PROCEEDINGS AND DEBATES OF THE 110th CONGRESS, FIRST SESSION

Vol. 153

WASHINGTON, MONDAY, DECEMBER 17, 2007

No. 193—Book III

House of Representatives

DIVISION I—MILITARY CONSTRUCTION AND VETERANS AFFAIRS AND RELATED AGENCIES APPROPRIATIONS ACT, 2008

Following is an explanation of the effect of this division of the House amendment to the Senate amendment to H.R. 2764 (hereafter referred to as “the amended bill”) relative to the versions of the Military Construction and Veterans Affairs and Related Agencies Appropriations Act, 2008 (H.R. 2642) as passed by the House of Representatives and the Senate. References to amounts or language proposed by the House of Representatives or the Senate refer to amounts and language in the House or Senate passed versions of H.R. 2642 or in the accompanying committee reports (House Report 110-186 and Senate Report 110-85).

Matters Addressed by Only One Committee.—The language and allocations set forth in House Report 110-186 and Senate Report 110-85 should be complied with unless specifically addressed to the contrary in the amended bill and this explanatory statement. Report language included by the House, which is not changed by the report of the Senate or this explanatory statement, and Senate report language, which is not changed by this explanatory statement is approved by the Appropriations Committees of both Houses of Congress. This explanatory statement, while repeating some report language for emphasis, does not intend to negate the language referred to above unless expressly provided herein. In cases where the House or the Senate have directed the submission of a report, such report is to be submitted to both Houses of Congress.

TITLE I

DEPARTMENT OF DEFENSE

ITEMS OF GENERAL INTEREST

“Grow the Force”.—The Appropriations Committees note that the President, in the fiscal year 2008 budget submission to Congress, did not identify individual projects associated with the Administration’s \$2,820,898,000 “Grow the Force” initiative, instead requesting lump sum funding for the initiative. Detailed information on individual projects was not provided by the Army and Marine Corps until weeks after the budget submission. The amended bill provides full funding for this initiative, by project, and identifies the “Grow the Force” projects in the table at the end of this divi-

sion of this explanatory statement. The Appropriations Committees remind the Department that the “Grow the Force” projects for which the President requested lump sum funding are part of the regular military construction program and are therefore subject to the same notification and reprogramming requirements that apply to all military construction appropriations.

Construction Inflation.—The Appropriations Committees are concerned by the continuing impact of high inflation rates for construction material prices and labor costs. These high rates have made it increasingly difficult for the services and Defense agencies to execute their military construction and family housing construction programs in a timely manner without scope reductions, project cancellations, and reprogramming requests. Given the enormous volume of construction to be completed over the next five years due to BRAC, global rebasing, end-strength increases for the Army and Marine Corps, and numerous smaller initiatives, realistic budgeting for construction inflation is necessary if the quality of life and quality of service for military personnel and their families are to be maintained at a high level. The Appropriations Committees are dismayed by the failure of the Office of Management and Budget and the Department of Defense to incorporate realistic inflation estimates in the budget submissions, even though the consequences of this failure are predictable. The Appropriations Committees support and encourage current efforts to more accurately account for regional variations in construction inflation; however, the Committees also believe that such efforts will be of limited value if the overall inflation figure used by the Administration to build the military construction program is unrealistically low. The Department of Defense is directed to report to the Committees on Appropriations of both Houses of Congress on the baseline construction inflation rate incorporated in the fiscal year 2009 military construction and family housing budget request, as well as a justification for that rate, no later than seven days following the submission of that request to Congress.

Integrated Construction Plans for the “Grow the Force,” Global Basing, and Base Realignment and Closure Initiatives.—The Appropriations Committees remain concerned about the ability of the Department of Defense to effectively coordinate and integrate the significant construction demands of the “Grow

the Force” initiative with the equally daunting construction programs associated with the Department’s global rebasing plan and the 2005 Base Realignment and Closure program, particularly within the short time-frame allotted for the completion of each of these initiatives. The Secretary of Defense shall submit a separate report to the Committees on Appropriations of both Houses of Congress by January 31, 2008, identifying the installations at which there is any overlap of military construction and/or family housing construction among any or all of the three initiatives. In addition to a detailed list of the projects by installation, the report should include the projected timeline for completing each of the identified projects and the projected timeline for the movement of military personnel associated with the initiatives into the affected installations.

Government Accountability Office (GAO) Review of Global Defense Posture Report.—The Appropriations Committees agree that the GAO review of the status of the Defense Department’s Global Defense Posture should be submitted to the Committees on Appropriations of both Houses of Congress no later than April 15, 2008.

Failure to Comply With Report Deadlines.—The Appropriations Committees note the Department of Defense’s failure to comply with deadlines for several reports directed by the Committees on Appropriations of both Houses of Congress. These deadlines have passed without the reports being delivered, or even notice from the Department as to why it has been unable to meet the deadlines. Some of these reports are merely collections of data that are readily available. The Appropriations Committees find this delay unacceptable. These reports are directed to ensure proper congressional oversight and to inform congressional decisions on the Department’s budget requests. The Department of Defense is directed to submit all reports required by House Report 110-186 and Senate Report 110-85 that are currently overdue, or an explanation of why these reports have not been delivered along with the expected date of delivery, no later than seven days after the enactment of this Act. The Department and the services are also directed to meet future reporting deadlines. If future deadlines are not met, the Department or service shall submit an explanation for the failure to deliver and the expected date of delivery no later than seven days after the deadline.

Incrementally Funded Projects.—The Appropriations Committees note that the Administration requested several large military construction projects that can be incrementally funded, but were instead submitted as large single-year requests, in accordance with a directive from the Office of Management and Budget to the Department of Defense to severely restrict the use of incremental funding for military construction. The Committees on Appropriations of both Houses of Congress have previously notified the Administration that they reserve the prerogative to provide incremental funding where appropriate, in accordance with authorizing legislation. The Appropriations Committees continue to believe that military construction projects should be fully funded or separated into stand-alone phases when practical. In some cases, however, incremental funding makes fiscal and programmatic sense. The Appropriations Committees have therefore agreed that the following projects will be incrementally funded: Fuel Storage Facilities, Point Loma, California; Southern Command Headquarters, Miami, Florida; Submarine Drive-in Magnetic Silencing Facility, Pearl Harbor, Hawaii; SOF Operations Facility, Dam Neck Annex, Virginia; Kilo Wharf, Naval Base Guam; and Brigade Operations Support Facility and Brigade Barracks/Community Facility, Vicenza, Italy.

Guam Master Plan.—The Appropriations Committees agree that the massive construction program planned to expand the presence of the U.S. military on Guam presents a major challenge to the Department of Defense, and requires a well-planned execution strategy. However, the Appropriations Committees are concerned that the Senate provision requiring the Secretary of Defense to submit a master plan for Guam by December 29, 2007, does not give the Department adequate time to complete the plan, particularly in view of the ongoing environmental assessments being conducted on Guam. The Appropriations Committees do not concur with the Senate position and instead direct the Secretary of Defense to submit to the Committees on Appropriations of both Houses of Congress no later than September 15, 2008, a report on the Department's planning efforts for Guam. The report should identify in detail the size and makeup of the U.S. military forces to be located on Guam, the number of dependents expected to accompany those forces, and the infrastructure required to support the troops and their families. The report should also outline the Department's plan to accomplish the projected level of construction associated with the build-up, within the constrained construction capacity of Guam, and the infrastructure required to support the anticipated increase in the construction workforce. The Department is further directed to provide an updated funding plan for both the military and family housing construction, and the associated Defense education and Defense logistics infrastructure needed, and a status report on the availability and funding mechanism of the \$6.1 billion that the Government of Japan has agreed to contribute.

The decrease from the request is a general reduction. The funds requested for this account, which are appropriated by lump sum, are allocated among 189 BRAC projects earmarked for funding by the President for fiscal year 2008. The requested projects and related planning and design total \$6,419,748,000. Additional funding provided in this account is for environmental, operations and maintenance, personnel, and related programs associated with the BRAC process. A detailed listing of the individual projects earmarked for funding by the President is provided in Senate report 110-85, and a list of the President's earmarks by BRAC closure package is provided in House report 110-186.

The Appropriations Committees note that it is the practice of the Committees to not add congressional earmarks for BRAC construction because of the complicated and inter-related nature of the BRAC construction program. The Appropriations Committees reaffirm this policy, and have included no congressionally directed earmarks in the BRAC 2005 account.

TITLE II—DEPARTMENT OF VETERANS AFFAIRS

ITEMS OF GENERAL INTEREST

Veterans Rights and Feedback.—The Appropriations Committees are encouraged by the progress the Department has made in providing veterans with the opportunity to offer feedback and obtain assistance through the Internet and the use of toll-free telephone numbers. The Appropriations Committees agree there are additional measures the Department should take to enhance these programs and to ensure that the Secretary, the Under Secretary for Health, the Under Secretary for Benefits, and the Office of Inspector General are kept informed of the feedback that is provided. The amended bill includes sufficient funding to ensure the Department is able to provide a clearly marked, direct link that allows veterans to seek assistance and provide feedback on the Veterans Affairs Internet home page; provide a separate toll-free telephone number for the Veterans Health Administration and for the Veterans Benefits Administration that allows a veteran to check on his or her eligibility, seek assistance in obtaining services and/or resolving difficulties, and provide feedback; and provide the Secretary, the Under Secretary for Health, the Under Secretary for Benefits, and the Office of Inspector General with a report that informs them of the types of issues that are being addressed through these systems so that they may more easily identify evolving problems and take early corrective action. The Secretary is directed to report to the Committees on Appropriations of both Houses of Congress by February 1, 2008, on the actions that have been taken to implement this direction. Further, the Under Secretary for Health is directed to report to the Committees on Appropriations of both Houses of Congress by March 3, 2008, on the actions that have been taken to ensure that patient advocate contact information, including a telephone number, is clearly posted in all clinics, on all inpatient wards, and at the entrance of every Veterans Health Administration facility.

Services for Women Veterans.—The Appropriations Committees agree more can be done by the Department to refine its programs, services and outreach efforts in order to inform women veterans of their eligibility status and improve their access to services. While the amended bill does not retain the provision proposed by the House under General Operating Expenses, the amended bill

includes sufficient funds for the operation of both the Advisory Committee on Women Veterans and the Center for Women Veterans. Additionally, the Appropriations Committees direct the Department to report to the Committees on Appropriations of both Houses of Congress by February 1, 2008, on the actions that have been taken to implement the recommendations of the Advisory Committee on Women Veterans 2006 Report. The Appropriations Committees further direct the Government Accountability Office (GAO) to report to the Committees on Appropriations of both Houses of Congress by September 1, 2008, an assessment of the adequacy of mental health services provided by the Departments of Veterans Affairs to women veterans.

Reprogrammings.—The Appropriations Committees would like to emphasize that reprogrammings permitted by this Act are to be transmitted to Congress in a timely manner.

Quarterly Financial Report.—The quarterly financial report required by this Act shall contain, at a minimum, both the planned and actual expenditure rates, unobligated balances, potential financial shortfalls, any transfers between major accounts (medical services, medical administration, and medical facilities), and status of any equipment or non-recurring maintenance funds—including whether they have been used to pay for operating expenses. In addition, the service portion of the report will contain, at a minimum, the time required for new patients to get their first appointment, the time required for established patients to get their next appointment, and the number of unique veterans and patients being served. Each report should address data for the system total and for each VISN. Further, the Appropriations Committees direct that the Department include progress reports on the revision of the International Classification of Diseases-9th Revision (ICD-9) codes with respect to Traumatic Brain Injury.

Contracting Out.—The Appropriations Committees note that the competition requirement provided in this Act already applies to the Department of Veterans Affairs. For any function performed by more than ten employees, the Department, like other agencies covered by this competition requirement, must conduct a public-private competition, involving both a Most Efficient Organization plan and a Minimum Cost Differential, before that function can be converted to contractor performance. Unless specifically excluded, the Department of Veterans Affairs would be held to any successor public-private competition requirements included in legislation, as well as 38 U.S.C. 8110(a)(5).

