

So I say to my colleagues on the other side of the aisle, it is time to deal. Get the President. Let's talk about something serious for the sake of the Republic.

Here's a list:

**DEMOCRATIC-LED CONGRESS TAKING ACTION
TO BRING DOWN THE COST OF GAS
PASSED THIS MONTH**

Strategic Petroleum Reserve Fill Suspension and Consumer Protection Act—Congress has enacted legislation to suspend the fill of the Strategic Petroleum Reserve through the end of the year, as long as the price of crude oil remains above \$75 per barrel. This is a critical first step for hardworking families, businesses and the economy, which in the past has brought gas prices down. The President, who was previously opposed, suspended shipments and signed the bill because of overwhelming bipartisan support in Congress.

Renewable Energy and Job Creation Act—This legislation will extend and expand tax incentives for renewable energy, retain and create hundreds of thousands of green jobs, spur American innovation and business investment, and cut taxes for millions of Americans. These provisions are critical to creating and preserving hundreds of thousands of good-paying green collar American jobs. A recent study showed that allowing the renewable energy incentives to expire would lead to about 116,000 jobs being lost in the wind and solar industries alone through the end of 2009.

The OPEC and Big Oil companies accountability bill—This bill will combat record gas prices by authorizing lawsuits against oil cartel members for oil price fixing, and creating an Antitrust Task Force to crack down on oil companies engaged in anticompetitive behavior or market manipulation. President Bush has threatened to veto this bill.

RECENT ACTION

Energy Independence and Security Act in 2007—Historic energy legislation with provisions to combat oil market manipulation, increase fuel efficiency to 35 miles per gallon in 2020—the first congressional increase in more than three decades, and promote the use of more affordable American biofuels. Signed into law on December 19, 2007. Under new requirements in the Energy Independence Law and pressure from Congress the FTC announced on May 1, 2008 it would investigate allegations of market manipulation that may have led to last year's record price spikes in gasoline prices.

Reduces our dependence on foreign oil—cutting our consumption of oil by 2.9 million gallons per year in 2030—more than what we currently import from all Persian Gulf countries combined.

Lowers energy costs for consumers with oil prices projected to decline from more than \$100 per barrel to \$57 per barrel in 2016 (in 2006 dollars) in part due to the new energy law.

The new fuel standard for cars and trucks will save American families \$700 to \$1,000 per year at the pump.

Reduces global warming emissions by 2030 by up to 24 percent of what the U.S. needs to do to help save the planet.

Building, appliance, and lighting efficiency standards will save consumers \$400 billion through 2030.

Renewable Energy and Energy Conservation Tax Act—This legislation would end unnecessary subsidies to Big Oil companies, invest in clean, renewable energy and energy efficiency, and help reduce global warming. The bill includes provisions that will generate hundreds of thousands of green jobs including an estimated 70,000 solar energy jobs,

more than 20,000 biodiesel jobs, and protect an additional 75,000 wind industry jobs. President Bush has threatened to veto this bill.

Energy Price Gouging Prevention Act—This bill will provide immediate relief to consumers by giving the Federal Trade Commission (FTC) the authority to investigate and punish those who artificially inflate the price of energy. It will ensure the federal government has the tools it needs to adequately respond to energy emergencies and prohibit price gouging—with a priority on refineries and big oil companies. President Bush has threatened to veto this bill.

No Oil Producing and Exporting Cartels (NOPEC) Act—Legislation to enable the Department of Justice to take legal action against foreign nations for participating in oil cartels that drive up oil prices globally and in the United States. President Bush has threatened to veto this bill.

Energy Market Manipulation Prevention—The new Farm Bill increases Commodity Futures Trading Commission oversight authority to detect and prevent manipulation of energy prices. President Bush has vetoed this bill.

Ms. EDDIE BERNICE JOHNSON of Texas. I would like to close, Madam Speaker, by simply saying that this resolution was a resolution to allow the International Soap Box Derby, an organization that's a nonprofit based in Akron, Ohio, to use the Capitol Grounds, and I fully support that.

I want to call attention to one thing. In January of 2001, the month that this current President took office, gas was \$1.47 a gallon. Today, the national average is \$3.81, and I just want that for the record, with all the other comments that have been made on this particular bill for the Soap Box Derby.

I urge the passage of the permission to allow the Soap Box Derby to use our Capitol Grounds.

Mr. OBERSTAR. Madam Speaker, I support House Concurrent Resolution 311, to authorize the use of the Capitol Grounds for the Greater Washington Soap Box Derby.

I especially want to acknowledge the dedication of Mr. HOYER, the resolution's annual sponsor, who faithfully introduces this resolution to authorize use of the Capitol Grounds for such a worthwhile event.

