

COMMERCE CITY COMMUNITY  
HEALTH SERVICES RECEIVES  
HERO IN HEALTH AWARD

**HON. BOB BEAUPREZ**

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

*Thursday, May 26, 2005*

Mr. BEAUPREZ. Mr. Speaker, I rise today to pay tribute to the hard work and dedication of a health care organization in my district, Commerce City Community Health Services.

Earlier this month, Anthem Blue Cross and Blue Shield awarded the 2005 Hero in Health Award to Commerce City Community Health Services (CHS). CHS has provided free and/or reduced cost services to uninsured and underinsured youth in Adams County, Colorado for over 20 years.

Anthem Blue Cross and Blue Shield conceived the Hero in Health Award in 2001 as a way to recognize and reward those organizations that exemplify an authentic commitment to serving underinsured and uninsured individuals. Additionally, the Hero in Health Award heightens awareness for issues of healthcare access and affordability. In 2003, the field of eligible organizations was narrowed to clinics that provide services to the underinsured and uninsured.

CHS is a non-profit, 501(c) 3 organization that provides low-cost, high-quality primary and preventive health care services. CHS was initially funded in 1979 by the Robert Wood Johnson Foundation as a demonstration site for the National School Health Project and was one of the first school-based health centers in the country. Colorado Association of School-Based Health Care recognized CHS recently as the oldest, operational school-based center in the state.

CHS has a community-based center and school-based centers. The community-based center is part of the Adams County High School campus. Health care services are provided for children and adolescents, birth to 21 years old. The health care services include physical exams, medical screenings, immunizations, acute care for the diagnosis and treatment for minor illnesses, infections and injuries, management of chronic health conditions, routine lab work, well/sick infant care, nutrition and weight control counseling, and health education.

Again, Mr. Speaker, I want to thank the fine men and women of Commerce City Community Health Services. It is the best kind of community organization, fulfilling needs in the community others have not and continuously evolving to address changing demands. They serve a tremendous purpose in Adams County and I am very proud to be able to congratulate them for receiving the Hero in Health Award.

IN HONOR OF DR. PETER SMITH

**HON. SAM FARR**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, May 26, 2005*

Mr. FARR. Mr. Speaker, I rise today to honor a dear friend and former member of this House, Dr. Peter Smith. Peter represented the State of Vermont in the House between 1989 and 1993. He built a reputation during his time

here as an insightful, effective, and respected member. Peter exemplifies the spirit of respect and comity that is so often missing in current House business.

In 1994, Peter moved to my Central California District to become the founding President of the newly created California State University Monterey Bay (CSUMB). CSUMB is a remarkable institution that has been carved out in the heart of the former Fort Ord, the largest military base closure in the US to date. While many of us on the Central Coast have played a part in the genesis and growth of CSUMB, nobody has put a more decisive stamp than Peter Smith on the thriving institution that CSUMB has become. What started in 1994 with 650 students gathered in a cluster of run down Army barracks had blossomed into a top flight University with a growing campus of newly constructed and restored buildings and 3,500 students. That's a record of which to be proud.

Born in Boston, Massachusetts in 1945, Peter received a B.A. from Princeton and, two years later, he earned a M.A. in Teaching from Harvard University. In 1984 he received a Doctorate in Education, also from Harvard University. In 1970, Peter founded the Community College of Vermont, and served as its first president until 1978. In 1980, he served as a Vermont State Senator, and from 1982 until 1986 he served as Vermont's Lieutenant Governor.

Peter has devoted his life to improving the educational process, for the citizens of both Vermont and of the United States, and has received a number of awards for his achievements. One of his greatest awards is the National Council of Community Service and Continuing Education's Man of the Year award, which he received in 1976. In 1978, the University of Vermont College of Education and Social Services gave him their highest award for his contributions to elementary, secondary, and post secondary education in the State of Vermont. The Fund for the Improvement of Post-secondary Education and the Carnegie Corporation of New York awarded him a Mina Shaughnessy Fellowship grant in 1980. The grant allowed him to interview sixty adults across the country for his book about adult learning beyond school, *Your Hidden Credentials*. Last year he published groundbreaking book titled *The Quiet Crisis: How Higher Education is Failing America* where he argues that higher education as a whole is not organized to truly educate its students.

Peter is now leaving CSUMB to take on the reins at UNESCO where he will become the first American to hold the post of Assistant Director General for Education. The UN leadership chose him after a worldwide search of candidates. Peter takes up his post in Paris, France, next month. We are sorry to see Peter and his wonderful wife, Sally, leave the Central Coast. But the Central Coast's loss will be the global community's gain. From his new perch, Peter will use the skill and wisdom that so enriched the CSUMB community and improve the future for millions of world's citizens.

Mr. Speaker, I know I speak for the whole House when I offer our former colleague our sincerest thanks for his service to date and best wishes for his tasks ahead.

