At the end of subtitle D of title III, add the following:

SEC. 342. SENSE OF SENATE ON THE AIR FORCE LOGISTICS CENTERS.

(a) FINDINGS.—The Senate makes the following findings:

(1) Air Force Air Logistics Centers have served as a model of efficiency and effectiveness in providing integrated sustainment (depot maintenance, supply management, and product support) for fielded weapon systems within the Department of Defense. This success has been founded in the integration of these dependent processes.

(2) Air Force Air Logistics Centers have embraced best practices, technology changes, and process improvements, and have successfully managed increased workload while at the same time reducing personnel.

(3) Air Force Air Logistics Centers continue to successfully sustain an aging aircraft fleet that is performing more flying hours, with less aircraft, than at any point in the last thirty years.

(4) The purpose of the Global Logistics Support Center is to apply an enterprise approach to supply chain management to eliminate redundancies and improve efficiencies across the Air Force in order to best provide capable aircraft to the warfighter.

(5) The Air Force is working diligently to identify means to create further efficiencies in the Air Force logistics network.

(b) SENSE OF SENATE.—It is the sense of the Senate that the Air Force should work closely with Congress as the Air Force continues to develop and implement the Global Logistics Support Center concept.

SA 3113. Mr. CHAMBLISS submitted an amendment intended to be proposed by him to the bill H.R. 1585, to authorize appropriations for fiscal year 2008 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes; which was ordered to lie on the table; as follows:

At the end of title I, add the following:

Subtitle E—Joint and Multiservice Matters

SEC. 161. SENSE OF SENATE ON THE JOINT CARGO AIRCRAFT.

It is the sense of the Senate that the Army and the Air Force should pursue an inte-

grated maintenance and sustainment strategy for the Joint Cargo Aircraft that takes maximum advantage of capabilities organic to the United States Government.
