Thompson has proved his commitment to young people

for many years. We particularly applaud Coach Thompson and the John Thompson Foundation for their emphasis on the educational success of inner city youth. The Basketball Classic serves as an inspiration for those interested in expanding educational opportunities for the District's African American youth.

Mr. Speaker, I ask the House to join me in saluting Coach John Thompson, the John Thompson Foundation, and all those associated with the John Thompson Foundation, whose dedicated and creative energy make a significant impact on the progress and the lives of African American youth.

49TH ANNUAL ANDERSEN AIR FORCE BASE CHRISTMAS DROP IN MICRONESIA

HON. ROBERT A. UNDERWOOD

OF GUAM

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. UNDERWOOD. Mr. Speaker, 49 years ago in 1952, over the tiny island of Kapingamarangi in Micronesia, the crew of an Air Force WB–50 aircraft assigned to the 54th Weather Reconnaissance Squadron in Guam quickly gathered a box of goodies they had on the plane upon seeing a number of islanders waving at them. Thus began the five-decade-old tradition.

For years, the residents of Kapingamarangi, Nukuoro and other remote islands have been receiving a variety of gifts such as machetes, hoes, snorkels, coloring books, soccer balls and toiletries—items they probably would not have been able to obtain otherwise due to their remote location in the Pacific. This year, four C–130 Hercules aircraft from the 36th Airlift Squadron based out of Yokota Air Base in Japan dropped 60 boxes of holiday gift items on the 54 islands and atolls in the Micronesia area. The operation lasted six days and entailed cargo planes descending upon sparsely populated islands and atolls. In addition to the goodwill spread among these communities, the aircrew involved also benefit from the opportunity of having their navigation and flight skills tested as they search out unfamiliar drop zones on remote and isolated island locations.

This year's organizers had a bit of difficulty in raising the necessary funding for this project due to Guam's current economic situation. However, the community has somehow managed to get together and, in the true spirit of this season of sharing, allow for another successful year. For the past several months the Christmas Drop committee has raised funds through several events. Three scuba diving boat trips, a 5k run/walk, a golf tournament along with T-shirt and commemorative coin sales generated a substantial part of the funds used for this year's operation. Despite a recent drop in tourism arrivals on Guam, donations steadily flowed from island residents and the local business communities. Also worth mentioning is the effort initiated by Jacob Jansen as part of his community service project in his effort to attain the rank of Eagle Scout. Through Jacob's efforts, a canned food drive was held at Andersen Air Force Base's middle and elementary schools as well as at Guam High School.

During these times of uncertainty and hardship, it is very gratifying to see that worthwhile projects such as the annual Christmas drop remains alive. This is a testament to our capacity to unite as a community and as a nation in the face of adversity. There is no better way to demonstrate our compassion and generosity than worthwhile projects such as this. I take this occasion to commend all those who participated and contributed towards the success of this year's Christmas drop. Let us keep this tradition going for many more years to come.

TERRORIST ATTACK ON INDIAN PARLIAMENT CONDEMNED—ATTACK IS INEVITABLE CONSEQUENCE OF REPRESSION IN INDIA

HON. EDOLPHUS TOWNS

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. TOWNS. Mr. Speaker, I join with my colleagues and all decent people of the world in condemning the terrorist attack on the Indian Parliament. I extend my sympathies to the victims and their families. Terrorism is never acceptable. We are currently at war against terrorism, as we should be.

However, India is a country that has practiced terrorism against the peoples living within its borders. It has a pattern of terrorism. Remember that two government officials there were quoted last year as saying that Pakistan should be absorbed into India. It is clear that India seeks hegemony over all the peoples and nations of South Asia.

In May, Indian troops were overwhelmed by villagers, both Sikhs and Muslims, while they were trying to set fire to a Sikh Gurdwara and some Sikh houses in Kashmir. Independent investigations by the International Human Rights Organization and jointly by the Punjab Human Rights Organization and the Movement Against State Repression have conclusively shown that the Indian government carried out the massacre of 35 Sikhs in Chithisinghpora in March 2000 while former President Clinton was visiting India. Its police broke up a Christian religious festival with gunfire. According to the excellent book Soft Target, written by two respected Toronto reporters, the Indian government blew up its own airliner in 1985, killing 329 innocent people. According to a report in the Hitavada newspaper, India paid the late Governor of Punjab, Surendra Nath, $1.5 billion to create terrorism in Punjab, Khalistan and in Kashmir.

We must work to stop terrorism wherever it occurs. India's terrorism is no exception. We should stop our aid to India until it stops its repression of the Christians, Sikhs, Muslims, and other minorities, and we should declare our public support for self-determination for all the people of South Asia in the form of a free and fair plebiscite on the question of independence.

A report published this past May by the Movement Against State Repression showed that the Indian government admitted that 52,268 Sikh political prisoners are rotting in Indian jails without charge or trial. Many have been in illegal custody since 1984. The Indian government has murdered over 250,000 Sikhs since 1984, according to the Politics of Genocide by Inderjit Singh Jaijee. Over 75,000 Kashmiri Muslims and over 200,000 Christians have been killed.

Mr. Speaker, the Council of Khalistan has published an excellent press release on this attack. I would like to share it with my colleagues by inserting it into the RECORD now.

[From the Council of Khalistan, Dec. 14, 2001]

COUNCIL OF KHALISTAN CONDEMNS ALL TERRORISM—TERRORIST ATTACK ON INDIAN PARLIAMENT IS A PRODUCT OF INDIAN REPRESSION

(By Guru Gobind Singh Ji, Tenth Master)

India Must End Its Repression Instead of Blaming Pakistan—Newspaper Says Indian Government Knew of Attack in Advance

WASHINGTON, DC—The Council of Khalistan today condemned the terrorist attack on the Indian Parliament, but called on the Indian government to join the fight against terrorism worldwide and to end its own terrorism against minorities.

''We condemn terrorism in all forms, wherever it comes from,'' said Dr. Gurmit Singh Aulakh, President of the Council of Khalistan, the government pro tempore of Khalistan, the Sikh homeland, which declared its independence from India on October 7, 1987. ''We strongly condemn this terrorist action and we condemn the Indian government's terrorism that gave rise to this act,'' he said. ''When you repress people long enough, they strike back. India's repression of minorities made this incident inevitable.''

The Deccan Chronicle reported today that the Indian government knew of the attack in advance and did nothing to stop it. This shows government involvement in the incident. yet the Indian government has blamed Pakistan for the attacks. India will use this incident as an excuse for more repression of the minorities, such as the Sikhs of Khalistan, the Muslims of Kashmir, the Christians of Nagaland, and others.

''India must stop blaming Pakistan for everything that goes wrong in India and end its own terrorism against the Sikhs, Christians, Muslims, and other minorities,'' said Dr. Aulakh. ''It is time for India to release more than 52,000 Sikh political prisoners and the tens of thousands of other political prisoners and end its repression,'' Dr. Aulakh said. The book ''Soft Target,'' written by two Canadian journalists, proves that the Indian government blew up its own airliner in 1985 to generate more repression against Sikhs. In November 1994, the newspaper Hitavada reported that the government paid the late governor of Punjab, Surendra Nath, $1.5 billion to generate terrorist activity in Punjab and Kashmir.

''I salute Pakistani President Musharraf for risking his political life by supporting America and the world in its fight against terrorism. It is time for India to get on board,'' Dr. Aulakh said. ''I call on India to join the fight against terrorism and I call on the Sikh leadership in Punjab to stop making coalitions with the Indian government and work for freedom for the Sikhs and the other minority nations of South Asia,'' he said. ''There is a very good reason that there are 17 freedom movements within India's current borders.''

The Indian government has murdered over 250,000 Sikhs since 1984. According to a report in May by the Movement Against State Repression, India admitted that 52,268 Sikh political prisoners are rotting in Indian jails without charge or trial. Many have been in illegal custody since 1984. Over 200,000 Christians have been killed since 1947 and over 75,000 Kashmiri Muslims have been killed since 1988. The Indian Supreme Court described the situation in Punjab as ''worse

than a genocide.'' In May, Indian troops were caught red-handed trying to set fire to a Gurdwara (a Sikh temple) and some Sikh houses in Kashmir. Two independent investigations have proven that the Indian government carried out the March 2000 massacre of 35 Sikhs in Chithisinghpora. U.S. Congressman Dana Rohrabacher has said that for Sikhs, Kashmiri Muslims, and other minorities ''India might as well be Nazi Germany.''

India has also repressed Christians. Two leaders of the ruling BJP said that everyone who lives in India must either be a Hindu or be subservient to Hinduism. Priests have been murdered, nuns have been raped, churches have been burned, Christian schools and prayer halls have been destroyed, and no one has been punished for these acts. Militant Hindu fundamentalists allied with the RSS, the pro-Fascist parent organization of the ruling BJP, burned missionary Graham Staines and his two young sons to death. In 1997, police broke up a Christian religious festival with gunfire.

''Nations that do not have political power vanish,'' Dr. Aulakh said. ''Sikhs are a separate nation and ruled Punjab up to 1849 when the British annexed Punjab. The nations and people of South Asia must have self-determination now.''

CONGRATULATING BURLINGTON CITY HIGH SCHOOL ON ITS GRAMMY AWARD

HON. CHRISTOPHER H. SMITH

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. SMITH of New Jersey. Mr. Speaker, I rise today to honor and congratulate the students and faculty of the Burlington City High School Music Department in Burlington City, New Jersey for their recognition by the national GRAMMY Foundation as a GRAMMY Signature School.

Burlington City is now one of 100 high schools from across the country to receive a certificate of recognition based on its high level of commitment to music education. The GRAMMY Signature School Program honors high school music students, teachers, principals, and school districts that promote and preserve music education—both performing and studying music—as a key part of their curriculum.

The importance of music education in the overall educational experience of students is becoming clearer every day. In fact, several studies have shown a quantifiable value of the arts in improving overall academic performance. According to the College Entrance Examination Board, students of the arts continue to outperform their non-arts peers on the Scholastic Assessment Test (SAT). In 1995, for example, SAT scores for students who studied the arts for four or more years were 59 points higher on the verbal, and 44 points higher on the math portion of the exam, than students with no course work on experience in the arts.

Moreover, most teachers know that music appreciation and performance can often provide a critical mechanism to engage, and stimulate interest in, other school activities. Students who otherwise would have dropped out of school, and put their long term economic futures at risk, have been re-engaged through music and the arts.

The GRAMMY Signature School Program is developed through the GRAMMY Foundation, a non-profit arm of the Recording Academy that is dedicated to advancing music and arts-based education across the country. Through educational, cultural and professional initiatives, the Foundation aims to strengthen our educational system.

What makes Burlington City's accomplishments so special is the knowledge that it successfully competed against 18,000 public high schools nationwide. In the end, Burlington City's program was chosen by an independent screening committee comprised of university music professors, and representatives from professional music organizations to receive the Signature School Award for their exceptional job of cultivating their arts program.

Mr. Speaker, I commend the faculty and students in the music department for their commitment to furthering music education. I would like to thank the school and the local school board for their hard work and dedication to providing an outstanding music educational program that superbly serves the students of Burlington City.

PERSONAL EXPLANATION

HON. JOHN BOOZMAN

OF ARKANSAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. BOOZMAN. Mr. Speaker, yesterday, December 18, 2001, I was unavoidably delayed on my return to Washington, DC because of a security breach at Charlotte Douglas Airport, where I was scheduled to transfer flights, and a security delay at Reagan National Airport.

For this reason, I missed votes on the final passage of H.R. 3334, the ''Richard J. Guadagno Headquarters and Visitors Center Designation Act'' and H.R. 3054, ''A bill to award congressional gold medals on behalf of government workers who responded to the attacks on the World Trade Center and perished and on behalf of people aboard United Airlines Flight 93 who helped resist the hijackers and caused the plane to crash.''

Had I been present, I would have voted in the affirmative for both of these bills.

WALTER H. MALONEY

HON. STENY H. HOYER

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. HOYER. Mr. Speaker, I rise today to pay tribute to the late Walter H. Maloney, known to his friends as Mike. Mike represented the First District on the Prince George's County Council at the time of his death and he was a leading figure in County politics for four decades. He was legendary for his political independence, perseverance and his remarkable commitment to public service.

Mike was born in Kansas City, Missouri in 1930 and came to Washington, DC in 1937 when his father was recruited to work in the Roosevelt Administration. Mike's mother taught music at the Sidwell Friends School in Washington, DC where Mike also attended school. Mike went on to graduate from Georgetown University and its law school. He also received a LLM degree from the University of Michigan Law School before joining the U.S. Army. Mike was commissioned as a first lieutenant and served in the Judge Advocate General's Corps in La Rochelle, France.

After serving in the Army, Mike embarked upon his impressive career as assistant counsel to the United States Senate Subcommittee on Constitutional Rights chaired by Senator Sam Ervin. He then moved on to the National Labor Relations Board as a trial attorney in the Baltimore regional office, and was appointed a Federal administrative law judge at the NLRB in 1973. Mike worked at the NLRB until his retirement in 1994. He also taught labor law on the adjunct faculty of the University of Maryland University College from 1956 to 1971.

Mike prided himself on fighting for the little guy and his work at NLRB is proof of that dedication. As an administrative law judge, he won national acclaim from the nation's editorial pages and from Congresswoman Bella Abzug on the Floor of this House for his decision in the landmark Farrah slacks case in which he detailed the mistreatment of factory workers in a Texas textile shop.

Mike and his wife, Cecelia, moved to Prince George's County in 1958. He quickly immersed himself in civic activism and was elected a delegate to the statewide Democratic convention in 1962. He also began forty years of involvement in County public affairs by joining efforts to adopt a home rule charter for the County and reform zoning practices.

In 1968, Mike was elected to the Charter Board, which was created by the voters to draft a proposed home rule charter for Prince George's County. Mike chaired the five member board and is widely regarded as the author of the County's modern form of government.

Mike's efforts helped bring about a sweeping reform of the County's government. The County Commissioner system was abolished and replaced by an elected County Executive and council with home rule powers. Prince George's County had previously been run by the Maryland General Assembly in Annapolis.

Mike's reform efforts did not stop with the adoption of the new Charter. He led the way in the election of a bipartisan slate in 1971 and was appointed as the first County Attorney under the new Charter.

Mike helped guide the new County government during his time as Attorney General until he resigned to become a Federal administrative law judge. The incisive and hard-hitting nature of his legal opinions as Attorney General earned him the nickname ''Iron Mike.''

Mike's demanding career at NLRB did not prevent him from being active in local affairs or from working extensively on local bond and zoning issues over the years. In 1994, following his retirement from the Federal Government, Mike ran a successful grassroots campaign for the Prince George's County Council. He was re-elected in 1998.

As a member of the Council, Mike continued to assert his political independence and to use his sharp mind to challenge land use and spending policies, and fight for the best interests of the community. At the time of his death, Mike was ineligible to run for the Council again thanks to term limits that he helped put in place.

Mike was a devout Catholic and had a deep interest in Catholic history. He authored a profile of 58 historic catholic churches east of the Mississippi titled ''Our Catholic Roots.'' He also received many accolades throughout his long career in public service for his dedication to his local community and the environment.

Mike is survived by his wife of 46 years, Cecelia Fitzpatrick, and six children, Timothy F. Maloney, Eileen Maloney Flynn, Kathy Maloney Gawne, Patrick J. Maloney, John M. Maloney, and Ann Marie Maloney, and twelve grandchildren. One of his greatest prides was his loving family and all of their many achievements. Mike was known to boast about them all and was happiest when surrounded by his many children and grandchildren.

Mike Maloney will be sorely missed not only by those who knew him but also by the residents of Prince George's County whom certainly benefited from his dedication to his community and to the ''little guy.'' I ask my colleagues to join me in honoring this dedicated public servant who leaves behind a loving family and many admirers who will miss him greatly.

COMMENDING THE WORK OF DEBORAH NOVAK AND JOHN WITEK FOR THEIR DOCUMENTARY ''BLENKO RETRO: THREE DESIGNERS OF AMERICAN GLASS''

HON. NICK J. RAHALL II

OF WEST VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. RAHALL. Mr. Speaker, as our country began the long process of recovering from the Great Depression and World War II, people sought comfort and change in a variety of places and mediums. Consumers turned their attention to products that were both energetic and new, and Blenko Glass in Milton, West Virginia was one of the American companies able to adjust to this new consumerism with their award-winning pieces and unique designs.

I would like to congratulate Huntington, West Virginia residents Deborah Novak and John Witek who have once again created an insightful and provocative documentary that chronicles three of Blenko's most famous and celebrated designers in the era of post-war modernism. Titled ''Blenko Retro: Three Designers of American Glass,'' it is the second of its kind by the Emmy-Award winners to highlight the significance of Blenko as the industry leader in modernity in American glass.

Often said to be reflective of events that were occurring at that time, Blenko Glass was able to offer a new attitude to Americans, bringing the sleek and bold creations into their homes that were parallel to the thirst for modernity and change that swept the nation at the end of the World War II. Novak and Witek highlight the role of this American institution, emphasizing the important and permanent position that Blenko Glass and its designers hold in creative history.

TRIBUTE TO THE LIFE, LEGACY, AND MUSIC OF RUFUS THOMAS

HON. HAROLD E. FORD, JR.

OF TENNESSEE

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. FORD. Mr. Speaker, I rise today in remembrance of one of music's greatest icons, Rufus Thomas, who passed away in Memphis, TN, on December 15, 2001, at the age of 84. As his family and friends mourn his passing, it is appropriate that we pay tribute to him and his legacy.

Rufus Thomas was known as one of Memphis' most colorful, influential, and beloved entertainers during a career that spanned more than seventy years. As a pioneering disc jockey at WDIA, an accomplished recording artist, and a prolific performer throughout his long career, Mr. Thomas made invaluable contributions to Memphis' storied musical heritage.

Rufus Thomas became widely known for songs such as ''Walking the Dog,'' ''Do the Funky Chicken,'' ''Can Your Monkey Do the Dog?,'' ''Push and Pull,'' ''Breakdown'' and ''Do the Funky Penguin.'' But Mr. Thomas's musical contributions went far beyond commercial success. A true musical pioneer, he opened the door for many young musicians and helped catapult African American music into the limelight as a cornerstone of popular culture and entertainment. Mr. Thomas helped found two historic recording studios, Stax Records and Sun Records, that helped launch the careers of many musical legends, including B. B. King, Otis Redding, Isaac Hayes, and Elvis Presley.

In recognition of his great contributions, Rufus Thomas was honored by the Rock and Roll Hall of Fame in 1998, one of many accolades he received throughout his career. His songs have remained popular since their release and have been re-recorded by groups such as Aerosmith and the Rolling Stones. He was featured as a performer at the 1996 Olympic Games in Atlanta.

Yet, even with all of his successes, Rufus Thomas remained an integral part of the community—always accessible and willing to perform for his many devoted fans. Until he became ill in November of this year, he never spoke of retiring and referred to himself as the ''World's Oldest Teenager.'' He explained, ''I ain't old. You don't get old when you're doing what you love and enjoying every minute of it.''

Rufus Thomas made a life of doing what he loved and for that he was loved by all who knew him. A true symbol of undying youth and optimism, Mr. Thomas will be remembered for the kind heart and boundless energy that he displayed in all aspects of his life, and for the mark he left on musical history.

Mr. Speaker, it is with profound reverence that we honor Rufus Thomas. He will be missed and remembered fondly by his family and friends, an entire community, and musicians and music lovers everywhere.

TRIBUTE TO THE CARNEY-NADEAU WOLVES, MICHIGAN HIGH SCHOOL CLASS D GIRLS BASKETBALL CHAMPIONS

HON. BART STUPAK

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. STUPAK. Mr. Speaker, I rise today to pay tribute to the girls' basketball team of Carney-Nadeau High School, a Class D school in the Upper Peninsula of Michigan in my congressional district. With only 86 students, Carney-Nadeau is one of the smallest schools in its division, but the Carney-Nadeau Wolves proved once again on December 1 that it only takes a big heart, not a big school, to win a state division championship. I say ''once again,'' Mr. Speaker, because the Wolves won State titles under their same coach, Paul Polfus, in 1989 and 1990.

A team championship can be analyzed in numbers, and any sports fan will plenty of exciting statistics associated with this gusty team, such as their season record of 26–1 and their coach's 410–115 career record. In the 54–32 championship game against McBain Northern Michigan Christian, starter Tara Benson, a senior, led the Wolves with 16 points and snagged six rebounds and six steals, while her sister Carly, a freshman, went seven of eight in her shooting. Starter Brittany Pipkorn hit four 3-pointers.

Peel away those numbers, however, and you will find enough stories of real people to make a movie equal to any classic ''underdog'' story. You will learn that Coach Paul Polfus, who has worked at Carney-Nadeau for 26 years, was once a basketball player at this same school, coached by the current superintendent Ron Solberg. Inducted into the U.P. Sports Hall of Fame in 1996, Paul celebrates his third girls' championship with his wife Colleen and their sons Jacob, Michael and Matt.

In our own version of ''Rocky,'' look behind the numbers to find 5-foot, 1-inch starter Tracy Hernandez, who vowed after the team's loss in the finals last year that the team would win the title this year. Tracy kept her vow by reporting to the gym every morning at 5:30 to lift weights and work toward that goal.

The story of this championship season is also revealed in the story of the Benson sisters, daughters of Nancy (Janofski) Pugh, a member of the first All-U.P. girls team picked in 1975, and Ed Benson, All-U.P. in 1971 and 1972. Tara credits both parents for their help in shaping her game, but perhaps her greatest accomplishment is a personal one—Tara returned to top-form play this year after sitting out the 2000 season recovering from ACL surgery.

The sacrifice and the hurdles met and overcome by each player are part of the story, as well as the home community itself, Carney. This is a community that has faced great economic adversity, Mr. Speaker, but, like the rest of the Upper Peninsula, hope and optimism are characteristics of its people. And the school proving that education and sports go hand in hand, was honored this week in the Michigan Golden Apple Awards program as one of the state's most improved schools in performance on Michigan Educational Assessment Program tests.

In light of the great challenges facing this team, the championship run of the Carney-

Nadeau Wolves caught the attention and fueled the enthusiasm of sports writers in the nearby large communities of Menominee and Escanaba. Tom Kaeser, assistant sports editor for the Menominee, Mich.-Marinette, Wis. EagleHerald, has followed Carney-Nadeau for a decade. He described the 2001 Class D champs as ''a team that came together, loved each other and worked hard together for its bright, shining moment.'' Dennis Grall, Escanaba Daily Press sports editor, summed up the team's season in a Dec. 3 story. ''For 11 months the Carney-Nadeau Wolves lived under unbelievably immense expectations and pressure,'' ''Dennis wrote. He was on hand—and described the celebration—when the state champs returned home at the head of a two-mile-long motorcade and were given a police escort and a fireworks display along the final leg of their trip from Escanaba to Carney.

Mr. Speaker, basketball is a team sport, and, as such, every member of the team deserves credit for her contribution during this championship season. I am pleased to share with you the full roster of the 2001 Michigan Class D girls basketball state champion Carney-Nadeau Wolves: Tara and Carly Benson, Cindy Charlier, Rachael Folcik, Trisha Hernandez, Rachel Kuntze, Leslie Linder, Emily Marsicek, Jenna Mellen, Trisha Otradovec, Brittany Pipkorn, Cassandra Relken, Shawn Retaskie, Erin Schetter, and Roseann Schetter.

I ask you, Mr. Speaker, to join me and our House colleagues in recognizing the skill, determination, hard work, optimism, hope, love, and teamwork of the Carney-Nadeau Wolves, Michigan Class D basketball champions.

NEWSPAPER SAYS INDIAN GOVERNMENT KNEW OF PARLIAMENT ATTACK

HON. DAN BURTON

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. BURTON of Indiana. Mr. Speaker, the recent attack on India's Parliament by terrorists must be condemned. While there are many legitimate grievances against the Indian government, terrorism is never acceptable. Nevertheless, the Deccan Chronicle, an Indian newspaper, reported something very interesting about the recent attack. It reported that the Indian government knew about the attack in advance and did nothing. Thirteen people, including the terrorists, lost their lives as a result of the attack.

Mr. Speaker, India has a history of supporting terrorism and making it look like the work of others in order to condemn people who oppose the actions of the Indian government and to justify their own attacks on these targets. According to Soft Target, published in 1989 by two Canadian journalists, the Indian government blew up its own airliner in 1985, killing 329 innocent people, including some Americans, to create the impression of ''Sikh terrorism'' and enhance its repression of the Sikhs. In November 1994, the Hitavada newspaper reported that the Indian government paid Surendra Nath, who was then the governor of Punjab, the equivalent of $1.5 billion to generate and support terrorist activity in Kashmir and Punjab, Khalistan.

While I appreciate recent words of support from the Indian Government regarding America's war against terrorism, it is important that we do not forget some recent actions by the very same government. For example, in May 1999, the Indian Express reported that the Indian Defense Minister convened a meeting with the Ambassadors from Cuba, Communist China, Russia, Serbia, Libya, and Iraq—the latter two known terrorist nations and potential targets in the ongoing effort to eradicate terror—to set up a security alliance ''to stop the U.S.''.

It is also important to re-examine India's own human rights record in a number of areas. It has been reported that India represses its Christian minority. Specifically, it has been reported that nuns have been raped, priests have been murdered, and a missionary and his two sons were burned to death. The media reports that numerous churches have been burned. A few years ago, police gunfire closed a Christian religious festival. In addition, the pro-Fascist RSS, the parent organization of the ruling party, published a booklet detailing how to bring false criminal complaints against Christians and other minorities. Press reports indicate that Prime Minister Vajpayee promised a New York audience that he would ''always be'' remain a member this organization.

Since 1984, certain human rights organizations have reported that the Indian government has murdered over 250,000 Sikhs. Since 1947, over 200,000 Christians have been killed, and since 1988, over 75,000 Kashmiri Muslims have been killed. In addition, tens of thousands of other minorities, such as Dalit ''untouchables,'' Tamils, Assamese, Manipuris, and others have been killed.

A May report issued by the Movement Against State Repression cited the Indian government's admission that 52,268 Sikh political prisoners are rotting in Indian jails without charge or trial. It further claims that many have been in illegal custody since 1984. Tens of thousands of other minorities are also being held as political prisoners in the country that proudly proclaims itself ''the world's largest democracy.''

Also in May, Indian troops set fire to Gurdwara (a Sikh temple) and some Sikh homes in a village in Kashmir. Two independent investigations have shown that the Indian government carried out the massacre of 35 Sikhs in Chithisinghpora. These incidents are just the tip of the iceberg of Indian terror against its minorities and its neighbors.

Again, while I am grateful for recent words of support from the Indian Government regarding America's war against terrorists, the U.S. Government and the American public should not forget about these recent acts of repression. Democracies are not supposed to behave this way. If we are going to fight terrorism, then we must be consistent. There are actions we can take that will help influence India to end its reign of terror in South Asia. We must end our aid to India until they demonstrate a better regard on human rights. The hard-earned dollars of the American people should not be going to support countries that practice terrorism. We should also show our support for freedom rather than terrorism by supporting a free and fair plebiscite on the question of independence in Khalistan, Kashmir, Nagalim, and all the nations of South Asia that seek freedom from repressive occupation. Let us strike a blow for freedom, not terrorism.

Mr. Speaker, I would like to place the Deccan Chronicle article into the RECORD.

[From the Deccan Chronicle, Dec. 14, 2001]

DELHI KNEW BUT ADVANI SLEPT

NEW DELHI, Dec. 13. Union Home Minister L K Advani had full intelligence information of a terrorist attack on Parliament.

Despite this, no measures were taken to tighten security in and around the Parliament House with the five terrorists driving in past two security parameters manner by the Delhi police and the CRPF, unchallenged.

In his first reaction to the terrorist attack, Advani claimed, ''There has been no breach of security.'' He said there was ''no intelligence lapse''. He said on television that there could be no protection against fidayeen attacks maintaining that they even ''had the temerity to attack Pentagon.'' The Home Minister said it was not possible to provide fool-proof security cover in a democracy ''where everything was open.'' The Union Home Ministry has been flooded with intelligence information about a possible attack on Parliament by terrorists. The other two targets were identified as Rashtrapati Bhavan and the Prime Minister's residence.

Intelligence reports have also suggested the use of women suicide squads. These have also spoken of terrorists using State vehicles to launch the attack, similar to the modus operandi of the terrorist groups in Kashmir for over a decade now.

Despite this, the security agencies were not alerted. The terrorists used a white ambassador car with a red light, the symbol of government officialdom.

They were dressed Black Cat commandos, and were detected only after they got out of the car and displayed their weapons in full public view. Advani, who had been full of praise for the Delhi police, did not explain how the two security rings manned by the police outside Parliament were penetrated with such ease.

In fact defence minister George Fernandes stepped out of line by admitting before the cameras that the government had full information about a possible terrorist attack on Parliament.

He said, ''We had intelligence information of this, we knew that the fidayeen could attack Parliament.'' Even so, the home minister claimed there had been no intelligence lapse while briefing reporters after the meeting of the Cabinet committee on security.

Najma Heptullah, who was in her room in Parliament when it was attacked, said, ''The Home Minister knew of the Al Qaeda threat, he should have increased the security in Parliament.''

She said she had herself asked for measures to be taken to beef up Parliament security. ''There are all these people roaming around all over the building'' but nothing had been done.

Interestingly Advani himself spoke of a threat to Parliament at a Border Security Force function a few days ago. Officials point out that despite the security threat little was done to take stock of the entire situation and work out a comprehensive strategy to deal with it.

''It was all in the realm of talk, we have always known that the terrorists have been using and would use the cover of the government-like vehicles and uniforms to penetrate our security layers, but obviously we were unable to get this across to our people,'' a senior official said.

''THE MOMENT'' BY BEN STROK

HON. BOB BARR

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. BARR of Georgia. Mr. Speaker, a 20 year-old student at Hunter College in Manhattan, Ben Strok wrote this poem reflecting on the September 11th terrorist attacks. It was recently read at one of my town hall meetings in Holly Springs, Georgia, by my constituent, Becky Babcock. As we enter this holiday season, let us remember how invaluable life is and make the most of each and every moment.

THE MOMENT

(By Ben Strok)

The smoke rises,
and the ashes fall
on someone you know.
Someone you have not recently told
how dear they are to you.
Your last chance,
may have been a minute ago.
Your last chance,
might be one minute from now.
One precious minute,
one precious moment.
What does that moment mean to you?
I'll tell you what it means to me.
That moment,
this moment,
right now,
is all that matters.
What good is the moment
if it is not lived for?
What is life,
if it is not being relished
for all that it is?
It is not life,
it is a wasted moment
you will never recapture.
It is an emotion,
you will never again
have the opportunity to express.
It is a person
you will never again
be able to see,
and hold,
and tell them
how much you love them.
It is time,
made up of endless moments,
the only differentiating factor being
how you lived
from one to the next.

IMMIGRANTS AND THE NATIONAL INSECURITY

HON. CHARLES B. RANGEL

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. RANGEL. Mr. Speaker, I rise today to bring the Congress's attention to a recent article in the Carib News entitled ''Immigrants and the National Insecurity'' by Dr. Basil Wilson. His opinion editorial cogently details our Nation's current struggle with ensuring our personal security while continuing to uphold the founding principles of this country. The article highlights some of our past reactions to times of strife and their dramatic impact on our immigrant community. Most notably, the passage of the 1996 Anti-Terrorist Act and the 1996 Immigration and Responsibilities Act, spurred in part by the World Trade Center attack in 1993 and the Oklahoma City federal building bombing in 1995, have conveyed the anti-immigrant sentiment in the United States and have sought to reduce the rights and benefits available to immigrants.

Since 1996, many of us have worked to undo the damage done to this community. But our overreaction to September 11th's attack stand to prevent us from advancing our efforts. As Americans we pride ourselves in our historical knowledge in looking at the past and learning from our successes and failures. Immediately following the attacks we strove to respond in an unconventional manner, both here and abroad. Yet, just four months later, we sit by and allow the Attorney General to indefinitely detain aliens, the use of military tribunals to try those suspected of terrorism, and interviews by law enforcement agencies based on ethnic and religious identities. The echoes of Japanese internment camps and McCarthyism are ringing in the halls of Congress and I know I am not the only one who hears them.

Dr. Wilson cautions, ''in a global society, there is a danger that America will project to the world that it only values the life of its own citizens. The constitution and life will be preserved for Americans but different standards will be used to measure those who are not citizens of Rome.''

More critically than the projection to the world, we will tell our fellow countrymen and teach our children that the immigrant life should be valued less than the citizen's life that the immigrants who have been the building blocks of our pluralistic society generation after generation should stay at the bottom. Dr. Wilson warns that this treatment is a ''slippery slope that can readily lead to the dehumanization of others.'' More than ''can lead'', it does lead, perpetuating an environment of inequality.

If we sacrifice the constitutional liberties that we are asking our armed services to defend, then I ask what are we fighting for? Each time we give up one of our precious freedoms, we open the door to surrender more.

It does not matter if we give up these rights for our citizens versus our immigrants because one day these immigrants will be citizens. They will not forget that from the inception they were told they were less then the people their children will attend school with.

Our enemy is not the immigrant. Do we honestly believe that if we harshly punish the immigrant community we are now secure, that we are now safe?

By condoning a society that devalues the immigrants' contributions and vital role in our community, we degrade ourselves and our history and we condone the inequity that is present in the United States and in the world. If there is one history lesson we should all remember it is our treatment of the most vulnerable of our citizens that defines our national character. We are only as strong as our weakest link and if we truly want a country where all are equal and prosper, we must empower each part of it to succeed.

IMMIGRANTS AND THE NATIONAL INSECURITY

[Carib News, Week Ending Dec. 11, 2001]

(By Dr. Basil Wilson)

The planning and executing of the bombing of the Pentagon in Washington, D.C., and the implosion of the twin towers led us to believe that the United States was confronted with a formidable foe. The henchmen of Osama bin Laden had demonstrated their zealotry in 1993 in the initial attempt to take down the symbol of world capitalism. They struck again in Saudi Arabia, in Yemen, in Tanzania and Kenya before the devastating blow on the mainland of the United States.

Al Qaeda had managed to pull together jihad warriors from Muslim countries in Bosnia, Algeria, Egypt and Pakistan. This fierce band of warriors with the capacity to kill civilians along with the Taliban in Afghanistan have manifested to the world an incapacity to fight against the United States military. The Al Qaeda and Taliban warriors have shown an inability to wage modern warfare.

That prompts the question, what is left of the Al Qaeda international network? As bin Laden forces disintegrate in Afghanistan, does Al Qaeda remain a formidable terrorist network capable of threatening American national security? The extra-constitutional measures that Attorney General Ashcroft claims that is necessary to save American lives is based on the assumption that the remnants of bin Laden are still capable of additional savagery.

The 1993 attack on the World Trade Center and the destruction of the Federal building in Oklahoma in 1995, prompted the Clinton Administration and Congress to pass the 1996 Anti-Terrorist Act. That Act and the Immigration and Responsibilities Act reduced measurably the rights of permanent residents and foreigners living in the United States. Even the Acts passed since September 11, 2001 respects the constitutional rights of citizens but run roughshod over those who are domiciled in the United States and are not citizens. The Patriot Act is similar to the Walter/McCarran Act passed in 1952. Then the fear was communist organizations and the law allowed the Immigration and Naturalization Service to bar those who sought to enter the United States who were members of communist or organizations sympathetic to communism.

With the Patriot Act, the attempt is to interdict or deport non-citizens who are members of a terrorist organization or who seek to raise or to give funds to any terrorist organization. The Attorney General does not need to bring the defendants to trial and the non-citizen can be immediately deported.

The Attorney General has now assumed powers to indefinitely detain aliens. This amounts to a suspension of habeas corpus and the Attorney General now has the power to supersede the rights of INS judges to release a detainee providing that detainee is suspected to be linked to terrorist activity. No evidence has to be presented in court. Such powers exercised by the state are troubling to constitutional scholars. The rationale given is national security but there are no checks or balances to ensure that the rights of the defendants are duly protected.

Officials at the Justice Department are insisting that the investigation must cast an extensive net. Thus far the Attorney General has indicated after prodding from Congress that 93 persons have been charged with minor visa or criminal violations unconnected to events of September 11, 2001. The files of 11 have been sealed and 22 Middle Eastern men who were engaged in obtaining licenses to transport hazardous materials across state lines, all but one, have been released. Approximately 548 are in custody, mostly comprised of Middle Eastern males.

To extend the dragnet, the Justice Department is asking state and city policy to cooperate with them to interview 5,000 Middle Eastern men between the ages of 18 and 33 who entered the United States from January 2000. They are not necessarily suspected of any crime but the Justice Department wants

to conduct voluntary interviews with the expectation it might produce leads to determine the state of the Al Qaeda network in the United States.

This amounts to a vulgar form of racial profiling. Racial profiling as it was aimed at African Americans on the New Jersey Turnpike or the unconstitutional search and seizures conducted in Black and Latino neighborhoods in New York City are examples of the might of state power being used against the powerless to maximize domestic security. Events of September 11, 2001 necessitate additional vigilance on the part of law enforcement but it is dangerous to pass legislation oblivious to the rights of non-citizens since such legislation jeopardizes the rights of all American citizens.

President Bush announced on November 13, in his capacity as Commander-in-Chief of the Armed Forces that the government would reserve the right of trying foreigners during the course of the war in military tribunals. Military tribunals were used during the American Civil War and in World War II. Military tribunals do not require the preponderance of evidence necessary for conviction in a civilian court or in military courts used for court martial cases. Conviction in the Military Tribunal would not require the same rules of evidence and a two-thirds vote of the commissioners could lead to a conviction even in the case of a death penalty.

As the New York Times editorial on Sunday, December 2, 2001 stated, it is very difficult to criticize a President when the nation is at war but the editorial board felt compelled to speak out against the extensive extra-judicial powers assumed by the Bush administration. A conservative columnist like William Safire, who writes for the New York Times has condemned the Military Tribunals as kangaroo courts. Safire is mindful of the spectacle of a bin Laden trial and the security risks that would entail and suggests rather dispassionately that the United States should ensure that Osama bin Laden is bombed to smithereens.

A liberal columnist like Thomas Freedman equivocates. He recognizes the danger of the extra-constitutional decrees but his position is that the nation is up against an enemy with no love for life and cannot carry out business as usual.

In a global society, there is a danger that America will project to the world that it only values the life of its own citizens. The constitution and life will be preserved for Americans but different standards will be used to measure those who are not citizens of Rome. It is a slippery slope that can readily lead to the dehumanization of others.

Treasuring the ëwei and not the ëtheý is inextricably linked to the present human condition. That is the troubling issue in the Middle East. It is that thought process that led to the bombings in Jerusalem. Saturday night that resulted in the death of 25 Israelis and over 250 wounded. It is that same mentality that has led to the unending grieving of the 3,000 lives lost in the World Trade Center.

Some emergency measures are sorely necessary in light of the holocaust of September 11, 2001. But one of the stranges phenomenon of the latter twentieth and the beginning of the twenty-first century is the increasing insecurity of human life and the proposed solutions to enhance safety which seem to augment the quasi-incarcerated nature of our lives. It has prompted the expansion of the penal state with millions in prison and hundreds of thousands leaving prison to be reintegrated into an economy that is jettisoning those who are presently employed.

The military reserve now provides additional security on our streets. Airport security has been federalized and new legislation has been passed by Congress to counter terrorism. The Attorney General is convinced that expanded powers will make us more secure. This should be seen as a temporary holding action. We fought a war in yesteryear to make the world safe for democracy. We need to explore a new politics and to construct a new global system to make the world safe for Christians, Jews, Muslims and non-believers.

DUTY SUSPENSIONS

HON. BENJAMIN A. GILMAN

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. GILMAN. Mr. Speaker, today I am introducing three bills H.R. 3526, H.R. 3527, and H.R. 3528, which would suspend duty on three chemicals imported into the United States.

These chemicals are used in the manufacture of corrosion inhibitors that protect metal coatings, as well as solvent-based coatings for a variety of industrial and consumer products. I understand these products are also "environmentally friendly" because they use organic molecules, instead of heavy metals, to prevent corrosion.

I have been advised that these chemicals are not domestically produced. Thus, enactment of this legislation would allow businesses in this country to reduce their costs and thereby make U.S. industries more competitive in world trade markets.

Copies of these bills are set out below.

H.R. 3526

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. TEMPORARY SUSPENSION OF DUTY ON (2-BENZOTHAZOLYTHIO) BUTANEDIOIC ACID.

(a) IN GENERAL.—Subchapter II of chapter 99 of the Harmonized Tariff Schedule of the United States is amended by striking heading 9902.32.31 and inserting the following new heading:

"	9902.32.31	(2-Benzothiazolythio) butanedioic acid (CAS No. 95154–01–1) (provided for in subheading 2934.20.40).	Free	No change	No change	On or before 12/31/2004	".

(b) EFFECTIVE DATE.—The amendment made by subsection (a) applies to articles entered, or withdrawn from warehouse for consumption, on or after the 15th day after the date of the enactment of this Act.

H.R. 3527

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. TEMPORARY SUSPENSION OF DUTY ON 60–70% AMINE SALT OF 2-BENZOTHIAZOLYTHIO SUCCINIC ACID IN SOLVENT.

(a) IN GENERAL.—Subchapter II of chapter 99 of the Harmonized Tariff Schedule of the United States is amended by inserting in numerical sequence the following new heading:

"	9902.38.35	60–70% amine salt of 2-benzothiazolythio succinic acid in solvent (provided for in subheading 3824.90.28).	Free	No change	No change	On or before 12/31/2004	".

(b) EFFECTIVE DATE.—The amendment made by subsection (a) applies to articles entered, or withdrawn from warehouse for consumption, on or after the 15th day after the date of the enactment of this Act.

H.R. 3528

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. TEMPORARY SUSPENSION OF DUTY ON 4-METHYL-g-OXO-BENZENE- BUTANOIC ACID COMPOUNDED WITH 4-ETHYLMORPHOLINE (2:1).

(a) IN GENERAL.—Subchapter II of chapter 99 of the Harmonized Tariff Schedule of the United States is amended by striking heading 9902.38.26 and inserting the following:

"	9902.38.26	4-Methyl-g-oxo-benzenebutanoic acid compounded with 4-ethylmorpholine (2:1) (CAS No. 171054–89–0) (provided for in subheading 3824.90.28).	Free	No change	No change	On or before 12/31/2004	".

(b) EFFECTIVE DATE.—The amendment made by subsection (a) applies to articles entered, or withdrawn from warehouse for consumption, on or after the 15th day after the date of the enactment of this Act.

21ST CENTURY MONTGOMERY GI BILL ENHANCEMENT ACT AMENDMENTS

SPEECH OF

HON. CYNTHIA A. McKINNEY

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 11, 2001

Ms. MCKINNEY. Mr. Speaker, I rise in strong support of H.R. 1291, the Veterans' Benefit Act of 2001. This bill contains numerous provisions that will help our nation's veterans obtain greater educational opportunities, it increases the resources available to assist veterans with finding housing, and most importantly, the bill corrects and expands legislation to provide compensation and benefits to veterans who are disabled. I commend the chairman of the Veterans' Affairs Committee, Mr. SMITH from New Jersey, and the ranking member, Mr. EVANS for their hard work in bringing this bill to the floor.

One provision in this that I am personally proud of is section 201, which removes the 30-year time limit for the presumption of service connection of respiratory cancers for Vietnam War veterans. This provision is adapted from H.R. 1587, the Agent Orange Respiratory Cancer Act of 2001, which I introduced and which was cosponsored by 47 of my colleagues.

Agent Orange has rained havoc on the lives of thousands of Vietnam veterans, causing cancer, diabetes, and birth defects. Thankfully, for most veterans suffering from their exposure to this herbicide, benefits were made available. Unfortunately, a seemingly arbitrary 30-year time limit was placed on the presumption of service connection for respiratory cancers—among the most deadly types of cancer. Those veterans who suffered from respiratory cancers that appeared 30 years after their service were denied service connection, and thus benefits and assistance for these diseases. In effect, the U.S. government told them that they were on their own.

In a recent study, the Institute of Medicine stated that there was no evidence that a time limit could be placed on the presumption of service connection, and this bill rightly makes that correction to past law. No longer will veterans who suffer respiratory cancers have to worry about their government forgetting about their service and neglecting their needs. Rare is it that common sense prevails in Congress to help those in greatest need, but I believe that this provision, and this bill, achieve such status. I thank the Veterans Committee Chairman and Ranking Member for their dedicated attention to the plight and troubles of America's veterans, for including the Agent Orange provision in the Veterans Benefits Act of 2001, and for passing this important piece of legislation.

CONFERENCE REPORT ON H.R. 1, NO CHILD LEFT BEHIND ACT OF 2001

SPEECH OF

HON. RUSH D. HOLT

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 13, 2001

Mr. HOLT. Mr. Speaker, I rise today to address my colleagues regarding H.R. 1, No Child Left Behind.

Although we passed this important legislation last week, I must express my reservations about certain language included in the conference report:

> The conferees recognize that a quality science education should prepare students to distinguish the data and testable theories of science from the religious or philosophical claims that are made in the name of science. Where topics are taught that may generate controversy (such as biological evolution), the curriculum should help students to understand the full range of scientific views that exist, why such topics may generate controversy, and how scientific discoveries can profoundly affect society.

Outside of the scientific community, the word ''theory'' is used to refer to a speculation or guess that is based on limited information or knowledge. Among scientists, however, a theory is not a speculation or guess, but a logical explanation of a collection of experimental data. Thus, the theory of evolution is not controversial among scientists. It is an experimentally tested theory that is accepted by an overwhelming majority of scientists, both in the life sciences and the physical sciences.

The implication in this language that there are other scientific alternatives to evolution represents a veiled attempt to introduce creationism—and, thus, religion—into our schools. Why else would the language be included at all? In fact, this objectionable language was written by proponents of an idea known as ''intelligent design.'' This concept, which could also be called ''stealth creationism'', suggests that the only plausible explanation for complex life forms is design by an intelligent agent. This concept is religion masquerading as science. Scientific concepts can be tested; intelligent design can never be tested. This is not science, and it should not be taught in our public schools.

Mr. Speaker, I am a religious person. I take my religion seriously and feel it deeply. My point here is not to attack or diminish religion in any way. My point is to make clear that religion is not science and science is not religion. The language is this bill can result in diminishing both science and religion.

FIFTIETH ANNIVERSARY OF THE GUAM WOMEN'S CLUB

HON. ROBERT A. UNDERWOOD

OF GUAM

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. UNDERWOOD. Mr. Speaker, in February 1952, a group of women set out to establish a non-profit organization designed to help improve the general education, health and welfare of the people of Guam. For the past five decades the Guam Women's Club, working on its own and with the support of other civic and service organizations, have made great contributions towards the betterment of the island of Guam. The club was taken under the wing of the Federation of Asian Women's Association (FAWA) in 1958. Due mainly to the Guam Women's Club's affiliation, this international organization has since held four conferences on Guam.

Education is one of the Guam Women's Club's paramount concerns. The club has awarded high school, college, and university scholarships since its inception. Since 1991, three full time scholarships have been put in place—awarded annually to deserving students of the University of Guam. To acknowledge the value of the teaching profession and to honor the island's teachers in both public and private schools, the club has held numerous gatherings which came to be known as ''Teachers Teas.''

The club has also been very active in beautification and facility improvement campaigns. A GWC project in 1954 initiated the establishment of the Guam Museum. GWC was instrumental in the construction of facilities such as the public pool in Hagåtña. The construction of the Padre Palomo Park, for which the club received national recognition, the Lalahita Park overlooking the village on Umatac, and the beautification of San Ramon Hill were made possible through their efforts. The post office petition project they initiated culminated to the opening of a post office in Dededo, the island's most populous village.

Through both individual and group efforts, GWC members have been directly involved with community and civic undertakings. In 1963, the club received national recognition from the General Federation of Women's Clubs for their islandwide clean-up campaign. The GWC Hospital Committee donates an average 150 hours of volunteer work at the Guam Memorial hospital. GWC made significant contributions towards the transition of Guam Youth, Inc. to the Guam Recreation Commission—another project that gained them national recognition.

GWC additionally actively participates and contributes toward several local civic programs and institutions. From support organizations and facilities such as the Alee Shelter, Erica's House, Child Care Co-op, the Guam Lytico and Bodig Association, St. Domicic's Nursing facility and Rainbows for all Children to national organizations such as Crime Stoppers, the Salvation Army, the Guam Chapter of the American Red Cross, and the American Cancer Society's Guam Unit, the range of GWC's efforts and interest seems boundless. GWC is a great contributor to holiday projects such as Sugar Plum Tree and the annual Air Force Christmas Drop to sparsely populated outlying islands. A benefactor of the Guam Symphony Society, GWC is also a major contributor to the local public broadcasting stations KPRG and KGTF.

As the Guam Women's Club—the island's oldest women's club—celebrates its fiftieth anniversary, I would like to take this opportunity to recognize the organization and its members. For 50 years, GWC has made substantial contributions toward the transformation of Guam and its people. I am confident that the island of Guam will continue to reap the benefits of GWC's endeavors for many more years to come.

HOME OWNERSHIP EXPANSION AND OPPORTUNITIES

HON. RUBÉN HINOJOSA

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. HINOJOSA. Mr. Speaker, I rise today to express concerns over the introduction of H.R. 3206, the Home Ownership Expansion and Opportunities Act of 2001. The legislation would allow Ginnie Mae to alter its current role from guaranteeing federally backed mortgage securities to guaranteeing federal and conventional mortgage securities. In short, this legislation transforms this entity into a full functioning Government Sponsored Enterprise.

While I am not necessarily opposed to the creation of an additional Government Sponsored Enterprise, I am opposed to the creation of an entity that draws from Federal capital and is not subject to government guidelines and goals geared toward increasing home ownership and improving the American economy.

This legislation would allow Ginnie Mae to operate with equal flexibility and larger security than current Government Sponsored Enterprises in the housing mortgage market, including Fannie Mae and Freddie Mac. However, it would not require that Ginnie Mae meet the housing goals established by the U.S. Department of Housing and Urban Development. These goals are designed to ensure that every American can and one day will be able to achieve the dream of home ownership.

Therefore, it is unclear how this legislation would help consumers or expand homeownership opportunities for minorities, low- to moderate-income families, and other traditionally underserved markets. The legislation that expands the role and scope of Ginnie Mae does not make them subject to mandatory affordable housing goals, borrower income caps, or limit their business to first time buyers. These ideals have made organizations like Fannie Mae and Freddie Mac an attractive and worthy government sponsored enterprise and prompted them to create new ways to expand the number of first-time borrowers or break down barriers to homeownership.

What this legislation does is make this government entity function like a private corporation, allowing Ginnie Mae to guarantee loans not just to people who need the extra help, but also to those who can and should be using the private market. Under these rules, I see no need to provide federal support for an organization that will perform a function in the housing market that can be executed by a private banking organization.

Mr. Speaker, our nation's housing finance system is the model of the world. We should be concentrating our resources, time and effort in closing the gap of homeownership rates between minority families and the larger homeownership rate. We have the tools necessary to improve ownership numbers; let's use what we have to successfully meet our laudable goals.

RESIST A BILL WITH TAX CUTS THAT WOULD DRAIN THE SURPLUS

HON. JOHN M. SPRATT, JR.

OF SOUTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. SPRATT. Mr. Speaker, a year ago, economists surveyed the future and saw nothing but surpluses: $5.6 trillion over the next ten years. Today, the ten-year surplus is at $2.6 trillion and falling, and virtually all that's left comes from Social Security. When the President submits next year's budget, an updated economic forecast will come with it, and the surplus will officially shrink again.

the Director of the Office of Management and Budget, Mitchell Daniels, blames the economy, extra spending, the fight against terrorism—everything but tax cuts. All of these have an impact, but over ten years, the Bush tax cuts take a toll of $1.7 trillion on the budget, and account for 55% of the depletion in the surplus—and this is just the toll of tax cuts already passed. Marking time is a little-noticed agenda of highly probable, politically compelling tax cuts that could wipe out much of the remaining surplus.

At the top of this agenda, awaiting a fix, is the alternative minimum tax (AMT). Last year only 1.5 million individual taxpayers had to deal with the AMT, but due to inflation, rising incomes, and an unindexed exemption, the AMT will become a household acronym to millions of middle-income Americans.

Before enactment of the Bush tax cuts, the number of individual taxpayers affected by the AMT was expected to mushroom to 17.5 million by 2010. The Bush tax act created new tax benefits without corresponding adjustments to the AMT, at least not after 2004. As a result, the number of taxpayers affected by the AMT will double by 2010, grow to 35.5 million—or to one in every three individual taxpayers. When these folks find that tax benefits are extended in one part of the code only to be retracted in another, they will protest bitterly, and in time Congress is certain to fix the AMT so that it does not come down on middle-income taxpayers. The cost of confining the AMT to its ambit before the Bush tax cuts would be about $268 billion over 2003–12. But this would leave more than 17 million taxpayers facing the AMT. If taxable income exempt from the AMT were indexed at last year's level, those affected in 2010 could be limited to about 8 million, but at a heavy cost, a further revenue loss of $241 billion.

Just as probable as some fix to the AMT is the renewal of tax benefits set to expire. The tax code is full of short-lived benefits. CBO and OMB do not try to divine what Congress will do when these deductions and credits reach the end of their legislated lives. They simply assume that expiring provisions will not be renewed. But these are popular tax benefits, and they are almost always renewed. The revenues forgone by renewing the most prominent tax benefits from 2003 through 2012 would be about $174 billion.

This, however, omits the largest expiring provision. In an effort to shoehorn as many tax cuts as possible into a package limited to $1.35 trillion, congressional Republicans put a ''sunset'' in their tax bill, terminating all of the cuts by the end of 2010. They obviously do not intend for the sun to set on their tax cuts. They stuck in a ''repealer'' to diminish the apparent size of the tax bill, knowing that Congress will be hard-pressed to repeal tax cuts already in place. In time, the ''repealer'' itself will probably be repealed. If so, the revenue loss will be $373 billion over 2003–2012.

When each of these actions is taken into account, an additional $1 trillion in revenue losses has to be deducted from the budget between 2003 and 2012, along with an additional $143 billion in debt service. The impact on the budget, all told, comes to $1.2 trillion.

This dashes any hope that the nation can repay its publicly held debt before the baby boomers retire. It also puts the ''stimulus package'' in context. Disdaining the vanishing surplus and the agenda of tax cuts to come, Republicans on the Ways and Means Committee brought forth a stimulus package full of tax cuts with doubtful effects on the economy, but with a clear impact on the surplus, reducing it by $250 billion over the next ten years. If this bill became law, it would push the overall price of the pending tax-cut agenda to almost $3.5 trillion and wipe out what remains of the surplus.

The projection of ten-year surpluses soaring toward $6 trillion left in its wake a sense of euphoria, a feeling that we could have it all. It's clear now that we can't, but in the meantime, out-sized tax cuts have overridden other priorities, like prescription drug coverage under Medicare. If we want to put the economy and the budget back on path, there is an axiom worth recalling from the days of intractable deficits: When you find yourself in a hole, the first rule is to quit digging. That's why we should resist a bill with tax cuts that would drain the surplus without stimulating the economy.

PERSONAL EXPLANATION

HON. MIKE McINTYRE

OF NORTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. McINTYRE. Mr. Speaker, on rollcall Nos. 499 and 500, I was absent since I was unavoidably detained because of a security breach at the Charlotte Douglas Airport, which caused me to be unexpectedly re-routed through another airport on a later flight.

This occurred on Tuesday, December 18, 2001. Had I been present, I would have voted ''yea.''

COMMENDING THE CANTON JUNIOR/SENIOR HIGH SCHOOL'S SEPTEMBER 11 REMEMBRANCE PROGRAM

HON. NANCY L. JOHNSON

OF CONNECTICUT

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mrs. JOHNSON of Connecticut. Mr. Speaker, I rise today to honor the students and faculty at Canton Junior/Senior High School in Connecticut's Sixth Congressional District for their beautifully touching remembrance program held in honor of the victims of the September 11th terrorist attacks.

The students took the initiative to plan and run the entire program, in which stories, poems and songs were shared, honoring those who so unexpectedly and tragically lost their lives. They also created a chain of 6,000 circles, which was looped around the auditorium, to provide a dramatic reminder of the number of people who were thought to have died on that terrible day. The chain captured both the enormity of the tragedy and the value of each individual life. But ever optimistic, the chain, as one student eloquently said, was a reminder that after the attacks, ''the great chain of America—the chain that links every single citizen of our country—strengthened ten thousand fold.''

