

Now, I want to be fair to the majority because we do do other stuff here. And I don't want anybody to believe that all we do is monkeys and cats and dogs. Just since the beginning of this year, when Chrysler and General Motors are going belly up and bankrupt, we have also named, and I have to add to this list because we did a couple this week, we've named post offices. And so these 16 post offices, we took an hour of debate here in the House of Representatives, 16 hours, to make sure that—and if anybody, Mr. Speaker, who happens to see this list, they live in these towns, they should feel assured that they can now go in and buy those 44 cent stamps because the United States Congress has named their post office.

And again, it's an important part of what we do here, honoring people who deserve to be honored. But 16 hours, when we could have been talking about Chrysler, when we could have been talking about General Motors, when we could have been talking about the dealers, instead we were naming post offices. And I don't think that the country is better off for that enterprise.

But then again, to be fair, let's say that you're in the majority and that you didn't see this coming and that perhaps, you know, you didn't recognize it was going to be as serious as it was.

We came back last week and went back into session last week. Surely, over the Memorial Day recess, people got an earful from their constituents, saying, What are you going to do about these car companies? What are you going to do about the dealerships? Yet, when we came back last week, you know, maybe we weren't quite ready. Maybe we hadn't formalized how to get at the problem. We passed bills directing fish stocking in the lakes of Washington; we recognized the 75th anniversary of the Great Smoky Mountains; and we shifted from soccer to basketball, and we honored the University of Tennessee Women's Basketball Team.

Then you say, okay, that was the first week back. Everybody is a little sleepy. We haven't quite gotten up to speed with our legislative agenda. This week, rather than dealing with Chrysler, rather than asking some questions of the unelected task force appointed by the President and that doesn't own cars, we recognized that this was National Physical Education and Sport Week.

Also, I didn't know this, but maybe my colleagues know this—and I apologize for being ignorant. June 10 is National Pipeline Safety Day, and we spent an hour of time here on the floor making sure that everybody understood that June 10 is National Pipeline Safety Day.

Mr. Speaker, this is a big problem. I mean we have a double delegation here. The Congress has punted to the President. The President has punted to this task force of people who don't own American cars, the majority of them,

or they don't own any cars, and they have no experience in the car business. They are making decisions that affect hundreds of thousands of Americans.

Mr. MCCOTTER talked about the letter that we sent to the President. Thirty-six of us sent a letter to the President, saying, Mr. President, please pull these people back. Let's have a dialogue. Let's bring the best and the brightest.

You know, Mr. MCCOTTER talked about Chrysler. We made \$35 million on the Chrysler deal in 1979. The only problem was nobody expected it, and Congress didn't know how to spend the money. Now, people need to rest easy. We figured it out, but nobody knew how to spend that money. Let's talk about it, and let's do this the right way. Let's not have this unelected group of people who have no experience run roughshod over the American worker.

I yield to the gentleman.

Mr. MCCOTTER. May I inquire as to how much time is available?

The SPEAKER pro tempore (Mr. MASSA). There are 30 seconds remaining.

Mr. LATOURETTE. I give you 30 seconds.

Mr. MCCOTTER. Thank you for the 30 seconds.

I just want to point out that, while all of this has been lighthearted, this is very important. We have twice seen the President unaware of what his own administration has done. We hear calls for alacritous action. We hear people saying that we must rush to do health care, that we must rush to do climate change legislation. Let us never forget that government haste makes taxpayer waste. Due deliberateness and prudence are always the best course of action in legislative affairs. We should do a lot more of it here.

I yield back.

Mr. LATOURETTE. I thank the gentleman. I thank the Chair.

I yield back.

MILITARY PERSONNEL SHORTFALL

The conference agreement includes an additional \$2,810,222,000 for identified shortfalls resulting from unbudgeted additional end strength, which were a result of better-than-

projected recruiting and retention levels; recent rate increases in Basic Pay, Retired Pay Accrual, Basic Allowance for Housing, and Basic Allowance for Subsistence; and unanticipated programmatic adjustments such as increased clothing and education costs.

