

When I chaired the Oversight and Government Reform Committee, I spent a considerable amount of time working to reform the federal real property disposal system.

This bill does not go as far as I would like us to go in reforming our federal property laws.

But the databases and reporting requirements included in this legislation will at least allow us to know the extent of the problem.

Good government doesn't just mandate that we don't spend what we don't need to spend . . . it also mandates that we don't keep what we don't need to keep.

It's time the government does a better job at meeting that goal so I'll be supporting this legislation and I encourage my colleague to do the same.

The bill was ordered to be engrossed and read a third time, was read the third time, and passed, and a motion to reconsider was laid on the table.