That vital and heartfelt presentation captured the spirit of America's journey as we watched the unfolding events in horror and disbelief and then as we grieved with great sorrow at the lives and dreams shattered by evil. Despite the anger and hatred that has touched all our hearts, these students demonstrated the power of love for others. It is that power that will make our free and caring country able to defeat the hatred of those whose poverty made them easy prey for the preachers of death and destruction.

I commend the students of Canton Junior/Senior High for expressing in words and actions the thoughts and feelings of Americans everywhere.

MEMORIAL SERVICE

(Patriotic Paper by Lauren Schwartzman)

September 11th. Do you feel what I feel when you hear that date? Can you feel the death in that date? The tears cried by three hundred million eyes for six thousand people. People whose lives were so brutally, so cruelly cut short that day. We are crying for those dreams shattered and lost, dreams of life that will never be fulfilled.

Can you feel the hatred in that date? The awful, black hate these terrorists must feel toward us to have done such unbelievable things.

Can you feel the shock in that date? The shock of a fact we have ignored for so long. That fact that maybe we are taking the safety of America for granted. That maybe taking it for granted has left it not so safe anymore. The shock that made every American's heart skip several beats, the shock that branded a look of sadness on our faces. Traces of that helpless look still linger, and it will be a long, long time before they completely fade away.

Can you feel the anger in that date? The acid fire that was lit in our hearts the moment we knew the names of those inhuman people who attacked our country. The same fire that kindles our attacks on these terrorists now. This fire will also take a long time to turn to cold ashes. But can you also feel that other little bit I feel in that date? Can you feel in that date the great chain of America, the chain that links every single citizen of our country, strengthen ten thousand fold? Can you feel that? Through all of the death and tears and hate and shock, can you feel that bit of unity and hope shining through? That light that embodies America better than any two buildings ever could. An untouchable flame that cannot be doused by hate or death or any mere person! For I look at America as a candle. Some people call it the fabric, or the foundation, but I call it the candle. A candle built by the courage of Americans, expanded by the courage of Americans, protected by the courage of Americans, made free by the courage of Americans, and now we must do whatever it takes to protect that freedom. We must keep the flame that was lit so long ago burning bright and true. For if we keep on pouring our heart and soul into our songs, prayers, and actions, then there is nothing and no one that can ever douse the flame.

AS ONE WHOLE

(By Robin Engelke, Grade 8, Canton Junior High School)

As one whole,
we share one soul.

We all pray and hope,
As a nation we cope.

Tragedies don't always bring bad,
Look back to the one's we've already had.

''Always for the best.'' I say
All I can think about is that day.

The one where the towers fell,
That day felt as if we went to hell.

As one whole,
the tragedy was a form of defeat,
but not for America we hadn't been beat.

As everyone fumbled to find a loved one
In New York City there was no sun.

No sun to shine or gleam or burn,
Those fires did burn, but who did this to us will take their turn.

As one whole,
we share one soul

REFLECTION

(By Louise Eich)

September 11th, 2001 was a day when the clock stood still. Loved ones ran to each other, crying, embracing as the ground shook from the buildings crumbling. Firefighters and police officers showed braveness needed in a war, to fight and die for other's happiness. The black scorched their helmets, made their throats dry and itchy, but they marched on.

Everything stopped at that moment again, as they watched the second tower fall. Silence struck the air, and the first scream and siren pierced through the stillness.

The country went through a breakdown, a cry for help as everything turned to chaos. Planes were brought down, schools canceled, as the city of New York shut down.

But America stayed strong. We stepped right back up. New York has been opened up again, our flags wave high, and we promised to fight the evil that possessed the planes to crash on us.

We will stand strong, America. We will rebuild a nation of togetherness, and we will come out victorious. They can destroy our towers, but they can never destroy the foundations of our hearts.

IN TRIBUTE TO CLARENE LINCOLN ROBERTSON

HON. NANCY PELOSI

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Ms. PELOSI. Mr. Speaker, many of us in the U.S. House of Representatives have had our lives enriched and our spirits strengthened through the work of Rev. Doug Tanner, President of the Faith & Politics Institute. His teacher and mentor, Clarene Lincoln Robertson taught American History to Doug at Rutherfordton-Spindale Central High School in North Carolina in 1962–1963. Doug Tanner was one of the students whose life and vocation she profoundly influenced. I rise today to pay tribute to Clarene Lincoln Robertson who will be 100 years old on January 11, 2002.

Clarene Lincoln and her twin brother were born in the Shenandoah Valley of Virginia, near the town of Tenth Legion on January 11, 1902. Clarene rode horseback to elementary school and went by sleigh in the winter. When she entered high school, she went to live during the week in Harrisonburg, Virginia, and came home on the weekends. She graduated from Elon College in North Carolina in 1925.

After teaching at Huntington Girls' College in Montgomery, Alabama, she went to Duke University for a Master's Degree and met W.B. Robertson. Their summer romance has lasted 65 years. They married in 1936 and moved to Rutherfordton, North Carolina, where Clarene began her 30-year teaching career at Central High School. She initially taught both English and American History, but she moved to history only when one of her students said, ''Oh, Mrs. Robertson, you learned me all the English I ever knowed.''

Mrs. Robertson gave birth to her only natural child, daughter Mary Ella in January 1938. Arthur, her stepson from Mr. Robertson's previous marriage, died at age 65. Clarene and ''Robby'' have five grandchildren and eight great grandchildren. Only a year or so ago, they moved from Rutherfordton to Blanco, Texas, where they live with Mary Ella and her husband David.

Clarene Robertson taught high school American History like a college course. Some students opted to take the required course in summer school to avoid the rigor of her class. Others—some willingly, some reluctantly—submitted to her demanding academic standards. Those students often completed the course with both a deeper knowledge of and appreciation for our Nation's history and an eagerness to follow current events and engage in civic and political life.

Doug Tanner graduated from high school in 1964, having taken her history class in 1962–1963. Both he and Mrs. Robertson recall that Doug entered the class reflecting and embracing the strong racial prejudice typical of white Southerners at the time. Clarene Robertson was not about to let him continue to carry that attitude without her having challenged it as thoroughly and effectively as she possibly could.

The civil rights movement was nearing its height in the spring of 1963, and current events were a regular part of the curriculum. In addition, Mrs. Robertson required Doug to read John Howard Griffin's ''Black Like Me'' and, in spite of resistance, assigned him to a select group of students to make a presentation on African-American history to the rest of the class. Although several other students readily volunteered for the project, Mrs. Robertson assigned some of them to other topics. She insisted that Doug be among those who would learn and wrestle with all the issues of race in America. Mrs. Robertson also served as advisor to the student government, and worked closely with Doug in his capacity as junior class president.

The following summer, when the civil rights movement touched Doug's heart more directly through experiences in his southeastern Methodist Youth Fellowship, his mind was prepared to embrace the monumental change that racial desegregation was bringing throughout the South. It was in that notable historical context that Doug received his calling into a ministry combining faith, racial justice, and politics.

Today, Clarene Robertson's influence on Doug has helped him to lead the Institute's

Congressional Conversations on Race program and its Congressional Civil Rights Pilgrimages to Alabama. We are indebted to Mrs. Robertson for being such an exceptional teacher and mentor. It is with great pleasure and appreciation that we wish her a very happy 100th birthday on January 11, 2002.

TRIBUTE TO ROBERT LAWRENCE COUGHLIN, JR.

HON. F. JAMES SENSENBRENNER, JR.

OF WISCONSIN

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. SENSENBRENNER. Mr. Speaker, it is with sadness that I note the death of a former colleague and a great Pennsylvanian, Mr. Robert Lawrence Coughlin, Jr., who passed away last month.

Larry grew up on his father's farm near Scranton, Pennsylvania. But he was no farmhand. Making the most of his opportunities, Larry graduated from the Hotchkiss School in Connecticut in 1946, he received an Economics degree from Yale in 1950, a Masters degree in Business Administration from Harvard, and a law degree from Temple University's law school in 1958. While at Temple, Larry attended classes at night, and was a foreman on a steel assembly line during the day.

This ''steely'' resolve served him well throughout his career. As a Marine, Larry fought in the Korean War, and was aide-de-camp to Lt. General Lewis B. ''Chesty'' Puller. When he was elected to Congress, he was Chairman of the Capitol Hill Marines, which represented Members who had been in the Marine Corps.

Larry was first elected to the U.S. House of Representatives in 1968. He came from a family that had some experience in the field of public service as his uncle, Clarence Coughlin, was a former Republican Representative. Representing a wealthy suburb of Philadelphia from 1969 to 1993, Larry was so popular personally and politically, that he was almost always easily elected. It wasn't until after he retired that Democrats were able to field significant competitors for that seat.

A tall and authoritative man, Larry always had a way with people. With his military background and penchant for bow ties, Larry came across—rightfully so—as a gentleman and a scholar. While he briefly served on the House Judiciary Committee, he spent most of his career on the Appropriations Committee. Although I never had the opportunity to directly work with him on the Judiciary Committee, I did work with him on several issues. The nation last a good legislator when Larry resigned, and on November 30, the world lost a good man.

It is with a heavy heart that I say good-bye to Larry. My wife Cheryl and I would like to express our condolences to his wife Susan, and the entire family, in this time of sorrow and sadness. They will be in our prayers.

HONORING R. LAWRENCE COUGHLIN, JR.

HON. WILLIAM J. COYNE

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. COYNE. Mr. Speaker, I rise today to join in this special order honoring our former colleague, R. Lawrence Coughlin. I want to thank Mr. GEKAS for organizing this special order.

Larry Coughlin represented a suburban Philadelphia district in the House of Representatives for 24 years. He was a gracious gentleman who represented his constituents with integrity and wisdom.

Mr. Coughlin had a remarkable background. Raised on a farm in Pennsylvania, he earned a degree in economics from Yale and an MBA from Harvard. He subsequently attended night school at Temple University to get his law degree while working during the day as a foreman in a steel plant. His academic accomplishments speak to his energy and ability.

Mr. Coughlin was also a dedicated public servant. He served in the Marines in Korea during the Korean War as a aide-de-camp to legendary Marine Lt. General Lewis B. ''Chesty'' Puller. He served ably in the Pennsylvania House of Representatives and Senate before running for—and winning—a seat in Congress in 1968.

During his 12 terms in Congress, Representative Coughlin served on the House Judiciary Committee, the House Appropriations Committee, and the House Select Committee on Narcotics Abuse and Control. He was particularly active in working to increase federal housing and transportation assistance to our nation's cities. Mr. Coughlin understood that even affluent suburbs like the ones he represented depend upon central cities for their continued economic well-being. Our nation is healthier and more prosperous as a result of his service in Congress.

Larry Coughlin was always a quiet, upbeat, courteous man. It was an honor and a pleasure to serve in the House of Representatives with him. I join my colleagues in mourning his passing.

HONORING RACHEL WALSHE FOR RECEIVING A RHODES SCHOLARSHIP

HON. JAMES R. LANGEVIN

OF RHODE ISLAND

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. LANGEVIN. Mr. Speaker, I rise to pay tribute to Rachel Walshe, who hails from my hometown of Warwick, Rhode Island, and is the first woman from a New England public university to receive a Rhodes Scholarship.

Rachel was selected for the prestigious Rhodes Scholarship from among 925 applicants from across the nation for her leadership potential, academic achievement, and personal integrity. Throughout her 23 years, Rachel has consistently demonstrated all of these characteristics. Graduating last year from the University of Rhode Island with highest honors, she focused on the philosophy of religions, a major she crafted to explore her interest in understanding human motivation. While a student at the University of Rhode Island, she fought to affect public policy, founding the URI Chapter of the Campaign to End the Death Penalty, volunteering with America Reads and mentoring children in Head Start. In her spare time she mastered equestrian arts and Tai Kwan Do kickboxing.

At Oxford, Rachel will study English and theater history, and when she returns she hopes to direct theatrical performances. Already, Rachel has shared her talent with Perishable Theater in Providence where she works full-time.

I know my colleagues understand the high honor that the Rhodes Scholarship bestows. It signals tremendous achievement and even greater promise. On behalf of the entire Second Congressional District of Rhode Island, I want to express our pride in Rachel's success. Her example is inspiring and her future is overflowing with possibility. I just hope she comes home once in awhile to remind all Rhode Islanders that the smallest of states can produce the biggest of successes.

BEST PHARMACEUTICALS FOR CHILDREN ACT

SPEECH OF

HON. SHEILA JACKSON-LEE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 18, 2001

Ms. JACKSON-LEE of Texas. Mr. Speaker, I rise in support of S. 1789, the Best Pharmaceuticals for Children Act. As Chair of the Congressional Children's Caucus, the welfare of children has always been a top priority for me. The bill before us today is reauthorizing legislation designed to ensure that more medicines are tested for children and that useful prescribing and dosing information appears on labels.

Under a 1997 law, pharmaceutical companies that test drugs on children at the request of the FDA are given an extra six months of exclusive marketing rights. This law was aimed at encouraging drug companies to test their products on children so that a pediatrician would be able to prescribe appropriate doses for children. As a result of this law, we have seen more drugs for children on the market that have a label telling how they can be used, and even more basic information for pediatricians.

The difficulty of prescribing medicine for children results from various factors: a child's weight and metabolism, the quick metamorphosis of a child's body, and a child's inaccurate information about how medicines are affecting them.

A recent six-week study done in Boston found that over that time, 616 prescriptions written for children contained errors. Of those, 26 actually harmed children. Of the errors that were caught before the medication was administered, 18 could have been fatal. Medication errors in hospitals occur three times more often with children than with adults. This bill can help prevent such mistakes by prescribing adequate testing and proper labeling.

Mr. Speaker, S. 1789 also requires that the General Accounting Office (GAO) study the inclusion of children of ethnic and racial minorities in drug studies. Ethnic and racial minorities make up a substantial percentage of our

population, yet many studies do not reflect the multi-cultural and multi-racial fabric of our society.

Mr. Speaker, S. 1789, which reflects a consensus of the sponsors of both the earlier House and Senate passed bills, is a good bill. It is a necessary bill—necessary to protect the welfare of our nation's children.

TRIBUTE TO HABITAT FOR HUMANITY IN SPRINGFIELD, MISSOURI

HON. ROY BLUNT

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. BLUNT. Mr. Speaker, I rise today to pay tribute to a group in Southwest Missouri that intends to turn a careless act of pollution into hope for families. Part of the American dream is buying a home for your family. Home ownership in America is at record levels. Two of three families owns or is buying their primary residence. But for many families that dream is beyond reach.

Working with Habitat for Humanity, the House of Representatives has supported in word and deed a commitment to home ownership for low-income families. Members of this body have assisted in raising funds and working on homes that are ''dreams come true'' for many disadvantaged families. In Southwest Missouri I have assisted in putting up the walls on four homes in what has become an annual event that my staff and I look forward to. Habitat for Humanity is a charity that has been instrumental in helping thousands of families find permanent and affordable shelter. Home ownership contributes to building strong families. It inspires a family's desire to improve and protect it's personal stake in the community as well as promotes civic participation and involvement.

More importantly today, I am pleased to announce that Habitat for Humanity of Springfield, Missouri has received a grant from the Corporation for National Community Service specifically to fund a service event on the Martin Luther King Jr. holiday this coming year. The $7,500 grant will be used to fund the organization's kick-off of their new program ''Aluminum Cans Build Habitat Houses.'' On Martin Luther King Jr. Day 2002, hundreds of youth will be working throughout my district picking up and recycling aluminum cans. The money raised from collecting the cans will be used to build Habitat houses and also to provide a scholarship for a high school student in our district.

I commend my local chapter for its continued involvement in Southwest Missouri and its proactive efforts to engage young people in public service. Those of us who have been privileged enough to help on Habitat projects have seen the unity that this organization can bring to our communities. Few things are more inspiring than witnessing people from vastly different backgrounds and ethnic heritages working together to help a family achieve their dream.

It is fitting that this grant, given in honor of Martin Luther King Jr., be used for a project that unifies. I can think of no better way to honor the legacy of a man who sought to sweep away the barriers that kept all Americans from pursuing the American dream.

REMEMBERING MARSHA HANLEY

HON. BRIAN D. KERNS

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. KERNS. Mr. Speaker, today I rise to recognize a great Hoosier, a great American—Marsha Hanley. Marsha wore many hats during her lifetime—wife, mother, grandmother, volunteer, community leader, and an advocate for homeless children.

On this day, Marsha Hanley was laid to rest by her husband, Harold, children, family, and friends after leaving our world this past Sunday. The manner in which she led her life—her kindness, her love of country, her devotion to her family—serves as an example for others to follow.

A life-long Republican, Marsha cared deeply about her community and country. She followed the issues closely with great interest and was not afraid to express her opinion.

Mr. Speaker, I would like to have been home in Indiana to pay my respects, but as you know—and as I am sure she would understand—we have important legislation before us in Congress on this day. While my heart is with Marsha and her loved ones in Indiana, my duties keep me in our nation's Capitol.

We are all richer for having known Marsha, and the lives of so many others have been enriched because of her good work. While we will miss her, we take comfort in the knowledge that she is now in a better place and with our Father in heaven.

God bless you Marsha Hanley.

IN RECOGNITION OF MARY DANIELS ON HER RETIREMENT

HON. JAMES R. LANGEVIN

OF RHODE ISLAND

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. LANGEVIN. Mr. Speaker, I am pleased to recognize one of my constituents, Mary Daniels of Cranston, as she begins her retirement at the impressive age of eighty-four.

On Friday, December 7, Mary completed her final day of work at Leviton, an electrical equipment manufacturer that is one of the largest employers in Rhode Island. For thirty-seven years, Mary served as a dedicated and diligent worker, completing any task that was put before her. She will be remembered by her coworkers for her kindness to her friends and family, her impressive work ethic, and her strong character.

After many years of working to support her family, Mary may now take full advantage of her retirement. I am certain that she will enjoy these golden years, as her strong spirit will keep her active. Her four children and eight grandchildren are also certain to benefit now that she has more time to prepare family meals and her famous lemon meringue pie.

I encourage Mary to take full advantage of her retirement years, to spend more time with her loved ones, and to pursue all of her dreams. I now ask my colleagues to join me in congratulating this impressive woman on her notable achievement.

H.R. 3178, WATER INFRASTRUCTURE SECURITY AND RESEARCH DEVELOPMENT ACT

SPEECH OF

HON. SHEILA JACKSON-LEE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 18, 2001

Ms. JACKSON-LEE of Texas. Mr. Speaker, I am pleased that ''H.R. 3178, Water Infrastructure Security and Research Development Act'' and the Development of Anti-Terrorism Tools for Water Infrastructure was brought to the floor today.

Mr. Speaker, the nation's water supply and water quality infrastructure have long been recognized as being potentially vulnerable to terrorist attacks of various types, including physical disruption, bioterrorism/chemical contamination, and cyber attack. Interest in such problems has increased since the September 11, 2001 attacks on the World Trade Center and the Pentagon. Damage or destruction to these systems by terrorist attack could disrupt the delivery of vital human services, threatening public health and the environment, or possibly causing loss of life.

Water infrastructure systems include surface and ground water sources of untreated water for municipal, industrial, agricultural, and consumer needs; dams, reservoirs, aqueducts, and pipes that contain and transport raw water; treatment facilities that remove contaminants; finished water reservoirs; systems that distribute water to users; and wastewater collection and treatment facilities. Across the country, these systems comprise more than 75,000 dams and reservoirs, thousands of miles of pipes and aqueducts, 168,000 public drinking water facilities, and about 16,000 publicly owned wastewater treatment facilities. Ownership and management are both public and private; the federal government has responsibility for hundreds of dams and diversion structures, but the vast majority of the nation's water infrastructure is either privately owned or owned by non-federal units of government.

Mr. Speaker, the federal government has built hundreds of water projects over the years, primarily dams and reservoirs for irrigation development and flood control, with municipal and industrial water use as an incidental, self-financed, project purpose. Because of the size and scope of many of these facilities, they are critically entwined with the nation's overall water supply, transportation, and electricity infrastructure. Threats resulting in physical destruction to any of these systems could include disruption of operating or distribution system components, power or telecommunications systems, electronic control systems, and actual damage to reservoirs and pumping stations. A loss of flow and pressure would cause problems for water customers and also would drastically hinder firefighting efforts. Bioterrorism or chemical threats could deliver massive contamination by small amounts of microbiological agents or toxic chemicals and could endanger the public health of thousands.

Water supply was one of eight critical infrastructure systems identified in President Clinton's 1998 Presidential Decision Directive as part of a coordinated national effort to achieve

the capability to protect the nation's critical infrastructure from intentional acts that would diminish them.

Mr. Speaker, since September 11, the nation's drinking water utilities have been on a heightened state of alert to protect against the potential disruption of water service and biological and chemical contamination of drinking water supplies. Fortunately, before September 11, the water supply community was already at work with the U.S. Environmental Protection Agency, the Federal Bureau of Investigation and other federal agencies to develop methods and tools to protect water system facilities and consumers. Several drinking water organizations and EPA are currently sponsoring various research and development projects addressing water system security issues. These projects include tools for assessing vulnerabilities, preparations for response and recovery in the event of an attack, understanding the impact of potential biological and chemical agents, and training of water system personnel on security issues.

Mr. Speaker, I would like to thank my colleagues on the Science Committee for supporting my amendment on H.R. 3178. The amendment I offered, which was passed in the Committee is to ensure that the grants awarded under this bill are made to meet the needs of water supply systems of various sizes and are provided to geographically, socially and economically diverse recipients.

Mr. Speaker, this bill is critical in protecting one of our nation's most precious resources—the water supply. As indicated, protecting our water supply is important to the future of this nation and ensuring that our children are protected from any terrorist act. H.R. 3178, I believe has the greatest potential to ensure the safety of our water systems.

AMERICAN YOUTH

HON. SAM JOHNSON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. SAM J0HNSON of Texas. Mr. Speaker, one of the best aspects of our job is the ability to call to the attention of our colleagues, examples of the leadership, maturity, patriotism and values of our American youth. I have inserted in the RECORD a speech from the June 2001 eighth grade graduation address of Michael Robert Glennon. He was the President of the Student Council at Sheridan School in Washington, DC.

Michael is currently a ninth grader at the Hotchkiss School, Lakeville, Connecticut.

Parents, Grandparents, Faculty, Students, Special Guests, and Classmates, welcome and thank you for sharing our special day. I am honored to be here representing my fellow graduates to discuss the Sheridan experience and everything that the Sheridan community has meant to us.

First, however, we must be thankful for the love, efforts, and wisdom of our parents who have made possible the privilege of a Sheridan education. Thank you parents.

What do we mean by the Sheridan experience? Sheridan can not be defined simply by what happens on the sports field or in the classroom. It is after school, during recess, and during lunch, when students and teachers interact on a more personal level. That is what makes Sheridan so unique and contributes to each and every one of our Sheridan experiences.

Community service for those less fortunate than ourselves; the appreciation of nature at the mountain campus that has made us all better stewards of our environment; both of these are hallmarks of the Sheridan experience.

No graduate will soon forget the times we've had or the things we've learned. But more importantly, we won't forget each other. The friendships we have made will stick with us the rest of our lives. It is very rare that you get to have such a close relationship with your fellow classmates at school. Although sometimes it is frustrating to have such a small class and small school, in the end it is uniquely Sheridan because your classmates and school are always there for you in any situation. All of us, including me, can remember when Sheridan was there to support us, to share our joy, or lessen our sorrow. If there is one thing we all take away from Sheridan it is the friendships we have made.

On behalf of my entire class and the entire student body, I would like to thank the faculty and the wonderful staff. All of you have helped us in ways you can not imagine. Thank you especially to all of the teachers who have taught us over the years. Mrs. Lytle in kindergarten, Mrs. Miller and Mrs. Curtis in second grade. Mrs. Goldstein in third and fifth grade. Mrs. Pelton, Mrs. Arcuri, Ms. Provonsil, Mr. Walton, Mrs. Cresswell, Mr. Powell, Mrs. Kotler, Mrs. Haggerty, Senorita Fabiola, Mrs. Garcia deMendoza, Mrs. Sacher and Madame. Of course, a special thanks to Ms. Brown and Mr. Helfand for helping us through this year and the high school admissions process. Mr. Plummer, thank you for being a great principal, always smiling, and always having candy.

In conclusion, earlier I mentioned the privilege of a Sheridan education.

However, this privilege demands responsibility from all of us here today. A responsibility to be a friend, a responsibility to help others, and a responsibility to respect our environment.

But most importantly, a responsibility to honor the values and education we were privileged to receive. The Sheridan experience has shaped our lives.

Thank you parents, thank you teachers, thank you classmates, thank you Sheridan.

ON THE DECISION OF SECRETARY OF ENERGY SPENCER ABRAHAM TO PERMANENTLY CLOSE THE FAST FLUX TEST FACILITY ON THE HANFORD NUCLEAR RESERVATION NEAR RICHLAND, WA

HON. DAVID WU

OF OREGON

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. WU. Mr. Speaker, I rise today to applaud Secretary Abraham's decision to permanently close the Fast Flux Test Facility (FFTF) located on the Hanford Nuclear Reservation near Richland, Washington.

The FFTF is a 400-megawatt sodium cooled nuclear reactor that operated from 1982 to 1992 to test advanced fuels and materials in support of the national Liquid Metal Fast Breeder Reactor Program. In 1992, this use was terminated. The FFTF then became a facility without a mission. When efforts to identify a long-term mission for the FFTF were unsuccessful, the Department of Energy moved the plant into a standby shutdown.

For nearly ten years, this standby mode cost the American taxpayers $32 million per year, even though there was no functional purpose for maintaining this standby status. I have twice introduced legislation to permanently close this environmentally risky, fiscally wasteful, and technologically unnecessary facility.

Mr. Speaker, nuclear contamination from the Hanford Nuclear Reservation has long threatened the Columbia River and the hundreds of thousands of Oregonians living downstream. The millions of dollars previously spent keeping the FFTF on standby can finally be used to perform the clean up that is essential to ensure environmental safety and clean drinking water for Oregonians.

The Department of Energy has taken an important step today to remedy the environmental problems caused by the Hanford facility. I look forward to working with Secretary Abraham in the coming months and years to ensure that Hanford will no longer pose a health threat to those living in the Columbia River region.

PAYING TRIBUTE TO THOMAS MOORE

HON. SCOTT McINNIS

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. McINNIS. Mr. Speaker, I would like to take this opportunity to recognize Thomas Moore of Grand Junction, Colorado and thank him for his service to this country. Thomas began his service to our nation as a sailor, joining the Navy at a young age to travel and experience the world. Early in his service, Thomas participated in a moment that would change the world and bring this nation into war. The moment was Pearl Harbor on December 7, 1941.

Thomas was assigned to the battleship USS *Maryland* on that December morning. He was serving as a hospital apprentice, learning the skills to assist surgeons in operating procedures. As his ship, along with other ships, were bombed and torpedoed in the harbor, Thomas was thrust into a position to save men's lives. He spent the next several days assisting the wounded with their battle injuries and doing what he could to ease the shock and pain of U.S. sailors.

As a result of the attack that day, twelve U.S. ships were sunk, beached, or destroyed by Japanese action. The U.S. armed forces suffered heavy casualties losing 2,400 men to enemy action and 1,100 casualties as a result of enemy fire. This nation was given no choice but to declare war on Japan and thus enter World War II. Thomas, like many other servicemen and women, would know the horrors of war for the next four years.

Mr. Speaker, as we remember the 60th anniversary of Pearl Harbor let us also remember the recent victims of our nation's quest for freedom. The attacks on this country September 11 again have plunged us into war. As we fight to redeem our fallen friends let us also pay tribute to the soldiers throughout our nation's history who gave their lives to protect our way of life. It's dedicated men like Thomas

Moore to whom we should pay homage and thank for his service to this nation.

PAYING TRIBUTE TO WESTERN STATE COLLEGE CROSS-COUNTRY TEAMS

HON. SCOTT McINNIS

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. McINNIS. Mr. Speaker, I would like to take this opportunity to recognize an outstanding group of dedicated young men and women from Western State College in Gunnison, Colorado. The group is the men's and women's cross country teams, who for the second year in a row brought back to their school a national championship. I would like to commend them on their efforts and mention several of their accomplishments.

The teams this year won the national title at Slippery Rock State University in Pennsylvania. By taking the title this year and in 2000, Western State has made cross-country history. It is only the second time in NCAA I, II, III Championships that both a men's and women's team from the same school have taken both titles. Their latest achievement culminates a successful year for all the athletes on the team. All of this was accomplished under the guidance and leadership of their coach Duane Vandenbusche, who for his efforts was awarded Coach of the Year at a conference, regional, and national level.

Mr. Speaker, I am always proud to recognize the accomplishments of those who have dedicated their time and efforts to achieving a difficult goal. The Mountaineers of Western State College have made great sacrifices in their lives and have done a wonderful job representing the College and the State of Colorado. Their championship is well deserved and I look forward to watching their next season with pride and admiration.

TRIBUTE TO CELIA HUNTER

HON. JAY INSLEE

OF WASHINGTON

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. INSLEE. Mr. Speaker, I rise today to pay tribute to a great conservationist, Celia Hunter, who died December 1 at the age of 82. We need to acknowledge heroes of the conservation community like Celia so that future generations may see and know what made this country the great nation that it is today, what shaped us as a freedom-loving people, and what made us kind and considerate stewards of the land.

Though she was born and raised in Arlington, Washington, Celia's greatest contributions came in protecting our last frontier, Alaska. Our national parks, our wildlife refuges, and our national forests in Alaska have come to be heirlooms that we may pass on to our children and their children in large part because of Celia Hunter.

Celia was a member of the Women's Air Force Service Pilots, flying fighter planes from factories where they were built to airfields and ports for use in World War II. She and lifelong friend Ginny Wood then had the opportunity to fly surplus planes to Alaska. They landed in Fairbanks on January 1, 1947 with temperatures at minus 50 degrees and never looked back.

Celia, Ginny Wood, and Ginny's husband Woody built Denali Camp in 1951 on the edge of then-Mt. McKinley National Park. Their vision for an ecologically friendly, conservation-education, backcountry camp survives today under the management of Wally and Geri Cole, who purchased the tourism accommodation from Celia and Ginny in 1975. In 1960, Celia and Ginny, with a few others in Fairbanks, founded the Alaska Conservation Society, the first statewide conservation organization run entirely by volunteers. The Alaska Conservation Society was the precursor to today's three regional organizations, the Northern Alaska Environmental Center, the Southeast Alaska Conservation Council, and the Alaska Center for the Environment, as well as the Alaska Conservation Foundation, another organization Celia helped to establish and on whose board she served for two decades. In the latter part of the 1970s, Celia served as executive director of the Wilderness Society, and in 1991 the Sierra Club awarded Celia its highest achievement award, the John Muir Award.

She also fought, literally until her death, to preserve the Arctic National Wildlife Refuge. I had the opportunity to visit this beautiful land in July, and while there I witnessed an explosion taking place on the coastal plane of the Arctic—an explosion of life. In fifty years of exploring the back country of America, from Yellowstone to the Appalachian Trail, I have never seen such activity—birds singing, caribou calving, and tundra flowers blooming. It was hard to take a step in the soggy, tussock-filled tundra without scaring up a well-camouflaged ptarmigan, stepping on some happy Mountain Aven blossom, or spying a bunch of caribou heading for their traditional calving grounds. The Arctic Refuge represents the largest intact ecosystem in America, a unique expanse where industrialization has not broken one link in the chain of life.

Celia Hunter was an inspiration to a generation of wilderness enthusiasts and others who wished to make the world a better place. In a 1986 interview she said, ''Each one of us has a responsibility to take care of the part of the world we live in.'' Celia wanted to live in a world where there were wild places, peace and quiet, and compassion for her fellow man and woman. In this vision, she led by example, and she will be sorely missed, but never forgotten by those who worked with her, lived near her, and met her.

CONGRATULATING GUAM'S ROTC PROGRAM

HON. ROBERT A. UNDERWOOD

OF GUAM

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. UNDERWOOD. Mr. Speaker, it is an honor to congratulate the University of Guam's (UOG) Army Reserve Officer Training Corps (ROTC) program upon their distinction as the best in the nation for mission accomplishment and quality. UOG's ROTC program, the Triton Warrior Battalion, was recently ranked number one out of 270 programs evaluated nationwide. This is a first for them, an achievement for a program smaller than many of its counterparts. This recognition makes our island very proud and is testament to the hard work of the cadets, cadre, and recruiters of the Triton Warrior Battalion.

Since the founding of UOG's ROTC program in 1979, students have been well trained to become commissioned officers in both the active and reserve components of the U.S. Army. The program has commissioned some of Guam's finest men and women as officers and produced some of the Army's most exceptional leaders. In its 22 years, the program at UOG has commissioned over 240 Second Lieutenants, and this year they are expected to commission 20 more.

The U.S. Army Cadet Command, the supervising headquarters for all ROTC battalions nationwide, annually assesses ROTC programs. A multitude of criteria is used to determine performance ranking. While enrollment, retention, basic camp attendance, commission and contract accomplishment are all part of the criteria, the most important factors contributing to the evaluation are commission and contract accomplishments.

Commission accomplishment is based on the number of cadets commissioned in the course of a year. This year, UOG's ROTC program received a commission mission of ten, however, they surpassed that number by commissioning 20 officers. Next year, they have been tasked to commission 12 and it is expected that they will again exceed the tasked commission requirement by doubling the number of commissioned officers. In 2003, it is anticipated that the commission accomplishment will exceed the requirements three times over.

UOG's ROTC program's contract accomplishment is the ability of the program to meet its fiscal year missions and goals for contracting cadets into the advanced course for juniors advancing toward senior status. While the contract mission for fiscal year 2002 is 20 cadets, UOG's ROTC program has exceeded expectations and contracted 34 cadets. Presently, UOG's ROTC program has 111 cadets enrolled, however they continue to witness an annual enrollment increase.

During these difficult and trying times, the men and women of the Triton Warrior Battalion are to be commended. Together, they are an excellent example of the leadership, determination and courage needed to safeguard our freedoms and our democracy. My congratulations to all the cadets and instructors of UOG's ROTC program. May they continue to achieve success in the years to come.

ON THE INTRODUCTION OF LEGISLATION TO PREVENT TEEN PREGNANCY

HON. JANE HARMAN

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Ms. HARMAN. Mr. Speaker, today, with my colleague NANCY PELOSI, I am pleased to introduce legislation today to strengthen our nation's commitment to preventing teen pregnancy.

The United States has the highest rates of teen pregnancy and births in the western industrialized world. Nearly four in 10 young

women become pregnant at least once before they reach the age of 20—one million a year.

This is a problem that has a devastating impact on California as a whole (which has the second worst teen pregnancy rate in the nation) and Hispanic teenagers in particular, who have the highest rates of teen pregnancy of any ethnic group. The cost to the United States in health care and education alone is at least $7 billion annually, and the human cost in dreams deferred and children with limited opportunities is immeasurable. Reducing unwanted pregnancies also reduces the number of abortions.

We must act now to build on the success of existing programs that have helped reduce teen pregnancy rates nationwide so that we may ensure young women and men have the information and confidence they need to make wise choices about their sexual behavior.

The approach of our legislation is very straightforward: fund programs that work.

Over the past decade, a wide variety of teen pregnancy prevention programs have shown dramatic results in delaying teenagers' sexual activity, promoting the safe use of contraceptives, and reducing teen pregnancy. These programs don't fit a particular model: some provide comprehensive sex and HIV education, some provide information on and access to contraception, some provide economic or service opportunities to youth. Some use media campaigns, some intervention and counseling, and some youth development programs.

Successful education programs do, however, all share a common feature: they deliver the message that abstaining from sexual activity is the only 100 percent effective way to prevent teen pregnancy, but recognizing that teens will not always abstain from sex, also provide accurate information on contraception and other means to prevent pregnancy.

The grant program authorized by the bill we introduce today targets new funding at high-risk communities and groups, and allows a wide range of organizations—from local coalitions to State agencies—to apply for funds.

This bill represents an effective and proven way to move forward on teen pregnancy prevention. The program will fund diverse teen pregnancy prevention programs, so long as they are based on methods and programs that work.

This legislation is a win-win deal for teens, their families, and their communities across the nation, and I urge all of my colleague to support it.

RECOGNIZING THE GINNIE MAE CHOICE PROPOSAL

HON. BOB BARR

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. BARR of Georgia. Mr. Speaker, as a member of Congress, and a member of the Financial Services Committee, I share the goal of increasing homeownership opportunities for American families. Our government and the Congress have made policy choices to support this goal. These policy choices have paid off for our nation and for American families with more than 67 percent of American families owning their own homes today.

The present system works well and when someone comes up with an idea to change to system, we must be very mindful of the maxim ''Do No Harm.'' One such proposal to alter this system is called the Home Ownership Expansion and Opportunities Act, H.R. 3206 or Ginnie Mae ''Choice.'' For the first time, this legislation would place the full faith and credit guarantee behind conventional mortgage loans.

Ginnie Mae ''Choice'' would—in effect—create yet another housing GSE, but with the difference being that this one would have an explicit government guarantee behind all that it does, unlike the current housing GSEs such as Fannie Mae, Freddie Mac, and the Federal Home Loan Banks.

The Ginnie Mae Choice proposal would authorize Ginnie Mae (GNMA) to guarantee securities backed by mortgages with loan-to-value ratios of over 80 percent. Interest and principle payments on these mortgages would be insured first by partial private mortgage insurance (PMI), second by insurance issued by the United States Department of Housing and Urban Development (HUD), and lastly by the GNMA guarantee.

Private mortgage insurers would assume a minimum first loss position that varies from 12 to 35 percent of outstanding principal and interest depending on the loan-to-value ratio, and the federal government (HUD and GNMA combined) would assume all residual risk. In general, loans potentially qualifying for the GNMA Choice program are conforming loans that meet the PMI requirements.

I would like to thank my colleague, Representative MARGE ROUKEMA (R–NJ) for introducing the bill. We share the common goal of wanting to increase homeownership, but upon reflection, I am not certain that this bill will achieve the stated goal. In contrast to Fannie Mae and Freddie Mac, this legislation would impose no housing goals on Ginnie Mae. If the goal of the legislation is to increase homeownership among low-income families, it would seem logical to have some kind of housing targets or loan amounts. Yet, this legislation is silent in that regard.

As a practical matter, I remain unconvinced an agency within HUD has the capacity to manage a mortgage volume of some $30 billion per year. Granted, private MIs would pick up 12 to 35 percent of losses, but the prospect of this agency being able to manage both credit and interest rate risk on these mortgages is somewhat dubious. HUD's management track record in this regard is spotty at best.

H.R. 3206 contemplates no Risk Based Capital Standards (RBCS). Fannie Mae and Freddie Mac must adhere to strict RBCS imposed from the 1992 legislation that revised their charters. Both companies are now doing business under the RSBCSs from the 1992 legislation. Indeed, under the Risk Based Capital Standards applied to Fannie Mae and Freddie Mac, GNMA would experience losses in the range of $9.35 billion under severe stressful conditions to $1.86 billion under less stressful conditions—according to an analysis by Pricewaterhouse Coopers.

In conclusion, it seems H.R. 3206 is uncertain to achieve its stated goal of increasing homeownership significantly, while at the same using the explicit backing of the United States Government to potentially cause losses of several billion dollars to the taxpayers. Therefore, I would discourage my colleagues from supporting this bill.

TRIBUTE TO MR. WILLIAM (BILL) HEVERT

HON. ELIOT L. ENGEL

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. ENGEL. Mr. Speaker, I rise today in order to honor William (Bill) Hevert on the occasion of his retirement after 28 years of dedicated service to Bessemer Trust Ltd.

Born in the Bronx on September 22, 1943, Bill graduated from Dewitt Clinton High School in June 1961. After graduating with a BA from City College of New York-Baruch School in 1965, Bill took a job with the Internal Revenue Service (IRS). In 1966 he joined the Medical Services Corps at Fort Meade in Laurel, Maryland where he received the Army Commendation Medal for service through January 1968 as a First Lieutenant. After finishing his service in the U.S. Armed Forces, Bill went back to the IRS for two years before he joined SD Leidersforf as an accountant. After two years at SD Leidersforf, Bill joined Bessemer.

For most of his life, Bill lived in the Bronx where he was respected and admired by the community around him. His dedication has touched many others, including former President George H. W. Bush and the former First Lady Barbara Bush, who had the pleasure of working with Bill in the preparation of their own tax returns. Lewis Goldstein, a friend of Bill for over forty years, fondly recalls the many holiday celebrations they shared and the many trips to places such as Palisades Amusement Park and the Bronx Zoo. He also recalls many summers spent at Rockaway where Bill and his family rented a bungalow for many years.

After retiring from Bessemer, Bill plans on spending time in New York as well as Florida. He also plans on traveling extensively with his partner, Larry Bartelsen, who is also retiring. Bill and Larry hope to use their new free time to enjoy the things they love, including the New York Philharmonic, the Metropolitan and New York City Operas, theater and dining out. I would like to congratulate both Bill and Larry and wish them all the best in their retirement.

HONORING BOB KELSEY

HON. SCOTT McINNIS

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. MCINNIS. Mr. Speaker, I would like to recognize the selfless contributions of one individual in the Grand Junction community of Colorado who has rallied the support of others for a noble cause. In 1997, Bob Kelsey founded, and has since directed, the Catholic Outreach Day Center.

Mr. Kelsey was inspired by the words of a homeless man who was trying to find work one day. With the help of Catholic Outreach and an initial grant from the city, his vision has become a reality. The Catholic Outreach Day Center performs basic services for homeless people and provides opportunities for them to

find employment. Not only does it give them a place to shower and do their laundry, but it also aids in giving those less fortunate the tools needed to look for employment. These simple services greatly increase the odds of getting a job for those with very few resources.

Bob Kelsey has been the director of the Catholic Outreach Day Center since its creation in 1997, but at the age of seventy he is passing his responsibilities on to another. In the four years of the day center's existence, Bob, with the help of over 40 volunteers, has helped to provide more than one thousand jobs to the less fortunate members of the community.

Mr. Speaker, Bob Kelsey has dedicated many resources and provided many opportunities to those members of his community who are less privileged. The Catholic Outreach Day Center has become a very valuable asset for many people. Mr. Kelsey has touched the lives of so many and will be greatly missed, but through the ongoing support of his community his vision will survive to make a difference. Thanks Bob for your efforts on behalf of others.

TRIBUTE TO CHIEF DOUGLAS G. SPORLEDER

HON. ZOE LOFGREN

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Ms. LOFGREN. Mr. Speaker, I rise to commend Chief Douglas G. Sporleder on his retirement from the Santa Clara County Fire Department. Chief Sporleder is retiring after 21 years of service to the people of Santa Clara County.

Santa Clara County Fire Department services an area of 137 square miles and a population of 259,000, and consists of 270 paid personnel and 40 volunteers operating a regional network of sixteen fire stations with a $32 million budget.

Chief Sporleder is third-generation fire service. His father and grandfather were also chief officers in the fire services. Upon his retirement, Douglas Sporleder will have been fire chief for over 21 years, nearly half the time that the Santa Clara County Fire Department has been in existence.

Starting as a volunteer firefighter in 1963, Chief Sporleder attained the rank of chief in 1980 after progressing through the ranks of firefighter, captain, training chief and assistant chief. He is also the Santa Clara County Fire Marshal and the Local Mutual Aid Fire and Rescue Coordinator, and a member of the Governor's Special Arson Task Force and the California Fire and Rescue Service/FIRESCOPE Board of Directors.

Chief Sporleder's other professional accomplishments include: speaking at the National Fire Academy and the International Association of Fire Chiefs conference; certificates of appreciation from Santa Clara County, the American Heart Association; and the recipient of the American Legion Certificate of Commendation for Heroism. He has served as president of the Santa Clara County Fire Chiefs' Association, and is a member of the International Association of Fire Chiefs, the IAFC Metro Chiefs Division, the Western Fire Chiefs' Association, the California Fire Chiefs' Association, the National Fire Protection Association, and the Special Fire Districts' Association of California.

An active participant in community service and community affairs, Chief Sporleder will be sorely missed by the Fire Department and the County. I cannot thank Chief Sporleder enough for his years of service to the people of Santa Clara County, and wish him nothing but the best in the future. He is a leader as well as someone I am proud to call my friend.

IN MEMORY OF SUSAN M. FAGAN

HON. DAVE WELDON

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. WELDON of Florida. Mr. Speaker, I rise to commemorate the life and service of Susan M. Fagan, a Peace Corps volunteer, who lost her life after serving in Ghana in November. At the time of her death, Susan was visiting her family in Ohio. The cause of death is believed to be malaria.

Mrs. Fagan, of Barefoot Bay, Florida, had served in the Peace Corps from November 29, 1999, to November 2, 2001, in Akwida, Ghana, where she started tourist management committees so that the villagers could benefit directly from the burgeoning tourist industry in Ghana. Before completing her service, Susan had developed and presented to the Ghana Tourist Board a longterm plan for promoting tourism in the Akwida region. Thanks to Susan's hard work, that plan is being utilized today.

Susan is survived by her father, William Wilson, her stepmother, Linda Wilson, her sisters, Debra Moore and Shelby Wilson, and stepbrothers, Terry and Brandan Zastrow. A memorial service was conducted in East Liverpool, Ohio, on Thursday, December 6, 2001. A second memorial service was held in Florida on December 13, 2001. Susan is also survived by her deceased husband's family, father and mother-in-law, Raymond and Dona Fagan, brother-in-law, William Fagan, and sister-in-law, Dori Ziomek.

Susan embodied the best traditions of Peace Corps Volunteers, and her life and work will be deeply missed by all who knew and worked with her. Our thoughts and prayers are with her family and friends. In memory of Susan Fagan, the Peace Corps flag was flown at half-staff on December 6, 2001.

Susan helped the people of interested countries and helped promote a better understanding of Americans on the part of the people she served. Susan always saw the humor in a situation and never allowed the frustrating things about living in a developing country get her down. She considered herself very lucky to have had such an opportunity.

''I am very proud to say that Susan's life embodied the Peace Corps goals,'' said Ghana Country Director Leonard Floyd. We will all miss her—her family, friends, the Peace Corps staff, the Peace Corps Volunteers and all of the people who considered her a friend and family in her Ghana home of Akwida.'' Indeed, her example will continue to inspire us.

HUMAN RIGHTS IN CENTRAL ASIA

HON. CHRISTOPHER H. SMITH

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. SMITH of New Jersey. Mr. Speaker, on Friday, December 21, Kazakhstan's President Nursultan Nazarbaev will be meeting with President Bush. Sometime in January, Uzbekistan's President Islam Karimov is likely to arrive for his visit, The invitations to these Heads of State obviously reflect the overriding U.S. priority of fighting international terrorism and the corresponding emphasis on the strategic importance of Central Asia, which until September 11 had been known largely as a resource-rich, repressive backwater.

As Co-Chairman of the Commission on Security and Cooperation in Europe, I have chaired a series of hearings in recent years focused on human rights and democratization in the Central Asian region.

Clearly, we need the cooperation of many countries, including Afghanistan's Central Asian neighbors, in this undertaking. But we should not forget, as we conduct our multidimensional campaigns, two vitally important points: first, Central Asian leaders need the support of the West at least as much as we need them.

Unfortunately, Central Asian presidents seem to have concluded that they are indispensable and that we owe them for allowing us to use their territory and bases in this fight against the terrorists and those who harbor them. I hope Washington does not share this misapprehension. By striking against the radical Islamic threat to their respective security and that of the entire region, we have performed a huge service for Central Asian leaders.

Second, one of the main lessons of September 11 and its aftermath is that repression of political opposition and alternative viewpoints is a key cause of terrorism. Secretary of State Colin Powell and National Security Adviser Condoleezza Rice have declared that the war on terrorism will not keep the United States from supporting human rights. I am hopeful the administration means what they have said. But given the sudden warming of relations between Washington and Central Asian leaders, I share the concerns voiced in many editorials and op-eds that the United States will downplay human rights in favor of cultivating ties with those in power. More broadly, I fear we will fall into an old pattern of backing repressive regimes and then being linked with them in the minds and hearts of their long-suffering peoples.

In that connection, Mr. Speaker, on the eve of President Nazarbaev's meeting with President Bush and in anticipation of the expected visit by President Karimov, as well as possible visits by other Central Asian leaders, I want to highlight some of the most glaring human rights problems in these countries.

To begin with, corruption is rampant throughout the region, and we should keep this in mind as the administration requests more money for assistance to Central Asian regimes. Kazakhstan's President Nazarbaev and some of his closest associates are under investigation by the U.S. Department of Justice for massive corruption. Not surprisingly, to keep any information about high-level misdeeds from the public—most of which lives in

dire poverty—the Nazarbaev regime has cracked down hard on the media. Family or business associates of President Nazarbaev control most media outlets in the country, including printing houses which often refuse to print opposition or independent newspapers. Newspapers or broadcasters that try to cover taboo subjects are harassed by the government and editorial offices have had their premises raided. The government also controls the two main Internet service providers and regularly blocks the web site of the Information Analytical Center Eurasia, which is sponsored by Kazakhstan's main opposition party.

In addition, libel remains a criminal offense in Kazakhstan. Despite a growing international consensus that people should not be jailed for what they say or write, President Nazarbaev on May 3 ratified an amendment to the Media Law that increases the legal liability of editors and publishers. Furthermore, a new draft religion law was presented to the Kazakh parliament at the end of November without public consultation. If passed, it would seriously curtail the ability of individuals and groups to practice their religious faith freely.

Uzbekistan is a wholesale violator of human rights. President Karimov allows no opposition parties, permits no independent media, and has refused even to register independent human rights monitoring groups. Elections in Uzbekistan have been a farce and the Organization for Security and Cooperation in Europe (OSCE) rightly refused to observe the last presidential ''contest,'' in which Karimov's ''rival'' proclaimed that he was planning to vote for the incumbent.

In one respect, however, Karimov is not lacking—brazen gall. Last week, on the eve of Secretary Powell's arrival in Tashkent, Uzbek authorities announced plans to hold a referendum next month on extending Karimov's tenure in office from five years to seven. Some members of the tightly controlled parliament urged that he be made ''president for life.'' The timing of the announcement could have had only one purpose: to embarrass our Secretary of State and to show the United States that Islam Karimov will not be cowed by OSCE commitments on democracy and the need to hold free and fair elections.

I am also greatly alarmed by the Uzbek Government's imprisonment of thousands of Muslims, allegedly for participating in extremist Islamic groups, but who are probably ''guilty'' of the ''crime'' of attending non-government approved mosques. The number of people jailed on such dubious grounds is estimated to be between 5,000 and 10,000, according to Uzbek and international human rights organizations. While I do not dismiss Uzbek government claims about the seriousness of the religion-based insurgency, I cannot condone imprisonment of people based on mere suspicion of religious piety. As U.S. Government officials have been arguing for years, this policy of the Uzbek Government also seems counterproductive to its stated goal of eliminating terrorists. Casting the net too broadly and jailing innocent people will only inflame individuals never affiliated with any terrorist cell.

In addition, Uzbekistan has not only violated individual rights, but has also implemented policies that affect religious groups. For example, the Uzbek Government has consistently used its religion law to frustrate the ability of religious groups to register, placing them in a ''catch-22''. By inhibiting registration, the Uzbek Government can harass and imprison individuals for attending unregistered religious meetings, as well as deny property purchases and formal education opportunities. As you can see, Mr. Speaker, Uzbekistan's record on human rights, democratization and religious freedom is unacceptable.

I am not aware that Kyrgyzstan's President Askar Akaev has been invited to Washington, but I would not be too surprised to learn of an impending visit. Once the most democratic state in Central Asia, Kyrgyzstan has gone the way of its neighbors, with rigged elections, media crackdowns and repression of opposition parties. At a Helsinki Commission hearing I chaired last week on democratization and human rights in Kyrgyzstan, we heard from the wife of Felix Kulov, Kyrgyzstan's leading opposition figure, who has been behind bars since January 2001. Amnesty International and many other human rights groups consider him a political prisoner, jailed because he dared to try to run against President Akaev. Almost all opposition and independent newspapers which have sought to expose high-level corruption have been sued into bankruptcy.

With respect to the proposed religion law the Kyrgyz Parliament is drafting, which would repeal the current law, significant concerns exist. If the draft law were enacted in its current emanation, it would categorize and prohibit groups based on beliefs alone, as well as allow arbitrary decisions in registering religious groups due to the vague provisions of the draft law. I encourage President Akaev to support a law with strong protections for religious freedom. Implementing the modification suggested by the OSCE Advisory Panel of Experts on Religious Freedom would ensure that the draft religion law meets Kyrgyzstan's OSCE commitments.

Mr. Speaker, this morning I had a meeting with Ambassador Meret Orazov of Turkmenistan and personally raised a number of specific human rights cases. Turkmenistan, the most repressive state in the OSCE space, resembles North Korea: while the people go hungry, megalomaniac President Saparmurat Niyazov builds himself palaces and monuments, and is the object of a Stalin-style cult of personality. No opposition of any kind is allowed, and anyone who dares to express a view counter to Niyazov is arrested. Turkmenistan is the only country in the OSCE region where places of worship have been destroyed on government orders—in November 1999, the authorities bulldozed a Seventh-Day Adventist Church. Since then, Niyazov has implemented his plans to provide a virtual bible for his benighted countrymen; apparently, he intends to become their spiritual as well as secular guide and president for life.

Turkmenistan has the worst record on religious freedom in the entire 55-nation OSCE. The systematic abuses that occur almost weekly are an abomination to the internationally recognized values which undergird the OSCE. Recent actions by Turkmen security agents against religious groups, including harassment, torture and detention, represent a catastrophic failure by Turkmenistan to uphold its human rights commitments as a participating OSCE State. In addition, last January, Mukhamed Aimuradov, who has been in prison since 1995, and Baptist pastor Shageldy Atakov, imprisoned since 1999, were not included in an amnesty which freed many prisoners. I hope that the Government of Turkmenistan will immediately and unconditionally release them, as well as all other prisoners of conscience.

Rounding out the Central Asian countries, Tajikistan also presents human rights concerns. A report has recently emerged concerning the government's religious affairs agency in the southern Khatlon region, which borders Afghanistan. According to reliable sources, a memorandum from the religious affairs agency expressed concern about ''increased activity'' by Christian churches in the region, calling for them to be placed under ''the most stringent control.'' Tajik Christians fear that this statement of intolerance could be a precursor to persecution. Keston News Service reported that law enforcement officials have already begun visiting registered churches and are trying to find formal grounds to close them down. Additionally, city authorities in the capital Dushanbe have cracked down on unregistered mosques.

Mr. Speaker, as the world focuses on Central Asia states with unprecedented energy, I wanted to bring these serious deficiencies in their commitment to human rights and democracy to the attention of my colleagues. All these countries joined the Organization for Security and Cooperation in Europe soon after their independence from the Soviet Union a decade ago. By becoming OSCE participating States, they agreed without reservation to comply with the Helsinki Final Act and all subsequent agreements. These documents cover a wide range of human dimension issues, including clear language on the human right of religious freedom and the right of the individual to profess and practice religion or belief. Unfortunately, as I have highlighted, these countries are failing in their commitment to promote and support human rights, and overall trends in the region are very disturbing.

The goals of fighting terrorism and steadfastly supporting human rights are not dichotomous. It is my hope that the U.S. Government will make issues of human rights and religious freedom paramount in bilateral discussions and public statements concerning the ongoing efforts against terrorism. In this context, the considerable body of OSCE commitments on democracy, human rights and the rule of law should serve as our common standard for our relations with these countries.

COLONEL KARL ''KASEY'' WARNER RETIREMENT

HON. SHELLEY MOORE CAPITO

OF WEST VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mrs. CAPITO. Mr. Speaker, I rise today to honor Colonel Karl ''Kasey'' Warner of the United States Special Operations Command who is retiring from the United States Army after 27 years of active duty.

Colonel Warner has served this great country with dedication and honor for over 27 years in uniform, but his service to his country has not ended. He will be taking on the duties of the United States Attorney for the Southern District of West Virginia for the term of four years.

Colonel Warner began his military career as a cadet at the United States Military Academy

at West Point. It was there that he graduated and was commissioned a Second Lieutenant in 1974. Colonel Warner's career epitomizes leadership and selfless service. He has served his country well both as a line officer in Field Artillery and later as a Judge Advocate.