This annual event encourages all boys and girls, ages 9 through 16, to construct and operate their own soap box vehicles. The event is supported by hundreds of volunteers, and parents.

It is an excellent opportunity for parents to have direct involvement in their children's activities. The derby's mission is to provide children with an activity that promotes technical and social skills that will serve them throughout their lives.

The derby organizers will work with the Architect of the Capitol and the Capitol Police to ensure the appropriate rules and regulations are in place.

I urge my colleagues to join me in agreeing to House Concurrent Resolution 311.

Mrs. EDDIE BERNICE JOHNSON of Texas. I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from Texas (Ms.

EDDIE BERNICE JOHNSON) that the House suspend the rules and agree to the concurrent resolution, H. Con. Res. 311.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the concurrent resolution was agreed to.

A motion to reconsider was laid on the table.

GENERAL LEAVE

Ms. EDDIE BERNICE JOHNSON of Texas. Madam Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks and to include any extraneous materials on H. Con. Res. 335.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from Texas?

There was no objection.

Ms. EDDIE BERNICE JOHNSON of Texas. Madam Speaker, I yield myself such time as I might consume.

House Concurrent Resolution 335, introduced by my friend and sorority sister, Ms. DIANE WATSON from California, is a bill to authorize the use of the Capitol Grounds for the 100th anniversary of the Alpha Kappa Alpha Sorority, and this anniversary event is scheduled for July 17, 2008. The event coordinators will work with the office of the Architect of the Capitol and the Capitol Police Board regarding staging the event with all events on the Capitol Grounds, and will be free and open to the public.

This sorority was founded on the campus of Howard University 100 years ago. Ms. DIANE WATSON is a 50-year member. I'm a 35-year life member. And it was founded by nine visionary young women at the time, Ethel Hegeman Lyle, Anna Easter Brown, Beulah Burke, Lillie Burke, Marjorie Hill, Margaret Flagg Holmes, Lavinia Norman, Lucy Slowe and Marie Woolfolk Taylor. The Alpha Kappa Alpha Sorority is the oldest Greek-letter organization established for African American college-trained women.

The formation of the sorority during this moment in American history is significant because it helped jumpstart a movement of educated African American women who were resolute and determined to eliminate barriers for African Americans at a time when opportunities were limited for minorities.

These courageous young women, one generation removed from slavery, were the forebears of an entity that has progressively evolved into an organization of 200,000 plus members and 975 chapters in both the U.S. and abroad.

Today, membership in this organization represents a diverse constituency of women, from educators to heads of state, politicians, lawyers, medical professionals, media personalities, decision-makers of major corporations.

Built upon the principle of service, scholarship and sisterhood, Alpha Kappa Alpha Sorority extensively works to improve social and economic conditions through community partnerships and programs. These cornerstone values of the sorority will be on full display in the coming weeks as members, young and old, from across the globe come to our Nation's capital to honor the organization's 100th anniversary.

More than 20,000 members of the sorority will converge upon Washington, DC from July 11 until July 18. Members will participate in a variety of empowerment forums, lectures, workshops, community service activities centered on these principles throughout the length of the convention.

During this week-long celebration, members will reflect on 100 years of achievement, enjoy the unbreakable bonds of sisterhood, and look to the future as the organization prepares for the challenges of the next 100 years.

As a proud member of Alpha Kappa Alpha Sorority, I extend my congratulations and very best wishes to all of my sorors as they gather here in our Nation's Capital, birthplace of our sorority, to pay tribute to 100 years of service, scholarship and sisterhood.

Madam Speaker, I encourage all of my colleagues to support this resolution authorizing the use of Capitol Grounds for the celebration of the 100th anniversary of the Alpha Kappa Alpha Sorority, Incorporated.

I reserve the balance of my time.

Mr. KUHLMAN of New York. Madam Speaker, I yield myself such time as I might consume.

This resolution authorizes the use of the Capitol Grounds for the 100th anniversary celebration of Alpha Kappa Alpha Sorority. AKA, Alpha Kappa Alpha, was founded in 1908 on the campus of Howard University, right here in Washington, DC. The sorority performs various community service projects and encourages its members to contribute to the community, while pursuing academic excellence.

The centennial program on the Capitol Grounds will be just one part of the year-long celebration. The event will be free and open to the public.

Alpha Kappa Alpha will assume liability for accidents and will be responsible for event costs in accordance with the policies of the Architect of the Capitol and the Capitol Police.

While we debate this concurrent resolution, which is strictly a managerial responsibility of this Congress, people across the country are worrying about how they will afford their next trip to the gas station, and not about this particular celebration.

