

right. That means the Defense Acquisition System needs to prove that its selection process understands capabilities-based evaluation and appropriately weighs the system's key performance parameters. Otherwise, we'll never know whether the competition was a true competition and whether our warfighters have received the best possible capability.

TRIBUTE TO CINDY CREAMER

HON. CHRIS VAN HOLLEN

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 26, 2006

Mr. VAN HOLLEN. Mr. Speaker, I rise today to honor Col. Cindy Creamer, a thirty-year veteran of the City of Takoma Park Police Department, on the occasion of her retirement. As an officer and police chief, Col. Creamer has worked tirelessly over the past three decades to ensure the safety and security of Takoma Park residents, and her dedication to this vital task deserves our sincere gratitude and appreciation.

Sworn in as a police officer on her 21st birthday, Chief Creamer served in every division of the Takoma Park Police Department. She began her career as a Communications Dispatcher in 1976, then went on to serve in and eventually command both the patrol and criminal investigation divisions. Chief Creamer was selected as Officer of the Year in 1980 while serving as a patrol officer, and she received the honor again in 1990 for her criminal investigating skills. As the first female sergeant and lieutenant in the agency, she received numerous other honors, including Supervisor of the Year.

Chief Creamer has served the residents of the City of Takoma Park and Montgomery County with dedication and commitment. She has made a difference in the quality of life throughout our county. Although she is retiring from active duty on the Takoma Park police force, I am delighted that Chief Creamer will continue to serve our community as deputy chief for patrol at the WSSC Police Department. I am confident that her many years of active experience will ensure her success in this role.

Mr. Speaker, I am pleased to represent Chief Cindy Creamer in the U.S. Congress and to extend my congratulations and thanks to her for her service to our community.

TRIBUTE TO THE REV. G. VINCENT LEWIS, CHIEF MINISTERIAL OFFICER AND EXECUTIVE PASTOR OF ANTIOCH MISSIONARY BAPTIST CHURCH OF CAROL CITY

HON. KENDRICK B. MEEK

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 26, 2006

Mr. MEEK of Florida. Mr. Speaker, I rise to pay tribute to one of our community's most outstanding and experienced church leaders, the Rev. G. Vincent Lewis, Executive Pastor of Antioch Missionary Baptist Church. The members and supporters of the congregation celebrated the 30th Anniversary of his pastorate on Sunday, July 23, 2006, in a happy

event held at Antioch Missionary Baptist Church of Carol City.

Rev. Lewis represents the vocation of a Good Shepherd who attends to his flock in ways we can never fathom. As Executive Pastor and Chief Ministerial Officer, he exudes the knowledge and pragmatism of a man who is capable of making good things happen in the corporal world while also teaching the ways of God. He has tirelessly worked to enlighten our community on the agenda of spiritual wisdom and good governance impacting our duties and responsibilities to the less fortunate.

Rev. Lewis' timely and persevering leadership at Antioch Missionary Baptist Church of Carol City is genuinely commendable. As a man of God and as a community leader, he has indeed earned our deepest respect and admiration.

We congratulate Reverend Lewis and thank him for his many years of service in the Vineyard of the Lord. He continues to teach us to live by the noble ethic of loving God and by serving our fellow human beings, and our fervent hope is for his continued health and success as he begins his fourth decade of service.

INTRODUCTION OF THE COMMUNITY PROTECTION AND RESPONSE ACT

HON. CAROLYN B. MALONEY

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 26, 2006

Mrs. MALONEY. Mr. Speaker, today I am introducing the Community Protection and Response Act of 2006 to eliminate confusion in terrorist prevention and response.

One of the major lessons learned in the aftermath of the September 11th attacks is that timely response is critical. Any delay complicates short-, medium-, and long-term recovery efforts. Sadly, many of the lessons that we have learned have gone without an appropriate response.

In response to the attacks of September 11th, Congress took a series of actions to bring relief to affected areas. These legislative actions along with existing statutes, including the Robert T. Stafford Relief and Emergency Act and the Disaster Mitigation Act of 2000, formed the framework for the Federal Government's response. The magnitude of the attacks and the need for Congress to take action before certain relief could be delivered added to the challenge of the recovery efforts and exposed critical weaknesses in Federal authority to respond.

The Community Protection and Response Act would amend the Stafford Act along with other statutes and would give the President a series of policy options to choose from following a homeland security event. A homeland security event is defined as an event that poses a significant risk to the security of people and property and is in such a magnitude that effective response is beyond the scope and capability of the affected State and local government. Many of these options are based on congressional action following September 11th or other policy suggestions in reports by the Congressional Research Service, the General Accounting Office and the New York branch of the Federal Reserve. Specifically, in

the event of a homeland security event, the President can provide grants for lost tax revenue, aid to school systems, and assistance to medical facilities and utility companies. The bill also establishes guidelines to ensure the public health of area residents and disaster workers.

