#### IN CELEBRATION OF THE 30TH ANNIVERSARY OF THE MARY CAMPBELL CENTER

● Mr. CARPER. Mr. President, I rise today to celebrate the 30th anniversary of the Mary Campbell Center in serving people with disabilities in Delaware. Since opening in 1976, the Mary Campbell Center has touched the lives of literally thousands of people.

The center is located in Wilmington, DE, on 10 beautiful acres of land. The grounds were originally a farm owned by Amos and Mary Talley Campbell, whose daughter Evelyn had Down's syndrome. After his wife died, Amos Campbell donated their land so that a special long-term-care facility for Evelyn and other people with disabilities could be built. And that is how it came to be called the Mary Campbell Center.

The center was founded by a group of loving individuals—Marjorie M. Anderson, Richard P. DiSabatino, Sr., Barbara Z. Holmes, David W. Holmes, William H. Kelley, Joseph J. Picciotti, Jr., Marcia V. Raniere, Charles E. Welch, and Charma L. Welch. Each of these founders and their families has given unselfishly to make the Mary Campbell Center the success that it is today.

Since 1976, there have been many Mary Campbell Center milestones. The center has grown from having a handful of residents to 65 residents. They benefit from around-the-clock health care, case management, counseling, education, assistive technology, recreation, physician services, physical therapy, occupational therapy, massage therapy, speech and language therapy, hydrotherapy, exercise, nutritional services, and transportation. Local families have come to depend on the Mary Campbell Center for respite care. Residents and members of the community are also benefiting from the center's unique educational program. Furthermore, over 200 children and youths with special needs and their siblings participate in various programs and summer camp experiences. And the most recent venture, the day program, is expanding to serve even more families.

Physically, the Mary Campbell Center has gone from a compact building to a comfortable state-of-the-art and fully accessible facility with an indoor swimming pool, a learning center with the latest technologies, a greenhouse, and an adaptive playground. There is even an accessible nature trail that is an especially popular retreat during spring and summer. Today, more than ever, assistive technology is helping so

many reach new goals and communicate with family and friends all over the world. Community involvement is at an alltime high. Over 300 volunteers give their time and talent to make a difference there. As the Mary Campbell Center enters its third decade, it continues to grow. Another expansion to the building is about to get underway. The center is doubling the size of their community room, the All-Star Room, and constructing a basement. This will provide additional usable space.

I had the privilege of visiting the Mary Campbell Center earlier this year. I was able to see first hand the difference the center makes in people's lives. I rise today to thank the Mary Campbell Center community for all that they do in Delaware, and I wish them a very happy 30th anniversary.●