Colonel Warner attended West Virginia University School of Law and graduated in 1980. He has served primarily as a trial litigator and has been an instructor of criminal law at the Army Judge Advocate General School. His career has taken him from the parade grounds of West Point to foreign lands and harsh living conditions—he was the joint task force and multinational force staff judge advocate at Port-au-Prince, Haiti in 1994–1995.

In Haiti, he designed a procedure for detaining Haitians—as a matter of policy they determined that detainees should be afforded the same treatment accorded to detained persons under the 1949 Geneva Prisoner of War provisions (food shelter medical care)—the treatment was so good by Haitian standards that often people would ''confess'' in the hopes of being detained. However by all accounts the Joint Detention Facility was an unqualified success. Colonel Warner also arranged for the appointment of four judge advocates to be authorized to serve as a one-member foreign claims commissions and the appointment of three more judge advocates to serve as a three-member commission.

Prior to becoming the prestigious Special Operations Judge Advocate, Colonel Warner was the deputy legal counsel to the Chairman of the Joint Chiefs of Staff. In whatever challenge he was tasked with, he excelled and constantly personified the words General Douglas MacArthur made famous and synonymous with West Point: ''Duty, Honor, Country.''

Colonel Warner's military decorations include the Defense Superior Service Medal, Legion of Merit, Defense Meritorious Service Medal with oak leaf cluster, Meritorious Service Medal with four oak leaf clusters, Army Commendation Medal with oak leaf cluster; two Joint Meritorious Unit Awards; and the Armed Forces Expeditionary Medal. He is qualified to wear, in addition to Master Parachutist Wings, the coveted Ranger tab and Air Assault wings. He has also been accorded the honor of receiving the Jump Wings of the Australians, British, and Saudi Arabians.

Colonel Warner and his wife, Joanie, have four children: Margaret who is a lieutenant with the Army Corps of Engineers in Germany; Frances, a speech pathology graduate student at Vanderbilt University; Kole, who serves with the West Virginia National Guard and attends West Virginia University and Travis, age 13.

It is with great pride and honor that I wish Kasey and his family the best as he retires from the United States Army and continues his service to our great country as the U.S. Attorney for the Southern District of West Virginia. He has set an inspiring example of dedication to the defense of freedom and to the protection of the basic liberties that the citizens of our country enjoy by taking his turn at ''standing on the wall'' and now continues to defend freedom and liberties as a U.S. Attorney.

TRIBUTE TO THE NEW YORK CITY PUBLIC SCHOOLS COMMUNITY

HON. CAROLYN B. MALONEY

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mrs. MALONEY of New York. Mr. Speaker, I rise today to pay special tribute and to recognize the courage and professionalism of the New York City Public Schools community during the attack on September 11, 2001.

I know that none of us will ever forget where we were and what we were doing when the attacks on the World Trade Center occurred. For the New York City Public Schools community, the attacks were not something they watched on television, they were in the middle of the mayhem. In the immediate aftermath eight schools which were located in the ''frozen zone'' were closed, displacing nearly 6,000 students, a number which is more than 2½ times the average school district in the U.S.

Not only did the faculty and staff in these affected schools react with extraordinary calm, grace and bravery to evacuate their schools and to ensure that every child in their care was safe and accounted for, the students and staff from these heavily impacted schools worked together in spite of the fact that over 1,500 students and 800 staff members lost a family member or loved one as a result of the disaster. Consider these snapshots from one of the most horrific days in our history.

Jordan Schiele, ajunior at Stuyvesant High School, retold his experience in a recent article in The Washington Post. Jordan was in band class when the first plane hit Tower One. He saw the second hit, in the middle of a class debate on the best form of government. From the window, he watched what he first thought were fax machines and later realized were people falling from the Tower's top floors. As Tower One collapsed, the lights in his classroom flickered, the whole Stuyvesant building rumbled, and Jordan fled with his classmates out of the building and began running north up the West Side Highway, looking back as a cloud of dust engulfed his school. ''I'll never forget when the dust engulfed Stuyvesant,'' he remembers. ''I felt it was engulfing my future, because school is your future at this age.''

Ada Dolch, Principal at the High School for Leadership and Public Service just four blocks from the site of the Twin Towers, made a series of decisions that students, staff and parents credit in saving innumerable lives. When the first explosion came, Principal Dolch looked outside and what she saw made her immediately fear for her 600 students. She watched in horror as debris rained down on Liberty Plaza and waves of frightened people ran into the school lobby for safety. She moved her students away from the 6-by-6-foot windows in every classroom out into the hallways and told her kids to remain calm. Then the second plane hit and Stephen Kam of the New York Police Department's Division of School Safety raced into the lobby and said to Principal Dolch that it was time to get the students out. Dolch agreed and teachers quickly moved students out of the building floor by floor.

Once outside, they met up with 750 of their peers from the High School for Economics and Finance, which is located next door to Leadership, and their Principal, Dr. Patrick Burke. Two secretaries from Economics, Kathleen Gilson and Joan Truteneff, wanted to stay and answer calls from frantic parents but Burke told them ''No way, you have to come with me.''

Right as the students got to Rector Street the first building collapsed and a dust ball, full of debris, began to chase them. One teacher shouted to her kids, ''Run! Now you can run!'' and they hopped over benches as many raced for Battery Park at the tip of lower Manhattan while others headed north and east. Once in Battery Park, the students hopped on ferries to Jersey City and Staten Island. Nearly 100 of the students, those who could not make it home that night, were fed and spent the night on cots in Curtis High School on Staten Island, accompanied by their teachers. Still others were housed and fed by parishioners of a Jersey City Catholic Church.

John O'Sullivan, an earth science teacher at Economic and Finance, said that when the first tower fell, he thought they were finished. ''It was an optical illusion, but it looked like it was falling on us,'' said the teacher. ''I'll never forget the look on the face of one of my students from last year. The look of terror. It was like that picture of the little girl running from the napalm attack in Vietnam,'' he said. Other teachers walked students home over the Manhattan Bridge to Brooklyn. Mr. O'Sullivan and several of his colleagues walked north with a group of students and then caught a bus to O'Sullivan's apartment. Once there, the teachers fed pizza and soda to the students and put on a video until their parents could pick them up.

What make Principal Dolch's heroism even more remarkable is that she performed all of these acts of bravery while knowing that her sister Wendy Wakeford, who worked for an investment banking firm on the 100th floor of 1 World Trade Center, was more than likely a victim of the attack. Her sister remains missing. ''She was in the first building that was hit. I think that she was caught in the fireball. We haven't heard from her,'' Dolch said shortly after the attack. ''I prayed she was safe, but I had kids to worry about, I knew I had to get them out.''

The teachers at P.S. 234, the Independence School, which is located dangerously close to the crash site, had to evacuate 6- and 7-year old students during the most harrowing part of the disaster immediately after the second Trade Center tower collapsed and enveloped the school in a debris-filled cloud. Many of the children were screaming for parents who actually worked in the towers. As one teacher stepped into the street, a small child saw the burning bodies falling from the towers and cried out, ''Look teacher, the birds are on fire!'' Taking some students by the hand and carrying others on their shoulders, the teachers plunged through the rubble-strewn streets that were clogged with adults running for their lives. With their small charges in tow, they walked 40 minutes north to the nearest safe school in Greenwich Village. Some children whose parents could not come to get them by the close of the day went home with their teachers, and stayed with them until their mothers or fathers could be reached by phone.

Mr. Speaker, I salute the New York City Public City School community for their courage on September 11, and I ask my fellow

Members of Congress to join me in recognizing their efforts by becoming, a co-sponsor of House Resolution 325, which recognizes the courage and professionalism of the entire New York City Public Schools community during and after the attack on the World Trade Center on Tuesday, September 11th, 2001, as well as supporting Federal assistance to the school community.

HONORING THE MEMORY OF THE HONORABLE ANNETTE MORGAN, FORMER MISSOURI STATE REPRESENTATIVE

HON. KAREN McCARTHY

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Ms. MCCARTHY of Missouri. Mr. Speaker, I rise today to honor Annette Morgan, whose death on December 18, 2001, is an immeasurable loss to our community, the State of Missouri, and our nation. Annette touched the lives of the people who knew her and the people she fought for as a State Representative in the Missouri General Assembly. A stalwart champion of the education needs of our children, she has left an indelible mark on countless lives. The school communities of Missouri have Annette Morgan to thank for many of the pioneering reforms established during her tenure as a State Representative and during her career as a champion for quality education.

Throughout her career, Annette Morgan was a dedicated public servant, committed to our community and dedicated to our children. A lifelong resident of the state of Missouri, Annette Morgan grew up in Kennett. She earned degrees at the University of Missouri-Columbia and the University of Missouri-Kansas City in social work and adult and continuing education. Annette pursued a teaching career that began in the Bootheel, helping migrant workers. She later taught at William Chrisman High School in Independence and was coordinator of adult and continuing education at Avila College.

Annette and I shared many memorable moments when we served together in the General Assembly for 14 years. We enjoyed cherished morning walks that allowed us to reflect upon the issues of the day and of our lives. Our commutes to Jefferson City by Amtrak and auto provided us the opportunity to devise successful strategies for legislative challenges and delight in the victories these strategies achieved. Our apartment afforded late night gatherings of women members of the House and Senate that strengthened our resolve and enabled us to forge lasting bonds.

Politics and government ran in Morgan's blood. Her father, John Noble, was a 16-year state senator from Kennett in the Bootheel. Her grandfather, John Bradley, served on the Missouri Supreme Court. And her mother, Alletha Noble, was a lawyer and a teacher. Because of her heartfelt interest in serving our community and state, Annette Morgan was elected to the Missouri State Legislature in 1980 and served in the House for 16 years. She earned the Chairmanship of the Missouri House Education Committee in 1985, and it was in this capacity that she embraced the task of shaping major education reform that would improve school policy in Missouri. She advocated for education policies that set high academic standards for elementary and secondary students, and she fought to give each local school district the same opportunity for state funds. Serving as both a commissioner on the Education Commission of the States and a member of its steering committee, Annette Morgan was able to affect education policy on a national scale and use this expertise to benefit education in Missouri. She went on to serve as Co-chair of the Missouri Commission on the Future of Teaching and as a Member of the National Commission on Teaching and America's Future, and was a leader in key education reform legislation in Missouri, including the Excellence in Education Act in 1985 and the Outstanding Schools Act of 1993. The Outstanding Schools Act contained lasting school reform to improve the state's formula for distributing money to schools and increase funding. The major education reforms to schools during the 1985–1995 decade are a credit to her persistence and unwavering commitment to the cause she loved. A former public school teacher and dedicated education advocate, she was the recipient of many honors and awards as her abilities as a leader, educator, legislator, and outstanding citizen were recognized by numerous groups. She was recently named to the Jackson County Honor Role, honoring the top 175 Jackson Countians in celebration of the county's 175th anniversary. Annette's legislative victories were not limited to education. She initiated legislation that authorized the first 24-hour skilled nursing facility in the Midwest for HIV-AIDS patients.

Mr. Speaker, please join me in expressing sympathy to her loving family; her son John Allen Morgan, daughter-in-law Veronica; daughter Katherine Morgan Campbell, son-in-law David, granddaughter Alexis Morgan Campbell; and loving friend William P. Mackle. Her love of family and friends will be forever remembered. She will live on in all those whose lives she touched.

RECOGNIZING TOP GEORGIA HIGH SCHOOL FOOTBALL PROGRAMS

HON. BOB BARR

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. BARR of Georgia. Mr. Speaker, it is no secret football is a second religion to the people of the south, especially those that call Georgia their home. The sport dominates casual conversation at least six months out of the year; it rules households and weekends, determines anniversaries and the scheduling of political events, and occasionally instigates arguments ranging from ''just what is the problem with the University of Georgia or the Georgia Tech offense,'' to ''are you listening to me?'' The traditions that are Sanford Stadium, Bobby Dodd Field, and the Georgia Dome have come to be a part of Georgia culture, yet the hype that surrounds this spectacular sport starts much sooner than the day the college boys strap on their pads and take to the field.

High School football in Georgia has been taken to a whole new level of competition in recent years with technique, strategy, and talent surpassing the highest of expectations. Athletics have become an integral element in educational programs for our youth; teaching teamwork, responsibility, pride, and discipline.

I am proud to say that in Georgia's 7th District, at least six high school football programs are to be congratulated on their outstanding success this year. Paulding County and Troup High Schools made it to the final four in the AAAA Division, while Cartersville High School represented the district in AA competition. Cedartown and LaGrange made the final four in AAA, and will continue on to play each other for the state title, along with Bowdon which will play Gwinnett County's Buford High School for the A state championship. In addition to Buford, I would like to highlight Collins Hill for its accomplishments in the AAAAA division, and congratulate the Parkview Panthers on the team's fourth trip to the state championship game in seven years.

The spirit and camaraderie of high school athletics cannot be taught in a classroom, but the lessons learned on the field will shadow their counterparts for a lifetime. I congratulate each team for their perseverance and dedication, and thank the people who supported them along the way.

HONORING CARL WARE

HON. EDDIE BERNICE JOHNSON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Ms. EDDIE BERNICE JOHNSON of Texas. Mr. Speaker, I rise to pay tribute to Mr. Carl Ware. For almost a third of a century, he has been a leader in the drive for responsible corporate citizenship. He has been an international leader, and an ambassador of goodwill not only for Coca-Cola, but for the entire country.

Mr. Ware joined Coca-Cola twenty-seven years ago and since that time, he has represented the best in American business. He began as a government and urban affairs specialist, and then went on to lead the organization's efforts to market to African-American and Hispanic consumers. He has overseen the company's philanthropic efforts, with significant responsibility for international affairs. He rose through the ranks to become Executive Vice President of Global Public Affairs and Administration.

Perhaps, Mr. Ware's greatest legacy is as architect of Coca-Cola's strategy to divest from South Africa. The African National Congress applauded the company's actions as a world model. Mr. Ware has been saluted by, among others, former South African President Nelson Mandela and Archbishop Desmond Tutu.

Mr. Speaker, Mr. Ware will step down from his position with Coca-Cola next year. The entire nation is indebted to him for his leadership in the causes of corporate world citizenship and global human rights.

CONFERENCE REPORT ON H.R. 1, NO CHILD LEFT BEHIND ACT OF 2001

SPEECH OF

HON. NITA M. LOWEY

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 13, 2001

Mrs. LOWEY. Mr. Speaker, I rise today in support of the conference report. I want to commend Chairman BOEHNER and Ranking Member MILLER for putting together a strong compromise on such an important issue.

This legislation has the potential to dramatically change the public education system in this country. It authorizes significant levels of funding. It says to parents that Congress believes education is a top priority, and that we will make good on our goal—that every child in America should get a quality education.

I am pleased with the changes this bill makes. Changes to the Title I formula will provide a 29-percent increase for New York City schools. For years, the New York City school system has provided an education to tens of thousands of low-income and disadvantaged children, while receiving less than their fair share of Title I funding. This money is especially important as New York City schools recover from the continuing effects of September 11.

This legislation also promises parents that their children will have qualified teachers in the classroom, and that student progress will be closely monitored to ensure that they are on the right track.

I've had the pleasure to work with Chairman RALPH REGULA and Ranking Member DAVID OBEY in crafting the Labor, Health and Human Services and Education Appropriations bill. They have both worked tirelessly to provide significant increases in education funding this year, and we will vote on the fruits of their labor next week.

But while we will provide these increases this year, the prospects for continuing to provide the resources necessary to continue our efforts on education are dim. The faltering economy, coupled with the increasing impact of the President's tax cut, will make the appropriations process exceedingly difficult in the coming years. We will be forced to make some difficult choices.

This same dilemma will be felt in all fifty states. School districts across the country are being forced to slash their budgets as state revenues have plummeted. If we enforce these new requirements without ensuring that schools have the funding to implement them, our school districts will have to make choices they shouldn't be asked to consider.

I support this legislation, and I urge my colleagues to support it as well. I also hope that our support for education does not stop at authorizing funds, but that this vote today is the first step in the process of providing the necessary resources. Our children deserve no less.

H.R. 2187, CLEANUP FUNDS FOR COLORADO OIL SHALE RESERVE

HON. MARK UDALL

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. UDALL of Colorado. Mr. Speaker, I support this bill, which I have cosponsored with my colleague, the dean of the Colorado delegation, Representative HEFLEY.

H.R. 2187 would enable the Bureau of Land Management (BLM) to begin environmental restoration activities at the Naval Oil Shale Reserve 3, near Rifle, Colorado, using existing funds in a special Treasury account.

This account was specifically designated in the Strom Thurmond National Defense Act for Fiscal Year 1998 (Public Law 105–85) which transferred administration of the two Colorado Naval Oil Shale Reserves—Numbered 1 and 3, and known as NOSR 1 & 3—from the Department of Energy to the Department of the Interior for management by BLM.

This provision was added to that act by an amendment offered by Mr. HEFLEY with the assistance and support of my predecessor, Representative David Skaggs. It specifies that receipts from existing mineral leases in NOSR 3 are to be retained in a special account intended for cleanup of contamination caused by previous activities on these lands. However, to avoid Budget Act problems the amendment provided that subsequent legislation would be required to authorize BLM to have access to the funds.

Since enactment of Public Law 105–85, the Interior Department has collected approximately $8.5 million in lease receipts, which are currently held in the special cleanup account.

Enactment of H.R. 2187 will allow BLM to use up to $1.5 million of these funds for the preliminary analyses needed before cleanup work can begin and to prepare an estimate of the cost of completing the project. BLM can then begin work, unless the estimated cost of the work would be more than the total in the special account. If the estimate indicates that more would be required than the total in the account, a subsequent authorization will be required before work can begin.

Mr. Speaker, this is important legislation that will allow BLM to begin the process of cleaning up the lands involved and reducing the risks of contaminated runoff reaching the Colorado River. I commend Mr. HEFLEY for introducing the bill and urge its approval by the House.

TRIBUTE TO PRESIDENT NGUYEN VAN THIEU

HON. ZOE LOFGREN

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Ms. LOFGREN. Mr. Speaker, I rise to extend my sincere condolences to the family of former Vietnamese President Nguyen Van Thieu, who died on September 29, 2001. President Thieu played an important role in the history of his country and that of the United States.

Thieu's passing closes a sad chapter in the history of two nations—Vietnam and the United States. To many Vietnamese in San Jose, Nguyen Van Thieu's name is synonymous with the struggle of the Vietnamese people to live freely without fear of Communist repression. As a founding member of the Congressional Dialogue on Vietnam, I feel it is important that we in the House continue that fight on behalf of those in Vietnam and around the world who are unable to speak, assemble, or worship freely.

Thieu was born April 5, 1923 as the youngest of five children in the poverty-stricken town of Phan Rang in central Ninh Thuan province. He attended the Merchant Marine Academy and the National Military Academy in Dalat, and was commissioned as a 2nd lieutenant in 1949. As an infantry platoon commander in the French campaign against the Viet Minh—the precursor to the Viet Cong—he became regarded as a good strategist and capable leader.

President Thieu passed away with family present in the suburbs of Boston, where he spent the last years of his life. I wish to again extend my condolences to his family and those grieving his loss, and hope that one day the dream he shared of democracy, freedom, and human rights will come to Vietnam.

IN MEMORY OF DOUGLAS ECCLESTON

HON. DAVE WELDON

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. WELDON of Florida. Mr. Speaker, I rise to commemorate the life and service of Douglas L. Eccleston, a Staff Sergeant with the United States Air Force, who lost his life on December 7, 2001, while performing a rescue mission 1,000 miles off the coast of Florida. His heroic action successfully saved the life of a critically ill sailor.

Mr. Eccleston honorably served his country for 15 years and was a member of the elite Pararescue team assigned to the 920th Rescue Group at Patrick Air Force Base in Satellite Beach, Florida. His service included military action in Operation Just Cause and Operation Desert Storm as a Combat Controller.

During the first part of his career, Doug was a combat controller, an airman who helps direct air strikes from the ground, often in hazardous territory. During the last part of his career, Doug worked to become a Pararescue, also known as a ''PJ'', an airman who rescues downed aviators anywhere in the world under any conditions.

Mr. Eccleston's military decorations include: Air Force Commendation Medal, Air Force Achievement Medal, Air Force Reserve Meritorious Service Medal, and National Defense Medal.

Doug is survived by his wife, Stacie, his loving parents David and Donna Eccleston and sisters Dana Mohr and Dianna Coulton. Several hundred people attended the memorial service that was conducted at Pelican Beach Park in Satellite Beach, Florida, on December 11, 2001. Funeral services were held in Midland, Texas on December 13, 2001.

Doug will be remembered by those who loved him as a fun loving, caring man. His life's passions included family and surfing. In memory of Doug Eccleston's love of surfing,

six of Eccleston's surfing buddies and fellow airmen paddled out on surfboards into the Atlantic Ocean and cast a wreath on the water. Our thoughts and prayers are with his family and friends.

''There's no greater gift than giving your life so that another may live,'' said Chief Master Sgt. Greg Lowdermilk. ''He gave the ultimate sacrifice and we'll always remember him for that. We've lost another great American.'' We will all miss him. Doug Eccleston is a true hero.

OLYMPIC TORCH BEARER GEORGE M. MOORE

HON. SHELLEY MOORE CAPITO

OF WEST VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mrs. CAPITO. Mr. Speaker, I rise today in honor of a constituent of mine, Mr. George M. Moore. I have the pleasure of knowing George personally, and I am proud to recognize him. Tonight, George will carry the Olympic torch in Martinsburg, West Virginia.

Although George considers this a once in a lifetime opportunity, it will actually be his second time to run the Olympic torch. Seventeen years ago, George carried the flame for the 1984 Olympic games.

In service to our country, George Moore has sacrificed much. As a United States Air Force fighter pilot, Moore did two tours of duty in Vietnam from 1967 to 1970, when his plane crashed into runway construction. Injuries from this accident put George in a wheelchair. He was only 26 at the time.

Today George Moore is an active member of our West Virginia community. He serves as the director of the Martinsburg Veterans Affairs Medical Center. He is a devoted father and husband. His active life is proof that George has the ability to overcome any challenge or obstacle with which he is faced.

In the Olympic spirit, George has dedicated his stretch with the torch to the victims of the September 11th terrorist attacks. His compassionate and determined approach to life is impressive and truly embodies the Olympic spirit.

George Moore is an inspiration to all of his fellow West Virginians. George is extremely deserving of this privilege of carrying the Olympic torch in our home state of West Virginia. I am honored to commend George Moore and I wish him all the best tonight.

HONORING MAYOR HARRIET MILLER

HON. LOIS CAPPS

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mrs. CAPPS. Mr. Speaker, today I would like to pay tribute to a woman who is not only an extraordinary citizen of Santa Barbara, California, but has also served the city as Mayor for the last eight years. On December 30, 2001, the City of Santa Barbara will honor Harriet Miller and pay tribute to her for all the wonderful things she has accomplished not only during her tenure as Mayor, but throughout her life.

Harriet Miller grew up in Idaho and attended Whitman College in Walla Walla, Washington, graduating with a Bachelor of Arts degree in chemistry. After graduation, she went on to earn a Master of Arts degree in political science from the University of Pennsylvania, and later received an Honorary Doctorate in Humane Letters from Whitman College.

Education has always been a driving force in Harriet's life. From 1950–1955 she served as an Associate Professor and Associate Dean of Students at the University of Montana. She was then elected as the Superintendent of Public Instruction for the State of Montana in 1956, and additionally served the state as a member of the Board of Land Commissioners, the Library Commission, the Teachers Retirement Board and the Board of Education, in addition to being an exofficio Regent of the Montana University system.

In 1969 Harriet first moved to Santa Barbara and started HMA, a management consulting company. Yet after seven years of serving as president of the company, Harriet relocated to Washington, D.C. and over the next several years served as Executive Director of the American Association of Retired Person, the National Retired Teachers Association and the U.S. Occupational Safety and Health Review Commission. She then returned to Santa Barbara and was appointed to Santa Barbara City Council in 1987, was elected during the same year, and was reelected as a City Council member in 1992.

In January, 1995, Harriet was appointed as Mayor, and then went on to become elected as Mayor in November of 1995. She was then reelected in 1997. During her tenure, Harriet Miller served the City in many ways, including serving as either a chair, active member, or on the Board of Directors for countless agencies.

Throughout the years, Harriet Miller has been a pleasure to work with and after stepping down from office she will surely be missed. The City of Santa Barbara has been fortunate to have such a distinguished woman as Harriet as Mayor, and the City will never forget all her wonderful achievements. I would like to thank Harriet today for her dedication to Santa Barbara, and wish her the best of luck in all her future endeavors.

A TRIBUTE TO THE HONORABLE AND DISTINGUISHED LIFE OF EIGHTH CIRCUIT COURT OF APPEALS SENIOR JUDGE FLOYD R. GIBSON

HON. KAREN McCARTHY

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Ms. MCCARTHY of Missouri. Mr. Speaker, I rise today to pay tribute to Floyd R. Gibson, Senior Judge, U.S. Court of Appeals for the Eighth Circuit who died Thursday, October 4, 2001. Judge Gibson was a stalwart for justice and his professional career exemplifies his unwavering dedication to public service. His tenure in the Missouri State Legislature and his 34 years on the Eighth Circuit, created a legacy of commitment to Justice and the common good.

Judge Gibson was born in the Arizona Territory in 1910. He moved to Kansas City at age 4 and graduated from Northeast High School. From Northeast, he went on to attend the University of Missouri, where he received his bachelors degree in 1931 and his law degree in 1933. In 1935, he wed his wife, Gertrude. Floyd and his lovely wife have raised three successful and talented children, Charles, John, and Catherine, while demonstrating a distinguished career in public policy and the law. Judge Gibson entered private law practice in the Kansas City area, where he rose to become a named partner in three firms. While in private practice, Judge Gibson was elected County Counselor for Jackson County.

He later turned his efforts to state government where he served 21 years in both the House and Senate of the Missouri General Assembly. He believed ''politics is the handmaiden of the law and should be actively pursued by members of the legal profession as an avocation.'' The Judge distinguished himself in the Missouri Senate as Chairman of the Judiciary Committee, Majority Floor Leader, and in his final term as President Pro Tem of the Senate. His success did not go unnoticed—in 1960 the 'St. Louis Globe Democrat' newspaper named Floyd Gibson the Most Valuable Member of the Missouri State Legislature.

With such credentials, President John F. Kennedy nominated him in 1961 to become a U.S. District Judge for the Western District of Missouri. Judge Gibson was named to the position of Chief Judge one year to the day of his September 1961 appointment. In June of 1965 President Johnson appointed Judge Gibson to the U.S. Court of Appeals for the Eighth Circuit. He served as Eighth Circuit Chief Judge from 1974 to 1980 when he assumed senior status. As a dedicated public servant, he continued to serve the Bench actively until June of 2000.

Judge Gibson has received numerous awards and honors. He received the University of Missouri Faculty-Alumni Award. He was named Phi Kappa Psi Man of the Year. The Missouri Bar Foundation honored Judge Gibson with the Spurgeon Smithson Award. He was an Honorary Member of the Order of Coif. He received the Kansas City Bar Association Annual Achievement Award and was a recipient of the Lawyers Association's Charles Evans Wittaker Award. A member of the Missouri, Kansas City, Federal, and American Bar Associations, Judge Gibson has distinguished himself through his legal work.

Judge Gibson's service to his community included the Chairmanship of Manufacturers Mechanics Bank and Blue Valley Federal Savings & Loan. He had an intense interest in agriculture and was a member of the Gibson Family Limited Partnership, which owns the Lone Summit Ranch and other farm ground in Jackson County, Missouri. Judge Gibson also gave back to the Kansas City community through his service on the Board of Trustees for the University of Missouri-Kansas City and as an Advisory Director to the Greater Kansas City Community Foundation. He was recently recognized as one of the top living contributors to the University Missouri-Columbia Law School.

Judge Gibson's life is celebrated by a host of loving family, friends, and colleagues who mourn his loss. Mr. Speaker, please join me in expressing our heartfelt sympathy to his devoted wife of 66 years, Gertrude, his sons, John and Charles, his daughter, Catherine, his daughters-in-law, Judy and Bonnie, his beloved grandchildren, Heather Allen, Jennifer

Ringgold, Lynn Gibson-Lind, Scott Gibson, David Gibson, Joshua Glick and Amber Glick, along with his great-granddaughter, Isabelle Allen. Judge Floyd R. Gibson will be greatly missed, but his legacy and commitment to justice and equality will live on in the hearts and minds of those he touched.

Judge Gibson was active and energetic as a leader of the Democratic Party of Missouri; however, he left partisan politics at the door of the courthouse when he became a member of the Federal Judiciary. He is remembered by all who knew him and those who appeared before him as a fair, direct and competent judge. He loved his work as a judge, and even after retirement in 1979, he continued to serve the Bench and his country in active senior status until June of 2000. Judge Gibson served his country for most of the Twentieth Century. He served with honor and distinction. He asked for no more and we cannot think of a better epitaph.

RECOGNIZING GWINNETT COUNTY'S NEW HIGH-TECH COLLEGE CAMPUS

HON. BOB BARR

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. BARR of Georgia. Mr. Speaker, recent changes in global economics have had a direct effect on the face of America's job market. To be professionally competitive some degree of higher learning is rapidly becoming a necessity. Educational administrators in Georgia have recognized the growing need for these resources and have taken action to meet increasing demands.

Three institutions have come together to create a new learning facility in Gwinnett County. The collaborative efforts of the Board of Regents, the University of Georgia, and Georgia Perimeter College will all be revealed on January 7, 2002, with the opening of Gwinnett's new high-tech campus; helping alleviate higher educational needs for the Northeast metro-Atlanta community. The University of Georgia and Georgia Perimeter College will serve as partners in this new endeavor and promise to bring forth the very latest in technological and educational services available to students.

I would like to take this moment to congratulate the successful efforts of the forming team and wish them the best of luck with the new campus.

HONORING MS. PATRICIA IRELAND

HON. EDDIE BERNICE JOHNSON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Ms. EDDIE BERNICE JOHNSON of Texas. Mr. Speaker, I rise to pay tribute to Ms. Patricia Ireland. During her many years of service in the fight for equal rights, Ms. Ireland has been a tireless crusader for the fundamental principles of our democracy. She is a true America heroine.

For ten years, Ms. Ireland served as the president of the National Organization for Women. She stood up for the rights of Anita Hill, she raised awareness of domestic abuse, and she fought against those who would regard women as second class citizens. Through it all, she developed a reputation for integrity and effective action.

During the election controversy of 2000, she was a consistent champion of the right of Americans to have his or her vote counted. She has helped move NOW squarely into a role as a leading civil rights institution. Throughout her lifetime of service, Ms. Ireland has stood up to those in power and spoke up for those who would otherwise not have had a voice.

Mr. Speaker, Ms. Ireland stepped down as President of NOW earlier this year. The country looks forward to her continued leadership, and is indebted to her for her service.

TRIBUTE TO ALASKA'S CELIA HUNTER

HON. MARK UDALL

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. UDALL of Colorado. Mr. Speaker, earlier this month news came of the death of one of the pioneers of the conservation movement in Alaska, Celia Hunter.

A founder of the Alaska Conservation Society—Alaska's first statewide organization of its kind—Celia Hunter was involved in many debates over the future of Alaska, including the ''Project Chariot'' plan to use nuclear explosives to dig a new deep-water port and the proposed Rampart Dam on the Yukon.

And in the late 1970's, she was among the many people from across the country whose strong support made possible the enactment of the Alaska National Interests Land Conservation Act, introduced in the House of Representatives by my father, Mo Udall of Arizona.

Now Congress has again been debating the proper balance between development and conservation in Alaska, and again Celia Hunter was active and involved in that debate right up to the day of her death. As she explained earlier this year, it remained her view that ''If we lose wild spaces, we could be a much poorer nation . . . the whole concept of natural areas, with intact ecosystems is vital to life . . . we need places of the world that are still natural.''

Mr. Speaker, in the words of the Fairbanks Daily News-Miner, Celia Hunter's death was a ''great loss for Alaska,'' and it leaves the whole country poorer. She earned our thanks and remembrance. She will be greatly missed.

For the benefit of our colleagues, I am attaching a brief outline of her life as well as a newspaper editorial.

CELIA'S LIFE

Many are called, but few choose to hear and give of themselves completely. Celia Hunter heard the call of the wilderness at an early age and answered it with her adventuresome spirit, loving heart, and thoughtful mind.

Born on January 13, 1919 in Arlington, Washington, Celia grew up during the Depression in a logging community. After high school graduation, she worked as a clerk for Weyerhauser Timber Company for $50 a month, enough to buy a car. Each day when Celia drove to work, she passed by Everett Airport and saw an opportunity. An admirer of Amelia Earhart, she decided to learn to fly. One week after her 21th birthday she took off on her first flight and was immediately hooked.

''The viewpoint from on high is so different, and so much more comprehensive . . . just that whole feeling of being aloft. It gives you a feeling that birds must have. In fact, I think, if I wanted to be reincarnated, I'd like to be a bird of some sort.''

Celia had discovered her first wilderness. Her love of flying led her to train with the Women Airforce Service Pilots, and she became skilled at flying a number of aircraft, including large aircraft such as the P–47 that zoomed up to 300 mph. Celia ferried aircraft across the country for the Air Force during WWII and dreamed of flying to Alaska one day to see the vast wilderness that other pilots had described.

In December 1946, she and pilot friend Ginny Hill were hired to fly two Stinson airplanes from Seattle to Fairbanks. They arrived in a snowstorm at Weeks Field in Fairbanks on January 1, 1947, nearly a month-long trip with all the weather delays. They decided to stay and work in the tourism industry, ferrying visitors to a travel lodge in Kotzebue during the summer.

This experience inspired Celia, Ginny Hill Wood, and Woody Wood to build Camp Denali, a wilderness camp just outside the original boundary of McKinley National Park. There visitors could see Denali and enjoy hiking and wildlife-viewing in a magnificent setting.

In 1960, Celia and Ginny help found Alaska's first statewide environmental organization, the Alaska Conservation Society. This small group of pioneering conservationists was inspired by Olaus and Margaret Murie to work for the establishment of the Arctic National Wildlife Range and to protect the special and unspoiled lands of Alaska.

Working together, Celia and Ginny have tackled all of Alaska's major environmental issues. They fought against Project Chariot and the Rampart Dam project, became loving stewards and advocates for Denali National Park, and worked to create and pass the 1980 Alaska National Interest Lands Conservation Act, the greatest lands conservation act in world history.

In the late '70s, Celia's leadership moved to the national level when she served as Executive Director for the Wilderness Society. She also began writing memorable environmental columns for the Fairbanks Daily News-Miner. Fearless and outspoken, Celia carefully studied a diversity of issues and wrote articulate and compelling columns for more than 20 years. Dedicated to the conservation movement, she also helped found the Alaska Conservation Foundation in 1980.

Through the years, Celia not only devoted her energy to environmental causes, she also loved people and the web of connections between them. She had the natural ability to inspire and nurture countless individuals by listening to their ideas and dreams and sharing her views. Her glacial-blue eyes could look into one's soul and bring out the best of a person's spirit including a good laugh.

Celia leaves a tremendous legacy of conservation accomplishments. Her vibrant spirit will live on in the wilderness she loved, in the lives of those she inspired, and in the legislation that holds her tireless effort to protect what she truly loved. The earth and all its a living things are grateful. Alaska will forever remember Celia.

[From the Fairbanks Daily News-Miner, Dec. 4, 2001]

A GREAT LOSS FOR ALASKA

Celia Hunter died still doing the work she loved most—fighting for Alaska's environment.

The night before her death Hunter had been putting together a list of U.S. senators who might be considered undecided regarding the Senate vote on drilling in the Arctic National Wildlife Refuge.

Hunter spent more than 50 years as a pioneer and conservationist in Alaska, most often working side-by-side with her longtime companion and fellow conservationist Ginny Wood.

Hunter's years of dedication to the protection and preservation of Alaska and her work to that end on the local, state and national levels meant that she played a vital role in shaping Alaska's environmental future.

Her work and contributions to increase public awareness of Alaska's unique natural resources have been pushed even more into the public eye as the nation began focusing on solving national energy policy issues. One of the biggest questions directly related to Alaska has been what role if any should ANWR play in that policy—the very issue Hunter contemplated during her last days.

Hunter and Wood first flew in Fairbanks in January 1947, piloting two planes to be delivered to the Interior. Extreme temperatures kept the pair here longer than expected, and after spending a bit of time in Europe, they were back to stay.

The list of her works in conservation and environmentalism are lengthy. In the 1950s, Hunter and Wood built Camp Denali, an early combination of ecology and tourism. Not long after, Hunter was a founding member of the Alaska Conservation Society, the first statewide conservation society in Alaska. Later on, she was instrumental in the formation of the Alaska Conservation Foundation and served as its first board chair. Hunter was interim executive director of The Wilderness Society in the 1970s. In 1991, she was presented the Sierra Clubs' highest honor and has received innumerable awards in recognition of her dedication and service to conservation.

News-Miner readers recognize Hunter as a longtime contributor to this page—she began writing her column in 1979. While her opinions quite often differed from our own, our respect for Hunter was beyond question.

In the days since her death, Hunter's friends and associates have described her in a variety of ways: pioneer, voice of responsible environmentalism, adventurer, kind and honest with everybody. And all said that her passing would leave a void in Fairbanks and in Alaska.

In during a 1986 interview with a News-Miner reporter, Hunter said that her basic philosophy was that much of the damage done to the earth was caused by people making a living. That creates an obligation, she said: ''Each one of us has a responsibility to take care of the part of the world we live in.''

Hunter's life-long goal was to minimize the footprints that humans leave on our environment. But through her work and her passion Alaska, she has left behind an impression that will long be remembered.

TRIBUTE TO CAPTAIN VIRGIL AUGUSTUS KING

HON. ZOE LOFGREN

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Ms. LOFGREN. Mr. Speaker, I rise to commend Captain Virgil Augustus King, who will be retiring from the Santa Clara County Department of Correction on December 28th after twenty-six years of service to Santa Clara County.

Captain King joined the Department of Correction in 1989 after serving as a Deputy Sheriff and Sergeant for the Sheriff's Department. Since that time, he has served as a Sergeant in the Main Jail, Work Out of Class Lieutenant in The Training Unit, Personnel Unit and the Elmwood Complex. Captain King was promoted to Captain in July of 1999, and currently serves as the Programs Division, Professional Compliance and Audit Unit and Special Projects Commander.

Captain King was integral to the development of the Regimented Corrections Program (RCP), a modified boot-camp program with a strong emphasis on education. RCP has been a highly successful program which this December is celebrating its 5th Anniversary. Captain King was also instrumental in the development of the Artemis Program, a similar program designed for pregnant women and women with young children, which was selected as the 2001 recipient of the Thomas M. Wernert Award for Innovation in Community Behavioral Healthcare. The latest innovative program developed under Captain King's direction is Women in Community Services, a pre- and post-program for female inmates in Santa Clara County, which starts with classes inside the jail and extends into the community for supportive aftercare. Each of the participants is matched up with a professional mentor for up to six months to assist them in the successful achievement of their individual goals.

I wish to thank Captain Virgil King for his compassionate dedication to the County and wish him the best in his future endeavors. His innovation and loyalty will be sorely missed, but the people of the County are the richer for his service.

PAYING TRIBUTE TO RONALD APPLBAUM

HON. SCOTT McINNIS

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. McINNIS. Mr. Speaker, I would like to take this opportunity to recognize the new President of the University of Southern Colorado, Ronald Applbaum. The University and the community of Pueblo are fortunate to have Dr. Applbaum join their extended family. As he prepares for his new post, I would like to recognize several of his academic achievements and wish him the best of luck when he takes his new post in July.

Dr. Applbaum was selected to head the University based on his impressive academic resume and past successes he has enjoyed in other higher education institutions. He was one of three finalists considered for the position in a selection process that lasted just three months. Upon reaching the finalist category, it became an easy board decision to name Dr. Applbaum to the University's top post. The doctor was selected trusting that he can continue to lead the University of Southern Colorado to the prominence and stature that the educational institution maintains today in the State of Colorado.

Dr. Applbaum has enjoyed a long and distinguished career in higher education. He has served in numerous academic positions for several colleges and universities throughout the country. He received a bachelors and masters degree in speech communication from California State University and later a doctorate in the field from Pennsylvania State University. He served as the Vice President of Academic Affairs for the University of Texas-Pan American and Dean of the School of Humanities for Long Beach State. His rise to USC's top post began with a term as president of Westfield State College in Massachusetts, and serving as the President of Kean University in New Jersey since 1996.

Mr. Speaker, it is my pleasure to welcome Dr. Ronald Applbaum to Pueblo and the University of Southern Colorado. The community is truly fortunate to gain this new and distinguished leader. I would like to further welcome his family to the area and look forward to meeting them in the coming year. Congratulations on your latest achievement, Dr. Applbaum, and welcome to your new home. I am confident when I say the commitment to higher education is strong with leaders such as yourself and I am assured you will continue to perform great work!

PAYING TRIBUTE TO JACOB SCHOOLEY

HON. SCOTT McINNIS

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. McINNIS. Mr. Speaker, I would like to take this opportunity to recognize and pay tribute to a hero of the community of Glenwood Springs, Colorado. Jacob Schooley recently distinguished himself in a local fire that threatened to destroy a historic building and injure several residents. I would like to highlight Jacob's heroics and thank him for his service.

Jacob arose to a regular morning on Saturday, December 1, 2001, until he heard fire alarms ringing throughout his residence. After making a call to 911, Jacob proceeded to awaken his neighbors to the danger that lay ahead. After finding the source of the fire, Jacob extinguished the flames and directed the residents to safety. Jacob continued to fight the fire until firefighters arrived on the scene to control the blaze. As a result of his quick reaction, the fire damage was minimal and the residents were allowed to reoccupy their homes soon thereafter.

Mr. Speaker, I again commend Jacob Schooley for his quick action and decisiveness in a time of crisis. The fire harmed several residents and firefighters with burns and smoke inhalation, but without Jacob's efforts, the toll could have been much worse. I am honored to represent citizens like Jacob and his community of Glenwood Springs. Thank

you for your efforts Jacob and this body appreciates your dedication to helping others in a time of need.

BREAKING THE ABM TREATY COULD SPARK A NEW ARMS RACE

HON. RUSH D. HOLT

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. HOLT. Mr. Speaker, It is with tremendous concern that I note the President's announcement that the United States will withdraw from the Anti-Ballistic Missile (ABM) Treaty. This is an ill-advised decision that could have dangerous repercussions in the long run.

The most troubling part of the President's decision today is the rationale supporters have used to justify backing out of the treaty: they claim it interferes with the United States' development of a National Missile Defense (NMD) system. This is clearly a straw man argument.

The United States is nowhere near developing or fielding a working NMD system, after decades and billions of dollars of effort. To back out of the treaty at this time, a time when we are working closely with Russia and other allies in the international war on terror, is unneeded and simply off base. And to do so for such a technologically premature program is clearly folly.

Backing out of the ABM treaty is not without serious repercussions. For example, a senior Russian lawmaker predicted in response to today's news that Russia will pull out of the Start I and Start II arms reduction treaties. I fear that today's action will lead to a spiral of action and reactions, sparking a new arms race would not make us less, not more, secure.

SUPPORT FOR BAY AREA COUNCIL FOR JEWISH RESCUE AND RENEWAL

HON. TOM LANTOS

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. LANTOS. Mr. Speaker, I rise today to express my support for the Bay Area Council for Jewish Rescue and Renewal (Bay Area Council), an exemplary organization which has been carrying out important work in the Russian Federation.

The Bay Area Council has designed and implemented a Climate of Trust program to enable Russian law enforcement officials to combat ethnic and religious intolerance and xenophobia in Russia by providing a sustained and supportive relationship between American and Russian communities, law enforcement professionals, city administrators, prosecutors, human rights activists, educators, and local media representatives. The goal is to promote tolerance and reduce incidents of hate-based violence in Russia through training, seminars, workshops, and symposiums.

The Climate of Trust program has brought in tangible results. Over the 2000–01 period, more than five hundred Russian officers, civil servants, community members, and media representatives have taken part in its activities. In the Russian city of Ryazan, which had been marked by anti-Semitic acts, the Climate of Trust program proposed several initiatives which were later enacted and are in the process of implementation. In 2002–03, the Bay Area Council plan is to continue their activities in Ryazan and expand them to several other Russian communities outside of Moscow. This is a worthy and important work that earned Bay Area Council a tribute in the 2001 State Department International Religious Freedom Report.

Not only our government has recognized the Climate of Trust program as effective and successful in training Russian law enforcement and other government officials in promoting tolerance. The government of the Russian Federation also identified the Climate of Trust program as a key component of its 2001–2005 national program for preventing extremism and promoting tolerance in Russian society. When Congress graduates Russia from Jackson-Vanik next session, the role of the Bay Area Council and other non-govemmental organization will become even more important in the human rights dialogue between our countries.

The Climate of Trust is exactly the kind of program we should be supporting in Russia. It is cost-effective and it works at the grass-roots level with communities throughout Russian Federation. The program is interactive and responsive to the needs of these communities, I am confident it has immediate and lasting effect on individuals and communities besieged by xenophobia. The Russian Democracy Act, legislation which I authored and which passed the House unanimously last week, earmarks at least $50 million for activities designed to support Russian civil society at all levels. I respectfully ask the Administration and the State Department to extend all possible support to the Bay Area Council so that the Council may expand and continue its grassroots efforts at combating xenophobia and promoting civil society in Russia.

TIME TO RATIFY THE CTB

HON. EDWARD J. MARKEY

OF MASSACHUSETTS

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. MARKEY. Mr. Speaker, I rise today to express my concern over recent reports that the administration is considering the development of so-called ''low-yield'' nuclear weapons. While these mini-nukes are allegedly being considered to promote a longstanding nonproliferation goal of destroying buried stockpiles of chemical and biological weapons, testing these weapons would break a 9-year moratorium on nuclear testing and would have grave implications for nonproliferation. This action would continue to undermine the future of the Comprehensive Test Ban Treaty (CTBT), which is already under assault in this administration.

The CTBT is the culmination of a series of incremental efforts to stop the threat of nuclear war following the explosion of two nuclear weapons during World War II. The radioactive fallout from hundreds of test explosions in the 1950's and the near catastrophe of the Cuban Missile Crisis strengthened support for a cessation of nuclear explosions. These events led to the Limited Test Ban Treaty of 1963, which prohibited all nuclear explosions in the atmosphere, in space, and under water. Next came the Threshold Test Ban Treaty of 1974, which limited the explosive force of underground tests, and the Peaceful Nuclear Explosions Treaty of 1976, which extended that limit to nuclear explosions for ''peaceful purposes''. These two treaties were ratified in 1990 but fell short of limiting all nuclear explosions.

The end of the Cold War and the thawing of U.S.-Russia relations reinvigorated efforts to seek a total ban of nuclear test explosions. In 1994, I cosponsored H. Con. Res. 235, which lauded the President for maintaining a moratorium on testing nuclear weapons and for being supportive of a comprehensive test ban. With strong international support, the CTBT was finally opened to signature in September 1996 and was promptly signed by the President. The ball then moved to the Senate's court. In September 1997, I cosponsored H. Res. 241, which urged the Senate to give its advice and consent to ratification of the CTBT. Despite certification by the President that there were no safety or reliability concerns about the nuclear arsenal that required underground tests, consideration of the Treaty was held hostage by politics and, in 1999, was rejected by the Senate.

Now we come to the present day when 162 States have signed the treaty and 87 have ratified it. The Treaty has still not entered into force, however, and the United States is not among the ratifiers. The current administration has emphatically refused to consider a comprehensive test ban and did not even send a representative to the Conference.

The administration's rejection of the CTBT and withdrawal from the Anti-Ballistic Missile Treaty send the wrong message to the international community about our commitment to nonproliferation. Our whole nonproliferation stance is linked to the CTBT, since it signals our intention to meet the expectations of the Nuclear Nonproliferation Treaty (NPT). Under the NPT, nuclear weapons States pledged to work in good faith toward total disarmament in exchange for an agreement by non-nuclear weapons States to limit their use of nuclear technology to peaceful applications. Cessation of testing new weapons is a vital part of any serious disarmament plan. If the United States won't even agree to consider a test ban, and is clearly signaling its intention to go forward with development of nuclear missile defense, how can we possibly persuade other nations to forego their weapons programs?

In this age of heightened concern over terrorist threats we need the CTBT now more than ever. Much work remains to be done to reduce the threat of terrorists obtaining and using weapons of mass destruction. A ban on all nuclear explosions limits the ability of terrorists to develop their own nuclear weapons or to acquire them from hostile nonnuclear weapons States. The CTBT should be an integral part of our anti-terrorism efforts and I urge my colleagues to support its ratification. When the President comes to Congress to get the 1994 ban on the development of new nuclear weapons lifted I urge my colleagues to vote no to the President's request.

REMARKS ON ACCELERATED DEPRECIATION

HON. CHARLES A. GONZALEZ

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. GONZALEZ. Mr. Speaker, I would like to express my strong support for efforts to increase the depreciation deduction. In my view accelerated depreciation is one of the most efficient and effective ways for Congress to spur business investment in our country.

Mr. Speaker, as you know this year has seen a dramatic drop off in business investment. Business investment was one of the foundations of the economic boom that our nation enjoyed during the Clinton Administration. It is therefore critical that Congress does what it can to restart the capital investment engine that has propelled our nation's economy to extraordinary heights over the last decade.

Mr. Speaker, in addition to reductions in interest rates and balancing the budget, one of the most important things the Federal Government can do to increase business investment, in my view, is to accelerate the depreciation schedule for business purchases. Depreciation schedules reflect the Federal Government's own somewhat arbitrary calculation of what is the economic life of capital. Accelerating the depreciation allowance for new capital investments provides a direct and immediate incentive for businesses to build factories, purchase new equipment, and generally expand operations. This inevitably creates jobs and results in a long term improvement in the productivity rates of American industry. Additionally, unlike many other proposed tax incentives, accelerated depreciation is directly tied to business investment. A business-person can not enjoy this tax incentive unless he or she commits to a capital expenditure.

Mr. Speaker, it is for these reasons, I firmly believe that the long term economic benefits of accelerated depreciation far outweigh the immediate revenue loss consequences of any such tax cut. It is my hope than in the 2002 session of the 107th Congress we will pass into law an acceleration of the depreciation allowance.

IN RECOGNITION OF JESUS BURCIAGA

HON. XAVIER BECERRA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. BECERRA. Mr. Speaker, it is with utmost honor and pleasure that I rise to recognize Mr. Jesus Burciaga, a gifted leader and outstanding firefighter from La Habra, California. Today, Jesus achieves another milestone in an already storied career. In the process, he affirms our belief that devotion, determination, and discipline still pay handsome dividends in life.

This 20th of December, the Los Angeles County Fire Department elevates Jesus to the rank of Deputy Fire Chief, third in command of the second largest fire protection agency in America. His promotion highlights a career of exceptional public service which began more than a quarter century ago.

As a young man who once shined shoes on the corner of First Street and Gage Avenue in East Los Angeles, Jesus saw his hard work and perseverance take him from the lowest position in the Los Angeles County Fire Department, suppression aid, to fire fighter, then inspector, to Captain by 1984. Five years later he was promoted to Battalion Chief, and by 1994 he had become Assistant Fire Chief, serving for a time as Los Angeles County Fire Marshal.

Chief Burciaga has accomplished many ''firsts.'' He became one of the youngest firefighters to qualify for Captain at the age of twenty-five. He became the first Fire Marshal of Latino descent in the County's history. And he is certainly the first fortyseven year old father of five daughters whom I have witnessed retain not only his hair but its natural dark color.

I met Jesus more than thirteen years ago at a ''Career Day'' session at a local elementary school where we both were presented before a class of fifth graders. Captain Burciaga was dressed in uniform; I, Deputy Attorney General Becerra, wore my suit. There was no contest: he glittered, I gawked. He told the kids of his battles with fire, I battled to keep their eyes on me. It would not surprise me if some of those young students today are firefighters.

Chief Burciaga has a passion for service and a devotion to our youth. As President of the United Hispanic Scholarship Fund he has helped raise $500,000 to make the dream of college a reality for more than one thousand students. He volunteers his ''spare time'' to support his brethren internationally, delivering surplus but valuable firefighting vehicles and equipment and teaching the latest fire fighting techniques to firefighters in countries like Mexico.

But, without question, his greatest passion and devotion, which has earned him our undying respect and affection, belongs to his family. Ana Burciaga has fought every one of her husband's fires. In her eyes you see the values that have made the Burciaga family so strong. Ana and Jesus and their five accomplished daughters—Elenor, Catherine, Luz, Natalie and Sarah—have every right to be proud today.

Mr. Speaker, on this day, December 20, 2001, family, friends and colleagues gather at Descanso Gardens in La Cánada, Flintridge, California to witness the official appointment of Jesus Burciaga as Deputy Fire Chief for the County of Los Angeles and to celebrate 28 years of courage, integrity, and consummate professionalism. It is with great pride that I ask my colleagues in this beloved House of Representatives to join me today in saluting Jesus Burciaga, an exceptional man and cherished friend.

WILKES-BARRE NATIVE HONORED FOR ROLE IN BOMBER CREW RESCUE

HON. PAUL E. KANJORSKI

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. KANJORSKI. Mr. Speaker, I rise today to call the attention of the House of Representatives to the dedication of the team from the USS *Russell* who rescued the four member-crew of an Air Force B–1B bomber that crashed on December 12th in the Indian Ocean. In particular, I would like to highlight the role of Boatswain Mate 1st Class Stephen Lyons, a native of my District.

In addition, Mr. Speaker, I would like to note that I am proud of him and all the military personnel from Northeastern and Central Pennsylvania and grateful for their willingness to serve America.

I would now like to enter into the record the following article about Boatswain Mate 1st Class Lyons from the December 17th edition of the Wilkes-Barre Citizens' Voice:

CITY NATIVE INVOLVED IN INDIAN OCEAN RESCUE

(By Gene Skordinski and Tom Venesky)

A Wilkes-Barre native was one of the members of the USS *Russell* who rescued the four member-crew of an Air Force B–1B bomber that crashed Wednesday in the Indian Ocean.

Boatswain Mate 1st Class Stephen Lyons, 38, operated one boat that rescued the crew.

The rescue boats were launched from the destroyer USS *Russell* after the jet crashed on its way to bomb targets in Afghanistan.

The $280 million bomber went out of control and fell into the ocean about 60 miles north of Diego Garcia after taking off from the British island, government sources reported.

It was the first manned, fixed wing U.S. aircraft lost in the Afghanistan campaign.

Crew members ejected from the plane at 15,000 feet and were in the water about two hours during the night.

Lyons, who is on the USS *Russell*, was driving one search and rescue boat that responded to the crash.

All four crew members were in good condition, said officials.

Lyons Joined the Navy following his graduation from Meyers High School in 1983.

During his Navy career, he has served aboard the USS Guam for five years as well as the USS Savannah. He has served in Beirut, Somalia and the Gulf War. He has also completed several six-month tours of sea duty in the Mediterranean Sea and the Indian Ocean.

Lyons was responsible for collecting personal items from sailors on the USS Guam as well as the embassy personnel during the evacuation of the embassy in Somalia.

Aside from operating search and rescue craft, Lyons drives the captain's launch, a boat used to shuttle the ship's captain to and from shore.

He has also served at Norfolk, Va.; Pax River, Md.; Kings Bay, Ga., and Pearl Harbor.

While at Pax River, he worked in the testing of hovercraft and with the David Taylor Research in Norfolk.

He is the son of Harold and Jean Lyons, 160 Wood St., Wilkes-Barre. Boatswain Mate 1st Class Lyons is married to the former Sharon Gula, formerly of Edwardsville. They have two sons, Stephen, 13, and Justin, 11, and the family resides in Pearl Harbor. His grandmother, Lucy Machinshok, resides in the Pocono area.

His mother said he is currently on his fourth six-month cruise since joining the Navy in 1984. He is set to return after Easter.

Although his exact location is classified, she said she keeps in touch with her son through e-mail.

''He e-malls me three times a week,'' she said, adding it can be difficult not knowing where he is.

''You worry and wonder and thank God when you hear from him that it's good news,'' she said. ''He can't tell us where he is or even where he's going.''

Mrs. Lyons explained that the long months away from his family are accepted as part of her son's job.

Although it can be difficult to be gone for extended periods of time, she said her son is doing what he loves.

''He's happiest when he's on the ocean. There's a certain calm about it that he enjoys while he's on the ship,'' she explained.

Mr. Speaker, I am pleased to call to the attention of the House of Representatives the service to our nation of the crew of the USS *Russell*, including Boatswain Mate 1st Class Stephen Lyons, as well as all the military personnel from Northeastern and Central Pennsylvania, and I send my best wishes to them and their families.

