

the following 11 years, Mena dramatically increased fundraising efforts, allowing the Lincoln Park Zoo to expand at an unprecedented rate.

Mena transitioned to Chicago's Zoological Society, working with the Brookfield Zoo in 1991, where she assumed the role as Vice President for Development. It was during this time, that Mena achieved one of her most significant long-term accomplishments. Mena helped secure additional bonding authority for the Forest Preserve District so that it could address its capital maintenance needs, as well as the needs of the Brookfield Zoo and Chicago Botanic Gardens. The Forest Preserve District's holdings—and those of the Brookfield Zoo and Chicago Botanic Garden—have significantly improved through the use of these bond funds.

In 2003, she became the Vice President of Government Affairs and Strategic Initiatives, directing the Zoo's local, State, and Federal government communications and solicitation programs. Mena worked closely with Zoo staff to help the Forest Preserve District better serve Cook County residents through special outreach programs, including tours for senior groups, family pass programs at area libraries, and information on Brookfield Zoo job fairs and lecture series.

One of Mena's signature achievements was raising funds for the Hamill Family Play Zoo, an award-winning play area for children age 8 and under that has served as a model for many zoos across the country.

A few years ago, Mena was diagnosed with breast cancer. In the midst of a personal health crisis and in addition to pursuing traditional therapies, Mena thought about all of the women in her life—daughter, granddaughters, friends, colleagues—and enrolled in an NIH-funded study at Loyola University in Chicago, examining the effects of meditation on immune cells in breast cancer patients. That is what makes Mena special. She is always optimistic, always strong, and always looking to help others. I am happy to say that Mena's cancer is in remission. She is a survivor. She is also an inspiration.

To say that Mena is "retiring" somehow doesn't seem quite right. It would be more accurate to say that she is re-directing her energies. I have no doubt that Mena will remain involved in her community and committed to the many causes in which she believes so deeply. I know she is excited to spend more time with her family, especially her four grandchildren. Mena will enjoy having more free time to spend hiking, picnicking and exploring the lands of the Forest Preserve District she treasures so dearly. And if you know Mena, you also know that she enjoys a good, spirited political debate. I can only imagine how retirement will foster that passion.

It is with a sense of gratitude that I wish Mena Boulanger well as she prepares to retire from the Chicago Zoo-

logical Society and moves on to the next chapter in her life. Mena has created a lasting impact on the lives of thousands through her work and volunteerism in the Chicagoland region. Anyone that has visited either the Lincoln Park Zoo or Brookfield Zoo since 1980 has benefited from Mena's efforts and generosity.

I wish Mena Boulanger the best in her retirement and thank her for caring for the Midwest flora and fauna she embraced some 35 years ago.

#### HONORING DOMINIC AND BRENDA RANDAZZO

Mr. DURBIN. Mr. President, I rise today to honor two constituents, Dominic and Brenda Randazzo, who have spent much of their lives giving back to their community.

Dominic and Brenda are a remarkable couple. Through 45 years of marriage, three children and seven grandchildren, they have maintained an unyielding spirit of giving back.

They were honored recently as the 2008 Servant Leaders of the Year by Provena St. Mary's Foundation in Kankakee, IL.

Provena St. Mary's Hospital has a special meaning for Dominic and Brenda. It is where they were both born.

For many years, both Dominic and Brenda have been among the hospital's most loyal supporters. Dominic has served as lead fundraiser for the hospital's annual Black Tie Gala for more than 8 years.

Last year, Dominic asked Brenda if she could lend some helpful suggestions for an auction benefitting the hospital. Brenda wound up chairing the auction and raised generous contributions.

Dominic grew up in Kankakee, IL and after he graduated from college, spent nearly 2 years in the United States Army, including time in Germany. After his years in the service, Dominic went to work for Armour Pharmaceutical in 1960 where he met his lovely wife, Brenda.

Two years ago, Dominic retired as the manager of community and government relations for Aventis Behring. This job combined Dominic's two favorite passions, community and legislation.

Brenda grew up in Chebanse, IL, with dreams of becoming a flight attendant or an interior designer. After working at Armour Pharmaceutical and meeting Dominic, Brenda joined Albanese Development, a company that designs, builds, and decorates hotels. Brenda's caring nature helped her excel in the hospitality industry, ultimately being named General Manager of Year in 2000 by the American Hotel and Lodging Administration.

Provena St. Mary's is only one of many community organizations to which the Randazzos give so generously of their time and talents.

Dominic also spends countless hours with the United Way of Kankakee County. In 2004, he chaired that organi-

zation's Leadership Giving Campaign and broke its previous fundraising record. For his efforts, he was honored with the Ken Cote Award, better known as the Mr. United Way Award.

For more than 15 years, Dominic organized the Hemophilia Foundation of Illinois' annual Walk-and-Bike-a-thon.

Throughout her career in hotel management, Brenda, too, has always found time to help others. On Halloween, Brenda invited Easter Seals to bring children to trick-or-treat at the hotel. She also mentored low-income women—helping them obtain jobs at her hotels and access to public transportation. And she is a stalwart supporter of both the Arthritis Foundation and the Rotary Club in Bourbonnais, IL.

Their motivation for their service is simple and inspiring. Dominic and Brenda Randazzo both say that they have been blessed, and they want to share their blessings with others.

We are all enriched by the good works and fine example of caring citizens such as the Randazzas. I congratulate both Dominic and Brenda on their well-deserved honor and thank them for their many years of selfless giving to others.

#### GUNS AND CHILDREN

Mr. LEVIN. Mr. President, often when we talk about combating gun violence, we discuss preventing criminal access to dangerous firearms. However, we must also focus our attention on the unsupervised access to firearms by our children and teenagers. While firearms in the hand of criminals pose a significant threat to society, many of the fatal firearm incidences in our country occur when children and teens discover loaded and unsecured firearms in their own homes. Over the years, suicides and accidental shootings have claimed the lives of thousands of young people. Sadly, many of these tragedies could have been prevented through commonsense gun legislation.

The Center for Disease Control and Prevention estimates that 1.69 million children in the United States live in households with unlocked and loaded firearms. Tragically, firearms kill an average of nearly eight children and teenagers a day. What's more, the Children's Defense Fund estimates that at least four times this number are injured in nonfatal shootings.

Many parents believe that simply educating their children about the dangers firearms can pose is enough to keep them safe. Unfortunately, this is simply not the case. A study conducted by the Harvard School of Public Health, involving 201 families who have guns in their homes, found that 39 percent of the parents who stated their children did not know the storage location of their firearms were contradicted by their children. In addition, 22 percent of the parents who believed their children had not handled their