VETERANS BENEFITS ADMINISTRATION COMPENSATION AND PENSIONS (INCLUDING TRANSFER OF FUNDS)

The amended bill appropriates \$41,236,322,000 for Compensation and Pensions as proposed by both the House and the Senate. Of the amount provided, not more than \$28,583,000 is to be transferred to General Operating Expenses and Medical Administration for reimbursement of necessary expenses in implementing provisions of title 38.

READJUSTMENT BENEFITS

The amended bill appropriates \$3,300,289,000 for Readjustment Benefits as proposed by both the House and the Senate.

VETERANS INSURANCE AND INDEMNITIES

The amended bill appropriates \$41,250,000 for Veterans Insurance and Indemnities as proposed by both the House and the Senate.

VETERANS HOUSING BENEFIT PROGRAM FUND PROGRAM ACCOUNT

The amended bill appropriates such sums as may be necessary for costs associated

with direct and guaranteed loans for the Veterans Housing Benefit Program Fund Program Account as proposed by both the House and the Senate. The amended bill limits obligations for direct loans to not more than \$500,000 and provides that \$154,562,000 shall be available for administrative expenses. The amended bill does not include a transfer provision as proposed by the House.

VOCATIONAL REHABILITATION LOANS PROGRAM ACCOUNT (INCLUDING TRANSFER OF FUNDS)

The amended bill appropriates \$71,000 for the cost of direct loans from the Vocational Rehabilitation Loans Program Account as proposed by both the House and the Senate, plus \$311,000 to be transferred to and merged with General Operating Expenses. The amended bill provides for a direct loan limitation of \$3,287,000 as proposed by both the House and the Senate.

NATIVE AMERICAN VETERAN HOUSING LOAN PROGRAM ACCOUNT

The amended bill appropriates \$628,000 for administrative expenses of the Native American Veteran Housing Loan Program Account as proposed by both the House and the Senate. The amended bill does not include a transfer provision or loan limitation as proposed by the House.

GUARANTEED TRANSITIONAL HOUSING LOANS FOR HOMELESS VETERANS PROGRAM ACCOUNT

The amended bill provides up to \$750,000 of the funds available in General Operating Expenses and Medical Administration to carry out the Guaranteed Transitional Housing Loans for Homeless Veterans Program Account as proposed by both the House and the Senate.

VETERANS HEALTH ADMINISTRATION

Health Care Sharing Incentive Fund.—The amended bill includes language to allow a minimum of \$15,000,000, to be transferred to the Health Care Sharing Incentive Fund to facilitate collaboration between the Departments of Defense and Veterans Affairs. The Appropriations Committees agree the most important area for collaboration and investment between these departments is to ensure a seamless transition for our veterans. While the Appropriations Committees do not intend to preclude the use of this fund for any joint project, the Committees strongly urge that priority for funding be given to the implementation of recommendations of the Report on the President's Commission on Care for America's Returning Wounded Warriors, July 2007. The Appropriations Committees further urge the Departments of Defense and Veterans Affairs to seek every opportunity to partner to improve the continuity of care for our veterans through joint clinics; joint Centers of Excellence for Post Traumatic Stress Disorder (PTSD) and Traumatic Brain Injury (TBI); joint research and/or treatment; and the development of joint clinical practice guidelines for polytrauma injury, traumatic brain injury (to include diagnostics), blast injury, mental health/PTSD, burn, and amputee patients based on evidence based medicine.

Traumatic Brain Injury (TBI).—Current data make it difficult for the Department to provide budget information on TBI as a Select Program. The Appropriations Committees are encouraged to learn the Department is working with the National Center for Health Statistics and the Department of Defense to refine current International Classification of Diseases-9th Revision (ICD-9) codes to better reflect the TBI patient population within the Departments of Defense and Veterans Affairs. The Department of Veterans Affairs is directed to include an update of progress on the revision of the ICD-

9 codes for TBI within the quarterly reports provided to Congress during fiscal year 2008. The Department of Veterans Affairs is also directed to include TBI as a Select Program within the Medical Services account in the fiscal year 2009 budget submission and all future budget submissions thereafter.

Level I Polytrauma Centers and Centers of Excellence on Mental Health and Post Traumatic Stress Disorder (PTSD).—The Appropriations Committees agree that every effort must be made to ensure that the Level I polytrauma centers and the Centers of Excellence on Mental Health and PTSD are resourced to provide the very best in medical care to our veterans who have suffered multiple trauma injuries or require mental health services. The amended bill has increased funding within the Veterans Health Administration accounts to ensure that the current Level I polytrauma centers and the Centers of Excellence on Mental Health and PTSD will be fully staffed and operational in fiscal year 2008.

Credentialing and Privileging in Rural Health Care Facilities. The Appropriations Committees are concerned about potential quality of care issues that may exist in rural VA medical facilities, including the qualifications of medical professionals. The Appropriations Committees direct the Government Accountability Office to assess the standards that are being followed in rural VA hospitals, including the consistency with which VA standards are being applied across urban and rural facilities.

MEDICAL SERVICES (INCLUDING TRANSFER OF FUNDS)

The amended bill appropriates \$29,104,220,000 for Medical Services, instead of \$29,031,400,000 as proposed by the House and \$28,979,220,000 as proposed by the Senate. Additionally, the Senate had proposed an additional \$125,000,000 in section 230 of the administrative provisions.

Of the amount provided, \$1,350,000,000 is available for obligation until September 30, 2009 as proposed by the Senate, instead of \$1,100,000,000 as proposed by the House. The Appropriations Committees also agree that the Department shall spend not less than \$2,900,000,000 for specialty mental health services as proposed by the House and not less than \$130,000,000 for the homeless grants and per diem program.

The amended bill includes a net increase of \$1,936,549,000 above the budget request in order to address shortfalls anticipated in the Department's projection of health care demand and to address the Department's failure to adjust the beneficiary travel reimbursement rate despite consistently rising gasoline prices. The funding provided includes a 5.5 percent increase for workload and a 4.45 percent increase for inflation which the Appropriations Committees believe is necessary to ensure that sufficient funding is available to maintain services at their current level. The amended bill also includes an additional \$125,000,000 to increase the beneficiary travel reimbursement mileage rate to 28.5 cents per mile; an additional \$70,000,000 for substance abuse services; an additional \$12,500,000 for expanded outpatient services for the blind; an additional \$15,000,000 for Vet Centers; and provides sufficient funding to allow for additional personnel for the HUD-Veterans Affairs Supportive Housing Program to address any increase in the number of vouchers offered and directs the Department to increase the number of case workers as necessary to accommodate the increase in vouchers.

Mental Health and Substance Abuse.—The Appropriations Committees are concerned mental health and substance abuse services were not sufficiently addressed within the

fiscal year 2008 budget submission which includes a reduction in the number of inpatient beds for psychiatric care and an anticipated increase of less than one percent for substance abuse services. The Appropriations Committees believe these projections are unrealistic and have increased funding within the Medical Services account in order to increase access to substance abuse services; ensure that adequate inpatient psychiatric care is maintained; and to allow the Department to pursue all opportunities to improve access to mental health services for all veterans. To this end, the Department is directed to re-examine the policy for a reduction in psychiatric inpatient care, taking into account the needs of returning Operation Enduring Freedom and Operation Iraqi Freedom (OEF/OIF) veterans and the recommendations of OIG Report: Implementing VHA's Mental Health Strategic Plan Initiatives for Suicide Prevention, May 10, 2007, and is further directed to report to the Committees on Appropriations of both Houses of Congress by February 29, 2008, the findings of this review and what additional resources have been utilized to ensure that adequate inpatient care is available. Further, the Appropriations Committees direct the Department not to reduce the number of inpatient psychiatric beds at any facility that currently has a waiting list. Additionally, the Department is directed to report to the Committees on Appropriations of both Houses of Congress by February 1, 2008, on its plan to better utilize all opportunities to improve access to mental health services for all veterans. This report should include, but not be limited to, the Department's plan to better utilize the services of the Community Mental Health Centers; implementation of peer training programs; additional fee-basis access to local mental health providers; mobile Vet Centers; and the development of Internet based services like the Network of Care for Mental Health recommended in the President's New Freedom Commission on Mental Health.

HIV/AIDS Among Veterans.—The Appropriations Committees concur with the Senate's recommendations on the VA health care system's HIV testing policy guidelines and direct the Department to submit a progress report to the Committees on Appropriations of both Houses of Congress by January 30, 2008.

Access to Medical Care in Remote Rural Areas.—The Appropriations Committees direct the Secretary of Veterans Affairs to report to the Committees on Appropriations of both Houses of Congress not later than six months after the date of the enactment of this Act, a description of: the unique challenges and costs faced by veterans in remote rural areas of contiguous and non-contiguous States when obtaining medical services from the Department of Veterans Affairs, and the need to improve access to locally administered care for veterans who reside in remote rural areas. The report should also identify the need to fund alternative sources of medical services in areas where facilities of the Department of Veterans Affairs are not accessible to veterans without leaving such areas; and in cases in which receipt of medical services by a veteran in a facility of the Department requires transportation of such veteran by air due to geographic and infrastructural constraints. The report should also contain an assessment of the potential for increasing local access to medical services for veterans in remote rural areas of contiguous and non-contiguous States through strategic partnerships with other government and local private health care providers.

MEDICAL ADMINISTRATION

The amended bill appropriates \$3,517,000,000 for Medical Administration, instead of

\$3,510,600,000 as proposed by the House and \$3,642,000,000 as proposed by the Senate.

Office of Rural Health.—The Appropriations Committees agree the Office of Rural Health is vital to ensuring that equal access to health care is provided to all of our returning Reserve and National Guard veterans. While the amended bill does not earmark a specific amount for the office, the Appropriations Committees have provided sufficient funding within Medical Administration to ensure a robust Office of Rural Health. The Appropriations Committees strongly encourage the Department to make full use of this office and direct the Secretary to submit a report to the Committees on Appropriations of both Houses of Congress on the actions that have been taken to improve access to health in rural areas by February 1, 2008.

MEDICAL FACILITIES

The amended bill appropriates \$4,100,000,000 for Medical Facilities as proposed by the House, instead of \$4,092,000,000 as proposed by the Senate. The amended bill also includes language allowing \$350,000,000 of the funds to be available until September 30, 2009, as proposed by the Senate, instead of \$250,000,000 as proposed by the House. The amended bill further specifies that \$325,000,000 for non-recurring maintenance shall be allocated in a manner not subject to the Veterans Equitable Resource Allocation model, instead of \$300,000,000 as proposed by the House and \$350,000,000 as proposed by the Senate. The Appropriations Committees are in agreement that the funding provided above the budget request shall be used to address both facility condition assessment deficiencies and other essential requirements.

Non-Recurring Maintenance.—The Appropriations Committees remain concerned that the Department is not adequately addressing specific issues regarding obligation of non-recurring maintenance (NRM) funds raised in a May 16, 2007, GAO report. The Appropriations Committees fully expect that by fiscal year 2009 the Department will be obligating not more than twenty percent of its annual allocation of NRM funds in the last two months of the fiscal year. By May 16, 2008, the Department shall submit to the Committees on Appropriations of both Houses of Congress a report outlining these management objectives and a business plan to reach that goal.

Community Based Outpatient Clinics.—The Appropriations Committees direct the Department to provide the Committees on Appropriations of both Houses of Congress with a report on the actual number of Community Based Outpatient Clinics (CBOC) opened in fiscal year 2007 and the planned CBOC activations in fiscal year 2008. In addition, the Appropriations Committees further direct the Department to examine the need for, and report on the feasibility of and/or plans for clinics in the following locations: El Centro, California; rural Colorado; Brandon, Florida; Statesboro, Georgia; Belleville, Illinois; Moline, Illinois; Whiteside County, Illinois; Plymouth, Massachusetts; Dover-Foxcroft, Maine; Houlton, Maine; Lewiston-Auburn, Maine; Plattsburg, New York; Riverhead, New York; Southeastern Pennsylvania; Port Angeles, Washington; Wenatchee, Washington; Green Bay, Wisconsin; and Lynchburg, Virginia.

MEDICAL AND PROSTHETIC RESEARCH

The amended bill appropriates \$480,000,000 for Medical and Prosthetic Research as proposed by the House, instead of \$500,000,000 as proposed by the Senate.

