A TRIBUTE TO WILLIE GARY

HON. EDOLPHUS TOWNS

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mr. TOWNS. Mr. Speaker, I rise today to honor Willie E. Gary for his work as an outstanding trial attorney, philanthropist and community activist.

Attorney Willie E. Gary is living the American Dream. Once a migrant worker, now a multi-millionaire attorney, Gary earned his reputation as "The Giant Killer" by representing little-known clients against major corporations. Gary's amazing success has earned him national recognition as a leading trial attorney. Along the way he has handled some of the largest jury awards and settlements in U.S. history, winning more than 150 cases valued in excess of \$1 million each.

His remarkable legal career and tireless work on behalf of his clients has been well documented on "60 Minutes", "CBS Evening News", "The Oprah Winfrey Show", ABC's "World News Tonight" with Peter Jennings, and CBS's "The Early Show" with Bryant Gumbel. In May 2002, he was featured in Ebony magazine as one of the "100 Most Influential Black Americans". Forbes Magazine has listed him as one of the "Top 50 attorneys in the U.S."

Gary has also been featured in such national media publications as The New York Times, The Chicago Tribune, The Boston Globe, Black Enterprise, The New Yorker and The National Law Journal.

But Willie Gary's triumphant rise to the top is no overnight success story.

His vast appeal stems from his desire to be the best and a passionate work ethic he learned through his humble beginnings. One of 11 children of Turner and Mary Gary, Willie Gary was born July 12, 1947 in Eastman, Georgia, and raised in migrant farming communities in Florida, Georgia and the Carolinas.

His unwavering desire to earn a college education ultimately led him to Shaw University in Raleigh, North Carolina where the all-state high school football player would earn an athletic scholarship after being told there was no room for him on the team. Gary went on to become the co-captain of Shaw's football team during the 1969, 1970 and 1971 seasons.

Earning a Bachelor's degree in Business Administration, Gary went on to North Carolina Central University in Durham, North Carolina where he earned a Juris Doctorate in 1974. Upon earning his law degree, Gary returned to Florida where his childhood sweetheart, Gloria soon became his wife.

Gary was admitted to the Florida Bar and opened his hometown's first African-American law firm with Gloria's assistance. His practice has since grown into the thriving national partnership known as Gary, Williams, Parenti, Finney, Lewis, McManus, Watson & Sperando, P.L., consisting of 37 attorneys, a team of paralegals, a professional staff of 120 including six nurses two full-time investigators,

an administrator, a certified public accountant, a public relations director, a general counsel, human resources director, and a full administrative staff.

Gary is a member of the National Bar Associations, the American Bar Association, American Trial Lawyers Associations, Florida Academy of Trial Lawyers Association, Martin and St. Lucie County Bar Associations and the Million Dollar Verdict Club.

Gary's scope of interest extends far beyond the courtroom.

He is chairman of the Black Family Channel, the nation's first African-American owned and operated 24-hour cable channel that is devoted to wholesome "family values" programming for urban viewers. Based in Atlanta, Georgia, the network's vision is to provide intelligent, family-oriented programming that embraces values in business, entertainment, sports, ministries and government. Gary also hosts a weekly talk show on the Black Family Channel featuring personal interviews with prominent guests.

Known as a businessman, churchman, humanitarian and philanthropist, Gary is deeply involved in charity and civic work. He is committed to enhancing the lives of young people through education.

In 1991, Gary donated \$10.1 million to his alma mater, Shaw University. He has also donated hundreds of thousands of dollars to dozens of Historically Black Colleges and Universities throughout the U.S. In 1994, he and his wife, Gloria, formed The Gary Foundation to carry out this formidable task. The Gary Foundation provides scholarships, direction and other resources to youth, so they can realize their dreams of achieving a higher education.

His national television campaign, "Education is Power," encourages children to stay in school and be the best that they can be. In addition to being a lawyer, a philanthropist, a media mogul and a motivational speaker, Gary continues to serve on the board of trustees of numerous universities and foundations. He has received honorary doctorates from dozens of colleges and universities.

His extensive community activities include membership in the NAACP, Florida Guardsmen, Inc, Urban League, Civitan International, the United Way of Martin County and Martin Memorial Hospital Foundation Council, and many others.

Willie and his wife Gloria have four sons, Kenneth, Sekou, Ali, and Kobie. Mr. Speaker, Willie Gary has continued to demonstrate through his work as an attorney and his commitment and generosity in helping others that he is more than worthy of our recognition today.

HONORING THE CONTRIBUTIONS
OF KYLE WILSON, PRIDE HIGH
SCHOOL TEACHER OF THE YEAR

HON. HENRY CUELLAR

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2005

Mr. CUELLAR. Mr. Speaker, I rise to recognize the outstanding contributions of PRIDE High School Teacher of the Year, Kyle Wilson.

Mr. Wilson has been a teacher at PRIDE, an alternative school for at-risk students, for fifteen years. He was one of the original team

of teachers who founded PRIDE High School. He has two Bachelor's degrees, in Psychology and Biology, and he uses his training to teach his students how to explore the world around them as scientists.

Kyle Wilson gives his students real-world science experience by involving them in the PHS Hydrosphere Monitors, a campus organization which protects the environment by testing the water quality of the Blanco River. The PHS Hydrosphere Monitors work together with Texas State University, which compiles the water quality information from various schools to create a picture of water quality throughout the state. This project not only provides the State with valuable data; it also promotes the attitudes and social values conducive to scientific learning, and teaches students the value of volunteering for a cause larger than themselves.

Mr. Wilson has won many awards for his work. He was named Texas Watch "Outstanding Monitor" in 2002, has been recognized by the National Science Teachers Association, and was Wal-Mart Teacher of the Year in 2005. This is the second time he has received the Teacher of the Year Award from his school. He has done a tremendous amount for the children of the State of Texas, and I am happy to have the opportunity to thank him here today.
