### HON. CHARLES W. DENT

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, July 23, 2009*

Mr. DENT. Madam Speaker, pursuant to the House Republican Leadership standards on earmarks, I am submitting the following information regarding projects that are listed in H.R. 3288, the Transportation, Housing and Urban Development, and Related Agencies Appropriations Act, FY2010:

Bill Number: H.R. 3288, the Transportation, Housing and Urban Development, and Related Agencies Appropriations Act, FY2010, Account: Federal Highway Administration, Surface Transportation Priorities, Title: Larry Holmes Drive Traffic Calming, Legal Name of Requesting Entity: City of Easton, Address of Requesting Entity: 1 South Third Street, Easton, PA 18042, Description of Request: This funding will be used to improve the traffic flow and safety of a Delaware River waterfront gateway between Pennsylvania and New Jersey. The project will enhance access to one of the only remaining steel truss suspension bridges in the nation near the City of Easton's National Register Historic District. These modifications will reduce vehicular speeds and benefit local economic development by allowing disabled pedestrians and bicyclists to more easily access adjacent trails and parks, and the city's downtown area.

Bill Number: H.R. 3288, the Transportation, Housing and Urban Development, and Related Agencies Appropriations Act, FY2010, Account: Federal Transit Administration, Alternatives Analysis, Title: Lehigh Valley Bus Rapid Transit Analysis, Legal Name of Requesting Entity: Lehigh and Northampton Transportation Authority (LANTA), Address of Requesting Entity: 1060 Lehigh Street, Allentown, PA 18103, Description of Request: This funding will be used to conduct an analysis of the feasibility and components of a Bus Rapid Transit (BRT) program along high density transit corridors within the Lehigh Valley by the

Lehigh and Northampton Transportation Authority (LANTA). The investigation of BRT service is an outcome of a regional transit development planning process designed to establish a long term vision for regional transit, as well as short range development priorities. LANTA's service expansion effort will be focused, to a significant degree, on improving job accessibility. This is needed to support economic development and job growth within the Lehigh Valley, one of the fastest growing areas in the northeast region. This analysis is an essential part of a project development effort that could lead to a future comprehensive project.

Bill Number: H.R. 3288, the Transportation, Housing and Urban Development, and Related Agencies Appropriations Act, FY2010, Account: Federal Transit Administration, Buses & Bus Facilities, Title: Lehigh Valley Hybrid Transit Bus Purchase, Legal Name of Requesting Entity: Lehigh and Northampton Transportation Authority (LANTA), Address of Requesting Entity: 1060 Lehigh Street, Allentown, PA 18103, Description of Request: This funding will be used to support the purchase of heavy-duty, hybrid powered transit buses for the Lehigh and Northampton Transportation Authority (LANTA). The buses will replace vehicles purchased in 1998 in order to continue LANTA's expansion efforts. Service expansion over the last 10 years has been supported through a combination of timely bus fleet replacements and fleet expansions, resulting in an 80% increase in ridership, with 51% of those riders using the system to access jobs. An active service and equipment update program is necessary to support the demand to improve services in the growing Lehigh Valley region.

Bill Number: H.R. 3288, the Transportation, Housing and Urban Development, and Related Agencies Appropriations Act, FY2010, Account: Housing and Urban Development (HUD), Economic Development Initiatives (EDI), Title: Souderton Train Station and Freight Buildings Restoration, Legal Name of Requesting Entity: Borough of Souderton, Address of Requesting Entity: 31 West Summit Street, Souderton, PA 18964, Description of Request: This funding will be used to renovate and restore the interior and exterior of the historic Souderton Train Station and two adjacent freight buildings by the Borough of Souderton. Souderton is one of at least seven communities with rail buildings built at the turn of the 20th century to accommodate freight and passenger service on the Quakertown-Stony Creek line. With an active effort being made to return passenger rail service to the existing line, which currently handles a large amount of freight traffic, these local facilities are being restored throughout the region. The buildings in Souderton reflect the history of communities that blossomed around rail lines and will serve as a warm welcome to residents using this line when passenger service is restored.

Bill Number: H.R. 3288, the Transportation, Housing and Urban Development, and Related Agencies Appropriations Act, FY2010, Account: Housing and Urban Development (HUD), Economic Development Initiatives (EDI), Title: New Bethany Ministries Building Rehabilitation, Legal Name of Requesting Entity: Episcopal Ministries of the Diocese of Bethlehem, Address of Requesting Entity: 333 West 4th Street, Bethlehem, PA 18015, Description of Request: This funding will be used

The upper floor will be transformed into safe and secure single room occupancy units of case-managed housing for low-income mentally disabled or chronically homeless adults.