INTRODUCTION OF THE ELECTRONIC MARKETPLACE OWNERSHIP DISCLOSURE ACT

HON. CAROLYN B. MALONEY

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mrs. MALONEY of New York. Mr. Speaker, today I introduced the Electronic Marketplace Ownership Disclosure Act. This legislation requires operators of Internet sites that match buyers and sellers to disclose whether they have financial relationships with parties involved in transactions that take place on their sites. Some Internet sites portray themselves as disinterested third parties that simply host a site matching buyers and sellers. The Electronic Marketplace Ownership Disclosure Act requires companies hosting such sites to affirmatively disclose corporate relationships they have with companies offering goods or services on their site.

Many consumers now rely on Internet marketplace sites to compare prices and buy goods. They should have the right to know who really owns an Internet exchange purporting to provide a neutral marketplace. The Electronic Marketplace Ownership Disclosure Act will enable consumers to make more informed purchasing decisions. In the long term, the continued growth of Internet commerce depends on the medium's integrity as a marketplace. This legislation will support the Internet's continued growth by increasing public confidence.

There is a tangible need for this legislation. Last year, Money magazine disclosed that QuickenInsurance.com, a site owned by Intuit Corporation, claimed to provide the ''best prices from America's top insurance and loan companies.'' However, according to the article, Quicken does not disclose on their site that they receive a commission from every insurance policy they arrange.

The American people deserve honesty, whether they are shopping online or in person. For too long, some Internet retailers have avoided telling consumers the truth about who they are owned by and who benefits for special arrangements that may do harm to consumers. The Electronic Marketplace Ownership Disclosure Act let American consumers know the whole truth. This bill is good for consumers, it is good for businesses, and it will benefit the Internet.

TRIBUTE TO MR. MITCHELL ROBINSON

HON. JOHN J. DUNCAN, JR.

OF TENNESSEE

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. DUNCAN. Mr. Speaker, on December 10th my good friend Mr. Mitchell Robinson passed away after a lengthy illness. He was someone who made a difference and dreamed the American Dream, and he truly represented what this country is all about. The following is a tribute to my friend.

Mr. Robinson, a Knoxville native for 77 years, founded Modern Supply Company in 1949. He devoted his life to family, business and philanthropy. He was married to Natalie Levison Robinson for 50 years.

Mr. Robinson was a lifelong member of Heska Amuna Synagogue and was a leader as chairman and longtime board member. He also chaired the Knoxville Jewish Federation. He established the Sylvia Robinson Memorial Fund and endowed the A.J. and Sylvia Robinson Chapel at the synagogue in memory of his parents.

Mr. Robinson, who served as president of the Southern Wholesalers Association and a Director of the American Supply Association, pioneered the concept of bath and kitchen showrooms in East Tennessee.

He was also active in the Knoxville business community, where he was a charter member of the Midtown Sertoma Club. He was a loyal supporter of the University of Tennessee, contributing to the Departments of Judaic Studies and Athletics.

A World War II veteran, Mr. Robinson served as a flight controller in the U.S. Air Corps Radar Unit in the Pacific.

His beloved family also includes children Rabbi Rayzel and Dr. Simcha Raphael of Philadelphia, A.J. Robinson and Dr. Nicole Ellerine of Atlanta, and Pace and Karen Robinson of Knoxville; grandchildren Yigdal and Hallet Raphael; Micaela, Ethan and Nathaniel Robinson, and Asher and Eli Robinson; sister and brother-in-law Fay and Bob Gluck of Boynton Beach, Fla.; brother-in-law Gilbert Levison of Knoxville; brother- and sister-in-law Jarvin and Deanne Levison of Atlanta; and many nieces, nephews, cousins and friends.

Mitchell spent most of his 77 years in Knoxville, Tennessee. He was part of a generation that had a significant impact on Knoxville and the surrounding area. He came back from World War II with no money, no business, and a limited education. But he had enduring self-confidence, determination, and a desire for accomplishment that stayed with him his entire life right up to the end.

He was part of that ''greatest generation'' that we read so much about today, and who Tom Brokaw has made so famous. Men and women who have impacted and enriched all of our lives over the last half of the 20th century.

But as many of you know, and as Sinatra sings, Mitch did it his way . . . whether it was in his business, in his synagogue, or the various other circles he traveled. Everyone was a part of his empire, family, friends, customers, and employees alike. He shared the good and the bad with everyone.

The child of immigrant parents, he created his own style, his own flair in everything he did and everybody he touched.

He had style in his clothes, in his cars, in his hats, in his dancing, in the showrooms at Modern Supply, in the ''Pitch from Mitch'' stationary, in the incentive trips for his customers that he so tediously planned and enjoyed. He bought things in a big way whether it was a truckload of sinks, shirts for himself, or smoked turkeys for gifts. He was able to charm about anyone he met, particularly the females. He had an appetite for food and people that was enormous.

Mr. Robinson was a leader, perhaps not always knowing where he was going, but knowing he was going somewhere. His devotion to his business was inspiring. His family's contributions to the religious community in time and money are in the record books.

Members of the community called on him when something was needed for those who were less fortunate. He was always there. He was generous to a fault and has set a standard for all of us to follow.

In a Yom Kippur Sermon several years ago, Rabbi Joseph Weinberg, said:

''Always we are commanded to seize the day, to create a life which will be remembered as a blessing. Not how long, but how well did I live? Not how many honors did I obtain, but how honorable was my life. Not how many things did I acquire, but how much was I able to give.''

This quote is very fitting for the life of Mitchell Robinson. I would like to offer my deepest sympathy to the Robinson family. Our Nation and our community have suffered a great loss.

HONORING DAVID SAYLES ENGLISH

HON. DOUG OSE

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. OSE. Mr. Speaker, I rise today to honor David Sayles English of Arlington, Virginia, as he joins the Arlington County Police Department.

Throughout most of his adult life, David English has devoted himself to the safety and protection of others. A 1989 graduate of Yorktown High School in Arlington, Virginia, Mr. English attended Western Maryland College prior to serving in the United States Army. His service in the military, most notably at Fort Greely, Alaska and Fort Detrick, Maryland, gave him a unique insight into helping his fellow man.

Following his honorable discharge from the military, Mr. English put his medical knowledge to work as an Emergency Medical Technician (EMT) while earning his paramedic's license. Shortly after earning his license, David returned to his hometown to work as a firefighter at Fire Station #8 in Arlington County, Virginia. As it has been his lifelong dream to work in law enforcement, David joined the Arlington County Police Department earlier this year.

Tomorrow morning, December 21, 2001, David Sayles English will graduate from the Arlington County Police Academy, officially becoming a Police Officer in Arlington, Virginia. He joins an illustrious group of men and women throughout our nation of whom I am proud. Let me extend my personal thanks to those who serve in uniform. If the efforts of

our civil servants taught us anything on September 11, 2001, it is that this badge is a symbol of heroism and honor. I know that he will wear it with pride.

HONORING COPELAND AND WINONA GRISWOLD ON THEIR 50TH WEDDING ANNIVERSARY

HON. JEFF MILLER

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. MILLER of Florida. Mr. Speaker, it is my distinct pleasure to announce to you and the other members of this distinguished body, that on December 21, 2001, my in-laws, Copeland and Winona Griswold of Chumuckla, Florida, will celebrate their 50th wedding anniversary.

Copeland and Winona were married on December 21, 1951. They met in Chumuckla, Florida during grade school and later became high school sweethearts and valedictorians of their senior classes. They have lived in Chumuckla these past 50 years, and have shared their love with their children Marty, Von, Vicki and Paul, and their many grandchildren and great grandchildren.

The Griswolds were agricultural pioneers in the State of Florida. They were named the Farm Family of the Year for Santa Rosa County in 1985, and Copeland was inducted into the Florida Agriculture Hall of Fame in February of this year.

Their love story is one that is still in progress. I can tell you firsthand their love for each other has grown even stronger through the years and serves as an inspiration to us all.

Love has flourished between these two hearts, and I wish them continued happiness and love for years to come.

On behalf of the United States Congress and the people of Northwest Florida, I extend our sincere congratulations to Copeland and Winona Griswold, whose love stands as a shining example to an entire community.

IN HONOR OF THE ACHIEVEMENTS OF THE DISTRICT OF COLUMBIA FINANCIAL RESPONSIBILITY AND MANAGEMENT ASSISTANCE AUTHORITY MEMBERS

HON. ELEANOR HOLMES NORTON

OF THE DISTRICT OF COLUMBIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Ms. NORTON. Mr. Speaker, as Congress prepares to end this session, unique in our history, I ask the House to recognize the work of nine Washingtonians who have just completed a uniquely important public service for our nation's capital, and therefore for our nation. The nine served the District of Columbia on the District of Columbia Financial Responsibility and Management Assistance Authority. They are the two chairs, Andrew Brimmer and Alice Rivlin, the vice chairs, Stephen Harlan and Constance Berry Newman, and the members, Eugene Kinlow, Darius Mans, Joyce Ladner, Edward Singletary, and Robert Watkins. They are very distinguished Americans and among the most distinguished and most accomplished residents of the District of Columbia.

This year, the Authority completed six years that have brought the District of Columbia out of the worst financial crisis in a century. To cope with this crisis, Congress passed the District of Columbia Financial Responsibility and Management Assistance Authority Act in 1995. The city had followed several others—Philadelphia, New York, and Cleveland among them—to junk bond status indicating an inability to borrow, or insolvency. As with the cities that preceded them, the District required a ''control board'' or Authority in order to continue to borrow the necessary money to function. Unlike other cities, however, the nation's capital reached this point not only because of local mismanagement, but also because it is a city without a state and a city that carried the full complement of state functions and costs. To the credit of the prior administration of President Bill Clinton, which designed a package relieving the city of the most costly state functions and of the Congress, which approved it, the District has had a remarkable recovery.

Working countless hours with the Mayor and the City Council, the Authority helped the District achieve investment grade bond status by the third year of the control period, rather than in four years; create a budget reserve of $150 million and left the city well on its way to creating a 7-percent cash reserve three years ahead of schedule; repay all borrowings from the U.S. Treasury; eliminate the accumulated deficit; and post four years of balanced budgets with surpluses, two years ahead of the congressional mandate to do so.

Elected officials, who continued to run the city throughout, deserve credit for this improvement. However, they would doubtlessly agree that more than any single group or individuals, the Financial Authority deserves the credit for the four-year rapid recovery of the District. It was the credibility of the individuals on the Authority and the extraordinary job they did that enabled the District to borrow in its own name. The city never had to have the Authority borrow for the District. It was the Authority that worked hand in glove with D.C. elected officials to assure that the finances and the management of the D.C. government would proceed apace to improve. And it was the Authority that gave Congress the confidence that the city would be ready for the sunset of the Authority on September 30, 2001.

It would be difficult to overestimate the importance of these Washingtonians to the recovery of the city or the difficulty of the work they were called upon to do—and did. The District could never have purchased from experts of their special competence what each gave to the city as a contribution of unique expertise, endless hours, extraordinary effort, and plain, priceless wisdom.

The city the Authority found had been wracked with many years of overspending and an accumulated deficit as well as a dysfunctional government of city agencies. The city they have left has had four straight years of balanced budgets plus surpluses and a much improved fully functioning city government. At the end of the last fiscal year, the District had a larger surplus than Maryland and larger than Virginia, which had no surplus. The bottom line that is expected of every jurisdiction of living within its budget, credit to assure borrowing and clean audits has been achieved. The huge task of restructuring and reforming each city agency is proceeding with many notable improvements. The Authority, working with elected officials has improved the most critical agencies, including public safety and education, where resident concern was pronounced. These financial and management improvements are among the many rich features of the Authority's legacy,

However, the Authority also left an important warning not only for the city but for Congress about the future of the city. Despite remarkable city improvements and the Revitalization Act's assumption of $5 billion in pension liability and some state functions, the Authority warned of a structural deficit not of the city's making that urgently needs congressional attention. Next session, I will introduce a bill to meet the structural problem the Authority has left Congress to remedy.

Today, however, let us be grateful that the most difficult part of the job of revitalizing the nation's capital has not been left to Congress. It has been done by nine extraordinary citizens who asked nothing from Congress, not pay, and not even praise. Yet, considerable praise is the least they are due from the Congress of the United States. It is praise and honor that I ask this House to give to these nine Washingtonians today from a grateful Congress and a grateful nation.

THE DISTRICT OF COLUMBIA FINANCIAL MANAGEMENT AND ASSISTANCE AUTHORITY

FIRST AUTHORITY

Andrew Brimmer (Chair)

Dr. Andrew Brimmer served as the first chair of the Authority. Mr. Brimmer, the first African American to serve on the Federal Reserve Board, has long been recognized as a distinguished economist. Among his many posts and achievements is service as an economist at the Federal Reserve Bank of New York and posts teaching economics at Michigan State University, the Wharton School, the University of Pennsylvania, and other colleges and universities. Dr. Brimmer is the President of Brimmer and Company.

Dr. Brimmer became the chair of the Authority when the city was at its lowest point of financial and management disrepair. He led the Authority as it took on very large and intractable fiscal and operational problems and managed them with skill and determination.

Stephen Harlan (Vice Chair)

Stephen Harlan served as vice chair for the first term of the Authority. He was the chair of H.G. Smithy Company, a specialized real estate firm providing mortgage banking, finance and investment, and multi-family property management services. He previously served as vice chairman of KPMG Peat Marwick.

Mr. Harlan successfully led the Authority's public safety revitalization at a time when crime was the primary concern of District residents and officials.

Joyce Ladner

Dr. Joyce Ladner has served as Interim President of Howard University, Vice President for Academic Affairs, and professor of sociology at the Howard University School of Social Work. She is currently a Senior Fellow of Government Studies at the Brookings Institution.

Dr. Ladner successfully concentrated on improving public schools when education was the primary concern of the Authority.

Constance Berry Newman

Constance Berry Newman, one of the most versatile officials in the public life of the

country, served as vice chair during the second term of the Authority and is the only member that served both terms. She has been appointed by Presidents of the United States four times to major federal posts and has been a Woodrow Wilson Visiting Fellow, and a member of the adjunct faculty at the Kennedy School at Harvard University and a trustee of the Brookings Institution. Ms. Newman has served as Undersecretary of the Smithsonian Institution, Director of the Office of Personnel Management, and consultant to foreign governments and international organizations, among other posts. Ms. Newman is currently the Assistant Administrator for the Bureau for Africa for the U.S. Agency for International Development.

Ms. Newman successfully led a number of areas for the Authority, ranging from public schools to procurement.

Edward Singletary

Edward Singletary is a retired business executive with experience in accounting, budgeting, financial planning, finance operations and telecommunication. He worked in the telecommunications industry for nearly 30 years. During his business career, he served the city as chair of the Washington Convention Center, a member of the D.C. Retirement Board, and President of the Washington Convention and Visitors Association.

While on the Authority, Mr. Singletary successfully worked on government-wide administrative issues for the city, including technology and procurement.

SECOND AUTHORITY

Alice Rivlin (Chair)

Dr. Alice Rivlin, one of the country's most respected economists, served as chair of the Financial Authority for its second term. She has had one of the most distinguished public service careers in the nation as Vice Chair of the Board of Governors to the Federal Reserve, Deputy Director, then Director of the Office of Management and Budget, and as the first director of the Congressional Budget Office, among others. Dr. Rivlin is currently a Senior Fellow in Economic Studies at the Brookings Institution.

Dr. Rivlin was the chair of a landmark commission on the District government and its finances that bears her name and that predicted the problems of the city years considerably before they resulted in the crisis that brought on the need for the Authority she led. When Dr. Rivlin became chair of the Authority in September 1998, she led the detailed financial work on government operations necessary to manage a careful transition of control of the District to the Mayor and City Council.

Constance Berry Newman (Vice Chair—see above)

Eugene Kinlow

Eugene Kinlow is a native Washingtonian with exceptionally strong community ties, including service as a former chair of the D.C. Board of Education. He is a retired Deputy Assistant Secretary for Human Resources in the Department of Health and Human Services and a recipient of the highest award for federal executives, the Presidential Distinguished Rank Award. He previously served as a staff statistician at the U.S. Commission on Civil Rights, and worked as the Housing Research Director. Mr. Kinlow's 30 years of community service in the Anacostia area led to his determined work as the Authority's lead member on revising health care for the District.

Darius Mans

Dr. Darius Mans was a manager for compensation policy and administration at the World Bank. Prior to his work at the World Bank, Dr. Mans was an economist for the Federal Reserve System Board of Governors. He is currently Country Director at the World Bank for several large African nations.

Dr. Mans' strong institutional and academic financial background was very useful to the Authority's work on D.C.'s finances.

Robert Watkins, III

Robert Watkins, a distinguished lawyer, has been a partner at Williams and Connolly since 1977. His background includes leadership posts in the Office of the U.S. Attorney for the District of Columbia when he was an Assistant U.S. Attorney and work in the Civil Rights Division of Justice Department.

Mr. Watkins successfully worked on justice issues and the Metropolitan Police Department during a period when the Department underwent substantial reform and crime was reduced.

MONROE TOWNSHIP CELEBRATES THE CAREER OF RETIRING COUNCIL VICE PRESIDENT LEONORA FARBER

HON. RUSH D. HOLT

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. HOLT. Mr. Speaker, I rise today in recognition of retiring Monroe Township Council Vice-President, Leonora Farber.

For many years, Councilwoman Farber has made invaluable contributions to the Township of Monroe and to the State of New Jersey through her exceptional commitment to civil service, education, and the arts.

Throughout her career Lee Farber has selflessly contributed her time and energy to her community and has embodied the spirit of public service that we in Congress hold so dear. She began her career of service as a public school teacher after receiving her Masters Degree in Secondary School Administration and Supervision from Hofstra University. Her unwavering support of education in New Jersey continued when she became the Chair of the New Jersey Training School for Boys Citizens Review Board.

In her efforts to advance the interests of her neighbors, Councilwoman Farber has also served as Whittingham's representative to the Adult Communities Advisory Board, as a member of the Executive Board of Greenbriar at Whittingham Residents Association, and of the Executive Board of U.F.T. Retirees.

Lee Farber has passionately supported women's rights and has provided a voice to the concerns of the disabled as a member of the League of Woman Voters and as Council representative to the Americans with Disabilities Committee.

An outspoken advocate of environmental issues, Councilwoman Farber is the former chairperson of Monroe's Environmental Commission where she helped protect New Jersey's air, water, and land from pollution and degradation. An arts patron and enthusiast, Councilwoman Farber also currently serves as Council Liaison to the Cultural Arts Commission.

Lee Farber has led a distinguished career of public service in New Jersey that sets an important example for us all. I hope my colleagues will join with me in honoring her.

OBITUARY OF EVA LOU BILLINGSLEY RUSSELL

HON. EARL F. HILLIARD

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. HILLIARD. Mr. Speaker, Eva Lou Billingley Russell, also affectionately known as ''Grandma Rap'', 82 of Birmingham, died on Friday, December 14, 2001. Mrs. Russell was the owner of Fraternal Café in downtown Birmingham for more than 20 years. She was a Civil Rights activist most noted for feeding the local as well as national civil rights movement for many years. In addition, Mrs. Russell operated feeding programs for the homeless and poor, years before, attention was given to this problem in our communities.

She spent considerable time encouraging young people to get an education and to stay away from drugs. Many times this message was ''rapped'' to the children. It is not uncommon to pick up a magazine and find one of her poems or to hear a child reciting one of her poems in a church or at a school throughout the city. She is the author of the book ''Golden Threads''—A Collection of Poems About About the Black Family. She also has three other manuscripts of books that are yet unpublished.

Mrs. Russell has received numerous awards throughout her life. A few of these include: Channel 13 Hometown Hero—1991, WENN Radio Favorite Person, Beautiful Activist Award, SCLC Humanitarian Award, Crystal Diamond Award for Community Service; Awards from: University of Alabama, Birmingham, Lawson State Community College, Booker T. Washington Business College, and Miles College. She has also received numerous awards from elementary, middle and high schools in the Birmingham area.

She was very active at Saint Joseph Baptist Church where she has been a member for a number of years. Most recently, she was a deaconess, Chair of the Pastor's Aide Board, and worked with the Missionary Society, Homeless Committee, Willing Workers and served in numerous other capacities of leadership throughout her membership at the church; including Vice President of the St. Joseph Day Care Center, Youth Supervisor and Chair of the Deaconess Board.

Mrs. Russell leaves the following survivors: Three sons: Joseph Russell (Ida), Sacramento, CA., Leonard Russell (Juanita)-Birmingham, Carl Russell (Constance), Pembrook Pines, FL.; Two daughters-Birmingham, Sandra Russell Jackson, Carolyn Russell Todd (Walter); son-in-law-Jerome Huguley, Atlanta, GA. And a daughter-in-law, Rosa Mae Russell, Birmingham; Two brothers and one sister from Cleveland, OH: Richard Billingsley, Simon Billingsley (Eula) and Johnnie Billingsley; a sister Hattie Riddle (Will), Knoxville, TN; a sister-in-law, Margaret Billingsley, Columbus, OH. Mrs. Russell also had 17 grand children, 21 great grand children, a God daughter and son and a host of nieces, nephews, relatives and friends.

The, Home Going Service for Mrs. Russell will be Saturday, December 22, 2001 at Saint Joseph Baptist Church, 500 9th Avenue North, Birmingham. Roberts Central Park Chapel directing. Visitation is scheduled for Thursday, December 20, from 11 a.m. to 7 p.m. and Friday, December 21, from 4 to 9 p.m.

YOUTH COURT: CIVIC ENGAGEMENT AND CHARACTER EDUCATION THROUGH JUVENILE ACCOUNTABILITY

HON. J. DENNIS HASTERT

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. HASTERT. Mr. Speaker, I rise to praise the efforts of the Constitutional Rights Foundation and the Constitutional Rights Foundation Chicago. Their work encourages schools, youth programs, attorneys, judges, and police departments to work together to form and expand diversionary programs.

These programs, known as Youth Courts, are where juveniles, under the supervision of representatives from the education and legal communities, determine sentencing for first time Juvenile offenders who are charged with misdemeanors or minor infractions of school rules.

The program displays that as a sentencing option, community service can serve both the offender and the community.

TRIBUTE TO FERRIS BELMAN

HON. JO ANN DAVIS

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mrs. JO ANN DAVIS of Virginia. Mr. Speaker, I rise to pay tribute to a distinguished constituent and public servant whose more than 30 years of service will come to a close at the end of this month.

Ferris Belman of Stafford County, one of the jurisdictions within the 1st District of Virginia, is a retired businessman who has devoted much of his adult life to serving the people of both the city of Fredericksburg and Stafford County.

For 13 years he was a member of the Fredericksburg City Council and has served as a member of the Stafford Board of Supervisors for 18 years, twice as a board chairman. He was also just recently the President of the Virginia Association of Counties.

Mr. Belman has served on numerous committees and commissions over the years and played a leading role in promoting economic growth and development in both in the city and county.

Ferris is a man of great honesty and character who has worked diligently on behalf of the people of Virginia. As Stafford County Administrator C.M. Williams notes, Ferris Belman helped insure that Ferry Farm in Stafford, the boyhood home of George Washington, would be preserved intact. He was also largely responsible for the county's acquisition of Government Island, the site of quarries that provided the stone for construction of the United States Capitol building and the White House.

Ferris Belman will leave office with the grateful appreciation of the thousands of people whose lives he has touched through his service. He will be remembered as a public official who always found time to listen to the concerns of his constituents, and went the extra mile to do all he could for those he represented. Ferris, who once owned several grocery stores, always said he thought of himself not as a politician but ''an apple peddler working for the people.''

I would like to thank Ferris Belman for a job well done. His selflessness and devotion to his constituents and Virginia are to be commended, and his service will be missed.

STATEMENT BY THE HONORABLE SOLOMON P. ORTIZ ON H.R. 3525

HON. SOLOMON P. ORTIZ

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. ORTIZ. Mr. Speaker, the Rio Grande Valley thanks the House for this economic stimulus package for the border * * * our economic opportunities were severely curtailed this fall when the extension of a deadline to obtain new border crossing cards was held up for three months.

The efforts of the House Border Caucus have borne fruit with the inclusion of the extension of the deadline to replace old Border Crossing Cards (BCCs) with new ''laser visas.''

This is the perfect Christmas present to the Southwest Border from the United States Congress.

In the aftermath of the September 11 terrorist attack, the increased vigilance at the border has also translated into a rougher tone in the Congress with regard to what should have been a pro forma extension of the deadline.

The Southwest border has seen extensive economic damage as a result of the deadline not being extended, as expected, in September.

I encourage the Senate to expedite consideration of the bill since the House has overcome the objections now.

As the Co-Chairman of the House Border Caucus, I thank the House for including this provision so important to the Rio Grande Valley.

I am also pleased that the bill authorized funding for additional staff and training to increase our border security.

I am particularly pleased that the bill includes a more complete monitoring program of foreign students, as since September 11 it is glaringly apparent that data and reporting gaps must be filled.

A HOLIDAY MESSAGE ABOUT UNITY

HON. HENRY J. HYDE

OF ILLINOIS

HON. JOHN CONYERS, JR.

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. CONYERS. Mr. Speaker, in this holiday season we are grateful for the familiar traditions of each of our faiths that comfort us and connect us with others. We are also thankful for the unprecedented unity of the Congress, the country, and the larger global community in its shared determination to aid the victims of September 11, and to defeat the forces of terrorism.

To maintain and strengthen that unity for the work that lies ahead, we need to find new ways to solve conflict and to overcome the suspicions that arise from differences in culture, race, religion, economic condition and political ideology. Establishment of shared traditions that promote intercultural contact will help.

On December 15, 2000, the 106th Congress unanimously approved a measure that calls for annual worldwide commemoration of the successful ''One Day in Peace January 1, 2000'' with shared meals, inter-cultural exchange, pledges of non-violence, and gifts to the hungry.

One Day in Peace provides an unparalleled example of global cooperation that is both instructive and inspiring. On that first day of the new millennium several billion people and nearly every government in the world acted responsibly, cooperatively and with astonishing success to avert the combined threats of unruly crowds, terrorism and fears of Armageddon—as well as feared panic and hoarding related to expected computer failures. The ''OneDay'' movement, begun by children and eventually pledged by one hundred countries, 1000 organizations in 135 countries, 25 U.S. governors and hundreds of mayors worldwide surely helped. The result could be called the world's first deliberate day of peace.

We believe this collective achievement by much of humankind is worth remembering and repeating each year. The United Nations General Assembly agrees. It recently adopted a resolution (56/2) inviting all Member States, and all people in the world to celebrate ''One Day in Peace 1 January 2002, and every year thereafter.''

At this season, as we enjoy the time-honored holiday traditions of our separate faiths, let us also celebrate a new tradition with a simple, world-wide all-faith holiday observance (comparable to our American Thanksgiving) that demonstrates our mutual resolve to create a future world of peace and sharing.

The schoolchildren who brought the concept of the ''OneDay'' holiday to Capitol Hill (some of the youngest and most energetic lobbyists we've seen) urge all Americans to celebrate OneDay by pledging non-violence to one another on January first. They also ask us to seek out someone of another culture and share a meal together, then match or multiply the cost of that meal with a gift to the hungry at home or abroad, in tangible demonstration of our desire for increased friendship and sharing.

We think these young peacemakers have a good idea. Happy holidays, both old and new!

INDUSTRIAL DEVELOPMENT BOND PROMOTION ACT OF 2002

HON. AMO HOUGHTON

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. HOUGHTON. Mr. Speaker, I am pleased to be joined by my colleagues, Mr. NEAL and Mr. ENGLISH, in introducing the ''Industrial Development Bond Promotion Act of 2002.'' While retaining the dollar limit on the tax-exempt issue itself, the bill broadens the pool of manufacturers who may be eligible to take advantage of the benefits of qualified small issue bonds.

Qualified small issue bonds play an important role in creating and sustaining a vibrant manufacturing sector in rural communities. Today, however, the so-called ''$10 million limit'' impedes many growing manufacturers from taking advantage of the benefits of qualified small issue bonds. This rule states that the aggregate face amount of the issue, together with the aggregate amount of certain related capital expenditures during a six-year period beginning three years before the date of issue and ending three years after that date, must not exceed $10 million. This $10 million limit was imposed in 1978. It does not consider changes in the economy, inflation, or the increased costs associated with the construction of manufacturing facilities. Even in small rural communities like those in the district, industrial development authorities have projects that routinely exceed this $10 million limit and are therefore ineligible for this type of financing.

The Industrial Development Bond Promotion Act of 2002 would permit capital expenditures of $30 million to be disregarded in determining the aggregate face amount of certain qualified small issue bonds.

Given today's global economy and proof that U.S. manufacturers are not adverse to building and manufacturing offshore, it is most important that the calculation of the limit be changed. Across the country, manufacturing jobs are declining. The manufacturing sector's share of all U.S. jobs slipped from 17 percent ten years ago to 13 percent today. Small issue bonds are a valuable tool to local economic development authorities and go a long way toward creating and maintaining investment in manufacturing facilities in communities throughout our country.

We encourage our colleagues to join us in cosponsoring this legislation.

HAROLD BENGSCH AWARDED 2001 HUMANITARIAN OF THE YEAR

HON. ROY BLUNT

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. BLUNT. Mr. Speaker, I rise to honor a dedicated civil servant who is working daily to improve the health of residents in the Seventh Congressional District of Missouri.

Earlier this month, Harold Bengsch, the Director of the Springfield-Greene County, Missouri Health Department, was awarded the 2001 Humanitarian of the Year Award, established by the Community Foundation of the Ozarks. The recognition comes with a $5,000 cash award that is to be divided between the recipient and the charities of their choice. Mr. Bengsch, true to the reasons why he was so honored, gave the entire amount to charity.

Harold received the award for three decades of outstanding work improving the area's public health. His dedication and vision were instrumental in cutting the number of children testing positive for elevated blood lead levels in Greene County from 28 percent to 15 percent. Under his leadership, immunization rates for children at two years of age has increased from less than 50 percent to more than 90 percent. As director of the local health department, Harold has conducted research, had his studies published in professional journals and is responsible for the ongoing management of the ever growing city-county public health programs. These programs include disease control, preventive and environmental health and medical services.

Harold is a proven problem solver. He is a master at bringing people together—those who need the service and those who provide it. His soft-spoken manner, intelligence and broad experience in public health issues makes Harold Bengsch an invaluable resource to his community and well respected throughout the state of Missouri.

The unreasonable actions of government bureaucrats are regularly criticized on the Floor of the House. In this case I want my colleagues to know there is at least one bureaucrat who is doing an outstanding job of serving the public. I can assert without hesitation that the public health of Springfield Greene County and Southwest Missouri is better today because of the work, effort and vision of Harold Bengsch.

PERSONAL EXPLANATION

HON. MICHAEL G. OXLEY

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. OXLEY. Mr. Speaker, I was absent from the House floor during yesterday's rollcall votes on H. Res. 320, H.R. 3529, and the motion to recommit H.R. 3529. Had I been present, I would have voted ''aye'' on H. Res. 320 and H.R. 3529, and ''nay'' on the motion to recommit H.R. 3529.

H.R. 3295, HELP AMERICA VOTE ACT

HON. TOM UDALL

OF NEW MEXICO

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. UDALL of New Mexico. Mr. Speaker, today, the House is considering H.R. 3295, the ''Help America Vote Act of 2001,'' an election reform proposal that seeks to address many of the problems with our national electoral system. It has been over a year since the 2000 Presidential Election, which brought many of these problems to light. Although it is not perfect, this legislation is long over-due, and I urge my colleagues to support its passage.

I won't rehash the events of the 2000 Campaign, as we are all too familiar with hanging chads, the flawed butterfly ballot, and the countless ballots in Florida—and elsewhere—that were discarded and not tallied. That was a national tragedy. We've had a year to do something here in the House, and I am glad we are finally acting. I hope we can use this important legislation to address many of the shortcomings of our national voting system. H.R. 3295 is just a first step in our ongoing effort to restore our constituents' trust in the system of how we conduct our elected officials. Our constituents deserve to have that trust restored.

This bill authorizes $400 million for one-time payments to states or counties to replace punch card voting systems in time for the November 2002 general election. These are the infamous ballots used in Florida and elsewhere.

H.R. 3295 also creates a bipartisan Election Assistance Commission, which is intended to be a national clearinghouse for information and to review the procedures used for Federal elections.

It authorizes $2.25 billion to help states improve their voting systems. Specifically, this bill will help states establish and maintain accurate voter lists; encourage voters to get out and vote; improve voting equipment; improve the processes for verification and identification of voters; recruit and train poll workers; improve access for voters with disabilities; and finally, educate voters about their rights and responsibilities.

Most importantly, H.R. 3295 will establish minimum federal standards for state election systems regarding voter registration systems, provisional voting, the maintenance of accuracy of voter registration records; overseas absentee voting procedures, permitting voters with disabilities to cast a secret ballot, and allow voters an opportunity to correct errors.

Now, as I said earlier, this bill is not perfect. In fact many well-respected organizations in the civil rights community oppose this legislation. I understand and share some of their frustrations. However, I believe that by passing this bill today, we can move the process forward in hopes that the bill that comes back from the Senate will have many improvements.

I commend my colleagues Mr. NEY of Ohio and Mr. HOYER of Maryland for their hard work in crafting this legislation. I encourage them, however, to work with Mr. CONYERS of Michigan and Senator DODD to ensure that if there is a conference on this bill, we can vote for an even better bill.

Vote yes on H.R. 3295.

PUBLIC HEALTH SECURITY AND BIOTERRORISM RESPONSE ACT

HON. JOHN SHIMKUS

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. SHIMKUS. Mr. Speaker, as a sponsor of H.R. 3448, which was introduced in the House on December 11, 2001, I would like to include for the record the following description of the bill:

Section 302 would provide the Secretary authority to administratively detain any article of food where FDA has credible evidence or information indicating that such article ''presents a threat of serious adverse health consequences or death to humans or animals.'' The ''serious adverse health consequences'' standard, which is used consistently in Title III of this Act, relates to the situation in which there is a reasonable probability that the use of, or exposure to, a violative product will cause serious adverse health consequences or death. This corresponds to FDA guidance pursuant to Title 21, Section 7.3 of the Code of Federal Regulations.

The authority provided under Section 302 may not be delegated by the Secretary to any official less senior than the FDA district director in which the article is located. Under this authority, the article may be detained for a

reasonable period, not to exceed 20 days, unless the Secretary requires up to an additional 10 days. Because there is potential for food of limited shelf life to be detained, the ''reasonable period'' may, depending upon the perishability of the food, be significantly shorter than 20 days. The Secretary is required to institute rulemaking to establish expedited procedures for the detention of perishable foods, such as fresh produce, fresh fish and seafood products. The Secretary should promptly complete that rulemaking.

Within 72 hours of filing an appeal the Secretary is required to provide opportunity for an informal hearing and render a final decision regarding the appeal. The Secretary's decision regarding the appeal is subject to judicial review consistent with the Administrative Procedure Act, Title 5, Section 706, of the United States Code. There is great need for timely review of an administrative detention order and the Secretary should assure that appeals are resolved in a timely manner. The value of perishable foods may be lost entirely, and even the value of foods that have considerable shelf life may be reduced substantially if administrative and judicial review are inappropriately delayed.

While an article of food is subject to administrative detention, the Secretary may order that it be held in a secure facility. Detention of the food in a secure facility is not a requirement. The Secretary should ensure that the food would be held under commercially appropriate conditions of cleanliness, temperature, humidity and whatever other considerations are reflected in industry practice regarding holding the article of food under detention. Conditions of the secure storage facility should not erode the safety or quality of a detained article. The Secretary should also take reasonable precautions to protect against an inappropriate release of a detained food. Secured storage requirements should apply if there is a reasonable apprehension that the article of detained foods are likely to be inappropriately released. This section does not impose any obligation on the owner of a detained food to bear the cost of the secure storage facility.

This section also permits the Secretary to order a temporary hold for a reasonable period of time, but not longer than 24 hours, of food offered for import if an FDA official is unable to inspect the article at the time it is offered for import and where the Secretary already has ''credible evidence or information indicating that such article of food presents a threat of serious adverse health consequences or death to humans or animals;'' the same standard employed for administrative detention under this section. The period of the hold is intended to allow the Secretary sufficient time to dispatch an inspector to the port of entry in order to conduct the needed inspection, examination or investigation. The authority to temporarily hold an article of food is not provided to facilitate mere administrative convenience. Instead, it is intended to reflect the physical absence of an inspector at the port of entry, or other situations, that render inspection impossible at the time of entry. The authority to temporarily hold an article of food under this section should not delay or unnecessarily disrupt the flow of commerce, and both the authority to detain foods and the authority to temporarily hold foods under this section are intended to be used to deter bioterrorism and therefore apply to specific instances where particular items of food meet the standard for detention.

Section 303 provides authority to the Secretary to debar from importing articles of food, any person that is convicted of a felony relating to food importation, or any person that repeatedly imports food and who knew, or should have known, that the food was adulterated. This section would authorize debarment following a felony conviction regarding food importation. In the great majority of situations permissive debarment authority will be employed in situations involving a felony conviction. In addition, this section includes authority that would allow debarment of a person without a relevant criminal conviction. This authority is intended to bolster efforts to deter bioterrorism. The Secretary should primarily use this authority to debar bad actors that repeatedly and knowingly import food that seriously threatens public health.

Most forms of adulteration do not pose a serious threat to public health and many forms of adulteration pose no public health threat at all. When food adulteration occurs, food importers are often innocent purchasers of the food. This debarment authority should not be used against innocent purchasers of food, nor is this authority to be used as an administrative shortcut to act against an importer where criminal prosecution is not sustainable.

Section 304 provides the Secretary the authority to inspect and copy all records relating to an article of food if the Secretary has credible evidence or information indicating that an article of food presents a threat of serious health consequences or death to humans or animals. This provision excludes farms and restaurants and is subject to certain limitations including limitations to ensure the protection of trade secrets and confidential information.

Section 304 authorizes the Secretary to issue a regulation requiring maintenance of additional records that are needed to trace the source and chain of distribution of food, in order to address credible threats of serious adverse health consequences to humans or animals. This provision excludes restaurants and farms, and the Secretary is provided the authority to take into account the size of the business when imposing any record keeping requirements and tailor the requirements to accommodate burden and costs considerations for small businesses.

Section 304 authorizes the issuance of regulations to require the maintenance of so-called ''chain of distribution'' records that would enable the Secretary to trace the source and distribution of food in the event of a problem with food that presented a threat of serious adverse health consequences or death to humans or animals. This authority may not be used to require a business to maintain records regarding transactions or activities to which it was not a party. The Secretary has indicated that chain of distribution records that document the person from whom food was directly received, and to whom it was directly delivered, would sufficiently enable adequate tracing of the source and distribution of food.

This records access would not extend to the most commercially sensitive or confidential records, including recipes, financial data, pricing data, personnel data, research data, or sales data (other than shipment data regarding sales). This authority would not permit access to any records regarding employees, research or customers (other than shipment data). Nor does it permit access to marketing plans.

Under Section 304 the Secretary must take appropriate measures to prevent the unauthorized disclosure of trade secret or confidential information obtained by the Secretary pursuant to this section. The Secretary shall ensure that adequate procedures are in place to ensure agency personnel will not have access to records without a specific reason and need for such access, and that possession of all copies of records will be strictly controlled, and that detailed records regarding all handling and access to these records will be kept.

Section 305 requires all facilities (excluding farms) that manufacture, process, pack or hold food for consumption in the United States to file with the Secretary, and keep up to date, a registration that contains the identity and address of the facility and the general category of food manufactured, processed, packed or held at the facility. This section authorizes the Secretary to exempt certain retail establishments only if the Secretary determines that the registration of such facilities is not needed for effective enforcement. The purpose of registration under this section is to authorize the Secretary to compile an up-to-date list of relevant facilities to enable the Secretary to rapidly identify and contact potentially affected facilities in the context of an investigation of bioterrorism involving the food supply.

Enforcement of Section 305 would be delayed 180 days from the date of enactment, and this section requires the Secretary to take sufficient measures to notify and issue guidance within 60 days identifying facilities required to register. This section also requires the Secretary to promulgate adequate guidance, where needed, to enable facilities to determine whether and how to comply with these registration requirements. The Secretary is encouraged to utilize the notice and comment process as an appropriate method for notifying potential registrants of their obligation to register and to receive advice and assistance from registrants on how best to develop a registration system that is both workable and cost-effective. In many instances, additional steps may be needed since the notice and comment may not be adequate to inform small businesses and other importers who may not have the resources or capabilities to research and track federal regulatory notices in a timely manner prior to the expiration of the 180-day enforcement bar.

This section does not impose a registration fee, and calls for a one-time registration. In other words, once a facility is registered it will only have to amend its original registration in a timely manner to reflect any changes. This section also allows and encourages electronic registration to help reduce paperwork and reporting burden, but registration would also be permitted using a paper form. The Department should work in a cooperative manner with facilities in terms of their obligations to register, and should be reasonable in situations where facilities are making good faith efforts to comply.

Registration should be made as simple as possible (such as permitting both electronic and paper registration, as well as permitting a headquarters to register on behalf of all establishments of a company) and the Secretary shall promptly complete a rulemaking regarding exemption from registration requirements for various types of retail establishments. As

part of this rulemaking the Secretary should look broadly at the various types of the food establishments in order to ascertain whether they should be exempted and shall exempt from registration those facilities that are not necessary to accomplish the purpose of this section. The Secretary should assure that implementation of this section does not unnecessarily disrupt the flow of commerce.

Section 306 requires the Secretary to promulgate a rule to provide for prior notice to the Secretary of food being offered for import. The prior notice is to occur between 24 and 72 hours before the article is offered for import. In circumstances where timely prior notice is not given, the article is to be held at the port until such notice is given and the Secretary, in no more than 24 hours, examines the notice and determines whether it is in accordance with the notice regulations. At that time, the Secretary must also determine whether there is in his possession any credible evidence or information indicating that such article presents a threat of serious adverse health consequences or death to humans or animals. This determination by the Secretary should not delay or unnecessarily disrupt the flow of commerce.

Section 306 is not intended as a limitation on the port of entry for an article of food. In some instances, such as inclement weather, routine shipping delays, or natural disasters, a shipment of food may arrive at a port of entry other than the anticipated port of entry provided on the notice. When such situations arise, arrival at a port other than the anticipated port should not be the sole basis for invalidating a notice that is otherwise in accordance with the regulations. Also, the importer of an article of food is required to provide information about the grower of the article of food, if that information is known to the importer at the time that prior notice is being provided in accordance with the regulations. This provision only requires the importer to provide any information he has in his possession at the time that prior notice is being provided. The Secretary shall closely coordinate this prior notice regulation with similar notifications that are required by the U.S. Customs Service with the goal of minimizing or eliminating unnecessary, multiple or redundant notifications.

PERSONAL EXPLANATION

HON. HAROLD E. FORD, JR.

OF TENNESSEE

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. FORD. Mr. Speaker, regrettably, I was not present for the vote on final passage of H.R. 3529, the Economic Security and Worker Assistance Act, or the preceding motion to recommit.

Had I been present, I would have voted ''Yea'' on rollcall vote number 508, the motion to recommit, and ''Nay'' on rollcall vote 509 final passage of H.R. 3529.

UNITED STATES FOREST SERVICE AND FISH AND WILDLIFE SERVICE REPORTS

HON. GEORGE R. NETHERCUTT, JR.

OF WASHINGTON

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. NETHERCUTT. Mr. Speaker, the recent published reports about the planting of false evidence by biologists with the United States Forest Service and the United States Fish and Wildlife Service are alarming.

An internal Forest Service investigation has found that the science of the habitat study had been skewed by seven government officials: three U.S. Forest Service employees, two U.S. Fish and Wildlife Service officials and two employees of the Washington Department of Fish and Wildlife.

These officials, according to published reports, planted three separate samples of Canadian lynx hair on rubbing posts used to identify existence of the creatures in the two national forests. Had the deception not been discovered, the government likely would have banned many forms of recreation and use of natural resources in the Gifford Pinchot National Forest and Wenatchee National Forest in Washington State. The restrictions would have had a real-life devastating impact on the economy of Washington State.

Today I join with many of my colleagues in demanding that these employees, upon evidence of their guilt is established, be immediately terminated. It is unacceptable that these employees have simply been counseled for their planting of evidence. Federal employees should be held accountable for their actions—period.

Further, I support a complete review of the lynx study as well as a review of any other projects on which these employees may have worked. The integrity of these agencies and our future efforts to protect threatened and endangered species depends on these reviews. As a member of the Interior Appropriations Subcommittee, I intend to make sure that this kind of activity never happens again and that the agencies involved are not perpetrating a fraud on the American people. That is my highest responsibility.

BEST PHARMACEUTICALS FOR CHILDREN ACT

SPEECH OF

HON. BART STUPAK

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 18, 2001

Mr. STUPAK. Mr. Speaker, I rise tonight to urge Members to vote against the pediatric exclusivity bill, S. 1789. It is the product of a flawed negotiating process, a flawed legislative process, and a flawed regulatory process which was instituted back in 1997.

First approved in 1997, pediatric exclusivity granted drug companies an extra six-month extension on their patent if they would conduct a study to determine what the effects were on young people. The FDA sends a written request for a pediatric study to the drug company. Upon completion of the study, FDA grants a six month extension of the patent monopoly—the ''pediatric exclusivity''—which the drug companies then use as a marketing tool to promote and increase the drug's sales.

What I find horrifying is the grant of exclusivity takes place after the drug company does its study but before anyone knows what is included in the results of the study. Nothing is said to the general public—which includes parents and pediatricians—or prescribing physicians about the safety, effectiveness, or dosage requirements. Under S. 1789, there is no requirement to change the labeling on the drug to reflect the changes that may be needed when the drug is dispensed to young people. There is no label to tell doctors, patients, and their families the proper dosage, or how to dispense or use the drug.

My argument has always been this: before you grant pediatric exclusivity to a pharmaceutical company and before this exclusivity is then marketed as being FDA approved for pediatric use, shouldn't you at least know what is the effect of the drug on young people?

Under current law—and this bill would extend current law after the study is completed, exclusivity is granted, but whether the drug helps or hurts young people remains a secret and is not disclosed to the doctors, patients, and their families for an average of 9 months. Shouldn't this information get out to these people before they ingest this medicine?

I have a chart, which I have used on the floor before. It highlights the problems with S. 1789, which does not require labeling changes until 11 months after the drug is being used in the pediatric population. How many of you would give your child a drug and not know whether it helps or harms your child until 11 months later?

There have been 33 drugs granted pediatric exclusivity. Only 20 have been re-labeled to reflect the results of the pediatric study, and even those label changes have taken an average of 9 months.

For 9 months, doctors, patients, and their families have no idea if the child is receiving the proper dosage or even if the drug is really safe!

Now why can't doctors, patients, and their families know this information before the grant of pediatric exclusivity is given? I was not allowed a chance to offer my amendment before the full House. My amendment is very simple and very commonsense: before pediatric exclusivity is granted, all drugs must be labled especially for pediatric use.

Under other prescription drug patent extension programs, labeling is an absolute prerequisite to receiving patent extension. But not pediatric exclusivity. Why would we treat our children any differently?

For the love of me, I cannot understand why the majority does not want doctors, patients, and their families to know the effect of drugs may have on children!

What is the proper dosage? What is the efficacy? What is the safety level for our children?

Why do we wait an average of 9 months before we see proper labeling? Why must we wait to find out if a child has received the proper dosage?

Let us defeat this legislation. I urge a no vote.

UNITED STATES SECURITY ACT

HON. JERRY F. COSTELLO

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. COSTELLO. Mr. Speaker, I rise today in support of the Democratic Caucus' Homeland Security bill, the United States Security Act (USA Act).

This legislation is a collaborative effort crafted by my democratic colleagues on the Homeland Security Task Force. I was honored to have served as the vice chair of the Transportation Security task force with my friend, BOB BORSKI, who chaired the task force.

The USA Act addresses funding needs to improve our homeland security in the following areas: public health, transportation, physical and informational infrastructure, law enforcement and the military. As the attacks of the 11th clearly and unfortunately demonstrated, our nation is vulnerable to attack. This bill goes a long way to minimize those vulnerabilities.

In the past five years—and prior to the 11th—there have been international events which highlighted potential weaknesses in our transportation systems. In Tokyo, Japan, individuals caused harm by releasing sarin gas in the subway system. The USGS *Cole* was attacked in a seaport that, although in Yemen, was considered safe. While these attacks occurred overseas, they could have taken place here in the States.

With the passage of the Aviation Security Act earlier this year, significant improvements to aviation security were mandated. However, other modes of transportation could still be susceptible to attack. This legislation authorizes funds to secure bridges, tunnels, dams, seaports, rail, and public transit.

Specifically, the bill provides $3.6 billion to strengthen bridge and tunnel structures, improve inspection facilities and the inspection of Hazmat materials on highways, supply the traveling public with real-time information about availability roads and bridges if terrorist attacks were to occur again, and improve security for locks and dams. It also provides $992 million to enhance security at our seaports by increasing coast guard personnel, establishing a sea marshal program, requiring transponders for foreign vessels in U.S. waters, and screening ship cargo by x-ray. To improve security on transit systems, $3.2 billion is authorized. Funds would be used to hire additional security personnel, improve communications and refine mass transit evacuation plans. With the appropriation of funds, the security of these transportation systems will markedly improve.

The USA Act also authorizes funds to strengthen communities responses to emergency incidents. This is done by increasing the number of firefighters, providing grants to communities and first responders and improving technology so that important information can be more readily shared between local, state and federal governments. Our nation's first responders are an integral component in response to a terrorist attack, and we must ensure that they are well prepared.

In addition, the bill also takes major steps towards improving the preparedness of the military to effectively fight terrorism and preventing the proliferation of weapons of mass destruction. We have the best military in the world; however, the war on terrorism is unlike any we've ever fought, and enhancement of current training is important.

Mr. Speaker, I believe that we have produced a good bill. This legislation addresses many real needs in enhancing the security of the United States. I urge my colleagues to join me in support of the legislation.

HONORING THE DEDICATED SERVICE OF DANIEL HARTER

HON. BART GORDON

OF TENNESSEE

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. GORDON. Mr. Speaker, I rise today to bid farewell to Daniel Harter, an intern with my office. Daniel has provided a unique perspective along with legal expertise as a member of my staff for the past three months, and became an invaluable resource.

Daniel started with me shortly after completing law school, wanting to learn as much as possible about the workings and intricacies of Capitol Hill. Despite being confronted with challenges and pressures most would fold under, Daniel persevered and became a valued part of my Washington, DC, office.

Like so many capable and hard working young congressional staff members, Daniel is moving on to work as an attorney. Although my staff and I are saddened to see him leave, Daniel's commitment to the legal process, his passion for public service, and his vigorous pursuit of perfection will serve his clients and his profession well.

Daniel tackled every task head on, from helping with day-to-day operations, to aiding with the daunting legislation and constituent demands of post-September 11 life on the Hill. His contribution to our office and his work for the people of Middle Tennessee will be missed.

U.S. HAS LONG TRADITION OF HELPING MUSLIMS, AS SHOWN BY 1952 EMERGENCY ASSISTANCE TO NEARLY 4,000 MECCA PILGRIMS

HON. PAUL E. KANJORSKI

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. KANJORSKI. Mr. Speaker, I rise today to call the attention of the House of Representatives to the fact that our nation has a long history of helping Muslims. While we are familiar with the actions America has taken in recent years to intervene for the benefit of Muslims in Somalia, Bosnia and Kosovo, among numerous other locations around the world, America is hardly new to coming to the aid of people of the Islamic faith.

In particular, I would like to call the attention of the House to an instance brought to my attention by an alert constituent, Mr. Leonard Mulcahy of Wyoming, Pennsylvania. In light of recent events, Mr. Mulcahy recalled seeing an article in the July 1953 issue of National Geographic magazine about the U.S. Air Force assisting nearly 4,000 Muslims in 1952, and he was kind enough to provide me with a copy of that issue of the magazine.

Mr. Speaker, the article states that in August 1952, ''with the opening of the hadj only a few days away, nearly 4,000 desperate Moslems found themselves in Lebanon . . . with air tickets but no reservations. Commercial lines, flooded with applications, could take only a few.'' As you may know, Mr. Speaker, the hadj is the annual pilgrimage to Mecca which each Muslim is expected to undertake at least once in his or her life if possible.

The article continues, ''To help in the emergency, American Ambassador Harold B. Minor asked the United States Air Force to fly 14 C–54s from Libya and Germany. Quickly a shuttle service was set up; in 75 flights 3,763 pilgrims were transported 900 miles from Beirut to Jidda in time to begin their hadj. In gratitude, the Mufti of Lebanon ordered prayers for Americans in all mosques, and King Abdul Aziz al Saud presented Arab robes to 86 airmen.''

The article also states, ''The Air Force accepted no money for the pilgrim passages. Fares collected by commercial airlines, for flights they were unable to complete, went to Moslem charity.''

Mr. Speaker, I would again like to thank Leonard Mulcahy for making sure that America's assistance to the Muslim pilgrims in 1952 is not forgotten. Despite our imperfect history, Americans can be proud that ours is a generous and tolerant nation, and I believe the fact that we provided this type of assistance to thousands of Muslims nearly half a century ago helps to illustrate that fact.

FEDERAL LEGISLATION TO PROTECT THE VOTING RIGHTS OF ACTIVE DUTY MILITARY MEMBERS WHOSE HOME OF RESIDENCE IS AMERICAN SAMOA

HON. ENI F.H. FALEOMAVAEGA

OF AMERICAN SAMOA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. FALEOMAVAEGA. Mr. Speaker, I rise today to introduce federal legislation to protect the voting rights of active duty military members whose home of residence is American Samoa.

Since 1977, active-duty service members serving overseas or on the United States mainland have been excluded from fully participating and voting in both general and runoff Federal elections in American Samoa due to several factors, including local law that requires active duty military members to register in person, limited air and mail service between the U.S. mainland and American Samoa, and delays in the preparation of new ballots in the case of runoff elections.

However, under the provisions of 42 U.S.C, 1973ff–1, Federal law states that:

Each State shall—

(1) permit absent uniformed services voters and overseas voters to use absentee registration procedures and to vote by absentee ballot in general, special primary, or runoff elections for Federal office;

(2) . . .

(3) permit overseas voters to use Federal write-in absentee ballots . . . in general elections for Federal office.''

American Samoa law requiring uniformed service voters to register to vote in person is contrary to the Uniformed and Overseas Citizens Absentee Voting Act. The Uniformed and Overseas Citizens Absentee Voting Act recognizes that there is a considerable cost involved for a service member, and often a spouse, to travel to his/her home of residence to register to vote. Federal law also recognizes that active duty service members have little to say about where they are stationed. Yet, wherever they are sent, and whatever dangers they may encounter, Federal law recognizes that our service members are fundamentally entitled to the right to vote.

Mr. Speaker, the discrepancy that exists between Federal and territorial law must be addressed. Soldiers from American Samoa serving in the active-duty military should be afforded a fair opportunity to vote in American Samoa as required by federal law.

The fact of the matter is our military men and women place their lives on the line to protect our freedoms. The least we can do is ensure that their fundamental right to vote is also protected. Now more than ever, when our country is at war, and our nation is in crisis, we should make every effort to afford our service members and their dependents the right to vote.

To ensure that American Samoa's election laws comply with Federal law, I have suggested that a division should be created within our local election office to deal specifically with absentee ballot and registration procedures. I also believe that the territory needs to reconsider matters pertaining to run-off elections.

Under territorial law, it is nearly impossible for absentee voters to cast votes in a run-off election because local law mandates the run-off election to be held two weeks after the general election. This local mandate discriminates against active service members and other absentee voters. To address this problem in terms of Federal elections, I believe the best solution is to establish non-partisan primary elections during an election year in the event that there are three or more candidates running for Congress.

Primary elections in the summer followed by general elections in the fall will afford all of our qualified voters an equal opportunity to cast their ballots. This will also ensure that our active duty service members are afforded the same rights and privileges as every other American serving in the U.S. Armed Services.

Mr. Speaker, I urge my colleagues to support this legislation and I look forward to its timely passage.

PERSONAL EXPLANATION

HON. MAJOR R. OWENS

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. OWENS. Mr. Speaker, because I had to return to my district to handle very urgent business, I missed a number of rollcall votes. Had I been present, I would have voted 'yea' on rollcall votes 505 and 508. On rollcall votes 506, 507 and 509, I would have voted ''nay''.

