

acres. This year's crops include vegetables, corn, soybeans, wheat, cotton, and peanuts.

Frank and his wife, Melinda, contribute their success on the farm to their six children who are instrumental in the operation of and activity on the farm. They have three sons: Jeremy, Ryan, and Jacob, and three daughters: Lindsey, Candice Gilbreath and Tabatha Hawthorne. Jeremy and wife, Araon, have three children: Eli, Layna, and Bailey. Candice and husband, Drek, have two children: Kade and Kaylee. Tabatha and husband, Jeff, have a daughter, Presley.

Frank and Melinda are very proud of their children for all their hard work and thankful for all the blessings they have received.

Madam Speaker, on behalf of the United States Congress, I would like to offer my sincere commendation to a family's tireless work, their dedication to family, faith and trade. They are a role model family for all of us. A deep sense of civic contribution and values has been instilled through all the generations of the Lowry family. It is my hope that this family's tradition continues for many more generations.

#### EARMARK DECLARATION

### HON. RODNEY ALEXANDER

OF LOUISIANA

IN THE HOUSE OF REPRESENTATIVES

*Monday, July 13, 2009*

Mr. ALEXANDER. Madam Speaker, pursuant to the Republican Leadership standards on earmarks, I am submitting the following information regarding earmarks I received as part of the Defense Authorization and Homeland Security Appropriations bills.

Congressman RODNEY ALEXANDER

H.R. 2892

Homeland Security—FEMA State and Local Programs

Louisiana State University located at 156 Thomas Boyd Hall, Baton Rouge, LA 70803

National Domestic Preparedness Consortium. Louisiana State University's (LSU) National Center for Biomedical Research and Training (NCBRT), Academy of Counter-Terrorist Education is a founding member of the Consortium which consists of LSU, New Mexico Tech, Texas A&M University, U.S. Department of Energy's Nevada Test Site, University of Hawaii, Transportation Technology Center, Inc., and the U.S. Department of Homeland Security's Center for Domestic Preparedness. The National Domestic Preparedness Consortium shall identify, develop, test, and deliver training to State, local, and tribal emergency response providers, provide on-site and mobile training at the performance and management and planning levels, and facilitate the delivery of training by the training partners of the U.S. Department of Homeland Security. The current mission of the Consortium is to enhance the preparedness of federal, state, local, and tribal emergency responders/first receivers and teams, including non-governmental organizations and the private sector, to reduce the Nation's vulnerability to incidents involving weapons of mass destruction, terrorism and all-hazard high-consequence events by developing, delivering and assessing plans, training, technical assistance and exercises.

Congressman RODNEY ALEXANDER

H.R. 2892

Homeland Security—FEMA State and Local Programs

Lincoln Parish Sheriff Department; 100 W Texas Ave., Ruston, LA 71270

Emergency Operations Center, Lincoln Parish Sheriff Department \$300,000. The funding requested will be used to construct The Lincoln Parish Public Safety Complex and Regional EOC. A Regional EOC in the northern part of the state will provide a fully capable emergency operation facility giving the state a much needed resource that can be utilized during any and all major emergencies throughout the state and bordering states. The Regional EOC located at the Lincoln Parish Public Safety Complex will provide a central location from which government at any level can provide interagency coordination and executive decision-making in support of incident response. The implementation of Regionalization will be established throughout the region and in the state of Louisiana. The project includes the construction of a 24,000 square foot; single-story building that will be designed to withstand hurricane force winds and will have a finished floor elevation above the 100-year flood elevation established for the area. The Regional EOC located at the Lincoln Parish Public Safety Complex will provide a central location from which government at any level can provide interagency coordination and executive decision-making in support of incident response. Region 8 is sitting in the middle of Region 6 & 7 with the major highways connecting to all parts of the state. Regions 6, 7 & 8 have a combined population of 1,180,558 or 27% of the state's population and 22,188 square miles or 43% of the land mass and 29 of the 64 parishes or 45%. This Regional EOC will be an ideal staging and holding area for emergency responders and resources. This will give the state a staging area for all emergency response agencies.

