Stated against:

Ms. SLAUGHTER. Mr. Speaker, on rollcall No. 730, had I been present, I would have voted “nay.”

SURFACE TRANSPORTATION EXTENSION ACT OF 2009

The SPEAKER pro tempore. The Chair recognizes the gentleman from Florida.

Mr. MICA. Mr. Speaker, might I inquire, before I begin, as to the amount of time that I have remaining and the amount of time the gentleman from Minnesota has remaining.

The SPEAKER pro tempore. The gentleman from Florida has 30 seconds remaining and the gentleman from Minnesota has 3 minutes.

Mr. MICA. Mr. Speaker, again, the situation we find ourselves in, in just a few minutes here, will be to vote whether or not to proceed with a 3-month extension on the highway bill.

Mr. Speaker, as I said earlier, my side of the aisle and my leadership is asking not to kill a 3-month extension. We are very much in favor of a highway bill. What they are asking for is an opportunity to be heard, for this bill to go through regular order through the Rules Committee and have one opportunity, at least one opportunity, for the minority to be heard on this important piece of legislation.

I yield back the balance of my time. Mr. OBERSTAR. I yield myself the balance of my time.

As a matter of historical record, it was I who suggested, when I heard from my distinguished Republican leader on the committee that the leaders of the Republican Conference had decided to oppose the suspension, that we would then, instead, ask for a rule to consider the bill. But on further consideration, I decided that there are so many Members on both sides who really wanted to vote on this bill that the time is now.

I just want to point out that in the consideration of the current law, surface transportation law, beginning in 2003, there were 12 extensions: five were considered under unanimous consent, with my support; seven bills were considered under suspension of the rules, all of which I cosponsored; four were agreed to by voice vote; three were passed by recorded vote. The first, ironically, was September 30, 2003, 6 years ago, for a 5-month extension. I supported that. It was a voice vote. We didn't ask for a bill to be brought up under a rule. We didn't ask for a recorded vote. We just, as a matter of comity and participation and in the best interests of the country and in the best interests of transportation, supported an extension for 5 months, and on through 12 of them, the last being the extension into September of 2004.

Why, now, all of a sudden, after our side had time and again supported extensions that, let me just go here, the last was July 30, 2005. I correct myself. I supported it. This is in the best public interest, I said, to give the Congress time, the House and Senate conference committees, to finish a bill.

Now, there are a number of organizations that support the short-term extension—the American Trucking Association, the American Automobile Association, the National Association of
