

lung cancer-related programs within a coordinated strategy and defined goals, including—

(A) translational research and specialized lung cancer research centers;

(B) expansion of existing multi-institutional, population-based screening programs incorporating state of the art image processing, centralized review, clinical management, and tobacco cessation protocols;

(C) research on disparities in lung cancer incidence and mortality rates;

(D) graduate medical education programs in thoracic medicine and cardiothoracic surgery;

(E) new programs within the Food and Drug Administration to expedite the development of chemoprevention and targeted therapies for lung cancer;

(F) annual reviews by the Agency for Healthcare Research and Quality of lung cancer screening and treatment protocols;

(G) the appointment of a lung cancer director within the Centers for Disease Control and Prevention with authority to improve lung cancer surveillance and screening programs; and

(H) lung cancer screening demonstration programs under the direction of the Centers for Medicare and Medicaid Services;

(3) direct the Secretary of Defense, in conjunction with the Secretary of Veterans Affairs, to develop a broad-based lung cancer screening and disease management program among members of the Armed Forces and veterans, and to develop technologically advanced diagnostic programs for the early detection of lung cancer;

(4) appoint the Lung Cancer Scientific and Medical Advisory Committee comprised of medical, scientific, pharmaceutical, and patient advocacy representatives to work with the National Lung Cancer Public Health Policy Board and to report to the President and Congress on the progress and the obstacles in achieving the goal described in paragraph 1; and

(5) convene a National Lung Cancer Public Health Policy Board comprised of multi-agency and multidepartment representatives and at least 3 members of the Lung Cancer Scientific and Medical Advisory Committee, that will oversee and coordinate all efforts to accomplish the mission of reducing lung cancer mortality rate by 50 percent by 2015.

SENATE RESOLUTION 409—SUPPORTING DEMOCRACY, DEVELOPMENT, AND STABILIZATION IN HAITI

Mr. NELSON of Florida (for himself and Mr. DEWINE) submitted the following resolution; which was referred to the Committee on Foreign Relations:

S. RES. 409

Whereas Haiti has a per capita gross domestic product (GDP) of \$361, over 65 percent of the population lives under the poverty line, 50 percent of the population does not have access to clean water, and nearly 50 percent of the population is illiterate, according to the World Bank;

Whereas the Government of Haiti has fundamental requirements with respect to providing citizen security, protecting the rule of law, controlling drug trafficking, and fighting corruption;

Whereas, on March 2, 2004, United Nations Secretary-General Kofi Annan stated, “We should put the people of Haiti at the center of everything we try to do, and try and help them build a better future. And as I have indicated before, I hope this time the international community will go in for the long

haul and not a quick turn-around. We need to work with them to stabilize the country, and sustain the effort. It may take years and I hope we will have the patience to do it.”;

Whereas the United Nations Stabilization Mission in Haiti (MINUSTAH) was established by United Nations Security Council Resolution 1542 on April 30, 2004, and extended again until August 15, 2006, by United Nations Security Council Resolution 1658, “with the intention to renew for further periods”;

Whereas over 40 countries participate in MINUSTAH, including 12 countries from the Western Hemisphere;

Whereas the United Nations senior leadership in Haiti is comprised of representatives from Canada, Brazil, and Chile;

Whereas more than 3,500,000 Haitians registered to vote in Haiti according to the Organization of American States;

Whereas more than 2,000,000 Haitians voted in the national elections on February 7, 2006, according to the Haitian Provisional Electoral Council (CEP); and

Whereas more than \$1,000,000,000 was pledged at the International Donors Conference in July 2004 in support of Haiti’s Interim Cooperation Framework: Now, therefore, be it

Resolved, That the Senate—

(1) urges reconciliation among the people of Haiti, including a government led by President-elect Rene Preval that respects the rights of all political parties;

(2) supports the holding of the second round of parliamentary elections as soon as possible while stressing the importance of a free, fair, and open process;