OPERATION AND MAINTENANCE

The conference agreement recommends \$32,547,114,000 for operation and maintenance.

The recommendations for each operation and maintenance account are shown below:

PAKISTAN COUNTERINSURGENCY FUND

The conferees support the Administration's efforts to increase the counterinsurgency capability of the Pakistani security forces. The conferees believe that international military operations against al-Qaeda and the Taliban in Afghanistan cannot succeed without a strong counterinsurgency effort by security forces in Pakistan. However, the conferees are concerned about providing the Department of Defense with the authority and funding to conduct an assistance program which would traditionally fall under the purview of the Department of State. The conferees believe the Pakistan Counterinsurgency Fund (PCF) should reside within the Department of State but understand the near term needs of the Pakistan Security Forces and the lack of capacity within the State Department warrant an exception to traditional lines of authority. Therefore, the conferees support the Administration's request for this fund under the Department of Defense, but direct the Secretary of Defense and the Secretary of State to jointly develop a plan for transitioning the PCF from the Department of Defense to the Department of State by fiscal year 2010 and to be fully executed by the Department of State by fiscal year 2011. The plan should identify the resources, personnel, and authorities required to facilitate the transfer to the State Department, as well as goals and objectives for the successful completion of this program. In addition, the Secretary of

Defense is directed to follow the same reporting requirements that Congress has required for the Afghanistan and Iraq Security Forces Funds as outlined in section 317 of this Act.

The conferees believe civil-military operations are a key component of successful counterinsurgency efforts. However, the conferees do not support the creation of a Commander's Emergency Response Program (CERP) or similar program for Pakistan, and have neither authorized nor provided funding for such a program anywhere in this Act. The conference agreement has made available \$2,000,000 from the Pakistan Counterinsurgency Fund to provide humanitarian assistance to the people of Pakistan only as part of civil-military training exercises carried out with Pakistan's security forces through this fund. Finally, the conferees direct the Department to work with the Government of Pakistan to establish a funding mechanism beginning in fiscal year 2010, using Pakistani funds, which can be applied to humanitarian needs in support of counterinsurgency operations conducted inside of Pakistan.

FAMILY ADVOCACY PROGRAM

The conference agreement provides \$708,842,000 for family advocacy programs to provide counseling and family assistance including child psychologists, and other intervention efforts which is \$94,000,000 above the request in order to enhance the activities of the Family Advocacy Program and provide

for children and families managing the difficult challenges of military service. The funding is provided for, but not limited to, child care, counseling, spouse certification and licensure, and Joint Family Assistance Centers. Funding is also available for the Warrior Family Community Partnership to provide assistance to all soldiers and families.

COMBAT UNIFORMS

The conferees understand that soldiers deployed to Afghanistan have serious concerns about the current combat uniform which they indicate provides ineffective camouflage given the environment in Afghanistan. Accordingly, the conferees direct that within funding made available the Department of Defense take immediate action to provide combat uniforms to personnel deployed to Afghanistan with a camouflage pattern that is suited to the environment of Afghanistan. The conferees further direct the Secretary of the Army to provide a report on the program plans and budgetary adjustments necessary to provide appropriate uniforms to deployed and deploying troops to Afghanistan. The report shall be submitted to the congressional defense committees by the end of fiscal year 2009.

PROCUREMENT

The conference agreement recommends \$25,846,718,000 for procurement.

The recommendations for each procurement account are shown below:

STRYKER VEHICLES

The conference agreement supports continuation of the Stryker vehicle program which has demonstrated excellent performance in combat operations in the Central Command area of operations. The conference agreement provides \$200,000,000 above the budget request to procure additional Stryker vehicles. Funds may be used to procure additional medical evacuation vehicles, engineer squad vehicles and other Stryker variants, based on Army needs, and to sustain continued production. As part of the Department of Defense Quadrennial Defense Review, the Army is undertaking a major analysis of its tracked and tactical wheeled vehicle needs. This review will set the course for the future force and help establish the specific vehicle requirements. The conferees direct the Secretary of the Army to provide a report to the congressional defense committees, no later than September 30, 2009 with the plan to sustain Stryker vehicle production and the details on which vehicles (variant and quantity) will be procured with the provided funding.