NATIONAL CEMETERY ADMINISTRATION

The amended bill appropriates \$195,000,000 for the National Cemetery Administration, instead of \$170,000,000 as proposed by the

House and \$217,709,000 as proposed by the Senate. Of the amount provided, \$20,000,000 is available until September 30, 2009, instead of \$7,800,000 as proposed by the House and \$25,000,000 as proposed by the Senate. The amount provided includes \$900,000 from the Information Technology Systems account which was erroneously transferred during the recent reorganization of information technology programs.

The Appropriations Committees have provided \$28,191,000 in additional funding for the National Cemetery Administration to correct gravesite deficiencies at VA's national cemeteries, including those identified in the 2002 Millennium Act report to Congress. These repairs include gravesite renovation projects to replace turf, repair sunken graves, and raise, realign and clean headstones.

DEPARTMENTAL ADMINISTRATION

GENERAL OPERATING EXPENSES

The amended bill appropriates \$1,605,000,000 for General Operating Expenses, instead of \$1,598,500,000 as proposed by the House and \$1,612,031,000 as proposed by the Senate. The amended bill provides not less than \$1,327,001,000 for the Veterans Benefits Administration, instead of \$1,324,957,000 as proposed by the House and \$1,329,044,000 as proposed by the Senate. Of the amount provided, \$75,000,000 is available for obligation until September 30, 2009, as proposed by both the House and the Senate.

The amended bill also provides for a limitation on the purchase of passenger motor vehicles for use in operation by the Veterans Benefits Administration in Manila, Philippines.

The amended bill does not include language as proposed by the House, which would have provided \$2,000,000 for the Advisory Committee on Women Veterans. This issue is addressed in the Departmental overview section of this explanatory statement.

Funding Increases.—The Appropriations Committees agree to provide an increase of \$133,163,000 for General Operating Expenses when compared to the President's budget request. The Appropriations Committees agree to provide \$124,219,000 for the hiring of additional claims processors. Based upon data provided by the Department to the Committees on Appropriations of both Houses of Congress in response to reporting requirements included in the report accompanying Public Law 110-28, the cost per new hire will enable the Department to hire more than 1,800 new claims processors with the funding provided. In addition, the Appropriations Committees have provided \$2,000,000 for the leasing of office space to house these new employees. As the Department experiences an increase in the number of claims being filed, as well as an increase in the number of appeals, both the Board of Veterans Appeals and the Office of General Counsel will require additional personnel to handle these appeals. Therefore, the Appropriations Committees have provided an increase of \$3,724,000 for the Board of Veterans Appeals and \$3,220,000 for the Office of General Counsel.

INFORMATION TECHNOLOGY SYSTEMS

The amended bill appropriates \$1,966,465,000 for Information Technology Systems, instead of \$1,859,217,000 as proposed by the House and \$1,898,000,000 as proposed by the Senate. The amended bill directs the Department to submit an expenditure plan to the Committees on Appropriations of both Houses of Congress within 30 days of enactment as proposed by the House, instead of 60 days of enactment as proposed by the Senate.

The amount provided includes a reduction of \$1,100,000 which has been transferred to

the Office of Inspector General. The Appropriations Committees have included an increase of \$39,683,000 for computers and other information technology needs associated with the increase in claims processors for the Veterans Benefits Administration and for increased staff in other offices related to claims processing. Additionally, the Appropriations Committees agree to provide \$8,000,000 for an insurance card buffer system and \$8,000,000 for the Veterans Health Administration Chief Logistics Office information technology support. Both of these program shortfalls were identified by the Department subsequent to completion of the House and Senate action on their respective appropriations bills. The Appropriations Committees have also included \$10,200,000 for the information technology costs associated with activation of new community based outpatient clinics, an expense that was underfunded in the budget submission.

On September 6, 2007, the Secretary of Veterans Affairs informed the Committees on Appropriations of both Houses of Congress of his intention to reorganize the information technology development functions within the Department of Veterans Affairs. The budget request for Information Technology Systems included a consolidation of all payroll-associated costs for operations and maintenance under the Information Technology account. The amended bill reflects this consolidation; however, the Appropriations Committees direct the VA to track payroll and non-pay costs separately in future budget submissions. In addition, to further the Department's consolidation objective, the Appropriations Committees have agreed to include an increase of \$42,465,000 to preclude the need to transfer funds from the General Operating Expenses, Medical Services, Medical Facilities, and Medical and Prosthetic Research accounts.

The Appropriations Committees are in agreement that the Department should take all steps necessary to ensure that the entire information technology reorganization has no negative impact on providing vital services to veterans, nor should it impede the ability of health care providers and researchers in carrying out their duties.

Electronic Medical Record.—The Appropriations Committees direct the Departments of Defense and Veterans Affairs to issue a joint report to the Committees on Appropriations of both Houses of Congress (subcommittees on Defense and Military Construction/Veterans Affairs) by April 1, 2008, detailing the actions being taken by each Department to achieve an interoperable electronic medical record (EMR) system. The report should include, but not be limited to, a detailed spending plan for the use of funding provided in the Joint Incentive Fund as well as identify all other ongoing and planned projects and programs within each Department addressing interoperability, including funding provided. The report should clearly identify the Departments' goals for interoperability and how these projects and programs will address those goals.

OFFICE OF INSPECTOR GENERAL

The amended bill appropriates \$80,500,000 for the Office of Inspector General, instead of \$76,500,000 as proposed by the House and \$88,700,000 as proposed by the Senate. Of the amount provided, \$5,000,000 is available for obligation until September 30, 2009, instead of \$3,630,000 as proposed by both the House and the Senate.

The amended bill includes an additional \$7,901,000 above the budget request for the Office of Inspector General. The additional funding includes \$1,100,000 for information technology systems unique to the Office of Inspector General, as well as additional fund-

ing for new positions so that the Inspector General can expand and improve its independent oversight in critical areas, including transitional health care for veterans returning from the wars in Iraq and Afghanistan and Department of Veterans Affairs information technology programs.

CONSTRUCTION, MAJOR PROJECTS

The amended bill appropriates \$1,069,100,000 for Construction, Major Projects, instead of \$1,410,800,000 as proposed by the House and \$727,400,000 as proposed by the Senate. The amended bill includes a provision proposed by the House which places a limitation on the use of funds related to 18 facilities on the Capital Asset Realignment for Enhanced Services list requiring further study. The Senate bill contained no similar provision.

The Appropriations Committees are aware that the Department's budget request of \$40,285,000 for the Advanced Planning Fund will not be sufficient to address projects on Department's 5-Year Capital Plan for fiscal years 2009 through 2012. Therefore, the Appropriations Committees have included an additional \$9,200,000 in funding to begin the preliminary planning process to address identified construction needs.

Additionally, the Appropriations Committees agree to provide \$322,500,000 for allocation to previously appropriated major construction projects, including necessary cost adjustments. The Department is directed to provide the Committees on Appropriations of both Houses of Congress with a detailed list of how these funds will be allocated, within 60 days of enactment of this Act.

New Orleans Veterans Medical Center.—The Appropriations Committees direct the Secretary of Veterans Affairs to report to the Committees on Appropriations of both Houses of Congress not later than October 1 and April 1 of each year, on the current status of the reconstruction of the Department of Veterans Affairs Medical Center in New Orleans, Louisiana. Each report shall include the status of any ongoing environmental assessments, the status of any current construction, and an assessment of the adequacy of funding necessary to complete the reconstruction. If reconstruction of the Medical Center is subject to any major delay, the report shall include a description of each such delay, an explanation for each such delay, and a description of actions being taken or planned to address the delay. Additionally, within 60 days of enactment of this Act, the Department shall report to the Committees on Appropriations of both Houses of Congress as to whether the New Orleans Medical Center should be designated as a Level I polytrauma rehabilitation center or a polytrauma network site.

The amended bill does not include a provision as proposed by the House, which would have established reprogramming procedures for this account. Of the amount provided, the Appropriations Committees agree that not less than \$75,000,000 shall be used for gravesite expansion and infrastructure improvements for the National Cemetery Administration and not less than \$8,000,000 shall be for minor construction for the Veterans Benefits Administration. In addition, the Appropriations Committees agree that the Department should begin an effort to modernize and upgrade research facilities. DIVISION J

DEPARTMENT OF STATE, FOREIGN OPERATIONS, AND RELATED PROGRAMS APPROPRIATIONS

The following is an explanation of the effects of this division of the House amendment to the Senate amendment to H.R. 2764 (hereafter referred to as "the amended bill") relative to the versions of the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2008 (H.R. 2764) passed by the House of Representatives and the Senate. In implementing this amended bill, the departments, agencies, organizations, and commissions should be guided by the directives and instructions set forth in House Report 110-197 and Senate Report 110-128 accompanying the bill H.R. 2764, unless specifically addressed in the accompanying amended bill and explanatory statement to the contrary.

TITLE I—DEPARTMENT OF STATE AND RELATED AGENCIES

DEPARTMENT OF STATE

ADMINISTRATION OF FOREIGN AFFAIRS

DIPLOMATIC AND CONSULAR PROGRAMS

(INCLUDING TRANSFER OF FUNDS)

The amended bill provides \$5,359,802,000 for Diplomatic and Consular Programs, instead of \$4,747,078,000 as proposed by the House and \$4,729,973,000 as proposed by the Senate. Of this amount, \$781,632,000 is designated emergency spending pursuant to section 5 preceding division A of this Act, of which \$575,000,000 is for operations and \$206,632,000 is for worldwide security protection.

The amended bill includes a total of \$974,760,000 for worldwide security protection, instead of \$964,760,000 as proposed by the House and \$909,598,000 as proposed by the Senate.

The amended bill does not include a proviso proposed by the Senate regarding funding for the Office of the Director of United States Foreign Assistance. The Appropriations Committees are concerned that there are insufficient personnel to adequately explain the Department's budget request and respond to congressional inquiries. The Appropriations Committees support expanding the Department's budgetary operations. The Appropriations Committees request the Under Secretary of State for Management to assess the current capacity of resource management offices and make recommendations

to develop an adequately staffed, integrated budget formulation, justification, and execution office. These recommendations should be submitted to the Appropriations Committees not later than May 1, 2008.

The amended bill includes \$360,905,000 for public diplomacy international information programs under this heading and an additional \$6,000,000 is available in fee revenue generated by the Border Security Program. This brings the estimated total for public diplomacy international information programs to \$366,904,000 in fiscal year 2008, which is \$2,000,000 above the budget request.

The amended bill includes \$2,000,000 to establish and operate a public/private public diplomacy center as proposed by the House. The Senate did not include a similar provision.

The amended bill includes \$5,000,000 for a demonstration program to expand access to consular services, including through the use of mobile consular services, as proposed by the Senate. The Department of State shall consult with the Appropriations Committees regarding this program prior to the initial obligation of funds.

The amended bill provides \$4,000,000 for compensation to the families of members of the Foreign Service or other United States Government employees or their dependents who were killed in terrorist attacks since 1979, as proposed by the House. All funds for compensation are available for obligation only upon enactment of a specific authorization in a subsequent Act of Congress.

The amended bill includes a proviso to allow the Secretary of State to reemploy Foreign Service annuitants on a temporary basis where necessary to meet the demand for passport adjudication and processing, as proposed by the Senate. The amended bill does not include \$40,000,000 for passport operations, facilities, and systems, as proposed by the Senate. As the Department of State has informed the Appropriations Committees that it intends to expend \$1,898,540,000 from fee revenue for the Border Security Program in fiscal year 2008 (an increase of \$612,213,000 above the fiscal year 2007 level), the Senate provision is not necessary at this time. The Appropriations Committees direct the Department of State to submit quarterly reports on obligations and expenditures for Consular Affairs including the level of personnel, personnel specifically for passport processing, the capacity of passport processing facilities, and projected and actual fee revenue, similar to the reporting requirements contained in House Report 110-197. The Committees will continue to closely monitor passport workload and backlogs to ensure that the Department has the resources, hiring authority and trained personnel necessary to provide timely passport services.

