

NATIONAL ASSOCIATION OF COUNCILS
ON DEVELOPMENTAL DISABILITIES,
Alexandria, VA, March 2, 2008.

Hon. PATRICK KENNEDY,
*House of Representatives,
Washington, DC.*

DEAR CONGRESSMAN KENNEDY: On behalf of the National Association of Councils on Developmental Disabilities we write in strong support of the Paul Wellstone Mental Health and Addiction Equity Act of 2007.

Research from the past 10 to 20 years has resulted in a fundamental change in the way mental illnesses are viewed and treated. We know now that people can improve and recover from many serious mental illnesses. Yet, according to the Substance Abuse and Mental Health Administration's (SAMHSA) Resource Center to Address Discrimination Stigma Associated with Mental Illness (ADS Center), only 1 in 5 of children in need is receiving appropriate treatment. Two-thirds of the roughly 54 million Americans with mental illnesses do not receive treatment.

Your legislation provides equal treatment of mental health insurance benefits compared to medical and surgical benefits specifically with respect to cost sharing requirements, financial requirements, and treatment limitations. Without parity, millions of Americans will continue to go without groundbreaking treatment leading them to suffer more emotional pain, disability, and financial burden, and resulting in greater morbidity costs—the loss of productivity in usual activities.

As you work to move this legislation across the finish line, the Councils strongly support your efforts. Thank you for your leadership on this issue.

Sincerely,

KAREN F. FLIPPO,
Chief Executive Officer.

Hon. PATRICK J. KENNEDY,
*House of Representatives,
Washington, DC.*

Hon. JIM RAMSTAD,
*House of Representatives,
Washington, DC.*

DEAR REPRESENTATIVES KENNEDY AND RAMSTAD: I am writing to urge House Members to vote YES on your bill H.R. 1424, the Paul Wellstone Mental Health & Addiction Equity Act.

Insurance coverage has been grossly inadequate for mental health services and many families have not been able to afford services. Insurance companies often give false impressions about the real mental health benefits they offer. Often the client pays three fourths of the bill and the insurance company pays a small co-pay. This is unfair and dishonest. I hope your bill will be supported and passed. It needs to cut out the loop holes in former mental health acts.

Thank you for your leadership.

Sincerely,

LEONA STUCKY-ABBOTT.
NATIONAL ASSOCIATION FOR THE
DUALY DIAGNOSED,
Kingston, NY, February 29, 2008.

Hon. PATRICK J. KENNEDY,
*House of Representatives,
Washington, DC.*

Hon. JIM RAMSTAD,
*House of Representatives,
Washington, DC.*

DEAR REPRESENTATIVES KENNEDY AND RAMSTAD: I am writing on behalf of the National Association for the Dually Diagnosed (NADD) to urge House Members to vote YES on your bill H.R. 1424, the Paul Wellstone Mental Health Addiction Equity Act.

Millions of American families who face structural discrimination against the mental health benefits in their health coverage will

welcome passage of this legislation. It is designed to close loopholes in the 1996 Federal parity law that has too often been evaded. By requiring group health plans that provide mental health or substance use benefits to include them without different duration limits and financial requirements, this legislation will help people with mental disorders without a costly burden on employers.

We hope that House passage of your strong bipartisan bill will spur to completion the negotiations with the Senate on a bill that can become law this year. Further delay is not acceptable.

Thank you for your leadership on this important issue.

Sincerely,

ROBERT J. FLETCHER,
Chief Executive Officer and Founder.

MENTAL HEALTH AMERICA,
Alexandria, VA, February 27, 2008.

DEAR REPRESENTATIVE: On behalf of Mental Health America and our 320 affiliates

across the country, I am writing to express our strong support for House passage of the Paul Wellstone Mental Health and Addiction Equity Act of 2007, H.R. 1424, at the earliest possible date. House passage of this historic legislation is a critical step toward enactment this year of a strong mental health parity law.

Mental health conditions are the leading cause of disability in the U.S. for individuals ages 15–44, and a leading cause of premature death, implicated in 90% of the more than 30,000 suicides annually in this country. While scientific advances have led to the development of a range of effective treatments, millions of Americans who need mental health care are routinely denied access to those treatments, with often tragic results.