INTRODUCTION OF THE SPECIES PROTECTION AND CONSERVATION OF THE ENVIRONMENT (SPACE) ACT

HON. NICK J. RAHALL II

OF WEST VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. RAHALL. Mr. Speaker, the United States is an economic powerhouse. We work to keep the economy strong and to maintain a high standard of living for the people who reside here. Yet we have a drain on the economy estimated to be $137 billion annually, a drain that goes unchecked and relatively unpublicized because it is not a ''glamorous topic.'' This drain is spreading, continually invading our natural spaces and crowding out our native flora and fauna.

In this regard, I am referring to harmful non-native species, invasive species; an issue which is not yet fully in the public's eye. Even if a person has little concern with native fish and wildlife and the habitats they live in, even if that person resides in a city where the major wildlife is found only in alleys, the fact remains that invasive species are a drain on our economy. Included in the $137 billion figure I referred to earlier are the negative impacts on agricultural production, control costs, and costs in lost land and water resources and uses. This number is too large to ignore, particularly when trends suggest that the number will only go up over time.

For example, my home State of West Virginia is a relatively small in terms of land mass, but here are only a few of the impacts felt from harmful nonnative species:

The balsam fir tree, on the state list of rare plants, is being infected by a small insect, the balsam wooly adelgid, which sucks the sap, killing the tree. This tree is a unique species for the State, and unless drastic measures are taken, it will be completely wiped out by this insect.

Shale barrens, one of the most unique natural plant habitats in West Virginia, have been invaded by many non-native species over the years, but two of the most problematic are spotted knapweed and barren bromegrass. These plants out-compete native species and slowly eradicate them from these unique ecosystems.

In a continuation of the plight of the Great Lakes, the zebra mussel has found its way to West Virginia. So far, the zebra mussel is responsible for the federal listing of five species of mussel in the Ohio River, not to mention economic damage from its clogging of water pipes.

These are only three of the over 150 harmful non-natives that currently affect West Virginia. In my view, we have an obligation to our native species to protect, conserve and restore them from the introduction of harmful invasive species.

For these reasons, today I along with the gentleman from Maryland, WAYNE GILCHREST, and the gentleman from Guam, ROBERT UNDERWOOD, are introducing a bill to protect, conserve and restore our native fish, wildlife and their habitats by addressing the threat of these space invaders, harmful invasive species. Maryland, for example, has a nutria problem, too many nutria, and the veined rapa whelk, both of which I know Mr. GILCHREST has great concern with. Mr. UNDERWOOD has chosen to be an original cosponsor because of the enormous impacts the brown tree snake has on Guam, its power lines and native bird species.

The Species Protection and Conservation of the Environment Act, or SPACE Act, would provide the missing link in existing efforts to combat the pernicious and destructive space invasion of some of our most valuable natural areas by:

1. Providing incentive money to States to write State-wide assessments to study exactly where their native species are being threatened by harmful nonnative species;
2. Providing incentives for projects to implement the State assessments;
3. Encouraging the formation of partnerships among the Federal government and non-Federal land and water owners and managers;
4. Addressing harmful nonnative species' migratory pathways;
5. Implementing specific recommendations of the National Strategy written by the National Invasive Species Council;
6. Creating a Federal-level rapid response capability; and
7. Tasking the National Invasive Species Council to develop standard monitoring requirements for projects combating harmful nonnative species.

Using a two-pronged approach, the SPACE Act would provide resources to States and U.S. territories, including Indian Tribes, to address real problems and real solutions. The first prong is a grant program to provide resources to States, territories and tribes to develop assessments to control their harmful nonnative species. Participation in the program would be voluntary, but once this bill becomes law we believe that all States, territories and tribes will want to take advantage of this opportunity and the benefits it can bring to them, aiding them in the organization, prioritizing and specific actions with regards to their harmful non-native species problems and allowing them to apply for what the bill refers to as Aldo Leopold Grants. Technical assistance would also be available to the States, territories and tribes through the National Invasive Species Council to ensure that all assessments would be effective and include the recommendations of the Council's overarching Management Plan.

The second prong is implementing the assessments through what would be known as Aldo Leopold Native Heritage Grant Program, which would be available on a 75% federal, 25% non-federal cost sharing basis. Through a variety of partnerships land and water owners and managers would be eligible to receive grants administered by the Secretary of the Interior. The approved assessment would serve as a guide for developing projects with partners, including Department of Interior and Forest Service lands, working together to control or eradicate harmful nonnative species on the lands and waters under their governance. With the assessment as the foundation for all projects, this legislation would encourage addressing all problems at the ecosystem level and including all land and water owners. To support the use of innovative methods and technologies, grants would be available on an 85% federal, 15% non-federal basis if new techniques are used. Reporting and monitoring requirements are mandated by the grant, allowing for the creation of a database which would track the methods and results of

each project, both over the short and long term.

To facilitate and demonstrate how these relationships between federal and other public and private lands and waters should work, the SPACE Act would also create a demonstration program with the National Wildlife Refuge System. This program would implement cooperative projects to be carried out on lands and waters of the National Wildlife Refuge System and their adjacent neighbors, demonstrating cooperation and helping to address the operations and maintenance backlog of the Refuge System. Because this is a demonstration project, the non-Federal lands involved would not have to have a State assessment yet in place. These projects would be the first to operate under this Act, and the results would be reported to the Council for inclusion in a database.

Finally, this legislation would create a rapid response capability under the National Invasive Species Council. The Governor of a State experiencing a sudden invasion of a harmful nonnative species may apply to the Secretary for monetary assistance to eradicate the species or immediately control it. All assistance would be given by the Secretary in consultation with the Council, and each rapid response project would have the same monitoring and reporting requirements as an Aldo Leopold Grant project.

Mr. Speaker, while there are a number of initiatives already in place aimed at combating invasive species, there is a void in existing statute as no current law is designed to directly protect and conserve our native species from harmful non-native species at the federal or any other level. There are laws directly addressing harmful nonnative species, but mainly through prevention. These include the Nonindigenous Aquatic Nuisance Prevention and Control Act, the Alien Species Prevention and Enforcement Act, the Federal Plant Pest Act, the Plant Protection Act, and the Federal Noxious Weed Act.

In the development of this legislation, we have worked with a number of organizations including the Wildlife Management Institute, the National Wildlife Federation, Defenders of Wildlife, the National Audubon Society, the Aldo Leopold Foundation, the National Wildlife Refuge Association, the Izaak Walton League, the Wildlife Society, the American Fisheries Society and Trout Unlimited. Also consulted were the National Fish and Wildlife Foundation, the National Invasive Species Council, the Northeast Midwest Institute, the International Association of Fish and Wildlife Agencies, The Nature Conservancy, the Natural Resources Defense Council, the American Birding Association and the Wildlife Conservation Society.

I look forward to working with all interested parties as well as the members of the Resources Committee to facilitate the enactment of this bill.

HONORING REVEREND WILLIAM H. HARGRAVE

HON. STEVEN R. ROTHMAN

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. ROTHMAN. Mr. Speaker, I rise today to pay tribute to a remarkable friend and spiritual leader—Reverend William Holt Hargrave. For more than 25 years, Reverend Hargrave served with distinction as the Pastor of the Ebenezer Baptist Church in Englewood, New Jersey. As a former Mayor of Englewood, I have had a wonderful opportunity to see him lead his congregation, and to experience his warmth and kindness firsthand.

The members of the Ebenezer Baptist Church are some of the most patriotic and spiritually uplifting people that I have ever had the pleasure of knowing. The congregation is filled with decent, honest, God-loving people who have a tremendous sense of community. Certainly, Reverend Hargrave's leadership has had a tremendous impact on all of their lives.

As a voice of comfort and reason, Reverend Hargrave committed himself to the church and provided guidance and wisdom to those in his congregation and community. Anyone who has ever known Reverend Hargrave knows full well that his heart is filled with love, compassion, and faith. His presence always put everyone at ease.

I wish Reverend Hargrave and his family all the best. We all thank him for his service and commitment to the Ebenezer Baptist Church and all the people of the great and good city of Englewood.

COMMEMORATING THE CENTENNIAL ANNIVERSARY OF THE 4-H CLUB

HON. BILL SHUSTER

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. SHUSTER. Mr. Speaker, I rise today to honor the centennial anniversary of one of America's foremost youth organizations, the 4–H Club. In February, the 4–H Club will celebrate their centennial by holding a ''National Conversation on Youth Development in the 21st Century,'' the results of which will be reported to the President and Congress.

Since its founding in 1902, the National 4–H Club has helped in the education and development of our nation's youth. While 4–H started agricultural in nature, it has since evolved to include a variety of different educational programs for children in rural as well as urban areas, ranging from environmental preservation to career exploration and workforce preparation.

I congratulate the 4–H Clubs of Pennsylvania on their commitment to our nation's leaders of tomorrow. The past 100 years have proven the necessity for the 4–H Club and other similar educational organizations, and I wish for their continued success for many years to come.

TRIBUTE TO DAN RAMIREZ

HON. SUE WILKINS MYRICK

OF NORTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mrs. MYRICK. Mr. Speaker, there are a lot of good things going On in our communities that you don't necessarily hear about in the news. Recently, a friend in Charlotte, Dan Ramirez, went above and beyond the call of duty to help a young man, dying of leukemia, get home to his family. Greyban Saenz, a 24 year old native of Honduras, wanted to be with his family. The Buddy Kemp Cancer Caring House in Charlotte contacted Dan the Monday before Thanksgiving to see if there was anything that he could do to help. Dan didn't think twice. He jumped right in to help find an affordable flight and someone to accompany Greyban on that flight. He worked through Thanksgiving, and got Greyban a flight, met him at the airport, made sure he was safely on the plane, and he even translated the doctor's discharge papers' into Spanish. Dan did all this for a man he had only known for 5 days. Greyban flew home to his family the Saturday morning after Thanksgiving. Dan later said that as sick as Greyban was, he was animated and excited that morning. Glad to going home. I'm thankful for people like Dan Ramirez who go the extra mile to help someone in need. It's people like that make America strong.

TRIBUTE TO CREDIT UNIONS' ASSISTANCE TO AFFECTED BY FIGHT AGAINST TERRORISM

HON. WALTER B. JONES

OF NORTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. JONES of North Carolina. Mr. Speaker, in the aftermath of the September 11 terrorist attacks, many of our financial institutions have gone the extra mile to be of assistance to those affected by the incidents and their aftermath.

I rise today to pay particular tribute to the CEOs and volunteer board members of North Carolina credit unions.

Representatives of those credit unions, and of the North Carolina Credit Union League and CUNA, recently made the trip to Washington to visit my office not long after September 11.

While they had thought of canceling the trip out of respect for the larger issues stemming from the tragedy, they instead came to offer their support to this Congress. They also pledged that their credit unions will remain committed to serving the changing financial needs of their members and the citizens of North Carolina during this period of economic uncertainty.

For example, Mr. Speaker, the 3rd District of North Carolina is home to three major military bases—Camp Lejuene, Cherry Point Marine Corps Air Station, and Seymour Johnson Air Force Base—all of which are served by a credit union. These credit union employees help military personnel and their families with the money challenges that they face during these difficult times, and have committed to safeguarding the financial well being of our service men and women deployed overseas.

For instance, the staff of First Flight Federal Credit Union in Havelock, NC, has been working with the base legal department at the Marine Corps Air Station at Cherry Point to ensure that family members have the appropriate authority to conduct financial transactions on behalf of the service member while they are deployed.

Another example is the Seymour Johnson Federal Credit Union in Goldsboro, NC, which has established a call center hotline to provide

support and answer questions from family members whose spouses have been deployed.

Mr. Speaker, time does not permit me to list all the great things that these credit unions are doing to assist their members—both military and civilian during these difficult economic times. But their efforts deserve our praise and our thanks.

I urge my colleagues to speak with the credit unions and other financial institutions in their own districts to learn about all the ways they are helping their customers during this time of need. Through the efforts these financial institutions, and others, we will not only weather this storm but we will be economically stronger for it.

REMARKS BY RABBI MICHAEL MILLER

HON. ANTHONY D. WEINER

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. WEINER. Mr. Speaker, this past month, the Queens community of Belle Harbor was shaken by the crash of American Airlines flight 587. As many of you know, this neighborhood had already been hit particularly hard by the attacks of September 11, as dozens of Belle Harbor residents lost their lives to the attacks, many of them firefighters. A number of us have struggled to find the appropriate words to articulate our emotions during these times of unfathomable loss. At the memorial service for flight 587 the Sunday after the crash, Rabbi Michael Miller managed to find those words. I wanted to share his eloquence with my colleagues, and that is why I ask unanimous consent that these remarks be inserted into the RECORD. I hope that my colleagues will find them as comforting as inspiring as I have.

REMARKS AT A PRAYER SERVICE FOR THE VICTIMS OF THE CRASH OF AMERICAN AIRLINES #587, SUNDAY, NOVEMBER 18, 2001, 2:00 PM, RIIS PARK, QUEENS, NY

In our Jewish tradition it is proper to express appreciation to one's hosts. And it is within that spirit that I thank Mayor Giuliani for convening this service, and for his determined and compassionate leadership, along with Governor Pataki, Senators Schumer and Clinton, and Congressman Anthony Weiner during these difficult times.

[PSALM 121]

Last Monday morning, hundreds of people, men, women and children, the young and the old, woke up before dawn and rose from their beds. A trip was to be taken to the Dominican Republic.

In apartments, houses and hotel rooms last Monday morning, there was the predictable last minute rush. The checklist of things to take. Packing that extra shirt, a pair of stockings, a gift for family in Santo Domingo . . .

And, no doubt, last Monday morning, there was the presence of that anxiety which accompanies travel. Tickets. Passports. Would the car service come on time? Will we get to the airport with minutes to spare? Do we have too much baggage? Too little?

Inevitably, last Monday morning, or maybe it was last Sunday night, there was the farewell. Fathers, mothers; wives, husbands; sons, daughters; sisters, brothers; grandmothers, grandfathers; friends, lovers.

The farewell: a kiss; an embrace, A shake of the hand, or a wave. A ''so long'' over the phone, ''have a good trip.''

A farewell. But not a goodbye.

And for those in Belle Harbor, not even that.

And then . . . And then tragedy.

Close to 300 individuals, some as families, some as couples, some as friends, some alone. Gone.

Tragedy, finality, shock and tears.

How do we cope? How can we cope? So much sadness. So much grief. So many questions. So few answers. So much emptiness.

In the second chapter of the Book of Lamentations, *Eicha*, we read: ''*Horidi chanachal dim'a yomam valayla.*'' Shed tears like a river, day and night.

What binds us together today, as what has bound us together at the Ramada, at the Javits Center, and while even at home, are the tears. A river of tears, day and night.

Tears are not shed in English. Tears are not shed in Spanish. Tears are not shed in Hebrew. The tears themselves are a common language. Crying itself is a language of grief.

We shed rivers of tears for the children whose lives had been so fresh, whose promise had been so abounding, whose future had been so bright.

We shed rivers of tears for the mothers and fathers, wives and husbands, who had longed to watch their children grow, who had worked so hard to make a better life, who had given so much love to each other and to so many.

We shed rivers of tears for brothers and sisters, friends and lovers whose companionship had been torn away so suddenly.

We shed rivers of tears, day and night, for never having the opportunity to share a last hug, a kiss, a smile; to say goodbye; I'm sorry; I love you.

We shed rivers of tears, day and night, and we pray.

As the liturgy for the closing *Ne'ilah* prayers of the Jewish Day of Atonement, *Yom Kippur*, reads: ''Yehi ratzon milfanecha shomaiya kol bechiyot shetasim dimoteinu benodcha l'hiyot.'' May it be Your will, You who hears the sound of weeping, That You place our tears in Your flask for safe keeping.

And we pray, O Lord, that the waters of our tears, like the incoming tide, draw the souls of these innocents close to You.

Lord, protect them, guard them, watch over them, and bless them—now and for eternity. ''*V'yanuchu b'shalom al mishkavam.*''

May their repose be peace.

And let us say—-Amen.

INTRODUCTION OF THE MEDICARE SUBSTITUTE ADULT DAY CARE SERVICES ACT

HON. GERALD D. KLECZKA

OF WISCONSIN

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. KLECZKA. Mr. Speaker, today Mr. STARK from California and I are introducing the Medicare Substitute Adult Day Care Services Act. This critical legislation would expand home health rehabilitation options for Medicare beneficiaries while simultaneously assisting family caregivers with the very real difficulties in caring for a homebound family member.

Specifically, this bill would update the Medicare home health benefit by allowing beneficiaries the option of substituting some, or all, of their Medicare home health services for care in an adult day care center (ADC).

The ADC would be paid the same rate that would have been paid for the service had it been delivered in the patient's home. In addition, the ADC would be required, with that one payment, to provide a full day of care to the patient at no additional cost to the Medicare program. That care would include the home health benefit as well as transportation, meals, medication management, and a program of supervised activities.

The ADC is capable of providing these additional services at the same payment rate as home health care because there are additional inherent cost savings in the ADC setting. In the home care arena, a skilled nurse, a physical therapist, or any home health provider must travel from home to home providing services to one patient per site. There are significant transportation costs and time costs associated with that method of care. In an ADC, the patients are brought to the providers so that a provider can see a larger number of patients in a shorter period of time.

It is important to note that this bill is not an expansion of the home health benefit. It would not make any new people eligible for the Medicare home health benefit. Nor would it expand the definition of what qualifies for reimbursement by Medicare for home health services.

To be eligible for this new ADC option, a patient would still need to qualify for Medicare home health benefits just like they do today. They would need to be homebound and they would need to have a certification from a doctor for skilled therapy in the home.

This legislation simply recognizes that adult day care facilities can provide the same health services with the added benefits of social interaction, activities, meals, and a therapeutic environment, in which a group of trained professionals can treat, monitor and support Medicare beneficiaries who would otherwise be monitored at home by a single caregiver. Rehabilitation is enhanced by such comprehensive care.

Not only does ADC aid in the rehabilitation of the patient, it provides an added benefit to the family caregiver. When a beneficiary receives the Medicare home health benefit in the home, the provider does not remain there all day. They provide the service they are paid for and leave to treat their next patient.

Because many frail seniors cannot be left alone for long periods of time, this prevents the caregiver from having a respite or being able to maintain employment outside of the home. If the senior could utilize ADC services, they would receive supervised care for the whole day and the caregiver would have the flexibility to maintain a job and/or be able to leave the home for longer periods of time.

Adult day care centers are proving to be effective, and often preferable, alternatives to complete confinement in the home. I urge my colleagues to cosponsor and support this important legislation.

PROTECTING OUR COMMUNITIES FROM PREDATORY LENDING PRACTICES ACT

HON. MAXINE WATERS

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Ms. WATERS. Mr. Speaker, today I rise to introduce the ''Protecting Our Communities

From Predatory Lending Act,'' much needed legislation to prevent predatory lending. This year, my home state of California became the third state in the nation to pass a law regulating predatory lending practices. Reverse redlining or predatory lending encompasses a number of lending practices that target minority communities, employing interest rates and service fee charges that are significantly higher than those prevailing in white communities. Such predatory lending practices are prevalent in many areas across the country and federal action in this area is long overdue.

Home equity loans have historically been the privilege of the middle class and wealthy, who generally have high credit ratings, income, and home equity. However, beginning in the 1980s, non-depository finance companies—lending institutions other than commercial banks, thrifts, and credit unions—began to provide home-equity loans to lower-income communities, which were not served by mainstream lenders.

Persons in low-income communities typically have little disposable income, but may have substantial home equity as a result of paying down their mortgages or through the appreciation of their property values. This equity can secure sizable loans. While offering loans to low-income and minority communities can benefit these communities, predatory lending practices, which oftentimes use the borrowers' home as collateral, have milked the last drops of wealth from many of these neighborhoods, leading to increased poverty and public dependence.

My bill adds important protections to the law that will save many people from losing their homes. My legislation would prohibit the industry from making false, deceptive or misleading statements or engaging in unfair or deceptive acts or practices, and prohibit blank terms in credit agreements that are filled in after the consumer has signed. In addition, it would prohibit prepayment penalties and the financing of credit insurance.

My bill will prohibit the ''flipping'' of consumer loans, in which the borrower refinances an existing loan when the new loan does not have a reasonable, tangible benefit to the consumer. This practice of flipping often costs the consumer thousands of dollars in fees and frequently leads to foreclosure. My bill will eliminate the practice of charging fees for services or products not actually provided. It will also prevent collusion between lenders and appraisers or home improvement contractors by prohibiting direct payments to home improvement contractors without a consumer cosignature and prohibits creditors from influencing the judgement of an appraiser.

My legislation will remove the shroud of secrecy that currently surrounds the application process by requiring that a consumer receive disclosure of his or her credit score and an explanation of the methodology used to calculate the credit score, if one is used by the lender.

My legislation will impose restrictions on late payments and apply additional safeguards by lowering the threshold for high cost mortgages.

Finally, my legislation will prohibit steering consumers into loans with higher risk grades than the consumer would qualify for under prudent underwriting standards. This is merely the latest in a long line of practices that have targeted minorities and low and moderate income families, shutting them out of the American Dream of homeownership.

This problem is getting worse, not better. According to an ACORN study, Separate and Unequal 2001: Predatory Lending in America, which was released last month, African-American homeowners who refinanced in the Los Angeles area were 2.5 times more likely to receive a subprime loan than white homeowners were and Latinos were 1.5 times more likely to receive a subprime refinance loan. And this is not merely a function of income: Upper-income African-Americans and middle-income African-Americans were more likely to receive a subprime loan than low-income white homeowners when refinancing. Middle-income Latinos were also more likely to receive a subprime refinance loan than low-income whites.

We must continue to scrutinize predatory lending practices and protect American consumers who are easy targets for the predatory lending industry. Congress and federal agencies must recommit our efforts to ensure that greater opportunity to credit access means an increase in quality of life, not an increase in predatory lending and foreclosure. I will continue fighting on the federal level until predatory lending is eliminated and the term will only have relevance in history books. I encourage my colleagues to support my legislation and look forward to working with you to eliminating this blight from our communities.

TRIBUTE TO K. ROSS CHILDS ON THE OCCASION OF HIS RETIREMENT AS COUNTY ADMINISTRATOR FOR GRAND TRAVERSE COUNTY, MICHIGAN

HON. BART STUPAK

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. STUPAK. Mr. Speaker, I rise tonight to pay tribute to a dedicated public servant, K. Ross Childs, who is retiring after serving as County Administrator for Grand Traverse County, Michigan, since 1976. Ross will be honored on January 5 at a special celebration in Traverse City by the many friends and colleagues he has touched in his long career.

A review of Ross' professional resume reveals an individual who acquired a broad base of skills that ably suited him for the job of county administrator. A Canadian citizen by birth, he did his undergraduate studies in the community of Owen Sound, Ontario. He came to the U.S. in 1955 to earn an engineering degree at the University of Michigan, and his postgraduate studies included courses in engineering, business administration and public administration at U. of M. and Detroit's Wayne State University.

This resume also reveals an administrator who recognized that being in charge of a diverse and growing county required close coordination with local public and private organizations. At various times Ross has served as a member or officer of, among others, the Michigan Leadership Institute, the Grand Traverse Commons Redevelopment Corporation, Leadership Grand Traverse, the Traverse Bay Economic Development Authority, the Traverse City Convention and Visitors Bureau, the Traverse City Area Chamber of Commerce, National City Bank, Blue Cross Blue Shield, and Munson Medical Center. Ross has also been extremely active in Rotary International and will serve as district governor for 2002–2003.

But, Mr. Speaker, when I worked with Ross Childs, I wasn't working with a resume or a list of titles. I worked with a dedicated public servant, a man who was a consumate advocate for his Grand Traverse County, whether he was laboring on behalf of an individual or for the county's largest employer, Munson Healthcare.

I have worked with Ross on numerous issues, including funding for a new airport terminal at Cherry Capital Airport, funding for roads in the county, and projects at the Coast Guard air station in Traverse City. In between dealing with major projects or problems, I always knew that when the National Association of Counties met in Washington, D.C., Ross would arrive with a list of county issues for me to work on.

Ross and his wife Helen have two daughters, Mary and Susan. As a change from our usual meetings in Washington, it was a pleasure for my staff and me to be able to show Ross, Helen and Susan some of the sights of this great city when they came here on a family visit.

That doesn't mean we haven't had our differences, Mr. Speaker. I ask you to recall that Ross in an alumni of the University of Michigan, a school he not only attended but represented on the hockey rink. Waving those Michigan school colors of maize and blue in front of a Michigan State supporter like me is like waving the proverbial red flag in front of a bull.

Mr. Speaker, let me add a personal note of appreciation. Ross and Helen lost their son Scott, a hockey player like his father, in an auto accident some years ago. When my own son BJ died last year, Ross was there at the funeral to lend his support. We share a profound loss that never quite heals, and I will always remember and appreciate his true expression of sympathy and genuine concern.

So, Mr. Speaker, K. Ross Childs is giving up the reins of power in Grand Traverse County, and in one of his final acts as administrator he has helped hire and mentor Dennis Aloia, who comes from Marquette in the Upper Peninsula of Michigan. As a U.P. resident myself, I am pleased to see that Ross has learned what a great value and resource the U.P. can be for Grand Traverse County.

While Ross may be leaving his post as county administrator, he will remain active in northern Michigan as regional governor of Rotary, a organization to which he has been extremely dedicated for many years.

I ask you, Mr. Speaker, and our House colleagues to join me in congratulating this public servant on a job well done and in wishing Ross and Helen Childs the best in their retirement years.

CONGRATULATIONS TO MR. AND MRS. FLORENIO BACA

HON. JOE BACA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. BACA. Mr. Speaker, it is my privilege to announce to you and to the rest of my esteemed colleagues, that on January 5, 2002,

Flornio and Escolastica Baca will celebrate their 50th wedding anniversary. The couple will renew their wedding vows in a ceremony at Mt. Saint Joseph's Catholic Church in Barstow, California.

Florenio and Escolastica were both born in New Mexico. Florenio was one of thirteen children born to Seledon and Isabeleta Baca, while Escolastica was only one of two children born to her parents, Rafael and Eufelia Garcia. Eufelia, now 89 years old, is the couple's only surviving parent.

Florenio and Escolastica married on January 28, 1951 in La Joya, New Mexico, and shortly afterwards the pair moved to Barstow, California. Florenio worked for the Santa Fe Railway and later went to work for a civil service position only to return to the Santa Fe Railway until his retirement. A hardworking couple, Florenio and Escolastica were pioneers of the dual income family as Escolastica worked a variety of jobs until her retirement from a civil service position in Nebo, California. All the while, Florenio and Escolastica raised a loving family.

The couple was blessed with three children, Gilbert, Sally and Evelyn. Today their children are grown and married. Florenio and Escolastica's family now includes Gilbert's wife, Tracy Marcum, Sally's husband, Scott Stapp, and Evelyn's husband, Joe Bensie. Their children have given the Baca's eight grandchildren, Lindsay, Courtney, Brandy, Larry, Erica, Adrian, Ryan and Mathew, and one great-grandchild, Brooklyn.

I commend Florenio and Escolastica for demonstrating their commitment to marriage and family. The couple has provided love and ongoing support to their children, grandchildren and great-grandchild playing an active role in all of their raising.

Today the Baca's spend most of their time relaxing at home and visiting their family. Escolastica remains very active at Mt. Saint Joseph's Catholic Church.

Mr. Speaker, on behalf of the United States Congress and the people of Califomia, I extend our sincere congratulations to Mr. and Mrs. Florenio Baca.

TRIBUTE TO DR. BRENDA DAVIS, OUTGOING PRESIDENT, CORONA CHAMBER OF COMMERCE

HON. KEN CALVERT

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. CALVERT. Mr. Speaker, I rise today to honor and pay tribute to an individual whose dedication to the community and to the overall well-being of my hometown of Corona, CA, is exceptional. The City of Corona has been fortunate to have dynamic and dedicated business and community leaders who willingly and unselfishly give time and talent to making their communities a better place to live and work. Dr. Brenda Davis is one of these individuals.

On January 5, 2002, Dr. Davis will be honored as the outgoing 2001 President of the Corona Chamber of Commerce. Currently Provost of the Norco Campus at Riverside Community College, Brenda provides great leadership, administration and supervision over her faculty and students. A person with passion and principles, who has strived to have a positive effect upon her local community, Dr. Davis' leadership has been instrumental in strengthening the bonds between the cities of Corona and Norco, along with their business and educational communities.

Dr. Brenda Davis holds a Doctor of Education degree in Curriculum and Teaching, a Master of Education Degree in Psychiatric—Mental Health Nursing and Bachelor of Science in Nursing all from Teachers College, Columbia University in New York. Dr. Davis is recognized as a very effective administrator and has held several administrative positions at Riverside Community College, including Director, Department Chairperson of Nursing; Dean, Nursing Education; Dean, Grant and Contract Services.

Brenda's tireless, engaged action have propelled the City of Corona forward in a positive and progressive manner. Her work to promote the businesses, schools and community organizations of the City of Corona make me proud to call her a fellow community member, American and friend. I know that all of Corona is grateful for her contribution to the betterment of the community and salute her as she departs. I look forward to continuing to work with her for the good of our community in the future.

ON INTRODUCING THE ANTI-TERRORISM CHARITY PROTECTION ACT

HON. STEVE ISRAEL

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. ISRAEL. Mr. Speaker, I rise today to introduce the Anti-Terrorism Charity Protection Act, a bill that will not only ensure that organizations supporting terrorism are denied the benefits of an American tax deduction, but will protect innocent citizens from donating well-intentioned contributions to organizations that misappropriate funds to support terrorism.

Mr. Speaker, since September 11th, we have learned a great deal about Osama bin Laden and the al Qaeda terrorist network. Bin Laden apparently is rich, with a personal fortune of over $300 million. In addition, a complex global financial network exists to supplement his personal fortune. Alarmingly, evidence suggests that organizations in the United States and abroad have cloaked themselves as charitable groups to help funnel funds to al Qaeda.

The President has already frozen the assets of the Wafa Humanitarian Organization, the Al Rashid Trust, the Makhtab al-Khidamat and the Society of Islamic Cooperation. These were groups that were supposedly charitable organizations, but were mere conduits for raising money for the treacherous acts of September 11 and other acts of terrorism around the world.

On December 3rd, the Administration froze the assets of the Holy Land Foundation for Relief and Development, a foundation based in Richardstown, Texas. According to a December 5th article in The New York Times:

Mr. Bush and Treasury Secretary Paul O'Neill said today that they believe many Muslims who contributed to the Holy Land Foundation did not know where their money was going. ''Innocent donors who thought they were helping someone in need deserve protection from these scam artists,'' Mr. O'Neill said at the White House. The Treasury also announced action against the Al Aqsa Bank and the Belt al Mal Holdings Company, a bank that it described as ''direct arms of Hamas.''

I ask that the full text of the article follow my remarks.

It seems clear that the Holy Land Foundation for Relief and Development is an organization that serves as the fundraising arm of Hamas, which is responsible for hundreds, if not thousands, of terrorist deaths in Israel over the years, with a recent surge of murder of innocent young people in Jerusalem, Tel Aviv and Haifa.

I do not believe that the American people, especially American Muslims, are intentionally giving money to support terror. In fact, I am sure that the vast majority of contributors to this organization believed that their money was going to support the legitimate humanitarian concerns that Americans have about the situation in the Middle East.

The facts, however, indicate that these contributions were being used to finance bombs targeted at innocent civilians.

Mr. Speaker, Americans trust the IRS to determine what is and what is not a charity. If there is an organization that is designated by the IRS to allow contributions to be tax deductible, almost all of our citizens would automatically assume that the group was legitimate. The IRS does an excellent job applying its regulations very stringently. Unfortunately, according to the IRS, the Holy Land Foundation did receive these benefits.

Currently, the IRS by internal regulation denies charities affiliated with terrorism a tax deduction. This is all well and good, but the fact is that this could be challenged in court. I believe that the IRS needs a stronger tool. I believe that this restriction must be in the law.

Finally, Mr. Speaker, during consideration of the Financial Anti-Terrorism Act, I introduced an amendment on this issue that Chairman OXLEY, Mr. LAFALCE, and the Committee on Financial Services were gracious enough to accept, though it did not make it through conference. The amendment asked that Treasury study how terrorist organizations may use charities to fund their operations. I am gratified to see that the Department of the Treasury and Secretary O'Neill seem to be focusing on this issue and would encourage them to continue doing so.

Mr. Speaker, if we are going to win the War on Terrorism, we must fight the war on every front. The financial front is one important battleground and we must do everything we can to ensure that our soldiers—not only in Afghanistan behind rifles but here in America in front of computer screens—have the weapons they need to defend America.

[From the New York Times, Dec. 10, 2001]

BUSH FREEZES ASSETS OF BIGGEST U.S. MUSLIM CHARITY, CALLING IT A DEADLY TERROR GROUP

(By David E. Sanger and Judith Miller)

WASHINGTON, DEC. 4—President Bush significantly broadened his counterattack on terrorist groups today, freezing the assets of the largest Muslim charity in the United States. Mr. Bush accused the charity of supporting Hamas, the Palestinian militant group that took responsibility for three suicide bombings in Israel over the weekend.

Mr. Bush's announcement was a strong demonstration of solidarity with Prime Minister Ariel Sharon of Israel, who has urged

that Hamas be treated with the same severity as Al Qaeda's terrorist network.

White House officials said they had planned to move against the charity and two banks that helped finance Hamas later this month, but sped up the action after the bombings, which killed 25 people and wounded almost 200, many of them teenagers.

Treasury officials said the charity, the Holy Land Foundation for Relief and Development, based in Richardson, Tex., had been under investigation since 1993.

In a statement the charity denied allegations that it provides financial support to terrorists. It said ''the decision by the U.S. government to seize the charitable donations of Muslims during the holy month of Ramadan is an affront to millions of Muslim Americans.''

A senior official said the administration had delayed acting for fear of harming the F.B.I. investigation of the charity. Search warrants were executed today when federal officials seized documents at the charity headquarters and other offices.

International political considerations were also in play, other administration officials said. The White House debated whether moving against Arab extremist groups could weaken the coalition Mr. Bush has assembled in the war on Afghanistan. ''The bombings changed the politics of this considerably,'' a senior administration official said.

Speaking in the Rose Garden this morning, Mr. Bush appeared to side with Mr. Sharon in his characterization of Hamas. ''Hamas is one of the deadliest terror organizations in the world today,'' he said, adding that it ''has obtained much of the money it pays for murder abroad right here in the United States.''

The statement was something of a turnaround for the administration. Its first list of terrorist groups subject to American action, released days after the Sept. 11 attacks, made no reference to Hamas. A second list released in October called Hamas and some 20 other militant groups terrorist organizations, but said few had assets in the United States.

It is difficult to assess how effective the administration's new campaign will be in slowing Hamas. Officials said the group relied on American charities that solicit funds in many mosques around the country for tens of millions of dollars each year. Hamas has long said that the money goes to social causes, easing the suffering of Palestinians. The Treasury and F.B.I. say they have evidence the money is siphoned to the organization's terrorist arm.

The State Department says that Hamas also receives some funding from Iran, but even more from wealthy patrons in Saudi Arabia and Palestinian expatriates in the gulf. The success of the Bush administration's crackdown will depend largely on its ability to persuade those countries to follow suit.

Mr. Bush and Treasury Secretary Paul O'Neill said today that they believe many Muslims who contributed to the Holy Land Foundation did not know where their money was going. ''Innocent donors who thought they were helping someone in need deserve protection from these scam artists,'' Mr. O'Neill said at the White House. The Treasury also announced action against the Al Aqsa Bank and the Beit al Mal Holdings Company, a bank that it described as ''direct arms of Hamas.''

So far, a half dozen banks in the United States have frozen $1.9 million of the Holy Land Foundation's assets, Treasury officials said today.

In Richardson, F.B.I. agents and local police officers stood guard outside the Holy Land Foundation offices as movers removed items such as file cabinets, office furniture and computers in accordance with President Bush's order.

Movers using a tractor-trailer arrived with the seizure notice at about 8 a.m. and worked into the night.

Steven Emerson, an expert in Islamic terror networks, said that the United States knew as early as 1993 that Hamas leaders were ''meeting in America and using Holy Land Foundation as a conduit to raise money for terrorism, recruit support, and undermine the U.S.-sponsored peace process.''

RECOGNIZING THE ACHIEVEMENTS OF MESA

HON. HILDA L. SOLIS

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Ms. SOLIS. Mr. Speaker, I rise today to congratulate Mathematics, Engineering, Science Achievement (MESA) of the University of California for being selected as one of the five most innovative public programs in the country by Innovations in American Government, a project of the John F. Kennedy School of Government at Harvard University, the Ford Foundation, and the Council for Excellence in Government.

I have long supported MESA, which helps educationally disadvantaged students to excel in math and science. MESA encourages students to develop an academic path to college and attain baccalaureate degrees in math and science fields. Parents are encouraged to become involved and learn that college can be a reality for their children. In addition, MESA brings in industry representatives in science fields to introduce the students to science-based career options.

Eighty-five percent of MESA's graduating high school seniors go on to college, compared to only fifty percent of California's graduating high school seniors overall. Seven other states have established programs based on California's MESA model. Today, more than twelve percent of the nation's historically underrepresented students who attain baccalaureate degrees in engineering are MESA students.

The Innovations in American Government program identifies outstanding problem-solving and creativity in public sector programs. This year 1,200 programs were nominated for the award. These programs underwent an extremely rigorous assessment process before Innovations determined its winners.

I applaud MESA on its accomplishments and wish the program continued success in helping California students succeed.

HIGHER EDUCATION RELIEF OPPORTUNITIES FOR STUDENTS ACT OF 2001

SPEECH OF

HON. PATSY T. MINK

OF HAWAII

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mrs. MINK of Hawaii. Mr. Speaker, I want to express my support for S. 1793, the HEROS Act, which will help provide relief from student loan deadlines and administrative requirements to victims and their families of the September 11 terrorist attacks, and for members of the military who are called up for active duty in response to those attacks. S. 1793 provides the Secretary of Education with the authority to waive specific aspects of the student aid programs to make sure that these people are not adversely affected financially by being victims of these attacks or being on active duty.

S. 1793 is similar to H.R. 3086, which passed the House in October by a vote of 415–0. The authority granted by the HEROS Act is similar to authority granted during Desert Storm, and expires on September 30th, 2003. The HEROS Act addresses issues of loan repayment for individuals directly affected by the attacks, and the student aid eligibility for these individuals, while ensuring the integrity of the student loan programs. The Secretary may help such individuals by reducing or delaying monthly student loan payments, or by lifting obligations for repayment by military students, or other actions that help such borrowers avoid inadvertent technical violations or defaults.

The HEROS Act would also allow the Secretary to help institutions and organizations participating in the Federal student aid programs that are affected by the attacks so that they may receive temporary relief from certain administrative requirements. For such institutions, some administrative requirements may be rendered unreasonable to meet as a result of the September 11 attacks.

Congress will also have the opportunity to learn about the effectiveness of these waivers, as the Secretary will be required to report on the waivers granted and make recommendations for any statutory or regulatory changes that may help provide these students relief in the future.

As we all know, September 11 had a devastating impact on our Nation and our economy. The HEROS Act will provide crucial relief to those students who were victims of this horrible event, and will also protect the eligibility of students serving in the military. By helping military students remain eligible for student aid, we can help ensure that our next generation of leaders is properly prepared to face an increasingly interconnected global environment, and can help rebuild our nation and protect against future attacks. The HEROS Act thus is looking to the future, while helping those burdened by our recent past and I support S. 1793.

REGARDING MONITORING OF WEAPONS DEVELOPMENT IN IRAQ

SPEECH OF

HON. BARBARA LEE

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Ms. LEE. Mr. Speaker, I rise today in opposition to this resolution.

I want to be very clear: I strongly support inspection of Iraqi weapons facilities. This resolution, however, is not the best way to accomplish that goal.

We clearly stand at a moment in history when we must reinvent our foreign policy to

meet new challenges. Renewed arms inspections of Iraq should be part of that new matrix, but smarter sanctions and humanitarian engagement must also be undertaken.

Engagement is crucial. We should work with our allies to forge a policy that strengthens the cause of peace and stability in the Middle East.

There are some who call for an invasion of Iraq. I am strongly opposed to such a step.

Opposition to a United States assault on Iraq is found not only in the capitals of the Middle East but throughout much of the rest of the world as well.

International leaders such as United Nations Secretary General Kofi Annan and former South African President Nelson Mandela have strongly voiced their opposition to such an attack, arguing that the only lasting solutions lie in collective international efforts.

As Kofi Annan said earlier this month, ''Any attempt or any decision to attack Iraq today will be unwise and could lead to a major escalation in the region.'' President Mandela warned that bombing Iraq would be a disaster that would inject ''chaos into international affairs.''

Therefore, I must oppose this resolution not because I oppose inspections but because I believe it is too inflammatory and will make inspections less likely, not more likely.

This is the wrong resolution at the wrong time. At this moment we face a crisis in the Middle East as the Israeli-Palestinian conflict threatens to spin out of control. That must be the epicenter of our concern right now. Yes, we want inspections, but this is not the best way to achieve them.

TERRORIST BOMBINGS CONVENTIONS IMPLEMENTATION ACT

SPEECH OF

HON. CAROLYN C. KILPATRICK

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Ms. KILPATRICK. Mr. Speaker, while I support the ratification and implementation of the International Conventions for the Suppression of Terrorist Bombings and the Suppression of the Financing of Terrorism in H.R. 3275, I cannot support the overall bill. I am concerned that bill includes controversial language that will jeopardize future enforcement of these Conventions.

I believe that the provision in title I that authorizes the imposition of the death penalty for the offenses set forth in section 102.2 is superfluous and unnecessary. Our experience with other nations, as it pertains to the U.S. death penalty, should guide our actions on the floor today. Courts in Canada and France have refused to extradite criminals to the United States, citing our continued insistence on the imposition of the death penalty. A South African Constitutional Court ruled that a suspect on trial in Manhattan in connection with the bombing of the American Embassy in Tanzania should not have been turned over to United States authorities without assurances that he would not face the death penalty.

At a time when we are seeking the cooperation of nations to bring international criminals to justice, it makes no sense to authorize this death penalty provision, which may, in fact, impede the extradition of criminals to U.S. jurisdiction. The administration acknowledges that capital punishment is not required to implement the Conventions. Yet, even while admitting that the provision is unnecessary to implement the Convention, the administration justifies the inclusion of this new death penalty provision by claiming that it simply tracks current law.

This justification is without merit. Under U.S. law, the death penalty is justified for its deterrent effect. Surely in this case there is no punitive or deterrent basis for the death penalty. In this instance, those that the Conventions target are willing to commit suicide for their criminal causes. In this instance, it cannot be argued in good faith that fear of the death penalty will prevent terrorists from carrying out acts of terrorism.

TERRORIST BOMBINGS CONVENTION IMPLEMENTATION ACT OF 2001

SPEECH OF

HON. SHEILA JACKSON-LEE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Ms. JACKSON-LEE of Texas. Mr. Speaker, the International Convention for the Suppression of Terrorist Bombings was initiated by the United States in the wake of the 1996 bombing of Khobar Towers in Saudi Arabia. It requires signatories to criminalize terrorist bombings aimed at public, governmental, or infrastructure facilities and to prosecute or extradite those responsible. The United States has not yet ratified the convention, which went into force in May of this year. The legislation before us, H.R. 3275, implements the International Convention for the Suppression of Terrorist Bombings,

Specifically, H.R. 3275 makes it a Federal crime to unlawfully deliver, place, discharge or detonate an explosive device, or to conspire or to attempt to do so, in a public place, public transportation system, or in a State or Federal facility. It provides penalties of up to life in prison, or death for perpetrators if the bombing resulted in fatalities, and also provides for the prosecution or extradition of perpetrators who commit crimes outside of the United States, but who are subsequently apprehended in this country.

Additionally, H.R. 3275 implements the International Convention for the Suppression of the Financing of Terrorism, which requires signatories to prosecute or extradite people who contribute to, or collect money for, terrorist groups.

It also makes it a Federal crime to directly or indirectly provide or collect funds to carry out , in full or in part, specific acts of terrorism. It also makes it a crime for any U.S. national or entity, both inside and outside the country, to conceal or disguise the nature, location or source of any funds provided or collected to carry out terrorist acts. It also provides for the prosecution or extradition of perpetrators who commit these crimes outside of the United States, but who are subsequently apprehended in this country.

Finally, provisions in the bill make the crimes of terrorist bombings and terrorist financing ''predicate offenses'' under U.S. wiretap laws and included on the list of Federal crimes of terrorism.

Mr. Speaker, I fully support prompt ratification and implementation of the International Conventions for the Suppression of Terrorist Bombings and the Suppression of the Financing of Terrorism. However, I am concerned that H.R. 3275 includes controversial changes to U.S. domestic law that go well beyond those changes required to bring our laws into conformity with the requirements of those agreements.

Specifically, we must avoid the redundancy of ancillary provisions relating to the death penalty, wiretapping, money laundering, and RICO predicates. To this end, during the recent Judiciary Committee markup of this I joined my colleagues, Mr. SCOTT and Mr. DELAHUNT in their opposition to certain ancillary provisions of this bill in relation to treaty approval.

While I fully support the efforts of our law enforcement professionals in light of the recent attacks against this Nation, I am concerned that prosecutors should be limited in the extent to which they can cast the widest possible net, often to the great detriment of those who were not initially target by Congress when the legislation was enacted.

Many of these provisions have already been included in the anti-terrorist bill which has since been passed into law on October 26, 2001. Therefore, to include the same provisions in H.R. 3275 would be redundant and would serve no purpose. As a matter of fact, Mr. Chertoff of the Department of Justice stated recently that these provisions are not even required in order to implement the treaties.

Moreover, most party states to the Conventions do not tolerate the death penalty, but are still in compliance with the treaty. This could have a profound effect on extradition and result in an inordinate burden on our criminal justice system.

These necessary changes could have easily have been facilitated on the floor by allowing amendments, and I regret that we were not allowed to address these issues due to the suspensions calendar.

Despite these concerns, it is in our best interest, as well as in the interest of the international community, that we comply with the treaty. Our message that we will not tolerate terrorism in any way, shape, or form, must be strong and clear.

I believe that this bill fulfills this obligation.

CONFERENCE REPORT ON H.R. 3061, DEPARTMENT OF LABOR, HEALTH AND HUMAN SERVICES, AND EDUCATION, AND RELATED AGENCIES APPROPRIATIONS ACT, 2002

SPEECH OF

HON. KEN BENTSEN

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. BENTSEN. Mr. Speaker, I rise in strong support of H.R. 3061, the Fiscal Year 2001 Labor, Health and Human Services, and Education Appropriations bill. This legislation would provide $395 billion for the Departments of Labor, Health and Human Services, and Education, and related agencies. This $395

billion funding level represents an 11 percent increase above last year's budget. I am especially pleased that this legislation would provide a 15 percent increase for education funding and 15 percent increase or $23.3 billion for biomedical research conducted through the National Institutes of Health (NIH).

With regard to education, I am pleased that this bill would dramatically increase funding, for education programs by providing $6.8 billion or 15 percent over FY 2001 levels and $3.9 billion above the President's request. Over the last five years, the average annual rate of new educational investment has been 13 percent. This legislation would increase the education investment to 17 percent—the highest in a decade. While the bill does not include separate funding for the class-size reduction initiative, I am pleased that the program was redirected into teacher quality state grants. Under this legislation, these state grants will receive a $2.9 billion increase to help schools reduce class size and provide professional development for teachers and other school employees. Additionally, the committee's inclusion of $975 million for the President's Reading First initiation will enable schools to bring proven, research-based reading programs to students in the critical early learning years. The $1 billion increase for 21st Century After School Centers will provide students with a quality after school programs. And for students continuing on to higher education, the increase in the Pell Grant maximum grant to $4,000 will enable low-income students to meet today's ever-increasing educational costs. Additionally, the bill wisely rejects proposed enrollment cuts to Head Start, preventing possible cuts for as many as 2,500 children from this critically important program.

I am also pleased that the committee included a 18 percent increase in the federal share of special education costs. This agreement provides $8.7 billion for educating children with disabilities, $1.3 billion more than this year's funding. In 1975, Congress passed Public Law 94–142, the Individuals with Disabilities Education Act (IDEA), which committed the federal government to fund up to 40 percent of the educational costs for children with disabilities. However, the federal government's contribution has never exceeded 15 percent, a shortfall that has caused financial hardships and difficult curriculum choices in local school districts. According to the Department of Education, educating a child with a disability costs an average of $15,000 each year. However, the federal government only provides schools with an average of just $833. While I believe the funding increase in this legislation represents a step in the right direction, I believe we must abide by our commitment to fund 40 percent of IDEA costs, and I am hopeful that we will consider greater funding increases in the next fiscal year.

While the overall bill is a good one, there are many important programs that were level-funded or eliminated under this legislation. To that end, I look forward to working with my colleagues to continue funding for these programs at adequate levels, or in the case of school modernization, to work for its reinstatement. In total, though, this bill makes important investments in education, and will provide America's children with the resources they need to succeed and be productive members of our society.

As a Co-Chair of the Congressional Biomedical Research Caucus, I am pleased that this legislation provides $23.3 billion for the National Institutes of Health (NIH), an increase of 15 percent or $3 billion more than last year's budget. This $23.3 billion NIH budget is our fourth payment to double the NIH's budget over five years. Earlier this year, I organized two bipartisan letters in support of a $3.4 billion increase for the NIH. I am a strong supporter of maximizing federal funding for biomedical research through the NIH. I believe that investing in biomedical research is fiscally responsible. Today, only one in three meritorious, peer-reviewed grants which have been judged to be scientifically significant will be funded by the NIH. This higher budget will help save lives and provide new treatments for such diseases as cancer, heart disease, diabetes, Alzheimer's, and AIDS. Much of this NIH-directed research will be conducted at the teaching hospitals at the Texas Medical Center. In 2000, the Texas Medical Center received $289 million in grants from the NIH.

In addition, I support the $4.3 billion budget for the Centers for Disease Control, a $431 million increase above last year's budget. The CDC is critically important to monitoring our public health and fighting disease. Of this $4.3 billion CDC budget, $ 1.1 billion will be provided to address HIV/AIDS programs and to combat tuberculosis. This CDC budget also provides $627 million to provide immunizations to low-income children. In Texas, there are many children who are not currently receiving the immunizations that they need to stay healthy. This CDC program will help to monitor and encourage low-income families to get the immunizations that will save children's lives and reduce health care costs. Investing in our children is a goal which we all share.

I also want to highlight that this agreement provides $285 million for pediatric graduate medical education (GME) programs. As the representative for Texas Children's Hospital (TCH), which is one of the nation's independent pediatric training facilities, I am pleased that this bill fully funds this critically important program. This $285 budget is $50 million more than last year's budget and is the same level which has been authorized for this program. Under current law, independent children's hospitals such as TCH can only receive Medicare GME funding for those patients which they treat who are Medicare beneficiaries. Since many of TCH's patients are not Medicare eligible, current GME programs fall to help to pay for the cost of training our nation's pediatricians. Last year, TCH received approximately $8 million from this program, which is more than half of the cost of training physicians, residents and fellows at TCH. This bill is an important step in the right direction to ensure that all hospitals receive assistance to help defray the cost of training physicians.

I am also pleased that this agreement includes funding for several projects which I have spearheaded. This bill provides $440,000 for the Center for Research on Minority Health (CRMH) at the University of Texas M.D. Anderson Cancer Center. This $440,000 budget is the third installment in my effort to examine cancer rates among minority and underserved populations. The CRMH is a comprehensive cancer control program to address minority and medically underserved populations.

I urge my colleagues to support this legislation and vote for this important health, education and labor funding measure.

CONFERENCE REPORT ON H.R. 3061, DEPARTMENTS OF LABOR, HEALTH AND HUMAN SERVICES, AND EDUCATION, AND RELATED AGENCIES APPROPRIATIONS ACT, 2002

SPEECH OF

HON. NITA M. LOWEY

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mrs. LOWEY. Mr. Speaker, I rise today in strong support of the conference report and I urge its adoption. I want to thank the Ranking Member, Mr. OBEY, for yielding me this time and for his strong and forceful leadership not only on this bill, but also for the American people.

I want to recognize the Chairman of our Subcommittee, Mr. REGULA. He has been an absolute pleasure to work with and has gone out of his way to ensure that the bill was crafted in a bipartisan manner and that the concerns of Members on both sides of the aisle were considered.

Mr. Speaker, this conference report provides tremendous increases for health, education and worker safety and training. We've been able to follow up on the promises we made on this floor last week when we passed the ESEA conference report in this bill. Increases in Title I funding will ensure that our most disadvantaged children have access to a quality education. Pell Grants will reach a maximum of $4,000 per student, giving low-income students a helping hand in paying for college. Overall, the bill boosts education funding by over $1 billion, to its highest level ever.

In health programs, the bill continues to provide an unprecedented level of funding for medical research. We are in an age of tremendous discovery in medical research, and the resources provided to NIH will help find treatments and cures for many diseases. There are increases for mental health research and treatment, HIV/AIDS programs, and programs for the elderly. And, we address the growing threat of bioterrorism by giving the CDC, our leader in this fight, greater resources to help keep our nation secure.

Even with these vast increases for so many programs, we know that next year will be very different. The surpluses we've enjoyed have disappeared. And, the President's tax cuts will take up more and more of the federal budget as we go forward. We're just beginning to fund education and healthcare at the levels they deserve. I am concerned, as are many of my colleagues, that we will not be able to provide this same level of funding next year.

I want to mention one area of critical importance—the need to combat obesity in this country. The Surgeon General reported last week that two out of three American adults are overweight. In fact, he estimates that obesity will cause more deaths than smoking in the coming years. Reducing the rate of obesity can prevent unnecessary illness and death. We've been so successful in convincing people to quit smoking, and this should be the next big fight for public health.

I know that Chairman REGULA and Mr. OBEY will be very interested in that effort, and I want to again thank the Chairman and Ranking Member for their tireless efforts in putting this bill together. I urge adoption of the conference report.

LIVING AMERICAN HERO APPRECIATION ACT

SPEECH OF

HON. LANE EVANS

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. EVANS. Madam Speaker, the remarks that I made in support of H.R. 2561 were made in the context of the measure as it was originally introduced by my colleague, the gentleman from Pennsylvania, CURT WELDON. The measure passed by the House under suspension of the rules, however, was an amended version of H.R. 2561. As amended, H.R. 2561 did not embody certain provisions that had been included in the original bill.

With regard to H.R. 2561 as amended, I want to express my strong support for this legislation that demonstrates our continued commitment to recipients of the Medal of Honor. In the name of the Congress, the President presents the Medal of Honor. It is the highest honor that can be bestowed upon any American citizen. Only 3,455 Americans have been awarded Medals of Honor, and today only 149 of them are living.

As the Ranking Democrat on the Veterans' Affairs Committee, as a senior member of the Armed Services Committee, and as a United States Marine, I feel strongly that these heroes deserve special recognition and consideration. Their valiant contributions must be honored and supported by all Americans.

Accordingly, I am pleased that H.R. 2561 would increase from $600 to $1,000 the monthly amount paid to recipients of the Medal of Honor and provide for retroactive, lump-sum payments to such recipients to reflect this increase. In addition, the bill would provide an additional medal for use in display or exhibits to those recipients who desire one, and increase the criminal penalties associated with the unauthorized purchase or possession of a Medal, or with the false representation of its awarding.

Madam Speaker, I am proud to be an original cosponsor of H.R. 2561 and I strongly urge my colleagues to join me in supporting our Medal of Honor recipients.

NURSE REINVESTMENT ACT

SPEECH OF

HON. MARK FOLEY

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. FOLEY. Mr. Speaker, I want to thank all the members of this chamber for passing H.R. 3487, the Nurse Reinvestment Act. This bill will provide immediate relief to a sector of the healthcare industry in desperate need of our support. The nursing shortage is approaching critical levels and it is clearly affecting patients throughout our Nation.

These men and women who work on the front lines of our healthcare system everyday face tremendous hurdles. I have met with nurses and their representatives who have thoroughly explained the problems with mandatory overtime, the need for staffing standards, and protection for those employees who report unsafe conditions or practices in the facilities in which they work.

H.R. 3487 is a step in the right direction. It will provide for funding public service announcements to recruit nurses, loan repayment programs, and scholarship programs. It also requires the GAO to report to Congress on several key issues in the nursing arena—including nursing faculty shortages and disparities among hiring practices of nurses between not for profit and for profit entities.

