AMENDMENT NO. 32 OFFERED BY MR. HOLT:

At the end of subtitle E of title X, add the following new section:

SEC. 1055. REQUIREMENT FOR VIDEOTAPING RECORDINGS OF STRATEGIC INTERROGATIONS AND OTHER PERTINENT INTERACTIONS AMONG DETAINEES OR PRISONERS IN THE CUSTODY OF OR UNDER THE EFFECTIVE CONTROL OF THE UNITED STATES AND MEMBERS OF THE ARMED FORCES, INTELLIGENCE OPERATIVES OF THE UNITED STATES, AND CONTRACTORS OF THE UNITED STATES.

(a) IN GENERAL.—In accordance with the Geneva Conventions of 1949, the International Covenant on Civil and Political Rights, the Convention Against Torture and Other Cruel, Inhuman, or Degrading Treatment or Punishment, and prohibitions against any cruel, unusual, and inhuman treatment or punishment under the Fifth, Eighth, and Fourteenth Amendments to the Constitution of the United States, the President shall take such actions as are necessary to ensure that any strategic interrogation or other pertinent interaction between an individual who is a detainee or prisoner in the custody or under the effective control of the Armed Forces pursuant to a strategic interrogation, or other pertinent interaction, for the purpose of gathering intelligence and a member of the Armed Forces, an intelligence operative of the United States, or a contractor of the United States, is videotaped.

(b) COMMENCEMENT OF REQUIREMENT.—The videotaping requirement under subsection (a) shall be applicable to any strategic interrogation of an individual that takes place on or after the earlier of—

(1) the day on which the individual is confined in a facility owned, operated or controlled, in whole or in part, by the United States, or any of its representatives, agencies, or agents; or

(2) 7 days after the day on which the individual is taken into custody by the United States or any of its representatives, agencies, or agents.

(c) CLASSIFICATION OF INFORMATION.—The President shall provide for the appropriate classification to protect United States national security and the privacy of detainees or prisoners held by the United States, of video tapes referred to in subsection (a). Videotapes shall be made available, under seal if appropriate, to both prosecution and defense to the extent they are material to any military or civilian criminal proceeding.

(d) STRATEGIC INTERROGATION DEFINED.—For purposes of this section, the term “strategic interrogation” means an interrogation of a detainee or prisoner at—

(1) a corps or theater-level detention facility, as defined in the Army Field Manual on Human Intelligence Collector Operations (FM 2-22.3, September 2006); or

(2) a detention facility outside of the area of operations (AOR) where the detainee or prisoner was initially captured, including—

(A) a detention facility owned, operated, borrowed, or leased by the United States Government; and

(B) a detention facility of a foreign government at which United States Government personnel, including contractors, are permitted to conduct interrogations by the foreign government in question.

(e) ACCESS TO PRISONERS AND DETAINEES OF THE UNITED STATES TO ENSURE INDEPENDENT MONITORING AND TRANSPARENT INVESTIGATIONS.—Consistent with the obligations of the United States under international law and related protocols to which the United States is a party, the President shall take such actions as are necessary to ensure that representatives of the following organizations are granted access to detainees or prisoners in the custody or under the effective control of the Armed Forces:

(1) The International Federation of the International Committee of the Red Cross and the Red Crescent.

(2) The United Nations High Commissioner for Human Rights.

(3) The United Nations Special Rapporteur on Torture.

(1) DEVELOPMENT OF GUIDELINES.—The Judge Advocates General (as defined in section 801(1) of title 10, United States Code, (Article 1 of the Uniform Code of Military Justice)) shall jointly develop uniform guidelines designed to ensure that the videotaping required under subsection (a) is sufficiently expansive to prevent any abuse of detainees and prisoners referred to in subsection (a) and violations of law binding on the United States, including treaties specified in subsection (a).

(2) SUBMITTAL TO CONGRESS.—Not later than 30 days after the date of the enactment of this Act, the Secretary of Defense shall submit to Congress a report containing the guidelines developed under paragraph (1).

ANNOUNCEMENT BY THE ACTING CHAIRMAN

The Acting CHAIRMAN (during the vote). Members are advised there is 1 minute remaining in this vote.

□ 1201

So the amendment was rejected.

The result of the vote was announced as above recorded.

PERSONAL EXPLANATION

Mr. MILLER of Florida. Mr. Speaker, I would like to offer a personal explanation of the reason I missed rollcall Nos. 367 through 374 on May 17, 2007. I was down in my district attending the funeral of Staff Sgt. Timothy P. Padgett.

If present, I would have voted: rollcall vote No. 367, Tierney Amendment on Defense Authorization to reduce the \$8.1 billion specified for Missile Defense Agency activities by \$1.084 billion from specified programs, “no”; rollcall vote No. 368, Franks Amendment on Defense Authorization to increase by \$764 million the amount authorized for ballistic missile defense, “aye”; rollcall vote No. 369, King Amendment on Defense Authorization to clarify that neither the bill nor any other provision of law shall prevent the U.S. government from establishing temporary military installations or bases by entering into a basing rights agreement with the government of Iraq, “aye”; rollcall vote No. 370, Moran Amendment on Defense Authorization to require the Secretary of Defense to submit a report that contains a plan for the transfer of every enemy combatant at Naval Station, Guantanamo Bay, Cuba, “no”; rollcall vote No. 371, Holt Amendment on Defense Authorization to require the videotaping of interrogations and other pertinent interactions between military personnel and/or contractors and detainees, “no”.

Ms. BORDALLO. Mr. Chairman, I rise today in support of H.R. 1585, the National Defense Authorization Act for Fiscal Year 2008. The provisions of this bill are critical to our national security and to improving the readiness for our fighting men and women who serve our country so ably. I commend Chairman IKE SKELTON, Ranking Member DUNCAN HUNTER, and my colleagues on the Committee on Armed Services for their leadership and work on writing this important legislation. The work of the committee ensures that this Congress will make a meaningful and positive impact on our Armed Forces.

Many members of the United States armed services, including scores of servicemembers from Guam, are at duty stations in the United States, at sea, or are deployed to combat zones and elsewhere around the world today. I have had the unique opportunity, since I was elected to Congress in 2002 and sworn into office in 2003, to travel to many of the combat zones and visit with our servicemembers there. I remain impressed by the professionalism of the members of the United States armed services. I am inspired by their continued, steadfast commitment to their achieving their missions. And I am heartened by their daily, unquestioned acts of bravery performed in defense of the American way of life, despite the hostile intentions and aggressive actions of persistent and deadly enemies.

The responsibilities and obligations of members of the United States armed services are significant and honorable, but not without

great risk. The tenth soldier from Guam to be killed in action during operations support of the war on terror will soon be laid to rest by his family, friends, and a grateful country. I, like all of my colleagues, am deeply saddened when we learn that the life of one of our country's finest young men and women has been ended as a result of their service to our country. Such a loss is grave to the United States and to the United States armed services. But there is no doubt their passing is a more grievous loss to their family, friends, and communities who knew and loved them as individuals. All of us should try to find comfort in the thought that our service men and women serve so that others might someday know the joys of liberty and justice. And for that, we should all be proud and thankful.

We have the opportunity today to act and renew our commitment to our servicemembers. Supporting this legislation will help provide for our military heroes and their families. There are few who deserve our support and gratitude more than these individuals and their spouses and children. At home and abroad, they serve and represent our country and government in a manner that is both honorable and admirable.

This legislation in particular addresses many critical issues that face Guam, our community and the existing and planned military facilities for our island. Included in this bill are authorizations for a total of over \$300 million of military construction projects on Guam for fiscal year 2008. This amount represents a significant increase above the amount of military construction funding that was authorized and appropriated for Guam for fiscal year 2007. I welcome this significant increase in investment in Guam. These increases improve the facilities and capabilities of the military bases on Guam. But they also help Guam's business community to begin to build the capacity that it will need in order to successfully compete for, and complete the scopes of work of, the tremendous amount of military construction planned to support the rebasing of United States Marines from Okinawa, Japan, to Guam.

The bill before us today includes approvals for full funding of several key infrastructure projects at Naval Base Guam. Among them is an authorization for \$59.4 million to improve the base's electrical system security; for \$57.2 million for Naval family housing; for \$51.8 million to expand wharf capacity at Kilo Wharf in Apra Harbor; for \$42.5 million for a new fitness center on base; for \$40.8 million to repair and upgrade the base's wastewater treatment plant; and for \$31.4 million to build Phase I of a potable water distribution system on base. This legislation would also provide authorizations to fund needed projects at Andersen Air Force Base on Guam. The authorizations are for \$15.8 million for two projects at Northwest Field to support the 607th Training Flight “Commando Warrior” unit that will soon relocate from Osan Air Base, Korea, to Guam.

In addition to military construction projects, H.R. 1585 addresses quality of life issues for military retirees and military dependents on Guam. The Department of Defense has been unresponsive to the needs of retirees on Guam who are reliant on the TRICARE system. Military retirees who live on Guam who are referred off island for specialty care are forced to travel to those locations at their own expense. These trips to access referred specialty care in Hawaii or California cost in the