RAPID EQUIPPING FORCE

The conference agreement provides \$309,000,000 for the Army Rapid Equipping Force (REF), including \$99,000,000 for Counter Sniper and Soldier Wearable Acoustic Targeting Sniper Systems. This amount should satisfy numerous emergency requests from forward deployed and forward deploying units. The conferees direct the Secretary of the Army to provide an acquisition objective and basis of issue plan for both vehicular and soldier wearable sniper detection equipment

within 60 days after enactment of this Act. If shortfalls still exist, the Army is expected to reprogram the necessary funds to accommodate the shortfalls.

WEAPONS ENHANCEMENT PROGRAM

The budget request included \$32,461,000 for various force protection items and weapons upgrades in Procurement, Marine Corps. The conferees note that the Congress previously provided \$23,000,000 in this procurement line for a requirement that was subsequently not validated and directs the Marine Corps to apply those funds toward the requirements in the fiscal year 2009 supplemental request for weapons enhancements.

COMBAT OPERATIONS CENTERS

The conferees understand that subsequent to the budget submission, an Urgent Universal Needs Statement for additional Combat Operations Centers for Marine units in support of operations in Afghanistan was validated. The conference agreement provides \$53,200,000 in Procurement, Marine Corps to fully satisfy this requirement.

EXPLOSIVE ORDNANCE DISPOSAL SYSTEMS

The budget request includes \$35,000,000 for a U.S. Central Command Urgent Universal Needs Statement for a Standoff Suicide Bomber Detection System in Procurement, Marine Corps. The conferees have been informed that the Urgent Universal Needs Statement was suspended following the budget submission and therefore provide no funds for this effort.

PHYSICAL SECURITY EQUIPMENT

The budget request includes \$112,200,000 in Procurement, Marine Corps for physical se-

curity requirements that were previously funded. The conferees deny the redundant funds.

F-22 AIRCRAFT

The Air Force has informed the Congress that funding in the amount of \$45,000,000 is required for the F-22 Raptor program to avoid a work stoppage in material processing and fabrication activities during fiscal year 2009. The conferees direct the Secretary of the Air Force to use \$45,000,000 from within the funds provided to ensure that work proceeds on schedule. None of the funds provided in this Act shall be used to finance activities to shut-down the F-22A production line. Funds may be used to explore options to develop an export variant of the F-22A.

NATIONAL GUARD AND RESERVE EQUIPMENT

The National Guard and Reserve components traditionally receive less than a proportionate share of funding to resource their equipment needs. As a result, the conferees recommend funding of \$500,000,000 for the National Guard and Reserve forces. Of that amount, \$300,000,000 is for the Army National Guard; \$50,000,000 for the Air National Guard; \$75,000,000 for the U.S. Army Reserve; \$25,000,000 for the Navy Reserve; \$25,000,000 for the Marine Corps Reserve; and \$25,000,000 for the Air Force Reserve to meet urgent equipment needs that may arise this fiscal year. This funding will allow the National Guard and Reserve components to procure high priority equipment that may be used by these units for both their combat missions and their missions in support of State governors.

MINE RESISTANT AMBUSH PROTECTED VEHICLE FUND

The conferees recommend \$4,543,000,000 for the Mine Resistant Ambush Protected Vehicle Fund, an increase of \$1,850,000,000 above the request and direct that the additional funds shall be for the procurement and fielding of Mine Resistant Ambush Protected All Terrain Vehicles (M-ATV) only. M-ATVs are

urgently needed to protect servicemembers against improvised explosive devices and other threats in Afghanistan. These new, lightweight MRAPs operate better than current vehicles in the close urban environments and challenging terrain of Afghanistan. The conferees expect that the Joint Program Office will move rapidly to field these critical force protection assets to the Warfighter.