CONGRESSIONAL CAUCUS FOR  
WOMEN'S ISSUES RECOGNIZES  
MASTER SERGEANT SUSAN M.  
PIASECKI

**HON. ILEANA ROS-LEHTINEN**

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, May 26, 2005*

Ms. ROS-LEHTINEN. Mr. Speaker, I rise today on behalf of Congresswomen BROWN-WAITE, SOLIS, CAPPs and the entire Congressional Caucus for Women's Issues to recognize the 8th Annual Women in the Military Wreath Laying Ceremony hosted by the Caucus at Arlington National Cemetery. The purpose of this event is to honor our nation's servicewomen and female veterans for their courage and achievements, and to remember women who have died in service to the United States.

Today, we have the opportunity to recognize five outstanding female servicewomen, one selected from each branch of the military. These women serve their respective branches with honor, dignity, and courage. These highly decorated leaders chose to defend our freedom and embody the spirit of those that served before them.

From the United States Air Force, we will honor Master Sergeant Susan M. Piasecki, who currently is assigned to the 305th Civil Engineer Squadron (CES), McGuire Air Force Base, New Jersey, as First Sergeant.

Master Sergeant Piasecki has repeatedly demonstrated outstanding performance, leadership, and devotion to the U.S. Air Force as is evidenced by the honors and decorations she has received. In April 2005, she was honored as a nominee for Air Mobility Command's 12 Outstanding Airmen of the Year in the First Sergeant Category. Her decorations include the Air Force Meritorious Service Medal, the Air Force Commendation Medal with four Oak Leaf Clusters, and the Air Force Achievement Medal with one Oak Leaf Cluster.

Master Sergeant Piasecki continues to distinguish herself as an invaluable leader in the Air Force, and it is an honor for each Member of the Congressional Caucus for Women's Issues to recognize the courage and commitment of Master Sergeant Piasecki and all women in the military.

WINNER OF LABOR'S "COMMUNITY  
SERVICES AWARD"—TEAMSTERS  
LOCAL 36

**HON. BOB FILNER**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, May 26, 2005*

Mr. FILNER. Mr. Speaker, today I honor Teamsters Local 36—recognized with the "Community Services Award" by the San Diego-Imperial Counties Labor Council, AFL-CIO.

Teamsters Local 36 was chartered in 1946 and was originally founded as a building material and construction local. The charter was changed in 1980 to read Building Materials, Construction, Industrial, Professional and Technical Employees.

In 1981, Teamsters built their own building and moved to their current location on Mercury Street in the heart of Kearny Mesa. This

building is named in honor of their former Secretary-Treasurer, John S. Lyons. This hard-working, dedicated and diverse organization can always be depended upon.

Their members volunteer for every food drive by working at the Margaret Sellers Post Office and routing the food from outlying Post Offices to the Food Bank. Each and every December, the Teamsters show up, complete with holiday cheer, pick up and deliver all the food to make the annual Holiday Food Distribution a success.

They are always present, making a contribution to the people of San Diego and promoting the good name of Labor. That is why we honor and recognize Teamsters Local 36, one of the finest organizations in San Diego and Imperial County, as the recipient of the "Community Services Award"!

RECOGNIZING DEDICATION OF  
WILLIAMSON COUNTY MONU-  
MENT IN FRANKLIN ON MEMO-  
RIAL DAY 2005

**HON. MARSHA BLACKBURN**

OF TENNESSEE

IN THE HOUSE OF REPRESENTATIVES

*Thursday, May 26, 2005*

Mrs. BLACKBURN. Mr. Speaker, Memorial Day is one of those occasions where all Americans can come together for a common purpose—to honor and thank those who've sacrificed in order to keep us free.

It is my privilege to recognize the veterans from Williamson County, Tennessee who served our country over the past century. Nearly 165 veterans from Williamson County died defending America during World War I, World War II, the Korean War and the Viet Nam War. All of us recognize how fortunate we are for having had men and women like them fighting to preserve our freedom.

On Monday, May 30, 2005, Williamson County will dedicate a monument in Franklin, Tennessee, to honor these men and women. I hope all Tennesseans will take time this Memorial Day to remember those who've sacrificed so much for America. God Bless.

THE LIFE OF EVA "MARR"  
BOWMAN

**HON. MARK UDALL**

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

*Thursday, May 26, 2005*

Mr. UDALL of Colorado. Mr. Speaker, on May 7, the Bowman family and Colorado lost a great treasure. Eva "Marr" Bowman died at age 93, a life-long resident of Wray, Colorado.

My sympathies go to her grandson Michael Bowman, who was extremely close to his grandmother. Michael is a tireless advocate of renewable energy and of Colorado's rural communities and is a key proponent of the 25x25 proposal dedicated to producing 25 percent of America's energy needs from our agricultural sector by the year 2025.

Marr Bowman supported Mike in his efforts. She donated \$200,000 to the Wray, Colorado school district to install a wind turbine that will supply all of the school's electricity and 25 percent of the electricity for the town. Her do-

nation has already set an important precedent in Colorado, demonstrating what dedicated communities can do to help rural economic development and maintain farming as a way of life.

