

Address of Requesting Entity: 102 Samford Hall, Auburn, AL 36849

Description of Request: "Auburn University Canine Program" Taxpayer justification—It is my understanding that the funding would be used for continuing support of a program to provide Alabama (AL) Law Enforcement Organizations (LEO) with state-of-the-art detector-dog team (dog and handler) training for enhancing public and, especially, school safety. The detector-dog and handler team remain the most capable tool for the interdiction of explosive materials and illicit drugs. The capability of such teams is entirely dependent upon the quality of the dog, the dog's training, and instruction of its handler. This program would make available to AL LEO the highest state-of-the-art detector dogs, training, and handler instruction. AU proposes continuation and expansion of the FY09 program to provide AL LEO access to the services of CDTC in order to enhance public and, in particular, school safety in AL communities.

EARMARK DECLARATION

HON. DANIEL E. LUNGREN

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 17, 2009

Mr. DANIEL E. LUNGREN of California. Madam Speaker, pursuant to the Republican Leadership standards on earmarks, I rise today to submit the following information regarding an earmark I received as part of the Homeland Security Appropriation.

The following earmark was requested by my office and is listed for funding in this bill:

CITY OF ELK GROVE—EMERGENCY OPERATIONS CENTER

Requesting Member: DANIEL E. LUNGREN

Bill Number: 2010 Homeland Security Appropriation

Account: Federal Emergency Management Agency

Requesting Agency: City of Elk Grove

Agency Address: 8401 Laguna Palms Way, Elk Grove, CA 95758

Amount: \$750,000

Description: The Emergency Operations Center will provide the necessary tools to receive, assess, and respond to a critical incident. The communications system must provide for a redundant path to ensure that both situational awareness information and strategic orders can pass into and out of the facility without interruption.

The proposed EOC will include an Intelligent Transportation System (ITS). The ITS will be an important component of the EOC as it will provide a mechanism for controlling local traffic patterns to ensure transportation safety and mobility during an emergency. The system can be used to relieve traffic congestion and through the use of advanced video communications technologies, provide the Elk Grove EOC with a bird's eye view of critical intersections and roadways leading in and out of the City. Wireless video technology will also be deployed at locations determined to be "sensitive" for the purposes of Homeland Security.

The Emergency Operations Center has a clear federal nexus. As a result of such national events as 9/11 and Hurricane Katrina, there has been a renewed demand for local entities around the country to focus on local preparedness and accountability during emer-

gency situations. Elk Grove is home to 140,000 residents and a likely destination for evacuees from the Sacramento and San Francisco Bay areas. In addition, the Sacramento region is subject to potential flooding due to an intricate and aged levee system. Elk Grove has multiple freight and passenger rail lines, one of the largest above-ground propane storage facilities, an airport, and two heavily traveled freeways, Interstate 5 and State Route 99. It is essential that the City of Elk Grove has an Emergency Operations Center to coordinate emergency response efforts in the event of a disaster or terrorist attack.

Having the ability to work regionally and have interoperability between different agencies is critical in the event of an emergency. With the use of advanced communications technology, Elk Grove will be able to work in concert with the County and City of Sacramento, State of California Office of Homeland Security, and the U.S. Department of Homeland Security to share information and respond rapidly to any event.

THE ENHANCED SUPPLY AND PRICE REDUCTION ACT OF 2009

HON. EDWARD J. MARKEY

OF MASSACHUSETTS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 17, 2009

Mr. MARKEY of Massachusetts. Madam Speaker, today I am introducing legislation with the gentleman from Maryland, Mr. VAN HOLLEN, and the gentleman from Vermont, Mr. WELCH, in order to provide relief for American consumers at the pump in the short term and save taxpayer dollars. Last summer, gas prices soared to record highs above \$4 per gallon. This year, American consumers are beginning to experience a bad case of *déjà vu*. Incredibly, today marks the 50th straight day that gas prices have risen. As a result, prices at the pump have already increased by more than one dollar a gallon since the beginning of the year. For American families who are already struggling through a down economy, these rising prices are hitting especially hard.

