JOBS

(Mr. ROSS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. ROSS. Mr. Speaker, over the past 3½ years our country has seen a loss of 2.8 million manufacturing jobs. Manufacturing jobs today are at a 53-year low. In fact, Arkansas, the State I represent, has lost one out of every seven manufacturing jobs since 2000.

Losing these jobs has had a devastating effect on America's working families. Manufacturing jobs have long been a solid source of strength for our Nation's economy, guaranteeing good jobs and a high standard of living for America's working families. But now millions of these manufacturing jobs that were once the backbone of our economy are being exported abroad to other countries. In fact, we lost 1 million jobs alone to China.

We have got to do more to keep our jobs here at home. This should not be a political issue. It should not be a partisan issue. We in Congress must work together and pass commonsense tax incentives that encourage rather than discourage U.S.-based companies to encourage job creation right here at home. The livelihood of America's working families depends on it.

 JUSTICE SCALIA SHOULD STEP ASIDE

(Ms. JACKSON-LEE of Texas asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. JACKSON-LEE of Texas. Mr. Speaker, I believe, as all of us who have taken an oath to serve in this body, of the sacredness of the three branches of government, respect the United States Supreme Court and the judiciary, as well as the legislative and executive. But I do think it is important to make note of a proceeding that is going on in the United States Supreme Court that is investigating the Vice President's utilization of non-government persons to determine energy policy in a governmentally appointed, Presidentially appointed committee. And I believe that Justice Scalia, in involving himself in this decision, is again warranted in reconsideration not to engage and participate in the consideration of this matter.

This is a very important matter. It is the same importance that was given to the decision regarding health care during the Clinton administration.

In order for the three branches to continue to have the integrity and the respect constitutionally of the people of the United States that we must have transparency, I would ask for Justice Scalia to step aside for a decision to be made for Vice President CHENEY to come forth with the names of the participants.

SPECIAL ORDERS

The SPEAKER pro tempore. Under the Speaker's announced policy of January 7, 2003, and under a previous order of the House, the following Members will be recognized for 5 minutes each.

 RENEW THE ASSAULT WEAPONS BAN

The SPEAKER pro tempore. Under a previous order of the House, the gentlewoman from New York (Mrs. MCCARTHY) is recognized for 5 minutes.

Mrs. MCCARTHY of New York. Mr. Speaker, when I was speaking here last week, Italian customs officials were stopping a boat that had over 7,000 AK-47s being shipped here to the United States. We still do not know yet what their intended purpose was; but with 30-round clips, it could not have been good with AK-47s.

I have scheduled a meeting with the U.S. Customs officials to discuss this troubling shipment. After all, if it is legal to ship in AK-47s, when we are now looking on the assault weapons bill to expire on September 13, can you imagine the flood of guns that are going to be on our streets in a very short while?

Mr. Speaker, the assault weapons ban expires in 139 days. Today and tomorrow police chiefs from all over the country are calling for President Bush and Congress to renew the assault weapons ban. In Detroit, Los Angeles, Chicago, Miami, Atlanta, Seattle and many other cities, police chiefs are calling upon us to help them to make sure the assault weapons ban stays in place.

Tomorrow, I will join Members of Congress and the national law enforcement leaders in calling on President Bush to keep his promise during the 2000 year race that he would sign an assault weapons ban if it gets on his desk. Hopefully, the police officers will be able to convince the President to get involved in this issue.

If we cannot bring it up here on the House for a floor vote, it cannot get to the President's desk. I would love to see many of my colleagues there tomorrow at the press conference. The power of law enforcement was what essentially passed the last original bill. There is a reason why our law enforcement supports the ban so strongly: 10 years ago cops were routinely outgunned by criminals in our communities with powered assault weapons, but the assault weapons ban made getting these guns far more difficult. As a result, our police officers are safer today than they were 10 years ago. So are our neighborhoods; so are our communities. Why would we want to turn back this progress?

□ 1930

Can anyone tell me why we need AK-47s, Uzis back on the street? I understand the power of the NRA, but anybody with common sense knows that we do not use these particular kinds of

guns to go hunting. Our police officers do not even like using them. Remember, a police officer is supposed to stop a criminal, not kill them unless their life is under risk.

If assault weapons are coming back on the street again, obviously our police officers are going to be in trouble once again. Please remember, when you have assault weapons and if we go back to the old way with the amount of clips up to 30, 40, 50, 100, what chance do our police officers have? Are we going to have a war right here in the United States, citizen against citizen, criminals against our police officers? Is that where we want to go? I do not think so.

I am asking my colleagues to stand up and be counted on this. Since I have been here I have worked on gun safety issues. I have never tried to take away the right of someone trying to own a gun. Our citizens know darn well if they have nothing to fear they can get the permit to go hunting. They can get the permit to go buy a gun, but why would you go open up the flood gates of assault weapons so our drug lords, our criminals and possibly even terrorists that are here in this country to be able to buy these guns?

Common sense. Think about the officers that have died. Think about the families they have left behind. Think about our community. Think about the school shootings we have had in the past. Do we want to go back there? Can we stop every killing? No, we cannot. But why would we open again the flood gates of having these kinds of guns back on our streets?

I remind my colleagues, I remind the people across this Nation, the guns we are talking about bringing back on these streets are the guns we see every single night being used in Iraq, assault weapons, AK-47s, Uzis, large capacity clips.

I beg my colleagues to think about this carefully. The law has worked. We should make it permanent and we should make sure that they are not allowed on our street.

 RESIGNATION AS MEMBER AND APPOINTMENT OF MEMBER TO SELECT COMMITTEE ON HOMELAND SECURITY

The SPEAKER pro tempore laid before the House the following resignation as member of the Select Committee on Homeland Security:
