

of Americans with energy for their homes and businesses;

Whereas coal mining continues to provide economic stability for many communities in Utah and throughout the United States;

Whereas during the last century over 100,000 coal miners have been killed in mining accidents in the Nation's coal mines; and

Whereas the American people are greatly indebted to coal miners for the difficult and dangerous work they perform: Now, therefore, be it

Resolved, That the Senate—

(1) honors Kerry Allred, Don Erickson, Luis Hernandez, Carlos Payan, Brandon Phillips, and Manuel Sanchez, as well as Dale "Bird" Black, Gary Jensen, and Brandon Kimber for their sacrifice in the Crandall Canyon coal mine;

(2) extends the deepest condolences of the Nation to the families of these men;

(3) recognizes the brave work of the many volunteers who participated in the rescue efforts and provided support for the miners' families during rescue operations; and

(4) honors the contribution of coal mines and coal-mining families to America's proud heritage.

SENATE RESOLUTION 313—SUPPORTING THE WE DON'T SERVE TEENS CAMPAIGN

Mr. LOTT (for himself and Mr. PRYOR) submitted the following resolution; which was referred to the Committee on the Judiciary:

S. RES. 313

Whereas the 2005 National Survey on Drug Use and Health estimates there are 11,000,000 underage alcoholic beverage drinkers in the United States;

Whereas research shows that young people who start drinking alcoholic beverages before the age of 15 are 4 times more likely to develop an alcohol-related disorder later in life;

Whereas surveys show that 17 percent of 8th graders, 33 percent of high school sophomores, and 47 percent of high school seniors report recent drinking;

Whereas, in a 2003 survey of drinkers ages 10 to 18, 65 percent said they got the alcohol from family members or friends—some took alcohol from their own home or a friend's home without permission, and in other cases adults, siblings, or friends provided the alcohol;

Whereas the Surgeon General issued a national Call to Action against underage drinking in March 2007, asking Americans to do more to stop current underage drinkers from using alcohol and to keep other young people from starting;

Whereas the Leadership to Keep Children Alcohol Free initiative is a coalition of Governors' spouses, Federal agencies, and public and private organizations which specifically targets prevention of drinking in the 9- to 15-year-old age group;

Whereas the National Alliance to Prevent Underage Drinking is a coalition of public health, law enforcement, religious, treatment and prevention, and other organizations with the goal of supporting and promoting implementation of a comprehensive strategy to reduce underage drinking;

Whereas the best protections against underage drinking are comprehensive prevention and enforcement strategies that include educating parents and members of the community;

Whereas beverage alcohol is a unique product and is regulated in such a way as to encourage social responsibility;

Whereas parents should be encouraged to talk to their children about the dangers of underage drinking;

Whereas the goal of the We Don't Serve Teens campaign is to educate parents and community leaders about effective ways of reducing underage drinking;

Whereas the We Don't Serve Teens campaign seeks to unite State officials, business leaders, parents, and community leaders in fighting underage drinking;

Whereas the Federal Trade Commission has partnered with other Government entities, members of the beverage alcohol industry, and members of the advocacy community to educate the public on the dangers of underage drinking;

Whereas the Federal Trade Commission has created an Internet website, www.dontserveteens.gov, as a resource for parents, educators, and community leaders concerned with underage drinking;

Whereas Congress has demonstrated its commitment to the prevention of underage drinking by enacting the Sober Truth on Preventing Underage Drinking Act (STOP), which recognizes that the 3-tier system of manufacturer, wholesaler, and retailer and continued State regulation of the sale and distribution of alcohol are critical to preventing access to alcohol by persons under 21 years of age; and

Whereas the We Don't Serve Teens campaign recognizes that all 3 tiers of the beverage alcohol industry play a key role in the prevention of underage drinking, and unites all of those participants in a concerted effort to protect America's youth: Now, therefore, be it

Resolved, That the Senate—

(1) supports the goals and ideals of campaigns working to prevent underage drinking, including the We Don't Serve Teens campaign;

(2) recognizes September 10-15, 2007, as "National We Don't Serve Teens Week";

(3) encourages people across the Nation to take advantage of the wealth of information that can be used to combat underage drinking; and

(4) commends the leadership and continuing efforts of all groups working to reduce underage drinking, including State and local officials, the Federal Trade Commission, community groups, public health organizations, law enforcement, and the beverage alcohol industry.

SENATE RESOLUTION 314—DESIGNATING SEPTEMBER 13, 2007, AS "NATIONAL CELIAC DISEASE AWARENESS DAY"

Mr. INHOFE (for himself and Mr. NELSON of Nebraska) submitted the following resolution; which was considered and agreed to:

S. RES. 314

Whereas celiac disease affects approximately 1 in every 130 people in the United States, for a total of 3,000,000 people;

Whereas the majority of people with celiac disease have yet to be diagnosed;

Whereas celiac disease is a chronic inflammatory disorder that is classified as both an autoimmune condition and a genetic condition;

Whereas celiac disease causes damage to the lining of the small intestine, which results in overall malnutrition;

Whereas, when a person with celiac disease consumes foods that contain certain protein fractions, that person suffers a cell-mediated immune response that damages the villi of the small intestine, interfering with the ab-

sorption of nutrients in food and the effectiveness of medications;

Whereas these problematic protein fractions are found in wheat, barley, rye, and oats, which are used to produce many foods, medications, and vitamins;

Whereas because celiac disease is a genetic disease, there is an increased incidence of celiac disease in families with a known history of celiac disease;

Whereas celiac disease is underdiagnosed because the symptoms can be attributed to other conditions and are easily overlooked by doctors and patients;

Whereas, as recently as 2000, the average person with celiac disease waited 11 years for a correct diagnosis;

Whereas ½ of all people with celiac disease do not show symptoms of the disease;

Whereas celiac disease is diagnosed by tests that measure the blood for abnormally high levels of the antibodies of immunoglobulin A, anti-tissue transglutaminase, and IgA anti-endomysium antibodies;

Whereas celiac disease can only be treated by implementing a diet free of wheat, barley, rye, and oats, often called a "gluten-free diet";

Whereas a delay in the diagnosis of celiac disease can result in damage to the small intestine, which leads to an increased risk for malnutrition, anemia, lymphoma, adenocarcinoma, osteoporosis, miscarriage, congenital malformation, short stature, and disorders of skin and other organs;

Whereas celiac disease is linked to many autoimmune disorders, including thyroid disease, systemic lupus erythematosus, type 1 diabetes, liver disease, collagen vascular disease, rheumatoid arthritis, and Sjogren's syndrome;

Whereas the connection between celiac disease and diet was first established by Dr. Samuel Gee, who wrote, "if the patient can be cured at all, it must be by means of diet";

Whereas Dr. Samuel Gee was born on September 13, 1839; and

Whereas the Senate is an institution that can raise awareness in the general public and the medical community of celiac disease: Now, therefore, be it

Resolved, That the Senate—

(1) designates September 13, 2007, as "National Celiac Disease Awareness Day";

(2) recognizes that all people of the United States should become more informed and aware of celiac disease;

(3) calls upon the people of the United States to observe the date with appropriate ceremonies and activities; and

(4) respectfully requests the Secretary of the Senate to transmit a copy of this resolution to the Celiac Sprue Association, the American Celiac Society, the Celiac Disease Foundation, the Gluten Intolerance Group of North America, and the Oklahoma Celiac Support Group No. 5 of the Celiac Sprue Association.