Again, I thank my colleagues for their support of this very important piece of legislation.

CONFERENCE REPORT ON H.R. 3061, DEPARTMENTS OF LABOR, HEALTH AND HUMAN SERVICES, AND EDUCATION AND RELATED AGENCIES APPROPRIATIONS ACT, 2002

SPEECH OF

HON. SHEILA JACKSON-LEE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Ms. JACKSON-LEE. Mr. Speaker, I am pleased with the bipartisan bill passed out of the House Labor–HHS–Education subcommittee and brought to the floor by unanimous consent. The bill generally makes sure that we continue our commitment to education and health care, preserves our most important worker protection programs, and includes the largest increase in new educational investment in a decade. This is good news for the American people.

However, I am extremely disappointed that this $123.8 billion appropriation does not include a greatly needed provision to expand insurance coverage for mental illness. This provision, known as ''mental health parity'' would have required group health plans offering mental health coverage to make that coverage available at the same level as insurance coverage for physical illness.

This was a crucial social issues issue that was included in the Senate version of the spending bill (H.R. 3061) that should have been adopted by the conferees. The adoption by the conferees of an amendment offered by Representative RANDY ''DUKE'' CUNNINGHAM that would keep the Wellstone-Domenici Mental Health Parity Act of 1996 (P.L. 104–204) in effect for another year is notable, but should not replace the responsibility of the conferees to address this important issue to protect all Americans from disparities in insurance coverage.

According to the Wall Street Journal, the cost to American businesses of untreated mental illnesses is $70 billion per year, and the National Institute of Mental Health estimates that the cost to society is $300 billion per year. These costs are reflective of the 23% unemployment rate among American adults who suffer from depression, and the fact that four of the ten leading causes of disability in America are mental disorders.

The mental health parity provision would have addressed these issues while increasing the levels of productivity in the American workforce. It is a seriously missed opportunity that this provision was not included in this appropriation.

Having said that, I am pleased that this appropriation includes $48.9 billion for the Department of Education, roughly $4.4 billion more than President Bush originally requested. However, as Chair of the Congressional Children's Caucus, I am disappointed that funding for elementary and secondary education programs fell short of the levels in the reauthorization of the Elementary and Secondary Education Act (ESEA; H.R. 1) which would authorize $26.5 billion for elementary and secondary education programs, and which awaits the President's signature.

I am also disappointed that the conferees failed to keep in the bill $925 for elementary and secondary school renovation, particularly in light of the current state of disrepair that we find our schools in.

I am pleased with the large increase to $7.5 billion in special education funding, raising spending roughly 19 percent higher than the $6.8 billion in fiscal 2001. I am also pleased with the increases in spending for Pell Grants to $10.3 billion from roughly $8.8 billion in fiscal 2001, raising grants from $3,750 to $4,000.

Americans will also be well-served by the other increases such as: the 18% increase to $1 billion for after school centers, the $1.6 billion (18%) increase to $10.35 billion for Title 1 grants, the 45% increase to $665 million for Bilingual Education, the 31% increase to $2.85 billion for Teacher Quality grants, and the 15% increase to $1.1 billion for Impact Aid.

This appropriation also increases funding to the Department of Labor by 3%, or about $12 billion, rather than cut by 3% as proposed by the President. This is a $310 million increase over fiscal 2001 spending and provides growth in the major employment, training and worker protection programs. It also targets $54.2 billion to the Department of Health and Human Services, increasing $5 billion over fiscal 2001 and $2.5 billion over the President's initial request.

However, much more should have been done to help displaced workers, particularly in light of those recently displaced by the September 11 attacks on America , including more than 100,000 airline employees have lost their jobs. These attacks radically altered the prospects of workers and business in every community in America.

Unfortunately, by all indicators, the recession is upon us and it seems clear that we have not yet hit bottom. So while hard working Americans continue to loose their jobs through no fault of their own, we must do all that we can to provide them with the benefits and safety net that they need and deserve.

That's why I was proud to join Representative HASTINGS and over 150 other members of the House in co-sponsoring H.R. 2946, the Displaced Workers Relief Act of 2001. This bill served as the companion bill to S. 1454, which was introduced in the Senate by Senator JEAN CARNAHAN of Missouri. It would have provided those who lost their jobs in the wake of the attacks of September 11 with the ability to pay rent, put food on their table, buy school books for their children, while trying to get by in these difficult times.

Specifically, the bill extended unemployment benefits from 26 to 78 weeks, provided 26 weeks of unemployment insurance benefits for workers who would not otherwise qualify, extended Job Training Benefits from 52 to 78 weeks, provided up to 78 weeks of federally subsidized COBRA premiums, and provided temporary Medicaid coverage for up to eighteen months to those workers without COBRA

coverage. Many of these benefits would have served Americans well had they been included in this Conference Report.

I am, however, pleased with the large increase to the National Institutes of Health by targeting $23.3 billion, which helps meet our pledge to double fiscal 1998 spending on NIH by fiscal 2003.

The bill addresses the new threats that the nation faces by increasing the Centers for Disease Control (CDC) by increasing funding 11% above last year. Also, it maintains the Low-Income Home Energy Assistance Program (LIHEAP) at the FY 2001 level, an increase of $300 million over the President's request. Finally, it rejects proposed enrollment cuts to Head Start, preventing potential cuts of as many as 2,500 children from the program. Finally, the support I received for Houston in fighting prostate and breast cancer—with $290,000 for minority testing centers and $150,000 for Sisters Network—will help save lives.

Overall, this bill, while not perfect, addresses many of the problems that we currently face and fulfills our obligations to the American people. I support it, and I urge my colleagues to also support it.

THE NATIVE AMERICAN BREAST AND CERVICAL CANCER TREATMENT TECHNICAL AMENDMENT ACT OF 2001

SPEECH OF

HON. TOM UDALL

OF NEW MEXICO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. UDALL of New Mexico. Mr. Speaker, let me begin by thanking Chairman TAUZIN for allowing S. 1741, introduced by my good friend Senator JEFF BINGAMAN, to be considered by the House. I have appreciated working with him to bring S. 1741 to the floor and know that the issue of early detection and prevention holds a personal closeness to the both of us and to other members of this body.

On April 3, 2001, I introduced H.R. 1383, the companion to S. 1741, along with Representatives WATTS, HAYWORTH, SHERROD BROWN, CAMP, DELAURO, KENNEDY, KILDEE and over one hundred bi-partisan co-sponsors.

The consideration of this legislation today represents the diligent and bi-partisan work over the last month and within the past few weeks and hours, by several Members of Congress and their staffs. The work of these individuals ensures that a simple but very important technical correction to the Breast and Cervical Cancer Treatment and Prevention Act of 2000 (P.L. 106–354) will allow coverage of breast and cervical cancer treatment to Native American women.

Mr. Speaker because of a technical definition in P.L. 106–345, American Indian and Native Alaskan women were and currently are excluded from this law's eligibility for treatment. And, as states determine whether to expand their Medicaid programs to provide breast and cervical cancer treatment as an optional benefit, passage of this legislation will ensure Native American and Alaskan Women are included to receive treatment.

It is estimated that during 2001, almost 50,000 women are expected to die from breast or cervical cancer in the United States despite the fact that early detection and treatment of these diseases could substantially decrease this mortality. While passage of last year's bill made significant strides to address this problem, it failed to do so for Native American women and that is why we are here today.

Mr. Speaker, I want to thank my colleagues, especially Representatives WATTS, SHERROD BROWN, WAXMAN, CAMP, and HAYWORTH for working with me to bringing S. 1741 to the floor today. I especially want to thank Jack Horner of Representative J.C. WATT's Republican Conference staff, Tim Westmoreland of HENRY WAXMAN's office, Katie Porter of SHERROD BROWN's office, and Tony Martinez and Mike Collins of my office for their vigilant and diligent work to ensure that this legislation did not fall victim to the end-of-the-year crunch.

Mr. Speaker, I urge all my colleagues to support this bi-partisan and important legislation so that we may send it to the President for his signature to ensure that Native American and Native Alaskan women are not denied life-saving breast and cervical cancer treatment.

ESTABLISHING FIXED INTEREST RATES FOR STUDENT AND PARENT BORROWERS

SPEECH OF

HON. PATSY T. MINK

OF HAWAII

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mrs. MINK of Hawaii. Mr. Speaker, I want to express my support for S. 1762, which will provide students with low interest rates on Federal student loans, while preserving the health of the student loan industry by ensuring the current and future participation of lenders in this market. By helping lenders stay in the student loan markets, we are making sure that qualified students will have access to a higher education, regardless of their financial background.

S. 1762 represents a carefully brokered compromise between those representing the needs and interests of students, and those representing the lending industry. This compromise essentially fixes a problem that would have arisen in 2003 in the student loan interest rate formula that, according to the lending community, would have dried up resources for students needing funds for college by potentially reducing returns for such loans below the cost of issuing such loans. The fix that was worked out preserves the current interest rate formula that determines how much lenders receive from the Federal government, while locking in today's very low interest rates for students.

The formula will change in 2006 so that the interest rate students pay will be fixed at 6.8 percent, which is an historically low interest rate for students, and will eliminate confusion among borrowers of student loans regarding changing interest rates and formulas. With the changes in S. 1762, students benefit by getting guaranteed low interest rates, and by having the availability of funds for loans, and the stability of the student loan industry ensured.

As I mentioned, S. 1762 is supported by groups representing students and lenders alike, as well as student financial aid administrators. We have received letters of support from the United States Student Association, the State Public Interest Research Groups, the National Association of Student Financial Aid Administrators, the American Council on Education, the Consumer Bankers of America, and the Education Finance Council.

Passage of S. 1762 is crucial for ensuring the availability of funds for qualified students to go to college. As we know, more and more students are going to college these days, and more are doing so with the help of student loans. S. 1762 will mean that more students can go on to college and will be more able to participate in the 21st century.

I urge a ''yes'' vote for S. 1762.

ECONOMIC SECURITY AND WORKER ASSISTANCE ACT OF 2001

SPEECH OF

HON. WILLIAM J. COYNE

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. COYNE. Mr. Speaker, I rise today in opposition to this second deeply flawed economic stimulus bill.

The measure before us today represents a modest improvement over the first stimulus bill, but it is still inadequate. While the bill would extend unemployment benefits for an additional 13 weeks, it does nothing to help part-time and low-wage workers.

And while this version of the Republicans' partisan stimulus bill appears to provide more assistance to laid-off workers so that they can keep their health insurance, it would, in fact, provide them and their families with little help. Serious concerns have been raised about the administration of the proposed 60 percent refundable tax credit for health insurance premiums, but even if such assistance could be smoothly administered, it would in many cases not provide enough help to many families—who would still be unable to afford to pay their health insurance premiums. Such premiums cost, on average, about $220 a month for an individual and $580 a month for a family. Moreover, concerns have been raised that enactment of such a credit could undermine our country's existing system of predominantly employer-provided health insurance.

In addition, the legislation before us still provides an inadequate level of funding to States to help them deal with the crisis. The National Governors' Association estimates that the combined budget shortfall for all 50 States could exceed $50 billion in 2002. Some provisions in the bill before us would actually exacerbate the fiscal challenge facing many states—the proposal to allow larger tax write-offs for purchases of new equipment, for example, which has been estimated to reduce state revenues by more than $5 billion next year alone.

Finally, this latest bill still allocates much of its ''economic stimulus'' to tax cuts for corporations and upper-income households. While this Republican stimulus bill would not repeal the corporate alternative minimum tax, it would effectively eviscerate it. This latest stimulus bill would also speed up the phase-down of marginal tax rates for taxpayers in the upper tax brackets—just like the first stimulus

bill. Moreover, while the argument for these tax cuts is that we need to spur additional investment in businesses and factories, this argument rings hollow given that businesses are currently struggling to eliminate the excess capacity that exists in many industries. I believe that the most effective stimulus the federal government can provide at this time is to expand demand for goods and services—and that the most effective way to expand that demand is to make up some of the lost income in households that have been hit by recent lay-offs.

In short, I believe that, like the first economic stimulus bill rammed through the House by the Republican leadership in October, this legislation is both unfair and unwise. It does too little to help the people who have been laid off and too Much to help the people who are well off. Moreover, it does too little to stimulate the economy in the coming year and loses too much revenue in subsequent years. I urge my colleagues to vote against this poorly crafted legislation.

HUMANITY'S GREATNESS IN A TIME OF PERIL

HON. LOIS CAPPS

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mrs. CAPPS. Mr. Speaker, I rise to bring to the attention to my colleagues, a thoughtful article by Frank Kelly that appeared in the Santa Barbara News-Press, entitled ''Humanity's Greatness in a Time of Peril'' on November 25, 2000.

Mr. Frank K. Kelly has been a journalist, a speechwriter for President Truman, Assistant to the Senate Majority Leader, Vice President of the Center for the Study of Democratic Institutions, and Vice President of the Nuclear Age Peace Foundation.

Mr. Speaker, I submit the following article:

[From the Santa Barbara News-Press, Nov. 25, 2001]

VOICES—HUMANITY'S GREATNESS IN A TIME OF PERIL

(By Frank K. Kelly)

In a time of trouble and sorrow, with fears of terrorism shadowing the future, 500 human beings gathered in Santa Barbara on Nov. 9 to honor two young leaders who have shown courage and compassion in lives of high achievement. The gathering was described as ''An Evening for Peace,'' but it was far more than that. It was a celebration, a tremendous manifestation, of the creative powers of humanity.

Two Peace Leadership Awards were presented that evening by the Nuclear Age Peace Foundation. One went to Hafsat Abiola, founder of the Kudirat Initiative for Democracy, a dauntless advocate for human rights throughout the African continent. A beautiful young woman with a delicate face, she spoke of the struggles she had endured and the triumphs that had been achieved. When she finished, the people in the banquet room rose to their feet in a spontaneous ovation.

The second Peace Leadership Award was given to Craig Kielburger, founder of the Free the Children organization, who initiated a movement that led to the release of thousands of children from conditions of labor enslavement. He created it when he was 12 years old, stirred by the tragic fate of a boy from Pakistan who was sold into bonded labor and killed when he protested against the treatment of children in his country. When Kielburger, now 18, completed his speech, he also received an ovation.

Bursts of affection and admiration flashed around that enormous room in wave after wave. When the two young leaders expressed their confidence in humanity's future, it was evident that their experiences had increased their awareness of the goodness and generosity existing in so many members of the human species. They had a glow of love and respect around them.

There were hundreds of students in that huge room, students from high school and colleges, students with a wide range of gifts and ambitions, students from many ethnic backgrounds. Their faces were shining with excitement. They were clearly inspired by the two young leaders who were being acclaimed.

I was among the hundreds of older persons who participated in that gathering of glorious beings. I lived through four wars and I had witnessed terrible sufferings. Yet I also witnessed noble acts in many places. In spire of wars and other calamities, in spite of terrorism and all the threats that existed, I was sure that human beings would go from height to height, achieving more in each generation.

The celebration on Nov. 9 convinced me again that Thomas Merton was right when he asserted in one of his books that it is ''a glorious destiny to be a human being.'' I saw the light of that glory in the faces of the young and the old when they leaped to their feet to respond to a Nigerian woman and a Canadian man.

I was grateful for the privilege of being in that room on that marvelous night. I was grateful for the work of the Nuclear Age Peace Foundation in bringing so many wonderful persons together. I was grateful for the fact that I had participated in founding it and supporting it for 20 years.

I felt an exultance, which reminded me of the surge of joy I had felt when I took part in the liberation of Paris in August of 1944. I had never expected to ride into that city as a member of a victorious army. I had never expected to be embraced by so many people, to be hailed as a liberator. It was an ecstasy I had not earned. It was one of many gifts showered upon me in a fortunate life.

On the night of Nov. 9, I felt the exaltation that comes when many people are celebrating the mystery and the wonder of being human. We rejoiced together, we felt the endless possibilities for greatness that can occur when people acknowledge their unity in the spirit of love. We became fully aware that hatred and cruelty can be overcome, and there can be peace and justice in this world for all.

I strongly believe that every one who was in that room that night will carry the starburst of that celebration in their lives through all the pains and problems of the coming years. I thrill to the hope that a tremendous Age of Fulfillment is dawning for the whole human family.

CENTRAL NEW JERSEY HONORS WORLD TRADE CENTER VICTIM MR. FOX WITH A POEM WRITTEN BY HIS DAUGHTER JESSICA

HON. RUSH D. HOLT

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. HOLT. Mr. Speaker, I rise to honor and recognize Plainsboro, New Jersey resident and World Trade Center victim, Jeffrey L. Fox with a poem written by his thirteen year old daughter, Jessica. Jessica asked that I share her poem with the world and I am honored to do so:

A PLACE OF MEMORIES

The gleaming towers stood in the sky,
Majestic looking and up so high.
The sun shines down on towers so great,
No one knowing about their awful fate.

Without a warning a plane hit hard.
New York would be forever scarred.
Minutes later, another plane crashed,
Leaving the second tower extremely smashed.

The towers crumbled down to Earth
Because two planes crashed in their berth.
People beneath the towers ran.
Now the towers no longer stand.

The rescue workers worked non-stop,
Searching the rubble bottom to top.
People pulled out became less and less
And using their strength became a test.

The gleaming towers stood in the sky,
Majestic looking and up so high.
Where the twin towers used to be
Is now a place of memory.

At this time in our Nation's history, when we struggle to find solace and draw lessons from acts of terror against us, we gain strength and perspective from those families these atrocious acts left behind. We find strength in the memory of Jeffrey Fox and in the words of his brave and courageous daughter.

Mr. Speaker, again, I rise to honor the Fox family and I ask my colleagues to join me in recognizing their legacy to our community and New Jersey.

HONORING THE HARD WORK AND PATRIOTISM OF THE CITIZENS OF VIDALIA, TOOMBS COUNTY, GA

HON. JACK KINGSTON

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. KINGSTON. Mr. Speaker, in response to the terrorist attacks on September 11th, the people of Vidalia, GA took it upon themselves to undertake a project to show their support for America. The town of 10,000 did not have an American flag that stood in the middle of town, and they were driven to raise over $3,000 to erect a flag pole which will permanently display the American flag in the center of town.

SPECIAL ORDER FOR VIDALIA FLAG POLE

Mr. Speaker, I rise today to share with you the dedication and hard work of some remarkable Americans; the citizens of Vidalia, GA. September 11th, 2001 affected every single one of us, and the 3 month anniversary of this tragedy served to remind us of that infamous day. All over the country people from different states, neighborhoods, and backgrounds have come together under a common bond as Americans. It has been no different in my home state of Georgia, and I would like to share with you today, Mr. Speaker, the dedication and patriotism of the good people of Vidalia. Vidalia is not a very large city having a population of 10,000. Yet many people may have heard of a particular crop that comes from Vidalia, the famous, sweet Vidalia Onion.

However, Mr. Speaker, it is time that these fine folks be known for more than just their onion.

In the aftermath of September 11th, the people of Vidalia took it upon themselves, to erect and commemorate a flag pole and American flag to fly over their town. Under the direction of Mrs. Lynette Reid and the local Daughters of the American Revolution, the people of Toombs' county seat went out and raised money from local citizens and companies to make this dream a reality. As a result of the hard work of its citizens, the city of Vidalia, GA now has an American flag that flies 24 hours a day, and is illuminated at night. It serves as a constant reminder of what we believe in and who we are. It is my honor to acknowledge them here today, and commend them for their quick work.

Mr. Speaker, it is actions like these that make me proud of our nation. Stories like these have occurred all across the country, and I want to thank each and every one who have been a part of America's response. I would especially like to thank the people of Vidalia, GA. The patriotism, devotion, and determination that they have demonstrated embodies some of the best American qualities.

I am also pleased, Mr. Speaker, in closing to submit some articles from the Vidalia Advance-Progress about this patriotic project.

[From the Advance-Progress, Nov. 14, 2001]

FLAG STAFF DEDICATED IN DOWNTOWN PARK

(By Kathy D. Bradford, Staff Reporter)

It may be considered by some as nothing short of a miracle.

A special ceremony was held Sunday afternoon in the Meadows Street Park to dedicate a 35-ft. illuminated flag staff and an American flag. An impressive gathering of citizens witnessed the patriotic event.

The desire to erect the flag staff originated in the October 3 meeting of the Vidalia Chapter Daughters of the American Revolution. Less than two months after actually soliciting community support, the idea came to fruition.

''This program is designed to dedicate this flag staff and flag to the heroes of September 11,'' said Mrs. R. Hugh Reid, coordinator of the event.

''Remember, this is the 11th day, of the 11th month,'' she said. ''This Veterans Day also coincides with the second month anniversary of the tragedy currently facing our nation.''

Mrs. William F. Ledford, Past Regent of Vidalia DAR Chapter, and John Kea of the Downtown Vidalia Association, opened the ceremony with 11 tolls of the bell in the gazebo in the park, followed by the Color Guard of American Legion Post 97 presenting the flag of the United States of America.

All stood at attention as the flag was unfurled, raised to the top of the staff, lowered to half-staff and then raised again. As if on cue, the wind began to pick up and the flag, with all its glory, began to color the sky with red, white and blue.

Involving the youth of the area, Girl Scout Troop #355, Mrs. John Tyson, Troop Leader, led the Pledge of Allegiance, and the local Boy Scout Troop, Mr. Allen Rice, Scout Master, responded with the American's Creed.

A unison of voices filled the air as Mr. and Mrs. Jerome Toole led ''The National Anthem'' accompanied by the Vidalia Comprehensive High School band under the direction of Mr. Tim Quigley.

And then it came time for special recognition of the men and women who helped create the minor miracle. Noting the contributions of local citizens who have worked diligently to see the event culminate on such a special day, Mrs. Reid named organizations and others who have played a role.

''We really appreciate our young people for their assistance,'' she said. ''Dr. Tim Smith was very receptive to the idea.'' In his absence, students represented the local school system and included Victoria Waring and John Carroll, J.D. Dickerson Primary School; Tiffany Fowler, Sally D. Meadows Elementary School; Regan Morgan and Evander Baker, J.R. Trippe Middle School; and Matt Stanley, Student Government Association, and Blake Tillery, Senior Class President, Vidalia Comprehensive High School.

Gifts from organizations included American Legion Post #97, Mr. Hershel C. Connell, Commander, American Legion Post #97 Auxiliary, Ms. Denise Pitman, President; Downtown Vidalia Association, Mrs. Linda Clarke, President; Vidalia Lions Club, Mr. Joel Garrett, President; and Vidalia Women's Club, Mrs. Joe Brice, President.

Mrs. Reid further admonished the in-kind services of Harry Moses, Harry Moses Construction Company, Ron Lambert of Georgia Power Company and Jerry Fields of Vidalia-Lyons Concrete Company, all of whom worked together to erect the staff. One other company, who elected to remain anonymous, as a local electrician and Vietnam veteran who donated the equipment and installing the lighting necessary to keep the flag lit at night.

A bronze plaque will be embedded at the base of the flag staff. The plaque will be inscribed in dedication to the ''victims and heroes of September 11, 2001,'' and designated that it was dedicated on November 11, 2001.

Congressman Jack Kingston was unable to attend the ceremony. In absentia, he forwarded the following to Mrs. Reid:

''Dear Friends: It is with great pleasure that I send my warmest greetings to you. Let me be the first to congratulate you on your initiative and patriotism during these days following September 11th. I am very proud of all that you have accomplished and I commend your hard work.

The money that you all have helped raise is a standing tribute to our country, and I can think of no better way to show this pride than the flag pole which you are dedicating today. I wish to thank each and every one of you for making this communitywide event possible and again want to express my gratitude to everyone in the 1st District. We have all been affected by September 11th, but we also have become a stronger nation. May God bless you, and may God bless America.''

The ceremony concluded with everyone attending signing ''God Bless America.''

The eight-by-twelve foot flag will be flown day and night to display the patriotism and love of the United States as made evident by the rapid response of local citizens in making the project a reality.

IN RECOGNITION OF MICHAEL WYLIE SLATER

HON. CAROLYN B. MALONEY

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mrs. MALONEY of New York. Mr. Speaker, I rise to pay tribute to Michael Wylie Slater, a beloved environmentalist and activist, who passed away on December 8, 2001. Michael Slater was a compassionate, dedicated and active member of his community, located in the 14th Congressional District, which I represent. His passing is truly a loss to us all.

Michael Slater's commitment to environmental issues ultimately defined his career and his life. As President of the Friends of the Earth Foundation he had the opportunity to work on those environmental issues closest to his heart. Following his tenure as President, he continued his activism on environmental issues.

Michael Slater graduated from Stanford University. He began his career as an investor, but felt deeply connected to those issues which affect our Earth. He believed, correctly, that those issues which affect the earth affect all of us. Therefore, he devoted himself to working to make the Earth a better, safer and healthier place for us all to live. For this reason, he has been cited by many as not only an environmentalist, but a humanitarian; a fitting label for someone so committed to valuing and preserving humanity.

He shared his love of the environment and commitment to environmental issues with his wife of 34 years, Teri. Along with her work on environmental issues she has worked tirelessly as a preservationist to save precious landmarks and to ensure that important pieces of our history are maintained. A day rarely went by in which the two of them did not take in the beauty of flowers, plants and other natural wonders. They passed their appreciation and passion for the environment on to their two sons, Eric and Edward. Michael and Teri would often travel to wilderness locations together.

Michael Slater believed it was his obligation—and the obligation of all of us who are here today—to ensure that what we have today will be here for the next generation to enjoy tomorrow. These are the words Michael Slater lived by.

Mr. Speaker, I salute Michael Wylie Slater today and I ask my fellow Members of Congress to join me in honoring the life and legacy of this member of the community who will be so deeply missed.

INTRODUCTION OF LEGISLATION TO EXPAND THE EARNED INCOME TAX CREDIT

HON. WILLIAM J. COYNE

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. COYNE. Mr. Speaker, since its inception in 1975, the Earned Income Tax Credit, or EITC, has been an important part of the Federal Government's ''safety net'' of programs for Americans living in poverty. Its effect on children is especially significant. Over the years, the EITC has succeeded in lifting more children out of poverty than any other government program.

The EITC was conceived as a ''work bonus'' alternative to a proposal to provide cash welfare to low-income two-parent families. It was also seen as a way to lighten the burden of Social Security taxes on low-income workers. Over the years, the credit has been expanded and increased. This program demonstrates the way in which government can improve the lives of its citizens in a meaningful way.

However, notable pockets of poverty remain in our country. For instance, 29 percent of all children in families having three or more children subsist at incomes below the poverty

level. This is more than double the poverty rate among children in smaller families. Nearly three of every five poor children in this country live in families with three or more children.

Recently the General Accounting Office (GAO) determined that 4.3 million eligible households did not claim the EITC in 1999, forgoing $2.6 billion in credits. The preponderance (about 81 percent) of the $2.6 billion in unclaimed credits would have gone to households with three or more children. Households with no eligible children would have received most of the remainder. The non-participation rates for these two groups, 37 percent for households with three or more children and 55 percent for childless households (as compared to roughly 95 percent for all other households), are convincing evidence that more needs to be done to expand and simplify the EITC program.

The current structure of the EITC fails to help larger families, with three or more children, since the highest level of credit is given to families with two or more children. Combining these larger families with families having two children ignores the unique needs of large families, which have experienced more difficulty in moving from welfare to work due to increased family expenditures such as child care costs.

Today I am introducing legislation to remedy this problem by creating a new EITC benefit level for families with three or more children. This new level, with a credit percentage of 45 percent, will provide a higher benefit for these families than what they currently receive under the ''two or more children'' category (which has a 40 percent credit rate).

My bill also will double the credit percentage for workers with no qualifying children from 7.65 percent to 15.3 percent. This change recognizes the fact that there is virtually no safety net for people in this category, who face high federal tax burdens. The 15.3 percent credit percentage is the amount needed to offset the full amount of the payroll tax, including the employer's share. In his paper, ''should the EITC for Workers Without children be Abolished, Maintained, or Expanded?'' Robert Greenstein, of the Center on Budget and Policy Priorities, notes that single workers are the only group in the United States who begin to owe federal income tax before their income reaches the poverty line; the federal income tax codes taxes them somewhat more deeply into poverty. Besides offsetting the full amount of the payroll tax (which most economists believe is borne by workers in the form of lower wages), Mr. Greenstein states that expanding the credit might also serve two other beneficial purposes—it might draw more single workers into the labor force and it should raise the incomes of some poor, non-custodial fathers, thereby increasing their ability to pay child support.

In addition, the bill will increase EITC benefits for all family categories by raising the maximum creditable earnings used to calculate the credit. For all eligible individuals with children, this amount for the year 2002 will be $10,710, the annual wages of a full-time worker earning the minimum wage. Isabel Sawhill and Adam Thomas, of the Brookings Institution, in their paper ''A Hand Up for the Bottom Third: toward a New Agenda for Low-Income Working Families,'' note that those who work full-time at a low wage job do not necessarily qualify for more benefits than do those who work less than full-time. They suggest that extending the maximum creditable earnings to the level corresponding with a full-time, minumum-wage salary would be in keeping with the EITC program's goal of ''making work pay.'' In other words, workers could be expected to work more hours if the income eligibility range for the EITC were extended or if the credit earned were increased. For childless workers, the maximum creditable earnings will rise to $6,000, approximately 60 percent of those wages.

Taken together, in 2002, these changes would provide the following maximum EITC amounts: Household with no qualifying children $918 (an increase of $542); household with 1 child $3,641 (an increase of $1,135); household with 2 children $4,284 (an increase of $144); household with 3 or more children $4,820 (an increase of $680).

In order to balance program costs, my bill increases the phaseout rates for all categories to allow benefits to phase out at the same income level as is the case under current law.

Finally my bill makes two important changes to the administration of the EITC—it eliminates the investment income disqualification test and it simplifies the rules for an abandoned spouse to qualify for the credit.

At at time when our country is undergoing so much change, we must not forget that our low-income families continue to remain at the margins of our economy and could be the first to suffer the effects of the current economic downturn. Their needs existed before the tragic events of September 11 and probably have only worsened since then.

I believe that the creation of the additional EITC category involving three or more children will benefit approximately 3.2 million households, thereby further reducing poverty among larger families. In addition to helping larger families to make ends meet, this new benefit level will provide these families with funds for upward mobility and asset building capabilities. Even a moderate increase in income will assist these families to improve their circumstances and work toward escaping poverty.

This bill also will benefit the U.S. economy by providing additional incentives for more people, especially low-income women, to join the work force. The economic stimulus function of my bill cannot be overlooked, especially at a time when we are providing inducements for corporations and higher income earners.

The Center on Budget and Policy Priorities supports this legislation as a ''bill that would better reward and encourage work, reduce poverty among the working poor, and simplify the EITC.'' They further state ''This is one of the most worthy initiatives policymakers could pursue.''

I urge my colleagues to join me in this effort to further enhance the highly successful EITC by supporting this legislation, and, in doing so, by supporting a respectable income level for those Americans who are, and have been, left behind.

A PROCLAMATION IN MEMORY OF JEREMY W. KIDD

HON. ROBERT W. NEY

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. NEY. Mr. Speaker, Whereas, Jeremy W. Kidd is lovingly remembered by his parents, family and friends;

Whereas, Jeremy made each day of his life full of excitement and goodness;

Whereas, Jeremy always had a smile on his face and brought smiles to the faces of all those he came in contact with; and

Whereas, Jeremy's kindness and consideration to others will always be remembered by all whose lives he touched;

Therefore, I invite my colleagues to join with me and the citizens of Ohio in mourning the loss of Jeremy W. Kidd, yet celebrating his life and his memory.

PERSONAL EXPLANATION

HON. JOHN N. HOSTETTLER

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. HOSTETTLER. Mr. Speaker, I was unavoidably absent from the House of Representatives on December 5 through December 13, 2001, due to the illness and subsequent death of my dear mother. Although I received the appropriate leave of absence from the House, I would like my constituents in the 8th District of Indiana to know how I would have voted if I were present on Roll Call votes #469 through #498. For the record, I would have voted in the following ways:

Hostettler Vote

Rollcall Nos.: 498 Yea; 497 No; 496 Yea; 495 Yea; 494 Yea; 493 Yea; 492 Yea; 491 Yea; 490 Yea; 489 No; 488 No; 487 Yea; 486 Yea; 485 Yea; 484 Yea; 483 Yea; 482 Yea; 481 No; 480 No; 479 Yea; 478 Yea; 477 Yea; 476 Yea; 475 Yea; 474 Yea; 473 Yea; 472 Yea; 471 No; 470 Yea; 469 Yea.

IN RECOGNITION OF KEN MILLS AND NIKI STERN OF THE LEXINGTON DEMOCRATIC CLUB

HON. CAROLYN B. MALONEY

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mrs. MALONEY of New York. Mr. Speaker, I rise to pay tribute to Ken Mills and Niki Stern, leaders of the Lexington Democratic Club in New York City. The Lexington Democratic Club has been such a vibrant part of the community in which I live and represent. It is a pleasure to pay tribute to two of its most illustrious leaders.

After graduating Phi Beta Kappa and Magna Cum Laude from Princeton University, Ken Mills went on to make his mark in the field of communications. After working for many years in the private sector, including a tenure as Vice-president and Director of Promotion and Communications for The Katz Agency, in 1978

he was appointed Director of Communications for the New York City Office of Economic Development by Mayor Ed Koch. In 1981, he was appointed Director of Public Information for the New York State Banking Department. He was then named Vice-president and Director of Media Relations for The Chase Manhattan Bank. In 1994 he founded Ken Mills Communications which he continues to operate today.

Ken Mills first joined the Lexington Democratic Club during John F. Kennedy's 1960 campaign for President. After serving on the Club's Executive Committee he was elected its president. He then went on to become a District Leader, serving in that position until 1978. In 1995 he began another tenure as Lexington Democratic Club President, a position he held until early this year. Ken, who also serves on Manhattan Community Board 8 is not only an effective leader, but one who has earned the respect and admiration of professional and political colleagues. In recognition of his many outstanding achievements, we pay tribute to Ken Mills today.

Niki Stern has long demonstrated a commitment to social and political causes. A long time community activist, she worked extensively on behalf of the Peace Movement in Westchester County, New York in the 1960's. She remained actively involved upon moving to New York City and in 1979 began working as a Community Liaison for Assemblyman Mark Alan Siegel and for New York City Comptroller Harrison J. Goldin. She was also appointed to Community Board 8.

She also joined the Lexington Democratic Club where she was elected to many offices, culminating in her 1993 election as president. Working with Ken Mills, since 1995, as Executive Vice-president, she initiated the Club's annual mid-winter receptions and dinners and many other innovations which helped restore the Lexington Democratic Club to its position as the largest political organization on Manhattan's East Side. They have made the Lexington Democratic Club an invaluable part of the political landscape of New York City.

Mr. Speaker, I salute Ken Mills and Niki Stern and I ask my fellow Members of Congress to join me in recognizing the great contributions of both of these tremendously dedicated community leaders.

AMERICA THE BEAUTIFUL

HON. RUSH D. HOLT

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. HOLT. Mr. Speaker, I'm sure everyone agrees that we now live in troubled times—times of anxiety, of uncertainty, of struggle. But we also live in a time of incomparable national unity. You could look around the country and easily spot superficial signs of unity, such as the plethora of American flags displayed outside homes and businesses or a crowd at a sports game chanting ''U-S-A!'' but the real truth is that the river of our national spirit runs much deeper than flag-waving could ever show. And in the fight against the evil that now confronts us, the American people are united like never before.

More than a century ago, an English Literature Professor from Wellesley College named Katharine Lee Bates penned what has become the theme song for this extraordinary unity. On a trip to Colorado, Bates ascended Pike's Peak and basked in the wonder of the ''purple mountain majesties'' and ''spacious skies'' she saw. This scene inspired her to write ''America the Beautiful.''

Returning to Wellesley, Bates sent the four stanzas of ''America the Beautiful'' to the Congregationalist, where they first appeared in print, appropriately, on July 4th, 1895. The hymn garnered immediate popularity and was initially set to music by Silas G. Pratt.

But the attention Bates' hymn drew prompted her to rewrite it in 1904, making it more simple and direct. After a few more changes over the next several years, the final version, the one so many Americans know today, was finished in 1913 and set to the tune of Samuel A. Ward's ''Materna.'' In true American spirit, Bates gave countless hundreds of free permissions for the use of ''America the Beautiful.''

Today we turn to Bates' timeless words for comfort and for a reminder of our nation's strength. These words remind us of the heroism of the firefighters and policemen who responded to the attacks on the World Trade Center and the Pentagon; of the soldiers, sailors and flyers fighting the war on terrorism; and of the cavalcade of heroes who have fought over the years for civil rights, voting rights, and workers' rights—those ''heroes prov'd/In liberating strife/Who more than self their country loved.'' They remind us that the ''thoroughfare of freedom'' we so often take for granted has been blazed by pioneering pilgrims working even up to today. They remind us of the incredible resolve of New York, one of the ''albaster cities'' that ''gleam/Undimmed by human tears.'' But most of all, Bates' words remind us of the indomitable American spirit that stretches high and proud, ''from sea to shining sea.''

Perhaps the most expressive theme of ''America the Beautiful'' is that we Americans constantly seek to be uplifted—that we invoke divine help to mend our ''ev'ry flaw,'' that we know even our ''golden'' characteristics can be further refined. That is a sign of far greater strength than simply waving a flag and chanting ''U-S-A!''

Mr. Speaker, in a testament to our national unity, I ask unanimous consent that the complete lyrics of ''America the Beautiful'' be entered into the RECORD.

AMERICA THE BEAUTIFUL

(By Katharine Lee Bates)

O beautiful for spacious skies,
For amber waves of grain,
For purple mountain majesties
Above the fruited plain!
America! America!
God shed his grace on thee
And crown thy good with brotherhood
From sea to shining sea!

O beautiful for pilgrim feet
Whose stern, impassioned stress
A thoroughfare for freedom beat
Across the wilderness!
America! America!
god mend thine every flaw,
Confirm thy soul in self-control,
Thy liberty in law!

O beautiful for heroes proved in liberating strife.
Who more than self the country loved
And mercy more than life!
America! America!
May God thy gold refine
till all success be nobleness
And every gain divine!

O beautiful for patriot dream
That sees beyond the years
Thine alabaster cities gleam
Undimmed by human tears!
America! America!
God shed his grace on thee
And crown thy good with brotherhood
From sea to shining sea!

DEPARTMENT OF VETERANS AFFAIRS HEALTH CARE PROGRAMS ENHANCEMENT ACT OF 2001

SPEECH OF

HON. CHRISTOPHER H. SMITH

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 11, 2001

Mr. SMITH of New Jersey. Mr. Speaker, the ''Department of Veterans Affairs Health Care Programs Enhancement Act of 2001'' reflects a compromise agreement that the Senate and House of Representatives Committees on Veterans' Affairs reached on certain provisions of a number of bills considered by the House and Senate during the 107th Congress, including: H.R. 2792, a bill to make service dogs available to disabled veterans and to make various other improvements in health care benefits provided by the Department of Veterans Affairs, and for other purposes, by the House Committee on Veterans' Affairs on October 16, 2001, and passed by the House on October 23, 2001 [hereinafter, ''House Bill'']; S. 1188, a bill to enhance the authority of the Secretary of Veterans' Affairs to recruit and retain qualified nurses for the Veterans Health Administration, and for other purposes, reported by the Senate Committee on Veterans' Affairs on October 10, 2001, as proposed to be amended by a manager's amendment [hereinafter, ''Senate Bill'']; S. 1576, a bill to amend section 1710 of title 38, United States Code, to extend the eligibility for health care of veterans who served in Southwest Asia during the Persian Gulf War; and, S. 1598, a bill to amend section 1706 of title 38, United States Code, to enhance the management of the provision by the Department of Veterans Affairs of specialized treatment and rehabilitation for disabled veterans, and for other purposes, introduced on October 21, 2001.

The House and Senate Committees on Veterans' Affairs have prepared the following explanation of the compromise bill, H.R. 3447 (hereinafter referred to as the ''Compromise Agreement''). Differences between the provisions contained in the Compromise Agreement and the related provisions in the bills listed above are noted in this document, except for clerical corrections and conforming changes made necessary by the Compromise Agreement, and minor drafting, technical, and clarifying changes.

TITLE I—ENHANCEMENT OF NURSE RECRUITMENT AND RETENTION AUTHORITIES

Subtitle A—Nurse Recruitment Authorities

Current Law

Several VA programs under existing law are designed to aid the Department in recruiting qualified health care professionals in fields where scarcity and high demand produce competition with the private sector.

The Department is authorized to operate the Employee Incentive Scholarship Program (hereafter EISP) under section 7671 of title 38, United States Code. Under the EISP, VA may award scholarship funds, up to $10,000 per year per participant in full-time study, for up to 3 years. These scholarships require eligible participants to reciprocate with periods of obligated service to the Department. Currently, enrollment in the scholarship program is limited to employees with 2 or more antecedent years of VA employment. Statutory authority for this program terminates December 31, 2001.

The Department is authorized to operate the Education Debt Reduction Program (hereafter EDRP) under section 7681 of title 38, United States Code. Under the EDRP, the Department may repay education-related loans incurred by recently hired VA clinical professionals in high demand positions. Statutory authority for this program, a program not yet implemented by the Department, terminates on December 31, 2001. If implemented, the program would authorize VA to repay $6,000, $8,000, and $10,000 per year, respectively, over a 3-year period, in combined principal and interest on educational loans obtained by scarce VA professionals.

Under sections 8344 and 8468 of title 5, United States Code, the Department is authorized to request waivers of the pay reduction otherwise required by law for re-employed Federal annuitants who are recruited to the Department in order to meet staffing needs in scarce health care specialties.

Senate Bill

Section 111 would permanently authorize the EISP; reduce the minimum period of employment for eligibility in the program from 2 years to 1 year; remove the award limit for education pursued during a particular school year by a participant, as long as the participant had not exceeded the overall limitation of the equivalent of 3 years of full-time education; and, extend authority to increase the award amounts based on Federal national comparability increases in pay.

Section 112 would permanently authorize the EDRP; expand the list of eligible occupations furnishing direct patient care services and services incident to such care to veterans; extend the number of years to 5 that a Departmental employee may participate in the EDRP, and increase the gross award limit to any participant to $44,000, with the award payments for the fourth and fifth years to a participant limited to $10,000 in each; and provide limited authority (until June 30, 2002) for the Secretary to waive the eligibility requirement limiting EDRP participation to recently appointed employees on a case-by-case basis for individuals appointed on or after January 1, 1999, through December 30, 2001.

Section 113 would require the Department to report to Congress its use of the authority in title 5, United States Code, to request waivers of pay reduction normally required from re-employed Federal annuitants, when such requests are used to meet its nurse staffing requirements.

House Bill

The House bill has no comparable provisions.

Compromise Agreement

Sections 101, 102, and 103 follow the Senate language.

Subtitle B—Nurse Retention Authorities

Current Law

Section 7453(c) of title 38, United States Code, guarantees premium pay (at 25 percent over the basic pay rate) to VA registered nurses who work regularly scheduled tours of duty during Saturdays and Sundays. However, licensed vocational nurses and certain health care support personnel, whose employment status is grounded in employment authorities in title 5 and title 38, United States Code, are eligible for premium pay on regularly scheduled tours of duty that include Sundays. Saturday premium pay for these employees is a discretionary decision at individual medical facilities.

At retirement, VA registered nurses enrolled in the Civil Service Retirement System receive annuity credit for unused sick leave. This credit is unavailable, however, for registered nurses who retire under the Federal Employee Retirement System.

Senate Bill

Section 121 would mandate that VA provide Saturday premium pay to employees specified in Section 7454(b).

Section 122 would extend authority for the Department to provide VA nurses enrolled in the Federal Employee Retirement System the equivalent sick-leave credit in their retirement annuity calculations that is provided to other VA nurses who are enrolled in the Civil Service Retirement System.

Section 123 would require the Department to evaluate nurse-managed clinics, including those providing primary and geriatric care to veterans. Several nurse-managed clinics are in operation throughout the VA health care system, with a preponderance of clinics operating in the Upper Midwest Health Care Network. The evaluation would include information on patient satisfaction, provider experiences, cost, access and other matters. The Secretary would be required to report results from this evaluation to the Committees on Veterans' Affairs 18 months after enactment.

Section 124 would require the Department to develop a nationwide clinical staffing standards policy to ensure that veterans are provided with safe and high quality care. Section 8110 of title 38, United States Code, sets forth the manner in which medical facilities shall be operated, but does not include reference to staffing levels for such operation.

Section 125 would require the Secretary to submit annual reports on exceptions approved by the Secretary to VA's nurse qualification standards. Such reports would include the number of waivers requested and granted to permit promotion of nurses who do not have baccalaureate degrees in nursing, and other pertinent information.

Section 126 would require the Department to report facility-specific use of mandatory overtime for professional nursing staff and nursing assistants during 2001. The Department has no nationwide policy on the use of mandatory overtime. This report would be required within 180 days of enactment. The report would include information on the amount of mandatory overtime paid by VA health care facilities, mechanisms employed to monitor overtime use, assessment of any ill effects on patient care, and recommendations on preventing or minimizing its use.

House Bill

The House bill has no comparable provisions.

Compromise Agreement

Sections 121, 122, 123, 124, 125, and 126 are identical to the provisions in the Senate bill.

The Committees are concerned about VA's current national policy requiring VA nurses to achieve baccalaureate degrees as one means of quality assurance. VA has issued directive 5012.1, a directive that requires VA's registered nurses to obtain baccalaureate degrees in nursing as a precondition to advancement beyond entry level, and to do so by 2005. This policy is effective immediately for newly employed nurses.

At a time of looming crisis in achieving adequacy of basic clinical staffing of VA facilities, the Committees express concern over whether such a policy guiding nurse qualifications may work against VA's interests and responsibilities to protect the safety of its patients by creating unintended shortages of scarce health personnel. The Committees urge the Secretary to consider the implications of continuing such a policy in the face of future shortages of nursing personnel. The American Association of Community Colleges has reported that, each year, more than 60 percent of new US registered nurses are produced in two-year associate degree programs. The Department's current qualification standard for registered nurses may dissuade these fully licensed health care professionals from considering VA employment.

Subtitle C—Other Authorities

Current Law

Section 7306(a)(5) of title 38, United States Code, requires that the Office of the Under Secretary for Health include a Director of Nursing Service, responsible to the Under Secretary for Health.

Section 7426 of title 38, United States Code, provides retirement rights for, among others, nurses, physician assistants and expanded-function dental auxiliaries with part-time appointments. These employees' retirement annuities are calculated in a way that produces an unfair loss of annuity for them compared to other Federal employees. Congress has made a number of efforts since 1980 to provide equity for this group, many members of whom are now retired. These individuals, appointed to their part-time VA positions prior to April 6, 1986, under the employment authority of title 38, United States Code, have been penalized with lower annuities by subsequent Acts of Congress that addressed retirement annuity calculation rules for other part-time Federal employees appointed under the authority of title 5, United States Code.

Section 7251 of title 38, United States Code, authorizes the directors of VA health care facilities to request adjustments to the minimum rates of basic pay for nurses based on local variations in the labor market.

Senate Bill

Section 131 would amend section 7306(a)(5) of title 38, United States Code, to elevate the office of the VA Nurse Executive by requiring that official to report directly to the VA Under Secretary for Health.

Section 132 would amend section 7426 of title 38, United States Code, to exempt registered nurses, physician assistants, and expanded-function dental auxiliaries from the requirement that part-time service performed prior to April 7, 1986, be prorated when calculating retirement annuities.

Section 133 would modify the nurse locality-pay authorities and reporting requirements. The section would clarify and simplify a VA medical center's use of Bureau of Labor Statistics (BLS) information to facilitate locality-pay decisions for VA nurses. Additionally, section 133 would clarify the Committees' intent on steps VA facilities would take when certain BLS data were unavailable, thus serving as a trigger for the use of third-party survey information, and thereby reducing current restrictions on the use of such surveys.

House Bill

The House bill contains no comparable provisions.

Compromise Agreement

Sections 131, 132, and 133 follow the Senate bill.

Subtitle D—National Commission on VA Nursing

Current Law

None.

House Bill

Section 301 would establish a 12-member National Commission on VA Nursing. The Secretary would appoint eleven members, and the Nurse Executive of the Department would serve as the twelfth, ex officio, member. Members would include three recognized representatives of employees of the Department; three representatives of professional associations of nurses or similar organizations affiliated with the Department's health care practitioners; two representatives of trade associations representing the nursing profession; two would be nurses from nursing schools affiliated with the Department; and one member would represent veterans. The Secretary would designate one member to serve as Chair of the Commission.

Section 302 would authorize the Commission to assess legislative and organizational policy changes to enhance the recruitment and retention of nurses by the Department and the future of the nursing profession within the Department. This section would also provide for Commission recommendations on legislation and policy changes to enhance recruitment and retention of nurses by the Department.

Section 303 would require the Commission to submit to Congress and the Secretary a report on its findings and conclusions. The report would be due not later than 2 years after the date of the first meeting of the Commission. The Secretary would be required to promptly consider the Commission's report and submit to Congress the Department's views on the Commission's findings and conclusions, including actions, if any, that the Department would take to implement the recommendations.

Sections 304 and 305 would delineate the powers afforded to the Commission, including powers to conduct hearings and meetings, take testimony and obtain information from external sources, employ staff, authorize rates of pay, detail other Federal employees to the Commission staff, and address other administrative matters.

Section 306 would terminate the Commission 90 days after the date of the submission of its report to Congress.

Senate Bill

The Senate bill has no comparable provisions.

Compromise Agreement

Sections 141, 142, 143, 144, 145 and 146 follow the House bill, with certain modifications to the membership of the Commission.

The Committees expect the National Commission on VA Nursing to concern itself with the full spectrum of occupations involved in nursing care of veterans in the Veterans Health Administration, with specific reference to registered professional and licensed vocational nurses, clinical nurse specialists, nurse practitioners, nurse managers and executives, nursing assistants, and other technical and ancillary personnel of the Department involved in direct health care delivery to the nation's veterans. In addition to statutory requirements, the Committees expect the Secretary to appoint members to the Commission to reflect the wide variety of occupations and disciplines that constitute the nursing profession within the Department.

TITLE II—OTHER MATTERS

PROVISION OF SERVICE DOGS

Current Law

None.

House Bill

Section 101 would amend section 1714 of title 38, United States Code, to authorize the Department to provide service dogs to veterans suffering from spinal cord injury or dysfunction, other diseases causing physical immobility, or hearing loss (or other types of disabilities susceptible to improvement or enhanced functioning) for which use of service dogs is likely to improve or enhance their ability to perform activities of daily living or other skills of independent living. Under the provision, a veteran would be required to be enrolled in VA care under section 1705 of title 38, United States Code, as a prerequisite to eligibility. Service dogs would be provided in accordance with existing priorities for VA health care enrollment.

Senate Bill

Section 201 would authorize the Secretary to provide service dogs to service-connected veterans with hearing impairments and with spinal cord injuries.

Compromise Agreement

Section 201 follows the House provision.

Any travel expenses of the veteran in adjusting to the service dog would be reimbursable on the same basis as such expenses are reimbursed under Section 111, title 38, United States Code, for blind veterans adjusting to a guide dog.

MANAGEMENT OF HEALTH CARE FOR CERTAIN LOW-INCOME VETERANS

Current Law

Section 1722(a) of title 38, United States Code, places veterans whose incomes are below a specified level—in calendar year 2001, $23,688 for an individual without dependents—within the definition of a person who is ''unable to defray'' the cost of health care. The section includes two other such indicators of inability to defray: evidence of eligibility for Medicaid, and receipt of VA nonservice-connected pension. Veterans in these circumstances are adjudged equally unable to defray the costs of health care; as such, they are eligible to receive comprehensive VA health care without agreeing to make co-payments required from veterans whose incomes are higher. Under current law, a single-income threshold (with adjustments only for dependents) is the standard used.

House Bill

Section 103 would amend section 1722(a) of title 38, United States Code, to establish geographically adjusted income thresholds for determining a non-service-connected veteran's priority for VA care, and therefore, whether the veteran must agree to make copayments in order to receive VA care. The section's purpose would be to address local variations in cost of care, cost-of-living or other variables that, beyond gross income, impinge on a veteran's relative economic status and ability to defray the cost of care.

In section 103, low-income limits administered by the Department of Housing and Urban Development (HUD) for its subsidized housing programs would establish an adjusted poverty-income threshold to be used in the ability-to-defray determination. The actual threshold for determining an individual veteran's ability to pay would be the greater of the current-law income threshold in section 1722 of title 38, United States Code, or the local low-income limits set by HUD.

Section 103 also would include a 5-year limitation on the effects of adoption of the HUD low-income limits policy on system resource allocation within the Veterans Health Administration. Such allocations would not be increased or decreased during the period by more than 5 percent due to this provision. The provision would take effect on October 1, 2002.

Senate Bill

Section 202 would amend section 1722 of title 38, United States Code, to include the HUD income index in determining eligibility for treatment as a low-income family based upon the veteran's permanent residence. The current national threshold would remain in place as the base figure if the HUD formula determines the low-income rate for a particular area is actually less than that amount. The effective date of this change would be January 1, 2002, and would apply to all means tests after December 31, 2001, using data from the HUD index at the time the means test is given.

Compromise Agreement

Section 202 retains the current-law income threshold, but would significantly reduce copayments from veterans near the threshold of poverty for acute VA hospital inpatient care. The HUD low-income limits would be used to establish a family income determination within the priority 7 group. Those veterans with family incomes above the HUD income limits for their primary residences would pay the co-payments as otherwise required by law. Veterans whose family incomes fall between the current income threshold level under section 1722, title 38, United States Code, and the HUD income limits level for the standard metropolitan statistical area of their primary residences, would be required to pay co-payments for inpatient care that are reduced by 80 percent from co-payments required of veterans with higher incomes. The effective date for this change would be October 1, 2002.

MAINTENANCE OF CAPACITY FOR SPECIALIZED TREATMENT AND REHABILITATIVE NEEDS OF DISABLED VETERANS

Current Law

Section 1706 of title 38, United States Code, requires VA to maintain nationwide capacity to provide for specialized treatment and rehabilitative needs of disabled veterans, including those with amputations, spinal cord injury or dysfunction, traumatic brain injury, and severe, chronic, disabling mental illnesses. To validate VA's compliance with capacity maintenance, section 1706 includes a requirement for an annual report to Congress. The reporting requirement expired on April 1, 2001.

House Bill

Section 102 would modify the mandate for VA to maintain capacity in specialized medical programs for veterans by requiring the Department and each of its Veterans Integrated Service Networks to maintain capacity in certain specialized health care programs for veterans (those with serious mental illness, substance-use disorders, spinal cord injuries and dysfunction, the brain injured and blinded, and those who need prosthetics and sensory aids); and, would extend the capacity reporting requirement for 3 years.

Senate Bill

S. 1598 similarly would modify current law with regard to VA's capacity for specialized services, but would require that medical centers maintain capacity, in addition to geographic service areas; require that VA utilize uniform standards in the documentation of patient care workload used to construct reports under the authority; require the Inspector General on an annual basis to audit each geographic service area and each medical center in the Veterans Health Administration to ensure compliance with capacity limitations; and, prohibit VA from substituting health care outcome data to satisfy the requirement for maintenance of capacity.

Compromise Agreement

Section 203 is derived substantially from the House bill, with addition of provisions from the Senate bill, including a requirement that VA utilize uniform standards in

the documentation of workload; a clarification that ''mental illness'' be defined to include post-traumatic stress disorder (PTSD), substance-use disorder, and seriously and chronically mentally ill services; a prohibition from substituting outcome data to satisfy the requirement to maintain capacity; and, a requirement that the IG audit and certify to Congress as to the accuracy of VA's required reports.

PROGRAM FOR THE PROVISION OF CHIROPRACTIC CARE AND SERVICES TO VETERANS

Current Law

Public Law 106–117 requires the VA to establish a Veterans Health Administration-wide policy regarding chiropractic care. Veterans Health Administration Directive 2000–014, dated May 5, 2000, established such a policy.

House Bill

Title II would establish a national VA chiropractic services program, implemented over a 5-year period; authorize VA to employ chiropractors as federal employees and obtain chiropractic services through contracts; establish an advisory committee on chiropractic care; authorize chiropractors to function as VA primary care providers; authorize the appointment of a director of chiropractic service reporting to the Secretary with the same authority as other service directors in the VA health care system; and provide for training and materials relating to chiropractic services to Department health care providers.

