

authorized in P.L. 107-38. The fiscal year 2002 allocations to the Appropriations Committee were previously increased by \$20,001,000,000 in new budget authority and \$9,347,000,000 in outlays to reflect the amounts in the House-reported bill. I am adjusting the budgetary aggregates and the allocation to the House Committee on Appropriations for the difference between the House-reported and conference measures. This adjustment equals -\$1,000,000 in new budget authority and -\$1,124,000,000 in outlays in fiscal year 2002.

The sum total of these changes raise the 302(a) allocation to the House Committee on Appropriations to \$706,000,000,000 in new budget authority and \$727,954,000,000 in outlays for fiscal year 2002.

Finally, the Air Transportation and Safety and System Stabilization Act (P.L. 107-42) contained emergency provisions relating to the provision of grants and loan guarantees for airlines. The emergency-designated provisions provided \$5,000,000,000 in new budget authority for fiscal year 2001 and \$2,000,000,000 in new budget authority for fiscal year 2002. Outlays flowing from that budget authority total \$2,300,000,000 in fiscal year 2001, \$3,200,000,000 in fiscal year 2002, and \$1,500,000,000 in fiscal year 2003. The 302(a) allocation for discretionary action to the House Committee on Transportation and Infrastructure is adjusted by these amounts.

The sum of the changes to the 302(a) allocations of discretionary action increase the budgetary aggregates for fiscal year 2002 to \$1,673,188,000,000 in new budget authority and \$1,635,652,000,000 in outlays.