RESEARCH, DEVELOPMENT, TEST AND EVALUATION

The conference agreement recommends \$833,499,000 for research, development, test and evaluation.

The recommendations for each research, development, test and evaluation account are shown below:

KINETIC ENERGY INTERCEPTOR

The conferees understand a stop work order on the Kinetic Energy Interceptor (KEI) was issued May 11, 2009. However, the KEI program had a booster flight test scheduled in Fall 2009 that could provide an important understanding of the technology risk for any future interceptor development. The conferees further understand that the KEI program has already produced valuable technical accomplishments. The conferees

strongly encourage the Missile Defense Agency to execute this test, within funds that have been made available for KEI, to gain significant technical knowledge for this program.

REVOLVING AND MANAGEMENT FUNDS
DEFENSE WORKING CAPITAL FUNDS

The conference agreement recommends \$861,726,000 for the Defense Working Capital Fund accounts. This supports funding of

\$443,200,000 for the Defense Working Capital Fund, Army, to re-stock spare and repair parts essential to the operational readiness of the Army; \$15,000,000 for the Defense Working Capital Fund, Air Force, for the transportation of Fallen Heroes from the theater of operations; and \$403,526,000 for the Defense Working Capital Fund, Defense-Wide, for contingency operations costs for the Defense Information Systems Agency and the Defense Logistics Agency.

TRAUMATIC BRAIN INJURY AND PSYCHOLOGICAL HEALTH RESEARCH

The conference agreement provides \$75,000,000 for Traumatic Brain Injury (TBI) and Psychological Health peer-reviewed and/or competitively awarded research, development, test and evaluation efforts. The funding provided is to be allocated as recommended in the House Report 111-105 to validate emergent approaches and technologies and to accelerate on-going programs for early diagnosis, assessment and treatment of TBI and Psychological Health, including spinal cord injury, and complementary and alternative medicine.

ORTHOPEDIC RESEARCH

The conference agreement provides \$51,000,000 for orthopedic and other trauma research, treatment and rehabilitation in-

cluding regenerative medicine. This funding will continue and expand the existing orthopedic trauma research program, amputee rehabilitation and reset research, and restoration of function. Serious limb trauma, vascular injuries, major limb tissue damage, and blood flow disruption contribute heavily to United States military casualties in Iraq and Afghanistan. The Department of Defense estimates indicate that nearly two thirds of injuries sustained in combat in Iraq and Afghanistan are musculoskeletal. Extremity injuries are the most prevalent injury, and amputations following battlefield injury now occur at twice the rate as in past wars. Understanding how to treat and facilitate rapid recovery from orthopedic injuries should be one of the top priorities for the Military Health System.

Now that the authorization has become law, the conferees decided to make the appropriation directly to a new account for the Commission. In addition, the conference agreement makes the funds available through February 15, 2011, rather than through December 31, 2010 as proposed by the Senate, in order to improve consistency with the authorizing legislation. WILDLAND FIRE MANAGEMENT (INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$50,000,000 as requested for wildfire suppression and emergency rehabilitation activities of the Department of the Interior, available only if other available funds will be exhausted imminently. If it enhances the efficiency or effectiveness of Federal wildland fire suppression activities, the Secretary of the Interior may transfer any of these funds to the Secretary of Agriculture for similar activities. The Committee notes that although wildfire suppression projections are challenging this early in the season, models and experience indicate that it is highly likely that existing available funds will not be sufficient if another fire season like the past three occurs.