Senate Bill

Section 204 of the Senate Bill would establish a VA chiropractic services program in VA health care facilities and clinics in not less than 25 states. The chiropractic care and services would be for neuro-musculoskeletal conditions, including subluxation complex. The VA would carry out the program through personal service contracts and appointments of licensed chiropractors. Training and materials would be provided to VA health care providers for the purpose of familiarizing them with the benefits of chiropractic care and services.

Compromise Agreement

Section 204 would follow the Senate bill but would replace its reference to 25 states with a reference to VA's 22 Veterans Integrated Service Networks (referred to as ''geographic service areas'' in the section). Also, the agreement would include an advisory committee to assist the Secretary of Veterans Affairs in implementation of the chiropractic program. Under the agreement, the advisory committee would expire 3 years from enactment.

FUNDS FOR FIELD OFFICES OF THE OFFICE OF RESEARCH COMPLIANCE AND ASSURANCE (ORCA)

Current Law

The Under Secretary for Health has provided funding for ORCA field offices from funds appropriated for Medical and Prosthetic Research.

Senate Bill

Since field offices of ORCA directly protect patient safety, section 205 would authorize VA to fund them from the Medical Care appropriation.

House Bill

The House bill has no comparable provision.

Compromise Agreement

Section 205 follows the Senate bill.

The Committees are concerned about the need for ORCA to maintain independence from the Office of Research and Development. The Committees have concluded, on the strength of hearings and reports on potential conflicts of interest, that funding for ORCA field offices should be statutorily separated from the Medical and Prosthetic Research Appropriation and associated with the Medical Care Appropriation. ORCA advises the Under Secretary for Health on matters affecting the integrity of research, the safety of human-subjects research and research personnel, and the welfare of laboratory animals used in VA biomedical research and development. ORCA field offices investigate allegations of research impropriety, lack of compliance with rules for protection of research participants and scientific misconduct. The ORCA chief officer reports to the Under Secretary for Health.

MAJOR MEDICAL FACILITY CONSTRUCTION

Current Law

None.

Senate Bill

Fiscal year 2002 appropriations are available for an emergency repair project at the VA Medical Center, Miami, Florida. Section 205 of the Senate Bill authorizes $28.3 million for this project, in accordance with section 8104 of title 38, United States Code.

House Bill

The House bill has no comparable provision.

Compromise Agreement

Section 206 follows the Senate bill.

SENSE OF CONGRESS ON SPECIAL TELEPHONE SERVICES FOR VETERANS

Current Law

None.

House Bill

Section 104 would require the Secretary to assess special telephone services for veterans (such as help lines and ''hotlines'') provided by the Department. The assessment would include the geographic coverage, availability, utilization, effectiveness, management, coordination, staffing, and cost of those services. It would require the assessment to include a survey of veterans to measure satisfaction with current special telephone services, as well as the demand for additional services. The Secretary would be required to submit a report to Congress on the assessment within 1 year of enactment.

Senate Bill

The Senate bill contains no comparable provision.

Compromise Agreement

Section 207 contains a Sense of the Congress Resolution on the Department's need to assess and report on special telephone services for veterans.

RECODIFICATION OF BEREAVEMENT COUNSELING AUTHORITY AND CERTAIN OTHER HEALTH-RELATED AUTHORITIES

Current Law

Chapter 17 of title 38, United States Code, contains various legal authorities under which VA provides services to non-veterans. These provisions, that authorize bereavement and mental health counseling, care for research subjects, care for dependents and survivors of permanently and totally disabled veterans, and emergency humanitarian care, are intermingled with authorities for the care of veterans in various sections of chapter 17.

House Bill

Section 105 of the House bill would in a new subchapter consolidate and reorganize without substantive change all of the legal authorities under which VA provides services to non-veterans. It would reorganize section 1701 of title 38, United States Code, by transferring one provision (pertaining to sensorineural aids) to section 1707.

Section 105 would create a new Subchapter VIII in Chapter 17 of title 38, United States Code, to incorporate provisions concerning bereavement-counseling services for family members of certain veterans and active duty personnel. A new section 1782 would provide counseling, training, and mental health services for immediate family members.

Section 105 would place in the new subchapter the current dependent health care authorities known as ''Civilian Health and Medical Programs—Veterans Affairs'' (CHAMPVA), transferred from current section 1713 to the new section 1781. A new provision would specify that a dependent or survivor receiving such VA-sponsored care would be eligible for bereavement and other counseling and training and mental health services otherwise available to family members under the subchapter.

The existing authority to provide hospital care or medical services as a humanitarian service in emergency cases would be moved to this new subchapter from its current location in section 1711(b).

Section 105 would also make various technical changes to accommodate the subchapter reorganization. These changes would recodify the existing provisions, and consolidate and clarify the existing statutory authority to provide care to non-veterans.

Senate Bill

The Senate bill has no comparable provisions.

Compromise Agreement

Section 208 follows the House bill.

EXTENSION OF EXPIRING COLLECTIONS AUTHORITIES

Current Law

Section 1710(f)(2)(B) of title 38, United States Code, authorizes VA until September 30, 2002, to collect nursing home, hospital, and outpatient co-payments from certain veterans. Section 1729(a)(2)(E) of title 38, United States Code, authorizes VA until October 1, 2002, to collect third-party payments for the treatment of the nonservice-connected disabilities of veterans with service-connected disabilities.

House Bill

Section 106 would extend until 2007 VA's authority to collect means test co-payments and to collect third-party payments.

Senate Bill

The Senate bill contains no comparable provision.

Compromise Agreement

Section 209 follows the House bill.

PERSONAL EMERGENCY RESPONSE SYSTEM FOR VETERANS WITH SERVICE-CONNECTED DISABILITIES

Current Law

None.

House Bill

Section 107 of the House bill would require the Secretary to carry out an evaluation and study of the feasibility and desirability of providing a specialized personal emergency response system for veterans with service-connected disabilities. It would require a report to Congress on the results of this evaluation.

Senate Bill

The Senate bill contains no comparable provision.

Compromise Agreement

Section 210 follows the House bill.

HEALTH CARE FOR PERSIAN GULF WAR VETERANS

Current Law

Section 1710 of title 38, United States Code, defines eligible veterans for whom the Secretary is required to furnish hospital, nursing home, and domiciliary care. Section

1710(e)(1)(C) of title 38 authorizes the Secretary to provide health care services on a priority basis to veterans who served in the Southwest Asia Theater of operations during the Persian Gulf War. Section 1710(e)(3)(B) of title 38 specifies that this eligibility expires on December 31, 2001.

Senate Bill

The Senate Bill would amend section 1710 of title 38, United States Code, to extend health care eligibility for veterans who served in Southwest Asia during the Gulf War, to December 31, 2011.

House Bill

The House Bill contains no comparable provision.

Compromise Agreement

Section 211 follows the Senate bill but extends the health care eligibility to December 31, 2002.

STEELWORKERS' APPEAL

HON. DENNIS J. KUCINICH

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. KUCINICH. Mr. Speaker, on December 12th, hundreds of Americans came to the Capitol to implore their elected representatives to help them. They are steelworkers, living in Ohio, Indiana, Illinois, Minnesota and Pennsylvania. They work for LTV Steel Company, which is in bankruptcy after enduring years of unfair competition from foreign imports.

The steelworkers testified before a hearing of the Congressional Steel Caucus. They spoke poignantly and eloquently. They expressed the key principles upon which our Republic was founded: liberty and justice for all. They have made the reasonable demand that we, their elected representatives, uphold those principles in a global economy.

I am entering into the RECORD the testimony from that hearing, so that all of my colleagues may hear their appeal.

STATEMENT OF TONY PANZA, LTV STEELWORKER, UNITED STEELWORKERS OF AMERICA, LOCAL 1157, CLEVELAND, OHIO

Hello. My name is Tony Panza. I'm 36 years old and have been employed by LTV Steel Company in Cleveland, Ohio since 1988. During my first ten years, I worked in the power house of the mill. I later joined the apprenticeship program and became a millwright in 1998. I had a good job and expected to work in this job until I retired some day. I am a third generation steelworker. I am married and my wife and I have two daughters, Isabel, age four, and Rosalie, age 10.

In late 2000 when LTV first declared bankruptcy after suffering from the surge of foreign dumped steel, I joined the SOS (Save Our Steel) Committee to try to get Congress to stop illegally-dumped foreign steel before it destroyed any more American steel companies. Unfortunately, we have been unsuccessful up to this point. Some 29 American steel companies, including LTV, have been forced into bankruptcy. Several of those companies have been forced to shut down completely. One of the reasons is the snail's pace of the process in getting a loan from the Emergency Steel Loan Guarantee Board. It is my understanding that this program was established for circumstances just like what we face at LTV. The system seems to be working against us. By the time we can get help, it may be too late.

I urge the Steel Caucus to do whatever you can in order to see that this program fulfills its duties under the law. Also, I'd like to stress to everyone here the devastating effect a permanent shutdown of LTV Steel would have not only upon our steelworkers, but also all of our retirees. It seems the only growth industry in this country is health care. Prices for health care, including prescription drugs, far exceed any increase in wages or benefits. If LTV permanently shuts down, not only will our retirees get reduced pensions from the PBGC and become a burden on the government, they will also be forced to bear this great additional cost on their fixed incomes.

Growing up in this country, I was always taught to respect and care for my elders. It would seem that some in our government have forgotten this basic lesson. To allow those that invested so much of their blood, sweat, and tears in an industry and a company to make this country strong to be thrown to the wolves would make them victims to the policies of their own government. With the current economic situation in this country, the devastating effects a permanent shutdown of LTV would have would only make it harder on America to pull out of the current recession. It will only create a bigger burden on city, state, and Federal governments. Worse than that is the loss of self-respect of the people who helped to make this a great nation.

My brothers and sisters and I are not asking for riches. We are not sports stars or movie stars. We are only asking to have the right to earn decent wages and benefits through the sweat of our labor so that we can buy a house, educate our children, and some day retire in dignity. The people here in Congress and in this administration have the ability to make that happen.

Do not let the American dream die from neglect. I urge you in the strongest possible terms to get the Emergency Steel Loan Board to approve the $250 million loan guarantee to LTV Steel.

Thank you.

STATEMENT OF BOB RANKIN, LTV STEELWORKER, UNITED STEELWORKERS OF AMERICA, LOCAL 188, CLEVELAND, OHIO

Thank you for the privilege of appearing today to speak about the future of LTV Steel and the future of steelworkers like myself and thousands of others.

My name is Bob Rankin. I worked as a production worker at LTV's mill in Cleveland, Ohio. I have worked for LTV since 1978. My job was to inspect steel products being manufactured on the line.

I have a 10-year old son born with a brain injury. When he was two years old, the doctors told us that he probably would not be able to speak or communicate with other people. We found a hospital in Philadelphia called the Institute for Child Development. He was put in 12 to 14 hours a day of therapy. Our insurance paid for 85 to 90 percent of the costs. The cost for one week of care is approximately $18,000. Our son was in this program for three years and he has achieved remarkable success during that time. He is now walking and talking and going to a regular school. Without our insurance, this would never have happened.

He still receives physical therapy today which helps him to have a better quality of life. If it were not for my insurance, the cost of his care in a public hospital setting would have been enormously more expensive and probably would not have improved his medical condition.

My wife and I are not unique in wanting the best life possible and the best medical care for our child. There are many other workers at LTV who face similar challenges in providing health care for their loved ones, whether it is a spouse or children.

As I see it, the emergency steel loan guarantee is the next step in helping to save LTV Steel and our jobs and health care benefits. The Steelworkers union has actually already taken the first step in cooperation with the company's unsecured creditors by developing a plan which includes work rule concessions by the steelworkers.

Our members work hard every day. Many, like myself, have devoted years to making LTV Steel succeed. Unfortunately, over the past five years, we have witnessed a literal flood of foreign-made steel coming into the U.S. market. This has depressed steel prices here in the U.S. and is largely responsible for the circumstances which have forced LTV Steel and 29 other U.S. steel companies into bankruptcy.

Congress created the Emergency Steel Loan Guarantee Board for precisely this situation; to help a domestic American company that has been ravaged by cheap foreign steel to get back on its feet and survive. We have seen in the news where the IMF and the World Bank have allowed loans to foreign countries, including China, so that they can build up their own steel industries. Our own government has backed these loans. Yet when we are pleading for our survival, we are kept waiting and wondering whether we will have jobs.

I urge you not to wait any longer. Please contact the Emergency Loan Guarantee Board and ask them to approve the $250 million loan guarantee for LTV Steel. We need this guarantee to save our jobs and to save our families.

Thank you.

STATEMENT OF RICHARD DOWDELL, LTV STEELWORKER, UNITED STEELWORKERS OF AMERICA, LOCAL 1011, INDIANA HARBOR, INDIANA

Thank you for the opportunity to appear before you today to speak about the crisis facing myself and over 8,000 other employees of LTV Steel.

My name is Richard Dowdell. I serve as a Unit Co-chairperson of the Chicago coke plant. I began working at LTV Steel in March, 1964 as a stove tender. I joined the mechanical apprenticeship program and became a millwright in 1966. I am married and have two children.

LTV has arbitrarily decided it is better for the employees working in its steel mills to no longer have a job. They actually told the bankruptcy court judge that it is better for us to have finality in this matter and to get on with our lives. But I have invested 37 years of my life working for LTV Steel and I am not willing to go without fighting to save my company and my job. The Steelworkers union and the unsecured creditors have put forward a modified labor agreement that can and should be accepted. The sacrifices being offered by our steelworkers will give us at least a fighting chance to save LTV Steel if they are approved by the bankruptcy court.

The termination of our contract would mean that thousands of steelworkers and retirees could lose their health insurance. My wife has an existing medical condition where she has a microvalve in her heart which requires expensive medication. If we were to lose our health insurance, I do not know how we would be able to afford her medication. There are some 69,000 LTV retirees, many of whom are in similar circumstances and are relying on the company providing their health insurance. if we were to lose our health insurance, there may not be anywhere for us to go, especially for those like my wife who have serious, pre-existing medical conditions that require expensive medication.

LTV's asset protection plan does not protect two of their most important assets: the

company's two coke plants, one in Chicago and the other in Warren, Ohio. These facilities may be worth $300 million. Instead, the company has chosen to permanently shut down these facilities. These facilities, unlike the hot mills, are not subject to the court's recent December 5th order providing for hot idle shutdown. The coke facilities are subject to being permanently closed now unless the judge modifies his order.

The steelworkers and retirees of LTV Steel ask you to do all that you can to ensure that the Emergency Steel Loan Board moves quickly to approve the $250 million loan to save LTV Steel. Please act now before it is too late.

Thank you.

STATEMENT OF COUNCILMAN ROOSEVELT COATS, CITY OF CLEVELAND, OHIO

Thank you Mr. Chairman and members of the U.S. House of Representatives Steel Caucus for receiving my testimony today concerning the future of LTV Steel. My name is Roosevelt Coats and I am a member of the City Council from Ward 10 in the city of Cleveland, Ohio. I have served on the City Council since 1987. Prior to that time, I was a Union Representative for the United Steelworkers of America.

I share the concerns of Congressman Dennis Kucinich, Congresswoman Stephanie Tubbs-Jones, the people of Cleveland, and many in this room about the future of LTV Steel Company.

The research done by the City of Cleveland about the possible loss of LTV Steel is devastating to our city and to the lives of tens of thousands of people who live in our city. The loss of LTV Steel would mean the loss of 3200 steelworkers' jobs in the City of Cleveland. It would also result in the loss of another 7500 steelworkers' jobs in the states of Ohio, Indiana, Illinois, Michigan, and Minnesota. 40,000 additional jobs would be affected nationally, and 69,000 families nationwide would have pensions and health care benefits either reduced and/or eliminated.

The prospect of losing your health insurance, especially if you are an older person who is retired, living on a fixed income, and facing mounting costs for health care and prescription drugs is nothing short of frightening. Where can an 80-year old retiree with preexisting medical conditions go to get health insurance if they lose their insurance? How can current workers afford health insurance for their children, their spouse, and themselves if they lose their insurance? These are the key questions which trouble thousands of my constituents today.

Needless to say, the loss of 3200 jobs would have a tremendous impact upon the City of Cleveland, mainly because of the city losing the tax revenue from these family-supportive jobs. LTV also pays millions of dollars a year in property taxes to the City of Cleveland. This is revenue to our city which is vital in paying for police, fire, education, public health, and other vital functions of our local government. Such a significant loss of local tax revenue would necessarily lead to either cutbacks in city services, layoffs of public personnel, or increases in taxes to maintain services, or perhaps a combination of all three options. It would also lead to an erosion of our city's infrastructure as we know it today. There is no doubt that the loss of LTV will lead to a diminished quality of life for people in Cleveland. We saw what happened twenty years ago when the steel industry was in crisis, how entire communities in Pennsylvania, Ohio, Indiana, Minnesota, and elsewhere were devastated when steel mills shut down and workers were suddenly displaced.

The cost of allowing LTV Steel to go under will ultimately fall upon every taxpayer in Ohio and in America in the form of taxes to pay for unemployment insurance, food stamps, health care, job training and placement, and other services. These additional costs to our city and to state government will come at the very moment when we are in a recession and state and local tax revenues are plummeting.

The environmental cleanup which would be necessary if this plant closes down would also create a tremendous burden for the City of Cleveland. The vendors who serve LTV Steel and the company's customers would also be negatively impacted by the loss of jobs in a shutdown of LTV Steel.

LTV, like all other American steel manufacturers, has become a victim of unfair and unbalanced trade policies which have permitted a flood of foreign steel, much of it ''dumped'' illegally, into the U.S. market. This flood of foreign steel has depressed prices so severely that no one can make money in this industry in America. With 29 companies, including LTV Steel, in bankruptcy we know that time is running out. We do not want to see LTV join the ranks of those steelmakers who have shut down permanently.

On behalf of the workers and retirees of LTV Steel Company, I implore you in the Congress and the Administration to do all that you can to save LTV Steel.

Thank you.

PROPOSED RESOLUTION NO. 2002–24
PRESERVATION OF U.S. STEEL INDUSTRY

Whereas, the United States steel industry is in the midst of a serious crisis that impacts not only steel producing states, but the security and economic well-being of the entire nation; and

Whereas, since the United States is experiencing a recession and, as a result of the tragedy of September 11, 2001, is embroiled in international military action, the loss of the capability to produce steel domestically will pose a threat to national security and the nation's ability to retain a manufacturing base; and

Whereas, America's crumbling infrastructure needs to be rebuilt and domestically produced steel could be used to assist in the rebuilding of our cities and towns; and

Whereas, suppliers of raw materials from areas such as Minnesota, Michigan, West Virginia and Pennsylvania, and consumers such as automobile manufacturers in Michigan and aerospace manufacturers in Washington would be severely impacted if the domestic steel industry is permitted to erode; and

Whereas, by way of example, 3,200 steel industry-related jobs would be lost in Cleveland, 7,500 jobs would be eliminated in Ohio, Illinois and Indiana, 40,000 additional jobs would be affected nationally and 50,000 families nation-wide would have pension and health benefits reduced; and

Whereas, foreign steel imports have spiked to 40 percent of the U.S. market, up from 20 percent just two years ago, by selling steel at prices that are significantly below the cost of production; and

Whereas, the U.S. Trade Commission has determined that illegal dumping of foreign-made steel has occurred and the administration is currently considering an appropriate remedy for this practice;

Now, therefore, be it resolved, That the National League of Cities urges the President to consider action under international trade law to determine whether there has been dumping of foreign-made steel in the U.S.

Be it further resolved, That the National League of Cities urges Congress and the Administration to consider federal programs to assist U.S. steel makers in gaining resources that would be used for reinvestment, retooling and restructuring.

STATEMENT OF BRUCE SIMON, COUNSEL TO UNITED STEELWORKERS OF AMERICA

Good afternoon.

My name is Bruce Simon. I am a partner in the firm of Cohen, Weiss and Simon, and we are Counsel to the United Steelworkers of America in the LTV Steel matter.

I'd like to start with a brief review of one of the key findings of the Emergency Steel Loan Guaranty Act of 1999; an overview of employment in the steel industry; an update on LTV itself, including the status of the bankruptcy proceeding, and then deal with the loan application now pending before the Emergency Steel Loan Guaranty Board. I will conclude with a suggestion about what the Steel Caucus, and the United States Congress can do about it.

First, a little congressional history:

1. [Sec. 101(b)(6)] of the Emergency Steel Loan Guaranty Act of 1999, provides: ''Congress finds that (6) a strong steel industry is necessary to the adequate defense preparedness of the United States in order to have sufficient steel available to build the ships, tanks, planes and armaments necessary for the national defense''. And that was before September 11, 2001.

2. Congress's findings in the 1999 law also recited the loss of 10,000 steelworkers jobs in 1998, and 3 medium-sized steel bankruptcies (ACME, LaClede, Geneva).

Since then, literally tens of thousands more steelworkers have lost their jobs. Just last Friday, the Bureau of Labor Statistics reported that in the last 12 months alone, 17,600 Steelworkers lost their jobs—not including the 6,000 so far at LTV.

And, of course, we now have 28 steel companies in bankruptcy, including two of the very largest, LTV and Bethlehem.

SNAPSHOT OF LTV

1. 6,800 employees, + 2000 at LTV Tubular
2. 70,00 Retirees, surviving spouses and dependents on Retiree Health
3. Legacy costs $1.5B
4. Pension underfunding—$1/2 B

LEGAL STATUS

Last week, on December 5, the Bankruptcy Court in Youngstown, Ohio issued an order which carried out an agreement made in Chambers—between the Company, its secured lenders, its noteholders, the Creditors Committee and the Steelworkers. I should note that Members Kucinich and Latourette were very effective witnesses on behalf of Steelworkers. The Court's Order, in effect, put LTV on a limited life support system, on a respirator, in the intensive care unit. The Order provides:

(a) the Company's integrated steel units are to be maintained in a form of hot idle until the President issues Section 201 remedies by March, 2002

(b) the coke plants in Warren, Ohio and Chicago are to be held alive for 3 weeks

(c) the Company is to support and cooperate in continuing efforts to secure the Byrd loan, and to report back to the Court on December 19—next Wednesday

Where do we stand with the Emergency Loan Board?

Let me start with a conclusion, and work backwards from there.

The power to save LTV, and the power to bury LTV rests in one place—the Emergency Steel Loan Guaranty Board.

Now, the question for the day is—what can the Steel Caucus do, what can the Congress of the United States do, to move the Loan Board to exercise its power to let LTV live—and not exercise its power to pull the plug?

There has been a considerable amount of finger-pointing and blame assessment over

the past few months—and there are many, many candidates for the role of accessory-before-the-fact. But with all due respect, the United Steelworkers of America believes this not the time to pin the tail on the donkey for the closing of LTV.

This is the time, perhaps the last time, that something can be done to avoid the catastrophic consequences of the closing of LTV that you have just heard about from the steelworker members of this panel.

I'm going to spend a few minutes to support my conclusion—that the focus now is on the Loan Board—and then propose a course of action—immediate action—for the Steel Caucus to take.

Here's where we are today.

There is pending on the desk of the Emergency Steel Loan Guaranty Board an application by the National City Bank, and Key Bank, on behalf of LTV, for a $250 million loan guaranty.

The application is supported by an analysis by the big 5 Accounting Firm of Deloitte Touche, for the Official Creditors Committee of LTV, appointed by the Bankruptcy Court, which states that the second, historic, labor agreement negotiated between LTV's creditors and the Steelworkers provides the following—and I quote: (1) ''the Company is able to fully repay the Byrd Loan by the end of 2005,'' (2) ''the Company is projected to maintain positive liquidity over the five year period with a low point of $35M in 2002''.

Thus, the Loan Board has been told by one of the most highly respected Accounting firms, one of the ''big 5'', that its primary concerns have been met—that, if the $250M loan is made, it will be paid back as the law requires; and the Company will have the liquidity, the cash on hand, to carry on its business.

Until now, there has been buck passing. From Management of LTV to its banks; from the Byrd Bill banks to the DIP lenders; then to the Union. And back and forth. Now, buck passing is over, and there is one—and only one, focus. The Loan Board has the power to keep LTV alive, so that efforts already under way to help the entire industry (by addressing the illegal dumping, by addressing legacy costs) have a chance to click in. If the Board fails to act, it will have pulled the plug before the doctor has had a chance to operate.

Finally, what must be done? The Steel Caucus, and the other members of Congress, must convey to the members of the Emergency Steel Loan Guaranty Board, that the will and intent of Congress in the Emergency Steel Loan Guaranty Act of 1999 was that instances like LTV are precisely the instances where guaranty should be issued. The Board must be told, forcefully, that the time to act is now, and that the Guaranty should be issued forthwith.

ELIGIBILITY OF CERTAIN PERSONS FOR BURIAL IN ARLINGTON NATIONAL CEMETERY

SPEECH OF

HON. MICHAEL K. SIMPSON

OF IDAHO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 19, 2001

Mr. SIMPSON. Madam Speaker, I rise today in support of H.R. 3423, which extends burial eligibility at Arlington National Cemetery to those reservists who retire before age 60—the age at which they become eligible for retired pay.

H.R. 3423 also makes eligible for in-ground burial at Arlington a member of a reserve component who dies in the line of duty while on active or inactive duty training. To me as a layperson, active duty for training and inactive duty training is a distinction without a difference.

Either way, a life was given to protect the freedoms of all the rest of us.

Earlier this year, a military plane crashed in Georgia. On board were Guardsmen returning home from active duty for training. All on board died. Yet none was eligible for burial at Arlington because they were on training status as opposed to mobilized status.

Their military classification at the time of death made no difference to the widows and children left without a husband and father. The fact of the matter is that these soldiers died in the line of duty.

Madam Speaker, this bill is yet another testament to Chairman SMITH's commitment to our servicemembers, veterans, and their survivors.

In the wake of the September 11 attacks on Americans, I thank Chairman SMITH for taking the initiative to introduce and bring this bill to the floor before we adjourn for the year.

I urge my colleagues to support H.R. 3423.

PUBLIC HEALTH SECURITY AND BIOTERRORISM RESPONSE ACT OF 2001

HON. PAUL E. GILLMOR

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. GILLMOR. Mr. Speaker, as Chairman of the Environment and Hazardous Materials Subcommittee of the House Energy and Commerce Committee, which has jurisdiction over the Safe Drinking Water Act, I am taking this opportunity to elaborate on and clarify the provisions of the legislative text of Title IV of H.R. 3448, the Public Health Security and Bioterrorism Response Act of 2001. Because this legislation was considered under suspension of the Rules and without the filing of a report by the House Energy and Commerce Committee, I want to provide and more detailed explanation of Title IV for the RECORD.

SECTION 401: AMENDMENT TO SAFE DRINKING WATER ACT

Title IV of the Public Health Security and Bioterrorism Response Act of 2001 requires community water systems serving over 3,300 individuals to conduct vulnerability assessments and to prepare or revise emergency response plans which incorporate the results of the vulnerability assessment. The legislation, however, also recognizes that many community water systems have conducted or will be in the process of conducting vulnerability assessments at the time of enactment. Title IV is thus explicitly drafted not to create a regulatory program which could slow down ongoing efforts or to require systems that have completed vulnerability assessments to undertake another such assessment. The title only requires that systems certify that an assessment has been completed by a specific date, not that the assessment was initiated and/or completed before or after the date of enactment.

Title IV does not create a regulatory role for the Environmental Protection Agency (EPA) in defining what is or is not an ''acceptable'' vulnerability assessment. EPA is provided no regulatory authority in this regard; instead, the Agency is only to provide information once to community water systems (by March 1, 2002) regarding what kinds of terrorist attacks are probable threats. EPA is to coordinate its efforts with other agencies and departments of government who have expertise in this area, to compile information readily available or already developed, and to promptly distribute this information. The statute does not provide a continuing duty for EPA in this area past the date specified in the legislation.

In this regard, vulnerability assessments are defined in statute only to the extent that they include a review of certain specified items. These items are those which make up the physical structure of a public water system (as defined in section 1401 of the Safe Drinking Water Act (SDWA)), electronic, computer or other automated systems, physical barriers, the use, storage, or handling of various chemicals and the operation and maintenance of a drinking water system. Title IV recognizes that there are many different types and sizes of community water systems (CWS) and gives CWS wide discretion to devise and conduct a vulnerability assessment. EPA is not given any rulemaking or other authority to define further what is or is not a vulnerability assessment meeting the requirements of section 1433. Nor does Title IV require that a community water system utilize any particular vulnerability assessment tool, or conduct any specific type of analysis. Community water systems are not required to determine the consequences of intentional acts or terrorist acts, analyze their use of specific chemicals, including chlorine, as opposed to other chemicals, or to characterize the risk of any offsite impacts. Further, the term ''physical barriers'' does not necessarily include ''buffer zones'' or any other area around physical structures.

Title IV does not contain any requirement that the EPA or any other governmental body receive for review vulnerability assessments conducted by water systems. Nor does Title IV contain any requirement that community water systems provide such information to EPA or to any other person or governmental entity. It only requires that community water systems certify that they have completed an assessment. Community water systems are to coordinate with local emergency planning committees (LEPCs) in the preparation or revision of emergency response plans for the purpose of avoiding duplication of effort and taking advantage of previous information developed by the LEPCs for first responders and local government response. There is no requirement that community water systems disclose any of the information developed by the vulnerability assessments to the LEPCs.

Vulnerability assessments could contain very sensitive information about a drinking water system which would be of assistance to a terrorist or an individual contemplating an attack. Therefore, Title IV was explicitly and intentionally drafted to avoid triggering any requirement under the Freedom of Information Act (FOIA) (Section 552 of Title 5, United States Code) to disclose any information developed in connection with a vulnerability assessment. The President should carefully consider whether assessments and related materials should be exempted from the FOIA by executive order.

The legislation authorizes EPA to provide financial assistance to CWS for several specified purposes. EPA may provide assistance for vulnerability assessments, for developing or revising emergency response plans and for expenses and contracts designed to address basic security enhancements of critical importance and significant threats to public health. Title IV does not define either ''basic

security enhancements of critical importance'' or ''significant threats to public health.'' However, existing SDWA programs which provide assistance to water systems have not provided assistance for continuing expenses such as operations and maintenance or personnel expenses. This legislation does not change this long-established public policy.

Finally, Title IV clarifies that EPA has discretion to act under Part D, Emergency Powers, of the Safe Drinking Water Act (SDWA) when the Agency has received information about a specific threatened terrorist attack or when the Agency has received information concerning a potential terrorist attack (but not necessarily a specific, identified threat) at a drinking water facility. In exercising this discretion, the EPA should only rely upon substantial, credible information. EPA should not interpret ''potential terrorist attack'' to mean that there is merely some possibility or statistical probability of a terrorist attack. Neither should EPA interpret a general warning, general announcement or general condition to be sufficient information of a threatened or potential terrorist attack. Specific, credible information is required, and all other elements of section 1431 must be met, including the existence of an imminent and substantial endangerment to the health of persons, that appropriate State and local authorities have not acted to protect the health of persons served by the drinking water system, and that the EPA Administrator has consulted with State and local authorities regarding the correctness of the information regarding both the specific threat and the actions which the State or local authorities have taken. The authority granted to EPA in section 1431 is a limited, case-by-case, contingent emergency power.

HOUSE OF REPRESENTATIVES,
COMMITTEE ON ENERGY AND COMMERCE,
Washington, DC, December 11, 2001.

Hon. DON YOUNG,
Chairman, Committee on Transportation and Infrastructure, Rayburn House Office Building, Washington, DC.

DEAR MR. CHAIRMAN: The Committee on Energy and Commerce has requested that the House take up the Public Health Security and Bioterrorism Response Act of 2001, H.R. 3448. While the bill primarily contains provisions related to the matters in the jurisdiction of the Committee on Energy and Commerce, I recognize that section 135, which amends the Stafford Act (42 U.S.C. §§5121, et seq.), to require release of emergency plans, falls under the jurisdiction of the Committee on Transportation and Infrastructure.

Allowing this bill to move forward in no way impairs your jurisdiction over that provision, and I would be pleased to place this letter and any response you may have in the Congressional Record when the bill is considered on the floor. In addition, if a conference is necessary on this bill, I recognize your right to request that the Committee on Transportation and Infrastructure be represented on the conference with respect to the provision amending the Stafford Act.

Sincerely,

W.J. ''BILLY'' TAUZIN,
Chairman.

U.S. HOUSE OF REPRESENTATIVES,
COMMITTEE ON TRANSPORTATION AND INFRASTRUCTURE,
Washington, DC, December 11, 2001.

Hon. W.J. BILLY TAUZIN,
Chairman, Committee on Energy and Commerce, Washington, DC.

DEAR MR. CHAIRMAN: Thank you for your recent letter regarding The Public Health Security and Bioterrorism Response Act of 2001, H.R. 3448. As you know, this bill contains a provision related to matters in the jurisdiction of the Committee on Transportation and Infrasturcture. Specifically, Section 135 of the bill amends the Stafford Act (42 U.S.C. §§5121, et seq.), which is under the jurisdiction of the Committee on Transportation and Infrastructure.

In the interest of expediting consideration of the bill, the Committee will not seek a referral of this legislation and will support your request to schedule floor action on the bill. This action should not, however, be construed as waiving the Committee's jurisdiction over future legislation of a similar nature.

Thank you for your cooperation on this matter.

Sincerely,

DON YOUNG,
Chairman.

TRIBUTE TO BISHOP SAMUEL C. MADISON ON THE 75TH ANNIVERSARY OF THE UNITED HOUSE OF PRAYER FOR ALL PEOPLE'S CONVOCATION, HIS 61ST ANNIVERSARY AS MINISTER, AND 10TH ANNIVERSARY AS BISHOP AND CHURCH LEADER

HON. MELVIN L. WATT

OF NORTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. WATT of North Carolina. Mr. Speaker, I rise today to honor an exemplary leader, Bishop S.C. Madison, who is celebrating the 75th anniversary of the United House of Prayer for All People's Convocation, his 61st anniversary as minister and his 10th anniversary as bishop of the United House of Prayer. Bishop Madison is an exceptional leader who has championed the causes of eliminating poverty, inadequate and unaffordable housing, unemployment, illiteracy, economic disparities and spiritual depravation. The magnitude, depth and substance of his contributions to improve human welfare and social reform have brought him national acclaim.

The leadership of Bishop C.M. Grace, Bishop W. McCollough and Bishop S.C. Madison has had a positive impact on the growth of the United House of Prayer since its earliest existence in tents and storefront locations. Currently, under the leadership of Bishop Madison, there has been expansion to 135 congregations in 26 states. The church's massive, nationwide building program has resulted in construction of over 800 units of low and moderate income housing. These housing complexes are located in New Haven, CT; Washington, DC; Norfolk, VA; Charlotte, NC; Augusta, GA; Savannah, GA; and Los Angeles, CA. More than 100 units have been developed for senior citizens.

The extraordinary success of Bishop Madison has led to numerous honors and awards from national, state, and local organizations. Academic institutions have presented honorary degrees to him acknowledging his outstanding achievements in helping to overcome deplorable conditions that plagued people and cities. He has received Doctor of Humane Letters from the Saturday College of Washington, DC and Bowie State University of Bowie, MD.

Bishop Madison continues to demonstrate outstanding leadership, dispense an abundance of love and philanthropy and support causes for young people and the elderly. Bishop Madison's ministry promotes higher education, exercises business acumen, improves the spiritual fiber of society and maintains the United House of Prayer as a beacon of light for those who need inspiration and a safe haven from the harsh realities of life.

It is my pleasure to stand before the House to pay tribute to Bishop S.C. Madison as he marks 61 years in the ministry and 10 years of service as the outstanding role model and leader of the United House of Prayer for all people.

DEBT-FOR-NATURE AGENDA OF BANK REGULATORS AT THE FDIC AND OTS

HON. JOHN T. DOOLITTLE

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2001

Mr. DOOLITTLE. Mr. Speaker, in the 106th Congress, I chaired a Task Force formed by then-Chairman DON YOUNG to examine whether bank regulators at the FDIC and OTS used their powers to leverage privately owned redwood trees, known as the Headwaters Forest in California, from an individual.

The task force, which included Representatives POMBO, THORNBERRY, BRADY, and RADANOVICH, undertook an 8 month review of the debt-for-redwoods matter. We held one terribly long hearing on the subject on December 12, 2000.

In the 107th Congress, Chairman HANSEN continued work on the subject and dedicated staff to draft a staff report to summarize the evidence of the FDIC and OTS redwoods debt-for-nature scheme and conclusions drawn from the oversight work. The report exposes how banking regulators took on an unauthorized, political agenda of leveraging redwood trees.

A member of the Task Force, Representative POMBO, inserted the text of the staff report into the RECORD on June 14, 2001. Just as important as the report itself, is the collection of evidence and documents, appended to the report. Those documents validate the accuracy of information presented in the report. Today, for the benefit of my colleagues, I have put those appendices into the RECORD. The Financial Services Committee should review this information as they deal with re-authorizing the FDIC and the OTS. These entities are clearly out of control, and I want to summarize why this is so.

Bank regulators at the FDIC and OTS have very specific statutory charges. They are to recover money from the owners of banks and thrifts when the institutions fail. This system keeps depositors whole through federally-backed insurance funds and collects money from the banks' owners if they failed to properly manage the bank. I emphasize, bank regulators are to recover money.

We found boxes of evidence that clearly showed that the bank regulators at the FDIC and OTS deviated from their statutory charge and actually concocted a scheme, in concert with the Office of the Secretary of the Interior, to obtain redwood trees from an owner of the failed bank. The scheme was initiated, promoted, and lobbied by radical EarthFirst!

ecoterrorists. It was embraced by FDIC lawyers and facilitated by FDIC's outside counsel, and it was sanctioned at the highest levels of the agency.

The cornerstone of the scheme was to bring legal and administrative actions that the regulators believed and knew would fail against Mr. Charles Hurwitz, a 24-percent owner of a failed bank called United Savings of Texas. The bank regulators own written analysis of their claims said if the redwoods were not involved, their lawyers would have ''closed out'' the case. That means they would have dropped the case, period.

Instead, the bank regulators and their lawyers synthesized the redwood for bank claims scheme with politicians in Congress and with outside environmental groups. They then met, at a critical juncture, with the Office of the Secretary of the Department of the Interior where the shocking and incredible realization was noted by one participant in the meeting: if we drop the suit we ''undercut everything.''

Even before this startling evidence was uncovered by the task force, a U.S. District Court judge, the Honorable Lynn Hughes compared the tactics of the FDIC and OTS to that of the mafia.

Since the time when the report was placed in the RECORD by Mr. POMBO, the OTS administrative proceeding has been decided by the OTS administrative judge. In a 200 plus page opinion after reviewing 29,000 pages of transcripts and 2,400 pages of exhibits for over seven years, the OTS judge ruled against the agency on every single claim.

This ruling validates the inescapable conclusion that the bank regulators at the OTS and the FDIC still fail to acknowledge: their claims totally lack of merit and were brought for the political reason of obtaining ''the trees''—the redwoods—at no cost to the government. The staff report sets out the evidence supporting this conclusion.

This is an atrocious abuse of governmental power, and one that my colleagues and the agency should understand. For that reason, I have placed the evidence we collected—in its raw form—into the RECORD today.

I am doubly disturbed about what the bank regulators did, because the Committee on Resources and the Congress have the legal authority to decide what land is acquired and what the conditions of the acquisition should be, not banking regulators. Bank regulators clearly brought their claims for the environmentalists, for the Department of the Interior, and for the White House, not in furtherance of banking laws. Their decision was political and the disposition by the OTS judge again proves the point. These documents are even further validation.

When we asked the bank regulators at our hearing if their banking claims had anything to do with redwoods, they said, ''No.'' The staff report documents just how the bank regulators were deeply involved in the redwoods agenda—and how they cooperated to get ''the trees.'' The report shows how they switched their recommendation after meeting with the Department of the Interior. Right before they were to decide whether to pursue the claims, they obviously understood, ''If we drop [our] suit, [it] will undercut everything.'' Those are words are from the notes of a meeting between the FDIC and the Department of the Interior. Those words put the bank regulators squarely inside the redwoods agenda.

The bank regulators were thick into redwoods early in the process. They hired outside counsel based on the supposed expertise to handle a ''unique'' settlement involving the redwoods. Their outside counsel even acted as a conduit between FDIC lawyers and the environmental groups that lobbied for the redwoods.

There is so much evidence detailed in the staff report, which is why I am grateful that my colleague, Representative RICHARD POMBO, put the text of the report into the RECORD on Thursday, June 14, 2001. I want my colleagues to know that copies of the appendices to the report are also public record. The Task Force made them public at the close of its hearing on December 12, 2000. By my motion, they were released:

Mr. DOOLITTLE. . . . We've gone now for 5 hours. We haven't had a lunch break, and we're not going to have time to get into some of the other details. But I think there's enough revealed here that's very troubling, and it needs further examination, and therefore, I make the following motion: I move that all the documents we utilized in today's hearing be included in the hearing record and that all of the documents produced by the Department of the Interior be included as part of today's hearing record; and I furthermore move that any documents not included in the above categories that are necessary to document a staff report or analysis of the situation be released with such staff report. Hearing no objection. . . . So ordered.

Now that they are in the RECORD, my colleagues can see them in the context of the staff report.

CONGRESS OF THE UNITED STATES,
WASHINGTON, DC, JUNE 6, 2001.

Hon. JAMES V. HANSEN,
Chairman, Committee on Resources, House of Representatives.

DEAR MR. CHAIRMAN: Transmitted with this letter is the Staff Report entitled Redwoods Debt-For-Nature Agenda of the Federal Deposit Insurance Corporation and the Office of Thrift Supervision to Acquire the Headwaters Forest that you and Chairman Young requested.

The report composed of evidence, testimony, documents, records, and other material reviewed and analyzed by staff of the Committee on Resources during the 106th and 107th Congress. It follows the work of the Committee Task Force that reviewed the matter through December 2000.

The analysis concludes that there was a redwoods debt-for-nature scheme pursued by the bank regulators at the FDIC and the OTS beginning in at least February 1994. The scheme used almost meritless banking claims against Mr. Charles Hurwitz (stemming from his minority ownership of a failed savings and loan) as leverage for the federal government to obtain a large grove of redwood trees owned by the Pacific Lumber Company, a separate entity that Mr. Hurwitz owned and controlled.

It is clear that the scheme evolved as the FDIC grew to understand the importance of its (and the OTS') potential claims as the leverage for the redwoods during an unprecedented meeting it held in early 1994 with a Member of Congress. At that meeting, the investigation of the claims against Mr. Hurwitz and the redwoods debt-for-nature scheme were discussed in detail, a highly inappropriate action that launched the bank regulators into a hot political issue.

Immediately after the meeting, the goal of obtaining the redwoods was shared by the FDIC with the OTS, and the OTS was then hired by the FDIC to pursue a parallel administrative action against Mr. Hurwitz. The coordinated purpose of that strategy was to provide more leverage to get ''the trees,'' according to the notes of the FDIC lawyers.

The intense lobbying campaign by environmental groups, including Earth First!, directed at the FDIC, its outside counsel, the OTS, the Administration, the Department of the Interior, the White House, and Members of Congress was why ordinary internal operating procedures that would have closed out the case against Mr. Hurwitz were not followed.

The scheme to obtain redwoods overrode the initial internal conclusion that the claims against Mr. Hurwitz were losers for the bank regulators and should not have been bought under the written policy of the agency. In fact, the FDIC met with the top staff from the Office of the Secretary of the Department of the Interior to discuss the scheme just a few days prior to the stunning reversal of the internal staff recommendation not to sue Mr. Hurwitz. The FDIC notes from the meeting say, ''If we drop suit, [it] will undercut everything.'' Of course ''everything'' was the just-discussed scheme to leverage redwoods from Mr. Hurwitz.

The FDIC (and its agent, the OTS) were indeed an integral part of the redwoods debt-for-nature scheme. They willingly injected themselves into the issue through actions such as meetings with politicians and debt-for-nature advocates, internal analysis of debt-for-nature urgings by environmental advocates, and meetings with Department of the Interior officials promoting a redwoods debt-for-nature scheme. They did these things well before their claims were authorized to be filed by the FDIC board, and it became clearer and clearer to the bank regulators that there would be no ''debt'' and therefore no redwoods nature swap, if the claims were not brought or at least threatened.

The evidence of the FDIC's participation in the debt-for-nature scheme is overwhelming and contradicts the testimony offered by the witnesses at the December 12, 2000, hearing of the Committee Task Force that reviewed the matter. That testimony was that banking claims or the threat of banking claims against Mr. Hurwitz involving USAT were not brought as leverage in a broader plan to get the groves of redwoods from Mr. Hurwitz. The weight of the documentation does not buttress that conclusion at all; it contradicts it.

Indeed, these actions of the bank regulators, in particular the FDIC and by extension (then directly) the OTS, are an alarming display of how ''independent'' government agencies are not necessarily independent, have agendas, and do engage in politics when not controlled. What staff of such agencies often seem to forget is that the only authority they have is that which Congress gives to them by law. What staff of these agencies either did not know or forgot is that there is not authority in law for them to pursue the redwoods debt-for-nature scheme that they pursued. These agencies seemed to realize this well after the pursuit began and their claims were polluted with the illegitimate redwoods agenda.

The cost of this improper, illegal engagement—on a loser claim that would have been ''closed out'' if it were the normal situation—is upwards of $40 million to Mr. Hurwitz. If the federal government can conspire and get away with doing this to someone with the capacity and resources to defend himself, then imagine what the federal government can do this to a person who does not have the means or capacity to defend himself or herself.

The U.S. District Court Judge, The Honorable Lynn Hughes, who was assigned the

FDIC case, after learning of just a fraction of what the FDIC and OTS had done to strong-arm Mr. Hurwitz, concluded that the agencies used tools equivalent to the cosa nostra (essentially a mafia tactic). Judge Hughes was absolutely correct, and the documentation in this report provides additional basis that validates Judge Hughes conclusion. No one—whether he or she is a millionaire industrialist or a laborer in a factory—should be subject to the unchecked tools of an out of control ''independent'' agency like the FDIC or the OTS, not in our republic.

The report makes the following conclusion: ''The Directors of the FDIC and OTS should take corrective action and withdraw the authorization for the FDIC lawsuit and OTS administrative action against Mr. Hurwitz for matters involving USAT. The integrity of the bank regulatory system demands nothing less.''

I hope that the information in this staff report assists the Committee.

Sincerely,

DUANE R. GIBSON,
COUNSEL.

CONGRESSIONAL RESEARCH SERVICE,
June 29, 2001.

MEMORANDUM

To: Hon. DON YOUNG.

From: Morton Rosenberg, Specialist in American Public Law, American Law Division.

Subject: Propriety of the Establishment of an Investigative Task Force by a Committee Chairman and the Release and Publication in the Congressional Record of a Staff Report and Documents Gathered by the Task Force, and Related Questions.

You have submitted seven questions that inquire as to the legal propriety or basis for the establishment by the House Resources Committee of a task force and certain actions taken by that task force and its members. Our response is based on the following facts and circumstances which you have provided, which may be briefly summarized.

On August 15, 2000, as Chairman of the House Committee on Resources and acting through the authority vested in you by Rule 7 of the Committee's rules, you established the Task Force on the Headwaters Forest and Related Issues, which had a termination date of no later than December 31, 2000. The purpose of the Task Force was to review and study actions by the Federal Deposit Insurance Corporation (FDIC) and the Office of Thrift Supervision (OTS) which were alleged to have been undertaken by those agencies to improperly exert pressure on private parties so that the federal government could obtain parcels of land in northern California containing groves of redwood trees adjacent to the Headwaters Forest. Those parcels belonged to the Pacific Lumber Company which was owned by Mr. Charles Hurwitz. Mr. Hurwitz was a minority owner of a failed Texas savings and loan bank against whom a civil suit (by the FDIC) and an administrative action (by the OTS) were brought alleging professional liability bonding claims. The legal actions were said to have been brought as leverage to persuade Mr. Hurwitz to swap the redwood parcels for a settlement of these proceedings.

Following a period of preliminary investigation, which included requests for production of documents by FDIC, OTS, and the Department of Interior and private parties, and the issuance of subpoenas for withheld documents, the Task Force held a hearing on December 12, 2000. At the conclusion of the hearing the chairman of the Task Force, Mr. Doolittle, made the following motion, which was adopted by unanimous consent:

I move that all the documents we utilized in today's hearing be included in the hearing record and that all of the documents produced by the Department of the Interior be included as part of today's hearing record; and I furthermore move that any documents not included in the above categories that are necessary to document a staff report or analysis of the situation be released with such staff report.''

On June 6, 2001, a staff report on the Task Force's inquiry was transmitted to the current chairman of the Resource Committee, Mr. James V. Hansen, and to members of the Task Force. Mr. Richard W. Pombo, a member of the Task Force, requested and received permission of Chairman Hansen to publish the staff report in the CONGRESSIONAL RECORD, which occurred on June 14, 2001. See 147 Cong. Rec. E 1123–E1136.

We will respond to your questions in the order submitted. Where questions appeared to be closely related, they are answered together.

1. Was the creation of a task force a valid exercise of Committee Rule 7 authority?

House rules have vested broad powers in committees and their chairs to conduct oversight and investigative proceedings without telling them how they are to do so. House Rule X.2(b)(1) directs that ''Each standing committee . . . shall review and study, on a continuing basis, the application, administration, and effectiveness of those laws, or parts of laws, the subject matter of which is within the jurisdiction of that Committee . . . in order to determine whether such laws and the programs thereunder are being implemented and carried out in accordance with the intent of the Congress and whether such programs should be continued, curtailed, or eliminated''. House Rule XI.1(b) provides that ''Each committee is authorized at any time to conduct such investigations and studies as it may consider necessary and appropriate in the exercise of its responsibilities under Rule X''. The various House committees and subcommittees have their own rules, procedures and practices. Different inquiries by different committees may follow their own individual paths. Committees may decide among themselves, by precedent or newly devised procedures, how to conduct any particular inquiry. A committee can even adopt rules requiring committee votes before initiating major inquiries, as the House Un-American Activities Committee (HUAC) did in the 1960's, and the House Permanent Select Committee on Intelligence has done in recent years. If such a rule is adopted, ''it must be strictly observed''. Gojack v. United States, 384 U.S. 702, 708 (1966). Both committees had special reasons for adopting such a rule—HUAC's stemming from the controversial nature of its investigations, the Intelligence Committee because of the sensitivity of its inquiries—but the vast majority of committees have not perceived a need to adopt such a rule.

In the instant situation, Rule 7 of the Resources Committee's rules authorizes the Chairman, after consultation with the Ranking Minority Member, ''to appoint Task Forces, or special or select Subcommittees, to carry out the duties and functions of the Committee.'' The Chairman's August 15, 2000 charter of the Task Force vested it with authority ''to carry out the oversight and investigative duties and functions of the Committee'' regarding the Headwaters Forest matter initiated by the Chairman's letter of June 16, 2000. The Task Force's duration was limited to less than six months so that assignment to the Task Force would not count against the limitation on Subcommittee service under House Rule X.5(b)(2)(c). This section of the House Rules also recognizes and contemplates the creation by standing committees of task forces by its definition of ''subcommittee'' to include ''a panel . . ., task force, special subcommittee, or other subunit of a standing committee. . .''

But even without such a rule, the ordinary procedures by which chairmen commerce inquiries—through inquiry letters, scheduling of hearings, or staff studies and interviews—are proper without committee votes in advance or minority party participation in their formulation or conduct. In furtherance of the responsibility to engage in continuous oversight under Rule X.2(b)(1), it has been traditionally proper for the chairman of committees and subcommittees to initiate preliminary reviews and studies, i.e., inquiries which in a general sense may be termed ''preliminary investigations'' to be undertaken by the committee and subject to the ultimate control and direction of the committee. It is seen as essential, for example, that a chairman's preliminary inquiry be able to minimize the possibility of the destruction of documents pending their formal incorporation as committee files. In this regard, the courts have held that the legal obligation to surrender documents requested by the chairman of a congressional committee arises at the time of the official request, and have agreed in construing 18 U.S.C. 1505, a statute proscribing the obstruction of congressional proceedings, that the statute is broad enough to cover obstructive acts in anticipation of a subpoena. See, e.g., United States v. Mitchell, 877 F.2d 297, 300–01 (9th Cir. 1979); United States v. Tallant, 407 F. Supp. 878, 888 (D.N.D Ga. 1975).

The Mitchell ruling is particularly pertinent to the question under consideration here. In that case the appeals court upheld a conviction for obstructing an investigation by the House Committee on Small Business. The court said of the obstruction statute that ''[t]o give section 1505 the protective force it was intended, corrupt endeavors to influence congressional investigations must be proscribed *even when they occur prior to formal committee authorization*.'' 877 F.2d at 301 (emphasis supplied). The court explained the factual background as follows:

Applying these principles to the case at hand, all of the circumstances surrounding this investigation point to the conclusion the appellants' corrupt endeavor was directed towards a legitimate House investigation. *The investigation was instigated by the chair of a House Committee* that unquestionably has jurisdiction over the subject matter of the inquiry. The letter from Congressman Mitchell to the SHA expressly said that ''[t]his Committee is presently conducting an investigation'' and referred to the Small Business Act for its authority to do so. Furthermore, the investigation was handled by the chief investigator of the Small Business Committee on a continuing basis for several months. * * * *[T]his was a congressional investigation. Accordingly, we hold that the investigation instigated by Congressman Mitchell was an investigation by the Small Business Committee* of the House that was protected by §1505]''. *Id*. (emphasis supplied).

The appeals court quite clearly was approving the notion that a chairman can initiate a proper committee investigation and identifying two classic indicia of a chairman-initiated investigation: the writing of a letter and the handling of the investigation by a committee staffer (the ''chief investigator of the Small Business Committee''). See also, United States v. North, 708 F. Supp. 372, 374 notes 3 and 4 (D.D.C. 1988). United States v. North, 708 F. Supp. 380, 381–82 (D.D.C. 1988).

In sum, the Chairman's creation of the Task Force is well founded in Committee and House rules and congressional practice.

2. Can a Committee on Resources task force generally have the powers and duties of a subcommittee?

3. Did the task force have the power and authority under its charter and the applicable rules to discharge the duties and functions of the committee—such as holding hearings, receiving testimony, compiling staff reports and analyses, and releasing records and documents (into hearing records and publicly to document staff reports)?

A congressional committee is a creation of its parent House and only has the power to inquire into matters within the scope of the authority that has been delegated to it by that body. Thus, the enabling rule or resolution which gives the committee life is the charter which defines the grant and limitations of the committee's power. In construing the scope of a committee's authorizing charter, courts will look to the words of the rule or resolution itself, and then, if necessary to the usual sources of legislative history such as floor debate, legislative reports, past committee practice and interpretations. Jurisdictional authority for a ''special'' investigation may be given to a standing committee, a joint committee of both houses, or a special subcommittee of a standing committee, among other vehicles.

As indicated in the above discussion, House Rules X and X1 clearly vest oversight authority, including the holding of hearings and the issuance of subpoenas, in its standing committees and their subcommittees, and the creation by standing committees of subunits, such as task forces, that would carry out particularized oversight tasks. The Headwaters Forest Task Force was formally established pursuant to Committee Rule 7 and the Task Force's authority was particularly defined in its charter of August 15, 2000: ''[T]o carry out the oversight and investigative duties and function of the Committee regarding the oversight review specified in the June 16, 2000 letter (attached hereto)'' and to ''hold hearings on matters within its jurisdiction'' which are expressly delineated in the charter. Such hearings are made ''[s]subject to the Rules of the House of Representatives and the Rules of the Committee on Resources'' and had to be approved by the chairman prior to their announcement.

In light of this, it is likely that viewing court would find that the Task Force was properly constituted and could validly exercise all the powers of a subcommittee including holding hearings, receiving testimony and documents and making such documents part of the hearing record, directing the preparation of staff reports and analyses, and authorizing the release of such staff reports together with supporting documentary evidence gathered by the Task Force.

4. Regarding the unanimous consent request by Chairman Doolittle on December 12, 2000, is it, coupled with the permission of Chairman Hansen, valid authority to release of the report?

5. Does the unanimous consent request, coupled with the release of the report into the Congressional Record also cover the release of the records contained in the appendices to the report? Generally, is a vote of the Full committee required in order to release such subpoenaed documents and records? Was it in this situation?

Task Force Chairman Doolittle's unanimous consent request adopted at the conclusion of the December 12, 2000 hearing had the effect of making two categories of documents—documents utilized during the hearing and those produced by the Department of Interior—part of the record of the hearing. It also authorized the use of documents received by the Task Force which are not within those two categories to be utilized in the preparation of a staff report where necessary to buttress the analysis and the release of those documents upon the release of the staff report.