Despite a compelling body of science documenting that such practices are anachronistic and costly to employee health and to the “bottom line,” employer-sponsored health plans routinely continue to set strict, arbitrary treatment limits and financial requirements on mental health coverage, while imposing no such limitations, or far less onerous limitations, on coverage for other illnesses. It is shocking, more than 40 years after the passage of civil rights laws and 15 years after passage of the Americans with Disabilities Act, that federal law still permits insurance discrimination on the basis of mental illness. Our polling has consistently shown that Americans abhor such discrimination and support the enactment of a strong mental health parity law. Congress can and must pass such legislation this year.

Please support improved access to needed mental health treatment. Please support H.R. 1424.

Sincerely,

DAVID L. SHERN,
President and CEO.

HONORING GEORGIA MILLER-MCCORKLE

HON. EDOLPHUS TOWNS

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Wednesday, March 12, 2008

Mr. TOWNS. Madam Speaker, I rise today in recognition of Georgia Miller-McCorkle, who immigrated to the United States in 1980 from Trinidad, West Indies, where as a child she always excelled in school, getting merit cards along with excellent report cards. As a child, she was asked, “What do you want to be when you grow up?” Her answer was always, “I want to be a teacher.”

At first, Ms. McCorkle settled in this country, got married, and raised five children: Sherwin, Vonetta, Fredericka, Tristan, and Robmesh. During that time, she worked at jobs fulfilling the basic home needs and helping to pay the bills, but something was missing.

Subsequently, she attended Brooklyn College, receiving her bachelor of arts, BA, degree in special education and her master's degree in special education from Long Island University. She joined the Department of Education in 1989, where her teaching skills included student-centered instruction, educational technology, parental involvement in student learning, critical thinking, individual learning plans, student motivation strategies, and active and meaningful learning activities.

Georgia Miller-McCorkle has worked with students from kindergarten through 12th grades, teaching science, music, and art, and was dean of students for 6 years. Further, she

counseled mild to profoundly mentally challenged young adults, supervising their daily activities and developing long- and short-term goals at a group home for mentally challenged adults for 3 years.

She provides cognitive and motor development skills for babies with developmental delays from birth to 3 years old in the Early Intervention Program and has been doing so for almost 12 years.

This remarkable woman is certified in: LSCI, Life Space Crisis Intervention; TCI, Therapeutic Crisis Intervention; FBA, Functional Behavioral Assessment; CPR, Cardio-Pulmonary Resuscitation; beginning sign language; and first aid.

Madam Speaker, it behooves us to recognize this woman who exhibits such passion for the teaching profession and still teaches the early childhood grades, K–2, enjoying her job to the fullest. She is indeed living out her dream.

MELISSA FUERST

HON. SAM GRAVES

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Wednesday, March 12, 2008

Mr. GRAVES. Madam Speaker, I proudly pause to recognize Melissa Fuerst of Blue Springs, Missouri. Melissa is a very special young woman who has exemplified the finest qualities of citizenship and leadership by taking an active part in the Girl Scouts of America, and earning the most prestigious award of Girl Scout Gold Award.

Melissa has been very active with her troop, participating in many scout activities. In order to receive the prestigious Gold Award, Melissa has completed all seven requirements that promote community service, personal and spiritual growth, positive values and leadership skills.

Madam Speaker, I proudly ask you to join me in commending Melissa Fuerst for her accomplishments with the Girl Scouts of America and for her efforts put forth in achieving the highest distinction of Girl Scout Gold Award.

HONORING DONNA EASTMAN

HON. TOM LATHAM

OF IOWA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, March 12, 2008

Mr. LATHAM. Madam Speaker, I rise today to recognize Donna Eastman for reaching an important milestone as a public servant to the citizens of Callender, Iowa.

For the past 25 years, Donna, a life-long resident of Callender, has served as the city clerk. As city clerk of a small town, Donna performs many diverse tasks for the community. She handles the utilities, budget, public records, city water, sewer, garbage and electric fees. Donna also files information for the mayor and city council and serves as a liaison between city residents and their elected officials. She has a strong understanding of the needs and desires of the community. With her experience and knowledge of the town she has become the town's unofficial ambassador.

I know that my colleagues in the United States Congress join me in commending