Since the Democrats took over Congress, the price of gasoline has increased more than a \$1.50 a gallon. It's unfortunate, but Democrats seem to ignore the law of supply and demand.

What you've heard here previously on the resolution before the House dealt with opening up the supply that's immediately available in this country, American energy supply. The current majority has done nothing to increase energy supplies, and then wonder why gas prices continue to soar. It is simply unbelievable that the Democrat majority refuses to debate the skyrocketing costs of fuel.

Madam Speaker, while I do support this resolution and request my colleagues to be likewise supportive, I would reserve the balance of my time at this time.

Ms. EDDIE BERNICE JOHNSON of Texas. Madam Speaker, I yield 5 minutes to Representative DIANE WATSON of California.

Ms. WATSON. I want to thank the gentlewoman from Texas.

I rise in strong support of H. Con. Res. 335 which authorizes the use of the Capitol Grounds on Thursday, July 17, for a celebration of the 100th anniversary of Alpha Kappa Alpha Sorority, Incorporated.

In January of this year, the sorority began its year-long celebration of its 100-year anniversary. Founded in 1908 on the campus of Howard University in Washington, DC, Alpha Kappa Alpha Sorority, Incorporated is the first Greek-letter organization founded by African American college women.

Alpha Kappa Alpha is a sisterhood of women who have consciously chosen to improve the socioeconomic conditions in their city, in their State, in the Nation and in the world. Its history tells a story of changing patterns of human relations in America in the 20th Century. The small group who organized the sorority was just 1 generation removed from slavery.

Through the years, the sorority directed its efforts towards improving the quality of life for all mankind, while living our sorority's motto, "by culture and by merit."

I am so proud to count myself and EDDIE BERNICE JOHNSON as members and proud members of Alpha Kappa Alpha Sorority. Throughout the years, I have witnessed firsthand how the power, vision and commitment of our founders and members have inspired Alpha Kappa Alpha to endure and prosper through 10 decades.

I encourage my colleagues to support H. Con. Res. 335, which will ensure that a vital component of the 100th anniversary celebration will take place on these distinguished grounds of the United States Capitol.

I want you to know, our membership is very tuned in to the issues that we face domestically and we face internationally. And they would want to see all of us be able to benefit from the legislation that is passing both Chambers and going to the Governor to reduce the prices of oil, to address our infrastructure, to provide the right to health care for every American, to be sure that Americans can receive and realize the American dream to home ownership.

I am so proud to stand here in support of H. Con. Res. 335, to allow our membership to come in and get into this progressive atmosphere and to celebrate their 100th year of existence.

Mr. OBERSTAR. Madam Speaker, I rise in strong support of H. Con. Res. 335, authorizing the use of the Capitol Grounds for a celebration of the 100th anniversary of Alpha Kappa Alpha Sorority, Incorporated. I am pleased to support this resolution and recognize the contributions that the Alpha Kappa

Alpha Sorority has made to strengthening networks that cut across racial, geographical, political, and social barriers. This event is a fitting tribute to the organization and I congratulate the sorority on its 100th anniversary.

The commitment of Alpha Kappa Alpha members to public service is long and legendary. The sorority has evolved over its 100-year history from a college-based organization in support of young women in their intellectual and cultural development to an organization that dedicates itself to a variety of humanitarian programs.

These programs include the Mississippi Health Project, the Educational Advancement Foundation, and the IVY AKAdemy. The IVY AKAdemy program promotes early learning and mastery of basic reading skills, enhances the school experience of children and young people through hundreds of local programs around the country and in South Africa. For members of AKA, community service and sisterhood are life-long commitments. Many members of Alpha Kappa Alpha stay active in the organization for more than 50 years.

It is fitting that the Alpha Kappa Alpha Sorority celebrates its 100th anniversary here on Capitol Hill.

I urge my colleagues to join me in agreeing to H. Con. Res. 335.

Mr. CARSON of Indiana. Madam Speaker, I rise today in strong support of H. Con. Res. 335, a bill to authorize the use of the Capitol Grounds for the 100th anniversary celebration of Alpha Kappa Alpha Sorority, Incorporated.

Alpha Kappa Alpha Sorority was founded on January 15th, 1908 by nine visionary women at Howard University. As America's first Greek-letter sorority founded by and for African American women to improve life for all African Americans, Alpha Kappa Alpha is truly celebrating a long tradition of commitment to sisterhood and service.

