STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. ENZI:

S. 3354. A bill to award grants for the establishment of demonstration programs to enable States to develop volunteer health care programs; to the Committee on Health, Education, Labor, and Pensions.

Mr. ENZI. Mr. President, I rise to discuss the importance of ensuring the people of our Nation have access to health care and what the Senate can do today to help the neediest people get the kind of care they need and are entitled to.

There are currently 61 million Americans who are either uninsured or underinsured. These people, many of whom are working and have families to care for, may have limited access to the kind of routine health care and nonemergency services so many of us take for granted.

Fortunately, at the present time, there is a large, vital network of health care providers in this country who are doing their best to address this need and provide care to this underserved population. We don't talk about this network much, as the Federal Government does not pay for it.

It is made up of volunteers, hundreds of thousands of health care providers, working across America, in almost every community, volunteering their expertise and donating their time to help those in need. These people are physicians, dentists, nurses, optometrists and chiropractors, to name a few of the professions that are represented in this group. Hospitals and outpatient surgical centers are also contributing to the effort.

Caring for our neighbor has always been a basic value for us as Americans. My mother always told me that the service we provide to others is the rent we pay for the space we take up on God's green earth. The people who are participating in this network of care have taken that philosophy to heart and we are all the beneficiaries of their efforts. They are making a difference in more lives than we will ever know.

We have all heard the saying that charity begins at home, and while it is an important part of any effort to address a need in our towns and cities, I am not suggesting that it is the final answer to correct the social injustices that exist in the world. We all realize that too many Americans lack health insurance, and that health care reform is a top priority for Congress. America needs health care reform, and I have a
