STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

Mr. LAUTENBERG:

S. 4059. A bill to prohibit departments, agencies, and other instrumentalities of the Federal Government from providing assistance to an entity for the development of course material or the provision of instruction on human development and sexuality, if such material or instruction will include medically inaccurate information, and for other purposes; to the Committee on Homeland Security and Governmental Affairs.

Mr. LAUTENBERG. Mr. President, I rise to introduce and discuss my bill, the "Guarantee of Medical Accuracy in Sex Education Act."

My bill would require that federally-funded sex education/abstinence only programs contain medically accurate and factual information as part of any course instruction.

During the past few years, there has been an increase in the number of federally funded programs using curricula that provide medically inaccurate or misleading information.

Some of these medical inaccuracies include teaching young people that HIV can be transmitted by sweat and tears, citing failure rates of condoms as high as 69 percent, as well as giving inaccurate symptoms and outcomes of sexually transmitted diseases. In addition, some federally funded programs