The amended bill does not include a proviso designating \$3,000,000 for the operations of the Office on Right-Sizing the United States Government Overseas Presence, as proposed by the House.

The amended bill does not include a proviso making \$5,000,000 available for the Program for Research and Training on Eastern Europe and the Independent States of the Former Soviet Union (title VIII), as proposed by the House. The funding and authority for this purpose are provided in section 634(q) of this Act.

The amended bill does not include a proviso granting the Secretary of State the authority to transfer up to \$200,000,000 from appropriations in this Act and prior Acts making appropriations for the Department of State, foreign operations, and export financing to the Millennium Challenge Corporation (MCC), as proposed by the Senate.

The amended bill provides \$5,000,000 for the Ambassador's Fund for Cultural Preserva-

tion, instead of \$6,000,000 as proposed by the Senate. The House did not have a similar provision. Of this amount, not less than \$1,500,000 shall be used for grants of not less than \$500,000 for significant historic preservation projects, such as archeological restoration of Phnom Bakhen, Cambodia, and Mayan sites in the Peten region of Guatemala.

The Appropriations Committees support a pilot program to improve management and protection of United States Government properties overseas that have cultural, architectural, or historical value.

The amended bill includes a proviso, similar to that proposed by the House, prohibiting the use of funds under this heading to process licenses for the export of satellites of United States origin to the People's Republic of China.

The Department of State shall provide \$18,000,000 for security enhancements to soft targets such as overseas schools and residential compounds. The Appropriations Committees expect that the additional funds will be prioritized to those countries and regions impacted by political and religious extremism.

The amended bill includes a new proviso withholding \$500,000 in funds appropriated under this heading from obligation until the Secretary of State submits a report to the Appropriations Committees outlining a plan to increase the capacity of the United States Embassy Moscow to monitor human rights and Russian laws relating to the press and human rights and other civil society groups. The Department of State shall consult with the Appropriations Committees regarding this plan, prior to the obligation of funds.

The amended bill includes a new proviso giving the Secretary of State the authority to transfer certain unobligated balances of funds appropriated under the heading "Diplomatic and Consular Programs" to "Emergencies in the Diplomatic and Consular Service" for rewards payments.

The amended bill includes sufficient funds to maintain at not less than the current service level funding for the salaries and expenses of the Office of the Special Coordinator for Tibetan Issues.

The Appropriations Committees direct the Secretary to implement the Western Hemisphere Travel Initiative no earlier than the statutory deadline of June 1, 2009 and endorse the report required in Senate Report 110-128 related to travel document issuance.

The Bureau of Diplomatic Security should develop a comprehensive facility plan to consolidate and expand hard and soft skills training and report to the Appropriations Committees no later than May 1, 2008.

The Appropriations Committees are encouraged that the Department of State has provided access to Iraq for a small number of Government Accountability Office (GAO) personnel to conduct oversight; however, the Appropriations Committees are dismayed that the Department of State is attempting to limit access to Iraq by additional GAO temporary duty teams who may have need for extended field visits in the International Zone to conduct oversight. Section 3804 of Public Law 110-28, the U.S. Troop Readiness, Veterans' Care, Katrina Recovery, and Iraq Accountability Appropriations Act of 2007, provides for the GAO to operate in Iraq for not less than 45 consecutive days and for the provision of necessary life support, which shall include housing, food, and transportation. The Appropriations Committees direct the Secretary of State to certify not later than 30 days after enactment of this Act that section 3804 has been implemented.

The amended bill includes \$2,000,000 for the Library of Congress's capital security cost sharing program fees (sec. 634(m)). The Appropriations Committees note that this one

time appropriation is a result of an anomaly arising from the fiscal year 2007 continuing resolution.

The Appropriations Committees note that no funding is provided for the 2010 Olympics, as proposed by the Senate.

CAPITAL INVESTMENT FUND

The amended bill provides \$60,062,000 for the Capital Investment Fund, instead of \$59,062,000 as proposed by the House and \$63,743,000 as proposed by the Senate.

OFFICE OF INSPECTOR GENERAL

The amended bill provides \$34,008,000 for the Office of Inspector General (OIG), instead of \$32,508,000 as proposed by the House and \$35,508,000 as proposed by the Senate.

The Appropriations Committees support an independent Department of State OIG, which has sufficient resources and authority to properly carry out its duties as set forth in the Inspector General Act of 1978. The Appropriations Committees request that the OIG report not later than April 1, 2008 on personnel vacancies; the aggregate number of requests from other agencies and the Congress to assist in investigations or to conduct oversight; a summary of those requests which were not accommodated and whether denial of such requests was due to a lack of personnel, or insufficient resources, or for other reasons.

EDUCATIONAL AND CULTURAL EXCHANGE PROGRAMS

The amended bill provides \$505,441,000 for Educational and Cultural Programs, instead of \$501,400,000 as proposed by the House and \$509,482,000 as proposed by the Senate.

The amended bill does not include language providing for the transfer of \$6,000,000 to the Trust Fund established by section 313 of the Legislative Branch Appropriations Act, 2001, as proposed by the House.

The amended bill does not include language providing up to \$2,000,000 for the Senator Paul Simon Study Abroad Foundation, subject to authorization, as proposed by the Senate. The Appropriations Committees are supportive of this effort, and will review the new authorities and funding requirements once the program is authorized. The Appropriations Committees support expanding study abroad opportunities for United States students, diversifying the study abroad population, and increasing study in non-traditional countries. Over the past decade study abroad by United States students has increased by 150 percent and funding provided by the Congress has also increased significantly; the amount provided in fiscal year 2008 reflects an 8.4 percent increase in a single year. The Appropriations Committees endorse the report requirement contained in Senate Report 110-128 to expand the capacity of study abroad.

Funding under this heading should be allocated to the following activities in the amounts designated in the table below, subject to the requirements of section 619:

The House included a similar provision.

The amended bill includes language as proposed by the House that the UN should take appropriate measures to hold accountable employees, contractor personnel, or peacekeeping forces who engage in certain wrongful acts "including the prosecution in their

INTERNATIONAL COMMISSIONS

INTERNATIONAL BOUNDARY AND WATER COMMISSION, UNITED STATES AND MEXICO

The funding allocations for construction shall address the following projects: \$66,000,000 for a secondary wastewater treatment facility; \$100,000 to repair, relocate, or replace fencing along the international border between the United States and Mexico; \$400,000 for the repair or replacement of the Nogales Wash Flood Control Project and International Outfall Interceptor; \$11,700,000 for the Rio Grande Canalization project in Dona Ana County, New Mexico for sediment removal and construction; and \$10,000,000 for levee rehabilitation and sediment removal associated with the Rio Grande Flood Control System Rehabilitation project in Texas and the review of the need for any additional infrastructure, as proposed by the House and Senate.

The amended bill includes language (sec. 117) regarding the construction of secondary wastewater treatment capability on the Tijuana River. The Appropriations Committees remain concerned about the continued delays in building treatment facilities to process sewage flowing into the United States in the Tijuana River. Construction of a facility capable of secondary treatment of at least 25 million gallons per day (mgd) is necessary to ensure compliance with the Clean Water Act. The Appropriations Committees direct IBWC to resume negotiations for a fee-for-services contract with the owner of a Mexican wastewater facility to address this problem. The Appropriations Committees also direct IBWC to concurrently prepare design and engineering plans to upgrade the International Wastewater Treatment Plant to treat 25 mgd to secondary treatment and update its conceptual designs for a phased, scalable project capable of treating up to 100 mgd to secondary. IBWC should report back to the Appropriations Committees with cost estimates and timelines for completing both the 25 mgd IWTP and the proposed 59 mgd Mexican facility within 120 days after enactment of this Act. These timelines should contain interim milestones including, but not limited to, the completion of final design and engineering plans, acquisition of land and/or necessary easements, diplomatic treaty minutes, permits, environmental reviews, and other critical requirements necessary for the completion of each project.

The Appropriations Committees direct the Government Accountability Office (GAO) to continue its comprehensive review of the two proposed projects, but also request a report, detailing which project would bring IBWC into compliance with the Clean Water Act most rapidly, and which project is more cost effective. GAO should deliver this report to the Appropriations Committees 120 days after enactment of this Act.

The Appropriations Committees direct the Secretary of State to submit a report to the Committees on Appropriations not later than 90 days after enactment of the Act, detailing a strategy for substantially enhancing United States efforts to resolve the conflict between the Lord’s Resistance Army (LRA) and the Government of Uganda (GOU), including direct and sustained participation by the U.S. in confidence-building measures in furtherance of the peace process; increased diplomatic pressure on the Democratic Republic of the Congo (to eliminate the LRA’s current safe haven) and on Sudan; brokering direct negotiations between the GOU and the leaders of the LRA on personal security arrangements; and financial support for disarmament, demobilization, and reintegration to provide mid-level LRA commanders incentives to re-

turn to civilian life. The amended bill provides \$5,000,000 to implement the strategy.

The amended bill does not include a provision proposed by the Senate (sec. 699F) restricting assistance to any international organization (including the United Nations) that requires the registration of or taxes a gun owned by a citizen of the United States. USAID shall consult with the Appropriations Committees on its conservation programs in Africa involving hunting.

The amended bill does not include the following House provisions: sections 699D, 699H, 699F, 699I, 699L, and 699O. The amended bill does not include the following Senate provisions: sections 686, 691, 695, 699, 699A, 699C, 699E, 699F, 699G, 699I, 699J, 699K, 699L, 699N, and 699O.

DISCLOSURE OF EARMARKS AND CONGRESSIONAL DIRECTED SPENDING ITEMS

Neither the text nor the explanatory statement for this division of the House amendment contains any congressional earmarks, congressionally directed spending items, limited tax benefits, or limited tariff benefits as defined in clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate.

DIVISION K—TRANSPORTATION, HOUSING AND URBAN DEVELOPMENT, AND RELATED AGENCIES APPROPRIATIONS ACT, 2008

Following is an explanation of the effects of this division of the House amendment to the Senate amendment to H.R. 2764 (hereafter referred to as "the amended bill") relative to the versions of the Transportation, Housing and Urban Development, and Related Agencies Act, 2008 (H.R. 3074) passed by the House of Representatives and the Senate.

The language and allocations set forth in the House and Senate reports (H. Rept. 110-238 and S. Rept. 110-131) should be complied with unless specifically addressed to the contrary in the amended bill or this explanatory statement. This explanatory statement, while repeating some report language for emphasis, does not intend to negate the language referred to above unless expressly provided herein. In cases where the House or the Senate has directed the submission of a report, such report is to be submitted to both House and Senate Committees on Appropriations.

TITLE I—DEPARTMENT OF TRANSPORTATION

OFFICE OF THE SECRETARY

SALARIES AND EXPENSES

The amended bill provides \$91,782,000 for the salaries and expenses of the office of the secretary instead of \$90,678,000 as proposed by the House and \$95,197,000 as proposed by the Senate. As proposed by both the House and the Senate, bill language is included that specifies funding by office. The amended bill is as follows:

Immediate office of the Secretary	\$2,310,000
Immediate office of the Deputy Secretary	730,000
Office of the General Counsel	18,720,000
Office of the Under Secretary for Transportation Policy	9,874,000
Office of the Assistant Secretary for Budget and Programs	9,417,000
Office of the Assistant Secretary for Governmental Affairs	2,383,000

Office of the Assistant Secretary for Administration	23,750,000
Office of Public Affairs	1,986,000
Office of the Executive Secretariat	1,516,000
Office of Small and Disadvantaged Business Utilization	1,335,000
Office of Intelligence, Security and Emergency Response	7,874,000
Office of the Chief Information Officer	11,887,000

The amended bill retains provisions proposed by both the House and the Senate limiting transfers among each office to no more than 5 percent and requiring that any transfer greater than 5 percent must be submitted for approval to the House and Senate Committees on Appropriations. Bill language is also included which allows the Department to spend up to \$60,000 within the funds provided for official reception and representation expenses.

The amended bill retains bill language proposed by the House and Senate prohibiting funds from being used for the position of Assistant Secretary for Public Affairs. The amended bill also retains bill language proposed by both the House and the Senate that allows up to \$2,500,000 in user fees to be credited to salaries and expenses.