DEPARTMENT OF AGRICULTURE

FOREST SERVICE

WILDLAND FIRE MANAGEMENT (INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$200,000,000 as requested for wildfire suppression and emergency rehabilitation activities of the Forest Service, available only if other available funds will be exhausted imminently. If it enhances the efficiency or effectiveness of Federal wildland fire suppression activities, the Secretary of Agriculture may transfer not more than \$50,000,000 of these funds to the Secretary of the Interior for similar activities. The Committee notes that although wildfire suppression projections are challenging this early in the season, models and experience indicate that it is highly likely that existing available funds will not be sufficient if another fire season like the past three occurs.

GENERAL PROVISIONS—THIS TITLE

Sec. 701. The conference agreement includes a technical correction as proposed by the Senate that amends Public Law 111-8 concerning training of staff at the Agency for Toxic Substances and Disease Registry. The House had no similar provision.

The conferees have been assured by the Department of the Interior officials that they have legal authorities to conduct youth projects under the American Recovery and Reinvestment Act with appropriate entities, such as the Youth Conservation Corps and Public Lands Corps.

TITLE VIII

DEPARTMENT OF HEALTH AND HUMAN SERVICES

ADMINISTRATION FOR CHILDREN AND FAMILIES REFUGEE AND ENTRANT ASSISTANCE

The conference agreement includes \$82,000,000 for refugee and entrant assistance, as proposed by the Senate. The House proposed these funds within the Department of Defense, including transfer authority to other Federal agencies. The conferees intend that these funds be used for the care and custody of unaccompanied alien children, to allow the Office of Refugee Resettlement to implement the provisions of Public Law 110-457, the William Wilberforce Trafficking Victims Protection Reauthorization Act (TVPRA) of 2008. The conferees direct the Department of Health and Human Services, in conjunction with the Department of Homeland Security, to provide a briefing to the Committees on Appropriations no later

than July 3, 2009 on the increased costs in fiscal year 2010 associated with implementing the TVPRA.

OFFICE OF THE SECRETARY
PUBLIC HEALTH AND SOCIAL SERVICES
EMERGENCY FUND
(INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$1,850,000,000 for pandemic influenza preparedness and response as proposed by the House. The Senate proposed \$1,500,000,000 in the Executive Office of the President. Funding is available until expended, as proposed by the House, rather than until September 30, 2010 as proposed by the Senate.

The conference agreement concurs in the House recommendation and does not specify amounts within this appropriation for Federal government agencies outside of the Department of Health and Human Services (HHS). The Senate recommended a number of transfers to other Federal agencies.

The conferees recognize the high level of uncertainty associated with the current H1N1 influenza virus strain and other circulating flu viruses and the urgent need to provide increased resources to Federal, State, and local agencies on the frontlines of responding to disease outbreaks. Lessons learned from past influenza pandemics indicate that influenza can strike a community, affect many individuals, and then return with a vengeance to strike the community months later.

HHS has nearly exhausted all prior appropriated influenza pandemic funds to respond to the current H1N1 influenza outbreak. Supplemental funding is needed to continue to address this current outbreak, but also to prepare for the potential of future outbreaks, increased severity of the virus, or for a new flu strain to emerge. As such, this funding may be used for an array of pandemic influenza preparedness and response activities, including the development and purchase of vaccines, antiviral drugs, medical supplies and personal protective equipment, diagnostic and vaccine delivery equipment, for upgrading State and local public health capacity, and domestic and international surveillance. Additionally, funding may be used to support the activities for which prior funding was provided, but has been diverted to address the current outbreak.

As proposed by the House, the conference agreement includes bill language that permits the Secretary of HHS to transfer funding to other Federal agencies to be used to prepare for and respond to an influenza pandemic. Funds may also be transferred to the Covered Countermeasure Process Fund for the purpose of administering compensation claims for individuals who may experience adverse reactions caused by the administration or use of a covered countermeasure, such as vaccines and antiviral drugs. Such transfers shall be made in consultation with the Director of the Office of Management and Budget (OMB). Not later than 15 days prior to transferring any funds, the Secretary must notify the Committees on Appropriations of the House of Representatives and the Senate of the planned uses of the funds. The Senate did not propose similar language. Additionally, the conferees direct the Secretary to consult with the Director of OMB when making funding allocations within HHS.