Specifically this legislation would do the following:

COMMUNITY PROTECTION AND RESPONSE ACT OF 2006 (CPR)

EXPANSION OF DEFINITIONS IN THE STAFFORD ACT/
AMENDMENTS TO EXISTING STATUTES

1. Expands the definition of "major disaster" to include terrorist attacks, dispersions of radioactive or other contaminants, dispersion of hazardous substances, or other catastrophic event.

2. In the event of a homeland security event expands definition to include private for-profit utilities (including power, water, telecommunications and phone services).

3. Defines "Homeland Security Event" as a major disaster that poses a significant risk to the people and property of the Nation and it is such severity and magnitude that effective response is beyond the capability of the affected State and local government. Designation requested by Governor and made by President.

4. Changes definition of critical services to include education systems, providers of counseling assistance, and providers of assistance to the homeless.

5. Removes \$5 million restriction for loans as a result of lost taxes or other revenues. Forgives interest in the event of a Homeland Security Event.

6. Removes requirement of "direct" impact for assistance.

HOMELAND SECURITY EVENTS NEW AUTHORITIES GIVEN
TO THE PRESIDENT

After declaration, the President is authorized, but not required, to do the following:

1. Establish a coordinating office and appoint a Disaster Recovery Director.

2. Reimburse State and local governments to respond to high security alerts.

3. Provide grants to local governments which may suffer a loss of tax and other revenues.

4. Reimburse school systems for lost instructional time, mental health and trauma counseling and clean up cost.

5. Authorizes EPA to perform all indoor air testing and undertake remedial actions.

STANDARDS AND REPORTING

Directs OMB to establish standards for reporting disaster relief efforts regarding each agency that assists in disaster relief efforts following a homeland security event. Reports such data to Congress.

MONITORING OF HEALTH RISKS

1. Instructs President to appoint a special commission to study the authorities available to the Environmental Protection Agency (EPA) following a homeland security event. Including the monitoring of the environment.

2. Works with the EPA and the Centers for Disease Control (CDC) to develop guidelines regarding health risks for affected areas and instructs the CDC to provide information in the case of biological materials.

3. Provides for standardization, rapid collection and analysis, and communication following a homeland security event.

4. Authorizes the Secretary of Health and Human Services to make awards to private

entities to collect health data in the aftermath of an event. These awards can be made in advance of the event for immediate response.

SUPPORT FOR THE BREAST CANCER PATIENT PROTECTION ACT

HON. LUIS FORTUÑO

OF PUERTO RICO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 26, 2006

Mr. FORTUÑO. Mr. Speaker, today I express my strong support for H.R. 1849, the Breast Cancer Patient Protection Act. Breast cancer adversely affects hundreds of thousands of American women and their families each year. Introduced by Representatives SUE KELLY and ROSA DELAURO, this bill would require that health plans provide coverage for a minimum hospital stay for mastectomies, lumpectomies and lymph node dissection for the treatment of breast cancer and coverage for secondary consultations. H.R. 1849, in conjunction with its Senate companion bill, S. 901, represents an important bicameral effort to improve and ensure the health of American women.

I strongly believe that H.R. 1849 is a valuable tool to provide effective health care and recovery support to those impacted by breast cancer.

HONORING THE ALPHA PHI ALPHA FRATERNITY ON THE OCCASION OF ITS 100TH ANNIVERSARY

SPEECH OF

HON. DAVID SCOTT

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, July 25, 2006

Mr. SCOTT of Georgia. Mr. Speaker, it is an honor and special privilege to address this great body on such an auspicious occasion. The Centennial Convention of Alpha Phi Alpha Fraternity, Inc., commenced yesterday, marking 100 years from the fraternity's founding in Ithaca, NY, at Cornell University. This week in Washington, DC, men from every discipline and geographic location convene to chart and plan for the fraternity's future, celebrate its 100th anniversary, and reinvigorate its founding principles, scholarship, fellowship, good character, and the uplifting of humanity.

As a proud member of this fraternity, I feel special esteem in recognizing the historical significance of the centennial anniversary of Alpha Phi Alpha Fraternity, Inc. I joined the ranks of Alpha Phi Alpha Fraternity, Inc., as an undergraduate student at Florida A&M University to follow in the footsteps of many great men before me, such as W.E.B. DuBois, Adam Clayton Powell, Jr., Edward Brooke, Martin Luther King, Jr., Thurgood Marshall, Andrew Young, William Gray, and Paul Robeson.

I am pleased to join with the entire House in recognizing the fraternity's 100th anniversary with the passage of H. Con. Res. 384, "Recognizing and honoring the 100th anniversary of the founding of the Alpha Phi Alpha Fraternity, Incorporated, the first intercollegiate Greek-letter fraternity established for African Americans." I commend my brethren and the

leadership of the organization for the achievements and accomplishments made thus far. On this historic occasion let us march forth to lay the groundwork for another 100 years.