Within the amounts provided to the office of the general counsel, an additional \$2,500,000 is provided to increase enforcement activities to better protect air travel consumers as proposed by the Senate.

The Appropriations Committees direct the Department to notify the House and Senate Committees on Appropriations no less than three full business days before any grant totaling \$500,000 is announced and further clarify that such notifications shall be based on the grant's full-year funding level, not just the incremental amount being released. In addition, the Appropriations Committees direct the Department to provide three day notice to the Appropriations Committees regarding grants from the Federal Highway Administration's Emergency Relief program, with the exception that notification of "quick releases" from that program can be made concurrently with the grant announcement.

The Appropriations Committees direct the Secretary to submit an operating plan for fiscal year 2008 for the entire Department as described in the House report for approval by the House and Senate Committees on Appropriations within 60 days of enactment of this Act.

Further, the Assistant Secretary for Budget and Programs shall submit a report to both the House and Senate Committees on Appropriations at the beginning of each fiscal quarter on the status of all outstanding reports and reporting requirements, including the deadlines established by Congress for each report and an estimated date for delivery, as directed by the Senate. The Assistant Secretary for Budget and Programs is also directed to submit a quarterly report detailing all funding transfers made between offices within the office of the secretary (OST) pursuant to transfer authority in OST salaries and expenses.

The Appropriations Committees direct the office of the under secretary of transportation for policy to conduct a study of the use of non-hazardous recycled aggregates and other materials in highway projects as proposed by the Senate and to provide a report to the House and Senate Committees on Appropriations by April 1, 2008.

The Appropriations Committees delete language proposed by the House regarding the

Department of Defense schools and FAA employees in Puerto Rico and Guam.

Small community air service development program.—The Appropriations Committees strongly disagree with the Department's plan to transfer the administration of the small community air service development program from the OST policy office to the Federal Aviation Administration. In the aftermath of the tragic ValuJet crash on May 11, 1996, the Congress eliminated the FAA's dual mission of safety and promotion and established safety as the agency's singular mission through the enactment of section 401 of the Federal Aviation Authorization Act of 1996 (Public Law 104-264). The Appropriations Committees agree that it is inappropriate for the FAA, which is charged with the safety and regulatory oversight of our nation's airports and aviation system, to administer a marketing program designed to attract commercial air service at small airports. The Appropriations Committees direct the Secretary to retain this program within the policy office where it currently resides.

OFFICE OF CIVIL RIGHTS

The amended bill provides \$9,140,900 for the office of civil rights as proposed by both the House and the Senate.

TRANSPORTATION PLANNING, RESEARCH AND DEVELOPMENT

The amended bill provides \$13,883,900 for transportation planning, research and development instead of \$8,515,000 as proposed by the House and \$14,115,000 as proposed by the Senate. Adjustments to the budget request are as follows:

Ballast water research, UW-Superior, WI	\$980,000
Great Lakes maritime research institute, WI	980,000
Inland Pacific Hub Analysis Project, WA	245,000
National center for manufacturing sciences (NCMS), MI	735,000
SR-520 innovative water quality protection project, WA	343,000
Transportation and public safety traffic information exchange pilot project, DE	328,300
UVM advanced ground penetrating radar systems, VT	656,600
Virtual accident and injury reconstruction center, Mississippi State University, MS	980,000
Washington State University freight transportation policy institute, WA	441,000

WORKING CAPITAL FUND

The amended bill includes a limitation of \$128,094,000 for working capital fund activities as proposed by both the House and the Senate.

MINORITY BUSINESS RESOURCE CENTER PROGRAM

The amended bill provides a total appropriation of \$893,000 for the costs of guaranteed loans for short-term working capital and the administrative expenses of the minority business resource center program as proposed by the House instead of \$891,000 as proposed by the Senate and limits loans made under the program to \$18,367,000 as proposed by both the House and the Senate.

MINORITY BUSINESS OUTREACH

The amended bill provides \$2,970,000 for minority business outreach as proposed by both the House and the Senate.

PAYMENTS TO AIR CARRIERS (AIRPORT AND AIRWAY TRUST FUND) (INCLUDING TRANSFER OF FUNDS)

The amended bill provides \$60,000,000 for payments to air carriers to be derived from the trust fund as proposed by the House and

Senate. In addition to these funds, the program will receive \$50,000,000 in mandatory spending pursuant to the Federal Aviation Authorization Act of 1996. In addition, \$15,000,000 is made available pursuant to the Deficit Reduction Act of 2005, resulting in a total program budget of \$125,000,000.

COMPENSATION TO AIR CARRIERS
(RESCISSION)

The amended bill rescinds \$22,000,000 from unobligated funds as proposed by the House and Senate.

ADMINISTRATIVE PROVISIONS—OFFICE OF THE
SECRETARY OF TRANSPORTATION

Section 101 retains a provision allowing the Secretary to transfer unexpended sums from "office of the secretary, salaries and expenses" to "minority business outreach" as proposed by the House and Senate.

Section 102 retains a provision prohibiting the Office of the Secretary of Transportation from approving assessments or reimbursable agreements pertaining to funds appropriated to the modal administrations in the Act, unless such assessments or agreements have completed the normal reprogramming process

for Congressional notification as proposed by the House and Senate.

Section 103 retains a provision prohibiting the use of funds to implement an essential air service local cost share participation program as proposed by the House and Senate.

FEDERAL AVIATION ADMINISTRATION
OPERATIONS

The amended bill includes \$8,740,000,000 for operations of the Federal Aviation Administration instead of \$8,716,606,000 as proposed by the House and \$8,761,783,000 as proposed by the Senate. Of the total amount provided, \$6,397,060,900 is to be derived from the airport and airway trust fund instead of \$6,317,000,000 as proposed by the House and \$6,400,580,000 proposed by the Senate. Funds are distributed in the bill by budget activity.

Second career training program.—The amended bill retains language proposed by the House that prohibits funding for the second career training program.

Non-profit standard-setting organization for safety standards.—The amended bill retains language proposed by the House that allows the FAA to enter into an agreement

with a nonprofit standard-setting organization to develop safety standards.

Office of Aviation Safety.—The amended bill specifies no less than \$6,000,000 for aviation safety for staff increases in the office of flight standards (AFS) and the office of aircraft certification (AIR), instead of \$20,000,000 proposed by the Senate. The House did not include a similar provision.

Controller and Safety Staffing Plans.—The amended bill retains language proposed by the Senate that requires FAA to transmit an annual update to the controller workforce plan by March 31, 2008, and reduces the appropriation by \$100,000 per day each day the report is late. The amended bill does not retain a legislative provision proposed by the Senate requiring a comprehensive strategy for AFS and AIR staffing by March 31, 2008. This reporting requirement is addressed later in this statement.

Contract tower program.—The amended bill includes \$8,500,000 to continue the contract tower cost-sharing program as proposed by both the House and Senate. In addition, consistent with House proposal, the Appropriations Committees provide \$103,000,000 for the contract tower base program, and allow FAA to use unsubscribed funds from the contract tower base line program to avoid elimination of communities from the cost share towers program. The Appropriations Committees allow this flexibility only after all baseline tower obligations are fulfilled. The Senate proposed \$99,400,000 for the base program.

Air traffic controller staffing.—The Appropriations Committees provide \$15,899,000, equal to the budget request, to hire and train 1,420 new controllers, and recognize that FAA will adjust its hiring target consistent with actual attrition levels.

Diversity plans for controllers and safety staff.—The amended bill retains language proposed by the House directing the FAA to prepare and transmit diversity plans for both controllers and safety staff. The Appropriations Committees amend the submittal date for these plans from January 1, 2008 to April 1, 2008.

Aviation safety (AVS).—The amended bill provides \$1,082,653,000 for aviation safety, instead of \$1,076,103,000 proposed by the House and \$1,092,103,000 proposed by the Senate. This amount includes \$16,000,000 as proposed by both the House and Senate to annualize safety personnel in AFS and AIR that are currently on-board. It also includes no less than \$6,000,000 to increase AFS and AIR safety staff and \$2,000,000 to increase safety staff in other high priority offices within AVS. The Appropriations Committees direct FAA to provide a letter report to the House and Senate Committees on Appropriations indicating how this \$2,000,000 was spent.

The Appropriations Committees modify House language that designates AVS funding as a congressional item of interest and continue to prohibit reprogrammings to other offices outside of AVS; however, the legislative prohibition against reprogrammings among AVS offices is deleted.

The Appropriations Committees include Senate language directing the FAA to provide a quarterly report on safety personnel by office in AVS, instead of the annual requirement on safety employment and other data as proposed by the House. The amended bill includes the Senate requirement that FAA submit within 90 days from enactment,

a report on its staffing model schedule, and directs FAA to submit an annual safety plan by March 31, 2008, describing FAA's safety needs within AVS, the use of designees and their impact on safety, as proposed by the House. The Appropriations Committees include the direction that this annual safety plan include total number of staff, estimated staff losses, and planned hires for the entire safety staff as well as individually for the flight standards and the aircraft certification offices, as proposed by the Senate.

The amended bill includes in statement language the reporting requirements contained in the Senate bill directing the Government Accountability Office to study the effectiveness of different strategies for reducing flight delays at various airports and transmit the report within 120 days of enactment, and directing the Secretary of Transportation to outline DOT's plan to alleviate air congestion and flight delays in the New York/New Jersey/Philadelphia airspace.

FACILITIES AND EQUIPMENT

(AIRPORT AND AIRWAY TRUST FUND)

The amended bill includes \$2,513,611,000 instead of \$2,515,000,000 as proposed by the House and \$2,516,920,000 as proposed by the Senate. Of the total amount available,

\$459,973,000 is available until September 30, 2008, and \$2,053,638,000 is available until September 30, 2010. The amended bill includes language proposed by both the House and

Senate directing FAA to transmit a detailed five-year capital investment plan to Congress with its fiscal year 2009 budget submission.

ADMINISTRATIVE PROVISIONS—FEDERAL AVIATION ADMINISTRATION

Sec. 110 allows 425 technical staff-years at the Center for Advanced Aviation Systems Development as proposed by the House and Senate.

Sec. 111 prohibits funds for adopting guidelines or regulations requiring airport sponsors to provide FAA “without cost” building construction or space, as proposed by the House and Senate.

Sec. 112 retains a provision proposed by the House and Senate that allows the FAA to be reimbursed for amounts made available for 49 U.S.C. 41742(a)(1) as fees are collected and credited under 49 U.S.C. 45303.

Sec. 113 retains a provision proposed by both the House and Senate that allows reimbursement of funds for providing technical assistance to foreign aviation authorities to be credited to the operations account.

Sec. 114 amends a provision proposed by the House and Senate that continues the war risk insurance and the limitation on air carrier liability for third party claims arising out of acts of terrorism until December 31, 2008.

Sec. 115 retains a provision proposed by the House prohibiting funds to change weight restrictions or prior permission rules at Teterboro Airport in New Jersey. The Senate bill contained no similar provision.

Sec. 116 includes a new provision which extends the current rates of excise taxes that finance the Airport and Airway Trust Fund and allows these receipts to be expended.

Sec. 117 includes a new provision that establishes a process for labor contract integration in the event of an air carrier merger or take-over.

The amended bill deletes section 115 as proposed by the Senate regarding the retirement age of pilots. This provision has already been enacted into law.

(ADDITIONAL OBLIGATION LIMITATION)

(HIGHWAY TRUST FUND)

The amended bill increases the Federal-aid highways obligation limitation by \$1,000,000,000, as proposed by the Senate, and directs that this additional limitation be used only for the bridge program and be distributed to the States based on the bridge program formula. The amended bill also specifies that this obligation limitation shall remain available for a period of three fiscal years. The Appropriations Committees also direct the Secretary of Transportation to ensure that the additional limitation supplements each State's planned obligations for the bridge program. The House did not include a similar provision.

(LIQUIDATION OF CONTRACT AUTHORIZATION)

(HIGHWAY TRUST FUND)

The amended bill provides a liquidating cash appropriation of \$41,955,051,359, which is available until expended, to pay the outstanding obligations of the various highway programs at levels provided in this Act and prior appropriations Acts, instead of

\$40,955,051,359 as proposed by both the House and the Senate.

