OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, February 25, 2009

Mr. FORBES. Madam Speaker, consistent with Republican earmark standards, the following are detailed finance plans for each of my requested projects in H.R. 1105, the Omnibus Appropriations Act, 2009:

Requesting Member: Congressman J. RANDY FORBES

In 2006, the Suffolk City Council appointed a task force of over 30 representatives of city agencies, local law enforcement, youth service providers, business leaders, faith-based organizations, teachers, parents, and youth to develop recommendations for developing positive alternatives to crime for Suffolk's youth. Among the recommendations is the creation of an Office on Youth, youth workforce development initiatives, new afterschool programs, and gang prevention awareness.

Requesting Member: Congressman J. RANDY FORBES

Bill Number: H.R. 1105

Account: Commerce-Justice-Science, OJP Byrne JAG discretionary grants

Legal Name of Requesting Entity: City of Chesapeake, Virginia

Address of Requesting Entity: 306 Cedar Road, Chesapeake, Virginia 23322

Description of Request: Provides \$100,000 for a Gang Coordinator within the Police Department and community prosecutor program to develop a comprehensive prevention, suppression and intervention strategies related to gangs and gang-related crimes. The City's law enforcement efforts need to be supplemented with front and back-end deterrence efforts. The Chesapeake Police Department estimates in 2006 that there were 26 identified gangs in Chesapeake, with an estimated 2,000 members. This number represents a significant increase from 15 identified gangs with 1,300 estimated members in 2005. In recent years, there has been an observed increase in the presence of all-female and Hispanic gangs, with four of each now identified. The Police Department's Intelligence Unit has identified numerous major gangs and their affiliates operating throughout all five precincts within the City. In response to the identification of major gang activity, in May 2006 the Mayor and City Council appointed the Mayor's Task Force for the Prevention of Gangs. The Task Force is comprised of community leaders representing major stakeholder organizations.

Requesting Member: Congressman J. RANDY FORBES

Bill Number: H.R. 1105

Account: Energy and Water, Operations and Maintenance

Legal Name of Requesting Entity: City of Chesapeake, Virginia

Address of Requesting Entity: 306 Cedar Road, Chesapeake, Virginia 23322

Description of Request: Supports \$1,692,000 in the President's budget request for the Albemarle and Chesapeake Canal (ACC), on the Atlantic Intracoastal Waterway, which is a naturally protected navigation route between the Southern Branch of the Elizabeth River and the VA-NC state line in the North Landing River, a distance of 27 miles. The ACC is of critical importance to transportation, especially to the U.S. Navy which transported over 55 million gallons of jet fuel yearly from the Craney Island to Oceana Naval Air Station in Virginia Beach. Failure to fund the ACC will result in the Navy being unable to meet the fuel demand of the Oceana Naval Station. The Navy has stated that trucking this much fuel would not be feasible on a long-term basis. In addition, commercial and recreation vessels travel the ACC in lieu of the Atlantic Ocean to prevent entry into the dangerous waters off Cape Hatteras. An average of over 1,000,000 tons of commerce passed through the Great Bridge Lock yearly. Funds will be used to continue to operate the navigation lock, swing bridge, and canal.

Requesting Member: Congressman J. RANDY FORBES

Bill Number: H.R. 1105

Account: Energy and Water, Operations and Maintenance

Legal Name of Requesting Entity: Petersburg, Virginia

Address of Requesting Entity: Petersburg, Virginia

Description of Request Provides \$527,000 for the Army Corps of Engineers to dredge the Appomattox River to restore the River's navigability. The dredging of the Navigation Channel will be of benefit to the region in that it will: (1) restore the Appomattox River to the free-flowing, fully navigable river that it was until the late 1970's; (2) reconnect the City's harbor to the navigable portions of the Appomattox River; (3) serve as a catalyst for the commercial and residential revitalization of historic downtown Petersburg; (4) enhance local and regional tourism and recreational opportunities; and (5) improve the environmental condition of the Appomattox River.

Requesting Member: Congressman J. RANDY FORBES

Bill Number: H.R. 1105

Account: Energy and Water, Investigations
Legal Name of Requesting Entity: City of Chesapeake, Virginia

Address of Requesting Entity: 306 Cedar Road, Chesapeake, Virginia 23322

Description of Request: Provides \$59,000 for the Dismal Swamp and Dismal Swamp Canal. The remnants of Hurricane Floyd (13 September 1999) caused significant flooding in the city of Chesapeake and the surrounding region. The Dismal Swamp is maintained as a swamp by fixed weirs across the drainage ditches to restrict the flow of water out of the swamp and inward to Lake Drummond in the middle of the Dismal Swamp. The water exiting Lake Drummond through a feeder ditch is used to maintain the level of water in the Dismal Swamp Canal, a portion of the Atlantic Intracoastal Waterway. When Lake Drummond spilled from its banks due to heavy rains, it inundated areas of the City. The public perceives that the Corps may have prevented or minimized the flooding by diverting the floodwaters from Lake Drummond through the navigation locks at Deep Creek, Virginia, and at South Mills, North Carolina. The feasibility study will address these concerns as well as opportunities to provide for environmental restoration.

Requesting Member: Congressman J. RANDY FORBES

Bill Number: H.R. 1105

Account: Energy and Water, Investigations
Legal Name of Requesting Entity: City of Chesapeake, Virginia

Address of Requesting Entity: 306 Cedar Road, Chesapeake, Virginia 23322

Description of Request: Provides \$478,000 for the Atlantic Intracoastal Waterway Bridge at Deep Creek, Virginia. The bridge, constructed in 1934, is a federally owned and operated facility and assists in navigation. The bridge passes over the Dismal Swamp Canal where U.S. Route 17 crosses in the city of Chesapeake. The city of Chesapeake requested the need to modify or replace the bridge. In October 1996, the approved Initial Appraisal concluded that the bridge is functionally obsolete because of its narrow roadway and poor alignment with the connecting roads, compounded by increasing traffic volumes. Nine pieces of fire apparatus are currently allowed to cross the bridge only during emergency situations. The preliminary plan is to replace the bridge with a five lane, split leaf pit bascule bridge. The City of Chesapeake (local sponsor) will assume ownership and OMRR&R responsibilities of the new bridge.

Requesting Member: Congressman J. RANDY FORBES