The Enhanced Supply and Price Reduction Act of 2009, or Enhanced SPR Act, directs the Secretary of Energy to sell 70 million barrels of light sweet crude—less than 10 percent of the total oil in the Strategic Petroleum Reserve (SPR)—and replace it with heavy crude oil over a period of five years. Swapping oil from the SPR has a proven record of lowering oil prices in the short term. In 1991, when President Bush's father deployed oil from the reserve, oil prices fell 33.4 percent in two days. In 2000, President Clinton conducted a time exchange of oil from the SPR and prices again immediately dropped by 18.7 percent. And in 2005, when President Bush himself released oil following Hurricane Katrina, prices fell 9.1 percent. That's an average drop in the price of oil of 19.2 percent.

In addition, this legislation would implement a number of recommendations made by the Government Accountability Office (GAO) to better use taxpayer funds. First, swapping a small percentage of light oil in the reserve for heavier crude has been recommended by the GAO to save taxpayers money. Replacing a small percentage of light oil currently in the reserve with heavy oil would also better match up with the needs of our nation's refineries and protect us against supply disruptions from unstable countries such as Venezuela.

The legislation would also implement GAO's recommendation to purchase a constant dollar value rather than constant volume of oil to fill the SPR in the future. In testimony before the Select Committee on Energy Independence and Global Warming last year, GAO testified that if the Department of Energy had taken this approach between 2001 and 2005, it would have saved American taxpayers nearly \$600 million or roughly 10 percent cost to fill the SPR during that period. Finally, the bill would authorize the Secretary to purchase and store refined petroleum product in the SPR in order to further enhance our national security.

The House has already voted in support of similar legislation in the last Congress in an

overwhelming, bipartisan fashion. The SPR is currently filled to roughly 99.5 percent of its capacity—its highest level ever. As we work to enact comprehensive energy and climate change legislation, Congress should take action to provide relief at the gas pump in the short term. The Enhanced SPR Act represents a common sense approach to reducing pressure on consumers while saving taxpayers dollars.

HONORING ALLEN McQUARRIE

HON. PATRICK J. MURPHY

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 17, 2009

Mr. PATRICK J. MURPHY of Pennsylvania. Madam Speaker, I rise today to honor Allen McQuarrie, a man who has worked tirelessly to assist those recovering from substance addiction in Bucks County.

Mr. McQuarrie's path began in the classroom as a public school science teacher. Following his retirement after thirty years with the New Jersey Education Association, he worked for public employee unions and employers. In this field, Mr. McQuarrie pioneered human resources training and personnel services to aid staff and their families recovering from substance addiction, stress, and other barriers to healthy living.

Most recently, Allen McQuarrie has partnered with PROACT, the Pennsylvania Recovery Organization-Achieving Community Together, a grassroots recovery support initiative in Southeastern Pennsylvania. Over the past ten years, he has been a volunteer, a mentor for men incarcerated in the Bucks County Correctional Facility, and a co-chair of the organization.

Mr. McQuarrie has also served as a board member for the Bucks County Drug and Alcohol Commission, as well as on the Traffic Advisory Committee for Doylestown Township. He was the recipient of the 2008 Ambassador of the Year Award, presented to him by the Pennsylvania Recovery Organizations Alliance. In addition, Mr. McQuarrie will be receiving the prestigious Joel Hernandez Voice of the Recovery Community Award on behalf of PROACT. This award is granted based on the success of this organization in increasing the prevalence and quality of long term recovery in their community.

Allen McQuarrie has contributed enormously to his community in Bucks County. Madam Speaker, I am proud to recognize Mr. McQuarrie for his outstanding efforts, and am extremely honored to serve as his Congressman.

PERSONAL EXPLANATION

HON. SUE WILKINS MYRICK

OF NORTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 17, 2009

Mrs. MYRICK. Madam Speaker, I was unable to participate in the following vote. If I had been present, I would have voted as follows:

Rollcall vote No. 350, on Motion that the Committee Rise—H.R. 2847, Making Appro-

priations for the Departments of Commerce and Justice, and Science, and Related Agencies for the fiscal year ending September 30, 2010, and for other purposes—I would have voted “no.”