(RESCISSION)

(HIGHWAY TRUST FUND)

The amended bill includes a rescission of \$3,150,000,000 of the unobligated balances of funds apportioned to the States under chapter 1 of title 23, United States Code, instead of \$3,000,000,000 as proposed by the House and \$2,890,000,000 as proposed by the Senate. The amended bill also excludes safety programs and funds set aside within the State for population areas from this rescission and directs the FHWA to administer the rescission by allowing each State maximum flexibility in making adjustments among the apportioned highway programs, as proposed by the Senate. The House had proposed to apply the rescission proportionally to each highway program, including funds set aside for transportation enhancements and within the state for population areas.

I-35W BRIDGE REPAIR AND RECONSTRUCTION

The amended bill provides an emergency appropriation of \$195,000,000 for the repair

and reconstruction of the Interstate 35W bridge located in Minneapolis, MN, that collapsed on August 1, 2007, as authorized under Public Law 110-56, as proposed by the Senate. The House did not include a similar provision.

APPALACHIAN DEVELOPMENT HIGHWAY SYSTEM

The amended bill provides \$15,680,000 for the Appalachian Development Highway System to be allocated for West Virginia Corridor H, instead of \$20,000,000 as proposed by the Senate. The House did not include a similar provision.

DELTA REGIONAL TRANSPORTATION
DEVELOPMENT PROGRAM

The amended bill provides \$14,014,000 for the Delta Regional Transportation Development Program, instead of \$20,000,000 as proposed by the Senate. The House did not include a similar provision. The Appropriations Committees direct that the funds be allocated to the following projects as listed in the table below, except that the amount for each project shall be reduced by 2 percent in accordance with Section 186 of this Act.

Section 130 includes a provision similar to language proposed by the Senate that provides requirements for any waiver of Buy American requirements. The House did not include a similar provision.

Section 131 includes a new provision that rescinds fiscal year 2008 funding for the highways for LIFE, innovative bridge research and deployment, and truck parking facilities programs.

The amended bill deletes a provision proposed by the Senate that would have permitted funds made available in a prior appropriations act for the construction of the North Shore Road in North Carolina to be available for an alternate purpose. The Appropriations Committees believe that this is an issue that is better suited to be dealt with by the National Park Service within the Department of the Interior.

FEDERAL MOTOR CARRIER SAFETY
ADMINISTRATION
MOTOR CARRIER SAFETY OPERATIONS AND
PROGRAMS
(LIQUIDATION OF CONTRACT AUTHORIZATION)
(LIMITATION ON OBLIGATIONS)
(HIGHWAY TRUST FUND)
(INCLUDING RESCISSION)

The amended bill includes a liquidation of contract authorization and a limitation on obligations of \$229,654,000 for the operating expenses of and motor carrier safety research by the Federal Motor Carrier Safety Administration (FMCSA), instead of \$228,000,000 as proposed by the House and \$231,469,553 as proposed by the Senate. The amended bill reduces FMCSA's contract services by \$459,000 instead of \$3,246,000 as proposed by the House. The amended bill rescinds \$1,815,553 in unobligated balances from motor carrier safety operations instead of \$3,469,553 as proposed by the House. The amended bill provides funding in the following manner:

	<i>Budget Resources</i> Total
Operating expenses	\$172,200,000
Research and technology ...	8,900,000
Information management	33,829,000
Regulatory development ...	10,725,000
Outreach and education	3,000,000
Commercial motor vehicle operators grants	1,000,000

The amended bill also prohibits any funds relating to outreach and education from being transferred to another agency as proposed by the House and the Senate.

High risk carriers.—Within the funds provided for FMCSA's operating expenses, the amended bill includes an additional \$1,000,000 as proposed by the Senate to conduct compliance reviews on high risk carriers. In addition, the Appropriations Committees direct FMCSA to provide quarterly reports on the agency's progress in meeting the high risk carrier requirements contained in SAFETEA-LU.

Compliance reviews.—The Appropriations Committees direct FMCSA to prepare a safety oversight action plan and to provide a report to the House and Senate Committees on Appropriations within six months of enactment of this Act which includes a delineation of the number of planned and completed compliance reviews from the previous year. In addition, the report should include the results of the agency's internal review of the fatal accident that occurred on the Capital Beltway (I-495/I-95) on March 19, 2007, and any requisite impact on the compliance review process, particularly as it relates to investigator training.

Motor coach accessibility.—The Appropriations Committees reiterate concerns expressed in both the House and Senate Com-

mittee reports regarding DOT's failure to enforce its own regulations requiring accessibility to over-the-road buses for people with disabilities. The U.S. Court of Appeals for the D.C. Circuit rejected FMCSA's assertion that it did not have the authority to deny bus operators registration based on an interstate bus company's unwillingness or inability to comply with DOT's Americans with Disabilities Act (ADA) regulations, and remanded the case to FMCSA for further interpretation. On October 26, 2007, FMCSA responded by reasserting its claim that it lacks the authority to enforce DOT's own ADA regulations. The Appropriations Committees find this interpretation to be mystifying, unacceptable, and deliberately evasive. It certainly calls into question the commitment of both the Secretary and the Administrator to enforcing both the letter and the spirit of Federal laws designed to protect the rights of the disabled. The Appropriations Committees disagree with FMCSA that further statutory language is needed to clarify FMCSA's enforcement role in this area. Even so, given the recalcitrant stance and steadfast refusal of the Secretary and the Administrator to enforce the law on this matter, the Appropriations Committees are supportive of the prompt enactment of H.R. 3985: the Over-the-Road Bus Transportation Accessibility Act of 2007. This bill makes clear, again, that FMCSA has the authority to enforce compliance with DOT's ADA regulations in this area. The Appropriations Committees can only hope that, once this law is enacted, the Secretary and Administrator will not concoct still further evasive strategies to avoid their statutory responsibility.

MOTOR CARRIER SAFETY GRANTS
(LIQUIDATION OF CONTRACT AUTHORIZATION)
(LIMITATION ON OBLIGATIONS)
(HIGHWAY TRUST FUND)
(INCLUDING RESCISSION)

The amended bill provides a liquidating cash appropriation and a limitation on obligations of \$300,000,000 for motor carrier safety grants as proposed by the House and the Senate.

In addition, the amended bill rescinds \$11,260,214 in unobligated balances as proposed by the House and the Senate.

safety program as proposed by the House and the Senate.

NATIONAL MOTOR CARRIER SAFETY PROGRAM
(HIGHWAY TRUST FUND)
(RESCISSION)

ADMINISTRATIVE PROVISIONS—FEDERAL MOTOR
CARRIER SAFETY ADMINISTRATION

Section 135 retains the provision as proposed by the House and the Senate that subjects funds appropriated in this Act to the terms and conditions of section 350 of Public Law 107-87 and section 6901 of Public Law 110-28, including that the Secretary submit a report on Mexico-domiciled motor carriers.

Section 136 includes a provision as proposed by the Senate prohibiting funds from being used to establish a cross-border motor carrier demonstration program to allow Mexico-domiciled motor carriers to operate beyond the commercial zone in the United States. The House included a similar provision.

NATIONAL HIGHWAY TRAFFIC SAFETY
ADMINISTRATION
OPERATIONS AND RESEARCH

The amended bill provides \$126,572,000 from the general fund for highway and traffic safety activities, instead of \$125,000,000 as proposed by the House and \$124,406,000 as proposed by the Senate. Of this amount, a total of \$26,156,000 shall remain available until September 30, 2010, as proposed by both the House and the Senate.

The amended bill includes a provision carried since fiscal year 1996 that prohibits NHTSA from obligating or expending funds to plan, finalize, or implement any rulemakings that would add requirements pertaining to tire grading standards that are not related to safety performance. This provision was contained in both the House and the Senate bills.

The Appropriations Committees direct NHTSA to combine the requirements of both requests into a single report and submit it to the House and Senate Committees on Appropriations by March 1, 2008.

The amended bill includes an increase of \$892,500 above the budget request for inspector travel instead of \$1,785,000 as proposed by the Senate. The House assumed the budget request. In addition, the amended bill includes an increase of \$629,000 to expeditiously fill agency vacancies as proposed by the Senate.

The amended bill includes \$200,000 to hire an independent consultant to evaluate the Federal Railroad Administration's (FRA) use of penalties as an enforcement mechanism instead of \$300,000 as proposed by the Senate. The Appropriations Committees direct FRA to report within 90 days on the schedule of the evaluation and to provide the independent consultant's comprehensive report within 180 days on the evaluation's findings along with the FRA's comments on the evaluation.

RAILROAD RESEARCH AND DEVELOPMENT

The amended bill provides \$35,964,400 for railroad research and development, instead of \$33,250,000 as proposed by the House and \$36,250,000 as proposed by the Senate. CAPITAL ASSISTANCE TO STATES—INTERCITY PASSENGER RAIL SERVICE

The amended bill provides \$30,000,000 for capital assistance to states—intercity passenger rail service program instead of \$100,000,000 as proposed by the Senate and \$50,000,000 as proposed by the House. The amended bill maintains the basic grant program structure as proposed by the Senate to enable the FRA Administrator to make grants on a reimbursable basis for capital grants to improve existing or provide new intercity passenger rail service.

The amended bill includes language providing that no more than ten percent of the funds available for this program may be used for planning activities that lead directly to the development of a passenger rail corridor investment plan. The amended bill clarifies that in order to be eligible for capital assistance, the specific project must be on the statewide transportation improvement plan. In addition, the Secretary is directed to give priority to capital and planning applications for projects that improve the safety and reliability of intercity service; involve a commitment by the freight railroads to improve on-time performance; improve or extend service on a route that requires minimal or no federal operating assistance; and involve a financial commitment by States to improve highway/rail grade crossings.

The Appropriations Committees delete, without prejudice, a provision regarding Davis-Bacon requirements as proposed by the Senate. It is the understanding of the Appropriations Committees that appropriate current law will apply to capital construction projects.

RAILROAD REHABILITATION AND IMPROVEMENT PROGRAM

The amended bill deletes a requirement that the Secretary prepare a report on the capital investment needs of class 2 and 3 railroads. The Appropriations Committees understand that a similar study has already been recently completed.

RAIL LINE RELOCATION AND IMPROVEMENT PROGRAM

The amended bill provides a total of \$20,145,000 for the rail line relocation and improvement program as authorized by section 20154 of title 49 instead of \$35,000,000 as proposed by the House. Railroad grade separation, Elkhart, IN	450,000

Railroad relocation planning, Terre Haute, IN	440,000
Sacramento intermodal terminal facility track relocation, CA	400,000
Wisconsin west rail transit authority, Barron, WI	2,500,000

NATIONAL RAILROAD PASSENGER CORPORATION (AMTRAK)

The amended bill provides a total of \$1,325,000,000 for operations, capital improvements and debt service to the National Railroad Passenger Corporation (Amtrak) instead of \$1,400,000,000 as proposed by the House and \$1,370,000,000 as proposed by the Senate.

OPERATING GRANTS TO THE NATIONAL RAILROAD PASSENGER CORPORATION

The amended bill provides \$475,000,000 in operating grants to Amtrak as proposed by the House instead of \$485,000,000 as proposed by the Senate.

The amended bill deletes a provision proposed by the House and Senate which required any lease or contract between Amtrak and any other governmental entity to be governed by the laws of the District of Columbia.

The amended bill includes bill language as proposed by the House which prohibits Amtrak from discounting tickets at more than 50 percent off the normal, peak fare after March 1, 2006, unless the operating loss due to the discounted fare is covered by a State.

The amended bill provides \$18,500,000 for Amtrak's office of inspector general as proposed by the House.

CAPITAL AND DEBT SERVICE GRANTS TO THE NATIONAL RAILROAD PASSENGER CORPORATION

The amended bill includes \$850,000,000 for capital and debt service payment grants to Amtrak instead of \$925,000,000 as proposed by the House and \$885,000,000 as proposed by the Senate. Within the funds provided, the amended bill includes \$285,000,000 for Amtrak's debt service payment as proposed by the House and Senate.

