Funds in this earmark will be used to provide enhancements to allow ARNG units training at those sites to conduct realistic, effective training similar in quality to that found at the CTCs by integrating new soldier, vehicle, weapon simulation, and battlefield effects instrumentation developed specifically for the battalion-level XCTC initiative. The entity to receive funding for this project is Army National Guard, located at the Wendell H. Ford Regional Training Center in Greenville, KY. The total cost is \$800,000.
