The committee amendment in the nature of a substitute was agreed to.

The bill (S. 686), as amended, was read the third time and passed.

A PRODUCTIVE WEEK

Mr. FRIST. Mr. President, as I mentioned earlier, we have had a productive week. We have moved forward and we have debated and we have amended the prescription drug Medicare bill. We have discussed such issues as asset testing, generic drugs, and appropriate premiums. Yesterday we discussed drug reimportation and the issue surrounding pharmacies and mail order prescriptions. We have made good progress over the last 5 days on this legislation. I want to express my sincere appreciation to my colleagues for their attention and for their very diligent participation. If we look back over the last several days, we see some other things we have been able to accomplish at the same time we have been on this bill.

Indeed, the Senate has had H.R. 389, which will help increase public access to defibrillation in schools. We passed a series of bills reported by Chairman DOMENICI and the Energy Committee relating to historic sites and trails to watershed studies and to recreation areas. We passed S. 1276, which strengthens the AmeriCorps program and allows our national volunteer program to be more efficient.

This week we were able to adopt a conference report to accompany S. 342, the Keeping Children and Families Safe Act. This bill will assist in the dissemination of information of child abuse programs and the availability of psychological services for child victims.

The Senate also agreed to conference with the House on the child tax credit legislation, allowing that bill to move forward and differences between this body and the House to be worked out.

Lastly—this reminds me that on tomorrow, summer begins officially—with the approach of summer, I would be remiss if I did not mention that the Senate passed S. 1015, the Mosquito Abatement for Safety and Health Act. This legislation authorizes grants for

mosquito control programs to prevent mosquito-borne diseases.

This morning—again, I have great delight because it was on behalf and at the instigation of and with the leadership of my colleague from the great State of Tennessee, Senator ALEXANDER, who brought forth the bill—the American History and Civics Education Act passed unanimously on a rollcall vote.

Next week we will resume the prescription drug/Medicare bill, and hopefully we will pass that—not hopefully, I am confident we will pass that bill prior to the beginning of the July 4 recess.

I thank all of my colleagues.

ORDERS FOR MONDAY, JUNE 23, 2003

Mr. FRIST. Mr. President, I ask unanimous consent that when the Senate completes its business today, it stand in adjournment until 2 p.m., Monday, June 23. I further ask that following the prayer and pledge, the morning hour be deemed expired, the Journal of proceedings be approved to date, the time for the two leaders be reserved for their use later in the day, and the Senate then resume consideration of S. 1, the prescription drug benefits/Medicare bill.

The PRESIDING OFFICER. Without objection, it is so ordered.

PROGRAM

Mr. FRIST. Mr. President, for the information of all Senators, on Monday the Senate will resume consideration of S. 1, the prescription drug benefits bill. Several Senators have indicated they will be available during Monday's session to offer amendments. As of now, we have 14 pending amendments that are being reviewed. On Monday, we will continue to process amendments and hopefully begin the scheduling of votes on those amendments that have been offered. Our next rollcall vote will begin at approximately 5:30 p.m. on Monday. I anticipate the vote will be in relation to an amendment to the prescription drug benefits bill. As always, we will notify Members once that vote is scheduled.

ORDER FOR ADJOURNMENT

Mr. BYRD. Mr. President, I thank the distinguished majority leader for his courtesy in arranging for me to speak briefly. When I say “briefly,” that means perhaps an hour.