ADMINISTRATIVE PROVISIONS—FEDERAL RAILROAD ADMINISTRATION

Section 150 retains a provision included by the Senate that ceases the availability of Amtrak funds if the railroad contracts for services outside the United States for any service performed by a full-time or part-time Amtrak employee as of July 1, 2006.

Section 151 retains a provision included by the Senate requiring the FRA Administrator to submit quarterly reports to the House and Senate Committees on Appropriations on Amtrak on-time performance.

Section 152 retains a provision included by the House and Senate that permits FRA to purchase promotional items for Operation Lifesaver.

Section 153 retains a provision included by the Senate which allows FRA to receive and use cash or spare parts to repair and replace damaged track inspection cars.

The amended bill deletes a provision proposed by the Senate which required any lease or contract between Amtrak and the State of Maryland to be governed by the laws of the District of Columbia.

FEDERAL TRANSIT ADMINISTRATION ADMINISTRATIVE EXPENSES

The amended bill provides a total of \$89,300,000 from the General Fund for the administrative expenses of the Federal Transit Administration instead of \$92,500,000 as proposed by the House and \$88,795,000 as proposed by the Senate. The amended bill provides FTA's administrative funding in the structure proposed by the House instead of distributing the agency's funding by each individual office. In addition, the amended bill

specifies that \$20,719,000 shall be provided for the central account and that no more than \$1,504,000 shall be provided for travel.

The amended bill retains provisions proposed by both the House and the Senate allowing for the transfer of up to five percent of funds between offices, directing FTA to submit for approval any proposal to transfer funds from the Central Account, prohibiting funds for a permanent office of transit security, directing FTA to reimburse up to \$2,000,000 to the Office of the Inspector General, and directing the submission of the annual new starts report. As proposed by the House, funds for the National Transit Database are included under the formula program.

FTA is directed to submit its fiscal year 2009 congressional budget justification for administrative funds itemized by office with material detailing salaries and expenses, staffing increases, and programmatic initiatives of each office. The initiatives for each should be clearly stated, and include a justification for each new position or full-time equivalent, should FTA request additional FTEs next year. In addition, the congressional budget justifications must identify the administrative costs for each new fixed guideway project included in the fiscal year 2009 request.

The amended bill includes \$500,000 instead of \$1,000,000 as proposed by the House to establish an interagency working group between FTA and the Department of Housing and Urban Development (HUD). The Appropriations Committees direct FTA and HUD to develop a best practices manual which will serve to assist communities as they seek to establish mixed-income transit-oriented development. FTA and HUD should also jointly report back to the House and Senate Committees on Appropriations within six months of enactment, on new ways FTA and HUD can better coordinate transportation and housing programs to promote affordable housing near transit.

FORMULA AND BUS GRANTS (LIQUIDATION OF CONTRACT AUTHORITY) (LIMITATION ON OBLIGATIONS) (HIGHWAY TRUST FUND) (INCLUDING RESCISSION)

The amended bill limits obligations from the Mass Transit Account for the formula and bus grant program to \$7,767,887,062. The amended bill includes a liquidating cash appropriation of \$6,855,000,000 as proposed by the House and Senate.

The amended bill provides the SAFETEA-LU authorized level of \$49,000,000 for the clean fuel bus grant program as proposed by the House and deletes the Senate language transferring the clean fuel funds to the bus and bus facility grant program. The Appropriations Committees direct \$24,000,000 in additional funds within the bus discretionary program for the clean fuel bus grant program to bring the total program to \$73,000,000.

The amended bill modifies a provision proposed by the Senate regarding a limitation of 10 percent on the amount of bus discretionary funds that may be used for congestion initiative activities.

The amended bill includes a rescission of \$28,660,920 in unobligated balances of formula and bus grant funding.

Rail modernization study.—The Appropriations Committees direct the FTA to conduct a study within one year of enactment of transit agencies in urbanized areas to determine the status of our nation's commuter rail infrastructure. The study should include a funding history over the last three highway authorization acts; the estimated cost of bringing the infrastructure up to a state of good repair and an analysis of the necessary formula modifications to achieve a state of good repair.

Bus and bus facilities.—The amended bill for bus and bus facilities, the Appropriations project and activity shall be reduced by 2 percent in accordance with Section 186 of this Act. provides \$823,052,962 for the FTA's discretionary bus program. Of the funds provided Committees direct funds to the following priorities, except that the amount for each

Section 8 Voucher Renewals.—The amended bill includes \$14,694,506,000, instead of \$14,744,506,000 as proposed by the House and \$14,929,200,000, as proposed by the Senate. The amended bill provides that funding for renewals shall be distributed based on VMS data for the most recent Federal fiscal year. The amended bill also provides an exception to this funding formula for PHAs impacted by the 2005 hurricanes, those PHAs that went into receivership within the previous 24 months, and PHAs that overspent their fiscal year 2007 allocation. The House had not proposed to revise the allocation methodology from fiscal year 2007.

The amended bill provides that the amount of calendar year 2008 renewal funding for any agency shall be reduced by the amount of any unusable amount in such agency's net restricted assets account, in accordance with the most recent VMS data for calendar year 2007 that is verifiable and complete, which exceeds 7 percent of the amount of renewal funding allocated to the agency for the calendar year 2007 funding cycle.

The Appropriations Committees instruct the Department that the entire amount for renewals shall be administered through the HUDCAPS system and provided to PHAs in the same manner as in effect in FY06 and prior years. Further, PHAs shall be notified of their allocation within 60 days of enactment of this Act, unless the Secretary requests a waiver from the Committees.

The amended bill provides that \$50,000,000 shall be available to adjust the allocations for PHAs that experienced a significant increase in renewal costs due to portability or for PHAs with a higher leasing rate at the end of the Federal fiscal year than the average for the entire year.

Tenant Protection.—The amended bill includes \$200,000,000 for rental subsidies for tenant protection activities instead of \$150,000,000 as proposed by the House and Senate. HUD is instructed to issue tenant protection vouchers for all units that were occupied within the previous 24 months. The amended bill does not include language proposed by the House concerning recaptures and carryover.

The amended bill does not include language proposed by the House regarding the costs of judgments and settlements.

Administrative Fees.—The amended bill includes \$1,351,000,000 for public housing agencies' administrative costs and other expenses, as proposed by the House and Senate. Of these funds, \$1,316,000,000 shall be administered as provided in section 8(q) of QHWA, as proposed by the House and Senate. The amended bill does not include \$5,000,000 for an incentive for PHAs to consolidate, as proposed by the House and the Senate.

Family Self Sufficiency Coordinators.—The amended bill includes \$49,000,000 for public housing agencies family self-sufficiency coordinator staff, instead of \$48,000,000 as proposed by the House and \$50,000,000 as proposed by the Senate.

HUD-VASH Vouchers.—The amended bill includes \$75,000,000 for incremental voucher assistance for use through a supported housing program administered in conjunction with the Department of Veterans Affairs, as proposed by the Senate. This funding will be made available to PHAs that partner with eligible VA Medical Centers and other entities based on geographic need for such assistance. The Appropriations Committees expect that these vouchers will be made available to all homeless veterans, including recently returning veterans. These vouchers shall remain available for homeless veterans upon turnover.

Nonelderly Disabled Vouchers.—The amended bill provides \$30,000,000, as proposed by the House, for incremental assistance to nonelderly disabled families. These vouchers shall remain available, to the extent practicable, for nonelderly disabled persons upon turnover.

Family Unification Vouchers.—The amended bill provides \$20,000,000, instead of \$30,000,000 as proposed by the Senate, for incremental assistance through the Family Unification Program. These vouchers shall remain available, to the extent practicable, for family unification vouchers upon turnover.

Working Capital Fund.—The amended bill includes up to \$6,494,000 that may be transferred to the Working Capital Fund as proposed by the House and Senate.

The Appropriations Committees instruct HUD not to disburse more than 70 percent of the fiscal year 2007 advance prior to halfway through the 2008 calendar year.

HOUSING CERTIFICATE FUND (RESCISSION)

The amended bill includes a rescission of \$1,250,000,000 from unobligated balances and recaptures from prior-year appropriations provided in the tenant-based rental assistance and the project-based rental assistance accounts or any other account within this title. This rescission is to be effected no later than September 30, 2008. The House proposed \$1,300,000,000 and the Senate proposed \$1,100,000,000.

PROJECT-BASED RENTAL ASSISTANCE (INCLUDING TRANSFER OF FUNDS)

The amended bill provides \$6,381,810,000 for project-based rental assistance activities instead of \$6,479,810,000 as proposed by the House and \$5,813,000,000 as proposed by the Senate. The amended bill provides funds as follows:

Project-Based Contract Renewals	\$6,139,122,000
Contract Administrators	238,728,000
Working Capital Fund	3,960,000
Total, Project-Based Rental Assistance ..	6,381,810,000

The explanatory statement includes language, as proposed by the House, designating not less than \$238,728,000 but not to exceed \$286,230,000 for performance-based contract administrators.

The Appropriations Committees note the Department's inability to identify actual funding needs for Project-Based Rental Assistance renewals. The Appropriations Committees also find that the Department has not been aggressive in reducing the impact that its decisions are having on the affordable housing community. In light of what appears to be a severe funding shortage, the Department has taken the drastic step of abandoning its practice of 12-month contracts and has been sending short-term renewal contracts that impact owners, landlords, financial institutions, and, most importantly, tenants of Project-Based housing.

A large part of the problem is that the administration has not determined if 12-month contracts can be conditioned on the availability of funds and can be funded incrementally. The Appropriations Committees instruct HUD and OMB to make a final determination about whether an Anti-Deficiency Act (ADA) violation would exist under those circumstances by January 15, 2008. If no violation would exist, then HUD is instructed to immediately begin issuing 12-month contracts subject to the availability of funds. If a violation would exist or has occurred, the administration must report that violation to the Committees immediately.

The amended bill does not include the report on a project-by-project analysis that verifies the funding request for renewals and amendments as part of the fiscal year 2009 budget justification, as proposed by the House, as this issue is addressed in the general provisions of this title, as proposed by the Senate.

PUBLIC HOUSING CAPITAL FUND (INCLUDING TRANSFER OF FUNDS)

The amended bill provides \$2,438,964,000 for the Public Housing Capital Fund as proposed by the House, instead of \$2,500,000,000 as proposed by the Senate. Within the total funding the amended bill includes: up to \$12,000,000 for section 9(h) of the 1937 Housing Act, instead of \$10,890,000 as proposed by the House and \$14,890,000 as proposed by the Senate; not to exceed \$16,847,000 may be transferred for information technology systems as proposed by the Senate instead of \$10,000,000 as proposed by the House; not to exceed \$18,500,000 for emergency capital needs resulting from unforeseen emergencies or natural disasters in fiscal year 2008 instead of \$17,000,000 as proposed by the House or \$20,000,000 as proposed by the Senate.

The amended bill includes \$40,000,000 for the Resident Opportunity Self-Sufficiency (ROSS) program as proposed by the Senate instead of \$38,000,000 as proposed by the House.

The amended bill provides that the Secretary shall provide performance bonuses in fiscal year 2008 for PHAs that are high performers.

The Committees on Appropriations instruct HUD to report quarterly to the House and Senate Committees on Appropriations on the status of all PHAs in receivership, the technical assistance provided to these agencies, and the demonstrated achievements of the agencies. This submission shall begin with the transmission of the FY09 budget justification.

The Appropriations Committees direct HUD to perform an updated Capital Needs Assessment (CNA) from funds made available under this account for the public housing portfolio, including the projected annual cost to adequately maintain that portfolio. To conduct the new CNA, HUD shall contract with a nationally recognized research entity with experience in conducting physical needs assessments of a representative sample of public housing or similar development projects. The review shall include a statistical sample for projects of 500 units or less and one-for-one review for projects in excess of 500 units. HUD shall award a contract for the study within 120 days after the enactment of this Act and shall report to the House and Senate Committees on Appropriations on the progress of the study by June 30, 2008. HUD shall submit a final report to the Committees by July 31, 2009, that includes national cost estimates and a comparison of those estimates with capital needs as of 1996, after adjusting for changes in the composition of the public housing stock resulting from HOPE VI funding and other actions. The report shall also discuss whether REAC physical inspection scores can support ongoing national estimates of public housing capital needs.

