In addition to its political objectives, the organization takes pride in its dance group, cultural events, website, magazine, business card exchanges, food, clothing and toy drives, Senior Citizens' breakfast and lectures on topics ranging from archaeology to health care.

The Federation's accomplishments extend beyond the borders of the United States. On Chios, The Chian Federation has financially aided nursing homes, environmental groups for reforestation of the island, the Korais Library and the Office of the Repatriated Chians Organization, in addition to making substantial donations to the educational and health systems of Chios.

In 1977, the Chian Federation established the Homeric Award to recognize individuals who have made exceptional contributions to the Hellenic community. This year's Homeric Award recipient is Stamatis M. "Tom" Krimigis. The former Head of the Space Department of The Johns Hopkins University Applied Physics Laboratory, Dr. Krimigis' research interests include the earth's environment and magnetosphere; the sun; the interplanetary medium; and the magnetospheres of the planets and other astrophysical objects. He has been Principal Investigator or Co-Investigator on several NASA space missions, including the Low Energy Charged Particle Experiment on Voyagers 1 and 2 and the Active Magnetospheric Particle Tracer Explorer, a collaborative program that created the first man-made comet on December 27, 1984.

Dr. Krimigis is the author of more than 370 academic papers; was awarded the NASA Medal for Exceptional Scientific Achievement in 1981 and 1986; and has received more than thirty NASA Group Achievement Awards for his work on the Voyager, AMPTE, Galileo, Ulysses, Cassini, and ACE projects. Dr. Krimigis has also been a member of the National Academy of Sciences' Space Science Board; Chairman of the Board's Committee on Solar and Space Physics; a member of NASA's Space Science and Applications Advisory Committees; a Fellow of the American Geophysical Union, the American Physical Society, and the American Association for the Advancement of Science; an Associate Fellow of the American Institute of Aeronautics and Astronautics; and trustee of the International Academy of Astronautics. He received the International Academy of Astronautics Basic Sciences Award and the AHEPA Academy Prize, both in 1994. At the World Space Congress in 2002, he was presented with the COSPAR Space Science Award, the highest honor that the worldwide space science community can bestow. In November 2004, he was presented with the Johns Hopkins Applied Physics Laboratory Lifetime Achievement Award. He has participated as member or Chairman in many national and international conferences in space science and space systems management, has delivered more than 1,100 talks on these topics, and has lectured in major conferences and National Academies

in all five continents. The International Astronomical Union in 1999 named asteroid "8323 Krimigis" in his honor. The President of the Hellenic Republic awarded Dr. Krimigis the Gold Cross "Commandeur de l'Ordre du Phœnix" in 1997. Also, the American Hellenic Institute honored him with its "Hellenic Heritage Achievement Award" in Washington in 1998.

Dr. Krimigis has often testified before Congressional Committees on issues of Space Science and Technology and has been a member or chairman of many advisory committees for the U.S. government. He is often quoted in national and international media on space science and technology issues, most recently on the Voyager crossing of the heliospheric termination shock and the Cassini orbits of Saturn. His work on Voyager has been featured as front-page news in the New York Times three times and has appeared in many other newspapers and magazines throughout the world. He is listed in Who's Who in America, Who's Who in the World, Who's Who in Frontiers of Science and Technology, Who's Who in Technology Today, Personalities of America, American Men and Women of Science, Men of Achievement, International Who's Who of Contemporary Achievement and the Dictionary of International Biography.

Dr. Krimigis is truly a man "axios" (worthy) of the Homeric Award and I offer him my best wishes for many more years of outstanding achievements.

I ask my colleges to join me recognizing the Chian Federation and its honoree, Dr. Tom Krimigis.

### ST. ELIJAH SERBIAN ORTHODOX CATHEDRAL'S 40TH ANNIVERSARY

### HON. PETER J. VISCLOSKY

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

*Friday, November 19, 2004*

Mr. VISCLOSKY. Mr. Speaker, it is with great honor and enthusiasm that I congratulate St. Elijah Serbian Orthodox Cathedral as they join together in the celebration of their 40th anniversary. They will be celebrating this very momentous and special occasion on Saturday, November 20, 2004.

The Serbian Orthodox Cathedral of St. Elijah the Prophet is comprised of faithful descendants who came from many parts of the world such as Hercegovina, Bosnia, Lika, Banat, Dalmatia, and Serbia. Some also came from sections of America and Canada. The thriving steel mills offered ready employment. For many descendants, their relatives, friends, and acquaintances were already located in

Northwest Indiana. Each soul believed that Eastern Orthodoxy and the Serbian Orthodox Church, as well as the continuance of their Patronal Feast "Krsna Slava," was a priceless inheritance and worthy of great sacrifice. They gathered together under the banner and intercessions of St. Elijah the Prophet, with faith in God Almighty in Trinity to found a church-school congregation in Merrillville, Indiana.

St. Elijah Serbian Orthodox Cathedral is led in its faith by the Very Reverend Archpriest Lazar Kostur. In 1986, Protospesbyter Stavrofor George Lazich, retired, and the St. Elijah Cathedral Church Congregation elected Father Lazar to the status of permanent parish priest. On November 5, 1989 he was elevated to the dignity of an Archpriest by Bishop Mitrophan. Father Lazar, along with his wife, Protinica Mira and their beautiful children has served the Serbian Orthodox Church faithfully. The proud parishioners are thankful for the spiritual and emotional leadership he has provided during the years since his ordination.

His Eminence Metropolitan Christopher, His Grace Bishop Longin, His Grace Bishop Mitrophan, and His Grace Bishop Peter have all been invited along with clergy of the Gracanica Diocese and Midwestern Metropolitanate. St. Elijah Cathedral Choir will sing the responses in the church. Hieromonk Irinej Dobrijevic of Belgrade, Serbia, and consultant to the Holy Assembly of Bishops will be the featured speaker. The celebration will include performances by the St. Elijah "Frula" Folklore Group, St. Elijah Cathedral Choir and the Czar Lazar Men's Choir of Pittsburgh. A dance with live music from Mladost and Drina will begin after Vespers.

Mr. Speaker, I ask that you and my other distinguished colleagues join me in honoring and congratulating St. Elijah Serbian Orthodox Cathedral on their 40th anniversary. The members of St. Elijah have dedicated themselves to providing a spiritual and guiding light through the protection of the Serbian Orthodox faith and traditions for all of Northwest Indiana. Their constant dedication and commitment is worthy of the highest commendation.

#### HONORING MARGARET AVILA

### HON. GRACE F. NAPOLITANO

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Friday, November 19, 2004*

Mr. NAPOLITANO. Mr. Speaker, I rise today to honor Margaret Avila, my good friend and tireless advocate of nursing. Ms. Avila is one of California's prominent educators in the field of nursing and plans to retire on December 10th after 30 years of dedicated service to her community.

Ms. Avila has been an integral part and asset in the Congressional 38th District Health Consortium. She was the Chair of the Consortium of Health, Health Professions, and Mental Health Committees. As an educator she designed, developed, and implemented curricula for nursing students from entry level to licensed and post-graduate programs for over 15 years. She taught both nursing professionals and medical professionals at a family practice residency level.

Ms. Avila created an innovative Public Health Nursing Practice Model that completely reoriented and renewed the public health nursing practice in Los Angeles County. The