IRANIAN POLITICAL OPPRESSION

HON. ERIC CANTOR

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 17, 2009

Mr. CANTOR. Madam Speaker, I rise today in sympathy with the victims of Iranian political oppression who have been injured or killed protesting the outcome of their election.

Yet regardless of whether Ahmadinejad or Mousavi wins, we must not maintain any illusions about where true power in Iran rests.

That would be in the hands of the Islamic Republic's clerical regime, extremists determined to advance Iran's nuclear program and use terrorism to bully other states in the region.

Much of the regime's most egregious activities are done in the dark, hidden from the world's eyes and thus escaping media attention. The Iranian Revolutionary Guard Corps quietly funnels weapons and funding into terrorists groups from Iraq to Afghanistan to Lebanon to Gaza. Iranian centrifuges enrich uranium at nuclear plants often hidden from weapons inspectors. And terrorist groups make voyages to Iran to receive training at unspecified locations.

But this week the true colors of the Iranian regime are on broad display. With the whole world watching, the Iranian regime has been embarrassed—called to account seemingly for the first time. This is an opportunity we cannot squander. Let us rally the world around the Iranian people. Let us use this opening to show the international community how dangerous the Iranian regime is—and why a nuclear Iran is flatly unacceptable.

Regrettably, the President and Democratic leadership in congress are failing to respond to the growing threat a nuclear Iran poses to the world.

Today we call on President Obama to immediately condemn the violence the Iranian regime is perpetrating against its citizens. We call on the Speaker to immediately bring to the floor and consider the Iran Petroleum Sanctions Act. The bipartisan bill, sponsored by Chairman BERMAN and Ranking Member ROSLEHTINEN, would impose sanctions on the radical Iranian regime while they continue to seek nuclear weapons and destabilize the Middle East.

TRIBUTE TO SISTER MARIE
BERNARDE PROCKNAL OF THE
BUFFALO SISTERS OF MERCY

HON. BRIAN HIGGINS

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 17, 2009

Mr. HIGGINS. Madam Speaker, I rise today to honor Sister Marie Bernarde Procknal of the Buffalo Sisters of Mercy. It is my privilege to recognize her for her service to our community through education.

Her commitment to education begins with her own. She graduated with Bachelor's Degree from Niagara University, received Master's Degree from Canisius College, and took part in a career and guidance fellowship at Boston University. She also is certified through New York State in kindergarten through sixth grade, junior high school social studies, and high school guidance.

Sister Marie chose to use her education to serve others through teaching at several elementary and junior high schools in the Western New York Community.

However, Sister Marie's dedication and hard work did not go unnoticed. She received a grant from the Diocese of Buffalo and the National Principals' Association in order for her to further education at SUNY Plattsburg, where she earned a certification in administration and supervision.

After earning a degree, she returned to the schools in the Buffalo area to continue her role in shaping the community through education and service. She worked as the principal of St. William Elementary School and St. Thomas Aquinas. She then was as Supervisor of Sisters of Mercy Elementary and Secondary Schools, and served as a guidance counselor at Mt. Mercy Academy.

Sister Marie's roles as educator and leader were conveyed in 2008, when Sister Marie was chosen to help celebrate the Sisters of Mercy's 150th Anniversary by throwing the first pitch at the June 22nd Bisons game.

Sister Marie continues to give back to the community that helped raise her. Today, she works at Trocaire College as a member of the Students Affairs Teams and as a Career Counselor. She helps students through sharing her insights and advising them on their own education.

My community is blessed to have Sister Marie. Her unwavering dedication and selfless service allows us to be confident in our community's future as she is preparing a new generation of bright and giving Americans. Today, I ask my fellow Members of Congress to help me thank an extraordinary woman, whom I admire, for her service and commitment to the young people of New York's 27th Congressional District.