Within the total, the conference agreement includes no less than \$200,000,000 for the Centers for Disease Control and Prevention (CDC) as proposed by the House. The Senate did not include a similar provision. CDC is the lead Federal agency involved with detecting, preparing for, and responding to infectious disease outbreaks. Funding will be used for such activities as U.S. and global

disease detection and surveillance, laboratory capacity and research, diagnostic capabilities, risk communication, rapid response, distribution of medical supplies and treatments from the Strategic National Stockpile, guidance development, and assistance to State and local governments.

Also within the total, the conference agreement includes no less than \$350,000,000 for upgrading State and local capacity as proposed by the House. The Senate did not include a similar provision. State and local public health systems have been challenged by the economic downturn. These funds will be used to support State and local public health and emergency response infrastructure, such as workforce, laboratory capacity, public communications, and community mitigation guidance and planning.

As proposed by the House, the conferees request that the Secretary of HHS, together with the Director of CDC, examine HHS' response to the early stages of the H1N1 outbreak in Mexico and the laboratory confirmation process to ascertain whether improvements are needed in its current disease detection policies and procedures. HHS should submit a report to the Committees on Appropriations of the House of Representatives and the Senate no later than 90 days after the enactment of this Act. The Senate did not request a similar report.

As proposed by the House, the conferees direct the Secretary of HHS to provide monthly reports to the Committees on Appropriations of the House of Representatives and the Senate updating the status of actions taken and funds obligated in this and previous appropriations Acts for pandemic influenza preparedness and response activities. These reports should be provided no later than 15 days after the end of each month. Further, the Secretary shall include appropriations provided in this Act when preparing the semi-annual report to Congress on influenza pandemic preparedness spending. The Senate did not propose similar language.

Contingent emergency appropriation

The conference agreement includes an additional \$5,800,000,000 as a contingent emergency appropriation to provide Federal, State, and local public health and emergency response agencies with resources to effectively respond should an escalation of the H1N1 virus or another emergent influenza virus require a national vaccination program. On June 2, 2009, the President submitted a request for \$2,000,000,000 in contingent funds, plus authority to transfer and re-direct Recovery Act and other prior appropriations for this purpose. The conferees agree that additional, substantial, and flexible resources should be provided to respond to this emerging situation; however, the conferees believe they should be provided in a more efficient manner.

Moreover, to ensure that these resources are used for urgent needs, with oversight and accountability, this funding is available for obligation only if the President provides written notice to Congress that emergency funds are required to address critical needs related to emerging influenza viruses. Funds may be transferred to other appropriation accounts of the Department of Health and Human Services and other Federal agencies in consultation with the Director of the Office of Management and Budget. Further, none of the funds provided through this contingent emergency appropriation shall be made available for obligation until 15 days following the submittal of detailed obligation plans to the Committees on Appropriations of the House of Representatives and the Senate. Such plans shall identify the amounts and the activities for which funds are specified by the President, shall be pre-

pared by HHS or any other Federal agency receiving funds, and shall be coordinated with the Executive Office of the President.

GENERAL PROVISIONS—THIS TITLE
(TRANSFER OF FUNDS)

Sec. 801. The conference agreement includes a provision as proposed by the Senate to provide the Department of Labor expanded transfer authority for administrative funding appropriated in the American Recovery and Reinvestment Act. The House bill did not include a similar provision.

Sec. 802. The conference agreement includes a provision as proposed by the House to make a technical correction to the fiscal year 2009 Omnibus Appropriations Act to permit the higher foster care children adoption incentive payments to States authorized by the Fostering Connections to Success and Increasing Adoptions Act of 2008 (Public Law 110-351). The Senate bill did not include a similar provision.