Driven by these noble ideals, Alpha Kappa Alpha has evolved into one of the world's leading service organizations with 975 chapters and approximately 200,000 members worldwide. One of those members, in particular, is near and dear to my heart. Mariama Carson, my lovely wife shares in the unique bond that is found among the sisters of Alpha Kappa Alpha Sorority. I truly believe her dedication to service was fostered through her membership in Alpha Kappa Alpha, and has helped her development as an accomplished and successful teacher in Indianapolis. She, like many of her fellow sorors, chose Alpha Kappa Alpha as a means of self-growth through volunteer service.

Madam Speaker, AKA's have touched the stars of our universe through members like Dr. Mae Jemison and have brought conscience to this body through members like Congresswoman SHELIA JACKSON-LEE and Ms. Erika Barrera, Communications Director for Congressman BRUCE BRALEY. But their stories are not isolated cases.

Throughout its 100 years of history, Alpha Kappa Alpha is full of women who have emerged as leaders in their professions and communities. Through distinguished members like Liberian President Ellen Johnson-Sirleaf; actress Phylicia Rashad; and the 102-year-old Mrs. Hazel Hainsworth Young, one of the Sorority's most senior members, Alpha Kappa Alpha has and will continue to be an organization of focused and compassionate women committed to changing the world.

Madam Speaker, I am proud and honored to support this resolution; because I believe this sorority has and will continue to be an amazing organization that helps to better communities around the world. I hope all my colleagues will join me in granting Alpha Kappa Alpha the use of the Capitol Grounds and supporting their 100 year anniversary.

Mr. KUHLE of New York. I yield back the balance of my time.

Ms. EDDIE BERNICE JOHNSON of Texas. Madam Speaker, I urge support of this resolution, and I yield back the balance of our time.

The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from Texas (Ms. EDDIE BERNICE JOHNSON) that the House suspend the rules and agree to the concurrent resolution, H. Con. Res. 335.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the concurrent resolution was agreed to.

A motion to reconsider was laid on the table.

GENERAL LEAVE

Ms. EDDIE BERNICE JOHNSON of Texas. Madam Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and to include extraneous materials.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from Texas?

There was no objection.

Ms. EDDIE BERNICE JOHNSON of Texas. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, H.R. 3712 as amended is a bill to designate the Federal building located at 1716 Spielbusch Avenue in Toledo, Ohio, as the "James M. Ashley and Thomas W.L. Ashley United States Courthouse".

The late Congressman and Governor James M. Ashley and former Congressman Thomas W.L. Ashley served their Ohio constituents for over 30 years as Members of Congress and Governor. The Ashley family has served with distinction in public service for a span of almost 100 years in the state of Ohio.

James Monroe Ashley served five terms as a Republican Congressman from Ohio. Governor Ashley's best known Congressional achievement was as the primary sponsor of the resolution which is recognized as the antecedent of the thirteenth amendment which abolished slavery within the United States and its territories.

While in Congress, James Ashley also became the chair of the House Committee on Territories, leading the congressional effort to organize Nevada, Idaho, Arizona, Wyoming, and Montana.

As chair of the House Committee on Territories, he wrote the enabling act for Nebraska, Colorado, and Nevada on which he conditioned that a separate vote be held by these potential member States that would prevent them from establishing slavery without the consent and approval of Congress.

With this measure, Ashley, an avowed abolitionist, signaled that no new slave States would be admitted to the Union. After serving in Congress, James M. Ashley was appointed Governor of Montana in 1869 by President Ulysses S. Grant.

Thomas William Ludlow Ashley was the great-grandson of former Governor and Congressman James M. Ashley. Congressman Thomas Ashley served in the United States Army during the Second World War. He went on to graduate first from Yale University in 1948 and from the Ohio State University Law School in 1951.

Congressman Ashley later held several positions as a private lawyer and a member of the media. In 1954 Congressman Ashley was elected as a Democrat to Congress and went on to serve a total of 13 terms in Congress.

While in Congress, Congressman Ashley served as chairman of the Select Committee on Energy and the Committee on Merchant Marine and Fisheries.

Congressman Ashley also served as the assistant majority whip for the Democratic Party. Congressman Ashley's most prominent legislative success was PL 89-117 which directed the Federal Government to assist in the provision of housing for low and moderate income families.

This law was the precursor to the creation of the Department of Housing and Urban Development which was created later in that same Congress. After leaving Congress in 1981, Ashley went on to found a legal and consulting firm in Washington, DC. Congressman Thomas W.L. Ashley currently resides in the Washington, DC area.

James Monroe Ashley and Thomas William Ludlow Ashley will be remembered as distinguished public servants to the great State of Ohio.

The Ashley family served as leaders in both the Democratic and Republican Party in Ohio and each served their party well.