Congressman RODNEY ALEXANDER

H.R. 2847

Department of Justice—COPS Tech

Louisiana Sheriff's Association, 1175 Nicholson Drive, Baton Rouge, LA 70802

Law Enforcement Technology and Equipment; \$300,000. This funding request is for equipment for a new project and is a one-time expense. This funding is for the proposed LSA Institute, which will serve as an education and training center for local and state law enforcement officers. This funding will serve dual purposes in providing critical technology such as video, audio and communication equipment used for training/education purposes and real life emergency responses. In addition, the LSA Institute will also serve as a hub for the Louisiana Sheriffs' Emergency Task Force, a task force comprised of deputies across the state who respond to emergency events when needed. The LSA Institute will be housed at 1175 Nicholson Drive, Baton Rouge, LA 70802. The LSA is uniquely positioned to perform this function as it is governed by the Sheriffs, and it is the Sheriffs who have the greatest Constitutional responsibility for law enforcement and public safety at the local level, and who have the manpower necessary to cover such functions. Additionally, the long history of cooperation and coordination among LSA, the Chiefs of Police, and other local first responder agencies, as well as the state, make this project a logical next step toward providing this training (i.e. emergency re-

sponse, FEMA/DHS rules and regulations, etc.) and securing the resources necessary to respond to the next catastrophic event in a timely, well organized manner.

Congressman RODNEY ALEXANDER

H.R. 2647

Department of Defense—APA

Army National Guard; 111 S. George Mason Dr., Arlington, VA 22204

UH-60A to UH-60L Upgrade \$20,400,000. The UH-60A to UH-60A recap program includes an airframe life extension, fleet-wide product improvements and the replacement of components with the latest UH-60L configuration. While performing this recapitalization, the addition of the UH-60L transmission and UH-60L 701D engines to complete the upgrade costs an approximate \$1.7M per aircraft.

Congressman RODNEY ALEXANDER

H.R. 2647

Department of Defense—RDN

The Breast Foundation; 17050 Medical Center Dr., Baton Rouge, LA 70816

U.S. Navy Vaccine Program \$4,000,000. The funding will be used for research, study and administration of cancer vaccines.

#### MILITARY CONSTRUCTION AND VETERANS AFFAIRS APPROPRIATIONS ACT, 2010

SPEECH OF

### HON. DENNIS J. KUCINICH

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

*Friday, July 10, 2009*

The House in Committee of the Whole House on the State of the Union had under consideration the bill (H.R. 3082) making appropriations for military construction, the Department of Veterans Affairs, and related agencies for the fiscal year ending September 30, 2010, and for other purposes:

Mr. KUCINICH. Madam Chair, the increases in funding for veterans services contained in the Military Construction and Veterans Affairs Appropriations bill are overdue and welcome. It continues increases in veterans' health care funding by providing \$53 billion for the Department of Veterans Affairs. It also provides advanced appropriations for FY 2011 for medical accounts. I have long supported advance appropriations for veterans because it helps to stabilize funding instability and ultimately results in higher quality care for veterans. The bill provides \$3.2 billion, a 40 percent increase over last year, to combat homelessness. It provides \$4.6 billion for mental health care to help address the rising incidence of Post Traumatic Stress Disorder in our newer veterans. It provides for the hiring of 1,200 additional claims processors to continue to work to eliminate the backlog of benefits claims.

Unfortunately, the bill also includes funds for building extensive infrastructure to support our military operations in Afghanistan. It is clear that this construction will support the expansion of ongoing operations in the region. This is particularly troubling because the Administration is still without an exit strategy for Afghanistan. Additionally, U.S. presence in the region has served to foment anti-American sentiment. I remain concerned that this combination of factors will not ensure U.S. "success" in the region but will ensure that the months and perhaps years ahead will be