Sec. 803. The conference agreement includes bill language, not in either House or Senate bills, to enable the Department of Education to expedite the awarding of American Recovery and Reinvestment Act (ARRA) funding available for the Centers for Independent Living program and allow multiple year awards. The conferees expect that this authority will help the Department begin to make ARRA awards under this program in the current fiscal year and request monthly reports to the Committees on Appropriations of the House of Representatives and the Senate on actions taken to make all awards under this program.

(INCLUDING TRANSFER OF FUNDS)

Sec. 804. The conference agreement includes a provision that permits the Secretary of Education to transfer up to \$10,260,000 to the Career, Technical, and Adult Education account for carrying out Adult Education State Grants from amounts that would otherwise lapse at the end of fiscal year 2009, with notification to the Committees on Appropriations. The Senate proposed language authorizing a transfer of up to \$17,678,270 for this purpose, while the House bill did not include similar language.

TITLE IX

Legislative Branch
U.S. CAPITOL POLICE
GENERAL EXPENSES

The agreement includes \$71,606,000 for the acquisition and installation of a new radio system for the U.S. Capitol Police as proposed by both the House and the Senate. This is the same amount as the supplemental request. The Government Accountability Office will support the Capitol Police in the execution of this critical project and have been requested by the House and Senate Appropriations Committees to provide regular updates of progress in meeting critical system deadlines and performance standards.

The agreement accepts the Senate structure of the appropriations language which deletes a proviso included in the House bill and the supplemental request that would have placed \$6,500,000 of this amount in a contingency reserve.

CONGRESSIONAL BUDGET OFFICE
SALARIES AND EXPENSES

The agreement includes \$2,000,000 as proposed by the Senate for the Congressional Budget Office. These funds remain available until September 30, 2010. The funding provides increased resources to expedite CBO's evaluation and scoring of major legislation expected to be considered during the remainder of fiscal year 2009 and will accelerate staffing increases proposed in the fiscal year 2010 budget request. These funds were not in the supplemental request or the House bill.

SEC. 901—GENERAL PROVISION

TITLE X

The agreement does not include a general provision proposed by the Senate related to Committee funding. The House included no similar language.

DEPARTMENT OF DEFENSE
MILITARY CONSTRUCTION, ARMY

conferees also recommend a rescission of \$143,242,000 from a prior year appropriation due to the cancellation of military construction projects in Iraq. The agreement includes a provision as proposed by the Senate to require a prefinancing statement for each project in Afghanistan be submitted to NATO before funds can be obligated or expended. The House did not include a similar provision.

Section 1202 allows transit agencies to use up to 10 percent of the formula grants provided in the American Recovery and Reinvestment Act (ARRA) for operating expenses. The conferees modified the original Senate language to clarify that 10 percent of the funds provided in ARRA for intercity bus service shall also be available to cover operating expenses which is consistent with existing law. The House did not include a similar provision.

Section 1203 includes a provision proposed by the Senate which replaces the \$50,000,000 allocation provided in Public Law 110-329 with an \$80,000,000 allocation, and designates this funding for tenant-based Section 8 funding for all areas affected by Hurricanes Katrina and Rita. TITLE XIV—OTHER MATTERS

INTERNATIONAL ASSISTANCE PROGRAMS

INTERNATIONAL MONETARY PROGRAMS UNITED STATES QUOTA, INTERNATIONAL MONETARY FUND

The conference agreement provides for an increase in the United States quota in the International Monetary Fund (the Fund), as requested, of approximately 5 billion in Special Drawing Rights (SDRs), valued at approximately \$8,000,000,000, in order to maintain its current voting share and veto power within the organization, as proposed by the Senate.

LOANS TO INTERNATIONAL MONETARY FUND

The conference agreement provides for loans to the Fund, as requested, of the dollar equivalent of up to 75 billion SDRs. This will enable the United States to increase its share of the New Arrangements to Borrow, which establishes a set of credit lines extended to the Fund, from approximately \$10,000,000,000 (6.6 billion SDRs) to the equivalent of \$100,000,000,000, as proposed by the Senate.

