TRIBUTE TO WESTERN MUNICIPAL
WATER DISTRICT

HON. KEN CALVERT

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 20, 2004

Mr. CALVERT. Mr. Speaker, I rise today to honor and pay tribute to an organization whose dedication and contributions to the community of Riverside County, California are exceptional. Riverside has been fortunate to have dynamic and dedicated community organizations who willingly and make their communities a better place to live and work. Western Municipal Water District is one of these organizations. On Thursday, May 13, 2004, Western Municipal Water District will celebrate 50 years of service.

Western Municipal Water District, since its formation on January 19, 1954 and authorization by public vote on January 26, 1954 has fulfilled its founding *raison d'être*, to augment the shortage of local water available to local communities with supplemental water imported 242 miles to western Riverside County via Metropolitan Water District's Colorado River Aqueduct.

The Western Municipal Water District, recognizing the need for a long-term source of high quality drinking water to sustain domestic needs of a burgeoning population, began importing a second source of high quality water in 1979 from northern California via the State Water Project's 444 mile-long California Aqueduct.

The Western Municipal Water District provides vital wastewater services as administrative operator of the West Riverside County Wastewater Authority since 1998, as operator of the Santa Ana Regional Interceptor (SARI) brine line since 1983, and as owner-operator of the March Air Reserve Base treatment facil-

ity providing irrigation water to the nation's second largest veteran's cemetery since 1996.

The Western Municipal Water District, as a court-appointed watermaster pursuant to the 1969 Stipulated Judgment, has been instrumental in maintaining peace among all parties to water rights and water quality issues in the Santa Ana Watershed.

The Western Municipal Water District, as one of the five water agencies comprising Santa Ana Watershed Project Authority (SAWPA), has provided exemplary water resource management through implementation of the Santa Ana Watershed Basin Plan in cooperation and integrated planning with its neighbors in the Santa Ana Watershed.

Western Municipal Water District, has worked cooperatively and diplomatically to address complex political and regulatory issues impacting water at local, regional, state and national levels, and has invested prudently in efficient drought-proofing ventures such as the Nonpotable Conveyance System, Arlington Desalter and Riverside-Corona Feeder. I would like to express deep appreciation to Western Municipal Water District for profound contributions to the present and future health and prosperity of all communities in Western's 510 square mile service.

TRIBUTE TO OUR NATION'S RE-
SERVE AND NATIONAL GUARD
MEMBERS

HON. C.A. DUTCH RUPPERSBERGER

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 20, 2004

Mr. RUPPERSBERGER. Mr. Speaker, I rise today to pay tribute to our nation's Reserve and National Guard members. In particular, I would like to take this opportunity to welcome home reservists from Ft. Meade in the 2nd Congressional District of Maryland—my home district. This includes members from the 323rd Military Intelligence Battalion and the 444th Personnel Service Battalion, Detachment 2. These men and women have rejoined their families after serving in the Middle East for as long as 14 months and we are thrilled to see them return home.

But Mr. Speaker, such home comings are bitter sweet in light of ongoing conflicts in Iraq and Afghanistan. As the number of wounded and casualties continues to rise—as the length of deployment for many reservists expecting 'temporary' activation continues to be extended—there is much concern and worry at home. Loss is always difficult and war is never easy. But America's support for our men and women in uniform, for their dedication and service, for their sacrifice, for those who have already paid the ultimate price . . . America's support shall not waver. And I for one vow to continue to do all I can to support our Armed Forces.

For me, that support has meant many different things. From the creation of Operation Hero Miles to help soldiers returning home on R&R to founding a Veterans Advisory Council in the Maryland 2nd Congressional District to work with local veterans on national issues, I believe lawmakers need to put their efforts where their rhetoric is. I am less interested in what people say than what they do and I urge my colleagues to consider this edict as we

look at the legislative agenda for the remainder of this congressional session.

Our nations' Reserve and National Guard members are facing daunting problems largely created by the realities of the post-September 11 War on Terrorism. With a leaner full time active military, we are relying on the talent, dedication and service of reservists in unprecedented ways. Not since the Korean War have such a large percentage of boots on the ground been filled by reservists and not since they have reservists served for such extended periods of time. But even in Korea, that percentage has never been as high as it is today.

Today, reservists face unprecedented problems. Military benefits that exist today simply were not a concern back in the 1950's when our forces were largely involuntary. Today, America's reservists are serving side-by-side with full time active military men and women . . . and yet they are not recognized equally when it comes to their benefits. Parity is the key word for reservists today and little legislation is actually moving through Congress to solve their problems. Their retirement plans are unequal. Health care prior to activation is non-existent for many and creating readiness issues. Reservists are plagued with payroll problems causing bankruptcies, divorces, and unfair heart ache. There are critical questions about gap pay for reservists working in the private sector when not serving. Extended deployments are creating unforeseen hardships for families, employers, small business owners, and the self employed.

Mr. Speaker, it doesn't matter if you were for or against the war in Iraq. The reality is we are there now and the troops deserve our support with the same unwavering dedication. I urge leadership in both chambers and on both sides of the aisle to help our nation's Reserve and National Guard members. Yes, we should continue to salute and pay tribute as they return home. But we should do so with our actions here in this chamber to ensure that our actions reflect how truly grateful we are.
