

America's Treasures and Preserve America for the first time.

Nearly 10 years ago, I helped create Save America's Treasures to preserve and promote historic sites and artifacts across our country. On February 2, 1998, President Clinton established Save America's Treasures by Executive Order 13072. Save America's Treasures was originally founded as the centerpiece of the White House National Millennium Commemoration and as a public-private partnership that included the White House, the National Park Service, and the National Trust for Historic Preservation.

Save America's Treasures was envisioned as a 2-year commemorative project that would illuminate the problem of our neglected heritage and inspire Americans to help save the important treasures in their own communities. Almost 10 years later and Save America's Treasures is still going strong. This model public-private partnership has provided critical support of bricks and mortar preservation projects in every State and territory. These sites include such icons as the Star Spangled Banner, the Old North Church, Mesa Verde, Valley Forge and the last remaining architectural model of the World Trade Center. The list also includes the Founding Father's Papers, the Acoma Pueblo, President Lincoln's Cottage, and the Sewall Belmont House.

To help ensure that future generations will have an opportunity to experience our past and understand our identity as a community and as a nation, Save America's Treasures has educated the public on preservation problems facing the buildings, sites, monuments, objects and documents that represent America's diverse cultural legacy, and it has supported preservation of historic collections and properties.

The program also supports and advances the purposes and policies of the national historic preservation program set forth by the Congress in the National Historic Preservation Act of 1966.

The President and First Lady Bush have continued to keep the historic preservation effort alive in America. President Bush announced the Preserve America initiative through Executive Order 13287 on March 3, 2003 to promote the preservation of America's heritage by actively advancing the protection, enhancement, and contemporary use of the historic properties.

Through the Preserve America initiative, Americans gain greater knowledge about our Nation's past, strengthened regional identities, increased local participation in preserving the country's cultural and natural heritage assets, and support for the economic vitality of our communities.

The legislation that Senator DOMENICI and I have introduced will formally authorize Preserve America and Save America's Treasures. Both of these programs have relied solely on the will of

the appropriations process and lack the long-term viability provided by formal authorization. Both programs have demonstrated significant on-the-ground results and are clearly worthy of authorized legislation to institutionalize them for future generations.

Our legislation will authorize a competitive Save America's Treasures grant program within the National Park Service in partnership with the National Endowment for the Arts, the National Endowment for the Humanities, the Institute of Museum and Library Services, and the President's Committee on the Arts and the Humanities.

It will also authorize a competitive Preserve America grant program within the Department of the Interior in cooperation with the Advisory Council on Historic Preservation and other Federal agencies.

I am proud to be an original cosponsor of this legislation that will help ensure that future generations will have an opportunity to experience our past and understand the identity of our Nation. I thank Senator DOMENICI for his leadership, and I hope my colleagues will join with me in approving the Preserve America and Save America's Treasures Act.●
