

## EXTENSIONS OF REMARKS

### EARMARK DECLARATION

**HON. ROBERT J. WITTMAN**

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, July 7, 2009*

Mr. WITTMAN. Madam Speaker, pursuant to the Republican Leadership standards on earmarks, I am submitting the following information regarding an earmark I received as part of H.R. 3082, the Military Construction and Veterans Affairs Appropriations Act, 2010.

Project Name: Electromagnetic Research and Engineering Facility

Amount: \$3,660,000

Requested By: ROBERT J. WITTMAN (VA-01)

Account: Military Construction (MCN)

Intended Recipient of Funds: Naval Activity South Potomac, Dahlgren, Virginia. Dahlgren, VA 22448

Project description and explanation of the request: This project will provide an addition to the Electromagnetic Research and Engineering Facility (EMREF). This addition is required to facilitate the Directed Energy Technology Office at Naval Surface Warfare Center, Dahlgren Division (NSWCDD) to meet its mission in Directed Energy research, development of prototypes and engineering development model systems and in fielding these prototypes to the warfighter. This project will provide laboratories and analysis spaces for wideband RF, High Powered Microwave, Pulsed Power and high energy laser systems engineering and development. This project provides necessary access to a maritime boundary layer environment and therefore is sited along the Potomac River Test Range. This project will house 25–30 engineers and scientists some of whom will be new hires. This project was developed because it represents the lost scope of another military construction project, P295, that was approved in Fiscal Year 2006. Due to high bids, only about 75% of the original facility could be built. This project provides the remaining 25% (6,500 SF). Funding will be used for electrical facilities (\$120,000), mechanical facilities (\$110,000), paving and site improvements (\$30,000), site preparations (\$110,000), demolition of previous buildings (\$230,000), anti-terrorism/force protection measures (\$180,000), information systems (\$60,000), built-in equipment (\$60,000), and technical operating manuals (\$40,000). I certify that neither I nor my spouse has any financial interest in this project.