(3) thanks the countries that have contributed personnel to MINUSTAH, particularly Brazil, whose President, Luiz Inacio Lula da Silva, announced on March 13, 2006, that peacekeepers from Brazil will stay in Haiti for as long as the new government in Haiti needs them;

(4) strongly encourages MINUSTAH to maintain the current elevated troop levels and to raise significantly the numbers of UNPOL police forces;

(5) urges the international community to continue to support MINUSTAH, to fulfill the pledges made at the July 2004 International Donors Conference, and to plan for a new multi-year commitment of support at a new donor’s conference to be held no later than July 2006;

(6) recommends the creation of an effective demobilization, disarmament, and reintegration program to encompass former military members and gangs;

(7) recommends that the new government cooperate fully with MINUSTAH in assuring police and judiciary reform; and

(8) supports assistance from the United States Government for the reconstruction of Haiti, including programs supporting job creation, governance and rule of law, protection of the environment, social development, and reconstruction of basic infrastructure.

Mr. NELSON of Florida. Mr. President, Haiti’s recent election has refocused the eyes of the international community on that country, its remarkable successes, and its continuing challenges. We must remind ourselves that although less than two months ago the Haitian people elected Rene Preval as their next President. Haiti’s GDP per capita is \$361, with over 65 percent of the population below the poverty line. Half of all Haitians have no access to clean water, and nearly half cannot read or write. In this context the Haitian achievement of an election is even more extraordinary.

The international community took notice of Haiti’s difficulties and its achievements, pledging over a billion dollars in support of Haiti’s Interim Cooperation Framework in July 2004 at the International Donors Conference. Some of this money has arrived in Haiti and is benefiting the Haitian people while other pledges remain unfulfilled. We are in a critical time in Haiti; we need to ensure that the promised money arrives and is used in a way that will improve the lives of all Haitians.

That’s why today I am submitting a Senate resolution along with my colleague, Senator DEWINE that highlights Haiti’s successes and reminds our international partners of their commitments to Haiti and of the importance of promoting stability there. The United Nations Stabilization Mission in Haiti (MINUSTAH) is authorized through August of this year, and it is critical that this important stability operation be continued. Over 40 countries have sent personnel to MINUSTAH, including Brazil, whose President Luiz Inacio Lula da Silva recently announced that Brazil’s peacekeepers will remain in Haiti for as long as the new government there needs them.

I have just today met with the President-elect of Haiti, Rene Preval. In our meeting I stressed to him the important role he must now play to ensure that his government respects the rights of all political parties and maintains its legitimacy with the Haitian people and the international community. Mr. Preval has a unique opportunity at this historical juncture to move Haiti in the right direction. Doing so will ensure that Haiti attains its proper place within the community of free and democratic nations. Only by constantly striving to enhance the liberties and opportunities of the average Haitian can Mr. Preval be an effective steward of Haiti’s dreams.

SENATE RESOLUTION 410—DESIGNATING APRIL 2006 AS “FINANCIAL LITERACY MONTH”

Mr. AKAKA (for himself, Mr. SARBANES, Mr. COCHRAN, Mr. LAUTENBERG, Mr. KOHL, Ms. STABENOW, Mr. TALENT, Mr. JOHNSON, Mr. CRAPO, Mr. DODD, Mr. MARTINEZ, Mrs. LINCOLN, Mr. DURBIN, Mr. INOUE, Mr. DEMINT, and Mr. BAUCUS) submitted the following resolution; which was considered and agreed to:

S. RES. 410

Whereas the personal savings rate of United States citizens in 2005 was negative 0.5 percent, marking the first time that the rate has been negative since the Great Depression year of 1933;

Whereas in 2005, only 42 percent of workers or their spouses calculated the amount that they needed to save for retirement, down from 53 percent in 2000;

Whereas the 2005 Retirement Confidence Survey found that a majority of workers believe that they are behind schedule on their retirement savings and that their debt is a problem;