PUBLIC HOUSING OPERATING FUND

The amended bill provides \$4,200,000,000 for the Public Housing Operating Fund as proposed by the House and the Senate.

The amended bill provides that HUD shall use \$5,940,000, as proposed by the Senate, for competitive grants and contracts to third parties for the provision of technical assistance to public housing agencies related to the transition and implementation of asset-based management in public housing.

The Appropriations Committees do not instruct the IG to study asset-based management, as proposed by the House.

REVITALIZATION OF SEVERELY DISTRESSED PUBLIC HOUSING (HOPE VI)

The amended bill provides \$100,000,000 for the Revitalization of Severely Distressed Public Housing program (HOPE VI) as proposed by the Senate, instead of \$120,000,000 as proposed by the House. The Appropriations Committees provide that not to exceed \$2,400,000 shall be used for technical assistance as proposed by the House instead of \$1,980,000 as proposed by the Senate. The Committees on Appropriations also direct HUD to use unobligated and unexpended technical assistance funding provided in prior years and to use these resources to focus on grants awarded before 2001 that have large unexpended balances.

NATIVE AMERICAN HOUSING BLOCK GRANTS

The amended bill provides \$630,000,000 as proposed by the Senate instead of \$626,965,000 as proposed by the House.

The amended bill includes \$4,250,000 for inspections, training, and technical assistance, including up to \$300,000 for related travel, as proposed by the House and the Senate. The amended bill provides that \$2,000,000 shall be contracted as technical assistance and capacity building for a national organization representing Native American Housing interests for providing training and technical assistance to Indian Housing authorities and tribally designated housing entities as authorized by NAHASDA, as proposed by the Senate. The House addressed this issue in report language.

The amended bill requires that HUD distribute the needs portion of the formula distribution on the basis of either single race or multi race data whichever is the most advantageous to the grant recipient, as proposed by the House and the Senate.

The amended bill includes \$1,980,000 for guaranteed loans to subsidize a total guaranteed loan principal of up to \$17,000,000 as proposed by both the House and Senate and does not include a transfer to the Salaries and Expenses account, as proposed by the House.

The Appropriations Committees do not require the two studies proposed by the House on the funding formula for these grants and the housing needs of the Indian community.

NATIVE HAWAIIAN HOUSING BLOCK GRANT

The amended bill provides \$9,000,000 for the Native Hawaiian Housing Block Grant, of which \$300,000 shall be for training and technical assistance, as proposed by the Senate. The House proposed \$8,727,000 and \$299,211, respectively.

The Committees on Appropriations direct HUD to award these formula grants promptly in fiscal year 2008, as the Department has been slow to obligate these funds in previous years.

The Appropriations Committees do not require a letter pertaining to the status of funds expended in this account, as proposed by the House.

INDIAN HOUSING LOAN GUARANTEE FUND PROGRAM ACCOUNT

The amended bill provides \$7,450,000, to subsidize a loan limitation of up to \$367,000,000 as proposed by the House and Senate.

The amended bill does not include a transfer to the Salaries and Expenses account, as proposed by the House.

NATIVE HAWAIIAN HOUSING LOAN GUARANTEE FUND PROGRAM ACCOUNT

COMMUNITY PLANNING AND DEVELOPMENT HOUSING OPPORTUNITIES FOR PERSONS WITH AIDS (HOPWA)

(INCLUDING TRANSFER OF FUNDS)

The amended bill provides \$300,100,000 for Housing Opportunities for Persons with AIDS (HOPWA) as proposed by the House and Senate. Up to \$1,485,000 is provided for technical assistance as proposed by the House and Senate. Not to exceed \$1,485,000 may be transferred to the Working Capital Fund.

RURAL HOUSING AND ECONOMIC DEVELOPMENT

The amended bill provides \$17,000,000 for rural housing and economic development as proposed by the Senate, instead of \$16,830,000 as proposed by the House.

COMMUNITY DEVELOPMENT FUND (INCLUDING TRANSFER OF FUNDS)

The amended bill provides \$3,865,800,000 for the Community Development Fund, compared to \$4,180,000,000 proposed by the House and \$4,060,000,000 proposed by the Senate. The Appropriations Committees agree to the following:

Formula distribution of funds	\$3,593,430,000
Economic Development Initiative Grants	\$179,830,000
Transfer to the Working Capital Fund	\$1,570,000
Indian Economic Block Grants	\$62,000,000

The amended bill includes modified language making technical corrections to certain targeted economic development initiative grants funded under this heading in prior appropriations Acts, similar to language that was proposed by the House and the Senate.

The amended bill provides \$3,000,000 for technical assistance as authorized by section 107(b)(4), as proposed by the Senate. The House had no similar provision.

The amended bill provides \$50,000,000 for housing counseling, instead of \$48,340,000 as proposed by the House and \$150,000,000 as proposed by the Senate.

In addition, \$12,500,000 is reserved for technical assistance, instead of \$9,900,000 as proposed by the House and \$15,000,000 as proposed by the Senate. Of amounts made available for technical assistance, \$8,500,000 is for qualified non-profit intermediaries to provide technical assistance to CDHOs and \$4,000,000 is for intermediaries to provide technical assistance to HOME participating jurisdictions.

The amended bill includes \$10,000,000 for the American Dream Downpayment Initiative, instead of \$25,000,000 as proposed by the Senate. The House had no similar provision.

The amended bill does not include two provisions within the HOME account that provided \$200,000,000 for counseling and foreclosure activities, as proposed by the Senate. Instead, the amended bill provides funding in Title III of this Act through the Neighborhood Reinvestment Corporation for such activities. The Appropriations Committees do not instruct HUD on issuance of a NOFA, as proposed by the Senate.

**SELF-HELP AND ASSISTED HOMEOWNERSHIP
OPPORTUNITY PROGRAM**

The amended bill provides \$60,000,000 for this account, as opposed to \$59,700,000 proposed by the House and \$70,000,000 proposed by the Senate. Of the total, \$26,500,000 is provided for the SHOP program as proposed by the Senate, instead of \$27,710,000 as proposed by the House. Funds are available for two years except for \$5,000,000, which is available until expended, as proposed by the Senate. Sufficient funding is provided for renewal of Shelter Plus Care contracts. The amended bill transfers \$2,475,000 to the Working Capital Fund as proposed by both the House and the Senate.

The amended bill provides \$25,000,000 for the Secretary to conduct a demonstration program on the effectiveness of rapid re-housing programs in reducing the number of homeless families as proposed by the Senate. The Appropriations Committees direct HUD to select a limited number of sites to receive

funding for this demonstration program as a part of the Homeless Assistance Grants competition, and should consider the following criteria when selecting sites: proven experience in rapid re-housing, performance of the Continuum of Care, and geographic diversity. Selected programs should provide families with housing placement services, short-term housing assistance, including up to 18 months of rental assistance, and an array of appropriate services for families. The Appropriations Committees have also included language that allows the Secretary to use up to \$1,250,000 to conduct an evaluation of the demonstration program. This evaluation should include, but is not limited to, a cost-benefit analysis, including both direct and indirect social benefits of rapid re-housing programs, as well as the success of such programs in keeping families in stable housing.

The amended bill modifies a provision of the Senate that requires HUD to submit the AHAR report by June 21, 2008, as opposed to March 21, 2008.

Further, the Committees on Appropriations note the broad statutory authority of the McKinney-Vento Homeless Assistance Act concerning the use of matching funds from any source other than the specific subtitle from which funds are awarded. The purpose of this broad statutory authority is to ensure the coordinated effort to address the needs of the homeless, which is central to the goal to end homelessness. Homeless housing programs within a community are most effective when a recipient can augment grant amounts with funds from any source, including Federal, State, local and private sources. Any funds, including Federal funds, are and have been eligible to be used as matching funds unless such funds are statutorily prohibited to be used as a match.

TITLE III—RELATED AGENCIES ARCHITECTURAL AND TRANSPORTATION BARRIERS COMPLIANCE BOARD SALARIES AND EXPENSES

The amended bill includes \$6,150,000 for the Salaries and Expenses of the Architectural and Transportation Barriers Compliance Board as proposed by both the House and the Senate.

FEDERAL MARITIME COMMISSION SALARIES AND EXPENSES

The amended bill includes \$22,072,000 for the Salaries and Expenses of the Federal Maritime Commission as proposed by the House, instead of \$22,322,000 as proposed by the Senate.

NATIONAL TRANSPORTATION SAFETY BOARD SALARIES AND EXPENSES

The amended bill includes \$84,499,000 instead of \$85,000,000 as proposed by the House and \$84,500,000 as proposed by the Senate. The Appropriations Committees direct that not less than \$1,424,000 of the total appropriation shall fund 11 additional critical safety staff, and, consistent with the House language, prohibit these funds from being used for the Academy.

Within the funds provided, the Appropriations Committees direct a total of \$74,063 to address the Board's most recent Anti-Deficiency Act violation that occurred from fiscal years 1998 through 2006 related to inappropriate purchase of death and dismemberment insurance for agency employees on official travel. The Appropriations Committees also include language allowing NTSB to continue to make lease payments for the NTSB Academy in fiscal year 2008 as proposed by the House and Senate.

NEIGHBORHOOD REINVESTMENT CORPORATION PAYMENT TO THE NEIGHBORHOOD REINVESTMENT CORPORATION

The amended bill provides \$299,800,000 for the Neighborhood Reinvestment Corporation instead of \$119,800,000 as proposed by the House and Senate.

The amended bill includes \$180,000,000 to be administered by the Neighborhood Reinvestment Corporation (NRC) to make grants to NRC- or HUD-approved counseling intermediaries (including State housing finance agencies) for mortgage foreclosure mitigation assistance of owner-occupied homes.

NRC is a Congressionally-chartered non-profit corporation, and since 1978, NRC has been providing quality housing counseling. The Appropriations Committees note that NRC was one of the first organizations to begin responding to the subprime mortgage crisis by establishing its Center for Foreclosure Solutions. NRC will manage a competition for housing counseling organizations with demonstrated experience in this field, and will begin awarding grants within 60 days of enactment of this Act. The NRC can administer this competition rapidly and can thus facilitate help for homeowners almost immediately.

This \$180,000,000 is one-time funding to be available until expended by the NRC in response to the ongoing lending and credit crisis. This crisis is fueled by more than 2 million mortgages that now face significant risk of default and foreclosure as the housing markets slow and adverse mortgage terms, such as adjustable rate mortgages, reset.

This program is designed to assist homeowners with subprime or other single-family mortgages that are likely to be in default and/or foreclosure. This is not designed as a bailout for either financial institutions or homeowners with mortgages that are likely to fail. Instead, the goal of the program is to provide counseling assistance that will prevent foreclosure and result in the long-term

affordability of the mortgage or another positive outcome for the homeowner. No Federal funds are to be used to directly benefit financial institutions or homeowners.

The Appropriations Committees believe that the funding is needed, will be well-used, and will help stabilize the single-family mortgage marketplace. However, the amended bill notes that \$180,000,000 is a rapid expansion of housing counseling assistance. As a result, the Appropriations Committees direct that \$50,000,000 will be awarded within 60 days of enactment, which the Appropriations Committees expect will result in a rapid investment of these funds.

Finally, the amended bill directs the NRC to provide a bi-annual report to the House and Senate Committees on Appropriations as well as the House Financial Services Committee and the Senate Banking Committee. These reports will identify the use of funds in the program, models of success and an overall analysis of the program, its strategies for success and its evolution, among other things.

UNITED STATES INTERAGENCY COUNCIL ON HOMELESSNESS OPERATING EXPENSES

The amended bill provides \$2,150,000 instead of \$2,000,000 as proposed by the House and \$2,300,000 as proposed by the Senate. The amended bill extends the expiration date for the Council until September 30, 2008.

The Appropriations Committees direct the Council to report within 180 days of enactment to the House and Senate Committees on Appropriations on a comprehensive funding strategy to meet the agency's ten-year goal to end chronic homelessness. The report should specify how local and Federal agencies will contribute to the achievement of this goal.

The Appropriations Committees agree to a limit of \$50,000 for travel by the Executive Director.
