STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. HOLLINGS (for himself and Mr. THURMOND):

S. 1910. A bill to suspend temporarily the duty on certain extruders, castings, TDO Tenders, Transport/winders, and slitters; to the Committee on Finance.

Mr. HOLLINGS. Madam President, today, I, along with Senator THURMOND, introduce duty suspension legislation designed to permit imports of machinery into the United States duty free. This machinery is not made in the United States. Therefore, their importation will not displace domestic sourcing. Moreover, because of the nature of the products at issue, they will assist in the creation of additional jobs in the United States.

I believe that this is the most appropriate use of such legislation. The imported product will not displace any that is manufactured in the United States. Moreover, the imported product will assist in enhancing American productive capacity. I am therefore hopeful that this new capacity can be used to supply both domestic and foreign needs and will increase employment in the United States.

By Mr. INHOFE (for himself and Mr. CLELAND):

S. 1911. A bill to amend the Community Services block Grant Act to reauthorize national and regional programs designed to provide instruction activities for low-income youth; to the Committee on Health, Education, Labor, and Pensions.

Mr. INHOFE. Madam President, every summer since 1968 the National Youth Sports Program, NYSP, has enabled thousands of children, ages ten to sixteen, the opportunity to develop their athletic, academic and leadership skills in a character-building environment. Utilizing both private and public resources, the NYSP successfully partners with the National Collegiate Athletic Association, NCAA, the U.S. Department of Health and Human Services, HHS, the U.S. Department of Housing and Urban Development, HUD, and 200 institutions of higher learning across the country to provide an enriching summer experience for kids from disadvantaged backgrounds.

Each participant in the National Youth Sports Program engages with a caring, dedicated adult volunteer while being exposed to the skills, discipline, and self-esteem that organized sports provide. Each student also receives academic enrichment in the classroom, instruction on healthy living and drug and alcohol abuse prevention, leadership training, and a comprehensive medical exam. Collegiate athletes and others from the community volunteer for the five-week program to nurture

kids and promote their development of body and mind. The improvement of physical fitness through a variety of daily activities from swimming to soccer is a key component of the program. Using the vehicle of high-energy sports, each student is able to learn valuable life lessons. The academic portion of the National Youth Sports Program has evolved since its beginnings to include special enrichment for math and science and useful computer training. To encourage life-long health and physical fitness, substance abuse prevention training is incorporated at several program sites, and every child receives a thorough medical exam by a local doctor. Quality medical attention is a luxury that many of these children do not otherwise have.

President Bush has encouraged our Nation to come together to build communities of character. The National Youth Sports Program is truly a nation-wide community effort. In forty-nine states, the District of Columbia, and Puerto Rico, volunteers give their time to help young people strive for their best, develop body and mind, and build strong character.

In support of the continued success and vision of the National Youth Sports Program, today I am introducing the K.I.D.S. Act: Keeping Inspiration and Development Strong. This bill amends the Community Services Block Grant Act to reauthorize appropriations for the National Youth Sports Program at \$20 million for Fiscal Year 2003 and provides for its authorization through Fiscal Year 2008. I urge my colleagues to join me in support of this legislation and to make the development of our Nation's greatest resource, children, a national priority.

I ask unanimous consent that the bill be printed in the RECORD.

Their being no objection, the bill was ordered to be printed in the RECORD, as follows:

S. 1911

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Keep Inspiration and Development Strong Act" or the "KIDS Act".

SEC. 2. FINDINGS.

Congress finds that—

(1) since 1968, when the National Youth Sports Program (referred to in this Act as the "Program") began, the Program has provided a character-building environment for low-income children to develop athletic, educational, and leadership skills;

(2)(A) the Program utilizes community resources, private funding, and public funding to carry out the Program's goals; and

(B) for every \$1 in Federal funds appropriated for the Program, the Program receives nearly \$3 from private sources, through cash contributions or services provided at Program sites;

(3)(A) the continued investment of Federal resources in the Program is in the Nation's best interest, especially given a recent increase in child obesity in the United States; and

(B) the Surgeon General's report to the President, published in the fall of 2000 and