I honored Marr Bowman at the Environmental and Clean Energy Inaugural Ball earlier this year for her contributions to Colorado's rural communities and to renewable energy. I noted at the Ball: "Without your generous contribution of seed money for the wind turbine project, further grant money would not be an option. Wray is fortunate to have committed members of the community like you who have the foresight and patience to envision a project and see it through." Even though she won't be in Wray to see the wind turbine operational next month—or to attend her 75th high school reunion—I am glad she knew of our gratitude for her commitment and dedication to her community, to Colorado, and to renewable energy.

Marr Bowman's was a life well lived. She will be missed.

For the benefit of my colleagues, I have attached Mrs. Bowman's obituary from the Denver Post.

FARM WIFE A POWERFUL FORCE

(By Virginia Culver)

Eva "Marr" Bowman was a farm wife who lived all her life on Colorado's plains—but that didn't mean she wasn't up on the latest environmental issues.

Bowman, who died Saturday at age 93, left \$200,000 to the Wray school district as seed money to install a wind turbine that will supply all of the school's electricity and 25 percent of the electricity for the town.

By selling the electricity to the town, the school district will make \$180,000 a year, said Bowman's grandson, Michael Bowman, of Wray.

"We'd hoped she would still be alive to see the wind turbine operational next month, her 75th high school class reunion," he said.

In her letter to the school board about the gift, Eva Bowman said, "There is no greater gift we can give our children than that of a sound education."

Her nephew and others have raised most of the rest of the total—\$1.8 million—for the turbine.

Marr Bowman, as everyone called her, was a fixture in Wray, where she sat at her own table every morning for coffee in the local cafe.

Despite the hard work of cooking, cleaning, raising children and helping with the farm, Marr Bowman was not a complainer.

"In fact, she was the most upbeat person I ever knew," said Michael Bowman.

But, sometimes, she did remark, "Anyone who thought those were the good old days didn't actually live through them."

Marr Bowman and her husband toughed out the Depression, but they and their good friends, Dale and Martha Whomble, had to wait some time before they could buy new cars.

After discussing it one evening, the couples decided on a stopgap measure: They would trade cars, so at least each couple would have a different car.

In addition to her family, Marr Bowman's other great love was bowling, which she did for decades at the Purple Sage Bowling Alley. After it was destroyed in a 1970s tornado, she and her friends had to drive to other towns to bowl.

Eva Peterson was born June 13, 1911, in Holyoke and graduated from Laird High School, east of Wray.

She met Ralph Bowman, a local farm boy, at Olive Lake, a resort area near Wray that

had a dance hall and skating rink. "It was a hotbed of activity in those days," Michael Bowman said.

Eva Peterson and Ralph Bowman married May 16, 1931, and started their life together with gifts of a pig and a cow, which their families had given them. He died in January 2004.

In addition to her grandson, Marr Bowman is survived by two daughters, Jean Brophy of Wray and Jerry Baird of Pasadena, CA; a son, Jack Bowman of Wray; 10 grandchildren; 22 great-grandchildren; her sister, Madge Barber of Burlington; and an "adopted" grandson, Etienne Lagabrielle of France.

BRIGHTON RECEIVES ECONOMIC  
DEVELOPMENT AWARD

**HON. BOB BEAUPREZ**

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

*Thursday, May 26, 2005*

Mr. BEAUPREZ. Mr. Speaker, I rise today to congratulate the City of Brighton, Colorado, for recently being named by the Economic Developers' Council of Colorado (EDCC) as the recipient of the Large Community of the Year award for 2004. The EDCC presents their annual achievement awards that recognize outstanding achievement in economic development by honoring individuals, businesses and communities throughout the State of Colorado.

The City of Brighton was honored to receive this award which is presented to a community over 20,000 in population that demonstrates support for economic development through an organized economic development program and strong leadership.

Mr. Speaker, as we look at a few of the many successes the City has been able to accomplish recently, there is no doubt that they are well deserving of this award.

The City provided an incentive package valued at nearly \$8.2 million for a new Adams County campus for County services. This campus will not only retain jobs for Brighton but will also ensure that Brighton remains the County Seat.

Brighton found funding, without any state support, for the roundabouts at the intersection of U.S. 85 and State Highway 7, which is a major highway intersection to downtown Brighton. The City has also been forward thinking in contributions on their part to make the FasTracks public transit program become a reality in Brighton.

In 2004 the City broke ground on a 14-acre entertainment/retail development, the Brighton Pavilions. This project is a unique public/private partnership between the City, the Brighton Urban Renewal Authority, Brighton Economic Development Corporation, Carlson-Parkhi, LLC and RTD. It is the first Transit Oriented Development in the state based on a bus transit park-n-ride, and a public/private endeavor and is a "model" project for the Denver metro area. Further, this partnership helped the City receive the Adams County Economic Development 2004 Regional Partnership Award.

On the issue of water, which is so vital to communities in Colorado, Brighton has made great strides in making water purchases during 2004 and has aligned itself with other regional communities to provide water solutions in and out of its community. The first water augmentation storage lake was completed and filled in 2004.