IN HONOR OF REVEREND RICHARD KEVIN BARNARD

HON. MICHAEL C. BURGESS

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 26, 2006

Mr. BURGESS. Mr. Speaker, today I rise to welcome my pastor, Reverend Richard Kevin Barnard. I am honored Father Barnard is here today to lead us in glory and praise of our Almighty. Reverend Barnard has served as Rector of The Chapel of the Cross—a Reformed Episcopal Church—since July of 1989. He has also served Reformed Episcopal Congregations in New Jersey and New York.

Before coming to The Chapel, Father Barnard was Director of Communications for the International Bible Society, which was then located in East Brunswick, NJ. In that capacity he was a regular participant in the monthly White House Forum for Religious Organizations during the Reagan Administration and represented the Bible Society at public and private events, traveling to Central America, Europe, Africa and Asia.

Father Barnard is the author of two books and numerous articles, and is also a Past Master of Roy Stanley Masonic Lodge in Dallas.

Before becoming a Reformed Episcopalian, the Reverend Barnard was a Baptist pastor, serving congregations in Missouri, Florida and Tennessee. He is a graduate of Baptist Bible College, Springfield, MO, and holds the Master of Divinity Degree from Cummins Theological Seminary, a Reformed Episcopal seminary in Summerville, SC.

Father Barnard is married to the former Miss Paula Ann Henderson of Fort Worth, TX. They have four children and two grandchildren. Their youngest son, Adam, is currently serving aboard in USS *Los Angeles* (SSN 688), stationed at Pearl Harbor.

Father Barnard's gracious presence and true dedication to the work and word of Christ is an instrumental part of my life. He guides his flock diligently and challenges us to remain faithful to pursuing our walk with Christ daily. I am thankful for his leadership and his presence here today. It is truly and honor.

NATIONAL HERITAGE AREAS ACT OF 2006

SPEECH OF

HON. JOE BACA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Monday, July 24, 2006

Mr. BACA. Madam Speaker, I rise in strong support of S. 203, the National Heritage Areas Act. This bill contains a small package of resource conservation and management bills, including the Senate passed version of one of my bills—H.R. 18, the Southern California Groundwater Remediation Act.

The Southern California Groundwater Remediation Act will fund \$25 million for the

cleanup of a rocket fuel additive that has contaminated groundwater supplies in the Santa Ana watershed, namely, the Rialto-Colton basin and the Chino basin.

Cities in the Inland Empire of Southern California are closing their groundwater wells due to contamination from this fuel and explosive called perchlorate.

This chemical is a volatile organic compound and has been found to be harmful to thyroid function.

From most accounts, 90 percent of perchlorate in water comes from a federal source, primarily from former military sites and other Department of Defense installations.

Three hundred nineteen groundwater wells are impacted in California alone—78 of them in my district.

This bill includes a similar provision for contamination in Representative POMBO's region.

Perchlorate doesn't just affect the drinking water supply, but our food supply as well. A 2003 study found perchlorate in lettuce grown in areas where the water supply is contaminated with perchlorate.

And, perchlorate has even been found in milk.

Hardworking families in my region, which has and has had large military and aerospace facilities, are not at fault and should not have to pay for a federally created problem.

The communities I represent cannot afford costly toxic cleanup and the alternative is no better.

Cities are being forced to raise water rates to outrageous levels, forgo dust control on highways to meet Clean Air Act requirements, and to truck in water from other regions.

The region I represent in California is ground zero for this contamination and the Federal Government needs to step up and take responsibility.

Including my bill as a provision to S. 203 will go a long way to protect children and elderly in California from dangerous health risks.

The House of Representatives has already twice passed H.R. 18 and I am glad the Senate has moved forward in approving my legislative proposal.

The communities in my district need this assistance, and I urge my colleagues to please support S. 203 and the many important provisions and bills included therein.

RECOGNIZING THE BETHLEHEM CENTERS OF NASHVILLE AS ONE OF THE TOP RATED CHILD CARE CENTERS IN THE COUNTRY

HON. JIM COOPER

OF TENNESSEE

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 26, 2006

Mr. COOPER. Mr. Speaker, today I wish to recognize Bethlehem Centers of Nashville and express my heartfelt congratulations on their fourth year to receive a three-star rating from Tennessee Department of Human Services for their child care services.

Founded in 1894 as the United Methodist Neighborhood Centers, today the Bethlehem Centers of Nashville serve thousands of children, young adults, adult women and senior citizens in the North Nashville and downtown neighborhoods. Bethlehem Centers provide a variety of services designed to support individuals regardless of their economic background.
