

even more critical to recognize the first genocide of the 20th Century. We must send a message that genocide and genocide denial will never be tolerated.

To that end, I am proud to be an original cosponsor of Senator RICHARD DURBIN's S. Res. 106, calling on the President to accurately characterize the Armenian Genocide in his annual message around April 24 and to ensure that the foreign policy of the United States reflects appropriate understanding and sensitivity concerning issues related to human rights, ethnic cleansing, and genocide documented in the United States record relating to the Armenian genocide.

It is important that we recognize the Armenian genocide while its survivors are still with us to tell their stories. We must recognize the genocide for the survivors. We must recognize the genocide because it is the right thing to do. We must recognize the Armenian genocide to help shed light on the darkness and move toward a more humane world.

VOTE EXPLANATION

• Mr. NELSON of Florida. Mr. President, I would like to take this opportunity to explain to the Senate my absence during today's vote to invoke cloture on S. 372, the Intelligence Authorization Act.

I am in Florida, and my flight was due to arrive in Washington this afternoon. However, because of the inclement weather, my flight was delayed and I am still in Tallahassee.

I am a member of the Senate Select Committee on Intelligence, and I have already voted in favor of this measure. As such, had I been present for the vote, I would have voted "aye" on the resolution.●
