JOB CREATION THROUGH ENTREPRENEURSHIP ACT OF 2009

The SPEAKER pro tempore. Pursuant to House Resolution 457 and rule XVIII, the Chair declares the House in the Committee of the Whole House on the state of the Union for the consideration of the bill, H.R. 2352.

□ 1435

IN THE COMMITTEE OF THE WHOLE

Accordingly, the House resolved itself into the Committee of the Whole House on the state of the Union for the consideration of the bill (H.R. 2352) to amend the Small Business Act, and for other purposes, with Mr. HOLDEN in the chair.

The Clerk read the title of the bill.

The CHAIR. Pursuant to the rule, the bill is considered read the first time.

The gentlewoman from New York (Ms. VELÁZQUEZ) and the gentleman from Missouri (Mr. GRAVES) each will control 30 minutes.

The Chair recognizes the gentlewoman from New York.

Ms. VELÁZQUEZ. Mr. Chairman, I yield myself as much time as I may consume.

Mr. Chairman, I rise in support of this measure which will update and improve the SBA's ED programs. This bill is a bipartisan product and will not only strengthen small firms but will help them create new jobs for American workers.

This week, we are honoring our Nation's job creators, the entrepreneurs who generate roughly 70 percent of all new positions. As we celebrate Small Business Week this year, we find ourselves in a different place than in celebrations past. The economic landscape has changed considerably, and in the face of an historic recession, small firms cannot always go it alone. After all, starting and running a small business is no easy lift, even when times are good. That is why the Job Creation Through Entrepreneurship Act is so important. It revs up the engine of our economy, the entrepreneurs who are creating jobs and changing the way our country does business.

This bill gives small firms the tools they need to flourish. By enhancing SBA's entrepreneurial development programs, it will help existing businesses grow and allow aspiring entrepreneurs to get off the ground. These resources are critical. In fact, small firms that use them are twice as likely to succeed than those that don't. But unfortunately, many of these initiatives are outdated and underfunded. Today, we will take important steps to ensure they are running at full capacity.

Despite declines in corporate America, the entrepreneurial spirit is alive and well. Every month, 400,000 new businesses start up across the country. Imagine if each of those firms had access to resources like business development training. Through H.R. 2352 they will. This bill provides entrepreneurs with the tools they need to do everything from draft a business plan to secure equity capital. These services put small firms on a level playing field, allowing them to compete in virtually any sector, including the Federal marketplace.

Although most industries are struggling, the Federal marketplace is booming. With billions of stimulus dollars now in play, that sector presents