GENERAL PROVISIONS—INTERNATIONAL ASSISTANCE PROGRAMS

SEC. 1401. The conference agreement includes a provision, as requested, authorizing

the Secretary of the Treasury to instruct the United States Executive Director of the Fund to consent to amendments to the New Arrangements to Borrow and to make loans, in an amount not to exceed the dollar equivalent of 75 billion SDRs, in addition to amounts previously authorized, as proposed by the Senate.

SEC. 1402. The conference agreement includes a provision, as requested, authorizing the United States Governor of the Fund to agree to and accept amendments to the Articles of Agreement of the Fund as proposed in resolutions approved by the Fund's Board on April 28, 2008 and May 5, 2008. The provision further authorizes the United States Governor of the Fund, as requested, to consent to an increase in the United States quota in the Fund equivalent to 43,973,100,000 SDRs. The provision also authorizes the Secretary of the Treasury, as requested, to instruct the United States Executive Director of the Fund to agree to the sale of 12,965,649 ounces of the Fund's gold. Since the Fund relies primarily on income from lending operations to finance lending activities and expenses, the sale of gold will finance an endowment, the return on which will finance a portion of its administrative expenses. The conferees direct the Secretary of Treasury to seek to ensure that the Fund provides support to low-income countries by making available Fund resources of not less than \$4,000,000,000 and that such resources should be provided as loans with substantial concessionality and debt service payment relief and/or grants, as proposed by the Senate.

SEC. 1403. The conference agreement requires the Secretary of the Treasury, in consultation with the United States Executive Director of the World Bank and the Executive Board of the Fund, to submit a report detailing the steps taken to coordinate the activities of the World Bank and the Fund to avoid the duplication of missions, and steps taken by the Department of the Treasury and the Fund to increase the oversight and accountability of Fund activities. The conference agreement requires the United States Executive Director of the Fund to use the voice and vote of the United States to oppose any loan, project, agreement, or other activity that imposes budget constraints, and to promote social spending in the country. All provisions were proposed by the Senate.

SEC. 1404. The conference agreement includes a provision that amends the International Financial Institutions Act to require the United States Executive Director at each of the International Financial Institutions (as defined in section 1701(c)(2) of this Act) to use the voice and vote of the United States to oppose the provision of loans or other use of the funds of the respective institution to any country the government of which as repeatedly provided support for acts of international terrorism.

Con. Res. 13 (111th Congress), the concurrent resolution on the budget for fiscal

year 2010. The agreement also includes a global designation, as proposed by the House, providing that all other amounts in the bill, except certain amounts rescinded in section 309 of the conference report, are designated as being for overseas deployment and other activities pursuant to sections 401(c)(4) and 423(a) of S. Con. Res. 13 (111th Congress). The Senate included emergency and overseas deployment designations on an account-by-account basis.

RESTRICTIONS AND REQUIREMENTS REGARDING THE TRANSFER AND RELEASE OF GUANTANAMO BAY DETAINEES

Sec. 14103. The conference agreement includes language prohibiting current detainees from being released in the continental United States, Alaska, Hawaii or D.C. Under the conference agreement, current detainees cannot be transferred or released to another country unless the President submits to Congress 15 days prior to such transfer: (a) the name of the individual and the country to which the individual will be transferred; (b) an assessment of risks posed and actions taken to mitigate such risks; and (c) the terms of the transfer agreement with the other country, including any financial assistance. Finally, the agreement includes language requiring the President to submit a report to Congress describing the

disposition of each current detainee before the facility can be closed.

The conference agreement deletes the language included in title II of the Senate amendment that prohibited the use of funds appropriated or made available by this or any prior Act to transfer, release or incarcerate Guantanamo detainees to or within the U.S.

The conference agreement also deletes a provision proposed by the House that required the President to submit to Congress by October 1, 2009 a comprehensive plan on the proposed disposition of the Guantanamo Bay detention facilities.
