

Pelosi, Speaker of the U.S. House of Representatives; the Honorable John Boehner, Minority Leader of the U.S. House of Representatives; the Honorable Harry Reid, Majority Leader of the U.S. Senate; the Honorable Mitch McConnell, Minority Leader of the U.S. Senate; the Honorable Jeff Bingaman, Chair of the Energy and Natural Resources Committee of the U.S. Senate; the Honorable Lisa Murkowski and the Honorable Mark Begich, U.S. Senators, and the Honorable Don Young, U.S. Representative, members of the Alaska delegation in Congress; and all other members of the 111th United States Congress.

POM-83. A joint resolution adopted by the Alaska State Legislature urging the President and Congress not to adopt any policy, rule, or administrative action or enact legislation that would restrict energy exploration, development, and production in federal and state waters around Alaska, the outer continental shelf within 200 miles of shore, and elsewhere in the continental United States; to the Committee on Energy and Natural Resources.

Whereas the future growth of the United States economy is energy-dependent and requires access to domestic oil and gas resources, alternative and renewable energy resources, and increased conservation; and

Whereas the United States, as a matter of national policy, needs to reduce its long-term dependence on foreign energy sources for the purposes of economic and national security; and

Whereas responsible development and expansion of domestic energy resources will generate thousands of much-needed jobs; result in billions of dollars in new investment in and tax revenue for federal, state, and local governments; reduce oil imports; stem the flow of United States dollars to foreign governments for the purchase of energy supplies; and generally ensure the health of the United States economy in the short and long term; and

Whereas wind, solar, hydro, geothermal, and other alternative energy resources hold the potential for meeting future energy demands and deserve support, but are incapable of meeting current domestic energy needs; and

Whereas current domestic energy needs require increased access to domestic oil and gas while alternative energy resources are developed for the future; and

Whereas vast energy resources in the United States, including billions of barrels of oil and trillions of cubic feet of natural gas in areas on the North Slope and offshore from Alaska remain untouched and could be developed economically; and

Whereas new drilling techniques and environmentally sound exploration, development, and production technologies enable the development of oil and gas reserves in the continental United States and on the outer continental shelf as domestic energy resources; and

Whereas the safe and responsible exploration and development of all domestic energy resources to provide economic and national security is in the best interests of the citizens of the United States; and

Whereas the people of Alaska support the safe and responsible development of domestic energy resources and recognize the economic benefits of a balanced energy policy that includes increased development of domestic oil and gas resources; be it

Resolved, That the Alaska State Legislature urges the President of the United States and the United States Congress not to adopt any policy, rule, or administrative action or enact legislation that would restrict energy exploration, development, and production in

federal and state waters around Alaska, the outer continental shelf within 200 miles of shore, and elsewhere in the continental United States; and be it further

Resolved, That the Alaska State Legislature urges the President of the United States and the United States Congress to encourage and promote continued responsible exploration, development, and production of domestic oil and gas resources.

Copies of this resolution shall be sent to the Honorable Barack Obama, President of the United States; the Honorable Joseph R. Biden, Jr., Vice-President of the United States and President of the U.S. Senate; the Honorable Ken Salazar, United States Secretary of the Interior; the Honorable Nancy Pelosi, Speaker of the U.S. House of Representatives; the Honorable John Boehner, Minority Leader of the U.S. House of Representatives; the Honorable Harry Reid, Majority Leader of the U.S. Senate; the Honorable Mitch McConnell, Minority Leader of the U.S. Senate; the Honorable Jeff Bingaman, Chair of the Energy and Natural Resources Committee of the U.S. Senate; the Honorable Lisa Murkowski and the Honorable Mark Begich, U.S. Senators, and the Honorable Don Young, U.S. Representative, members of the Alaska delegation in Congress; and all other members of the 111th United States Congress.