Public release of documents gathered in the course of a legitimate committee investigation, including those introduced at a hearing, is well supported by the House rules, committee practice and relevant judicial precedent. Under House Rule XI, 2, ''all committee hearings, records, data, charts, and files . . . shall be the property of the House and all Members of the House shall have access thereto.'' There is no restriction on the use of evidentiary material, gathered by a committee and presented in a hearing, unless that ''evidence'' is taken in executive session. In those circumstances the evidence may not be ''used in public sessions without the consent of the committee.'' Rule XI, 2(k)(7). We are advised that the subject material was not received in executive session.

A Committee has a right to utilize the documents it has received in any manner that enables it to perform its legitimate legislative functions. In the absence of a countervailing constitutional privilege or a self-imposed statutory restriction upon its authority, Congress and its committees have virtually plenary power to compel information needed to discharge their legislative function from executive agencies, private persons, and organizations, McGrain V. Daugherty, 272 U.S. 135, 177 (1927); Watkins v. United States, 354 U.S. 178, 187 (1957); Barenblatt v. United States, 360 U.S. 109, 111 (1959); Eastland v. United States Servicemen's Fund, 421 U.S. 491, 504 n. 15 (1975), and with certain constraints, the information so obtained or maybe made public, Doe v. McMillan, 412 U.S. 706, 313 (1973); Doe v. McMillan, 556 F. 2d 713–16 (D.C. Cir. 1977), cert. denied 435 U.S. 969 (1978).

Thus, for example, where a statutory confidentiality or non-disclosure provision barring public disclosure of information is not explicitly applicable to the Congress, the courts have consistently held that agencies and private parties may not deny Congress access to such information on the basis of such provisions. FTC v. Owen-Corning Fiberglass Corp., 626 F2d 966, 970 (D.C. Cir. 1980); Exxon Corp. v. FTC, 589 F.2d 582, 589 (D.C. Cir. 1978), cert. denied, 441 U.S. 943 (1979); Ashland Oil Corp. v. FTC, 548 F.2d 977, 979 (D.C. Cir. 1976); Moon v. CIA, 514 F. Supp. 836, 849–51 (SDNY) 1981). Nor may a court block congressional disclosure of information obtained from an agency or private party, at least when disclosure would serve a valid legislative purpose. Doe v. McMillan, 412 U.S. 306, 312 (1973); FTC v. Owens-Corning Fiberglass, supra, 626 F.2d at 970.

Since none of the documents in question were received in an executive session of the Task Force, no vote of the Task Force or the full Committee was necessary to release them, and all the documents and records of the Task Force were available for inspection by any member of the House. Chairman Hansen's authorization to Mr. Pombo was sufficient (although probably not necessary) to permit him to insert the entire staff report in the Congressional Record.

6. Please review the section in the report entitled ''Use of Records and Documents'' and comment on whether it is accurate and whether it is correct with respect to utilization of allegedly privileged documents by a committee in a staff report under the circumstances contained in this memo.

7. Do litigation privileges apply to constrain release of records in such a staff report by the Task Force or the Committee on Resources in the House? If records are used in a staff report under the circumstances explained in this memo and the use impacts litigation, is there any bar to the utilization or release of records that document a staff report? If documents that are compelled to be produced are produced under a subpoena to a federal entity and such documents are used in hearings or staff reports, is a judicial privilege generally waived by the federal entity?

The Staff Report indicates that FDIC and OTS have suggested that public release of certain documents may jeopardize the agencies' pending civil and administrative proceedings and would also waive judicial litigation privileges that may be available. Neither contention is likely to be upheld by a reviewing court.

With respect to effect of pending civil or criminal litigation on the ability of a congressional committee to conduct an oversight investigation of an agency, the Supreme Court has long held that refusals to provide testimony or evidence based on an ongoing or potential litigation would not be recognized. In Sinclair v. United States, 279 U.S. 263 (1929), the Court upheld the contempt of Congress conviction of a witness in the face of such a contention, holding that neither the laws directing such lawsuits be instituted, nor the lawsuit themselves ''operated to divest the Senate, or the Committee, of power further to investigate the actual administration of the laws.'' 279 U.S. at 295. The Court further explained: ''It may be conceded that Congress is without authority to compel disclosures for the purpose of aiding the prosecution of pending suits; but the authority of that body, directly or through its committees, to require pertinent disclosures in aid of its own constitutional power is not abridged because the information sought to be elicited may also be of use in such suites.' Id. In other words, those persons having evidence in their possession, including officers and employees of executive agencies, can not lawfully assert that because lawsuits are pending involving the government, ''the authority of the [the congress], directly or though its committees, to require pertinent disclosures'' is somehow ''abridged.'' Id.

The courts have recognized that disclosures at congressional hearings may have the effect of jeopardizing the successful prosecution of civil and criminal cases, but in no instance has any court suggested that this provides a constitutional or legal limitation on Congress' right to conduct an investigation. See, e.g., Delaney v. United States, 195 F. 2d 107, 114 (1st Cir. 1952). Commenting on Congress' power in this regard, Independent Counsel Lawrence E. Walsh, who saw successful prosecutions judicially overturned because of public testimony at congressional hearings, observed that ''[t]he legislative branch has the power to decide whether it is more important perhaps even to destroy a prosecution rather than to hold back testimony they need. They make that decision. It is not a judicial decision or a legal decision but a political decision of the highest importance.'' See Walsh, ''The Independent Counsel and the Separation of Powers,'' 25 Hous. L. Rev. 1,9 (1998). See also ''Investigative Oversight: An Introduction to the Law, Practice and Procedure of Congressional Inquiry, 4, 23–29, CRS Report No. 95–464A, April 7, 1995 (CRS Report).

Similarly, precedents of the House of Representatives and the Senate, which are founded on Congress' inherent constitutional prerogative to investigate, establish that acceptance of common law testimonial privileges, such as attorney-client or work product privileges, rests in the sound discretion of a congressional committee regardless of whether a court would uphold the claim in the context of litigation. See, CRS Report a pp. 43–56. Indeed, Resources Committee Rule 4(i) specifically provides that: ''Claims of common-law privilege made by witnesses at hearings, or by interviewees or deponents in

investigations or inquiries, are applicable only at the discretion of the Chairman, subject to appeal to the Committee.''

Next, we turn to the question whether publication of the documents received during the course of your investigation will have the effect of waiving any privileges that might otherwise be asserted in any pending or future litigation. Our review of the applicable case law, and the constitutional principles underlying congressional oversight and investigations, lead us to conclude that a reviewing court is not likely to find that disclosure by your Committee, under the circumstances now obtaining, would effect a waiver of any privileges that might be asserted in a related court proceeding.

More particularly, once documents are in congressional hands, the courts have held that they must presume that the committees of Congress will exercise their powers responsibly and with due regard for the rights of effected parties. FTC v. Owens-Corning Fiberglass Corp., 626 F. 2d 966, 90 (D.C. Cir. 1980); Exxon Corp. v. FTC, 589F. 2d 582, 589 (D.C. Cir. 1978), cert denied, 441 U.S. 943 (1979); Ashland Oil Corp. v. FTC, 458 F. 2d 977, 979 (D.C. Cir. 1976). Nor may a court block congressional disclosure of information obtained from an agency or private party, at least where disclosure would serve a valid legislative purpose. Doe v. McMillan, 412 U.S. 306 (1973); FTC v. Owings-Corning Fiberglass Crop., supra, 626 F. 2d at 970.

It is also well established that when the production of privileged communications is judicially compelled, compliance with the order does not waive the applicable privilege in another litigation, as long as it is demonstrated that the compulsion was resisted. See, e.g., U.S. v. De La Jara, 973 F. 2d 746, 749–50 (9th Cir. 1992) (''In determining whether the privilege should be deemed waived, the circumstances surrounding the disclosure are to be considered. Transamerica Computer, 573 F. 2d at 650.'') Westinghouse Electric Corp. v. Republic of the Philippines, 951 F. 2d 1414, 1427, 1427 n. 14 (3d Cir. 1991) (''We consider Westinghouse's disclosure to the DOJ to be voluntary even those it was prompted by a grand jury subpoena, Although Westinghouse originally moved to quash the subpoena, it later withdrew the motion and produced the documents pursuant to the confidentially agreement. *Had Westinghouse continued to object to the subpoena and produced the documents only after being ordered to do so, we could not consider the disclosure to do so to be voluntary'')* (emphasis supplied); Jobin v. Bank of Boulder (In re M&L Business Machines Co.), 167 B.R. 631 (D. Colo. 1994) (''Production of documents under a grand jury subpoena does not automatically ciliate the attorney-client privilege, much less in an unrelated civil proceeding brought by a non-governmental entity. This is especially true in a case such as this, where the record demonstrates that the Bank has consistently sought to protect its privilege.''). Some courts have even refused to find waiver when the client's production, although not compelled, is pressured by the court. Transamerica Computer Corp. v. IBM, 576 F. 2d 646, 651 (9th Cir. 1978). Similarly another court found that a client's voluntary production of privileged documents during discovery did not effect a waiver because it was done at the encouragement of the presiding judge. Duplan Corp. v. Deering Milliken, Inc., 979 F. supp. 1146, 1163 (S.D.S.C 1974) (finding no waiver ''where voluntary waiver of some communications was made upon the suggestion of the court during the course of the in camera proceedings.'').

Moreover, at least two federal circuits have held that disclosures to congressional committees do not waiver claims of privilege elsewhere. See, Florida House of Representatives v. Dept. of Commerce, 961 F. 2d 941, 946 (11th Cir. 1992); Murphy v. Department of the Army, 613 F. 2d 1151, 1155 (D.C. Cir. 1979).

As we understand it, documents about which FDIC and OTS have raised concerns are ones that were withheld and had to be subpoenaed. On the basis of the above-delineated precedents, the agencies could make a plausible arguments that they raised sufficient resistence to demonstrate that the disclosure was involuntary and thus not a waiver or privilege.

Finally, it may be noted that publication of the staff report and attached documents is ultimately protected by the Speech or Debate Clause of the Constitution, Art I, sec. 6, cl. 1, and that such publication, since it does not contain classified material, is unlikely to be sanctioned under the ethics rules of the House.

The purpose of the Speech or Debate Clause, which provides that ''for any Speech or Debate in either House, (Members} shall not be questioned in any other place,'' is to assure the independence of Congress in the exercise of its legislative functions and to reinforce the separation of powers established in the Constitution. Eastland v. United States Servicemen's *Fund*, supra, 421 U.S. at 502–03 (1975). The Supreme Court has read the clause broadly to effectuate its purposes. Eastland supra; see also, United States v. Swindall, 971 F.2d 1531, 1534 (11th Cir. 1992). The clause protects ''purely legislative activities'', including those inherent in the legislative process. Chastain v. Sundquist, 833 F.2d 311, 314 (D.C. Cir. 1987) (quoting U.S. Brewster, 408 U.S. 501, 512), cert. denied, 487 U.S. 1240 (1988). The protection of this clause is not limited to words spoken in debate. ''Committee reports, resolutions, and the act of voting are equally covered, as are things generally done in a session of the House by one of its members in relation to the business before it.'' Powell v. McCormack, 395 U.S. 486, 502 (1969). Thus, so long as legislators are ''acting in the sphere of legitimate legislative activity,'' they are ''protected not only from the consequences of litigation's results but also from the burden of defending themselves.'' Tenney v. Brandhove, 341 U.S. 367, 376–377 (1951). The clause has been held to encompass such activities integral to the lawmaking process as circulation of information to other Members, Doe v. McMillan, 412 U.S. 306, 311–312 (1973); Gravel v. United States, 408 U.S. 606, 625 (1972), and participation in committee investigative proceedings, and reports. DOE v. McMillan, supra; U.S. Servicemen's Fund v. Eastland, supra; Dombrowski v. Eastland, 387 U.S. 82 (1967); Tenney v. Brandhove, supra.

But the clause does not protect activities only casually or incidentally related to legislative affairs. Thus newsletters or press releases circulated by a Member to the public are not shielded because they are ''primarily means of informing those outside the legislative forum.'' Hutchinson v. Proxmire, 443 U.S. 111 (1979). The key consideration in such cases is the act presented for examination, not the actor. Activities integral to the legislative process may not be examined, but peripheral activities not closely connected to the business of legislating do not get the protection of the clause. Walker v. Jones, 733 F.2d 927, 929 (D.C. Cir. 1984). Thus, dissemination directly to the press of the documents themselves or of staff reports that contain information that describes or quotes from the documents, may not come under the protection of the Clause. But dissemination of staff reports to Members of the Committee and their staff, or the inclusion of such reports, or the documents themselves, in the record of public sessions of the hearings, or the Congressional Record, are functions that are likely to be held ''integral'' to the legislative process and protected by the Clause. Indeed, since Gravel and the revelation of the classified Pentagon Papers on the floor of the Senate by Senator Gravel, the disclosure of less sensitive proprietary matter in legislative forums such as the floor or in hearings is unlikely to be successfully challenged. A review of ethics proceedings in the House since 1978 conducted by the House Committee on standards of official conduct indicates that there have been only two instances involving matter inserted in the Congressional Record. In one, Rep. Thomas L. Blanton (TX) was censured on October 22, 1921 for publishing a document in the Congressional Record that contained ''indecent and obscene language.'' In 1977 a compliant against Rep. Michael J. Harrington (MA) for leaking classified information in the Record was dismissed upon finding that the information had not been properly classified. See Committee on Standards of official conduct, ''Historical Summary of Conduct Cases in the House of Representatives,'' April 1992.

United States House of Representatives
Committee on Resources Staff Report

REDWOODS DEBT-FOR-NATURE AGENDA OF THE FEDERAL DEPOSIT INSURANCE CORPORATION AND THE OFFICE OF THRIFT SUPERVISION TO ACQUIRE THE HEADWATERS FOREST, JUNE 6, 2001

The records, documents, and analysis in this report are provided for the information of Members of the Committee on Resources pursuant to Rule X 2.(a) and (b) of the Rules of the House of Representatives, so that Members may discharge their legislative and oversight responsibilities under such rules. This report has not been officially adopted by the Committee on Resources and may not therefore reflect the views of its members.

Documentation References

Documentation is referenced in parentheticals throughout the text of this report. References to ''Document A'' are references to documents that were incorporated into the hearing record by unanimous consent by the Task Force on Headwaters Forest and Related Matters on December 12, 2000. These documents are contained in the files of the Committee and those that are referred to are reproduced in Appendix 1. Documentation referenced as ''Record 1,'' ''Record 2'' etc. is documentation found in Appendix 2. Much of this documentation was not introduced as part of the hearing record, and it is provided for reference to substantiate key facts referenced in this report. References to ''Document DOI A,'' ''Document DOI B,'' etc. are references to documents that were incorporated into the hearing record by unanimous consent of the Task Force on December 12, 2000. These documents were produced to the Committee from the Department of the Interior. Appendix 4 contains the correspondence between the Committee and the bank regulators.

All documentation referenced in this report and attached in an appendix is necessary to contextually verify the information and conclusions reached in this report on subjects within and related to the jurisdiction of the Committee on Resources. The records, documents, and analysis in this report are provided for the information of Members pursuant to Rule X 2.(a) and (b) of the Rules of the House of Representatives, so that Members may discharge their responsibilities under such rules.

Role of the Committee on Resources: The Headwaters Forest Purchase and Management

Ordinarily, one would think that the Committee on Resources does not regularly interact or have jurisdiction over bank regulators. It is important to understand that

the Committee on Resources has jurisdiction over the underlying law that initially authorized the purchase of the Headwaters Forest by the United States and management of the land by the Bureau of Land Management. That law was enacted in November 1997 and is P.L. 105–83, Title V, 111 Stat. 1610. That legislation was incorporated in an appropriations bill that funded the Department of the Interior.

Several conditions constrained the Headwaters authorization. One of those conditions was that any ''funds appropriated by the Federal Government to acquire lands or interests in lands that enlarge the Headwaters Forest by more than five acres per each acquisition shall be subject to specific authorization enacted subsequent to this Act.'' This clause in the authorizing statute is commonly referred to as the ''no more'' clause, because it prohibits federal money from being used to expand the Headwaters Forest after the initial federal acquisition. This was part of the agreement between the Administration and the Congress when funds were authorized and appropriated for the purchase of the Headwaters Forest. The federal acquisition actually took place on March 1, 1999, the final day of the authorization, at which time all federal activity to acquire additional Headwaters Forest should have been dropped. Thus, the FDIC's lawsuit and the OTS's administrative action should be dropped.

This statute, including the ''no more'' clause, is part of the Committee's basis to compel bank regulators to provide documents and testimony about subjects related to the Headwaters Forest, debt-for-nature, redwoods, and related subjects. The sheer volume of material possessed by the banking regulators on subjects related to the Headwaters Forest, possible acquisition of Headwaters Forest, and redwoods debt-for-nature schemes provide more than adequate basis for the Committee's jurisdiction over these agencies about these subjects. Additionally, the banking regulators have submitted themselves, properly, to the jurisdiction of the Committee.

Use of Records and Documents

The FDIC and the OTS will undoubtedly complain that use of some of the records and documents disclosed in this report will jeopardize their case against Mr. Hurwitz, and that certain litigation privileges or a court seal apply to the documents; however, as stressed above, all documentation in this report and attached in an appendix is necessary to contextually verify the information and conclusions reached in this report. The documentation directly bears on subjects within and related to the jurisdiction of the Committee on Resources.

The records, documents, and analysis in this report are provided for the information of Members. Informing Members has legal basis in Article I of the Constitution and is implied because Members of Congress need accurate information to legislate. Indeed, the Committee has legislated on the Headwaters Forest. Informing members also has legal basis under rule X 2.(a) and (b) of the Rules of the House of Representatives. Members will be better able to discharge their responsibilities under such rules after reviewing the infomation in this report.

Some may believe that litigation privileges might prohibit use of the records not already part of the Task Force hearing records. However, litigation privileges do not generally apply to Congress. They are created by the judicial branch of government for use in that forum. Assertions of any litigation privileges by the FDIC or the OTS or Mr. Hurwitz related to documents that are disclosed in this report may still be made in the judicial forum.

Committee staff has redacted sensitive information (for example information unrelated to redwoods or debt-for-nature and information involving legal strategy) of certain records and documents to preserve the integrity of the judicial and administrative proceedings. It is expected that the FDIC and OTS may erroneously say that disclosure of certain documents and records will undercut their litigation position. While many of the documents and records disclosed may be quite embarrassing to the bank regulators, embarrassment is no basis for keeping the information about the unauthorized redwoods debt for nature scheme secret. Some sunshine will expose the unauthorized redwoods agenda of the bank regulators in this case and sanitize the system in the future.

Background and Summary

On December 12, 2000, the Task Force on Headwaters Forest and Related Matters held a hearing that exposed an evolving redwoods ''debt-for-nature'' scheme undertaken by bank regulators—the Federal Deposit Insurance Corporation (FDIC) and the Office of Thrift Supervision (OTS). Presented at that hearing was substantial documentation and testimony showing how federal banking regulators, swayed by an intensive environmentalist lobbying campaign, willingly became integral to a ''debt-for-nature'' scheme to obtain redwood trees.

In short, banking regulators provided the otherwise unavailable leverage for a federal plan to extort privately owned redwood trees. The leverage used was the threat of ''professional liability'' banking claims against Mr. Charles Hurwitz, a minority owner of United Savings Association of Texas (USAT), a failed Texas savings and loan.

Mr. Hurwitz was a favorite target of certain environmental activists who wished to obtain the large grove of redwood trees in northern California, redwoods that belonged to a company, the Pacific Lumber Company, also owned by Hurwitz. The environmental interests pressured Congress, the Administration, and the banking regulators to bring the banking actions against Mr. Hurwitz and USAT. The idea was that the actions or threat of actions would lever or even force Mr. Hurwitz into transferring redwood trees to the federal government.

The FDIC suit (Federal Deposit Insurance Corporation, as manager of the FSLIC Resolution Fund v. Charles Hurwitz, Civil Action No. H–95–3956) and the OTS administrative action (In the Matter of United Savings Association of Texas and United Financial Group, No. WA 94–01) against Mr. Hurwitz actually became what the environmentalists and political forces sought: the legal actions were the leverage for redwoods.

The bank regulators knew that their actions would be the leverage for such a debt-for-nature transaction. Between late 1993 and when the actions were initiated, the bank regulators became more and more enmeshed with the environmental groups, the Department of the Interior, and the White House in the redwoods debt-for-nature scheme. In the end, they ignored every prior internal analysis indicating that they would lose the USAT suit, so them teamed up and brought it administratively and in the courts.

Ultimately, the FDIC suit and their hiring of OTS to bring the separate administrative action forced Mr. Hurwitz to the negotiation table. The bank regulators, in concert with the Department of the Interior and the White House, actually baited Mr. Hurwitz into raising the redwoods issue first, so it would not appear that the bank regulators were seeking redwood trees. Indeed the bank regulators still try to propogate the fiction that Mr. Hurwitz somehow raised the issue first, but they can point to no document written evidence prior to September 6, 1995, when Mr. Hurwitz finally submitted and broached the possibility of swapping redwoods for bank claims.

After an intense banking regulator effort to get the redwoods that lasted from 1993 through 1998, the federal government and the State of California switched the plan and purchased the redwood land owned by Mr. Hurwitz's company. They did so as authorized by Congress (P.L. 105–83, Title V, 111 Stat. 1610).

After the federal purchase, the residue was: (1) fatally flawed banking claims that lacked merit; (2) bank regulators standing alone having been used politically by the White House and Department of the Interior; (3) a group of environmentalists still screaming ''debt-for-more-nature;'' (4) a federal judge who compared the tactics of the bank regulators to those of hired governments and the ''Cosa Nostra'' (the mafia); and (5) Mr. Hurwitz who was required to spend upwards of $40 million to fight the scheme. In short, the residue was a big mess.

However, not until the oversight review and December 12, 2000, hearing of the Task Force did the banking regulators' redwoods ''debt-for-nature'' motivation, which stumped their own negative evaluation of the merits of their case, become more fully understood. It was clear after the hearing that the ''professional liability'' claims would have been administratively closed—never even brought to the FDIC board by FDIC staff for action—had Mr. Hurwitz not owned Pacific Lumber Company and the Headwaters Forest redwood trees.

Instead, intense political pressure, intense environmental lobbying, and White House pressure to pursue the banking claims as leverage for redwoods outweighed the standard operating procedure to administratively close the USAT case, because there was no USAT case. Two sets of banking regulators—the FDIC and the OTS—became willing instruments and partners in the debt-for-nature scheme as they violated their own test for bringing ''professional liability'' claims. Bank regulators brought the claims against Mr. Hurwitz even though they were more likely than not to fail and were not cost effective.

The banking regulators' own assessment was that their action would have a 70% likelihood of failure on statute of limitation grounds alone. Even if the claims survive the statute of limitation challenges, their own cerebral assessment put less than a 50% likelihood of success on the merits of their claims. These are not the conclusions of the Task Force, although some Members may well agree with them; they are the conclusions of the bank regulators themselves.

Moreover, the bank regulators (OTS and FDIC) held numerous meetings about the redwoods debt-for-nature scheme, and at a critical juncture right before they reversed their recommendation to the FDIC board, they met with DOI. The bank regulators walked away from that meeting knowing that [i]f we drop [our] suit, [it] will undercut everything.'' (Record 21). This is the meeting that most likely ensured that the leverage for the redwoods desired by the DOI and the Clinton Administration would become real through filing legal and administrative actions.

These contacts were far outside of normal operating practice for banking regulator and were described by the former Chairman of the FDIC as ''shocking'' and ''highly inappropriate'' (Hearing Transcript, 43–44).

In addition, the former FDIC Chairman told the Task Force that environmental reference to redwoods does not have ''any relevance whatsoever [on] whether or not you

[the FDIC] sue[s] Charles Hurwitz and Maxxam over the failure of United Savings. Whether they own redwood trees or not is absolutely, totally irrelevant.'' (Hearing Transcript, page 45). This stinging rebuke from a past FDIC Chairman is a fitting assessment of the actions of an agency caught up in a debt-for-nature agenda that was too big, too political, and too unrelated to its statutorily authorized purpose.

While there were many factors that nudged the FDIC, and by association the OTS, into the debt-for-nature scheme—its own outside counsel, the law firm of Hopkins & Sutter—provided early and direct links into the environmental advocates who lobbied and advocated for federal acquisition of the Headwaters Forest through a debt-for-nature scheme. In fact, they were selected over as outside counsel other firms because of their environmental connections and ability to handle a redwoods debt-for-nature swap.

In addition, the predisposition of the legal staff of the FDIC and OTS, the strong desires of Department of the Interior and the White House, the creative lobbying of the Rose Foundation and the radical Earth First! protesters (whose effect was felt and noted in the FDIC Board Meeting discussions during consideration of the USAT matter) all allowed the redwoods debt-for-nature scheme to pollute FDIC and OTS decision-making about the potential claims over USAT's failure. Very little if any documentation provided to the Task Force justified, on a substantive basis, the decision to proceed with the banking actions against Mr. Hurwitz and the other USAT officers and directors.

Redwoods and ''debt-for-nature'' were not part of banking regulators decision-making or thought process early in the investigation of possible USAT banking claims—from December 1988 through about August 1993. The notion was first introduced to the FDIC in November 1993, when the redwoods debt-for-nature proposal sent to them by Earth First! was ''reviewed'' by FDIC lawyers. The first Congressional lobbying of bank regulators promoting redwoods debt-for-nature occurred by letter on November 19, 1993. The first known in-person lobbying of bank regulators by a Member of Congress about potential claims of bank regulators being swapped for redwoods occurred in February 1994. The tainting of any possible legitimate banking claims began with the occurrence of that very unusual meeting.

The documents and records show how the redwoods debt-for-nature notion ultimately permeated bank regulators decisions while they developed and brought their claims against Mr. Hurwitz. As the claims were kept active during fourteen tolling agreements between bank regulators and Mr. Hurwitz as the leverage against him for redwoods using those claims was applied. And when the claims were authorized and then filed on August 2, 1995, the claims became more leverage.

In the end, the evidence is clear that, but for the environmentalists pressure to get redwoods through debt-for-nature and, but for Congressional pressure to get leverage on Mr. Hurwitz to submit and give up his redwoods to the government, the banking claims would not even have been brought.

Interestingly, it was unknown early in that process whether a settlement for potential USAT claims would be viable at all or include redwoods, or whether the government would possibly purchase the redwoods. In any case, the threat of and actual FDIC and OTS claims brought Mr. Hurwitz to the negotiating table. Prior to the claims being filed, the FDIC conspired with the White House and the Department of the Interior about the importance and role of the banking claims to advance the debt-for-nature redwoods agenda. The OTS was present during some of those meetings and was reportedly ''amenable'' to the redwoods debt-for-nature strategy.

Even after the outright federal acquisition, which was by purchase, the call became ''debt for more nature,'' through a continued use of the bank regulators leverage of suits that were in process already. The claims continued to be used by the federal government to lever Mr. Hurwitz for more nature, at that juncture arguably in violation of the authorizing statute.

What remained at the end of the day were filed claims that would not have been brought under ordinary circumstances had Mr. Hurwitz not owned redwoods. The bank bureaucracy, with its reason for bringing the claims in the first place having evaporated, continued the fiction: they continued propagating the false notion that redwoods and debt-for-nature had nothing to do with their bringing the USAT claims. Mr. Hurwitz raised it first, they said, even as the FDIC told Department of the Interior that they needed an ''exit strategy'' from the redwoods issue. If redwoods had nothing to do with bringing or pursuing the claims in the first place, then there would be no need for an ''exit'' strategy from the redwoods issue.

The documentation discovered by Chairman Young and Task Force Chairman Doolittle, which is explained in this report, dispels the notion that Mr. Hurwitz raised the redwoods debt-for-nature first. To the contrary, the federal government, bank regulators included, actually baited Mr. Hurwitz into raising it, and they became uncomfortable when he had not raised it nearly a year after the FDIC suit was filed and months after the OTS suit was brought.

This report synthesizes records and information about the redwoods ''debt-for-nature'' scheme of banking regulators, the information subpoenaed from the FDIC and OTS, and the information collected at the December 12, 2000, hearing of the task force.

Ordinary Role of the FDIC and OTS; Regulate Banks and Recover Money

As a starting point, it is helpful to understand the ordinary and authorized role of bank regulators when financial institutions fail. The FDIC is the independent government agency created by Congress in 1933 to maintain stability and public confidence in the nation's banking system by insuring deposits. The FDIC administers two deposit insurance funds, the Bank Insurance Fund for commercial banks and other insured financial institutions and the Savings Association Insurance Fund for thrifts.

Other than its deposit insurance function, the FDIC is the primary regulator for banks. It supervises, monitors, and audits the activities of federally insured commercial banks and other financial institutions. The FDIC is also responsible for managing and disposing of assets of failed banking and thrift institutions, which is what it did concerning USAT, 24 percent of which was owned by Mr. Charles Hurwitz. In connection with its duties associated with failed banks, the FDIC manages the Federal Savings and Loan Insurance Corporation Resolution Fund, which includes the assets and liabilities of the former FSLIC and Resolution Trust Corporation.

The OTS is the government agency that performs a similar functions to that of the FDIC for thrifts insured through a different insurance fund. The OTS is the primary regulator for thrifts. The responsibilities of the FDIC and OTS overlap in certain instances. The OTS has explained how the two agencies divide those shared responsibilities: the FDIC ''seek[s] restitution from wrongdoers associated with failed thrifts'' and the OTS ''focus[es] on preventing further problems.'' The USAT case is an exception to these stated policies of federal institutions.

Nowhere in the statutes authorizing the OTS or the FDIC is there authority to pursue ''professional liability'' claims or other claims for purposes of obtaining redwood trees or ''debt-for-nature'' schemes. The sole purpose of such actions with respect to failed institutions is to recover funds or cash—not trees and not nature.

The mission of recovering cash was acknowledged by the OTS and FDIC. See, Hearing Transcript, page 63, 64, Ms. Seidman (OTS) answered: ''Our restitution claim is brought for cash.'' Ms. Tanoue (FDIC) answered: ''[T]he FDIC considered all options to settle claims at the encouragement of Mr. Hurwitz and his representative agency, looked at trees, but the preference has always been for cash.'') Indeed, this may be why the FDIC and the OTS have consistently maintained that Mr. Hurwitz was the first to bring the notion of redwood trees to them. It is the only position they can take that is consistent with their underlying authority. This being the case, there should have been few, if any, records concerning redwoods produced to the Committee. To the contrary, the records produced were voluminous—and redwoods were even a topic discussed by the FDIC board when it reviewed whether to bring suit regarding USAT.

Chronological Facts and Analysis Regarding the FDIC and OTS Pursuit of USAT Claims

1986: Mr. Hurwitz Buys Pacific Lumber Company and Its Redwood Groves

Mr. Charles Hurwitz owns Pacific Lumber Company. He acquired it in a hostile takeover on February 26, 1986, using high yield bonds. Pacific Lumber Company owned the Headwaters Forest, a grove of about 6,000 acres of old redwood trees. That property became desired by environmental groups because of the redwood trees.

After Mr. Hurwitz bought Pacific Lumber Company, he and the company became a target of several environmental groups when the company increased harvest rates on its land. Harvests were still well within sustainable levels authorized under the company's state forest plan, but harvest rates were generally greater than prior Pacific Lumber Company management undertook.

Environmentalist publicly framed the Hurwitz takeover of Pacific Lumber Company, as that by a ''corporate raider'' who floated ''junk bonds'' to finance a ''hostile takeover'' of the company to simply cut down more old redwood trees. It is unclear whether framing this issue in such a way had more to do with intense fundraising motivations aligned with certain environmental groups described in the recent Sacramento Bee series about financing the environmental movement (*www.sacbee.com/news.projects/environment/20010422.html*) or more to do with ensuring that trees are not cut.

At this juncture, Mr. Hurwitz and Pacific Lumber Company were targets of environmentalists, but his opponents had little leverage to stop the redwood logging on the company's land other than the traditional Endangered Species Act or State Forest Practices Act mechanism.

1988: Hurwitz's 24% Investment in Texas Savings and Loan is Lost

Mr. Hurwitz also owned 24% of USAT, a failed Texas-based thrift bank. The bank failed on December 30, 1988, just like 557 banks and 302 thrifts failed in Texas between 1985 and 1995 resulting from the broad-based collapse of the Texas real estate market. As a result of the failure, the banking regulators say they paid out $1.6 billion from the

insurance fund to keep the bank solvent and secure another owner. That number has never been substantiated by documentation.

Because Hurwitz owned less than 25% of the bank, and because he did not execute what is known as a ''net worth maintenance agreement,'' he was not obligated to contribute funds to keep the bank solvent when it failed. Such agreements (or obligations when a person owns 25 percent or more of an institution) are enforced through what is known as a ''professional liability'' action brought by bank regulators.

In certain cases, the FDIC and OTS are authorized by law to bring to recover money is for the ''professional liability'' against officers, directors, and owners of failed banks. The idea is to recover restitution—money—it took to make failed institutions solvent. This type of claim was brought against Mr. Hurwitz by the bank regulators at OTS after they were hired to do so by the FDIC. The nature of ''professional liability'' claims are explained well in bank regulator's publication as follows: ''Professional Liability [PL] activities are closely related to important matters of corporate governance and public confidence. . . . [They] strengthen the perception and reality that directors, officers, and other professionals at financial institutions are held accountable for wrongful conduct. To this end, the complex collection process for PL claims is conducted in as consistent and fair a manner possible. Potential claims are investigated carefully after every bank and savings and loan failure and are subjected to a multi-layered review by the FDIC's attorneys and investigators before a final decision is rendered on whether to proceed. . . .'' (Managing the Crisis: The FDIC and the RTC Experience 1980–94, published by FDIC, August 1998, page 266)

Indeed, the bank regulators at the FDIC undertook an investigation of USAT beginning when USAT failed on December 31, 1988, to determine what claims they might have against USAT officers, directors, and owners.

1989-September 1991: Investigation Continues

The investigation of USAT proceeded, and interim reports were issued by law firms investigating potential USAT claims for the FDIC. Environmentalists initiated various non-banking campaigns to block redwoods timber activities of Pacific Lumber Company on their Headwaters land.

October 1991-November 1993: Bank Regulators Find No Fraud, No Gross Negligence, No Pattern of Self-Dealing

By October 1991, the bank regulators determined that there was no ''intentional fraud, gross negligence, or pattern of self-dealing'' related to officer, director or other professional liability issues related to the failure of USAT (Document B, page 7). They also determined that there was ''no direct evidence of insider trading, stock manipulation, or theft of corporate opportunity by the officers and directors of USAT.'' (Document B, page 7). They also determined that there was ''no direct evidence of insider trading, stock manipulation, or theft of corporate opportunity by the officers and directors of USAT.'' (Document B, page 14). Bank regulators said that the USAT ''directors' motivation was maintenance of the institution in compliance with the capitalization requirements and not self gain or violation of their duty of loyalty.'' (Document B, page 17). There being no wrongful conduct, bank regulators concluded that they had no valid basis to pursue banking claims against the owners of USAT to recover money for its failure.

In spite of the determination that there was no basis to file a claim regarding USAT, a determination that was unknown to Mr. Hurwitz or the other potential defendants at the time, the banking regulators and Hurwitz made numerous agreements beginning November 22, 1991, expiring July 31, 1995, to toll the statute of limitations. This gave the bank regulators more time to investigate while they withheld filing of a claim. These agreements are fairly routine in complex cases like USAT.

Beginning in August 1993 while the statute was still tolled, several actions to attempt to acquire the Headwaters Forest were taken in Congress and urged by environmental groups. For example, on August 4, 1993, Rep. Hamburg introduced a bill to purchase 44,000 acres (20 percent) of the Pacific Lumber Company's land and make it into a federal Headwaters Forest. In August 1993, the first contact between the Rose Foundation (the primary environmental proponent of advancing USAT claims against Hurwitz to obtain Pacific Lumber redwoods) and attorneys for the FDIC was made.

As early as November 30, 1993, FDIC attorneys were aware of the Hamburg Headwaters bill and ''materials from Chuck Fulton re: net worth maintenance obligation'' (Record 3A). The handwritten FDIC memo from Jack Smith to Pat Bak notes that the professional liability section ''is supposed to pursue that claim.'' It reminds her not to ''let it fall through the crack!'' And if the claim is not viable, the banking regulators ''need to have a reliable analysis that will withstand substantial scrutiny.'' (Record 3A).

Pressure to advance claims against Hurwitz in connection with the redwoods in a debt-for-nature swap came in a variety of forms to the FDIC. It first came from Congress on November 19, 1993, in a letter to the FDIC Chairman from Rep. Henry B. Gonzalez, Chairman of the House Committee on Banking (Record 2). Numerous written Congressional contacts with the banking regulators, most urging FDIC or OTS to bring claims against Hurwitz occurred in late 1993 when the debt-for-nature scheme was framed and subsequently over the years.

On the same day, Bob DeHenzel, an FDIC lawyer, got an e mail about a ''strange call'' regarding USAT (Record 1). It was received by Mary Saltzman from a Bob Close, who claimed to be ''working with some environmental groups'' and wished to talk to whoever was investigating the USAT matter. He had detailed knowledge about the $532 million claim related to USAT and Charles Hurwitz. He made the comment that ''people like Hurwitz must be stopped.'' He said he was working with an environmental group called EPIC in Northern California. Paul Springfield, an FDIC investigator, documented a conversation he had with DeHenzel that day (Friday, November 19, 1993) about the call from Bob Close. Mr. Springfield verified that the FDIC lawyer, Mr. DeHenzel, was familiar with a Hurwitz connection to forest property: ''He [DeHenzel] had some knowledge of the nature of the inquiry [by Mr. Close] as well as the attorney Bill Bertain disclosed by Close. DeHenzel stated that this group was involved in fighting a takeover action of some company by Hurwitz involving forest property in the northwestern United States. Apparently they are trying to obtain information to utilize in their efforts.'' (Record 1).

Then on November 24, 1993, Mr. DeHenzel, faxed a November 22, 1993, memo he received on November 22, 1993, from the radical group Earth First! to another FDIC staff member. That memo laid out the ''direct connection between the Savings and Loans, the FDIC and the clearcutting of California's ancient redwoods.'' (Document E). The memo introduced the concept that the USAT ''debt'' (which were only potential claims that FDIC internal analysis had already concluded had no basis) should be traded for Pacific Lumber Company redwoods. An excerpt of the memo lays out the scheme: ''Coincidently, Hurwitz is asking for more than $500 million for the Headwaters Forest redwoods. So if your agency can secure the money for his failed S&L, we the people will have the funds to buy Headwaters Forest. Debt-for-nature. Right here in the U.S. That's where you come in. Go get Hurwitz.'' (Document E)

The FDIC apparently took Earth First! seriously. Within one month, the FDIC lawyers reported to the acting chairman in a memo that they were ''*reviewing a suggestion by 'Earth First' that the FDIC trade its claims against Hurwitz for 3000 acres of redwood forests owned by Pacific Lumber, a subsidiary of Maxxam,*'' (emphasis supplied) (Document G, December 21, 1993, Memorandum to Andrew Hove, Acting Chairman, From Jack D. Smith, Deputy General Counsel). The handwritten note on the top of the page indicates that the acting chairman Hove was orally briefed about the USAT situation prior to the memo.

Thus, well before Mr. Hurwitz raised the issue of redwoods and debt-for-nature directly with the FDIC in August or September 1996 with the bank regulators, its lawyers had received written proposals from the radical group Earth First!, and the FDIC was undertaking a review of the proposals. These were proposals making the connection between Hurwitz, the redwoods, and USAT bank claims.

Then in the close of 1993, a press inquiry report to Chairman Hove on debt-for-nature and the redwoods was received and documented from the Los Angeles Times. The press question was whether FDIC lawyers have considered whether ''we could legally swap a potential claim of $548 million against Charles Hurwitz (stemming from the failure of United Savings Association of Texax) for 44,000 acres of redwood forest owned by a Hurwitz controlled company.'' (Record 3B)

The redwoods debt-for-nature scheme had been introduced via these various venues during 1993. At the same time FDIC's own analysis had shown absolutely no basis for a banking claim lawsuit involving USAT. However, it was not until early 1994 when the FDIC and their agent, the OTS, adopted the redwoods debt-for-nature scheme, and it became inextricably intertwined in its USAT bank claims. Ironically, it was political forces that inticed the bank regulators, who are supposed to act on bank claims without political influence, into wholesale and willing adoption of the redwoods debt-for-nature scheme.

1994: Undisclosed Congressional Meetings Lobbying on the Redwoods ''Debt-For-Nature'' Plan

By February 2, 1994, the FDIC attorneys knew the weakness of several of its net worth maintenance claims and it acknowledged that it ''can point to no evidence showing that either UFG or Hurwitz signed a net worth maintenance agreement'' (Record 5, page 6). They acknowledged the weakness in a status memo (Record 5).

As a result, the FDIC teamed up with the OTS to have OTS attempt to construct an ''administrative'' net worth maintenance claim against Mr. Hurwitz and his company that owned the redwoods. They believed (but offered no proof that) ''the actual operating control of [MCO, FDC, and UFG] was exercised by Charles Hurwitz.'' (Record 5, page 9). In short, FDIC did not have a claim, but the OTS may be able to bring an action in an administrative forum that was much more conductive to bank regulators, so the FDIC would hire the OTS.

The net worth maintenance claim was important because if it could be established on the facts (i.e., if Mr. Hurwitz owned 25 percent of USAT or he was somehow in control

of USAT) it could mean he would be liable for that percentage of the USAT loss, which totaled $1.6 billion. In that way the bank regulators could conceivably get into Mr. Hurwitz's assets, including his holding company assets which included the redwoods.

However, in written correspondence and at the Task Force hearing on December 12, 2000—the FDIC and the OTS denied that the litigation concerning USAT and Mr. Hurwitz had anything to do with redwoods. They also denied that their discovery tactics were improper or for the purpose of ''harassment.'' One exchange at the hearing between Mr. Kroener, the FDIC's General Counsel and Chairman Doolittle, however, typifies the response to the question of whether the bank regulators' litigation had anything to do with redwoods or leveraging redwoods:

Mr. DOOLITTLE. . . . Did this litigation or discovery tactic [harassment through discovery] have anything to do with redwoods or the desire to create a legal claim to leverage redwoods?

Mr. KROENER. It did not. . . .

(Hearing Transcript, page 99)

While they have publicly denied any linkage, their own written words show the opposite. There was indeed a scheme involving politicizing bank claims against Mr. Hurwitz. Mr. Kroener's answer and the repeated denials of a linkage is purely wrong.

A superb example of just how wrong Mr. Kroener's answer was is contained in the previously unreleased meeting notes from a February 3, 1994, meeting between FDIC legal and Congressional staff and a U.S. Congressman. The redwoods debt-for-nature linkage was the point of the meeting.

The high ranking FDIC lawyers working on the redwoods case—Mr. Jack Smith, FDIC Deputy General Counsel, and Mr. John Thomas—and a Rep. Dan Hamburg met on February 3, 1994, to discuss to potential banking claims targeting Mr. Hurwitz. (Record 2A).

The fact that the meeting occurred at all—especially that it occurred eighteen months prior to the USAT claim being authorized or filed—and the notes from the meeting evince that leverage for redwoods was promoted by FDIC lawyers. The notes also show that the FDIC knew claims targeting Hurwitz were invalid and probably could not be used as leverage (Record 2A). Highlights of the Spittler (Record 2A, page ES 0509) meeting notes are as follows:

Rep. Hamburg had ''an immediate interest in the case,'' probably because he had a bill pending to purchase the Headwaters, and the proposal from environmentalists in his district to swap the Hurwitz banking claim ''debt'' for redwoods had been generally floated. (Record 8A, The Humboldt Beacon, Thursday, August 26, 1993, Earth First! Wants 98,000; 4,500 Acres Tops, PL Says.)

According to Spittler's notes, which are (Record 2A), Rep. Hamburg said he was ''interested enough over potential filing of the complaint to ask what is about to proceed.'' And Hamburg [r]ealized that this possible avenue would be lost.'' The ''avenue'' he was referring to was applying leverage against Mr. Hurwitz for a redwoods debt-for nature swap, and Jack Smith obviously understood this. According to Spittler's notes, Smith replied, it is ''very difficult to do a swap for trees,'' which means Smith knew that the authority of the FDIC to recover restitution in trees was difficult or impossible.

Smith then told Hamburg about the USAT investigation: ''The investigation has looked at several areas. [One c]laim [is] on the net worth maintenance agreements.'' (Record 2A) The other FDIC attorney present, Mr. John Thomas, acknowledged the fatal flaw of FDIC's claim: ''[There] have been attempts to enforce this, [referring to the net worth maintenance agreement.'' Thomas then said, ''we can't find signed agreement [between] FSLIC [and USAT/Hurwitz]. We never found the agreement.'' (Record 2A) Thomas was absolutely correct—because there never was a net worth maintenance agreement signed by Mr. Hurwitz.

Besides the highly irregular nature of any communication between the FDIC and anyone about a case under investigation this communication is incredible for two reasons. First, it shows the willful manner in which FDIC volunteered to get involved in a political issue and mix potential claims with the redwoods issue. The meeting notes prove that the FDIC lawyers actually secretly briefed a Congressman about the specifics of an ongoing investigation that would become mixed with a political issue.

Second, the timing of the Congressional strategy session was eighteen months before the FDIC board had not even approved filing a claim against Mr. Hurwitz—and its lawyers were then discussing the specifics their investigation of a potential claim in the context of the scheme that would use the potential claim to obtain redwood trees. The highly irregular nature of this early meeting injected a political dynamic to a case still under investigation. This was obvious to former FDIC Chairman Bill Isaac. He testified to the Task Force that the—''discussions that occurred between FDIC staff and people outside the Agency prior to and during litigation were inappropriate. The fact that those discussions occurred exposes the FDIC and the OTS to the charge that the motivation for their litigation was to pressure Charles Hurwitz and Maxxam to give up their private property, the redwood trees owned by Pacific Lumber. . . . [T]heir repeated contacts with parties with whom they have no business discussing this litigation, congressional and administrative officials and environmental groups, leaves them open to whatever negative conclusions one might care to draw.'' (Hearing Transcript, pages 15–16).

Mr. Isaac noted the impropriety later again in the hearing. ''—that really would have shocked me as chairman to see the FDIC staff having meetings with people outside the Agency about the redwood trees, and . . . congressional officials about a possible litigation we're thinking about bringing involving redwood trees; you know, somehow tying these redwood trees into it, and getting that mixed up in our decision as to whether to bring a suit over the failure of a bank.'' (Hearing Transcript, page 44–45).

The content of the meeting between Hamburg, Smith (as opposed to the fact that the meeting even occurred), is even more appalling considering Jack Smith's next comment. According to Spittler's notes, he said ''If we can convince the other side [Hurwitz] that we have claim[s] worth $400 million & they want to settle, could be a hook into the holding company.'' Of course, the ''convincing'' about valid claims was the leverage, and the ''hook'' into the holding company was getting company assets, including redwood trees. This was redwoods debt-for-nature. FDIC was part of the redwoods scheme.

Not only does this show that the idea about debt-for-nature was real to the FDIC lawyers, it shows when they promoted it at a congressional meeting in February 1994, more than 18 months before the FDIC lawsuit against Hurwitz was even authorized by the board and 17 months before, according to Mr. Kroener's testimony, Mr. Hurwitz ''indirectly'' raised the debt-for-nature swap with the FDIC through the Department of the Interior. Contrary to Mr. Kroener's representations to the Task Force, the FDIC legal staff was deeply ensconced in the redwoods debt-for-nature scheme well before Mr. Hurwitz raised redwoods with bank regulators.

The contents of the meeting shows irresponsible ends-driven government, from almost any perspective. Mr. Smith was not even talking about investigating and bringing valid legitimate bank claims. He was only talking about ''convincing'' Mr. Hurwitz that ''we have claims.'' This may even be unethical, because he implied that an invalid, unviable claims (the net worth maintenance claim) may be used as leverage to get redwoods from Mr. Hurwitz.

The FDIC is supposed to be an ''independent agency,'' that is, it is supposed to insulate itself from political pressure and disputes. FDIC legal staff suddenly injected themselves into a political issue of emerging national prominence (redwood trees and debt-for-nature using banking claims), an issue beyond the normalcy of banking recovery actions. The meeting notes show that the FDIC attorneys engaged to promote the issue of a debt-for-nature swap, and that the design was to merely ''convince the other side'' that the FDIC had claims worth $400 million that the agency knew it did not have. This is a sad, sad statement from an ''independent'' government agency, and it is only the early part of the slide for the FDIC.

Buttress what the FDIC lawyers said in the February 1994 meeting to Rep. Hamburg about trees and claims, against what Mr. Kroener and the other bank regulators told the Task Force in sworn testimony.

Mr. POMBO. Ms. Seidman and Ms. Tanoue, the FDIC and the OTS have repeatedly said to the public and the Congress, including this morning, that what the agency wanted from USAT claims was cash, is that correct?

Ms. SEIDMAN. Yes. Our restitution claim is brought for cash. As to any further discussions both relating to the decision to bring the claim that way and subsequent settlement discussions, none of which I took part in, I would defer to Ms. Buck.

Ms. TANOUE. I will also say that the FDIC considered all options to settle claims, at the encouragement of Mr. Hurwitz and his representative agency, looked at trees, but the preference has always been for cash. . . .

At a minimum, Ms. Tanoue is misleading. Eighteen months prior to even having a claim to settle or having a claim authorized or having a claim filed, her agency's top lawyers were sitting in a Congressional office talking about ''convincing the other side'' that ''we have claims worth $400 million'' and getting ''hook'' into a holding company that owns redwoods.

Mr. POMBO. At what point did you start looking at the other options, and you mention trees?

Ms. TANOUE. Much of this discussion occurred before my tenure. I turn to Mr. Kroener for elaboration on that point.

Mr. KROENER. . . . We were first offered trees or natural resources assets by representatives of Mr. Hurwitz indirectly in July of 1995.

There had obviously been a huge public debate going on regarding this forest. We were not part of that but we had lots of communications, other got lots of communications, . . . [and our chairman and general counsel] had responded to inquiries of Congress that were mindful that trees could come into play in our claims, but our claims didn't involve trees; they involved cash. (Hearing Transcript, pages 63–65)

Obviously their claims involved cash, because by law their mission is to replenish the insurance fund with money. Mr. Kroener was wrong when he said their claims did not involve trees, and trees certainly came into play as evidenced by the February 1994 the e Rep. Hamburg-Smith-Thomas meeting. Indeed trees were the motivating force that led

the FDIC to promote net worth maintenance claims to the OTS.

The clear implications of Ms. Tanoue's answer is that Mr. Hurwitz was the first to bring the redwoods into a possible settlement, but we know that FDIC lawyers were scheming in February 1994 with a Member of Congress to get a banking claim ''hook'' into the redwoods holding company owned by Mr. Hurwitz. Mr. Hurwitz was not the one who first brought the redwoods into banking claim issue—the environmental groups, FDIC lawyers, and certain Members of Congress had already done so by that point.

Perhaps Mr. Kroener did not read the meeting notes that he provided to the Task Force about the February 1994 meeting between FDIC lawyers and Rep. Hamburg when he told the Task Force that FDIC claims did not involve trees until July 1995 when Mr. Hurwitz raised the redwoods to the FDIC indirectly through the Department of the Interior. The claims did involve trees—convincing the ''other side'' that there is a $400 million claim and they may ''want to settle,'' which gets the FDIC into the Hurwitz holding company that has the redwood trees.

As to Ms. Seidman, she stated a fact—that the OTS claim was for cash, which is technically all that it could be for. What she omits is that the FDIC had imparted the redwoods debt-for-nature agenda directly to the OTS on the heals of the February 3, 1994, meeting between FDIC and Rep. Hamburg—and the FDIC did so because its claims were too weak and too small to provide enough leverage for the redwoods (See, Record 33, Record 35 and accompanying discussion infra).

It took less than 24 hours following the FDIC-Rep. Hamburg meeting for the FDIC Deputy General Counsel, Jack Smith, to write to Carolyn Lieberman (now Carolyn Buck), the top lawyer at OTS. (Record 6). The letter (1) forwarded legal analysis of the net worth maintenance claim against the Hurwitz's holding company that owned the redwoods; (2) admitted that FDIC had no net worth maintenance claim; (3) prodded OTS to review whether it could administratively bring a net worth maintenance claim; and (4) in an incredible admission of purpose and intent, the letter notified OTS about the redwoods debt-for-nature scheme. The last paragraph of the one page letter reads: ''You should be aware that this case has attracted public attention because of the involvement of Charles Hurwitz, and environmental groups have suggested that possible claims against Mr. Hurwitz should be traded for 44,000 acres of North West timber land owned by Pacific Lumber, a subsidiary of Maxxam. Chairman Gonzales has inquired about the matter and we have advised him we would make a decision by this May. After you have reviewed these papers, please call me or Pat Bak (736–0664) to discuss the next step and to arrange coordination with our professional liability claims.'' (Record 6)

Clearly, this action, immediately after the FDIC strategy meeting with Rep. Hamburg constitutes direct engagement of the FDIC to promote the claim that would become the leverage for the redwood debt-for-nature scheme.

It is worth stressing that the FDIC that wrote this letter on the heals of the Rep. Hamburg meeting is the same FDIC that testified to the Task Force that their litigation did not have anything to do with trees. How could it not when the FDIC told the OTS that it promised Rep. Gonzalez that the agency ''would advise him of its decision'' about an environmental group suggestion ''that possible claims against Mr. Hurwitz should be traded for 44,000 acres of North West timber land owned by Pacific Lumber.''

This is debt for nature. It was real in February 1994. It ultimately overrode the fact that the FDIC knew its claim was weak and it led almost immediately to the FDIC hiring the OTS to promote the net worth maintenance claim against Mr. Hurwitz.

This letter was sent three months prior to FDIC hiring OTS to pursue the net worth maintenance claim that FDIC knew it did not have. Importantly, it was sent immediately after the Rep. Hamburg meeting—the meeting that tied Mr. Hurwitz's holding company's redwood trees to the USAT net worth maintenance claim against Mr. Hurwitz. The FDIC prompted and then paid the OTS to pursue this claim by supposedly using its independent statutory authority.

In effect, the FDIC scheme beginning at least in February 1994, polluted the OTS action. What was a ''hook'' into the ''holding company'' that owned the redwoods for FDIC, was a ''hook'' into the holding company for the OTS. In fact, without the FDIC money (which by 1995 totaled $529,452 and by 2000 totaled $3,002,825), OTS's five lawyers and six paralegals advancing the claims against Mr. Hurwitz would have been unfunded—and probably not advanced the claim. And without the net worth maintenance claim—by far the largest claim—there would be no hook into Mr. Hurwitz, therefore no hook into his redwoods.

It is helpful to understand why Mr. Smith told Rep. Hamburg that it is ''very difficult to do a swap for trees.'' It was very difficult for two reasons. First, the claims would not ordinarily be brought because they would fail on the merits, so it would be difficult to exchange a claim that would not have been ordinarily brought. The bank regulators manual explains their policies from 1980 through 1994 for bringing claims as follows: ''No claim is pursued by the FDIC unless if meets both requirements of a two-part test. First, the claim must be sound on its merits, and the receiver must be more than likely to succeed in any litigation necessary to collect on the claim. Second, it must be probable that any necessary litigation will be cost-effective, considering liability insurance coverage and personal assets held by defendants.'' (Managing the Crisis: The FDIC and the RTC Experience 1980–94, published by FDIC, August 1998, page 266)

Second, the claims would be for restitution, and the FDIC could not accept trees in settlement. The FDIC even admits that they would need ''modest'' legislation to accept trees, which is an admission that their purpose in seeking redwoods is indeed unauthorized.

However, it was political pressure, such as that applied by environmental groups in 1993 and Rep. Hamburg beginning in 1994, that led the willing FDIC (and ultimately its agent, the OTS, after FDIC began paying OTS in May 1994) into ignoring the mission of recovering money on cost effective banking claims.

Instead the FDIC adopted unauthorized missions of providing leverage through lawsuits that are unsound on the merits and would ''convince'' (the word used by Mr. Smith) Mr. Hurwitz that FDIC had a claim of ''$400 milllion'' so that they could get a ''hook into the holding company'' and settle the claim for redwood trees. This was exercise of leverage pure and simple.
